

Early next month Eastland voters will elect three new city commissioners. This means, in a general way, a new city commission, as the new group will be "in the saddle" should they vote together as a unit. One of the five commissioners will be chosen by the commission to serve in the capacity of mayor.

Already there are five candidates who have announced their readiness to fill one of the vacancies, and so far as the Telegram is concerned, all of them are good citizens and are qualified to fill the office, should they be elected.

Whether this campaign will be a quiet affair we can not say. So far simple statements have been made by the candidates, and there is no evidence to lead one to think that there will be a "mud slinging campaign" later.

The thing that worries us is the fellows who failed to get a poll tax receipt. They will not be able to take part in this election, will have "no say" whatever with the city's program. Most of them failed to pay simply because of neglect. We know this to be a fact for we have been guilty ourselves.

However, after you have cut your third set of teeth, you are permitted to vote in Texas, whether you have a poll tax or not. We are in this group. There are few "unders" who may vote before they are 21, if they have the proper credentials.

One of the first problems the new city commission will face, is the water problem. We are not expecting these boys to make it rain, but maybe they will be able to arrange plans for a better, and possibly cheaper, water supply. This is not to be taken as "criticism" of the present commission. They did the best they could do under existing circumstances, and did it almost without warning.

We are in better shape today than we were a year ago—maybe we do not have more water, but we have learned to conserve what we do have. We still have quite a little water in the lake, though should the drought continue it will be necessary to supplement the supply before many weeks. All of this is bad, but it can't be helped. So do not get hot and bothered and start blowing your top. That will not help, but really hinder, for when you are hot you consume more water than you do at times where your temperature is nearer normal.

This is "Texas Public School Week" and is being observed as such in many cities and rural areas. In Eastland, it has been indicated that patrons really appreciate their school system, and many have taken advantage of the opportunity to visit our schools during the week.

The Lions Club went as a body and enjoyed a noon-day meal at the school cafeteria. The Rotary Club sent committees to all of the schools, and we are informed that other organizations have done likewise. Individuals and small groups have been coming and going all the week, and their visits were appreciated by Superintendent Womack and his corps of teachers.

People know more about their schools than they did at this time last week, and feel closer to them.

It is garden planting time, but unless we get some rain, you will save money if you will cook the seed and eat them, for they won't.

(Continued on Page 3)

## EASTLAND SCHOOLS HAVE HAD GOOD YEAR; 41 GRADUATES WILL GET DIPLOMAS MAY 26

"Public School Week" will serve as a milestone in the history of Eastland's public school system. This event was observed here last year and the citizens of the city proved at that time they were interested in the welfare of Eastland children. And now that we have marched another mile we find our people equally as enthusiastic.

There have been visitors in our schools every day this week. At times there were large groups, and which would indicate interest.

Attendance during the past year has been exceptionally good so far as average per centage is concerned. Daily highs are off a little, but it must be remembered that the Eastland School District has lost about 80 pupils this year, caused by transfers and by patrons moving out of the district.

This may be attributed, in part at least, to the drought, for a severe drought always leaves economic scars. There is no cause for alarm because time will take care of these wounds, and what we have lost will in all probability be regained.

Late this month, or possibly next month, teachers will be chosen, and Eastland is almost sure to lose two teachers. When state funds are apportioned we will know the truth. Schools are allowed one teacher for each 25 children, and our reduced scholastic list will mean fewer teachers.

The past year is considered good from many points of view. At this time it appears that there will be no less than 41 young men and women who will be given diplomas in May. This is a very nice graduating class.

Diplomas will be awarded to graduates on May 26, through the baccalaureate service will be two days earlier. Exercises at West Ward, May 21.

**Faculty 1952-53**

## Boom Driller Dies Thursday In Fort Worth

Thomas Logan Weaver, 79-year-old Fort Worthian who drilled some of the first oil wells in the Cisco and Ranger fields back in the hectic boom era, will be buried in Fort Worth Saturday afternoon following funeral services to be held in the Robertson-Mueller-Harper Chapel at 2:30 p.m.

Interment will be in Fort Worth's Greenwood Cemetery.

Mr. Weaver, who has been seriously ill for about a week with a serious heart ailment, died in a Fort Worth hospital early Thursday morning.

