Around The Square

With Mack

This may be good news, or it may be bad, anyway the City Lake is too deep to seine at this time. A major portion of the lake is dry, and all you will see is stumps, mussel shells and dry dirt. But at the lower end of the lake water covers an area of some five acres. Most of this water is pretty shallow—only a foot or two deep, but when members of the Game and Fish Commission made an attempt to seine the lake today they encountered water in the channel that was about 10 feet deep.

They abandoned the idea of seining at this time, but did go to Ringling Lake which will likely be seined before you read this column.

Now just because we found we had a few extra gallons of water does not necessarily denote that you may begin taking daily baths and watering the lawn. As a matter of fact it means that we may have about two more days supply of drinking water.

Also it will be very coarse water at that. Only for the fact that we have a very good cleaning and treating department, you might be forced to employ a spoon to help you drink it.

Reminds us of drinking jello. Too thick to drink and too thin to spoon. However, you don't have to fish mussel shells out of the jello. And boy, are they hard on teeth!

Frankly, our water is not so bad. To glance at it in the rough it looks bad, and so does a diamond. But after a skilled cutter works on it for a while it becomes beautiful, and becomes coveted by rich and poor alike. So with the water. It is not pleasing to the eye or the nose, but when skilled people get through with it, it is not only pure, but actually tastes pretty well. So do not be afraid to use it.

Terry Barrett, local State Highway Patrolman, told us today that he had resigned his position with the Highway Department, and that he and Mrs. Barrett are to move to Fort Worth at an early date. In Fort Worth he has been employed by the Texas Employers Insurance Group and Employers and Casualty Co., as claim adjuster.

Terry has been located in Eastland for some time, and has made many friends, despite the fact that his work has been antagonistic in a manner. So far as we know Terry enforced the law without fear or favor. He has a clean record, and this writer thinks a lot more of him than he does many of his enemies. Best wishes, Terry.

We spent the weekend enjoying our son, his wife and two daughters, from Long Beach, Calif. Just another good Irish family, though a very prominent one so far as we are concerned. We "cut" the Shrine concert Saturday night, and all Sunday services at our church. (Probably get turned out for that.) We saw the preach today, and told him the truth, which is unusual for us, and promised to bring two dimes next Sunday instead of one, and he took our case under advisement. However, the new guy is off now, and he may not let us off so easily. He is the youth director, and we are trusting that our white hair and clabbered disposition may keep us out of his jurisdiction.

But back to the visitors. His name is J. R. McCorkle in Texas though we don't know what name he goes under in California. He has a rather sweet little wife, who would be just about perfect only she's an "Okie," and not a "Longhorn." Maybe she will outgrow this shortcoming out there in California. The two babies are dolls, but we hope they move back to Texas before they make movie stars out of them.

Honor Award To Boy From Cisco

WITH THE 3RD INFANTRY DIV. IN KOREA—Cpl. James W. Archer of Cisco, Tex., has been awarded the Army Commendation Ribbon for meritorious service in Korea.

Archer, who returned to the United States in July, was cited for his service from Sept. 10, 1951 to July 15, 1952. He served with the Service Company of the 3rd Infantry Division's 7th Regiment.

He also holds the Combat Infantryman Badge.

Drive An Oldsmobile Before You Buy! OSBORNE MOTOR CO. Eastland, Texas

ALL SAVED—The Princess Kathleen, a 6,000-ton cruise ship carrying 307 passengers and a crew of 118, begins to list as she lies on a reef near Juneau, Alaska, where she ran aground early Sunday. Four hours after the passengers and crew were safely removed from the stricken vessel, she slipped from the rocks and plunged to the bottom of the choppy sea. (NEA Telephoto).

19 MIGs Fall Before UN Planes

By Robert Udick

SEOUL, Korea, Sept. 9 (UP)—United Nations jet planes destroyed or damaged 19 Communist MIG-15 fighters Tuesday when 150 of the Russian-built jets tried in vain to stop an Allied air assault on a North Korean military academy.

Allied F-86 Sabrejets knocked down seven MIGs and damaged 11 more, while an F-84 Thunderjet fighter-bomber accounted for a 12th damage claim.

The Sabre-MIG duels came while Thunderjets from two fighter-bomber wings roared over the military academy at Sakchu deep in northwest Korea, only 39 miles from the Chinese Communist base at Antung, Manchuria.

Tuesday's claim of 19 MIGs gave Allied pilots their best day of MIG-hunting in September and brought the enemy jet toll for the month to 29 destroyed, one probably destroyed and 29 damaged.

As soon as the Allied fighter-bombers began dropping high explosives on the military school, the MIGs flew across the Yalu river from their base at Antung. Immediately they ran into a ring of Sabrejets screening the slower fighter-bombers.

"It was a beautiful day up there for MIG fighting," said

Maj. Richard Ayersman of Sacramento, Calif.

One of the destroyed MIGs were credited to Canadian exchange pilot Lt. Ernest A. Glover of Leaside, Toronto. It was his second MIG kill in two days.

Other UN warplanes hurled bombs, rockets and flaming jellied gasoline on Chinese Communist holding Capitol hill in an attempt to soften them up for a counter-attack by South Korean soldiers. Shooting Stars, Mustangs and F-84 Thunderjets took part.

Although the Reds were temporarily in possession of the bloody heights, a South Korean officer estimated it cost them 954 killed and wounded.

South Korean soldiers of the Capitol division, for whom the vital central peak was named, came heartbreakingly close to recapturing their old position in heavy fighting Monday.

They regained the crest after a series of daylong battles, only to lose it a few minutes later when the Chinese Reds swarmed over the ridges and pushed the outnumbered South Korean back in savage hand-to-hand fighting.

