ASC News

A new definition of a farm, which is uniform throughout the country for purposes of the acreage allotment and soil bank programs, takes effect this year according to the State Agricultural Stabilization and Conservation Committee.

The new definition, the committee said, places emphasis on farm operation. In general, a farm is defined as:

1. All adjoining or nearby and accessible farm, wood, or rangeland under the same ownership which is operated by the same person; and

2. All additional farm, wood, or rangeland under different ownership which is operated by that same person provided it is nearby and easily accessible, is approximately equally productive, and has been operated as part of the farm for the past two years or will be so operated for two years in the future.

Under this definition, the operator of a farm means the person who is in charge of the supervision and conduct of the farming operations.

Participants in the Soil Bank program are reminded that they must not plant crops for harvest in excess of their permitted acreage

Important--This is another reminder that you must plant all of your cotton allotment.

Measuring Wheels—We can no longer use wheels for initial measuring, so you may buy one at this office.

Injured On Tractor

Jeff Wingo was seriously injured Tuesday morning when a tractor overturned on him, and he was taken to a Memphis hospital suffering from crushed hips

He has been driving a tractor for Winfield Mosley west of town.

Notice

All children in the Hedley and Lelia Lake school districts who will be beginning first graders next fall are invited to attend school Friday, May 15, in the Hedley First Grade room. A program to help them get acquainted with school routine has been planned which will help make starting to school a pleasurable experience

Hedley Team Ranks Third In State

One point was needed to make Hedley the top milk judging team in the state for the second straight year. They were $\frac{1}{2}$ point behind the second place team which in turn was $\frac{1}{2}$ point behind Gainesville, the first place winner in the contest at College Station May 2.

In individual awards Jon Leggitt was seventh in the state and David Moreman tenth. Both boys received a gold medal. There were 198 boys competing.

The poultry judging team placed 51st in competition with 80 high schools. The boys on this team are Johnny Dickson, Billy Maddox, and Bobby Roland, and alternate Jackie Sanders. Jon Leggitt, David Moreman, David Morris, and alternate, Bobby Stephens made up the dairy products team.

Damaging Hail

Roofs, autos, fruit trees, etc., suffered quite a bit of damage Sunday evening when a hail storm struck this area. About an inch of rain fell, accompanied by high winds and hail up to 2 $\frac{1}{2}$ inches in diameter.

We have no estimate of total damage, but every home and business in Hedley was damaged to some extent.

Fire Dept. Meeting

The Hedley Fire Dept held their regular drill meeting Monday night, with most of the drill period spent in cloud watching.

The high point of the evening was a delicious angel food cake contributed by Mrs. R. M. Saunders. Our thanks to Mrs. Saunders for this treat.

Card of Thanks

We wish to express our heartfelt thanks to all our friends for the many expressions of sympathy and kindness shown us in the death of our loved one. We appreciated very much the flowers, food and everything else that was done.

May God bless each and every one of you.

Red Cross

"The 1959 Red Cross drive in Donley County has met with a gratifying response," stated Basil W Smith, co-chairman of the fund raising campaign.

"This year's goal of \$1199.00 has been well over-subscribed. A total of \$1494.47 has been given. This will enable the Donley County Chapter to do much more this year. The officers of the Chapter join me in thanking the kind people of Donley County whose generous giving enabled us to go over the top; too, we are much indebted to the many volunteer workers who, after all, did the actual work," Mr. Smith said.

Catherine Hunsucker of Lubbock spent last week in the C. R. Hunsucker home. Mr. and Mrs. Corky Hunsucker and Mr. and Mrs. Al Manny came up from Lubbock for the week end and took the young lady home.

News From Our County Agent

Now is the time to watch for the hatch of young grasshoppers, says county agent H. M. Breedlove. Recent rains and hot weather will make ideal conditions for the hatch of the grasshoppers. It is hard to tell at this time just how severe the infestations might be, but a close watch and early poisoning is a good safeguard against a serious outbreak. If you need any help on insect problems call by the county agent's office.

Some Are Lucky

Napoleon once said "Luck is
 with the movers." Most of us at
 some time have credited someone
 with luck or as being lucky. Actu-
 ally though, luck is not some-
 thing that comes by surprise, but
 rather is earned by hard work. In
 one of the big football games of
 the season, one of the players was
 able to make score after score by
 running with the ball a hundred
 yards or so and eluding the oppo-
 site players as he did so. People
 said he was lucky, but he was only
 if trained muscles acting in accord-
 ance with an active mind could be
 luck. His luck was the luck of a
 man whose mind could direct his
 body in a split second. It is not
 difficult to make this same appli-
 cation in our religious lives. Some
 people are going to be saved in the
 final day. They are lucky because
 they have made themselves so.
 They are people who have trained
 their thoughts and actions in ac-
 cordance with God's will. There
 will be some who will be lost for-
 ever, and it will not be because
 God favored some over others.
 The ones who will go to heaven
 are the doers of this world. The
 "movers" who are willing to fight
 the fight of faith.
