AND WEEKLY CHRONICLE

VOLUME TWENTY-FIVE

No. 90

EASTLAND, TEXAS, TUESDAY, SEPTEMBER 29, 1953

PRICE FIVE CENTS

### AROUND THE SQUARE

While nothing like a "boom" exists in Eastland at this time, economic conditions are better than we have seen in a long time. People simply look better, feel better and are better, and the reason for this is rain and good crops, fat cattle and good, at least fairly good, grazing.

You can't get all the birds in a bush, but there are about as many birds in Eastland county bushes as you will find in any other given territory.

For instance we depend on several things to make up our general economy. Farming, the diversified kind, is one of considerable importance. Peanuts may be our leading crop, but grain, cotton, fruit, melons, etc. are not to be overlooked. And this year these crops are good. Peanut harvesting is well under way, and many peanut growers are harvesting on the average of forty bushels to the acre. These peanuts are testing out well and prices are very attractive.

The cotton growers are to gather a splendid crop, and those who raised grain know what happened when it was harvested. We had some 15-20 bushel wheat, and that is good for most any section. Cattle have been reduced in price, though not in quality or quantity. The cattle growers are coming back better and stronger than ever before.

Then we have our oil industry, and our numerous manufacturing plants. All of these help, so why not take off a few minutes, count all that we have, and learn that we are in as good shape as other Texans?

Two years ago Wednesday we arrived in Eastland. We came here, we wanted to come, and we came for what we hoped would be "for life." This column is almost two years old, and it is with reluctance that we are to give it up. Circumstances beyond our control have arisen, and we are now getting ready to sing our swan song. We shall be around a few more days to aid our employers and co-workers.

We have enjoyed our stay, and have the kindest feeling toward those with whom we have worked and served. And at this time we wish for them only the good things of life. May the change bring about peace and understanding and ultimately growth and prosperity, is our wish. And—

Only for the fact we are not leaving Eastland our heart might be filled with sadness.

But we are staying right here in the city of our choice—with the people we have learned to know and love. It will be alright with us to remain until our time shall be more. We had just as soon as the Lord in Eastland as in any place we know, and so long as we are here we will know that we are among Christians and friends.

We have dedicated our remaining days to the Cause of Christ, and to the good people of this area, and just a little later we hope to be able to introduce you to "The Christian Leader," a small weekly publication, which will live up to its name—Christian.

When you get your sample copy you will know just what we mean.

We have faith to believe that God will care for us, even though He may be forced to call in the ravens to feed us. We still believe that Elijah's manna was real, and that God will care for His own.

"Let all things be done decently and in order."

## Prayer Revival Being Observed By Nazarenes

Members of the Church of the Nazarene are observing a prayer revival. The pastor addressed the audience Monday night, and visitors from other Nazarene congregations will be present each night this week, through Friday.

All members are urged to attend and visitors are cordially invited.

## ROTARIANS HEAR ADDRESS OF SUPERINTENDENT WOMACK

While it was Earl Bender's program, Supt. W. G. Womack of Eastland schools delivered an address at the Rotary Club Monday that will long be remembered by those who heard him.

To begin with Mr. Womack has been here for a number of years, and he knows the Eastland school system like a book. He knows of its ups and downs, but is still a pronounced optimist. "Schools today are still doing good work," he said. There is a reason for this, and one of the chief reasons may be summed up in one word—"teachers." There are 33 teachers, and all of them have a degree. No less than 17 of them have earned their Master's Degree. This is said, is much better than the average school can boast.

Supt. Womack is to be commended for his good work when he came to choosing and holding good teachers. Graduates from this school rank very high when they enter colleges and universities. In Austin at State U. they are always accepted in the upper five per cent of good students. The reason for this reverts back to Eastland where they obtained a proper educational foundation.

Mr. Womack gave a school report of the Eastland schools as of now. Attendance this year is not quite so large as last year, though there is plenty time to make up any loss shown now. High school and junior high, show increases over last year, but in the grade schools, especially the lower grades, there is a modest loss of pupils. This is no fault of the schools or teachers, but indicates that certain transient citizens are moving on.

Under direction of 28 class room teachers, pupils are making steady progress. And it is only fair to say that enrollments are being made almost every week.

Concerning the cafeterias, the superintendent said they are all that one could want. Good, wholesome food is served at a minimum of cost, and a few pupils, unable to pay the price, are taken care of free of charge. Meat and milk are on the daily menu, and this means a balanced diet for every child in school. More than 52,000 meals were served to children last year.

There is no cafeteria at the Douglas (col) school for the simple reason there are not enough pupils to justify opening the cafeteria. However some special provision will likely be made just a little later.

Charges for meals this year are 30c for high school students and 25c for grade school pupils, with teachers and visitors paying just a little more.

A good, hot meal has a tendency to keep attendance up, the speaker stated.

Quite a few improvements are to be made at the Douglas school. Work in general is progressing as well as could be expected, but it keeps all faculty members on the alert.

Mr. Womack's remarks were to the point and were well received. In fact members from the audience asked many questions at the close of the address, and all questions were answered.

## Quarterbacks To Erect New Press Box At Stadium

The Quarterback Club met in called session Monday evening at the high school auditorium, with a representative attendance.

Many business matters were discussed and final action was taken on a portion of these matters. A report was made on the new sprinkler system recently installed at the football field. The new sprinkler is sufficient in size to water half the field at one time. And now that water is plentiful the club plans to see that the field is in good shape at all times.

Mention was made of a big barbecue, and a committee was appointed to look into costs, etc. Checking will begin at an early date.

The matter of erecting a new press box was discussed, and later the club ordered the new box, awarded the contract to Milton Day, and Mr. Day is to have the box completed in time for the game Friday night, when Eastland and Ranger clash.

After the business session members and visitors enjoyed a film portraying the Eastland-Cisco game. This was greatly appreciated.

## Little Items Of Local Interest

With the new Eastland-Ranger game and dam well under way, and workers now completing pipe lines on both cities, it appears that we are getting nearer and nearer to "plenty water for all purposes." Right now pipe line workers are near Olden, and within a few weeks, Eastland's end of the line will be completed.

The school census, usually taken during the month of June, has been changed to January, it has been learned from reliable sources.

Plans are urged to attend and boost for Eastland's coming winners.

## Budget Slash Saves \$5,000,000 For Eastlanders

The \$12,700,000,000 cut from the 1954 Truman budget by the recent session of Congress saved Eastland County families about half a million dollars.

At least that's the estimate based on the declaration of Dan L. Grant of Houston, regional manager of the National Assn. of Manufacturers who declared that the budget slash saved Texas families an average of \$250 each in federal tax liabilities.

