CJC Honor Roll

Six students at Clarendon College qualified for the Dean's Honor Roll for the first nine weeks of the fall semester, 1964. To be eligible for the Honor Roll, a student must earn a minimum 2.6 average on 12 or more semester hours.

Jimmy Blackerby, son of Rev. and Mrs. Lester Blackerby of Hemphill, Texas, is a Freshman at Clarendon College and consequently has made the honor roll for the first time. Jimmy is living in Clarendon with his sister and family, Mr and Mrs. Jeff Walker. He works part time at the Donley County Leader office.

James Boliver, son of Mr. and Mrs. D. E. Boliver of Hedley, is a Sophomore and enjoys the distinction of having made the Dean's Honor Roll both semesters last year, as well as the first nine weeks of this semester.

Jane Denny, daughter of Mr. and Mrs. J. B. Denny of Rt. 4, Vernon, is a Freshman student, having been a 1964 spring graduate of Northside High School. She is to be commended for making the honor roll her first semester in college.

Mrs. Sylvia Lewis lives in Lakeview with her four children. She is a Sophomore attending Clarendon College for the first time this year.

Jeanine Lowe, daughter of Mr. and Mrs. Bill Lowe of Goodnight, is an honor roll repeater. She is a Sophomore, and was on the Dean's Honor Roll both semesters last year.

Larry Hight, Sophomore, of Clarendon.

LIONS ROAR

The Lions are just going to skip next week's regular meeting. It happens on Thanksgiving night and many will be away or entertaining company. The club tried to have a meeting last Thanksgiving and only 8 were present.

The local FFA Chapter, under the direction of Lion Doyle Messer, had last week's program. Both the Freshman Conducting team and the team on Farm Skills performed. It was an excellent program. Attendance was good, considering it was during the harvest season.

Basketball News

The Hedley Owls defeated Briscoe here last Friday night by a score of 52 to 42. The Hedley girls lost a tight game, 33 to 35.

Matador Going Strong

Last Thursday's Amarillo News carried a very nice story about the Matador football team, coached by Charles N. Johnson of Hedley. He has been head coach since 1959 and in that time his teams have won 58 games, lost 8, and tied 3. He is seeking his sixth consecutive district championship. He has also won 3 regional championships. His last loss to a Class B team was in November of 1961.

The Matadors had a 6-0-1 record for this year at the time of the article, and last Friday defeated Rule 14 to 6.

Sharon Skaggs was in a Memphis hospital part of last week.

FFA News

Two teams of the Hedley FFA brought home first place banners from the Greenbelt District Leadership contest held Saturday, Nov. 14, in Childress. Both the Junior Chapter Conducting team and the Senior Farm Skills won top honors. The Radio team placed fourth.

Wendall Hansard acted as president of the Chapter Conducting team, Ronnie Bolin vice president, Kenny Drum secretary, Roy Brown treasurer. Johnny Woodward reporter, Larry Thompson sentinel, Dale Bain advisor.

The Farm Skills team demonstrated the wiring of a single toggle three-way and four-way switch. The boys on the team are Mike Chesser, Johnny Hoggatt and Richard Shaw.

The Radio team composed of Tony Winn, Danny Drum, David Spier and alternate Donald Bain, gave a program on organic matter in the soil.

The two first place teams will compete for area honors on Dec. 5 in Plainview.

Mr. and Mrs. J. Les Hawkins of Brownwood were Hedley visitors last Thursday.

Cotton Report

Classing of cotton during the week for growers of the 57 gins in this 18 county territory was considerably less than a week ago according to the USDA's Agricultural Marketing Service in Memphis. Harvesting and ginning is far behind last season. The seasonal total of samples classed through Friday, Nov. 13, was 16,000 samples compared with 50,000 as of the same date last year.

The strong winds, with gusts of 30 to 40 miles an hour, on Wednesday were conducive to the drying of the cotton plant and soil from the rains of a week ago. As a result, the tempo of harvesting increased during the latter part of the week. Receipts on Friday amounted to more than 2500 samples compared with daily receipts of 500 prior to this time.

Bull Sale

The Rolling Plains Registered Beef Cattle Association will hold its 6th annual bull sale in Clarendon on Dec. 2 at 12:30 p.m. at the fair building. There will be 50 Herefords, 10 Galloways and 11 Angus bulls in the sale.

The new sales arena is heated and you will be comfortable regardless of the weather. If you wish to come by plane, you can land at the city-county airport, buzz the fair building and a car will meet you. Those wishing a catalog in advance of the sale can write to H. M. Breedlove, Secretary and Manager, Clarendon, Texas.

Mrs. Fred Arnold of Dallas and Mrs. C. V. Fisher of Texarkana visited here last week and part of this week with their sister, Mrs. A. T. Simmons.

