

Eastland Telegram

AND WEEKLY CHRONICLE

VOLUME TWENTY-FOUR

No. 134

EASTLAND, TEXAS, FRIDAY, APRIL 24, 1953

PRICE FIVE CENTS

AROUND THE SQUARE
A few weeks ago we mentioned the fact that Eastland should organize a Community Chest, and the more we consider the chest, the more we feel it is a good plan.

Why should we spend days, weeks and even months, each year working on a multitude of "drives for funds" when it is not necessary? We merely duplicate and triplicate our efforts, and many times men are called away from their regular work to serve on these drive committees.

They have no desire to offend, and as a rule go right on and serve. Yet they know that with a Community Chest one drive each year would suffice. For this reason they approve of this organization. It saves time, money and effort.

Since our first editorial, some time ago, many of our readers have voiced their opinions to us, and at least four out of five seem to favor the chest. There is a little opposition, but to save us we can't imagine why anyone should object.

All our charitable organizations will be protected. This would include the Red Cross, Salvation Army, March of Dimes for Infantile Paralysis, Warm Spring Foundation and others. The only difference is that all the money would be subscribed at one time, thereby saving valuable time. A man would serve on one committee, and his work would be completed for the year.

It would rid our streets of transient solicitors, though any worthy cause would be cared for. It simplifies matters, and puts all soliciting on a business basis. It will eliminate overlapping duties and make it more pleasant for all concerned.

With a Community Chest there would be no cause for people to suspect off brand tactics or graft. This would be reduced to a minimum. So far Eastland's skirts are clean in this matter, but a Community Chest would go toward keeping them in that condition.

Instead of having a dozen little private drives and funds, why not have one big drive and one big fund?

Each organization will set its own quota, and so far as it is possible this amount will be granted.

Eastland is the only town in the county, of any size, without a chest. Ranger people adopted a chest plan years ago, and most of them feel it was a step forward, and would not go back to the old hit or miss plan for any consideration. The same may be said with reference to Cisco. Citizens there adopted the plan and it is working in a very pleasing manner.

Eastland may have a chest if the people in Eastland want it. The Telegram is in connection with an individual in Dallas, who will come to this city, at any time, and help perfect the organization. His services will be free.

Eastland has a lot to gain and nothing to lose if we give this matter serious consideration. It is nothing new, but has been used in numerous Texas cities and in many other states.

The most noticeable thing is that once a city adopts the Community Chest plan, it never goes back to the old plan.

It shows progressiveness. It indicates a proper spirit, and puts the city on record as being alert to their duties, even when it involves cash for necessary charities. Let Eastland go forward.

Cards and letters, voicing your opinion, will be appreciated by this writer. What do you say? Write "Mac, Box 29" care of the Telegram.

Country Doctor Problem Grows

Rural areas have a rapidly growing "country doctor" problem, according to a recent survey by the University of Missouri's agriculture college.

Missouri has suffered a net loss of 1,000 doctors since 1912, while the state's population has increased by 600,000, the survey showed.

As many as 37 Missouri counties have more than 2,000 persons per physician, and almost half of these counties have more than 3,000 persons per doctor. One out of every two rural doctors in Missouri is past 65.

Rural locations will have to be made more attractive, with comfortable homes, well-equipped offices, and good schools if they are to draw a fresh supply of young doctors, it was concluded.

Annual Spring Legion Meeting This Weekend

Members of the American Legion of the 17th Congressional District — including many delegates from Eastland County vets' posts — will hold their annual spring convention at Stamford Saturday and Sunday.

District Commander John C. Thompson of Mineral Wells will preside. Eugene "Stonewall" Jackson of Cisco, commander of the fifth division, will attend.

A get-together will be held Saturday afternoon and a dance at the Legion Post is scheduled that night. A memorial service will be held at the post at 10:30 Sunday morning, after which the visitors will attend church services. Barbecue will be served at noon at the rodeo grounds.

A business session will be held in the afternoon.

