## Around The Square

With Mack

We do not know whether our drouth is to be broken this week, but we do know that it is sure pouring down rain as these lines are written. If it will keep this up for a day or so, may be wet enough to begin considering a turnip patch.

While we have, in a way, learned to live without water—that is very, very little water, it is still appreciated here, and at times comes in pretty handy. For instance in case of a big fire, water is better than sand, and a lot easier to handle. Cars will run without water—just fill them with anti-freeze. This is a little dangerous for it will be only a matter of time until a lot of people will learn that some brands may be used for beverage purposes.

Of course if you decide to go on a "bender" and anti-freeze is your only drink, it might be advisable to postpone the bender. Some of that stuff will eat the lining out of your stomach, turn your eye balls green and cause you to froth at the mouth. After all this happens to you, you will be permitted to die a very painful death, go on to hell, and spend the rest of eternity looking for a fire extinguisher.

For once take our advice and don't partake. Even if you should live you will have running fits, deliriums, foot and mouth disease, and probably "iechen yiechen" more commonly known as the 7-year itch. It just isn't worth it, fellow—try sarsaparilla.

It actually costs less to ship two gallons of gas to New York, than to mail a postcard. This is one of the fruits of keen competition among the thousands of oil transportation companies. This gets us back to the law of supply and demand. America does not need the OPS, and never did. If some fellow decided to bounce prices up and make a million in a hurry, he will learn that several of his friends decided to hold prices to a fair level and they got all the business. His high priced merchandise will rot on the shelves while he seeks voluntary bankruptcy.

He may win for a day, but will always lose in the end. The fellow who thinks he has the world by the tail and has a down-hill pull, usually runs up against a stone wall, and finds that the world and all its people have pinned him under.

This country is not socialistic in character or design. It is just as Democratic as our people know how to make it, and they plan to keep it that way.

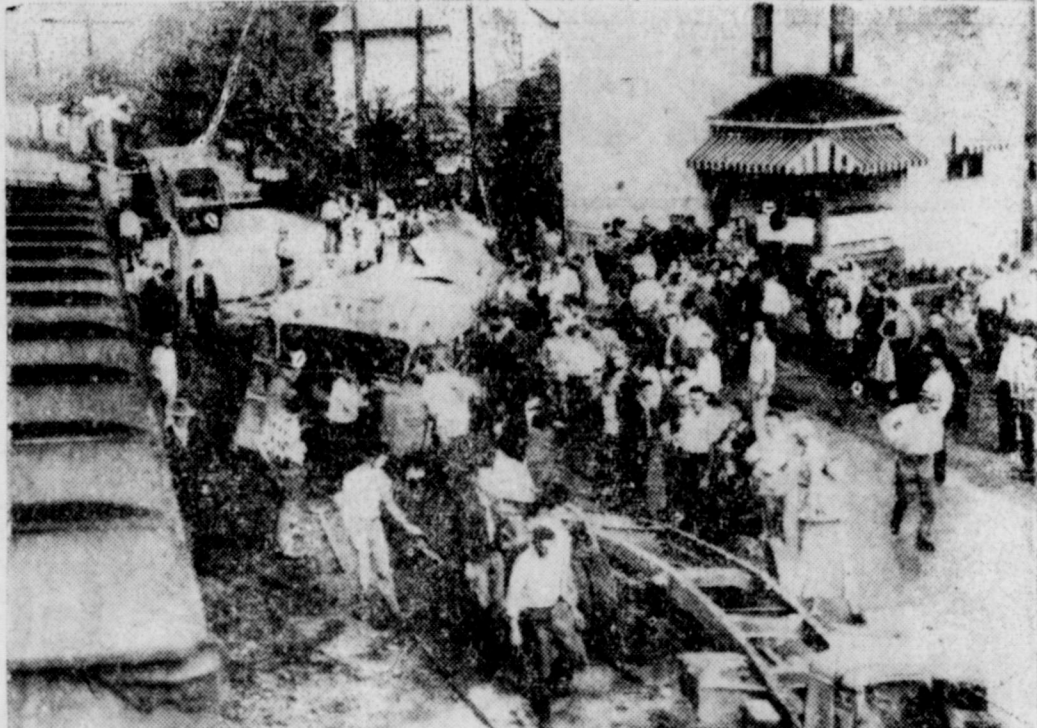

We are aware that we have some competition. Joe Stalin has plenty of paid "henchmen" in this country, and to our way of thinking some of these fellows are drawing pay from Joe and this Government as well.

Maybe this condition will be cured one of these days. We still have plenty of good people in this country. We have more honest men than we do crooks, but the crook is just more noticeable. Even a Communist should be given a fair trial, though it seems that a fair trial and justice is not what he is asking for. If he got justice he will never be able to assist Joe again. What he really wants is complete freedom while he is trying to wreck this country. It is our job to see that he gets justice. When we begin serving him this dish, he will be leaving out for Russia. He just can't take it.

## Texas Oilmen Vie For Two Top Speakers

ODESSA, Sept. 18 (UP)—Sponsors of the Permian Basin oil show Oct. 16-19 hoped Thursday that both presidential nominees would speak at the event. They have invited both Republican Dwight D. Eisenhower and Democrat Adlai Stevenson. They said the candidates have not yet replied. Sponsors said more than 100,000 persons were expected to attend the event. More than 300 exhibitors will be present. Along with a parade, dances, shows and meetings of oil organizations, a barbecue for 15,000 persons is on the show program.

## Farmers Paying Off FHA Loans; Plan Big Asset

On October 9, 1952, at ceremonies to be held in the New Livestock Arena, State Fair grounds, Dallas, recognition will be given to the achievements of more than 300 Texas FHA farm families who have repaid their loans this year. Certificates of achievement signed by R. L. Thornton, President of The State Fair of Texas; and L. J. Cappelman, State Director of Farms Home Administration will be awarded those farmer whose loans have been paid this year from agricultural income.

An address pointing up achievements of these farmers will be given by the Honorable Lyndon B. Johnson, United States Senator from Texas, Senator Johnson will be introduced by the National Administrator of Farmers Home Administration, Dillard B. Lasseter, W. M. Burkes, Chief of Farm Ownership Division in Texas, will present the certificates to the Farmers. The Senator, chairman of the Senate Preparedness Subcommittee, is also scheduled to open the State Fair October 4, with an address.

