HEDLEY, DONLEY COUNTY, TEXAS, MAY 31, 1963

No. 32

Hall-Monk

Nuptial vows were solemnized at 6:30 p. m. Saturday evening, May 25, in the First Baptist Church at Hedley for Miss Brenda Monk, daughter of Mrs. C. M. Monk of Clarendon, and Ronnie Hall, son of Mr. and Mrs. Luther Hall of Clarendon.

The double ring ceremony was read by Rev. B. Gene Grace before a nuptial space decorated with candelabra holding white lighted candles, greenery and baskets of white mums.

Mrs. Don Springer played a prelude of nuptial selections and accompanied Miss Susan Cox who sang "Because" and "Always." The traditional wedding march was used.

The bride was attired in a gown fashioned of chantilly lace over satin. The bodice of the gown was styled with a sabrina neckline and sleeves tapering to points over the hands. She carried a bouquet of white carnations centered with an orchid atop a white Bible. Her only jewelry was a single strand of pearls.

Mrs. Billy White served as her sister's matron of honor. She wore a dress of pink embroidered silk organza and carried a bouquet of pink and white carnations.

Jeanne White, niece of the bride, and Ricky Mills, nephew of the groom lighted the candles.

Robert Mills served as best man. Ushers were Bill Monk and Kenneth Housden.

Mrs. Dave White, sister of the bride, registered the wedding guests.

Immediately following the ceremony a reception was held in Fellowship Hall. The bride's table was laid with a white embroidered linen cloth centered with a three tiered wedding cake topped with a miniature bride and groom. Miss Toni Davis of Memphis served the wedding cake, and Mrs. Robert Mills presided at the punch service.

For the wedding trip the bride chose a two piece dress of blue silk complimented with white accessories and the orchid from her bridal bouquet.

After June 1st the newlyweds will be at home in Amarillo where the groom is employed with Furr Foods.

The bride is a graduate of Hedley High School and before her marriage was employed by Gen-

Wells Observes 60th Anniversary

A very nice article in last week's Memphis Democrat written by Herschel Combs honors J. Claude Wells, who is co-publisher of the Democrat together with Mr. Combs, on his 60th anniversary as a newspaper man.

Mr. Wells is well known to many Hedleyans. He established the Informer in 1910, and while here organized the second Boy Scout troop in the Panhandle in 1913. He served for eight years as Scoutmaster at Wellington and a number of years in the same capacity at Memphis. He has served as Deputy Scout Commissioner of the Panhandle Area Council.

He served for four terms as Mayor of Memphis has been president of the Chamber of Commerce and the Rotary Club, and is an honorary life member of the Memphis Fire Dept. and the Memphis Lions Club. He has served on the Memphis school board and the Board of Stewards of the Methodist Church. He has been president of the Panhandle Press Assn. and of the Agricultural Writers Conference.

We wish for Mr. Wells many more happy and fruitful years as a newspaper publisher.

CJC Graduation

A number of Hedleyans attended the graduation exercises last Friday night at Clarendon Junior College. Heading the class of 33 was Jon Lloyd Leggitt, son of Mr. and Mrs. Lloyd Leggitt of Hedley.

Also graduating were John Lloyd Kennedy, son of Mr. and Mrs. J. D. Kennedy, Jo Dishman, daughter of Mr. and Mrs. Elmer Dishman, and Jimmy Ray Winters grandson of Mr. and Mrs. Burt Stone.

To Receive Degree

Greenbelt Dam

The final report of the engineers of the Water Authority will be in this week. It will give the exact cost of the water delivered to the interested cities.

As soon as the report is in a meeting of the board of directors will be called. The engineers, the authority's attorneys and representatives of bonding companies will be present at the meeting.

They hope to have everything in readiness to hold the necessary elections in July. There will be two elections. One will be for the water purchase contract and one for the issuance of the bonds. They can be held at the same time.

LIONS ROAR

A big event for the local Lions Club was the 21st anniversary ladies night and mortgage burning last Thursday night. A large crowd was present for the occasion including a number from out of town, such as International Counselor Boyd Meador of McLean, District Governor Sam Pagan of Shamrock, Wood Coleman of Sam Norwood, and charter members Earl Tollett, Jack Marshall and J. W. Noel. Most of these were accompanied by their wives.