THAT'S THE SPOT—Mr. Thomas Wadill points out the spot in Korea to daughter Kitty and Mrs. Wadill at their home in Ft. Worth where their son Marine hospital corpsman Thomas Hood Wadill, left, was released by Reds during latest exchange of POW's. Wadill was listed as missing March 26 after a heavy battle on Reno Outpost and his parents had lost hopes he was alive.

Oil Patch Reports

3 New Tests Are Announced

Five Collegians Arrested, Fined For Shoplifting

Five youths—two of them 18 years of age and three 19—were arrested and fined for shoplifting in Eastland Thursday.

The young men, all students of Cisco Junior College, visited a number of Eastland stores and "lifted" considerable quantities of merchandise during their brief activity in the realm of petty crime.

Eastland officers were tipped by a sales clerk at the J. C. Penney Co. department store and both city police and members of the Eastland County Sheriff's office participated in the investigation.

The youths took merchandise from Penney's, the Men's Shop, Davis Drug Co., Hanna Hardware, Carl Johnson, and Burr's Department Store. Included in the loot were clothing, belts, playing cards, six-shooter holsters, and other items.

One of the youths ordered new seat covers installed in his automobile. The stolen goods were discovered in the vehicle.

Four of the culprits were picked up at the Tip Top Cafe and the fifth was arrested at the car.

All five were turned over to Eastland city police officers.

Each was assessed a fine of \$50 and the group was turned over to officials of Cisco Junior College.

57 Towns And Counties Listed In Mexico Ban

Eastland County remains on a blacklist of 57 Texas towns and counties barred from importing Mexican farm hands, according to a statement by the Mexican consul in Dallas Thursday.

Consul Ignacio A. Pesqueira said the list gradually is getting smaller through the operation of the migrant labor agreement between Mexico and the United States.

Localities were placed on the list, he said, if there have been instances of discrimination against imported Mexican workers.

Pesqueira's blacklist included these towns and counties:

Bee, Bexar, Bosque, Brazoria, Burleson, Burnet, Calhoun, Cass, Clay, Colorado, Comal, Crane, Dallas, Denton, DeWitt, Eastland, Ector, Erath, Fayette, Fisher, Fort Bend, Freestone, Friendswood (Galveston County), Gillespie, Gonzales, Grandfalls (Ward County), Jefferson, Kent, Kingsville (Kleberg County), Lampasas, Marion, Matagorda, Maverick, McCamey, (Upton County), Milam, Moulton (Lavaca County), Orange, Port Lavaca (Calhoun County), Real, Red River, Refugio, Rockwall, Schleicher, Seguin (Guadalupe County), Sterling, Tarrant, Terrell, Three Rivers, (Live Oak County), Upton, Val Verde, Victoria, Ward, Wharton, West, Williamson, Winkler and Young.

Oilers Will Be Given Training

While the Eastland Oilers have been dormant for several days, they are not dead, stated Henry Able, manager today.

Mr. Able also announced that there will be two work-outs each week in the future. The first will be on Tuesday and the second on Thursday of each week at 5 o'clock in the afternoon. Each Sunday the boys are to meet at 2:30 for practice.

Right now the team is in need of a couple of pitchers, and if you feel you can fill the bill, go down and volunteer. They really need you at this time.

Bottle Lands Super-Tourist In County Jail

A man who admits that he has not worked more than two days since 1919, is now taking the rest cure in the Eastland county bastille. He landed in Eastland early this week, and was doing very well until he made connections with a bottle. After that he became an easy prey for confiding officers who hailed him into court on a charge of "drunk in a public place."

Of course he had no money, but during his hearing he told the judge and officers practically nothing. He admitted that he uses a new name in each city, that he has not worked since 1919, and has never had a Social Security card. He has visited many of the best jails in the country, and indicates that "service" in most instances was good.

He will spend the next fortnight in the guest room of Elton Reeves' county jail.

