VOLUME VI.

COTTONWOOD FALLS, KANSAS, FRIDAY, SEPTEMBER 10, 1880.

NUMBER 48.

BREVITIES.

A single cucumber engraved upon a child's tomb is oftentimes more expressive than ten lines of obituary poetry.

The Chicago Springfield Journal explains that Tanner did not really fast. Impalpable spirits fed him imperceptible food.

A large London bookseller found that for every volume of Thackeray which had been purchased from him he had sold more than ten of Dickens.

A physician in Pierce County, Wisconsin, hired two pugilists to accompany him on a collection tour, and every man who would lend, but wouldn't pay, was soundly whipped.

Mrs. Fletcher Webster is building a handsome house on the spot where the old home stood at Marshfield. The great elm which Webster valued so highly is still standing.

Prince Henry, of Prussia, second son of the Crown Prince, will return shortly from his voyage round the world, will commence his studies at the Strasburg University next winter.

Gustave Dore is engaged upon a picture painted on a colossal scale like the majority of his scriptural subjects, and illustrating the text, "Come unto me all ye that labor and are heavy laden."

Oh, yes; the women ought to learn to swim. Have them don about twenty pounds of flannel bathing suit, and tell 'em to strike right out. No boy ever yet learned to swim in a bathing suit, but women can.

The Rev. Charles Dana Barrows, of Lowell, Mass., took some of his friends out on a coaching excursion. He drove very fast, the day was hot, and the exercise killed one of the horses, while the other three barely survived.

When they told the Secretary of the Navy that four new bars had been discovered off the Maine coast, he shook the briny crystals from his salty beard and said he always told Neal Dow that he couldn't enforce that liquor law.

Edwin Booth is to act at the new Princess theatre, London. The delay in his appearance was caused by his refusal to play Iago to the Othello of Charles Warner, which would in a measure subordinate him to a popular English star.

Hancock and Hooker are said to have been the handsomest men on horseback who fought on the Federal side in Virginia. Custer and Farnsworth were splendid horsemen. Grant rode well, but was not graceful. Meade was not a good rider.

The Rev. Ira C. Billman, an eminent pastor at Jackson, Mich., has parted from his wife; but he has directed his church to send half his salary to her, and has fully satisfied his congregation that he is in the right. There is no other woman in the case, as has been reported.

Tourists just returned from Iceland report that beautiful weather was experienced both to the north and south of Iceland, and the hay crops look much better than they have been for a number of years. Several of the tourists made the ascent of Mount Hecla.

The Devonshire Club, London, raised so much money when a demand was made on the members for twenty shillings each to provide a marble bust of Premier Gladstone that there is enough left to make a bust also of their President, the Marquis of Hartington.

The Rev. S. F. Smith, who wrote "My Country, 'tis of Thee," is still living in Newton, Mass. He says he wrote the verses on a waste scrap of paper one dismal day in February, 1832, while at Andover Seminary, and "had no intention nor ambition to create anything that should have a national reputation."

Sir Robert Collier has no faith in art critics, and while he says that the public is rapidly growing in its intelligent appreciation of pictures, he thinks that the writers who talk about the paintings which are put on exhibition are far behind the public. The educated public, he says, are more to be preferred, especially in matters concerning landscape art, than the dogmatic art critics who write at one another.

"The American element in high society has," says the London World, "now received a powerful addition—already it was very predominant. Many of the handsomest and most popular among the leaders of fashion hail from the other side of the Atlantic. Viscountess Manchester, Mrs. Arthur Paget, the Hon. Mrs. W. Carrington, Lady Randolph Churchill, and now the Marchioness of Anglesey, form a galaxy hard to match both for looks and social charms."

NEWS IN A NUT SHELL.

EVENTS OF THE PAST WEEK FROM ALL OVER THE WORLD.

The Cream of the Two Hemispheres Carefully Condensed and Classified—An Interesting Budget of Personal and Miscellaneous Information.

Washington.
The amount of coinage executed at the U. S. Mint during August is valued at \$7,849,800, of which \$223,300 are standard dollars.

All Bureaus of the Interior Department were closed to-day out respect to the memory of ex-Secretary of the Interior McClelland, whose funeral took place this morning.

It is expected that the investigation to ascertain the ownership of registered bonds of the United States, now in progress in the census bureau, will show that the bulk of the public debt is due not to large or "blatant" bondholders, but to comparatively poor men.

Since the passage of the silver bill there have been coined to date \$68,189,800 in standard silver dollars. Of this amount \$19,886,443 are outstanding in circulation; the balance, \$48,303,357, is in the treasury vaults. During the month of August there were paid out from the mints \$1,285,483 in standard silver dollars, against \$314,825 in July. Custom receipts for August were \$196,000,000 against \$17,000,000 in July.

Extensive repairs are in progress on the first floor of the White House. Mr. Hayes and most of his clerks are absent, and no official business will be transacted at the mansion for more than a month. In removing the floor in the main corridor and vestibule it was found that the brick arches underneath had settled, and that wooden props had been placed so as to support them. These exhibited such unmistakable signs of decay that it is believed that if the discovery of their condition had not been made as it was, they would soon have given out. A collapse of that kind on the occasion of a reception would have caused a sensation.

PERSONAL AND POLITICAL.
—Republicans at Syracuse, N. Y., re-nominated Frank Hiscock for Congress.

A great Democratic pow-wow was held at Columbus, O., Sept. 3. Senator Thurman presided.

—Ben. Butler will go to Maine to take the stump in behalf of the Democratic Greenback alliance.

—A Union soldiers' meeting has just been held at Kirksville, Mo. Five thousand veterans were present.

—Rev. Dr. Wm. Adams, president of the Union Theological Seminary, who has preached in New York since 1854, is dead.

—Prof. Cleveland Abbe, the father of the weather-bureau idea, is mentioned at Washington as a fit man to succeed the late Gen. Myer.

—Republican and Democratic speakers returning from Maine agree that the fusion movement there is a flat failure, and that Davis will certainly be elected.

—Elisha Felt, of Allen County, Indiana, has been elected Dr. Young, of Fort Wayne, has \$5,000 with which he backs his opinion that Felt will win his bet.

