## BREVITIES.

A DISPLAY of American plants is to be held annually in Hyde Park, London.

THE French Geographical Society has given its great gold medal for the year to Nordenfjeld.

BIRMINGHAM, England, though only a borough, is represented by two cabinet Ministers—Messrs. Bright and Chamberlain.

THE Landsgemeinde of Canton Uri have resolved to restore capital punishment for murder and incendiarism resulting in death.

MR. LEA intends to ask, in the House of Commons, the Chief Secretary for Ireland if it is true that the Duke of Abercorn's agent has served notices to quit on tenants who did not vote for his son in Donegal.

A mob took three murderers out of jail at Osceola, Kas., and hanged them. A fourth was to have been killed, but he was knocked down by the lynchers, ran to the woods, and has not since been heard of.

Of all the nations living under the sceptre of the Czar, the Jews are best educated. The proportion of Jews in Russia is one Jew to every twenty Russians; in the colleges, the proportion of students is one Jewish scholar to every six Russians.

Now the puzzle of fifteen is trying the patience and ingenuity of the Russians. The St. Petersburg manufactory of educational objects has turned out the puzzle in large quantities, with the notion that it may serve to develop the virtue of patience in children.

THE Postmaster at Victoria, Mo., recognized the handwriting of a rival on a letter addressed to a young woman to whom he also was paying attentions. He could not resist the temptation to open the envelope and read the epistle. His crime was detected and he was fined \$50.

The Republican party leaders are eager to leave the whole matter in uncertainty, which would encourage a repetition of Returning Board frauds. The Democrats are resolved that we shall have a fair count this time and we think every honest American citizen will applaud their purpose.

In the present Cabinet Ireland is quite unrepresented, except in the person of Lord Hartington, whose father owns an estate in Waterford, and whose grandmother was of the "rude old stock," having been an O'Callahan. Neither the Viceroy nor his chief secretary have any ties with the country they govern. The Cabinet, however, includes two ex-Viceroy's very well acquainted with Irish affairs, in the persons of Lord Kimberley and Spencer.

MRS. HENRY WENDT, of Winona, Minn., left her two months old baby in its cradle while she stepped into another room. Soon the baby screamed, and hurrying back the mother found that the family cat had made a determined effort to eat the baby. The skin and flesh on each side of its forehead were torn and bleeding, the cat having gnawed through to the skull. The little one's hands were badly scratched, showing that it had tried to protect itself. The cat was killed, and the baby will probably die from the shock.

The steamship Parthia, which arrived at Boston last week with something more than nine hundred passengers, had a remarkable experience for a Cunarder. One Swedish girl, who was sitting on the rail when the vessel gave a lurch, went overboard, and despite every effort to save her, was lost. There was a birth during the passage, and a case of small-pox that necessitated detention, fumigation, and the vaccination of all the passengers, at quarantine. Icebergs were unusually plenty, and occupied the attention of officers and passengers several days.

An account has lately been published of the work done by the Russian Red Cross Society in Roumania during the Russo-Turkish war. Altogether eleven ambulance trains were employed in the conveyance of sick and wounded, four being supplied by the military authorities and seven by the Red Cross Society, the total number transported by the trains in 331 journeys amounting to 2,680 officers, 75,099 men, and 1,350 sick or wounded Turkish prisoners. Besides these, 22,247 sick and wounded officers and men were taken on specially hired steamers down the Danube to Ibraila.

The personnel employed by the Red Cross Society comprised 36 delegates and 14 agents for administrative purposes, 44 surgeons, 39 medical students, 53 dressers, 43 female students and dressers, and 516 Sisters of Mercy; while the money expended amounted to over two million dollars. Besides purely medical stores, a large amount of clothing was distributed by the society.

Are Theosophists Making Converts? Bombay Gazette.

