Plans for the Southwestern Exposition and Fat Stock Show to be held in Ft. Worth, January 30 to February 8, are now well under way. Those Fort Worth people never do anything in a haphazard manner, and this is very true when you mention horses or cattle.

This year they plan to enlarge their rodeo and certain other branches of entertainment, and the January Exposition will likely be one to be appreciated.

The Policemen's Ball was a success from every point of view. While the boys had been instructed not to push the sale of tickets the drought and economic conditions, they found plenty ready buyers, and after all expenses had been paid they realized almost as much as they did last year—approximately \$500.00.

This money will be used for buying equipment for the police and for their office, which means they will not have to go to the City for their funds.

If you are not too old or too young, remember your blood will likely be needed for the Blood Bank. The average adult has three gallons or more of pure red blood, and when he gives up a pint, his body will in no way suffer from a shortage. His machinery is in good working order and nature will build up the small loss within a very short time.

The thing to do is sign a pledge card and be on hand on the 25th of this month, while the Bloodmobile is in the city.

A few of our most optimistic farmers are planning for another

Dance Nets More Than \$500 Says Chief Ray Laney

The Policemen's Ball netted approximately \$500, and members of the "force" are very happy at this time.

Last year the boys gathered in \$540, but this year they were instructed to be "easy" when it came to selling tickets. "Right now some of our friends may not have extra money to spend," stated Chief Ray Laney. "We are feeling the drought and just because times are hard, we are not going to be. However, people have responded in a wonderful manner and we are very happy."

Money raised from the "ball" will go to buy equipment and office supplies for the department. Handcuffs, ammunition, guns and the like have been purchased in the past, but right now the boys are studying a two-way radio, which is badly needed, they say. Most of this year's receipts may go for this one item.

Such items as belts, life-time badges and finger printing equipment have been purchased. Last year they got a typewriter, and this year they got a typewriter, and a new set of uniforms. They own a radio and other needed equipment, and each year they go out and buy as long as the money lasts.

Neal Seabourne is to attend the FBI school in Abilene this year. Training is largely focused on car thefts, while other subjects will be given consideration.

The Eastland Police Department is now composed of the following: Ray Laney, chief, has had 10 years actual service; Milton Nash, eight years; Neil Seabourne, four years; Leon Wright, two years; and Tom High, one year. Ray Hatton is the new patrolman here.

Salt Water For Courtyard Well; New Test Begun

Water and plenty of it has been found in the Courtyard well, but it contains too much salt to be of any value. The well was abandoned at a depth of 167 feet.

The rig had been moved to the northeast corner of the courtyard and drilling another well is now under way. This test will be drilled to a depth of some 30 feet, when it is thought water may be found. Clear pure water was found at a depth of 32 feet in the first well, but the supply was very limited. Right now it is hoped that the new well will not only produce good water, but enough to supply the county's needs.

ALL BLOOD BANK WORKERS NAMED; CAMPAIGN BEGINS

You are the Red Cross! You have much to do with the success or failure of the Blood Bank, as little as you may think about it. What's your type? Is it good blood, bad blood, blue blood, or cold blood? When it comes out it is still all red.

You can spare a pint. Share your blood with the unfortunate soldier in Korea, or the man on a hospital cot.

Right now there is a great demand for Blood—your Blood, and the Red Cross and other workers are trying to induce you to give a pint—and possibly save a life.

The Bloodmobile will be in Eastland on November 25th, at which time you will be given an opportunity to do your best.

A Blood Donor Program is in the making, and representatives listed below will be only too glad to give you any needed information. Mrs. E. E. Freyschlag, chairman, has announced representatives listed below:

IT ADDS UP IN TIME

ALLIANCE, Neb.—Jim Yanders and P. P. Killian, amateur statisticians, have figured out how much food an 89-year-old man has consumed in his lifetime. According to Yanders and Killian, the figure comes to 81 tons of food and drink.

Butterfly fishes often swim in pairs.

BIRTHDAY—Britain's Queen Elizabeth II watches over Bonnie Prince Charlie as he sits in his toy auto on the grounds of Balmoral Castle, Scotland. The car was one of many gifts the Prince received as the Royal Family celebrated his fourth birthday.

Last Rites For Mrs. Campbell On Saturday

Funeral services for Mrs. Rose Campbell, 87, former Ranger resident and mother of C. A. (Charlie) Campbell of Ranger, will be held at St. Ann's Catholic Church in Manchester, Mich., Saturday morning at 9 a.m.