—Atty. Gen. Devens will make his first political speech of the campaign at Mansfield, Ind., on the 3d. He will also violate the civil-service order at Indianapolis on the 4th, and at South Bend on the 6th.

—Ex-Gov. McClelland, of Michigan, who was recently prostrated by apoplexy, died at 10 o'clock, August 30th. He was Governor of the State two terms, and was President Pierce's Secretary of the Interior.

—Negotiations between the Tammany and Irving Hall Democratic organizations in New York have proceeded so far that committees have been appointed by each to arrange for the joint support of candidates for Congressional Assembly, and local offices.

—The long and bitter political quarrel between Senator Logan and C. B. Farnwell is in progress of adjustment. It is understood that Logan's friends will support Farnwell in the Congressional race on the North side this fall, but if any stipulation in regard to the Senatorship has been made, it has not yet transpired.

—Chairman Barnum, of the National Democratic Committee, is in Indianapolis, walking arm-and-arm with Hendricks and English and shaking hands with everybody. The Democrats are said to have a serious quarrel against Judge Porter's office, in reserve, which they will make public at the proper time.

—Ben Butler did not manipulate the Massachusetts Democratic Convention at Worcester as he and everybody else expected he would. He was in favor of the nomination of William Gaston for Governor, but a fact which the diagonal-eyed statesman had forgotten served to defeat all his plans. The Butlerites were in an overwhelming majority, and, if united, could have nominated their man easily. It seems, however, that a number of years ago, when Gaston was Governor, he committed the crime of refusing to review a St. Patrick's day procession, and the memory of this defeated him. Charles P. Thompson, the young lawyer who distanced Butler in a Congressional race in 1874, was named for Governor by a vote of 536 to Gaston's 448. Another Thompson, living at Woburn, was nominated for Lieutenant Governor. The Farnwell Hall wing was given the nomination for Attorney General, but received no other recognition to speak of. Charles P. Thompson did not take sides in the recent split, and is not, therefore, particularly distasteful to either faction.

GENERAL FOREIGN NOTES.

—A bill for the sale of about 7,500,000 francs worth of the crown jewels will be introduced in the French Chamber of Deputies at its next meeting. The proceeds will be devoted to the purchase of works of art.

—Fine weather during the last three weeks has benefited crops in England to a considerable extent, but more bright sunshine is needed. Samples of new English wheat just marketed show a much better quality than last season's.

—Gen. Roberts, commanding the column marching to the relief of Candahar, arrived at that place on Saturday, August 29th, with his advance guard. Refugees from Cabul are joining Ayob Khan's forces in large numbers, and his recruits from the Ghazis are by no means insignificant. The British will halt in the vicinity of Candahar to prepare for an attack on the Afghan forces.

—The delay in closing negotiations at London for the transfer of the Canadian Pacific Railroad from government control is occasioned by the appearance of a New

York syndicate, which is disputing with the English and Canadian company the possession of the road. The directors of the St. Paul, Minneapolis and Manitoba Railway, at the head of eastern capitalists, are the Americans interested, and the London syndicate is composed of Sir Hugh Allan, Baring Brothers, and others. No settlement had been reached at last accounts.

THE EAST.
—There are fifty cases of small-pox at Troy, N. Y. Two deaths have occurred.

—Thirteen buildings were destroyed by fire at Schaghticoke, N. Y., causing a loss of \$150,000.

—Col. Charles Boughton has been arrested in New York for complicity in the bond forgery with A. H. R.

—The schooner Mercury, which went ashore at Ludington last year, has, after many trials, been got off safe land.

—Henry Kingman, a drunken brute living at Hartford, Conn., shot and killed his hard-working wife, as she sat at a sewing machine.

—Charles T. Jackson, M. D., of Somerville, Mass., who disputed with Prof. Morse the honor of having invented the electric telegraph, is dead.

—Mr. Fink of the trunk-line pool, says the through traffic over the roads which he represents, shows a large increase as compared with last year. Owing to the pool arrangements, the business is transacted at better paying rates than formerly, and the companies are reaping substantial benefit.

THE WEST.
—A. B. Chase's organ factory, at Norwalk, O., burned September 3d.

—A vein of coal thirty-three inches thick was struck at La Cygne, Kas., September 3d.

—J. S. Morgan, of Morgan & Co., job printer, Cincinnati, killed himself at Cleveland, August 30.

—Wm. Hack, an old man, was run over by the cars near Topeka, September 2d, and seriously injured.

—A large warehouse in Alameda County, Cal., containing 150,000 bushels of grain, was burned September 3d.

—Rosa Morris, a Springfield, Ill., girl, seduced and deserted by a railroad man, is in a Cincinnati police station for sale keeping.

—S. W. Hoffman, ex-City Auditor of Cincinnati, charged with crookedness in the administration of his office, has been acquitted.

—Wade and Mrs. Brown, convicted of the murder of the latter's husband, have been sentenced to be hanged in Indianapolis, October 27th.

—Mr. Vanderbilt consents to the continuance of Maud S. on the turf, and she will probably be entered against time at the forthcoming Chicago meeting.

—A committee of experts finds that Jackson Landers, brother to Franklin Landers, late treasurer of Marion County, Indiana, is indebted to the country in the sum of \$14,904.47.

In the course of a speech at Streator, Ill., Gov. Cullom stated that he expects to be able to announce officially on the 1st of January next that Illinois is entirely free from debt.

A messenger has arrived at Ournay, Col., with the news that the Indians from the White River Utes, Putes and Navajos have taken the warpath in Grand Valley, and committed many depredations.

—A Belleville, Ill., negro, named Boyd, undertook to kill his wife and her paramour, one Walker. He hit his wife in the shoulder, but the Republican nomination for a hot shot gun and shot Boyd, who will die.

—A citizen of Grand Rapids, Michigan, thinking he had cancer of the stomach, abstained from food for sixty-five days, and died of starvation. A post-mortem showed his brain to be the only deceased part of his body.

—Gov. St. John, of Kansas, was renominated in the Republican Convention at Topeka without difficulty. Considerable dissatisfaction exists, and it is freely predicted that a Democrat will now be elected to Congress in the Second District.

