## Whittlin'

By Dolph Moten

Vernon Estes, the politician-farmer, was in to complain recently about the way this department spelled the name of a certain kind of pheasant which various individuals have been hunting off down the country. Legitimate complaint it was, too. If we remember correctly, we spelled it c-h-u-c-k-e-r, which is the way it sounds. But it's sure not the correct spelling. Estes complained loud and long about what kind of a newspaperman would write about birds when he didn't even know how to spell what he was writing about.

We just had to take it. But we did demand proof of the correct spelling.

Vernon had that, too. He brought us a magazine which had a feature story on chukars -- and that's the correct spelling. Too, it had pictures of the bird. Our informant made it a point to see that we got a good look at the picture of the bird. He said it was pretty evident that we had never seen one before and he wanted to give us the opportunity.

We had full intentions of not only studying the pictures, learning how to spell the name, but of reading the article, too. However, we lost the magazine before we got around to that. Where it went, we aren't real sure. Estes might have figured he had more appreciation for the article than we did and picked up the magazine.

Incidentally, for the benefit of J. D. Kirkpatrick, who is one of our finest and most-thought-of subscribers, and H. N. Turner, there wasn't work one in the magazine about crippled crows.

Kirkpatrick, you'll remember, is the hunter who killed the prize black pheasant. Turner, possibly jealous, said 'twas not a black pheasant Kirkpatrick killed, but a crippled crow.

Kirkpatrick, we understand, asked this question to a group of fellows who were giving him a rough time about the crippled crow business, "Who are you going to believe, me or Turner?" And that was a pretty good question to ask at a time like that. All but put an end to the conversation, we heard.

Back to Estes; it seems to us that any politician worth his salt would be just thrilled to death to give one of the aforementioned frozen chukars to an editor who would afford him with so much free publicity as appears above.

That much publicity might even be worth two of the tasty birds. We'll let you know if Vernon feels as we do about this. And we'll certainly let you know if he disagrees with that theory.

Oklahoma Lane is making progress fast on a proposed community building. Money for the project is coming from donations and pledges and they're getting a bunch of both together.

We talked to Walter Kaltwasser about it recently. He said he didn't know if you could borrow money on pledges or not, but they were going to try.

Think their success with the community building project should shame Bovina after the latter's failure with the swimming pool project. Organization could have been the difference.

Too, we've noticed that rural people have an unsurpassed ability to get things like that done once they set their minds to it. Maybe it's because they promote fewer projects that they're able to really put one over when they decide to do so.

Anyway, we want to be among the first to congratulate the fine community south of here on its success with the community building project.

Possibly it's futile effort, but Senator Ralph Yarborough is working as hard as anyone, and harder than most, to get a boost for the Benson-set support price on grain sorghums. Congressman Walter Rogers has worked, too, for a better deal for milo producers.

Yarborough has long been dissatisfied with Benson's proposal.

(Continued on Page 6)

## School, City Elections Slated

### Three Trustees To Be Elected

Some 250 people are expected to mark ballots Saturday in Bovina Independent School district trustee election.

Polls will be at the school and will be open from 8 a.m. until 7 p.m.

Three trustees will be elected to three-year terms.

Candidates in the race are Earl Ware, Tom Beauchamp, Tom Caldwell, Roy Fuller, Billy Marshall, Dean McCallum, and Jack Patterson. All are farmers except Fuller. He operates Roy Fuller's '66' Service Station.

The three high men in the race will replace Wendol Christian, Ovid Lawlis, and A. D. Cumpton. Christian has served as president of the board and Lawlis as secretary. The board will be re-organized at the first meeting following the election. Election officials will be Char-

lie Calaway, judge; and A. B. Wilkinson and Tom Rhodes, clerks.

Election of three trustees will still leave a vacancy on the seven-man board. The other vacancy is that left by Earl Stevenson, who resigned recently.

Superintendent Warren Morton says the board will appoint someone to take Stevenson's place soon. That vacancy will not be filled during Saturday's election, Morton points out. Two years are left on Stevenson's term. He was elected to a three-year term a year ago.

A sample ballot for the school trustee election appears elsewhere in this issue of The Blade.

GETTING READY----Members of Bovina FFA are busy this week getting their barn ready for Fourth Annual Project Show. Boys working here are, from left to right, Billy Strawn, Jerry Wright, Buford Stanberry, Larry Webb, and Edmond Drager.

FOURTH ANNUAL -

## 50 Projects Entered In Bovina FFA Show

About 50 projects will be exhibited at Fourth Annual Bovina FFA Project Show here Saturday.

The show will be at the ag lots in the east part of town. Judging will begin at 10 a.m., Don Caldwell, FFA chapter president and general superintendent of the show, announces.

Judge will be Robert Morton, Farwell FFA chapter advisor. Animals to be exhibited will be brought to the showsite early Saturday morning, Roy Crawford, chapter advisor, says.

The show is sponsored each year by Bovina Lions. Prize money will be awarded in each of nine classes. First prize will be worth \$5; second place, \$3, third place, \$2; and fourth place \$1. Prize money will

not be paid for less than fourth place.

Several animals which are shown down here will be entered in the county show which is scheduled for April 10 and 11 in Friona.

Caldwell will be assisted by Bobby Spier, president of the freshman FFA chapters.

Entries include Bobby Spier, Hampshire gilt; Olen Johnson, Hampshire gilt; John Sikes, three barrows; Dean Wines, Poland China barrow and mixed sow and litter; Allen Ray Wilcox, Poland China gilt; Domingo Trevina, Poland China gilt; Ben Rejino, three Duroc barrows; Jerry Ragon, pea of hens; Joe Riddle, Poland China

(Continued on Page 6)

ON MAIN STREET -

### Bovina Buildings Being Improved

Improvements are scheduled for several buildings on the

north side of Bovina's main street.

Several of the buildings will get brick fronts. Such a front has already been put on the building occupied by Scooter's Smokehouse. It is owned by Odus White.

Bricklayer Tuff Jones of Amarillo put the new front on the Smokehouse building.

O. W. Rhinehart, who owns the post office building and the building occupied by Williams Mercantile Co., says plans are being made to add brick fronts to both those buildings.

Emmett Tabor, owner of the pool hall building, says brick will be added to it and that George Trimble, owner of Bovina Beauty Shop and Trimble Barber Shop, will have brick fronts put on each of those buildings.

Some of the buildings on that side of the main street have long been considered eyesores and many believe this is a progressive step for downtown Bovina.

In addition to buildings mentioned, others may follow suit in the near future.

### WEATHER

BY

WILLIE

Warm and windy. Chance for some moisture over the weekend.

Willie

### City Polls In Legion Hall

Two Bovina city commissioners will be named in an election Tuesday.

Voters will select the two from six candidates. Polls will be in American Legion Hall and will be open from 8 a.m. to 6 p.m., City Secretary Henry Minter announces.

Candidates are Elton Venable, owner of Venable '66' Service Station; Bud Crump, manager of Parmer County Farm Supply; I. W. Quickel, farmer; Bedford Caldwell, owner of Bovina Implement Co.; George Turner, farmer; and A. L. Kerby, owner of Kerby Welding Service.

The two top vote-getters will serve two-year terms. They will replace Emmett Tabor and

Paul Jones. They have each served two terms and are not seeking re-election.

Election officials Tuesday will be A. B. Wilkinson, judge; and Troy Armstrong and Hodge Rigdon, clerks.

The new commissioners will join Mayor J. E. Sherrill on the three-man board. Sherrill has another year to serve on his present term. He was re-elected to the mayor's post a year ago.

All the candidates in the race were nominated by petitions signed by six or more qualified voters. In addition to those six, four more were nominated but requested their names be removed from the ballot. They were J. D. Stevens, Herman Estes, Harry J. Charles, and Warren Embree. Deadline for filing was March 7.

After being nominated, Quickel requested that his name be removed from the ballot. However, he later asked that the request be withdrawn and he is a candidate.