Mr. Truman's appropriation requests were in fact cut by \$14,100,000,000, Grant said, but \$1,400,000,000 of the reductions applied to the budget for fiscal 1953.

Texas' share of the \$12,700,000,000 bill would have been \$542,270,000, Grant estimated. Statistics worked out by NAM he said, show that the average family's saving varies from a high of \$463 in New York State to a low of \$118 in Mississippi, according to the percentage of the total federal tax paid by each state. For each of the nation's 40,000,000 families the average would be \$314, he added.

"The people of Texas, like those in other states, were disappointed because we didn't get a tax cut this year," the NAM official emphasized. "However, the cut in appropriations was a step in the right direction. It can not be expected to produce a corresponding reduction in federal expenditures for 1954, because a large part of the rejected appropriations was scheduled for expenditure on aircraft and other hard goods in 1955 or later.

Businessmen, firms and individuals who have any way aided in making this project possible are being invited as honor guests. Come and bring the wife and enjoy a pleasant hour. In all probability there will be more than 100 white guests present, and they will be cared for in a manner to their liking.

Remember the time, Wednesday evening, Sept. 30, at 6:30 p.m.

## Change Plan For Training U.S. Draftees

The Army streamlined its basic training procedures for draftees to get them ready for combat sooner and save money at the same time.

For one thing, except for the "minimum" necessities, the new recruit will not be issued his clothing for five weeks. The Army pointed out that "most trainees experience changes in their physical measurements" during those first five weeks.

The draftee will no longer be given a 14-day leave after he completes the first 16 weeks of training. Instead, the seven-day leave authorized after seven weeks will be doubled.

The Army said most inductees will receive their second eight weeks of training at the same installation as they do the first eight weeks. This is designed to save travel time and expenses—although some will still be transferred for special training.

The Army said: "It is anticipated that the new plan will increase the productive service of most enlisted personnel by several weeks, and at the same time, effect a saving in money and some overhead personnel."

## Palo Pinto, 37 Counties Back On Relief List

The State Drought Commission, in session at Austin Monday, reviewed conditions in all of the Texas drought area and approved resumption of emergency feed shipments to Palo Pinto and 37 more counties.

Claude K. McCann, state drought committee chairman, said unseasonable high temperatures coupled with the lack of rainfall necessitated the move.

County drought committees will be furnished detailed instructions for taking orders. This brings to 86 the number of counties under the emergency feed program. Minor changes were made in the operating procedure of the program and will apply to all 86 counties, McCann said.

Counties reinstated for drought aid today were: Hutchinson, Roberts, Hemphill, Oldham, Potter, Carson, Gray, Wheeler, Randall, Armstrong, Donley, Collingworth, Swisher, Briscoe, Cochran, Hockley, Hall, Motley, Childress, Cottle, King, Stonewall, Hardeman, Wilbarger, Throckmorton, Wichita, Archer, Young, Clay, Jack, Montague, Palo Pinto, Runtels, Coleman, Brown, McCulloch, Kerr and Real.

Junior High Dogies are to clash with the Dublin team in Eastland tonight. The game will be played at Maverick Stadium and will begin at 7:30 p.m.

The Dogies are known to be good, and could very easily take a game. However, we have had no report on the strength of their opponents, yet a good game is expected.

Plans are urged to attend and boost for Eastland's coming winners.

## Colored People Plan Barbecue For Wednesday

Another barbecue for Eastland, and this time by colored citizens of this city, according to Sam Gamble, one of the ground-floor promoters for the Colored City Park.

The barbecue will be staged in the new park on Wednesday evening of this week, and by the colored people themselves, and it will serve a dual purpose. First the colored people will have an opportunity to say thanks to those who have aided them in this undertaking. They will be able to say "thank you" in a manner louder than words. And it will also allow them to joyously celebrate the opening of the new park.

Businessmen, firms and individuals who have any way aided in making this project possible are being invited as honor guests. Come and bring the wife and enjoy a pleasant hour. In all probability there will be more than 100 white guests present, and they will be cared for in a manner to their liking.

Remember the time, Wednesday evening, Sept. 30, at 6:30 p.m.

## Simulated Fire Drill Wednesday

In connection with next week's Fire Prevention observance, fire trucks and other equipment will go to the South and West Ward schools Wednesday morning for simulated fire drill.

Children at both schools will take part. All have had training and when the fire alarm is sounded they are to leave their classrooms in orderly fashion, just as though the alarm was real. If errors are made an effort will be made to correct them, so that in case of a real fire they may be able to escape without injuries.

## Peanut Market Good; Yield Is Above Average

The peanut season has opened with a bang. Trashing is well underway, and peanut producers are all smiling. The reason for this is that in most instances yields are good—many farmers making forty bushels to the acre, and of excellent quality.

Seventy basis is considered good and most crops will equal or surpass this count.

Prices are holding up well, in fact prices made a small advance Saturday. Today prices range from \$22.30 to \$22.40 per ton.

## Turkey Tour Is On Today

The annual tour of the Central Texas Turkey Growers Assn. is in progress today in the Rising Star area, according to Dr. Ben W. Bradley, president of the group.

Seven flocks, totaling 35,000 birds, are being inspected during the day. The tour began this morning at 9 a.m. from Rising Star.

During the morning the group visited the turkey projects of J. Elmo Smith, E. E. Winfrey, W. C. Witt, Cecil Carr and Dr. Bradley. The trippers returned to Rising Star for lunch and this afternoon they were scheduled to visit the flocks of W. B. and Lee Starr near Scranton and the Alvin Kincaid farm near Cisco.

Both baby beef bronze and a d Bellwhite white turkeys are being inspected during the tour.

## Final Rites For O. R. Wallis, 71, Set Wednesday

Funeral services for Orseneh R. Wallis, 71-year-old resident of Stephens County since 1919, will be held Wednesday afternoon at 4 o'clock at the First Christian Church in Breckenridge.

Rev. J. E. Montgomery, pastor of the church, will officiate during the final rites, and interment will be in Post Oak Cemetery.

Funeral services for Mrs. M. B. Nix, 82-year-old retired peanut farmer of Cisco, were held Sunday afternoon at 2 o'clock at the East Cisco Baptist Church, in Cisco.

Rev. Roy Haynes of Ackerly, Rev. F. C. Bradley Jr., pastor of the church, and Rev. J. C. Pelfrey, pastor of Calvary Baptist Church, officiated during the rites.

Interment was in the Pioneer Cemetery.