Johnson, whose home is Johnson City, received the H. H. Arnold trophy from the Air Force Association for "statesmanship of the highest order." The other Senator to share the award was Joseph C. O'Mahoney of Wyoming.

The citation said Johnson helped bring to light many valuable military facts upon which sound air power legislation could be based.

The 44 year-old solon went to the Senate in 1948 after serving 12 years as a congressman from the Texas 10th District. During World War II, he was a lieutenant commander from December 10, 1951 to July 16, 1942. He was state director of the National Youth Administration in 1935-37.

The ceremonies will begin promptly at 1:00 p.m. October 9, County Supervisor, George I. Lane announced this week. The farm families to be recognized will include two from Eastland County, he said. He is making plans to accompany a delegation of six farm families to Dallas for the event, which will be the Fifth Annual Achievement Day observed by Farmers Home Administration. Of the more than 6,000 loans made in Texas under the Bankhead-Jones Tenant Purchase Act, more than half have been paid off, and the farms are now owned, debt free, by farmers who were at one time tenants. A feature of the Achievement Day's program will be radio interviews of successful farmers who have followed FHA directions in their farming operations.

## Tanner-King Go To Austin For Highway Meet

H. J. Tanner, chamber of commerce manager, and H. L. King, member of the chamber of commerce highway committee, returned from Austin last night, after attending the letting of the contract, by the highway commission for the new four-lane highway from Eastland to Ranger. Tanner stated that Ernest Lloyd, of Fort Worth, was the successful bidder, and that Mr. Lloyd said work would start within thirty days on this improvement to Eastland County's highway system.

## Clod Soaking Rain Falls Over Major Portion Of Eastland County; Olden Leads With 3 Inches; Eastland 1.55

If the drouth was not broken Wednesday, when two heavy downpours of rain passed through Eastland County, it was indeed badly crippled. While the rain was heavier in some sections than in others, reports seem to indicate that every nook and corner in the county got some rain.

Olden and community had a precipitation totaling between 2 1/2 and 3 inches. The first shower registered 1.95 inches and the second shower was about an inch. In Eastland the Telegram's downtown rain gauge registered 1.55 inches, though north of the city the rain was considerably heavier. Morton Valley had two good rains, as well as considerable wind. Trees were blown down and several barns and sheds were damaged. Riley Morton's garage was torn down.

Ranger reported 1.18 inches, and Hagaman Lake caught 2 inches of water.

Peanut farmers in the southern portion of the county will be benefitting to a certain degree. They can now look forward to a crop of some kind, while ten days ago this was not possible, and many of them were plowing up and making hay of the vines.

The Eastland City Lake did not catch any water other than that which was rained in. However, another rain will find water flowing into the lake, and it is thought that most of the tanks and lakes on the upper end of the water shed have been filled, and now the

## Taft Makes First Speech Supporting Ike For President

SPRINGFIELD, Ohio, Sept. 18 (UP)—Sen. Robert A. Taft labored Gov. Adlai Stevenson a "captivity" of the Truman administration Wednesday night and urged Americans to vote for Dwight D. Eisenhower for president.

Taft called for support of Republican candidates down the line in the first speech of his personal campaign for the five-star general who beat him out of the Republican presidential nomination in Chicago last July.

"Mr. Republican" told an enthusiastic crowd of 2,100 in Memorial Hall here that Eisenhower had "proved his capacity to lead, his sound knowledge of men and world conditions, and his grasp of the fundamental principles of American free government."

"Well, it's started now," he beamed afterwards. He will join Eisenhower at Cincinnati next week for a three-day whistle stop tour of Ohio. He plans a series of 30 speeches in 19 states on behalf of Eisenhower before election day.

The senator drew his loudest applause when he said: "There is only one way to change the philosophy of government spending and power, and that is to elect General Eisenhower and let him create a new administration, with new faces and new thoughts." The "one great fundamental issue" in the 1952 election, Taft declared, is "the resumption and continuation of progress under a free American way of life, as opposed to the alleged advances to be obtained by surrendering our money and our freedom to the tender mercies of an all-powerful and arbitrary government."

water may go on to replenish the almost dry City Lake.

The Staff community reported a 2 1/2 inch rain, with considerable run-off. Range conditions will be greatly improved, and should we have a few weeks warm weather, grass and weeds will be green.

## North Lamar Is To Begin Revival

The North Lamar Baptist Church will begin its Fall revival tomorrow (Friday) night, and the public invited to be present and take part in the services. Services will be conducted each evening at 7:30 p.m.

Rev. J. C. Weathers of Rising Star, will do the preaching.

## Third Sunday Singing To Be In Eastland

The regular third Sunday afternoon singing will be held at the Church of God in Eastland at 2:30 p.m. September 21st.

## TEC Agent In Eastland On Two Thursdays

Several persons have tendered inquiries at the Chamber of Commerce concerning the days the representative of the Texas Employment Commission would be in Eastland County.

Manager R. V. Galloway contacted the commission and has been notified that the agent is in the county courthouse on every other Thursday.

The dates of the visits are Sept. 18, Oct. 2, 16, and 30, Nov. 13 and 27, and December 11 of this year.

## Curtis Simpson Accepts Call To Strawn Church

Rev. Curtis Simpson, pastor of Harmony Baptist Church in the Morton Valley community, has accepted a call to the Baptist Church in Strawn, and will move, with his family, to that city.

Rev. Simpson has been pastor of the Harmony Church for some time, and was well liked in the community. Many of the members regret to see him go to the new field.

## Little Items Of Local Interest

S. S. Williams has just returned from Childress, where he went to attend the funeral of his father W. W. Williams, who passed away in Lubbock.

Agent Ross of the State Penitentiary at Huntsville, was in Eastland yesterday. It so happened that there were no prisoners in the Eastland jail, awaiting transfer to the state prison.

# U.S. Could Use Guided Missiles In Korean War

## South Korean Troops Retake Finger Ridge

By Robert Udick  
SEOUL, Korea, Sept. 18 (UP)—Pattle-toughened South Korean troops recaptured the advance position on Finger Ridge Thursday from Chinese Reds, whom they have battered for 12 days.

