Excerpts From "A No Man's Land Becomes A County"

A DAY OF EXCITEMENT

On October 28, 1893 the Top of a circus was

had the occasion to look at last year's Eagles the day and noticed that we had a picture of the water spilling over the spillway at the Merritt, the result of heavy rains in the area.

Linda reminded me of looking at Christmas in July. You sure wish you were here.

Our schools were represented very admirably at all the spring meets this year. With only one district meet to go it will be a year to remember. All that remains is the boys district meet this weekend at Brownwood.

Several of our fine students are on their way to regional competition, and who knows, some may make it to the state round.

This column wishes to express its congratulations to all the winners, and also to all the participants in these exciting events.

The furor of the May 6th Democratic Primary election is starting to mount here.

With the election only two weeks away, candidates are really getting serious. The competition for the vote has always been one of the strong points in our election process, making the candidates seek out the people on a one to one basis and discuss the issues head on. It is really sad that our country has grown past the point of the candidates making fast, "whistle-stop" campaign tours, at least at the state and national levels.

But here locally, everything is a little different. Not only the ABC's of the candidates are important, but also the XYZ's.

The season's first rodeo, the Goldthwaite FFA Chapter rodeo, gets underway this Friday night at 8 p.m. at the T. A. Head arena. The FFA Rodeo Association invites everyone to this fine youth activity.

One quick thought on the national scene:

One of the best methods of receiving the public is to do nothing to dispute a doctrine that directly opposes the one in power.

For example, the cure for inflation is not for you and I to cut back on buying, or to impose wage and price controls. These things have been broadcast regularly as cures.

The philosophy that would cure inflation is not ever mentioned on national television programs or radio, or in the large metropolitan press.

The creation of new "money" by the Federal Reserve Board (the first and only REAL national bank) is the culprit.

It's all a planned effort to make the rich richer and the poor poorer, and without Robin Hood, it's bad news for most of us.

It doesn't take a PhD mathematician to know that the amount of dollars in circulation today is at least ten times what it was in 1950. It has a direct relationship to the amount of inflation, and all the saving, crying, presidential speeches, and congressional races in the world are not going to change the truth.

located east of the railroad tracks, near the Rahl Hotel in Goldthwaite. For miles around and from adjoining counties rushed the farmers and ranchers with their families in wagons, buggies, hacks and on horses to see the big elephant-Jumbo. The stores were crowded with customers as the women and children seldom came to town on account of rough roads; the saloon trade was lively; the streets and alleys were thronged with crowds celebrating.

At twelve, the parade led by a brass band came down Fisher Street; at the front rode a group of gaily dressed ladies wearing fancy derby hats, with faces made up artistically of white and red paint, with long hair attractively arranged upon top of

their heads, riding prancing horses. The clowns were in loud colors wearing dunce caps, cutting contortions for the entertainment of the children; the elephant, led by a trainer carrying a huge club, was followed by cages of animals; then the music of the steam calliope was exciting - the parade passed around the square, marched to the Big Top and was followed by the greatest part of the population of the county.

The barkers for the side shows took over - some of the ticket sellers tried to cheat two farmers in making change for hundred dollar bills; while the farmer was counting the small change, the vendor disappeared quickly and his place was taken by another; when the farmer tried to explain that a mistake had been made in the change, he looked into the face of another man.

Liquidation

Sale Now On At D Bar T

A big liquidation sale begins today, (Thursday), at D Bar T Western Wear in Goldthwaite.

J. O. and Glenna Lawlis of San Antonio are the liquidators of the inventory of the store, and invite all the people of Mills County to come by and shop and save during this big quitting business sale.

The Lawlises have had many years of experience in liquidations and welcome the public in this sale. The doors of the establishment will open promptly at 9 a.m. on Thursday and will remain open until 6 p.m. daily.

Notice - Boys Baseballers

Any boys, age 13, 14 & 15 who are interested in playing Pony League Baseball this summer are asked to contact Johnny Blansit, 648-3211.

Museum Plans Awning; New Additions Noted

The Mills County Historical Museum Corporation met April 14, 1978 at the museum for the regular monthly meeting of Directors. Those present were O. B. Hale, President; Mrs. M. A. Campbell, Howard Campbell, Herbert Cooke, Fred Reynolds, Floyd Fox and Mrs. Hollis Blackwell.

