### NEGRO BOY KILLED.

Shot in Watermelon Patch Last Night at Chireno. From Monday's Daily:

It was reported here this morning that a negro boy about sixteen years old, a son of King Sowell, colored, was shot in a watermelon patch at Chireno last night about sundown and died early this morning. There were two boys in the patch at the time and the other was slightly wounded. It is not known who shot the boys. The boys denied being in the melon patch and claimed they were shot while playing in the field nearby and were shot by a white man, but later one of them became sick and vomited up the melon he had eaten. He then confessed that he had been shot while in a white man's melon patch. These are all the particulars that have been obtained so far, and they are not given as authentic.

Mr. and Mrs. R. W. Mills, of Center, are visiting in the city, and are guests of Mr. and Mrs. J. J. Ramey.

### Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure coughs, colds, la grippe, bronchitis and all throat and lung troubles. Price 50c and \$1.00 Trial bottles free at Stripling, Haselwood & Co's., drug store.

### GALA DAY AT CUSHING.

Five Thousand People Were There Saturday.

About the biggest day in the history of Cushing was the Fourth of July celebration held there last Saturday. True it was not the 4th, but the celebration was given in honor to the Glorious Fourth, our Nations greatest holiday. At an early hour, even before Old Sol had peeped from behind the Eastern horizon, the crowd began to pour into Cushing, the first arrivals being a solid train load from Nacogdoches. Then came the stream of vehicles, people on horseback and on foot, until the crowd numbered at least five thousand souls.

At 10 o'clock, the address of welcome was delivered by Hon. A. B. Martindale, responded by our own Beeman Strong, Esq., in a beautiful and eloquent twenty-minute oration fitting to the occasion and commemorating the 128th anniversary of this great nations independence.

A political discussion followed between Hons. M. L. Brooks and Congressman Cooper, which was interrupted at one o'clock for dinner which was most bountifully supplied from the baskets provided by the people of Cushing and vicinity. After dinner Congressman Cooper renewed his discourse, taking up the thread where he had left off, but was soon again interrupted by a shower of rain which scattered the crowd and broke up the speaking entirely.

After the rain the people were entertained by Mr. C. E. Oleson, general ring master, who provided ball games, balloon ascensions, foot races, pie-eating contest, (in which Clarence Gladdon took the prize as being the champion pie-eater of Nacogdoches county). Bologna sausage contest, etc., followed by a pyrotechnic display at night, and closing the day's festivities with a grand ball in the new Williams Hall.

It was a day of real pleasure to the visitors in Cushing and many were the praises lavishly bestowed by the Nacogdoches contingent.

Cushing is but a little over a year old, yet it has a population of over 1,000 people, thirty business houses, one of them a brick that would do credit to our largest towns, a splendid school, two nice churches, two splendid hotels, hundreds of nice residences, and a broadgauged, hustling and enterprising citizenship that would honor any town or city.

Revs. Hewitt and Jefferson have just closed a very successful meeting at Douglass and will begin a meeting at Lone Star Thursday night July 7th.

### AN HISTORIC STONE.

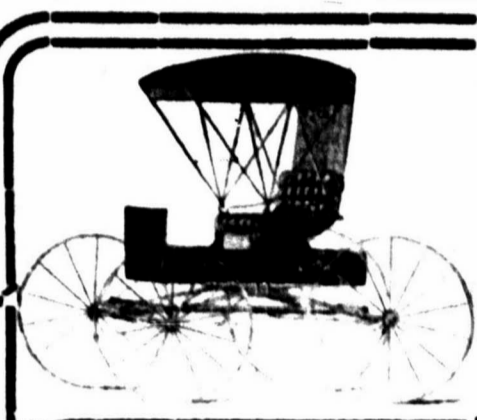

It Was Taken From the Ruins of a Masonic Lodge.

