Nixon's "Vindication" can mean only one thing, and that is Mr. Nixon will emerge from the fracas bigger and stronger than ever. It was no more than a misguided missile from a "mud slinger" corner, and will act as a boomerang against them.

At this time we have a group of politicians who are singing their Swan song. They are diehards, grasping at a straw. This time it so happened that the straw was TNT, and one or two additional grasps and they will all be gone. They would very much like to "smear" Eisenhower, but did not quite have the nerve. The Nixon stunt was merely a "feeler" but it carried a wallop, that has acted for, rather than against Mr. Nixon and Mr. Eisenhower. And outraged Americans may have put the fear of God into the hearts of the guilty ones.

Honest and conscientious voters actually melted the wires when they began sending their "Keep Nixon" telegrams.

America is ripe for a crop of conscientious candidates. Voters are looking for men—not parties—in whom they may place a trust. Ike and Nixon fill this bill.

As we write these lines Eastland ladies and others are feverishly working on a style show. For a while we planned to enter as one of the contestants, but finally changed our mind, when none of the "powers" that be asked us, and also learned it would be necessary to blow in cash for new sex and tie, before we would be acceptable.

That's the trouble with these style shows—costs too much to join. When they get up a tacky party we may enter the contest, as we feel sure we could win the "jack pot" without half trying.

A fellow told us the other day that if he could believe like the Baptist he would go down and join up, and then take a deep plunge in sin, enjoy life and when he got too old to sin any longer would sit down and wait for the Lord to come and get him. Our reply was that he would do any such thing. You have to be saved to inherit eternal life, and a mere joining of the Baptist or any other church doesn't save you.

Your name might make the church roster, but not the Book of Life. You probably would go right on sinning until your last breath was drawn, but you would not be looking for the Lord to come after you. On the other hand you would be nervous if the devil happened to be a few minutes late. You may fool the world, but not God, though it may too late when you admit this truth. You know this now, but hope your neighbor doesn't find it out. That's why you will cry for the rocks and mountains to fall on you when it is too late. Don't blame us—we warned you.

While local, state and national politics may resemble scrambled eggs at this time, one thing is sure, and that is American voters are wide awake. For fifty years they have been napping and have allowed ward heeler politicians do their thinking and voting. Finally somebody discovered that politicians were selling us short. A general alarm was given, and now politicians know that things are going to be changed.

We have been sold short and we have been outraged, but now the crooks that have played upon our ignorance and carelessness are going to pay. In this country they really count the votes, and when they are counted this November, the crooks will learn that they have been out-smarted and out-worked.

Work is seemingly quite plentiful, so after like "fires" a lot of them and "powers" behind the scenes quit slipping their hands out, they may get a job grubbing stumps. The casualty list will be high for a time as most of them would rather starve than to work.

Drive An Oldsmobile Before You Buy! Eastland, Texas OSBORNE MOTOR CO.

Set New Record; Score - 117 MIGs For September

By ROBERT UDIK

SEOUL, Korea, Sept. 26 (UP)—American Sabrejets shot down four Communist MIG-15 jets and damaged three others Friday, setting a new record in claims against enemy jet fighters in a single month.

Fifth Air Force officials said Friday's claims ring the official toll of MIGs for the first 26 days of September to 55 destroyed, six probably destroyed and 51 damaged.

U. S. pilots equalled the record for total claims against MIGs in a single month in mid-September when they hit their 102nd plane. The record of 102 planes destroyed, probably destroyed or damaged, was set in March of this year.

Two of the swift Red fighters were shot down by 1st Lt. Cecil C. Foster, San Antonio. He has destroyed three MIGs so far in the Korean war.

Another MIG was destroyed by 1st Lt. Charles G. Cleveland, East Orange, N.J., for a total of three jets destroyed, two probably destroyed and five damaged, Cleveland Friday flew his 122nd mission of the war.

MIGs were damaged by Lt. Col. Albert S. Kelly, Huntsville, Tex., and 1st Lt. Richard Lamphrecht, Laureate Harbor, N.J.

While the Sabres were fighting with the MIGs, other planes pounded Communist winter supply depots and front line positions as the weather cleared all over Korea.

Roland Phillips Again Honored

J. R. Phillips, with Humble Oil and Refining Co., Eastland, has been appointed community chairman for the Oil Industry Information Committee, according to an announcement by W. C. Barnes, Abilene, area chairman.