An estimated 100 voters will take part in the election. This is an "off" year from a state and national election standpoint and fewer citizens than usual are expected to have a poll tax receipt and the right to vote.

A sample ballot appears elsewhere in this issue of The Blade.

DO-IT-YOURSELF -

### Men Turn Thief Catchers

Three enterprising young men, students at Southeastern Oklahoma State College, Altus, put on a do-it-yourself thief catching act Sunday morning that not only got back their own belongings which had been stolen but numerous other items of several Bovina residents.

About 2 o'clock Sunday morning Bob Berry and Mr. and Mrs. Clinton Fry stopped at the James Laney home near the school in Bovina to pick up the Bovina young man. All, who are SOC students, were planning to go to Albuquerque to visit friends during the Easter holidays.

Clothes for the trip had been hung in the car and during the few minutes they were in the Laney home someone entered the car and removed the clothes.

An odd twist was that suspicious were first aroused that something was wrong when a cat, belonging to Mrs. Fry, ap-

peared at the door of the home. It had been shut up in the car, and the young people could not understand how the animal had escaped. A few minutes later they found the reason when they missed their clothes.

The young men got into their car and thought they'd do some checking around, since the crime had occurred only a few minutes before they discovered it. This enterprise paid off.

They ran onto some other persons, who, trying to be helpful said they had seen a white and orange 1951 Chevrolet cruising around town about that time. This information was passed on to Henry Minter, who in turn notified Sheriff Chas. Lovelace. The car was believed traveling in the direction of Farwell, so Sheriff Lovelace notified Clovis police to be on the lookout also.

Meanwhile, the students decided they might have a chance to overtake the thieves themselves, so they sped out of Bovina.

(Continued on Page 6)

### Baptists Set Revival Dates

Rev. Jack Jeter, pastor of First Baptist Church, announces dates of an annual spring revival. Services will begin Sunday, and will continue through April 12.

Rev. C. B. Peoples, pastor of Danieldale Baptist Church in Dallas, will be evangelist. Lt. Nelson Bonifield of Cannon Air Force Base and Calvary Baptist Church in Clovis will be song leader.

Two services will be conducted each day. An early morning service will begin at 7:30; evening services will begin with prayer meeting at 7:30.

Rev. Jeter invites the public to attend.

### JURY OF VIEW NAMED AT MEET

The depository contract and FDIC pledge covering school funds for 1959-1961 in the First National Bank of Bovina were approved when members of Commissioners Court met last week.

IN AUDITORIUM -

### Senior Play Friday Night

Sales of advance tickets to Bovina High senior play are now underway. The tickets were received Friday and may be purchased from any member of the class, the class sponsors, Bob Wills and James McElroy, report.

The play, "Desperate Ambrose," is a three act, comedy western starring Jerry Strawn as an unfortunate cowboy mistaken for an outlaw. Complications thicken the plot with Joan Kay Ezell as Nancy Martin, being the victim of shy-sters.

Others in the cast are Donald Jones, as Daniel; Ronnie Isham,

The play will be presented Friday evening at 8 in school auditorium.

### Announce Wilson's Winners

Wilson's Super Market observed its 12th anniversary with a three - day promotion last weekend.

It was a tremendous success.

A. M. Wilson, owner, says. Winners of 12 \$25 baskets of groceries which were given away were C. C. Steelman, Edward Griffin, Mrs. H. W. Odum, R. N. Williford, Mrs. Sid Thomas, Yvonne Stevenson, Frank H. Wilson, Rita Caldwell, Wayne Wilcox, Leon Grissom, Lee Stevenson, and Esther Trimble.

Winners of \$100 worth of Gunn Bros. stamps each were Alfredo Cano, Mrs. Seberiano Diaz, Mrs. J. H. Wheeler, E. F. Johnson, Lester Rhinehart, and H. D. Bradshaw.

Javier Robledo was winner of \$200 worth of Gunn Bros. stamps.

UP IT GOES----Tuff Jones, left, was on the up with a brick front for Scooter's Smokehouse when this picture was made Saturday afternoon. Odus White, owner of the building, is looking on at right.

**G.A. Girls To Queen's Court**

Janet Gooch and Frances Fuller attended the second annual "Queen's Court" for Baptist Girls Auxiliary members last week. Accompanied by Mrs. Ovid Lawlis, they spent three days at Howard Payne College in Brownwood at a gathering of all Texas G A girls who had attained the posi-

tion of Queen. Miss Gooch is a "Queen with Scepter" in Bovina First Baptist Church and Miss Fuller is a Queen. Their titles are awarded to them for accomplishments in G A work. The meeting was composed of talks by foreign and local missionaries, skits portraying G A work, fellowship devotional periods and other activities. Approximately 1000 girls from throughout Texas attended.

**TWO FAMILIES TO GREENVILLE**

Two Bovina families spent the Easter holidays in the Greenville area. Mr. and Mrs. Roy Crawford and family visited with her parents, Mr. and Mrs. H. A. Browning and with his mother, Mrs. Roy Crawford, Sr. Mr. and Mrs. James McLeroy and family were guests of their parents. Both families returned to Bovina Monday.

**Steelman-Vineyard Vows Read Friday**

MR. AND MRS. ARTHUR VINEYARD

The home of Mr. and Mrs. A. E. Steelman was the setting for a private wedding Friday afternoon when their daughter, Evelyn Joyce, became the bride of Arthur Edd Vineyard of McLean. He is a son of Mrs. P. M. Gibson of McLean.

Rev. Jack Jeter, pastor of First Baptist Church here, officiated at the double ring ceremony.

Vows were exchanged under an archway dividing the living and dining room of the Steelman home. The bride's chosen colors of white, pastel green and pink were carried out with decorations of tea roses, arrangements of wandering jew and widow's tongue fern.

Soft background music was played on the piano by Mrs. Doris Wilson. She also accompanied Miss Janice Leake who sang "Because" and "The Lord's Prayer."

The bride was attired in a two-piece suit. The jacket featured full length sleeves and a deeply-notched collar. The lapels crossed to form a deep "V" neckline and came to a climax in a casual tie at the waist. A harmonizing flowered silk print blouse, wheat-colored shoes and pink gloves, corsage

and jewelry completed the bride's costume.

Miss Alby Kuehler of Pampa was maid of honor. She wore a red linen suit with shoes and purse of the same color. Her gloves, hat and accessories were white.

Bennie Woods of Alanreed was best man.

For her daughter's wedding, Mrs. Steelman chose a dress of screened print. Her accessories were beige and her corsage of pastel flowers complemented her dress. Mrs. Gibson wore a tailored dress of print pongee silk. A duster of tangerine colored linen, lined with the print pongee, completed her outfit.

Following the ceremony, a reception was in the dining room. The bride's table was laid with a white lace cloth over pastel pink. A basket of pink carnations and white stock, highlighted with soft green fern, centered the table. Tall white tapers flanked the floral arrangement.

Refreshments of wedding cake, lime punch and assorted nuts were served by Miss Vivaleigh Steelman, sister of the bride, and Miss Pat Vineyard, sister of the bridegroom. Miss Kuehler assisted.

The traditional three-tiered wedding cake was white, decorated with pink rosebuds, miniature green leaves and white wedding bells. Crystal serving pieces were used.

The bride is a 1955 graduate of Bovina High School. She was graduated from West Texas State College in Canyon last summer, with a major in English. She is now teaching junior and senior English and Spanish in McLean High School.

The bridegroom was graduated from McLean High School in 1954 and is now employed at Shamrock Refining Company in McLean.

Following a wedding trip to New Mexico, the couple is now at home in McLean.

Out-of-town guests included the bridegroom's sister and husband, Mr. and Mrs. Donald Patton of Kirksville, Mo., and Mr. and Mrs. Gibson, Diane, Darrel, Mary Bell, Pat and Adella, all of McLean.