A fortnight ago Mrs. Murray, wife of Colonel Murray of Simla Adjutant General of Artillery, was received into the Theosophical Society. On Sunday week she sailed by the Trenton Hall for England. A party of some forty Theosophists, all Hindoos and Parsees, except the quartet of Europeans at the head of the society—and twelve native ladies, wives and sisters of the above—went out in a large boat and paid a final adieu to Mrs. Murray on board the steamer.

They lunged garlands around her neck and that of her son, after the oriental fashion and then distributed bouquets promiscuously. Mr. A. O. Hume, C. B., has become a corresponding fellow of the society, and his daughter, Miss Hume, an active fellow. The latter was initiated the week before last as she passed through Bombay for home.

"That the maintenance of the principles promulgated in the Declaration of Independence and embodied in the Federal Constitution... is essential to the preservation of our Republican institutions; and that the Federal Constitution, THE RIGHTS OF THE STATES, and the Union of the States, must and shall be preserved."

"That the maintenance inviolate of the rights of the States, and especially of each State to order and control its own domestic institutions according to its own judgment exclusively, is essential to that balance of power on which the perfection and endurance of our political fabric depends; and we denounce the lawless invasion by armed force of the soil of any State or Territory, no matter under what pretext, as among the gravest of crimes." - Republican Wignam Platform of 1850.

DEMOCRATIC STATE CONVENTION.

The Democratic State Convention which met in Topeka, on May 26, 1880, for the purpose of electing Delegates to the Democratic National Convention which will meet in Cincinnati, Ohio, on the 22d instant, for the purpose of nominating a Presidential ticket, was the largest and most enthusiastic convention that has ever assembled in Kansas. It was composed of representative men from every county in the State, men of ability, and integrity of character, men endowed with an enthusiastic and abiding faith in the grand old

principles of the party, men who are sanguine of the success of the party not only in the remote future but in the present campaign, men who wage war on the corrupt and iniquitous Republican party, in season and out of season, and who are ever ready and willing to put their shoulders to the wheel, with renewed determination, notwithstanding defeat has attended their efforts in every annual campaign since the organization of the party in the State. The proceedings of the Convention were harmonious, and the deliberations were characterized by an extraordinary degree of fairness and impartiality.

At 3:30 o'clock, p. m., the Convention was called to order by the Hon. John Martin, Chairman of the State Central Committee, who read the calls of the National and State Committees; after which the Hon. Thomas Moonlight was elected Temporary Chairman, and the Hon. H. Miles Moore, Temporary Secretary, with Messrs. C. O. Stockstager, Wm. C. Emmerson and H. C. Burnett as Assistant Secretaries.

On motion, the following Committee on Order of Business was appointed: J. Hannon, M. Gephart, G. W. Fox, J. J. Hitt, J. E. Neal.

Gen. C. W. Blair, being called upon, addressed the Convention at some length; after which the Convention took a recess until 7 o'clock.

When the Convention had assembled in the evening the Committee on Credentials reported 332 delegates present and entitled to seats. Report adopted.

The Committee on Permanent Organization then reported as follows, which was adopted: Permanent Chairman—Col. Thos. Moonlight.

Vice-Presidents—Isaac E. Eaton, H. Clay Park, Wm. Butts, E. G. Ross, John Seidel, M. L. Brown, O. S. Coffin, Jos. T. Elliott, Charles Barker, J. G. Martin, John Boyd, J. P. Stewart, A. J. Pyburn, S. M. Palmer.

Permanent Secretary—Henry C. Burnett, of Lawrence.

Assistant Secretaries—W. E. Timmons, F. T. Lynch, W. E. Doud, W. W. Sargeant, W. R. Leonard, J. B. Chapman, Frank Peacock.

Two reports were submitted by the Committee on Resolutions. The following is the majority report:

Resolved, That the Democracy of Kansas re-asserts the principles of constitutional government, civil and religious liberty, and equal rights to all the people.