Weaver, who with a brother, the late T. B. Weaver of Wichita Kan., owned Weaver Brothers Drilling Contractors, came here in 1919 from Oklahoma.

The brothers operated throughout Texas and Kansas and in parts of Oklahoma.

The company was dissolved with the retirement of the Fort Worth man in 1938.

Weaver was a veteran of the Spanish-American War.

Surviving are three sons, Howard V. of Houston, Claude of Muncie, Ind., and Eugene Weaver of Porterville, Cal.; a stepson, Elmer J. Cook of Snyder; a daughter, Mrs. Marie E. Copeland of Fort Worth; two stepdaughters, Misses Maetha and Mary Evelyn Cook of Fort Worth; a sister, Mrs. Lillie Griffen of Wichita, and seven grandchildren.

## Warm Today—Cool Weather Due Saturday

Warm weather was scheduled for the Eastland County area today and tonight, according to the morning forecast of the U. S. Weather Bureau.

But—  
It'll be cooler tomorrow—Saturday.

Weathermen predicted "increasing high cloudiness" in this section for Friday and Friday night. This afternoon's high was due to be recorded around the warmish 80-degree level, and the low tonight will be in the mild 50s.

Saturday afternoon's high will be around 60 to 65 degrees—probably 10 to 15 degrees cooler than today's highest mercury reading, the Weather Bureau said.

For Texas: "Partly cloudy, turning colder with occasional rain or snow in the Panhandle late Friday or Friday night and in the Upper South Plains Saturday.

Seed supplies of a new intermediate winter type barley, Cordova, are now being increased by certified seed growers in Texas. The new variety was developed at the Denton Experiment Station and is especially recommended for the Central and Rolling Plains areas of Texas.

## Baptists Enjoy Splendid Hour; Kennedy Speaks

The regular Sunday School supper and meeting at the First Baptist Church Tuesday night, proved to be a quiet outstanding meeting. Approximately 150 people were in attendance, including visitors from Fort Worth, Desdemona, and Abernathy.

Following the supper there was a short program, including talks from A. J. Blevins, Jr., Charles Layton and Mrs. Frank Hodges. Blevins' remarks were of a general nature, while Charles Layton discussed the teaching of boys. Mrs. Hodges told of the joys one gets from attending Sunday school.

Rev. C. A. Kennedy, pastor of the First Baptist Church in Abernathy, was then introduced as guest speaker.

His address had to do with taking God in as a partner. Last year a number of his members, in rural areas, dedicated certain portions of land to the Lord. This was done prior to planting time. Later these parcels of land were planted and cultivated, and despite the fact that most of Texas was suffering from drought, farmers there did not. It even rained in the month of July, which is very unusual.

Hail destroyed crops in nearby areas, though no hail fell in the Abernathy area. Result was that farmers in the Abernathy community harvested a very bountiful crop—a real bumper crop, and those who had taken God in as a partner have a feeling they were given a very special blessing.

His address was entertaining and educational. Later there is to be another meeting, at which time leaders will discuss "Sowing the Word of God," rather than the planting of crops. Both, it is felt are very necessary.

Little Items Of Local Interest

Mrs. F. T. Isbell has returned home from Waldron, Ark., where she visited with her sister, Mrs. Joe Stanford and niece, Mrs. Maurice Harvey.

Mrs. Isbell reported that she returned home in the most beautiful spring rain, as she rode by bus. She said the rain in plentiful quantities lasted as far as Texarkana.

## RJC Winds Up 4th—

Rebels Finish With No Losses

All Pioneer Conference teams finished their regular schedules last week concluding one of the hardest fought league basketball seasons since the organization of the conference.

The Arlington State Rebels captured their second consecutive loop championship, finishing the season with eight victories and no defeats in conference competition. The race was by no means a runaway, however. The San Angelo Rams, second place winners, forced the Rebels into an overtime period before bowing 67-72 in the championship game played at San Angelo last week.

Coch Tom Tinker's well-drilled Arlington quintet owes much of its success to its fine defensive performance. Over the regular season the Rebels allowed their opponents an average of 57 points per contest in 22 games while scoring an average of 76 points per game.

