## School Bond Issue

There have been many questions asked concerning our forthcoming bond issue and the financing thereof. I would like to thank everyone for the interest which has been shown toward our school, as it indicates that the people of Hedley community want to have the best school possible.

Some of the questions asked me are as follows:

Aren't we likely to lose our school because we are getting so few students?

In the school year 1962-63 there were 1,460 Independent and Common School Districts in Texas. Hedley had more students than 515 of these districts. So it seems very unlikely that we will lose our school based on number of students alone. This past year our enrollment was 169. We are now qualified through the state, to be reimbursed for the salaries for 10 teachers. We hire one teacher above this quota whose salary is paid by local tax money. We would have to drop to an ADA (Average Daily Attendance) of 106 before we would lose another teacher. (p 53 handbook)

How much increase in local taxes would we need to finance our present bonds and the new bonds if passed?

Our present valuation is \$1,700,000 and our present rate is \$1.50 per \$100 valuation, which brings in approximately \$25,000. In order to stay within the state law, we will have to increase our valuation to \$4,000,000. On a \$4,000,000 valuation our rate would need to be \$1.25 to be able to pay off our bonded indebtedness and operate our school. This will be approximately a 93% increase in our over-all local taxes.

Will each individual know, before the bond election, exactly what their taxes will be if the bond issue carries?

Yes. The firm of McMorries & Co. who have just recently completed a complete re-appraisal of our school district will meet with anyone wishing to see their results on August 17. The board of equalization will meet the following day August 18. This will give everyone an opportunity to see exactly how much valuation has been placed on their property. Notices will be mailed every taxpayer in the district prior to this meeting.

## Baker-Lane

In a double ring ceremony read Saturday afternoon, August 1, at the First Baptist Church in Phillips, Miss Deanna Sue Lane became the bride of Billy M. Baker. Her parents are Mr. and Mrs. Ralph Lane of Phillips, and the bridegroom is the son of Mr. and Mrs. L. T. Baker of Hedley.

The couple exchanged their nuptial vows before an archway entwined with greenery, centered by silver wedding bells, and flanked by large baskets of white gladioli. The Rev. Norris Onstead, pastor, officiated at the ceremony, and Sue Kruckenberg, organist, played traditional wedding selections.

Mrs. LeRoy Pullum, sister of the groom, was matron of honor. She wore a pale blue linen sheath. LeRoy Pullum, brother-in-law of the groom served as best man.

The bride wore a two piece dress of white lace, featuring a high neckline and a scalloped overblouse. Her veil of illusion, attached to a pillbox, was enhanced by seed pearls. She carried a lace bound Bible centered with pink rosebuds and carnations and with streamers of white satin. Her only jewelry was a string of pearls, a gift from the groom.

A reception in the Fellowship Hall of the church followed the ceremony. The couple then departed on a wedding trip to Red River, N. Mex. On their return they will be at home in Borger.

The bride is a graduate of Phillips High School, and is employed by the J. M. Huber Corp., Borger. The groom is a graduate of Hedley High School. He is now a C. P. A., associated with the Lewis C. Williams accounting firm in Borger.

Leon Carter and family of Sherman visited here last week end.

Visiting in the J. B. Pickett home last Friday to help Mrs. Pickett celebrate her birthday were Mrs. Ben Blackwell and Mrs. R. D. Pickett and son John of Amarillo and Mr. and Mrs. Harry Blackwell of Fort Worth.

## To Discuss School in Public Meeting

After the regular Lions Club meeting Thursday night, Aug. 13, the group will go to the school house at 8:00 o'clock for a public meeting concerning the proposed new school building. Mr. Golden of the architect firm of Rittenberry and Rittenberry will answer questions on the building and H. L. Shaffer of the bond firm of H. L. Shaffer and Co. will discuss the financing of the project.

The entire community is invited and urged to hear them.

## Gospel Meeting

Flavin Yeakley of Dallas is the evangelist. Jack Moore of Miami will conduct the singing.

Meeting time is 8:00 p. m. each evening August 10 to 16. The Church of Christ cordially invites everyone to attend these services.

## Greenbelt Dam

"We expect some news and good news to be reported in the next two weeks."

The above statement was made last week by Dr. S. H. Townsend, president of the Greenbelt Water Authority, who returned from a meeting in Austin with the Texas Water Commission and the Water Development Board.

State Senator Andy Rogers accompanied Dr. Townsend to Austin and attended the meetings.

There was a meeting of the directors of the Authority at Childress Tuesday night. We will have more news of this meeting and any other happenings in next week's Informer.