The directors discussed progress and plans for a new front awning for the museum building; evaluation of artifacts offered for museum display; the addition and finishing of four new display cases and documentation of artifacts already on display in the museum.

The Board of Directors ask that all persons who have either donated or loaned items to the museum to please go to the museum office on Monday, Wednesday, Friday or Saturday afternoons and sign forms to that effect. This is very important to the documenting of ownership for all artifacts in the museum.

Anyone with items that might enhance the museum display of Mills County history should contact Howard Campbell, Acceptance Chairman.

New additions to the museum display include a W. W. Clements lock-box,

courtesy of E. Parker Shaws; a six-inch wedge of a Santa Fe Railroad rail and a cattle brand, courtesy Col. and Mrs. M. A. Campbell; church song books, a school bell given in three different counties (including Mills), two turkey bells and a sheep

bell, courtesy Ferol (Harris) Neely. A silver dollar, customarily given by Herbert Cooke to every 1000th visitor, was presented to Kenneth Shaw - the 5000th person to visit the Mills County Historical Museum since its beginning.

FFA Rodeo Friday, April 21

The annual Goldthwaite FFA Chapter Rodeo will be held on Friday night, April

21, at the T. A. Head Arena. Events will be Bare Back Bronc riding, Tie-Down Roping, High School Barrels, Grade School Barrels (4th thru 8th grades), Pee-Wee Barrels (3rd grade and under), Rabbit Race, Break-away Race, Wild Horse Race, High Poles, Grade School Poles, Pee-Wee Poles, Ribbon Roping, Flag Race, Bull Riding, Goat Tying (High School Girls and 1-8 Grade Boys only), and Calf Riding.

The rodeo will be under the supervision of J. C. Thomison, Vocational Agriculture instructor at Goldthwaite High School and the Rodeo Association.

First State Bank Charter Still Pending

Testimony was heard in Austin last week on the proposed bank charter for the First State Bank of Goldthwaite.

The dispositions were given before a judge in the banking department. All testimony will be made into a transcript and then presented to the three man State Banking Commission for final decision.

The outcome of the charter application will be known somewhere around the first of June, according to spokesmen for First State Bank.

Testimony was taken from proponents of the charter, and also from the opposition, Mills County State Bank.

Representing Mills County State Bank were Dr. J. C. Terrell, Robert Carothers, and W. P. Duren.

Giving testimony for the First State Bank group were G. C. Head, Hollis Blackwell, Don Geeslin, Stuart Coleman, Dr. R. H. Johnson and Bob Johnson.

Main arguments for the First State Bank were two lists of signed statements, one concerning the option to buy stock, and the other concerning the depositing of funds if a new bank charter could be secured.

Main argument against the charter was the opinion that the area is too small in population to support two banks.

Big Turnout Predicted

Mills County will have approximately 2,675 voters eligible to participate in the May 6 Democratic primary election, according to information furnished by County Clerk Walter A. "Toby" Bryant.

Absentee voting for the election started on Monday and will continue through May 2nd at the county clerk's office in the courthouse.

The Democratic voters in the county will be eligible to cast ballots on May 6 (or by absentee prior to May 2) on a host of statewide offices, in a U. S. Senate and U. S. House of Representatives election and in 8 races for county offices with 4 of those races contested.

Further information about voting absentee may be secured by calling the county clerk's office.

Blood Drive At Priddy April 27th

The Community of Priddy will host a blood drive from Blood Services of West Texas. The date will be Thursday, April 27, from 2 to 8 P.M. at the Zion Lutheran Church.

According to Dan Connally, Chairman of Mills County Blood Program, this will make it much more convenient for the people in this area to replace the blood used by the patients from this community. Rev. Connally stated that Blood Services has supplied many units of blood for patients from Priddy and depends upon volunteers to replace the blood. As long as the blood is replaced, there will always be blood available for anyone that needs it.

Blood Services, as well as most blood banks, do not pay donors for donating blood, and in turn charge patients only the calculated cost of drawing and processing. This helps keep the cost of a valuable product as low as possible.

