Contract For Water Supply To Be Let Today

Seventy bids of contractors competing for the construction contract of the new \$1,500,000 dam and water supply for Ranger and Eastland are expected to be submitted to the Eastland Water Supply Board in Ranger this afternoon at 3 o'clock.

The bids, according to Board President, C. B. Pruet, will be opened at the Recreation Building.

Members of the board and representatives of Freese and Nichols, project engineers, are due to be present for the important occasion.

The engineering firm will be represented by F. N. Freese and W. L. Eeds, both of Fort Worth.

The board's formal and legal request for bids, in compliance with statutory requirement, was initially offered earlier this month

and marked another forward step in progress of the important project which will solve the currently acute and critical water supply problem for Ranger and Eastland.

Today's bidders will submit estimates to cover a myriad of construction details including construction of the Leon River Dam, clearing the site of the 2,400-acre reservoir which will hold 28,000 acre-feet of water drained off a

surrounding area of 325 square miles, and laying of supply lines to the Ranger and Eastland municipal water supply plants.

Following letting of the construction contract today, bonds for financing the project then will be filed with the office of the Attorney General, Austin, for approval.

In the meantime, President Pruet said, the board is continu-

ing its work in the acquisition of land needed for the project. He said the task of securing the acreage "is progressing very satisfactorily."

The head of the two-city water supply group also announced that actual construction work on the project "should begin in the very near future." Latest time predicted for the commencement of the contractor's activities, he said,

would be around the first of the year. Board members are hopeful, however, that construction effort will be underway long before that time.

According to the scheduled plan of Freese & Nichols, project engineers, the big \$1,500,000 dam and water supply is expected to be completed early next summer.

The dam is to be constructed on the Leon River south of Ran-

ger and southeast of Eastland.

Members of the Eastland County Water Supply Board are President Pruet, Felton Brasher, Wilson Guest and Dr. P. M. Kuykendall of Ranger and Dr. James C. Whittington, L. E. McGraw and Grady Phokin of Eastland. David D. Pickrell of Ranger is secretary of the board and Jack Frost, Eastland attorney, is legal advisor.

Around The Square

Well, we have collected the first installment of that million dollar rain. Most all portions of West Texas have received some rain, and it goes without saying that it was greatly appreciated. In Eastland up until 11 o'clock Monday the precipitation amounted to 1.42, though mist was still falling, and indications were that the rain was not over. After the entire million dollar deluge comes to an end, Eastland City Lake will be flowing over the spillway.

On Thursday of this week we are to celebrate Thanksgiving, and while there may be some individuals who have more to be thankful for than we, yet we doubt if they are really more thankful. As a matter of fact we stand a good chance to collect two Thanksgivings dinners, owing to the condition of the wife's teeth. That dentist has just about put her out of action so far as eating is concerned, and we shall probably get two shares of "chicken" dinner instead of one.

Now we didn't say "turkey" simply because we know there will be none at our house. Fact is we had to strain a point to get a hen, but we are just as happy as the fellow who has a big fat turkey. Also we converted the little granddaughter's Halloween pumpkin into pumpkin pies and so long as we have baked hen and a pumpkin pie we shall not suffer.

Our health has been extremely good, and we are thankful for this. Fact is if the doctors had to depend on us for support, they would all starve to death.

We are thankful also that the sheriff has not seen fit to through us in jail at any time during the year. This just proves that the sheriff may not know everything, else there might have been a different story.

Then there is our pastor. We have never been known as a "star" member, and a few of the brothers (mostly deacons) have us "skinned" a little on attendance. However, we do go to church, and keep our morals to a point of decency, so that he does not see fit to "throw us out."

There are times we worry about this—"could it be possible that we are saved by the skin of our teeth?" We are rather thankful for what little salvation we may have, but one of these days we are going to ask that pastor to give us a list of our "fallings." We have read some where—maybe in the Bible, where a fellow named Enoch walked with God. Since reading this we have had a great desire to do likewise. If we ever attain this realm, we will truly be the most thankful man in America. For after all it's what God thinks about you that really counts.

Bill Brown And Wife Injured In Highway Crash

Three persons were injured, very painfully, if not seriously, in a highway accident two and one half miles east of Eastland Sunday afternoon, when cars driven by Mr. and Mrs. Bill Brown of Eastland, and Daniel Eitel of Los Angeles, crashed during a rainstorm.

Officers who investigated the crash were of the opinion that poor visibility was the cause.

The three were brought to Eastland and admitted to the hospital, and it was several hours before it was learned the seriousness of their injuries. At this time all are resting well. Eitel seems to have been the most seriously injured, but he is doing fair at this time. His relatives were notified.

Mrs. Brown suffered a fractured wrist, a number of glass cuts, as well as other bruises. She seems to be improving at this time. Brown, an employee of the Texas Electric Service Co., is suffering from numerous cuts and bruises, though it is not thought they are of a serious nature.

All are still confined to hospital beds.

EXCELLENT PROGRAM GIVEN AT JOINT ROTARY-LIONS MEET

A splendid meeting was the acclaim of all who attended the joint meeting of the Lions-Rotary Club meeting at the Methodist Church Monday night. And while it was raining straight down (something unusual), attendance was good.

The meeting was called to order by Lion President Bruce Pipkin, but following a very short business session the meeting was turned over to Rotary President, Bill White.

