EASTLAND, TEXAS, WEDNESDAY, JUNE 10, 1953

PRICE FIVE CENTS

AROUND THE SQUARE

with MAC

While the resignation of City Manager I. C. Heck has not been officially accepted by the City Commission, it most likely will be at an early date, it was stated authoritatively today.

The next thing will be to find a new manager and several men from other cities are feeling out the pulse of the town this week. The office of city manager is one that can not be filled by every Tom, Dick and Harry who may come along. It is a profession all within itself, and must be so considered.

We had hoped, and still hope, that it may be possible for a local citizen to be chosen for this important position. We do not have a large group to choose from, though we do have two or three men in the city who could fill the post if chosen, and they desired to assume the duties of this responsible post.

At any rate our city is in pretty fair condition at this time, and we have a great desire to keep it so.

Just at this time there is armistice in the making. Our president and national leaders seem to be encouraged, and at least the one great barrier has been removed, and in our favor. Of course there are many details to be worked out, but if they are finally adjusted our boys will not be forced to spend another cold winter in Korea.

Opposing factions met Monday night for 12 minutes and then adjourned to meet again today, or 24 hours after the 12-minute session.

President Synnman Rhee, of South Korea, together with his associates, have declared that South Korea will pay no attention to the truce, and have informed the world that nothing short of Korean unification will meet with their approval. This, we feel sure, is a bad policy on the part of South Korea. They need the UN and the American people, and can not hope to win alone.

The United States has spent multiplied billions of dollars in Korea, and some 125,000 American boys have fallen over there. And while we appreciate ideals, we are not sure we haven't paid enough in blood and dollars for "foreign ideals." At least we should not be censured for caring for our own.

Newspapers and broadcasting systems tell us every day about crime and disasters. Tornadoes have been lashing our cities in various states, with death and destruction following in their wake. Yet there is nothing we can do to prevent this. Of course storm cellars offer protection and we can provide for these, yet property can not be protected against such.

Two young Cisco girls were drowned Monday, and papers today state that 70 people lost their lives in Monday's tornado which swept through Ohio and Michigan.

All of us know the results of the storms which swept San Angelo and Waco.

Every day we hear of car wrecks, collision and death. There are fatal shootings, murders by the wholesale, and yet some of this might be prevented. Speeders, reckless drivers and carelessness are responsible for snuffing out lives every day. The world is nervous. Everybody wants to go and go rapidly, whether they have reason to go or not. Fact is most of the going is unnecessary, and when goes get to their destinations they find themselves ready to turn around and retrace their tracks. Just nervous—jittery.

War may be responsible for some of this, but regardless of what the cause may be, if we are to live and prosper we must settle down, take life quietly and seriously, and quit acting like the proverbial dog who has an ignited bunch of fire crackers tied to his tail.

We are getting so jittery that we stand around trembling when we are not on the go.

If we would be just a little more patient life's problems might not be so severe.

Then there is the man who is in need of a hospital bed. He can take his wife home from the hospital, if this may be found. If you have such a thing in your home, and are not using it, call 601, the Daily Telegram, and let us know what you have. Might mean a lot to the family in question, and they live right here in Eastland.

Truck Driving Tuesday Topic For Lions Club

Everett Plowman had the program at the Lions Club Tuesday, but like most other members, he brought along his pinch-hitter, Dizzy Dean of Cisco.

Following the noon-day luncheon the club held a short business session. Boy Scout Camp and other matters of business were taken up during the business hour. Announcement was made that the Lions and Rotarians will have a joint meeting on Tuesday, June 23, at which time Mrs. Marietta Hall, field superintendent of the Girls Ranch, will deliver an address.

The meeting will be held in the Methodist church basement.

Mr. Dean brought along a splendid film, depicting the activities of truck drivers, which provided educational as well as entertaining. Among other things it was shown that for a locomotive engineer to qualify for his job, many years of experience must come in his back ground.

Just because a man takes one voyage to Europe does not qualify him for a steamship captain, but in the past most anybody could qualify for a truck driving job in the matter of a few hours.

This has been and is being changed. Today employers want sober men and thinking men to handle their trucks. Men are educated for the work and are given special training. Some of them become very efficient.

The program, as a whole, was good.

Ex-Students Of Hankins' Normal Elect Officers

Earl Bender was elected president of Hankins Normal College Ex-Students' Association and Sallie Blackwell Bishop was chosen secretary at the close of an all-day meeting in the new high school auditorium at Gorman Sunday.

Pen Grant, County Clerk at Breckenridge, Stephens County, was elected vice president.

The association was formed in 1933 and holds annual meetings in Gorman where the college was located many years ago.

