EASTLAND, TEXAS, FRIDAY, MARCH 20, 1953

The old saying "when it rains it pours," is most certainly true when we consider Knox City. Only a few days ago that little city was torn by a cyclone, and several lives were lost, as the result. Rain also fell in torrents—about five inches, and the country was completely soaked. Then a day or so ago people who were engaged in cleaning up after the wreck were halted when another young flood visited the city.

But Knox City is in West Texas, and West Texas can offer less and give more than any other section in America. This city is in the very heart of a rich agricultural area, and barring unforeseen acts of God, the community may harvest a bale of cotton to the acre this year. Only scars from the disaster will be visible in a year or so.

You can put your bottom dollar on West Texas, it's citizenship and their determination to progress.

West Texas rains have attracted the attention of President Eisenhower. He was highly pleased when the reports reached Washington, and made some very encouraging comments. Eisenhower, a native Texan thinks mighty well of the Long Horn or Lone Star state.

Price controls are about to pass into history, to the great satisfaction of a majority of Americans. A few people may be expected to make an effort to "get rich quick" by bouncing prices, but this will continue for only a short period.

We still insist that the law of supply and demand will take care of prices in this country, and the fellow who gets out of line will soon get out of business. They may announce exorbitant prices, but people will not be forced to pay them. A few competitors will take care of him, and all he will have will be a bunch of well stocked shelves of merchandise that won't move. He will fail in business, but start trying to be an American.

The Southwestern Peanut Growers Association, with office in Gorman, has just some 30,000 copies of a new newspaper, The News, telling of the activities of peanut growers in this area. It is a very attractive sheet, and does credit to the Association.

Peanuts are being more seriously considered each year, and the industry is growing by leaps and bounds.

Many uses have been found for the lowly peanut. Not only are they good food for children and adults, but they supply large quantities of oil which is always in demand. The entire plant is used. The green plant or vine makes excellent hay, while the nuts themselves are used in many ways. The husk or red coating is used for feed and many people will tell you it is better than wheat bran. The germ inside the husk is sold for pigeon food and brings an attractive price. The nut proper is ground or crushed into peanut butter, which is sold all over the world.

This butter has a very high food content and is relished by old and young alike.

Even the hulls are useful. We have always looked upon them as something cheap and valueless, until we learned a few days ago that these hulls are used for making cones, the kind you fill with ice cream, and there isn't a kid in the United States who will turn down an ice cream cone.

Peanuts are one of Eastland County's most profitable crops.

Rites Saturday For Breck Boy Killed By Auto

Funeral for 8-year-old Klye Lee Lindsey, Breckenridge's first 1953 traffic fatality, will be held at 9 a. m. Saturday at the First Baptist Church in Breckenridge.

The body will be taken to Odessa where graveside services are set for 5 p. m. Saturday. Breckenridge rites will be conducted by the Rev. H. H. McBride, Baptist minister.

The child, son of Mr. and Mrs. James H. Lindsey of Breckenridge, was killed instantly when a car struck him in front of his parents' home.

Charlie Pope, 58, Is Heart Attack Victim At Breck

Charlie Pope, 58-year-old Breckenridge resident and brother of an Eastland County resident, died of a heart attack at his home in Breckenridge Thursday night.

Funeral arrangements were incomplete this morning, pending arrival of relatives.

Mr. Pope, a native of Cameron, had been a resident of Stephens County for the past 25 years.

He is the brother of Mrs. M. T. Valliant of Rising Star. Other survivors include his wife; a son, Buwan Polk of Bowie; three daughters, Mrs. E. T. Tackett of the Panama Canal Zone, Mrs. Donald Shockey of Rule, and Mrs. J. D. Brandon of Hamlin; three other sisters, Mrs. J. V. New of Lubbock, Mrs. Fred Arthur of Levell, and Mrs. Paul Kitching of Cleburne, and eight grandchildren.

ABRUPT CHANGES—With the passing of Russia's Premier Josef Stalin bringing about abrupt changes in the Soviet Union, the effects are also felt on the Korean scene as evidenced here by a 7th Division GI bringing a road-sign up to date. The sign which formerly read "Joe sees you," and now reads "Georgi sees you," lies in an area which is under constant enemy observation.

