### Around The Square

With Mack

Personally we doubt if Mr. Nixon has done anything so very wrong, and only for the fact that several million critics are out to get him, either by fair means or foul, nothing would have been said about the matter. But in fact you may expect anything in politics, and this time it so happens that Mr. Nixon has been singled out as a target. It would be Eisenhower, if he could just find one slight error upon which to base their "character assassin" campaign.

If Mr. Nixon is guilty of any great crime he should not be permitted to operate as a running mate with Ike, but we seriously doubt if he is guilty. At least he is no more guilty than a great majority of the major candidates we have known during the past 50 years. It seems that considerable money is involved every time a candidate "hits the stump." His friends contribute, and at times quite substantial sums find their way into "party coffers." This goes for all parties—not just one group.

In fact the practice is so common that we had just about decided that "universal practice" made it more or less right, and something to be expected.

It is more embarrassing than dangerous—those charges. Mr. Eisenhower has been somewhat embarrassed, but as usual, he is using his head. Mr. Nixon says he can explain everything to the entire satisfaction of the public, and we certainly hope this is true.

Ike's critics have been unable to find anything upon which to base a slander campaign against him, and are therefore somewhat disturbed. They have pushed up against a really honest man and they don't know what to do about it. We doubt if it becomes necessary for Mr. Nixon to drop out of the race, but all may rest assured if such is the case, Ike may be expected to do the right thing. He is not a politician in the remotest sense, but his record for honesty and truthfulness, has baffled the gang who would slay him.

What America needs today is a president who will be honest and truthful himself, and see that his associates do likewise. Mother Eisenhower must have impressed upon young Ike, the golden rule. We doubt if she spared the rod, and we know she did not spoil the child. She brought that young fellow up "in the way he should have gone," and now that he is old, he has not departed from her teachings.

Some of our trouble today may be laid to this fact: Too many people have been voting for the "party" and not the "man." Ike's honesty would not be changed even if he were running under a Tory or Whig banner. It's the man—not the party that counts. Will we ever learn?

One of these days we are going to see an honest and fearless president in the White House, and by the time he gets through cleaning house in Washington, those gangsters, crooks and juke-headed politicians are going to think the world is coming to an end. And so far as they are concerned it will have, for they will be dumped into the slough of sin from whence they came. They will have the mark of Cain upon them, never to be trusted again.

It's just this serious. Nothing short of the power of God, through an able servant, can save America. David of old had his troubles, but his son Solomon, in his wisdom took a down-trodden kingdom, cleaned it up and made a people that the world honors even to this day. Solomon was honest, God was all-powerful, and Solomon trusted in God. He refused to accept credit or glory, but he always did the right thing and God blessed him and his every effort.

It is not too late to save America, if Americans will trust in God rather than some political party.

### Little Items Of Local Interest

Those interested in fishing might try Devil's River. Dick and Dennis, along with certain invited guests, insist that they know there are plenty fish there, but they didn't disturb them. They report three small fish for three hard days.

Mr. and Mrs. Jas. R. Boggs spent the weekend in Gordon in the home of Mr. and Mrs. J. V. Campbell.

### Rotarians Have Program Thrill

Football fans who attended the Rotary meeting at Hotel Connel Monday noon, were agreeably surprised when they learned they were to see the Humble Oil company's 1951 Southwest Conference games. This picture is said to be by far the best in Humble's history, and the company has been making films for nineteen years.

The Rotary president accused the editor of the Telegram of being a "Lion" and said he was a "Lion" about the softball score Thursday night. He didn't keep up with the score himself, or he would have known that the Telegram men gave the Rotary team 1 score when one of the club's pinch hitters knocked the livings daylights out of that grapefruit.

Preacher Marshall, score keeper, at the end of the 5th announced that "we now start the first half of the seventh, and the umpire counted strikes on some of the players until he ran out of fingers. He would change hands and start all over. Fine business, they say.

Jim Horton turned in his annual report from Honolulu. This was his first report, but he will make them regularly from now on, he says.

Due to rain, attendance was off slightly this week.

### Rains Brighten Currently Dismal Peanut Outlook

Eastland County's dismal outlook for the current peanut crop was brightened—at least, slightly—by the break in the drought, T. C. Wylie of the Ranger Peanut Company reported Monday afternoon.

The new moisture, he said, will possibly result in a 10 per cent gain in this year's goober output which is estimated at about 500 tons.

Up until last year when a prior dry season whittled the area's peanut production from 15,000-20,000 tons to a low of only 500 tons, the lowly goober had been paying off handsomely for raisers to the tune of around \$2,000,000 annually.

This year's crop may bring Eastland Counties about \$36,000 a figure in far contrast to pre-1951 seasons.

Already battered by the long, merciless drought, the peanut picture also is dimmed by the possibility of an early frost this fall. That also can slash production drastically, Wylie said.

A recent government order setting a \$26-\$38 per ton price on legume hay from the over-produced Michigan and Minnesota areas is also proving a discouraging factor to area goober planters who, after the failing peanut crop were depending on hay production to pull them through.

Peanut hay, prior to its competition with legume hay as a result of the government's competitive, price-setting move, brought \$40 per ton in the field.

### HARROWING 6-DAY HUNT FOR TEEN-AGER, SOUGHT IN AUTO THEFT, ENDS DRAMATICALLY

A stirring drama, starring a feet-footed 16-year-old lad who had successfully eluded officers of two counties for five hectic, suspense-packed days and nights, came to an end at Strawn late Sunday night when the weary, frightened boy, sought for an automobile theft, was taken into custody.

Later, after a refreshing bath, a welcome change of clothes and some food at home with his relieved family, the youth was turned over to Bea Bradford, Strawn constable, who took him to Palo Pinto where he now is being held in the county jail.

The dramatic unfolding of the six-day long story began early last week when the teen-ager sped away from Strawn in a grey 1951 Ford which he had "borrowed" from Leo Cozby, Strawn used-car dealer.

#### BULLETS OPEN CHASE

Wednesday morning about 3 a. m. the stolen car was spotted in Ranger by Ralph Veal of the Ranger Police Department. A wild, nip-and-tuck chase up and down deserted Ranger streets and alleys followed and a few seconds before the fast-moving Ford was wrecked near the Ranger swimming pool when the frantic youth driver attempted to skid around that corner at terrific speed, the pursuing officer fired a shot which ricocheted off the mounding away from the upper edge of the rear window. Had the bullet been only a fraction lower, it might have struck the panic-stricken driver in the head. Desperate the youth quickly leaped from the vehicle which had plunged into a deep culvert and in his hurried escape lost one of his moccasin-type shoes. Officer Veal fired another shot as the fleet figure disappeared into the darkness of the pre-dawn and fled across the site of the old lake. There his trail temporarily ended.