GRAND OLE OPRY WILL MAKE FIRST APPEARANCE SATURDAY

Eastland's "Grand Ole Opry" will make its first appearance at the high school auditorium Saturday night at 8 o'clock, and you are invited to be present.

This show, presented by talent from Eastland, Cisco and Ranger, as well as some out-of-county cities, will be a two hour variety show of good, clean, dignified entertainment. This is the show where even the audience has a part.

There will be orchestra music, string bands, gospel quartets, western, popular and hillbilly singing. Everybody will like some of the program and somebody will like all of it.

The proceeds will be used for the Pythian Home in Weatherford and Eastland has six children in that home.

Advance tickets are being sold by Knights and Sisters. Get your ticket early and be assured a good seat.

New Version Of Bible Under Fire At Waco Friday

Announcement of a public meeting in Waco Hall on Baylor University campus, Waco, to protest the New Revised Standard Version of the Bible, which attacks Christ's virgin birth and deity for Friday night, April 24, at 8 o'clock was made here today.

This is not a fanatical meeting, sponsors point out, but a sane, scholarly protest against the RSV Bible and the liberal bias of the translators some of whom are members of Communist fronts and had been investigated for Red front activities.

Dr. L. C. Peak, pastor Central Baptist Church, Dallas, is the speaker for the statewide meeting, and the general public is cordially invited to attend.

Andrews County Is Rated Fastest Grower In State

Andrews County was the fastest growing county in Texas between 1940-50, the Census Bureau reported through its regional office in Dallas.

At the other extreme, the county with the greatest percentage decline in population was relatively small Rains County, located in Northeast Texas.

Andrews County, population of 5,002, and located on the South High Plains, bordering New Mexico, climbed from a 1940 figure of 1277 for a 291.7 per cent increase.

Rains County had a population of 7334 in 1940, but 10 years later only 4266, a 41.8 per cent drop.

J. F. Whitefield Rites Are Set For Saturday

Funeral services for John Frederick Whitefield, 64-year-old long-time resident of Ranger who died at his home on U. S. Highway 80 east of Ranger Thursday morning, will be held at the Killingsworth Funeral Home Chapel Saturday afternoon at 2 o'clock.

Rev. Garland Lavender, pastor of the First Methodist church, Ranger, will officiate during the final rites for the 64-year-old resident who came to Ranger during the oil boom era back in 1919.

Interment will be in the Lingleville Cemetery at Lingleville. Pallbearers at the funeral will be E. P. Robinson, Monroe Blackwell, Dick Vann, R. D. Jones, Tom Williams and J. J. Eschberger.

Mr. Whitefield, who had been employed as a truck driver by the Lone Star Gas Co. for 28 years, was born in Erath County on Nov. 17, 1888. He was united in marriage with Miss Freddie Greer of Lingleville on Jan. 1, 1914 at Lingleville.

Prior to his passing Thursday morning, Mr. Whitefield had been in failing health since having suffered a serious heart attack several months ago.

Survivors include the widow of Ranger; two sons, Charles David Whitefield of Ranger and J. F. Whitefield of Pagosa Springs, Colo.; one step-son, J. E. Wharton of Midland; one brother, Porter Whitefield of Lingleville; five sisters, Mrs. Herdricks Wade of Kermit, Mrs. Charlie Williamson of Lingleville, Mrs. Fred Shelton of Lingleville, Mrs. Fannie Glass of Gainesville, and Mrs. Lovie Wells of Stephenville; and seven grandchildren.

NO GUNS ALLOWED

GETTYSBURG, Pa. — Part of the famed Civil War battlefield here was closed to the public for the duration of the deer-hunting season because hunters were "scaring" deer from park areas onto private land nearby where other hunters were waiting. Park regulations forbid anyone to have a weapon in his possession within the limits of the battlefield.

In 500 hours of flying on 47 simulated missions, one jet bomber recently covered mileage equivalent to nearly nine times around the world.

47 Turned Down Thursday—

Selection of a jury to hear the bizarre homicide case began Monday.

