## AND WEEKLY CHRONICLE

VOLUME TWENTY-FIVE

No. 73

EASTLAND, TEXAS, THURSDAY, SEPTEMBER 3, 1953

PRICE FIVE CENTS

### AROUND THE SQUARE

While Eastland and adjoining counties do not face any greater problems than people in other sections of America, we still have our problems here. Our economic condition has been greatly improved during recent weeks, and in time we will work out from under many of our burdens.

Our requirements from the federal government will be felt for years, and for this reason we are all interested in government economy. Ways and means to bring this about is not clear to us, but we agree with Raymond Moley, government student for many years, that some things could be done that would prove beneficial. Mr. Moley says: "Of late I have been paying particular attention to government's socialistic activities. Government in business, except in a limited number of common services and in rare emergencies, is expensive, inefficient and unnecessary." That tells the story.

"Old problems of surpluses which have plagued agriculture in recent years, are passing problems," is the opinion expressed by Wheeler McMillian, editor of the Farm Journal. Before long we won't be worrying about whether our farmers will produce too much. Instead we may be worrying about whether they can produce enough for our constantly growing needs.

The reason for this lies in what is happening to our population. Each 17 seconds, America gains a new and hungry mouth to feed. We have passed the 160,000,000 mark, and the time when we will have 200,000,000 people is in sight. And remember our new arrivals bring no land with them to farm.

Maybe after all we will need all the meat and produce our farmers can produce. At least one problem would have been solved.

Debt has added much to the discomfort of all-together too many Americans. Something should be done about this, and most likely the older group will lead in this work. Younger and inexperienced people have allowed "easy credit" to get them off balance. Of course these youngsters know from two to ten times as much as their ragas and mammas, but this doesn't mean that they know it all.

We are reminded of what our old professor said when he handed our diploma. "Ray," he said, "today you know about everything—everything except one thing." "What's that?" we boldly asked, puffing up like a spreading sadder. "The one thing," he said, "is that you haven't learned yet, that you don't know anything."

There are a lot of good things that can happen—also miserable things. And of the miserable things, a broken collar bone, or your home could burn down. But these things can be fixed—including the burned-down house, via the insurance route. But the utmost misery is "debt." You go to work and lose your job just at a time when house rent is due, a car payment must be made, and while your bank account is hovering around the zero mark. You will then know the real meaning of debt. Watch it as though it was a viper.

P.S.—And never get too old to learn. We didn't get this while walking around the square, but see symptoms walking by our door each day. And know this—it is easier to say charge than to pay.

### 63 New Polio Cases in State

The State Health Department Wednesday reported 63 new cases of polio in Texas last week. Cases for the year now total 1,230, compared with 3,109 cases for a similar period in 1952. The highest weekly incidence this year was recorded on Aug. 8 when 92 cases were diagnosed. Despite its waning strength, the malady invaded four counties for the first time last week. Anderson County had two and Franklin, Val Verde and Wilbarger counties had a single case each. Harris County, with 14 cases, led the state.

### More Rain Due Eastland Area Today, Tonight

Cooling rains fell over the Eastland County area late Wednesday and through Wednesday night. The drizzles snapped a late summer heat wave.

More showers were forecast for the vicinity today. The U. S. Weather Bureau forecast partly cloudy skies for the section today and Friday with maximum temperatures both days around 90 degrees.

Tonight's low—the usual about 70-degrees. Considerable cloudiness and scattered showers were forecast for the North Central Texas area Thursday and Friday. It's due to be cooler in the north and central portions Friday.

For West Texas: Considerable cloudiness Thursday and Friday with scattered showers and thundershowers Thursday and in the South Plains and Pecos Valley eastward Friday. Cooler in the Panhandle and South Plains Friday.

### Texas Ranks 4th In Number Auto Registrations

Texas ranks fourth among the states in the number of motor vehicles registered this year, the Commerce Department's Bureau of Public Roads estimated. While Texas is sixth in population, it is surpassed only by California, New York and Pennsylvania in the registration of cars, trucks and buses.

A preliminary estimate of 1953 motor-vehicle registrations showed 3,258,000 in Texas this year, a 3.3 per cent increase over the 3,155,337 registered in 1952.

In the country as a whole, registrations are expected to reach the 54,700,000 mark this year. Passenger cars will number 45,035,000 a 2.8 per cent increase over 1952, while trucks and buses are expected to total 9,674,000, a 2.4 per cent rise.

California, with 5,495,000 registrations, will lead all other states by more than a million vehicles, and the second-ranking state, New York, will pass the four-million mark for the first time, officials predicted.

### Diseases May Spread After School Begins

Communicable diseases common to children reach their low point, as to number of cases, late in the summer. Then, when school opens, and children are closely grouped together in classrooms, germs begin to spread, and the increase runs to thousands of cases of illness causing much time lost from school, discomfort for the children and untold hours spent in nursing them back to health, declared Dr. Geo. W. Cox, State Health Officer.

Some children die and others suffer permanent damage to their health. The really tragic part of this situation is that it is, in a large measure, preventable. If all parents would change their indifferent, negligent attitude toward diseases such as measles, whooping cough, scarlet fever, and chickenpox, and would cooperate with school and health authorities, these common communicable disease epidemics could be reduced.

Dr. Cox says these are the important ways to protect the health of our school children; immunize every child against diphtheria and small pox, have daily inspection of school children, with isolation or separation of the suspected case of disease, sending home any child showing signs of illness, such as rashness, sore throat, skin eruption, fever, or any other symptom that apparently needs the attention of a physician; keep children home who show signs of illness. Call the physician and let him interpret the symptoms. Readmission to school should be based on permission of the family physician or health officer. Inspection should be made at the beginning of school and at mid-year for minor skin infections and head lice, with exclusion of all infected children from school. The development of good personal habits in every child is very essential to the control of all contagious diseases.