One hundred and thirty-five students registered, some from other states.

Clyde L. Garrett of Waco, formerly of Eastland, made the memorial address. Eleven have died since the meeting a year ago.

Others attending from Eastland were Mr. and Mrs. Ed Layton, Oscar Lylella and Hershell Harbin.

22,418 Chopped Off Government Payroll In April

A net cut of 22,418 in civilian employees of the Defense Department during April was reported by Senator Byrd, chairman of the joint committee on reduction of non-essential federal expenditures in Washington.

Byrd reported a net decline in civilian employment in all branches of the government of 24,029, which he said was the largest single-month drop since the Korean War began in mid-1950.

Besides the Defense Department, these other departments cut their payroll during the month: Commerce, State, Treasury and Welfare.

The net decrease, Byrd said, left the number of government workers at 2,502,790.

Byrd reported "substantial increases" in employment in a score of agencies, including Agriculture and Interior, the Tennessee Valley Authority and the Veterans Administration.

Williams Chosen Seminary Head

Dr. J. Howard Williams, executive secretary of the Baptist General Convention of Texas since 1946, has accepted the presidency of Southwestern Baptist Theological Seminary, Fort Worth.

Dr. Williams, who previously served as executive secretary of the Convention from 1931 to 1936 will assume his duties as head of the world's largest theological school on August 1. The Seminary last year enrolled 2160 students.

Dr. Williams will succeed Dr. E. D. Head.

Foods High, Other Commodities Drop—

Prices Are Tumbling

Prices are slowly coming down. In fact, the prices of many important items in the fields of food, clothing and basic industrial materials are bucking the general trend toward lower levels.

Here's a brief recap of the present price situation—

Prices of most products and materials have slipped from their Korean War inflation peak. An important minority are firming up.

again or threatening to climb higher. The government's wholesale commodity price index still stands 10 per cent above its level when the war began almost three years ago.

Producers of items on which the price trend is upward apparently see nothing in the Korean truce prospects to halt this trend.

High fliers in foods are pork, lamb and rice. Short supplies and

good demand keep these foods well above their year ago prices. The wholesale food price index of Dun & Bradstreet has been rising again and is now two per cent higher than a year ago. The government's wholesale food price index, which is not as sensitive to price fluctuations as is Dun & Bradstreet's, is four per cent below a year ago. It has been stiffening and runs one per cent higher than in January.

Some of this firming in the wholesale markets hasn't shown up yet in the grocery stores where housewives can find many good bargains compared with a year ago.

Farmers find little to cheer about. Farm prices average 11 per cent under last year's level.

Wool prices have stiffened. The men's clothing industry says this price gain, and more importantly an increase in wages, will mean higher prices on men's suits this fall.

In basic materials, steel has been the leader in price rises this spring.

The oil industry has been grumbling about the static price of crude oil in the face of higher costs of discovery, drilling, transporting and refining. Ample supplies of oil, with some resulting cutbacks in production, have held crude prices steady so far. Leading crude company executives predict a boost in crude oil prices is but a matter of time.

Gasoline prices have gone up a little in some places. Attempts to raise gas prices have failed to stick in others. But the big season for gasoline consumption is now starting, and this should firm-up gas prices in most areas.

A long list of basic chemicals has seen price hikes in recent weeks.

Brighter for consumers is the long list of things selling now at prices below their pre-Korean War level.

Cattle prices are in this class. So are hides, tallow, some livestock feeds, and raw cotton. Zinc and natural rubber are among the industrial materials in this group.

NEW AUTO SAFETY BILL IS SIGNED BY GOV. SHIVERS

The new, simplified auto inspection law—expected to win the approval of disgruntled Eastland County and Texas motorists—will go into effect Aug. 27.

A bill to make auto safety inspection simpler and faster was signed into law Monday by Gov. Allan Shivers at Austin.

It can not go into effect before Aug. 27—90 days after final adjournment of the 53rd Legislature that trimmed the troublesome old law down to meet a storm of complaints from angry auto owners.

Citizens protested the old law was a pain in the neck. Officials called it a headache to enforce, and strict enforcement was abandoned about two years ago.

Department of Public Safety officials were not yet ready to say when they would begin enforcing the new, modified law.

It does not require the "little yellow sticker"—a safety certificate before the car owner can get his license plates, as the old law

did. It eliminates many of the items that have to be inspected at official stations, leaving just these:

The steering mechanism, brakes, lighting equipment, horns and fanning devices, mirrors, windshield wipers.

The inspection will have to come once a year within a period set by the Department of Public Safety. It will cost \$1 as before.