And this morning as court convened in Dallas four more veniremen were yet to be selected.

Two jurors were agreed upon by District Attorney Henry Wade and Harvey Lindsay, defense counsel, Monday, three were chosen Tuesday, three more were selected Wednesday, but during yesterday's all-day venire examinations not a single juror was added to the incomplete panel.

The prosecution and defense examined 47 prospective jurors Thursday.

There have been an unusually large number of prospective members of the murder case panel who have told examining attorneys that they could not vote for the death penalty.

Others said they could not convict a man of murder on circumstantial evidence.

And there were several prospective veniremen who asserted that they didn't believe in the suspended sentence law.

District Attorney Wade has announced that the state's case against the 24-year-old ex-bus driver, arrested in Fort Worth two weeks after the brutal slaying of Campbell, is based wholly on circumstantial evidence and testimony.

The defense counsel has applied for a suspended sentence. Lindsay

Boat Borer

LOCKWOOD'S FOLLY, N. C. — The name of this coastal community and the inlet it borders originated from a man named Lockwood and a boat he built more than 100 years ago. After the boat was built, he found it was too large to get out through the shoals at the mouth of the inlet.

Quarterbacks' Minstrels Get Great Ovation

With every seat taken, and many people standing in aisles, the Quarterback Minstrels were greeted with a "jammed house" for their first performance Thursday evening.

The Country Store proved to be a "money getter" and would be open at this time only for the fact they ran out of merchandise.

Everything went off as had been planned, and members of the cast "strutted their stuff" all during the evening. Those who were present have only the highest of praise.

A second performance will be given this evening, with curtains going up at 8:00 o'clock. Those who failed to see the first show may see it tonight. Admission charges are 75c for adults and 25c for children, with all profits going to the Quarterback Club's High School Fund. This would indicate you spend nothing—just donate to the high school kiddies.

Plan to be present when the curtain goes up at 8:00 p.m. this evening.

32,000 Will Be Called In June Army Draft

The Army has called for 32,000 draftees in June, 21,000 less than the draft quotas assigned for each of the last four months.

The June quota will bring to 1,446,430 the total number drafted or earmarked for induction since Selective Service was resumed in September, 1950.

The draft quota in January of this year was 48,000, and was set at 53,000 for each month through May.

The Defense Department has previously explained that the increased draft calls during the first part of this year was necessary to fill Army ranks that are being depleted by service completions of men drafted in the early part of the Korean conflict.

SOIL CONSERVATION WEEK DESIGNATED BY GOVERNOR

Supervisors for the Upper Leon district will meet in DeLeon at 2 o'clock this afternoon, according to Emmett Powell of the Eastland P.M.A. office. Several important questions are to be discussed, and one relates to the Governor's Proclamation designating May 10-17 as Soil Conservation Week.

People are beginning to appreciate the soil conservation programs and much constructive work has been done in Eastland and adjoining counties. Last year the Eastland group made it possible for 167 ponds to be constructed in this county alone. These ponds, many of them now filled with

water, will prove beneficial in many ways.

They will help to eliminate soil erosion, thereby saving good agricultural land that would have otherwise been completely destroyed within a very few years. Then they increase the water supply, and make possible the irrigation of small tracts and gardens.

Several people from Eastland County plan to attend the meeting.

Texas Polio Is Below '52 Mark

Texas reported a total of only 78 cases of polio for 1953 compared with 298 cases for the same period in 1952.

Although Texas shows only 26 per cent as many attacks as of now, infantile paralysis is running higher than this time last year throughout the rest of the United States.

According to a report released by the National Foundation for Infantile Paralysis, there are 1,593 cases in the United States as compared with 1,820 cases as of April 1952.

Brown Jury Is Yet Incomplete

The trial of Donald Hawkins Brown, charged with the brutal New Year's Eve gun-torch slaying of Joe Campbell, 25-year-old Dallasite and ex-resident of Ranger, probably won't get underway before Monday—or perhaps even Tuesday—of next week in Judge Henry King's Criminal District Court.