For the sake of our children—their physical health and progress in school, let's stop the inroads of needless illness, and give them a fair chance for normal development, physically and mentally.

### RANGER JUNIOR COLLEGE OFFERS LOWEST TUITION RATE FOR KOREAN VETS

Attention, Korean War veterans! You can get the best for less at Ranger Junior College in Ranger.

Tuition for war veterans, Dr. Price Ashton, RJC president, said today is only \$25 for a semester—four and one-half months. This figure, the college head pointed out, is \$15 lower than the rate offered by any other accredited educational institution in this section of the state. In addition, he explained, the very reasonable RJC tuition fee per semester is over \$100 cheaper than that offered by senior colleges in the Southwest.

While veterans are enrolled for daytime or evening classes at Ranger Junior College, they are eligible to receive Veterans Administration subsistence allowances while taking advantage of the opportunity to secure a college education. Veterans with dependents are allowed up to \$160 monthly and single men can draw \$110 per month.

The institution offers fully accredited courses with credits recognized for transfer to senior colleges.

"We cordially invite Korean War veterans to investigate the many advantages offered them by Ranger Junior College," Dr. Ashton said. "We invite veterans who are prospective students to visit our office and confer with us regarding their plans for a higher education."

For the convenience of veterans, the college operates an extension department and Ranger Junior College instructors teach regularly scheduled evening classes in Albany, Eravan and Breckenridge.

Veterans desiring to enroll at Ranger Junior College for the newly-begun 1953-54 session are urged to file their papers not later than next week, the RJC president said.

### U. S. CHECKS SET RECORDS DURING JULY

The Commerce Department reported that the personal income of Americans was at a record rate of \$288,000,000,000 a year in July—more than \$1,500,000,000 higher than in June.

Climbing payrolls of private industry accounted for virtually the entire increase. Farm income and government payrolls were little changed.

For the first seven months of 1953, the report said, personal income was at a \$284,000,000,000 annual rate, or 7 per cent higher than in the same period of last year.

This made it appear probable that 1953 would set an all-time record for personal income. The term "personal income" as used by the department embraces wages and salaries, income from rents, proprietorships and partnerships, dividends and interest, and other types of individual income.

Most of the rise in industrial payrolls to an annual rate of \$167,500,000,000 occurred in the textile, clothing, shoe and other "soft goods" manufacturing industries.

Both wage rates and total employment were slightly higher in these fields than in June. Employment also expanded in construction—autos, appliances, hardware and the like—payrolls remained stable.

The volume of crops marketed went up in July, but the increase was virtually offset by lower farm prices.

In the first seven months of the year, farm income was at an annual rate of \$18,000,000,000 or 10 per cent below the same period of 1952.

### 2,500 Persons At Comanche Coop's Meeting

Approximately 2,500 persons attended the Comanche County Electric Coop's Annual Meeting and Electric Fair held August 28 at Lake Ennes Park, Comanche.

Everyone enjoyed the singing and playing of the "Black Mountain Boys", the acts of the trained Siberian bear, Laura, and the antics of "The Darling of Mulecreek." General Motors' "Preview of Progress" was very entertaining as well as educational.

In the business session an amendment to the charter, placing directors on staggered terms so that no more than three shall be elected any one year, was approved by the membership.

Three new directors were elected as follows: Place 2—Comanche County, J. M. Foreman, Mercers Gap, Place 3—Comanche County, Troy Pettit, Energy District 4—Stephens and Shackelford County, Paul E. Roberts, Harpersville.

Directors re-elected were as follows: Place 1—Comanche County, B. Ray McCorkle, Beattie, South Place—District 2—Miles and Brown County, M. A. Richmond, Blanket, North Place, District 2—Mills and Brown County, Joe Weedon, Sr., Grosvenor, District 3, Eastland and Callahan County—W. B. Starr, Cisco.

In the board meeting following the annual meeting officers elected for the coming year were M. A. Richmond, President of Board; W. B. Starr, Vice-President of Board; B. Ray McCorkle, Secretary of Board.

Attendance prizes consisting of everything from Fryrites to Willie Wirehand scarfs totaling approximately \$400.00 were awarded to the following: C. F. Moore, Rt. 1, De Leon, Troy Morgan, Energy, T. B. Dammron, Blanket, Mrs. Pearl Hawkins, Blanket, J. W. Sharkey, Percy Wright, Sidney Clyde Wall, De Leon, Roscoe Collins, Blanket, H. F. White, Rt. 1 Comanche, Mrs. N. W. Pounds, Rt. 2 De Leon, Robert Cox, Gustine, R. C. Pilcher, Comanche, R. A. Johnston, Rt. 1, Dublin, C. E. Rinehart, Gustine, W. W. Wright, Comanche, Rt. 1, Ed Nabers, Blanket, Guy W. Taylor, Rt. 2, Rising Star, John Dean, Rt. 1, Comanche, T. H. Donald, Gustine, Mrs. J. H. Morgan, Rt. 2, De Leon, Chester Dammron, Zephyr, H. R. Frazier, Rt. 2, De Leon, Larry Holmesley, Comanche, O. T. Hazard, Staff, Mrs. V. C. Walker, Comanche, Mrs. C. C. Harwick, Blanket, O. T. Weatherford, De Leon, W. L. Cadenhead, De Leon, C. C. Gleaton, Luke Eldon, Eastley, Comanche, Clyde Smith, Sipe Springs, Robert Roe, Sidney, Mrs. H. L. Fritts, Comanche, F. B. Whitlock, Sipe Springs, J. W. Byrd, Comanche, Mrs. F. S. Crawley, Eastland, Mrs. M. Gilchrist, De Leon, Mrs. Dora Pierson, May, Mrs. V. M. Bleeker, Rt. 2, Brownwood, Ray Marlin, Oral D. Morris, Sidney, Walter F. Henderson Rt. 1, May, M. C. Helm, Rt. 2, Comanche, B. M. Payne, Rt. 2, Comanche, T. M. McKenzie, Comanche, J. L. Little, Eastland, Mrs. E. A. Rogers, Zephyr, A. C. Feiler, Gorman, and C. B. McGuire, Rt. 1, Comanche.

