"Checking"
the Possibilities of the
Coming Year

A checking account will show you exactly where and how you have spent your money and will, without much preaching, place a restraining influence on heedless outlays.

No man or woman who has determined to not only increase his income but decrease his expenditures can successfully carry out such plans without a Checking Account.

We shall be glad to open yours here today

The First State Bank
HEDLEY, TEXAS

STATE SUPERVISOR VISITS AND COMMENDS FACULTY AND WORK OF HEDLEY HIGH SCHOOL

Miss Gilstrap, State Supervisor of Schools, spent Friday, Feb. 24, checking over the work that is being put on file by the teachers and pupils of the Hedley High School.

After a close check, Miss Gilstrap said she was glad to state that she had found the work of Hedley Schools not only up to the standard, but that the work on file was in much better shape than the schools she had thus far checked. Hence she checked Hedley school with 16½ affiliated units, and she also recommended to the State Department that Hedley schools be given credit on the following subjects: Physiology, Bookkeeping, Shorthand, Typewriting, and American History. At present Hedley school has credit on the following courses: Adv Arithmetic, Algebra I, Algebra II, Plane Geometry, Solid Geometry, English I, II, III and IV, Latin I and II, Spanish I and II, Physical Geography, Physics, Economics, and Civics.

When our boys and girls complete 15 units of the above mentioned, they are eligible to full entrance to any first class college or university in Texas. In other words, with the present standing of our school, graduates of our institution may receive their degree on the completion of a four year college course.

In conclusion I wish to speak the sentiments of the Hedley faculty when I say we thank the patrons for their excellent cooperation, for it has been through your cooperation that the present standing of our school has been made possible.

R. L. Snider, Supt.
W. C. Maxwell, Prin.

Since writing the above article the State Supervisor report has been received from Austin, and for the benefit of the public a transcript of it is hereby given: State Department of Education High School Division Austin

To the Superintendent:

I take pleasure in enclosing the official report of the supervisor who recently visited your high school. A copy of report is also sent to the president of the school board for his information. As this report is official, it should be filed for future reference.

The Department of Education is very anxious to render real, constructive service to the high schools, and any requests or suggestions from teachers and school officials will receive very careful consideration.

Thanking you for your cooperation in the improvement of the schools of the state, I am

Very truly yours,

A. M. Blackman, Chief
Supervisor of High Schools
Report of School Supervisor
on Hedley High School
R. L. Snider, Superintendent

W. I. Rains, Pres. of Board
Date: Feb. 24, 1928

Supervisor, Opal Gilstrap

In order that the schools may properly certified it is essential that minimum requirements be met. To that end the supervisor who recently visited your school makes the following recommendations:

1 That, if possible, the windows in the building be replaced with the type that opens outward in order that shades may be used. This condition is not approved by the Department of Education

2 That additional apparatus and cabinet space be provided for the Physiology class.

3 That books valued at \$25 be placed in each elementary room

4 That the possibility and the advantage of consolidation with some outlying districts be considered.

5 That two additional teachers, one for the high school and one for the grades, be employed next year. Some of the elementary rooms now exceed the maximum, and the teaching load of some of the high school teachers is too heavy. The superintendent should have more time for supervision; relief from study hall would provide for this phase of the work.

6 No teacher in the system has had less than three years of college training. It is suggested that the school authorities be very careful in the selection of new teachers in order that the standards may be maintained.

7 That application be filed with the Department of Education before March 1st for one half credit in Physiology and original credit in bookkeeping, shorthand and typewriting, and American History.

8 Some excellent work was observed in the commercial department.

9 That commendation be expressed for the well organized system, for the excellent discipline, and for the good work observed. The excellent penmanship observed from the papers on file is a noteworthy feature. The school did not receive a visitor from the Department of Education last year, but this did not decrease the efficiency of school work, for the school is meeting every requirement as well as it possibly can.

10 That further commendation be expressed for the following material improvement and addition:

Commercial equipment.....	\$525 00
Library additions.....	240 00
Magazines.....	70 00
Installation of gas.....	150 00
Miscellaneous equipment	400 00

The courtesies extended the visiting supervisor were appreciated.

NEWS REVIEW OF CURRENT EVENTS

Pre-Convention Doings of Republicans—"Lindy" Reaches Havana.

By EDWARD W. PICKARD

REPUBLICAN interest in the pre-convention Presidential campaign centered on the question of what Herbert Hoover would do in the matter of entering the Ohio preferential primaries. Formal steps to induce him to contest with Senator Frank B. Willis for the state delegation were taken by a committee of prominent politicians formed at Columbus and a petition to the secretary of commerce was circulated for signatures. Mr. Willis, being a "favorite son," has indicated that he is ready for the fight and it is admitted that if Mr. Hoover does enter the primaries, and loses, his cause will have received a serious blow.

Some of the eastern party leaders who are opposed to the Hoover candidacy, notably Secretary of the Treasury Mellon and Charles Hilles, are reported to be alarmed by the growing strength of Hoover in the eastern states and to be laying plans to bring about a deadlock in the convention in the hope that this would be broken by the "drafting" of Mr. Coolidge. The Pennsylvania delegation will go to Kansas City solid for Mellon and ready to jump where he tells it to. Hilles and State Chairman Morris of New York have arranged that the New York delegates shall not commit themselves until something more definite is known as to the chance of renominating Coolidge. Governor Fuller of Massachusetts may be brought forward in order to check the Hoover campaign for delegates in the Bay state. It appears that these anti-Hoover leaders, if they could not have Coolidge, might line up their delegates for Daves, Mellon and probably others of them would prefer even Hoover to Lowden because of the latter's stand in favor of the McNary-Haugen brand of farm relief legislation. In Ohio the Lowdenites are backing Willis and in Indiana they are supporting Senator Watson, believing Lowden will benefit by this when those gentlemen find their chances in the convention are nil.