The Chinese also held "Finger Hill," near Capitol hill, after South Korean troops surged to

Cheaper Hay Available In Eastland County; Orders To Be Placed With P.M.A.; Small Deposit Be Requested

Cheaper hay is to be made available for farmers and stockmen in this county, according to a statement made Monday by Emmet Powell of the P.M.A.

Right now some stock growers are paying \$60.00 per ton for ordinary hay, and this is working a hardship that can't be overcome. Through P.M.A. good hay will be shipped into this county

Coach Hooker Is Rotary Speaker

A major portion of the program hour at the Rotary Club was given over to football, Monday. After the luncheon and business session, Jack Muirhead introduced Edd Hooker, new high school coach, who gave the first news of the season on Maverick football squad.

Mr. Hooker is not new in Eastland, and he served last year as assistant coach, and knows most of the 40 boys who will supply Maverick football players. While he is rather conservative, and did not engage in blowing, boosting or "predicting," he says on the surface the future is rather bright.

We are in a new conference this year, and the teams we will have to face are more in our class than they were last season.

Coach Hooker is of the type that thinks character building is more to be chosen than winning, if you have to compromise "right" in order to win.

The Mavericks will play their first game of the season when they meet Cisco at Cisco on Friday night of this week.

at about half that price. Good alfalfa, clover, sudan and the like may be purchased at from about \$28 to \$36.

Mr. Powell placed an order for 15 cars today. It will take from two weeks to 10 days to get it here. It will be handled in the county through feed stores, Mr. Powell said. Wilson Feed Store in Eastland, Tip Top Feed in Ranger; Thornton's, Cisco, and Golden Oaks Store in Gorman.

However, orders are to be placed at the P.M.A. office in Eastland. A deposit of \$5 per ton is required, with the balance payable at time of delivery. Buyers are urged to hold their orders down to a 30-day supply, in order to make it possible for greater distribution. Additional orders may be placed at a later date.

Concert Given By Shrine Band Well Attended

Mosiah Shrine Band is just as good as it was reported. Fact is most Eastland visitors declared that they were greatly surprised. The musical numbers, novelties and all were good, and a crowd of several hundred people enjoyed the program from beginning to end.

This band has given concerts all over the United States, and they have never failed to be asked for a return engagement. Eastland was no exception.

"Pep Rally" And Bonfire Slated For Thursday

High school pupils and others, in order to "shove off" the coming football season in modern manner, will begin with a "pep rally" at high school Thursday evening at 6:45 p.m. You are invited to be there, and to take part.

Yes, they are to have a bonfire depicting their own strength and "heat." They would like very much to "cook Cisco's goose" prior to their first game of the season which will be with Cisco at Cisco on Friday night.

The regular annual pep rally will be staged Friday morning, when most business houses will be closed, and all will go air to the auditorium at the high school, where they are to be greeted by a uniformed pep squad of 35 members. This group has representatives who attended a cheer leader school at SMU during the past summer, and they know how to manufacture systematic noise. Those attending the school were Mary Ann Henderson, Janie Dutton, Sue Gourley, Pearl Houston and Emma Lee Miller.

Be present. These kids will raise your blood pressure and fill you with enthusiasm.

W. B. Casey, 75, Buried Wednesday

Wesley Byron Casey, 75, passed away at his home at 1023 W. Main, Eastland at noon Monday, following an illness of several weeks. Funeral services will be conducted from the Hamner Funeral Chapel in Eastland at 2 p.m. this afternoon by Rev. Lee Fields, pastor of Mangum Baptist Church after which the body will be taken overland to Leroy, Tex., near Hubbard City.

A short service will be conducted at the Baptist Church at that place Wednesday afternoon. Interment will be made in the cemetery there.

Deceased has been a resident of this county for more than 32 years and had many friends. He was a member of the Mangum Baptist Church.

Survivors include his wife, Mrs. Nannie Casey, Eastland, six sons, Frances Casey of Cross Plains, George W. of Fort Worth, Clarence S. of Waco, James N. and W. E. of Fort Worth and H. R. of Eastland. One daughter, Mrs. Lee Hogan, also of Eastland. Sixteen grandchildren and one great grandchild.

Methodists Pay Tribute To All Pupils, Students

"Education is a continual process" was the theme of the pastor's sermon Sunday morning at the local Methodist Church, when the Eastland Public School System was honored, including the seniors who are leaving for college, the faculty, the beginning first grade pupils, and the board of education.

The students who were present and who were recognized were: Jim Ed Willman, SMU; Bob Frost, TCU; Rodney Stephen, SMU; Carita Seale, Cisco Junior College; Larry Miller, Hardin-Simmons; Zenna Grissom, TCU; John Whitley and Frances Van Geem, Cisco Junior College.

Other students who are already enrolled in college present were Stan Stephen, Texas U.; George Lane, Texas A&M; Jeanne Howard, NTSC; Mary and Jane Spencer, TCU; Bill Sikes, TCU; and Herman Hassell, A&M.

Sunday evening the college students were again honored at the regular meeting of the MYF when home-made ice cream and cookies were served to the group by Mmes Joe Stephen, Ed Willman and Henry Van Geem.

Approximately thirty young people attended the meeting Sunday evening.

By O. E. Lloyd

Walker Trial Is Again Postponed To October Date

Trial of Horace Walker of Dallas, former Eastland County delinquent tax attorney, has been postponed from Monday, Sept. 8, to a date to be set in early October by the 92nd District Court of Stephens County. Special Prosecutor Frank Sparks said Saturday.

The trial date was postponed after a court-appointed doctor had examined Walker and reported that the defendant was too ill of asthma and hay fever to face the ordeal of a court appearance at this time, Mr. Sparks said. The court had asked the Dallas County Health Officer to examine Walker and make a recommendation.

