

The "Solid South," 138; New York, 35; Indiana, 15; total, 188, and 4 more than a majority.

The Arkansas Valley Editorial Association will be held at Great Bend, Saturday, November 8.

Henceforth we imagine there will be no foolishness among Democrats. Let's attend strictly to business, hereafter.

The fourteenth annual convention of the State Sunday-School Association, of Kansas, will meet at Salina, October 21, 22 and 23, 1879.

One consolation to be derived from the Democratic defeats of 1879 is, they happened this year. We do not want to see them in 1880.

Those Western Democrats who believed in a Western candidate, and depended upon Ohio rather than New York, oh! where are they?—Atchison Patriot.

It is reported that Victoria C. Woodhull and Tennie C. Claflin, who are permanently residing in London, are shortly to be married into the British aristocracy.

Wherever Republican gains appear in Ohio there also appear corresponding Greenback losses. The Greenbackers, instead of voting for Ewing, voted for Foster.

For months, this year, there has not been a drop of water in the Rio Grande, for a distance of 500 miles. There is great suffering of the people in that district in consequence.

The second number the Kaw Valley Chief, published at Perry, and edited by L. E. & A. H. Merritt, has reached this office. It is a neat and newsy paper; and we wish it success.

The Council Grove Republican has an advertisement of the Land Commissioner, giving notice that the Kaw Lands will be in market on and after the 3d of November, 1879, at Topeka.

The "Queen City" Tribune and Leavenworth Appeal have been consolidated under the name of Appeal and Tribune, and that paper is being published by P. B. Castie, who is getting out quite a lively paper.

The full returns of the California election for Governor have been received. Perkins, Republican, received 67,973 votes; Glenn, Democrat, 47,562; White, the candidate of the workingmen, 44,620. The combined vote of Glenn and White numbered 92,182, or 24,209 majority over Perkins.

The Atchison Champion of September 11 reached us on October 18, being just 37 days in coming 132 miles, or making a little over three miles a day; however, it may have gone to Washington to look after the interests of the Government, in the absence of the President and his Cabinet; if so, we will have to excuse it for not putting in an appearance sooner.

Miles Faris, living 1 1/2 miles south of town, brought to our office, last week, some of the finest specimens of petrification we have ever seen. They were portions of two molar teeth of the Elephas Americanus. One of the teeth was about ten inches long and five inches across the top. The other tooth was some 5 1/2 inches across and about 7 1/2 inches from the top of tooth to the end of root. Mr. Faris had another specimen of petrified bone which we have not yet been able to place. These specimens were found near the crossing of the Medicine, south of town.—Medicine Lodge Cresset.

It is deemed of sufficient importance to be telegraphed across the Atlantic that Index Noyes, Minister to France, and Lucius Fairchild, American Consul to Paris, are to take a three months' trip to Egypt and Syria. Noyes spent the hot summer months in cool Sweden and Norway, and now that winter weather approaches he proposes to bask in the sunshine of the Nile. That he is able to devote half a year to junketing and pleasure hunting in countries far away from his post of duty shows the kind of services for which he draws a salary of \$17,500 a year.

The Leader of last week gives a garbled report of the People's Convention, and then comments unfavorably on the action of the Convention and its members, as thus reported; still it finds no fault with the candidates put forward by the people. The Leader of the same date contains an item that reads: "In our report of the organization of the Republican Central Committee, last week, we stated that G. W. Patten was elected Chairman, when it should have been S. M. Wood." Now, if a Republican paper can not give a correct report of a Republican convention, how can it be expected to correctly report what it chooses to misname a Democratic Convention?

In speaking of the Ohio election the Hiawatha Sun says: "Foster is elected Governor of Ohio, by about fifteen thousand majority. Both branches of the Legislature have been carried for Garfield; and the Republicans are jubilant over what they are pleased to term a 'field day.' The presence of President Hayes, Assistant President Rodgers, and Secretary Sherman may have had something to do with this victory; at least, we believe so. Government affairs were left to take care of themselves, while the President and Cabinet were junketing around over the country and working up the Ohio 'boom' for Sherman. It is a pitiable spectacle, and one which calls forth the condemnation of all men who are men, irrespective of party. It is a disgrace to the Republic, and all men who possess the least spark of patriotism will not hesitate to so term it. Let us hear no more of the Foster-ing care alleged to have been extended to the soldier! It wont wash. Besides, calm, thinking men repose no faith in your irresponsible professions."

TO THE VOTERS OF CHASE COUNTY.

Having been the choice of the People's Convention for the office of County Treasurer, I desire to say to the voters of the county, in accepting the nomination, that while I have never been an office seeker, at this or any previous time, should I be elected, the duties of the office will be performed in the interests of the people, without regard to any political party or faction; and if, upon a due consideration of the merits of the different candidates now in the field, the voters are of the opinion that my election would be the most satisfactory, I will be glad to have their support.