Developments of the week in Illinois politics were exciting locally and promised to have some effect on the Presidential campaign. Gov. Len Small, desiring a third term, was forced to surrender to Mayor Thompson of Chicago, agreeing to make Big Bill his patronage dispenser in the metropolis in return for the support of the Thompson organization. The mayor has been strongly opposed to sending any Lowden delegates to Kansas City from Cook county and also is the political foe of Senator Deneen. So it is not unlikely that the friends of Lowden and Deneen will make an alliance with the supporters of Secretary of State Emmerson, who is out for the gubernatorial nomination. In this way they might elect a considerable number of Lowden delegates throughout the state. The matter of Frank L. Smith, senator-elect, who was denied his seat, also enters into the Illinois situation. Mr. Smith resigned his credentials, was reappointed by Small and announced his candidacy for re-election in November.

Among the Democrats of the country the campaign of Al Smith goes along fairly smoothly but with somewhat less impetus. McAdoo's Virginia speech checked up the dry Democrats a lot and in several states the opposition to the New York governor was noticeably stronger. But it isn't strong enough yet to lead to revision of the prediction that he will be the party's nominee at Houston. The suggestion that Jesse Jones of Texas be named as Smith's running mate seems to meet with increasing favor.

TRANSLANTIC television became a demonstrated reality last week when a group of persons in a darkened cellar at Hartsdale, N. Y., gathered about the television invented by John L. Baird and saw the moving figures of a man and woman who were seated before an electric eye in a London laboratory. The transformed vision came through the ether in the form of a humbeeb's hum, a musical buzz of irregular cadence representing in sound the lights and shadows of their faces—all that was transmitted in the test. When the television, a black box compact enough to be carried around in a taxi, had done its work with this rhythmic rumble from across the sea the visions

CORRESPONDENCE made public by Senator Walsh, prosecutor of the senate's Teapot Dome investigating committee, reveals the fact that John D. Rockefeller, Jr., strongly

urged Col. Robert W. Stewart, chairman of the Standard Oil Company of Indiana, to tell the committee who were the beneficiaries of the notorious \$50,000,000 Continental Trading company, Ltd., deal—information which Stewart declined to give and in consequence was cited for contempt. Senator Walsh wrote to Mr. Rockefeller asking his aid in unraveling the Continental mystery and the letter promised to do all he could to clear it up. Later he wrote Stewart saying the chairman owed it to his associates and stockholders and to the public to bring the questionable transactions into the fullest light.

Mr. Rockefeller was summoned to appear before the committee Saturday.

COLONEL LINDBERGH ended his Latin American air tour Wednesday when the Spirit of St. Louis gracefully swooped down on the flying field at Havana after a 750 mile flight from Port au Prince, Haiti. Thousands of Cubans who had waited hours in the hot sun rushed forward with wild cheers and overwhelmed the soldiers and police. Not until cavalrymen had cleared the field was the young aviator able to alight and receive the greetings of Charles Evans Hughes, Ambassador Judah and the high Cuban officials gathered to meet him. At the Presidential palace President Machado told him what he and his fellow Cubans think of him, and thereafter he was the guest of honor at the usual receptions, luncheons, banquets and balls. He announced that he would make his homeward flight direct from Havana to St. Louis, starting February 13.

The first air-mail service between the islands of the Antilles was inaugurated with Lindbergh's arrival Wednesday. Two sacks of mail from Santo Domingo and one from Port-au-Prince were delivered at Havana by the plane.

Costes and Lebriz, the Frenchmen who were the first to fly across the south Atlantic, made their way up from Mexico City and on Wednesday brought their big plane, the Nungesser-Coll, down on Bolling field, Washington. They were elaborately entertained in the national capital, and on Saturday flew to New York.

SANDINO, Nicaraguan rebel leader, was reported to have gathered about 500 calvarymen near Jinotega and detachments of this force were engaged in looting coffee estates in the vicinity. Several appeals from planters for protection were received by the British charge d'affaires at Managua and he informed American Minister Patterson that his government expected full protection for British lives and property in the affected area. There already were companies of American marines in Jinotega, San Rafael del Norte and Matagalpa and steps were taken to strengthen the garrison at the last named city, whose citizens were becoming decidedly nervous. Sandino left a note at one coffee farm saying:

"The marines are very cowardly. They did not care to fight me in the Segovias. When they come here I will meet them and blood will flow in these hills near Matagalpa."

In view of the congressional attacks on our policy in Nicaragua, it is interesting to read that an investigator for the New York Times has found that Wall street's direct financial interest in that country is only \$185,000, which is scheduled to be paid off in three months. The total American investment in Nicaragua is estimated at \$12,000,000.

CHINESE Nationalists expect their early recognition of their government, for the French and Norwegian ministers to Peking arrived in Shanghai last week to confer with officials there, and the British minister was expected this week. The French minister told the welcoming Nationalists that he expected their revolution would be successful and that they soon would control Peking.

gradually built themselves up of tiny oblongs of light suspended in a whirling rectangle of brilliance in the machine's gaping mouth.

GOV. ED JACKSON of Indiana went to trial last week on a charge of conspiracy to conceal an alleged offer of a bribe of \$10,000 to his predecessor, Warren T. McCray, who was sent to the penitentiary. Jackson and his two codefendants, George V. Coffin and Robert L. Marsh, waived arraignment and were granted separate trials, whereupon the governor pleaded not guilty and the examination of jurors was begun. Jackson is alleged to have conspired with Marsh and Coffin to bribe McCray to appoint the man they designated as county prosecutor at Indianapolis. McCray refused the alleged bribe offer of \$10,000 and "protection from prosecution in any county Criminal court." Then he appointed W. H. Remy, as prosecutor.

FLOOD control legislation making the government responsible for the entire cost is favored by a majority of the house flood control committee and the senate commerce committee; but President Coolidge made it known last week that he still believes the states should share the burden of expense. Fear of Wisconsin, a member of the house committee, stands with the President in this. He declares that if congress approves a program by which the federal government bears the entire expense of flood control work on the lower Mississippi the action will serve as a precedent which will mean future "peck barrel" projects. It will be difficult, he says, to resist legislation dealing similarly with other rivers.

