REFLECTIONS FROM LIFE

By R. B. M.

While the world may not agree, we have a feeling that Jesus wants us just as we are, and the old hymn, Just as I Am Without one Plea, should apply to every lost man and woman who are living today.

Jesus is powerful, and is sufficient to clean up our lives, if we will but ask Him. We are not instructed to give ourselves a kind of "dry cleaning" before we present ourselves to Him, but in our sin and filth we are to humbly go to Him for a complete renovation. And none are too bad for Him to save.

You can't save yourself, so why experiment? Just pin your faith on the Saviours, and he will cleanse you from all sin.

Once an Artist in Rome saw a begger on the street, so utterly abject and forlorn that he hired him to sit for a picture, as a typical beggar. The next day he came to him quite transformed. He had hired the clothes of a companion in which to have his picture taken. The Artist did not recognize him; and on learning that he was the begger whom he had hired, said: "No, I hired a begger, and wanted him just as he was, or not at all." Christ, for a different reason, wants us just as we are, without any effort at self-transformation, that the New Creation may all be to the praise and glory of His grace.

In Romans 12:2 we read these words: "And be not conformed to this world; but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable and perfect will of God."

The will of God is that none should be lost, but that all should be saved. And God is that none should be lost, but that all should be saved. And God does not expect man to atone for his own sins, but rather supplied a lost and dying world, with an all-sure and all-powerful Saviour—His Son.

He has told us that all who believed on this Saviour would be saved—no strings attached. (John 3:16).

When we believe, place our faith in Christ, and admit our sin, we are ready for this transformation — we have renewed our minds and thoughts and are ready for Jesus to save us, which He does.

We move from the post of penitent sinner to the one of a "Child of God." Once this change is made you will remain a Child of God, though at times a disobedient child, for which you may expect punishment. But God, in His perfect plan of Salvation, has given us the Holy Spirit or Comforter, to guide and instruct us.

Naturally we have new thoughts, and with new thoughts new wills. Our conscience may well be described as the receiving set when the Comforter speaks. As we heed these calls our words and actions will change. Our work will proceed from new principles and in a new manner. We will be following God's suggestions, and when we do this we shall ultimately inherit eternal life.

We will "Cleave to that Which is Good" (Rom. 12:9) and will enjoy doing so. Our hearts will be right with God, and we will feel so close to Him that doubts and fears will be dispersed.

When we allow God to have His will we are sure winners, cannot lose, for we have been saved with an everlasting salvation. In John 6:37-39 we read: "All that the Father giveth to me shall come to me; and him that cometh to me I will in no wise cast out. For I came down from heaven, not to do mine own will, but the will of Him that sent me. And this is the Father's will which hath sent me, that of all which he hath given me, I should lose nothing, but should raise it up again at the last day."

This and other passages of Scripture are very comforting to those who have been accepted by Christ.

Then there is reason for rejoicing. "Rejoice in the Lord always, and again I say rejoice."—Phil. 4:4.

The religion of Jesus Christ is not a melancholy religion, and Christianity in no way takes any of our pleasures. Christianity may remove the evils that hinder real joy.

Reminding All Motorists—

Auto Inspection Law In Effect Next Week

A new motor vehicle inspection law will take effect Wednesday. So far as motorists are concerned, there is nothing to worry about until Sept. 15, when new inspections will begin. But the owners of 3,500 inspection stations must close down operation under the old law at midnight Tuesday and get ready to look at cars and trucks under the new law on Sept. 15.

Before Sept. 15, the Department of Public Safety will pick up the old inspection forms and regulations and issue new ones.

"We're not expecting any bottleneck this time," reported Capt. John Hollyfield of DPS. "We expect to have 3,000 stations licensed for operation on Sept. 15. That should give plenty of time for everybody to get vehicles checked before the deadline of April 15, 1954."

About 3,500,000 vehicles must be inspected for proper brakes, lights, horns, mirrors and windshield wipers. It will no longer be necessary to check steering gear, windshields and exhaust systems.

A shortage of licensed stations caused much commotion when the original inspection law went into effect last year. Its enforcement was postponed until the Legislature met again to advise state police what changes it wanted made.

The new law also does away with the controversial—and never-enforced—provision for every vehicle to pass safety tests before it can be licensed or sold.