The Sept. 8 trial date had been set by agreement of attorneys several months ago. The new trial date will be determined by the presiding judge after he has had an opportunity to study his October docket, Mr. Sparks indicated.

Meanwhile, attorneys in the case argued in the Court of Civil Appeals in Eastland on Friday an attempt by Walker's counsel to overrule a decision of Judge Geo. Davenport on a motion for change of venue to hear a civil suit, Judge Davenport had denied a motion to move the suit, in which the state and county seek recovery of more than \$100,000 in funds allegedly collected and not turned in by Walker. Walker's attorneys appealed to the higher court, which is expected to reach a decision in the next few weeks.

It was learned unofficially that U. S. Attorney Frank Potter of the Federal Court has asked for permission from Washington to dismiss a federal indictment against Walker. Last spring, Walker's federal case, which grew out of an investigation of his Eastland County activities, came up for trial at Abilene. His counsel offered a motion to quash the indictment. At that time, Potter asked for a postponement of the trial to study the motion, indicating that it would be dismissed if he felt that a conviction might be unlikely.

When the Warm Springs Foundation is mentioned in Texas, you may expect people to respond.

Theatres over the state recently concluded a "drive for funds" for this worthy cause. Naturally Seibert Worley and the Majestic theatre were active in this one-week campaign. In making his report to Ray Beall in Dallas, Mr. Worley's letter, in part, follows:

Worley Sends In Check, Crippled Childrens Home

"It is with a great deal of satisfaction to enclose this check for \$20.79, which the citizens of Eastland contributed the past week through the theatre collections for the 1952 Texas Theatres Crippled Children's Fund, for the Tonzales Warm Springs Foundation.

"Personally, I think this is a wonderful tribute on the part of these citizens, as we are in the throes of the worst drought in these parts for the past fifty years, and business is almost at a standstill. The town itself is practically without water and it is being hauled in daily with the result that the water rate has gone to \$4 per thousand. In the face of all these hardships the wonderful people of Eastland realized that they were contributing to a worthwhile cause, and in my opinion they certainly did—"

Below follows a list of patients from Eastland county who have received treatment at Gonzales Warm Springs Foundation:

Tiajuana (Little) Alford, 300 West 8th St., Cisco; Robert Matthews (Mrs. Fred W. Matthews) Rt. 3, Ranger; Martha May Smoot (Mrs. W. N. Smoot) Rt. 2, Ringling Star.

AMARILLO, Sept. 9 (UP)—Rebellious Texas Democrats ended their state convention Tuesday united in opposition to Gov. Adlai E. Stevenson, but split on how far they would go in support of Dwight D. Eisenhower.

Gov. Allan Shivers, fighting mad at Stevenson because of the Democratic presidential nominee's opposition to state ownership of the tidelands, was scheduled to make the keynote speech. The role allows him to land the first political blow in any convention fight.

But the governor already had made clear his stand and was expected to recommend that the name of Stevenson be left on the Democratic ticket, because of moral and legal obligations.

Sources close to the state party chieftain predicted, however, that Shivers also would remind disgruntled Texas Democrats they were free to vote as they chose Nov. 4, thus giving a boost and an implied blessing to Democratic voters for Eisenhower, the GOP presidential candidate.

Die-hard conservative Democrats, many of them prominent in the States Right's insurrection of 1948, promised a floor fight aimed at putting the name of Eisenhower on the Democratic ticket in Texas.

Attorney General Price Daniel, Democratic nominee for the U. S. Senate and a leader in the fight against Stevenson, said he had come to the conclusion there was no legal way the convention could certify a Democratic ticket carrying the names of both Stevenson and Eisenhower.

Daniel, who arrived late Monday night from Colorado Springs, Colo., where he had been vacationing, said it would take an act of the legislature to make such a ballot possible.

Sources close to the attorney general recalled that Daniel told Shivers two weeks ago an immediate call of a special session of the legislature was the only answer to the legal problem.

Daniel said he would make no recommendations to the convention. However, he said that if the convention should urge a special legislative session to change present election laws, he would heartily endorse such action.

Ultra-conservative Democrats, centered in the Houston, Dallas, San Antonio and Longview delegations, forecast a floor fight over substituting the name of Eisenhower for that of Stevenson on the Democratic ticket.

S.S. Official To Be In Eastland

Mr. E. Glen McNatt, Field Representative of the Abilene office of the Social Security Administration, will be in Eastland at the City Hall, Drivers License Office, at 10:00 a.m. on Thursday, September 11 and 25. Persons wishing help in connection with retirement claims or death claims under the Social Security Act are invited to call at that time.

Persons in this area receiving old-age and survivors insurance payments are due for a raise when September checks are received about October 5, according to Ralph T. Fisher, manager of the Abilene social security office.

Fisher stated that the increase will average about \$6.00 with some people getting more and others less. In some family groups, the increase will be only to the retired worker. He stressed the fact that there is no form to complete, nothing to sign, and that there is no need to get in touch with the social security office to receive the raise. It is automatic and is based on the present payment.

Future social security claimants will also get the advantage of the change in the law. Provision has been made for them to have the higher payment rate from the time they start receiving their first checks.

CHRISTMAS IN SEPTEMBER—Tommy Yates, 4, gets a hug from Santa Claus during his September Christmas party in Vernon, Texas, following his release from a Dallas hospital. The youngster hovered between life and death for months after a beating by his mother last Christmas eve. Tommy's mother is serving a 10-year prison sentence for the assault. (NEA Telephoto).

Pioneer Teams To Launch '52 Play This Week

Four of the five Pioneer Athletic Conference football teams will launch their season schedules Saturday night against non-conference opponents.

Feature games will pit the San Angelo Rams, 1951 league champions, with powerful Del Mar of Corpus Christi at San Angelo and the vastly improved Schreiner Mountaineers of Kerrville with Wharton Junior College at Wharton.