He will have charge of observance of Oil Progress Week, Oct. 12-18 in this area.

Other committees were named as follows:

Nurses and Aids—Mrs. E. Roy Townsend, Mrs. Otto Marshall, Mrs. W. Shell, Rt. 1, Gorman, Mrs. I. C. Heck, Mrs. E. M. Grimes, Mrs. Ben Hammer, Mrs. Frank E. Day and Mrs. W. W. Linkenhogger.

Registration: Mrs. Dee Estes, Mrs. W. B. Barrow, Miss Eunice Nell and Mrs. R. N. Sneed.

Clear, Mild Weather, No Rain Today

Eastland Countians were basking in a mild fall climate today—what official U. S. Weather forecasters insist is "normal autumn weather."

Anyway, it's long-sought comfort for urban and rural dwellers in this region—a welcome relief from the parching mercury levels of slightly more than a week back.

The mercury, say weathermen, is due to climb up into the 80s today—and it'll be fair and mild. Little chance of rain is forecast.

And for tonight—the weather outlook is for conditions ideal for football fans. By kickoff time—8 p.m.—the mercury is due to be in the upper 70s.

Lowest temperatures tonight for this area probably will be in the mid-60s.

IT IS REPORTED

That Senator Nixon will speak over the Texas Quality Network tonight at 6:45 p.m.

That the Style Show was enjoyed by all who attended and the house was filled to overflowing.

That lawns in Eastland are beginning to show signs of life, but hedges and trees are not so fortunate.

That Eastland and Ranger will settle their difference on the football field in Ranger tonight.

That Pastor C. Melvin Rathel has been battling an attack of "flu", and he came out winner.

That Onous Dick will be on the Clear Fork over the week-end, when he plans to catch the balance of the fish. Most of them dodged him at Devil's River.

That they are still hauling water into Eastland, but a good rain might put a stop to such. Four inches in four hours is what we need.

Cisco's Midgets Accompanied By Peppy Pep Squad

The midget's pep squad was organized by the sixth, seventh and eighth grades Wednesday to accompany the ball team to play the Eastland Doggies.

Leaders chosen were Janice Clark and Lonnie Pingree of the eighth grade; Jan Latson and Barlan Black, seventh grade; Linda Lucas and Rex Townsend sixth grade.

The pep squad will also be accompanied by Beulah Jean Smith and Jo Ann Townsend, queen and runner up of last year.

Maverick, Bulldog Squads Set For Tonight's Tilt

ALL BOY—Six-year-old Tommy Herbert, of Euclid, Ohio, who lost both hands beneath a switch engine five years ago, proves he can bat and throw a baseball well enough to play with the other kids. In throwing, he places the ball in the crook of his arm and gets it off with a pushing motion. He can write, play the drums, run a lawn mower and wants a two-wheeled bike instead of the three-wheeler he now rides.

Bess Truman Gives Dress To Smithsonian

WASHINGTON, Sept. 26 (UP)—Mrs. Bess Truman already has given the Smithsonian Institution the dress she wants to go into the museum's collection of first ladies' gowns.

The public won't get to see it until next January, but it was learned Mrs. Truman sent the dress to the Smithsonian some time ago. She requested that in accord with custom the gown be withheld from the display until after she and President Truman leave the White House.

Mrs. Truman chose one of her favorite gowns for the Smithsonian—a grey brocade affair designed by Mme. Pola of New York.

Cecil Manning Dies At Home Early Friday

Cecil D. Manning, 75-year-old resident of Ranger since 1928, died at his home, 511 Melvin St., Friday morning at 5 a.m.

Mr. Manning, a retired custodian of the First Methodist Church in Ranger, was born in Arkansas on March 3, 1877. Prior to his passing early today, the Ranger man had been in ill health for some time.

Funeral details being planned today, set the final rites for Sunday afternoon at 2 p.m. at the First Methodist Church in Ranger. Interment will be in Evergreen Cemetery, and Morris Funeral Home, Ranger, is in charge of arrangements.

Survivors include the widow, Mrs. Georgia Manning, Ranger; three sons, Audrey of California, Eldred of Huntsville, and R. D. Manning of Wichita Falls; two daughters, Mrs. Alta Woods of Ranger and Mrs. Eunice McAttee of Louisiana; and one sister, Mrs. Callie Stephens of California.