—The Chinese steamship Wo Chung, now at San Francisco, has passed protests of the dues required of alien vessels and is presumed that after the Presidential election the Secretary of the Treasury will consider the protest and refund the money.

—The St. Paul and Northwestern Railways are said to be taking great interest in the square for the Republican nomination for the territorial delegate in Dakota. The former is supporting Pettigrew and the latter Bennett. Money is being used freely.

—The Milwaukee Turners, who took one-third of the prizes at Frankfort-on-the-Main, were given a warm reception by their fellow-countrymen on landing at New York. They will be entertained in that city and Boston for several days, and will proceed to their homes next week.

—Late dispatches from army officers on the southwestern frontier leave no room for doubt that Victoria's Apaches are badly used up. The loss in the recent raid into New Mexico was very severe, and it is not thought that they will soon again venture out of their retreat in Chihuahua.

—Perry Shockey, of Lancaster, O., who suspected the faithfulness of his wife, told her he would leave town for a couple of days, but instead of doing so he hid in a patch of corn. About midnight he went after a policeman, and the two then entered the house, chased George Sherrick out, and ran him down. Sherrick is in jail.

—The new bridge of the Chicago, Burlington & Quincy Railroad at Plattsmouth, Neb., was tested, August 30th, in the presence of a large number of people and pronounced safe and satisfactory. It cost \$400,000, and will be of incalculable advantage to the Burlington road, as it makes that line practically independent of the Union Pacific.

—Capt. Payne, the invader of Oklahoma, is in St. Louis making arrangements for another raid. He says that when he goes there again he will have ten thousand men with him, and the Government will then give up the idea of interfering with him. Payne is described as tall, angular and rood-natured, but full of determination. He is now under bonds to appear for trial at Fort Smith, Ark.

—Thomas McDonald, of Commercial Point, Franklin County, O., met a violent death at the hands of a mob. He had long been the terror of the neighborhood, but of late had devoted the greater part of his time and energy to a saloon-keeping which appeared to be his aim to exterminate. The two men had a desperate fight on Monday night, McDonald losing an eye in the melee. Growing tired of this sort of thing, the

neighbors took the ruffian out of his house at the dead of night and lynched him.

THE SOUTH.
—A dispatch received at London states that Ayob Khan's army has been defeated and dispersed by Gen. Roberts.

—Lancaster's distillery, near Owensboro, Ky., and Eigeman's flouring mill, burned Sept. 5th. The loss was total.

—Stephen Richardson, colored, was hanged at Wilmington, N. C., September 3d, for the murder of his mother-in-law.

—It is authoritatively denied in London that gold payments for notes have been suspended at any of the branches of the Imperial Bank of Germany.

—The steamer Vera Cruz, from New York for Havana, foundered off the Florida coast during a terrible cyclone. All on board are supposed to have perished.

—A wealthy and public spirited citizen, of Chihuahua, Mexico, offers \$2,000 for the scalp of Victoria, the Apache chieftain, and \$150 apiece for the scalps of his warriors.

—Foreigners in Lima are casting about to see what they will do when the town shall have been captured by the Chilians, who are now thundering at its gates. The French are said to be well provided for, but the Italians and Germans do not know what will become of them. Against the Italians, in particular, the Chilians cherish the most profound hatred.

—Stanley Garver, a young man well known in Baltimore, was to have been married on Tuesday evening, but although many friends congregated at the residence of the young lady interested, bringing presents to the value of several hundred dollars, the bridegroom came not. After a long and embarrassing wait the girl retired heartbroken, and the guests, after partaking of the feast prepared, left for their homes. Garver had fled the town.

ATTACKS UPON HANCOCK.

Disgraceful Course Pursued by Republicans in their Fight Against Democracy.

A valuable exchange says that the country had scarcely recovered from its surprise over the defeat of GRANT and BLAINE in the Chicago Convention and the nomination of GARFIELD, before Republican organs began a whining protest against making the present a mud-slinging campaign. Never was there a better illustration of the adage that "a guilty conscience needs no accuser." These organs, not the least conspicuous among them being the New York Times and New York Tribune, remembered that but a year or two had elapsed since they bitterly denounced GARFIELD as morally corrupt on account of his Credit Mobilier and De Golyer pavement records, and they very justly feared the resurrection of these records and denunciations. Hence their sudden dislike to political mud. Characteristically inconsistent, however, the nomination of an opponent to GARFIELD, a week or so later, was the signal for an outpouring of stalwart newspaper filth, the like of which has seldom been seen in this country. It mattered not that Gen. HANCOCK was known as a man who has led a spotless life, against whom even foul-mouthed scandal had never dared to breathe, and who was commended by Gens. GRANT and SHERMAN and all his companions in arms as personally everything that was good, noble, gentlemanly and patriotic. The radical mud-slingers proved their similitude to death—they loved a shining mark.

To assail Gen. HANCOCK's political record and declarations is plainly to make war upon the Constitution of the United States. On the occasions when he has been called upon for political action, he has been inspired with the happy idea of planting himself squarely and securely on the supreme organic law of the land, taking totally impregnable positions every time. Without palpable stultification he could not be abused on that score. But what then could be said against him? The question was doubtless asked very anxiously by the first fellow who started the cry against him that he was born and bred an aristocrat. That serious accusation against him, however, has no further foundation than that as to birth he had a grandfather of some note, and as to feelings, he was opposed to wearing a dirty shirt when it could be avoided. His aristocracy is not of the kind that hurts. Then the searchers for material wherefrom to manufacture detraction found that he was a military martinet and tyrant. In support of this charge they obtained narrations from some bummers and stragglers who claim to have belonged to the Second Army Corps during the war. These narratives, conspicuously the one procured and published by a city contemporary, are amusing documents. To any intelligent, fair-minded reader who was in the army, and knows how marches were made and battles fought and won, they prove, if they prove anything, the very contrary of what was intended. They show that Gen. HANCOCK was too good an officer to tolerate straggling and breaking from the ranks under pretences of any nature whatever, and that he would not tolerate insolence from ignorant and mutinous subordinates, knowing well how to put it down. When his corps had a forced march to make, he was right there with it all the time, and skulkers soon learned that he was the wrong officer to play tricks upon.