Mrs. Leon Doherty is now employed in the Security State Bank. Miss Elaine Behrens, who has been working there, has accepted a teaching position in the Morse schools.

Mr. and Mrs. J. C. Upton announce the arrival on Friday, July 31, of a fine little son, weight 7 lbs 11½ oz, who has been named Timothy Jay.

Melissa Luttrell of Clarendon visited in the Clyde Hoggard home last week.

## Hill Family Reunion

The regular annual reunion of the J. F. Hill family will be held this year on Sunday, August 9. They will attend church at the First Christian Church in Hedley, then go to the city park for lunch.

Everyone is cordially invited to visit with them during the afternoon.

## Walter B. Roland

Funeral services for Walter B. Roland, 76, who passed away Wednesday of last week in a Wichita Falls hospital, were held Thursday in the Spicer Funeral Chapel in Memphis. Rev. Robert Estes officiated. Burial was in Rowe cemetery here under direction of Spicer Funeral Home.

Pallbearers were Forest Morton, Winfield Mosley, Roy McKee, Lloyd McKee, Connie Hartzell and Cap Oroutt.

Mr. Roland was born Dec. 6, 1887 in Dallas and had lived in Hedley for 21 years.

He is survived by three sisters, Mrs. W. B. Price of Moriarty, N. Mex., Mrs. Walter Stockman of California, and Mrs. Robert Grisham of Memphis; and one brother, Lawrence, of Yakima, Wash.

His wife preceded him in death on July 14.

## Family Reunion

Mr. and Mrs. Gerald Bland, Mrs. J. W. Bland and Mr. and Mrs. J. D. Skaggs and girls attended the annual Bland reunion in Lefors, which was held this year in memory of the late J. W. Bland.

The group enjoyed morning church services and a buffet luncheon at the Lefors Recreation Center, which was followed by hymns sung by Mr. and Mrs. Marshall Green and son Donald of Gilmer.

Others present were the hosts, Mr. and Mrs. Chester Hill and Jimmy of Lefors, Leman Cook of Amarillo AFB, Mr. and Mrs. Donald Adams and girls, Mr. and Mrs. Bruce Roberson and girls, Mr. and Mrs. Wendell Akins, Gail and O. C., Mr. and Mrs. Travis Bland, Tommy and Phyllis, all of Amarillo, Mr. and Mrs. Lee Leek, Mr. and Mrs. Gene Elmore and girls of Clarendon, Mr. and Mrs. Kent Neighbors of Pampa.

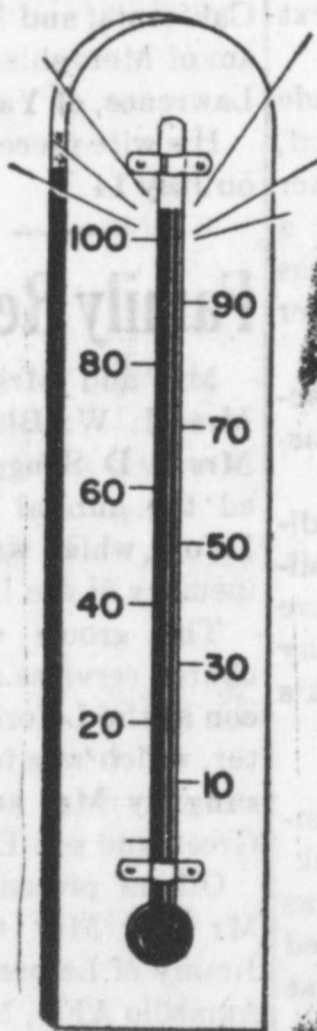

Mr. and Mrs. Clyde Grimsley visited in Morton last week.

### Farm Facts

A Texas farmer, Lyndol C. Barker of Dell City, not only has produced eight bales of cotton per acre but has averaged 6.92 bales per acre over a five-year period on 10.4 acres.

Time was when a cotton farmer thought he was going great if he could grow a bale to the acre. Standard weight of a bale of lint cotton, not counting its wrappings, is 478 pounds. The average yield across the Cotton Belt rose from 254 pounds in 1945 to 448 pounds in 1960.

Dell City is 90 miles east of El Paso in the center of an irrigated cotton-growing area where the average yield is more than two bales per acre.

Barker says there's no secret to making high yields. He just gives the cotton maximum water, fertilizer, and care.

Of Barker's 280 acres, about 130 are in cultivation. He grows cotton, cantaloupes, tomatoes, carrots, and other crops, and believes in diversification and soil care.