San Angelo, with 15 lettermen and a host of outstanding high school recruits, is slated to be a strong contender for the conference title again this season but the Rams are expecting a tough time with the Corpus Christi eleven.

The Schreiner Mountaineers, featuring the expert passing of Bobby Bowmer, leading conference topper last season, and bolstered by outstanding high school transfers from Wichita Falls, are expected to get a thorough test from the strong Wharton eleven.

The Arlington State Rebels, who may give both San Angelo and Schreiner serious competition for the title this season, will play Cisco Junior College at Cisco. The Rebels, with 20 veterans and several promising recruits, are favored over the West Texans.

Coach Boone Yarbrough's Ranger Junior College Rangers, with a veteran backfield and an inexperienced line, will test the Decatur Baptist College Indians at Decatur.

The Tarleton State College Ploowboys, also due to be improved this season, will wait until September 20 to open against Cisco at Stephenville.

Effort Is Made To Force Trial Horace Walker

The Horace Walker cases may be continued indefinitely, it is thought. One embezzlement case was called for trial a few weeks ago, in Breckenridge, but at that time the jury was dismissed and the case postponed or continued.

A little later Walker appeared in a Dallas Court, fortified with a "physicians" statement, and obtained a ruling that he was a sick man and not able to attend court.

Recently an effort was made by Joe Nuesle and Frank Sparks, State's attorneys, to end this indefinite continuance. However, the court ruled against such action.

Walker is alleged to be suffering from hay fever.

Wilson Feed Co. Has Authorized Mixing Station

Wilson Feed and Seed Co., local feed distributor of Eastland, Tex. has been made an approved custom mixing station, according to an announcement just received by them from the Ralston Purina Co., St. Louis, Mo.

"We are fully qualified," they say, "to render the type of custom grinding and mixing service the Ralston Purina Co. authorizes in the announcement. We are completely equipped to grind farmers' own grains and mix into them balancers that the Purina Research Laboratories and Purina Research Farm have found to be practical and economical. By grinding the farmer's own grain and blending it with the proper Purina balancer, it is possible to increase the return a farmer gets from his grain when he markets it through his livestock and poultry in the form of pork, beef, eggs or milk."

Certain definite standards had to be met before they could become a Purina Custom Mixing Station, according to them.

"We have been provided with the Purina Rations Service which entitles us to the help of the Purina Laboratories and Farm on any special needs of our customers. In addition these laboratories have provided us with a complete set of rations using corn, oats, wheat, barley, rye, or sorghum grains and Purina balancers. Also, as a Purina custom mixing station we must send samples of mixtures from our grinder and mixer to the Purina Analytical Laboratory so they can check the uniformity and accuracy of our machinery."

"This arrangement," they say, "makes it possible for us to render an unusually high quality of accurate, uniform and profitable feed mixing service to the farmers in this vicinity—a service particularly adapted to local feed conditions."

Highway 80 Bids Will Be Opened September 16-17

Bids will be opened Sept. 16 and 17 totaling \$8,000,000 for highway improvements in this state. Among them will be those on Highway 80 between Eastland and Ranger.

Plans call for a modern four-lane divided rural section with arterial street entrances in each city.

The highway will be 9.6 miles of grading, structures, flexible base and hot asphaltic concrete pavement for the Ranger-Eastland strip.

Gambler Costello May Be Deported

WASHINGTON, Sept. 9 (UP)—The government's denaturalization action against gambler Frank Costello is aimed at sending the underworld boss back to his Italian homeland, informed sources said Tuesday.

They reported that government attorneys are studying methods to deport the gambling kingpin if the attempt to take away his citizenship is successful.

Attorney General James P. McGranery announced Monday that denaturalization proceedings will be instituted against Costello at once, based on charges he made false statements when applying for citizenship in 1925.

McGranery said that when Costello applied for naturalization he failed to reveal that he had been convicted in 1915 under the alias of "Frank Severio" for carrying a concealed weapon and had served a one-year jail sentence.

Firemen Quench Two Grass Fires; Issue Warnings

The Ranger fire department was called to Spring Road at 3:05 p. m. Monday to extinguish a grass fire and then made another run this morning at 9:25 a. m. to Haag Street to another grass fire that had gotten out of control.

A spokesman for the fire department has issued a warning to all Ranger residents concerning the burning of grass and garbage. He stated that due to the extremely dry weather and lack of water, a

Record Seeking Swimmer Nears 300 Mile Goal

NEW MADRID, Mo., Sept. 9 (UP)—Antonio Abertondo of Argentina stroked toward a new world's distance swimming record Tuesday, coming within a half day and 60 miles of his goal at 4 a. m. est.

A passing towboat reported to the Marine radio station at St. Louis that the stocky, light-hearted Argentine was four miles up the Mississippi river from New Madrid and still going strong at that hour.

The radio on the yacht Eucaneer accompanying Abertondo was out of commission, but it was reported that he still maintained a phenomenal 60-stroke-a-minute pace.

New Madrid is 250 river miles south of St. Louis, where he started his attempt at a 300-mile record. To go 300 miles, Abertondo would have to swim past Caruthersville, Mo., 42 miles downstream from here.

At 4 a. m. he had been in the water 69 1/2 hours.

He has until 1:24 a. m. Wednesday to complete the 60 miles downstream to Caruthersville to surpass John Sigmund's record of 89 hours 52 minutes in swimming 292 miles down the Mississippi.

Abertondo plunged into the river

fire of any kind could cause extensive damage. He asks that extreme caution be exercised when burning rubbish.

Texas Co-ed Is Top Freshman At Oklahoma Univ.