Mild, Windy and Wet (Maybe!)—

Spring Arrives Today

CELEBRITIES WANT HARD WORK NOT SWOONERS ON STAFFS, SAYS COMEDIAN'S SECRETARY

It won't do you any good to swoon if you're trying to get yourself hired by a celebrity; crooners don't like swooners on their staffs. Neither do top-flight entertainers, according to Marjorie Hughes, Marjorie ought to know, because she's secretary to Bob Hope.

What they want, according to her is someone they can depend on to do a good routine job and to take emergencies in their stride.

When Mr. Hope is out of town, Marjorie, in addition to keeping things on an even keel at the office, has to be ready, at a moment's notice, to help her boss out of any situation in which he may suddenly find himself.

For instance, most secretaries could feel reasonably free, with their boss in mid-ocean en route to Europe, to relax and draw a deep breath, not Marjorie. Her phone rang, recently, and there he was calling from the Queen Mary.

"I hear London's having an unseasonable fog," said Bob. "Will you pull our files on fog fogs and air-mail them to me tonight? Need them in London day after tomorrow."

A tip to Mr. Hope's joke files is almost like a visit to Fort Knox, according to Marjorie. He couldn't guard them more carefully if they were gold nuggets. They're enclosed in a concrete and steel vault, and they constitute the entertainment world's most fabulous collection of rib-tickers—about 100,000 in all, collected over a period of years.

File headings include such items as "Fat Ladies," "Football," "Santa Claus," and almost anything else you can think of. Alongside most of the gags is a scribbled coding in Mr. Hope's own handwriting, for he reads and evaluates every joke produced by his writers. An unmarked joke means he considers it a dud. A checked gag line indicates "a maybe—pretty funny." And he enthusiastically circles the "sure-fires," which often become meat for the five-minute monologues that open each of his TV, radio and personal appearances.

One of Miss Hughes' problems is trying to keep up with Mr. Hope's penchant for making his own schedules. "We in the office are never surprised," she says, "to find that he's left town. We may come in one morning and find a note: 'Gone to Alaska—back soon.' It's quite usual for him to be here at noon and aboard a plane head-

Joe M. Thompson At Fort Lewis

FORT LEWIS, Wash., March 11—Joe M. Thompson, formerly of Eastland, has been assigned to the 44th Infantry Division at Fort Lewis, Washington for basic training.

Joe is the son of Mr. and Mrs. M. H. Thompson who live at 213 West Patterson, Eastland.

He is assigned to Battery A, 144 AAA Av Battalion.

The 44th Division is an Illinois National Guard unit activated in February, 1952, and stationed at Camp Cooke, California until last December.

It was a short winter (what winter?) wasn't it?

Early this morning the official spring season—according to the calendar—arrived.

And, according to the morning forecast of the U. S. Weather Bureau, the first day of spring, 1953, was to be mild, windy and—maybe—wet.

Weather men predicted "widely scattered showers Friday afternoon through Saturday."

Partly cloudy, mild weather with strong southerly winds was forecast for the Eastland area today and tomorrow with the high temperatures for both days due to be in the warm 80s.

Tonight's low—between 50 and 60 degrees.

The West Texas outlook: "Partly cloudy and mild Friday; widely scattered shower showers early in the Pecos Valley and in the east portion of the South Plains Friday, Saturday, somewhat cooler in the Panhandle and South Plains and west of the Pecos Valley."

Miss Mary Spencer, Eastland senior, will be the TCU Duchess at the annual A&M Cotton Pageant and Ball on April 24.

TCU Sweetheart, Miss Pansy Kidwell, Vernon junior, will attend the annual Roundup at the University of Texas on March 27 and 28.

Miss Wilma Stacher, Gallup, N. M., junior and Wayne Martin, Shamrock senior, have been selected by Student Association Congress as the TCU candidates for Mr. and Miss Future Teacher of Texas.

Later this spring, they will attend festivities at ETSTC during "Future Teacher Week," where a judging committee will pick winners of the state contests after personal interviews with each candidate.

Funeral services will be conducted from the Church of Christ in Eastland at 2:00 p. m. Saturday and burial will be in Eastland cemetery. Other arrangements are pending. Hammer Funeral home will be in charge.

Survivors include her husband, John M. White, of the home address.

Jupiter is five and a half times as far from the sun as is the earth.