The governor signed another bill effective in 90 days, designed to speed up and simplify minor law suits. It provided for small claims courts to handle such matters with a minimum of red tape and expense.

Other bills signed by Shivers included those which:

Create a division of the Department of Public Welfare to distribute surplus commodities from the federal government to eligible state agencies.

To provide label requirements for seed and to set up inspection fees for seed.

Directors Meeting Place Changed

The directors meeting of the Eastland County Farm Bureau scheduled for the annex of the First Christian Church at 8 p.m., June 11th, has been changed to the courthouse, due to a conflicting meeting scheduled for the annex.

All members were invited to the meeting.

First Methodist Group Will Go To Georgetown

The Senior Assembly of the Central Texas Conference Methodist Youth Fellowship will meet on the campus of Southwestern University, Georgetown, Texas, June 22-27.

A number of youth from the local Methodist Church plan to attend. Rev. Thomas B. Granger of Georgetown, is dean of the assembly. Joe Copping of Cross Plains is the youth president.

23,000 Slated For Draft Call During August

The Defense Department issued a draft call for 23,000 men to be inducted into the armed forces during August.

The entire call will be assigned to the Army.

The call for August is the same as was asked for July. The Defense Department has called 32,000 men to be inducted in June.

The department announced that the Navy, Marine Corps and Air Force do not intend to place any calls with Selective Service for August.

Including August, the Defense Department has issued Selective Service calls totaling 1,492,430. Of these, 1,411,000 were for the Army and 81,430 for the Marines. Neither the Navy nor Air Force has taken draftees during the Korean war.

Meanwhile, Defense Secretary Charles E. Wilson declared that fathers will have to be drafted unless manpower demands for the armed services are cut down.

Wilson told a Senate military appropriations subcommittee that "We have been putting men into uniform faster than the males in our population turn 18½ years of age."

He presented figures showing that 1,000,000 men will have to be inducted annually under the present size of the armed services, while only 850,000 reach military age each year.

Chiropractors Are To Meet In Abilene, June 11

A large delegation of chiropractors from the Abilene - Sweetwater - Big Spring - San Angelo - Brownwood area are planning to attend the 28th annual convention of the Texas State Chiropractic Association in Beaumont June 11-14, it has been announced here.

The West Texas delegation will be led by Dr. J. C. Shipman, Abilene, Association president for the past two years, and Dr. Joe Busby, veteran Abilene chiropractor who is now secretary of the State Board of Chiropractic Examiners.

A number of district leaders are also expected to attend and participate in a luncheon for new and retiring district officers during the convention. Among them will be:

Drs. J. H. Chaney of Merkel, W. V. Olin of Brady, Richard Shipman of Sweetwater, R. L. Hobbs, G. O. Wood and Grady Wiggins of Abilene, Gertrude Robinson of Haskell, James H. Craig of Winters and Roy Capshaw of San Angelo.

Record Landing Made In Copter

An auto-rotation landing from nearly 16,000 feet, believed to be the record, was accomplished by Bell test pilot Elton J. Smith in Bell's XH-15 high-altitude copter, Aviation Week, McGraw-Hill publication, reports.

When engine trouble developed, Smith had to cut off power. He spiraled down in a 10 minute glide, then flared out for an easy landing at Bell's heliport near Fort Worth.

Little Items Of Local Interest

The T.E.L. Class of the First Baptist Church will not meet again until September 10, according to Mrs. J. L. Brashears, who was to have hosted the class meeting Thursday, which has been canceled.

Mrs. Gene Dulin and two sons of Phoenix, Ariz., are visiting in the home of her parents, Mr. and Mrs. Roy Stokes of the Leon Plant Village. The Dulin family were accompanied by Mrs. Charlie Young and two children, who are visiting here in the home of Mrs. C. W. Young and family.

Mrs. C. A. Waid, Ciscoan, Buried This Morning

Funeral services were held at the First Presbyterian Church in Breckenridge this morning at 10 o'clock for Mrs. C. A. Waid, 71-year-old Breckenridge resident who died Monday in a hospital in that city after an illness of two years.

Rev. Willis E. Piapp, pastor, officiated, and interment was in Breckenridge Cemetery.

Mrs. Waid and her husband were well-known tourist court operators in Breckenridge.

She was born April 21, 1882, at Toledo, Ohio, and lived in Kansas and Oklahoma before moving to Texas in 1926. Mr. Waid is a former independent oil operator in Kansas and Oklahoma.

He and his wife came to Breckenridge in 1938.