Mrs. Campbell, who made her home alternately at Manchester and Detroit, passed away Thursday morning at 10 o'clock at the home of her daughter, Mrs. Ellen Pajot, in Manchester.

Interment will be in a cemetery at Manchester, following the Saturday morning rites.

Mrs. Campbell is well known in Ranger, having made her home here for several years with her daughter, the late Mrs. Morris Lovelle, and Mr. Lovelle at 915 Oddie Street.

Survivors include the son, C. A. Campbell of Ranger, and a son-in-law, Morris Lovelle, also of Ranger.

Mr. and Mrs. C. A. Campbell and Morris Campbell will attend the funeral services for the former Ranger resident in Manchester tomorrow. They left Ranger for Michigan late Thursday afternoon.

987 TEXANS GIVE LIVES IN KOREAN WAR

Nearly 1,000 Texans have made the supreme sacrifice for their country in Korea.

An unofficial tabulation of casualties today shows that 987 fighting men of the Lone Star State have died in the Korean War. Five more casualties (killed in action) were reported Thursday.

In addition a total of 4,214 Texans have been wounded in the conflict, it was announced.

The above figures do not include state service men who died of wounds far from battle lines.

The current total to date far exceeds that of Texas' battle for independence against Mexico in 1836 when 546 were killed.

War casualties however, are nothing new to the Lone Star domain. A total of 13,810 Texans died for their country during recent World War II. And a total of 2,722 fighting men of the state made the supreme sacrifice during World War I.

Rangers In Final Home Grid Tilt Saturday Night

With the 1952 reign of Old King Football, fall's traditional monarch, ebbing to an end, Ranger and area football fans will get their last opportunity to see pigskin action out at Bulldog Stadium in Ranger Saturday night when the Ranger Junior College Rangers, in their final home appearance of the year, clash with the rugged Henderson County Junior College Cardinals.

The opening kickoff of the non-conference fracas will be at 8:15 p.m.

Field festivities, however, get underway at 8 o'clock with the coronation of the Rangers' 1952 Football Queen. The colorful rites will honor a Ranger Junior College co-ed who was elected as grid sweetheart during balloting of members of the RJC 1952 squad Wednesday. Her identity will remain secret until the coronation.

Although his club is "just in fair shape" due to injuries, Coach Boone Yarbrough, RJC mentor, Friday said the Purple & White will "give the invading Cardinals all we've got."

The Henderson Countians boast a very powerful squad and are one of the state's most potent junior college grid outfits.

Although defeated by the Arlington State Rebels earlier in the season, the Cardinals later whammed Tarleton State College, Stephenville, 20-14. The Rangers lost a close out to the TSCers recently and tied Arlington last Saturday night. In other comparative contests the Cardinals swamped Allen Academy 41-0 while the latter was topped, 21-6, by the Rangers. They've also beaten Paris Junior College, 28-14, and last Saturday they battered the Decatur Baptist College crew, 33-6.

the last grid game of the year to be waged under the ares of Bulldog Stadium, promises to be a stellar attraction.

Quarterback Buddy Hamrick, one of the Ranger's most highly publicized backs, is one of a trio of squadmen who are nursing hurts which are hampering their full-scale participation in the windup battles of the Rangers who've had a better-than-spectacular season in 1952 Pioneer Conference competition.

Also ailing is backfielder Rusty Talbot, who's nursing a sore shoulder, and Guard Bobby Keith, who's also sporting a hurting shoulder. Hamrick's ankle still cramps his style.

Friday at noon, Coach Yarbrough announced that Charles Blanton, 170-pounder, is due to start in the quarterback slot in the RJC offensive secondary. His backfield mate at the opening

likely will be Freddy Sanders, 150, at left half and Rusty Talbot, 160, at right half. Starting at the fullback post will be either Walter Matthews or Ken Burton. Both tip the scales at the 175-pound mark.

The Purple & White starting forward wall, tentatively due to start in Saturday night's Ranger-Cardinal contest:

Ends—Charles Brazil, 180; and Lee Otis Clayborn, 175.

Tackles—Leon Jones, 190, and David Anderson, 205.

Guards—Rooster Sullivan, 180, and Mack Fikes, 165.

And Center will be Donald Varner, 165.

"We deeply appreciate the fine support of our fans at Arlington last week," Coach Yarbrough said, "and we hope we can count on them to be on hand to give us plenty of backing in our final home game of the year Saturday night."

Texans Set New Vote Record In Nov. 4 Election

Texas voters set a new balloting record in the general election on Tuesday, Nov. 4, a final report from Dallas said late Thursday.