The program "Keep Progress Rolling in Texas" came in both words and picture, and was very educational. While Texas highways might be considered as an average, they are far from good. They were built for a pre war traffic, and are not sufficient for either comfort or safety at this time.

Enormous sums of money are spent, but it will likely be several years, before we may expect good roads. They must be more substantial and wider. Many narrow roads will of necessity be changed into 5-lane roads. Bridges must be widened and made to support greater loads. In plain English they must be modernized.

Eastland county, by virtue of the fact that Highway 80 traverses the county, is getting a lion's share of attention. Right now a mammoth paving project is underway, and others are to follow.

Brother Of O. B. Crowley Buried In San Antonio

J. B. Crowley, 78, of San Antonio, passed away at his home in that city Thursday of last week and was buried there Saturday afternoon. He had been in ill health for some time, according to his brother, O. B. Crowley of Eastland.

His children from Colorado, two brothers, O. B. of Eastland, and a second brother from Kansas, together with his wife, drove to San Antonio Friday to attend the funeral.

Gospelaire To Have Program At Colored Church

The Gospelaire Quartet will present a program at the First Baptist (colored) Church in Eastland tonight. If you appreciate good singing you are requested to be present for this song service.

There will be other groups of singers present. A free will offering will be taken at the close of the program, for the benefit of the church choir.

Two Killed In Cisco Crash

Edward O'Rear, 67, was instantly killed Sunday afternoon, at a point just west of Cisco, when the car in which he was riding, crashed into another car driven by Noble Reed of Coahoma. Reed and his wife were riding in the second car during a rain storm when the two cars crashed.

The couple were carried to a hospital in Cisco, and both were known to be in serious condition. Mrs. Reed passed away at the hospital Monday afternoon. His condition remains grave today.

Mr. and Mrs. Reed were apparently attempting to pass a truck when their car collided with the car driven by O'Rear, who was killed instantly.

O'Rear, a shoe salesman from Fort Worth, was thought to have been driving alone, and was driving at the time to Sweetwater to attend the funeral of Mrs. Lucien Faber, mother-in-law of O'Rear's late brother, Orsburne O'Rear. The body was sent to Fort Worth for burial.

The body of Mrs. Reed was at Thomas Funeral Home in Cisco, Tuesday morning, with funeral arrangements still pending.

Did You Know?

Word has just been received that Tommy Patterson, son of Mr. and Mrs. Guy Patterson, has just been elected representative and secretary of the Lazy S District of the Men's Independent Campus Ass'n. of Texas University.

Tommy is in Texas U. as a Business Major and Music Minor. He finished Ranger Junior College and is now qualified to teach with his Arts degree from there.

You are another one of the Eastland boys we are proud of Tommy and we can see that "The Eyes of Texas are Upon You."

Christmas Gift Purchases Begin

Although Thanksgiving will not be celebrated until Thursday of this week, the Christmas spirit is quite noticeable in Eastland. Stores are "dolled up" for Christmas, and while merchants haven't actually pushed Christmas sales, buyers seem to be rather plentiful.

Of course the kiddies will not be overlooked, but their time will come a little later, and after Old Santa has been ushered into the city limits. Right now buyers are turning their attention to useful gifts—things worthwhile, and although we have been suffering from a very severe drought, one would not notice it, judging from the gifts that are being purchased.

Recent rains have added emphasis to Christmas buying.

Little Items Of Local Interest

Cpl. Harold D. Lusk, son of Mr. and Mrs. Jack Lusk of Eastland, is at home on a weekend visit. He is stationed at Fort Sam Houston, and is expecting his final discharge next week.

Funeral Services Wednesday For C. A. Hummel, 52

Funeral services for Charles A. Hummel, 52-year-old prominent Ranger citizen and veteran employee of the Lone Star Gas Co., will be held Wednesday afternoon, Nov. 26, at 2:30 o'clock at the First Methodist Church in Ranger.

Mr. Hummel died suddenly at a Ranger hospital early Monday following a heart attack.

Rev. Garland Lavender, pastor of the First Methodist Church, and Rev. Claude P. Jones, formerly of Ranger and now of Fort Worth, will officiate during the Wednesday afternoon rites. Interment will be in the Eastland Cemetery, Eastland with graveside ritual under direction of the Ranger Masonic Lodge, Killingsworth Funeral Home, Ranger, is in charge of arrangements.

Mr. Hummel, a resident of Ranger for 31 years, was born at Bowling Green, Ohio, on May 20, 1900. At the time of his death he was employed as a meter inspector by Lone Star Gas Company. He first began his employment with the Chester Smith Oil Company in 1923 prior to its later purchase by the Lone Star system.

Very active in lodge and religious activities, Mr. Hummel was a member of the Ranger Masonic Lodge No. 738 of which he was a past master, was past high chief of Ranger Chapter No. 394 and past trustee illustrious master of Ranger Council No. 334. A member of Cisco Commandery No. 47 and also a member of Moshal Temple Shrine, Fort Worth, Mr. Hummel was serving as district deputy grand master of the 73rd Masonic district at the time of his death.

He was a member of the First Methodist Church, Ranger.

Mr. Hummel is survived by his widow, the former Miss Iris Lowe, whom he married at Eastland on Sept. 4, 1926.

Other survivors include one son, Jack Hummel of Ranger; one daughter, Mrs. W. A. Bergfeld Jr. of Seguin; six brothers, Ed Hummel and Lester Hummel of Bowling Green, Ohio; A. D. Hummel of Finley, Ohio; Clint Hummel of Grand Rapids, Ohio; Ted Hummel of Loraine, Ohio; and Ralph Hummel of Independence, Ohio; one sister, Mrs. Ethel Heyrtan of Tontogany, Ohio; one grandson, William A. Bergfeld III, of Seguin and a number of nephews and nieces.

