PERKINS BROTHERS

Druggists and Stationers.

A BUNCH OF BLACKBERRIES.

Constable Watson Gathered Them at Keith's Camp.

From Saturday's Daily:

Constable Dock Watson pulled a gang of coons at Keith's camp this morning for disturbing the peace and brought them before Justice Peevey. Larkin Smith, Richard Parker, Jim Lee, Ellen Shedley and Austin Green, each entered a plea of guilty and were fined ten dollars and were fined ten dollars and trimmings. Not having the wherewithal with which to pay off the fines and costs the whole bunch was taken out to the poor farm and put to work.

Arrested at Caro.

James Loveless, colored, was arrested at Caro yesterday by Constable Dock Watson on a charge of breaking into the house of Mrs. Gardner near North Church and stealing a pistol.

FROM LONE STAR.

The dry spell has been broken up by a good rain which was badly needed.

Bro. John Carney lectured to a large audience here on prohibition.

Bro. Rowlett preaches for us Sunday.

Mr. A. J. Turner is visiting his brother. G. W. Turner, of Douglass. He reports good crops in that section.

Everybody is about up with crops. J. A. T.

No Competition.

The uniform success of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the relief and cure of bowel complaints both in children and adults has brought it into almost universal use, so that it is practically without a rival, and as every one knows who has used it knows, it is without equal. DEMOCRATIC CONVENTION.

Delegates Instructed as a Unit to Vote for Parker.

The democratic county convention met at the court house Saturday, June 11th, for the purpose of electing delegates to the State convention at San Antonio, on June 21st.

Meeting was called to order by County Chairman, Dr. W. H. Campbell, whereupon John Schmidt and W. S. Beeson were elected chairman and secretary respectively.

On motion the following delegates were elected to the San Antonio convention with no proxies allowed:

S'W Blount, Jno Schmidt, E J Muckleroy, W S Beeson, Henry Millard, Jno T Garrison, B E Strong, P F Edwards, Allan Seale, V E Middlebrook, W M Imboden, R C Shindler, C D Mims, Judge Geo F Ingraham, D K Cason, R W Haltom, A F Henning, John Baugh, W L Skeeters, J H Haltom Jr. C H Martin, Z T Mast, W H Morgan, B Frank Moore, Chireno, Ben Mudgett, J J Watkins, Hershell Sittou, A B Martinsdale, Albert Brewer, G W Carter, W Y Garrison, Geo Rainbolt, J L Corley, Jim Kelly and A J Spradley.

On motion the delegates were instructed to vote for Alton S. Parker for president.

The following resolution was adopted: "Believing that the fundamental doctrines of the democratic party in their essential features lead to the greatest good for the greatest number of people, and tend more certainly to secure equal rights to all and special privileges to none, we hereby pledge our allegiance anew to said principles, and in the election this fall promise our unqualified support to the principles of the democratic party and its ticket from president to constable, whosoever may be its nominee.

Old Singer's Reunion.

All lovers of old time sacred music are invited to be on hand at Shady Grove, Friday, July 1st, and also Thursday night before. Dinner on the ground. A lemonade stand will be run in the interest of the grave yard fund at that place. All you have to do to have a big time is to come and be with us. Oscar Sheddian.

Sued By His Home Doctor.

"A doctor here has sued me for \$12.50, which I claimed was excessive for a case of cholera morbus," says R. White, of Coachella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea remedy he used as I had reasons to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of Cholera morbus, it never fails. Sold by Perkins Bros.

Committee.

The Central Committee desires to express its gratitude to the chairmen of the various sub-committees heretofore appointed for their faithful cooperation. The work of so many different committees will be liable to conflict and confusion, unless each chairman and each committee attend strictly and faithfully to the work assigned them. This we trust they will do and thereby avoid confusion by not infringing upon the duties of other committees. Should the chairman of any committee desire information as to the work expected at his hands he will be cheerfully informed upon consultation with the Central Committee who gave him his authority.

The following committee was appointed in addition to those heretofore announced: Committee on carving bread:

A. W. Grimes, chairman; Joe Reindl, D H Goldberg, J O Ray, H B Reid, Josh Ivy, J H Brautley, D H Barnett, J F Floyd, Henry Rusche, E B Williams and J F Vonder-smith.

Let us show you a hog fence that turns pigs and hogs alike and will please you. Cason & Richardson.

Triumphs of Modern Surgery. Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which cause them to heal without maturation and in one third the time required by the old treatment. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by Perkins Bros.

ROCK SPRINGS.

A Thousand People Spent the Day There Sunday.