Library Junior High Is To Get 20 New Volumes

"The history of the world is the biographies of its great men" so states a motto on the Congressional Library in our nation's capitol. With that in mind, twenty volumes of Biography have already been added to the library of the Eastland Junior High School. It is hoped to complete this "Childhood of Famous Americans" series in the near future, bringing to a total of fifty volumes in this series.

Four of the librarians attended a book-binding clinic held recently at Ranger High School where they were shown the proper methods of binding and repairing books, by the Gaylord Co. Materials have been ordered with which to carry this program out. Mrs. Joe Stephen is in charge of the junior high librarians; 6th Grade: Gaila Walters, Betty Walker, Brenda Butler, Kathy Williamson, 7th Grade: Mildred Day, Sarah Sims, Ladell May, Gwen Thompson, 8th Grade: Jane Jordan, Barbara Hightower, Ellen Whitley, and Dixie Day. "We are proud of our library and the manner in which the student body uses and takes care of it," so states Joe Williams, principal.

Dogies Win Game From Midgets By Score Of 7-6

Eastland Junior High School Dogies, hooked, sliced, blocked, tackled and passed their way to a 7-6 victory over the Cisco Midgets Thursday night in Maverick Stadium in Eastland.

It was a slam, bang affair from start to finish. The Eastland dogs as well as the Cisco team, were hard all the way.

Coach Brock said he was very proud of his team as a whole. He said "if it wasn't for the team work they had, and the attitude to help each other last night, the victory would not have been possible." Brock also stated that he was glad that he didn't have any serious injuries.

The starting line-up last night was:

LE Leo Smith, LT Carl Freeze, RT Rex Webb, Q Harvey Lewis, F Duard Turner, LG Jimmy Phillips, RG Lupe Herrera, RE Jimmy Martin, LHB Donald Lee and RHB Billy Upchurch. Also playing were Clinton Humphreys Q, and J. C. Jarrett LHB.

All the rest of the ball club was on hand, if needed, and will probably see action before the season is over.

The Dogies will take on the Gorman team Thursday, October 2 at Maverick Stadium. That, too, should be a good ball game.

MEETS PRESIDENT—Soviet Russia's new ambassador to the United States Georgi N. Zarubin (left) talks to newsmen as he left the White House after presenting his credentials to President Truman.

Many Additions At North Lamar

Revival services which have been conducted at the North Lamar Baptist church, twice daily, since Friday of last week, will close with the evening service Sunday.

Both the 10 o'clock and 7:30 evening services have been well attended, and according to Pastor Truman Walker, there has been a great spiritual awakening. Souls have been saved and others have rededicated their lives. There were six additions to the church last night.

The public is cordially invited to attend any or all of these services.

Little Items Of Local Interest

Crickets have just about taken over the city, but to my notice that DDT is to be their new food. This will likely reduce their number, it is thought.

H. P. Pentecost is looking for a pair of glasses that has been misplaced. If you find them and deliver them to him, the least he will do is say "thank you."

Farm Bureau To Meet At Kokomo

It was announced today that a Farm Bureau meeting will be held at the Kokomo Tabernacle at 7 p.m. October 2.

All members of the bureau are urged to attend.

WORM TURNS AS NIXON SETS OUT TO PUT ADLAI ON SPOT IN TEXAS SPEECH TONIGHT

SALT LAKE CITY, Sept. 26 (UP)—Sen. Richard M. Nixon set out Friday to put Gov. Adlai E. Stevenson on the hot spot and keep him there as long as he can about the use of "special funds."

The Republican vice presidential nominee made it plain that he intends to keep hammering at Stevenson in an effort to force a "full disclosure" of any outside funds used by the Democratic presidential nominee.

Nixon knows how hot the spotlight of adverse publicity can be. He got out from under it only Wednesday night after a week of political sweating before his GOP running mate, Dwight D. Eisenhower, "vindicated" him at Wheeling, W. Va. He has sweated for a week over his own \$18,235 special expense fund raised by wealthy California supporters.

Speaks in Amarillo The 30-year-old Californian, who picked up his speaking tour here Thursday night before a cheering crowd of 6,000, also planned a direct bid for the votes

Four Tax Fraud Witnesses Say Lives Threatened

CHICAGO, Sept. 6 (UP)—The refusal of four witnesses to testify on grounds their lives have been threatened resulted Thursday in the dismissal of charges against two defendants in an alleged cigarette tax fraud against the state.

