First Baptist Church

All services at the church last Sunday were well attended and much interest shown.

The week of prayer for foreign missions was conducted last week by the women of the church. Interesting and instructive programs were given each day. The offering will be closed out by the church the last of the month. This last Monday the monthly Bible lesson was taught by Bro. Tipton, several ladies being present.

Plans for the Christmas season are being made. Friday night, Dec. 12, the ladies of the church will have their annual Christmas party in the Fellowship Hall of the church at 6:30. All the ladies of the church are invited to attend.

Following the regular evening service next Sunday the young people of the church will enjoy a fellowship hour in the Fellowship Hall. A Christmas film will be shown. Other plans for the Yule tide season will be announced later.

Mr. and Mrs. Troy Hamblen and little daughter of Amarillo visited here last week end.

Greenbelt Dam News

Another Coring contractor visited the dam site this week. He reports all formations favorable. The Authority plans to entertain bids for the coring some time in January.

The topographical maps should be in the hands of the Authority's engineers soon. By the time the coring report is received the engineers should be able to give the almost exact cost of the dam, pipe lines and the cost of the water delivered to the standpipes of each city.

Some encouragement is also received in regard to a hard surfaced road to or near the dam site. This is something that has been needed for a long time. We hope it materializes soon.

In-Service Training

Another In Service training meeting was held last Thursday night at the Lelia Lake school house. After the showing of two appropriate films, an interesting panel discussion on Guidance was conducted. Hedleyans serving on the panel were teachers Connie DeBord and J. M. Baker, parents Mrs. Ray Moreman and Mrs. Clyde Hoggard, and students Patsy Alexander and Don Cox. There were also two teachers, two parents and two students from Lelia Lake as well as Miss Mary Foreman of Memphis who is to assume the full job of Counselor for Donley County schools after January 1.

The next meeting is to be at Hedley January 8 and will feature a continuation of the discussion on guidance. The public is invited to this meeting and it is hoped that a better understanding between parents and teachers may be achieved.

Donnie B. Smith

Funeral services for Donnie B. (Ted) Smith, who passed away at Amarillo last Friday, were held Saturday from Central Church of Christ there. Burial was in Llano cemetery there.

Mr. Smith was born Nov. 22, 1899 at Gibtown, and was married to Miss Mabel Dickson at Hedley in 1919. They moved to Amarillo in 1923. He was a veteran of World War I and was a member of the Central Church of Christ of Amarillo.

Methodist Church

The Henry Moores and the pastor attended district conference at Childress on Dec. 1. Henry gave a report on it at church Sunday evening. Aubrey Lee Cherry, chairman of the commission on Christian social relations, presented the commitment to abstinence from alcoholic beverages theme in the morning worship.

Both services of worship are scheduled for this next Sunday, while the one just preceding Christmas holds two features: Rev. James Glasscock of Wellington second-year student in Perkins School of Theology at S M U in Dallas, will preach; and that evening the Christmas program will be presented.

News From Our County Agent

County Agent H. M. Breedlove is asking everyone to remember the big meeting on the Great Plains conservation program to be held at the court house in Clarendon on Dec 18 at 7:30 p. m. Mr. Lynn Pittard of the Texas A & M College Extension Service will be on hand to give first hand information on the program and how farmers and ranchers can benefit and get assistance on conservation work needed on the farm or ranch.

Santa Claus Coming

Old Santa Claus will make his annual visit to Hedley Saturday of next week. Each year he comes to visit the children of the Hedley community on the Saturday before Christmas to find out what they want for Christmas and to bring each boy and girl a Christmas sack.

He will probably come by jet aeroplane this year and be met by the Fire Department and ride in on one of their fire trucks. The Fire boys say they will have him on the main street about 3 p. m. Be sure and be there to see Santa and get your sack.

4-H Party

The Donley County 4-H Club members from all parts of the county will hold their Christmas Party on the night of Dec. 15 at the Canteen in Clarendon says county agent H. M. Breedlove. The party will start at 7 p. m. and games will be played, with lots of good food for every one present. All club members and parents are being contacted about the party and all families will bring food. Breedlove is urging all 4-H members and their families to attend this county wide party.

Carl Dotson

Funeral services for Carl Dotson, 63, a former Hedleyan who passed away Thursday of last week at Levelland, were held there Saturday. He had lived there for 15 years.

He is survived by his wife, a daughter, two sons, and his mother, Mrs. J. A. Dotson of Amarillo.

Johnny Nash, son of Mr. and Mrs. John Nash of Wellington, was injured Sunday night, Nov. 30, when the car he was driving ran into a ditch along highway 256 east of Memphis. He remained unconscious for some time, and upon awakening had no recollection of the accident. It was believed that he dozed while driving alone. At last report he was improving.

Mr and Mrs. John Tate spent the Thanksgiving holidays in Kansas City, Mo., visiting their daughter and family, Mr. and Mrs. John Hodges and son.

ASC News

How farmers vote in the cotton marketing quota referendum on Dec. 15 will determine whether quota penalties will apply, the kind of allotment program in effect, and the level of price support for 1959-crop cotton. The referendum therefore is of vital concern to every cotton grower, says W. H. Cooke III, Chairman of the Donley County ASC Committee.

The marketing quota program will be in operation for next year's crop, if at least two thirds of the votes cast in the referendum are in favor of the program.

The referendum for F and G communities will be held between 8 a. m. and 6 p. m. on Monday, Dec. 15, at the City Hall in Hedley.

All of this exacting data goes to the laboratory. There scientists analyze and evaluate the information. As new designs and materials prove their worth, the improvements go to the factory for incorporation in Firestone's regular automobile tires. That's how Firestone maintains world-wide leadership in tire safety and tire performance.