Stonewall Masonic Lodge, built early in the 60's, about a half mile north of Cushing at the base of Little Button Mountain, is now fast fading from the memories of the people of that section, every vestige of the old building long since being obliterated except the corner stone, which alone stands as a living monument of the once honored lodge room. The stone now serves as door steps for J. G. Pitman, but is soon to serve as a corner stone for a new brick to be built by T. J. Williams.

The foregoing paragraph was taken from a write-up of Cushing by H. C. Fuller, published in the Houston Post of June 26th. The stone mentioned is now a familiar object in front of the store of T. J. Williams at Cushing, having recently been brought there from the premises of Mr. Pitman. It was pointed out to The Sentinel man last Saturday and citizens of Cushing who are familiar with its history say that after Stonewall Lodge went down the old building was given to negroes for a church and was torn down and moved over near Linn Flat. The stone was not disturbed for many years, being left in its position at the Northeast corner of the building. It is made in two parts, first a large stone some two feet square by about sixteen inches in thickness, with a cavity in the center of the top side for the repository of such things as are usually deposited in a Masonic corner stone. The other part is a cap stone, made to cover the first after receiving its deposits. No one seems to know what became of its contents after the building was torn down and moved away, and the writer was unable to learn whether the lodge was suspended or consolidated with some other lodge. If the former contents of this stone could be found the exact date of the founding of Stonewall Lodge and the erection of the old building could be ascertained. Who can throw any light on the subject?

### BRINGING RESULTS

Is the Recent Visit of Beaumont Chamber of Commerce.

A party of Beaumonters including George J. McManus, C. T. Bunch, Charles Ives and J. A. Larcomb, have acquired a tract of 300 acres of fine peach land near Nacogdoches which they will at once utilize for peach culture. The land adjoins the famous Mally thousand acre tract and was secured for the modest consideration of \$2,100. They were among the number of Beaumonters on the recent Chamber of Commerce trip to Nacogdoches, and were so much pleased with what they saw that they made preparations at once to get in on what they thought was a money making proposition along the peach and fruit raising line. A party of Eastern capitalists who are here will probably visit Nacogdoches this week to investigate the matter.—Beaumont correspondent in Houston Chronicle

We have signed a contract to cast our lot with a mercantile Co., that will begin business Sept. 1st, and in order to reduce our large stock of fresh clean merchandise, we offer everything in our store at net wholesale cost and a great many articles at from 5 per cent to 25 per cent less than cost. Nothing reserved except W. L. Douglass shoes

Peddlers and country merchants as well the general public will do well to investigate this sale, will sell goods at above prices from now until August 20th.

This sale means cash only, no credit or 30 day accounts is included in making these prices.

Yours for bargains,  
Summers & Tucker.

### ONE STEP HIGHER.

Nacogdoches Post Office Enters the Second Class To-day.

Nacogdoches has taken another step forward and beginning yesterday the post office is advanced from the third class to the second class, with the right to a government building as soon as the sale of stamps reaches \$10,000 per year, which will be soon, and the clerks under civil service rule. A post office ranks of course, according to the amount of business done in a city, and the steady uniform growth of Nacogdoches has much to do with the advancing of the postoffice, but a great deal of the credit is due the postmaster, Capt. H. S. Cooper, for the efficiency with which he has managed its affairs, winning for Nacogdoches the credit of having one of the two best managed postoffices in the State and getting three Rural free delivery routes for the county. A postoffice managed as the one at Nacogdoches is, naturally grows and reflects the prosperity of the city. We have always had a first class postoffice and have never been without a first class postmaster, and if the city grows in the future as in the past, it will not be long before the office takes the first rank.

It sounds ridiculous to discuss either Bryan or Cleveland as a presidential possibility.

JUDGE REAGAN has no favorite for vicepresident, but thinks he ought to come from Indiana.

OIL has been found in one of the wells being bored at Colmesneil, but not in paying quantities.

DEMOCRATS should avoid talking with that recklessness that is liable to set the bridges on fire behind them.

THE officers of the Russian army are disgracing their country with constant quarreling among themselves.

THERE is only one proposition in this re-organization of the people's party, and a blind man ought to be able to see it.