Two dealers also gave away valuable prizes. Service Drug Store, Comanche Refrigerator Dealer, gave away a 7½ cubic ft. Frigidaire Refrigerator. Mrs. E. D. Miller of Lamkin is the lucky person. Larry Powers, Brownwood, Myers Pump Dealer, gave away a Myers pump and water system. Cloe Wilson of Comanche Rt. 3, was the winner.

**Pvt. Highsmith Is Assigned To Artillery Unit**

CAMP CHAFFE, Ark.—Pvt. Billy A. Highsmith, son of Mr. and Mrs. B. A. Highsmith, Rt. 1, Ranger, has been assigned to Company B, 47th Armored Infantry Battalion, 5th Armored Division for basic training in the United States Army as an artilleryman.

Private Highsmith's first eight weeks will be spent in infantry training where he will be taught the fundamentals of soldiering, learn to use and fire various infantry weapons and practice Army combat tactics. During the final eight weeks he will be taught artillery techniques and receive training with the 105 mm. howitzer. After completing basic training, he will be reassigned for duty with an Army artillery unit.

**HOSPITAL HILL**  
By Buda B. Butler

Are you aware what constitutes hospital care? Is it a bed and three meals a day—a back rub, bed bath, prescribed medications and treatments, an operation and post-operative care, a nurse, answering a patient's light, an X-Ray, a laboratory test, an anesthetic?

In part, yes, but it is much more. To be an employee of to have been a patient you feel that you know hospitals rather well.

The admitting clerk deeply concerned in her attempt to budget room and bed schedules so that patients and doctor have the accommodations they desire.

The nurse, supervisor may have many changes a day in her floor duty schedules in order to provide adequate care for all patients. Not an easy job in these days of nurse shortages. A general duty nurse cares for two, three, even four patients over and above the number assigned to her and that nurse cares for the individual as though the patient were her only responsibility. There are cases where the patient's improved condition was the direct results of the service of this nurse.

The physicians and surgeons work and study instinctively for hours over a patient whose condition presented baffling problems. The technicians try a laboratory test again and again in order to present an absolutely accurate report to the patient's physician.

The X-ray personnel, by their patience and cheerfulness, restore confidence to frightened hyper-sensitive patients.

There are laundry and dietary personnel working in high temperatures so that patients might be provided with clean linens and appetizing food. The dietitian makes special trips to market for food not on the menu with which to provide with clean linens and appetizing food. The dietitian makes special trips to market for food not on the menu with which to provide with clean linens and appetizing food. The dietitian makes special trips to market for food not on the menu with which to provide with clean linens and appetizing food. (Continued On Page 3)

ROLAND PHILLIPS  
Newly-Elected President of Lakeside Country Club

BRUCE PIPKIN  
Vice President of Eastland Country Club

Bill Hoffman  
He's Newly Elected Member Of Country Club Board

### Labor Day To Be Observed Here

Monday, Sept. 11, is Labor Day for the real tired and weary worker, and he may enjoy the weekend in actual comfort. This day has been observed in Eastland for many years, and so far as is known very few if any business houses will be open.

### COUNTRY CLUB REORGANIZED; OFFICERS CHOSEN; COUNTRY TOURNAMENT BEING PLANNED

Eastland's Lakeside Country Club was re-organized and a county-wide links tournament was planned during a special meeting of members Monday night.

New officers elected during the session include Roland Phillips, president; Bruce Pipkin, vice president, and Bill Hoffmann, who was chosen as a new member of the Lakeside board.

Re-elected during the meeting were Joe Stephen, treasurer; Gene Haynes, secretary; and re-named directors are Don Doyle, Bill Goff, Gen. Smith and Willie Smkh.

President-elect Phillips succeeds Theo Lamb, who recently resigned the position and moved to Snyder. The membership of the club regretted losing Lamb and considered his resignation a great loss to the group.

The board of directors decided, effective September 15, bills for the coming month will be sent out, thus giving the member 15 days notice, as they are due on the first. This month, however, the Sept. 1 bills are not due. All delinquents will be dropped from the list.

President Phillips appointed Geo. Parrack to oversee the club's equipment, and to keep a constant check on it.

Pipkin stated that all back bills are to be taken care of as soon as members pay their dues. This may be done monthly, quarterly, semi-annually or annually.

John Lively, the club's pro, urges all members to go out and visit the club, to enjoy its many services, and promises to serve them in a royal manner.

The board has announced its decision to have the Eastland Country Tournament, and it is to begin Saturday, Sept. 5, and will end on Labor Day, Sept. 7. All qualifying will be done Saturday with matched plays starting Sunday morning. An entrance fee of \$5.00 will be collected.