Respectfully, A. R. ICE.

A LESSON FOR HUSBANDS. It may be that your wife is not a good cook, or that she is a careless house keeper; but if true, be assured the fault is yours if you have never furnished her with that admirable and practical little monthly, The Housekeeper, published at Minneapolis, Minn., at 75 cents a year. Write for sample copies, which are sent free, and our word for it, your wife will have a half dozen pairs of kid gloves and a new dress earned as premiums for clubs of new subscribers, before New Years. The magazine itself is a treasure, and one copy is worth ten times the cost of the postal card it takes to ask for it. Address, HOUSEKEEPER, Minneapolis, Minn.

A REPLY. ELMDALE, Oct. 21, 1879. C. G. Allen, Esq: DEAR SIR—I have arrangements for to speak at ten places before election. I would be pleased to meet you at any other time. Other questions seem to press the attention of the public mind at present, and must be met. I consider the finance question settled. After election, if you wish to discuss fixed and settled questions, I will be with you. Very truly, A. S. BAILEY.

WESTERN STAR CARRIAGES.

Sedalia, Mo., 1879.

A full line of carriages, of first class material and workmanship, substantial and elegant, is now offered at prices to correspond with the times and with the decline in all other things.

A good, well made, stylish buggy, with leather trimmings, oil tempered springs, sarven wheels for \$110; With leather top and rubber back and side curtains \$150; A Phaeton with lamps and fenders \$180, and all other carriages in proportion. All fully warranted.

In nothing else has the decline in prices been so slowly accepted as in carriages. The dread of unsafe work, dangerous and dear at any price, has forced many to use carriages at very dear prices, or cling to the saddle.

But now, by the use of perfected machinery, we can furnish a carriage strong as the strongest and at a fair price. The Anchor Brand Axles and the Sarven Wheels insure strength, and all can see that they are getting in other respects just what they want.

We use the Anchor Brand Axles, the Sarven Wheels, Oil tempered Springs, the best Swedes Iron for the Iron Work and Second Growth Hickory for the Wood Work; and we offer a Buggy that will run with the greatest ease to both horse and rider, and that will out wear two clumsy vehicles made by ordinary workmen. We furnish just the articles wanted and every test is wholly satisfactory.

Piano, Coal Box or Drop Front Buggies, as preferred. Agents wanted. Where there are none, we will give the first purchaser the agent's discount of 30 per cent.

Mode of buying: Deposit the price in the bank, and send us a certificate that you have done so, and the carriage will be sent as you direct. On its arrival, if you are not suited, you can return it by

Clergymen and useful institutions favorably considered.

To CARRIAGE MAKERS: You know that if the wheels are "Sarven" and the axles "Anchor Brand" the strength is there. They are all right and the carriage is likely to be all right. We can furnish you a carriage made by the best machinery better than you can readily make, for less money. It is of the best style, materials and workmanship; but it lacks the hand finish given to the most expensive work. This you can add. You can take off the rubber curtains and put on leather; the paint has a solid lead body and you can rub down ten or twenty more coats; and then you will have an article better than your own, touched up to suit your customers, which will give better satisfaction and more profit than your own work. Try it.

PRICES. Top Buggy, with Sarven Wheels, Oil Tempered Springs, Leather Top and Trimmings, and Rubber Side and Back Curtains, \$150. Without Top, 110. With Side Bar, 150. With Side Bar Without Top, 130. CHICAGO, ROCK ISLAND & PACIFIC R. R.

IS THE GREAT CONNECTING LINK BETWEEN THE EAST AND THE WEST!