Survivors include the husband; one daughter, Mrs. Gladys Roe of Satins, Calif.; three sons, Doyle Waid of Breckenridge, Clyde and Marvin Waid of Los Angeles, Calif.; two brothers, Oliver and George Young of Toledo, Ohio; four grand children and three great grand children.

Relatives, Late Geo. White, Have Reunion in City

The family of the late George N. White met in Eastland Park at 11 a.m. Saturday, June 6th, for a family reunion. This was the first time all the family had been together in 46 years. Quite a time was spent in introducing cousins who had never met, and in learning who was who among friends.

All admitted that Father Time had left his mark on all of them.

At noon a basket lunch was served, followed by ice cream.

It so happened that the occasion fell upon the birthday of one of the youngest members, Buddy White.

Most of the afternoon was spent in making pictures and visiting. Two moving cameras were in action most all the time, and all expressed themselves as being joyful at re-meeting again.

Relatives present included Rev. and Mrs. E. E. Mason and three daughters of Abilene; Mrs. Pearl Phillips of Lubbock; Mrs. Joyce Wheelless of Tucson, Ariz.; Mrs. Hazel Hambright and L. E. Hambright of Southland, one granddaughter, Susan Wheelless.

Art White and two daughters, of Chandler, Ariz.; Mr. and Mrs. Frances Jameson and two granddaughters, Becky and Cheryl Jameson of Govee, Mrs. Alice Lindsey of Corpus Christi, Mrs. Abbie White and Mrs. Pearl Martin and granddaughter, Ellen Martin of Glendale, Calif.

Mrs. Stella Stirman of Abilene; Mr. and Mrs. Carl Daniels of Morton Valley, their son, Varge Daniel and wife of Van Nuys, Calif., a granddaughter, Donna Lynn Daniel of Fort Worth; Mr. and Mrs. Homer White and Buddy White, Mr. and Mrs. H. O. Hearn and daughter, Opal May of Morton Valley. Two other daughters, Mrs. Vida Reese and Mrs. Mary Heitschmidt, two granddaughters, Anna Gail Reese and Vivian Heitschmidt of Irving, Texas.

Friends present were Mrs. Ello Thurman and daughter, Bess Thurman of Carbon, Mrs. Dor Biggers and Ed Cox of Eastland Rev. Henry Cox and wife of Stephenville, Dr. Frank Cox and wife of Waco, Ed and Annie Allison of Carbon, and Mrs. Lulia Purton of Waco.

Jim Hellmark of Eastland, Tilden Collins of Clyde, Mrs. May Joiner of Gorman, Mrs. Susie Wharton of Carbon, Mrs. Clara Kuykendall, Mrs. Susie Hearn, Mrs. Millie Brittain, and Mrs. Beulah Robertson all of Eastland.

Methodists Attend Meet At Fort Worth

Members from the Eastland Methodist Church, and other Methodist churches in this county, are attending the Central Texas Conference in Fort Worth this week.

Rev. J. Morris Bailey and Mrs. Bailey left Monday via Waco, where they will leave the children with relatives until the conference adjourns, die on Sunday evening. Mr. and Mrs. Grady Pipkin are to attend as lay representatives from the local church.

Rev. Bailey has just completed a four year period as pastor of First Methodist church here, and will in all probability be transferred when the Bishop and his cabinet get together. However, the pastor has no idea what the future holds in store for him, or where he will be sent.

The reading of assignments by the Bishop will be during a Sunday afternoon session.

Scouts To Leave Monday—

Three Troops Due In Camp

Rev. J. E. Bagley

Young People To Conduct Services At First Baptist

The Young People will teach every class, conduct every departmental meeting, and lead in all the Training Unions during the regular services Sunday. Ben Greene has served as general chairman, and will direct the songs for the worship services. Don Roff is Sunday School Superintendent and Lou McFatter is Training Union Director.

Rev. J. B. Bagley of Hendricks Memorial Hospital in Abilene will preach Sunday morning at the First Baptist Church, and Rev. F. A. R. Morgan will preach in the evening service.

Margie June Poe will be WMU president, and the young people will have charge of the June 15 program. The Brotherhood president will be Chas. McFatter and the young men will have charge of the Brotherhood meeting on June 18.

On Wednesday, the Young People will teach the lesson to the teachers and officers, then conduct the prayer services for the mid-week "Hour of Power." It is the aim to see that every Intermediate and Young Person has something to do during the Youth Week activities.

Mrs. Peck Dies Up In Illinois

Word has been received here of the death of a pioneer Eastland citizen, Mrs. Estelle Bedford Peck, whose death occurred June 6th, 1953, in Harvey, Illinois.

Mrs. Peck was the widow of the late R. L. Peck, who for many years was the T&P station agent in Eastland.