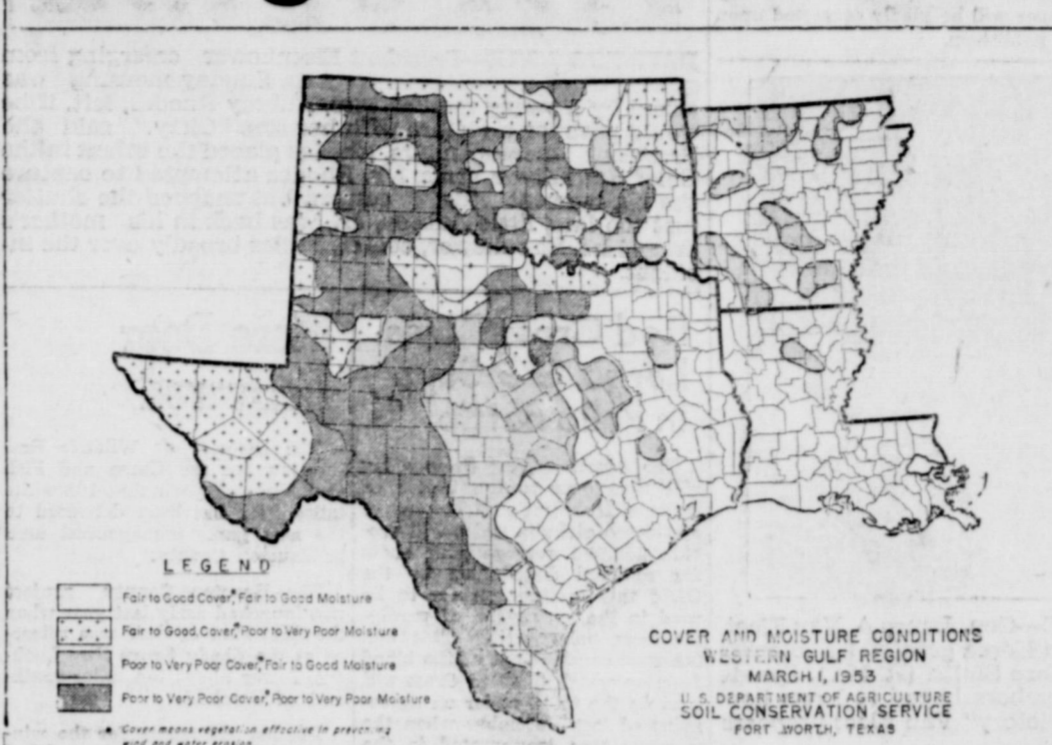

The Schreiner Mountaineers winners of second place in the season's standings, allowed 27 opponents an average of 60 points per contest, while averaging 65 points offensively per game.

In conference play the Rebels averaged 76 points offensively and held opponents to an average of 57 points per game. Second place San Angelo averaged 71 points offensively but allowed league opponents an average of 64 points.

As a result of their fine showing the Rebels will be one of the four Texas junior college teams to compete in a regional tournament sponsored by the National Junior College Athletic Association at Amarillo March 9, 10, 11. Winner of this tournament will be eligible to compete for the national junior college championship in a tournament to be held at Hutchinson, Kans., later in March.

All conference teams showed great improvement in the February stretch drive. Indications are

# Long Drouth Still Grips Large Area Of Texas

**DROUGHT CONDITIONS**—Map showing Soil Conservation Service's announced results of its new four-state survey of soil moisture and plant conditions. The Service reported that half of Texas and more of Oklahoma on March 1, 1953, remained in the grip of the Southwest's most damaging drought. Regional director Louis P. Merrill of SCS reported that in approximately 140 counties of eastern and central Texas and in some areas of southeastern and north central Oklahoma moisture and cover conditions have improved. In the Director's opinion, these areas are no longer on the critical list. Rains in the last two weeks have relieved conditions in Arkansas and Louisiana. Most areas in these two states now have adequate soil moisture and plant cover is in good condition.

## FELLOWSHIP CLASS OF FIRST CHRISTIAN CHURCH ENJOYS SOCIAL HOUR; 90 REGISTER

Ninety men enjoyed the "chill supper" at First Christian Church Thursday evening, when the Fellowship Bible Class entertained not only members, but many visitors.

This class, which in truth is the Men's Bible Class of that Church,

has previously entertained members and visitors, but attendance Thursday evening was the largest ever recorded. Visitors were invited to come and enjoy an evening of fellowship, which it was hoped would bind them closer together, as friends and neighbors.