Many legislators ran for election last summer on a platform of repealing the law, but the majority chose to modify it.

The revised act is among more than 100 new laws which take effect Wednesday. These were the bills which the Legislature delayed putting into operation until ninety days after its session ended. Most laws apply just as soon as the Governor signs them.

Nearly a dozen of the delayed action bills affect highway travel. These include:

Permitting longer (40-foot) buses on Texas roads.

Allowing car-and-house trailer combinations up to fifty-five feet long.

Providing that vehicles with mobile radio transmitters may obtain special license plates showing their call letters.

F. N. Hassen, 55, Dies Saturday; Rites Sunday

Funeral services for F. N. Hassen, 55-year-old long-time Eastland County resident and Cisco dry goods merchant, will be held at the First Baptist Church in Cisco Sunday afternoon at 2 o'clock.

Interment will be in the Moran Cemetery near Moran.

Mr. Hassen suffered a fatal heart attack Sunday night and failed to rally during the week. He succumbed at the Graham Hospital in Cisco this morning at 4:10 a. m.

Mr. Hassen resided in Ranger for many years during the oil boom era. While a Ranger resident he was associated with the John Hassen Dry Goods Store. Later he moved to Moran where he opened his own mercantile establishment which he operated for several years prior to moving to Cisco and founding the present business about 15 years ago.

He was a member of the First Baptist Church, Cisco, and the Masonic Lodge. He was born overseas in Beysour, Mount Lebanon, and came to the United States as a youth.

Survivors include the widow of Cisco; two sons, F. N., Jr., and A. Hassen, both of Cisco; and a daughter, Hattie; and three grandchildren.

Letting cities regulate ambulances as well as other emergency vehicles.

Reducing from twenty-one years to seventeen the minimum age for school bus drivers.

A new school bus safety law. This permits flashing warning signals on buses. When the bus stops, it requires approaching vehicles to stop also, but they may pass the bus at a speed not over ten miles an hour.

Requiring operators of trucks carrying more than their licensed load to register at the nearest county tax office the legal limit. This will mean more revenue for the Highway Department as well as some counties.

A new drunk driving law, whose constitutionality is now being questioned by some lawyers. It provides for a mandatory jail sentence of three days to two years and fines of \$50 to \$500, but authorizing the judge to commute the jail term for six months or longer.

The Texas Turnpike Authority with a Dallas-Fort Worth toll road as its first project, also comes into legal existence next Wednesday.

Gov. Allan Shivers is expected to announce his six appointees to direct the state-wide agency. The three State Highway Commissioners will serve with them.

Another new law permits the Highway Commission to regulate speed and signal lights on highways through towns of less than 2,500 population.

The highway planning bill for Dallas and Tarrant Counties also becomes law Wednesday. It authorizes commissioners to designate routes they plan to develop into main thoroughfares within years. Any building in the proposed 300-foot wide right of way during that period would have to be removed at the owner's expense if the road actually is developed.

Phone Workers Are Still Out—

Hint Rate Hike To Pay For SWB Strike

There were two new developments in the current telephone strike which is in progress in the Eastland County vicinity, Texas and five other states Saturday morning.

Union and management will meet Monday in St. Louis in an attempt to settle the Southwestern Bell Telephone Co. walkout.

The strike began Thursday. It affected 259 Texas cities where Bell has exchanges. The company operates also in Missouri, Kansas, Oklahoma, Arkansas and a small section of Illinois.

Both company and union officials said the strike was continuing in an orderly manner.

Southwestern Bell Telephone Company said Saturday it would have to ask higher telephone rates in its territory to pay for the wage increases when the current strike of the CIO workers is settled.

In newspaper advertisements in Dallas the company said it had offered its workers in six states

"concessions that would add more than \$7,900,000 a year to the cost of telephone service—which means that rates you (subscribers) pay for service must eventually be increased by that amount."

The union rejected the offer and its 53,000 members—including hundreds in Ranger, Cisco, Eastland, Breckenridge, Mineral Wells and Weatherford—began the strike in six states Thursday.

In Dallas, Ray A. Acker, Northeast Texas division manager for Bell, said the newspaper ads are "not a threat we are holding over someone's head, but they just point out that eventually salary hikes are paid by the subscribers."