Mrs. Peck is survived by a daughter, Mrs. Ima Lee Peck Jordan, and several grandchildren, also a number of relatives in Eastland. Interment was in Harvey, Illinois, Kerr Funeral Home in charge.

PUBLICATION OF NEW DIET SCHEDULE STARTS TODAY

Tillie Lewis of Stockton, Calif., hopes to remove 420 million pounds from the United States population in the next few years. Owner of one of the five biggest canneries in the United States, and a person who started from scratch with just an idea, she is the author of a 14-day "eat your sweets" diet which will publish daily starting Tuesday.

Food editors, nutrition experts and the medical profession in general have long advocated a smaller waistline and a longer life. Tillie Lewis is doing something about it. She is bringing to people throughout the United States, through the aid of publications such as the Telegram, satisfying diets and low caloric foods which will help the obese.

She concentrated on the problem although she was building a business which now employs 4,300 people and which is valued at \$20,000,000.

Her activities have brought her many honors. She was selected by 600 women's editors of Associate 1

Indications are that Eastland's three Boy Scout groups will spend next week at Camp Billy Gibbons Boy Scout Camp located south of Frownwood. This will be made possible by members of the Lion and Rotary Clubs and the American Legion, all sponsors of a local group.

This camp is said to be one of the most ideal to be found in Texas, in that there is plenty room, good equipment and housing and some rugged wood lands where the boys will have an opportunity to "rough it" as did pioneers of days gone by.

Swimming water is pure, and the pool is fed by springs, which keep it in good shape all the time. Drinking water comes from a deep bored well.

There will be something to do all the time, and the boys are looking forward to the event.

Arrangements have not been completed, though sponsors say the trip is sure. While some of the boys are almost grown, and could look after the smaller boys, it is the plan of sponsors to have an adult leader in charge. The group is scheduled to leave Eastland Monday.

Dad Rates Gift On Father's Day

If there's a Mister in your mansion, you'd best start planning toward a not-too-far-off date: June 21. That's the date of Father's Day.

It's a good idea, of course, to be sure Dad gets his favorite pie that day. But you must also pick a gift that shows he really rates. What's a wonderful gift for a wonderful person? "Something Dad Doesn't receive just any day of the year—something he never buys for himself. Something that befits his masculine pride."

Partly Cloudy, Hot Weather For Eastlanders

Partly cloudy and continued hot. Those five words sum up the weather picture for today and Thursday, according to the U. S. Weather Bureau.

The maximum high mercury reading this afternoon will be at or near the sweltering 100-degree level. And Thursday's top heat will sizzle at about the same mark. Tonight's low—between 75 and 80.

Generally fair weather was predicted for the North Central Texas area Wednesday and Thursday except for widely scattered thunderstorm night. Not much change in temperature.

West Texas outlook: Partly cloudy Wednesday and Thursday with widely scattered thunderstorms. Not much change in temperature.

Press member papers, as the Businesswoman of the Year in 1952. Mrs. Lewis' success has been featured in many nationally known magazines. She has been honored by the California Legislature as an outstanding citizen of that state.

She has been honored by a resolution placed in the Congressional Record of the Congress of the United States. The Voice of America has broadcast her story.

All those honors came to Tillie Lewis because of an idea she had at the age of sixteen paid off. While a clerk in a Brooklyn grocery store, Tillie got the idea which paid off in millions of dollars.

To quote her, "I fell in love with a tomato." Put it was no ordinary tomato. It was the pear-shaped pomodoro, then grown and packed exclusively in Italy.

Rosy Rhubarb Dessert Has Luscious Topping

Rhubarb pie without a crust, but with a topping as good and crisp as candy—that's Rosalee's Rhubarb Dessert.

This easy-to-make dessert is beautiful to serve when made with deep pink strawberry rhubarb. The slightly crunchy golden topping is delightful contrast to the rosy sweet-sour fruit. The whole may be garnished with softened cream cheese, in strips or in mounded teaspoonfuls.

The bottom of this luscious springtime dessert is simply well-sweetened rhubarb cut into 1/2-inch lengths, seasoned with a hint of cinnamon. The oatmeal, margarine and sugar that make the topping are a fine flavor combination.

It seems almost wicked to mention that this colorful dessert is as nutritious as it is delicious. Every bit of the food value of the fruit is conserved, and to it are added the good vitamin A in margarine and the B-vitamins in oatmeal.