IN A report submitted to the house with the 1929 treasury appropriation bill it was admitted by the appropriations committee that the failure of more than two-thirds of the agents in the prohibition service in the recent merit system tests has demoralized prohibition enforcement throughout the country. The report says that "without any eligible register from which to select the successors to these men, the service is in the predicament of having many individuals regarded as their best enforcement officers under sentence of rejection, but permitted to stay in the service with dismissal impending."

Sebastian S. Kresge of Detroit was found guilty of adultery in his wife's suit for divorce in New York; thereupon there arose a cry that the \$500,000 he had given the Anti-Saloon league recently should be returned. But it will not be, for Bishop Nicholson, president of the league, says the donation was not a philanthropy but a purely business proposition; that Kresge "saw that prohibition increased his own income, that it brought more nickels and dimes into his stores, and so he devoted \$500,000 to aid this cause which directly affected him." In New York it was taken for granted that the league would use the Kresge money for the education of voters in its campaign against the nomination of Al Smith for President.

POWERS of the radio commission were extended for another year by the senate and it was believed this action would be followed by confirmation of the three members whose appointments have been held up. The extension bill provides that terms of present members of the commission shall expire at the end of the year's period and that new appointments of members of the appellate body to exist thereafter shall then be made by the President. Another provision of the bill limits licenses of broadcasting stations to six months and other classes of radio licenses to one year.

CHINESE Nationalists expect their early recognition of their government, for the French and Norwegian ministers to Peking arrived in Shanghai last week to confer with officials there, and the British minister was expected this week. The French minister told the welcoming Nationalists that he expected their revolution would be successful and that they soon would control Peking.

CROCHET HATS AGAIN POPULAR; LURE OF COSTUME JEWELRY

WELL, here they are again, those pert little crochet hats which women love to wear. It is plain to be seen that crochets are going to occupy a more prominent place than ever among the new season's millinery-elect.

Designers are doing themselves proud this season, working fine crochet bodies into flattering youthful shapes, thus giving them a renewed fashion appeal. Most of the smart crochets are small, tight types, with narrow brims, manipulated in novel ways. Quaint Dutch bonnet effects and off-the-face treatments, also tricky "one eye" brims abound in the newest crochet styles.

Color is another arresting feature of the fashionable crochets. Not only

itself record-breaking in point of elaboration, but the real sensation is the fact of its being heartily endorsed by the mode for daytime wear.

It is a question as to whether gold or crystal jewelry has awakened the greater interest. They both are at this moment in the spotlight of fashion. Also in this furor for jewelry fashionables are unearthing discarded and forgotten gems, some perhaps relegated to the vault for safe-keeping. These they are taking to their jeweler with a view to having them reset in voguish mountings.

Gold jewelry to be worn with sports and daytime costumes, especially the new sweater ensembles, is the smart theme of the moment. With consummate art have these gold necklaces

Some Cute Crochet Hats

exquisite solid colors, but striking interworkings of multi-tones and tints mark spring modes. Many of these crochets present the colorful aspect of a rainbow, done in bands, each band a contrasting color. Spanish stripes, for you must know that Spanish offerings are quite "the thing" this season, also ombre effects, also two-tone and three-tone combinations all contribute to the enchantment of the crochet hat.

Another item of absorbing interest is tinsel crochet, metallic threads being interworked into the crochet stitch with pleasing effect.

Every hat in this picture is a crochet. The model at the top suggests a cunning Dutch bonnet effect. Its only trimming feature is a dagger-pier ornament. Hat ornaments are a

and-bracelet sets been devised, so that they blend directly into the picture. So many of the three-piece sweater modes are in beige with chocolate brown and parchment tones. With these gold jewelry is at its best.

A necklace and bracelet of gold coils, such as is shown in this picture at the top to the left among the little outline sketches, would add a beauty touch to any brown or beige-toned sweater or cloth or tailored silk frock. Long strands of gold beads such as are sketched below to the left are also exceedingly good form for daytime wear.

For crystal jewelry, also rhinestone shoulder pins and ornaments for hat and for frock, there is no end of enthusiasm. Necklaces set in the Chanel manner (see the panel picture at the

Samples of Costume Jewelry.

very important theme in fashion's realm just now.

The model to the left below exaggerates simplicity to a fascinating degree. It has a bit of stitching done in white angora across its front, for angora is a very smart item in sports styling whether it be for hats or for gowns.

A brim a la Napoleon distinguishes the hat to the right. The model is in the much-talked-of almond green.

Just below is a cloche done in two tones of beige, by working points of a deeper shade into a crown of lighter degree.

A cluster of felt grapes trims the last little chapeau. Which brings to mind that scores of the new hats combine felt with crochet.

And now it is costume jewelry which is taking the world of fashion by storm. Not in the memory of this generation has the subject presented a picture of such barbaric

top to the left) are the "talk of town." With the simple black velvet or satin gown their effectiveness is outstanding. Cut crystal beads are also much worn.

Of special interest in costume jewelry are the novel rhinestone and crystal shoulder pins which have taken the place of the bodice bonnet. Note the handsome one posed to the right below in this group. It is in the form of a flower whose petals are of cut crystal stones. A choker earring and bracelet set of thickly encrusted rhinestones is shown at the top of the extreme right in this picture. A set consisting of earrings necklace and bracelet is also shown in the group. This is fashioned of rhinestones with pendant pearl insets. Extreme, but interesting is the "sweetie hand-cuff" which concludes this group. Only pretty arms can dare this bracelet-and-ring-set.

JULIA BOTTOMLEY.

The BABY

Why do so many, many babies of today escape all the little fretful spells and infantile ailments that used to worry mothers through the day, and keep them up half the night?

