## Around The Square

With Mack

Well, it's a mighty small world after all. And there are times we feel that we know more about people and things at distant points than we know about our neighbors next door. Here is a sample of what we mean.

On the 12 o'clock news report "BAP" Saturday, the writer's name picked up a news bulletin describing a tragic car wreck near Lamesa. As the announcer began listing the dead and wounded he stated that "Buddy Robertson" of Lamesa, was among those listed as dead. It so happens that "Buddy" is a cousin of the writer, and naturally our wife was greatly shocked. About that time we drove up in the driveway and she rushed out to pass us the news.

We felt somewhat alone. That boy, his wife and babies, had been in our home hundreds of times. He was in the very prime of life, and we could not picture him as being dead.

The wife called Lamesa for particulars. He was dead. It never came to our mind that full particulars might have been had right here in Eastland, but they could have been. Earlier in the day "Buddy's" aunt, Mrs. Otis Knox of Eastland, had been informed of the accident and death. We didn't know Mrs. Knox, and Mrs. Knox didn't know that we existed, and if we did exist, it wouldn't be anything in connection with this death.

The wife and daughter, left immediately for Lamesa, and it was at the funeral they learned the truth, and Mrs. Knox brought us a message from the wife. We have been living within a few blocks of each other for months, but had to drive 175 miles away from home to meet them. Yes, sir, we like distance in this little old world of ours.

Buddy, an orphan, lived with his aunt and grandmother, at one time and was in the 1933 class at Eastland High School.

And while we are thinking about it, we suppose it is about time for us to put in a plug for the Quarterback Club's Minstrel Show, which will be held in Eastland, at the High School Auditorium on May 15 - 16. K. B. Henderson insists that the show this year will be one of the best ever held, and he especially urges generous support. The boys have a heavy program this year and are going to need all the cash they can scrape up. In case you do not know, the money finds its way back to aid the Eastland Schools' athletic activities. The Q.B.'s are very generous school boosters. If you are not acquainted with Miss Black Cloud, see James Reed for an introduction. He has all the answers.

Salvation Army's drive for funds is now in progress. Eastland has been asked for \$900, which is not very much as compared with other drives. George Fox is heading the campaign, so when he or one of his coworkers asks that you "kick in", do so if it is possible.

Most all the drives are for good causes and it is the American way of alleviating pain. So far as we are concerned the S.A. is one of the most dependable. They render aid where aid is needed, and it takes only a fraction of the fund to pipe the balance to suffering humanity.

It's too late to get your name on the ticket or file for public office, but we understand we have some dark horse candidates who identify will soon be known far and wide.

Unless one of the dark horses says something it appears we won't have anything but a vacant seat in the state legislature. So far no known candidate.

**Sandwiches Defined For Diet In Jail**  
**FORT WORTH, (UP)**—This definition of sandwich turned up in a call by the city of Fort Worth for bids on feeding city jail prisoners:

"A sandwich shall be construed to mean two slices of bread with the food specified between the said slices."

Jack Cox

## Jack Cox Will Speak Thursday

Jack Cox of Breckenridge will address students of the Eastland schools in the High School auditorium at 11 a.m. Thursday morning. Mr. Cox is recommended as a splendid speaker and will likely have a treat for his hearers.

Parents who care to hear the speech are invited to be present.

## Hospital Workers Daily Report

Workers reporting for duty at the Eastland Memorial hospital Monday evening were Robert Vaughan, Bill White, Larry McGraw, Mrs. Larry McGraw, Mrs. Theo Lamb, James Dabney, Carl True, D. Samuels, Pat Linkenhogger, Leo Stambaugh, Jim Stambaugh, and Foy True.

Hostesses were Mrs. Robert Vaughan and Charles and Callie Burrell.

Volunteer workers reporting Tuesday evening for duty at the Eastland Memorial Hospital were Wayne Caton, Raymond Soto, Parks Poe, Willie Speaker, D. Samuels, Bill White, M. H. Perry, James Dabney and Hanks Sims.

Mr. and Mrs. Billy Frost and Julie served as the hostess committee.

## Poor Land Wears Out Faster Than Better Type Soil

Good land stands up best; poor land wears out fast. Abandoned land is usually a sign of failure; either the land has failed or a farmer has failed.

Land is usually abandoned because of one or two reasons. Either because of financial failure of the farmer, or the physical failure of the land. In most cases the physical failure of the land is caused by poor land being put under cultivation.

Land under agreement with the Upper Leon and Brown-Mills Soil Conservation Districts is graded according to how much care it needs to keep it productive. The grading is made on the basis of the land's physical condition, such as its depth above the parent rock, its surface texture, its position (whether flat or sloping), and its present erosion. These conditions present permanent limitations to

(Continued On Page 6)

## Shivers Forces Control County Convention; Republicans Choose Delegates To Support Eisenhower

The five-vote delegation to the State Democratic convention in San Antonio, May 27, were chosen at the Eastland county convention here Tuesday. They are to go unopposed.

Governor Shivers' group were in almost complete control all during the convention. The District Court room was comfortably filled, though not more than half the group was active, voting delegates from the various county precincts.

The two and one-half hour meetings was far from being dull, though there were no bodily attacks. Verbal attacks broke out all during the meeting. Ranger and Rising Star delegates, at least a portion of them, were opposed to unopposed delegates, though they were very quickly voted down.

Early in the meeting, after delegates had been seated, the subject of resolutions came up. Seems as though most all delegations brought one or more resolutions. Some wanted to read them all. Others felt that most of them would be duplicated, so a committee on resolutions was appointed. This action was taken after considerable verbal clashing.

With the credentials, and resolutions committees out of the way, the group approved two resolutions brought in by the committee. The first was to send an unopposed delegation to San Antonio, and the second a resolution which might be called an "economic" resolution of a general nature. Eastland voters want the world to know they are sick and tired of wasteful spending, the creation of more and more new federal offices, commissions and committees, calculated to be administration "vote getters." Jones pays the freight and Jones is getting rather weary. In no uncertain words the F.E.P.C. was denounced.