The "supper" was just what it should have been. There was plenty of food and the men had satisfied themselves. Coffee drinking continued during the program which was supplied by the Gosselaires. This quartet is very rapidly winning the hearts of people in this section.

M. L. Keasler was given credit for most of the arrangements, though the Church pastor and officers of the class, rendered valuable service. Teacher K. B. Henderson, served as master of ceremonies.

The class announced that plans for another fellowship hour were in the making and that all those present last evening were invited to be present when the hour is announced.

## College Choir Be Presented Saturday Night

The Deatur Baptist College Choir will be presented in a Variety Concert at the First Baptist Church, Eastland at 8:00 p.m. March 7th. The Choir is on its annual concert tour which will last for a period of ten days.

The Choir will present a program of Anthems, Hymns and ensemble numbers. Members of the Choir come from all parts of Texas and two foreign countries: Miss Hildegard Mantel, Barrenquilla, Columbia, South America and Mr. Earl James, Toronto, Ontario, Canada.

## Citizens of The Month Named At Jr. High School

The "Citizens-of-the-month" for Eastland Junior High School for the month of February, were elected as follows:  
6-A, Laura Harris; 6-B, Julia Inzer; 7-A, Laverne Trout; 7-B, Barbara Brock; 8-A, Geraldine Johnson; 8-B, Betty Jo Westfall.

## Cancer Victim's Funeral Rites Set Saturday

Funeral rites for Howard Barrett Hall, 28-year-old Stephens County cancer victim, will be held at the Rose Avenue Baptist Church in Breckenridge Saturday afternoon at 2 o'clock.

Hall, stricken with cancer for some time, had been seriously ill with the dread disease since Christmas. He died at his home in Breckenridge Thursday.

Born Jan. 6, 1930 in Corsicana, Hall had lived in the Breek area most of his life. He was a graduate of Breckenridge High School.

Rev. R. E. Wright, pastor of the Rose Avenue Baptist Church, will officiate during the funeral services, and interment will be in the Breckenridge Cemetery.

Surviving are his parents, Mr. and Mrs. L. O. Hall of Breckenridge; three brothers, John, Ed and Kenneth Hall, all of Breckenridge; two half-brothers, R. B. and Walt Hall, both of Dallas; and five sisters, Mrs. Margaret Priddy of Tyler; Mrs. Lucille Hudkins, Waco; Mrs. Juanita Davis, Mrs. Florine Schmidt and Mrs. Katherine Jones, all of Breckenridge.

## 1,300 Foot Venture

# Test Spotted Near Eastland

Another new oil test for Eastland County was reported early today.

W. H. (Bill) Hoffmann of Eastland announced a new venture four miles south of Eastland in the Harbin field.

The well, the 6-P Ida B. Foster, was spotted 2,105 feet from the north and 480 feet from the west lines of Section 27, Block 3, H&TC Survey.

Proposed depth is 1,300 feet with cable tools.

Locations of two new tests in the Stephens County area also were reported today.

W. J. Rhodes of Breckenridge, No. 1-A Moon Ranch is to be drilled as a wildcat, four miles east of Breckenridge Stephens County.

Drillsite is on a 967.5 acre lease, 1,800 feet from the south and 140 feet from the east lines of Section 21, Block 5, T&P Survey. Contract depth is 4,500 feet with cable tools.

Half of Texas and a larger section of Oklahoma remain in the grip of the Southwest's most damaging drought, Lewis P. Merrill, regional director of the Soil Conservation Service, reported Thursday.

The SCS, announcing results of a new four-state survey of soil moisture and plant cover conditions as of March 1, said approximately 140 counties in East and Central Texas and some sections of southeastern and North Central Oklahoma are no longer on the critical list.

Merrill reported in September after a similar survey that the Texas drought was the worst on record.

**No Relief in Areas**  
"Our new checkup shows for the most part there has been no relief in the stricken areas," Merrill said.

Fall rains in the North Central Texas area have removed it from the drought category and the section north of Haskell is improving. However, the Texas Panhandle must be added to the area involved. The Amarillo section has had 29 months of poor moisture conditions."

The SCS report showed dry weather duration at seven other Texas reference points as: Big Spring, 30 months; Del Rio, 38; Falfurrias, 40; Fort Stockton, 28; Lubbock, 34.5; Haskell and San Angelo, 29.