If the war between Russia and Japan continues much longer, jealousy among its officers will consume the Russian army.

CUSHING has got up to the point that she needs a business League. Nothing keeps a town on the move forward better than an active business League.

THE Nacogdoches post office went into the second class today. Nacogdoches has had many good reasons to feel proud of herself of late.

ONE farmer at Cameron still has 350 bales of cotton on hand which at one time he refused 16 cents for. We call them kind of folks "Chinamen" up here.

SOME papers are wasting a heap of space figuring out the cost of attending the Fair. The Sentinel figures that it costs just what you've got, so there's no use wasting time on calculations.

THE Louisiana State Press Association will meet in convention at Shreveport on the 19th and 20th of July. We have a notion of going over and flopping wings with those "Pelicans" on that occasion.

CROPS in the western portion of Nacogdoches county are promising with the exception of the threatening boll weevil. There is a great deal of complaint from some farmers against the ravages of the pest.

THE experimental tobacco crop at Crockett is said to be proving a success. It is under the supervision of Mr. W. J. Wood, formerly of the Nacogdoches Station, and is being grown on the farm of Editor Page, of the Crockett Courier.

THE populists at Alazan turned out Saturday in full force and declared for a full county ticket and resolved to meet once a month for the exchange of ideas and discussion of politics. A slate was made for the entire county ticket, except for county attorney.

IN THE OILFIELD

Things are in a fair way to get lively out in the oil fields. It is reported that a thirty to fifty barrel strike was made Monday by the T. C. Glass Company on the P. D. Fore lands.

There are several rigs out in the oil district, extending away over into San Augustine county. The Guffey people are boring four miles North of San Augustine with flattering indications it is said. Machinery has been placed on the ground for a well on Henry Lewis' land six miles South of San Augustine, and the territory West of these two wells extending almost all the way to the Carrizo creek in this county, is being dotted with rigs which are being set up. There is going to be some real developments pretty soon. The oil is here in abundance, and with hundreds of rigs in the field some of them will be sure to make a rich strike.

THE "Yellow Devils" are still giving the Russians hell. The war has been going on six months and the Japs are no nearer conquered than the day they bottled up the Russian fleet in Port Arthur.

NOTHING is easier than fault-finding when you are out for that business. We would like to see some of the old chronic critics who are always after The Sentinel try to run a newspaper four weeks.

THERE is to be a Parker parade of fifty thousand people in St. Louis during the national democratic convention. Of course the parade will take place before the nomination is made.

EDITOR HARRIS of the Rusk County News promised Editor Yantis of the Athens Review a hat if he kept the Daily Review alive twelve months. The Daily Review is now a year and a few weeks old and Yantis is wearing a new Panama hat.

THE SENTINEL has an invitation to visit the Parker headquarters at the Planters Hotel when in St. Louis. Many thanks; but as the headquarters will only be open during the national convention July 6th, The Sentinel will be denied the pleasure of being entertained by the friends of Judge Parker.

ONLY eight states will send delegates to the national democratic convention instructed for Parker; viz., New York, Indiana, Connecticut, Tennessee, Georgia, Alaska, Louisiana and Texas, with a total of 270 votes. Hearst has fourteen states with 164 votes. There are 994 votes in the national convention and it will require 663 to nominate under the two-thirds rule. Neither candidate has sufficient votes to defeat a nomination.

THE national prohibition party is holding a convention at Indianapolis. It wanted to nominate Gen. Miles for president and Sam Jones for vice president, but Miles is opposed to making a nomination and Jones refuses to play

second fiddle, so they are both out of it. Sam says: "I ain't got time for a little job like that. I can sit on the front end of my own shebang and do my own driving, and I like that better than crawling up behind some other fellow."

THE Garrison Gleaner is reaping a full harvest from the present campaign, and it is entitled to the recognition it is receiving at the hands of candidates. Garrison is a strong democratic box and the Gleaner is an earnest and zealous advocate of democratic principles, and a faithful supporter of the democratic ticket.