Should anyone have questions about the blood drive, they can call the Zion Lutheran Church, or Rev. Dan Connally.

Everyone Asked To Contribute

Fund Drive Begun To Purchase New Rural Fire Truck

When Something works great, why change? This is the theme of a Fire Department drive to secure money for a new chassis for an additional rural fire truck for Mills County.

A drive was conducted several years ago to raise money for such rural fire equipment, and the response was so great that the Fire Department, in cooperation with the Mills County Farm Bureau, is repeating the procedure.

THE FIRE DEPARTMENT has a 1951 model Chevrolet fire truck that has been used many times and has served well, but the truck will not handle the stress of repeated use and its quickness to a fire has been shortened due to old age, and a nagging disposition.

The pump, a fine self-contained system, has been installed by the department over the past year at a cost of almost \$4000. This pump and system would be outfitted on a new chassis to really upgrade the fire

fighting equipment in use here. Members of the department donated many hundreds of hours on this rebuilding project, seeking to hold the cost down on the total truck program.

Mills County, the City of Goldthwaite and the members of the department were responsible for the capital outlay on the pump and pump engine.

The volunteer fire department of Goldthwaite plays a very important part in the protection of property and humanity in the rural areas surrounding the city. Members are always ready at a moment's notice to answer the alarm for a grass fire or other fire.

THIS NEW PIECE of very badly needed equipment will help their endeavor to continue to protect and to serve the people of the county.

The Goldthwaite Eagle will publish a "Roll of Honor" listing the names of the donors to the fire truck project. All the people of the county are urged to

support this worthy proposition.

Fire Department Chief Roger Horton said Tuesday, "The new truck will cost about \$10,000, but if everyone chips in, the burden will not be great on anyone. Everyone will benefit from its use," he added.

DONATIONS TO THE special fire truck fund can be made at the Mills County State Bank, to the Mills County Farm Bureau, any member of the Goldthwaite Volunteer Fire Department, or any citizen who is a utility user of the City, can include a donation with the utility check. A separate check is requested for the donation.

The department is going to send out a letter with an additional appeal for the funds, in cooperation with the Farm Bureau, in the near future. Watch for the letter, and make your contribution to this fine project as soon as possible.

Mills County Farm Bureau Newsletter

We find ourselves being regulated more and more by the Federal Government. One of the regulations that is becoming very important to all of us is the use of

agricultural chemicals and drugs.

Our delegates to the 1978 American Farm Bureau annual meeting adopted the following policy relative to

this issue:

"Modern agriculture cannot continue to provide sufficient quantities of high quality food and fiber to meet the nation's needs without the use of agricultural chemicals and drugs. Any undue curtailment of the safe and appropriate usage of these products will result in lower quality and/or quantities of food and fiber at higher costs to consumers.

"In any evaluation of chemicals and drugs, the possible detrimental effects must be considered in re-

lation to the benefits derived through filing of an economic impact statement including publication of the risk-benefit ratio, and the economic impact on agricultural producers where applicable.

"We favor the use of agricultural chemicals and drugs unless scientific evidence shows conclusively that the benefits associated with use are exceeded by the risk to man or the environment. We urge that the Department of Agriculture begin pilot studies on substitutes to replace the products and/or prac-

tices before they are condemned.

"We favor the continued use of antibiotics, feed additives, and hormones in livestock and poultry production unless such use is found by competent research to be detrimental to the health of the consuming public.

"We propose that antibiotics found, after more study, to be unsafe for over-the-counter sales be placed under prescription rather than totally withdrawn from any use in treating animal health."

Star VB Tourney April 24-29

The Star Outsiders Volleyball Tournament will be held next week, beginning Monday, April 24.

Competition will begin at 6:30 p.m. each evening, except Wednesday.

All proceeds will go to Star Schools. Everyone is invited.

New Horizons Annual BBQ Well Attended

More than 180 people attended the 7th Annual Birthday Bar-B-Q at New Horizons on Saturday, April 15, 1978.

Live western music and a ride in the Stage Coach with Paul Kirby and his Shetland mules were highlights of the day.

The students staged a soft ball game and mini bike demonstrations with thirteen

of their Honda bikes. Tours were conducted throughout the day, with many guests visiting New Horizons for the first time and others getting a look at the newly refurbished vocational shops.