Again, it was slyly surmised that Gen. HANCOCK would be found to have tripped and fallen into the use of some disloyal phrases, in his correspondence with Gen. SHERMAN, about the time it was proposed to remove the former from his command in New York, for fear he would interfere with GRANT's project of using the army to seat the man whom he decided should be his successor in the Presidential office. A loud call was made for that correspondence. Last week the whole of it was given to the world, and henceforth it will constitute an important chapter in the history of the perilous time through which the country then passed. But instead of showing up "HANCOCK in a conspiracy," his letters afford the most conclusive proof that he is not only a model soldier, but a lofty patriot and statesman, sagacious and imperturbable in determining upon and executing his duty, and able, withal, to interpret constitutional law with the profundity of a WEBSTER or STORY.

In fact, every word derogatory to HANCOCK that has found utterance thus far in the campaign has in one way or another rebounded to his credit. The missiles hurled at him seem to have so much the qualities of a boomerang that they return to wound the hurlers. Gen. HANCOCK's connection with civil administration in Louisiana and Texas, although superlatively honorable, seemed at first to be a somewhat narrow basis on which to rest his claims to statesmanship and administrative ability. But the attacks made upon him have resulted in greatly enlarging and strengthening that basis. The people are day by day becoming better acquainted with him, and the more they know of him the better they like him. The rampant Republicans, who feel their hold upon the public treasury rapidly weakening, foiled and discomfited at every turn they have made in this canvass, will only make matters worse by inventing new calumnies.

Fighting a Monkey.

A bloody and possibly fatal fight occurred this morning between a man and a monkey in a small zoological garden in State street. Among the animals exhibited was a large and vicious creature, being a cross between the gorilla and monkey, named "Jim," weighing about seventy-five pounds. This forenoon he broke his chain and attacked the manager of the show. The latter's cries brought Harry Martin to his aid, upon whom Jim immediately sprang and fastened his teeth and claws in his lower limbs, tearing them in a frightful manner before assistance could be rendered. The monkey escaped to Wabash avenue, pursued by a crowd, and there hid under the sidewalk. Martin was removed to a doctor's office and his numerous and ugly wounds were sewed up. He suffered greatly from loss of blood, but may survive.

New Jersey Democrats.

TRENTON, N. J., Sept. 1.—The Democratic State Convention met to-day. Leon Abbott was temporary chairman and made an address. Mr. Abbott said the Democratic party occupied an aggressive position in not being placed under the necessity of defending its candidates against a party that from the start is on the defense in regard to its candidates. The importance of the canvass in the State was dwelt on and the customary committees appointed. The Convention reassembling Leon Abbott was made permanent Chairman. Resolutions adopted referred for the most part to State matters. Those relating to National affairs are as follows:

Resolved, That the platform adopted by the National Democratic Convention at Cincinnati meets our hearty approval.

Resolved, That we cordially endorse and ratify the nominations for President and Vice President made by said Convention.

On the fourth ballot Geo. C. Laddow was nominated for Governor; electors at large are Galtfred Kruger and John H. Dialogna.

Precipitated silica attracts and fixes aniline colors, turkey red much better on fabrics than silicious infusorial earth, but argues a writer in Riemann's Farber Zeitung in opposition to Engel, these properties of silica cannot be due to capillarity because, of the two substances, the infusorial earth can only be said to possess capillarity.

—Large and finely-finished clasps, resembling cloak clasps, but more ornate and jewelled, will be used to fasten the plush strings of bonnets.

Mothers should take warning and stop dosing their babies with laudanum while teething. Dr. Bull's Baby Syrup answers the same purpose and is perfectly harmless. Price 25 cents.

Vegetine.

MORE TO ME THAN GOLD.
WALPOLE, MASS., March 7, 1880.
MR. H. R. STEVENS:
I wish to inform you that VEGETINE has done for me. I have been troubled with Erysipelas Humor for more than 30 years in my limbs and other parts of my body, and have had a great sufferer. I commenced taking VEGETINE one year ago last August, and can truly say it has done more for me than any other medicine. I seem to be perfectly free from this humor, and can recommend it to every one. Would not be without this medicine—'tis more to me than gold—and I feel it will prove a blessing to others as it has to me.

Yours most respectfully,
MRS. DAVID CLARK.

J. B. BENTLY, M. D., SAYS:

It has done more good than all medical treatment.
NEWMARKET, ONT., Feb. 9, 1880.
MR. H. R. STEVENS:
I have sold during the past year a considerable quantity of your VEGETINE, and I believe, in all cases it has given satisfaction. In one case, a delicate young lady of about 17 years was much benefited by its use. Her parents informed me that it had done her more good than all the medical treatment to which she had previously been subjected.

Yours respectfully,
J. BENTLY, M. D.

LOUDLY IN ITS PRAISE.

TORONTO, ONT., March 8, 1880.
Dear Sir—Considering the short time that VEGETINE has been before the public here, it sells well as a blood purifier, and for troubles arising from a sluggish or torpid liver. It is a first-class medicine. Our customers speak loudly in its praise.

Dr. John Bull's SMITH'S TONIC SYRUP,

FOR THE CURE OF
FEVER AND AGUE
OR
Chills and Fever.

The proprietor of this celebrated medicine justly claims for it a superiority over all other remedies ever offered to the public for the SAFE, CERTAIN and PERMANENT cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion that in no case ever will it fail to cure, if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, while whole families have been cured by a single bottle, with a perfect restoration of the general health. It is however prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. Usually this medicine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the tonic, a single dose of BULL'S VEGETABLE FAMILY PILLS will be sufficient.

The genuine Smith's Tonic Syrup must have Dr. John Bull's private stamp on each bottle. Dr. John Bull only has the right to manufacture and sell the original JOHN J. SMITH'S TONIC SYRUP, of Louisville, Ky. Examine well the label on each bottle. If any private stamp is on each bottle do not purchase, or you will be deceived.

THE REPUBLICAN RULE.