Pallbearers at the funeral rites Wednesday will be Carl Heinlein, J. F. Donley, Archie Robinson, Dr. A. W. Braza, F. R. J. King, Johnny Brazda, H. B. Getts a n d Wilson Guest, Honorary pallbearers will be all employees of the Lone Star Gas Co.

Welcome Rains Soak Eastland County Region

Business Firms Will Be Closed For Thanksgiving

You'd better take a thorough inventory, neighbor.

That includes any and all business affairs as well as your pantry.

Because day after tomorrow—Thursday, Nov. 27—is Thanksgiving Day and practically every business establishment in Eastland County, with exception of a few service stations and restaurants will be closed all day in observance of the traditional annual holiday.

Be sure you've attended to all banking business.

Be sure you've got all the food-stuffs you'll need over the holiday.

Be sure that the family bus, in case you're figuring on doing any driving, has been serviced.

And be sure that you attend to any and all purchases of necessities before closing time tomorrow—Wednesday.

Because most of the firms who usually serve during Sundays and holidays, too, will be closed for the day.

There'll be no edition of your hometown daily, either, on Thursday.

Pastor May Be Chosen By Local Church Group

Austin Varner, Church of Christ minister from Abilene, filled the Church of Christ pulpit at both services Sunday, and it is thought by many that he may be chosen pastor at no distant date.

Most of the membership was present for the services as well as many visitors from Ranger and other nearby cities. Visitors included Dr. and Mrs. E. R. Green, Mr. and Mrs. T. L. Fox a n d Messrs. H. O. Foster, Carroll, Wallace, Harris, Green and Smith, together with their wives, and all of Ranger.

Farm, Ranch Outlook Bright After Downpours

Eastland Countyans were mighty happy today.

Today they were jubilantly celebrating the end of a long bone-dry siege of sun-baked drought which had held Eastland County along with Texas and the Southwest in its withering, devastating clutches for three months.

Only twice in the past two months had brief downpours temporarily relieved the critical drought and acute water shortage in this area.

But over the weekend, beginning late Saturday, the rains—welcome rains—came.

And until early this morning, practically steady drizzles a n d downpours continued to soak Eastland County acres.

At the end of the three-day precipitation, the moisture-letting was labeled truly of the "million dollar" variety in this section.

Eastland Lake Up

Residents of the city of Eastland, suffering critically a n d acutely during a long water shortage, were made jubilant today with the report at mid-morning that the water line of the low Eastland city lake had been raised 14 inches.

In the city of Eastland gauges recorded rainfall totaling 2.50 inches. Older's precipitation was 2.65 inches. The official gauge in Ranger recorded a total of 1.49 inches during the period.

Cisco, however, holds the record during the three-day downpours, registering about 3 inches even.

According to reports, most all areas not only of Eastland County but all the adjacent regions were thoroughly saturated with heavy precipitation.

Over in neighboring Palo Pinto County, Gordon reported 2.71 inches and Strawnites measured 3.2 inches.

Fort Worth got 1.60 inches, Dallas, 2.22 inches, Abilene, 1.93 inches.

Crops, according to reports at noon from area farmers and ranchmen, will be greatly benefited. So will pasture lands.

(Continued On Page 5)

Draftsmen Are Needed In State

Engineer and Engineering Draftsmen are needed immediately by Federal agencies in many sections of Texas, Paul H. Figg, Director, Fourteenth U. S. Civil Service Region, announced today.

The majority of the vacancies for Engineer are in positions paying from \$3410 to \$5060 per annum, however, occasionally job opportunities exist in positions having an annual salary of \$7040. The salary range for Draftsmen is from \$2500 to \$4250 per annum.

Persons qualified in these professions who are interested in securing employment should obtain an application from their post office, complete it, and mail it to the Fourteenth U. S. Civil Service Region, 1114 Commerce St., Dallas.

Rotary and Lions Clubs Will Stage Meet At Church

Rotarians and Lions will have a joint meeting on Monday, November 24. The meeting will be held in the basement of the Methodist Church, although it has been previously announced that the meeting would be at the hotel.

Rotarians are to furnish the program.

Gay Elected Into Cappa Psi

Ralph Gay of Ranger has been elected to membership in Kappa Psi, service organization for students in the College of Pharmacy of the University of Texas at Austin.

Gay is a Junior majoring in pharmacy. He is the son of Mr. and Mrs. W. H. Gay, 524 Pines.

The average age of the patient dying under the care of physicians in the time of the Pharaohs was 30 years.

RJC Loses Final '52 Thriller to Schreiner, 27-20

In an offensive circus marked with slashing ground play and dazzling passes, the Schreiner Institute Mountaineers and the Rangers of Ranger Junior College explosively wound up the 1952 football season down at Kerrville Saturday afternoon in a Pioneer Conference contest that was thrills-packed from opening kickoff to final gun. The Mountaineers finally won, 27-20, after snapping a 20-20 deadlock deep in the final, breath-taking final quarter.