Dismissal of the two defendants left 16 others facing trial in the multi-million dollar cigarette tax fraud case which was raised as a political issue by opponents of Gov. Adlai Stevenson.

Joseph Damato, 34, and Jasper di Ceatano, 42, were freed late Wednesday by Chief Justice Joseph A. Graber of criminal court.

Ben Heinemann, special assistant state attorney general, said he had been unsuccessful in attempt to extradite two witnesses from Indiana and two from Missouri.

Eastland Woman's Brother Dies

Mrs. Fronia Grubb accompanied by her sister, Mrs. Frank Elliott of Farwell and Mr. and Mrs. J. Carl Johnson attended the funeral of Terry Webb held Tuesday in the Travis Ave. Baptist Church in Ft. Worth.

Mr. Webb suffered a heart attack in his home Sunday and died soon after having arrived at the hospital. He had been in ill health for some time. He is the brother of Mrs. Grubb and Mrs. Elliott and the uncle of Mrs. Johnson. Interment was in Hillcrest Mausoleum in Dallas.

War Buddy To Introduce Nixon

NEWOKA, Okla. Sept. 25 (UP)—Sen. Richard Nixon, Republican vice presidential candidate, will be introduced at Oklahoma City Saturday by a Wewoka furniture dealer who shared a room with Nixon during World War II.

Tom Moore said he and the Californian were roommates in Washington when both were attending a school for naval officers. "Nixon is the most honest and sincere man I've ever had the privilege of knowing in public life," Moore said.

May Touch on His Case The California senator promised a major speech on the question of "Communists-in-government" at Amarillo. But he gave no indication of whether he would bring out Stevenson's deposition that was used in the perjury trial of Alger Hiss, describing Hiss as of good character when Stevenson knew him previously.

Student managers of the Eastland club are Don Jordan and Pat Linkenhogger and Ranger's team managers are Woods and Rushing.

Big Crowd Due; Kickoff At 8 Sharp

By GROVER LEE

A few hours from now the shrill blast of the kick-off whistle will blast the air under the area at Bulldog stadium in Ranger, the oblong leather will zoom downfield from a hefty boot, and Eastland County's grid duel of the year—the Eastland high Mavericks versus the Ranger high Bulldogs—will be underway.

Feeling over the battle was running high among red-hot grid fans in both Ranger and Eastland at noon today as time for the 1952 clash drew nearer, and long before the kickoff whistle what may be the largest audience of the season at the Ranger stadium will begin pouring in to get set for the big inter-city schoolboy grid go.

Members of both the visiting Red & Black and the host Maroon & White aggregations wound up preparation for their crucial meeting with light drills under the bright rays of yesterday afternoon's very warm sun.

Coaches of the respective clubs deftly put the finishing touches on their offensive and defensive combinations, concentrated on what new runny-dinks to pull from their individual bag of T-powered tricks, and released their lists of tentative starters.

EASTLANDERS READY The underdog Eastland Mavericks—lighter and greener than their Ranger rivals—were in fine fettle, mentally and physically this afternoon as their battle hour neared. They boast lots of speed. And their maneuvers from the speed formations can be deadly. Starting in the Eastland secondary, announces Coach Ed Hooker, will be Vern Meroney, 152, Pearson Grimes, 130, Fred Williams, 121, and James Jessop, 152. Opening in the Red & Black forward wall will be Clyde Moore, 140, and J. D. Hanson, 157, at ends; Neil Edwards, 163, and Don Webb, 143, at tackles; Stan Harris, 158, and Pobby Cooper, 167, guards; and Norman Watson, 146 at center.

RANGERITES HEAVIER The line list of Ranger Bulldog starters, as released by Coach O. C. (Stubby) Warden:

Charlie Massegee, 135, Gerald Pagwell, 140, Jimmy Cantrell, 170, and J. L. Barnes, 160, comprise the starting Maroon & White backs. Linemen at the kick-off will be Chico Mendoza, 170, and Tommy Hinds, 175, at the flanks; Eddie James, 190, and Jimmy Wedeler, 163, at tackles; Al Tunn, 140 and Wayne Hargraves, 165, at guards; and John Rush, 150, at center.