NORMAN, Oklahoma, Sept. 9 (UP)—An Amarillo, Tex., co-ed was the "outstanding girl freshman" of the University of Oklahoma last school year.

Carolyn Kay Adams was honored Monday night with the \$250 Lottinville prize for freshmen women, awarded for the first time this year to recognize scholarly endeavors, to reward the exhibition of moral force of character and to promote a willingness to lead and take an interest in their fellows by undergraduates in the University of Oklahoma.

Small Craft Warning Out At New Orleans

NEW ORLEANS, Sept. 9 (UP)—Small craft warnings have been ordered up along the coast from Brownsville to St. Marks, Fla.

The U. S. weather bureau in New Orleans ordered the warning up for 6:30 a. m. est Tuesday. It said:

"High pressure through the Atlantic states will cause easterly winds, occasionally 25 to 35 miles per hour."

at 6:30 a. m. Saturday in St. Louis. Sigmund, a St. Louis butcher, set the existing record in 1940 on the same 300-mile stretch, but fatigue forced him to stop eight miles from his goal.

The Argentine showed little signs of fatigue as he passed Hickman, Ky.

Red Chinese Would 'Try' Gen. Boatner

MUNSAN, Korea, Sept. 9 (UP)—Communist China threatened Tuesday to try the "notorious butcher" Maj. Gen. Haydon L. Boatner before an "international tribunal" as a war criminal.

Radio Peiping said the former commander of the Koje Island prison camps who crushed Red defiance on the island last June "has admitted that the Americans are treating Korean and Chinese prisoners with medieval barbarity." Peiping said Boatner "revealed this in San Antonio, Tex." but

was extremely vague as to what Boatner said.

Peiping quoted "this monstrous American" as saying in San Antonio that he used "red hot poker" on prisoners. It said he was responsible for "massacres" on Koje Island.

The largest artificial lake in the world is Lake Mead, created by the Hoover Dam in Arizona-Nevada. It is 115 miles long, storing more than 31,000,000 acre feet of water.

Come On In and Order One... Today!

There are many people in this community who want a Cadillac ever so badly—and who are almost persuaded to order one—

—but who, for one reason or another, are just holding back and waiting.

To all these people we wish to say: "Come on in and order your Cadillac today!"

Every day you wait is simply postponing, still further, the wonderful time when you can enjoy the many delightful things a Cadillac will bring you.

There is, for instance, the deep feeling of pride which comes from owning a car which is universally acknowledged to be the Standard of the World...

... the great satisfaction that comes from driving a car so quiet you can "whisper and be heard"; so easy to handle that driving is no conscious effort at all; so comfortable and restful that a day at its wheel is the essence of relaxation...

... the comforting confidence that comes from knowing your car is so soundly-engineered and so beautifully-built that you can keep it and enjoy it over almost any period you may care to designate...

... and, finally, the happy knowledge that you probably paid less for your Cadillac than hundreds of thousands of people who are driving other makes of cars—for there are numerous models produced by other manufacturers which actually cost more than the lowest-priced Cadillac!

Isn't all this too much to miss for even one needless day?

Owners of Cadillacs will tell you it is—out of their own experience. Time and again, people who have just moved up to Cadillac have said to us—"Why did I wait so long to enjoy all this?"

That's why we urge you to come in today and start down the happy road to Cadillac ownership. You have already missed too much—too long!

Cool weather calls for hearty desserts—such as this tender, juicy Apple Pie—served warm.

Serve the all-time favorite, Apple Pie, for dessert tonight when hungry children trip in from school. It doesn't take long to make—and how pleased your family will be.

The recipe for the crust makes golden color and tenderness as easy... well, as easy as pie. The pretty design is no trick at all. Make one like it or draw upon your imagination plus a cookie cutter for your own version. Be sure, though, that there are openings in the top of the crust to let out flavor-laden steam from the baking apples. Press the top and bottom layers of pastry together and there'll be no spilling over of savory juices.

If you are hurried, order a baker's pie and pop it in a low-heat oven just before dinner is called.

Everyone is convinced that Apple Pie is good eating. Ever consider, though, that it has important nutrient contributions? The enriched flour in the crust contributes extra B-vitamins, food iron and protein. The apples add more vitamins and minerals. Feature Apple Pie at your next dessert party. Trim the pie with wedges of sharp Cheddar cheese and serve along with a bowl of grapes and a dish of salted mixed nuts.

APPLE PIE

2 cups sifted enriched flour
1 teaspoon salt
Sift together flour and salt. Cut or rub in shortening. Sprinkle with water, mixing lightly until dough begins to stick together. Divide dough in half and let stand while preparing Apple Filling. Roll out half of pastry to circle 1/4 inch thick and line pie pan with it. Fill with Apple Filling.

Apple Filling
1 1/2 quarts apples
3 tablespoons melted butter or margarine
1 cup sugar (about)
2 tablespoons enriched flour
1 teaspoon cinnamon
Peel and slice apples. Mix lightly with butter or margarine and lemon juice. Combine sugar, flour and cinnamon and mix well.

1 cup shortening
3 to 5 tablespoons cold water
Roll out other half of pastry to circle to cover pie pan. Place on top of Apple Filling. Trim and flute edges. Cut design in top pastry. Bake in hot oven (450° F.) 15 minutes. Reduce to a moderate oven (350° F.) and continue baking 30 minutes, or until apples are tender.

1 cup shortening
3 to 5 tablespoons cold water
Roll out other half of pastry to circle to cover pie pan. Place on top of Apple Filling. Trim and flute edges. Cut design in top pastry. Bake in hot oven (450° F.) 15 minutes. Reduce to a moderate oven (350° F.) and continue baking 30 minutes, or until apples are tender.