Its main line runs from Chicago to Council Bluffs and Omaha, passing through Joliet, Ottawa, La Salle, Geneseo, Moline, Rock Island, Davenport, West Liberty, Iowa City, Marquette, Brookfield, Grinnell and Des Moines, the capital of Iowa, with branches from Bureau Junction to Peoria; Wilton Junction to Muscatine, Washington, Fairfield, Eldon, Belknap, Centerville, Princeton, Trenton, Galatin, Cameron, Leavenworth and Atchison; from Burlington, Oklaheola, Oklawaha, Edgelyville, Oklawaha, Pella, Monroe and Des Moines; Des Moines to Indianola and Winterest; Atlantic to Audubon, and Avoca to Harlan. This is positively the only Railroad, which owns, controls and operates a through line between Chicago and Kansas. This Company own and control their Sleeping Cars, which are inferior to none, and give you a double berth between Chicago and Council Bluffs, Leavenworth, or Atchison, for Two Dollars and Fifty Cents, and a section for Five Dollars, while all other lines charge between the same points Three Dollars for a double berth, and Six Dollars for a section. What will please you most will be the pleasure of enjoying your meals, while passing over the beautiful prairies of Illinois and Iowa, in one of our magnificent Dining and Restaurant Cars that accompany all Through Express Trains. You get an entire meal, as good as is served in any first-class hotel, for seventy-five cents; or you can order what you like, and pay for what you get. Appreciating the fact that a majority of the people prefer separate apartments for different purposes (and the enormous passenger business of this line warrants it), we are pleased to announce that this Company runs its PALACE SLEEPING CARS for sleeping purposes, and its PALACE DINING CARS for dining purposes. Another great feature of our Palace Cars is a R. R. Dining Room. PALACE CARS are run through to FERRIS, DES MOINES, COUNCIL BLUFFS, ATCHISON and LEAVENWORTH. Tickets via this line, known as the "Great Rock Island Route," are sold by all Ticket Agents in the United States and Canada. For information not obtainable at your home ticket office, address, A. THE CURRENCY QUESTION.

Notwithstanding the fact that thousands of our people are worrying themselves almost to death over the vexed question, even to the extent of neglecting their business, their homes and their duties to their families, there are still thousands upon thousands of smart, hard working, intelligent men pouring into the great Arkansas Valley, the Garden of the West, where the Atchison, Topeka and Santa Fe Railroad offers them their choice of 2,500,000 acres of the finest farming land in the world at almost their own prices. If you do not believe it write to the undersigned, who will tell you where you can get a cheap land exploring ticket, and how, at a moderate expense, you can see for yourself and be convinced.

QUININE AND ARSENIC

Form the basis of many of the acute remedies in the market, and are the last resort of physicians and people who know no better medicine to employ, for this distressing complaint. The effects of either of these drugs are destructive to the system, producing headache, intestinal disorders, vertigo, dizziness, ringing in the ears, and depression of the constitutional health. Ayer's Ague Cure is a vegetable diuretic, containing neither quinine, arsenic, nor any deleterious ingredient, and is an infallible and rapid cure for every form of fever and ague. Its effects are permanent and certain, and no injury can result from its use. Besides being a positive cure for fever and ague in all its forms, it is also a superior remedy for liver complaints. It is an excellent tonic and preventive, as well as cure, of all complaints peculiar to malarious, marshy and miasmatic districts. By direct action on the liver and biliary apparatus, it stimulates the system to a vigorous, healthy condition. For Sale by all Dealers.

THE HANNIBAL AND ST. JOE.

Elegant Day Coaches, Furnished with the Horton Reclining Chair, will be Run Hereafter Between this City and Chicago.

The "Old Reliable" Hannibal and St. Joe railroad will hereafter run magnificent day coaches, furnished with the Horton reclining chairs, between this city and Chicago, without change, by way of Chicago, Burlington and Quincy railway. This is one of the most direct and safe routes to the East, and this step places it in the very first rank in point of elegance and perfection of accommodations. Without doubt it will early become the most popular line in the West with the traveling public. The Horton reclining chair is immeasurably superior in point of comfort and ease of management to all others now in use, and those placed in the Hannibal and St. Joe cars are of the finest workmanship and materials; but to the traveling public it is useless to speak of the excellence of these chairs. They have proved so entirely successful, and so fully meet the wants of the traveling community, that they have become a necessity. Mr. H. D. Price, the efficient passenger agent of the Hannibal and St. Joe road, in this city, furnishes the information that these day coaches will be placed on the road, this week. We commend this route to those going east, who wish to secure comfort, safety and expedition. -Kansas City Journal, Feb. 9

TO THE VOTERS OF CHASE COUNTY.

We are soon to test the actual strength of the Greenback Labor element; we will soon know how many are Greenback men practically, as well as theoretically; how many prove their faith by their works. We will not here attempt an elaborate argument upon the financial question. There are none in the county, who have not suffered more or less by the contrac-

WHITE BRONZE

MONUMENTS AND STATUARY,

Cemeteries, Public and Private Grounds.

A Few of the Advantages White Bronze Possesses over Stone Monuments and Headstones.