Selection of a jury to hear the bizarre homicide case began Monday.

And this morning as court convened in Dallas four more veniremen were yet to be selected.

Two jurors were agreed upon by District Attorney Henry Wade and Harvey Lindsay, defense counsel, Monday, three were chosen Tuesday, three more were selected Wednesday, but during yesterday's all-day venire examinations not a single juror was added to the incomplete panel.

The prosecution and defense examined 47 prospective jurors Thursday.

There have been an unusually large number of prospective members of the murder case panel who have told examining attorneys that they could not vote for the death penalty.

Others said they could not convict a man of murder on circumstantial evidence.

And there were several prospective veniremen who asserted that they didn't believe in the suspended sentence law.

District Attorney Wade has announced that the state's case against the 24-year-old ex-bus driver, arrested in Fort Worth two weeks after the brutal slaying of Campbell, is based wholly on circumstantial evidence and testimony.

The defense counsel has applied for a suspended sentence. Lindsay

BREAKS DOWN—Pfc. John A. Bloch of Detroit, Mich., is helped to his feet after breaking down during an interview with a chaplain at Freedom Village following his release from Red POW camp. Bloch suddenly broke into tears and said: "I'm sorry, fellows, but I can't help it."

RECEIPT EXCHANGE

If you have a favorite receipt, that you would share with fellow readers of the Telegram, join in the Share Your Receipt game and send it in to be printed.

Mrs. Mary Hancock carried this pie to the Home Makers Class party and everyone there wanted it. Those are the kind of receipts that are wanted for this column.

Or if there is a special receipt that you would like to have, ask for it through this column.

- LEMON CHESS PIE
- 2 Cups of Sugar
 - 1 Table Spoon Flour
 - 1 Table Spoon Meal
 - 4 Eggs

- 1/2 pound of Margerine (Melted)
- 1/4 Cup Sweet Milk
- 1 lemon grated and juice.
- Toss in mixing bowl, sugar, flour and meal. Add eggs, beat well. Then add melted margerine, milk and grated rind and juice of 1 lemon.
- Bake in uncooked pie shell (slow) 375 degrees about 35 or 45 minutes.

Plan Develop Low-Grade Ore

LANSING, Mich. — The possibility of developing vast deposits of low-grade iron ore in Michigan's upper peninsula is being investigated by state geologists.

If a practical development of the low-grade iron can be evolved, it would mean a vast new source of iron for the nation's steel industry. Geologists say large deposits of this ore lie in a 40-mile stretch between Marquette and Nestoria.

One plant is already in operation in the low-grade area and two others are planned.

One way geologists have found to eliminate part of the extra cost

Murder she yelled

By Joseph Shollitt

THE STORY: Al Kemmer, owner of High Hill Lodge, moved a murdered man's body to protect the reputation of his vacation resort. Then someone blackmailed Al, who demanded and he can't raise the real. However, Al and his athletic director, Dan Morrison, are prevented from doing so when they meet Sergeant Healey of the state police at the rendezvous with the blackmailer. Early the next morning, Chris Wisner, odd-job man at the resort, awakens Morrison and leads him to the room where Al and Eddie Fields, an entertainer, have been attacked with an ax. Al dies at the hospital, but Eddie survives with a concussion. Eddie says a man attacked them in the office and afterwards he heard a car drive away. Dan now has returned to the lodge with Sergeant Healey.

HEALEY introduced the newcomer to me: Corporal Dillon, criminal identification expert, from the State Police squadron headquarters at Wyoming. Pa. Dillon, a dark stocky man with professional silver-rimmed specs, immediately started setting up a tripod camera at the office door.

Healey took me out to the mail cage to get out of the way. We sat down on the counter. There was only a dim light there. It was almost peaceful, for the moment.

"Well, come on, give me something. Who was sore at these guys?"