Average drought duration is 31 months. The 1933-36 drought lasted 24.4 months and the 1916-1918 dry period ran 24 months. Sketchy information obtained by historians on the 1885-1887 drought indicates it lasted 23 months.

**Wheat Depends on Rain**  
Only a timely rain can save the wheat cover in Hansford, Ochiltree and Lipscomb Counties in the top of the Panhandle, the report said. Other Texas counties reporting poor wheat cover included Donley, Tom Green, Sterlitz, Callahan, Hutchinson, Runnels, Comcho, Menard, Moore, Deaf Smith, Oldham, Carson, Yoakum, Terry, Lynn, Borden, Scurry, Schleicher, Kennard and Glasscock.

Field men of the SCS reported that 50 counties in Texas and more than 25 in Oklahoma do not have enough moisture for spring planting.

Cattle are wintering in many parts of Texas and Oklahoma in fair to weak condition. Where they are in fair condition in drought areas, Merrill said, it has been because of heavy feeding and mild weather.

**Livestock Sold, Shipped**  
In Southwest Texas, 75 per cent of the cattle population has been sold or shipped to other areas. In Irion and Reagan Counties, 90 per cent of the cattle and 80 per cent of the sheep have been sold or shipped. Stockmen in Howard, Martin, Borden and Scurry Counties have sold or shipped 80 per cent of their cattle.

Good rains in recent weeks have relieved conditions in Arkansas and Louisiana, the SCS report said. Most areas in those states have adequate soil moisture and the plant cover is in good condition and improving.

**CHINESE RED MAY BID FOR SUPREME LEADER**—Premier Josef Stalin (L) with Red leader Mao Tze-Tung, watch the signing of a 30-year treaty of alliance in Moscow 1950. Signing is Andrei Vishinsky, Russian Foreign Minister, aided by B. F. Podtserob. With Stalin dead, observers believe Mao may make his bid for supreme authority of USSR.

**JUST TOO LATE**—President Eisenhower emerging from special church services in Augusta Sunday morning was asked by a young mother, Mrs. Aubrey Rhodes, left, if he would pose for a picture with her son. "Okay," said the President, whereupon Mrs. Rhodes placed the infant in the Chief Executive's arms. Mr. Rhodes attempted to capture the big moment with his camera but snapped the shutter just too late, little Aubrey, Jr., was back in his mother's arms. Mrs. Eisenhower, center, smiles broadly over the incident.

### Red Cross Gives Large GG Supply In Polio Battle

The American Red Cross today will turn over to the Office of Defense Mobilization 1,714,996 cc of gamma globulin which will provide 245,000 average polio shots for national distribution by the ODM this coming summer to be used in the prevention of paralysis from poliomyelitis. This was the first consignment of the blood fraction which the Red Cross will provide the ODM under an agreement of last December when the program was inaugurated in the national interest. The Red Cross is collecting the blood for production into gamma globulin and is paying for the fractionation processing and packaging. The Red Cross said it will continue to turn over to the Office of Defense Mobilization all supplies of gamma globulin as they come from the laboratories. All allocations of gamma globulin will be made solely by ODM and all final distribution of the product will be the responsibility of the state health officers, the Red Cross emphasized.

Gamma globulin will be available to families in every part of the United States this summer through state health departments under a plan proposed by a special committee of the National Research Council. Just how the individual states will allocate and distribute the globulin to their communities will be determined by the individual state health officer. Criteria to assist them in developing the best plans for the most effective use of this valuable material will be provided by the National Research Council Advisory Committee on Allocation which is assisting the Office of Defense Mobilization with this project. Distribution of the precious fluid which has been of proven value in measles and infectious hepatitis and has now proved effective in preventing the paralysis caused by poliomyelitis to begin almost immediately by ODM to all state public health officers. The Red Cross now is processing and packaging an additional 2,000,000 cc of gamma globulin which was received in bulk form last week through the Department of Defense from the Navy. When packaged, these supplies will be turned over to the ODM. Pointing out that although the allocation and distribution plan being projected will assure a supply of gamma globulin to communities where it is needed in every state, the Red Cross emphasized that only through wide citizen participation can the program be successful.