If you don't know the answer, you haven't discovered pure, harmless Castoria. It is sweet to the taste, and sweet in the little stomach. And its gentle influence seems felt all through the tiny system. Not even a distasteful dose of castor oil does so much good.

Fletcher's Castoria is purely vegetable, so you may give it freely, at first sign of colic; or constipation; or diarrhea. Or those many times when you just don't know what is the matter. For real sickness, call the doctor, always. At other times, a few drops of Fletcher's Castoria.

The doctor often tells you to do just that; and always says Fletcher's. Other preparations may be just as pure, just as free from dangerous drugs, but why experiment? Besides, the book on care and feeding of babies that comes with Fletcher's Castoria is worth its weight in gold!

Children Cry for

The Shirk

Caller—So yo' new husband is lazy, is he, Mandy?
Mandy—Lazy? Ah'll say he's lazy. Dat man been out back o' de bahm sawin' wood all mawnin' jes' to git outen goin' to de stoah to get me a loaf o' bread.—Life.

A Very Woman

"Is your wife fond of listening in?"
"No; Margaret much prefers speaking out."

When You Catch Cold Rub On Musterole

Just Rub Away Danger

Musterole is easy to apply and works right away. It may prevent a cold from turning into "flu" or pneumonia. It does all the good work of grandmother's mustard plaster.

Musterole is a clean, white ointment, made of oil of mustard and other home simples. It is recommended by many doctors and nurses. Try Musterole for sore throat, cold on the chest, rheumatism, lumbago, pleurisy, stiff neck, bronchitis, asthma, neuralgia, congestion, pains and aches, sprains, sore muscles, bruises, chilblains, frosted feet—colds of all sorts.

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.

Better than a mustard plaster

FOURTH CLASS POSTMASTER EXAMINATION

Receipt of applications to close March 28, 1928.

The date for assembling of competitors will be stated in the admission cards which will be mailed to applicants after the close of receipt of applications.

The United States Civil Service Commission has announced an examination to be held at Clarendon Texas, as a result of which it is expected to make certification to fill a contemplated vacancy in the position of fourth class postmaster at Asthola, Texas and other vacancies as they may occur at that office, unless it shall be decided in the interest of the service to fill any vacancy by reinstatement. The compensation of the postmaster at this office was \$541 for the last fiscal year.

Applicants must have reached their twenty first birthday but not their sixty fifth birthday on the date of the examination.

Applicants must reside within the territory supplied by the postoffice for which the examination is announced.

The examination is open to all citizens of the United States who can comply with the requirements.

Application blanks, Form 1752, and full information concerning the requirements of the examination can be secured from the Postmaster at the place of vacancy or from the United States Civil Service Commission, Washington D. C.

Applications must be properly executed and on file with the Commission at Washington, D. C. prior to the hour of closing business on the date specified at the head of this announcement.

WE HAVE CONTRACTED for Eggs from J. S. Groom's Ringlet Barred Rocks, and can furnish baby chicks each week from same.

Memphis Poultry Farm.

HEDLEY GIRLS VICTORIOUS IN BASKET BALL SEASON

The Hedley Girls Basket Ball Team has been very victorious this season, meeting the best teams in the Panhandle, and have never been defeated on their own court. They lost by a two point score to Memphis early in the season, on Memphis court; also to Lakeview by three points on the outdoor court at Lakeview. The girls are planning their revenge when they meet both teams during the tournament to be held in Hedley Friday night and Saturday of this week.

Hedley has the team! You back them by your boosting!

Come out to these games Friday night, continuing through Saturday, and finals to be played off Saturday night. We have seven entries, including the best in the Panhandle.

The girls who have worked so hard and faithfully, and who have entered to go to Dublin for the "State Meet," are: Grace Hickey, Captain, 2nd center; Nellie Mae Farris, 1st center; Pauline Pickett, right forward; Madge Richerson, left forward; Blanche Leach, alternate center.

These four girls have worked diligently all summer as guards, and have played alternately in each game: Loyd Richerson, Lois Goin, Meralyn Blanks and Verda Gilliam.

These girls have worked faithfully under the coaching of Miss Fanny McWhorter, and are deserving of the success they have attained.

"THE LAY OF A HEN," FOUR ACT COMEDY, HERE MAR. 15

The poultry play, "The Lay of a Hen," is a new way of putting over a message on better poultry methods. In the short time that it has been going, it has been shown at some of the foremost poultry meetings in the United States, including several Agricultural colleges and the American Baby Chick Producers Association convention at Chicago.

The play has been given in 38 states and seen by more than 250,000 people.

"THE LAY OF A HEN"

Cast of Characters

A disgusted poultry raiser who honestly believes it doesn't pay to keep chickens—Lett M. Russell.

His wife, who still has hopes—Mrs. Lett M. Russell.

A successful and enthusiastic poultry raiser, whose plan of handling his flock has made him so—Phil R. Baskett.

A man who is always on the job—Red E. Serviss.

Scene I In the home of Lett M. Russell. An important question comes up for discussion in the family circle.

Scene II One hour later at Phil R. Baskett's poultry farm. Russell makes a friendly call and gets a new start in the poultry business.

Scene III Three months later at the poultry farm of Lett M. Russell. Baskett comes over to collect for his pullets. Russell learns something else and makes a bet with Red E. Serviss.

Scene IV One year later at the poultry farm of Phil R. Baskett. Russell and Serviss settle accounts. Russell springs a surprise.

This play will be given Thursday night, March 15th, at the Dreamland Theatre, starting at 7:30 o'clock sharp. Everyone is invited. There is no admission charge. Everything is free.

This is given under the auspices of Barnes & Hastings Grocery Co. and Smith Produce Co.

HURT IN AUTO ACCIDENT

Mr. and Mrs. Tom Tate and their baby were hurt in an auto accident at Memphis one day the past week when their car was struck by another car at a street crossing. Mrs. Tate was the most seriously hurt, being rendered unconscious for about six hours, but was able to come home that evening. Mr. Tate and the baby were fortunate to escape serious injury. Their car was badly wrecked.