Relatives and close friends attended the wedding.

**Returns Home To Arkansas**

Mrs. Elsie Block returned to her home in Harrison, Ark., Thursday morning of last week. She had been visiting here with her son-in-law and daughter, Mr. and Mrs. Bill Whitesides.

Mrs. Block accompanied another daughter and family, Mr. and Mrs. Rex Sparks and children of Ima, N.M., who spent the Easter holidays there.

**Spend Weekend With Relatives**

Visiting in Bovina during the weekend were Mr. and Mrs. George Whitesides and children, Wilda and Gary, of Odessa and Mr. and Mrs. Bob Blalock and family of Denver City.

Both families were guests in the home of the women's parents, Mr. and Mrs. J. T. Hopingardner. The Whitesides' also visited with his brother and wife, Mr. and Mrs. Bill Whitesides and the Blalocks visited with his parents, Mr. and Mrs. H. Blalock.

**Club Has Social In Stevens Home**

The home of Mr. and Mrs. J. D. Stevens was site of a social for members of Bovina Thrifty Club and their families last week.

A covered dish supper was shared and the evening was spent visiting and playing "42". Members and guests attending were Mr. and Mrs. George Tur-

ner, Mrs. Clarence Gauntt and daughter, Mr. and Mrs. Earl Ware, Mr. and Mrs. G. A. Bandy, Mr. and Mrs. Wilbur Charles Mr. and Mrs. J. T. Jones, Mrs. Bill Bradshaw, Mr. and Mrs. L. M. Grissom, Miss Lola Grissom, Mr. and Mrs. H. H. Kelso, Mr. and Mrs. C. R. Brandon, the hosts and their family.

Next meeting will be a regular session Monday, April 13, in the home of Mrs. Kelso. The afternoon meeting date was changed to Monday for this time, as a convenience to the hostess.

**Congratulations**

Mr. and Mrs. Jimmy Ware became the parents of a daughter, Jeri Diane, Wednesday morning of last week. The baby was born in Clovis Memorial Hospital and weighed six pounds, six ounces. Mother and baby were dismissed from the hospital Thursday afternoon.

Maternal grandparents are Dr. and Mrs. E. E. Kraus of Clovis. Paternal grandparents are Mr. and Mrs. E. M. Ware are Mr. and Mrs. E. M. Ware, Bovina. The couple have another daughter, Linda.

### Cafeteria Menu

The following menu, compiled by Mrs. Gene Ezell, head of Bovina Schools cafeteria department, is being served this week. It is subject to alteration.

Tuesday, March 31: Wieners and kraut, creamed potatoes, carrot sticks, rolls, butter, milk and cherry pie.

Wednesday, April 1: Sandwiches of pressed ham, cheese, lettuce and tomatoes, milk and chocolate cake.

Thursday, April 2: Sausage and gravy, mashed potatoes, apple sauce, English peas, rolls, butter, milk and strawberry preserves.

Friday, April 3: Tuna pie, green beans, grape jello salad, rolls, butter, milk and ice box cookies.

### Three To Attend State FHA Meet

Two Bovina high school girls and their sponsor will attend an annual Future Homemakers of America convention in Dallas this month. Plans were completed this week for Bovina representatives to attend the meeting April 23 through 25. They will be accompanied by Mrs. Dorothy Morton, home-making instructor.

Cynthia Patterson will make the trip as Bovina's voting delegate. Patsy Richards will also go as in-coming president. She was elected to the post at a recent FHA meeting.

Mrs. Morton reports they will go by chartered bus with other FHA girls of this area. Bovina representatives will meet the bus in Amarillo.

### New Neighbors

The following families have recently moved to Bovina; Mr. and Mrs. Elmer Venable, to 301 Eighth Street, from Amarillo;

H. M. Woods, to 328 North Street (rear) from Post;

Mr. and Mrs. Charles Embry moved from 406 Eighth Street to a new home at 904 Avenue K;

Mr. and Mrs. Weldon Moody, from 903 B East Street to 309 Eighth Street.

### FHA Week To Begin Monday

Tentative plans have been made by members of Bovina chapter of Future Homemakers of America for annual FHA Week observation.

Mrs. Dorothy Morton, home-making teacher, announces the national FHA Week is Monday, April 5, through the following Saturday. Ways in which the chapter here plans to observe the week were discussed at a recent meeting. Several projects were planned, one of which was to have a reception for teachers here. The reception will be given one day next week in the homemaking cottage.

The week is observed to show accomplishments of homemaking students. A display of their work will also be given, says Mrs. Morton.

Thursday - Friday - Saturday, April 2 - 3 - 4

# Young People Speak To Study Club Here

A panel of four high school students spoke at a meeting of Bovina Woman's Study Club last week. The meeting was Thursday afternoon in the clubhouse.

Mrs. Earl Stevenson, secretary, presided at a brief business meeting. A letter of resignation from club membership by Mrs. Warren Embree was read and accepted. Mrs. Stevenson also read a letter inviting members here to be guests of Farwell Woman's Study Club Tuesday, April 20. Members agreed to accept the invitation and Mrs. Ovid Lawlis was chosen to participate on the program. She will give a book review.

The condition of street signs, erected in Bovina by club members about three years ago, was discussed. It was decided that the civic committee should meet with Bovina city commission in regard to upkeep of the signs. It was reported that many of the signs, installed in concrete, were now badly damaged or destroyed.

Mrs. L. H. Pesch was in charge of a program titled "Our Youth Reports." Mrs. Loucile Foster was moderator and students participating were Cynthia Patterson, Marylyn Turner, Duane Rea and Loy Harris. A round table discussion was given, with young people stating their opinions on a number of subjects.

## Darlene Denney Party Honoree

Darlene Denney, six-year-old daughter of Mr. and Mrs. Bill Denney, was honored with a birthday party in her home last week.

Friends of the little girl spent Wednesday afternoon playing games. Mrs. Denney served an animal shaped cake, ice cream and punch to David Dixon, Kirk and Mary Nell Edens, Cindy Garrett, Nancy and Dana Burnett, Cindy Acker, Brenda Newbrough, the honoree and her brother, H. R.

Adults visiting during the party with Mrs. Denney were Mrs. Jack Burnett, Mrs. Vernon Ward and Mrs. Jack Woltman.

## Relatives Visit In Williams Home

The home of Mr. and Mrs. W. E. Williams was site of a family gathering during Easter vacation. Among those visiting were their daughter and family, Mrs. Jack Barnett and children, Sheryl Ann and Jeff, of Dallas, and a son and wife, Mr. and Mrs. Charles Williams of Denton.

Sunday guests were Williams' sisters and husbands, Mr. and Mrs. Jack Brown of Amarillo, and Mr. and Mrs. W. A. Hampton of Borger.

## Congratulations

Mr. and Mrs. Levi Johnson received word last week of the arrival of a new granddaughter.

Mr. and Mrs. Harold L. Lowrie of Oklahoma City became parents of a daughter, Jeannie Dee, Tuesday, March 24. The little girl weighed 10 pounds. Paternal grandparents are Mr. and Mrs. Elmer Lowrie of Bovina. The baby's mother is the former Betty Rose Johnson.

Mr. and Mrs. Johnson left Friday to spend about a week with the new parents.

## Mrs. Morris Will Host HD Club

Members of Bovina Good Neighbor Home Demonstration Club will meet Friday in the home of Mrs. Jack Morris.

Mrs. Howard Looney, club president, reports the meeting will be an all-day affair, with a covered dish luncheon at noon.

A quilt will be completed as a part of the club's annual project of assisting Girl's Town at Whiteface. Also, activities planned for a March meeting, which was cancelled, will be conducted during the afternoon.

## Circle Studies "Isaiah Speaks"

A study, "Isaiah Speaks," began last week in Marzie Lynn Circle of Bovina Methodist Church. Mrs. Henry Ivy, leader of the study, was in charge of a playlet portraying the Biblical background of Isaiah.