From Monday's Daily:

There were at least a thousand people in attendance at the singing at Rock Springs yesterday, it being the third and closing day of the singing convention at that place. The singing, as it is unnecessary to say, was sublime. Dinner was served on the ground, and as is usually the case at these gatherings in the country, there was enough "grub" there to have fed three times the crowd, and if anyone came away hungry he must have been too lazy to eat.

The day was pleasant, the crowd jolly and good natured and everyone present went away feeling better for having spent an enjoyable time. Rock Springs is situated on the Tyler road about nine miles north from Nacogdoches and is the place where one of the first Presbyterian churches of this country was established by Uncle Dick Watkins long before the war. Grandfather Means, the well remembered Presbyterian minister, is buried there, as are many of the most prominent among the pioneer citizens. The old church has rotted down and during the past two years a new and more commodious edifice has been built. The new house is yet incomplete, inasmuch as it has not been painted and seated, but the good women of the community have a move on foot to this end, and it is not likely that another big gathering will meet there and find the splendid building in an unfinished state.

Rev. G. W. C. Self is the pastor and preaches to the people there at stated times during each month.

WHAT are we going to do about the water proposition any how?

IF WE WOULD ONLY TRY.

The recent visit of the Beaumont Chamber of Commerce to Nacogdoches is a very positive evidence of the interest which has been attracted to this place from a commercial standpoint. The business men of Beaumont recognize in Nacogdoches a factor which may be of great value to her commercial interests if properly cultivated. The exchange of ideas and discussions of the relative positions and advantages of the two points as brought out around the banquet table suggested matters worthy of the serious consideration of the citizens of this town and country, and we feel constrained to present the question to the farmers and business men of Nacogdoches and vicinity as we view it, and suggest their earnest consideration of the matter.

Beaumont is a city of some 25,000 inhabitants. It is supplemented by the transient and ever flowing population attracted to that entire section by the immense Oil production. The city is situated in a low, flat and wet country, surrounded by a soil which produces nothing but rice. It is 125 miles from Nacogdoches. These people are consumers, and including Sour Lake, Port Arthur and Batson, will number a population to the extent of 40,000 people.

Nacogdoches is situated in the midst of a most fertile country. Her soil produces peaches, plums, pears, figs, strawberries, grapes and apples, in fruits of the finest quality grown on earth. In vegetables, Irish potatoes, sweet potatoes, onions, beets, corn, beans, cabbage, tomatoes and other vegetables which bring good prices, and are in steady demand. Should her growers follow up the interest just now excited and seek the trade of this population, they would find a close market to which they could rush their productions in a few hours, fresh from the fields, gardens and orchards, and receive therefor the best market price. The same can be said of Houston and her 60,000 people. To neglect this important matter is foolish to say the least of it. Why not place Beaumont, Nacogdoches and Houston upon close business relations in the matter above suggested. We are of the opinion that nothing is needed but for our people to go to work for the business and furnish the stuff for them to buy. They consume these things, buy them and pay for them and they are shipped from sections more distant than ours, producing an inferior quality of both fruits and vegetables. There is only one reason why we do not supply this market, and receive the benefits. That is, that we do not try.

THE University at Austin is in receipt of a check for \$100.00 from Mr. H. P. Hilliard, formerly of Austin, but now cashier and vice-president of the Mechanics National Bank of St. Louis. This is the second annual payment

made by Mr. Hilliard to a fund to be expended by the School of English in acquiring a collection of books on Southern literature. This collection is kept in the general library, and is available to all students of the University.

THE strike situation in the Cripple Creek mining district of Colorado does not improve. A pitched battle took place Wednesday between the militia and the striking miners who attempted to liberate prisoners in charge of officers. One miner was killed and ten were taken prisoners, and the feeling of bitterness is greatly intensified by the last fight.

DURING the month of May forty-two National banks were established in the United States, with aggregate capital of \$1,797,000. In number Texas leads in banks, having 256 to her credit, followed by Pennsylvania with 223. Third in the list is Minnesota, with 144 banks, followed by Illinois, with 111, Ohio with 109, and Iowa with an even 100.

SOME boys never get old enough to be trusted with shooting irons. Robt. Mulford, aged 14, and his brother Charles, aged 17, of Magnolia, Miss., were out hunting. Robt. challenged Charles that he could not shoot a tick on his arm, with the result that Robert's arm and shoulder were filled with shot and death followed in a few minutes.

FARMERS in Angelina, Polk, Walker, Tyler and other counties south of here are plowing up their cotton and planting June corn. The boll weevil has forced them to it, having already made his appearance in such numbers as to leave no doubt that he will totally destroy the crop. There was no cotton raised in either of the counties mentioned last year, comparatively speaking.