We have a few Second Hand Cars in A1 mechanical shape—Cheap. Absolutely guaranteed. Hedley Motor Co.

B. Y. P. U.

The Senior B. Y. P. U. of First Baptist Church met last Monday night for a business meeting. After singing several hymns, programs were made out for the rest of this quarter.

A social was planned for next Friday night, March 16.

Program for Sunday, Mar. 11: Leader, Alton Quisenberry. Scripture reading by Leader. The King of Glory—Hazel Cooper.

When Work Is Worth While—Walter Ginn.

Paul Pictures Our Position—Alfred Spaulding.

Workers Together with Him—Gladys Carroll.

Study Christ's Commission—Lorraine Simmons.

"Paperless Program," our motto.

MISS BEATY WINS PRAISE FOR PART IN C. I. A. PLAY

Denton, Texas, March 5—Miss Irene Beaty of Hedley, a senior at the College of Industrial Arts, played with unusual finish the part of Julia Winters, one of the leading characters in "The Poor Nut," a college comedy recently presented by the C. I. A. Little Theater. Miss Beaty's portrayal of the sophisticated shallow cooed was one of the most vivid and convincing characterizations in the play.

Miss Beaty is majoring in speech in C. I. A.

J. H. Curtis, the genial Denver Road local section foreman, is a new Informer subscriber since one day last week.

Leon Reeves, student in W. T. S. T. C. at Canyon, visited home folks here the past week end.

Attorney R. Y. King was in Hedley yesterday on business, from Clarendon.

Mr. and Mrs. Vestal Mosley and two children, of Trinidad, Colo., are here for a visit with the M. W. Mosley family.

The good news comes that Mrs. W. I. Ralov continues to improve and may be able to come home from Amarillo the latter part of next week.

The State of Texas,
County of Donley.

I, Lottie E Lane, County Clerk in and for Donley County, Texas, do hereby certify that the foregoing account is true and correct and reflects the true condition of the county's finances, as disclosed by the records in my office.

Lottie E Lane,
County Clerk, Donley County, Texas.

Subscribed and sworn to, before me, by Lottie E Lane, County Clerk, this the 9th day of February, A D 1928.

J. R. Porter,

[Seal] County Judge, Donley County, Texas.

Approved, in open Commissioners Court, this the 28th day of February, A D 1928.

J. R. Porter,
Presiding Officer Commissioners Court, Donley County, Texas

CITATION BY PUBLICATION

The State of Texas.
To the Sheriff or Any Constable of Donley County—Greeting:

You are hereby commanded to summon S P Upham by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county. If there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Donley county, to be holden at the court house thereof in Clarendon, Texas, on the third Monday in March, A. D 1928, the same being the 19th day of March, A D 1928, then and there to answer a petition filed in said Court on the 17th day of December, A D. 1927, in a suit numbered on the docket of said Court as No 1572, wherein Tom Watson, J. A. Smiley, J. A. Howard, R. J. Dillard, E. E. Bankhead, E. Durham, J. C. Carter, E. Bauman, Roy Brown, Joe Watson, H. C.

Lewis, J. T. Castleberry, Nolen Davis, T. A. Wood, Horace Wood, T. R. Adkins, H. M. Parker, O. J. Rackley, O. G. McDonald, Herman Patterson, J. W. Green, Sam Chapman, Clate Peabody, R. L. Bigger, H. C. Kerbow & Sons, H. C. Kerbow, H. B. Kerbow, H. R. Kerbow, E. F. Loerwald, R. Kiarri, J. D. Garrison, Pat Myers, E. R. Palmer, R. B. Young, U. T. Dever, A. A. Cooper, Assignee of John Baggett, are plaintiffs, and George E. Pendergast and Company J. A. and S. P. Upham, and the Upham Gas Company, a corporation, are defendants, and said petition alleging: The several plaintiffs alleging that they did and performed work and labor and furnished material for George E. Pendergast and Company, a partnership composed of Charles Cohen and George E. Pendergast, contractors in the construction of the gas pipe line of the Upham Gas Company and J. A. and S. P. Upham, in the corporate limits of the city of Clarendon in Donley county, Texas, during the months of September and October, A. D 1927; that their said

several labor and material bills aggregating the sum of \$2556 63 is now due and unpaid; that notice of said several labor and material claims was given to Upham Gas Company and J. A. Upham and S. P. Upham, the owners of said Gas pipe line in Clarendon, Texas; that at the time of giving the several notices of said several claims, the owners Upham Gas Company and J. A. & S. P. Upham, had not paid to said contractors the contract price thereof and were then and there indebted to said contractors for work actually done in excess of \$2800 00; that thereafterwards the said several plaintiffs filed their affidavits and accounts with the county clerk of Donley county, Texas, thereby fixing and securing their several laborers and materialmen liens on the said gas pipe line and the franchise therefor within the corporate limits of the city of Clarendon, in Donley county, Texas. The plaintiffs pray for personal judgment against Cohen and Pendergast and for a foreclosure of their several laborers and materialmen liens on the gas pipe line of the Upham Gas Company and J. A. and S. P. Upham within the corporate limits of the city of Clarendon, in Donley county, Texas, and relief general and special.

Herein fail not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Clarendon, Texas, this the 16th day of February, A. D 1928.