The regulars were denounced as being Dixierats, by members of the Loyal Democrat group. One speaker in answer to this charge, enumerated all the "bills" that have been made during recent years, and said that because honest Democrats want to correct these errors they must be brand-

## Ranger College Netmen Defeat CJC Tuesday

The Ranger Junior College tennis team defeated opponents from Cisco Junior College Tuesday evening on the Ranger courts.

Benny Skinner of Eastland, playing for RJC, defeated Bob Womack of CJC in a singles match, 6-2, 6-4.

Gene Gilley of Weatherford and RJC, defeated Jimmy Spaulding of Cisco in one set, 6-3.

In doubles, Skinner and Gilley of RJC playing Spaulding and Womack of Cisco, defeated them 6-4, 7-5, giving the Ranger netmen a grand slam for the meet.

A return engagement will probably be played between the two tennis teams this week. And Professor R. L. Willis of RJC stated that the matches would be played on the Eastland courts. Prof. Willis coaches the RJC netmen.

## Taft And Russel Take Delegates In Ohio And Florida Primaries

Taft and Russell head the names on the primary lists today.

It is Senator Robert Taft in Ohio, and Senator Richard Russell in Florida.

Taft swamped Harold Stassen on the Republican ballot, took all of Ohio's 56 delegates to the Republican presidential convention, and passed Eisenhower in the race for nominating votes.

It's Taft's greatest victory of the campaign. With more than four-fifths of the precincts reporting, the vote cast for Taft delegates-at-large was more than three million greater than Stassen's men received. Taft delegates-at-large polled almost four and a-half mil-

lion votes to about one million 330,000 for Stassen's delegates.

According to Taft's headquarters in Washington, the Senator now has 401 delegates to the GOP convention, or two-thirds of the 604 needed for nomination. However, the United Press tabulation gives Taft 330 delegates and Eisenhower 291.

In Florida, Senator Russell handed Senator Estes Kefauver the Tennesseean's first defeat in a presidential popularity poll. However, the former crime committee chairman apparently prevented Russell from winning a decisive victory.

As it was, Russell didn't take a clear-cut lead in the primary

ed Dixierats. "If this is true," he said, "Thank God for the Dixierats."

One individual wanted to know what a Dixierat is. He was told that a Dixierat is anyone who doesn't agree with you.

From the very beginning the Regulars were in control, and the following delegates to the State Convention were chosen: Cyrus Frost, Eastland; Helen Crawford, Cisco; W. B. Pickens, Eastland; Frank S. Perry and Keith Whit, both of Gorman. Alternates are W. J. Arnsby, Cisco; Pat Thomas, Ranger; Jack Frost, Eastland; Oscar Lyeria, Eastland and Elizo Bean, Long Branch.

Cyrus Frost served as permanent chairman and Mrs. John Love, secretary.

The Republican convention was held in the Chamber of Commerce rooms. A fair representation was present, and their four delegates will be sent to the State Convention, instructed to support Eisenhower.

Conservative Democrats in Texas are riding in the lead buggy today as a result of yesterday's county conventions and their leader, governor Allen Shivers, is doing the driving.

Yesterday's Democratic conventions were the second defeat the Shivers Element has handed the states "Loyal Democrats." And the governor's campaign for 52 unopposed, unpledged delegates to the national nominating convention in Chicago is fast being realized.

Shivers is being fought bitterly by the state's "Loyalists" who want a delegation pledged to support the national party's presidential choice regardless of who he may be.

Meanwhile, Texas Republican supporters of General Dwight D. Eisenhower claim a victory as resounding as the Shivers' group. Eisenhower supporters have administered a second straight licking to Backers of Senator Robert A. Taft for the presidential nomination.

The stormed county political conventions yesterday and last night and picked states of delegates to the state Republican party May 27th pledged by the hundreds to Eisenhower.

Bols for minority groups of both parties marked yesterday's convention activity and the walk-out are likely to continue right on up through the state conventions.

## Salvation Army Drive Now Under Way; Subscriptions Now Coming In

Workers have been named by Chairman George Fox, for the Salvation Army Annual Drive for Funds, and by this time are accepting subscriptions. Eastland has been given a quota of only \$900, and while no "fire-eating" campaign will be waged, and effort is being made to get this amount subscribed at the earliest possible moment.

Just remember when you are approached for a contribution,

## Marine Corps Commissions For Students

T-Sgt. Wims of the local Marine Recruiting Station at Abilene announced today that Eastland County area male college graduates and seniors will have an opportunity to earn commissions in the Marine Corps this summer.

By June 1 the expanding Marine Corps will enroll a total of 1,000 officer candidates, according to Sgt. Wims. Candidates begin their training July 14 at the Marine Corps Schools, Quantico, Virginia.

Married or single College graduates between 20 and 27 years old are eligible for the program. Seniors who will graduate at the end of the current semester also are eligible, but must apply before the June 1 deadline.

Married men will receive family allowances as soon as their candidate training begins.

Candidates successfully completing the 10-week training course will be commissioned second lieutenants in the Marine Corps Reserve. Following this they will receive five additional months of specialized officers' training, also at the Quantico Base which is located 35 miles south of Washington, D. C.

Sgt. Wims said that the necessary application forms are available at the recruiting station. He stated that it would be advisable for prospective candidates to apply as soon as possible.

It was also announced that members of organized or volunteer Marine Corps Reserve units may apply if they meet the requirements.

## Boaven Rites At 2:00 P.M. Today

Funeral services for James Boaven, who died early Tuesday at Ranger hospital were conducted from the First Methodist church here, at 2:00 o'clock this afternoon. Rev. J. Morris Bailey, pastor, had charge of the services. Interment was made in Eastland Cemetery.

Mr. Boaven had been employed by the Texas Electric Service Co. for about 11 years, and was well known in Eastland.

Survivors include his widow, two sons Verle and Wynn, five brothers, J. W. Boaven of Mead, Okla., Cliff of Bloomington, Cal., Joe, Looney and Covey Mead of Coaltan, Cal., and one sister, Mrs. Pearl Almond of Bloomington, Cal.