Taking part were Mrs. George Turner, Mrs. Wilbur Charles, Mrs. E. M. Ware, Mrs. Warren Morton and Mrs. C. F. Hastings.

Others present were Mrs. Billie Sudderth, Mrs. John Dixon, Mrs. L. M. Grissom, Miss Lola Grissom and one guest, Mrs. D. H. McGuire. Mrs. McGuire is Mrs. Morton's mother.

## Rainbow Girls To Group Services

Members of Bovina chapter of Rainbow for Girls will attend church as a group Sunday morning. They will be present for morning services at Bovina Methodist Church, announces Mrs. Evelyn Crawford, Mother Advisor.

It is a custom for the girls to attend the church of their Worthy Advisor the first Sunday of each April.

## WMU Continues Bible Study

Mrs. Jack Jeter led a Bible study at a meeting of Woman's Missionary Union last week. Title of the series of studies is "Soul Winning Experiences."

Others present were Mrs. Johny Horn, Mrs. A. D. Cumpston, Mrs. Ovid Lawlis, Mrs. Roy Fuller, Mrs. J. O. Combs, Mrs. R. N. Williford, and Mrs. Don Murphy.

Also, during a short business meeting, tentative plans for an annual senior banquet were discussed. Committee reports were made and further plans will be announced.

## Guild Continues Bible Studies

A continuation of the study, "Isaiah Speaks," was the program at a Wesleyan Service Guild meeting Monday evening. Members met in Methodist fellowship hall and Mrs. Loucile Foster was in charge.

Mrs. Pat Terry gave a devotional pertaining to the study and Mrs. Margaret Caldwell and Mrs. Foster gave talks from the third and fourth chapters.

A playlet, giving background information about Isaiah, as a prophet was given by Mrs. W. E. Thornton, Mrs. David Edens, Mrs. Bedford Caldwell, Mrs. Billie Sudderth and Mrs. W. E. Williams. Mrs. Foster gave a discursive reading during the playlet.

Mrs. Bedford Caldwell and Mrs. Edens were hostesses. They served cream cheese pie, coffee and tea. Others present were Miss Rita Caldwell and Miss Grace Paul.

Next meeting will be Monday evening, April 13. The study will be continued.

## Rev. Edens Conducts Revival

Rev. Davis Edens, pastor of Bovina Methodist Church, is in Quitaque this week, conducting revival services. The revival there opened Sunday and will continue through April 5.

Services in the church here Sunday evening were conducted by Gene Ezell. Next Sunday morning, J. T. Hammonds will be layman speaker, with Bedford Caldwell in charge of preliminary proceedings. Durward Bell will speak Sunday night.

**M. Tony Ivy Has Surgery**

Mrs. Tony Ivy underwent major surgery in Amarillo's St. Anthony Hospital Friday morning. Friends report she is improving and has been released.

**Jimmy White Injures Eye**

Jimmy Lynn White, four-year-old son of Minister and Mrs. Alfred White of Bovina Church of Christ, received injuries to an eye last week. A stick, thrown in play, seriously

scratched the eye. Taken first to Parmer County Community Hospital in Friona, the little boy was then sent to an eye specialist in Amarillo. His father reports that no complications have developed.

Kyle Ray Harris, three-month-old son of Mr. and Mrs. Jay Harris, is also improving. A patient in Clovis Memorial Hospital for almost two weeks, the baby has been suffering from a lung infection. His aunt, Mrs. Eddie Hutto, reports plans have been made to bring him home the latter part of the week.

**Former Resident Buried**

Funeral services for C. Oliver DeLauter, former resident of the Bovina - Oklahoma Lane area, were conducted in Bovina Methodist Church Wednesday afternoon. Interment was in Bovina Cemetery.

Mr. DeLauter, 66, died in Veterans Hospital in Dallas Sunday, March 22. He had made his home in Dallas for a number of years. Survivors include two daughters.

Rev. Davis Edens, pastor of Bovina Methodist Church, officiated. Pallbearers were nephews of DeLauter.

His wife, the former Nannie Marie Hughs, sister of Mrs. L. H. Pesch here, preceded him in death.

"There is probably no other soil improvement practice that will return more profit per acre and per dollar invested than applying limestone in areas where it is needed," says Bill Bennett, extension soil chemist. He advises getting a soil test to determine your soil's requirements.

**Hobo Days Postponed**

Postponement of Junior Hobo Days was announced Tuesday by Lexie Stevenson, class secretary. Conflicting schedules of school activities was given as reason.

Originally planned for Saturdays, April 4-11. Money activities are now scheduled for Saturdays, May 2-9.

Work will consist of washing cars, spading and cleaning yards, and any other odd jobs requested of them. Money derived from work days will be used to finance junior-senior banquet.

 gram and has said soat various times. In regard to the milo support price, he told the Senate, "There has been unfair discrimination against the feed grain producer . . . Certainly it was not the intention of the Senate or the House that our price support program would be used to the detriment of one group of farmers."  
 Did you ever hear of a Republican making that much sense when he talked?

We have ---- Eisenhower. We, frankly, don't know this to be fact, but we've heard that when he was campaigning for his first term as President, he said in a speech, "What's all this talk about 90 per cent of parity? Why not 100 per cent?"  
 Yeah, that's what we thought you said, like, "Why not?"  
 It certainly did sound good at the time . . . and would probably sound good again except no one would believe it this time. A lot of people believed it the first time, though.  
 We get to vote for a new president next year. When you get a new president, you're apt to get a new Secretary of Agriculture. Remember that. Benson probably needs to be back in Utah seeing about his sheep, anyway.

**MEN TURN**  
 vana down Highway 60 in hot pursuit. This is where good fortune dealt them a winning hand. Just as they were passing through Texico they overtook a car which did not match the description of the one they thought they were seeking at all. It was a green 1950 Ford. However, they could clearly see that the back end of the car was loaded down, and on top of the pile they spied their stolen clothes. Unable to get the mysterious car to stop, they pulled into the port of entry station and word was relayed ahead to the Clovis police who stopped the car. Sure enough it was full of stolen goods.  
 \*\*\*\*\*  
 In jail and charged with theft are James Rountree, 20, and Franklin Scaif, also 20, who are both airmen at Cannon Air Base. They admitted taking not only the clothes but many other pieces of property on their late-hour spree in Bovina.  
 Among the contraband taken over by Sheriff Lovelace were four tires stolen from Paul Jones' Service Station, tools from pickups parked around town, batteries, battery cables, and a case of oil. Also found was property believed to have been stolen in Amarillo the previous week.  
 Both airmen were intoxicated at the time of their arrest. They have been charged on two counts of theft, and County Judge Loyde Brewer set their bond at \$2500 each when they appeared before him Monday morning.

# Literary Meet Entries Named

Students who will represent Bovina Schools in annual Inter-scholastic Literary competition Friday, April 10, were named last week. They were chosen through try-outs.

In grade school declamation competition, Dixie Hartzog, Ann Lynn Wilson, David Anderson and Don Cumpton will represent Bovina. In the sub-junior division of declamation, Lee Terry, Karen Beauchamp, Randy Jones and Margaret Jo Venable will participate.  
 Don Caldwell, Patricia Crawford and Kay Looney will enter the junior high contests on declamation and Gladys Dean will be in the senior division.

In poetry reading contests, Verna Marie Estes and Eileen Williams will represent the school here. Sheryl Lane and Micky Don Ellison will compete in story-telling contests and Frances Fuller will participate in grade school number sense. Ann Lynn Wilson, Kay Embree and Judy Crawford will be in the ready-writers competition and Ann Lynn and Kay will also compete in grade school spelling contests, as will Margie Lynn Carter and Irene Thornton.