JOE M. NUESSELE WILL ATTEND STATE CONFERENCE ON LAW ENFORCEMENT MARCH 23, 24

Joe M. Nuessele of Ranger, Eastland County district attorney, will attend the Third Annual Conference on Law Enforcement in Austin on March 23 and 24, Attorney General John Ben Shepperd, announced today.

Shepperd stated that the program of the conference will include new developments in most fields of law enforcement, with discussions of drunken driving, usury, Communist control, narcotics, extraditions, crime commissions and legislation.

Trial and appeal of criminal cases will also be discussed.

Shepperd said that officers of all branches of law enforcement will be represented including police, sheriffs, county and district attorneys and judges.

Delegates will inspect the crime laboratory of the Department of Public Safety during the meeting. The Attorney General of Arkansas, Tom Geary, will attend the meeting, Shepperd stated.

Speakers will include Governor Allan Shivers, Gen. Colonel Homer Garrison, Director of the Department of Public Safety, George B. Blackburn, State's Attorney and Fred V. Meredith, Chairman,

JOE NUESSELE District Attorney To Attend Texas Law Enforcement Conference...

House Crime Investigation Committee, Shepperd stated.

"This conference is a practical method to discuss the problems of local and State crime control," he said, "and should prove most valuable to all who attend."

Rites For Uncle Of Gordonites This Afternoon

Hugh Rogers, 78, widely known Knox City rancher and uncle of two prominent Gordon residents, died Thursday at the Harbert Hotel in Knox City after a long illness.

Funeral rites were held this afternoon at 2:30 o'clock in the Holden Funeral Chapel, Haskell, and interment was in the Haskell Cemetery.

Mr. Rogers, a patient at Knox County Hospital the past two years was evacuated to his hotel room when the tornado struck the hospital last Friday. His death was not attributed to the storm.

Born in Tarrant County Dec. 7, 1874, Mr. Rogers came to Haskell County as a child and was reared there. At 17 he went west to Arizona to become a cowboy.

In his 20's, Mr. Rogers joined the George R. Barse Livestock Commission Co. in Fort Worth and rose to be vice-president of the firm. He settled down in Knox City in 1934.

He had considerable ranching interests in Stonewall County just west of Knox City and owned land in the Katz oil field. He was the last surviving member of his immediate family.

Among his survivors are a nephew, C. B. Long of Gordon, and a Niece, Mrs. M. O. Shook, also of Gordon.

Other survivors include a nephew, W. B. Long of Farmersville; and two other nieces, Mrs. J. A. Prordus of Tyler and Mrs. Mary Cunningham of St. Louis, Mo.

Mary Spencer Is TCU Duchess For Cotton Pageant

A Duchess, a sweetheart, and Mr. and Miss Future Teachers of Texas Christian University will attend spring social functions at Texas A&M, the University of Texas, and East Texas State Teachers College in March and April.

Miss Mary Spencer, Eastland senior, will be the TCU Duchess at the annual A&M Cotton Pageant and Ball on April 24.

TCU Sweetheart, Miss Pansy Kidwell, Vernon junior, will attend the annual Roundup at the University of Texas on March 27 and 28.

Miss Wilma Stacher, Gallup, N. M., junior and Wayne Martin, Shamrock senior, have been selected by Student Association Congress as the TCU candidates for Mr. and Miss Future Teacher of Texas.

Later this spring, they will attend festivities at ETSTC during "Future Teacher Week," where a judging committee will pick winners of the state contests after personal interviews with each candidate.

What Readers Say:

"Why did you donate blood to the American Red Cross?"

When confronted with this question, Eastlandites who have given blood in the past were ready with the answers. Here are some of them. Others will appear later.

If the thoughts expressed are also your own, remember that the Blood Mobile Unit will be in Eastland again April 1.

"Marjorie and I donated blood to the Red Cross Bank Program because we recognize how very much it is needed. We feel that it is little enough to do in comparison with the sacrifices the men in the armed forces are making for us every day."

"Having been in a combat unit myself, the need is very obvious and real. It is a contribution that cannot be bought with money and that carries with it a personal satisfaction that cannot be expressed in words."

—Charles and Marjorie Freyschlag

"I feel that it is a privilege to us as Americans to donate our blood to the Red Cross or any other service organization where our donation is a help to our men in service. This is the least that we can do."

—H. E. MacMoy

"I gave blood first of all because it may have meant saving the life of a fighting man who is also some mother's son. I thought it was the least I could do that would do the greatest amount of good."