## M. B. Nix, 82, Laid To Rest At Cisco Sunday

Funeral services for Mrs. M. B. Nix, 82-year-old retired peanut farmer of Cisco, were held Sunday afternoon at 2 o'clock at the East Cisco Baptist Church, in Cisco.

Rev. Roy Haynes of Ackerly, Rev. F. C. Bradley Jr., pastor of the church, and Rev. J. C. Pelfrey, pastor of Calvary Baptist Church, officiated during the rites.

Interment was in the Pioneer Cemetery.

## Rough, Bitterly Fought Battle Cisco Whips Ranger, 20-7

yard stripe. On the first play following the recovery, Jim Adams took a nitchout from Bob Lynch and raced 40 yards around the Purple & White right flank to score the tie-breaking TD and move his marks out front. Glen Hutson booted the extra point from placement.

PIC's Charles Blanton fumbled on his own 23 to set up the Ciscoan's final tally of the night. Don Denard, ace Wrangler end, recovered the oval for the CJCent.

A pass—Lynch to Miller—was good for 9 yards and a first down on the 14. E. E. Reid slashed off 11 yards down to the RJC 3-yard stripe, and then Adams pounded through for two more to set the leather on the one. From three Hut Hutson pisted around right end to score. Glen Hutson's try for the point failed.

## Mary A. Blair Funeral Rites Set Wednesday

Funeral services for Mrs. Mary A. Blair, 66-year-old Ranger resident for more than 25 years, will be held Wednesday afternoon at 2:30 o'clock at the Second Baptist Church in Ranger.

Mrs. Blair died at her residence, 518 S. Oak St., Ranger, early Monday morning following a long siege of ill health.

Rev. D. D. Brian, pastor of Second Baptist Church, will officiate during her final tribute. Killingsworth Funeral Home, Ranger, is in charge of arrangements.

Mrs. Blair will be laid to rest in Evergreen Cemetery.

Funeral services for Mrs. M. B. Nix, 82-year-old retired peanut farmer of Cisco, were held Sunday afternoon at 2 o'clock at the East Cisco Baptist Church, in Cisco.

Rev. Roy Haynes of Ackerly, Rev. F. C. Bradley Jr., pastor of the church, and Rev. J. C. Pelfrey, pastor of Calvary Baptist Church, officiated during the rites.

### Olden P-TA Will Resume Meetings Wednesday Noon

The Olden Parent-Teachers Association will meet at noon Wednesday in the home of Mrs. Travis Hilliard for a covered dish luncheon and the first business meeting of the year.

### South Ward P-TA Schedules Bake Sale Saturday

The South Ward Parent-Teachers Association is sponsoring a bake sale beginning at 10 a.m. Saturday, Oct. 3, in the annex of the First Christian Church.

### Miss Grimes Pledges Tri Delta Sorority

Miss Mable Grimes, daughter of Mr. and Mrs. E. M. Grimes, recently of Eastland but now of Cleveland, who is a freshman at the University of Texas in Austin, has pledged Tri Delta Sorority.

Miss Grimes is a 1953 graduate of Eastland high school.

ATTEND THE CHURCH OF YOUR CHOICE EACH SUNDAY

## Church... Society ... Clubs

### Mrs. Henry Parsons Is Honoree At Stork Shower In King Home

A group of friends hosted a tea and stork shower Thursday evening honoring Mrs. Henry Parsons, in the home of Mrs. H. L. King, 613 South Daugherty.

Other hostesses were Mmes. C. M. McCain, Vernon Humphrey, Frances Zernial, Elbert Turner, Ben Mathews, Johnny Aaron, Earl Lewis, and Frank Stoker.

Mrs. King greeted guests at the door and presented each informally to Mrs. Waverly Massengale, mother of the honoree, the honoree, Mrs. Jodie Parsons, and Mrs. Mathews.

Mrs. Zernial registered the guests and directed them to the dining room, where the refreshment table was laid in a pink net tied cloth. An arrangement of pink and blue flowers was highlighted by pastel colors. Coffee, white cake squares, decorated with pink and blue rosebuds, nuts and mints were served. Dainty pink and blue mint cups were diaper shaped. Silver appointments were used. Mrs. Humphrey presided and poured.

Sue Stoker furnished background music throughout the call-

ing hours 7 til 9 p.m. The house was beautifully decorated with cut flowers for the occasion. The many beautiful and useful gifts were displayed in the bedroom.

About forty friends called including Mrs. H. D. Blair, Cisco; Mrs. James Matthews and daughter, Ivy Jane, of Moran; Mrs. W. E. Higginbotham of Cisco.

About fifty friends, who were unable to attend, sent gifts.

### Post Nuptial Shower Honors Mrs. Don Harris

Mrs. J. D. Harrell of Olden opened her home Thursday evening for a tea and miscellaneous shower honoring Mrs. Don Harris of Rising Star. Mrs. Harris is the former Miss Carolyn Burk of near Olden.

Hostesses were Mmes. Sandra Harrell, Margie Alforsy, and Elouise Horn.

Many beautiful and useful gifts were received and displayed.

### Tyler Texas Rose Festival To Feature Variety of Exhibits

A total of 250 dozen "queens of the rose world" in 150 varieties "Oscar" winners of this and past years will be exhibited in the Variety Section of the Texas Rose Festival's Rose Show in Tyler, October 2-4.

Delbert Thompson, chairman of the variety display will exhibit the roses on two tiers of redwood tables, each 56 feet long against a backdrop of native myrtle.

The choice bloom will be shown in vases instead of individual specimens for letter appraisal of quality and variety in all stages from bud to open bloom.

The flower lovers will also get a "preview" look at the unnamed variety being grown in the nation's best gardens which today are only numbers, but tomorrow may win the coveted All-American award.

Shown too will be Mohave and 1952, the 1954 All-American winners and tops in the rose kingdom.

In addition to the choice patented roses top product of the hybridizer's skill Thompson will have many of the old-fashion standards rarely seen in show rooms today. In this group will be many that grand olden recollections, including the hybrid-rose Devonian, Mrs. R. R. Cant Manman Coche and Pricher Von Marchel played.

In addition to the hybrid-teas, hybrid polyanthas will also be displayed.

Tyler's garden clubs will assign upwards of 200 persons, all skilled flower arrangers to combine their talents in preparing 60 niche arrangements to be featured during the three days of the show.

Mrs. T. J. Cassidy, chairman of the Artistic Arrangements Committee of the show, has announced.

A giant niche non-competitive and for decoration only, is to be arranged by Mrs. William Spears. This "knee size" niche will use clusters of flowers where one would ordinarily suffice to magnify the effect.