Anyone wishing to visit New Horizons may do so by calling and a tour can be arranged.

Extension Highlights

Danny Long
County Agent

Good nutrition and herd management are the keys to developing weaned heifers into producing cows.

Provided nutrition and management have been correct during a heifer's first 15 months, she should conceive and calve first at two years of age. Virgin heifers, if managed correctly, conceive more easily than heifers with their first calf on the ground.

The lactation 1st-calf heifer has a greater nutrient demand than the mature cow. In most instances she is still growing, which increases her need for high quality feedstuffs. Overnutrition is most often the problem in long calving intervals. Lactation also places a high nutrient demand on the 1st-calf heifer. A high quality, well balanced diet is essential for maximum milk production and mammary development in the first calf heifer.

Body condition prior to calving has an effect on the future reproductive performance of first-calf heifers. Heifers in thin body condition will normally have lighter calf birth weights, inhibit milk production, have lower nutrient reserves, experience stress at calving due to low nutrient reserves, and ultimately have longer intervals between conception. Heifers which exhibit excess body condition may have calving problems.

Cancer Education Continues -

The April Cancer Education Program is still in progress, according to M.A. Campbell, president of the local Cancer Chapter.

Outstanding Improvements in the treatment of cancer have been made, but there is so much more to be done before we can control this dreaded disease.

Physicians today estimate that deaths from many types of cancer could be halved if people would approach the disease with a positive attitude. Five key points must be accepted. (1). Early detection is essential. (2). In many medical check-ups,

remember that some early cancer symptoms mimic some minor illnesses. (3). The majority of tumors are not malignant. (4). Untreated cancer is always fatal. (5). Early cancer is

among the most curable of all major diseases.

Memorials to the American Cancer Society may be sent to Mrs. Priscilla Muse at the Mills County State Bank, Goldthwaite, Texas 76844.

TSTA To Meet April 24

The last scheduled meeting of the Mills County local unit of the Texas State Teachers Association will be Monday, April 24.

The meeting will begin at 7:00 p.m. in the Goldthwaite Elementary Cafeteria. The election and install-

ation of new officers will be the main business.

Tommy Head of Goldthwaite will be the guest speaker. President Mary Beth Page urges all members to attend this last meeting.

To All Voters Of Mills County:

If I have overlooked anyone in my effort to see all the voters of the county, it certainly was not my intention. I do earnestly solicit your vote and support for County Treasurer in the May 6th Primary.

I have had two years of accounting and am currently employed in a clerical position.

Ex Students Reunion To Be Held

The Goldthwaite High School Ex-Students Association met this week. Homecoming will be Saturday night, May 27, 1978 at the Theater in Mills County Park, at 6:30 - or as soon as the Old Fiddler's Contest

close. A booth for ex-students to register will be open all day Saturday. An interesting program is being planned. Classes, teachers, and persons attending for the first time will be recognized.

There will be refreshments. The Association urges everyone to write your family and friends about the Ex-Students Homecoming, since no special invitation will be sent out this year.

Welcome to the end of the rainbow.

Buying a home may simply mean finding the right lender with the money to lend.

Welcome to the end of the rainbow. We have abundant mortgage funds for qualified borrowers. And our terms and valuable mortgage options are generous, too.

Talk to one of our lending counselors soon. If you qualify, we'll give you the word. And our word is as good as gold.

All who went on the Spring Tour to Waco had a good time. It was very beautiful with all the flowers and green grass. Especially enjoyable was the ride on the Brazos Queen riverboat. We want to thank our drivers, Judy Beavers, J. B. Harper, Ruth and Earl Dumas for a wonderful trip. Everyone is looking forward to another trip some time later.

Head-Fordyce Wedding Held At Center City

Mr. & Mrs. Clayton Thomas Fordyce

Carroll Ruth Head, daughter of Mr. and Mrs. Arnold Head, of Goldthwaite became the bride of Clayton Thomas Fordyce, son of Mr. and Mrs. Ray Fordyce of Laguna Park, during a double ring ceremony at the Center City Baptist Church. Harvey Patterson, of Waco, led the couple in their vows on April 8, 1978 at 7:30 p.m.