The South Koreans and the Chinese have fought a no-holds-barred battle since the Reds seized the ridge and nearby Capitol Hill after a tremendous artillery, mortar and infantry onslaught Sept. 6.

Capitol hill was retaken by troops of the proud Capitol division Sept. 10 and held in the face of four savage assaults which cost the Communists nearly 3,000 casualties.

The final attack on Finger Ridge was launched early Thursday morning with South Korean troops, following up a series of air and artillery poundings of the Chinese-held position, knifing into the hill from three sides.

Two groups of South Koreans worked along the ridge after another force had penetrated deep into Chinese territory to cut off reinforcements.

Chinese troops on its peak were killed or driven off finally at 5:30 a.m. (3:30 p.m. CST Wednesday) and five minutes later the Reds tried a counter-attack. It was broken up by artillery and "never fully developed," according to an Eighth Army spokesman.

Fifth Air Force planes, besides helping the South Koreans retake Finger ridge, ranged behind enemy lines and reported destruction of one 20-carat target—a gold mine.

The mine, near Wusan on the eastern front, was attacked by F-80 Shooting Stars that wrecked six buildings and halted gold production for the day, at least.

B-29s smacked a prime supply target at Spop, 12 miles northeast of the Red Capital of Pyongyang.

## Bond Hearing Slated Today For Two Held In Jim Wells Slaying

ALICE, Tex., Sept. 18 (UP)—A bond hearing will be held Thursday for Mario El Turko Sapate, who was identified Wednesday as "the leader of the killers" who shot 22-year-old Jacob S. Buddy Floyd Jr., by mistake.

Jacob S. Floyd Sr., testified Wednesday that Nago Alaniz, law partner of the district attorney-elect, told him that "this man Sapate is the leader of the killers."

Floyd testified he was told that he and District Judge Sam G. Reams were marked for murder by "the leaders of the 'new' party in Rio Grande City."

Young Floyd was shot from ambush in the driveway of his home Sept. 8. At the time, the senior Floyd was meeting Alaniz in an Alice cafe. It was then that Alaniz told him he and Reams were marked for murder.

Alaniz and Sapate have both been charged with technical murder, being accomplices to murder and conspiring to murder.

Told of Break-in  
The name of George Parr, sheriff and "duke" of Duval county, was injected into the hearing Wednesday.

Floyd testified Alaniz told him at the cafe meeting: "Jake, I want you to believe me, you don't know how close I am to George Parr. Do you remember two years ago when we had an election and the county clerk's office was broken into?" I said, "No, you mean six years ago."

"And he said, 'No I mean two years ago. Jake, I did that. George made me do it.'"

The Jim Wells county clerk's office was broken into in 1950 after the July election but officers never determined that the vaults where ballots were stored were entered.

"I said, 'You didn't get inside the vault. You got into the county clerk's office.' He said, 'I got into the office. We bribed one of the deputies.'"

Floyd said he pressed Alaniz for the names of the persons who were going to kill him.

"Had to Have Alibi"  
Floyd testified: "I said, 'Nago,

**FAMILY KILLED IN CRASH**—Austin, Texas police examine the wreckage of a passenger car in which eight were killed when a freight train struck their car. The car was thrown 125 feet from the crossing and scattered over a 60 foot area on both sides of the track. The dead included four children and teenaged boy. (NEA Telephoto.)

## RANGER POLICE RECOVER CAR STOLEN WEDNESDAY IN DALLAS

Two men and a woman were arrested in Ranger this morning in a 1949 Mercury stolen in Dallas between nine and nine-thirty Wednesday from 112 South Storey St. Policeman Ralph Veal and Ed Freeman took from the car money and contraband believed to have been part of the loot from a robbery.

Freeman and Veal investigated the intentions of the three occupants of the Mercury after watching them pull into the Roy McCleskey Service Station on Highway 80. The two men and the wo-

man were held by the police for investigation.

A check with the Dallas police verified their suspicions as to the car being stolen. The Mercury is owned by James W. Gregory of the Dallas address from which it was missing. The Dallas officer asked that the trio be held for return to Dallas.

Numerous cigarettes, cigars, beer, work gloves, gum, and \$105 in pennies, nickels, dimes and quarters were recovered from the stolen car.

Being held for extradition to Dallas are Willie R. Edwards, about 30, of Terrell, W. D. Thompson, about 31, of Dallas and formerly of Mineral Wells, and Helmer M. Barlow, about 25, of Hallett Station, Ft. Worth.

## LARGE-SCALE WARFARE NOT A PROBLEM

TOKYO, Sept. 18 (UP)—The United States has enough guided missiles "immediately available" to launch large-scale push-button warfare in Korea, the Navy leading guided missile expert in the Far East said Thursday.

He said some pilotless planes could carry an atomic bomb.

Lt. Cmdr. Warren A. Kurtz, commanding officer of the first guided missile unit to fight in the Korean war, said missiles already used against the Communists are a "forerunner" of what will come.

He said it is possible that "missile-to-missile" and "continent-to-continent" air techniques will replace present-day dog-fighting and bombing by living pilots.

"You can strike anywhere in the world with guided missiles and the first indication the enemy would have is when the plane dives down," Kurtz said.

He did not venture to guess how far along the Russians might be in their guided missile program.

"It is possible that the Communists have a similar weapon, but I can't think of any defense they can devise for it," Kurtz said.

He said none of the missiles launched from the carriers in Korean waters has been shot down.

The Navy has used obsolescent Grumman Hell Cats equipped with television transmitters and 2,000-pound bombs for its missile program in the Korean war. They have been in service since late August.

Kurtz said these planes could be used in strafing, ramming other planes or bombing, as desired.

"It is possible that a fleet of guided missiles controlled by a single mother plane could be used in large-scale war in Korea," he said.

Kurtz said the number of guided missiles the Navy can use in push-button warfare depends on the number of over-age aircraft the Navy has. He would not disclose how many World War II planes the Navy has on hand.

"Any plane can be droned converted to a guided missile and it can be done very quickly," Kurtz said.

"It is possible guided missiles will be used in large-scale in Korea. If used, they could change the nature of the air war."

"These are over-age planes, but we could equip a large number of them as very effective weapons."