### More Deer Delivered

The Director of Wildlife Restoration for the Game and Fish Commission reports that 108 white tailed deer has been delivered to the new game management area in Houston County. The Houston County project was launched early last year when the first load of deer was released at the Shady Grove Fire Lookout Tower about ten miles southeast of Crockett. Further shipments for the winter of 1952 had been planned but trapping results were sharply curtailed. This was because the mild winter on the Aransas National Wildlife Refuge, major source of deer for restocking, maintained the natural feed to the extent that the deer passed up bait in the traps. The director said the trapping crews had better luck lately with the result that six loads already have been delivered to Houston County. At least one more load has been assigned for early delivery there. The progress of the Houston County Project has been watched with unusual interest, since it marks the first time federal, state, county and private agencies have cooperated in such a large restoration and management undertaking. The project is one of several underway in Texas whereby local

The organization urged that only through greater year-round contributions of blood and larger contributions of funds during the March Red Cross Fund Campaign for the processing, packaging, and handling of gamma globulin can the nation as a whole benefit from this program.

### Canning Art Is Aiding People In United States

The average Texan can earn the money to fill his pantry shelf with canned food four to sixteen times as fast as his European counterpart, it was reported today. "A Texan need work only 11 minutes to pay for a standard can of peaches produced in the United States, but it takes an Englishman 50 minutes to pay for a similar can of fruit," Dr. H. E. Michl, economist for American Can Company, said. "The fact that it takes a Russian 98 minutes, a Dane 24 minutes, a Canadian 13 minutes and an American only six minutes to earn the money for an average can of peas is a tribute both to the productivity of our people and to American industrial and business ingenuity," the economist for the container-making firm reported. Name Game

**NEWS FROM CHEANEY**

Mrs. Bill Tucker

The Cheaney Home Demonstration Club members discussed pending by-laws of the County Council at the called meeting on Wednesday, February 25, in the home of Mrs. Gene Ferrell.

Four members and one visitor attended and compiled their recipes for the Council Cook Book, which is soon to be printed. A pattern for a shoulder strap purse was distributed to each one by the president, Mrs. Tucker, who also directed the quiz games.

Coffee and pie was served to Mmes. Elmer Blackwell, L. A. Moody, Thelbert Jones, Bill Tucker and Ferrell.

The next meeting will be held on March 12 in the home of Mrs. John Love, with a demonstration given by the Home Demonstration Agent, Mildred Daniel.

A "42" party on Friday in the Curtis Blackwell home was attended by Mr. and Mrs. Alton Underwood, Mr. and Mrs. Red Hale, Mr. and Mrs. Jack Blackwell and Mr. and Mrs. J. B. Blackwell.

Church visitors in Cheaney Sunday were Mr. and Mrs. Herman Neger, Cicero Rodgers, Mr. and Mrs. Charles Williams of Abilene Christian College and Mr. and Mrs. Bill Gresham, also of Abilene.

Donald Parker, minister for Alameda Church, was accompanied from Abilene by Roy Hale.

Mrs. Mary Tucker of Ranger spent Saturday night in the home of Mr. and Mrs. Bill Tucker. Thursday night guests were Mr. and Mrs. Billy Tucker and son, Garland Lynn. They returned to their home in Jal, N.M., Friday.

Mrs. Jennie Kimbrough and grand daughter, Nancy, visited in the Ben Freeman home last week.

Miss Wanda Morehead, who has been employed in Fort Worth for several months, visited her grandparents, Mr. and Mrs. Will Underwood last Sunday. She was en route to the home of her parents, Mr. and Mrs. Dave Morehead in Odessa.

Mrs. Andrew Lamb, an old time Cheaney and Alameda resident, who will be remembered as May Prestidge, sends a word of greeting to everyone.

Mr. and Mrs. Choc Underwood of Eastland visited Mr. and Mrs. Will Underwood Sunday.

Helen and Charlene Blackwell spent Sunday afternoon with Loretta Dell Wallace.

Walter and Willie Underwood visited in San Angelo recently with their sister, Mrs. Dorcas Kerns, who had undergone surgery but is now improved.

Johnny Love has been ill for the past few days.

Mrs. Alton Underwood was recently visited by her parents, Mr.

**AIR CHIEF VISITS OUTLYING BASES**, Air Force Secretary Harold E. Talbott (R) and Gen. O. P. Weyland, CG Far East Air Force, talk to newsmen at Tokyo airport following the air chiefs arrival. Talbott will visit USAF installations in Japan and Korea.