He said the statement in the ads "does not necessarily mean that higher rates will be sought everywhere" in Texas, Missouri, Kansas, Arkansas, Oklahoma, and part of Illinois, where the company operates.

"There is no specific basis to

Ideal For Outings—

Cool and Fair Weekend Due

A fairly ideal weekend for outdoors-loving folk of the Eastland County vicinity appeared in prospect, according to the U. S. Weather Bureau.

It's due to be comparatively cool Saturday and Sunday. There will be refreshing breezes. And the thermometer mercury will climb into the not-too-hot upper 80s.

The Saturday night low, accord-

ing to weathermen—near 70 degrees.

The forecast for North Central Texas hinted possible scattered afternoon thundershowers in the south. Skies were due to be partly cloudy today and Sunday with no important temperature changes.

The West Texas outlook: Partly cloudy Saturday and Sunday with widely scattered afternoon thundershowers. No important temperature changes.

Funeral Services William A. Hale At Pleasant Hill

Funeral services for William Alexander Hale were held at Pleasant Hill on Wednesday afternoon at the Pleasant Hill Baptist Church with Rev. Lee Fields officiating.

Mr. Hale passed away at his home on Tuesday.

Born July 17, 1873 he was married to Josephine Thurman on February 3, 1895 at Litton, Tennessee. They moved to Carbon in 1901 and later to the farm near Carbon in 1908 where he lived until death came.

The deceased is survived by his wife and one daughter, Mrs. U. L. Lowry of Putnam; three grand children and three great grand children, and three brothers, Jess of Carbon, Sam of Cisco, and Emmett of Lorraine.

Ball Games Set For Weekend

Colored teams from Abilene and Mineral Wells played a hot game in Eastland Friday night, with Abilene taking the game, 16-1.

Saturday night the Eastland Oilers were to meet the Eula nine, and this promises to be a good game, as the teams were about equally matched. Playing was to start at 8:15 p.m.

Sunday afternoon at 2:30 p.m. the Oilers will meet a Mexican team from Weatherford.

6,000 Small Cat Fish Released, Eastland Lakes

M. S. Dry, State Game Warden, has just placed 6,000 young cat fish in Eastland's lakes. Four thousand went to the City Lake and 2,000 to Ringling lake.

Several weeks ago both lakes were restocked with bass, and the cat fish were promised at that time. This means that both lakes will provide good fishing at no distant date—that is, if the little fish do not drown, for water is pretty deep at this time.

A new Park and Recreation Board, to have charge of recreation and entertainment in this city, was created at the mass meeting held at City Park Friday evening.

Attendance was not as good as it had been hoped, but there was a sufficient number of representative citizens to perfect the organization and elect officers and directors.

A report from the steering committee was read by Hubert Westfall, who, after reading the report changed to meeting to an open forum where the public might offer suggestions. Many suggestions were offered, though harmony prevailed throughout the meeting, and to the close of discussions, officers and directors were chosen.

The movement will be under what is now known as the Park and Recreation Board, and this board is composed of City Manager A. E. Taylor, Norris Wilson from city council; Parks Poe from School Board, and Wendell Siebert, principal of high school. Also three women, Mmes. F. H. Toombs, Hubert Westfall and H. B. MacMoy. This group was suggested by the steering committee and were unanimously elected.

The board will choose a student council, who will work in conjunction with the board. It will be composed of one member from each junior high grade and two members from high school grades. The high school principal will serve as chairman.

The board will meet early next week and choose its own chairman.

James Young has been chosen as permanent treasurer, and he gave his first financial report last night. Mr. Young has \$167.77 cash on hand (watermelon revenue) and all outstanding bills have been paid.

Now that the organization has been completed, women suggested an ice cream and cake supper for Friday night of next week. A committee was appointed to seek donations of both cake and ice cream, something like 15 gallons of home-made cream and 15 cakes were pledged last night.

Ray Laney and Milton Nash will have charge of ticket sales. In all probability tickets will be either 25c or 35c for all the cake and cream you desire.

College Regents Announce—

Dr. Ashton Is RJC President

Dr. Price R. Ashton of Austin is new president of Ranger Junior College and has assumed his duties in that post, the RJC Board of Regents announced Saturday.