Kurtz said, "We have enough guided missiles immediately available to launch large-scale attacks."

He said specially-equipped planes without pilots actually would be more effective in dogfighting with other planes than the same aircraft manned by pilots. The plane can stand violent dives and turns that a man cannot.

Kurtz added that the plane could ram enemy aircraft within range of its television viewer.

## Bell Helicopter Sets New Record

NIAGARA FALLS, N. Y., Sept. 18 (UP)—Pilot Elton J. Smith relaxed Thursday and confided that the hardest part of his world record-breaking 1,234-mile helicopter flight here from Ft. Worth, Tex., was sitting in one position for 12 hours and 57 minutes.

The smiling, 32-year-old father of three surprised a welcoming committee by emerging from his Bell Aircraft Corp. helicopter Wednesday night apparently untried by the non-stop flight.

"I feel fine," he said. Company President Lawrence D. Bell asked him if he was very hungry. "Not especially," he replied.

Representatives of the Civil Aeronautics Administration checked Smith at both ends of the solo flight to certify his performance as an official record.

## Stevenson On 'Propeller Stop' Campaign Tour

By Merriman Smith  
SPRINGFIELD, Ill., Sept. 18 (UP)—Gov. Adlai E. Stevenson was ready to head his "propeller-stop" campaign into the East Thursday with his first major statement on atomic energy scheduled Thursday night at Hartford, Conn.

Stevenson's campaign plane was to make its first stop at Bridgeport, Conn.

Atomic energy, normally a delicate subject for political discussion, was chosen as the topic for the Democratic nominee's main Connecticut speech for two apparent reasons:

1. Stevenson's advisers are still wrestling with the task of getting their candidate well-known and on record on as many basic questions possible before the race of the presidential race is stepped up in October.

2. Connecticut is a highly atomic-conscious area. The first atomic submarine is being built at New London. This was also the home state of the late Sen. Brien

(Continued On Page 8)

## Desdemona Woman Fined \$500, Gets 6 Months In Jail Thurs.

Thursday a 91st District Court jury found Mae King, about 60, of Desdemona guilty of illegal sale of four quarts of beer to Abilene Liquor Control Board agent W. E. Russell on April 28, and the defendant was fined \$500 and sentenced to six months in jail for the violation.

The defendant pleaded not guilty to the indictment, being prosecuted by District Attorney Joe Nuesle and was given a trial by jury, at which she again pleaded not guilty.

Bill Swindle of Cisco pleaded guilty to sale of whiskey to Liquor Control Board agent Russell on May 3 and was fined \$100 and costs in the same court Thursday.

This past Monday Arnold E. Boswell, Eastland, pleaded guilty to sale of beer to agent Russell and was fined \$100 and cost; Joe Orsoco, Cisco, pleaded guilty to sale of beer to the agent and received a \$100 fine and cost; John Douglas

Garner, Eastland, also plead guilty to sale of beer to the liquor agent on May 6 and was fined \$100 and cost; Ollie Johnson (Col.) Eastland was fined \$100 and cost on a plea of guilty of sale of whiskey to agent Russell; and a \$150 fine and cost was imposed on Henry W. Melton (Col.) of Eastland who plead guilty to sale of whiskey to the agent on April 29.

The case of Lolia Wilcox of Ranger, charged with liquor violations, has been scheduled for Friday, September 26th. A continuance was granted in the Wilcox case because the defendant was in the hospital.

The case of Harold Dean Nichols, charged with assault and attempt to rape of a 9-year-old Cisco girl will be heard Wednesday, 24th September. Also Joe Bailey Bradford, Ranger, will be tried in the 91st District court for wife and child desertion on Wednesday, September 24th.

### LEGAL NOTICE

SHERIFF'S NOTICE OF SALE  
The State of Texas  
County of Eastland

Whereas, by virtue of a certain Order of Sale issued out of the 44th District Court of Dallas County, Texas, on a judgment rendered in said court on the 6th day of August, 1952, in favor of the said First National Bank in Dallas and against the said J. H. Stuart and J. R. Stuart and being No. 69340-B; and on the 5th day of September, 1952, at 3:00 o'clock P.M. levy upon the following described Real property belonging to the said J. H. Stuart and J. R. Stuart, jointly and severally: for the sum of Five Thousand Nine Hundred Twenty Three & 95/100 (\$5923.95) Dollars, together with interest thereon from August 6th, 1952, at the rate of 6 per cent per annum, and costs of suit; and whereas, said judgment is a foreclosure of a deed of Trust and Contract Lien as it existed on the 30th day of May, 1951, against the said J. H. Stuart and J. R. Stuart jointly and severally on the following described property, to-wit:

First Tract: 26 acres out of the N. W. Corner of the J. H. Womack Survey and being the West-ern part of Lot No. 5 a part of the Goff Estate, particular metes and bounds as follows: beginning at the N.W. Corner of the J. H. Womack Survey thence east 280 vrs.; thence South 525 vrs.; thence West 280 vrs.; thence North 525 vrs; to the place of beginning.  
Second Tract: 120 acres of land out of the Guadalupe College Survey and described particularly by metes and bounds as follows: beginning at the N.W. Corner of the J. H. Womack 640 Survey and N.E. Corner and Guadalupe College Survey for corner B. J. bvs. W. 50 vrs; thence 1290 vrs; to N. W. Corner of said Guadalupe College Survey, S.W. corner of John Bradley 1/3 league Survey, old bearing standing; thence South 525 vrs. stone set in ground from which (bearing); thence east 1290 vrs; to stone in E.B.L. in said Guadalupe College Survey, whence a P.O. (bearing); thence North 525 vrs. to place of beginning;

The two tracts above described containing 146 acres of land. The said First Tract of 26 acres was conveyed to Defendants by deed dated May 10, 1947 of record in Vol. 380, Page 505 of the Deed Records of Eastland County, Texas, as and the Second Tract of 120 acres was conveyed to Defendants by deed dated January 2, 1943 of Record in Vol. 379, Page 183 of the Deed Records of Eastland County, Texas, Volume "AA" Page 505.

And on the 7th day of October 1952, being the first Tuesday of said month, between the hours of ten o'clock and four o'clock P.M. on said day, at the court house door of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said J. H. Stuart and J. R. Stuart in and to said property.