The T. E. Naylor family visited here from Etter Sunday and Monday.

Agriculture Census

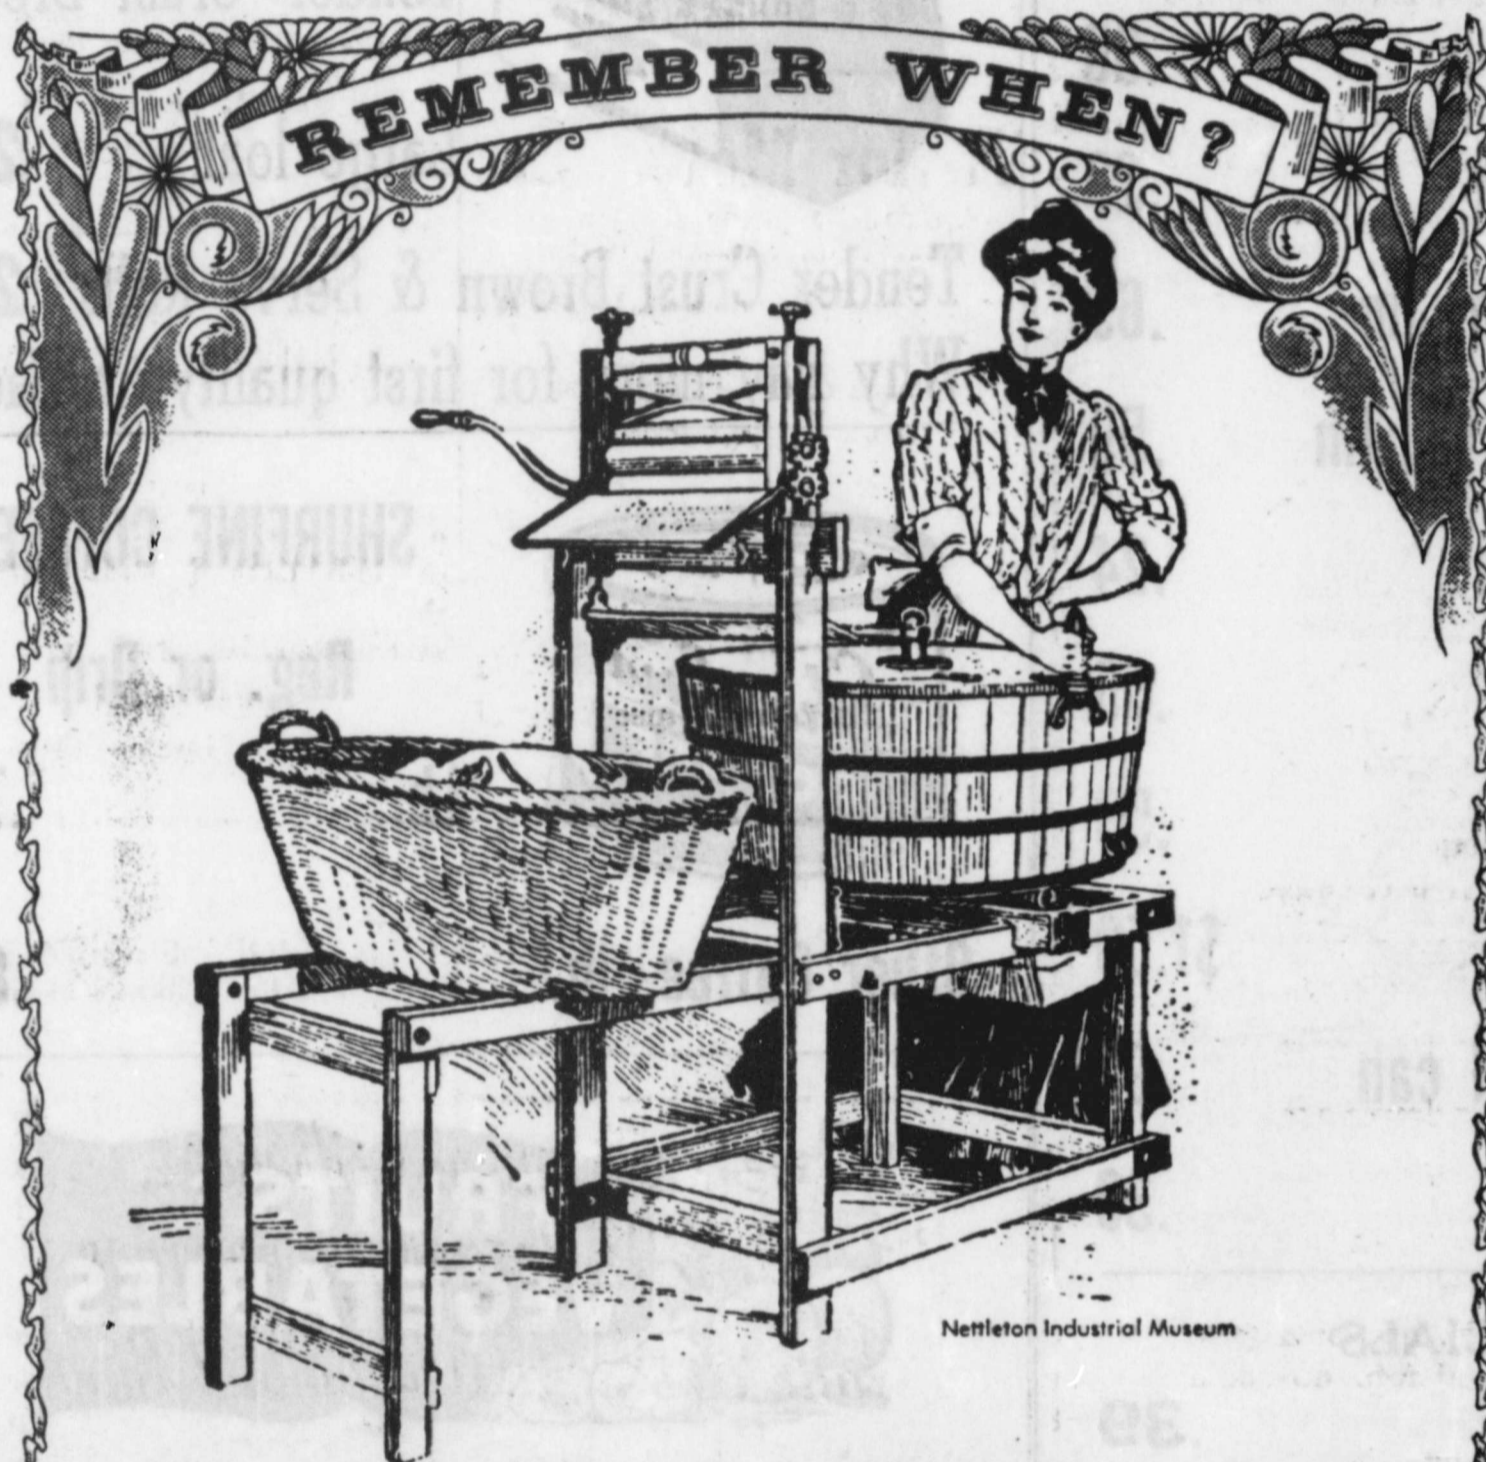

Plans for taking the 1964 Census of Agriculture in Donley County were announced today by Mrs. Louise Henard, newly-appointed census crew leader for the county.

The job will be done in three stages, the crew leader said. First will come recruitment and training of enumerators to count all farms in the county. About one enumerator for each 150 farms will be needed.

Shortly after Nov. 9, the Bureau of the Census, an agency of the U. S. Department of Commerce, will start the second stage by mailing agricultural census questionnaires to all rural boxholders in the county. This will give farm and ranch operators, who are required by law to fill out the forms, a period of time to consult their records and fill in answers to the questions.

In the final stage, enumerators will visit each farm in the county to collect the questionnaires. At the time of this visit, the enumerators will help farmers complete answers to any questions the farmers may have had difficulty with. Enumerator visits are scheduled to begin in this county on Nov. 23. Enumerators will about three weeks to complete their work, the crew leader estimates.

The Census of Agriculture is taken every five years in the years ending in "4" and "9" to gather up-to-date information on the nation's agricultural resources and production. Such information is vital in making decisions affecting many segments of the U. S. economy. Data gathered include the number and size of farms, acreage and harvest of crops, livestock inventory, information on farm equipment and facilities, farm products sold, and use of fertilizers, insecticides, and herbicides.

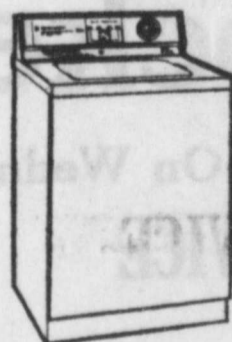

Netleton Industrial Museum

"If you're under 40 you won't remember your grandmother straining her back over this old fashioned washing apparatus. It's hard to believe that a washing machine like this actually existed and yet this 1905 model was the first one put on the market. In only 59 years, washing machines have improved to the point of complete automation. All the modern young housewife of 1964 does is put the clothes and detergent in her automatic, press a button, set a dial, and forget it. Isn't modernization remarkable?"

You too can gain the pleasure and satisfaction of push button washing. See your local appliance dealer right away."