Those who qualify on Saturday, along with others who may wish to come, are to enjoy a supper at the club Saturday night. Admission, \$1.00.

Bill Collins, tournament chairman, assisted by W. Q. Varner and Jack Germany, will be in charge of the supper.

Beautiful prizes will be given for all flights, awards such as radio, watches, golf balls, etc.

The club invites all residents who have been in the county for six months or more, or anyone who has lived in Eastland County during the past five years.

### Slow Rain Falls

While it rained or drizzled for several hours Wednesday night and early this morning, the precipitation in Eastland, according to the rain gauge, was only .25 of an inch.

The rain fell very slowly and it all soaked into the ground, and will aid growing crops. Some sections of the county got more rain than Eastland.

### Little Items Of Local Interest

Judge and Mrs. J. R. Boggus, left early today for Gordon where they are attending the funeral of a cousin, Mrs. Elmo Boggus, who died Wednesday in a Ranger hospital.

Coch Ed Hooker has requested that we announce that all school boys who wish to play football are advised to come out and meet for practice. No school student will be barred if he has the making of a player, it was said.

Now word comes that the Eastland County Livestock Association is to stage a barbecue at Eastland Park on September 24. Particulars have not been made available.

**Registering To Begin Friday At Eastland High**

Registering will start at high school on Friday of this week, according to Principal Siebert. Juniors and seniors are to appear Friday morning at 9 o'clock, and freshmen and sophomores should be on hand at 2 o'clock in the afternoon.

However, if these hours are not convenient, or if it would be more easier to appear on Saturday, students may do so. There will be someone at the school all day.

40 RJC Candidates Due—

FIVE PIONEER CONFERENCE GRID SQUADS BEGIN ACTION IN DRILL SESSIONS TODAY

The Purple & White Ranger Junior College Rangers and four other Pioneer Conference football squads open training camps today in preparation for what is expected to be the closest and hardest fought title race in league history.

Dick (Chub) Henderson head RJC grid mentor, and his new assistant, Sam Aills, formerly of the Ranger High School coaching staff, expect a squad of about 40 promising prospects to report today for the Purple & White's initial drill.

The Rangers open their 1953 campaign at Wharton on Saturday, Sept. 12, when they battle the Wharton Junior College Pioneers in a non-conference contest.

Coaches Henderson and Aills will build their '53 Ranger juggernaut around eleven returning lettermen—Charles Blanton, 175, Fred Sanders, 160, backfielders, and Joe Angel, 195, Lee Otis Clayborn, 185, John Connors, 200, Charles Brazil, 200, Franklin Foster, 190, and Ross Nall, 200, all line men.

The five-team loop will have three new head coaches. H. M. "Rusty" Russell, former SMU head mentor has replaced Claude "Chena" Gilstrap at Schreiner Institute. Gilstrap is taking over the spot vacated by Willie Zapalac at Arlington State College.

At Ranger, Henderson, former TCU grid star, will succeed Boone Yarborough. Only veteran coaches returning will be Max Baumgardner at San Angelo and H. A. "Sandy" Sanford at Tarleton State College, Stephenville.

Present indications are that the league elevens will be improved over last season notwithstanding the fact that in 1952 they won 22 of 28 contests with non-conference opponents and each conference eleven had a season standing of over 500 per cent.

The Arlington State College Rebels, reigning conference champions, with ten lettermen returning and a host of outstanding high school recruits slated to contend for regular berths, again promise to be strong contenders for the title.

"Rusty" Russell's dazzling offensive tactics and a promising new squad are certain to enhance the chances of the Schreiner Mountaineers at Kerrville.

With a fair share of luck Henderson might bring the stout Ranger Junior College Rangers to the top in his first year at the West Texas school. The Rangers may field the most experienced team in the conference. Last year they led the league in defense.

Coach Max Baumgardner's San Angelo Rams, rated as the no. 1 junior college team in the nation last year until they suffered personal losses at mid-season, are reported on the up-grade again.

At Stephenville Coach "Sandy" Sanford's Tarleton Plowboys, who finished second last season, are expected to bring back most of their star performers and to field quite a few prospects who stood out in high school play last year.

Squads are expected to range in size from 60 to 100 for a few days after September 1 and to average about 35 players during the regular season.

First league team to open play will be Ranger, which meets Wharton Junior College at Wharton in a non-conference game September 12. All loop members will see action on September 19.

CORONATION TIME—Among hundreds of souvenirs being produced in connection with Queen Elizabeth II's coronation next June is this novel wall clock. It features the Queen's monogram, crown and the arms of the United Kingdom.

600,000 4-H'ers Say "Let's Help" Correct Safety Hazards

Chicago—(Special)—The largest volunteer army ever organized for a peaceful mission is now "invading" farms and farm communities throughout the Nation. It consists of more than 600,000 4-H Club boys and girls whose objective is to show rural folk how to prevent accidents and fires which result in 14,000 deaths and 1 1/2 million injuries among farm people, as well as destruction of millions of dollars' worth of buildings and equipment annually.

Falls account for 37 percent of all fatal accidents in farm homes and 19 percent outside. More than 50 percent of all fatal accidents in working with farm machinery involve tractors, and over 70 percent for more than half of the tractor accident fatalities.

Safety experts give considerable credit to the contributions made by 4-H'ers for the reduction of one-fifth in the number of fatal accidents to farm people in 1951—the last year for which statistics are available—from the estimated annual rate in 1941, the first year of the National Farm Safety Week, which will be observed this year July 19-25.