Former Dallas Sheriff's Cafe Damaged By Fire

DALLAS, Sept. 9 (UP)—Former Dallas County Sheriff Steve Guthrie, now a restaurant man, counted \$1,500 damage Tuesday to one of his eating establishments from a fire apparently caused by a defective neon sign.

The fire late Monday was the second mishap to a Guthrie restaurant. Earlier this year, one of his places was mysteriously bombed.

Your Oldsmobile Dealer promises you the

"MOST THRILLING EXPERIENCE"

.. YOU'VE EVER ENJOYED IN A MOTOR CAR!

As Oldsmobile dealers we can make that promise—confidently, enthusiastically—because Oldsmobile today offers the most complete line-up of features we've ever offered. First, of course, there's the Rocket! Biggest name in engines—biggest buy in horsepower—biggest thrill on the road! But you can't appreciate the "Rocket" until you try it! And the same goes for Hydra-Matic Super Drive*, Power Steering*, the Autronic-Eye*—they're all what we call "demonstration" features. That's why we urge you to make a date with a "Rocket 8" and learn for yourself how thrilling it can be to drive an Oldsmobile!

ASBESTOS BOARD TO THE RESCUE

New Barn-Saving Technique

Even though they seem hopelessly dilapidated, old farm buildings often can be given new life by the use of modern materials. These pictures tell the story of the rejuvenation of a 70-year-old barn on a farm near Monica, Ill. Before remodeling, it appeared ready to fall to pieces. The framing lumber was still sound, however, so the owner had the building straightened. He then covered the sidewalls with large sheets of asbestos-cement board. Because asbestos board is fireproof, rotproof and termite-proof, the barn is ready for another lifetime of service—and this time no painting will be needed for preservation. Instructions for this kind of barn re-siding can be obtained free by writing the Asbestos-Cement Products Association, 509 Madison Avenue, New York 22, N.Y.

Motions Overruled

Photographers Will Vie At Fair For Money

Texas Press Photographers will have a chance to win awards totaling \$350 for photos entered in the Texas Press Photographers contest at the 1952 State Fair of Texas.

The exhibition will be held at the Dallas Museum of Fine Arts, Oct. 4 through 26, and is sponsored by the Dallas-Ft. Worth Press Photographers Association, the State Fair and the Museum.

Pictures made by Texas press photographers between Sept. 1, 1951 and Sept. 1, 1952, are eligible for the show.

Six classes are listed—spot news, feature, sports, pictorial, birds and animals, portraits and personalities. Prizes for each class are \$25, \$15, and \$10.

The public will vote on their favorite picture, and the winner in this special class will receive a plaque and \$50 award.

All entries must be at the museum by Sept. 20.

Each picture should have the photographer's name in the right hand corner and the title in the left. If the pictures are to be re-

Try the car that makes you whistle twice!

Standard equipment, accessories, and trim illustrated are subject to change without notice. White side-wall tires optional at extra cost.

YOU'LL WHISTLE FIRST AT ITS CLEAN, FRESH, YEARS-AHEAD STYLING

Think back to the number of times you've turned to get a second look when a new Mercury swept by. That's because there's something new, exciting, and beautiful to look at. For Mercury is a freshly styled car . . . with a breath of the future about it. It looks to tomorrow, doesn't borrow from yesterday as do so many so-called "new" cars today. You get a car you'll be prouder of—a car friends will envy more—and a car that will be worth more at trade-in time, if you can ever bear to part with it.

YOU'LL WHISTLE AGAIN AT THE THRIFT OF THIS ECONOMY CHAMPION

The big whistle will come when you become a Mercury owner . . . when you find out just how thrifty this great car can be. For this is the country's top economy car . . . repeat winner against all comers in the famous Mobilgas Economy Run. And that means economy and power, economy and comfort. Because the coveted Sweepstakes prize always goes to the car with the best balance of these qualities. There's a Mercury waiting for you to try at our showroom. Why not make it today?

Parents Neglect Dental Care For Younger Children

AUSTIN—One-half of all children between three and nine have never been to a dentist, according to surveys, and the State Department of Health tags that as one reason why there are some 284 million cavities in the teeth of American kids between those ages.

- 1. A well-balanced diet with consumption of sweets kept to a minimum. Sugar in excessive quantities produces the destructive mouth acids that cause dental decay.
2. Proper tooth brushing, beginning at an early age. This means brushing the teeth within ten minutes after eating.
3. Early detection and care of dental defects. This will prevent large troubles later. Neglect may produce serious dental problems which will continue throughout

SECOND HAND BARGAINS We Buy, Sell and Trade Mrs. Margie Craig 208 W. Commerce

Shivers Will Open Prison Rodeo Oct. 5

Governor Allan Shivers will, for the fourth consecutive year, again officially open the Annual Prison Rodeo, Sunday, October 5th and that date has been named Governor's Day by prison officials. The announcement of the Governor's acceptance of the Prison Board's invitation to officiate at the rodeo's 21st year opening day ceremonies was made by the Board's Rodeo Committee Co-Chairmen, French M. Robertson of Abilene, and H. H. Coffield of Rockdale. In addition to the State's life.

4. Either access to drinking water from a community water system containing the proper amount of fluorides for tooth decay prevention, or application of sodium fluoride to the teeth at periodic intervals. Children who drink fluoridated water from birth have from one-half to two-thirds less tooth decay than those who drink fluoride-free water. Americans as a whole are highly susceptible to tooth decay by virtue of their diet, the state health officer points out. As a matter of fact, dental authorities say, this country has often been called "a nation of dental cripples."