F. G. White,

CITATION BY PUBLICATION

The State of Texas

To the Sheriff or Any Constable of Donley County—Greeting:

You are hereby commanded that you summon, by making publication of this citation in some newspaper published in the county of Donley, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, once in each week for four consecutive weeks previous to the return day hereof, H. C. Burris, whose residence is unknown, to be and appear before the Hon District Court at the next regular term thereof, to be holden in the county of Donley, on the 19th day of March, 1928, at the court house thereof in Clarendon, Texas, then and there to answer a petition filed in said Court on the 14th day of February, A. D. 1928, in a suit numbered on the docket of said Court No 1581, wherein T. M. Little Sr is plaintiff and H. C. Burris is defendant, the nature of the plaintiff's demand being as follows, to wit:

That from prior to the 23rd day of August, 1920, and until the 5th day of March, 1925, H. C. Burris and Laura Burris were husband and wife; that on first said date J. F. Tomlinson conveyed to said Laura Burris all of lot 23, Block 2, town of Hedley, Donley county, Texas, by warranty deed; that it was the intention of the said Tomlinson and Laura Burris that it should be her separate property, owned by her in her own separate estate; that by mistake of the conveyancer the deed did not so recite; that thereafter on the 5th of March, 1925, the said H. C. Burris and Laura Burris were duly divorced; that about the month of August, 1927, the said Laura Burris, having the right so to do, conveyed said premises by warranty deed to the plaintiff without the joinder of the defendant; that

his residence is unknown and was unknown and that he could not be found so as to sign the deed; that by reason of the omission of the words in said deed there is a cloud on plaintiff's title; and praying for citation by publication, that the plaintiff have judgment for the title and possession of said premises against the defendant, and that first said deed be so reformed as to supply the proper words omitted by mistake of the conveyancer above mentioned, so that the said deed will show that such property was to be the separate property of the said Laura Burris, and for the removal of the cloud from the title.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this writ with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Clarendon, Texas, this the 14th day of February, A. D 1928.

OAKLAND

Announces the Appointment of

Tomb Motor Co.

CLARENDON, TEXAS

HENRY D. TOMB, OWNER

WE announce with pleasure the appointment of a new local dealer who has been selected because we believe his organization will reflect the high standards Oakland has set for selling and servicing its motor cars.

Call on this new dealer. Ask him to show you the Oakland All-American Six, the new car that has won the admiration of all America.

See also the New Series Pontiac Six, with its vivid new style and scores of engineering advancements, including 4-wheel brakes, at no increase in price.

And remember that this new dealer is authorized to sell Good Will Used Cars, available only through Oakland-Pontiac dealers and offering thoroughly dependable transportation at remarkably low prices.

Whether or not you are planning to buy, the Oakland-Pontiac dealer will welcome your visit to his salesroom at any time. Stop in and see him!

Mrs. R. Was Practicing Art of Guest Dodging

One Saturday Mrs. R. was leaving her home to go downtown shopping. Two ladies with suitcases were going up the walk toward the house of her next-door neighbor. Mrs. R. happened to see her neighbor walking quickly toward the street corner where she intended to board a street car. Thinking that she would be disappointed if she missed the guests who at that moment were on her porch, Mrs. R. called to her neighbor several times without making her hear.

Finally, by hurrying, she caught up with her and somewhat breathlessly delivered the news.

"Shut up, you fool! Shut up!" said her neighbor in an angry tone. "I saw them coming, and I was trying to get away before they saw me. I had planned to visit some friends in the country tomorrow, so I would not have to get Sunday dinner myself. You don't think that I intend to stay home and cook for them, do you?"

Fortunately, the street car arrived in time.

Neuritis, Sciatica, Lumbago, Gout and Neuralgia. Pains relieved and most cases cured shortly after using our combination treatment. Trial order prepaid for \$1. Satisfaction or money refunded. E. A. Barr Co., Shamokin, Pa.

Must Be Somewhat Stale

The Panhandle Plains Historical society of Canyon, Texas, has received what is believed to be the oldest loaf of bread in the state. It was made by Gussie Gough when he returned from the Civil war in 1865. Ashes were used in place of soda and the bread still looks substantial.--Indianapolis News.

His Consideration

"While I always feel eminently able to tell everybody else how to do everything--including bossing women, running wars," said Cyrus K. Savage, "executing miracles, making condensed milk, choosing cantaloupes and vacations, and adventuring into other lines of endeavor not necessary to enumerate at this time--I understand that the average citizen does not care to listen to my superior wisdom, and so I usually refrain from offering it."--Kansas City Star.

Oh, Transparent Man

Doctor--You had better be X-rayed. Patient--There's no need. Get my wife--she is always able to see right through me.

Experts at the bureau of standards in Washington have measured time to an accuracy of from 100,000th to 200,000th of a second.

A DOCTOR'S ADVICE

GO LIGHT ON LAXATIVES!

Everyone needs a laxative AT TIMES. But there's no need for making it a HABIT. If you have the habit, you can be rid of it in thirty days. Or less! And this is how:

The next time you go to take any strong cathartic--don't. Instead, take a little cascara. That's not a vicious drug, but the bark of a tree. The laxative made with cascara couldn't harm a child. It is, in fact, the one cathartic many physicians will approve for children. Gentle as it is, cascaring is just as thorough in cleansing the colon as the more powerful purges that actually sap a person's strength.

Proof that there's no habit from cascara begins the very day after taking.

CASCARETS
They Work While You Sleep!

Kill Rats--Without Poison
A New Exterminator that is Absolutely Safe to use Anywhere!

Will not injure human beings, livestock, dogs, cats, poultry, pet is deadly to rats and mice every time.

Poisons are too dangerous
K-R-O does not contain arsenic, phosphorus, barium carbonate or any deadly poisons. Made of powdered squill as recommended by the U. S. Dept. of Agriculture in their latest bulletin on "Rat Control."

"Never saw anything work like this. We are ordering from our wholesaler in our next order. It is not necessary to say that we are pushing K-R-O." Harty's Pharmacy, Sardinia, Ohio.

75c at your druggist; large size (four times as much) \$2.00. Sent postpaid direct from us if dealer cannot supply you. **SOLD ON MONEY-BACK GUARANTEE.** The K-R-O Company, Springfield, Ohio.

No Throat Irritation—No Cough.