Both teams, concentrating on their score-making offensive attacks, seemed to put but light accent on their defenses. And the usually stubborn Rangers, noted as the best defensive machine in the five-member Pioneer Conference loop, madly gambled as they threw caution to the winds and loosened defensively to allow their

hard-hitting foes to score four touchdowns prior to Saturday afternoon's tilt with Schreiner, the Purple & Whites had stubbornly yielded their sacred pay dirt territory on but nine occasions against that many rival machines for a meager opponent total of only 58 points over a stretch of 10 weeks. But the bars came down in their final tilt.

Five stellar Ranger gridders wound up their great RJC football careers during the Saturday afternoon classic—Buddy Hamrick, triple-threatening quarterback, Halfback Rusty Talbot and Fullback Walter Matthews, and two standouts Purple & White linemen, Tackle Gene Gilley and Guard David Sullivan.

RANGERS SCORE FIRST

The Rangers began the game's wild seven touchdowns scoring

pre-early in the initial canto when they drove from their own 40-yard stripe to the Schreiner 25. There Quarterback Hamrick handed off to Halfback Charles Blanton who faded and hit End Lee Otis Claiborne with a touchdown heave. Bill Baker's attempted kick for the after-touchdown point was wide and within the first five minutes of play the Purple & Whites were out front 6-0.

A few minutes later in that first period the Rangers came close to their second tally when they recovered a Mountaineer fumble on their own 42 and their knee-chopping juggernaut powered down to the 7-yard stripe. But the Schreiner's tightened and failed to give.

Taking over in the shadow of

their own goal posts, the Mountaineers caught fire and teed off with a smashing offensive which rolled down to the Ranger 29-yard stripe. Bomar, quarterback, faded and got off a beautiful pass to Brazil who gathered in the spiraling oval and stepped across to knot the Pioneer Conference thriller at 6-all. Then Halfback Sefton booted a perfect kick for the point and as the clock ticked into the start of the second canto the Mountaineers were out front 7-6.

RJC TRAILS AT HALF

The defenses of both clubs began to tighten, but near the end of the half the hepped-up Mountaineers began to explode from midfield and pounded down to the 15. There Flinger Bomar hit another bulls-eye—End Offfield—for the tie-breaking tally. Sefton

missed the point and at the mid-way intermission the Schreiner crew held a 13-6 lead.

But it didn't last long.

Because the Rangers jumped back into the saddle and began to ride tall again before the echo of the opening second half kickoff whistle had died. Fleet Charles Blanton took the boot on his own 21 and threaded his way 47 beautifully-paced yards down to the enemy 32-yard stripe before he was cut down by a desperate Schreiner safety. The Rangers slit the Mountaineer line with driving ground power and punctured their foe's defensive air umbrella with a pair of yardage-gaining passes—Hamrick to Claiborne and Hamrick to Blanton—to speed down to the 12. There Hamrick pitched one to Claiborne who zipped over from the 5-yard line. Baker kick-

ed the point and the contest was again knotted, 13-13.

The Mountaineers, bolstered by their cheering fans, took the return kickoff back to their own 48, and another Schreiner assault was launched as the Kerrville crew hammered down to the RJC 20. There Halfback Offfield hit End Offfield with a pay-off pass and Sefton booted the added point to lead the Schreinerites into the lead again, 20-13.

FOURTH IS LOADED

The nip-and-tuck thriller came to a climax, however, in the final quarter.

The Purple & White proteges of Coach Boone Yarborough capped a 35-yard return kickoff drive with a tricky pass play than rang the register for a tie-breaking seven points to knot the battle at 20-

20. The reverse aerial—Hamrick to Blanton and then Blanton to Talbot—worked perfect and so did Baker's trip for the point.

The Rangers a few minutes later sparked momentarily on a play which might have broken the Mountaineers' backs. Starting from their own 15, the Rangermen, hot after their tying TD, were on the prowl again, smashing down to the Schreiner 15 on a series of hit and heave plays. Hamrick scampered 19 breath-taking yards to that point after frking a pass and then exploding on a ground sprint. But on the 15 the Mountaineers locked their defense, and the RJC machine was held for three downs. On the fourth, a highly deceptive play nearly paid off. Last down and four to go for a first, Hamrick

faded to pass, faked to Talbot and shove-passed to Blanton behind the line of scrimmage. But the oval oozed out of the halfback's eager hands even though there was nothing between the fleet secondary ace and pay dirt but lots of fresh air.

Schreiner took over on their own eight and met stubborn resistance from the desperate Rangers. But two penalties—both 15-yarders for defensive holding—were costly and moved the leather down to the 40. Then the Mountaineers powered 20 yards to the Ranger 30 and there Bomar passed to Halfback Sefton for the game-winning TD. Sefton also kicked the point.

A few minutes later the final gun ended the thriller.

LEGAL NOTICE

SHERIFF'S NOTICE OF SALE

THE STATE OF TEXAS
COUNTY OF EASTLAND

WHEREAS by virtue of Order of sale issued out of the District Court of Tarrant County, Texas, on the 14th day of October, 1952, in Cause No. 62903-A, where Grand Royal Arch Chapter of Texas is plaintiff, and Bob Vaughn is defendant, on a judgment rendered in said Court against Defendant and in favor of the said Plaintiff, for the sum of Thirty-six Hundred Ninety Five & 00/100 (\$3695.00) Dollars with interest thereon at the rate of 6 per cent per annum, from date of judgment, together with all costs of suit; I did on the 7th day of November, 1952, at 9:40 o'clock A.M. levy upon the following described lots, tracts and parcels of land situated in Eastland County, Texas, as the property of Bob Vaughn, wit:

The Southeast quarter (SE 1/4) of Block E-2 in the City of Eastland, as shown and designated by the map or plat of said city recorded in Vol. B at page 577 of the Deed Records of Eastland County, Texas, and described by metes and bounds as follows:

BEGINNING at the Southeast corner of said block;

THENCE North with the West Line of Lamar Street 225 feet;

THENCE West 230 feet;

THENCE South 225 feet to the North line of Moss Street;

THENCE East with said North line 230 feet to the place of beginning;

and on the 2nd day of December, 1952, being the first Tuesday of said month, between the hours of 10 o'clock a.m. and 4 o'clock p.m. on said day, at the courthouse door of said County, and I will offer for sale and sell at public auction, for cash to the highest bidder, all the right, title and interest of Bob Vaughn in and to said above described property.

Witness my hand this 7th day of November, 1952

J. F. Tucker, Sheriff, Eastland County, Texas.

By Tom Haley, Deputy.

SORE PILES

Don't let sore, burning, itching, bleeding piles drive you nearly crazy. In 15 minutes CHINAROID starts giving you wonderful relief from pain, burning and itching or itching and burning. CHINAROID costs only \$1.00 at drugists. Try it today for better sleep tonight and a better tomorrow.

Personal
To Women With
Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes an important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up at night or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 million kidney tubes and filters flush out waste. Get Doan's Pills today!

NOTICE TO PUBLIC—Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of this newspaper will be gladly corrected upon being brought to the attention of the publishers.

Hunting Data Now Required

The Chief Clerk of the Game and Fish Commission at Austin

urged persons taking out shooting preserve licenses to maintain and later forward an accurate record of the big game harvest.

Persons or corporations selling hunting leases are required by law to obtain a shooting license which costs \$5. More than four thousand

of these permits are issued each fall. The preserve record books, which are supplied by the Commission, provide space for the name and address of the persons hunting, the number of days each spent hunting and the quantity of game each person takes.

These records, by law, are required to be forwarded to the commission not later than February 10.

The Chief Clerk said the principal deterrent heretofore has been the failure of shooting preserve proprietors to keep their records from the beginning of the season and their ultimate decision not to submit the partial reports.

The Director of Wildlife Restoration (W. C. Glazener) said the importance of the records "cannot be overestimated."

"This information on the annual harvest," he said, "provides the basis for establishing an index to the overall kill and the status of the various species. These records, therefore, provide a vital source of information for many of our projects. I believe that preserve proprietors would be more cooperative if they fully realized the benefits of accurate records."

VET FULFILLS HIS VOW— Sgt. Andrew C. Villa, above, of Buffalo, N. Y., walks on his knees from his home to Our Lady of Christmas Chapel, in fulfillment of a vow made while in Korea. On Christmas Eve, Villa promised that if he returned safely to the United States, he would make the journey of thanksgiving on four successive Sundays.

Cancer Killer Many Children Under 15 Years

Cancer kills five times as many children under age 15 each year as diphtheria, nearly three times as many as meningitis, and twice as many as either tuberculosis, polio, influenza, or whooping cough. Nearly half the deaths in the under-15 group are among children below five years of age, says a warning from Northwestern National Life Insurance Co. Though far fewer cases of cancer in children are encountered than of any of the other diseases mentioned, the fatality rate is extremely high, in part because parents usually do not suspect its existence in children, and in all too many cases the condition is not discovered until too late.

Approximately 3,000 children under 15 die each year from cancer in all its forms, including leukemia. This compares with an average annual death toll in the same age group of a little over 1,600 from all forms of tuberculosis, approximately 1,250 from whooping cough, 1,350 from influenza, 1,185 from meningitis, approximately 1,000 from polio and under 600 from diphtheria, on the basis of a three-year average of government vital statistics, says the report.

In the child, body cells and tissues grow and develop much faster than in an adult. This holds true of malignant growths, as well as of normal, healthy tissues. Therefore cancer, when it occurs in children, usually progresses much more rapidly than it does in adults.

Cancerous conditions are more often caught in their early stages among infants, because of the frequent medical checkups given children in their first year of life,

Liquid Nitrogen Fertilizer Used With Success

Liquid nitrogen fertilizer may be the answer to the nitrogen shortage problem for some farmers. The liquid fertilizer this year passed on-the-farm tests in Missouri and Illinois.

Although work with the liquid form is new, the national farm magazine says farmers liked the solution after they tried it.

"When we started with solutions last spring, I wasn't too sold," said Ray Eahlert, manager of the Moniteau county office of the Missouri Farmers Association. "But we did get an extra source of nitrogen and I'm glad now we have it. I believe on the whole it works fine the year around on all soil types."

The tests were made on 4,000 acres of corn, wheat and pasture in Moniteau county and Morgan county, Illinois. The corrosive nitrogen solution is carried in special tanks mounted on tractors. Solution is pumped through hoses down to knives which put the liquid into the soil. The farmers tried various amounts of nitrogen per acre for different crops. And they experimented with different means of application.

Despite those variations, they concluded that: 1. The extra source of nitrogen saved the day when other forms weren't available. 2. When correctly applied, liquid nitrogen was as productive

High Flying At Lowest Prices

A nickel may no longer buy a good cigar or good cup of coffee but it still will get you a mile of air transportation just as it did back in the pre-inflationary days of 1939, according to Rex Brack, General Sales Manager for Braniff International Airways in Dallas.