Aubrey Cherry served as master of ceremonies, and Clifford Johnson introduced the guests, charter members and Lion widows. Everyone enjoyed the delicious meal and the ugly man contest, won by Milt Mosley, as well as the prettiest woman contest, won by Mrs. R. E. Mann.

Short talks were made by the dignitaries present, after which the mortgage was burned by Lion president Herlie Moreman and secretary Earl Wheatly.

3 A.M. in a pharmacy...

It is 3 A.M. in a community pharmacy. The street is in darkness, yet lights are on in the pharmacy. Why? Because the pharmacist is faced with an emergency.

He received an urgent telephone call at 2:50 A.M. Mrs. Saxon, a sufferer from asthma, was having severe difficulty in breathing. Her husband told the pharmacist that she had run out of the medicine prescribed by her physician.

The pharmacist dressed quickly, rushed to his store, located the original prescription in his files, telephoned to Mrs. Saxon's physician, prepared and delivered the medication. Soon, Mrs. Saxon was breathing normally again, and a possible tragedy had been averted.

Such crises are frequent, yet your pharmacist meets them with speed and confidence as part of his complex professional duties. Today, a pharmacist goes to college for five years, spends many hundreds of hours in apprenticeship, and must pass a rigorous

state examination before he is licensed. He must stock thousands of dollars worth of health products you need every day—as well as those you may need only once in a lifetime.

It was not by chance that the pharmacist had the proper drug ready for Mrs. Saxon when she needed it. We call the complex process by which a drug moves from manufacturer to patient "the miracle of drug distribution."

The teamwork of manufacturer, drug wholesaler and pharmacist assures that you—as well as Mrs. Saxon—will always receive the medicine you need. This miracle of drug distribution—the fact that the medicine you need is ready when you need it—is just one reason why prescriptions are today's best bargains.

Giles Picnic

Yes Siree! There's going to be a Giles Picnic on the banks of Buck Creek Thursday, May 30th. The eighth annual picnic is scheduled to begin at ten o'clock that morning and continue until ten o'clock that night.

The Mayor of Giles, Lowell Houston, will dignify the festivities with his august presence, and the sheriff, Walter Johnson, aided and abetted by his able deputies, Dave Browder and Gerald Knight, will see that everything goes off in good order. Lloyd Shelton of Clarendon is giving the beef for the picnic.

Flip Breedlove and Pete Land will see that the barbecue is done to a queen's taste, not to mention a big pot of beans, onions, pickles, and bread to stick to your ribs. Pies, cakes and salads will be most acceptable should some of the ladies be inclined to contribute.

Fiddle music, community singing and some brief speeches will keep the festivities lively. And in the evening Milton Beasley with his Memphis Eight Square Dancers will entertain. Also there will be music for round dancing according to Walter Johnson, in charge of the music.

So braid your hair and shine

Maybe this is a secret, but the beautiful birthday cake decorated with white frosting and pink roses, topped with two candles, read 75. But really they could have been turned around.

Mrs. Pierce received many beautiful gifts. Twenty-three guests called, including her grandson, Phillip.

Farm Facts

According to the Economic Research Service of the U. S. Department of Agriculture, the average American is eating more fruit than he did 50 years ago.

One person ate an average of about 172 pounds of fruit per year during 1910-14. Today the average person eats about 200 pounds of fresh fruit equivalent yearly.

Today 50% of the fruit we eat is processed, compared to only 13% back in 1910. The increase in use of processed fruit—particularly canned and frozen—has been about fivefold and has more than offset the per capita decrease in fresh fruit consumption since 1910.

Back in 1910 folks were eating a lot of dried fruit. It accounted for about 78% of the processed fruit in those days. Use of dried fruit has been declining since 1920.

In the 100 pounds of processed fruit we consume annually, 53% is canned fruit and fruit juice; 35% is frozen

fruit and fruit juice; and 12% is dried fruit. Citrus accounts for about half the processed fruit we eat.

Consumption of frozen fruits and juices has more than made up for a decline in use of canned fruits.