Tri-color awards a silver bowl will be given or the most outstanding exhibit in each class each day, if merited, said Mrs. Roy Smith, chairman of the judges committee.

The Rose Show will tie its theme to that of the coronation and parade "Festival of Fantasies," and depict this theme in artistic arrangements, niches and massed floral displays. Mrs. Robin H. Briens and Mrs. William Spears, Jr., schedule chairman, announced.

The greenhouse area of the new Rose Show building now being rushed to completion will be con-

verted to a floral garden with a green carpet of St. Augustine grass and rolling beds of roses on each side of the walkways. The garden will bring the "out-of-doors" to the indoors area with shrubs, trees and elevated terraces.

The live rose bushes in sunken beds will be covered with a profusion of colorful blooms.

In the show buildings to the right of the entrance hall will be massed the "Fantasy of Roses." Here a hundred thousand blooms will form a scintillating pattern of color. The pool with its water fountain will spray glistening dew drops onto the floating blooms.

Eighteen niches will line the walls of the showroom. Here artistic arrangements will be shown by garden clubs. This year for the first time in Festival history, no exact specifications have been drawn, and each exhibitor is allowed to use his own imagination.

The show will be housed in a functional - type building overlooking the new Memorial Rose Garden with its 6,000 bushes in 175 varieties. Its proximity will in reality make the garden a part of the rose show itself said Shelton.

In the "educational area" of the garden, which is a miniature rose field, visitors may see the rose understock or root plant its growth and how roses are lured, cultivated and grown in the fields.

The Rose Show will also feature an educational exhibit showing how to prepare rose beds, fertilize, choose rose bushes for quality, how to trim the canes and roots, plant and cultivate the bushes.

This exhibit is being prepared by Dr. E. W. Ivie, plant pathologist of the Rose Research Foundation.

### PERSONALS

Guests here over the week end in the home of Mr. and Mrs. Veon Howard were Mmes. Oral Vaden, Elizabeth Maricham, Lera Hogan, all of Stamford, who participated in the annual golf tournament at Lakeside Country Club.

Mrs. Herb Weaver visited Sunday in Waco with her son and daughter, Herby and Jana, who

### Mrs. Sam Gamble Given Farewell Party By Hostess Quartet

Mmes. Veon Howard, Joe Stephen, J. O. Earnest and Curtis Kimbrell honored Mrs. Sam Gamble, Monday evening when they entertained with a dessert bridge at the Woman's Club.

Mrs. Gamble is moving with her husband to Alamo, in the Rio Grande Valley, soon.

Eleven game tables, arranged for bridge, were laid with white linen and decorated with a half grapefruit holding a lemon drop tree.

Several friends were guests for dessert, but did not remain for the game period.

Mrs. Earl Conner Jr., was winner of high score and Mrs. Willis Smith was second high. Mrs. W. S. Poe was winner of the bingo prize.

The hostesses' farewell gift to the honoree was a novelty brass planter.

The clubroom was beautifully decorated with wild flowers, with the exception of the table, which was graced with an arrangement of yellow chrysanthemums, flanked on either side with the miniature lemon drop trees.

Mrs. Eunice Sellers of Abilene is the guest of relatives and friends here this week.

J. Will Carter has returned to his home here after having spent last week with his brother, C. S. Carter and Mrs. Carter in Fort Worth.

Mr. and Mrs. G. A. Plummer of Midland were here over the week end visiting with relatives and friends.

Mrs. Marguerite Welch has returned from a three-month visit with friends and relatives in Illinois, Indiana and Tennessee.

Mr. and Mrs. Joan McFarland and infant son of Jacksonville are the guests here in the home of Mr. and Mrs. Paul McFarland and Mrs. C. C. Martin of Olden.

### NEWS FROM

#### CHEANEY

Mrs. Bill Tucker

Little Dwain Brown, son of Mr. and Mrs. Kenneth Brown, Alameda, was burned with scalding water Thursday evening as his mother prepared to bathe the children. A smaller brother playfully shoved Dwain backward and he fell on his back into the tub, resulting in a large area of his back being pretty badly blistered. No serious after-effects are anticipated.

Mrs. L. L. Treadway, of Austin, was a visitor in the John Love home Saturday evening.

Mr. and Mrs. Richard Tucker of Ranger, made a round of calls Sunday in the Cheaney Neighborhood for lunch with her parents, Mr. and Mrs. William Melten, in the John Tucker home, and with their daughter, Mrs. Kenneth Brown and grandchildren, Sharon, Dwain and James.

Mr. and Mrs. Henry Walton of Sweetwater, spent Saturday night in the home of his brother, Mr. and Mrs. Jenn Walton and were

dinner guests Sunday, with her brother, the Aurthur Loves at Alameda.

We are in receipt of a letter, telling us of the safe arrival in Yokohama, Japan, on Sept. 2nd, of Mrs. Burley Saint and daughters, Sandra and Ann, ages 6 and 4, and the happy reunion with husband and daddy Burley Saint, after a 19 month separation.

Four small arms around his neck assured him of their affection and a great purple Or-lud was his gift to his wife.

These happy people are now at home in a nice, modern Government housing area, where everyone finds that southern Texas drawl quite fascinating.

Another interesting news item and picture in one of the Ft. Worth papers was one of small Judy Dwyer of Cleburne, cutting a huge birthday cake, at the anniversary celebration of the W. I. Cook Memorial Hospital Center, a few days ago.

The youngster is the daughter of Mr. and Mrs. W. I. Dwyer, of Cleburne, and is a post-polio patient. The mother of this little Miss is Jimmie Nell Sullivan, former teacher in the Alameda School, who made many friends here at Cheaney while living here with her parents, Mr. and Mrs. Carl Sullivan.

Mr. and Mrs. Joe Butler had as their guests during the weekend, her sister, Mr. and Mrs. Arthur Brown of Rule and their son Eugene Brown of Aspermont, Texas.

### Until Better Ones are Offered—

... we shall continue to represent only old-line stock insurance companies which have stood the acid test for strength and personalized service for more than a hundred years. The stock company features the agency system which means that you are to do business with a local man. He is your representative and readily available when you need him. There are many other desirable features but this one alone will solve most of your insurance problems.

If it's insurance we write it!

### Legal Rights Don't Help

LOUISVILLE, Ky. — Robert Foster, 40, lost a game of hide and seek with vice squad detectives here after he stood on his constitutional rights.

The detectives went to Foster's home to check a report that whiskey was being bootlegged. Foster who met them at the door reminded the officers that he "knew his rights" and that they had to have a search warrant.

