The trio, Mrs. Don Springer, Mrs. J. M. Seniors Honored

One of the outstanding events for the 1963 Senior Class of Hedley High School was the annual banquet given by the ladies of the First Baptist Church to honor the Seniors last Friday evening in the Fellowship Hall of the church.

The theme of the banquet was a western campfire scene complete with a sleeping cowboy. The room was lighted by kerosene lanterns and the walls were covered with lariats, horseshoes, guns, branding irons, and spurs. Horseshoes and guns on the tables carried out the western motif.

Mrs. Joe Miller served as toastmistress. The group sang the Doxology and J. M. Baker gave the invocation. Mrs. Gene Grace gave the welcome, responded to by Jimmy Boliver. Marie Butler and Mrs. Miller rendered "I Wish You Joy" in poetry and song. Rev. Gene Grace was the speaker for the evening. After a group sing song, Mack Bush gave the benediction.

Everyone greatly enjoyed the delicious meal of fruit cocktail, steak, new potatoes, pinto beans, green salad, fried pies decorated with brands, iced tea and hot rolls.

We thank all the mothers that worked or helped in any way to make this lunch a success and to those that donated any food to help out also. Our thanks to Mrs Baird's, and Mead's, and Ray Moreman and Truett Behrens.

We want to thank Wayne and Eva Hansard for the use of the cafe, and sincerely hope everyone enjoyed their meal.

FHA News

Jamie Evans and Sue Alexander represented the Hedley FHA Chapter at the state convention held at State Fair Music Hall in Dallas on April 19 and 20. The girls and the Chapter Advisor, Mrs H H. Shields, made the trip by chartered bus along with approximately 80 FHA members and advisors from schools in the Panhandle area.

The theme of the meeting was "FHA Guideposts for Citizenship," a very effective and inspiring program. Dr Travis Shelton, professor of music at Southern Methodist University, led the group singing. The girls heard short talks made by Hollis Allen of the Dallas schools, Ray Wilson, manager of youth activities, State Fair, Dr J. W. Edgar and Mr. M. A. Browning of the State Dept. of Education.

The Hedley group enjoyed a cinerama of "How the West Was Won" on Thursday night and had time between sessions of the meeting to see some exhibits at the State Fair park. Mr. Walter Jettton and staff served meals to approximately 5,000 FHA delegates and advisors in the women's building at the State Fair park.

The group reported a very enjoyable trip and an inspiring meeting.

Farm Facts

According to the Economic Research Service of the U. S. Department of Agriculture, the average American is eating more fruit than he did 50 years ago.

One person ate an average of about 172 pounds of fruit per year during 1910-14. Today the average person eats about 200 pounds of fresh fruit equivalent yearly.

Today 50% of the fruit we eat is processed, compared to only 13% back in 1910. The increase in use of processed fruit—particularly canned and frozen—has been about fivefold and has more than offset the per capita decrease in fresh fruit consumption since 1910.

Back in 1910 folks were eating a lot of dried fruit. It accounted for about 78% of the processed fruit in those days. Use of dried fruit has been declining since 1920.

In the 100 pounds of processed fruit we consume annually, 53% is canned fruit and fruit juice; 35% is frozen

fruit and fruit juice; and 12% is dried fruit. Citrus accounts for about half the processed fruit we eat.

Consumption of frozen fruits and juices has more than made up for a decline in use of canned fruits.

Payroll

When the Bonham Cotton Mill announced it would close its doors finally in early 1962, that North Texas city stood to lose a 61-year old industry with a \$14,000 weekly payroll.

Aggressive citizens of the 7357 population community arose to the emergency. Today, little more than a year later, Red River Textile Mill, Inc., is not only continuing the operation of its predecessor, but is talking plans for an eventual major expansion.

Bonham's vigorous enterprise in the face of crisis is another reason we say big things are happening in General Telephone towns.

These towns are on the move. Community improvements are under way, local resources are being developed, new businesses, new industries are coming in. If your town seeks additional information about expansion perhaps we can help. Just write our Community Development Department, Box 1001, San Angelo, Texas.