The Eastland starting eleven averages 146 pounds per man, compared to Ranger's 156 pounds per man. The Mavericks' backfield averages 139 pounds, and the line 154. The Ranger men in the secondary average 150 and the Bulldog forward wall hit the scales at a 163-pound average.

Officials for tonight's game will be L. B. Ellis (Texas A&M) referee; Jim Woodfin (TCU), umpire; Joe Shosid (TCU), head linesman; and Joe Burn (Bradley Tech), field judge.

Student managers of the Eastland club are Don Jordan and Pat Linkenhogger and Ranger's team managers are Woods and Rushing.

Consolidated To Hold Open House Next Sunday

Production of B-36 bombers will be viewed by the general public Sunday, Sept. 28, during the first open house ever held in the 10-year history of Consolidated Vultee Aircraft Corporation's Fort Worth division. Visiting hours will be from 9:00 a.m. until 3:30 p.m.

The public will be permitted to walk down the entire 4000-foot length of the assembly building—known as the world's largest—and see the giant intercontinental bombers being made for the Air Force.

Convaire's experimental, swept-wing jet bomber, the YB-60, also will be on display at the plant.

August C. Esenwein, division manager, announced that two tour routes are planned for the visitors—a long one, about two and a half miles, and a short one, about one and a half miles. Visitors can take their choice.

A March of Time film, "Flight Plan for Freedom," depicting a B-36 bomb run over Detroit, will be shown throughout the day in the Convaire cafeteria.

Esenwein emphasized that no cameras will be allowed inside the plant, no confidential equipment will be shown, and no visitors will be permitted into B-36s.

"Within the bounds of security, however, we at Convaire are going to give citizens in this area a good close-up look at how air power is built," he said.

The vast Convaire plant covers 346 acres, has 3,000,000 square feet of paved working space, and currently employs 25,000 persons. It is the only plant in the country building B-36s.

A "family day," limited to Convaire employees and their families, will be held Saturday.

Howard Payne Hosts To Sam Houston State

BROWNWOOD—The Howard Payne College Yellow Jackets, still licking their wounds from the 20-7 defeat at the hands of New Mexico A&M, have been going at full steam this week in preparation for the Stingers first home game with Sam Houston State Saturday night in Brownwood High Stadium.

Sam Houston's Bearkats will boast a powerful running attack as well as a tricky passing offense in their efforts to down the Jackets two years in a row. The Bearkats beat Howard Payne 27-19 last season. Since 1919 the Yellow Jackets have defeated the Sam Houston State gridsters 19 times while losing six and two ending in ties.

Leading the Howard Payne attack will be Melvin Lindsey and Clyde Blair, two backfield standouts from Spur. Lindsey proved he would be a threat as a passer in the New Mexico Aggie game when he completed six of 13 throws in a damaging wind and Blair used his shifty running ability to good advantage to lead Jacket ground-gainers.

Acc Hopes Slim For Win Over Tennesseans

The Abilene Christian Wildcats invade Tennessee Thursday in preparation for their Friday night clash with the strong University of Chattanooga Moccasins.

The game will mark the fourth annual affair between the two schools, and the Tennesseans, by virtue of their 33-7 victory last season, hold a one-up margin in games won, 2 to 1. Chattanooga won the 1949 game, 14 to 7, but ACC won in 1950, 13-7.

Wildcat prospects to even the score in the four-year series look slim indeed, considering that the Moccasins have practically all of their '51 team back. The Chattanooga eleven opened its '52 campaign last Friday night by walloping Georgetown, Ky., 86-0. The game was such a lop-sided affair that the quarters were trimmed to 12 minutes each in the last half after the Mocs ran up a 53-0 half-time margin.

SEARCH FOR WORKERS—Workmen search smoldering ruins of one of the Saskatchewan grain elevators at Port Arthur, Ontario, Canada for trapped victims of an explosion and fire that killed 4, trapped 2 and injured 20.

Drouth-Stricken Farmers Vision Improved Conditions Since Rain Has Fallen; Conservation Needed

The Soil Conservation Service regional office today announced results of a four-state study of drought conditions and reported that the drought in Texas, from the standpoint of area involved, duration, effect on land cover, persistent high temperatures and in the scantiness of effective rainfall, the present drought exceeds all previous ones in severity.

Reports from 440 field offices, 230 in Texas—were summarized by the regional SCS office in its study.