That the maintenance of the principles promulgated in the Declaration of Independence and embodied in the Federal Constitution, "That all men are created equal, and are endowed by their Creator with certain inalienable rights, that among these are life, liberty and the pursuit of happiness; that to secure these rights governments are instituted among men, deriving their just powers from the consent of the governed," is essential for the preservation of our institutions, and that the Federal Constitution, the rights of the States and the Union of the States must and shall be preserved.

That we demand a free ballot as the inalienable right of free men; that we denounce all pretenses for surrounding the polls with troops and petty officials temporarily with arbitrary power to arrest citizens without due process of law as inimical to the government.

That we can not too often reiterate our abhorrence of the monstrous fraud by which the sovereign will of the people in the

choice of their Chief Magistrate was defeated in the Presidential contest, and through which the United States presents the shameful spectacle of a republic with an Executive not elected by the people; that we hold the men and party guilty of this crowning iniquity of the nineteenth century to a strict accountability, and demand their condemnation and defeat at the coming elections as a warning that this people are determined to preserve their priceless heritage of self-government.

That our Delegates be and they are hereby instructed to vote as a unit in favor of the perpetuation of the two-third rule in the National Convention.

That our Delegates be instructed to vote as a unit in the National Convention, and that a majority of the delegation shall determine how the vote of the State shall be cast.

That this Convention is in favor of Horatio Seymour, of New York, for President, and Thos. A. Hendricks, of Indiana, for Vice-President, and that the Delegates from this Convention use all honorable means to procure their nomination by the National Convention.

The minority report, which was amendatory of the majority report, reads as follows:

Resolved, That we place entire confidence in the action of the National Democratic Convention, and hold that its action will be such as to commend itself to the approval of the great Democratic masses, and to the end that our delegation will be in such a situation as to exert the greatest influence to such a desirable accomplishment, we hereby declare it to be the sense of this Convention that they go wholly uninstructed as to any particular candidate for the Presidency.

[Signed] W. N. ALLEN, J. A. CONNOR, LOU A. MINX, G. W. B. HOFFMAN.

The minority report was adopted by a vote of 197 to 163, many Seymour men voting in its favor.

The majority report, as amended, was then adopted.

The Committee on Order of Business reported as follows, there being two reports, the majority report being signed by John Hannon, Geo. W. Fox, Marshall Gephart and Jas. J. Hitt:

Each Congressional District shall elect and present to this Convention for confirmation, two Delegates and two Alternates.

That the Convention then elect four Delegates, one of whom, at least, shall reside in each Congressional District, and that the person receiving the highest number of votes shall be declared the Delegate from the State at Large, without regard to his place of residence.

That the vote for said Delegates be by counties voting viva voce by this Convention.

The minority report, which was signed by J. E. Neal, and adopted by a large majority, is as follows:

Resolved, That the Delegates from each Congressional District in the State shall elect and present to this Convention for confirmation, three Delegates and three Alternates, and that the Delegate and Alternate in each Congressional District receiving the highest number of votes shall be regarded as a Delegate and Alternate at Large, without regard to the district in which he resides, and it shall require a majority of all the votes cast to elect.

The Convention then took a recess of 45 minutes to allow the districts to assemble and elect their Delegates and Alternates.

When the Convention re-assembled the Chairman of the District caucuses reported the following Delegates and Alternates:

First District—Delegates, R. B. Morris, of Atchison; J. B. Chapman, of Beloit; and Ed. Carroll, of Leavenworth. Alternates, M. Patric, W. D. Covington and Chas. E. Gifford.

Second District—Delegates, Thos. M. Carroll, of Paola; John R. Goodin, of Humboldt, and M. V. B. Bennett, of Cherokee. Alternates, W. J. Kerrl, W. C. Jones and G. A. Reynolds.

These reports were adopted by acclamation. Gen. Chas. W. Blair, of Fort Scott, was unanimously elected Delegate at Large. By virtue of the election he is Chairman of the Delegation.