Pallbearers were his five brothers and a nephew, Gerald Boaven.

## Little Items Of Local Interest

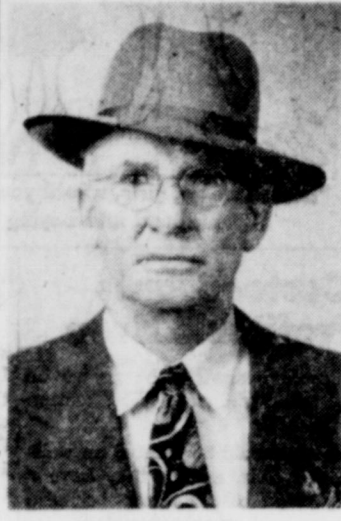

Mrs. J. F. Williams has gone to Memphis, Tenn., to be at the bedside of her brother-in-law, Henry Montgomery, who is seriously ill. She went in response to a telegram from her sister, Mrs. Carrie Montgomery.

Judge L. R. Pearson of Ranger was in Eastland several hours Monday. While here he attended the Rotary luncheon.

Charley Sandler of Cisco, spent several hours in Eastland, Monday, looking after business and shaking hands with friends. He also attended the Rotary luncheon.

Dr. Edward Blackwell of Gorman, is in a critical condition in Harris Memorial Hospital at Fort Worth, at this time.

Political convention in Eastland yesterday, were well attended, and from what we can learn most people are pleased with the general outcome of both the conventions. Democrats will go unopposed and Republicans have been instructed to vote for "Ike."

J. H. Pittman

## Pittman Makes Statement To County Voters

My formal announcement to the citizens of Eastland County for office of County Treasurer.

I was born in Falcon, Arkansas on February 26, 1892, and am therefore, 60 years of age. I moved to De Leon with my parents in 1895, and to Eastland County in January 1907. My father settled on a farm 7 miles southeast of Eastland, Texas, where we farmed until I was 21 years old. He then moved to Carbon, and I was married in Carbon Texas in 1904. The greater part of my life has been spent in farming about 2 miles west of where my father settled when we came to Eastland County. I have been continuously engaged in farming since 1929, until about 2 years ago when I moved to Eastland, I have two sons living in Eastland who hold responsible positions.

This is the first time I have ever asked the people of the County to entrust me with a responsible elective office. I have tried to live the kind of life and rear the kind of family that would cause my friends to believe that I merited such a position. Should you, the people desire to hire me, by voting for me, and lending me your help, I shall do my best not to disappoint you. I have many friends throughout the county and it will be my purpose to see every citizen and voter of the county before election, but if I should fail to do so, please take this statement as a personal solicitation of your vote and influence.

Realizing the fact that this is your business, and you alone have the power, with your vote, to hire one for this important position, I wish to state now that if you so select me, I shall at all times recognize that the office belongs to you and invite you to visit the office frequently. You will at all times receive friendly, courteous service and any help, assistance or accommodations; that is in my power to render.

Thanking you very much and trusting that you can support me I am,

Respectfully submitted

J. H. Pittman

## Sheriff And Liquor Control Group Stage County-Wide Liquor Raid

Sheriff Frank Tucker and his deputies, aided by members of the Texas Liquor Control Board, staged a county-wide liquor raid Tuesday. More than 20 individuals were arrested. Some were charged with sale, some with possession and still other with possession and sale, of intoxicating liquors.

Fourteen officers took part in the raids, and arrests were made in Cisco, Eastland, Olden, Ranger and Desdemona. Officers began unloading the group at the courthouse during the Democratic convention, and for a time it appeared that there would be three con-

ventions going at one time. The Democratic convention, a Ministerial association group which had met in the County Court Room to discuss law enforcement with reference to liquor violations, and possibly a called meeting of "liquor dealers." They didn't meet, however. A few went to jail and others were released on bonds of \$500. At this time all have made bond with two exceptions.

Sex and color made no difference. Those arrested were men and women, white and black, and most of them didn't show any great nervousness.

Case after case of liquor and beer were brought into the courthouse and stored in a large vault at the sheriff's office. The office today throws off an odor suggesting a brewery, and when one woman passing down the lobby stated that she smelled whiskey, she was told that she had a good "smeller," and she did smell whiskey, and lots of it.

Whiskey ones are wondering what will happen to the cold beer that was brought in. Will it be flat when it gets warm? What will the sheriff do with it? Is re-cooled beer fit to drink?

Some of the defendant will face only one charge, while others may face two or three. Arrests made yesterday may be cause for some fifty indictments, it is said.

The new 2-way radio recently installed in the Sheriff's office, played a leading part in the various raids.

## Schools Making Posters For Advertising

Posters will be completed today for the advertising of the Quarterback's annual black faced minstrel, which will be presented at 8 p.m. May 15 and 16 in the High School auditorium. W. G. Womack, principal said today.

The posters will be judged Friday and prizes have been offered by the club for the three winners. Schools participating in the making of the posters include, Junior High, South and West Ward. The posters will be placed in downtown windows for display advertising.

## CJC A Capella Choir Sings At Lion Luncheon

A Capella Choir from Cisco Junior College entertained the Lion's Club at their Tuesday luncheon. Under the director of Robert Clinton, the choir rendered several selections, and they really showed talent. Seven of the group reside in Eastland.

The choir has some splendid tenor and bass singers, which is many times unusual. Plenty of excellent singers elsewhere, and to hear this group sing is to hear some good singers.

## Bakery, Coffee Shop, Remodeled

Eastland Bakery and Coffee Shop has undergone a "face lift" this week. That is it has been completely renovated and remodeled. Nothing has been left undone that would add to its attractiveness and convenience.

Thursday, May 8th, owners will stage a formal opening and their friends and patrons are invited to be present. Your business is always appreciated at the Eastland Bakery and Coffee Shop.