The survey showed that conditions in the Lubbock area have improved materially since April and considerable relief has come to the Marfa-Fort Davis country in southwestern Texas. The recent heavy rains in the Colorado River watershed may be the forerunner of a break in the drought in that area. Still, it may be only a duplication of heavy storms at Alice in 1951 and near Dublin in 1952, both of which interrupted the going drought only briefly.

East Texas has suffered from the hot, dry summer but that area still has fair to good cover although it is generally dry. However, 81 counties in western and southern Texas and parts of 68 others are still suffering extreme drought with respect to both cover and moisture. Twenty-two counties and parts of 40 others west of the Blacklands have fair cover but are extremely dry.

In eight widely separated locations the estimated duration of the present drought is as follows: Lubbock 29 months (to April 1); Haskell, Fort Worth and San Angelo 23 1/2 months; Big Spring 24 1/2 months; Fort Stockton 22 1/2; Del Rio 32 1/2; and Falfurrias 34 1/2.

The reports to Regional Director Louis P. Merrill of SCS showed that in many of the drought ridden western, southwestern and southern portions of the state, crops have been a complete failure. In ranching areas range cover, except where good management practices have given protection, has largely disappeared. Stockmen have sold or moved out large percentages of the normal livestock population of their counties.

Stock water conditions generally are not yet critical although ponds in some areas have dried up and water wells are falling.

Pony Is Prize At Opener Of Prison Rodeo

When the Prison Rodeo opens for its 21st series of October Sunday afternoon shows this year the rodeo management will celebrate the occasion by giving away a fine Shetland pony.

Some one of the thousands of young cowboys and cowgirls who attend the first show of the 21st Annual Prison Rodeo series, Sunday, October 5th will become the master or mistress of a handsome little black and white Shetland pony and a fancy, tooled-leather cowboy saddle complete with a hilt and all the trappings.

Some time during the rodeo a halt will be called between events

Texas U. Places 946 Teachers

Teachers needing jobs and schools needing teachers got together to give the University of Texas Teacher Placement Service a record total of 946 placements during the past fiscal year.

Dr. Hob Gray, director, reported in Austin the figure was 68 higher than the 878 placements for the preceding year. August is always the biggest month for hiring new teachers. A total of 391 placements were recorded for that month in 1952, against 362 for the same 1951 period.

School superintendents and college presidents of Texas and other states contacted Dr. Gray's office in their search for teachers and administrators. Both high school and elementary teachers were in great demand.

Order empaneling Jury Commissioners for August Term, 1952.

W. A. Moore v. Nettie Moore, judgment.

Wilma L. Mayer v. A. M. Mayer, judgment.

Social Science Laboratories, Inc. v. Kay Dunson, order of dismissal.

Vieda Gorman Baker v. M. J. Baker, judgment.

State of Texas v. Mae King, judgment.

RING AND VALVE JOB, \$6 "MOTALOY"

Does it while U-Drive. Stops oil burning, raises compression, saves fuel.

No equipment to buy; no work to do; Do away with old fashioned rings and valves by just dropping method of replacing worn pistons, "MOTALOY" tabs in fuel tank of cars, trucks, motorcycles, tractors, diesels or any internal combustion engine. "Motaloy" does the rest; It builds up worn rings, valves, pistons, etc., through the plating process which will last for 200,000 miles. (Guaranteed non-injurious to finest engines). First results noted after 100 miles.

Annual Fall Style Show Said To Be Prettiest, Best Ever Shown

Thirty-five hundred dollars worth of fall clothing was shown at the annual style show Thursday evening sponsored by the Beta Sigma Phi.

Modeled clothes were from Altman's, D. L. Houle, specializing in Women's wear, and the Men's Shop and represented a well rounded stock of merchandise.

Setting for the show, presented under the direction of Mrs. Margie Johnson, who also served as commentator, was an array of Christmas packages, measuring in width from six inches to the size of the grand piano which was done up in Christmas package style. Mrs. Earl Francis' collection of model dolls added to the festive scene.

The fabric was played up in the women's clothing as well as that worn by the men. The straight line hanging from the shoulders and losing none of its femininity was stressed.

Dresses and coats have been pictured in Vogue and other leading women's magazines were shown including dressy, casual, tailored and formal clothing.

A group of high school girls in pep squad uniforms centered around Mary Ann Henderson in a sport casual dress, gave the football season's touch and was a refreshing approach appealing to the younger set.