Illustration of the 4-H'ers' "approach" to the accident problem, a Tennessee club girl reported that she picked up broken glass, rusty nails protruding from boards, and other sharp articles in the farm lot; helped her father and brother become safety conscious in working with farm machinery; had a ladder with two broken rungs repaired; per-

suaded her mother to use a step-ladder in reaching high places in the house, and to always wear a seat belt on her car immediately if it is pulled on the rear.

A Texas 4-H boy reports that their farm tractor cabin was filled with gas due to a crack in the engine's water pump. He called this unsafe practice to the attention of his father and brother and had the tractor repaired correctly. He also had the gas pump correctly installed on the tractor. His club safety committee taught them to prevent a hot-lazare as it was to be taken for a ride on a tractor.

Participating in the National Farm Safety program are 4-H members in 47 states, the District of Columbia, and Puerto Rico. Correct this dangerous practice.

Outstanding 4-H youth in each county will be given a certificate awarded with awards provided by General Motors for the most cooperative year. They will be wearing silver pins for the blue award given to county 4-H youth and in all county trips to the National 4-H Club Congress in Chicago next November for the state winner. Six state winners will be chosen to receive a national award, which is a 600 college scholarship. A national plaque, appropriately named, will be awarded to the county reporting the most outstanding county-wide 4-H safety program.

The National 4-H Safety program is conducted under the direction of the Cooperative Extension Service.

Protect Your Child's EYESIGHT with FORESIGHT

... PROVIDE PROPER STUDY LIGHTING

Your child's precious eyes will be protected from fatigue and eyestrain if you provide proper lighting for study and other seeing tasks in your home. Children cannot be expected to appreciate fully the importance of good lighting and what it will mean to them . . . but you will earn their gratitude in years to come by making sure they have the advantage of good lighting during formative years when it is so important.

Poor lighting and eyestrain can contribute to poor grades in school and the unhappiness that comes with a feeling of failure.

Don't let this happen to your child. Provide the right size bulbs and study lamps, and enjoy the satisfaction of knowing that you are protecting the eyesight and happiness of your child.

"BETTER LIGHT + BETTER SIGHT = BETTER GRADES"

It's easy and inexpensive to provide the proper study lamps and bulbs for sight-saving. See your favorite dealer today!

## Hospital—

(Continued from Page 1)

tempt a patient's appetite. The operating teams work hours over one patient and that patient walks around her room four days later. There is the miracle of blood transfusions. The surgeons, obstetricians, anesthetists come to the hospital all hours of the day and night in answer to emergency calls.

The accounting personnel spend long periods of time with patients talking over family and financial problems. The calmness and acceptance that replace confusion, panic and death after tragic accidents and major disaster.

The volunteers giving unreservedly of their services.

The patients who feel the great reassurance and a deep sense of security in the knowledge that through the twenty-four hours of the day or night the services of so many skilled people and so much modern equipment and medicines were at their disposal.

These are the things included in your care when you are a patient at our Eastland Memorial hospital. Your hospital bill does not itemize them. Your payment does not fluctuate. Their value does not clothe with the country's economy.

They are beyond price.

### PITCHER STARS

BUFFALO, N. Y.—It's quite a feat for a pitcher to hurl a four-hit ball game and win it by blasting a 300-foot homer with two men on base. It was even a greater triumph for Tom Finbar of the Cazenovia Twilight League here. He has only one arm.

## Science and Your Health

### Disease...the Soldier's Other Enemy

1 When Napoleon invaded Russia, typhus proved as deadly as enemy troops.

2 Typhoid fever took a greater toll than battle wounds in the Civil War!

3 Japanese and American forces fought malaria as well as each other in the Pacific jungles during World War II!

4 In Korea, dysentery was a major problem until an antibiotic knocked it out!

### by Science Features

Disease has been a silent but deadly third party in all the wars of history, and Korea has been no exception. In that war-torn land both sides fought a score of diseases and the degree to which the diseases were overcome played a large role in the military picture.

One of the most serious has been dysentery, a painful intestinal disease which is caused by both ameba and bacteria. The threat of bacterial dysentery, the more dangerous of the two, is present whenever persons live in close association, such as soldiers must do. Amebic dysentery, on the other hand, is common at all times and in any population group exposed to unsanitary conditions. Even in the United States, it has been estimated that from five to ten per cent of the population is infected with this germ, although the symptoms of amebic dysentery may not appear.

The dysentery problem is not a new one in warfare. In the Fourth Century, B.C., the historian Herodotus attributed the defeat of the Persian army to this disease.

In Korea a serious epidemic of bacterial dysentery broke out recently in the South Korean prison camps, adding to the multiple military and political problems already involved. Sulfu drugs were rushed in but with little success. Other drugs were tried, including the antibiotics. A week later all prisoners who had been given terramycin were free of the disease.

Amebic dysentery also appeared in Korea, but again terramycin proved the answer, knocking out the disease in all of 104 patients with only six relapses. Dysentery is one disease that may never have another chance to change the course of history.

### Buffalo Be Seen Waco Texas Fair

A herd of buffalo will be on display at the Heart O' Texas Fair in Waco, Sept. 26 through Oct. 4.

Fred Hall Sr., Valley Mills rancher, who owns one of the few herds in the Southwest, will lend the exposition a bull, 10 cows and a calf from the herd of 30 of the almost extinct creatures which live on the Three H Ranch. The ranch

derives its name from the fact that three Halls, the father and his sons, Fred Jr., and Robert, are associated in its management.