Participating in the grade school division of the picture memory competition will be Wayne Davies, Margie Carter, Gwen Christian, Linda Jean Sisico, Richard Carson, Linda Johnston, Connie Vaughn and Patsy Cumpton. Irene Thornton will be alternate.  
 Several other students will also compete from Bovina High

School.  
 Interscholastic literary competition will begin about 9:30 Friday morning, reports Miss Grace Paul, grade school principal. Various contests will be conducted throughout the day and the public is invited to attend.

# THE HIGH PLAINS FARM AND HOME

## THE PARMER FARMER

by W. H. Graham Jr.

### Soybeans Sure To Advance

(Editor's note: This is the second in a series of articles on new crop possibilities in the Parmer County area. The first was on pinto beans. Corn will be subject to next week's article.)

Trend started in the Parmer County farming area several years ago is almost certain to continue its advance in 1959, now that incentive for planting grain sorghum is, at least at this time of year, less attractive than at any time since big-scale irrigation began.

Soybeans, which occupied perhaps 7,000 acres in the area last year, will in all likelihood increase in acreage this year, as more and more farmers find a place for them in their farm programming.

Soybeans are a versatile crop, and are considered the fifth most important crop in the nation. On the High Plains they have been used on only a limited scale, and their value as a soil building crop has been about as important to farmers as the fact that they can be a cash crop too. Soybeans on the irrigated Plains have found their most general use in a rotation program with grain sorghum and cotton.

Because of their comparative newness to this region, the fine points of getting maximum

yields haven't yet become established, but a few definite practices have been outlined.

County Agent Joe Jones says that one great fault of most farmers in this area is that they plant the beans "flat" and that for best results planting should be on the ridge so that mature beans will not be lost when combining is done.

Inoculation of seed is important also, and a special chemical is required.

Then, the beans should not be planted too early. Between June 1 and June 15 is recommended for this latitude.

Another point, says the agent, is to keep watering soybeans all through the growing season. Unlike cotton, and even some milo, soybeans will keep on "making" until a killing frost and water helps rather than hinders. Irrigation often continues then even into early October.

"Just because soybeans are a legume, don't consider them a 'poorland crop'" is the county agent's suggestion. He points out that they have their nutrient requirements for maximum yields the same as any other crop.

The use of fertilizer to increase yields has produced extremely variable results. With land of high natural fertility, it might be well that whatever

fertilizing is done be done judiciously, in view of the limited information available on results.

The value of soybeans as a soil - building crop after the beans have been harvested for cash is questionable. The beans themselves undoubtedly provide most of the benefits to be derived from a land-improvement standpoint.

However, many farmers feel that the mechanical structure or tilt of the soil is improved by the plant's root system, and because the beans do have nitrogen producing nodules, they do not deplete the land of this requirement as do other crops.

Yields range all the way from 15 to 55 bushels per acre, and in this area the common yield is between 20 and 30 bushels. A support price of \$1.76 is available.

Lee has been established as the most popular variety, although others show promise as

is shown in the accompanying table carrying results of 1958 tests at the Halfway Station near Plainview.

"There is probably no other soil improvement practice that will return more profit per acre and per dollar invested than applying limestone in areas where it is needed," says Bill Bennett, extension soil chemist. He advises getting a soil test to determine your soil's requirements.

Many questions about soybean production are answered in a leaflet published by the Texas Agricultural Extension Service entitled "Soybeans." It is available from local county agents or the Agricultural Information Office College Station, Texas.

cessive years. It is interesting to note that soybeans occupy more acreage than grain sorghum, which many farmers of the High Plains do not realize.

Parmer County has the state championship tractor maintenance school program, no doubt about it. We are amazed at the way the idea has caught hold. James Mabry, who is heading up the program, deserves a lot of credit for his organizational efforts.

Nine classes are going all over the county. That's a lot of youngsters learning machinery maintenance!

We got into trouble a few weeks ago by saying we'd visit all the tractor classes and make pictures. We had no idea the project would grow to such dimensions, but we won't back down and will try to get this done in the next few weeks.

We have received a nice note of appreciation from Charlotte Seaton, speaking for the Lazbuddie 4-H Girls Club. She thanked us for running the picture of their fine exhibit in that community during National 4-H Club Week.

Folks who go out of their way to thank us for something that we do as a matter of routine have a special place in our heart.

### COUNTY 4 H NEWS

#### LAZBUDDIE SR. 4-H CLUB NEWS

Calvin Mason gave a report on the Lubbock Fat Stock Show. Steven Young gave a report on the meeting on Tractor Maintenance being held at Dee Chittwoods. Carrol Redwine also reported on the Tractor Maintenance School. They meet each Tuesday. The leaders are Mr. Mitchell and Mr. Houston. They have had three meetings. The first was on safety, second on what makes the tractor run; third, tractor lubrication.

#### FRIONA JR. 4-H CLUB NEWS

Johnny Mabry called the meeting to order and Kim Buske led the 4-H pledge. Rex Wells gave a report on the project tour Saturday. John Taylor, Joey Taylor, Jessy Sherley, Chris Tannahill also gave a report on the project tour. Rex Wells gave a report on the meeting at Hub. The meeting was then turned over to Joe Jones. The county show will be held April 10 - 11 at the bus barns in Friona. The meeting was adjourned.

**LAZBUDDIE JR. 4-H CLUB NEWS**  
By Ronald Ashford  
March 23, the meeting was called to order by D. H. Foster. Buddy Embry read the minutes, Lloyd Bradshaw led the pledge. Ronald Ashford and Lloyd Bradshaw gave a demonstration on the record books. Buddy Embry and Gary Eubanks gave a demonstration on tractor safety. Buddy Embry, David Nelson, James Koelzer, Lloyd Bradshaw gave reports on tractor meeting. Johnny Mitchell, Larry Morrow, Lloyd Bradshaw, D. H. Foster, Gary Eubanks and Ronald Ashford are to give demonstrations at the county demonstration contest.

Fresh water for laying hens is just as important in winter as in summer. To make one egg, a hen must drink about a pint of water.

Grasshoppers are likely to be more widespread in the west and midwest this summer but are expected to be less destructive than in 1958, reports the U. S. Department of Agriculture. However, weather conditions between now and hatching time will have a strong bearing on numbers and a check will be made next spring to determine the areas where control measures are needed.

## NEWS

"The Place Where Most People Trade" Friona, Texas Wednesday, April 1, 1959

Company at our house for the Easter holidays was our daughter, Mrs. Gay Jordan and children of Lubbock, and another daughter, Doris, who is a student at Eastern New Mexico University at Portales.

PCICN  
People today are chiefly concerned with the higher things in life -- like prices and taxes.

PCICN  
While David watched our neighbor's teen age son doing yard work, he sympathized with him because his parents forced him to do such hard work. Said David, "I think it would be better if we were all widows." The working boy said, "Maybe you mean orphans."

"Maybe so," said David, "I mean without mothers."

PCICN  
Get all the facts about traction - control, fast hitch, Hydra-touch hydraulics, and other Farmall advantages. Call us for a field trial.

PCICN  
At the annual Recognition Day at Texas Tech last week, where awards are made to outstanding students, Friona was very well represented. Deniese Magness sang in the choir and Curtis O'Rear played in the band. They are both senior students. Linda Gee, a freshman, received the Sears Scholarship award and Deann Buske, a senior, was recognized for her leadership in campus activities. Curtis O'Rear received the Socony Oil Company scholarship.

Those from Friona who attended the services were Mr. and Mrs. J. T. Gee, Mrs. Mae Magness and daughter, Jacquelyn, Mr. and Mrs. F. W. Reeve and Mr. and Mrs. G. B. Buske. Curtis O'Rear is the grandson of the Reeves.

PCICN  
Farm 20 feet at a clip -- plant or cultivate well over 100 acres per day with a Farmall 450 tractor and 6 row McCormick equipment. Out work 4-row tools by 50% to cut field time, labor and fuel costs to a profitable new low. Figure with us to see how many days and dollars six row farming can put you ahead. See the latest McCormick features that make it easy to farm big and better, too.