HEADS, I WIN; TAILS, YOU LOSE. 1877. 1879. (When Democrats were to be rejected, it is to be regretted that votes are lost by negligence of town officers, but the obvious remedy is to choose such as know their duty and perform it with fidelity.)

The Republican State Con-

vention, at Topeka, last week, refused to nominate the colored man Langston for Lieut. Governor.

State Treasurer John Francis has our thanks for a copy of the second biennial report of the Treasury Department, from July 1, 1878, to June 30, 1880. It is a complete, well gotten up, and neatly printed report, and contains 185 pages.

The population of this State, according to the U. S. Census Supervisors' reports, is 996,300, divided as follows: First Congressional District, 404,344; Second, 256,336; Third, 335,620. The population now is undoubtedly over a million.

Hon. A. Gillett has been nominated for State Senator in the 24th District by the Republicans of Lyon county, the Delegates from Greenwood county refusing to have anything to do with the convention, as Emporia had "cut and dried" things to suit her; and "there is music in the air."

The Republican State ticket is as follows: For Governor, John P. St. John; Lieut. Governor, D. W. Finney; Associate Justice, D. M. Valentine; Secretary of State, James Smith; Auditor, P. I. Bonebrake; Treasurer, John Francis; Attorney General, W. A. Johnson; State Superintendent, H. C. Speer. Those marked with an asterisk (*) are re-nominations.

J. WADE McDONALD.

In telling its readers of the nomination of this gentleman, the Wichita Beacon says: "The nomination of J. Wade McDonald, Esq., of Cowley county, for Representative in Congress, for the Third District, will be received with the utmost satisfaction all over the district, but especially by the people of the Arkansas Valley. The party will have nothing to regret nor defend in the record of Mr. McDonald, whether as a private citizen, soldier or lawyer. He is a gentleman of recognized ability and integrity of character. He will make a thorough canvass of the district, and we are quite sure that his fine oratorical abilities, his thorough information on the leading issues of the day and his pleasing address will commend him to the favorable consideration of the voters of the district."

The Eureka Sun says: "He will not only receive the entire vote of his own party, but he will find many warm supporters among the Republicans."

DEMOCRATIC SENATORIAL CONVENTION.

A Delegate Convention of the Democrats of the 29th Senatorial District, consisting of the counties of Marion, Morris and Chase, will be held in the city of Cottonwood Falls, Chase county, on Saturday, September 25, 1880, at the hour of 10 o'clock, a. m., for the purpose of nominating a candidate for Senator to represent said district in the State Legislature, for the ensuing term of four years.

The basis of representation in said convention shall be one Delegate and one Alternate for every 100 votes cast and one Delegate and one Alternate for each fraction of 50 or more votes cast for Chief Justice, at the November election in 1878, which Delegates and Alternates are apportioned to the counties as follows: Marion, 16; Morris, 12; Chase, 10.

It is recommended that the Delegates from each county be selected in such manner as the several County Central Committees may determine.

By order of Committee of the 29th Senatorial District.

MATFIELD GREENS BOILED DOWN.

MATFIELD GREEN, Sept. 6, 1880. To the Editor of the Courant: I thought I would write you a few items from here again.

The campaign is getting warmer. At the time appointed, the Weaver Club met, and gave way for Republican speakers to speak. The Garfield Club had the biggest guns in the county present. They made a great waving of the bloody shirt. One of them said to the Greenbackers: "If you can't vote for Garfield, vote for Hancock." It is the first time I ever heard a Republican speaker tell men who had left the Democratic party, to go back to it.

The weather has cleared up, and baying is going on, and everybody is happy. Yours, X.

BEST IN THE WORLD. WITH HAMMER BRAND.

Impure Bi-Carbonate Soda is of a slightly dirty white color. It may appear white, examined by itself, but a COMPARISON WITH CHURCH & CO.'S "ARW AND HAMMER" BRAND will show the difference.

See that your Baking Soda is white and PURE as should be ALL SIMILAR SUBSTANCES used for food.

Housekeepers who prefer bread made with yeast, will improve its quality, make it rise better, and prevent it from souring, by adding one-half teaspoonful of Church & Co's Soda or Salarsatus. Be sure and not use too much. The use of this with sour milk in preference to Baking Powder, saves twenty times its cost.

See one pound package for valuable information, and read carefully.

Literary Revolution in Universal Knowledge.

An Encyclopedia in 20 volumes, over 16,000 pages, 10 per cent. more matter than any Encyclopedia ever before published in this country, and sold, handsomely and well bound, in cloth for \$10, in half morocco for \$15, and printed on fine heavy paper wide margins, bound in half Russia, gilt top, for \$20—an enterprise so extraordinary that its success, beyond all precedent in book publishing, may be fairly claimed to inaugurate a Literary Revolution.

THE LIBRARY OF UNIVERSAL KNOWLEDGE is a reprint entire of the last (1878) Edinburgh edition of "Chamber's Encyclopedia," with about 40 per cent. of new matter added, upon topics of special interest to American readers, thus making it equal in character to any similar work, better than any other suited to the wants of the great majority of those who consult works of reference, and altogether the latest Encyclopedia in the field.

Specimen Volumes in either style will be sent for examination, with privilege of return, on receipt of proportionate price per volume.

Leading principles of the AMERICAN BOOK EXCHANGE: I. Publish only books of real value. II. Work upon the basis of present cost of making books, about one-half what it was a few years ago.

III. Sell to buyers direct, and save them the 50 and 60 per cent. commission commonly allowed to dealers.

IV. The cost of books when made ten thousand at a time is but a fraction of the cost when made 500 at a time—adopt the low price and sell the large quantity.

V. Use good type, paper, etc., do careful printing, and strong, neat binding, but avoid all "padding," fat and heavily-leaded type, spongy paper and gaudy binding, which are so commonly resorted to to make books appear large and fine, and which greatly add to their cost, but do not add to their value.

VI. To make \$1 and afford is better than to make \$5 and an enemy.

Died, near Clinton, Mo., at the residence of Mr. S. S. Boyles, father-in-law of Mr. C. L. Barnes, formerly of this city, on Sunday night, August 29, 1880, Albert J. Barnes, aged 22 years, brother of Mr. C. L. Barnes and of Mr. M. D. Barnes, the painter, of this city.

