The varied interests of the tate make it difficult for the leglature to agree on a financing lan and one adopted will be more or less a compromise. Do you not need a man of experience who has helped in the development of your county for years and knows your needs to look after your interests in the next legislature? Your legislators, not your governor, will have to solve your prob-

I was one of the first citizens of this county to advocate good oads and better schools and favor heir further development along seful and practical lines.

The present \$17.50 per capita state apportionment should be maintained and increased if practical.

Your support is earnestly solicited and will be appreciated. Respectfully,

ED. T. COX, Sr., Candidate for the Legislature for the 106th District, Eastland County, only.

BUY ON PROOF OF PERFORMANCE HIGH SPEED TIRE for 1936 AVOID accidents—take no chances buy your tires on Proof of Performance. Make sure that you and your family will be safe! Skidding, blowouts and punctures caused more than 37,000 accidents last year. Many of These accidents could have been avoided with safe tires. The new Firestone High Speed Tire for 1936 is the safest driving equipment you can buy. Here is your proof: PROOF OF GREATEST NON-SKID SAFETY A leading university made 2,350 tire tests

and found that the new scientifically designed Firestone High Speed tread stops a car up to 25% quicker than other tires.

PROOF OF GREATEST BLOWOUT PROTECTION

Every year, since Firestone developed the Gum-Dipped Balloon tire, Firestone Tires have been on the winning cars in the gruelling blowout test of the Indianapolis 500-Mile Race.

PROOF OF GREATEST ECONOMY

Firestone engineers designed the new Firestone High Speed Tire for 1936 to give you up to 50% longer non-skid mileage. This is proved by our own test fleet records and the fact that the world's largest transportation companies, such as Greyhound, to whom safety and tire economy means business efficiency, use Firestone Tires. This is further proof that they are the safest, most economical tires ever built.

Why risk an accident when it costs so little to protect lives worth so much? Equip your car today with new Firestone High Speed Tires-the Masterpiece of Tire Construction.

STEEL MAKERS say-"Ford buys the best steel," Other suppliers of materials and parts will tell you - "Nobody checks up so closely on quality and price as Ford."

This means a great deal to you as a motorist. It is our way of safeguarding the interests of every purchaser and it leads to this - "The mechanical depreciation on a Ford is less than on most cars, especially after the first year."

This is one sign of the extra value in the Ford V-8. Accuracy in manufacturing is another. (The Ford is made to unusually close precision limits.) And there is a long list of fine-car features that are exclusive with Ford in the popular field.

Let's check over a few of these:

Have you a V-8 engine in your car? It is still the newest development in motors - you pay \$1645 for it in any other car.

Does your car have Center-Poise Riding? Ford gives you this modern feature - "a front-seat ride for back-seat passengers."

Does your car have reliable, fool-proof Super-Safety Mechanical Brakes? The Ford V-8 gives you this proved, dependable design, with 186 square inches of braking surface. Does your car have a genuine steel body structure? Does it have Safety Glass all around? Ford is the only low-price car that gives you this extra protection without extra cost.

You get these fine-car features - and many others - in the Ford V-8 because of Ford manufacturing methods and the Ford low-profit policy. Savings in purchasing, production and selling are put back into the car and passed on to you in extra quality and extra value.

\$25 A MONTH, after usual down-payment, buys any model of the 1936 Ford V-8 car - from any Ford dealer - anywhere in the U.S. Ask about the new UCC 1/2% per month Finance Plans.

DON'T TREAT CONSTIPATION* LIGHTLY

Poor Health May Be the Price of Neglect

Too many people dismiss common constipation* as a matter of no great consequence. Yet this condition causes discomfort, and may Association closed a successful year on May 13. The time between May 1 and May 12 the summer round-up committee finished their work. Dr. Stubblefield, specialist catching a serious illness.

Common constipation often deon, dentist; and Miss Mosely, velops when you eat meals that lack sufficient "bulk." Your system fails to get needed internal exercise. Fortunately, today, you have a generous source of effective delanson, president of P.-T. A.,

Within the body, the "bulk" in ALL-BRAN absorbs moisture, and forms a soft mass, which gently cleanses the system. This natural laxative food also supplies vitamin B and contains iron. Serve ALL-BRAN as a cereal, with

milk or cream, or cook into muffins, breads, etc. Two tablespoonfuls daily are usually sufficient. Stubborn cases may require ALL-BRAN oftener. If not relieved this way, consult your doctor. ALL-BRAN is guaranteed by the

Kellogg Company as an effective laxative food for constipation.* Sold by all grocers. Made by Kel-logg in Battle Creek. *Constipation due to insufficient "bulk"

cent, respectively, of their retail and wholesale market value, as is

the case with gasoline."

DALLAS .- The late Judge Roy lean, famed "Law West of the 'ecos," would blush with shame if he knew what is planned in the eplica of his salom at the Texas entennial exposition here.

They're going to tell nursery rlymes and fairy tales! The National Folk Festival will give an eight-day program in the Rean saloon, June 14-21 inclusive. The original saloen resounded with the clink of whisky glasses and rough stories of the flig Bend country. Folk-story tellers must be

more refined. The saloon of Jude Roy Bean n Pecos county had two parts. The front was a bar for drinking and the back was a bar of justice. The "Law West of the Pecos" was judge and jury for the district.

Reserve all judgments of eight performance until you drive this car

APTER ALL, the smoothest eight is the eight you want. So make no decision until you drive the Pontiac. For Pontiac has no vibration point at any speed - due to incredibly accurate balance of rotating parts, a short-stroke crankshaft with overlapping bearings, and the harmonic balancer introduced by Pontiac.

You'll learn about smoothness from the Pontiac Eight-and that's not all! The fast, sure action of Pontiac's big, triple-scaled, hydraulic brakes will be another revelation. So will the comfort of the spacious "Turret Top" Fisher Bodies. Economy, too, is amazing. Under official supervision, the Pontiac Eight has delivered 22 miles to the gallon. These are facts. Now test them out. Drive the Pontiac Eight for just

ten minutes and prove that your search for super-smoothness is over

Quality Dry Cleaning

Money Back Guarantee

We do not use Sanitone, Dri-Sheen, Sheen-Glo Brillian-Tex, etc., because they do not come up to the TEST OF THE BEST cleaning aids obtainable.

We hold membership in the National Association of Dyers and Cleaners, Washington, D. C. This association operates a large commercial dry cleaning plant, a cleaning school and a research laboratory for the benefit of its members.

We receive reports (to members only) on how best to handle new materials, colors, etc. And comparative efficiency reports on cleaning aids, such as above mentioned and many others. No cleaner can make such tests; nor can he depend on the claims made for these many cleaning aids.

We have always been able to do the best dry cleaning possible by depending on our National Association to keep us informed on what is best by test. We have used this service for nearly 15 years. The best dry cleaners over the nation maintain and use this service, and have for over 30 years.

If you have not compared our work with the work of other cleaners we would be pleased to have you do so. We feel confident of your verdict.

Have your out-of-use articles of every kind thoroughly and properly cleaned before putting them away. In addition to all kinds of regular dry cleaning, we handle in the most efficient manner suedes and finished leather garments, knitted garments of all kinds, felt, wool and silk hats of every description, and large and small rugs of every kind. Our price is right. And we carry garment insurance. Give us a test. If you are not entirely satisfied charges will be refunded.