WE regret that we have not been able to stir around among the people more in this race for Representative, but it has been impossible and, as one of the candidates, this writer has made up his mind to endure cheerfully the consequences whatever they may be. The duties of editing a daily newspaper are such that leave but little time and at very long intervals for one to get away from the office. Here it is impossible to get one to take the editor's place temporarily and so we have been deprived of attending the various gatherings that have taken place over the county. This, no doubt, has given our opponents some advantage; still we are not discouraged, feeling that in the sound judgment and impartial ballot of the voters the claims and merits of the respective candidates will be fully weighed and carefully considered and the vote cast for the best interest of the whole people. Whatever may be the decree we are willing to accept it with our best grace, being assured that in the wisdom of the suffragists they will render a just verdict.

EXPECTING GOOD RESULTS.

Beaumont People Pleased With Their Trip to Nacogdoches.

Beaumont Enterprise. The Chamber of Commerce, which is the sinew of business in Beaumont could have not wished for a more cordial greeting and successful trip than was brought to a close last night, after spending two days with the people of Nacogdoches and intermediate points.

The reception tendered and expressions of friendliness both commercially and socially could not have been more pronounced had the business men been making these trips for years.

That the Chamber of Commerce is gratified over the results of the trip would be putting it but mildly. It seems as if neither party knew exactly how close they were associated together until they assembled to discuss the resources and prospect of the great Southeast Texas.

There are so many people living in Beaumont who were born and raised in that territory that they have always seemed like next door neighbors but the business relations between the two points have never prospered to any great extent. This is almost entirely due to the fact that it was only recently that Beaumont had direct rail connection with them. It was out of the question for Beaumont wholesale men to route goods over the Houston, East & West Texas and, compete with the Houston and Shreveport markets. Another thing, Beaumont's wholesale business has only in the last few years been brought up on a footing equal to the other wholesale points in Texas and in Louisiana. With this and the opening up of direct connections with Nacogdoches has brought the two interests together, and a large increase in the trade between the two points may be looked for. The Chamber of Commerce could not have hoped for better results than were attained by the visit and the matchless resources of that section was a revelation to a great many of them. This was true of Nacogdoches not alone but the entire section traversed. The two foundries each in the same condition. Both have something to sell which the other does not possess, and each has something to buy which can be furnished by the other. Under these conditions there is no reason why there should not be an exchange which would be profitable to both communities alike. Beaumont has been ready for some time, and have gone to their own homes to tell them so. Nacogdoches people say they are ready, so it now only requires a little hustling and closer acquaintance of each other's wants for East Texas to hold her own commerce.

THE first formal exercises ever held over the graves of the Confederate section of Arlington Cemetery at Washington, D. C., took place Sunday, in the presence of Confederate and Union Veterans and officers of the

Grand Army of the Republic.

As the result of a movement initiated by the late President McKinley, the Confederate dead have now been gathered in one large and beautiful circle in the southern part of the cemetery, where the graves have been marked with square stones. The exercises Sunday were opened with music by the Fifteenth Calvary Band. In a spirit of good will and fraternity, after the exercises over the graves of the Confederate dead, those in charge of the services repeated them over the graves of the 2,000 unknown dead, and decorated the graves with flowers. The pastor of the Presbyterian church in Washington and an ex-Confederate soldier, was the orator of the day. He referred to the fact that the Government of the United States, through representatives of its army, was participating in the exercises and that the Government had collected the remains of soldiers and had erected suitable stones to mark their graves. He referred feelingly to the interest Mr. McKinley, while a member of Congress, had taken in the proper care by the Government of the graves of the Confederate dead and the establishment of a Confederate section in Arlington was a fulfillment of Mr. McKinley's cherished hope. The exercises were brought to a close by Rev. Dr. Pettyman, who prayed for the living representatives of those who fell on both sides and for the coming of universal peace and good will, which the ceremonies of the day foreshadowed.

SPEAKING of the big celebration of the 4th of July to take place at Cushing, the Enterprise says: "Our people are going into this move with a will that knows no such word as fail, and it is their desire that the hills hereabouts be covered with people from abroad and we in behalf of the citizens of our town guarantee to one and all that nothing in our power will be left undone to give you a cordial welcome. The management will see so far as in their power lie, that no "byose" comes on the ground, and in case he does show his head he will be promptly caged up in a box car. Every family living within five miles will be expected to arrive early with ample edibles and by that act show to the world that they are proud of Cushing, the much talked of city on the Western border of Nacogdoches county, the best county in East Texas. Everybody cordially invited to come and spend one day merrymaking in Cushing."