2 NEW TESTS ARE STAKED

Area oil activity today included announcement of two new tests in the vicinity—one in Eastland County and another in Stephens County.

Davis Court & McKinney of Centralia, Calif., announced staking of the No. 1 Charles S. Watson one mile north of Rising Star in Eastland County.

The test, a rotary well, is scheduled for a depth of 1,550 feet. Location is 1,550 feet from the south and 165 feet from the east lines of Section 11, Block 2, ETRR Survey.

G. E. Butterfield, Olney, staked location for No. 1-A Eddleman as a wildcat in Stephens County. It is five miles south of Caddo, and is to be 50 feet north of No. 1 Eddleman, now completing in a 1,900-foot sand.

ABOARD CRASHED B-36 — Brig. Gen. Richard E. Ellsworth, 41, commanding officer of the Rapid City, S. D., Air Force Base, one of the passengers aboard the B-36 atomic bomber that crashed off the Newfoundland coast March 18. Seven bodies of the 23 aboard the plane have been recovered; there has been no mention of survivors.

G. E. Butterfield, Olney, staked location for No. 1-A Eddleman as a wildcat in Stephens County. It is five miles south of Caddo, and is to be 50 feet north of No. 1 Eddleman, now completing in a 1,900-foot sand.

QUARTERBACK MINISTREL TO BE HELD HERE APRIL 23-24

The Quarterback Club Minirel will be held this year on April 23-24, in the high school auditorium, and plans are being made at this time to give the people of Eastland the best entertainment they have ever enjoyed.

At a meeting held earlier this week a general chairman was chosen and committees appointed.

Jack Chamberlain heads this list as general chairman, while Arly and Ina Ruth Taylor will be in charge of production. The make-up committee is composed of Mr. and Mrs. Earl Francis, Mr. and Mrs. H. R. McMay, Mrs. E. K. Henderson, Costumes, Mrs. Jack

Chamberlain, chairman, Mrs. E. K. Henderson and Mrs. H. C. Westfall.

The Country Store will be in charge of Carl Johnson, while Roland Phillips will be responsible for publicity and programs. Curtis Koen will be chairman of the ticket committee.

Other individuals may be added to this list, along with the cast of characters. The Minirel last year was considered as a great success, though many improvements may be expected this season, despite the fact the show is running just a little late.

This is an annual affair sponsored by the Quarterbacks and all money collected will go into their general fund to be spent during the year on the high school sports program. Only for this club the Mavericks would not be what they are today. They are responsible for their ball field and its upkeep, uniforms and other equipment.

Eisenhower Or 'Ike' Both O. K. With President

Now that Dwight D. Eisenhower is President of the United States, newspaper editors are faced with the problem of whether to call him 'IKE' or 'EISENHOWER' in their headlines and news articles. Is it poor taste to call a president "IKE?" Is it proper to call his wife "MAMIE?"

People Today Magazine polled editors of newspapers across the country in an effort to find out what they are calling the man whom the American people themselves affectionately named "Ike." The Philadelphia "Inquirer" editor (Continued on Page 3)

THINGS YOU SHOULD KNOW ABOUT U.S. DRAFT LAW

It is a local draft board's responsibility, under law and regulations, to decide, subject to appeal, the class in which each man registered with it shall be placed.

Each registrant is considered as available for military service until his eligibility for deferment or exemption from military service is clearly established to the satisfaction of the local board.

The board is obligated to receive all pertinent information on classification presented to it, says Brig. Gen. Paul L. Wakefield, state draft director.

Mailing by the local board of a classification questionnaire to the latest address furnished by a registrant is notice to the registrant that he will be classified in I-A, unless information is presented to the local board, within the specified time for return of the questionnaire, which will justify his deferment or exemption.

Unless the local board gives him added time, the registrant must return the questionnaire filled out within 10 days from date it was mailed.

The state draft director points to this paragraph in the Selective Service Regulations which the board must always keep in mind: "In classifying a registrant there shall be no discrimination for or against him because of his race, creed, or color, or because of his membership or activity in any labor, political, religious, or other organization. Each such registrant shall receive equal justice."

This ups the money bill by an estimated \$700,000 yearly.

The amendment sponsored by William Ehlert of Brenham will mean an \$11 per capita hike for Cisco Junior College, Howard Junior College, Odessa Junior College, Ranger Junior College and San Angelo Junior College.

