LIONS ROAR

This week is when our district governor, Lion O. A. (Steve) Stephens of Amarillo will address the club. Lion Steve is a good speaker. Let's have a good audience. Mrs. Nivens will start serving at 7:30 p. m. Come out for a good supper and a good program, you will leave full of food and knowledge of Lionism.

The board of directors met last Thursday night in spite of bad weather. The annual Lions Club Auction Sale to be held March 6, and other business was discussed.

Air Rifles Prohibited

Some complaints have been made concerning damage done to property by air rifles. There is a city ordinance prohibiting air rifle shooting within the city limits of the City of Hedley, and those indulging in same are hereby warned that further complaints of damage done will result in their prosecution.

Vehicle Inspection

Motor vehicle inspections are lagging behind with less than thirty per cent of the required vehicles in Region 5 displaying a 1964 inspection sticker, according to Captain Alan Johnson, Motor Vehicle Inspection supervisor of this area for the Texas Department of Public Safety.

"With the deadline for obtaining inspection stickers drawing near only 32 per cent of the vehicles in Donley County have been inspected," the Captain said.

"If this trend continues, vehicle owners can expect to have to wait in line in order to get their vehicles inspected by the April 15 deadline," he said.

Jimmie's Garage is the local inspection station.

School Taxes

All property owners in the Hedley school district are requested to come to the school business office and render their taxes to Mrs. Dean Nivens, who is assessing and collecting taxes for the school.

The school will appreciate the cooperation of everyone.

Greenbelt Dam

The delegation from Hedley that went to Austin Tuesday to represent the Greenbelt Water Authority at the hearing evidently had a busy day.

They were to have a get-together breakfast early Wednesday morning and meet with the Texas Water Commission at 9 a. m. in regard to changing the water rights to the present dam site.

That afternoon they met with the Texas Water Development Board in regard to the state's participation in the dam and reservoir. The state is being asked to participate to the amount of \$2,100,000.

The next hearing on the purchase of the Water Authority's sale of \$8,200,000 35 year serial bonds at 3 3/4% interest will be held Feb. 19.

Making the trip from Hedley were Mr. and Mrs. L. D. Moore, Mr. and Mrs. F. M. Murray, Clifford Johnson, Roy Hunter, Jack Hoggard and Junior Hill.

School Election

Anyone who wishes to have his name placed on the ballot for school trustee is asked to turn in his name to Supt. Kenneth Sams, a member of the school board, or the county judge.

Deadline for filing for this office will be March 5, and the school election will be held on April 4.

There are three trustees whose terms expire this year.

Bake Sale

The Junior Class will have a bake sale at Cherry Drug this Saturday, Feb. 15, beginning at 9 a. m.

Graces Leaving

The Rev. Gene Grace family left this week for Copperas Cove, where he has accepted a pastorate. Bro. Grace has been pastor of the First Baptist Church here since June, 1961.

We regret to lose the Grace family, but wish them much success in their field.

A farewell party for the Graces followed the regular preaching service last Sunday night.

FFA Week

Austin, Texas, (Special)—Governor John Connally has proclaimed the week of Feb. 15-22 as FFA Week in Texas.

After presenting the proclamation to Benny Mays, Texas FFA President from Sulphur Springs, the Governor pointed out that the importance of agriculture in our state increases as Texas progresses, and it is vital to our well being that we train skilled farmers and ranchers to provide a plentiful supply of food in years to come.

President Benny Mays explained to the Governor the ideals and principals of the FFA assuring him that FFA members in Texas were striving for improved agriculture conditions and preparing themselves for roles in leadership.

By studying the science of agriculture, Future Farmers are striving to improve this great industry for the welfare of all citizens.

Card of Thanks

I would like to take this means of thanking my many friends and neighbors who have been so thoughtful of me while I have been sick. My many friends have been so good to me. Thanks for their visits and every kind deed they have shown me in every way, and especially I do thank Dr. Cox and Mr. and Mrs. Henry Nivens, who have been so wonderful to us in every way.

May God's richest blessings be with you all.

AOP News

We are getting well under way in the 1964 ACP Program; to date we have had a total of 113 applications filed for cost-share assistance. These total \$20,041.82 obligated. Our operating budget for 1964 is \$57,895.00. These practices include deep plowing, terracing, stockwater dams, applying cotton burs, permanent grass, and sod waterways. In view of the fact the deep plowing practice is the most used at this particular time we would like to call the following facts to your attention. This practice is not eligible for cost-share assistance on any acreage not suitable for cultivation or where there is adequate cover on the land to control wind erosion; or on land on which this practice was carried out in 1959 or a subsequent year. The statement 'or where there is adequate cover on the land to control wind erosion' disqualifies any land that has recently expired from the conservation reserve and has never been broken out or any land where cotton burs have been applied or any land where there is a good stand of seeded grass, wheat, rye, barley or any fall crop. We will be glad to talk with you any time about your conservation problem and help you in any way that we can. Remember your future business depends on how well you use your soil today.

1964 Feed Grain Program

Feed Grain Sign-Up Period Feb 10 through March 27. We will be glad to discuss the Feed Grain Program with you as it concerns your farm if you so desire.

1964 Cotton

Anyone who does not intend to plant any or part of their 1964 cotton allotment is urged to release their allotment to retain full history credit for future years, and to make it available to those producers who apply for additional cotton acreage. March 4 is the final day to release extra cotton or apply for additional cotton to plant.

Mrs. Vergil McPherson and daughters Beverly and Rebecca spent the week end in the Herschel Burns home in Lubbock. Sherrj Burns returned home with them for a visit while her father is seriously ill in a hospital in Lubbock.

Mr. and Mrs. Donald Painter last week took their son James Ray to the Scottish Rite hospital in Dallas, where he is undergoing treatment.

AL ELECTRICAL WEEK • FEBRUARY 9-15, 1964 • ELECTRICITY POWERS PROGRESS • NATIONAL ELECTRICAL WEEK • FEBRUARY 9-15, 1964

FROM the beginning of time, man has striven to find a source of power to make life more enjoyable; to reduce his work load. Meager ideas have led to the greatest source of energy for turning dreams into reality... electricity. There is virtually nothing that electricity cannot do... faster and cheaper than any other form of energy.

America's growth to the dynamic and industrialized civilization that it is today stems from the country's utilization of electrical power to produce a better way of life, more products, jobs and services.

Electricity powers progress... something to think about during National Electrical Week.

West Texas Utilities, an investor-owned company, is proud to be a part of the Electrical Industry and to pay its respect to the Industry founders.