PCICN  
Mr. and Mrs. Ralph Wilson left last week for New Orleans. After a few days there, they plan to tour the Eastern States and go visiting and sight seeing before returning home.

PCICN  
Little Burt Osborn was visiting his great-grandmother Sunday and running and playing as all three year old boys do when he fell on a piece of glass or something and cut his leg. After a visit to the hospital where several stitches were required Burt was a quieter little boy, but felt pretty important about the "sewing" that had been done on his leg.

PCICN  
Need some good cheap transportation? Does your family need a second car? We have some good used automobiles on our lot that are worth the money. Some have air conditioning which will serve you well this summer. Better stop at the Parmer County Implement Company before buying a used car.

The big power McCormick team-six row middle buster and Farmall 450 will do more work for you, easier and more economically, than any other outfit you can buy. It's easy to handle, too. You are in the field working while others are getting ready. See these today.

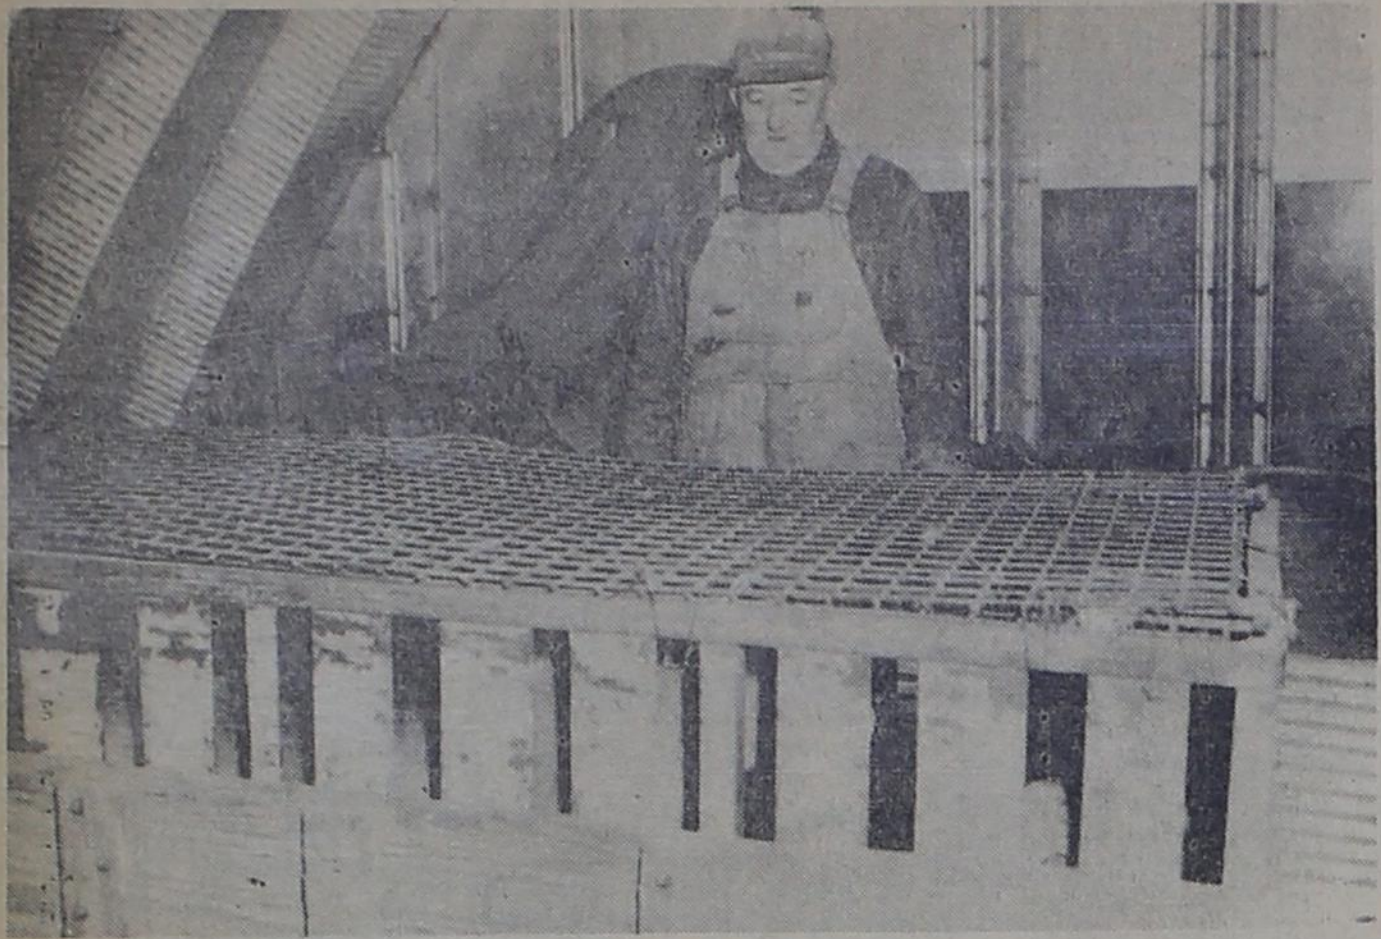

PCICN  
Company at our grandmother's house for Easter was Miss Lora Mae McFarland and Miss Min Atchley from Clovis, Mrs. Roy Lee Jones and children from Lovington; and Martha Clements and Katy Osborn.

Martha's and Katy's husbands were in Mexico fishing over the weekend. Our grandmother went home with Mrs. Jones for a visit.

PCICN  
The big switch from man labor and animal power to mechanization has done much to help America's farmer double their output in the past 15 years. This is only the beginning. Agricultural scientists predict that new, bigger and better machines will help offset the manpower shortage on our farms. The American farmer will produce more and more on fewer but larger farms.

Backing the farmer in his drive for efficient production, International Harvester Company this year has introduced numerous new machines designed to cover more ground, perform more work, and do it faster and better than anything previously available. Ask about the new six-row farm tools. We will be glad to bring them to your farm for a demonstration.

WANT TO BUY A LION?—There are a couple of them on the A. H. Wilson farm in Lazbuddie and, says Wilson who is in the picture, they could be bought from their owner, Victor Cox. This cage is in the Wilson barn.

# Lions On Farm At Lazbuddie

Just how African Lions might fit into the Parmer County area livestock picture isn't for sure, but some Lazbuddie folks are at least proving that Parmer County farms can raise lions.

The lions have attracted the attention of a lot of the neighbors, and once a Lazbuddie school bus had to wait while all the kids ran into the Wilson barn to take a peek at the caged animals, but the Wilsons themselves don't get too excited.