Constable Bradford and City Marshall Dave Goforth were joined in the hunt by Sheriff Fred Foreman and a deputy of Palo Pinto and the quartet of officers began to comb the area. But the boy and the shotgun were not to be found.

Fearing the tragedy which might result were they to face the armed teen-ager, the officers with drew and asked the boy's father to find his son and take him into custody to avoid the danger of any gun play.

And so for weary hour after weary hour the anxious father searched for his boy.

#### TRAP IS SET

At night, knowing the youngster would get hungry and seek food, the father chose a likely spot, the lunchroom of the Strawn Public Schools, for a long vigil. Officers agreed with the belief that the lad would break in the school eating place to appease his hunger.

Friday night, Saturday night, and Sunday night the father spent the long nocturnal hours hidden in the lunchroom, waiting hopefully, patiently, prayerfully for the appearance of his son. The hunt paid off. For Sunday night about 10 o'clock the lad did enter the lunchroom. His father was waiting. And then it was all over.

An entire community tense during the three-day wait, heaved a sigh of relief.

And somehow, regardless of what had happened, anger at misdeeds was quelled and transformed into sympathy and understanding. There's always a chance—another chance—for a kid whose future lies ahead of him. And there's always a hope—a fervent hope—that chance will pay off.

### Scout Meet In Eastland Draws Many Visitors

Scout executives, committeemen, troop leaders and other interested in the Boy Scout movement, attended the North District Pow Wow of the Comanche Trail Council, Boy Scouts, at the Connellee Hotel in Eastland Monday night. The 34 men and three scouts came from Breckenridge on the north to as far south as Goldthwaite, and their enthusiasm indicated that they came from choice rather than as a matter of duty.

The meeting was called to order by Homer Smith, who served as toastmaster and presiding officer. Invocation by Ray B. McCorkle, after which the group was seated and each individual was called upon to tell his name, where he was from, and if possible to briefly mention some "high point" in scout activity. This proved to be instructive and quite entertaining, as some of the "speeches" went from the sublime to the ridiculous, and caused much laughter.

By this time food had arrived, and each man in attendance faced a half chicken, fried to a crispy brown, together with such trimmings as usually go with a "chicken dinner." The meal which had been sponsored by Arthur Murrell, of Eastland, was greatly enjoyed. Once the meal was completed there was a shifting of chairs, and the evening's program began. While several speakers appeared

### Mercury Skids As Rains Usher In Fall Season

Eastland Countians, who sweated in shirt-sleeves amid the sizzle of torrid temperatures up until the drought-breaking showers late last week, began grabbing for heavier garments and lighting home heaters Monday as the mercury slid down into the upper fifties, accompanied by drizzling rain.

Yes, the calendar said fall was here today, and Eastland Countians believed it.

Autumn arrived officially Monday night. The first real fall weather started pushing southward through the seven-state region from Wyoming to the Rio Grande two days before the official arrival.

The cold front that transformed the Southwest from an oven to an area ready for football and leaf-raking had edged its way almost to the Rio Grande Tuesday. Weathermen said it was still moving slowly southward.

Along with a welcome drop in temperatures, the front brought desperately needed rains in its wake. The thirsty plains of north-west Texas were soaked with their first good rains in weeks.

Big Spring, received 1.20 inches and Abilene had 1.11. Numerous other points received less than an inch.

Hobart, in drought-ravaged southwest Oklahoma, recorded .20 inch. Showers were scattered in the Sooner state.

The outlook for the next day or to was for continued relatively cool weather, with scattered showers, except in Colorado and Wyoming, where the mercury was expected to rise several degrees.

The hottest spots in the Southwest Monday were two cities that the cold front had not yet reached. Presidio and Brownsville, both near the Mexican border, recorded 97.

Grand Junction had the top Colorado temperature Monday, 75 degrees. Cody topped the Wyoming list with 79. The New Mexico high was 84 at Columbus.

In Missouri, the highest reading was 80 at West Plains. Hutchinson, Kans., had the high for that state, 76. Tulsa, Okla., topped the Sooner state roster with 81.

Many inquiries have reached this office concerning registering for the purpose of voting. Most of those asking the question are either young people who have never voted in this state, or those who are new comers and know nothing about Texas election laws.

In this state, as well as eight others, voters are never required to register, but must purchase a poll tax. When this is done you are automatically registered for one year. In something like 40 states, voters are required to register, and a registration period is announced. These states where registration is required vary in some minor details. Usually the period for registration is set several days in advance of an election. Some states require voters to register each year, while others do not. In Oklahoma, while the writer resided in that state, you re-registered only when you changed your place of residence or voting precinct.

But in Texas you are never required to register—merely pay your poll tax, and you are listed on the books as a qualified voter. This poll tax receipt will enable you to vote in all elections other than what might be termed financial or revenue elections. Then you have to be a property tax payer as well as a poll tax payer. As in our recent bond elections, only property owning and tax paying individuals could vote.

The man who owns no real estate or other property on which he pays taxes, could not vote to assess his neighbors with an additional tax. He may vote for candidates, but not for bonds or levies of any kind.

### Light Rain Hits Eastland Early Mon. Morning

Rain which began falling just before day-break Monday, measured .02 of an inch in Eastland. While this was only a light shower it came at a time when it will greatly aid fall gardens and aid pasture land.

Clouds are heavy, and indications are that the rain is not over.

### Nation Awaits Nixon's Speech On Air Tonight

LOS ANGELES, Sept. 23 (UP)—Sen. Richard M. Nixon goes before the American people Tuesday night to tell them what he did with a widely-publicized \$18,235 expense fund donated by wealthy backers.

The young Republican vice presidential nominee excluded himself in his hotel room during the day preparing the most important political speech of his life.

He already had been told by Dwight D. Eisenhower, the GOP presidential nominee, that his place on the Republican ticket hinged on his explanation of how he used the money.

National Radio-TV Speech  
Nixon's aides said advance copies of the speech would not be available and no one would know what it contained until he addresses the nation in a radio and television broadcast.

There was a flurry of conflicting reports last night, however, on what Nixon would say.

Harold Beckley, a U. S. Senate press gallery secretary traveling with Nixon as a press attache, told two United Press correspondents Nixon would quit the race.

The reported was denied by Nixon and about an hour or so later by Beckley. However, the UP correspondents said he had given the information to them.

"Thrown To The Wolves"  
Nixon has been thrown to the wolves," Beckley told the two newsmen.