ROSALEE'S RHUBARB DESSERT
 (makes 6 servings)

5 cups diced rhubarb
 1/2 cup sugar
 1 tablespoon flour

1 teaspoon cinnamon
 1/2 teaspoon salt
 1 tablespoon water

Measure rhubarb, cut in 1/2-inch lengths, into 10x9x2-inch baking dish. Mix sugar, flour, cinnamon and salt. Pour over rhubarb in pan, mixing well. Sprinkle water over all. Spread Topping evenly over rhubarb, pressing down lightly. Bake in moderate oven (350° F.) 40 to 45 minutes.

Topping

6 tablespoons flour
 1/2 cup brown sugar

6 tablespoons margarine
 1/2 cup quick-cooking rolled oats

Mix flour and sugar. Cut in margarine with fork or pastry blender until mixture is like corn meal. Stir in rolled oats. Sprinkle over rhubarb in baking dish.

598 Taxpayers Convicted In '52

There were 598 federal income taxpayers convicted of tax evasion last year.

In an analysis of U. S. Department of Justice penal statistics, the Commerce Clearing House said that figure was 16 times the number convicted in 1942 when only 36 taxpayers were found guilty of evasion.

In 1952, fines imposed as a result of conviction totalled nearly \$3,000,000, 21 times the amount collected in 1942, CCH said.

The number of income tax returns filed increased during the 10-year period from 37,000,000 to 55,500,000.

Orbery Walker Now In Korea; Home Is Carbon

WITH THE KOREAN BASE SECTION — Pvt. Orbery Walker, whose wife, Anna, lives in Odenton, Md., was recently assigned to the 89th Ordnance Company in Korea.

Eastland High School Class of '43 Hold Successful Reunion Here

By Sue Bender Goode

The Eastland High School Class of 1943 and their classmates registered from 7:30 to 8:00 at the Woman's Club Saturday night. Every time someone would come in there would be a loud scream and plenty of hand shaking and hugging. Some of their teachers and parents came too, and it was a big night for everyone.

The program started at 8:00 with Rev. Leonard Todd leading

the group in prayer. Roll call followed their pictures and refreshments were served by the Eastland mothers. The table had an arrangement of gladiolus given to the class by Teacher Johnson.

Punch and cookies were served to the following: Da Los Todd Cotton and her little boy, Mr. and

Virginia Buddin Circle Hears Rev. Morgan

Members of the Virginia Buddin Circle of the WNU of the First Baptist Church heard Rev. F. A. R. Morgan discuss tithing, taking his scripture from the books of Luke and John.

The meeting was hosted by Mrs. Claude Bell, and was opened with a round table discussion of the subject, "Tithing." The group will join the other circles in a joint meeting next Monday at the church.

A refreshment plate of homemade cookies and iced punch was served to the following: C. J. Daniels, C. C. Street, J. B. Carroll, Mary Copland, H. F. Vermillion, Frank Lovett, and Mrs. H. F. Cole, a new member, and Mrs. G. J. Parkhill, a visitor, by Mrs. Bell, hostess.

FARMS - RANCHES
Pentecost & Johnson
REAL ESTATE
City Property

Mrs. Brooks Herring, Lillian Thorlowed with Wanda Couch presiding. Each member told who they were and introduced their husbands, wives and children. Each member was presented with a diploma which was a reproduction of their commencement and baccalaureate program. Also they received a small class picture and a list of every member and their address.

Charles Lovelace acted as master of ceremonies and introduced Mrs. Sue Goode who read the class prophecy for the next ten year. Billy Allen Kenny played a selection on the piano. Charles Lovelace then thanked everyone who had helped the Eastland members plan and carry out the reunion.

A short business meeting was held and it was decided that they would hold the reunion every five years and that the '43 class would join the alumni association of Eastland High School. The same class officers were elected to carry on in the next five years. The program closed with the singing of "Hail Eastland High School." Mr. Shultz was there to take

pe Bewley and her husband and three children, Mrs. J. F. Williams signed for Charlie Paul Williams, Sue Bender Goode and her husband John T. and little boy, John Earl; Mr. and Mrs. Bill Mickle and son, Estelle Williams Creamer, Lottie Gilkey Poole, and her husband and two children, Wyndie Armstrong, Wanda Couch, Rev. and Mrs. Leonard Todd.

Mr. and Mrs. J. E. Anderson, Mr. and Mrs. Darwin Miller, Mr. and Mrs. Stanley B. Collins, Mr. and Mrs. J. C. Allison, Edith Allison, Mr. and Mrs. Marlin Cagle and Collin, Mr. and Mrs. James L. Bigby and Bryna Jane, Mr. and Mrs. W. A. Kenny, Norma Jean Maynard Davis, and her husband, John and daughter, Kay, and son John Mike, Verba Cee Jackson Newman and her husband, Kenneth.

