Yesterday's hot article on peppers, is still fresh on our mind and lips—we just can't forget it until it wears off. Water, soap and creams merely scatter the heat, and we have taken the pledge—no more hot peppers for us. We've done this many times.

So today we have chosen a "cooler" subject, and a subject that should be of interest to all.

We attended a fire late Wednesday, as did most of the people in this fair city, and we made an effort to count the cars parked in the region of the fire. By the time we had counted to 197 the fire had been quenched and people were leaving. So we'll never know just how many were there.

Streets were blocked for about two blocks in every direction. Half of them parked on the wrong side of the street, some crosswise, while others nosed into yards and private driveways. And all of this was dangerous and unnecessary. With the exception of a few cars driven by volunteer firemen, other people and cars merely retarded the work of firemen. Sight seers should not attend fires, for they usually get in the way.

We overheard some complaints, and from the best we could gather, fire truck chasers may begin taking home souvenirs in the form of traffic tickets. Firemen need all the room they can get for their trucks, pumps and hose lines, and they should be given due consideration.

Visitors cannot render aid—merely get in the way of those who do work. A word to the wise should be sufficient.

Yes, we were there, but it must be remembered that newspaper reporters constitute a "necessary evil", and for this reason are permitted to chase ambulances and fire trucks. Yet one of these days we may have the living day lights knocked out of us.

And while we are thinking about it we would like to say a few words about taxes. Most everybody admits that they are too high, but we have gotten into such a mess trying to keep the world's bread basket full, that taxes of necessity will be high for some years. This is to be expected.

Yet what we really wish to mention is the Three-D plan now existing. Three-D simply means triple taxation, and you won't have to use polaroid glasses to see the injustice in the thing.

Here is how Three-D taxation works against the investor—the man whose savings pay for the costly tools that provide employment and make possible our tremendous production:

First he pays tax on his earnings, but if he can save some of this money he is free to invest this balance, which has already been taxed. If the investor has purchased stock in a corporation, the corporation pays a tax on whatever it earns before paying the investor.

Then the investor, finally, must pay a tax on the dividends he receives from the corporation profits.

The investor's dollar has thus been exposed to three tax contributions. He pays income tax on taxed dividends of taxed savings. If this is fair we are a chilling Chinaman. Figure for yourself.

On September 15, 1950 elements of the First Marine Division with the support of heavy naval gunfire and carrier aircraft, made an assault landing on Wulmi Island off Korea at 6:30 a.m. and, after landing craft were regrouped and the tide was favorable, followed up at 5:30 p.m. with the successful assault of the main-land at Inchon.

Birdwell Rites This Afternoon In Mineral Wells

Funeral services for John William Birdwell, 76, Palo Pinto County Democratic chairman, Baptist layman and longtime attorney at Mineral Wells, will be held at 3:30 o'clock this afternoon at the First Baptist Church, Mineral Wells.

Burial will be in Woodland Park in that city.

Birdwell was born in Johnson County but had lived in Palo Pinto County virtually all of his life. He died Wednesday in a hospital.

He was a former city attorney and county judge and had practiced law at Mineral Wells more than 40 years. He had served as deacon of First Baptist Church for 50 years and was a longtime member of the board of Buckner Orphan Home, Dallas.

He had been moderator of the Palo Pinto County Baptist Association and at his death was a member of its board. He had served also as president of the Old Settlers Reunion.

Birdwell was past president of the Rotary Club and was a former grand chancellor of Texas, Knights of Pythias. He also was a Mason and a member of the Woodmen of the World and Odd Fellows Lodge.

He is survived by his wife; a daughter, Mrs. Lura Bess Gillespie of Fort Worth, and a cousin, Mrs. J. E. Johnson of Mineral Wells.

Parking Ticket Job Isn't Easy One, Says Cop

AKRON, Ohio — Ever think you had the perfect excuse that would get you off from a parking ticket charge? Don't try it here, because Art Wiegley, police cashier, and his assistant, Mrs. Dora Ritchey, have faced everything—even the motorist who wasn't a bit angry.

"We get a lot of wild ones," Wiegley said. "We have to get a policeman to cool them down."

Practically no one believes he is in the wrong when he finds one of those discouraging tags stuck under his windshield wiper, according to the clerk.

Probably the man who was nearest right was the one who got a ticket for parking across a driveway—a driveway that happened to be his own, but "How could the officer know that?" Mrs. Ritchey said.

The chagrined motorist was caught two ways, because it turned out his driveway was too narrow for his car, so he had to park in the street. He vowed to have curbing put across it so it would seem officially—to be a driveway.

Threats of political repercussions are common, as are the vague threats, such as "I'll get him some day." The clerk tend to consider these as just so much steam being let off.

The motorist who wasn't angry? That was C. Roy Burket, who paid for the only ticket he had received in 30 years of driving.

"Yep, they done me dirty," he said cheerfully—and paid up.