Shortly after Beckley was quoted, Nixon's press secretary, James Basset, said:

"I will not deny or confirm any report concerning Senator Nixon's intentions. All I will say now is this: You will have to wait for Senator Nixon's talk to learn his intentions."

Newsmen could not reach Nixon for further questioning as special guards blocked approaches to his hotel rooms.

However, Basset had told the reporters to be ready to "resume the tour" Tuesday night after the broadcast. His tour was scheduled to resume in Missoula, Mont., Wednesday.

It was indicated Nixon would list his own net assets during the radio-television address to show he was unable financially to meet Senate office expenses solely on his \$12,500 yearly salary and \$3,500 government expense fund.

### E. R. Trimble, 72 Dies At Carbon

Elbert Rezy Trimble, 72, passed away at his home in Carbon Monday, following a short illness. Funeral services will be conducted from the Methodist church in Carbon this afternoon, with interment in the New Carbon cemetery. Rev. Fromer will have charge of the services.

Mr. Trimble had been a resident of this county for a number of years, and is well and favorably known. He was born on Sept. 12, 1882, and passed away on September 22, 1952.

Survivors include his wife at Carbon, one son, W. L. Trimble in Fort Worth, and two grandchildren. Also two sisters, Mrs. A. M. Thurman of Gorman, and Mrs. E. H. Boyett, Austin.

NORTHWEST CAMPAIGN CALLED OFF—Sen. Richard M. Nixon shown at a special news conference in Portland, Oregon, where he called off his campaign tour of the Pacific Northwest and prepared to fly to Los Angeles where he will speak in a nationwide television program. After checking names of contributors of the unofficial \$18,235 Nixon expense fund, General Eisenhower in St. Louis, ponders over whether to keep Sen. Nixon as his vice presidential nominee or recommend his withdrawal.

### Stevenson Plans 'High Cost Living' Address Tonight

NEW YORK, Sept. 23 (UP)—Gov. Adlai E. Stevenson Tuesday rolled up a prescription for the American wage earner and his housewife to use against a lingering economic upset, the high cost of living.

The prescription required two active ingredients—Stevenson's election, plus a co-operative Democratic congress.

The Democratic presidential nominee will outline his formula Tuesday night when he speaks from Baltimore, Md. His speech will be carried nationally by radio and television.

This will be Stevenson's first major statement, since he received the Democratic presidential nomination, on the sensitive subject of the daily damage to the American billfold.

His speech on how to reduce the cost of living comes at the end of a considered, month-long program to familiarize American voters with himself and his views on the basic issues he feels will influence them in November.

### Californian Is Injured Monday In Auto Mishap

Joseph M. White, a Californian, received minor injuries in an auto accident on Ranger Hill on Highway 80 east of Ranger shortly after noon Monday.

White was hurt as a result of the crash when he skidded on the pavement and lost control of his Buick sedan. He was brought to the Ranger General Hospital in a Killingsworth ambulance. Hospital attendants said he received treatment for "bruises and very minor injuries."

The motorist was accompanied in the vehicle by his wife and their two small children. At the time of the highway mishap, the White family was enroute from Norfolk, Va., to their home in California. Mr. White had just been discharged from the U. S. Navy at Norfolk.

### Beta Sigma Phi To Present A Combination Of Talent At Annual Fall Style Show

Marene Johnson  
A combination of talent has been obtained for Beta Sigma Phi's Annual Fashion Show scheduled for 7:30 p. m. Thursday, September 25th at the High School auditorium.

In appreciation of Eastland's interest in all Fine Arts, the young women of Beta Sigma Phi have made an extreme effort to bring to those who "thirst" a full evening of pleasure from the "Fountain of Talent" which abounds in Eastland and the surrounding area.

From the Ross Hancock School of Dance in Ft. Worth, the Corps De Ballet from Midsummer Night's Dream will interpret "The Wedding March" from Mendelssohn's score to lift the hearts of the aesthetically inclined.

### Stevenson Plans 'High Cost Living' Address Tonight

NEW YORK, Sept. 23 (UP)—Gov. Adlai E. Stevenson Tuesday rolled up a prescription for the American wage earner and his housewife to use against a lingering economic upset, the high cost of living.

### Eastland Lake Slowly Rising; Good Rain Here

Water is pouring in the Eastland City Lake.

Rain in Eastland county Monday came at the opportune moment, and smiling faces may be seen everywhere you go. Cisco, it seems got a lion's share with more than two inches precipitation, though good rains fell in most sections of the county.

In Eastland the precipitation was 1.31, downtown, though lighter in the southern portion of the city. The City Lake was watched closely, but just when thirsty citizens were ready to give up the good news reached the city. That 2-inch rain in Cisco early yesterday found its way down here, and police who visited the lake at 10 o'clock last night said water was flowing under the bridge, moving chunks, rubbish, and weeds. They estimated that something like six inches of water had been impounded at that time.

Additional rainfall will all find its way to the lake it is that, and the water shortage may cease to exist.

Eastland's own Anna Barbara Kinnaird, president of the Eastland Music Study Club is the outstanding pianist and organist who will accompany Mr. Westmoreland. Mrs. Kinnaird has also graciously consented to play for the Fashion Revue.

Mr. Westmoreland has named four of his numbers for us—We hope that the audience will demand "The Donkey's Serenade" which he sings famously. He will sing:

Silent Worship, Handel; I'm Falling in Love, Victor Herbert; Let All My Life Be Music, Spross; and The Owl, John Barnes Wells.

Refreshments will be served following the concert by Mrs. G. L. Wingate and the hostess committee.

### Nation Awaits Nixon's Speech On Air Tonight

LOS ANGELES, Sept. 23 (UP)—Sen. Richard M. Nixon goes before the American people Tuesday night to tell them what he did with a widely-publicized \$18,235 expense fund donated by wealthy backers.

**Rocky Gets Nod As Favorite In Bout Tonight**

PHILADELPHIA, Sept. 23 (UP)—Rock Marciano expects to knock out Jersey Joe Walcott in the sixth, seventh or eighth round Tuesday night at Municipal Stadium and become the first white heavyweight champion in 15 years.

The unbeaten tiger-man from Brockton, Mass., admitted indirectly his kyo intentions at an unprecedented press interview Monday night when he said, "I cannot disagree with my trainer."

Trainer Charley Goldman declared, "Rocky will knock him out in the sixth, seventh or eighth rounds. He can't miss." Goldman said he would be the first white champion since Jim Braddock was knocked out by Joe Louis in 1937.

The relaxed Rocky appeared supremely confident he would register his 43rd consecutive professional victory and his 38th knock-out when he battles the oldest heavyweight ever to defend the crown. That Rocky was the first heavy with a perfect record to challenge did not put him under any perceptible pressure.