The detectives hid around the corner until Foster came out the back door with a bushel basket full of whiskey bottles. The detectives grabbed a bottle and arrested Foster.

Willis Weeks and son Stanley, of McCamey, visited his sister, Mrs. H. Dean and G. P. Freeman, recently while Mrs. Weeks was staying with a daughter in Eureka, Kansas.

Mr. and Mrs. Nick Duggan and family of Carbon were visitors in the Fred Rogers home and attend church services at Alameda, on Sunday. Mrs. Luggan is Mrs. Rodgers' sister.

Mr. and Mrs. Chris Tucker and Christine of Arlington visited the John Tuckers and other relatives here and Mrs. Tucker visited her father, Mr. Stephen at Duster, also.

Recent visitors in the Ben Freeman home were Mrs. Carl Clemmer of Abilene, and her daughter, Mrs. John Harper and son, Douglas, of Galveston, Miss Peggy Tuljy of Midland and Mrs. Nona Weeks of Ranger.

Jerry Underwood, who is a member of the Ranger Junior-High band was on hand for the Mountaineer-Bulldog game at Mineral Wells Friday night. His mother Mrs. Alton Underwood and Mr. and Mrs. Jack Elckwell also attended the game.

Helen Perrin spent Saturday night in Mineral Wells with his grandparents, Mr. and Mrs. John Spook, of Ranger who were visiting there over Sunday. Paternal grandparents are Mr. and Mrs. Henry Perrin, of Cheaney.

### Stockman Sees Modern Methodists As Having More Liberal Moral Code

Methodist today are about as broad and liberal in their codes of personal conduct as are other leading Protestants, according to Dr. Ralph W. Stockman, nationally known Methodist?" appears in the current issue of Look magazine.

"For many years, the church had a provision forbidding diversions such as card playing and dancing. This provision was changed nearly 30 years ago to read, 'not taking such diversions as cannot be used in the name of the Lord Jesus.'" Dr. Stockman declared. He adds that Methodists traditionally have fought against intemperance, gambling and licentious indulgence.

Dr. Stockman, who conducts a network radio program, "The National Radio Pulpit," each Sunday morning, traces the rapid spread during the 18th century of the Wesleyan doctrine of redemption by faith through England, Ireland and what were then the American colonies. The original intention of John Wesley, Dr. Stockman points out, was to form "Holy Clubs" of Methodists within the Church of England. The Methodist were established as a separate sect following the refusal of the Bishop of London to ordain Anglican clergymen to serve their societies.

The Methodist Episcopal Church in America was organized by two clergymen ordained by John Wesley himself to lead the 15,000 American Methodists who found themselves without clerical leadership of any kind at the close of the Revolution War.

Today, Dr. Stockman writes, there are 9,180,428 members of the Methodist Church in the United States; and over 2,000,000 more in the main Negro Methodist bodies. Throughout the world, Methodist number approximately 14,500,000 in actual membership, and claim a total constituency of 25,000,000 as adherents.

In his article, Dr. Stockman de-

scribes Methodist belief and attitudes toward theological and moral questions. His article is eighth in a series Look is publishing on the beliefs of different religious groups in the United States.

The Mariana Trench in the Pacific about 200 miles southwest of Guam is 35,640 feet below sea surface. The trench is so deep that Mount Everest could be dumped into it and still be more than a mile below the surface.

### DOVE HUNT TO EXPAND

Opening of the South Zone mourning dove season October 1 may find newly migrated birds in Texas, according to the Executive Secretary of the Game and Fish Commission.

He said field reports indicated that late recent cool spell by the midwest caused some mourning doves to begin moving into the more moderate climates.

The South zone season runs

**CRAIG FURNITURE**

Phone 807

from October 1 to November 30. Meanwhile, the North Zone season which opened September 1 continues through October 19.

The Executive Secretary said results in the North Zone shoot indicated that the harvest held close to the "only fair prospects" given before the season opened. He added the belief that "hunters studying feeding habits of the fleet game birds should be able to fill their bags now and then." The limit is ten doves per day or ten in possession.

**Outdoor Loss**  
BETHLEHEM, Conn. — An unidentified youth attending a church bazaar was fascinated by an old step ladder and bought it for 50 cents. Later, it was discovered that it belonged to one of the attendants and was an unusual family heirloom, worth considerable money. She had brought it to the bazaar to exhibit it.

Tommy Matlock and Marvin Warren were in Dallas Monday on business.

Mr. and Mrs. W. W. Rogers of El Paso, have been visiting the V. L. Red home this week.

THE FINE CAR at half the fine car price

Duplicating America's costliest cars, feature after feature, Ford is worth more when you buy it . . . worth more when you sell it!

A FEW MINUTES on the telephone calling the dealers who sell America's finest cars will reveal there are at least eleven models among four makes with price tags over \$4,000! In fact, dealers in one make will take an order for a beauty costing \$7,000.

Now the interesting thing is that in feature after feature the Ford car duplicates each one of these fine cars, and for less than half the fine car price!

To be specific:

If you will look under the hood of the most expensive cars—even the one for \$7,000—what do you find?

A V-8 Engine!

Well, the Ford car has a V-8, too. In fact, it has had V-8 power since 1932, and since that time Ford has built more V-8's—by millions—than all other manufacturers combined. And there's no other builder in Ford's price range that's seen fit to offer one yet!

Another point—though Ford's Strato-Star V-8 turns out a tidy 110 horsepower, it's not the number alone that counts. It's the kind of power you get out of the engine—through the transmission—that tells the story. And, what you get out of the Ford V-8 with any of the three transmission options we offer—Fordomatic, Overdrive and Conventional—is written in letters of "go" wherever there is a road.

But the engine, as fine as it is, is only one of many things that make a fine car fine.

There are the controls, the comfort refinements—all the things that make a car more than a piece of machinery—rather a part of you!

Automatic shifting, for example. All the fine cars offer it in one form or another because it's one of the things that make a fine car fine. But if

you've never driven a Ford with Fordomatic you've missed one of the finer things of life. This amazing transmission not only does away with clutching and shifting forever—it gives you exactly the amount of power you want, when you want it—automatically. And, without delay. Some so-called automatics still require a clutch pedal and take their own sweet time to get you going. Not Fordomatic. With either the V-8 or Six, Fordomatic says "yes" when you say "go."

Fine car power steering, too. The big, heavy costly cars offer it for the same reason they offer power brakes. It's a man-sized job for a 120 pound woman to handle a car weighing two tons or more without it—especially when parking. Our "Master-Guide" has two distinct benefits.