Who was sore at these guys? It was no secret that Roslyn was sore at Al for underpaying Eddie. And Kitty Lane undoubtedly was burned up at Al's sudden interest in Midge Burnett—maybe he'd even dropped Kitty a hint of what he'd told me, that he was trying to palm her off on somebody.

The fact that Eddie had believed the attacker was a man didn't rule the girls out; he said he didn't see the killer. But I was inclined to rule the girls out anyway; even if they'd wanted to bash Al, why would they have slugged Eddie, too?

There was another name I couldn't rule out so easily. "G. O.

of the low-grade ore is to grind the rock and sift it before shipping. In this way, they are able to ship rock with about 50 to 55 per cent ore content—the same content as that taken from the high-grade deposits around the western end of Lake Superior.

Deposits of the low-grade ore in Michigan have been estimated as enough to produce 725,000,000 tons of blast furnace concentrates. During recent years, the total Great Lakes production of ore has been about 96,000,000 tons annually.

LOUISVILLE — It was the sweetest accident this side of Guy Lombardo. The truck that hit a telephone pole near here had 100 pounds of honey aboard—before the crash.

Nobody seemed to mind being investigated at 5 o'clock in the morning. The guests all seemed to think this was the most exciting thing they'd been in since V-J Day on Times Square.

Word got around what we were looking for. We began to find more and more wet things—shorts, blouses, swim suits. Troopers began to hurt girls' feelings by not accepting every damp offering.

Leo Ritchie wasn't home. I questioned the men in the adjoining rooms. They said the last they'd seen him was at the maintenance building while we were carrying Al and Eddie out. I'd noticed him there myself; he'd been something of a help, too, keeping the people from crowding.

In No. 10, the last cottage, I got a real jolt. Midge Burnett wasn't there. Midge Burnett and Leo Ritchie. Who told them they could play silly tricks like this?

I walked back toward the office. I was still burned up at those two absentees. They didn't have any business wandering around at 5 in the morning.

Ahead of me was Harmony House, which, it struck me suddenly, the troopers had neglected to inspect. Past it was Al Kemmer's bungalow.

In a moment I was on the steps of Al's place. I put my ear to the door. I didn't hear anything. A thin line of light from a shaded side window lay on the grass. I turned the knob slowly and pushed. I waited.

Whispers. I stepped into the dark living room. Small kitchen was next. I knew. Then bedroom, bathroom. I walked forward blindly.

I moved into the kitchen, hands out in front of me. Oof! my knee got it. I reached out—a chair. I moved it. Had it been put there deliberately?

There was movement in the bedroom. Whispers. I reached for the doorknob. The light went out—the door yanked away from me.

Something blasted my jaw—I was down flat on my back. Just that fast.

(To Be Continued)

Driver Training Reducing Wrecks

Driver training has reduced traffic accidents one-half in the 16-25 year-old group, Dr. C. J. Alderson of the University of Texas as faculty declares.

Dr. Anderson will teach an annual short course in driver education May 25-29 for Texas junior and senior high school teachers. Enrollment is limited to 50.

Cooperating organizations are the American Automobile Association, State Department of Public Safety, Texas Automotive Dealers Association, Texas Congress of Parents and Teachers, Texas Education Agency, Texas Highway Department and Texas Safety Association.

Registration blanks may be obtained from the Division of Extension, University of Texas, Austin 12.

HELP WANTED: Experienced waitress. Connellee Coffee Shop.

Deep-sea fishing may supply increasing quantities of food as the world population increases, researchers say. A recent experimental voyage showed prolific supplies of redfish 300 fathoms down at a point southeast of Halifax, N. S., and lobsters in abundance 90 fathoms down about 90 miles southeast of Martha's Vineyard.