In heavy betting the 28-year-old Italian remained the favorite at 7-5. There was much talk of higher and lower odds, but the actual wagering commanded that middle price. Rocky may be a 2-1 favorite by ring time.

The fight shaped up as a slugfest in which either of the parti-

**Sports Can Sack League Pennant With Win Tonight**

OKLAHOMA CITY, Sept. 23 (UP)—The Shreveport Sports, who fought their way out of eighth place in the Texas League in mid-season, hoped to take home all the marbles Tuesday night by winning what could be the last final-round playoff game.

The Sports took a three games to one lead over the Oklahoma City Indians Monday night with a 2 to 1 victory at Oklahoma City.

Tuesday night's game is the last slated for the Indians' ball park. If Shreveport wins, then the best of seven series is over. If the Indians take it, then the series moves back to Shreveport.

The winner of the series will meet the Southern Association champion in the Dixie Series. Memphis and Mobile are tied at one game each in the Southern Association final playoffs.

Jim Willis is due to hurl Tuesday night's game for Shreveport, while Bill Gresson will try to keep the hopes of the Indians alive.

**Yanks, Sox Open Crucial Series**

BOSTON, Sept. 23 (UP)—The New York Yankees moved into Fenway Park with their backs against the wall Tuesday as they met the Boston Red Sox in the opener of a crucial three-game series.

The American League leaders were only a game in front of Cleveland as they faced the Red Sox in the park where the proximity of the left field wall has been a boon to Boston batters all season.

Meanwhile, the Indians met the Chicago White Sox at Cleveland, going with their ace Mike Garcia in a final push to add to their 13 victories already recorded this season over the third-place club.

Victories by the Red Sox and the Indians would tie the American League race. It would mean the pennant would be decided in the closing days of the campaign.

**CHAPLIN LANDS**

SOUTHAMPTON, Eng., Sept. 23 (UP)—Charlie Chaplin set foot on his native English soil for the first time in 21 years Tuesday but insisted it was only for a visit and he was determined to return to the United States. As for the prospect that the United States might bar him from re-entry pending an investigation of his political conduct, Chaplin told reporters he was "still domiciled in the U.S."

Participants might be knocked out before the scheduled 15 rounds had been fought. For that reason, promoters Jim Norris and Herman Taylor expected a crowd of at least 50,000 and a gate of at least \$550,000 if the weather remained favorable.

The forecast was "cloudy and cool." In case of a postponement, the bout will be staged Wednesday night.

**SCOUT—**

(Continued From Page 1)

on the program, their remarks were brief, and only one man, Dr. T. C. Graves of Goldthwaite, president of the Comanche Trail Council, used more than two or three minutes time.

The Doctor outlined future activities for the Council, and gave a report on activities during the past year. He had quite a bit to say on the subject of finance, which we will learn more about just a little later.

Three scouts who attended camp in New Mexico this summer, told of their experiences at Philmont, the National Boy Scout ranch given them by Mr. Phillips, Oklahoma Oil man.

The first to speak was George Harris who told of the Camp. It is in the Cimarron, New Mexico area, and contains 127,000 acres or almost 200 square miles. Situated near, and in the foothills, of the Rockies, its elevation ranges from 6,500 feet to about 11,000 feet. Camp and camp sites will be found at numerous places, and Scouts from all over the United States gather there for their summer outing. John Whatley told the listeners something about what one will find inside the ranch. Hunting and trapping is very good, and the boys were active. They caught a couple of bob cats and several other predatory animals. John also admitted that the air up there is not like the kind we breathe down here. It is light and dry, and for a day or so the boys would find themselves puffing and blowing following even slight exertion.

He also told of their visit to Santa Fe, Las Vegas and other points of interest, where they found more "half-breeds." Their last night was spent at the bottomless lakes near Roswell, where the boys enjoyed a swim. All had enjoyed the trip and gave a vote of thanks to Bill Jessop, who helped make the occasion possible.

Much more could be said with reference to the meeting, but space forbids. Scout work is growing in this area and other stories are to follow at an early date.

Seems too, that it rains up there, and the group learned to hike in the rain, wear wet clothing and sleep on a wet bed. However, it was enjoyed, he said.

They forgot one thing— . . . in the rush of other duties in setting up housekeeping—they forgot how large a part of their home investment was in the furnishings. After they had the big fire, insurance paid for rebuilding the house, but lack of funds to replace the contents left them a long way from having a liveable home. Don't make this mistake. Provide for adequate insurance to cover the household effects as well as all other insurable properties you may own.

Featuring the Sensational  
New Soft Frozen Dairy Treat

**Whirl-a-Whip**

**FREE**

Orchids to the ladies and balloons to the kiddies as long as they last

The most modernistically built and equipped Dairy treat store on Hi-way 80 between Longview, Texas and Los Angeles, California.

Think of it! Real Fruits, Nuts, Candies—Whipped and Blended to Perfection with this New Soft-Frozen Dairy Treat—at the moment you order it!

That's Whirl-a-Whip—the amazing new dairy sensation the whole nation's talking about. It's easy to understand Why . . .

Just imagine the goodness of pure milk, sweet cream and other wholesome dairy products. Capture all that goodness in a soft-frozen delight . . .

Now, imagine adding fresh bananas . . . pineapple—or whatever fruit, nuts or candies you go for . . . Blend all that goodness, whip in seconds to creamy perfection . . . that's Whirl-a-Whip.

Fresh? It couldn't be fresher! Good? Try it—for words just can't describe it!

TRY IT TODAY . . . at YOUR

The youthful Serge Koran likes the contrast of rich white acetate lace (left) with bouffant tulle. The "decolletage jacket" in black acetate taffeta covers just the shoulders. Supple, flowing lines characterize this ball gown (center) in absinthe green acetate satin by Christian Dior. Over the shoulders, there's a fringed stole in deeper-toned green. Jean Desses' Hawaii-inspired lei theme appears in this ball gown (right) of palest raspberry satin. The luminous color is reflected in the deep raspberry of the long velvet gloves, the necklace and earrings. By Rosette Hargrove, NEA Staff Correspondent.

**PLUG 'N TRIGGER**

By J. Fred Eder  
 United Press Outdoors Expert  
 Poor fishing luck dogs us all at one time or another and the villain is no respecter of persons. It often dogs the expert as well as the novice.

Right now with the persistent drought throughout North Texas and southern Oklahoma crying to heaven are being used more than ever. However, night fishing reports are encouraging and the picture should brighten for the plug casting angler as water temperature tumbles from its tropical environment and cools off to a normal temperature, more befitting for a round of activity on Mr. Bass's part.