**Texas Leads in Number Certified Tree Producers**

Three-way leadership for Texas in the American Tree Farm System has been recorded in the industry-encouraged American Forest Products Industries' annual Tree Farm report released today.

Texas leads the nation in the number of certified Tree Farms.

Texas leads the nation in Tree Farm acreage.

Texas leads the nation in the number of tree farmers added during the past year.

Word has been received from Mrs. R. A. Shockley of Midlothian, Tex., of the death of her stepdaughter, Estelle Shockley on Feb. 9.

Mrs. Jim Coop visited on Wednesday with Mrs. Emma Ferrell, who had returned from a clinical check-up in Fort Worth.

Callers in the Will Underwood home Sunday night were Mr. and Mrs. Bill Tucker.

Mrs. Harve Quinn of Ranger is always giving us a verbal bouquet, and we deeply appreciate the fact that she enjoys the Cheaney News and tells us so. Thanks Mrs. Quinn. We hope you enjoyed your recent visit in Abilene.

Mr. and Mrs. Richard Tucker visited the John Tuckers and the Kenneth Browns Sunday afternoon.

CALL 601 FOR TELEGRAM AD SERVICE

A total of 441 persons or organizations today holds 3,229,789 acres under the certified American Tree Farm system. Last year 102 Texas Tree Farms were certified, the largest unit increase in the nation.

Leadership in Tree Farm acreage, according to American Forest Products Industries, national coordinator of the program, has been held by Texas since early in 1951. During the past year, however, the Lone Star state overtook Alabama in total number of tree farmers.

The Tree Farm System in Texas is sponsored jointly by the Texas Forest Service, the Texas Forestry Association and the East Texas Chamber of Commerce. The Southern Pine Association also provides assistance. The Texas program was launched in 1944.

The 1952 Tree Farm progress report was issued today by James C. McClellan, chief forester for American Forest Products Industries, national spokesman for the nation's lumber, pulp and paper and other wood-processing industries. He reported Tree Farm acreage throughout the nation increased more than 11 percent during 1952 with the addition of 724 new units, totaling 2,857,802

Two new states joined the program last year bringing to 35 the number with Tree Farms.

... and one of the things that has helped to make it so is Insurance. In one particular at least the average American buys more insurance than any other nationality. This means that he doesn't want to carry his own risks and the attendant worries that go along with them. He just insures himself, his family, his property, everything he has—because it's good business to do so. Yes, it's American to be insured and insurance is typically American!

## Pythian Sisters Meet Monday

Members of the Pythian Sisters met Monday evening in regular session in Castle Hall. Mrs. Carol Noble, most excellent chief president and heard reports.

The meeting, February 23rd, in which the Initiation team, in formal attire, initiated Mrs. Charles Lovelace, was reviewed. Twenty-four members were present and were entertained, following initiation, during a social period, refreshments were served and decorations carried out in a patriotic theme, with George Washington motif.

At Monday's meeting an officer's drill practice was held, and business matters attended. The finance committee reported they were working on plans that they

would be ready to announce in the near future.

Present were Meses, C. C. Street, A. M. Hearn, J. C. Poe, M. L. Dry, Ima Jordan, Luther Lewis, Roland Koch, Hal Boggus, Frank Williamson, Leon Fourland, Bill Darr, Lee Campbell, Otto Crabb, Wayne Brock and Noble.

## Mrs. H. H. Durham To Be In Charge Of Story Hour

Mrs. Harold Durham will be in charge of the story hour, Saturday morning at 10 o'clock at the Woman's Club.

The hour is held the first Saturday in each month and is sponsored by the Thursday Afternoon Club.

## Cisco Jamboree Program Ready

Some of the state talent in this part of the state has been arranged for the first session of the Cisco Jamboree which will be held in the city hall auditorium in Cisco, Saturday, March 7th at 8 p.m.

A variety show featuring popular western, gospel and spiritual songs with music of all kinds. Some of the entertainers for this show will be Betty's Rhythm Five, Al Anderson, with his electric guitar, Paul Huffman and James Ricker, singing and playing western style; The Kendrick Quartet will be on hand to sing gospel spiritual and popular songs. Shorty Kendrick will play his Hawaiian steel guitar. The Anderson Sisters will be present and will sing their version of songs.

Larry Payne and Jimmy Yates, young guitarists and singers will also be presented.