Skyway to Highway Speeds Deliveries

The Flying Tigers, famed for their exploits in the Chinese-Japanese War, are making history again. This time it is on a peacetime basis. World-wide air freight handled by the Flying Tiger Line, Inc., is delivered to or picked up from Wallace Transport, Ltd., highway haulers based at Port Colborne, Ontario. This company has a fleet of new Fruehauf Road-Star trailers which incorporates many features of aluminum airplane construction. This combination of modern air and highway equipment permits fast transfer of freight carried from Ontario points over the highway to the customs offices in Port Erie, Ontario and Buffalo, New York and thence to all points in the world. Deliveries which formerly took many months now take only three to five days. Shown in the illustration is the latest aluminum Fruehauf trailer transferring a shipment to the Flying Tiger plane. The inset shows mechanical loader placing important cargo aboard the plane.

Trends of Living and How They Have Changed Studied By Club

The program for Las Leales Club Monday evening portrayed the trends in living now and in contrast with 50 years ago, when the 400 and their followers flocked to the different fashionable resorts.

Mrs. D. E. Frazer described this set in her talk entitled, "The Swimming Pool Set," and in contrast to the type was Mrs. W. E. Brasher's article on "Trailer Living", which has become so popular since World War II. Both

speakers were introduced by Mrs. Homer Smith, hostess.

Roll call was answered with a description of each member's dream house.

Mrs. H. L. Hassell, president, presided and heard the reading of several letters from guests at the recent homecoming tea. She also welcomed Mmes. E. E. McAllister and Clyde Horner, new members.

Announcement was made of the next meeting which will be the "Fun Fest", and the committee composed of Mmes. H. C. Westfall, Horace Horton, Wendell Siebert, Edress Gattis, McAllister, and Horner, announced their plans for the group to go May 4th to Roxie's Chicken Shack for dinner.

Present were Mmes. Brasher, Wayne Cason, Frazer, B. F. Hanna, H. L. Hassell, Horace Horton, L. E. Huckabay, Rudolph Little, Smith, Thura Taylor, Westfall, J. C. Whitley, Gattis, McAllister, Horner, Misses Verna Johnson, Jessie Lee Ligon and Eunice Nell.

Mr. F. R. Higginbotham Is Guest Speaker At EMH Auxiliary Meet

F. R. Higginbotham of Abilene told members of the Eastland Memorial hospital auxiliary that Eastland's fame was known far and wide, since the building of Eastland's hospital by volunteer labor. His informative talk contained examples of the great help the auxiliary can be to the hospital in public relations. He also told that people are becoming more alert about their hospital insurance than ever before, and laid the cause to the high cost of living.

The auxiliary, which was organized last January, met Wednesday at the city hall. Mrs. James Horton, president presided.

Mrs. W. E. Brasher reported the recent registration for the walking blood bank to have been a success, and because of the short

hours, many who came were unable to be typed. A date will be set soon for a future drive, she said. She also thanked the hospital staff and the Red Cross for their cooperation.

Mrs. H. B. MacMoy reported that 69 articles had been completed and delivered to the hospital by the sewing committee.

Mmes. Frank Castleberry, Millie Brittain, and Charles Kelley were named as a magazine committee to furnish reading material for the hospital.

Announcement was made that the hospital has been near full capacity for the past few months, and many supplies are needed. The one dollar per month assessment on the water meters is also still needed, it was said.

The money from the sale of the hooked rug was used to buy scales for the hospital.

Time for the annual hospital anniversary tea was set for Sunday, June 7th, during the hours 3 till 5 p.m.

Mmes. L. J. Lambert and Charles Kelley were welcomed into the organization.

Others present not listed above were Mmes. T. M. Fullen, Bill Walters, Jr., Farkis Poe, Pearson Grimes, I. C. Heck, Bill Page, W. E. Bourland, S. L. Bourland, Grace R. Reed, Joseph M. Perkins, Walter Chaney, John Turner, Arthur Murrell and Earl Conner.

Mrs. Upchurch Honors Sister At Coffee

Mrs. Howard Upchurch entertained members of the Stitch and Chatter Club with a coffee Thursday morning in honor of her sister, Mrs. Tom Earnest of Vera, who is her house guest at this time.

The refreshment table was laid with a lace cloth over blue, underlay, and decorated with an arrangement of red roses.