THE San Augustine Chronicle, a new paper by Gibbs & Field, is to make its appearance in San Augustine July 1st. These young men have only recently retired from the management of the Visitor, but like all who have tasted journalism, could not remain long out of the newspaper harness. The Sentinel wishes the new undertaking prosperity and success.

GREAT POSSIBILITIES.

Trip to Nacogdoches Opened Beaumont Business men's Eyes.

Beaumont Enterprise.

The Beaumont business men who went to Nacogdoches June 2nd, returned to the city eminently satisfied and thoroughly pleased with the trip. They believe the trip was of great value to the Business interests of the city, in that it will bring the merchants, professional men and business interests generally of the territory between here and Nacogdoches into closer touch with Beaumont. Speaking yesterday of the significance of the trip Mr. John L. Keith, manager of the Wilson Hardware company, said:

"I accompanied the party of forty-six Beaumont business men who went to Nacogdoches Thursday morning and returned last night, and I believe the trip will prove of great value, not only to the individual men who went on it, but to the city of Beaumont generally. The territory around Nacogdoches and much of that between here and there is extremely rich in possibilities and, also, is being rapidly developed.

"Coming back we were discussing the value of that country to Beaumont and we discovered that there is a large area up there from which we now get very little business, but which we should derive great benefits. The strip is about 150 miles north and south and about sixty miles wide east and west. It should be one of the richest agricultural districts in the United States because of its soil and climate, and I believe it will be, and within a comparatively short time, too.

"The fruit industry up there is bound to become a great business. They have a regular 'peach' soil, a red, practically sandy formation that is particularly adapted to raising peaches. Already they have hundreds and hundreds of acres in fruit and within the next year or two will quadruple and quintuple the acreage. They have also demonstrated that the soil is excellent for raising all sorts of garden vegetables. Beaumont is the logical market for both the fruit and the vegetable and will undoubtedly get them ultimately. Then, there is the tobacco feature. We got well acquainted with Miss Alice L. Webb, the woman who is developing the tobacco industry, and this, I believe will become a feature of great value. In addition to these industries there are the lumber and oil fields, both of which, especially the lumber, are rapidly developing.

"Yes sir, the strip between here and Nacogdoches is a coming country. Such trips as we have just taken will do a great deal towards bringing the business interests here, to the advantage of both. Every bit of that country should be tributary to Beaumont, just from natural reasons, but it will surely be so if we get out and hustle for the business. The people up there are hustlers, and entertained us royally. They are anxious to get into closer touch with us and we should do all in our power to encourage them.

MATTHEWS-BOWERS.

Tuesday evening, June 7th at 8:30 o'clock, Christ church was the scene of one of the most brilliant weddings of the year, when Mr. Oscar Matthews and Miss Jennie Bowers were married.

The church was elaborately and beautifully decorated, a double heart of white roses being suspended above the chancel, while garlands, vines, cut flowers, and ferns, transformed the church to a bower of beauty.

As Mrs. Eugene H. Blount played the wedding march the first of the bridal party to appear were little Eva Marburg and Helena Matthews who opened the white gates at the head of the aisle and held them while the bridal party passed through. The bridesmaids and groomsmen entered in the following order: Misses Fay Hayter and Fannie Wade. Messrs. Thos. E. Baker and Peyton Ingraham, Misses Genevieve Jones and Clytie Harris, Messrs. Geo. Meisenheimer and Ben T. Wilson, Misses Ettielou Cox and Louise Schmidt, Messrs. Emory Ray and Cates Ford. The maid-of-honor, Miss Josie L. Carter, advanced alone, followed by the bride elect leaning on her father's arm. The bride groom, accompanied by his best man Mr. Sam Hayter and the clergyman, Rev. Geo. L. Crocket, advanced from the vestry as the wedding party approached.

Mr. Matthews received his bride from her father, and the beautiful impressive marriage ceremony of the Episcopal church made them one for life.

The bride was dressed in white embroidered chiffon, with veil, and carried a bouquet of bridal roses.

The bridesmaids wore white and carried La France rosés, and the maid-of-honor had an arm cluster of carnations.

Mr. Matthews is one of the leading society men of Nacogoches as well as one of the most prominent business men. He is vice-president and manager of the Nacogoches Grocery Company and a

young man to whom his native town points with pride. He is the son of one of the foremost lawyers of Nacogoches, Mr. Geo. H. Matthews, and on his father's account as well as his own has a position and prestige that many an older man man would be proud to claim.