The program is sponsored by the volunteer fire department of Cisco, and they are inviting all entertainers, who would like to contact them for future Cisco Jamboree programs.

Plans are for the programs to be held twice monthly, and the public is invited to "come and enjoy two and a half hours of good, clean entertainment."

Rodney Stephen was home for the last week-end and had as his Sunday noon guest, Jimmy Cheatham of Houston, who was also visiting in Eastland over the week-end.

## Housework Easy Without Nagging Backache

Nagging backache, loss of pep and energy, headache and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many feel nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 12 million kidney tubes and filters flush out waste. Get Doan's Pills today!

## Sub-Deb Club Complete Bake Sale Plans

Members of the Sub-Deb Club met this week in the home of Mrs. E. C. Abbot, 105 East Valley, with their daughter, Doris as hostess.

Final plans for the bake sale to be held March 7th at the First Christian Church annex were made.

Following the business discussion refreshments of Cokes and cookies were served to Merle Craig, Lou Ann Corbell, Jane Ann Jernigan, Jeanette Caton, Helen Taylor, Emma Miller, Jeanne Pittman, Evelyn Jordan, Donna Moser, Dorothy McKinney, Barbara Stephens, and Janis Little by the hostess.

Next meeting of the group will be in the home of Lou Ann Corbell, 311 North Dixie.

## Hospital Report

Patients in the Eastland Memorial hospital are Mrs. W. P. Lelie, Miss Katherine Sue Cooper, surgery; A. E. Young, surgery; Mrs. W. H. White, medical; Marcus Childress, medical.

Recently dismissed were Mary Evelina Couch; J. M. Cooper; Mrs. Robert Kincaid and infant daughter; T. C. Milsap, Mrs. Ida B. Foster, Laura Frances Harris, Thelma Combs, Mrs. A. E. Phillips, Billy Ray Pizman, surgical; W. B. Bennett, medical; Paulette Young, surgical; Mrs. Robert Brantigan of Cisco, surgical; Mrs. James Wright, medical; Mrs. Evelyn Guess and infant daughter; W. A. Kelly of Olden, transferred to Fort Worth hospital.

## Safety Program To Be Wednesday March 11th

Mrs. Arthur Murrell will be leader of the Safety Program to be presented at the meeting of the Civic League and Garden Clubs' at 3 p.m. March 11.

The meeting has been listed on the Social Calendar as March 10, due to error in year book.

Hostesses will be Meses, H. L. Hassell, Cecil Collins, Neil Day, Harvey Bashaw, F. E. Day, John Ernst, T. M. Fullen, B. T. Hanna, Vernon Humphreys, George Lane, and Jack Muirhead.

Tax revenues in the Truman budget were based on the national income as of last October. Since then our incomes have risen, so tax revenues are currently underestimated, if national prosperity hold up.

OUR 4% interest rate

is also OLD FASHIONED

Gradually, with the Federal Land Bank setting the pace, interest rates on farm mortgage loans worked lower. From as high as 6% our interest rate was dropped to 5 1/2%, then to 5% and 4 1/2% and 4 1/4%, and finally in June 1953 to 4%. For more than 17 years now, we have held to that same low interest rate.

COME IN AND LET US DETERMINE IF WE CAN SERVE YOU. DO IT NOW WHILE THIS OLD FASHIONED 4% RATE IS STILL AVAILABLE.

# Chevrolet is lowest priced!

It brings you more new features, more fine-car advantages, more real quality for your money ... and it's America's lowest-priced full-size car!

Farther ahead than ever in quality ... yet the lowest-priced full-size car ... with sharply greater economy of operation!

Imagine - the most beautiful car in its field, with new Fashion-First Bodies by Fisher that set the standard of styling, inside and out. The most powerful car in its field, with your choice of a new 115-h.p. "Blue-Flame" high-compression engine\* or greatly improved 108-h.p. "Thrifty-King" high-compression engine.

Yet, with all these new and exclusive advantages, there is no increase in Chevrolet prices, and it remains the lowest-priced line in its field!

Yes, indeed, only Chevrolet gives such excellence with such economy. Come in and prove it at your earliest convenience!

\*Combination of Powerslide automatic transmission and 115-h.p. "Blue-Flame" engine optional on Bel Air and "Two-Ten" models at extra cost.