POULTRY FACTS

FEEDING FLOCK OF LAYING HENS

The New Hampshire station gives the following feeding recommendations for laying hens, formulated at the 1927 conference of representatives of New England agricultural colleges:

Mash formula: 200 pounds coarse yellow corn meal, 100 pounds wheat bran, 100 pounds middlings, preferably white; 100 pounds out products (see paragraph 3); 25 pounds meat scraps, not less than 50 per cent protein; 25 pounds fish scraps, not less than 45 per cent protein; 25 pounds steamed bone meal; 25 pounds dried milk; 5 pounds common salt.

Grain formula: 200 pounds whole corn; 100 pounds wheat; 100 pounds

1. That dry mash be kept before the birds constantly in hoppers or troughs that can be and are kept clean and free from litter, dirt and filth. That all hard grains be fed in similar hoppers or troughs. The amount will vary with the breed, the rate of production, the weather, and possibly other factors, but there is a growing tendency among poultrymen to feed grain more liberally.

2. Whole corn is recommended because there are certain vitamin losses in cracking, and furthermore the feeder is better able to check up on quality. This presupposes that chicks have been taught to eat whole corn on the range, or before being installed in the laying house.

3. Oats should be omitted from the scratch mixture when fed germinated. The term "oat products" in the mash formula includes oat flour, ground oatmeal or ground 40-42 oats. All are used for pound.

4. Cod liver oil is a valuable supplement that ought to be added to the ration during the winter months at the rate of one pint per 100 pounds of feed or nearly one quart per 100 hens per week or one-fourth pint per 100 hens per day. It should be fed the year around to hens kept in confinement.

Ganders Are Drawback in the Geese Business

Geese naturally mate in pairs. Sometimes you can force upon a gander more than one mate. Sometimes you cannot. I should say that the average you would have to keep would be two ganders to three and possibly four geese. That is one of the drawbacks of the geese business, says a writer in *The Farmer*. You have to keep too many unproductive males. The productive females do not lay a great number of eggs, perhaps 30 to 35, and unless some pains is taken in feeding them the eggs do not hatch very well.

If you have plenty of roughage, however, they can be rather cheaply fed. Short cuttings of alfalfa or clover hay may consist of one-third of the bulk of their feed. The other two thirds should consist of corn meal, wheat bran, wheat middlings. They should have a small amount of animal matter. This feed might be mixed with skim milk or buttermilk or add about 5 per cent of meat scraps or tankage to it. You should have fine sand, say about one pound in 100 pounds of soft feed. This soft feed should be fed quite wet. They might have a little whole corn at night, but not a great deal. Too much will make them so fat by spring that the geese eggs will not be fertile.

Changing Breed Doesn't Help Egg Production

Unfortunately for a great many people the idea prevails that the only way to get more eggs is to change the breed or variety of birds kept. Merely changing from one breed of birds to another is not going to make any improvement in results, unless some one has previously done some constructive breeding with the particular strain of birds selected. Some very creditable records have been made by individual cows in various breeds, and we also know that individual hens in different breeds of poultry have made some very high egg-production records.

Contagious Roup

Contagious roup is a very easy disease to recognize, starting usually like simple cold, with a thin, watery discharge from the nose and eyes. This secretion has a peculiar, offensive odor. Inflammation sets into the nasal passages, eyes and spaces just below the eyeballs. Birds often cough and sneeze and breathing becomes noisy. If nasal passages become blocked the birds breathe through their mouths. The birds soon lose their appetite and become depressed.

Prevent Toe Picking

When boxes of day-old chicks arrive do not open them and allow the chicks to see each other very long. They will be hungry and with no feed in the box they may quickly form the toe-picking habit. This seldom happens when the chicks are placed in the brooder house where the litter and the feed hopper keeps them busy. Idleness is the foundation of bad habits in poultry of all ages. The busy hen on the range seldom eats eggs or pulls feathers from her flock mates.

Snowy linsens are the pride of every housewife. Keep them in that condition by using Red Cross Ball Blue in your laundry. At all grocers.—Adv.

True American Spirit

With a \$5 loan from her family, Lita Halladay of Estancia, N. M., has acquired four years of education at the Illinois Women's college. She has been washerwoman, waitress, maid, librarian and cook at summer resorts to earn her way. When she ends her course she will owe only the \$5 which enabled her to reach college.

To Cure a Cold in one Day

Take Laxative BROMO QUININE Tablets. The Safe and Proven Remedy. Look for signature of E. W. Grove on the box. 25c.—Adv.

Pigeon Liquidated Debt

Pigeons were welcome visitors at the window of the Cincinnati (Ohio) apartment of Mrs. Amoretta Fitch, always receiving a few morsels of food until their hostess discovered they had begun to eat her cherished window plants. Then she put up a screen to shut out her feathered callers. A few mornings later a single pigeon came to the window and hovered about on the sill as if to attract her attention. She shooed it away, but it came right back and dropped a shiny, new dime on the sill and flew away, not to return.

Women! Defeat Your Ills!

Port Arthur, Texas.—"I have taken Dr. Pierce's Favorite Prescription off and on when I would feel rundown in health and it always built me up and helped me a great deal in many ways. I can highly recommend it to be a wonderful medicine for ailing women. I don't believe it ever falls if given a fair trial."

Obtain Dr. Pierce's Prescription now, in liquid, large bottles \$1.35, or tablets, 65c, from your druggist or send 10c for trial pkg. of tablets to Dr. Pierce's Invalids' Hotel in Buffalo. Ever tried Dr. Pierce's Pleasant Pellets for the stomach and bowels? 50 Pellets, 30 cts.

Bobby's Explanation
Little Sister—I wonder why February has 29 days every fourth year?
Little Brother—Don't you know, silly? It's so that people born on the 29th of February can have a birthday once in a while.

Don't think when any one gives you a present that it isn't going to cost you anything.

Build Up Any Boy in Two Weeks!