First, it gives a hydraulic power assist right down at the wheels and just enough to take out the work. You don't lose one particle of control—rather your control is more complete and far easier.

Second, being hydraulic, "Master-Guide" power steering absorbs those fatiguing steering wheel tremors caused by ruts and roads in bad repair. Incidentally, this is a great safety advantage, because the car is so much easier to control in the case of a tire blow-out or hitting a soft shoulder unexpectedly. And road wander due to a cross wind is something you can forget about. And you don't pay a fine car price for "Master-Guide."

But there is another fine car feature—the Ford ride. Books have been written on the subject of riding quality in an automobile, but the payoff comes on the pavement—or lack of it! Many people associate a comfortable ride with excess weight, but it's not weight alone that makes for comfort. If it were, those big five-ton trucks which you see every day would be the most comfortable vehicles on the road.

Without being technical we can tell you that what's been done with the suspension and spring-

ing system gives the Ford a softer ride, a smoother ride than many cars which tip the scales at better than an added half ton. What's more, Ford engineers have found out how to cut front end road shock up to 80%—something many of the others haven't! Even roads you'd avoid entirely in many cars become not just passable—but passable in comfort. And, when you round a curve, you do it on the level—one of the advantages of another fine car feature—Ford's wide front tread.

And speaking of ride, we'd also like to point out that all seats—front and rear—in a Ford are cushioned in foam rubber, and at no extra cost.

What about room? Here's an interesting point. If you've felt that only a costly car offered enough room, you just ought to sit down in a Ford even if you're out-size and six feet four! The so-called big car is bigger on the outside, to be sure, but unless you buy a limousine with those little jump seats, it's not one passenger bigger inside.

Every standard Ford model carries six—with the exception of the Business Coupe, and of course, the Country Sedan and Country Squire which carry eight—with ease. And, as for "baggage room"—Ford trunk compartments measure better than 26 cubic feet. That's a full suitcase larger than most cars on the road today!

Visibility is another fine car Ford feature. We say Ford cars offer "full-circle" visibility because they all have huge, curved one-piece windshields and a huge rear window to match . . . plus side windows that mean every passenger gets room with a view! You will enjoy the extra safety of full-circle visibility every mile you drive—the absence of "blind spots" made possible by the large glass areas and narrower corner posts.

How beautiful is a Ford? A great English poet, John Keats, once wrote "Beauty is Truth, Truth Beauty"—well, he could have been writing about our car for its beauty comes from honest, clean

lines in every dimension. In fact, we think most people agree—even our competitors—that the appearance of a Ford Car leaves very little to be desired. It is "at home" wherever it goes and it goes everywhere.

So there you have it—the features and reasons that make a fine car fine as far as control, good looks and comfort are concerned.

But what about Ford quality? Does it too match the fine car? Is the sheet metal of the body panels as thick? Is the finish as good? How about the trim and things like that? Well, as far as we can determine, the sheet metal is identical in thickness in practically all instances. As to finish—we believe Ford's baked-on enamel has no equal in any car. Ford upholstery fabrics and trim are less costly, to be sure, but they're less delicate, too, and if anything, more durable.

How then is it possible to give you this fine car at half the fine car price?

Part of the answer lies in Ford manufacturing skills and knowledge as evidenced by the V-8 engine. Part of it comes from the ever increasing numbers of cars Ford produces and the economies they make possible. And, part of it comes from Ford's willingness to give greater values than might be expected in cars selling in Ford's price range. That's the Ford idea.

Summing up. All these things add up to a fact that a prudent man cannot overlook. Ford Cars are not only worth more when you buy—but also worth more when you sell, as proved by the prices Ford used cars bring in the used car markets throughout the country.

No wonder Ford is proving to be America's finest fine-car buy!

FORD

Worth more when you buy it. . . Worth more when you sell it!

NEWS FROM DESDEMONA

Recent light showers have made the outlook for crop production very bright.

Mr. and Mrs. Junior Moore of Fort Worth, spent the weekend visiting his parents, Mr. and Mrs. Floyd Moore, and her parents, Mr. and Mrs. Hyson Echols.

Mr. and Mrs. Bob Miers of Cal Center, New Mexico, are spending their vacation with her parents, Mr. and Mrs. Raymond Joiner.

Mrs. Lora Able returned home Friday from Levelland, where she has been at the bedside of her mother-in-law, Mrs. Abel, who has been quite ill at the home of her daughter.

Mr. and Mrs. Paul Baker and children of Oil Center, N.M., were recent visitors with her parents, the R.H. Ables.

Mr. and Mrs. S.H. Foster and son Steve, and Miss Billy Ruth Geer of Desdemona, were visitors Tuesday in the Floyd Moore home.

Miss Lizzie Moore who has been visiting relatives in Denton, since early August, has returned to her home here.

Sgt. Bobby Burleson, son of Mr. and Mrs. Russ Burleson, will leave for the Far East on September, 13.

Mrs. James Campbell and son Bob, left Monday for their home in Kermit, after spending two weeks with her parents, Mr. and Mrs. Cecil Carr.

Mrs. and Mrs. Pug Guthrey and daughter, Karen, left for their home in Kermit, Mon., after spending 10 days vacation here with his parents, Mr. and Mrs. Roy Guthrey and her mother, Mrs. Ethel Keith. Mr. and Mrs. Mack Keith of Odessa, also visited in the Ethel Keith and H. Rainey homes. Mutt Wilcoxson, who was with the Keiths also visited with his parents, Mr. and Mrs. J.M. Wilcoxson.

Mr. and Mrs. Pug Guthrey and Karen, visited in the home of her sister, Mrs. Fred Newton and Mr. and Mrs. Darwin Nabors, all in Te Leon.

Mr. and Mrs. Glen Theiband of Gladewater, spent Sunday with her parents, Mr. and Mrs. Rob Lewis.

Miss Marjorie Brown of Dallas, and Miss Ima Nell Martin and Robert Brown of Groesville, were weekend visitors with the R. A. Browns. While here Marjorie purchased a new Chevrolet car.

Mr. and Mrs. Frank Lenzar and Beverly of Sundown, spent the weekend with her parents, Mr. and Mrs. John Arnold.

Rev. Quinn filled the pulpit Sunday at the Baptist church in the absence of the pastor, Rev. Gene Davnport, who with his wife and daughter, spent the Labor Day holiday with his relatives in Childress.

Mr. and Mrs. Blackie Foreman of Ranzer, spent the past weekend with her parents, Mr. and Mrs. Ferrel Lewis.