Hall has owned buffalo for several years and the animals are almost domesticated. In fact, the

## NEWS FROM STAFF

By Mrs. M. O. Hazard

Those who attended the Stanley party given in the home of Mr. and Mrs. George Fox last Monday evening were Mrs. Eddie Buchanan of Arian, Mmes. Tom Parrock, Martha Sellers and Mrs. Hoag of Eastland, Miss Gay Holt from Abilene, Mr. and Mrs. Gene Wood and Stanley, Mr. and Mrs. Oliver Cenet and Miss Louise, Mr. and Mrs. M. O. Hazard and Mr. and Mrs. George Fox, all of Staff. Delicious refreshments were served.

Mr. and Mrs. Walter Duncan were Eastland visitors Tuesday.

Mr. and Mrs. Spencer Hazard of Eastland, are having some im-

provements made on their farm home here.

We are glad to report Mrs. J. W. Mounce much improved at this time. Her friends wish for her a speedy recovery.

Mr. and Mrs. M. O. Hazard were Abilene visitors last Thursday.

Mmes. Floyd Crowley and C. L. Henderson were shopping in Eastland Wednesday afternoon.

Mr. and Mrs. O. T. Hazard had as guests last week, their daughter, Mr. and Mrs. Jack Cole.

Mr. and Mrs. Lonnie Crosby of Abilene, were weekend guests of his parents, Mr. and Mrs. Allen Crosby.

Mr. and Mrs. T. E. Pope and Mr. and Mrs. M. O. Hazard attended the revival service at Cheaney Baptist church Thursday evening.

The R. C. Reeves family visited with her parents, Mr. and Mrs. W. M. Hallmark in Clyde, recently.

Mr. and Mrs. Merrell Miller and

daughters from Snyder, were weekend guests of the C. L. Hendersons.

Mr. and Mrs. M. O. Hazard were in Eastland Saturday evening to hear Evangelist Ludwig at the Church of God.

Mr. and Mrs. Raymond Rogers from Anson were guests recently in the home of her brother, Mr. and Mrs. T. E. Pope.

Mr. and Mrs. W. E. Downing were Gorman visitors Thursday.

Mr. and Mrs. M. O. Hazard were in Eastland Sunday and attended services at First Baptist church, where they heard Dr. Springer from Dallas.

Mr. and Mrs. R. C. Reeves and children visited recently in Cisco, with Mr. and Mrs. J. C. Carr.

Mr. and Mrs. A. G. Crosby and

Judy Beth from Burkhardt, were weekend guests of their parents, Mrs. Bessie Bennett and Mr. and Mrs. Allen Crosby.

MT. VERNON, Ill.—"Tickets, please," said the man at the fair-ground gate when the Shrine Circus was in town. "Tickets, my eye," an angry motorist replied. "I'm trying to get to Harrisburg." He had been swept off the highway by the jam of circus-goers.

Mr. and Mrs. M. O. Hazard were in Eastland Saturday evening to hear Evangelist Ludwig at the Church of God.

Mr. and Mrs. W. E. Downing were Gorman visitors Thursday.

Mr. and Mrs. M. O. Hazard were in Eastland Sunday and attended services at First Baptist church, where they heard Dr. Springer from Dallas.

Mr. and Mrs. R. C. Reeves and children visited recently in Cisco, with Mr. and Mrs. J. C. Carr.

### Flexible, Double Life Fashions Favorites Introduced for Fall

The Fall wardrobe that takes you from city or town to country, must lead a double life! In it you need clothes right for town, and the more casual type to wear for campus or career. Active sportswear is another category, if you plan to attend the big game or indulge in some other outdoor activity.

Supple jerseys, lustrous velveteens and many modern-living fabrics are well designed to set you off in fashionable style. In strong demand are cottons in checks and those that look like worsted... as well as cotton velveteens and corduroys. Corduroy, a perennial, is more important than ever, since it goes smoothly from campus to town. Wool tweeds are sure favorites for Fall... especially shown, this year, in unusual patterns. Flannels, all wool or combined with orlon, are good selections, too. Last but by no means LEAST are the wonderful WASHABLE black velveteens in classic or dressy styles. Yes, these are the fabrics and fashions that are proven successes for your Fall wardrobe.

The slim skirt and boxy jacket carry over into winter fashions and become a flattering and useful costume. Old favorites, the two piece costume, teaming a jacket and a separate skirt, frequently have the new tulip or slim silhouette.

For those of you who find the slim silhouette a favorite, let your choice be something from the collection of California's designer, Stephanie Koret. Typical approach to a glamorous, dressy, yet practical wardrobe for Fall and Winter, are her washable Victoria Velveteen and Tubinyl "Pair-Offs." Tubinyl, a modern-living fabric of soft acetate and nylon, is permanently pleated and tucked in a sheath-type dress. Other Tubinyl fashions include the concertina skirt, the softpleat skirt... dressy and casual blouses.

Stephanie Koret's sophisticated black velveteens include jackets, slim and soft flare skirts... an embroidered weskit and a lustrous after-five dress, highlighted with black satin piping.

Whether you plan a Fall vacation—a trip back to college—a day in the office—or dining and dancing in town, these are the ensembles with real fashion appeal. Flexible and versatile, with the accent on fabric and slim lines, they all lead to a wonderful double life!

### INTRODUCING... THE 1953 RANGERS

(This is another in a series of pre-season newspaper sketches of members of the promising 1953 football squad of Ranger Junior College.)

### Fred F. Vinson

A new block for the 1953 forward wall of Coach Dick Henderson's 1953 Ranger Junior College Rangers will be hefty Fred F. Vinson.

FRED F. VINSON  
240-Pound Hefty Due To Bolster Big Purple and White Line.

### ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set. Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

### YOUR SEED DEALER... Knows Blue Tag Brand Field Seeds

YOU CAN TRUST THEIR QUALITY BECAUSE BLUE TAG BRAND SEEDS ARE SELECTED AND PROCESSED BY AN OLD RELIABLE FIRM!

TERMINAL GRAIN CO. FORT, WORTH, TEXAS  
"OVER 45 YEARS OF CONTINUOUS QUALITY"

son, 19-year-old Memphis High line star.

Vinson—better known as "Freddie"—was an all-around athlete during his career at Memphis High. He played football, tennis, baseball and was a member of the MHS track and field squad.

But in the grid sport the 240-pound husky really sparkled.

The 5-foot 11-inch guard lettered three years in football, one season on the diamond, three years in track and one year for his tennis-playing.

He was an all-district guard in 1951. In addition, he also was named to a guard post on an all-regional team for the same season. He played in the Green Belt all-star high school grid classic in 1952. He was coached by the well known "Chuck" York of Brady.

The blue-eyed, dark-haired gent is the son of R. C. and Ruby Rhoe Vinson of Iowa Park and has one brother and three sisters. He was born and reared in Memphis.

The new addition to the very promising 1953 Purple & White RJC squad hopes to receive a degree in business administration at the conclusion of his collegiate career. He plans to attend Ranger Junior College during his freshman and sophomore years and then he'll enroll elsewhere to take the final courses required for the BBA degree.

He's a member of the Methodist Church and spent the summer in the employ of the Lone Star Gas Co. and the PMA office.

While returning from his North Pole discovery in 1909, Rear Adm. Robert E. Peary predicted "the aviators will be up here." Now daily flights are made over the area. Peary was also among the first to prophesy the importance of military supremacy in the air, says the National Geographic Society.

### NEWS FROM CHEANEY

Mrs. Bill Tucker

Many visitors have paid calls in the John Tucker home the past few days, since Ellen, who has been an invalid for three and a half years, suffered another slight stroke on Sunday. Her condition is improved.

Mr. and Mrs. Charlie Miller of Muleshoe, came Tuesday night. Mrs. Miller is a niece.

All the many nice offerings of food, the contributions from the Alameda Church of Christ, and kindness from everyone is very deeply appreciated by the family.

On Tuesday Mr. and Mrs. Ben Freeman went to the funeral of a relative who had lived near San Saba. He had been in ill health a long time.

Mr. and Mrs. Luther Moody have sold their farm to Mr. and Mrs. Wade Graddock of Grand Prairie and Mrs. Craddock's father, C. R. Rogers, will live there next year. Mr. Moody will continue work with Lone Star Gas Co. and they will live in Ranger.

### Personal To Women With Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 80 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 million kidney tubes and filters flush out waste. Get Doan's Pills today!

Mrs. B. A. Highsmith and Mrs. Doris Highsmith visited Billy A. Highsmith in Camp Chaffee, Ark., over the week end. Billy is expecting to be transferred soon.

Arthur Love, Jr. left St. Louis to return to Fort Sill, Ok. Further assignment. He is home from Korea July 28.

Mr. and Mrs. Frank Pote and the John Tuckers on Tuesday night to hear Bro. John O'Doud who is holding a gospel meeting here again this year.

Mr. and Mrs. Joe Butler are expecting their daughter Goldie and family to come for a visit the first week in September. Mr. Compton is being transferred from California to Weatherford, their former home.

Wedding bells rang out Sunday for Ray Blackwell, son of Mr. and Mrs. Bud Blackwell and Miss Jane Thompson of O'Donnell where the bride is a teacher, Ray is employed

# Church... Society ... Clubs

## Home Makers' Class Will Meet Sept. 15th In Timmons' Home

The regular monthly social of the Home Makers Class of the First Baptist Church will be held September 15th at 7 p.m. in the

home of Mrs. Carl Timmons, 1304 South Seaman Street.

This will be the first social meeting for several months and will be the regular covered dish supper. All members and social members were invited.

## Christian Church Annex Scene of Early Morning Breakfast Tuesday

Mrs. Winnie Wynne, president, was hostess Tuesday morning to members of the Christian Women's Fellowship, when she entertained with a breakfast, opening the new year's activities and honoring Mrs. J. C. Freese, fellow member, with a stork shower, in the annex of the First Christian Church.

The room was beautifully decorated with garden flowers. The breakfast table, laid with white linen, was decorated with purple thistles and Snow on the Mountain. The menu consisted of fruit juice, bacon, eggs, hot rolls and coffee. Mrs. T. A. Bendy gave the invocation.

Mrs. Wynne presided and welcomed the guests, and presented Mrs. E. K. Henderson and L. E. Huckabay. Mrs. Henderson gave the devotional and Mrs. Huckabay presented the Mission study on Latin America.

Many lovely and useful gifts were presented to the honoree following the program.

Others attending were Mrs. R. I. Todd, Pat Murby, Cyrus Young, B. F. Hanna, B. H. Clifton, O. R. Scott, Joe Tow, L. C. McNatt, Carl Garrett, Eugene Day, Nell Day, Wayne Caton, H. L. Sheppard, Mable Scott, E. E. Wood, Otto Marshall, Lon Horn, N. T. Johnson, R. I. Malone, T. L. Cooper, Eldress Gattis, W. Q. Verner, J. W. Cox, Millie Brittain, T. A. Bendy, J. W. Watson, W. H. Ferrell, Vernon Humphrey, Cyrus Miller, H. B. Williams, M. G. Cartwright, H. B. MacMoy, C. A. Peterson, W. E. Tankersley, R. L.