W. E. Timmons, of Cottonwood Falls, was elected Alternate at Large.

Mr. Fenlon offered a resolution of thanks to the officers of the Con-

vention, and the State officers, for their kindness and courtesy, which was unanimously adopted.

A resolution thanking the railroad for reduced rates was adopted. The Convention then adjourned sine die, at 11:55 o'clock.

**Good Hotels.**  
Hotel accommodations for travelers are of the greatest importance to persons who have to move about the country on business. "Just where to go" is what every man wants to know when he leaves home. The Grand Union Hotel, opposite Grand Central Depot, New York City, is a very popular resort, because the attendance there is prompt and satisfactory. The charges are reasonable and the service complete; try it. Families can live better for less money at the Grand Union Hotel than at any other first-class hotel in the city. Be careful to see the Grand Union Hotel is on the sign when you enter.

The principal objection to the decorated parsons is that if you have them it seems wasteful not to carry them, and the populace will stare.

**REMARKABLE.**—John Hunt, of Providence, R. I., found himself seized with a general dropsy. His body swelled to an enormous size; he could not lie down, and death seemed inevitable. His kidneys were also badly affected. The services of a renowned physician were secured, and a prescription was made after a thorough examination. Mr. Hunt began to improve at once, and after a time was restored to perfect health. The family used the medicine in similar cases with the same results. They named it Hunt's Remedy, and a prescription for Liver Medicine, and it is now sold by all druggists. Trial size, 75 cents.

Two taxpayers of Baltimore came into court the other day, and demanded that their assessments be increased—the one by an additional \$37,000, and the other a plump \$100,000. It was so ordered.

**VEGETINE.**—For eradicating all impurities of the blood from the system, it has no equal. It has never failed to effect a cure, giving tone and strength to the system debilitated by disease.

Miss Tacker, of Lawrenceville, Pa., lady who was stricken down with apoplexy while engaged in prayer, several nights ago, has since died. She was in an unconscious condition from the time of the attack until her death.

Life is rendered miserable when the digestive organs are impaired. Food becomes repulsive; the body emaciated; the mind depressed and melancholy broods over you. Tutt's Liver Pills is the remedy for these evils; they produce sound digestion; create a good appetite; insure refreshing sleep and cheerfulness of mind.

Everything conducive to the better condition of the baby is sure to attract attention; and hence it is that Dr. Bull's Baby Syrup is becoming more and more appreciated, as its wonderful influence in subduing the diseases of babyhood becomes recognized. Price 25 cents.

"Our Annual Review would not be complete did we not notice this Institute, which has been incorporated and permanently located at the corner of Fifth and Delaware streets in Kansas City. The two medical gentlemen at its head, Drs. Dickerson and Stark, are reputed to be amongst the most skilled surgeons in the Western States. Our acquaintance with the physicians and surgeons in charge, and our knowledge of the remarkable cures they are daily performing, fully warrant us in saying to those who are afflicted with any deformity, chronic disease, or diseases of the eye and ear, that if they wish their disease or deformity remedied, the Western Surgical Institute is the place to apply to.

"Since the inauguration of this Institute there have been hundreds of persons relieved who otherwise would have remained hopelessly deformed or diseased. Many physicians throughout the Western States and Territories, recognizing the superior advantages that the Institute offers for the cure of deformities, are constantly recommending it to their patients.

"Amongst the remarkable cures performed here almost every day, we might refer to the little daughter of Mr. Gilbert Barnes, No. 1015 Wyandotte street, of this city, who only a month ago was totally blind and in less than two weeks was fully restored. Some time ago the niece of the late Bishop Hughes, who was born with cataracts upon both eyes, was successfully operated on by the surgeons of this Institute. One of the worst deformed persons we ever witnessed was the son of Mr. Hiram Green, who had curvature of the spine, hip-joint disease and double club-foot. At this Institute his deformities were entirely corrected.

