FFA Banquet

An outstanding event of the school year for the Hedley FFA was the annual FFA banquet last Friday evening in the Lions Den, when the FFA honored their parents and other guests, a total of some 95 persons.

FFA president David Baker served as master of ceremonies. The officers performed the opening ceremonies, then everyone enjoyed the delicious meal of barbecued chicken, potato salad, beans, apricots, pickles, onions, bread, tea, and soft drinks. Thava Davis played during the dinner hours.

Gary Weatherly gave the welcome to the guests, and the FFA members introduced their parents or other guests. Larry Altman gave the secretary's report. Danny Morgan gave the treasurer's report, and Don Howell paid a tribute to the guests. Several instrumental numbers were played by the "Executioners," composed of Ernie Houdashell, Tom Pat Leggitt, Troy Petty and Pat Chesser, and Letha Springer gave a vocal solo and a piano solo.

Richard Dickson then introduced the speaker for the evening, John R. Gillham, district attorney-elect, who nicely blended amusing and instructive remarks.

Glen Ward gave a review of the chapter's livestock shows. Tom Pat Leggitt presented the chapter awards, which were as follows:

Poultry Farming, David Spier. Livestock Farming, Tracy Sanders.

Soil and Water Management, Glyndol Holland.

Farm Mechanics, Pat Chesser. Farm Electrification, Gary Weatherly.

Public speaking, Larry Altman. Crop Farming, Glen Ward. Dairy Products, Bobby Wiggins. Farm Safety, Ricky Skaggs. Star Greenhand, Richard Shaw. Chapter Star Farmer, David Baker.

Alvie Ray Butler presented the Honorary Chapter Farmer awards to Ray Moreman and Henry Moore, also a gift from the chapter to Advisor Doyle Messer.

The banquet closed with the closing ceremonies by the FFA officers.

Everyone enjoyed the affair very much. The Lions Den was quite attractive for the occasion, with the tables striped with the FFA colors and enhanced with vases of spring flowers.

The Hedley Senior Class left Friday night after the FFA banquet for their annual trip to Colorado. Making the trip were Mr. and Mrs. Connie DeBord, Mrs. Sue Shields, Mrs. Lloyd Leggitt, Alvin Alexander, Alvie Ray Butler, Tom Pat Leggitt, Ann Lynn, Deloris Sanders, Katrina Snelson and Cheryl Stegall.

Mule Train To Visit Here

The Mule Train from Spearman will stop and visit in Hedley about noon next Wednesday, May 20, and we understand Hobart Moffitt is making arrangements to water the mules.

The train is making the drive from Spearman, leaving there May 14, going to Claude, then traveling on Highway 287 to Wichita Falls, then will turn off there for Graham.

It has been suggested that it would be a nice gesture for some of the business men here to take up a small donation and furnish cold drinks for the lunch this group will eat here.

More Poetry

Just about the time we think the poetic season is over, the epidemic has broken out again. We certainly think the following should be preserved for posterity:

We canvassed the precinct near and far;

We talked to people wherever they are;

By a large majority it was the people's desire

That we head for the pastures where candidates retire.

W. W. Farris and
A. G. Alexander.

Watt Parmlee

Funeral services for Watt Parmlee of Cheyenne, Okla., who passed away there Saturday, were held at Cheyenne Sunday afternoon. Burial was in the Cheyenne cemetery.

Mr. Parmlee was the brother of Mrs. W. A. Pierce and Mrs. J. W. Bland of Hedley, and was the father of Mrs. L. E. Blankenship, a former Hedleyan.

**News From Our
County Agent**

This time of year farm people and town people are asking, "What can I use for red spiders and flies in the evergreen shrubbery?" This will also apply to ants around the house and other insects.

County Agent Flip Breedlove says that two of the best sprays to use around the house for the above purpose are Malathion and Isotox. These two sprays should be mixed exactly as the directions call for on the containers, and always remember that all sprays are considered poisonous. Always keep the wind blowing away from you, and when you get some on your skin, then use soap and water to remove.

Malathion is a good spray for the control of aphids on plants. This is especially true on alfalfa, says the county agent. If you need any information on the use of these sprays call Breedlove's office.

News From Our County Agent

County Agent Flip Breedlove says that the time fast approaches to be on the look out for screw worms. We had a wonderful year last year with very few cases reported in Donley County. Breedlove says that this was due a great deal to the cooperation of all livestock owners in spraying of cattle and when they did find a case of screw worms, the sample of worms was sent to the Mission, Texas laboratory at once.

Containers for shipping in samples of worms when they are found are available in the office of the county agent. All livestock owners who do not have a container should drop by the county agent's office and get some before the screw worm time arrives.

Breedlove also asked that all livestock owners who find worms in livestock wounds let him know when the samples are mailed out. It is understood that sterile flies will be dropped in infested areas again this year.