Miss Bowers is one of Louisiana's fair daughters. She is the daughter of Mr. Lloyd Bowers who moved to this city several years ago. Mr. Bowers is one of the principal cotton buyers of Nacogoches, and his charming family are leaders of the social set. Miss Jennie Bowers is a beautiful and accomplished young lady; as queen of last year's Karnival she won praise and compliment for her gracious reign, and has hosts of friends who rejoice in her happiness.

The young couple were fairly overwhelmed with presents of great beauty and value.

After the ceremony an informal reception was tendered the bridal party by Mr. and Mrs. Lloyd Bowers.

Mr. and Mrs. Oscar Matthews left on the noon train today for a wedding trip to St. Louis, Chicago and other points in the North.

The Sentinel extends congratulations and good wishes to the young couple, and hopes their life will always be as bright as now.

Buy a surrey, hack or buggy and bring your family to the "big old time barbecue," on June 24th,

Cason & Richardson,

The exhibits in the Fish and Game building on the Philippine Reservation at the World's Fair include a collection of 10,000 shells, composing the first classified collections of shells of the Islands.

Hundreds of Chinese coins, many of them centuries old, form part of that countries exhibit in the Liberal Arts Palace at the World's Fair.

Lum Martin, of Martinsville, candidate for tax collector, contributed a yearling to the big barbecue to come off June 24th, which is appreciated by the soliciting committee.

GARRISON PYTHIAN KNIGHTS.

Greenwood Lodge Holds Reception With Banquet. Wednesday's Daily.

The editor of The Sentinel had the pleasure of meeting with Greenwood Lodge No. 332, Knights of Pythias, at Garrison last night, for the purpose of paying an official visit as District Deputy Grand Chancellor. The visit was made in fulfillment of the duties imposed by virtue of the office, and the Deputy had looked forward only to an ordinary every week meeting. Great was his surprise, then, upon "butting in" on one of the swellest social entertainments that ever happened in a lodge room confined strictly to members and without the presence of ladies. The committee on entertainment, headed by the ever enthusiastic Knight Sol Topfitz, had actually barbecued a whole beef, together with a dozen chickens or so, had received an ample supply of bread from Timpon, to which was added all the trimmings that go with a barbecued supper. Then there were cakes, supplied by the fair ladies of Garrison, ice cream, cold drinks and a variety of fruits. It was a feast fit for the kings, and was immensely enjoyed by the half a hundred Knights present. It is well understood what kind of a crowd a feast like that will draw, and is safe to say that if there were any members absent last night they were "providentially" hindered.

Don't buy a wagon or buggy until you see Cason & Richardson's stock.

Perkins Bros., in keeping with their general reputation, sell nothing but the best. You will find John R. Dickey's Old Reliable Eye Water there. The genuine is inclosed in a red folding box.

Rain and Wind.

From Thursday's Daily: The rain storm last night was accompanied by a heavy wind and considerable damage is reported this morning.

In town, trees were torn to pieces and slight damage occurred in many places to buildings and fences. The greater part of the awning in front of the building occupied by Cason & Richardson was torn off. The sign of Julius Eikel which hung over the sidewalk, was blown loose and crashed into one of the big plate glass windows of Perkins Bros.' drug store. The latter damage was covered by accident insurance.

\$100—Dr. E Decthon's Anti-Diuretic may be worth to you more than \$100 if you have a child who soils bedding from incontinence of water during sleep. Cures old and young alike. It arrests the trouble at once. \$1. Sold by Perkins Bros.

A balloon which has made seventy-nine ascents and covered a distance of 8,200 in the air, is a German exhibit in the Palace of Transportation at the World's Fair.

A stranger in town suffering with an inflamed eye asked for the best drug store, and was sent to Perkins Bros. They supplied him with a bottle of John R. Dickey's Old Reliable Eye Water.

"WHAT'S BRED IN THE BONE?" WILL OUT IN THE FLESH"

Is true of mankind as well as lower animals. We do not expect blooded stock from common sires, physical giants from dwarfs and midgets, nor well-developed, robust children from tainted ancestors and sickly parents. It is contrary to the laws of nature and heredity, which are inviolable, unchangeable and fixed.

Children not only inherit the features, form and disposition of their parents, but the mental and physical qualities, infirmities and diseases as well. That certain diseases are transmitted from parents to children, are bred in the bone and handed down from one generation to another, can not be denied, for we see evidences of it every where and every day.

SCROFULA, a disease almost as fatal as Consumption, is a disease of the blood, is bred in the bone and will out in the flesh in the form of glandular swellings, deep abscesses and sores, boils and eruptions. It affects the eyes and ears, weakens the digestion and destroys the red corpuscles and solids of the blood, resulting in emaciation, stunted growth and poorly nourished bodies.