A total of 2,073,041 persons voted in the presidential referendum, according to tabulations of complete unofficial returns from all 254 of the state's counties.

Texans gave Republican President-elect Dwight D. Eisenhower 1,103,807 votes and defeated Democrat Adlai Stevenson polled 969,328.

Here is a breakdown of the state totals:

Democratic
President, Stevenson, 969,328; senator, Daniel, 1,226,331; governor, Shivers, 1,298,604.

Republican
President, Eisenhower, 1,103,807; senator, Daniel, 434,286; governor, Shivers, 445,751.

Prohibition

Sweetheart Will Be Presented At Stadium Tonight

The Mavericks have chosen Miss Mable Grimes, daughter of Mr. and Mrs. E. M. Grimes, to be their Sweetheart of 1952.

Presentation will be made at the half at tonight's game between Ranger and the Mavericks.

Drive An Oldsmobile Before You Buy OSBORNE MOTOR CO. Eastland, Texas

There is money in raising turkeys even in a dry year when you have to buy all, or nearly all, of your feed, according to more than a dozen Eastland County farmers.

That's the highly optimistic note around the Rising Star area where a reporter of The Abilene Reporter-News recently learned that turkey growers in their vicinity "are now totaling up their year's profits and getting ready for another cash crop."

The growers have sold their 1952 flocks, averaging 31 cents from the toms and 25 cents for the hens.

After 28 weeks of feeding the birds averaged from 22 to 23.5 pounds for toms and 12-15 pounds for hens and netted the growers \$1.30 to \$2 a bird.

"You can't sit on the back porch and rock and watch your turkeys grow into money," according to J. Elmo Smith, who raised 4,000 birds this year.

"Turkey growing takes work. This is my fourth year in the turkey business and the first time I haven't tried to do some row-cropping farming at the same time. Partly because of dry weather and partly because the flock took so much attention I didn't have much time for anything else," he said.

MONEY IN TURKEYS
But there's money in the turkey business, he said.

Next year he plans to increase his production from 4,000 to 5,000 birds. But he's taking his father-in-law, E. E. Bryan, into the undertaking.

Nation's Fire Losses for 1951

... are way up according to report of National Board of Fire Underwriters just released. Three quarter billion dollars went up in smoke, an increase of 12.3%, and more than 11,000 persons lost their lives. The causes are listed as about the same as previous years with careless use of matches and smoking accounting for 27%. Misuse of electricity, overheated chimneys and flues, lightning, spontaneous combustion and explosions are others in order.

he cautioned against storing the fat for more than 30 days, since it has a tendency to become staid if not used within a short time.

Beانبlossom also demonstrated the proper method of killing and dressing the birds either for the home freezer or the commercial market. He showed how the dressed carcass should be prepared and wrapped for freezer locker storage.

The many ways of preparing turkey for table use may be supplied by the county home demonstration agent, Beانبlossom said, in a bulletin prepared by the Extension Service's home economist.

Did You Know?

The Hansen-Galbraith Construction Co. estimate 100 families will soon be in Eastland and surrounding territory working on the new highway between Eastland and Ranger. Also that they will be here for a year which is good news to the Eastland citizens, that we will have the new families.

When you meet some of these newcomers won't you call us? 601 is the number.

That the H. T. Profit's have moved to 305 North Daugherty they are new comers and we welcome them to Eastland.

Little Items Of Local Interest

Visiting in the home of Mr. and Mrs. O. B. Crowley Saturday night were L. M. Crowley and family of Post, Mrs. T. L. Morgan of Crane, and daughter Mary Lou, of Stephenville, the Marvin Hutto family of Olden. They gathered to meet their brother, Jas. W. Crowley of Oxnard, Calif., who is the employe of the government, and is being transferred to Casa Blanca, French Morocco.

There seems to be some confusion concerning the Lions Club meeting for Tuesday, November 18. The meeting will be at the usual hour and at the usual place—the Methodist church basement. On the following Tuesday, which will be November 25, the Lions will meet with the Rotary Club at the hotel.

An Eastland merchant asked us yesterday why it is that so many people go to Fort Worth to trade? This city furnished them a livelihood he explained, but when they get a dollar to spend they leave town to spend it. We shall not try to give the answer, as it seems to be the \$64 question.

crop. Some of them have managed to do a little plowing though the continued drouth has greatly delayed this work.

Usually we get considerable rain during Fall months, even if crops do burn in the Summer. But this year our Fall rains have been rather light—far below normal, and it has our people guessing. However, a hardy West Texas farmer is pretty hard to knock out. He will take a lot of punishment before he finally gives up.