The grand finale presented all models on the stage in formals, with a bride, complete in formal wedding attire as an added touch.

Misses Cherry Maddox, Camille Wright and Quanta Taylor, of the Ross Hancock School of Dance, Fort Worth, danced the announcement of the bride's approach and danced in her honor following her arrival in her station of honor.

Mrs. D. L. Kinnaird played background music throughout the show and accompanied Breeze Westmoreland, tenor, who sang classical and popular numbers following the style review. Mr. Westmoreland, a favorite of Eastland music lovers, was as usual well received by his audience.

Models, showing clothing from Altman's Style Shop were Meses. Eura Jones, Thura Taylor, Pauline Harkrider, Sue Layton, Merlene King, Sallie Phillips and J. e. a. n. Hendrix.

Pineapple Meat Loaf Is Tops For Flavor

Luscious, golden pineapple lends irresistible flavor and eating goodness to meat loaf.

Looking for something different and delicious to serve for dinner tonight? Then, try this easy-to-do hamburger loaf, glorified with bright, sunny pineapple slices so it looks like your favorite upside-down cake. You'll find that pineapple adds a wonderful fruity flavor to the meat, and excellent texture contrast. There's also an economy angle since the pineapple helps to make smaller meat portions more satisfying.

Thanks to a bountiful harvest, pineapple is back in good supply now and you can get all five types—slices, chunks, tidbits, crushed and juice, ready to serve as is, and in dozens of tempting salads, cakes, pies and puddings. Pineapple juice, for example, is easily stored, requires no refrigeration, and makes an ideal breakfast beverage because it's not too sweet, nor too sharp. For variety, add a cup of chilled tomato juice to two cups pineapple juice and shake well together. If you like a decided tangy flavor, add a dash of lemon juice. Or, treat the family to sliced bananas topped with pineapple juice instead of cream.

PINEAPPLE HAMBURGER LOAF

3 slices bread, cut in small cubes 1 1/2 tsp. salt
1 cup milk 1/4 tsp. pepper
1 egg 1/2 tsp. Worcestershire sauce
1 small onion, chopped finely 1 lb. hamburger, ground beef or chuck
3 slices canned pineapple

Place bread cubes in mixing bowl, add milk, and allow to stand 2 or 3 minutes. Add egg, chopped onion, and seasonings and mix well. Add meat and blend thoroughly. Cut pineapple slices in half crosswise and arrange in a row in the bottom of a loaf pan. Pile meat mixture on top of pineapple. Bake in a moderately hot oven (375°F.) for one hour. Invert on serving platter to serve. Serves 6.

NEWS FROM CARBON

Bob Ables left Sunday for Alpine to enter Sul Ross College, where he has enrolled for the fall semester.

Visitors in the home of Mrs. Gladys Walker last week were her son, Cloyd Walker and family of Cisco, and her sister, Mrs. Lillian Howard and children of Branton.

Mrs. W. J. Stacks and Tommy Stacks of Fort Worth spent the weekend with Mr. and Mrs. W. M. Medford.

Mrs. Ruby Salyer visited with relatives in Mexia over the week end.

Mr. and Mrs. L. E. Tonn and son of Waco, visited her parents, Mr. and Mrs. Elmer Bethany last week.

Mr. and Mrs. D. D. Sandlin and children, spent the week end with her sister, Mrs. D. L. McCracken and family in Corsicana.

Mr. and Mrs. Edgar White of Odessa, were week end guests of their parents, Mr. and Mrs. Wade White.

Mr. and Mrs. O. Stone are visiting their daughter-in-law, Mrs. Sam Stone and children, who are residing in Alpine, while Lt. Stone is overseas in the Army.

Brooks Gilbert left Saturday to resume his studies at Louisiana Tech.

Mr. and Mrs. Otis Guy and children, visited their son, James, in Snyder Sunday.

Mr. and Mrs. J. L. Blackard and Mrs. Ray Neal Baze visited B. W. Lasater and family in Eastland Sunday.

Among the out-of-town relatives and friends attending the E. R. Trimble funeral here Tuesday were: Mr. and Mrs. Mack Jones of Abilene; Mr. and Mrs. J. T. Elliott and Mrs. H. L. Thompson of Cisco; Mr. and Mrs. Chas. Pierce of Breckenridge; Mr. and Mrs. Trimble Boyett of Austin;

Irish Actor Finds New Way To Promote Himself In Television

By Aline Mosby
HOLLYWOOD, Sept. 25 (UP)—Desmond Slattery is the world's only actor who got into the movies backed by 200 stockholders.