RHEUMATISM is handed down from gouty ancestors and rheumatic parents. The acid poisons in the blood that cause the sharp, shooting pains in muscles and joints have been there may be from birth, and exposure to bad weather, night air, or cold, easterly winds only hastens the attack by exciting the acid blood. The blood must be purified and the poisons filtered out of the system in order to get relief from this painful disease.

CATARRH is something more than a cold in the head; the poison extends into the Throat and Lungs, attacks the Stomach, Kidneys and Bladder, and every part of the system. We inherit a predisposition or tendency to Catarrh, just like other blood diseases; it is bred in the bone and can not be reached with sprays and salves, but requires constitutional treatment and a thorough cleansing of the disease-tainted blood.

CONTAGIOUS BLOOD POISON is responsible for more suffering than all other diseases combined, and none is so surely transmitted from parent to child. Fearful ulcers and sores and disgusting skin eruptions often break out in infancy, and those whose blood is tainted with this awful poison are handicapped from birth, and unless the poison is eradicated carry the taint through life.

CANCEROUS ULCERS and old sores seem to pursue some families through generations, and in spite of washes, salves and ointments, continue to spread and grow because the taint is in the blood; is bred in the bone and grounded in the flesh.

Nothing but a real blood remedy like S. S. S. can reach these deeply rooted, inborn diseases. It goes to the fountain source of the trouble, uproots the old taint, drives out the poisons that have been lurking in the blood for years, and tones up the weakly constitution.

S. S. S. reaches diseases of this character that no other medicine does or can. It has been tested in thousands of cases during the nearly fifty years of its existence, and its reputation as a cure for chronic blood troubles is firmly established.

S. S. S. is guaranteed purely vegetable and suited to old and young and persons of delicate constitution. If you have inherited a predisposition or tendency to some family taint, the sooner you begin a course of S. S. S. the quicker and more certain the cure. The disease may develop in childhood or later on in life, but is sure to make its appearance sometime, "for what is bred in the bone will out in the flesh," as sure as you live.

Our physicians make diseases of the blood and skin a special study. Write us all about your case, and medical advice or any special information desired will cost you nothing.

Stone Fort

Fund Sale

Under the Auspices of **THE CUM CONCILIO CLUB** of Nacogdoches.

The Cum Concilio Club of Nacogdoches have made arrangements with John W. Davis whereby they will have entire charge of this store and mammoth stock of goods for one week **BEGINNING JUNE 17th AND ENDING JUNE 23rd.**

Every dollar spent with the ladies during this sale will represent a certain per cent to be contributed to the fund now being raised by the Cum Concilio Club to **Rebuild the Old Stone Fort.**

To make it an easy matter for the ladies we have sharpened the price cutting knife again and have put the values down a little lower than we did on a former occasion.

Attractive Features in Our Clothing Department.

This Stone Fort Sale is not confined to the ladies alone. There are good judges of values and bargains among men, we propose to give them an opportunity to pick up a few bargains.

The big barbecue on the 24th will be a big affair. For this event a new summer suit, perhaps an extra coat for hot weather, or a new pair of trousers, will be needed. We have anticipated your needs along this line and have let the price cutting knife sink deep into former values in our mammoth stock of clothing, and as the price now prevailing is only good for one week, you should take advantage of this opportunity at once.

Dress and Walking Skirts.

We have an exceptionally lovely line of Dress and Walking Skirts for hot weather wear—the very thing needed at this season of the year and for which there is a great demand. These skirts were carefully selected and the styles and patterns are correct in every detail. These goods are tailored along scientific lines and a perfect fit is sure to be found. They were good values at the regular prices, but are extra bargains now.

Big Drive in Our Shirt Department

Right now is the time that the average man is looking for something nice in the way of Summer Shirts. We have most everything in the shirt line. All new patterns for this season. Each garment was carefully cut and made up and a snug and comfortable wearing shirt is the result—a feature not always to be found in the custom made shirts. Stone Fort Prices have been marked on every shirt in the store for one week.

Standard Summer Corsets The Cool and Comfortable Kind

Our entire line of Summer Corsets have been put on the bargain counter for this big sale. The lot embraces all the fashionable shapes and colors, and all are bright fresh stock. You have your choice during this sale at

65c

Summer Foot Wear.

We have, beyond all question of a doubt, one among the largest up-to-date stocks of low quarters and oxfords in East Texas. All new shapes and leathers. We propose to move this stock into the hands of an appreciative public during this sale, and have put the price cutting knife to work to help raise funds to rebuild the old fort.