Mrs. Joe White of Clifton was pianist. Mr. Larry Parham of Stephenville sang "More" and "The Wedding Prayer."

Given in marriage by her father, the bride wore an ivory satin gown with inserts of Alencon lace on shoulders and top of leg of mutton sleeves. The princess line skirt, with fullness in back, cascaded into a chapel train. Her matching veil, edged with lace, was gathered on a tiara pearl Orange Blossoms. A large lace heart was in each corner of the train. The dress was worn by her mother on her wedding day.

The bride carried a large nosegay of spring flowers with white streamers.

Betty Ann Fanelli, of Clifton, was bridesmaid. She wore a floor length yellow knit dress with scoop neckline under a sleeveless lace coat. She carried a nosegay of spring flowers with yellow streamers.

Jeff Nichols of Laguna Park was best man. Dwight Head, of Pampa, and Edwin Fordyce, of Dallas, brothers of the couple were ushers.

A reception was held in the church parlor. The bride's table was laid with a white cloth edged with lace made by the bride's mother. The nosegays of the bride and bridesmaid formed the centerpiece. The white three-tiered wedding cake was hand decorated with tiny pastel flowers. It was topped by a miniature bride and groom setting on a bench kissing. Punch was ladled from a brass punch bowl with matching cups. Presiding at

CITY UTILITIES

Who put Johnstown back in touch with the world in 23 hours?

We did... General Telephone. At least, that was the beginning. And, within a week, our operations were virtually back to normal. But what a job it was! We had to get cable from Texas and compressors from Colorado... And we brought in 550 skilled repair people from General Telephone companies, Photo courtesy of Johnstown Tribune Democrat

and had them working night and day until the emergency was over. We realize how important it is to keep you in touch with your world. So we do all we can to create the most reliable phone service the world has ever seen. We spend hundreds of millions of dollars every year, making sure that when you pick up your phone... It works. **We keep you talking.**

U.S. CONGRESS

Olson

It makes sense.

Lyndon Olson Jr. is the man for Congress. It just makes sense when you examine his record on the issues.

UTILITY COST REGULATION: Olson sponsored the bill that created for the first time a commission to regulate utilities in Texas.
RURAL MEDICAL CARE: In 1977 Olson authored the Family Practice Bill which is distributing family doctors to rural areas throughout Texas. Olson strongly opposes HEW moves to close rural hospitals.
GUN CONTROL: Olson voted against gun control in the 64th Legislature (Record Vote #32, May 7, 1975) and the bill was defeated. He opposes gun control.
LAND USE AUTHORITY: Olson opposes federal and state land use planning authority and has worked against such regulations in the Texas Legislature and has testified against federal regulations. Olson supports local control of land use.
"RIGHT TO WORK": Olson supported a right to work amendment in the Texas Legislature in 1973 (Record Vote #2, May 8, 1973). Olson voted for the proposed new Texas Constitution with a right to work provision in 1974. Olson voted against the "agency shop" bill, labor's top priority in 1975 in the Texas Legislature (Record Vote #7, April 17, 1975). And Olson voted against granting food stamps to striking workers in 1975. Olson strongly supports Section 14-b of the national Taft-Hartley Act which allows states to have "right to work" laws.

"As citizens, we need to open the governmental process to all the people of this District. We can't rely on big government to do everything for us. We must rely on ourselves, and I want to make sure that everyone gets a chance. I think there is a feeling of hope. I want to see it come true."

Saturday morning, April 15, 1978 forty-seven persons left the Senior Citizens Center at 7:30 a.m. for a fun and fellowship day of sight-seeing at Waco, Texas.

Our first stop was at the Cen-Tex Zoo, where we saw a good collection of animals, birds, and reptiles. Although the zoo was small, it was our good fortune to see a baby Bald Eagle, only 2 days old, and one of two eagles to be born in captivity in the USA in the last 62 years.

Again we boarded the four Sr. Citizen Vans and proceeded to Airport Park, where we enjoyed a sack lunch at picnic tables on the shoreline of Lake Waco. After lunch we toured the drive along the Brazos River to Ft. Fisher Park, where we boarded the Brazos Queen Riverboat for an hour and one-half narrated tour up the Brazos River, seeing many historical beginnings of the City, and enjoying some beautiful scenery.