We have always taken pleasure in publishing church notices, or in fact all notices in which the public is interested, but we always take it for granted that it is not desired that the notice appear in the COURANT when such is not brought or sent to us, with a request to publish the same.

At a special meeting of the Democratic County Central Committee, held in the Court-house, last Saturday afternoon, Mr. E. Campbell, of Diamond Creek township, was elected a member of the committee, to fill the vacancy caused by the removal of Mr. R. C. Campbell from that township.

The heavy wind on Thursday night of last week blew a freight car from the side track into the main track, and the east-bound passenger train, due at Cottonwood at 10:35 o'clock, p. m., ran into it, ditching all the cars and doing considerable damage to the locomotive. No one was seriously hurt, as the train was not running at full speed.

At a recent meeting of the Board of Directors of the Chase County Agricultural Society it was decided not to attempt to hold a fair, this fall. The Treasurer made a report that the first half of the stock subscribed had been promptly paid by every subscriber he was able to see; and that the first payment on the land had been made, and that he has a balance of \$5 on hand. As no fair can be held, this fall, what say the Board to spring races, next spring?

VICTORIOUS! HIGHEST & BEST AWARD

And Grand Medal of Honor Economy, Durability and Rapidity combined with perfect work. Are Distinguishing Features of the celebrated

Giant Farm and Warehouse Fans,

WE TWO,
Ah, painful-sweet! how can I take it in!
That somewhere in the illimitable blue
Of God's pure space, which men call
Heaven—we two
Again shall find each other, and begin
The infinite life of love, a life akin
To angels—only angels never knew
The ecstasy of blessedness that drew
Us unto each other, even in this world
of sin.
Yes, find each other! The remotest star
Of all the galaxies would hold in vain
Our souls apart, that have been herefore
As closely intermingled as are
One mind and spirit: Oh, joy that aches
to pain,
To be together—we two—forever more!

HOUSEHOLD NOTES.

Valuable Receipts for the Kitchen and
Dinner Table.
SAUCE QUINCE FOR FISH.—Make a
brown sauce by frying a chopped onion
in a little butter, adding a large tea-
spoonful of flour and a tumbler of stock,
Simmer a little, strain, and put in a tea-
spoonful of vinegar, one of chopped cu-
cumber pickled and one of capers.

LOBSTER PATES.—Make some puff-paste
and spread it on very deep patties.
Bake it empty. Having boiled well two
or three fine lobsters, extract all the
meat and mince it very small, mixing it
with the coral, small salt, mix well,
some yolk of hard-boiled egg, grated.
Season it with a little salt, some Cay-
enne, and some powdered meat, or nut-
meg, adding a little lemon rind, grated.
Moisten the mixture well with cream,
fresh butter or salad oil. Put it into a
stepan, add a very little water, and let
it stew till it just comes to a boil. Take
it off the fire, and the pates being bak-
ed, remove them from the tin pans,
place them on a large dish, and fill them
up to the top with the mixture. Similar
pates may be made of prawns or crabs.

STUFFED TOMATOES.—Take large, smooth
tomatoes, take out a little of the inside
at the top and stuff with a forcement
made thus: Fry some minced onion in
butter and add some bread crumbs, some
cold chicken chopped very fine, some
chopped parsley and a little stock to
moisten, and pepper and salt, mix well,
take from the range, add raw yolk of
egg, stuff the tomatoes and bake them
in the oven. Broil your chops nicely,
butter them hot and arrange them
around a platter with the stuffed to-
matoes in the centre.

CHICKEN MAYONNAISE.—Cut up some
chickens and fry them nicely in butter.
Let them get cold, then trim into
good shape and put them in a cov-
ered dish with salt, pepper, oil and vine-
gar as for salad; add a few pieces of onion
and a little parsley. Let them stand
thus two or three hours. Then drain
the pieces of chicken, place them on the
lettuce in your salad dish and spread a
nice mayonnaise dressing over all. Some
of the chicken when fried can be saved
for the tomato stuffing.

COFFEE ICE PUDDING.—Pound two
ounces of freshly-roasted coffee in a mor-
tar, just enough to crush the berries
without reducing them to a powder. Put
them into a rich cream, add a cup of
loaf-sugar, let it boil, then leave it to
get cold, strain it on the yolks of six eggs
in a double saucepan, and stir on the fire
till the custard thickens. When quite
cold, work into it a gill and a half of
cream whipped to a froth. Freeze the
mixture in the ice pot, then fill a plain
ice mold with it, and lay it in ice till it
is time of serving.

DIAMOND PUDDING.—Decorate a
plain mould with a lining with currants
and pistachio nuts, and fill the outer part
with jelly; when the jelly is set remove
the lining by putting a little warm water
in it; make a custard with a pint of milk
and four yolks of eggs, flavor the milk
with vanilla, add half an ounce of iso-
ginger, stir it into the custard when hot;
break up one or two sponge cakes and
macarons, cut up a few dried fruits, put
a layer of each until the mould is full,
pour in the custard, leave it in a cool
place until wanted, then dip the mould
into tepid water a second, turn it out on
a cold dish, and serve.

STUFFING FOR VEAL.—Chop half a
pound of suet, put it in a basin with
three-quarters of a pound of bread
crumbs, a teaspoonful of salt, a quarter
of pepper, a little thyme, three whole
eggs, mix well. A pound of bread
crumbs and one more egg may be used;
it will make it cut firmer.

RIZ A LA TURQUE.—Put into a saucepan
six cupfuls of stock or broth into
which you have previously dissolved a
good allowance either of tomato paste,
French tomato sauce, or the pulp of fresh
tomatoes passed through a sieve; pepper
and salt according to taste. When it
boils throw in, for every cupful of stock,
half a cupful of fine rice, well washed
and dried before the fire. Let the whole
remain on the fire until the rice has ab-
sorbed all the stock, then melt a goodly
piece of butter, and pour it over the rice.
At the time of serving, and not before,
stir lightly to separate the grains, but do
this off the fire.