In addition, several of the schools will share in a \$316,000 "equalization fund" set up by the bill, a fund modeled after the Minimum Foundation Fund of the state's public schools.

Ehlert said Ranger and Cisco will come under the equalization fund, that San Angelo will share but not to so great an extent. Howard and Odessa will not be eligible for the equalization fund as the situation is now, he said, because of the high tax valuations in their areas.

While the West Texans had been voting about two to one with the economy bloc on other offered amendments, the line broke on the junior college measure and they voted "no" by only 9 to 8.

Voting for the added grant to junior colleges were Allison, Briscoe, Bristow, Brown, Omar Burkett, Chambers, Latimer and Stromman. Voting against it were Armour Bishop, Joe Burkett, Cobb, Gurley, Kimbrough, Sentell and Slack.

The state now grants \$189 per scholar, if the student is taking work such as is offered in a state school, to the junior colleges which are not state institutions. The Ehlert amendment hikes this to \$200 per capita and raises the ceiling \$400,000 or 20 per cent to take care of anticipated enrollment increases. Then, it set up the \$316,000 equalization fund.

Carbon PTA To Sponsor Carnival

One of the important P.T.A. events of the year, in Carbon, will be their Annual Carnival to be held Tuesday night at the school auditorium.

The money will be divided between the various rooms and the I.T.A. There is to be a hat bar, fish pond, dart throwing and many other means of entertainment, as well as a western picture show.

The public is invited to attend.

Graham Boy, 13, Dies As Result Of Gun Accident

James Newton Newman, 13, died in a Graham hospital early Thursday of a bullet wound accidentally inflicted Wednesday night at the home of his older brother, Tommy Newman.

The bullet, which entered his jaw and passed through his head, was from a small caliber rifle in the hands of a younger brother, Jerry Jack, 9. Officers said the rifle, with which the boys had been hunting, was discharged as it struck a door as Jerry Jack was taking it in from the car in which they had been riding.

Survivors include the two brothers and their parents, Mr. and Mrs. C. E. Newman.

Now It's Pumps Instead Of Pills For Seasickness

Scientists at Stamford, Calif., have come up with something better than the anti-seasickness pill. It's a gadget that keeps ships from rolling.

A working model, dubbed the "U.S.S. Minorsky" after the Stanford professor who designed it, and built by the Navy, actually looks more like a big teeter-totter than a ship.

When the electrically operated springs and levers which simulate waves and ocean swells start rocking the "boat," pumps controlled by instruments start pumping water from a tank on the down side to a tank on the up side. The shift of weight returns the ship to an even keel.

What every HARD of HEARING person should know about TRANSISTOR hearing aids

"Can I GET a hearing aid operated entirely by a single 'energy capsule' smaller than a dime in diameter?... with three transistors, instead of just one?... that can be worn in the hair?... Can I get an aid I can wear so that NO ONE will know I am hard of hearing?... A new FREE booklet, 'Facts About Transistor Hearing Aids,' by L. A. Watson, author of a 600-page text on hearing instruments and nationally known authority on hearing instruments, gives you the FACTS. It tells the truth about transistor hearing aids and will save you many hard earned dollars. DON'T BUY UNTIL YOU READ IT!—until you know what every hard-of-hearing person should know."

Introducing The Widow's Children. Dotty, Bob

Dorothy Gardener, better known as "Dotty" is a bright, argumentative, young lady of thirteen, who makes living an endless contest to see who dominates the Gardener household.

She would like to be the center of attention, and she possesses more initiative and insight than Bob and is quicker-witted and can meet almost any situation as it arises. Portrayed by Marcia Tuggie.

Bob Gardener, a good-natured, average American youth will be eighteen his next birthday. He is well-liked by practically everybody and has been nominal leader of his gang since grade school. He faces making an important decision, with out the aid of family or friends, in fact he has quite a problem, and he has to face the decision in that long void between elation and deep despair.

It is quite a situation and will be presented with finesse by Bob Jones, at 8 p.m. March 26th and again March 27th in "June Graduate".

IT'S THE LAW in Texas

Difference Between Patent and Copyright Explained

Alert observers frequently notice that some goods or articles are patented, whereas other seemingly similar items are copyrighted. The question accordingly arises as to what constitutes the difference between a patent and a copyright.