"In 1939," Brack said, "air passengers paid an average of 5.1 cents per mile of scheduled air transportation flown. Today, they pay an average of 5.5 cents per mile. That is a difference of less than half a cent or a percentage

as other forms. 3. The liquid form seemed to make corn withstand drought better. It worked best in overflow bottoms of gumbo and sandy soil.

increase of 7.8 per cent." By way of contrast, the cost of living index just released by the Bureau of Labor Statistics, Brack pointed out, is currently at 190.8 per cent of 1939 prices.

"When considering that the consumer today pays 239.6 per cent more for food than he did in 1939," Brack added, "203 per cent more for house furnishings and 198 per cent more for clothing, this increase of only 7.8 per cent in average airline fares during the same period is extraordinary. Actually, air transportation is today's best buy."

Nation's Fire Losses for 1951—

... are way up according to report of National Board of Fire Underwriters just released. Three quarter billion dollars went up in smoke, an increase of 12.3%, and more than 11,000 persons lost their lives. The causes are listed as about the same as previous years with careless use of matches and smoking accounting for 27%. Misuse of electricity, overheated chimneys and flues, lightning, spontaneous combustion and explosions are others in order.

WSCS Circles Joint Meeting

The WSCS of the First Methodist Church had a joint meeting of the "White" and "Sikes" Circles and at this meeting voted to combine them.

Mrs. W. P. Leslie, president of the council, conducted the usual business after the meeting was opened with a prayer by Mrs. Frank Crowell.

Announcement was made that an all day meeting of the District of Gorman Methodist Church, Wednesday, Dec. 3, beginning at 9:45 a.m. All district officers are expected to attend. All will prepare a sack lunch for themselves.

Mrs. Cecil Collings brought the devotional and her subject was "Dollars and Sense" on Stewardship.

Look Who's New

Mr. and Mrs. Thos. H. Dendy 1009 Beech Street, Abilene, are the parents of an eight pound, 4 ounce daughter, Denisee, born Tuesday, Nov. 11th, at St. Ann's Hospital in Abilene.

The grandparents, who live in Eastland, are Mrs. Florine Miller, maternal grandmother, Mrs. J. W. Dendy, paternal grandmother, and the great grandmother, Mrs. Corenlus Taylor.

Mrs. Thos. Dendy was the former Wanda Miller, well known in Eastland.

Mrs. J. A. Doyle is inviting friends to see a small exhibit of paintings done by her friend, Mrs. H. Baillio of Victoria. The DoYLES live at 1500 West Main. Those who are interested in art are welcome to come.

PERSONALS

Visitors in the home of Mr. and Mrs. W. A. Anderson were their daughter, Anna Lou Anderson of Dallas, who is employed by Delta Airlines, and their son, T-Sgt. Jack, who is at home on a furlough from Simpson Air Base, N. Y.

Mr. and Mrs. J. C. Allison celebrated last week when their two sons, John L. and Nelson T. Allison, of El Paso, came home for a short visit.

John L. is a laboratory technician with the Natural Gas Co. of El Paso, and Nelson T. is stationed at Fort Bliss.

The boys enroute visited friends in Knox City, Mr. and Mrs. Charlie Keck and their brother, Rev. Grady Allison and son, Carol Edwin, of Krum, Tex.

Nelson T. had been hospitalized for a foot injury and was given sick leave and the two brothers decided to take a Christmas holiday a little early in as much as the recently inducted men will have so little time at Christmas.

Friends will be glad to know Nelson's address: Pvt. Nelson T. Allison, U. S. 54968617, Ptv. A. 5th T. & G. Bn., A.A.A., R.T.C., Ft. Bliss, Texas

AROUND—

Temporal blessings have been ours in free America. Even though war and worries have brought sorrow, we are thankful that it was no worse.

The Pilgrims and the Puritans were thankful for blessings they had, but measured in the scales of today, that wasn't very much. We have more of the good things of life than other people. We have better food and clothing. We have greater opportunities to enjoy life, and at the same time do good to others less fortunate. Then let us offer our thanks, at this particular season, evidence credit to the giver of all things good.

Hydrogen, the lightest of all elements, has been detected in the atmosphere of the planets Neptune and Uranus.

WELCOME—

(Continued From Page 1)

Small Grains Helped

Small grains are expected to take on new life and this is welcome news for livestock raisers in the Eastland County area. Prolonged rains, the \$40 price for poor grade hay along with the drought had threatened ranchmen and livestock producers with the prospect of a bleak, perhaps even disastrous winter. The three-day deluge of moisture, however, has brightened the picture, put new hope and optimism into the months ahead. It'll help dwindling feed supplies, guarantee an abundance of water for stock.

Following tapering off of the rain early today, cooler weather prevailed with the temperature hovering around the 50-degree mark in the Eastland County area.

Legion Oratorical Contest Will Be Held At Waco

Waco was chosen as the site for the 1953 state American Legion high school oratorical contest, and dates for division and congressional district contests were announced today by Mayor Jim Wright of Weatherford, state chairman of the Legion's oratorical program.

Wright conferred with State Commander Albert D. Brown, Jr., and State Adjutant G. Ward Moody at state headquarters.

Date for the oratorical finals at Waco was set as Friday, March 27. At that time five winners of division contests will participate to determine the state champion. The contest will be held in Waco high school.