Carpenter, Miss Sallie Day and Mrs. R. L. Watson, a guest.

## Wingates Return From Vacation Visit With Son

Mr. and Mrs. G. L. Wingate returned Wednesday from a 11-day vacation trip during which they visited with their son, Gary, who is stationed at Scott Air Force Base at Palmyra, Ill.

Young Wingate is attending an Air Force Personnel School and will have leave to visit home on completion of the course, Sept. 15.

Wingate stated that Bellville is 20 miles from St. Louis and that they are experiencing a drought such as we have gone through. The temperature was 79 at 6 a.m. when they left Oklahoma City early Wednesday morning. The temperature was 67 degrees.

The only rain encountered on the trip was between Eastland and Pres-ken's ridge just after noon Wednesday.

## Children's Hour Will Be at 10 a.m. Saturday

The children's story hour, sponsored by the Thursday Afternoon Club, will be resumed at 10 a.m. Saturday at the Woman's Club, Mrs. M. A. Treadwell Jr., announced today.

Mrs. C. Melvin Rathel will be in charge of the story hour, she said.

Recent visitors in the home of Mr. and Mrs. Finis Johnson and family were Mr. Johnson's sister, Mrs. A. A. Bearden and son, Eugene, his mother, Mrs. Fannie Johnson all of Chandler, Ariz., and Mr. Johnson's aunt, Mrs. Bell Smith of Tucson, Ariz. and Mrs. Ila Hendricks and children of Ft. Worth.

Mr. and Mrs. H. L. Hassell and family spent the weekend in Dallas, where they visited with Mrs. Hassell's parents, Mr. and Mrs. M. A. Dudley, Dallas.

## Try Pineapple Crunchies for a Tea-Time Treat

Each cookie wears a crown of crushed pineapple and chopped nuts.

Crunchy little cookies made easily and quickly in the cool of the morning! Then you have on hand a fitting and delicious accompaniment to cool drinks and gracious hospitality. Serve these Pineapple Crunchies with tall frosty glasses of cold, cold beverages—maybe a fruit juice combination, maybe iced tea—but coffee. They are also the ideal accompaniment to serve with ice cream for dessert.

### PINEAPPLE CRUNCHIES

1 (No. 2) can of crushed pineapple  
1 1/2 cups sifted flour  
1 teaspoon soda  
1/2 cup butter or margarine  
1/2 cup chopped nuts  
1/2 cup brown sugar  
1/4 cup granulated sugar  
1 teaspoon vanilla  
1/2 cup corn flakes

Drain pineapple; reserve syrup. Sift flour and soda together. Cream butter and sugar, add flour mixture, vanilla and 1 tablespoon of pineapple syrup. Stir in corn flakes. Press into balls, 1 1/4 inches in diameter. Place on cookie sheet and make an indentation in each with thumb or thimble. Fill with crushed pineapple and sprinkle with walnuts. Bake in a moderate oven (350 degrees) about 20 minutes. Yield: 2 1/2 dozen. NOTE: Store uncovered.

## TFWC To Observe Americanism Week, September 13-19

Plans for observance of Americanism Week September 13-19 by the Texas Federation of Women's Clubs were launched today by Mrs. Van Hook Stubbs, president. September 17 is the 166th anniversary of the signing of the Constitution.

Raising funds for restoration of Independence Hall at Philadelphia is a special project which Texas clubwomen are being urged to support. The state's part toward the \$250,000 restoration has been set at \$7,000 by the General Federation.

Asking that every Texas club participate is Mrs. Florence Johnson.

## B.F. Goodrich Tubeless Tire

Protects Against Punctures, Skids and Blowouts!

In 5 years of use, BFG Tubeless Tire protection against all 3 major tire hazards, PUNCTURES, BLOWOUTS, and SKIDS, has been proved over and over again by motorists. Its LIFE-SAVER Tread has thousands of tiny air-blocks that stop you quicker on slippery roads. And it costs less than a regular tire and air blowout-protecting tube!

Charles COBURN Cartoon and News

ron Scott of Rio Grande City, state Americanism chairman for the Texas Federation and past president. She says "We cannot let the shrine where the Declaration of Independence was adopted, the Constitution drafted, and our first president installed fall into neglect."

The emphasis on Americanism was initiated by Mrs. Oscar Ahlgren, national president of the General Federation of Women's Clubs. Her announced objective is to focus attention on the benefits of American democracy with its opportunity for achievement built on respect for the rights of the individual.

Texas clubs are being asked to carry this fall's program emphasizing a return to basic American principles into the schools of the state. An essay contest on "What America Means to Me" will provide the winning high-school entrant on a trip to Philadelphia, Washington, and New York.

The original essay—between 800 and 1000 words on 8 x 11 paper, one side only—must deal with the freedoms provided by our Constitution, the struggles of our forefathers for freedom preceding the signing of the Declaration of Independence and the adoption of our Constitution, and their significance in forming our American heritage.

Mrs. Scott as state chairman suggests that local clubs stage essay contests, and send the winners to her by November 1.

Club program emphasizing American history and principles, the difference between democracy and communism, recognition of new voters, and related projects will play their part in state-wide club participation in Americanism Week and the accompanying educational program.

## The Auto is a Dandy but a Death-Dealer

A lot of people imagine the automobile to be a wonderful plaything like a shining toy, but actually it is a death-dealing machine. The National Safety Council says the average motorist makes from 20 to 50 decisions an hour. What happens if only one of these decisions is wrong? In heavy going a driver is never more than one second away from an accident. So folks go right ahead but don't blame us if you never come back.