"We might cite many others of deformities and malformations that have been treated with the most satisfactory results." (From the Kansas City Times).

**August Flower.**  
The immense sale and great popularity of Green's August Flower in all the towns and villages in the civilized world has caused many imitators to adopt similar names expecting to reap a harvest for themselves at the expense of the afflicted. This medicine was introduced in 1868, and for the cure of Dyspepsia and Liver Complaint, with their effects, such as Sour Stomach, Costiveness, Sick Headache, Sick Stomach, Indigestion, Palpitation of the Heart, Vertigo, etc., etc. It never has failed to give relief. Three doses will relieve any case of Dyspepsia. Two million bottles sold last year. Price 75 cents. Samples 10 cents.

**From a Distinguished Physician.**  
Prof. Green, a distinguished allopathic physician, wrote to the Medical Record to the effect that after all other means had failed, he sent for the Kidney Cure (Safe Kidney and Liver Cure) and to his astonishment cured a serious case of Bright's Disease by administering it, and afterwards found it equally beneficial in other cases.

**HE STILL LIVES.**  
Some years ago Dr. R. V. Pierce, of the World's Dispensary and Invalids' Hotel of Buffalo, N. Y., and London, was sent for to examine a terrible disease of the knee-joint, resulting in ulceration and extensive sloughing of the bone and tissues. The man's life had been despaired of by the previous attendants. Amputation at the thigh was promptly decided upon and skillfully performed by Dr. Pierce, and as after treatment to purify the blood and prevent a recurrence of the malady, the doctor's Golden Medical Discovery was freely prescribed. The man's system was thoroughly purified and strengthened, he rapidly gained his health, the stump healing nicely, and he is to-day a happy man. This case was among the first in which this wonderful blood purifier was tested. It has since manifested its wonderful power over the worst scrofulous and other blood diseases. Taken for a time it so purifies and strengthens the system as to strongly fortify it against the encroachments of diseases. Sold by druggists.

**HON. H. V. PIERCE,**  
Dear Sir—I would say that I have sold your medicines for seven years. The Golden Medical Discovery is the best cure I have ever used, and in every case where I have recommended it, it has cured. I have used it in my family for my children. It cures their colds and coughs in a day or two. My wife has used it several times when down sick. It invariably gives immediate relief. The sale increases daily.

I can highly recommend it to any one who is troubled with any skin disease.

**FIVE DOCTORS DID NOT CURE.**  
TORONTO, ONT., Sept. 15, 1879.  
Dear Sir—I hereby certify that I have been sick for three years, unable to get any relief whatever. I have been under the care of five of the best physicians, each one giving me a different name. The first said General Debility; the second, Female Debility and impoverished blood; the third, Liver Complaint and Jaundice; the fourth said I was in Consumption; the fifth said Neuritis of the lungs, and was certain I would never get good health, so I reached to five other doctors and commenced taking Patent Medicines. At this time I was very weak. I had pain in my side, back and chest, slept very little, and could not eat. I was a burden to myself and friends. I was persuaded to try Vegetine. A friend gave me a bottle to try, not thinking it would do me any good, as I had no hope of ever getting any better. After using the first bottle my head was better. After using the second, the next two, my appetite came, and I was able to enjoy my food. I have now taken five bottles. I have a good appetite, sleep well, have no pain, and am able to do most of my own work. I pronounce your Medicine far ahead of any other, and can cheerfully recommend it to any one in need of such a medicine.  
Yours respectfully,  
MRS. J. E. ALLEN.

TORONTO, March 29, 1879.  
Mr. H. R. STEVENS:  
Dear Sir—I was troubled with Rheumatism in my knee and hip joints for nearly a year. I tried a number of medicines to effect a cure, but none gave me any relief. I feel satisfied it is a cure for Rheumatism.  
Yours respectfully,  
M. ALLEN,