Division contests will be held Friday, March 20. Division oratorical chairmen are John Ben Sheppard, Gladewater, first; James Waters, Lufkin, second; Henry B. Wiener, San Antonio, third; H. H. Coffield, Rockdale, fourth and William P. Dorris, Abilene, fifth.

The division finals will be preceded by oratorical contests in high schools in each of the 21 congressional districts March 13. Local contests will be March 6.

All oratorical themes will be on some theme of the United States Constitution.

Zeta Pi's Play Hobo's At Party

Mrs. Don Doyle, Mrs. Roland Phillips and Mrs. Edwin Hooker were Zeta Pi hostesses for one of the biggest fun parties of the season at the home of the Hookers, 903 South Halbryan, Saturday night at 7 o'clock.

The flower decked buffet was heaped with good food for the hobos, barbecued beans, fried chicken, potato salad, olives, pickles, cake and coffee.

The hobos were met at the door and a glance at the costume worn would give the host for a fictitious name to be pinned to the individual. Husbands of the hostesses met the guests at the door and after much adjusting and many photo-flashes, all were invited to the photo laden buffet.

Following the supper, a scavenger hunt was announced and groups in various cars took off to the far corners of the city in search of five signatures of Beta Sigma Phi's a green button, a red ribbon, an apple core, a 1955 penny, an old black shoe, an empty Lucky Strike package, worn out hose, a September Torch, (national magazine) and Wednesday's Eastland Telegram. The prize for the car returning first with these items won a "spider" (skillet) and they were Mr. and Mrs. Bill Arthur, Don Doyle and

Mr. and Mrs. Bill Leslie. Prize for the best dressed costume went to Mr. and Mrs. Jack Germany. Jack wore a typical Charlie Chaplain garb, complete with derby and Catherine a slouch cap, striped overalls, belted with rope, gaudy paint and highheel shoes. They earned the red "bandanas of the month."

The house had the appropriate setting of "Hobo Portraits" on the walls, and a string of tin cans on the front door.

The evening was completed with an hour of "Chirades" and other games to make a completely hilarious time for all.

Members who participated were Merlene and Bob King, Mary Jane and Bill Arthur, Catherine and Jack Germany, Helen and Fermin Lund, Betty and James Edwards, Jennie and Neil Hurt, Jean and James Harkrider, Sallie and Roland Phillips, Miss Betty Pickens and her escort, George Warfield, Jerry and Bill Leslie, Doris and Bruce Pipkin and the house hosts Marjorie and Eddie Hooker.

PERSONALS

Mrs. Thomas Ayres and two small sons of Bowie have been spending the last several days in the home of her parents, Dr. and Mrs. L. C. Brown. Her husband, Thomas, arrived to spend Sunday and to take his family home.

Mrs. Julia Mullings of Tyler, sister-in-law of Mrs. W. H. Mullings, is here on an extended visit with Mrs. Mullings.

Judge J. R. Borgus and wife, visited their son, Howell Boggus and family in Ranger, Sunday.

Third Grader Visit Library

The West Ward Third Graders under the supervision of their teacher, Mrs. Homer Smith made a tour of the Eastland Library Friday afternoon from two to three o'clock.

The Librarian Miss Celia Hass, carefully and interestingly explained the different types of books on the shelves; both new and old books were on display and examined by the children. Miss Hass also explained in detail the method of checking out books. A few of the visitors took books home with them and others are looking forward to return trips to check out books by themselves.

Mrs. Otto Morren, Mrs. Tom Noble, Mrs. W. E. Davis, Mrs. J. H. Garrett and Mrs. Homer Smith furnished transportation.

The following children made the tour: Pat Armstrong, John Garrett, James Lane, Richard Levens, Danny McKelvin, Earl Dean Murray, Bobby O'Steen, Billy Ray Pittman, David Spindie, J. B. Tankersley, Donny Wheat, Joe Wilson, Mitzi Davis, Carolyn Fox, Susan Johnston, Doris Ann Jumper, Barbara McCullough, Joe Ann Morren, Billy Lou Scott, Gracie Tankersley, Patsy Thomson, Wanda Tucker.

This tour was not only a grand experience for the young folks, they found it instructive and enjoyed it fully.

Science Church Thanksgiving Day Rites Thursday

The happiness and healing derived from the knowledge that God loves and cares for His creation will be stressed in the Lesson and Sermon entitled "Thanksgiving" to be read at the special Thanksgiving Day service in Christian Science churches Thursday morning, November 27.

The Golden Text is Psalm 96:1 which reads, "O sing unto the Lord, all the earth."

In the Christian Science textbook, Mary Baker Eddy, the discoverer of Christian Science, asks this question and then gives an answer: "Are we really grateful for the good already received? Then we shall avail ourselves of the blessings we have, and thus be fitted to receive more. Gratitude is much more than a verbal expression of thanks. Action expresses more gratitude than speech" (p. 3).

From I Chronicles will be read this verse which inspires reverence: "Thine, O Lord, is the greatness, and the power, and the glory, and the victory, and the majesty: for all that is in the heaven and in the earth is thine; thine is the kingdom, O Lord, and thou art exalted as heard above all" (89:11). Time will be given for audible expressions of gratitude appropriate to the occasion from Christian Scientists in the congregation. The public is cordially invited.

Double Seven Club Plans Supper

The Double Seven Club met at the home of Margie Lane Thursday, November 20 at 4 p.m. The members drew names for Christmas and planned a covered dish supper for Tuesday night the 25th in the home of Margie Lane, 6 p.m.