We arrived back home around 6:00 p.m. Tired, yes, but still a happy, jovial group. Everyone agreed it was a day well spent.

Our thanks go to Judy Beavers, driver and leader of the vans, for getting us to our destinations without once getting lost! She also took our pictures.

Other drivers were Ruth Dumas, J. B. Harper and Earl Dumas, with Vivian Williams and Beth Miles as stand-by drivers.

Also, our thanks go to Bob Whorton, Area Transportation Director, and to the Center Directors of San Saba, Hamilton, Lampasas and Goldthwaite Centers for the use of their vans.

So, until next trip, may the Lord continue to bless each of you!

Scouts Win First!

Local Scout Troop Places First. Front Row: Mills County Judge James Ledbetter, Bobby Standley, Troy Raiiiff, Britt Reese, Charles Kilpatrick. Back Row: Scoutmaster Benny Schriver, Darryl Schriver, Charles

Slaughter (did not attend), Eric Dennis, and Scoutmaster James Reese.

Troop 77 from Goldthwaite received the first place plaque for having the highest number of points in camp skills. The Troop also re-

ceived the second place plaque for having the second highest score in Scout skills. First place ribbons were received in both skills.

This took place at the 1978 Camporee at Lake Proctor recently.

Dolph Briscoe's Accomplishments For Texans:

Integrity: Fair, honest public service and clean politics.

Economic Prosperity: Stable government to encourage economic health. Average income for Texans up 52% in 5 years, third highest increase in U.S. Nearly 1,200 new industries and 250,000 new jobs with economic impact of \$11 billion.

Taxes: Improved state services without new or increased state taxes. In past 5 years there were 101 tax increases in other states; none in Texas. Average Texan pays less in state taxes than citizen of 48 other states, less state and local taxes than citizen of 38 other states. Texas among only 6 states without personal income tax, 5 without corporate income tax.

Education: Public school spending up \$3 billion with better vocational and technical education, improved professional pay, quality controls, bi-lingual education, more state aid to relieve local property taxes.

Human Resources: Programs for aging expanded 200%. Nursing and convalescent homes put under stronger inspection to ensure quality care. Health Maintenance Organizations authorized. Medical education funding up 250%. Care for mentally ill and mentally retarded up 174%. First Bill of Rights for the mentally retarded. Medical malpractice insurance legislation passed. Briscoe has fought HEW "guidelines" which threaten to close many rural hospitals.

Agriculture: Support for 100% parity in marketplace and expansion of foreign markets for Texas farm products.

Transportation: First long-range highway program in 22 years, creating 38,000 new jobs. Greater funding for public transportation. Accomplished without increase in the gasoline tax, still lowest in nation.

Law Enforcement: First major penal code revision in 100 years. Expanded parole and probation system for better rehabilitation. Major revision of drug laws. Comprehensive anti-crime program aimed at violent, habitual criminals, including permission for judges to deny bail to person who commits a felony while already out on bail; and mandatory supervision of those released from prison. Stronger laws against welfare fraud and organized crime.

Energy: Texas Energy Advisory Council created, conservation program underway, \$5 million energy research and development fund created. Briscoe organized nation's governors for deregulation of natural gas, against more government controls, against exorbitant consumer taxes on energy. A strong national voice for an energy policy based on free markets and greater incentives for domestic production to reduce reliance on foreign oil and assure Texans a future supply of natural gas at fair prices.

Consumer Affairs: Banking reform act prevents takeover of banks by questionable individuals or syndicates. Open records law. Election law reform. Consumer protection law without disruptive extremes.

Conservation: Improved water development fund. State water agencies consolidated for more efficiency. Support for program to import water from other states to water-deficient areas in Texas.

Social Security Reports Change In Medicare

Don Austin, manager of the Brownwood Social Security Office, wishes to remind Medicare beneficiaries that starting in 1978 their share of the costs of covered care under the hospital insurance portion of medicare has increased.

For the first 60 days in the hospital, an individual will pay \$144 rather than \$124. Co-insurance amounts for the 61st to the 90th day in the hospital and for the 60 day reserve period have increased to \$36 a day and \$72 a day respectively.