State Fair To Be Loaded With New Acts In '52

More fun at the fair this fall—bigger, better, different shows and attractions of all kinds—that's the happy prediction of James H. Stewart, general manager of the State Fair of Texas, Oct. 4 through 19. Dean (Handsome) Martin and Jerry (Horrible) Lewis, America's funniest and most entertaining music and comedy team, will star in an all-star revue in the air-conditioned Auditorium nightly with matinees Saturdays, Sundays and Thursdays. The show also includes Songstress Kitty Kallen, Magician Carl Ballentine, the Bob Williams' dog act, Juggler Ben Beri, the Szonys, the Mayo Brothers and Barr & Estes. Famed band-leader Dick Stabile will conduct

first citizen, members of the Legislature and other State officials have also been invited to attend the big convict show on that date as guests of the prison management. To be featured as special guest attraction for the day, the 130 piece University of Texas Longhorn Band will come to Huntsville to play and perform drill and marching routines between inmate riding events. Featured with the Longhorn Band will be the Texas Stars, a separate organization of twirlers and majorettes who appear with the band at football games wherever the band plays on Saturday before the appearance at Huntsville the band plays at Memorial Stadium in Austin for the Texas-Notre Dame game. Specialty acts from outside rodeo circuits that have been booked for the prison show this year include some of the best in the nation. Chief of these are the Hendricks Family, who won the plaudits of thousands at the Madison Square Garden World championship Rodeos for two years, with their trick riding and comedy acts. Jess Reynolds, professional rodeo clown, will bring his 'Liberty Act' the only one of its kind in the world, executed with six registered white Brahma bulls, to Prison Stadium for four rodeos. The Mounted Quadrille without which no rodeo is complete, will be performed by Angelina County Mounted Quadrille group from Lufkin, Texas, known throughout East Texas for their excellent horsemanship and colorful riding regalia.

ROYAL VISITOR—Prince Abdullah Feisel, grandson of King Ibn Saud of Saudi Arabia, got a big kick out of the striking view at Grand Canyon. He and his party, touring the U. S., spent two days there.

a full orchestra. The sparkling Ice Cycles of 1953 will be presented nightly with matinees Saturdays, Sundays and Oct. 8. The brilliant production numbers and clever specialty acts will feature a full-scale presentation of Walt Disney's "Cinderella."

"Show Boat" the beloved Jerome Kern musical, will be presented several times daily in a unique "music-in-the-round" version. Although the show runs only an hour long, not one song has been cut. The Aut Swenson Thrillcade, breath-taking sensation of the speedway, will hold sway for 24 daredevil performances in front of the Grandstand.

The Variety Club Circus, a top professional three-ring circus, will have several performances daily on the Midway, with a full complement of aerialists, elephants, equestrian performers, acrobats, clowns, and the trained camel-and llama act that is the only one of its kind in circusesdom.

The famous Stan Kramer Puppets, fascinating marionette performers that do almost everything that humans can do, will give four to six shows daily, with admission free.

The free Magnolia Sky Revue will thrill fairgoers with twice-daily shows by death-defying aerial performances on the Midway stage.

The million-dollar Midway itself will be better than ever, with its dozens of thrill rides and side-shows. The fabulous double ferris wheel "Sky Wheels" will be back, along with an amazing new ride, the Rotor, that must be seen and ridden—to believe.

Texas Highways Get Punishment

AUSTIN, Sept. 9—Texas Highways take a pounding from 81 million miles a day of automobile and truck traffic, according to recent studies of the State Highway Department.

Of that amount, 47 million miles a day are driven over roads financed entirely with state funds. Federal and county funds are used in financing a portion of the remaining roads.

According to the Texas Good Roads Association, 56 per cent of the state maintained system now is more than ten years old. It has passed the half-way mark of the 20-year life expectancy for such highways. This accounts for the large amount of current revenue that must be used on maintenance instead of new construction on the state's system.

Oil Surveys Speeded By New System

TULSA, Okla., — Oil surveying has been speeded up almost 100 per cent through an improved technique for logging well characteristics, it was reported here today. The new system accelerates

Brite College Votes To Accept Negro Students

FORT WORTH—Trustees of Brite College of the Bible have voted unanimously to admit Negro students to the graduate work of the seminary, Brite College of the Bible announced Saturday. The trustees agreed to accept Negroes under the same standards and requirements as those necessary for other students.

The trustees' motion read: "To admit Negro students, who have completed their A.B. work at a standard college and who meet all the scholastic and character requirements, to the Brite College of the Bible to work for a graduate degree or degrees in the preparation for full-time church service.

"It is understood that such Negro students must meet the same standards and requirements for this graduate work which have to be met by all other students." The trustees present for voting on this matter were: Dr. L. D. Anderson of Fort Worth; Dr. Elmer Henson, Houston; Dr. Gran-

vills Walker, Fort Worth; Dr. Oliver Harrison, Corpus Christi; Douglas Tomlinson, Fort Worth; Lewis Ackers, Abilene. D. G. McFadin of Dallas and Mrs. I. C. Brite of Marfa voted in favor of the policy although they were not present at the meeting.

Brite College of the Bible is a graduate seminary of the Disciples of Christ (Christian) Church. Students are admitted to Brite College after they have completed a bachelor's degree at a recognized college or university.

After some seven months of field tests, Wells reports that their engineers have been averaging two holes in about the same time it formerly took to log one.

Nash Ambassador "The Finest Shock-Proof Ride In the World Today!" —says Tom McCahill

THIS IS THE VERDICT OF THE NATION'S LEADING IMPARTIAL MOTOR CAR EXPERT AS REPORTED IN MECHANIX ILLUSTRATED MAGAZINE, SEPTEMBER, 1952, ISSUE NEVER has an automobile received a finer tribute than that accorded the Nash Ambassador by MECHANIX ILLUSTRATED Magazine's Tom McCahill, outstanding car expert.