Birthday gifts were presented to Ruth Justice and Joy Jumper. Hazel Spindie, Louelle Lewis, Sylvia Sullivan, Betty Hagan, Joy Jumper, Ruth Justice and the hostess enjoyed refreshments of punch, cookies, and crackers with pimento cheese spread.

Corn is maturing in at least one of the countries of the world every month of the year.

CROSS OF PEACE - William Presley, rural mailman, will see his dream come true when this 150-foot cross is erected atop Bald Mountain, at Alton Pass, Ill. Presley formed the Bald Knob Christian Foundation at Anna, Ill., to handle contributions from people of all faiths for construction of the concrete and glass brick structure. Containing meeting rooms and an observation platform, it will be illuminated at night. The structure was designed by architect Henri Rush.

Eastland Memorial X-Ray Technician Visits Abilene

Mrs. Cleotis Williamson, registered medical X-Ray technician at the Eastland Memorial Hospital went to Abilene Nov. 19 to attend the meeting of the Abilene Society's meeting of technicians. Dr. A. V. Cash gave an interesting and informative talk on "Legal Film Markers". He conducted a round table discussion "Abnormal physical conditions as they pertain to X-Ray".

An invitation was extended to the Society to meet in the Eastland Memorial Hospital in the near future, by Mrs. Williamson.

Mrs. Ita Parish leaves Sunday to spend a week with her son and daughter-in-law and new grandbaby daughter in Fort Worth. Mrs. Billy J. Parish is the daughter of the Don Parkers of Eastland and Mrs. Parker has been spending a months vacation with them in Fort Worth. Mrs. Parker will be back at her desk here with the Telegram, December 1st.

Marene Johnson Johnson has been substituting for Mrs. Parker, during her vacation.

Beethoven Club Study MacDowell

The Beethoven Junior Music Club met in the home of Jana Weaver, daughter of Mr. and Mrs. H. T. Weaver for the important celebration of the 95th birthday of the wife of Edward MacDowell, famous composer.

The meeting opened with the assembly singing of "Holy, Holy" leader Sallie Cooper with Helen Taylor at the piano.

Jana Weaver lead the Junior Ritual. Roll call was answered by naming compositions of Edward MacDowell.

Lou Ann Corbell gave a detailed report of the sixth district convention in San Angelo and announced that the Beethoven had received first award for the past years work. Sallie Cooper served as program chairman. A piano solo, "To a Wild Rose", by MacDowell.

Alice Joyce Cushman gave a complete story on the life of Marjorie MacDowell, wife of the composer in her 95th year. Ellen Whatley described the

MacDowell Colony and what it meant to the young student. Helen Taylor presented two piano numbers: "To a Water Lilly and From a Log Cabin," by MacDowell.

Barbara Hightower conducted a quiz on the works of MacDowell.

The president, Jana Weaver, conducted a short business session and heard reports of officers. The yearbook chairman presented beautiful year books with her report.

The Christmas party was announced for Dec. 15th to be in the home of Mrs. A. F. Taylor, sponsor.

Refreshments of sandwiches, cookies and hot chocolate were served to Jeannie Pittman, Marion Woods, Lou Ann Corbell, Sallie Cooper, Alice Joyce Cushman, Barbara Hightower, Helen Taylor, George Ann Bennett, Evelyn Pailey, Sarah Simms, Ellen Whatley, Mrs. A. F. Taylor, sponsor, and the hostess, Jana Weaver.

Mr. Douglas Threatt, grandson of Mrs. J. B. Cowan brought his mother and two of his friends from Amarillo for a week end with the Joe Tows and Mrs. Cowan.

Taylor Studio Go To Brownwood

The Brownwood Music Teachers Ass'n sponsored a pupils recital in Brownwood Nov. 18th, 7:30 p.m. at the Dupcan Music Hall there.

Teachers over the district were invited to present two students and those chosen from the Taylor Studio were Julia Lynn Inzer who played Durrand's "Valse in E Flat" and Sue Stoker who played duet with Julia Lynn, "Spanish Dance" by Moskowski. This occasion was for elementary schools only.

Nine teachers in Brownwood presented pupils and other towns represented were Abilene, Santa Anna, Comanche, Goldthwaite and Eastland. The Eastland students had high praise for their work and felt much encouragement for their effort.

The next recital will be in three months and will be for 7th and 8th grade students.

Car hosts for the trip were Mr. and Mrs. Inzer; Mrs. Taylor accompanied them.

Mrs. Wiley Harbin had surgery in the Eastland Memorial hospital the last week and is recovering nicely.

IT'S GETTING TERRIFIC "CURTAIN CALLS"!

EVERY DAY the cheering's getting louder... for the most beautiful CHRYSLER ever designed... for the best-performing, safest car you ever drove. Come learn the many reasons why!

- Come see the most beautiful Chrysler ever designed! Stunning new Highway Fashion... bumper to bumper... inside and out. Radiant new front-end beauty. New lower profile. Graceful new rear deck with 44% larger trunk space!
- Come drive the car with America's only new-type engine... 180 h.p. FirePower that outperforms all others! Terrific acceleration and safety-margin reserve power... plus faster, safer stops with Chrysler's unequalled Power Brakes!
- Come try the only Full-time Power Steering... it does 85% of the work for you... provides far safer car control in every situation. And it's "teamed up" with shock absorbers that have twice the ordinary cushioning power over roughest roads!

America's First Family of fine cars... **CHRYSLER for '53**