The handsome Irish actor announced Thursday he's produced and starred in a television movie about Robin Hood that was financed by "angels"—from shoeshine boys to grocery clerks—around California.

"It's a classic example of free enterprise," he said. "It shows you what you can do if you believe in something a fight for it."

Slattery has been a Robin Hood fan since he first saw Doug Fairbanks, and two years ago he decided to play Robin Hood in a TV movie himself. He was, however, broke.

Sold Shares for \$6.25
He therefore made himself a legal California corporation, a n d sold shares in himself at \$6.25 a crack.

Slattery made one of his "offices" Schwab's drugstore, and he became one of those movietown landmarks tourists drop in to see. He grew Robin Hood-style shoulder-length curls, a goatee and mustache "so every time I combed my hair I'd remember my goal."

Other customers at Schwab's including myself, regularly debated over morning coffee whether Slattery would ever finish his movie. His first stockholder was a woman across the street who sells newspapers. From there he traveled to more than 30 towns to show anybody he could buttonhole his

corporation papers and stock certificates.

"Some people called me a fool and walked away but other asked questions for hours. You'd think they were buying an oil well," he said.

Got \$400 in Bar
"In San Francisco I told on the radio I was selling stock in a bar named Robin Hood. Then I went to the bar with my briefcase and sold \$400 worth of stock that way."

This persistent actor finally sold his entire stock issue to orange pickers, sardine catchers, taxi drivers, teachers, priests and cowboys. Some stockholders, he says, wonder what's happened to their movie after two years, and he keeps in touch with them by mail.

The film was shot in a forest actually named Sherwood near Thousand Oaks, Calif., with numerous eager stockholders looking on.

Slattery leaves soon for New York to sell the series to TV.

Herby Weaver of Baylor University will spend the week end here with his family, Mr. Mrs. H. T. Weaver and Jana.

Mrs. Clyde Young Elected Head Of South Ward's P-TA This Week

Mrs. Clyde Young was elected president of South Ward Parent-Teachers Association and Mrs. James Fields secretary at the first meeting of the season, Tuesday afternoon at South Ward School.

Mrs. Billy Frost, vice-president, presided and heard the report of the executive committee, who had received the resignation of Mrs. Earl Conner, president. Mrs. Conner resigned to teach in the school.

Mrs. Marvin Hood's second grade was awarded the room prize for having had the most mothers present.

Mrs. E. H. Culbertson conducted a "Get Acquainted" game. The meeting was followed with a tea in the school's cafeteria with members of the executive board as hostesses.

Mrs. Young presided over the refreshment table, which was laid with a lime green linen cloth and decorated with a green and white floral arrangement.

Announcement was made of the next meeting, October 28th at which time E. C. Johnston will be the speaker and will talk on Taxes.

The reporter stated that organization work for the annual Halloween Carnival, in cooperation with West Ward will be started soon. The carnival is held each year in the High School Gym.

Fifty members attended. Meses. L. E. Huckabay, James Whittington, E. H. Culbertson, Billy Frost, James Fields and Clyde Young are the executive Committee members.

CARD OF THANKS

I want to give my thanks to each and everyone of the hospital staff for making my stay in the hospital a pleasant one. They have been so good and nice to me I will never forget them.

I would like to thank each one for the nice gifts that were sent to me, and the nice letters from my school mates.

Love, Lda Lea Alford.
Mr. and Mrs. J. S. Alford.

Mr. and Mrs. Robert Vaughan of Robert Lee, but for many years resident of Eastland, were in the city Thursday and Friday greeting friends. Very little rain in his section, Mr. Vaughan stated.

There's NO value like Chevrolet value!

...the lowest-priced line in its field!

Measure value by what you get for what you pay... and it's easy to see why more people buy Chevrolets than any other car.

For you get more with Chevrolet... fine quality features found in no other low-priced car. And yet you pay less... for Chevrolet is the lowest-priced line in the low-price field.

Today more and more people are looking for greater value in everything they buy. Come in and let us show you all the reasons why—in automobiles—there's no value like Chevrolet value.

(Continuation of standard equipment and trim illustrated is dependent on availability of material.)