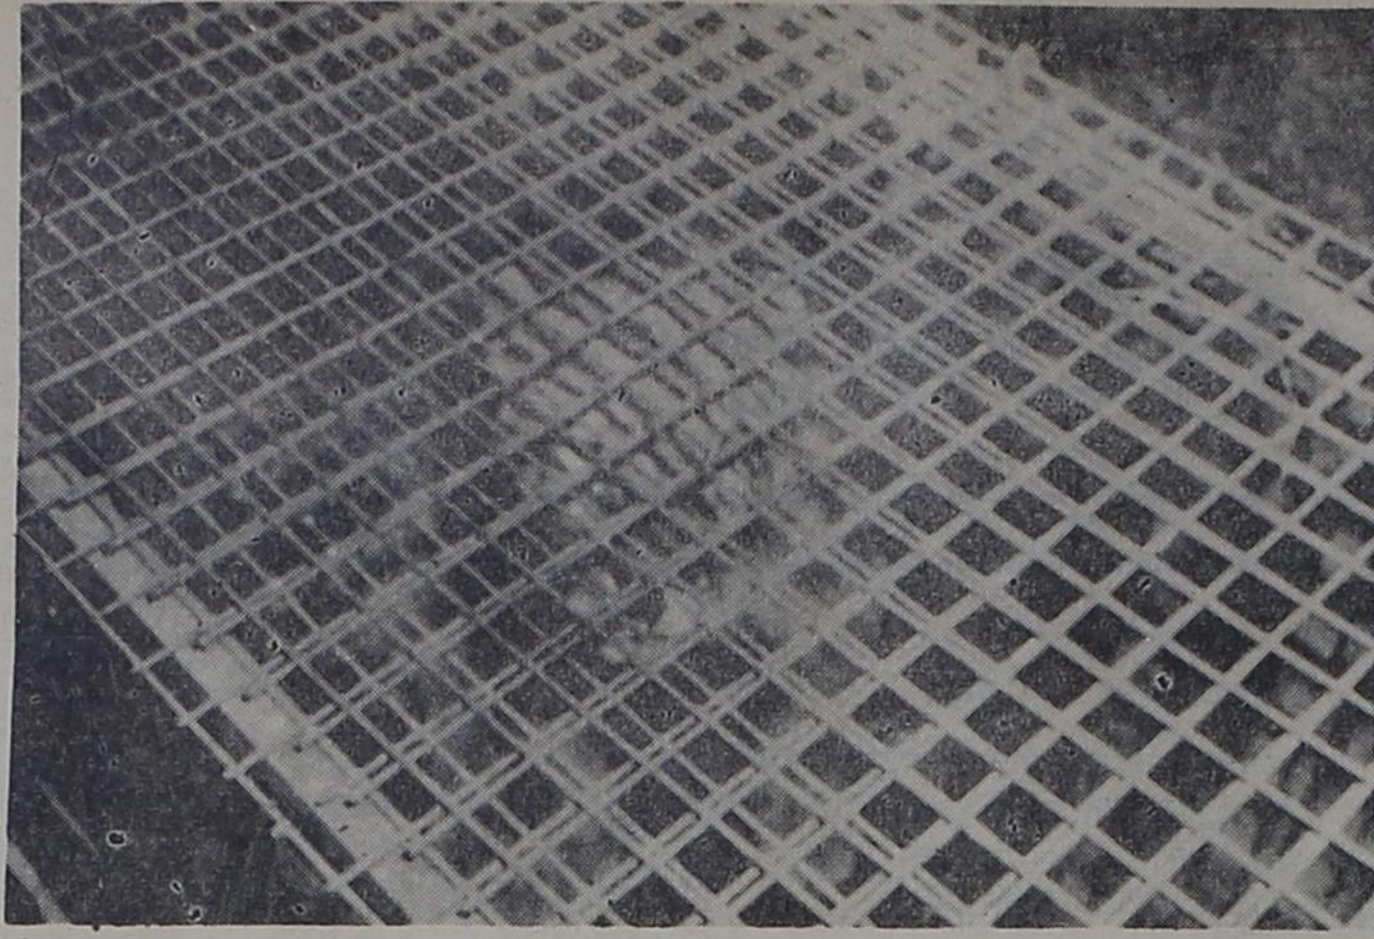

breeder, jockey, and promoter of sorts. Cox picked up the lions when they were just cubs. A sideshow and small circus was coming through the country and got into dire financial straits, so Cox bought the young lions.

He bought three, but one died. The other two, though, have certainly done well on their all-meat diet, and now weigh 250 pounds each. They consume about five pounds of beefsteak each day. That runs the feeding bill pretty high.

The lions are in a homemade cage which is in one end of the Wilson barn. They aren't at all bashful and when anyone steps close they will thrust their paws through the steel slats of the cage and work their claws menacingly. Folks soon learn to keep their distance.

Just what will come of the lions isn't known. They'll probably be sold to somebody who has some practical use for them, such as a zoo or circus. But, Wilson says, you can have them yourself if you want them -- and are willing to pay the price.

Actually, the lions belong to Victor Cox of Muleshoe, a horse

A COLD-EYED ONCE-OVER is what you get when you look down through the top of the cage at the animals penned inside. The lions' favorite way to worry onlookers is to stick their paws out and try to grab them. They don't have much trouble getting folks to keep a respectable distance.

## SOIL CONSERVATION DISTRICT NEWS

OUR SOIL AND AIR STRENGTH

Tree windbreaks can protect your farmstead and livestock cheaper than most any other method. A lot of your family's time is spent in the house and around the yard. A good tree windbreak protects the farmstead from soil blowing, snowdrifts, cold driving rain or sleet, and dusty spring gales. In this part of the country cold winds cause more discomfort to man and animals than any other climatic factor.

breaks can reduce your home-fuel costs 15% or more. Your home will be less drafty and more comfortable. And you will not have as much dust to clean up and worry about.

A good windbreak keeps the driveways, yard, and feedlots fairly free of snow in ordinary winters. This in itself is worth the effort of growing a tree windbreak.

Several types of evergreen and broadleaf trees are suitable for windbreaks. There are tall, medium tall, or dense low-growing varieties which can be used together or in combination with shrubs. A good barrier against the wind is uniformly dense from the ground line to the tops of the tallest trees.

At least one row of Coniferous evergreens such as Arizona Cypress or Red Cedar

should be used because they give year round protection and are long-lived. For spacing of a single row windbreak the row may be a straight line or in a zig-zag fashion. In straight rows, space trees 5 to 8 feet apart; in zig-zag rows, offset alternate trees a maximum of 40 inches from the center row line, and space trees 5 to 8 feet apart as measured along the center line. Spacing of trees and shrubs for multiple row windbreaks are as follows: Space shrubs 3 to 5 feet apart, Deciduous trees 8 to 10

feet apart, and Evergreen trees 5 to 8 feet apart with 10 to 16 feet between rows.

Water at time of planting and protect from wind during the first blow season. Cultivation is necessary during period of establishment because weed competition is a chief cause of loss of new plantings. Mechanical injury to trees should be avoided by using tools suitable to the job.

Replace death losses at the first planting season following to insure a fully closed and even height barrier.

By now all land owners and operators in Parmer County should have received a copy of the District News letter on "Windbreak Planting" which gives details on species, planting of trees, land preparation, and management of plantings. For more information on windbreaks or any other conservation practices come by the Soil Conservation Service office in Friona.

In the vegetable picture variety and quality are good for the season of the year. White sweet potatoes are good choices. Collards, mustard, spinach and turnip greens are moderately priced. You may see featured items in the cannery vegetable department including peas, tomato products and kraut.

Pork production is up sharp from comparable weeks of year ago. Prices for some cuts have declined and will be reflected in many markets this week. Look for hams (whole butt, shank portions) spare ribs, bacon and sausage. Values can be found in chuck roast.

Large size grade A eggs are an excellent meat alternate low in calories and easy to prepare in a variety of ways.

Soil Conservation is an obligation of every American interested in the preservation of freedom and security for the generations tomorrow.

## THE HAPPY HOMEMAKER

BY JUNE FLOYD

A very interesting magazine came to our desk this week. It is the March issue of the "Women's Circle." It had been a long time since we had seen a publication similar to this one and we thoroughly enjoyed reading it.

The entire contents of the paper were of interest to homemakers. There were recipes, cooking hints, sewing hints, household notes, features about unusual women and two pages of letters from readers.

Several of the household hints are being used in this column.

Those glass furniture-caster cups can be used to advantage in the sewing room. They will hold such items as pins, needles, buttons, fasteners, etc. and make excellent weights to hold pattern pieces in place.

When making a comforter extend the top and bottom material ten inches beyond the filler. This gives a good allowance for tuck in at foot end. Short

quilts or blankets can be lengthened by adding a piece of material, twofold, the desired length.

Anyone who collects picture post cards has material for beautiful waste baskets. These cards may be glued onto potato chip cans, ice cream containers, or similar cartons. After the cards have been glued onto the proposed waste basket, they should be covered with shellac to keep them clean.