The new president of the 27-year-old co-educational institution is a native Texan. He attended Southwest Texas State Teachers College and received his bachelor's degree from Daniel Baker College, Brownwood. He holds a master's degree and doctorate from the University of Texas, Austin, and has done graduate work at Northwestern University, Chicago, Ill.

Dr. Ashton began his career as an educator in the Texas Public Schools. He has served as dean, registrar and business manager at Southwest Texas Junior College; educational director at Bergstrom Air Force Base, Austin. His teaching on the college level has included instructing courses in business law, business mathematics, economics, government, adult education and psychology. He also has taught economics for banker for the Banking Institute and Rutgers University.

A World War II aviators combat veteran, Dr. Ashton served with the U. S. Marine Corps and holds the permanent rank of major. Prior to his recent move to Ranger as new president of Ranger Junior College, he resigned as commanding officer of the 11th Special Infantry at Austin. Dr. Ashton has received 11 military decorations for his service in Uncle Sam's fighting forces. His awards are for duty at Tarawa, the Marshalls, Sipan, Okinawa and China.

Dr. Ashton also has been very active in service and fraternal organizations and has held member-

Boy Scouts will find many items they will need from time to time, including regulation scout shoes.

Church of God To Have Revival

The Church of God will begin a revival Sunday evening, Aug. 23, with Rev. Charles Ludwig as the evangelist. Rev. Ludwig is a young man of wide experience. When a small boy his parents answered the call to foreign missionary work and located in Africa. It was there he spent his youth and has many interesting things to relate of life in that dark land. Since coming to manhood he has traveled widely and been a successful minister of the gospel.

He is the author of a popular book dealing with the strange customs of the witch doctors of Africa. Rev. Ludwig is a gifted speaker and will hold your attention every moment he is speaking. We urge you to attend this series of meetings.

tell Dallas we are going to ask rate increases here. The a's are simply trying to point out that in the final analysis subscribers pay the salaries of our people."

About 40 per cent of Southwestern Bell's employees work in Texas, so presumably the major share of the total wage increase—when there is a settlement—would go into Texas.

Speaking for Bell operators in Texas, C. L. Stewart, Texas area staff manager had this comment:

"Before we could say there would be higher telephone rates anywhere, we would have to have some operating experience with increased salary rates. That would be necessary to determine how much rate increase we would seek, where we would seek them or whether we would ask any increase at all. Each city would be judged on its own figures and merits."

Telephone service was proceeding with supervisors manning the switchboards. Some delay was reported, on some calls that involved operators, but the 122 cities with dial systems fared better on city calls.

The Federal Conciliation Service called the Monday meeting to resume contract talks.

A union official in St. Louis said the union and company "are not too far apart" on wages and other issues involving money. "If they really want to get together and settle, we're ready," he said. "If they don't, we'll just have to stay out."

Workers' wages now range from \$35 to \$95 weekly. The union proposed an increase of 5 to 7 1/2 cents an hour. The company has offered an increase averaging 4 1/2 cents. Some 23,000 workers in Texas

were on strike. The company circulated a letter to the employees, urging them to return to work and explaining the views of the management. Employees refused to cross the lines, halting work on installation of equipment at the exchanges.

Just as fast as new and better grasses are developed on our experiment stations, the good news is passed along to farmers and ranchmen everywhere. Even before final results are obtained, progress reports are published so that everyone may know what is being accomplished.

One of these plots contains some sweet sudan crossed with Johnson grass. Research men hope that a sweet sudan can be developed that can be planted once and will continue to come back year after year like Johnson grass — but which can be killed easily by plowing it up. If and when such a crop is developed the news will be spread that all may benefit. Have you visited your nearest experiment station recently? You will likely see some amazing new crops under investigation.

Doris Perlstein Complimented At Morning Coffee and Shower

Miss Doris Perlstein, bride-elect of Calvin Lipkin, of New York City, was complimented at a morning coffee and miscellaneous show-

er in the home of Mrs. M. H. Hagaman, Friday, August 21. Hostesses were Misses M. H. Hagaman, L. H. Hagaman, H. G. Adams, Sr. and Mrs. W. M. Brown. Mrs. Saule Perlstein, Miss Doris Perlstein, Mrs. M. H. Hagaman, Mrs. L. H. Hagaman, and Mrs. H. G. Adams Sr., were in the receiving line. The honoree and her mother wore white gardenia cor-

sages. Arrangements of white gladioli were used in the living and dining rooms. The refreshment table was covered with a white linen cut-work cloth and centered with a bride doll surrounded by white mums.