Mr. and Mrs. Gene Gourley, Mr. and Mrs. Dale Mahaffey, Mr. and Mrs. Vernon Franklin and boys, Capt. and Mrs. G. M. Daniel and three children, Mr. and Mrs. Ed Layton, Madge Hatcher Riehl and her husband, Joe, and child-

ren, L. Y. Morris Jr., Carletta Elliott Parnell and two daughters, Merlene Ross King, Mrs. J. E. Franklin.

K. B. Tanner, Mrs. H. M. Hart, Mr. and Mrs. Richard Middleton and Lila, Mrs. V. O. Hatcher, Mr. and Mrs. Carl Elliott, Lowell Snyder, Mr. and Mrs. C. L. Bigby and J. C., Mrs. Earl Bender, Mr. and Mrs. Tom Lovelace, Mrs. John Hart and Carolyn, and Miss Verna Fay Johnson.

Sunday morning the group went to church at the First Baptist Church and a picnic lunch followed at the city park. Mrs. Emalee Hart Summerlin and husband, Bil-

ly, and daughter, Connie, were by one they had to leave to get able to attend the church service back to their towns but each one and picnic Sunday. Some of the said it had been a wonderful success group went swimming but most of, cess and they would see you again them sat around and talked. One in five years.

It's That Time of Year Again—
... when most Americans begin planning their vacations. Some never plan, but those who do see more, spend less, rest better and are more likely to return safely. Safety is the most important item on any trip. It involves many factors. Insurance alone won't bring you back safely but financially it's a life-saver in case of accident. Include it in every vacation plan.

If It's Insurance We Write It!

LONE STAR GAS COMPANY

More people drive FORD V-8's than all other V-8's combined

AND IT'S STILL THE ONLY V-8 IN THE LOW-PRICE FIELD! No other engine in the world has enjoyed so much popularity as Ford's power-packed high-compression V-8. Today, 4 out of every 5 V-8's are Ford V-8's. And while other makers are scrambling to catch up, Ford and Ford alone offers a V-8 in the low-price field... and for hundreds of dollars less than most sixes.

FORD'S V-8 IS THE SAME TYPE OF ENGINE AMERICA'S COSTLIEST CARS ARE SWINGING TO!

Six more makers in the last five years alone have switched to V-8 power in their most expensive models. Yet Ford's been offering this same type of V-8 power for over 20 years! What's more, Ford gives you your choice of Fordomatic, Overdrive or Conventional Drive—the widest choice of drives in the low-price field!

FORD'S V-8 GIVES MORE "GO" PER GALLON!

Whether you choose Ford's 110-h.p. V-8 or the 101-h.p. Mileage Maker Six, your engine lives on a lean diet. For both offer the gas savings of Ford's exclusive Automatic Power Pilot which squeezes the last drop of power out of every drop of gas... "regular" at that! See and Value Check all 41 of Ford's "Worth Mores" and you'll agree Ford's worth more when you buy it, worth more when you sell it.

FORD'S BUILT OVER 13 MILLION V-8's

Sensible, Easy To Follow Reducing Diet In The News

Persons who have been looking for a reducing diet which takes little will power to faithfully follow and one which has absolutely no harmful effects can quit looking.

The Eastland Telegram will start next Tuesday a 14-day diet which promises to keep the average obese person from being hungry and from having a decided craving for sweets.

It is not a "lose two or three pounds a day" affair, but a sensible diet approved by national medical authorities which will take off ounces a day without the use of iron will power.

This is a new kind of diet. It employs dietetic foods which are available in many brands at practically every store. It includes a taste satisfying variety of low calorie fresh foods, canned foods, meats and sweets.

The author of our new 14-day diet is Tillie Lewis, who has spent more than ten years studying this new significant field of dietetic foods. By following her diet she lost 26 pounds.

Her fame is attested by the fact

that 600 women's editors of members papers of the Associated Press acclaimed her as the Businesswoman of the year in 1952. You will find her diet satisfying and easy to follow. Watch for it starting next Tuesday.

Mangum WMU Meets At Church

The Women's Missionary Union met at 2 p.m. Monday at the Mangum Baptist Church. Mrs. Bud May gave the opening prayer.

Mrs. B. Donelson presided and also presented the Royal Service program, entitled, "The Values in Christian Education."

Mrs. Arthur Brown gave the benediction. Those present were Meses. Odel Tucker, Harrison Curtis, Floyd McPee, Luce Pittman, Truett Gregory, Brown, Lee Fields, Homer Shahan, Oscar Hogr, May, Donelson, Misses Barbara Tucker, Mary Nicholas, Marie Tucker, Sandra Curtis, and the pastor, Rev. Lee Fields.