His land is flat, mostly sandy loam, and he rotates so that cotton is grown on the

same plot only one year out of four.

Barker's achievement points up the efficiency of the U. S. farmer. The record of U. S. farms is unmatched anywhere and is a key to our high living standards.

## Dorm 'Package Plan' Available at CJC

The Board of Regents of Clarendon Junior College has recognized an obligation to all out of town students and their parents to provide reasonable housing facilities. Since cost is an important factor in almost every facet of our lives today, the college also recognizes that many times a definite statement of cost permits a family to plan its finances for a student's school year.

In the face of these needs, Clarendon Junior College offers dormitory facilities for boys and girls in a "Package Plan" which provides for a student room and board, all books, tuition, and fees for a total low cost of only \$397.72 per semester. The entire sum may be paid on enrollment day or in monthly payments on an installment plan. Room reservations are now available.

**PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.**

**HOUSE JOINT RESOLUTION NO. 8** proposing an amendment to Section 59 of Article XVI of the Constitution of the State of Texas establishing certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts; providing for an election and the issuance of a proclamation therefor.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Section 59 of Article XVI of the Constitution of the State of Texas be amended by adding thereto a new Subsection which reads as follows:

"(d) No law creating a conservation and reclamation district shall be passed unless notice of the intention to introduce such a bill setting forth the general substance of the contemplated law shall have been published at least thirty (30) days and not more than ninety (90) days prior to the introduction thereof in a newspaper or newspapers having general circulation in the county or counties in which said district or any part thereof is or will be located and by delivering a copy of such notice and such bill to the Governor who shall submit such notice and bill to the Texas Water Commission, or its successor, which shall file its recommendation as to such bill with the Governor, Lieutenant Governor and Speaker

of the House of Representatives within thirty (30) days from date notice was received by the Texas Water Commission. Such notice and copy of bill shall also be given of the introduction of any bill amending a law creating or governing a particular conservation and reclamation district if such bill (1) adds additional land to the district, (2) alters the taxing authority of the district, (3) alters the authority of the district with respect to the issuance of bonds, or (4) alters the qualifications or terms of office of the members of the governing body of the district."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment establishing certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts."

"AGAINST the Constitutional Amendment establishing certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State. ●

**SAFETY RULES**  
**DRIVING SKILLS**  
**MECHANICAL KNOW-HOW**

The 4-H Tractor program has trained well over a million youths to drive safely, handle the big machines and keep them in working order year around. The project is planned and supervised by the Cooperative Extension Service. In this state and five others, educational aids and awards are provided by the Humble Oil & Refining Company.

With today's big investments in farm equipment, it is vital that tractors are adequately maintained and put to maximum use, points out 4-H Club leaders. A breakdown could mean financial loss on crops.

There is always plenty to do in this project, even for the beginner. The program is divided into four sections. The first year participation acquaints the member with the tractor and safe rules for operation.

Second year members learn to operate the tractor and what it takes to keep it going. Care of battery, spark plugs, cooling system and tires is taught. Operating costs, including fuel and lubrication also are studied.

"Improving Your Skills" is the title of the third unit. This emphasizes highway safety, power take-off, brakes, power transmission, winter care and ownership costs.

The fourth year and advanced unit goes into detail on machinery care such as servicing and maintaining tillage tools, planters, harvesters and sprayers. By the time 4-H'ers have completed the fourth year, they usually have assumed responsibility for not only the farm tractors, but other machinery as well.

Over the years thousands of young 4-H farmers have been recognized in various ways for doing a superior job. The program sponsor this year again will provide an expense-paid trip to the National 4-H Club Congress in Chicago for the state winner. College scholarships worth \$500 each will be awarded to the top 12 members across the nation. They will be designated by the Extension Service.

It's a Conservation merry-go-round all right. Because nature goes round and round in the process of creating, destroying and rebuilding natural resources.

Throughout the state and nation, 4-H Club members are lining up to get on the conservation merry-go-round. They are eager to do their share of protecting and replacing the forests, wildlife, grasslands, water and soil that are either used up or destroyed. They deplore senseless misuse of nature's gifts.

A new 4-H Conservation program, recently announced by the National 4-H Service Committee, offers young people incentive awards. They are county conservation medals, a free trip for the state winner to the National 4-H Club Congress in Chicago, and \$500 college scholarships to the six top members chosen from all state winners.

The sponsor is John Deere, a long-time backer of 4-H Club work. The program is carried out under the supervision of the Cooperative Extension Service, county extension agents and local club leaders.

Winners in all categories will be announced at the close of the 1964 club year.