## HOSPITAL PERSONALITIES

By Mrs. Samuel Butler

Horace Horton came to Eastland County as an infant with his parents, Mr. and Mrs. James Horton, and soon thereafter moved to Eastland—anyway we like to claim him as our own. His school days through high school were spent here.

When Horace returned from the war and California he brought with him his bride, the most attractive Gerry. They built a home in Eastland and now are enjoying it even more with their two lovely daughters, Toni, six, and Donna Gay, 2.

The Hortons came to Eastland with a vision to build a ceramic plant. Gerry had specialized training in this field during her college days in California. They have been tireless in their efforts, but they can well be proud, as Eastland is, of the Horton Ceramic Plant, the largest art pottery plant in Texas, employing many local citizens. Despite the demand of their fast growing business they have both found time to contribute generously to community projects.

Horace Horton knew Eastland needed a hospital and was willing to work for it. When the hospital furniture arrived from Kilgore it was Horace and Gerry who joined

ed a group of volunteer workers to help clean and refinish it. Horace was elected by the Hospital Committee, as chairman of the residential drive that raised \$10,000 for the Eastland Memorial Hospital fund. When work began on the hospital foundation he organized a group of men who later became known as Horton's Tuesday night group. "In unity there is strength."

The following named men worked with him as a unit and many of them worked other nights during the week. Jack Carothers, H. B. MacMoy, Gordon Taylor, W. G. (Dub) Kimbrough, Bill Jessop and J. B. Jessop.

After eight months the Eastland Memorial Hospital is near completion because these men joined others with their skill and worked many, many long hours after their days work was done.

Horace Horton is a member of the board of the Eastland Memorial Hospital, Inc.

The citizens of Eastland applaud you, Horace Horton, and each and every member of the Tuesday Night Group.

#### FLASHBACK

Sometimes, it's a fleeting moment, sometimes it's weeks, months

or years in the headlines, then they fade from sight—  
For example, what ever became of Kenneth Dancy?

Dancy was one of the "fleeting moment" heroes. He was a sea-going tugboat mate who went aboard the ill-fated freighter "flying Enterprise" to help Captain Kurt Carlesen during his long vigil aboard the crippled ship.

Where is Dancy now? He has a shore job in London, as district secretary of the navigators and engineer officers union. No more harrowing sea rescues for him.

### THESE WOMEN!

By d'Alessio

"Before we go, girls, would you like to hear how I talked my husband into buying me this fur coat?"

### Castor Bean Is Profitable Crop

Castor beans can be grown on land that will grow corn, cotton or peanuts.

Beans should be planted on well-drained soils, and as they have a deep tap root, shallow or hard pan soils should be avoided.

The beans should be planted about the same date as cotton or peanuts.

The producers have found that peanut planting equipment works very well in planting the beans. It will be necessary to stop up some of the holes in a peanut plate.

Castor beans should be fertilized about the same as if cotton or peanuts were grown.

Harvesting is mostly done by hand. The first crop matures about 110 days after planting. Then there is another harvesting usually after frost. Producers who have grown the beans do not think there is much trouble in hand

harvesting. It's lots easier and faster than picking cotton.

Hulling plants are now located at Brownwood and Stephenville. If we can get enough acreage in this area, there is a possibility that we might have a hulling plant in this county. There is a charge of 1-2 cent per pound for hulling the beans.

Commodity Credit Corporation has the seed for sale at the County PMA office for .15 cents per pound. It takes about 10 pounds per acre. Commodity Credit guarantees to buy all the beans harvested at .10 cent per pound or the market price which ever is higher.

The highest yield last year in the County was about 600 pounds per acre.

Oil and chemicals obtained from castor beans are now used in ever-increasing quantities in medicines, hydraulic fluids, lubricants, electrical systems, fluids, paint varnishes, plastics, rubber compounds, lacquers, asphalt floor tile, textiles, nylon printing inks, cosmetics, leather finishing, belt

### UNKLE HANK SEZ

LIFE, WITHOUT AMBITION, MEANS VERY LITTLE TO A MAN.

It isn't "luck" . . . it's "effort" that makes GRIMES BROS. so dependable. We know farm equipment and tractors . . . the things you need . . . and stock our store accordingly.

FLAVOR DERIVED FROM REAL ORANGES

BOTTLED BY AN OLD COMPANY SEVEN-UP BOTTLING CO.

dressing, caulking compounds, fertilizers, fungicides, polishes and waxes, protective coatings, rust removing agents, soap and a host of other products.

The principal source of beans in the past years has been South and Central America, but as the beans have so many uses a better and closer supply is being developed.

In 1951 the crop was more or less of an experiment in the County, but in spite of the dry weather we harvested about 33000 lbs. of beans from something like 300 acres. This was a better money crop than peanuts in 1951. Some of our producers are planting 10 acres this year after trying a small crop in 1951.

### Weatherman Cynical About Mistakes

BOSTON, (UP) — A U. S. weather observer has these lines typed on paper inserted beneath plate glass on his desk:

"Among life's dying embers, These are my regrets— When I'm right no one remembers, When I'm wrong no one forgets."

SHORT, BUT NOT SWEET—United Nations truce delegation, headed by Maj.-Gen. William K. Harrison, left, enters a conference tent at Panmunjom, left, for a talk with Red negotiators. Fifteen seconds, and very few words later, the delegation leaves the tent, after one of the shortest "conversations" on proposed truce details yet to occur.

ist.

### First Lady Of China Makes Anti-Red Plea

The wife of Nationalist China's president has urged women of Japan to join in the fight against Communism.

Madam Chiang Kai-Shek, wife of the Generalissimo, made her appeal in a couple of letters published in the Toko Newspaper, Yomiuri.

She wrote, "as a realist, and at a time when Communist aggressionists are planning the domination of the world, we cannot defeat them (the Communists) by strength of spirit alone. It is clear we must augment an indomitable spirit with mechanized weapons."