Mr. and Mrs. Luther Harper of Belton, were visitors last week with her mother, Mrs. Chas. Genoway.

Mr. and Mrs. Jess Elrod were in Glenrosa Tuesday.

Mrs. Jess Elrod and daughter of Ranzer, were here Saturday visiting old friends.

Miss June Jacobs of Fort Worth visited last week with her parents, Mr. and Mrs. Willie Jacobs and Wanda Jo.

Mrs. Maggie Pool returned home Tuesday from Houston, where she has been visiting her son, Mr. and Mrs. James Pool. The group enjoyed a short vacation in Galveston, and Mrs. Pool reports a wonderful time.

Mrs. Ruth Craig, Mr. and Mrs. Jack Craig and Mrs. and Mrs. Currie Cornwell of Arlington, spent

the holiday weekend with Curie Craig and children.

Mr. and Mrs. Morris Nance of Midland, spent the weekend with Mrs. Chas. Genoway.

Mr. and Mrs. Morgan Kobovra were in Granbury, this week, visiting with his parents, Mr. and Mrs. Roberts.

Mr. and Mrs. H. C. Abernathy were in Fort Worth, over the weekend, visiting with their daughter, Mr. and Mrs. Leon Alread. Mrs. Pearl Abernathy kept store in their absence.

Mr. and Mrs. Kenneth Tate and sons, and Mr. and Mrs. L. Z. Tate, all of Hobbs, New Mexico, spent the weekend with their parents, Mr. and Mrs. Gordon Tate. The group went to Fossum Kinodam Dam Sunday, and enjoyed the day fishing and camping.

Sunday, September, 13, is the date for Rev. and Mrs. Grayson Tennyson to be at the Baptist Church, with an outline of the missionary program in Paraisiba, Brazil. Mrs. Tennyson will speak Sunday night and will show slides from Brazil.

Mr. and Mrs. Herman Rushing and daughter, Mr. and Mrs. Derwin Miller and son, all of Eastland, were in Desdemona visiting with friends Saturday night.

Edward May is spending a part of his vacation with his mother, Mrs. Katie May.

Mr. and Mrs. Bob Koonce, and Mr. and Mrs. H. H. Williams visited in Denton Sunday, with Rev. and Mrs. H. D. Martin, former Baptist pastor here. Mrs. Martin underwent surgery in Denton last Monday.

Mr. and Mrs. Harold Poet of San Antonio and his father, Henry Poet of New York, visited a part of last week with her parents, Mr. and Mrs. Jess Griffith, and a brother, Atlas Griffith.

Mr. and Mrs. R. H. Abel spent Sunday in Valley Mills, with her mother, Mrs. L. F. Lewis.

Mrs. L. V. Fuqua celebrated her 90th birthday Tuesday, at the home of her daughter, Mr. and Mrs. H. C. Abernathy. Visitors during the evening were Mr. and Mrs. Melvin Leon.

Abernathy of Stephenville, Mr. and Mrs. Ora Fuqua, Mr. and Mrs. Jesse Sparkman, and the hostess, Mr. and Mrs. H. C. Abernathy.

Mr. and Mrs. Chubbie Foreman are the parents of an 8 pound baby girl, born last week in Gorman.

Word was received here last Saturday that Mrs. Clyde Winn had passed away at Longview. Burial was in Victor cemetery, Wednesday.

Mrs. Horace Hullenberg left Wednesday, after visiting several days with her parents, Mr. and Mrs. Tom Northcutt.

Mr. and Mrs. Robert Abel and Mrs. Bob Miers, spent the weekend here with their parents.

S. W. Walker and son of Midland, visited with the R. H. Ables last week.

Mrs. Lora Abel spent a couple of days the past week with her children in Midland.

Durwood Sanders of Lingleville, was here Sunday visiting with friends.

The Charles Dittmores of Gordon, were visiting friends here Sunday.

Mrs. Sallie Huffman left Wednesday for a month's vacation in San Francisco, with her son, Bud Anderson and wife.

Mrs. Tom Northcutt was carried to the hospital in Ranger Sunday.

Mrs. Vernon Hayes of Gulf Port, Miss., visited recently with

her brother, Mr. and Mrs. Horace Lane and other relatives.

Mrs. Mollie Emde visited in Carbor Tuesday.

Mr. and Mrs. H. T. Lane and their daughter, Mr. and Mrs. Min-ton Hanna of Eastland, recently returned from Corpus Christi and Port Aransas, where they enjoyed some deep sea fishing.

Mr. and Mrs. Casey Meazelle were in Monahans last week to visit with Mr. and Mrs. Alton Wilhite.

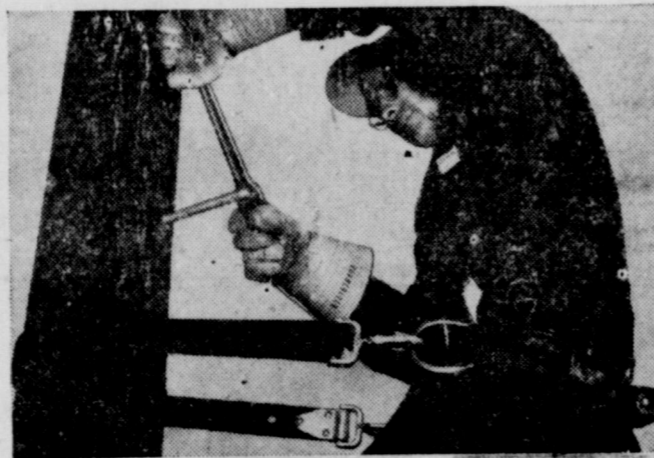

Mr. and Mrs. Casey Meazelle and Mrs. L. E. Clark, visited relatives in Tyler this week.

Touch Backfires

NEW HAVEN, Conn.—Walter J. Ledderhose, 59, went to jail for 120 days because police said he tried to "bum" two cents. Picked as a target for his "touch" were two men on a street corner who turned out to be detectives. They said Ledderhose had eight cents in his pocket and wanted to hold his pile to 10 cents.

**NEW THRU BUS SERVICE SPANS THE NATION**

No longer is it necessary for cross country bus passengers to change coaches every 200 miles or so and look after the transfer of coats, luggage and packages. The new day in highway transportation arrived September 16 when Continental Trailways Bus System inaugurated its new coast-to-coast through bus service between New York City and San Francisco, a distance of 3,030 miles with no change. This new service operates through such metropolitan centers as Pittsburgh, Toledo, Cleveland, Chicago, Omaha, Cheyenne, Salt Lake City, Sacramento, Oakland and many smaller intermediate cities.