Mrs. L. R. Pearson and Miss Joane Crawley presided at the silver coffee service. Mrs. James Brothers had charge of the bride's book. Others included in the house party were Misses Cecilia Mooney and Betty Lou Hagaman and Mrs. H. G. Adams, Jr.

The menu consisted of coffee, white mints, melon balls, green-gate plums, homemade cinnamon rolls, olives and nuts.

Baskets of garden flowers formed a background for the gifts which were displayed on tables covered with white linen and Mad-era cloths.

A large number of guests were registered.

Mr. and Mrs. Eddie Williamson of Wichita Falls, and Mr. and Mrs. F. C. Williamson Jr., from New Mexico, have been visiting with their parents, Mr. and Mrs. F. C. Williamson, Sr., this week.

Christian Science

"Mind" is the subject of today's Christian Science Lesson-Sermon. It will be brought out that our concept of God determines our holiness, health, and happiness.

The Discoverer and Founder of Christian Science, Mary Baker Eddy, in her textbook, "Science and Health with Key to the Scriptures," expresses this idea in these words: "The understanding that the Ego is Mind, and that there is but one Mind or intelligence, begins at once to destroy the errors of mortal sense and to supply the truth of immortal sense. The understanding makes the body harmonious; it makes the nerves, bones, brain, etc., servants, instead of masters. If man is governed by the law of divine Mind, his body is in submission to everlasting Life and Truth and Love" (p. 216).

Paul said of the Word of God that it "is quick, and powerful, and sharper than any two-edged sword, piercing even to the dividing asunder of soul and spirit, and of the joints and marrow, and is a discerner of the thoughts and intents of the heart" (Hebrews 4:12).

EMH Auxiliary To Meet 7 p.m.

The regular meeting of the auxiliary of the Eastland Memorial Hospital will be held at 7 p.m. Wednesday, August 26th on the lawn at the home of Mrs. James Horton, corner of Halbryan and Pershing streets.

Co-Ed Club Make Social Plans

Members of the Co-Ed Club completed plans for a "Sport-Hop" at their meeting Wednesday afternoon in the home of Jane Ann Jernigan.

Barbara Stephens, president, presided during the discussion of the social plans, and date of the dance was set for Thursday, Aug. 27 at the American Legion Hall.

Refreshments were served during the social hour. Present were Misses Lou Ann Corbell, Barbara Stephens, Patsy Rosser, Jeanette Caton, Marie Craig, Janice Little, Dorothy McKinney, Helen Taylor, a guest and the hostess.

Bobby Beall left for his home in San Angelo Friday after having visited here with his grandmother, Mrs. F. L. Drago. Bobby has completed his three years pre-medical work at Rice Institute at Houston, and will enter University of Texas' medical school in Galveston in September.

Lovely Joan Kelly, named "Miss Welcome to Long Beach" for the Miss Universe contest held in that California city each year, models her official "State of the Union" bathing suit which shows that every state will be represented by its loveliest girl. The suit is made up of car window stickers of the type that tourists pick up at service stations to show where they have been. Joan is 19, has a 34" bust, 24" waist and 36" hips. The Union seems to be in pretty good shape! Despite what people say.

REFLECTIONS—

pleasure, and make them pure and wholesome. And once you have accepted Christ as your personal Saviour, you will likely find new pleasures that you did not know were in existence, and these new pleasures that you did not know were in existence, and these new pleasures are the ones that will strengthen your faith, and you will continue growing in His grace.

Further, Christianity will enforce duties that produce pleasures, for Christianity reveals all the new and lofty pleasures.

The Auto is a Dandy but a Death-Dealer—

... A lot of people imagine the automobile to be a wonderful plaything like a shining toy, but actually it is a death-dealing machine. The National Safety Council says the average motorist makes from 20 to 50 decisions an hour. What happens if only one of these decisions is wrong? In heavy going a driver is never more than one second away from an accident. So folks go right ahead but don't blame us if you never come back.