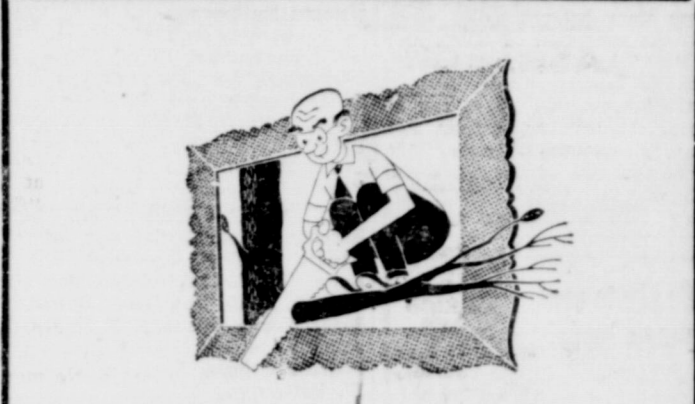

### Household Hint

Here is today's household hint:

You can remove coffee or tea stains from a tablecloth by rubbing them with glycerin. Let stand a few minutes and then wash as usual with soap and warm water.

### Mrs. E. Seaberry Presented In Song Recital Opening Week Programs In Recognition National Music Week

The Thursday Afternoon Club presented Mrs. Elizabeth Seaberry, Mezzo-Soprano, Thursday afternoon in a guest day program opening a series of programs in observance of National Music Week.

Mrs. Seaberry began her program with a group of three Italian songs ranging from modern, Donaudy's O. Vanished Loveliness and sang Durante's Danza, Danza, Fanciulla Gentile and Star Vinco (to be near the fair idol) both songs are beautiful and effective classics of the seventeenth century.

Her next group were three of the modern French songs, the most famous of these was Chanson De Marie Antoinette, which legend says, Marie Antoinette sang to one of her admirers, who was a prince.

The next three songs were negro spirituals and the final group were beloved folk songs with the exception of "This Day Is Mine" by Ware written for Marjorie Lawrence and Longas' Remembrance. She chose for an encore the well loved Irish folk song, "Bendemeer's Stream."

The audience of friends and club women received Mrs. Seaberry with enthusiasm enjoying

her grace and charm as well as her fine control of her melodious voice and her pleasing appearance. She was ever mindful and appreciative of her accompanist, Mrs. Arthur Faguy-Cote, who so ably accompanied her daughter.

Mrs. Harold Durham was leader for the afternoon and introduced Mrs. Seaberry and Mrs. Faguy-Cote, who is from Ft. Worth.

Hostesses for the tea honoring the artists following the concert were Meses. D. L. Houle, W. B. Pickens, Dixie Williamson, W. P. Leslie and Jack Frost.

The refreshment table was laid with a chartreuse linen cloth and was centered with a large golden harp set in a base of American Beauty roses.

Mrs. Arthur Murrell, president, presided and Mrs. L. C. Heck registered the guests.

Present were Meses. W. H. Stanley, Earl Conner, E. M. Grimes, Milburn S. Long, J. Frank Dan of Gorman, Mrs. Cyrus B. Frost, Meses. John D. McRae, J. Morris Bailey, R. E. Sikes, W. S. Poe, James Horton, H. E. Hinton, and Roy Townsend, Frank E. Day, Grady Pipkin, M. L. Keasler, Frank Castleberry, Leon Anderson, W. F. Davenport, Phil Laws, W. W. Linkenhoger, Frank Crowell, Henry Van Geem, Hubert Jones, Norris Wilson, A. F. Taylor, Frank Lovett, C. Melvin Rathel, Pearson Grimes, John Turner, B. W. Patterson.

### Mrs. Miller Has Guests Sunday

Mrs. Florene Miller entertained with a luncheon at noon Sunday in her home, 600 West Sadosa Street.

Following the meal the hostess played several piano selections and played the recording of the recent wedding of the hostess' son Glen and Miss Evelyn Bigby.

Those present were A. B. Cornelius, of Graham, Mr. and Mrs. Lee Puckett and little daughter, Carolyn of Abilene, Mrs. Buster Dendy of Odessa, Mrs. Cornelius Taylor, Mrs. W. A. Cathey, the hostess and her sons, Larry, Sammie and Dickie Miller.

### Maxey's Have Guests Over Week End

Week-end guests here in the home of Mr. and Mrs. Fred Maxey were Mr. and Mrs. Joe M. Rose of Roaring Springs.

Mrs. Floyd Smith and daughter of Jal, New Mexico who will remain until after mother's day with her sister and her mother, Mrs. Agnes Rose, who makes her home here with Mr. and Mrs. Maxey.

### South Ward School Invites Beginners To Special Program

The teachers of South Ward School are inviting the children, who will enter school for the first time, and their mothers to a special beginner's program at 10 a.m. Friday May 9th in the auditorium.

### Personals

Margaret Cox will be a patient in Marlin hospital for the next two or three weeks. She is employed by Ruby Lee's Beauty Shop.

Week end guests here in the home of Mr. and Mrs. Harold Durham were their son, Norman and Miss Jane Stovall of Muleshoe, who is a student at Texas University in Abstin, as is Norman.

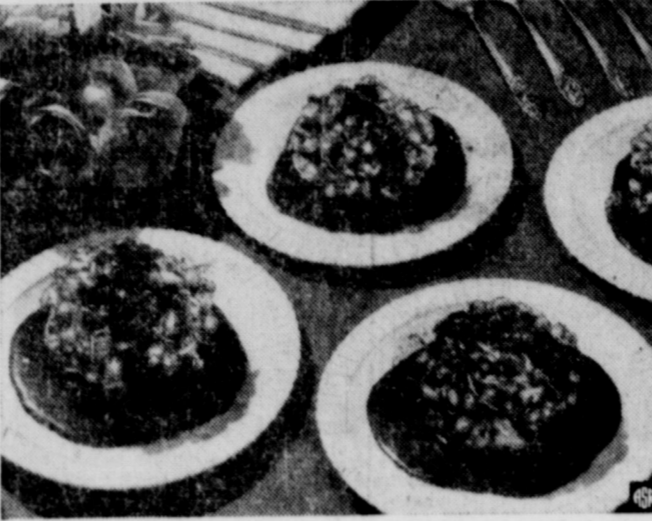

Mrs. P. L. Parker left Monday for several days visit in Comanche with her daughter, Mrs. Walter Durham.