Herriman said. "The controlling factor for employment of underage children is whether the schools are in session in the district where the child lives while employed. Even if an under-age child having good grade is excused from attending school, it would nevertheless not make his employment legal during school hours."

He pointed out that the law sets no limit to wages to be paid or number of hours may be worked by agricultural child labor, providing the work is during non-school hours.

Responsibility for compliance with the law's child-labor provisions rest with the farmer, he said, regardless of who does the actual hiring of the children. He explained that prospective employers of children of doubtful age could never be assured of their child's status by filing a certificate with the Texas Employment Commission at any of its 80-odd offices over the State.

encouraged to file civil suits, as in highway accident", and that the license of a hunter causing injury or death be revoked until he has been proved blameless.

Other reforms are needed, White believes, particularly in the teen-age group. Last year, in most states, hunters under 17 were responsible for a fourth of all accidents. Licenses are obtainable at 16 in the majority of states; in New Jersey the minimum age is 14; in four other states it is only 12.

New York, concerned about the problem of the teen-ager and his gun, requires all hunting-license applicants under 21 to present a certificate from an "approved agency," such as the National Rifle Assn., as proof of "satisfactory training in the safe handling of firearms." Since this program was effected three and a half years ago, accidents involving the under-21 group in New York State have been cut by more than 75 percent.

Most authorities believe that more publicity about accidents would make a hunter think twice before he shoots. Many hunting accidents have no witnesses, the author points out, and those who kill or wound a man because they

"thought it was a deer" are seldom punished. Local juries are often unwilling to convict, feeling that mitigating circumstances make penalties too severe. Only a few states revoke the license of a person proved negligent.

ATTEND THE CHURCH OF YOUR CHOICE EACH SUNDAY

The paid circulation of weekly newspapers in the United States topped 20,000,000 in 1952 for the second straight year, says the latest directory of newspapers and periodicals. There are 9,782 weekly newspapers in the country, according to N. W. Ayers & Sons.

The old belief—that a whale

spouts water is a misconception. After making a dive, the whale comes to the surface and exhales through his nasal openings in the top of his head. This column of warm air immediately condenses to water vapor upon contact with the surrounding cool atmosphere.

**DOVE BANDS TELL STORY**

Higher cooperation through the birding bands from game warden harvest is being manifested in specimens reaching Game and Fish Commission Headquarters.

The Director of Wildlife Restoration for the Commission said bands already have been received from mourning doves taken in the north zone where the season opened September 1, and from the white-winged dove season opening in the Rio Grande Valley, September 11.

The first band received at headquarters was forwarded by a policeman. He was Patrolman H. H. Frye of the Johnson City force. The bird was banded by Game Travis Gilbreath as a nestling on July 23 this year about four miles northeast of Johnson City. It was harvested on the opening day of the north zone season about five miles southwest of Johnson City.

The first white-winged dove band was sent in by Wayne Frost of Edinburg. The bird was banded September 15 in Hidalgo County in which it was tagged May 29, 1949, thus being more than four years old.

One strange incident in connection with the first batch of mourning doves banded was reported by A. S. Jackson, Wildlife Biologist stationed at Canadian. Three banded doves were found dead under a fence on the Benton Farm in Gray County, apparently having been killed by reckless flying. The dead birds were found near the place where they were banded.

Jackson's letter of transmittal explained: "In the late summer, doves are prone to fly recklessly from the tree grove and collide with fences, limbs, etc. I have found two with crops cut open from locust thorns."

Bands from wildlife are needed by Game and Fish Commission biologists to help piece together the habits of game, such as de-

**Gen. Vandenberg Says Russia May Attack Next Year**

"The year 1954 is considered critical because of the estimate that the Soviet Union will, by that time, have a stockpile of atomic weapons sufficient to mount a devastating attack on United States military installations, industry and population centers."

General Hoyt S. Vandenberg, former Air Force Chief, states in the current issue of MECHANICS TODAY, new science and how-to magazine out today.

In one of the first authorized statements since his retirement as the nation's top airman, General Vandenberg points out the dangers of a reduced Air Force and explains why an air arm of at least 143 wings is an essential component of our worldwide resistance to Communist power.

The 120-wing force under the new program of the Eisenhower administration, Vandenberg believes, will not be as well supported as to 143-wing force under the old program, for even if it should be decided in 1954 that the Air Force will, after all, have 143 wings, it will then be impossible to recruit and train the personnel for such a force earlier than 1957.

With Russian aircraft known to be capable of delivering the hydrogen bomb, General Vandenberg fears that even a drastic turnabout in present policies may leave us with insufficient air power to retaliate.

"One of the consequences of the air-atomic revolution in warfare is that the initial blows are likely to be decisive," he says. "We can no longer count on having time

termining migration, lifespan, feeding and nesting routine.

The Director of Wildlife Restoration said the band receipts later will include those from doves in the South Zone, beginning October 1, waterfowl, deer, antelope, wild turkey and the like. Persons forwarding the bands receive a formal acknowledgment from the Commission, including a "case history" of the specimen involved.

to mobilize our military resources after the fighting has begun. If Soviet industries and airplanes and transport facilities were left intact while they struck at us with atomic weapons, we would have no chance of ever meeting them again on anything like equal terms. That is why we need to have, instant readiness at all times, a strategic force capable of doing more than equal damage to the war-making capacity of our potential enemies."

**Child Labor in Agriculture Is Given Rulings**

Employment of children under 16 years of age to harvest cotton or other farm products when such minors should be in school brought a reminder today of the child-labor requirements of the Federal Fair Labor Standards Act.

Field Office Supervisor James I. Harriman of the U. S. Department of Labor's Wage and Hour and Public Contracts Division has pointed out that such employment on farms where the crops are shipped out of the State is legal only during the hours when school is not in session or when the child is employed by his parents or guardian.

"There are no Federal restrictions on the employment of children, regardless of age, before or after school hours or on holidays."

**Stiff Penalty Urged To Curb Hunt Accidents**

Stiff penalties are imperative, authorities believe, to curb the mounting totals of deaths and injuries caused by trigger-happy hunters who mistake human beings for deer and other game.

Writing in the October Reader's Digest, William Chapman White states that "officially reported" accidents in the hunting season last year totaled 1982, with 390 deaths. Not all accidents are reported, and ten states do not even keep records. Hence "last year's" death toll was "certainly at least 500," White says. Michigan alone reported 25 fatal accidents; Pennsylvania followed closely with 24.

The author urges that reporting of accidents be compulsory; that victims or their survivors be