Family Dinner Honors Departing Soldier Sunday

There was a family dinner and reunion held Sunday, June 7th at the home of Mr. and Mrs. Charles Walton of Morton Valley community in honor of their son, Charles, who leaves for Germany June 25th.

Those present were the children of Mr. and Mrs. L. A. Chandler of Mineral Wells, and included: Mrs. R. L. Carroll and daughters of New Braunfels, Mrs. G. L. Hogan and son of Eastland, the honoree, Charles and his wife, Georgia, and sons, Clifton, Theldon and John. Other relatives present were Mr. and Mrs. Will Matthews of Olden, Mrs. Ray Newcombe and Mrs. Kenneth Tate and sons of Hobbs, N. M., Mrs. Ada Lopez and children of Ranger, Mr. and Mrs. William Smith of Venice, Calif., Mrs. Mamie Smith of Big Spring, Will H. Smith of San Angelo and Billy Joe Grey of Menard.

There were four generations present including Mrs. Minnie Smith, Mrs. Elberta Walton, Mrs. Charlie Chandler and Shirley Chandler, aged six years. The fifth generation member, Mrs. M. E. Henderson of Big Spring, who will be 92 in July, was unable to attend.

Charles Walton, the honoree, entered the army in November of 1952.

Clubwomen Learn Basket Weaving

A training school, under the able leadership of Mrs. H. C. Fridge, of Pioneer and Mrs. D. Ball, of Cisco, was conducted on Tuesday, June 2, at the North Star Club House. Twenty-five women from seven of the eleven clubs attended the all-day session.

Basket weaving is a new craft for the club women, but is a delightful hobby. Mrs. Fridge and Mrs. Ball brought along several baskets in different designs, which they have made since attending a school of reed craft in Abilene, recently.

Most of the baskets made at the meeting were types suitable for a wastepaper basket, while others made shorter types suitable for a large container or vase for long-stemmed flowers.

Mildred Daniel, County Home Demonstration Agent, and representatives from Cheaney, Pleasant Hill, Word, Lake Cisco, Union Center, Pioneer and North Star Clubs participated.

The North Star women served iced tea along with the sack lunches at the noon hour.

Hospital Report

Patients in the Eastland Memorial hospital include G. C. Spencer, surgery, Clarksville; Mrs. Clyde Turner, medical; Mrs. Earl Frances, medical; Mrs. R. P. Barber, medical; Mrs. O. G. Tyrone, medical; Miss Lola Laney, medical; Mrs. J. M. Coplen and infant son; Snow M. Frost, medical; Mrs. Robert P. Barber, medical; Mrs. Marguerite Welch, medical; Mrs. J. H. Chamberlain Jr., O. B.

Recently dismissed were Hubert Toombs, Mrs. D. C. Hager, David M. and Hazel Spindle, Mrs. Charles Howell, Pamela Brock, Carol Ann Branigan of Cisco (expired) and Mrs. Ada C. Caton of Clarksville, (expired). Mrs. Doyle G. Smith and baby boy Smith discharged.

All children of Eastland regardless of their church connections were invited to attend.

Methodists To Start Vacation Bible School

The Vacation Bible School of the First Methodist Church will begin at 9 a.m. Monday at the church.

Mrs. Ed F. Willman will be the general superintendent and the department heads will be as follows: Mrs. Tom L. Cox will be the superintendent of the three-year-olds, Mrs. H. L. Hassell will be in charge of the kindergarten group, and Mrs. Rudolph Little will be superintendent of the primary group. Mrs. Milton Day will be in charge of the Juniors and Mrs. J. C. Whitley the intermediates.

All children of Eastland regardless of their church connections were invited to attend.

ASBESTOS DRESS AIDS TRANSFORMATION

Here's Remodeling Magic

By rebuilding a dilapidated old four-room shack (inset at lower right) into an attractive, modern house with five rooms and bath, an Arkansas farm family effected the transformation shown in these before-and-after photos and won first prize in a statewide home remodeling contest. The major "face-lifting" change was achieved by covering exterior walls with asbestos-cement siding shingles. The shingles, in a soft shade of green, provide their own decoration, plus fire-safety and permanent weather protection. The wall over-

looking the front porch is pine paneled. Also added were a concrete pier foundation, fireplace, kitchen, new asphalt roofing and electricity. The owners, the George F. Tabors of near Smackover, Ark., did the work with the aid of one carpenter and a loan arranged through the Farmers Home Administration's office in El Dorado. The latter also helped in the planning. The contest was sponsored jointly by the FHA, the Arkansas Press Association and the state power and light company.