We have farmers in this county who have been here for fifty years or more. They have gone through many drouths, but they have hung on and marked time until better days came. And in the end they have prospered.

Why West Texas could make a good crop every year, it wouldn't be long until the world would be over-supplied with our commodities.

Most of these "jack rabbit" stories that are now making the rounds, date back to the 1890s when Grover Cleveland was president. It was during his term in office that we had 2 cent cotton, and wages of fifty cents per day, for 10 long hours. But Grover Cleveland was not too blame for this. He just happened to be president at the time—reconstruction days were on, and time was very hard.

And if we have to take up a few notches in our belts during the next four years, it won't be because Eisenhower is president, either.

We ordered hard time the same

Loan Sharks In For Criticism

AUSTIN, Tex. — Thousands of small borrowers in Texas are paying 140 per cent 200, per cent, and even 250 per cent, per cent, and there is yet more to the evil than this, declares Senator George Nokes of Corsicana, chairman of the anti-usury committee of the State Junior Bar Association.

Even worse than the loss of money to the borrower through unconscionable usury is the effect on his health and happiness, the committee has found. A borrower becomes so burdened with the high interest payments that, in most instances, he gets behind and then he is subjected to harassment which grows more and more severe.

At first, he receives dunning letters which threaten his credit rating. Then he is called over the phone at his place of employment

day we began sending boys to Korea, and you may rest assured we will not be disappointed.

When they put us on a Spanish ration—where we tighten up our belts and whistle La Paloma, we'll still be here kicking, but we won't be surprised.

The thing to do now is work and prepare for leaner days, which are sure to follow—parties and presidents notwithstanding.

several times a day and at his home so frequently that he may quit answering the phone entirely. Then he will receive special delivery letters and telegrams late at night in order to break into his rest.

As a result of this hounding, the victim becomes extremely nervous and his working ability is impaired to such an extent that he may be demoted or even discharged. In one instance, a borrower who had been subjected to this scientifically calculated cruelty collapsed at his work bench. Numerous cases of nervous breakdown have been produced. Nerves wrought up as the result of financial difficulties and such harassment have caused homes to be broken up. Such tragedies represent losses which can not be measured in mere dollars.

The State Bar of Texas has recognized the need for regulating the small loan business and limiting the charges to a fair amount and the State Junior Bar Association is urging legislation

similar to that adopted in 30 states.

Achievement Day Big Success

The North Side of Eastland Square was the scene of one of the biggest Achievement days in the history of the Home Demonstration clubs of our county. The general committee for this were first the Publicity, Misses Daniels and Winston, the County Demonstration agents. Those in charge of general arrangements, Mrs. John Love, and Mrs. Bill Tucker, Chaney Clubs, Mrs. R. L. Justice, Mrs. W. V. Gardenhire from Lake Cisco, Mrs. Maples, Union City.

The hostess committee on hand to greet guests were: Mesdames W. W. Fewell, Lake Cisco; G. G. Crowell, Union Center; Jim Ray Cox, Okra; Beulah Turner, Flatwood, Charles Harris, Morton Valley, Leonal Hale, Pleasant Hill.

Finance Committee, responsible for turning it into a profitable day, Mmes. Loyal Berry, Pleasant Hill; M. W. Greiger, Flatwood; M. J. Warren, Word Club; F. J. Haroldson, Word Club; B. H. Heairren, Union Center and Miss Willie Word of the Word Club.

In charge of the coffee and foods sales Mrs. M. P. Farnsworth and Mrs. D. P. King from the Word Club. Chairman for the covered dishes, Mrs. W. D. Hazel of Cisco.

The prize committee, for presenting the ribbons were Mrs. H. C. Fridge, Pioneer, and Mrs. Carl Robt Burns, Okla.

In connection with the food contest Mrs. Bernard Campbell and Mrs. Arless Pierce of Pleasant Hill arranged a display of cooking and canning equipment furnished by the Cisco Lumber Supply Co.

Besides the cooking interests, an astonishing amount of Hand-craft and sewing made tempting displays. Home made gloves both kid and cotton, beautiful candles, basket weaving, hammered aluminum, leather tooling, lamp shades, chair weaving, China painting as well as oils and pastels, flower making, ceramics—beautiful hassocks made from cans; pitchers and mugs made from glass jars and containers. Ear rings and other jewelry — seed plaques — all from the fingers of ingenious women. Crochet, tatting and embroidery of exceptional beauty and quality. Wearing apparel and quilts