- "The finest shock-proof ride in the world today... Undoubtedly the best bump-leveler we have."
"On an acre-per-dollar basis, the bargain of the year."
"Among the best performing cars made in America."
"In hill-climbing, it takes a back seat to none."
"This year's line is by far the best Nash has ever offered, and that's saying a lot."
Visit your Nash dealer. See and drive America's first cars styled by Pinin Farina, whom McCahill calls the "Rembrandt of automobile design"—the Golden Airflytes. One ride and you will agree with Tom McCahill.

RING AND VALVE JOB, \$6 "MOTALOY"

Does it while U-Drive. Stops oil burning, raises compression, saves fuel.

No equipment to buy; no work to do: Do away with old fashioned rings and valves by just dropping method of replacing worn pistons. "MOTALOY" tabs in fuel tank of cars, trucks, motorcycles, tractors, diesels or any internal combustion engine. "Motaloy" does the rest: It builds up worn rings, valves, pistons, etc., through the plating process which will last for 200,000 miles. (Guaranteed non-injurious to finest engines). First results noted after 100 miles.

FIRST STEP TO GOOD GRADES Congratulations to Dad... for providing good lighting for Junior's study area! We don't promise that an improvement in lighting will guarantee straight A's every time... but it is true that proper lighting helps Junior get homework done more easily, more thoroughly, and more pleasantly. And especially important, it protects your youngsters from eye fatigue and other eye troubles caused by poor lighting. See the new sight-saving lamps at your favorite dealer now... and light up for easier seeing. "BETTER LIGHT + BETTER SIGHT = BETTER GRADES" TEXAS ELECTRIC SERVICE COMPANY W. B. PICKENS, Manager

WOMEN'S ACTIVITIES

WSCS Open Fall Season With Coffee In Church Parlor

Both circles of the Women's Society of Christian Service met Monday for an 8:30 coffee in the parlor of the First Methodist Church, hosted by Meses R. E. Sikes and O. M. White, circle chairmen.

This was the first of the meetings of the fall season. Doughnuts and coffee were served from a table laid with a lace cloth and decorated with an arrangement of garden flowers.

Mrs. W. P. Leslie, president, presided and opened the service with the song, "What a Friend We Have In Jesus," with Mrs. L. C. Brown at the piano. Mrs. W. F. Davenport gave the prayer.

Following a business session and reports of officers, Mrs. Leslie presented Mrs. J. Morris Bailey, who gave the devotional entitled, "Faith and Forgiveness."

Announcement was made of the district seminar, an all day meeting to be held here, Sept. 18, with

a paper sack lunch at noon. The annual turkey dinner and church bazaar was discussed with Mrs. Frank Castleberry, general chairman, appointing committees. Price for the meal was set one dollar a plate and time name as Nov. 14.

Mrs. Leslie also expressed thanks for having represented the group at the recent convention in Georgetown. Mrs. Clyde Young reported on the recent meeting of children's workers in Glenrose.

The service was closed with the "Lord's Prayer" repeated in unison. Others attending were Meses Ora B. Jones, Cecil Collings, A. E. Cushman, Cyrus Frost, Ina Bean, R. L. Watson, T. M. Johnson, I. C. Heck, E. M. Grimes, C. A. Ranney, H. L. Hassell, T. L. Fager and Anderson.

Dance Club To Have Annual Business Meet

Members of the Eastland Dance Club are urged to attend a business meeting of the club to be held at 7:30 p.m., Wednesday, Sept. 10th, at the Texas Electric Service Company Club Room. New officers for the coming year will be elected at this time.

Wed. Sewing Club Meets In Wright's Home

The Wednesday Afternoon Sewing Club met this week in the home of Mr. and Mrs. A. W. Wright, Jr., 1501 South Bassett Street.

Plans were made for a hot-dog supper to be held Friday night of next week, Sept. 12, in the home of Mr. and Mrs. James Wright, during a business session presided over by Mrs. J. R. Powers, president.

Mrs. William Beggs was honored on her birthday with a special party planned by the hostess. The beautifully decorated cake centered the refreshment table. It was in pink and white and had "Happy Birthday Connie" inscribed on top.

Games were played and prizes awarded the winners, then everyone gathered around the table and sang happy birthday. A gift from the members was presented to Mrs. Beggs.

A visitor, Mrs. Joe Lummis of Dickinson, mother of the hostess spent the afternoon with the group. Others present were Mesdames Powers, James Wright, M. G. Key, Richard May, John Turner, Davey Mitchell, William Beggs, Orvall Lendhardt and several children of the members and the hostess, Mrs. Wright.

Picnic At Durham Home Honors The G. A. Plummers

Mr. and Mrs. Harold Durham, and Mr. and Mrs. Hollis Bennett of Abilene honored Mr. and Mrs. G. A. Plummer when they entertained Saturday evening with a picnic in the yard of the Durham's home, 909 South Seaman Street.

The meal, consisting of baked ham, potato salad, fruit salad, baked beans, home made ice cream and cake, was served buffet style from a table laid with a colorful cloth and pottery.

Guests were seated at game tables in groups of four and included Messrs and Meses, Ben Hammer, E. O. Everett, Don Parker, Mr. and Mrs. J. T. Cooper, of Abilene, the honorees, who were presented a parting gift by the hosts and hostesses.

Mr. and Mrs. Plummer are moving next Monday to Midland, where Mr. Plummer has been transferred by the Lone Star, for whom he is employed.

Baptist Youth Leaving For College Soon

College students from the First Baptist Church who will be entering college this week and next include Billy Ed Owen, Gay Poe, Monette Scott, Betty Allison, James Allison, Tim Akers, Herbert Weaver, Darrell Black, Guyrene Robinson, Claudine Lasater, Ben Green, Bob Womack, Margie June Poe, Doug King, Richard Bumpass, Charles Lane, and possibly others.