### Costs Offset Profits For Nation Farmer

WASHINGTON, (UP) — The Agriculture Department reports that rising production costs more than offset the higher returns farmers received on their products in the first four months of this year.

The Department says farmers received eight-billion-500 million dollars for their marketings in the first four months, a three per cent gain over last year. At the same time, it says, farmers' production costs averaged five per cent higher.

### Budget Stretcher—New Ice Cream Balls

Sugar-crisped Ice Cream Balls—a glamorous dessert for a May Shower (or the June bride, of course), for that special Spring luncheon party, or as a quick-and-easy finishing touch to any festive meal.

Refreshing as Spring itself and just as appealing are these balls of ice cream, rolled in sugar-crisped wheat cereal and coconut—then topped with a rich, smooth chocolate sauce. Whether the ice cream is homemade or bought at the corner store, all you will need is one pint to serve five, since the toppings will make it go farther.

Another nice thing about this party dessert is that it requires so little advance preparation. You can toast the coconut and make the sauce the day before. The ice cream will keep in the freezing compartment of your refrigerator until you are ready for it. Then, when dessert time arrives, slip quietly into the kitchen, shape the ice cream into balls (a scoop or large spoon is helpful), and roll these balls in the coconut and cereal mixture. Sauce them with chocolate and present them with pride.

**Sugar-crisped Ice Cream Balls**  
1 cup candy-coated puffed wheat cereal  
1/4 cup coconut, toasted  
1 pint vanilla ice cream  
Chocolate sauce

Combine cereal and toasted coconut in small bowl. Shape ice cream into balls and roll in cereal and coconut mixture. Place one ball in each serving dish. Serve at once with chocolate sauce. Makes 4 or 5 servings.

### Squirrel Season In Texas Open

AUSTIN — Opening of the squirrel season under the General State Law May 1 pointed up some seasonal variations, according to the Executive Secretary of the Texas Game and Fish Commission.

He said the safe thing for sportmen to do, if they are uncertain, is to refer to their game and fish law digest or to contact their own local game warden.

The open season map is a patch work of conflicting hunting dates and contrasting limits, theoretically representing the abundance or scarcity of squirrels, said the Executive Secretary.

Sixty-five of the state's 254 counties have no closed season. Sixty-eight counties have no daily bag or possession limit. But in other counties the dates vary. A few counties do not have open seasons. In counties having daily bag or possession limits, the restriction ranges from five per day and five in possession to 10 per day and 20 in possession.

All kinds of hunting are barred temporarily on that portion of the White Rock Creek Wildlife Restoration Area which lies in the Davy Crockett National Forest in Houston County. This closed region includes that part of the Forest which lies south of State Highway 7 and west of the red gravel road which extends from a point about 4 miles west of Kennard on Highway 7, south to Pennington.

In other areas regulations differ, like in Erath county in Central Texas, where the Commission has regulatory authority and has ordered a year-around open season.

### Music Study Club Presents Southern Methodist University Artists In Annual Music Week Concert

The Music Study Club presented Mrs. Ruth Rutherford, pianist and Phillip Williams, violinist, of the Southern Methodist University faculty, Dallas, in an outstanding program Sunday afternoon, for the annual observance of National Music Week, in the First Methodist Church.

Mrs. Rutherford's program ranged from Bach's early classics through Debussy's modern and included a rendition of Hazel Cobb's ultra modern from the composer's standpoint, she portrayed the masters of their time. Her technique and clearness of tone was superb and her legato playing was outstanding.

Mrs. Williams' violinist played with a fluency of ease that showed him to be a master of his instrument.

The outstanding number on the program, which will long be remembered here, was The Sonata in A major by Franck in which they played the two movements, Allegretto ben Moderato and Allegro, showed the artists' ability in the blending of tones and smoothness of playing that held their audience in an exalted frame.

Mrs. Rutherford's opening number was Van Katwijk's modern arrangements of Bach's Preludium in E.

Mr. Williams' began his program with the early classics, playing Spaulding's arrangement of La Folia by Corelli.

A group of five violin numbers, all modern arrangements of the late classics, with the exception of Schubert's beloved Ave Maria, closed the program with the exception of two encores from an

audience reluctant to let them go. Mrs. Rutherford accompanied Mr. Williams.

Mrs. Art Johnson, president, welcomed the guest and presented the artists. The reverend J. Morris Bailey gave the invocation.

Following the concert a reception was given honoring the artists and was held in the Woman's Club.

Mrs. D. L. Houle, hostess chairman, Mrs. D. L. Kinnaird, president and Mrs. A. F. Taylor, general chairman received the guests.

Mrs. T. E. Richardson labeled the ice punch from the refreshment table which was laid with a white Maderia cloth and decorated with a large golden harp, at the base of which, American Beauty roses were arranged. Assisting in the serving the dainty sandwiches and white cake squares were Meses. Art Johnson, Clara Cockrill, Don

Parker, L. C. Inzer and Miss Marjorie Van Hoose

Following refreshments the artists were presented to present several numbers, which added much to the enjoyment of each one present.

Guests were present from Goldthwaite, Cisco, Austin and Dallas, and included Mrs. Sam Sullivan, district president of Goldthwaite.

Mr. and Mrs. Doyle Williams and family of Freer were the week-end guests here in the home of his sister, Mrs. Roy Rushing and mother, Mrs. E. E. Williams.

### TEXAS LAWYERS TAKE A LOOK AT THEMSELVES IN SURVEY

AUSTIN, May 7 — The lawyers of Texas have taken a good look at themselves—as others see them. The State Bar of Texas today reported results of a recently completed survey of Texas public opinion on lawyers, their activities, and the courts. Purpose of the study was to obtain data for a long-range house cleaning and public relations program planned by the organization.