The inside of the container should be waxed to keep dust from sticking to the inside.

If the men around your house are trimming the trees, you may get some material for lovely planters right in the front yard. Take a saw and cut off part of the tree branch just the length you want your planter. Take a drill and drill holes three or four inches deep that interlap inside the planter.

When the holes have been drilled, take out all the trimmings and shape the inside cup like. Leave the bark on the outside and cut a planter from a branch which has had limbs cut off if you want knot holes on the finished item.

The inside of the planter can be lined with several layers of aluminum foil, the bottom covered with felt to keep from marking table tops, and the outside varnished to give it a finished look.

These planters are especially pretty for growing ivy or other climbing plants. If you want them to hang on the wall, you can smooth one side to lie flat against the wall and add hooks for hangers.

Next time you are invited to a salad supper or luncheon and want something different to take, you might like to try this recipe which was submitted to the Mexico Ledger by Mrs. Raymond Outlaw of Vandalia, Mo.

**CHICKEN APPLE SALAD**  
4 cups cold cooked diced chicken  
2 cups diced apples  
1 cup chopped nuts  
1 cup diced celery  
mayonnaise

Combine chicken, apples, celery and nuts; moisten with mayonnaise; mix lightly with fork. Serve on crisp lettuce.

Another recipe that would make a wonderful dish for a covered dish meal was submitted to the same paper by Mrs. Donald Harris of Mexico.

**HAM LOAF**  
1 1/2 pounds lean pork  
3/4 pound smoked ham  
1 small onion  
1/2 cup soda cracker crumbs  
2 beaten eggs  
1/2 cup milk  
1/2 teaspoon paprika  
1/2 teaspoon Worcestershire sauce  
1/2 teaspoon dry mustard  
Grind pork, ham and onion until fine. Add other ingredients and shape into a loaf. Place in a baking dish. You may place the following mixture in the bottom of pan, if desired:

1/2 cup crushed pineapple  
3 tablespoons brown sugar  
1/2 teaspoon dry mustard  
Bake in moderate oven (350 degrees) for 1 1/2 hours. After 45 minutes baste with 1 cup condensed tomato, celery or mushroom soup several times.

Although St. Patrick's Day has already passed, we are going to give you a good Irish cake recipe that you will enjoy using and serving any day in the week.

**KILARNEY CAKE**  
All measurements are level and flour is sifted before measuring.

Sift together: 2 cups flour, 1 1/2 cups sugar, 2 teaspoons double acting baking powder, 1 teaspoon salt. Add: 1/2 cup shortening, 1 cup milk (less 2 tablespoons) 1 1/2 teaspoons vanilla, 2 unbeaten eggs.

Beat with electric mixer until velvety texture. Pour into two 9 inch layer cake pans that have been greased and floured.

Bake in 375 degree oven for 25 minutes. When cool, ice with favorite frosting.  
(This cake is as easy as any cake mix, because it is all mixed in one bowl.)

more counties were represented in the meeting which was devoted principally to wheat. Being in the worst condition of all basic commodities, surplus-wise, wheat is getting a lot of discussion in Congress and other areas.

We wonder what you think of the Farm Bureau suggestion for wheat. It was pretty well outlined in the Friday morning Amarillo paper. One point of it would allow a wheat farmer to purchase the amount of wheat he would normally produce on land left out of production from CCC at normal production cost and sell it on the open market. This, it is contended, would prevent continued piling up of sur-

plus while still giving the farmer the same volume of wheat to sell as he would have been expected to produce, had he planted and harvested it.

Farm Bureau policies determined by its members have always been aimed toward highest net income for producers of all commodities. The record bears this out and this aim is still evident in Farm Bureau Policies. Labor costs have always affected the cost of production directly and indirectly. Industrial labor costs are reflected in the cost of farm machinery and supplies. Farm labor costs are reflected directly in the immediate cost of production. These costs must be subtracted from the price the farmer receives for his commodities to get the net.

Right now, labor policies being proposed are threatening your net profits for the immediate seasons of operation. If you have not been paying attention to this factor and writing your congressman as many news items have suggested, we suggest that you do so now. If you do not know what is happening, any Farm Bureau officer will tell you, or you can get the information in the office.

If you have not filed for refund on gas tax exemptions recently, come in and do it now. Remember that your wife can do this for you.

Raymond Schueler was re-elected chairman of the Farm Bureau Weed Committee recently. R. D. Dale is vice-chairman and Vernon Symcox is secretary. They have laid plans for the seasons work and we are sure that if you will cooperate in carrying out their suggestions, another successful year against bindweed will result.

CONSIDER THIS: And as ye would that men should do to you, do ye also to them likewise. Luke 6:31.

## H. D. AGENT'S CORNER

Jimmie Lou Wainscott

4-H Clubs in Parmer County are thinking about method demonstrations just about now, because they are getting ready for County and District Contest.

I have a good egg custard recipe that was used in a demonstration last Wednesday by Sherry Tannahill and Mary Ann Roberts, at the Friona 4-H Club meeting. The custard is real good, you might like to try it.

**EGG CUSTARD**  
4 eggs  
1 cup sugar  
2 cups milk  
2 T. butter  
dash salt.

Beat eggs good, add other ingredients and cook in saucepan until the butter melts. Pour into tin loaf pan and cook in water bath at 350 degrees until

**SEW YOUR OWN GARMENTS**  
Do you have special fitting problems? -- A slim clothing budget? Do you get real satisfaction from sewing for yourself and others?

If the answers are yes, you may want to join the increasing number of women who are making garments for themselves, and other family members, say extension clothing specialists.

The "homemade look" can be avoided by careful construction and pressing. The custom-made look requires patience, accuracy, attention to detail of finishes and good pressing. A job well done pays off with economy, fit and satisfaction.

If you are a beginner in sewing, choose a simple garment for your first try. A pattern of few pieces with simple design, and a fabric of good quality in solid color will give best results.

The pattern, fabric and the bindings should be selected together for harmony. Figure type and purpose of the garment also influence pattern and fabric selection.

Production Tested **AUSTIN COTTON** Seed Available  
Top Yields - Early Maturity - Disease Resistant - 1" Staple - Open Bole.

Machines about like Empire - We machine harvested 1082 lbs. per acre from our seed blocks with an extremely high percentage (over 95%) white cotton.

**COMPARATIVE RATINGS OF COTTON VARIETIES**  
for disease resistance and seedling vigor  
By Dr. Leither Bird, Department of Plant Pathology, Texas A&M College

VARIETY	Comparative Ratings*			
	Bacterial Blight	Verticillium	Fusarium	Seedling Vigor
Lankart	5	4	3	3
Paymaster 54	4	3	3	3
Northern Star	3	3	3	3
Western Stormproof	3	3	3	3
Metane	3	3	3	3
Lellapine	2	2	2	3
Delios	4	4	3	3
Acala 1517c	4	2	2	1
Pima S-1	4	4	2	1
Empire	3	3	3	3
Lockett	3	3	3	3
Stoneville	2	2	2	2
Acala 1517 BR	1	3	4	3
Acala 1517 BR-1	1	3	4	3
McBane B-1	1	3	3	3
Blightmaster	1	2	2	3
Austin	1	2	2	3

\* Disease ratings: 1. Resistant to immune 2. Tolerant 3. Susceptible 4. Highly susceptible  
Seedling Vigor: 1. Good 2. Intermediate 3. Low

All varieties are more resistant or tolerant to bacterial blight if they are grown in soil with adequate available nitrogen. Also, the varieties would be more susceptible if grown under nitrogen-deficient conditions.

D. T. - R. J. Renner -

An old gent was passing a busy intersection when a large St. Bernard ran by and knocked him down. An instant later, a foreign sports car skidded around the corner and inflicted more damage. A bystander helped the old man up and asked if the dog had hurt him.

"Well," he answered, "the dog didn't hurt so much, but that darned tin can tied to his tail nearly killed me!"