The fabulous waters at Lake Texoma apparently have again produced a new species of game fish little known to most anglers. Reports that Calico and Rock Bass have been taken are most welcome.

These two scrappy fighters rank high in popularity with a lot of anglers and would be even more highly regarded if more anglers knew the sport they provided.

Closely related and often mistaken for the Calico Bass is the Rock Bass. Both species are normally dark in color, greenish gray or brown, largely depending on where they are found. Taken from dark, deep water around rocks they become dark—almost black. Taken from open clear water they are found to be light green. Both species readily attack or strike an underwater plug and put up a terrific battle when hooked. Red and white combinations are most effective.

With the dove season well underway and a goodly number of shooters complaining about poor shooting, scarcity of doves, poor hunting and what-have-you, this might be a good time to bring up a few pointers and characteristics

have an entirely different purpose than those on your rifle. Pointing with a complete coordination of reflexes between gun and shooter can be accomplished only by long and careful, constant practicing of points and swinging on to fast moving targets.

11 SMUGGLERS NABBED  
 EL PASO, Sept. 23 (UP)—Eleven persons were held by federal authorities Tuesday on charges of smuggling nearly 300 pounds of marijuana into the United States.

U. S. Agents said 153 pounds of the narcotic were seized at El Paso. Seven men, including three from Denver, Colo., were arrested, agents said.

**Longhorns Gun For Victory Over Tar Heel Crew**

Texas University returns to the scene of its greatest modern-day football disaster Saturday.

That's when the Longhorns invade Chapel Hill to face North Carolina, a team that handed them a stinging 34-7 setback in 1948 on their only previous visit to the Blue Ridge country.

That was a sweet victory indeed for the Charley Justice-led Tar Heels of that season, for it avenged a blistering 34-9 defeat which Bobby Layne and his Texas mates handed them here in Memorial Stadium in 1947. The Longhorns once again moved ahead in the series last fall with a 45-20 triumph. So now it's back to Chapel Hill as Texas seeks to move farther ahead in the series and North Carolina tries to duplicate its masterpiece of '48.

There'll be an entirely new look to the Tar Heels offense this year. Coach Carl Snavely, known for years as "Mr. Single Wing," has abandoned that formation in favor of the split-T, also the choice of Longhorn Coach Ed Price.

With 21 Lettermen returning and split-T expert George Barclay to aid him, Snavely might return North Carolina to its great heights of other seasons and cause Tar Heel fans to forget that dismal 2-8 record of '51.

T-Talent is Green  
 The engineer of the Tar Heel

split-T machine will be a green one, however. Carmen Anillo and Charley Motta gave impressive performances at the vital quarterback post in spring training but neither has previous college experience at the job.

Backfield talent is rich at other positions, however, with such proven stars as halfbacks Larry Parker, Bob White, Billy Williams and Fullback Bud Wallace available for duty.

Experienced hands are few in the offensive line but some of these are capable operators like end Dick Koornik, guard Chuck Ellenwood and tackle Ken Yarbrough.

Defensively, the Tar Heels have the nucleus of a strong unit in end George Norris, linebacker Harold Davidson and Parker, Williams, White, Anello and Chalmers Port in the 6-2ep secondary.

Texas May Be Sharp  
 Its season opener with Louisiana State completed, Texas should

be prepared for a sharp second-game performance, especially if left halfback Gib Dawson and end Gilmer Spring are ready for full-scale action after being hampered by injuries.

The Longhorns' split-T attack, directed by quarterbacks Jones and Bunny Andrews, offers a tremendous ground-gaining threat in three fine runners—fullback Richard Ochoa, right halfback Jimmy Dan Pace and Dawson, the Southwest Conference's top scorer in '51.

Leading operators in the offensive line include Spring ends Tom Stohlhanske and Carlton Massey and guard Harley Sewell, all of whom are also valuable defensive assets.

An inexperienced secondary offers Texas' greatest defensive problem but two veterans—linebacker Jack Barton and left halfback Bob Raley—should help to ease the situation there.

**NOSE, THROAT, and Accessory Organs not Adversely Affected by Smoking Chesterfields**

**FIRST SUCH REPORT EVER PUBLISHED ABOUT ANY CIGARETTE**

A responsible consulting organization has reported the results of a continuing study by a competent medical specialist and his staff on the effects of smoking Chesterfield cigarettes.

A group of people from various walks of life was organized to smoke only Chesterfields. For six months this group of men and women smoked their normal amount of Chesterfields—10 to 40 a day. 45% of the group have smoked Chesterfields continually from one to thirty years for an average of 10 years each.

At the beginning and at the end of the six-months period each smoker was given a thorough examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the sinuses as well as the nose, ears and throat.

The medical specialist, after a thorough examination of every member of the group, stated: "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."

### POLIO FACTS

Prepared by the SISTER KENNY FOUNDATION as a public service.

**SISTER ELIZABETH KENNY**

THE KENNY TREATMENT OFFERS POLIO VICTIMS THEIR BEST CHANCE FOR RECOVERY. RESULTS OF THE KENNY TREATMENT HAVE SHOWN A MARKED REDUCTION IN CRIPPLING AFTER-EFFECTS FORMERLY ASSOCIATED WITH THE DISEASE.

#### POLIO SYMPTOMS

- LACK OR LOSS OF APPETITE, NAUSEA, VOMITING; INDEFINITE FEELING OF UNEASINESS, DISCOMFORT OR LISTLESSNESS.
- HEADACHE, USUALLY SEVERE AND GENERALIZED; MODERATE FEVER SELDOM RISING ABOVE 103°.
- STIFF NECK, STIFF BACK, PAINFUL EXTREMITIES, MUSCLE WEAKNESS.

SYMPTOMS FREQUENTLY ABATE TEMPORARILY AFTER AN INITIAL ILLNESS OF ABOUT TWENTY-FOUR HOURS, RECURRING WITHIN 2-3 DAYS. CALL YOUR DOCTOR AT ONCE IF THESE SYMPTOMS ARE OBSERVED!

charge of that area.

Other personnel changes announced by Mr. Gladney include: G. B. Gebhart, temporary foreman, Robert Lee, in the same classification to Hebbroville; N. J. Sapp, Jr., field engineer, Sun Field, Texas to Garcia Area, Texas, as foreman (Mr. Sapp replaces B. F. Payne, foreman, who was transferred to Canada on July 1); J. A. Morgan, junior engineer, Delhi, La., to field engineer, Sun Field; Paul W. Meek, junior engineer, Dallas office, to Delhi in the same classification; H. L. Bethancourt, foreman, Odessa, Texas, to Dallas Office in the same classification; and J. L. Legg, foreman, Robert Lee, to Odessa in the same classification.