Dated at Eastland, Tex., this 9th day of September, 1952.

J. F. Tucker Sheriff of Eastland County, Texas.

By Tom Haley, Deputy.

**IT'S THE LAW in Texas**  
A public service feature of the State Bar of Texas

Stop, Tien Pass Halted School Bus at 10 M.P.H., Law Says  
School buses over the state have now begun the task of carrying thousands of children to and from their studies. Soon to be expected are the inevitable tragic reports of deaths and injuries occurring when impatient youngsters dash across busy highways to greet their waiting parents or to board the bus. Most of such accidents could be avoided if motorists would adhere strictly to the letter of the law pertaining to the passing of school buses.

Most Texans are aware of the law which requires a driver to come to a complete stop when overtaking from the rear a school bus which has stopped to receive or discharge school children. After stopping immediately behind the bus, he is then allowed by law to proceed past same at a speed "which is prudent, not exceeding ten (10) miles per hour, and with due caution for the safety of such children."  
What many persons do not realize is that the very same rules apply when MEETING a stopped school bus. While everyone is interested in protecting our children, unthinking violators of this simple safety rule greatly outnumber those who comply. Failure to follow the law in this case can lead to fines up to \$200 even when no accident occurs. Following an accident in which some child is injured or killed, the penalties are naturally much more serious.

Although the above rule does not apply when passing a stopped school bus in a business or residential district of a town, the necessity for extreme caution even in those location is obvious. When it comes to overtaking and passing moving vehicles, exercise of ordinary common sense will generally keep a driver within the law. For instance, when passing a car it is only common sense to proceed on past it a safe distance before cutting back to the right side of the highway. All too often a driver would realize the danger of increasing his speed while another is attempting to pass him.

In the same category is the prohibition against passing on the right under most ordinary conditions. Of course, you may legally pass on the right in a few specific instances, such as when the vehicle overtaken is making or about to make a left turn, or upon a one-way street with two or more lanes, or upon a four-lane highway.

### OUR DEMOCRACY—by Met

**MONEY DOESN'T GROW ON TREES— BUT TREES GROW INTO MONEY**

—NOT ONLY TREES, BUT CORN, CATTLE, APPLES, COTTON, AS YOU RIDE ACROSS THE COUNTRY YOU SEE WEALTH IN THE PROCESS OF CREATION ON EVERY HAND, AIDED AND ABSETTED BY THE LUMBERMAN, THE FARMER AND THE RANCHER.

**IT'S THE WORK THAT THEY AND OTHER WORKERS DO THAT GIVES MONEY ITS REAL VALUE. WITHOUT IT, THERE WOULD BE NO LUMBER OR CORN OR BEEF OR OTHER THINGS TO BUY. WHAT THEY PRODUCE IS PART OF THE WEALTH OF AMERICA.**

However, our traffic laws state that even when passing on the right is allowed, it shall be done only under conditions permitting such movement in safety. And, in no event should such a passing be accomplished by driving off the pavement or main-traveled portion of the roadway.  
Even when not engaged in passing another vehicle, a driver is prohibited from driving to the left of the center of the roadway in many instances. Familiar to all are the no passing zones designated by dash lines placed to one side of the center stripe on our highways.  
Not so well known are the restrictions against crossing the center line when approaching within 100 feet of any bridge, viaduct or tunnel. The prohibition also applies when approaching within 100 feet of or when traversing any intersection or railroad grade crossing. A driver should never

### NEWS FROM CHEANEY

Mrs. Bill Tucker

The Cheaney Home Demonstration club met Thursday, September 11 in a regular meeting with four members present. Mrs. John Love presided and conducted the round table discussion on "Legal Document and Wills."

Each one gave some example of the importance of a knowledge of legal procedures concerning their own family and property.

Roll call, in keeping with September was "My First day in school."

Coffee and cake squares were served to the following messmates: John Love, Bill Tucker, Gene Perrell, and the hostess Mrs. Thebert Jones.

Club members will meet next with Mrs. John Love on Oct. 9.

Mrs. Cicero Rogers has had several restful days since the cool showers. All of the children have been here to visit her.

The 3 sons, Carlisle and wife from Wt. Ord, California; Roy and his wife, also from Calif., and J. H. The three daughters, Letty Craddock, Gladys Bibby and Veda Burns, and of course the grandchildren whom the patient enjoys so much.

Guests over the week-end in the Will Underwood home were Mr. and Mrs. D. C. Hall, brother to Mrs. Underwood. Mr. Hall is an automobile and insurance dealer in Waco.

Mrs. Bessie was able to go to Ranger on Saturday for a check-up. She is recovering from recent surgery.

Mrs. Sophie Freeman also reports she is feeling splendid. Her visitors Sunday were Mr. and Mrs. Frank Weekes of Ranger and the Dick Weekes family of Comanche.

Loresta Wallace spent Sunday afternoon with Hel and Charlene Blackwell.

Frank Butler, who spent the summer with his son in Chicago, came for an indefinite stay with his brother, Mr. and Mrs. Joe Butler, before returning to his home in Winchell, near Brownwood.

Visitors Sunday afternoon in the John Love home were Mr. and Mrs. Joe Rob Browning of Gorman.

Junior Davis and sister Faye and Mrs. Rufus Buckley of Deedemona were Monday morning callers in the John Love home.

Hatched By Refrigeration HOUSTON, Miss. (UP)—A clerk in a food store put a bag of eggs under a refrigerator and forgot them until he heard cheeping noises three days later. The heat of the refrigerator motor plus 100-degree-plus temperatures hatched out four baby chicks.

# PLUG 'N TRIGGER

These hot humid days and nights have a way of leaving marks on unprotected gun metal. It might be a good idea to get out old Betsy and check her over for rust in the barrel and mechanism, and corrosion in the bore.

It might seem rather silly to talk about hunting and shooting irons in these days of hot weather, and clogged seasons on game. The next couple of months will roll around plenty fast and you'll find yourself in the middle of a hunting season in Oklahoma and Texas.

Take a cue from the dove season, that opening day slipped up on most of us like a bolt of lightning out of a clear blue sky, caught us unprepared with rod and reel in one hand and tackle box in the other. Little or no time was devoted to betsy prior to that opening day afield.