Embroideries and Allovers.

The finest line ever displayed in East Texas, from one half inch to 18 inches wide. Prices vary with width.

There are merchants who insure their stock and houses, and 'tis wise. But don't forget the safety of the babe within "Teethina" lies. "Teethina" aids digestion, Overcomes and counteracts the effects of summer heat, regulates the bowels and makes teething easy. Cost only 25 cents at druggists.

Teachers For Next Year. Prof. R. F. Davis was re-elected Superintendent of the Nacogdoches public schools. Prof. Persons has been elected principal of the Central school, and Prof. Postell was re-elected principal of the West Nacogdoches Institute. Mrs. Pullen, of Jacksonville, Miss Freeman, Miss Karl Wilson, Miss Flournoy, Miss Elkins, Miss Langley and Miss Wood have been appointed as teachers for next year, the grades to be assigned by Superintendent Davis.

Schools Closed. The schools of Nacogdoches closed Friday morning at nine o'clock and teachers and scholars are free for the long summer vacation. There were no closing exercises this year at the High school, and the schools have never passed through a more satisfactory year, nor the scholars made better progress. The teachers, the superintendent and trustees have all worked in perfect harmony, and the children catching the spirit of progress have studied well. This time next year the closing exercises will be held in the new buildings and be celebrated at length, but those interested in the cause of education in Nacogdoches know that though the close was quiet today, that it marked an era of advancement, a year of work, that is a source of congratulation to the thoughtful.

Ralph Rose, the Michigan shot-putter, hammer thrower, football player and all-round giant will be one of the foremost figures in the Olympic games at the World's Fair.

A WORTHY EXAMPLE

An East Texas Boy Climbing Up the Ladder of Fame.

The friends and acquaintances of W. F. Martin, son of J. C. Martin, of Black Jack, will be pleased to learn of the rapid advancement this ambitious young man has made in his educational pursuits. Last year he took the degree of Bachelor of Science in the University of Texas, having worked himself up by teaching and going to school alternately. Yesterday he took the degree of Civil Engineering, having graduated by the same effort in this department. He is the only Nacogdoches boy who has ever graduated in the Academic or Engineering departments. He has been in the University four years and has taken two degrees, and at the same time has done enough work on the outside to pay all his expenses. This year he has held a tutorship in engineering and has done considerable work in the class-room giving instructions.

Mr. Martin has just received an appointment to a scholarship in civil engineering at Cornell University at Ithaca, N. Y., one of the leading universities of the country. He will go there next year and will remain two years doing advanced work and giving instructions, for which he will get about four hundred dollars a year in addition to his scholarship. This shows what a boy can do who has the pluck and determination and a fixity of purpose.

Test Its Value

Simons' Liver purifier is the most valuable remedy I ever tried for constipation and disordered liver. It does its work thoroughly; but does not gripe like most remedies of its character. I certainly recommend it whenever the opportunity occurs. W. M. Tomlinson, Oswego, Kansas. Price 25 cents.

The remains of Capt. A. I. Simpson were laid away in their last resting place Thursday by the Nacogdoches and Garrison Masonic lodges jointly in the cemetery at Garrison. There was a large crowd present from Nacogdoches. The scene preceding the burial was heartrending in the extreme. The stoutest hearts gave way to tears of sympathy for the bereaved family and near relatives and friends. In a broken voice the divine messenger spoke words of comfort and hope, but so great was the grief for the loss of one so dear, so good and so universally loved that the minister's consoling admonitions were almost vain, and it was almost with force that the casket of cold clay was torn from the bosom of the grief-stricken family that the dust should "return to the earth as it was," as "the spirit had returned to the God who gave it."

Another One.

T. W. Alexander, Bracken, Mo., says: "I had a chance to purchase and use one bottle Hunt's Lightning Oil. I think it the best liniment I ever saw." Mr. Alexander speaketh wisely and truly. 25 and 50c bottles.

Married at San Augustine.

On Wednesday, June 8th, at 8:30 o'clock p. m. Mr. Ben Tucker and Miss May Garrett were married in Christ church, at San Augustine, Rev. G. L. Crockett performing the ceremony. The attendants were Misses Annie Garrett, Lillian Garrett, Kate Sharp and Lavinia Burk, and Messrs R. C. Downs, Percy Blount, Dick Thomas and Chas. McMillan. Both bride and groom are widely connected in Nacogdoches among the leading families, and have a large circle of friends in the city. Numbers went from here to attend the wedding which was a brilliant affair. A reception was tendered Mr. and Mrs. Tucker after the ceremony at the residence of the bride's mother.