Mr. Bregston joined Sun Oil Company June 9, 1934, as a roustabout at Longview, Texas. In 1935 he moved to Henderson, Texas, as a warehouse clerk and one year later was made a petroleum engineer at Tyler, Texas. In February, 1939, he transferred to Corpus Christi, Texas, and in June, 1947, was made district petroleum engineer there.

In August of 1949 he was moved in the Dallas Office and in January, 1950, he was made an assistant field superintendent. In February, 1951, he shifted to Midland, Texas, as district petroleum engineer. In October, 1951, he was transferred to Robert Lee as assistant field superintendent in charge of that area.

Mr. Bregston graduated from Texas University in 1933 with a B. S. in petroleum production engineering.

Mr. Higginbotham joined Sun in April, 1936, as a roustabout in the old Beeville Area, Texas. In November, 1943, he was made a junior petroleum engineer and later worked at Premont and Snyder, Texas, as a foreman and briefly in the Dallas Office before going to Hebbroville as assistant field superintendent in charge of that area in October, 1951.

Mr. Higginbotham is married and the father of three girls: Wanda Elaine, 12; Sandra Jean, 9; and Linda Gayle, 5.

### VACATION TIME

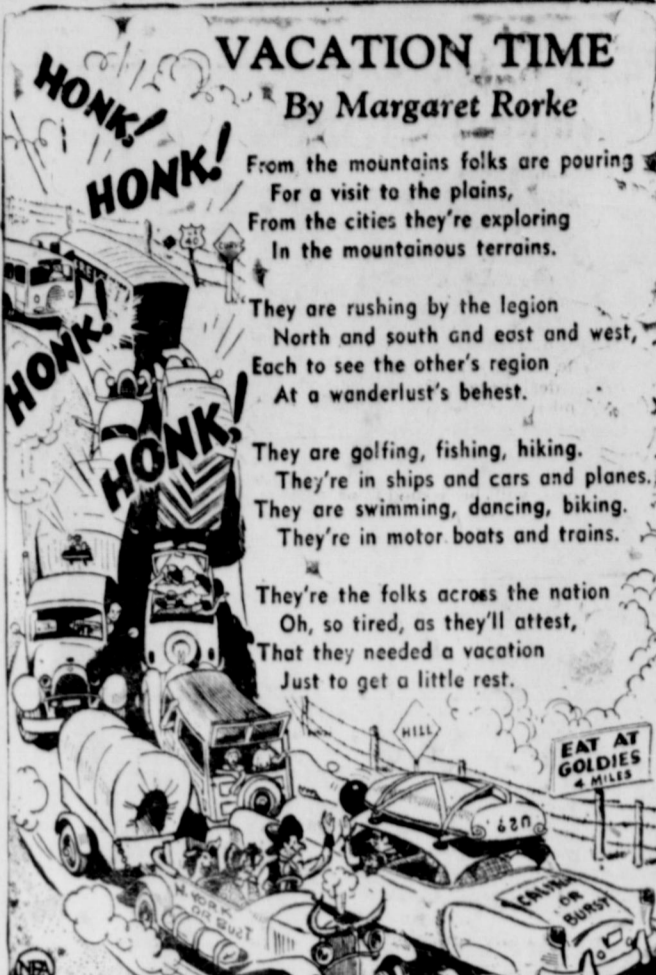

By Margaret Rorke

From the mountains folks are pouring  
For a visit to the plains,  
From the cities they're exploring  
In the mountainous terrains.

They are rushing by the legion  
North and south and east and west,  
Each to see the other's region  
At a wanderlust's behest.

They are golfing, fishing, hiking.  
They're in ships and cars and planes.  
They are swimming, dancing, biking.  
They're in motor boats and trains.

They're the folks across the nation  
Oh, so tired, as they'll attest,  
That they needed a vacation  
Just to get a little rest.

NEW LEBANON LEADER IS ELECTED TODAY  
FEIRUT, Lebanon, Sept. 23

(UP)—Camille Chamoun, parliamentary leader who led the fight to force President Beshara El-Khoury to resign, was unanimously elected president of Lebanon Tuesday.

petroleum engineer at Calgary, Alberta Province, Canada, was announced today by Jno. G. Pew, vice president in charge of Production, Sun Oil Company.

At the same time the appointment of J. B. Higginbotham to succeed Mr. Bregston as assistant field superintendent of the Robert Lee area, Texas, was announced by Sam M. Gladney, manager of the Southwest Division at Dallas.

Mr. Higginbotham had been assistant field superintendent in charge of the Hebbroville area in Texas. R. O. Beggs, Jr., foreman at Hebbroville, has been placed in

### School Health Programs Vital—Declares Dr. Cox

Every school should have a definite school health program. Situations such as the kind of drinking water, arrangements for the school lunch, the lighting, seating, ventilation and cleanliness of the schoolroom, and the personal practices of the teachers and children are the basis of the school health program, said Dr. Geo. W. Cox, State Health Officer, in Austin.

Every school has tremendous opportunities to promote the health of its pupils and of its community. From early childhood to

early manhood and womanhood, most children are enrolled in schools and are under the supervision of school staffs for a substantial part of the day for approximately half the days of the year. The conditions under which they live in school, the help which they are given in solving their health problems, the ideals of individual and community health which they are taught and the information and understanding that they acquire themselves are factors which operate to develop attitudes and behavior conducive to healthy, happy and successful living.

Schools alone, however, cannot enable children to attain all the desirable goals of individual and community health. Considering the magnitude and multitude of the diverse and continuing efforts that must be made to satisfy the health needs of children, many people and groups, in addition to schools and health departments, should be interested in promoting health.

Parents have a prime responsibility. Physicians, dentists, nurses, social and welfare workers organizations, such as medical, dental, nursing societies and voluntary health agencies should all lend

their support to local and state health departments in their effort to secure better health not only for school children but the community as a whole.

### COMING YOUR WAY

Using only fingertip pressure, Cindy Cameron illustrates the steering of the 1952 Chrysler. Any driver can do this, even with the car standing still, thanks to full-time power steering. The secret by which hydraulic pressure takes the work out of steering plus many other engineering marvels are demonstrated in Chrysler Corporation's entirely new \$1,000,000 "New Worlds in Engineering" exhibition which opens in Dallas at the State Fair of Texas, October 4.

### 1952 State Fair To Offer Many New Features

The fair is in the air in Texas. And the tempo of preparations for the 67th annual exposition of the great State Fair of Texas in Dallas is beginning to speed up as the opening day, Saturday, Oct. 4, draws nearer.