Giving your guns a good going over will do no harm. On the contrary the handling of it will be a refreshing tonic to your hunting soul in the form of a revival of pleasant memories of days gone by afield.

It's surprising what an oily rag, the smell of powder solvent, and

the dondling of your hunting rifle or shotgun can do to pep up the lagging spirits of a hunter.

While you're at it, bring out the old hunting coat, game bag, boots and trousers and give them a good checking and airing to rid them of that moth ball odor.

Those hunting boots no doubt could stand a good brith with saddle soap and then a good rub down with Neatsfoot oil or any other good waterproofing preservative.

If you're a nimrod that dotes after big game such as the elusive white tail deer you know from past experience that this is one sport you can't afford to take a chance on with poor or neglected equipment.

A little plinking practice with .22 rifle is certainly in order as well as blasting away with the old cannon itself occasionally just to be sure sights, and your shooting eye, are okay and ready for opening day.

Practice such as this well in advance of opening day assures a coordination of reflexes and complete confidence in yourself and equipment that pays dividends when Mr.

# School Days Fashions for Children

By GAILE DUGAS, NEA Woman's Editor

NEW YORK — (NEA) — Going back to school may be a lark for the college girl, but it's a real trial to the small fry, whether she's returning or just getting started.

That's why, for the small girl on her first day at school, a dress that's fun to wear, in which she feels pretty, is a great aid to morale. It will, just as in the case of her big sister, give her confidence and help her to get through the day with ease.

The little girls shown here have been dressed by their mothers according to this very sound principle. Small girl (left) wears a green cotton by Kate Greenaway

that includes some gentle apple-polishing in its design. The bodice has an appliqued "For Teacher" and two red apple pockets. Crisp white pique is used to band the puffed sleeves and form the collar. Her friend (center) wears a quilted button-on bib jumper from this same house. It's in school-book print cotton over a simple, short-sleeved blouse.

Small artist (right) likes separates. She wears a three-piece outfit that combines bleated plaid skirt, white blouse and red pique sleeveless jerkin that is gathered at the back waistline by means of a buttoned belt.

Buck takes off through timber or draw. Yes sir, there's a lot of excitement in the thrill of preparation for most sportsmen. Are you sure about that deer lease this season? How do you know that wind or storm hasn't completely wrecked the old duck blind?

Maybe you have been so absorbed with rod and reel this summer that you haven't given much thought to the coming hunting season just around the corner.

CALL 601 FOR CLASSIFIED AD SERVICE

# Alabama Woman Wins Dr. Pepper Oil Royalties

Mrs. John Smith of Sheffield, Ala., was handed royalties in 44 East Texas oil wells in Dallas by Gov. Allan Shivers of Texas at the launching of a program by Dr. Pepper Co. to awaken the nation to the need for investment in, exploration and conservation of our natural resources for the benefit of today's children and the children of the future.

Mrs. (Esther) Smith, 38 year old housewife, won the royalties after being selected from 100,000 grass-roots families who indicated their interest in owning a piece of the country in response to a six-month, \$100,000 program undertaken by the soft drink company in 30 states. She will enjoy a life-time income, according to conservative estimates of leading geologists, of a minimum of \$100 to \$300 per month with increases dependent upon government regulations and the price of crude oil.

"Now I can pay off our mortgage and give my three children an education," she said after making a tour of the producing wells in the "fairway" of the East Texas fields in Rusk County.

Oil reserves in the property in which she owns royalties amount to 5,033,788 barrels according to the geologists, and she said, the current value of her royalties at today's market is equal to \$22,163 investment.

Gov. Shivers, who came to Dallas for the occasion, stated while making the presentation of her royalties, "one of the greatest assets of our country is its natural resources. The far-seeing Dr. Pepper Co. is to be complimented on this dramatic method of underlining the need for their preservation. Every Texan should be

proud that the resources of this great state were selected to lead off this public-spirited campaign, particularly in the light of the current misunderstanding in Washington regarding tideland rights. Texas, which has the greatest mineral resources of any state in the nation, is proud that family in Alabama, another tideland state, has thus become a part owner of them, and I hereby make you, your family and heirs, honorary citizens of Texas."

Leonard Green, president of Dr. Pepper Co., said their "Invest in America" program, which was quietly begun six months ago, used a widely heralded contest formula to reach the greatest number of grass-roots families as possible in a way in which they could most easily participate. He said the "Invest in America" program was being launched nationally in coordination with schools, colleges, banks, investment firms, parent-teacher groups and via a broad nationwide educational program to reach family units in their homes and in their community.

Nature Defies Statistics  
DETROIT (UP) — The chance of being struck by lightning in the United States and surviving is about once in 375,000. However, three Detroit-area residents were struck by lightning and all lived.

### Good Morning BEGINS WITH BREAKFAST

Eat at least this much breakfast.

By Betty Baker

Breakfast can make the difference between a good or bad morning. For a good morning, breakfast is a must. Not coffee alone. Not surprisingly enough, a whopping big breakfast—you know the kind, with potatoes on the side. Coffee by itself gives you practically no food value; in contrast, those oversized morning meals are very likely to put you to sleep all over again, make you lousy and listless. Aim for a happy medium when you put breakfast on the table. Eggs, of course, because of the high-quality protein they contain. And enriched yeast-raised bread is almost equally important. It's rich in three B vitamins—thiamine, niacin, and riboflavin—as well as the mineral iron. Spread your toast with margarine or butter and you add vitamin A. Vitamin C is yours in a glass of orange, tomato, or grapefruit juice. Add to this egg-toast-juice combination a cup of coffee or a glass of milk (and bacon and cereal if you like) and you've got a combination to chase any listless feeling—plenty of energy to see you through the morning.

assignment of oil and gas lease.  
Letha King to W. M. Jarrell, oil and gas lease.  
Lone Star Producing Co. to N. J. Sarver, release of oil and gas lease.

### Wake Up To More Comfort

Without Nagging Backache  
Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys. If these conditions bother you, try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 million of kidney tubes and filters flush out waste. Get Doan's Pills today!

### Mrs. E. E. Garner Is Elected Head Of West Ward Parent-Teacher Assn.

Mrs. E. E. Garner was elected president of the West Ward Parent-Teacher Association Tuesday when they met in the school cafeteria for the first meeting of the school year.