In 1900 there were about 100,000 wooden cigar store Indians in the United States, but the number has dwindled to an estimated 3,000 today. Sidewalk obstruction laws and changing fashions in store displays have caused their disappearance, notes the National Geographic Society.

DURKIN'S SUCCESSOR?

White House officials are reported to be considering Gov. Alfred E. Driscoll, of New Jersey, as a possible successor to former Secretary of Labor M. Martin P. Durkin, who has resigned.

Texas Murder Rate Third In U. S., Says FBI

Some six Texans out of every 100,000 residents have been murdered this year, the FBI announced Thursday in a semi-annual report.

The Texas rate of 6.06 persons murdered per 100,000 inhabitants is third highest in the nation. The national rate is 2.35.

The report, based on the 1950 census and covering the first six months of this year, says Houston is the fourth U.S. city in the number of murders committed. Houston is 17th in population.

Dallas, the 22nd city in population, ranks 11th in the FBI report.

The FBI survey also rates robberies per 100,000 persons. Texas is ranked 16th in this poll with a robbery rate of 23.0, compared to the national average of 30.1.

For other crimes listed by the report, Texas ranks nationally:

1. 14th in assaults,
2. 4th in burglaries,
3. 10th in thefts,
4. 6th in autos stolen.

In 1953's first six months, 1,047,290 major crimes were committed, or one every 1.49 seconds. Crimes against persons nationally increased in 1953, 7.2 per cent over 1952's comparable period. Crimes against property increased 2.2 per cent.

The Gormanites, first Eastland County grid club in action two weeks ago, dropped their opener to the DeLeon Bearkats of District 7-A, but opened their 1953 13-B title conquest last week with a 26 to 12 over the Carbon Wolverines.

Milburn McCarty, Home Town Boy, Heads New Firm In New York City; Former Reporter On The Telegram

NEW YORK, N. Y. The forming of a new public relations firm—Milburn McCarty Associates—was announced yesterday by Milburn McCarty, Jr., vice-president of Douglas Leigh Inc.

McCarty is relinquishing his post with the Leigh enterprise to head up his own firm, but will have two principle Leigh accounts—Douglas Leigh, Inc. and Leigh Foods, Inc.—as the nucleus of his new business. He will also handle the new TobyJell campaign for American Brands Corp.

Office of Milburn McCarty Associates will open October 1 at 276 Park Avenue, with a branch at the Evans Building in Washington, and another office planned for the West Coast.

During his seven years with Leigh, McCarty has directed all public relations and publicity activities on Leigh "spectaculars" and billings, and he was one of the key figures in the launching and marketing of the Flamingo products, as well as an original Flamingo stockholder.

A Matamoras graduate, and former reporter for the Eastland, (Tex.) Telegram and Dallas News, McCarty came to New York and worked for the Herald Tribune and The New Yorker magazine before becoming an account executive with Steve Hannegan, the famed publicist who died early this year.

While still in his twenties McCarty was picked by Secretary of the Treasury Henry Morgenthau to be Chief of War Bond Publicity, and he originally set up the press campaign which helped sell \$250,000,000,000 worth of War Bonds. He resigned this position to become a Combat Correspondent with the U.S. Marines, seeing action in five major battles and receiving a Commendation Ribbon from General Vandegrift for his "meritorious performance."

Mavericks Will Tackle Bluecats Here Tonight

It's one down and nine to go for the Eastland Mavericks as they lower their sights on the Coleman Bluecats tonight at eight o'clock in Maverick Stadium. The Mavs will go into the fray with Coleman in good condition except for the usual bumps and bruises, and should have every starter ready to do battle.

The Bluecats are fresh from a one touchdown victory over a potent Anson eleven, that has boosted the cat stock high up the football ladder. Coaches Harold King, Charles Jetton and Glen Whitis will bring a big and powerful machine to Eastland tonight, manned, in the main, by seasoned seniors. Eight of the starting eleven will be seniors and their remaining three from the junior class.

In the last six years the Mavericks have been the victors on only two occasions, and the pre-game

forecasters give the Bluecats a decided edge in tonight's conflict. Hope for a Red and Plack victory will ride with the Maverick defensive combination, which functioned so well against Cisco last week, as Clyde Moore, Clyde Ewart, Charles Collins, Neal Edwards, Sean Harris, Jamie Jessop, Fred Williams, Bobby Cooper, and Doug Williamson consistently dropped Lobo ball carriers for losses.

The offense again will depend on the ball totin' ability of Jessop, J. D. Hanson, Pierson Grimsey, Bob Pittman and Vern Meroney.

The Bluecats will field a team composed of Powell and Griffin at ends, Stokes and Straughan at tackles, Tyson and Byerly at the guard slots, Jenkins at center, and Cleveland, Thompson, Johnigan and Davis in the backfield.