Prilliantly re-decorated — for the first time since 1946 — the magnificent 187-acre, \$35,000,000 fairgrounds glisten with a new color scheme: Hues of autumnal green and brown on major exhibit buildings, contrasting with bright circus colors on the re-furnished Midway.

The latest sensation announced for the fair is the breathtaking new ROTOR ride, one of two in the country. It'll be on the Midway. Shaped like a huge barrel with a floor inside, the device takes its riders on a dizzying spin, leaving them pinned to the walls by centrifugal force, suspended in mid air when the floor drops away.

The fabulous "Sky Wheels" ride, 33 other rides of all kinds, a dozen sideshows, the three-ring Variety Club Circus and "Show Boat", the popular musical presented by St. John Terrell's Music Circus, also will be Midway features.

**4,000 LIVESTOCK ENTRIES**  
More than 4,000 beef and dairy cattle, horse, sheep, swine, goat and Jr. livestock entries have been received for the big 27-breed livestock exposition, over 250 for the Pan-American Holstein Show Oct. 10-17. Junior livestock entries have broken all records.

Approximately 3,500 entries are expected by the Women's Department for its greatest program yet.

Participants in the multitude of activities at the fair are expected to take home more than \$250,000 in prizes, premiums, awards, and auction sale proceeds from art, livestock, poultry and women's show competition.

The giant "Story Book of Texas Agriculture" has begun to take shape, with every county in Texas represented. Exhibits are being built in the new Electric Building, Science Building, General Exhibits Building and all museums on the fairgrounds.

Other attractions at the fair include the Dean Martin-Jerry Lewis Auditorium revue, Ice Cycles of 1953, South's largest automobile show, Cotton Bowl football every weekend, numerous free shows and special events.

### Oct. 5 Is Set As 'Press Day' At Prison Rodeo

Newspaper and radio men throughout the state of Texas are invited to attend the opening day ceremonies of the 21st Annual Prison Rodeo at Huntsville, Sunday, Oct. 5th, as guests of the rodeo management.

A. C. Turner, rodeo publicity director, has announced that the first show of the 1952 series has officially been designated Press Day for the members of the press and radio station people who contribute so generously of space and time in advertising the rodeo each year. Press badges will be issued for their admission and seats that will assure them a good view of all action in the arena will be reserved for them. Working news and cameramen covering the show will be afforded extra accommodations.

Other special visitors on the opening date of the rodeo will be Gov. Allan Shivers, who will officially open the show, members of the legislature and state officials, all of whom will be the guests of the Texas Prison Board and O. B. Ellis, general manager of the prison system. Andy Anderson, Houston newspaperman, will bring a group of disabled veterans from Houston-Veterans hospital that will include the famous "Ramblin' Recks" club of totally disabled vets, who will also be guests on that day.

Lee Norton, announcer from radio station KPRC, Houston, heard regularly as master of ceremonies on the weekly prison broadcast over that station, will act as MC for the various inmate musical groups who will appear on the day's program. The Prison System military band will furnish musical accompaniment for the riding events.

Advance ticket sales are brisk. It is reported by L. W. Wright, in charge of ticket sales, and people wishing to make reservations by mail are urged to act promptly. Seats are \$2.40 each, tax included, check or money order must accompany the order and patrons should indicate which of the rodeo's four performances, Oct. 5th, 12th, 19th, and 26th, they wish to attend. The correct address for orders by mail or wire is: L. W. Wright, Prison Rodeo Ticket Office, Huntsville, Texas.

### Woman Killed In Bus Crash Monday

**WARRIOR, Sept. 23 (UP)**—A speeding Greyhound bus veered off a highway and tumbled "over and over" down a steep 65-foot embankment Monday when a tire blew out. One passenger was killed and 36 others were injured, two critically.

Mrs. Dorothy Martin, 22, of Nashville, Tenn., died in a hospital a few hours after the accident. Mrs. Mamie Sinar, 50, Detroit, Mich., and Mrs. Kathryn Spelman, 31, Memphis, Tenn., remained in critical condition Tuesday.

### DREAM CAR AT TEXAS FAIR

The K-310, Chrysler Corporation's experimental sports sedan, will be on display in the Automobile Building at the State Fair of Texas in Dallas October 4 through October 19. The K-310 is one of the features of the new \$1,000,000 "New Worlds in Engineering" show explaining how the American automobile is designed.

### Cobalt 60 May Be Promising Aid In Curing Cancer

Cobalt 60, now recognized as a cheap and plentiful substitute for high-priced radium, holds great promise in the treatment of cancer. Lois Mattox Miller and James Monahan, co-authors of an article on Cobalt 60 in the October Reader's Digest, say this "poor man's radium" may be our biggest and most beneficial dividend from the atom bomb.

Like radium, Cobalt 60 emits powerful cancer-destroying gamma rays, but with greater uniformity. Doctors are now using radio-

W. R. BURTLESON & SON - Waxahatchee, Texas

cobalt needles inside malignant tumors particularly those that cannot be removed surgically. Thin tubes of flexible nylon, loaded with bits of Cobalt 60, are being sewed into cancerous tissues, to be withdrawn when the radiation treatment is complete.

Any hospital qualified to employ radiotherapy can afford Cobalt 60. It is safer than radium

#### RING AND VALVE JOB, \$6 "MOTALOY"

Does it while U-Drive. Stops oil burning, raises compression, saves fuel.

No equipment to buy; no work to do; Do away with old fashioned rings and valves by just dropping method of replacing worn pistons, "MOTALOY" tabs in fuel tank of cars, trucks, motorcycles, tractors, diesels or any internal combustion engine. "Motaloy" does the rest;

It builds up worn rings, valves, pistons, etc., through the plating process which will last for 200,000 miles. (Guaranteed non-injurious to finest engines). First results noted after 100 miles.

for the patient, the authors say, and easier for the doctor to handle. "Its versatility," says one radiologist, "opens up entirely new possibilities for the internal irradiation of cancer."

Studies by Dr. William G. Myers of Ohio State University College of Medicine resulted in the findings which established Cobalt 60 as a promising tool for cancer research. Myers' conclusions, published in The American Journal of Roentgenology and Radiology, in December 1948, showed that Cobalt 60 is capable of anything that radium can do, yet is free of many of radium's disadvantages. Only in one respect is Cobalt 60 inferior to radium: it loses its original radioactivity much faster.

Cobalt 60 equipment can be made available to any radiotherapist competent to use it, the authors state. One large pharmaceutical house is planning to supply a wide variety of Cobalt 60

applicators to approved institutions.

Because it is so cheap, Cobalt 60 will make radiotherapy more widely available, and thus it should greatly advance the war on cancer. The article emphasizes, however, that it is not a "new cure," and that its most enthusiastic users refuse to discuss it in such terms.