"To find out what the people of Texas think of the legal profession—what they like about us and what they don't like—we engaged Joe Belden & Associates to conduct an exhaustive survey," State Bar president Cecil E. Burney stated in announcing completion of the project. The Belden firm is

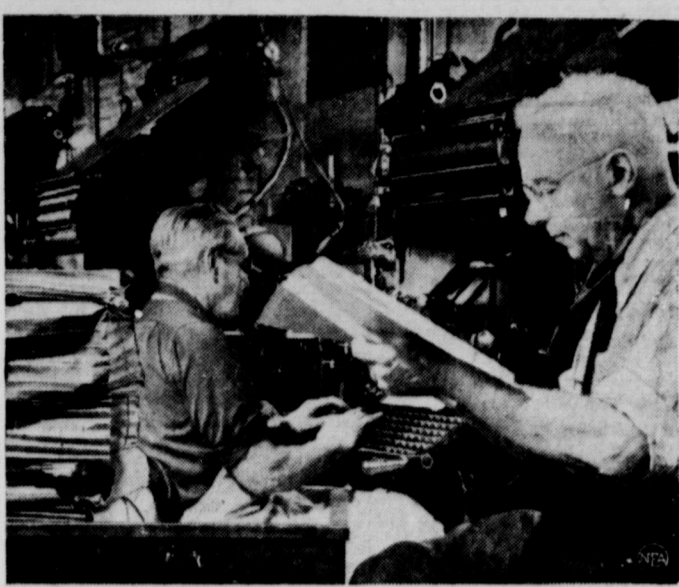

the pioneer market and opinion research firm of the Southwest.

Belden interviewers buttonholled 1000 adult Texans, selected by methods insuring a scientifically representative cross section of the state's entire population. Using a lengthy questionnaire, they asked a wide range of questions to determine attitudes on a number of specific points.

The survey, believed to be the most detailed and self-searching inquiry into public opinion ever made by a state bar association, produced considerable food for thought—both for lawyers and for laymen.

For example, four out of every ten Texas adults (40%) have hired a lawyer at one time or another. And eighty-eight percent (88%) of those hiring lawyers were satisfied with their services.

Sixty-six percent (66%) think that the main reason people put off going to a lawyer is that they don't know how much it will cost, believe it will cost too much, or just don't have the money.

**LONGEST AMERICAN NOVEL?**—Linotype operator Harry Tenney begins a marathon typesetting job as he starts to set what is believed to be the longest American novel ever accepted for publication. J. C. French, right, composing room foreman for Houghton Mifflin's Riverside Press, Cambridge, Mass., examines a portion of the mammoth manuscript, piled at left. Written by Waco, Texas, businessman Madison A. Cooper, Jr., the novel, which is as yet untitled, is expected to run to 2000 printed pages.

And, while seventy-three percent of those who have hired lawyers thought the charges reasonable, almost one-fourth of Texas' adults (22%) have personally put off consulting a lawyer at one time or another because of uncertainty as to his charges or a fear that the charges would be too high.

In answer to the question, "How do you think lawyers could give you better service?" adult Texans answered: "have lower fees," or "have stated fees," 14%; "give honest opinions," 8%; "give quicker service," 4%; and "talk simply and explain carefully to client," 3%.

The Belden Survey showed that many Texans think well of lawyers as public officials. Those interviewed were handed a card listing lawyers, businessmen, teachers, farmers - ranches, bankers, engineers, labor union leaders, and doctors.

They were then asked which would make the best public official in several different categories, with the following results:

Best Justice of the Peace: Lawyers, 56 per cent; businessmen, 15 per cent; teachers, 7 per cent; farmers - ranchers, 7 per cent; miscellaneous or no opinion, 15 per cent.

Best County Judge: Lawyers, 63 per cent; businessmen, 12 per cent; teachers, 5 per cent; bank-

ers, 4 per cent; farmers - ranchers, 4 per cent; miscellaneous or no opinion, 12 per cent.

Best Mayor: Businessmen, 49 per cent; lawyers, 16 per cent; bankers, 11 per cent; engineers, 5 per cent; teachers, 4 per cent; labor union leaders, 4 per cent; doctor, 4 per cent; miscellaneous or no opinion, 7 per cent.

Best Governor of Texas: Lawyers, 40 per cent; businessmen, 21 per cent; farmers - ranchers, 7 per cent; teachers, 7 per cent; bankers, 5 per cent; miscellaneous or no opinion, 13 per cent.

Best Member of Texas Legislature: Lawyers, 37 per cent; businessmen, 19 per cent; farmers - ranchers, 12 per cent; teachers, 8 per cent; labor leaders, 7 per cent; bankers, 7 per cent; miscellaneous or no opinion, 12 per cent.

Best Member of Congress: Lawyers, 42 per cent; businessmen, 19 per cent; farmers - ranchers, 9 per cent; teachers, 6 per cent; labor leaders, 5 per cent; bankers, 4

per cent; doctors 2 per cent; miscellaneous or no opinion, 13 per cent.

In choosing the best community leader, businessmen ranked first (33%), teachers, 24 per cent; farmers - ranchers, 21 per cent; bankers, 9 per cent; doctors, 8 per cent; labor leaders, 5 per cent and lawyers, 5 per cent.

Results of the survey will be used by the State Bar in planning a long range program designed to improve the standing of the legal profession in the eyes of the public.

"While we are gratified by the public confidence in lawyers shown by the answers to many of the questions, it is the less favorable answers that will be most helpful in our work," Burney stated.

"Some of the unfavorable opinions arise from lack of information, which we are undertaking to correct by our public information

**"Was a nervous wreck from agonizing pain until I found Pazo!"**

says Mrs. A. W., San Antonio, Texas. Speed amazing relief from miseries of simple piles, with soothing Pazo! Acts to relieve pain, itching instantly—soothes inflamed tissues—lubricates dry, hardened parts—helps prevent cracking, soreness—reduces swelling. You get real comforting help. Boss Averell Harriman 94-and-one-half and Russell 40 A candidate needs 616 votes for the Democratic nomination.