- 1st. Age will not impair their beauty. 2d. There being no deterioration in their value, you always have in these your money's worth, while, with marble, or even granite, what you invest at great expense, may, in a few years, become of little or no value, as defective headstones and monuments in every cemetery bear witness. 3d. It is not then the part of wisdom to invest where you will always feel satisfied with your purchase, and also give the same satisfaction to coming generations? 4th. The designs are far more elaborate and beautiful than can be made in stone at double the cost. 5th. Beautiful emblems full of meaning can be selected from our large list without extra cost. 6th. The most delicate lines and sharpest letters will not chip nor lose a particle of their beauty. 7th. The inscriptions, without additional expense, are all in raised or black letters which can not be broken off, even with an axe; while the action of the frost and constant disintegration on raised letters of stone ultimately obliterate them. 8th. The Tablets are changeable, and the oil can be renewed for new as occasion requires, with but trifling expense. Purchasers of these monuments do not need to send for a stone cutter to chisel in the inscriptions, and costing from five to ten dollars extra—simply send for the inscription plate, giving the number of monument and tablet required which will come by express; then with the aid of the socket wrench (which comes with every monument) the old tablet can be taken off and replaced with the new, all not requiring the labor of five minutes; then return the old tablet to the manufacturer and receive credit for it. 9th. Our monuments being Double Fronts or Shafts, inscriptions can be put on the backs equally as well as on the fronts, and thus do for two or even four graves. 10th. The Shaft Monuments have from four to eight Tablets. All are fitted, when made, with inscriptions, mottoes, or emblems, which can be removed as desired without marring the beauty of the monument. 11th. The price, we think, will average about the same as that marble is usually furnished. If Stone Monuments were as beautifully carved, as the White Bronze are moulded, they would cost double the price of many of our designs. The durability of the White Bronze Monuments enhance their value to that of stone beyond comparison. 12th. They are easily—and if properly set, are as firm as if grown to the earth, and as enduring as the everlasting hills. 13th. They are boxed and shipped complete to set in cemetery, and not being as heavy as stone are more easily handled, and freights much less. In fact they have all the virtues without the vices of all monuments of stone, and we now feel that we can truthfully and conscientiously say without fear or favor, and back it by scientific facts, as well as historical data, that the White Bronze Monuments are the BEST IN THE WORLD. Thousands of purchasers already bear witness to the above. For full particulars call on our address.

tion of the currency, and the consequent increase of the value of money, except a few money lenders, who, without a single exception, are hard money men; and well they may be; for, first, the love of money is purely selfish; and, second, they have reaped a rich harvest from the financial system. One does not need to have a knowledge of the intricacies of finance to see that our present financial policy is prejudicial to the interests of the laboring and producing class. It is a fact that can not be denied, that our financial system was dictated by the money-power, and in the interest of the same, by men who have made princely fortunes thereby, resulting in the bankruptcy of thousands of good men, and plunging this Nation into a perpetual debt. The laboring people had no voice in making our system of finance, only as they blindly voted their party ticket. It is also a fact that the interests of the capitalists and laboring men are antagonistic under our present financial system. It is a fact that the bond holder favors the perpetuity of this system. Now, bear in mind that whatever he favors is in his interest, and against ours. Whatever strategy benefits the enemy is against us. As things now are, our National debt can never be paid. The yearly product of gold from mines throughout the world, will barely pay the interest on our debt; and this product is yearly decreasing. The bond holders do not intend to have it paid; because it furnishes a base for them to bank upon. Just so long as it remains unpaid they will then be enabled to expand or contract their circulation, as their interests demand. It should be borne in mind that the financial department of a civil-

Ayer's Cathartic Pills,

For all the purposes of a Family Physic, and for curing Constiveness, Jaundice, Indigestion, Foul Stomach, Breathe, Headache, Erysipelas, Eruptions, Eruptions and Skin Diseases, Biliousness, Dropsy, Tumors, Worms, Neuritis, as a Dinner Pill, for Purifying the Blood.

Are the most effective and congenial purgative ever discovered. They are mild, but effectual in their operation, moving the bowels surely and without pain. Although gentle in their operation, they are still the most thorough and searching cathartic medicine that can be employed: cleansing the stomach and bowels, and even the blood. In small doses of one pill a day, they stimulate the digestive organs and promote vigorous health.

AYER'S PILLS have been known for more than a quarter of a century, and have obtained a world-wide reputation for their virtues. They correct diseased action in the several assimilative organs of the body, and are so composed that obstructions within their range can rarely withstand or evade them. They cure the everyday complaints of everybody, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are, at the same time, the safest and best physic for children. By their aperient action they gripe much less than the common purgatives, and never give pain when the bowels are not inflamed. They reach the vital fountains of the blood, and strengthen the system by freeing it from the elements of weakness.

Adapted to all ages and conditions in all climates, containing neither calomel nor any deleterious drug, these Pills may be taken with safety by anybody. Their sugar-coating preserves them ever fresh, and makes them pleasant to take; while being purely vegetable, no harm can arise from their use in any quantity.

PREPARED BY Dr. J. C. AYER & CO., Lowell, Mass., Practical and Analytical Chemists, SOLD BY ALL DRUGGISTS EVERYWHERE.