### Dodge Long Life Records give you proof of Extra Value!

**DOUBLE-channel side rails** of massive strength add rigidity to the chassis. Dodge stays new longer!

**Oriflow ride control is SEALED IN** for the life of the shock absorbers. Smooth ride reduces wear.

**TWO hydraulic cylinders** in each front wheel give surer stops over more miles. Extra value is built in.

When you invest in a new car, you have a right to expect proof that the value is built in to stay. You get that proof in a Dodge. Registration records prove that by a substantial margin, Dodge automobiles have longer life than the average car. Such engineering features as the extra-rugged double-channel frame and rubber-mounted Safety-Steel body make a Dodge stand up under all driving conditions. It's the best driving investment you can make today.

Specifications and Equipment subject to change without notice.

**Charles Foster Honored On His 7th Birthday**

Mr. and Mrs. Charles Foster honored their son, Charles Ronald, with a party Saturday afternoon, Sept. 20th, at their home, 910 South Seaman in celebration of his seventh birthday.

The house was decorated with huge balloons. A birthday cake holding seven candles decorated the lace laid refreshment table, and was served with iced fruit punch.

Children attending were Susan Gourley, Jimmy Wright, Steve Hall, Jim Stambaugh, Patricia Ann Liles, Johnnie Bradford, Velton Moser, Sonny Robertson, Julie Moser, John Clay Bigby, Jeannie Wright, Jody Cooper, Ila Middleton, Steve Foster, brother of the honoree, the honoree, Mrs. Edna Thomas, grandmother of the honoree, Mrs. Emmett Monroe and Miss Iva Thomas all of Malakoff.

Parents of the children present were J. M. Bradford, Jr., and Mrs. Floyd Robertson, Artie Liles, and C. L. Bigby.

**Winsome SS Class Installs New Officers**

Members of the Winsome Class of the First Baptist Church installed officers Thursday evening at a party in the home of Mrs. Paul Daniels, 1007 South Daugherty. Mrs. Charles Layton was co-hostess.

Mrs. Layton was installed as president; Mrs. Bill Kendrick membership vice president; Mrs. Daniels, fellowship vice president; Mrs. Gene Young, secretary, and Mrs. Gene Rhodes, personal minister. Mrs. Charles McFatter as teacher.

Theme of the party was "back to school", with the setting complete with teacher's desk. When the recess bell sounded a group of games was played and when the dinner bell was rung, out came the paper sack lunches, brought by each.

Present were Mmes. Rhodes, E. N. Scott, Luther Wilson, Bill Kendrick, Gene Young, Wayne Brock, Warren Chapman, Clive Murray, Naomi Lewis, McFatter and the hostesses Mmes. Layton and Daniel.

Mrs. Edna Thomas, Mrs. Emmett Monroe and Miss Iva Thomas, mother and sisters of Mrs. Charles F. Foster were week end guests here in the home of the Fosters, 910 South Seaman St.

**Perfectly Marvelous Flavor Makes This Rice and Vegetable Chowder a Mealtime Favorite**

Hungry folks will be completely satisfied by this hearty and really good Rice Chowder which is crowded with the garden goodness of the red, green and yellow vegetables which help the rice "make for" yummy eating.

Here is a smart thrift which doesn't show except in the pleased and happy expressions on the faces of the lucky eaters of this extra special Rice and Vegetable Chowder. It is the clever addition of one little bay leaf that transforms just a dish into WHAT A DISH—and causes the bottom of the soup kettle to appear in a mighty big hurry.

- INGREDIENTS:**  
1/2 lb. ground, uncooked meat (cooked may be used)  
1 tablespoon butter or margarine  
4 cups water  
1 No. 2 can tomatoes (2 1/2 cups)

- 1 cup firmly packed grated carrots  
1/3 cup coarsely grated or diced onions  
3/4 cup uncooked rice  
2 teaspoons salt  
3/4 teaspoon pepper  
1 bay leaf  
1 cup finely grated or chopped cabbage

**METHOD:** In a large saucepan or soup kettle brown the meat in the butter or margarine. Add the water, tomatoes, carrots, onions, rice, salt pepper and bay leaf. Bring to a vigorous boil. Turn the heat as low as possible. Cover with a lid and leave over this low heat for 14 minutes. Add the cabbage and cook 5 minutes, or until the cabbage is tender. Remove the bay leaf. This recipe makes 8 cups of chowder.

**LOOK WHO'S NEW**

Mr. and Mrs. Robert Miller of Eastland are the parents of a baby daughter, Marilyn Kay, born at 12:2 a.m. September 22. The baby weighed seven pounds and five ounces.

Paternal grandparent is Mrs. Florence Miller of 600 West Sodus St., Eastland, and maternal grandparents are Mr. and Mrs. Wesley Tollett of Ranger.

Mr. and Mrs. Troyce Boone of Ranger have announced the birth of a baby daughter born at 5:07 a.m. September 21 at the Ranger General Hospital. The baby weighed seven pounds, seven and one-half ounces and was named Eva Darlene.

Mr. and Mrs. Joe Van Breeman of Strawn are the parents of a baby boy born September 20 at 7:10 p.m. at the Ranger General Hospital. The new son weighed nine pounds, four and one fourth ounces.

**Gleaners' Class Will Install New Officers**

Members of the Gleaners Class of the First Baptist Church will install their new officers at the monthly class party at 9:30 a. m. Thursday in the home of Mrs. E. H. Culbertson, president, 705 South Seaman Street.

Mrs. W. G. Womack will be the installing officer. Each outgoing officer will be called upon for a complete report of the year, Mrs. Culbertson said.

**Mrs. Walker Is Honored With Stork Shower**

Mrs. J. D. Walker, the former Miss Annie Pearl Harris was the honoree Wednesday afternoon of last week, when Mmes. James Harris and G. L. Johnson entertained with a pink and blue shower in the home of the honoree's mother, Mrs. Sophia Harris, 308 North Connellee.

Pot plants were used as decorations in the entertaining rooms. Iced fruit punch and cake squares was served with miniature diapers as plate favors. Fifty guests called or sent gifts.

**Patricia Rushing Returns For Senior Year At NTST**

Mr. and Mrs. J. H. Rushing returned their daughter, Patricia Ruth, to Denton, Sunday, where she will enter North Texas State College for her senior year.

Miss Rushing, who is majoring in business is a member of Pi Omega Pi, honorary business fraternity; Delta Chi Delta, social fraternity; Senior Mary Arden Club, a social literary club and ex-member of the Gamadian Club, honorary club for freshmen and sophomores.