SSAYS.—Take one cup of molasses,
three-quarters of a cup of sugar, one
teaspoonful of ginger, and a teaspoon
each of powdered cloves, cinnamon, and
allspice. Add these to one-half cup of
melted butter and beat in two teaspoon-
fuls of soda, and flour enough to roll. Roll
very thin, cut out with a tin cutter and
bake in pans in a hot oven.

APPLE CROUPE.—This simple and dainty
little dessert is one taught by Miss Car-
son: Peel and core the apples and
halve them; take half slices of bread,
spread thickly with butter and sprinkle
with sugar, then lay apple on bread, core
side down; sprinkle on more sugar and
any kind of spice to taste. Bake.

NEPAUL CURRY OF COLD ROAST FOWL.—
Take two large onions, two apples, two
ounces of butter, a desert-spoonful of
curry powder and one teaspoonful of
flour or two teaspoonfuls of curry paste
without flour, half a pint of gravy, one
tablespoonful of lemon juice, and two
tomatoes—fresh or preserved—cream,
and rice. Fry the fowl and the onions,
then put them into a stewing-pan and
add to it the gravy, tomatoes, apple-
sauce and cream. Let it simmer about
thirty minutes, then put in a table-
spoonful of lemon juice and serve with
boiled rice. If curry paste is used instead
of curry powder, a teaspoonful of juice
is required. Nothing can be beat; this
was the Rajah's own recipe.

Chinese Cruelty.
Shun Pao (China).
On the morning of the 25th day of the
5th moon (2d of July), about 11 o'clock, a
large and heavy plank of wood floated
past Hankow; the people saw that it had
a most picturesque appearance; a fair

damsel of 19, well dressed, was nailed on
the plank so that she could move neither
her hands nor feet. Beside her was the
head of a Buddhist priest, attached to the
right hand side of the plank some
cakes and other eatables so fixed that
she could bend her neck and eat them,
and on the left three thousand copper
cash, and inscribed below was: "This
three thousand cash is provided for her
coffin when she is dead," and a special
inscription was written above her head.
Whoever pities her and endeavors to
save her life they are guilty of "nan to
yu chong" which means, "if men save
her they are thieves, and if women save
her they are defamed." The particulars
are that this young damsel belonged to
a wealthy family, and her two brothers
are petty mandarins who, holding certain
posts in small yamens at a place about
twenty miles from Hankow, they used
this cruel treatment because she was
guilty of criminal intercourse with the
bearded priest whose head was on the
plank with her. Some report that she is
saved, and others that she is still floating
on the Yangtze river.

Protecting that Game Bird, the Owl.
London Telegraph.

It is highly gratifying to find that the
Additional Wild Birds' Protection
Bill, which lately passed through com-
mittee in the Lords, something was at
last done for our very old friend, the owl.
That bird of night has gotten, quite un-
desirably, as many naturalists think, a
very bad name, and it was high time
for our hereditary legislators to speak up
for the sagacious, harmless and indeed
useful biped which has been so long sub-
jected to unjust disparagement. The
most serious count in the indictment
preferred against the owl is that he is a
terrible destroyer of game, snatching up
and devouring grouse, partridges, hares,
ducks, sparrows, squirrels and anything
else in the way of "fur and feathers" that
comes handy, and sometimes even
"going for" wild turkey. In Virginia
the farmers accuse him of equaling the
fox as a predator among the poultry.
The Duke of Buccleuch, however, strenu-
ously denied that the owl was mischiev-
ous as a poacher. He might, remarked
the Grace, occasionally peck at a sickly
partridge, but the damage he does
among game was more than counterbal-
anced by the services he rendered to
agriculture by destroying vermin;
and the Duke will not allow any of the
owls on his estate in Scotland to be killed.
It is, indeed, well known that the
owl has an unappeasable appetite for
field mice and barn-door rats, and his
activity in ridding the farmer of these
little pests has earned for him the title
of the "feathered cat." In this connec-
tion the enemies of the owl have also
something to say. They declare that the
"feathered cat" is very fond of the furred
cat as an article of diet; and that the
keepers of a bygone Duke of Norfolk be-
came a terror to all the old women in
neighborhood of Arundel, through the
ruthless raids they were in the habit of
making on the plumpest tables where,
with to regale the abnormally large and
ancient owls in the castle keep, one of
which historic birds wore an expression
of such preternatural wisdom that he
used to be called "Lord Eldon."

Nebraska Republicans.
(Special to the Kansas City Times.)
OMAHA, Neb., Sept. 1.—The Nebraska Re-
publican Convention assembled at Lincoln
at 3 p. m. to-day, and organized by the
election of Charles A. Holmes Temporary
Chairman, and Messrs. Cady and Gibson
Secretaries, which organization was after-
wards made permanent. All delegates were
admitted on the report of the Committee of
Credentials. Mr. Holmes made an eloquent
speech, laudatory of Garfield's life and pub-
lic services and the record of the Republican
party. A Committee on Resolutions was
appointed and the convention took a recess
until this evening.

The Convention reassembled at 8 o'clock
and rushed business by making nearly every
nomination by acclamation. The following
State officials were nominated: Governor,
Nance; Lieut. Governor, Carnes; Attorney
General, C. J. Dillworth; Secretary of
State, S. A. Alexander; Treasurer, G.
M. Bartlett; Hon. E. R. Valentine was re-
nominated for Congress and Col. Majors for
contingent Congressman. G. W. Collins, J.
M. Thurston and James Leclit were nomi-
nated Presidential electors. A plank to
nominate a United States Senator was
tabled.

A Wonderful Cure.
The following cure is a remarkable one,
and shows what wonders science can do
when skillfully applied. The patient re-
ferred to had never been able to walk until
just under the treatment at Western Sur-
gical Institute of Kansas City. She suffered
from paralysis.