Announcement was made of the regular meeting of the group, April 29th, in the home of Mrs. H. L. Sheppard, 1201 1/2 South Seaman.

Present were Mmes. Sam Herring, Burl Lee, Gene Haynes, Curtis Koen, L. W. Dalton, J. C. Poe, A. K. Garrett and Guy Robinson.

Junior High Pupils Make Tour Saturday

About 50 graduates of Junior High School will gather Saturday at 6:30 a.m. on school hill for an educational tour.

The first stop will be at the Chandor Gardens at Weatherford. In Fort Worth the group will visit the Public Library and the Art Gallery, where Mrs. Bousman, secretary of the Art Center, will greet them. They will visit the Children's Museum, where Mr. Carlson will demonstrate the planetarium. Mrs. Webb will conduct them through the museum.

Climaxing the tour will be a picnic lunch at Forest Park, a visit through the zoo, a ride on the concessions and finally a tour

Co-Ed Club Plans Tea Honoring 8th Grade Girls

The members of the Co-Ed Club met Wednesday afternoon in the home of Miss Dolores Warden, 1207 South Seaman Street.

During the business meeting, presided over by the vice-president, Miss Bettie Robinson, plans were made for a semi-formal tea of the Botanic Gardens.

Mrs. Joe Stephen planned the trip, the third one of this nature, and mothers accompanying are Mmes. Neil Day, Frank Hightower, Dalton, W. B. Barrow, A. J. Blevins, J. C. Jarrett Jr., and Frank Stoker.

Wayne Brock also a junior high teacher, will drive the bus taking the pupils, teachers and mothers.

to be given next Wednesday afternoon from four to six at Miss Mable Grimes, 709 South Seaman, in honor of the eighth grade girls.

Tentative plans were also discussed for a coke party to be held in the near future. The treasurer, Miss Grimes, made a report, and the historian, Miss Warden, discussed plans for the club scrapbook.

After the business meeting, a social period was held and refreshments of open-faced sandwiches, fritos, cookies, and grape punch with strawberry ice cubes were served to the girls on pastel with a dainty little "April shower" parol favor.

Members present were Misses Pettie Robinson, Sallie Cooper, Jana Weaver, Mable Grimes, Pat-sy Simpson, and the hostess, Miss Warden.

Highest-powered ENGINE in the low-price field

plus all these other buyer benefits that only the New Chevrolet offers you!

Entirely new Styling

Strikingly new—with longer, lower lines that set a new standard of beauty for low-priced cars. Roomier, richer interiors, too.

Entirely new Powerglide*

Faster acceleration from a standing start with new automatic starting range... new power to pass in city traffic with new automatic passing range.

Entirely new Economy

The most important gain in economy in Chevrolet's history! Two great engines now offer even more economy than you have enjoyed with Chevrolet in the past.

Entirely new Safety

New one-piece curved windshield for greater visibility. New, sturdier construction. New, easier brake action and new Foot-Form brake pedal.

Entirely new Durability

Chevrolet's new Body by Fisher is strengthened throughout. New heavier door-posts and sills. New bracing in roof and framing.

Entirely new Power Steering*

Exclusive to Chevrolet in the low-price field! It permits you to park with finger-tip ease. You turn the wheel and the power unit does the work.

Pictured above, you see the great new 115-h.p. "Blue-Flame" engine—one of the most important advances in engine design in many and many a year.

New high compression! The 7.5 to 1 compression ratio is among the highest in the industry. Free-breathing carburetion, new aluminum pistons and many other features also play an important role in making this the most powerful engine in its field!

Yet, both the "Blue-Flame" engine (teamed with

the new Powerglide automatic transmission*) and the advanced "Thrifty-King" engine (in gearshift models) offer a wonderful gain in economy, too.

Why not come in and take the wheel on a demonstration drive? Why not make it soon?

*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models only. Power Steering available on all models. (Continuation of standard equipment and trim illustrated is dependent on availability of material.)

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

Lowest-priced line in its field!