Broadly speaking, patents relate to discoveries that promote the useful arts, while copyrights relate to writings or other works that promote knowledge in any field.

Patents are granted to inventors on new and useful articles of manufacture, compositions of matter, methods and processes, ornamental designs of articles of manufacture and certain types of plants.

Copyrights are granted to authors, composers or artists on works such as books (which includes not only bound volumes, but also pamphlets, leaflets and even single sheets), periodicals, speeches, plays, musical compositions, phonograph records, works of art, maps, photographs and motion pictures.

Some articles are difficult for an untrained observer to classify. Printed forms are an example of such an article.

If the form is a card or sheet having peculiar shape or physical structure (such as perforations or notches in certain positions) that adapts the card or sheet for a particular use, so that it amounts to a new article of manufacture, the card or sheet would constitute a subject for coverage by patent rather than by copyright.

If the same or another card or sheet bears graphic matter such as a written text, a compilation or of other data, a chart, or a diagram, the graphic matter as distinguished from the card or sheet itself would be subject to coverage by copyright rather than by patent.

The function of a patent or copyright is to give its owner the right to exclude all others from infringing the patent or copyright—that is, from practicing the invention or copying the copyrighted material. Patents give protection against an infringer who makes, uses or sells the invention, regardless of whether he is a copyist and regardless of whether he actually knew of the patent. Copyrights, on the other hand, give protection only against a copyist and not against one who independently discovers the same thing.

A patent runs for seventeen years and cannot be renewed. A

UNDER THE WESTERN DESERT SUN, an Army armored-infantry tank springs to the attack in a tank battalion tactical maneuver staged at Camp Irwin, Calif.

copyright runs twenty-eight years and may be renewed once for an additional period of twenty-eight years.

An inventor or author may himself apply for a patent or copyright. However, only persons trained and prosecute the necessary applications, since it often happens that an unskilled person, because of his lack of knowledge of the law and the procedure, will do irreparable damage to the rights to which the inventor or author was originally entitled. Sometimes rights are forfeited completely through the mistakes of such un-

skilled persons. (This column, based on federal law, is written to inform—not advise. No person should ever apply

or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

Mrs. Tucker Takes Nurse Training

Mrs. Bill Tucker, Rt. 1, Ranger, who is the Home Nursing Chairman of the Eastland County Red Cross chapter left today to attend a trainer-instructor course being held in Fort Worth by the Tarrant County Chapter.

Miss Loretta Morris, Home Economics teacher in the Eastland high school, is another lay instructor in our county. Mrs. Otto Marshall, who is a registered nurse, took the instructor course recently in Abilene.

With three trained instructors in Eastland county, classes will begin as soon as a survey to determine the number of people who are interested can be completed. Mrs. O. L. Hooper of Eastland and Mrs. Carl Jones of Eastland will help in getting the program started. It is hoped that at least one person out of every two families in Eastland County can take the Home Care of the Sick course, which will be offered free of charge by the Eastland County Chapter of the Red Cross.

The Home Nursing committee is already working on securing equipment and class rooms.

Mrs. Charles Foster has returned to her home at 910 South Seaman, after undergoing surgery at Ranger General Hospital.

Pleasant Hill H. D. Club

The Club met in the home of Mrs. Bela Tucker March 12 at 2 p.m.

Mrs. Bonnie Price, vice president conducted the meeting in the absence of the president, Mrs. Merle Campbell.

The roll call was answered by "Our most embarrassing moment in solving manners".

After the business session, patterns were cut for a quilt to be made.

Next meeting will be in the home of Mrs. Virgie Hale, March 23rd. The H.D. agent will be present. Members were urged to be present and to bring visitors.

A game for the recreation hour was conducted and Merle Stroble won the highest points and was presented a flower made by Mrs. Bonnie Price.

Refreshments were enjoyed by: Mmes. Bonnie Price, Cleo Rice, Virgie Hale, Ida Morton, Dora Schaefer, Bessie Tucker, Merle Stroble, Edith Bostick, Ola Bales and Glenda, Ruth Pierce, Christine Stroble and the hostess Mrs. Bela Tucker.

Mrs. Don Parker is in Fort Worth for a few days with her daughter and family, Mr. and Mrs. Billy Jack Parish.