BEAVER CROSSING, NEB., July 23, 1880.
Mrs. Dickerson and Stark.—We left an hour
earlier than we expected when we started
for home, so missed seeing you on the
morning. The people here thought the
change in Coralle most wonderful, and she
has continued to improve beyond my ex-
pectations. She threw aside her crutches a
week ago, and has not used them since. She
has some one take hold of her hand and she
in that way walks quite well. Can walk a
short distance entirely alone. Her limbs are
strengthened so she rests her heels on the
floor now, and is so much larger she thinks
she won't be able to wear her brasses a great
while. She is really interesting in walking
now. The ankle of her worst limb has
become sore and troubles her some, though it
is better now, and she has had several boils
under the treatment at Western Sur-
gical Institute that we know at the Institute? Would
like to see all this afternoon. Remember
me to them. Would like to have the pump-
ing apparatus soon, as it will be beneficial to
use it. Please let me hear from you soon.
Respectfully,
Mrs. N. M. PARKER.

The above is only one of the many com-
mendatory letters Mrs. Dickerson and Stark
are receiving. The patient was a little girl
only eleven years of age, and when she
came into the Institute she crawled about
on her hands and knees. It is truly a
wonderful cure.

Good Hotels.
Hotel accommodations for travelers are
of the greatest importance to persons who
have to move about the country on business.

Just where to go is what every man
wants to know, and he leaves home. The
Grand Union Hotel, opposite Grand Central
Depot, New York City, is a very popular re-
sort, because the attendance there is prompt
and satisfactory. The charges are reasonable
and the message complete; try it. Families
can live better for less money at the Grand
Union Hotel than at any other first-class
Hotel in the city. Be careful to see that
Grand Union Hotel is on the sign where you
enter.

No PEPPER.—Nothing can be more of-
fensive to conscientious journalists than
discriminate puffery. But it is a pleasure
to speak candidly and correctly in praise of
such a medicine as Hunt's Remedy for the
Kidneys, Bladder, Liver and Urinary Or-
gans, a specific and positive cure that has
been before the public for twenty-five
years, and has rescued from suffering and
the grave even the victims of Bright's Dis-
ease. The facts in regard to Hunt's Rem-
edy, the Great Kidney and Liver Medicine,
are attested by high authority.
Sold by all druggists. Trial size, 75 cents.

Ague Conqueror Will Cure.
There is no disease or affliction more eas-
ily cured than the ordinary fever and ague
of this country, and yet is one of the most
deadly. In fact, in some persons, fever
and ague, intermittent, remitting, and kind-
red fevers, if continued, bring on other
diseases which eventually prove very diffi-
cult to cure, and some even result in death.
The Ague Conqueror, although a vegetable
preparation, containing no poisons, has
never failed to cure any case of ague within
our knowledge, and the chills do not return
during the season. Price 50 cents and \$1.00
per bottle. To make a permanent cure of a
difficult case it will require a \$1.00 bottle to
cleanse the system and leave the liver and
other organs in a healthy condition, so that
the chills will not return. Sold by all drug-
gists and dealers everywhere.

Free of Cost.
As you value your existence do not fail to
improve the present opportunity of procur-
ing a bottle of Dr. Kunt's New Discovery for
Consumption, Coughs and Colds, Asthma,
Bronchitis and All Throat and Lung
Affections, before it is too late. This is the
only remedy you can POSITIVELY RELY ON
during the season. Price 50 cents and \$1.00
per bottle. Regular size one dollar. For sale by all
druggists.

Better Times.
The business revival and new era of prop-
erty which has commenced are in keeping
with the increased health and happiness
all over the land resulting from the general
introduction of Warner's Safe Kidney and
Liver Cure. The changes wrought by this
remedy, says Dr. Harvey, "seem but
little less than miraculous."

Are You Not in Good Health?
If the Liver is the source of your trouble,

WOMAN
The remedial management of these diseases peculiar to women has afforded a large experience at
the World's Dispensary and Invalid Hotel, in adapting remedies for their cure. Many thousands of
cases have annually been treated. Dr. Pierce's Favorite Prescription is the result of this extended
experience, and has become justly celebrated for its many and remarkable cures of all these chronic dis-
eases.

WEAKNESSES PECULIAR TO FEMALES.
Favorite Prescription is a powerful Restorative Tonic to the entire system. It is a nerve and un-
surpassed efficacy, and while it quiets nervous irritation, it strengthens the enfeebled nervous system,
thence restoring it to healthful vigor. The following diseases are among those in which the Favorite
Prescription has worked cures as if by magic, and with a certainty never before attained, viz: Leucor-
rhoea, excessive flowings, profuse menstruation; unnatural suppressions; weak back; prolapsus or
falling of the uterus; anteversion; retroversion; bearing-down sensation; chronic constipation; inflam-
mation, and ulceration; internal heat; nervous depression; nervous and sick headache; debility
and nervousness, or sterility, when not caused by stricture of the neck of the womb. When the latter
condition exists, we can, by other means, readily remove the impediment to the bearing of offspring
(see Invalids' Guide, or the Medical Adviser).
Favorite Prescription is sold under a positive guarantee. For conditions, see wrapper around bottle.

DO LIKEWISE.—Mrs. E. Morgan, of New Castle, Lincoln Co., Maine, says: "Five years ago I
was a dreadful sufferer from female troubles. Having exhausted the skill of three physicians, I was
completely discouraged, and so weak I could with difficulty cross the room alone. Local treat-
ment, and the use of the Favorite Prescription, recommended in your 'Common Sense
Medical Adviser,' I commenced to improve at once. In three months I was perfectly cured, and
have had no trouble since. I wrote a letter to my family paper, briefly mentioning how my health had
been restored, and offering to send the particulars to any one writing me for them and enclosing
a stamped envelope for reply. I have received over four hundred letters. In reply, I have described
my case and offered to send the particulars to any one writing me for them and enclosing
a stamped envelope for reply. I have received second letters, stating that they had commenced the use of Favorite Prescrip-
tion, sent for the 'Medical Adviser,' and applied the local treatment, so fully and plainly laid down
therein, and were much better already. Dr. Pierce's Favorite Prescription is sold by all druggists.
EVERY INVALID LADY should read 'The People's Common Sense Medical Adviser,' in which
over fifty pages are devoted to the consideration of these diseases peculiar to Women. Sent, post-paid,
for 10c. Address, WORLD'S DISPENSARY, 215 N. Y. ST., N. Y. CITY.