Courts In City Active; Trials To Begin Monday

Now that the hot days of summer have faded out, and most all vacations have been completed, courts in Eastland are grinding again.

The Court of Civil Appeals, with all members present, is gradually getting all its work up to date. This court, while not in the largest city in Texas, is recognized as one of the best in the state.

The grand jury has been in session this week, and three new indictments were voted. These added to old cases, both criminal and civil, suggest busy weeks for the fall months. A new petit jury will be impaneled Monday morning and a number of cases have been set for trial. Among these will be found the following cases:

Monday, Sept. 21, will be Carson vs. T & P Railway Co., West & Co. vs. Davenport, and State of Texas vs. Smith.

On Sept. 28, the case of Reimers vs. Ashley has been set for trial. On the week of Oct. 5, a case styled Lee vs. Townsend will be heard.

On the week of Oct. 26, cases of Evans vs. Russell, in the matter of Lucy M. Carter Est., Page vs. Liverett, and Sublett vs. Greyhound Bus Lines.

The New York Herald-Tribune, under date of Sept. 9, carried notice concerning the new organization.

Humble Begins 20th Season of Grid Airings

Southwest Conference football games will be brought into the living rooms of Texas fans via radio this season for the 20th consecutive year by Humble Oil and Refining Company.

A full schedule of Conference games plus all inter-sectional games played by Conference schools will be broadcast over networks comprising 58 Texas radio stations. Forty-five games in which Conference schools appear will be heard on the radio. Schedules are so arranged that fans have a choice of several different broadcasts each weekend.

West Texans will be able to follow Texas Tech games over a network of West Texas stations in other Humble broadcasts.

Kick-off of the Conference broadcasts will be Saturday, when Baylor faces California, Rice plays Florida, Texas A&M opposes Kentucky, TCU battles Kansas, and Texas faces LSU.

Kern Tips of Houston, well-known play-by-play announcer who has handled Humble's Conference broadcasts for the last 18 years, will head the announcing staff. On

the staff are such familiar sportscasters as Ves Box of Dallas, and Joe Ferguson.

Supplementing the football broadcasts will be a 30-minute TV program on Monday and Tuesday nights. The program, which replaces "Texas in Review" during the football season, will show highlights of the preceding Saturday's games.

Kern Tips, who knows Conference teams and style of play, will comment on the highlight plays. He will explain how the interesting plays came about.

The football highlights program will be telecast on Monday nights over WBAP-TV, Ft. Worth; KRLD

TV, Dallas; KPRC-TV, Houston; KWFT-TV, Wichita Falls; and KRBC-TV, Abilene.

On Tuesdays it can be seen on KTBC-TV, Austin; WOAI-TV, San Antonio; XELD-TV, Brownsville; KDUB-TV, Lubbock, and KTXL-TV, San Angelo.

President Calls Committee Chrm. For Meeting

Mrs. Horace Horton called all committee chairmen of the Civic League and Garden Club to a meeting at her home Thursday evening for a get-acquainted with each other and to exchange ideas for the betterment of the year's work.

The duties of each committee was discussed and the personal read by the chairman.

One new committee has been added, Mrs. Horton said, and is an Art Committee, headed by Marlene Johnson.

Her committee members, who have worked with her through out the summer are: Mmes. Jack Germany, D. L. Houle, Samuel Butler and James Horton.

Mmes. Jack Chamberlain and Jay Whately were commended for the good work of their committees during the recent Horned Toad Derby.

Coffee and cake were served informally from an attractively laid refreshment table. Mrs. Butler poured.

An arrangement of Zenias, Marigolds and Celosia decorated the living room.

Present were Mmes. James Horton, Murrell, W. S. Poe, Whately, Chamberlain, W. W. Linkenhogger, Don Parker, Joe Stephen, and the hostess and president, Mrs. Horace Horton.

Hospital—

(Continued from Page 1)

Formula and procedures are carried out with strict aseptic technique, each bottle and nipple are wrapped separately and autoclaved. Each infant when admitted to nursing is provided with an identification bracelet. When he is dismissed he is given a birth certificate by the Eastland Memorial hospital, with baby's foot prints and authentic information of the infant's birth. The hospital seal is attached.

When your new born baby cries it is its first demand to life as an individual. It's your duty, as parents, to give it the best care possible in the first few days, in order that he or she may make the first adjustment to living in a new world.

Be assured the Eastland Memorial hospital would not have been approved by the State Health Department had it not met all the requirements that your baby will need. Regardless of where the doctor of your choice lives, the nursery on Hospital Hill is for you and your doctor is welcomed by the staff doctors as well as Supt. Grace R. Reed and her nursing staff.

Remember? Only fourteen months ago this same nursery was only unfinished rooms until Mr. and Mrs. H. B. MacMoy, our double duty citizens, offered their service as volunteer workers.

The nursery, that room within a room, was assigned to them as their special project. Each work