While hospitals send medicare hospital insurance claims for payment, a patient can request medicare payment on medical services provided by doctors and other health services. It is important that the form be completed properly. A medicare beneficiary completes

the first part of the form including the patient's name and medical insurance claim number. The second part of the form should be completed by the person who provided the health service.

An alternative to this method is to submit an itemized bill showing the date the health services were rendered, the place where the services were received, what type of treatment was received, and finally the charge for each service.

A completed form can be submitted directly to the insurance company handling medical insurance claims for medicare. These forms can be obtained at the Social Security Office, 300 N. Main Bldg., Brownwood, or a representative of the Brownwood office visits Goldthwaite every Monday, at the Senior Citizens Center, from 10 a.m. until 12:00.

Two men sat at a restaurant counter for two hours, talking and drinking coffee. Finally the exasperated waitress handed each of them a check for three dollars. "Wow!" said one. "You mean this is just for having coffee?" "No," replied the waitress. "It's a parking ticket."

Nothing arouses more false hopes than the first day of a diet.

"Miss Jones," said the science professor, "would you care to tell the class what happens when a body is immersed in water?" "Sure," said the young student, "the telephone rings."

Health Clinic Here Wednesday, April 26

The Texas Department of Health is urging parents to make sure their children are protected against seven childhood diseases - measles, polio, rubella (German measles), mumps, diphtheria, pertussis (whooping cough), and tetanus. Health experts state that too many people mistakenly assume either that these diseases have been eradicated or that they are not a serious threat. The Department of HEW estimates that more than 20 million of the 52 million children under 15 years of age in the U.S. have not been immunized against one or more of the diseases, leaving the nation vulnerable to epidemics.

Public Invited To Flower Show Friday

The Goldthwaite Garden Club invites the public to their flower show on Friday, April 21 from 2:00 p.m. to 6:00 p.m. in the Mills County Youth Center. No admission will be charged.

Theme for this year's show is "Spring on Planet Earth." Mrs. R.G. Raley and Mrs. V. Cornelius are serving as chairman and co-chairman for the event.

Campaign Here

Mr. and Mrs. J. T. Denton of Axzell, Texas, campaigned in Mills County Tuesday in behalf of their son, Lane Denton, a candidate for Congress. The Dentons are travelling over the entire district, and went on to Lampasas after visiting in Goldthwaite. The Dentons have been married 55 years.

Elisabeth Esquivel... 1977 Little Miss

The annual "Little Miss" Pageant for 1978 will be held at Hillview Manor Monday, May 15, 1978. Added to the pageant this year will be "Little Mister" contestants also. All little boys and girls living in Mills County, ages 2 through Kindergarten are invited to participate. Blood Pressure Clinic

May 24

The "Silent Killer" strikes 1 out of every 10 Americans, and if you are over 50 or black your chance of being a victim of the "Silent Killer" is one in three. It has no symptoms - the only way to determine if you are a victim is to have your blood pressure checked.

May is High Blood Pressure Month. Public Health Region 6 will hold its regular Clinic in the Goldthwaite community at the Sr. Citizen's Center, Old Priddy Road, between the hours of 10:00 a.m. and 3:00 p.m. on Wednesday, May 24, 1978. The Public Health Clinic meets monthly on the 4th Wednesday during the same hours.

The Public Health Clinic will be staffed by Public Health Nurses and will offer services to all ages and will include child and adult health assessment. Some of the screening procedures which will be available are: Vision, hearing, blood pressure, anemia (including sickle cell), blood sugar, and cancer. Appointments are recommended to prevent unnecessary waiting.

Building, Remodeling or Adding On SEE US ABOUT HOME IMPROVEMENT FINANCING

now's the time to go ahead with a home improvement plan. But, first things first. You've got to find a contractor whose name and work you trust ... next you've got to get the financing you need. That's where we come into the picture. We've got the loans.

If you think loan money is hard to come by, we've got good news. Loans are available here ... whether you need a new roof or a new room. Plus we offer the lowest loan rates permissible by law. Why wait? Make an appointment to see us soon, and let's get to work on your home.