It isn't dispositions that make some youngsters naturally active and athletic, and others so listless. It's what they eat, and what becomes of it! Nine times in ten, a boy or girl who eats lots of fruit is always on the go—up and gaining. Your children may not crave fruit every day, and every meal. No matter; let them have California fig syrup. They'll love it, never fear! Nor ever fear to let them have this rich, fruity syrup as plentifully as Nature signals for it. They give it to tiny babies who are fretful or feverish. And to older children as often as sour stomach, bile, or any sluggishness is seen. One spoonful of the fig syrup, and within twenty-four hours the whole system is cleansed and in the pink of condition. With any recurring spells of constipation further remove all the keep You may need of harsher measures to give this remarkable product with the confidence you could have in any tonic—and with far more happy results! Make the two-week test so many parents have made, and see if your children, too, don't respond in almost magical manner to the invigorating influence of the fruity goodness they can have in such agreeable and innocent form as genuine California fig syrup. The only care you need exercise is in purchasing this product. The genuine is California fig syrup, and it is "California" syrup that you should ask for (always found in any drugstore) in the generous sixty-cent bottle.

Shakespeare Ball Novel

So successful was the first Shakespeare ball given by the English Speaking Union in Sydney, New Zealand, last year, that it has been established as an annual event. All dancers represented characters from plays of the famous bard. Features at this year's ball were the lancers, danced by sets drawn from "The Merry Wives of Windsor," "Twelfth Night," "Anthony and Cleopatra," and "Hamlet."

Knew He Would Have Need for Checkbook

"Cupid" Sparks once remarked: "A little bit more attention to home comforts would keep many husbands from wandering abroad. Most men, in order to hold their jobs in shop and office, literally have to make good. The wife, if she is keeping house, does not feel that she has to and her lack of 100 per cent effort often leads to disaster."

Yes?

Cigar Dealer—That cigar is made from the choicest leaf.
Victim—The choicest leaf of what kind of plant?

The woman who doesn't know her own mind hasn't much to worry over.

Efficient Scarecrow

It has been discovered that most effective means in frightening the birds away is by means of grand opera. A German farmer's wife has been greatly disturbed by birds that destroy her cherries. Because her children go to school in the daytime, the birds no longer pay any attention to her scarecrows. Then one day inspiration came to her. She attached a megaphone to her radio set and tied it to one of her cherry trees. The result was almost magical. Now she is not annoyed by the birds; only once in an hour she is obliged to interrupt her work to get in on the new wave length.

The housewife smiles with satisfaction as she looks at the basket of clear, white clothes and thanks Red Cross Ball Blue. At all grocers.—Adv.

Profitable Angling

Newcomer—Anything worth catching in the lake?
Hotel Proprietor—Well, rather. There are several helresses in bathing right now.—New Haven Register.

A Girl Story

Charlie Chaplin told a New York reporter the other day a girl story. "Girls are more beautiful and more—er—practical than ever," he began. "A girl named Montmorency sat in a moonlit California rose garden with a young man named Fetherstonhaugh. Fetherstonhaugh bent over her and said in a passionate voice: "Miss Montmorency—Augusta, if I may call you so—I am not rich in this world's goods, but—" "With a slight wave of her cigarette she silenced him. "That will do, Mr. Fetherstonhaugh," she said. "No!"

Making It Short

In a heated Hollywood controversy between picture men, one of the producers present said: "I can cut this short in two words—In Possible."

Not Big Enough

Dora—Why do her people object to him?
Doris—There are seven in her family and the car holds only six.

Old Folks Say Doctor Caldwell was Right

The basis of treating sickness has not changed since Dr. Caldwell left Medical College in 1875, nor since he placed on the market the laxative prescription he had used in his practice, known to druggists and the public since 1892, as Dr. Caldwell's Syrup Pepsin.

Then, the treatment of constipation, biliousness, headaches, mental depression, indigestion, sour stomach and other indispositions that result from constipation was entirely by means of simple vegetable laxatives, herbs and roots. These are still the basis of Dr. Caldwell's Syrup Pepsin, which is a combination of senna and other mild laxative herbs, with pepsin.

The simpler the remedy for constipation, the safer for the child and for you, and the better for the general health of all. And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with strong drugs?

A bottle of Dr. Caldwell's Syrup Pepsin will last a family several months, and all can use it. It is good for the baby because pleasant to the taste, gentle in action, and free from narcotics. In the proper dose, given in the directions, it is equally effective at

all ages. Elderly people will find it especially ideal. All drug stores have the generous bottles.

We would be glad to have you prove at our expense how much Dr. Caldwell's Syrup Pepsin can mean to you and yours. Just write "Syrup Pepsin," Monticello, Illinois, and we will send you prepaid a FREE SAMPLE BOTTLE.

HOW ARE YOU TODAY?
How often does that friendly question find you full of pains and aches caused by kidney, liver and bladder troubles? Keep your health while you can. Begin taking Gold Medal Haarlem Oil Capsules at once. Hardy Hollanders have used this remedy for over 200 years. In sealed boxes, at all druggists. 3 sizes. Look for the name on every box.

A Half Century of Service
1878 **Cuticura** 1928
Soap and Ointment
Announce their Golden Anniversary

FOR 50 years the name Cuticura has stood for all that is best in Toilet Preparations for cleansing, purifying and beautifying the Skin, Scalp and Hair.

First manufactured and distributed in the United States, they are now known and used throughout the world, ever-growing demand necessitating the establishment of additional laboratories for their manufacture in Canada, England and Australia.

Originated in 1878, the Cuticura Preparations have been able, through their wonderfully effective super-creamy emollient qualities, to meet the constantly changing demands of successive generations, and are today held in highest esteem for all the needs of the daintiest of modern toilets.

The Cuticura Preparations consist of:
Cuticura Soap **Cuticura Ointment**
Cuticura Talcum **Cuticura Shaving Stick**

Each is a highly developed product, with the Medicinal, soothing and healing properties of Cuticura so delicately and delightfully blended that they are unique in Toilet Requisites.