Cures Old Sores.

Westmoreland, Kans., May 5, 1902. Ballard Snow Liniment Co: Your Snow Liniment cured an old sore on the side of my chin that was supposed to be a cancer. The sore was stubborn and would not yield to treatment, until I tried Snow Liniment, which did the work in short order. My sister, Mrs. Sophia J. Carson, Allensville, Mifflin Co. Pa., has a sore and mistrusts that it is a cancer. Please send her a 50c bottle. Sold by Perkins Bros.

The contracts for the erection of the two suburban school buildings, one for white and one for colored children, were let to Messrs D. Rulfs, of this city and R. B. Shearer, of Luikin, this morning. The work will begin at once as the buildings are to be completed by November 1st. The Central building is to be completed by Nov. 15th.

The Vatican exhibit at the World's Fair includes the deathmask of Pope Leo XIII, famous mosaics, miniature paintings, a replica of the Codex Vaticanus and original texts of famous classics.

Acute Rheumatism.

Deep tearing or wrenching pains, occasioned by getting wet through; worse when at rest, or on first moving the limbs and in cold or damp weather, is cured quickly by Ballard's Snow Liniment. Oscar Oleson, Gibson City Ill., writes Feb. 16, 1902: "A year ago I was troubled with a pain in my back. It soon got so bad I could not bend over. One bottle of Ballard's Snow Liniment cured me." 25c, 50c and \$1.—Perkins Bros.

That Tired Feeling.

If you are languid, depressed and incapable for work, it indicates that your liver is out of order. Herbine will assist nature to throw off headaches, rheumatism and ailments akin to nervousness and restore the energies and vitality of sound and perfect health. J. J. Herbert, Temple, Texas, writes March 22, 1902: I have used Herbine for the past two years. It has done me more good than all the doctors. When I feel bad and have that tired feeling, I take a dose of Herbine. It is the best medicine ever made for chills and fevers." 50c a bottle. Sold by Perkins Bros.

The Far West.

Butcher Dillard from Uvalde writes that crops are very fine out in that country, a very large per cent being cotton. The boll weevil has made his appearance and is feared will do considerable damage. Stock are all in fine fix. Streams are all flush on irrigation farms. Plenty of roasting ears and water melons. Roads in that country are fine and all that is needed is a lot of good lumber from East Texas. Mr. Dillard went to that country in 1854, when Indians were thick, and has grown up with the country. He is now visiting in Nacogdoches.

Have You a Cough?

A dose of Ballard's Horehound Syrup will relieve it. Have you a cold? A dose of Herbine at bed time and frequent small doses of Horehound Syrup during the day will remove it. Try it for whooping cough, for asthma, for consumption, for bronchitis. Mrs. Joe McGrath, 327 E. 1st street, Hutchinson, Kan., writes: "I have used Ballard's Horehound Syrup in my family for 5 years, and find it the best and most palatable medicine I ever used." 25c, 50c and \$1. Sold by Perkins Bros.

SIMPLY BREATHE IT

A Few Minutes Use of Hyomei Four Times a Day Cures Catarrh.

The pleasantest, most convenient and the only scientific method for the treatment and cure of catarrh is Hyomei. Simply put twenty drops of Hyomei in the inhaler that comes with every package and then breathe it for a few minutes four times a day.

It seems remarkable that so simple a way of treating catarrh will effect a cure, but the most important discoveries of science have always been the simplest. By breathing Hyomei in this way every particle of air that enters air passages of the throat and head and goes into the lungs is charged with a healing balsam that kills the germs and bacilli of catarrh and soothes and allays all irritation.

The first day's use of Hyomei will show a decided improvement and in a short time there will be no further trouble from catarrh. Its action is rapid and lasting.

You take no risk in buying Hyomei. A complete outfit costs \$1.00 and if after using you can say that it has not helped you Stripling, Haselwood & Co will return your money. What other treatment for catarrh is sold under a guarantee?

Miss Emma's Paper.

The Sentinel feels flattered over the following compliment paid its representative at the Beaumont Press Association, which appeared in the Galveston News yesterday.

"The first number on the program was a paper on 'Nacogdoches—Its History, Past, Present and Probable Future,' by R. W. Haltom. Mr. Haltom was not present and a paper on this subject was read by the representative of the Sentinel, Miss Wilson. The paper was excellently prepared and delivered and held the interest of everyone in the room. It dwelt with the romantic days of Nacogdoches' history, its prosperous present and its bright and glorious future. The writer in visions saw the State of Texas excel New York in wealth, industry and population and pictured Nacogdoches the leading city and the Sentinel the leading paper."
