New Telephones From Old

NOTHING IS WASTED in the telephone business. No stone is left unturned in our efforts to hold down the price of good telephone service. Telephone instruments, for example, are used and re-used. When a telephone is removed from a home or office it is checked. If anything is wrong, it is repaired, cleaned, refinished before it is re-issued, every bit as good as new. Economies like this help us keep your telephone service high in value - low in cost. SOUTHWESTERN BELL ... A TEAM OF 27,600 TEXAS TELEPHONE PEOPLE ... AT YOUR SERVICE.