Other new officers elected to fill vacancies include Mrs. Tom Cox secretary; Mrs. J. B. McConnell, hospitality chairman; Mrs. D. E. Webb, finance chairman.

Mrs. R. D. Estes vice-president, presided and heard reports of former officers.

Attractive invitations had been prepared by the pupils of each room under the direction of each of the teachers and carried home to each of the mothers. Fifty-two responded.

A membership campaign is to be carried on assisted by each teacher, who has a tree on the blackboard of her room. A leaf is added to the tree bearing the name of the pupil, whose mother joins the organization.

### Mock Chicken Legs Lend Variety to Ground Meats

Meat is particularly important in our daily diets because it is rich in protein and contains valuable vitamins and minerals, but if your budget dictates hamburger instead of steak, don't worry... good ground beef is just as nutritious as fine steaks. Hamburger can be about as tasty and appetizing, too, if we take the trouble to fancy it up a bit.

**Charcoal Grilled "Fritos" Ranchburgers**  
6 Servings

- 2 lbs. ground beef
- 2 tsp. salt
- 1 tsp. black pepper
- 1 tsp. shortening
- 2 garlic cloves
- 1 cup grated American cheese
- 1/2 cup "Fritos" corn chip crumbs (measured after crushing)
- 1/2 cup chopped onions

**Barbecue Sauce**

- 1/2 cup cooking or salad oil
- 1/2 cup catsup
- 1 tsp. Worcestershire
- 1 tsp. liquid smoke
- 1 tsp. salt
- 4 tsp. brown sugar
- 1 cup vinegar
- 1 tsp. chili powder

**Directions:**

- Add salt and pepper to the beef. Mix and form into 12 patties.
- Combine grated cheese, onions and corn chips, placing a spoonful on each of 6 patties.
- Cover filled patties with remaining 6 patties and press edges together firmly.
- Melt shortening in pan and saute garlic in fat.
- Place patties in pan and sear on each side. Cover with barbecue sauce and broil. Baste occasionally with sauce. Serve on toasted buns.

### Norris Family Celebrates Wedding Anniversary With Annual Reunion

Mr. and Mrs. Charlie W. Norris of Carbon celebrated their 46th wedding anniversary with their annual family reunion, Sept. 13 and 14, at Lake Cisco.

The crowd began to gather at 11 a.m. Saturday and by 7 p.m. about 55 persons had arrived including the four great grandsons.

All families brought food and the time was spent eating, playing "42", skating and playing miniature golf. Music and dancing was enjoyed by all Saturday evening.

Pictures were made of the group which included all the family with the exception of a son, a daughter-in-law and three grandchildren.

Those present were Elmer Norris and Doyle, Mr. and Mrs. LaGene Norris and son, Mr. and Mrs. Dayne Norris and son, Mr. and Mrs. Dalton Norris and boys all of Ralls; Mr. and Mrs. A. F. Pullig, Betty, Gerald, Linda and Judy of Sweetwater.

Mrs. Jasper Phelps, Ronnie, Theida and Doyle of Clouderoft, N.M.; Mr. and Mrs. Less Dorsey and daughters of Archer City; Mr. and Mrs. Davis Hadderton

### Homer Smith Is New Prexy Of Band Boosters

Homer Smith was elected president at the first meeting of the season of the Band Booster Club, Tuesday evening at the band hall.

Wayne Jackson was elected vice-president; Mrs. Wayne Caton, secretary; Mrs. Frankie Flowers, treasurer; Mrs. Hazel Sullivan reporter.

Mr. Smith, presided heard reports from former officers, named committees and introduced George Bledsoe, new band director, who made a short talk.

Twenty-one parents attended and committees were named as follows: Membership, Wayne Jackson, Mmes. Raymond Webb, Henry Pullman, and Hubert Jones. Attendance, Mrs. Henry Pullman, Mrs. E. E. McAllister, Mrs. Jack Jernigan, Mrs. Thura Taylor.

### Lottie Moon Circle Meets

Members of the Lottie Moon Circle of the Women's Missionary Union of the First Baptist Church met Monday afternoon at the educational building.

Mrs. Frank Lovett vice chairman presided and presented Rev. F. A. R. Morgan, who gave the Bible study from Kings 7-8.

Mrs. A. D. Carroll gave the prayer. Rev. Morgan led in the singing of the hymn, "More About Jesus", with Mrs. C. Melvin Ratheal at the piano.

Others present were Mmes. Minnie Crosby, Fred Golsen, C. C. Street, Don Daniels, and Miss Ida Chandler.

### Rev. C. M. Ratheal Gives Bible Study For Baptist Circle

Members of the Maybelle Taylor Circle met at the First Baptist Church, Wednesday morning for

the last circle meeting before the new year, beginning October 1st.

Mrs. Howard Upchurch, chairman, presided and heard final reports of officers and committees.

The Rev. C. Melvin Ratheal gave the Bible study from the book of Proverbs.

Refreshments of Cokes and cookies were served to Mmes. Charlie Butler, Eldon Anderson, A. K. Garrett, Lavon Huddleston, Morris Jones, Ione Bownds, Jim Drake, Lee Campbell, Upchurch and Mr. Ratheal.

### Rangers Seek Second Victory Tonight Against Midwestern "B"

"Stayput" Ranger football fans will see the curtain lifted on football in Ranger tonight with the meeting of the Midwestern "B" team and the 1952 "Rangers" eleven.

The Rangers go into the fray tonight with a 1000 batting average. How they perform before the home-town folks will determine what it will be Friday morning. Last week the Rangers scampared over under and through the Decatur Indians for 26 hits and an opening victory.

Two former all-stars and members of the 1951 Class A state champion New Castle squad joined the Rangers earlier in the week and will bolster the fortunes of the squad.

Center Lee Otis Clayborn who can press the springs down to 185 pounds and lend his all-state known-how to the middle line-backer slot on defense and 172-pound Charles Blanton, former all-state fullback with New Castle's trophy winning eleven are on hand to do their part for the purple and white this year.

Both boys will probably see action in the non-conference game with the Indians tonight. The pair

quit Texas ACM in favor of a junior college and RJC was their choice.