S. C. Bourland of Lubbock, is in Eastland visiting his nephew, Leon Bourland and family.

Miss Daniel With Pioneer Club

The first program in the study of living room improvement was given by Miss Mildred Daniel, County Home Demonstration Agent, at the Pioneer H.D. Club meeting, March 18th. Her topic was "Comfort in the Living Room."

Extension service slides were used to show the proper use of color, types and arrangements of furniture. Other suggestions for making the living room comfortable and useful as well as attractive were pointed out. Samples of several kinds of good weather stripping, screening and insulation were shown and discussed by Miss Daniel.

Mrs. Dick Brown reported that a deed to the club house and grounds has been acquired by the club. Further improvements to make the building into a convenient community center are being planned.

District Eight, T.H.D.A. meeting will be in Brownwood, March 26-27, and Pioneer hopes to be well represented.

The club birthday anniversary will be celebrated Tuesday, March 24th, with an all-day meeting and covered dish lunch, that being regular quitting day—they expect to work a little too.

Those present at the meeting were Mmes. W. E. Gober, and August Gollitz, hostesses, Mmes. Calvin Roady, B. T. Stovall, H.

Miss Merle Craig Sub-Deb Hostess

The Sub-Deb Club met, March 18th in the home of Mr. and Mrs. Guy Craig with their daughter, Merle, as hostess.

A short business meeting was held and the club decided to buy bracelets for the members.

After the meeting, refreshments of open faced sandwiches, cake squares and cokes were served to Lou Ann Corbell, Jeanne Pittman, Evelyn Jordan, Barbara Stephens, Helen Taylor, Doris Abbot, Carol Hill, Emma Miller, Janie Jernigan, Jeanette Caton, the club sponsor, Mrs. Bob King, and her daughter, Vicki, by the hostess, Merle Craig.

Mrs. Mary Lowenthal will leave soon for a visit to her son, Dr. Frank V. Lowenthal, of 3258 E. Leebetter, Dallas. From there she will go to Guthrie, Okla., for a visit with her brother, Mr. Frank Bowers.

Dartmouth College at Hanover, N. H., will stage its 43rd annual winter carnival this year—the oldest such celebration in North America.

Howard Payne To Dedicate Walker Library

Dedication of the Walker Memorial Library, Howard Payne College, Brownwood, will be held March 21, at 10 a.m. Construction on the \$300,000 library began January, 1951, and was completed in July 1952.

In connection with the dedication, honorary Doctor of Divinity degrees will be conferred upon six men among whom are former students and trustees of the college. In conference with the annual District 16 Music Week observed by the college music department, two leaders in the music field will be awarded honorary Doctor of Music degrees.

Musicians for the occasion will be rendered by Wilbur F. Martin, professor of music, Golden Gate Seminary, Berkeley, Calif.; Professor Shelby Collier, dean of music, Wayland College, Plainview; the Yellow Jacket Band and Howard Payne Choir.

Dr. Thomas F. Mayo, professor of English, Texas A&M College, and Rev. W. M. Turner, pastor of First Baptist Church, Pecos, will be the principal speakers.

Tribute will be paid to Mr. and Mrs. J. A. Walker, as Dr. Thomas H. Taylor, president of HPC, unveils a bronze plaque of J. A. Walker in the library building. Mr. Walker was the outstanding benefactor of Howard Payne College. Other bronze memorial plaques, perpetuating the memory of friends who have rendered enduring service to Howard Payne College, will be dedicated.

Those who will be awarded the honorary Doctor of Divinity degree are: Rev. R. Earl Allen, pastor of First Baptist Church, Floydada; Rev. W. M. Turner, pastor, First Baptist Church, Pecos; Rev. Russell Dennis, pastor, First Baptist Church, Ysleta; Rev. Clyde Childers, pastor, Riverside Baptist Church, San Antonio; Rev. Vernon Shaw, field secretary for Texas Baptist Children's Home, Round Rock; and Rev. Charles P. Pitts, pastor, First Baptist Church, Cleburne.

Even While Serving - in Hagerstown

The Washington County sheriff's office at Hagerstown, Md., reports that some prisoners are able to earn up to \$100 a month—but it's all perfectly legal.

"Fall runners" are permitted to operate concessions selling candy, cigarettes and knick-knacks to other prisoners. One prisoner, rearrested after completing a long term, was asked by the magistrate if he could pay a \$10 fine.

He replied that he sure could pocket a \$10 bill off a wad of money and walked out free.