Kefauver summed up the results of yesterday's voting in Ohio and Florida by saying: "I will be nominated at Chicago on an early ballot."

He said he was "especially pleased" with the Ohio vote because it "demonstrated once more that the support behind me is true in national character."

The Taft camp says the results in Ohio give him a "tremendous landslide victory."

**OTHER POLITICS**  
Senator Kefauver's total of convention delegates includes two votes picked up in Alabama.

Latest returns give Kefauver the backing of two delegates-at-large and one regular delegate. The delegates-at-large each have one-half vote while the regular delegate has one full vote.

Senator Russell picked up one delegate-at-large and one regular delegate. But he is leading in four other delegate contests and is assured at least four convention votes from Alabama.

Indiana voters also went to the polls yesterday, but it was the dulllest state primary since world

war one. Eleven congressmen, nine Republicans and two democrats, were renominated with wide margins.

In New Jersey, 36 Democratic convention delegates listened to bids for support by five presidential candidates, Kefauver, Russell, Senators Robert Kerr and Erien McMahon and foreign aid chief Harriman. The delegation then turned them all down, says it will stay "unpledged" for the time being.

**EISENHOWER**

One of General Eisenhower's leading midwest presidential boosters say he found out how the general feels on two issues today.

Former Republican Governor Mickelson of South Dakota talked with the retiring Atlantic Pact commander for quite a while in Paris. Mickelson says Eisenhower told him he favored Missouri flood control measures, but with as much authority as possible reserved for individual states.

Mickelson says he also discussed a national farm program with Eisenhower. He quotes the general as saying he favors a farm program which would include government help to farmers against some of the risks they take in growing the country's food.

But the general feels, says Mickelson, that authority should be reserved as far as possible on a state level as opposed to a central federal authority.

Eisenhower also talked about foreign affairs, with Republican foreign policy expert John Foster Dulles. No information was released on those talks, but it's believed the emphasis was on Far Eastern developments.

**STRICTLY BUSINESS**

"It'll take a couple of hours to repair it. In the meantime . . ."

**Poor Land—**

(Continued From Page 1)

the land. There are also temporary limitations found in most soils. These are: low amount of organic matter, plow pans near the surface, ability to take in and hold water and soil foods, and many others. The temporary limitations or hazards can be improved or eliminated by applying the proper care that the land needs.

Class I land is the good, deep level loams and clays that can be farmed without special practices to hold the soil against washing or blowing. It has no permanent limitations.

Class II land is not so good. It

needs simple care to save it from washing or blowing and to keep it productive. It has a few permanent limitations. This land occurs on gentle slopes and is not badly washed or blown. It is considered good land.

Class III land is not as good as Class I or II, land, but it can be used safely for producing crops. This land is hard to farm. It is uneven and washed or blown in most places. The best of the deep blow sands are in Class III land. This land should have a number of well chosen practices to grow crops and keep the soil in place. Stubble-mulch tillage should be used on all cropland, and the crop residue should be returned to the land.

Class IV land is the "in-between" land. That is, it is in between land that is suited for regular cultivation and the land that should not be plowed. It is land that goes down fast under cultivation, and requires many well chosen practices to keep it productive. This land runs down fast and will get out of control unless it is given a rest under sod ever so often.

There is a danger in plowing Class IV land. It is hard to tell when to stop cultivating it and put it back to grass. Grass uses moisture, and it is likely that farm-

**Russell Defeats Estes Kefauver In Florida Vote**

Democratic Senator Richard Russell of Georgia has handed Senator Estes Kefauver of Tennessee his first presidential primary defeat by beating him in see-saw contest in Florida nearly completed returns. Russell 274,999 votes to 248,191 votes for Kefauver. However, Kefauver apparently prevented Russell from winning the decisive victory in Florida which his backers said Russell needed to gain support for his presidential hopes outside the south.

Republican Senator Robert Taft of Ohio has won all 56 convention delegates in Ohio's presidential primary. With more than half of the state's precincts reporting, Taft delegate-at-large large have pile.

More than half of the State's precincts reporting, Taft delegates-at-large have piled up more than three-million votes to some 913,000 votes for Harold Stassen candidates. Democratic Senator Kefauver of Tennessee turned in an impressive showing in Ohio against an organization-backed opponent, Robert Bulkley.

**Airman Charged In Shooting**

FT. WORTH, May 7 (UP)—A 24-year-old Carswell Air Force Base airman has been charged with robbing and shooting a Carswell woman taxicab driver. The victim, 33-year-old Mrs. Margaret Gay—was found wounded in the Trinity River bottoms near Dallas yesterday. She is in "very serious" condition in a Dallas hospital from two bullet wounds in her side and a spinal injury.

The airman, Obie Lee Belcher, who says his home is Mineola, is charged with robbery by firearms and assault to murder in the shooting.

Belcher told officers he engaged Mrs. Gay's taxicab Monday night at Carswell Air Base and asked to be driven to Fort Worth. But, he says he pulled a gun and ordered her to go to Dallas. He said he fired a .332 caliber automatic pistol twice after the cab was stopped on a country road west of Dallas. Some 40 dollars was taken from Mrs. Gay's handbag and wallet.

**Payton-Tone Settle Fued**

HOLLYWOOD, May 7 (UP)—Another potentially lurid filmdrama court drama has been settled quietly. Franchot Tone and Barbara Payton have announced a financial settlement in their stormy di-

vorce hostilities. And an attorney says "there'll be no dirty linen washed in court."

Meanwhile, another Hollywood marriage is on the rocks. Actress Arlene Dahl and her husband Lex Barker have announced their separation. Barker plays Tarzan in the films. Their marriage is one year old.

**Now, that It's Spring Again—**

... brings to mind all the real joys and pleasant days that only this season of the year can bring. But Spring brings hail and windstorms, too, which are not desirable and sometimes they cause death and much destruction of property, without warning. If you are not carrying windstorm and hail insurance for financial protection against these hazards give us a ring before the dark clouds begin to boil up out of the South and West.

IF IT'S INSURANCE WE WRITE IT.