The generally inexperienced squad, sprinkled with lettermen, "looked ragged" in the Decatur game, according to Coach Dick Henderson, but were "hittin' 'em hard", which is a tribute to the men of the team.

Wednesday afternoon the line coach said he was ready for them to start "getting rough, that he'd like to see a few heads poppin'" and that might just happen here tonight.

The starting defensive and offensive lineups look about the same as last week's against Decatur, with the exception of Jerry Harvey playing offensive half-back.

Offensively you'll see Bobby Skipwith at left end, weighing 195 pounds; left tackle, Gene Gilkey, 225; left guard, Jimmy Jones, 225; center, Joe Angel, 190; right guard, David Sullivan, 180; right tackle, Leon Jones, 198; right end, David Anderson, 210.

Transporting the ball toward paydirt for the Purple and White will be right half Jerry Harvey, 160; left half Freddie Sanders, 155; fullback Kenneth Burton, 175; and either "Buddy" Hamrick, 170, or Jimmy Cole, 155, as the man under on the Wing T for the home bunch.

Coaches Yarbrough and Henderson pin their hopes of holding the Indians on tackles Ross Nall, 267 and Bug Foster, 165; guard Joe Angel, 190; ends Kenneth

### Stevenson— (Continued From Page 1)

McMahon who was chairman of the joint congressional Atomic Energy committee.

Stevenson left his Illinois base of operations with the advice and good wishes of a new, if temporary, adviser, Sen. J. William Fulbright (D-Ark.). Fulbright after a long haul with the governor, told reporters candidly that Stevenson faced a "tremendous problem in getting the people acquainted with the kind of man he is, the way he thinks."

Members of the Stevenson staff have stated the problem similarly—a problem of combating the nationwide fame of Dwight D. Eisenhower, the GOP nominee, with candidates who was not well known in many parts of the country before his nomination.

As Stevenson laid out a plan to invade the home states of two of his chief Republican targets, Sen. Robert A. Taft, (R-Ohio), and Sen. William E. Jenner, (R-Ind.), Fulbright underlined the Democratic plan of attack.

He said he feared that what he called the "Taft-Eisenhower coalition" would mean that in event of Eisenhower's election, the Ohio senator "would be in a dominant position for at least four years and, I assume, under their agreement would have a lot to do with the appointment of the cabinet and other officials of the government."

He said he saw no analogy in President Truman's position with Stevenson should the governor win.

"Mr. Truman will be completely out of office," he said. "I don't know how a man can disassociate himself any more from political power."

He sought to disassociate Stevenson from any of the corruption that occurred under the Truman administration.

"I don't think the sins of the father should be passed on to the child," he said.

### Eastland County Federation To Meet Saturday

The Club season will be opened in Eastland Saturday when the Eastland County Federation hosts the annual tea at 2:30 p.m., Sept. 20th at the Woman's Club, hosted by the Home Demonstration Club women.

An interesting program has been planned by the committee, Mrs. Bill Tucke, president has announced. A book review is promised and musical numbers will complete a well rounded program of entertainment.

All members were urged to attend.

### Iroquios Maiden Really Daughter Tavern Operator

PORT WORTH, Sept. 18 (UP)—"The last of the albino Iroquios" Yalamlankasidanamutsa, was unmasked Thursday as the runaway daughter of a Fitchburg, Mass., tavern owner.

The 16-year-old blonde, blue-eyed maiden was also apparently the only member of her "tribe" on record. She was betrayed by a device of palface civilization. Her real name, Yvonne Hanks, was on one of her brassiere.

Yvonne turned up near Fort Worth last week and said she was an 18-year-old Indian girl from the wilds of upstate New York.

But authorities said they had never seen an "albino Iroquios" and never hoped to see one. The girl, speaking in the approved Hollywood Indian style, did convince the Fort Worth Salvation Army that her story was true.

### Aircraft Plant Strike Talks Seek Agreement

LOS ANGELES, Calif., Sept. 18 (UP)— Negotiations resumed Thursday in efforts to end two aircraft strikes that have idled 38,000 workers and sharply cut military aircraft production.

Separate talks were scheduled by leaders from Lockheed and Douglas Aircraft Companies with representatives of the striking AFL International Association of Machinists.

The Lockheed Burbank plant walkout entered its 11th day with 25,000 workers still off the job. About 13,000 IAM members were in the fourth day of their strike at Douglas' El Segundo plant.

spanked when she gets home?" "My father wouldn't dare touch me," she said. "I'd knock hell out of him. I've got three guns at home and I'll use one of them if he tries to spank me for running away." Her parents were enroute to Texas Thursday to take her home.

### Mrs Barrett Honored With Farewell Party

Mmes. Eli Walters, Jr., R. D. Estes and R. N. McCarney were hostesses Wednesday evening at an informal farewell coke party honoring Mrs. Terry Barrett, who will leave soon with her family to make her home in Fort Worth.

The party was held in Mrs. Walters' home, 813 West Valley. Seventy-two friends comprised the guest list.

Mrs. Barrett received several farewell gifts.

### PERSONALS

Joe Lowe of Olden was admitted to the Ranger General hospital Thursday.

Mr. and Mrs. W. E. Gilkey and son Billy Ed of Edinburg have returned to their home after having spent a two weeks vacation visiting here with Mrs. Solera Gilkey and also with E. and Mrs. James E. Gilkey, Jr., Leon Plant Village.

A temporary muscle-and-nerve paralysis, stopping breathing, results when a person is struck by lightning.

Mr. and Mrs. W. E. Gilkey and son Billy Ed of Edinburg have returned to their home after having spent a two weeks vacation visiting here with Mrs. Solera Gilkey and also with E. and Mrs. James E. Gilkey, Jr., Leon Plant Village.

A temporary muscle-and-nerve paralysis, stopping breathing, results when a person is struck by lightning.

Parton, 175 and David Anderson, 210; line backers Jeff Smith, 165; Don Mankin, 175; and David Sullivan, 180; halfbacks Jerry Harvey, 160, and Walter Matthews, 180; and the little safety man who plays a big role, Floyd Gibbs, 155.

The game starts at eight p.m. All seats will be either students or general admission, none reserved, first, come first served.