THE amount of money required to continue the Texas exhibit at the St. Louis World's Fair is thirty thousand dollars, and unless Texas can raise that amount without delay the commission will be forced to withdraw the exhibit. It is to be hoped that such a calamity will not befall the greatest and most resourceful State in the Union.

JOHN McLENDON, the irrepressible, was in the city yesterday on his return to Teneha. He was on his return from Huntington where he had been to pack up and ship the Enterprise plant, which he has bought with the intention of starting a paper at Teneha. Shelby county can't do without John, and in spite of all his faults, the greatest of which is vacillation, the people there love him and are determined to keep him.

THE Cushing Enterprise issued a creditable edition today in honor to the big celebration to take place there tomorrow. The success of the Enterprise during the seven months of its existence has been no less marvelous than the rapid growth of the town of Cushing. The Enterprise ranks with the best papers of Texas, which is due to the legal support of the business men of Cushing and its loyalty to the town given in return.

COL. CHARLEY EDWARDS apologises for the non appearance of his letters in the papers the past two weeks by calling attention to the fact that he has been so busy getting ready the headquarters of the democratic congressional committee, of which he is secretary, that he has not had time to write. At this busy, bustling time there is enough politics in the air to keep things going and Col. Charley's letters have not been missed, and he has his apology for his pains.

THE Tyler Courier spits out a big mouthfull of truth in the following few words: "An editor of a newspaper that will threaten the defeat of a candidate because that candidate has not announced with him or because the candidate finds it preferable to have his printing done at some other office, is destitute of honor or integrity. You can buy him with a small sum of money. He would, if he could, blackmail any candidate in the con-

TROUBLESOME FELLOW

The republican delegates have performed their part and Mr. Roosevelt is the declared candidate of the party. Conceding to the candidate due credit for patriotic impulse, and for some highly laudable purposes and performances, The News is very fully convinced that he is a man whom the peace-loving American people should proceed to defeat at the polls.

Good intentions are all right in their way, but even highly patriotic purposes are not of themselves enough to find in a candidate for the presidency of a great nation. Mr. Roosevelt is an impulsive, strenuous, vehement man. He is a man of high temper and loose tongue. He is a man of little wisdom and less discretion. He is the very kind of a man to keep the country in a continuous state of uncertainty and turmoil and to make serious trouble even in time of peace.

If the republican party had nominated Speaker Cannon, Senator Allison, Senator Spooner, Judge Brewer or any one of a dozen of its wise men, a main argument against its ticket would have been set aside. That main argument is embodied in the one word "Rooseveltism." This word, as millions of conservative Americans understand it, implies a multitude of risks and dangers, beginning with a lavish misuse of public money and ending with an untimely defiance of other nations of the earth. Of course it can not be overlooked that the chosen candidate is dramatic to a degree, and that his heroic qualities, even his most dangerous qualities, are highly attractive to many of the people. Some of the most untimely and ridiculous things Mr. Roosevelt has said or done, some of his most serious breaks and bulls have been heartily applauded by many of the people, until even the wiser men of the party have found it necessary to knock under and to approve or to excuse them. This fact tends to make his plays all the more serious and dangerous, and has led the level-headed American to expect and predict complications and conflicts in case the heedless and reckless man is elected; but the basis of opposition to the ticket made at Chicago is a general apprehension of danger and disaster which has grown with the remarkable record made by the strenuous man. He is a born warrior who is generally expected to make trouble; and, aside from his kind of politics, from the question as to whether he is reliable or unreliable in his moral or political character this dangerous quality of the man is the one weakness upon which the democratic party must depend in its efforts to defeat him.

ROOSEVELT has been making it a business of recent date to entertain the wealthy men of the nation at the White House. He had George Gould closeted for two hours a few days ago, says Charley Edwards, and he is only one of the many railroad

magnates and others who are sending great wealth that have been with the president of late. This is taken as an evidence that the administration has sold out body and breeches for the sinews of war in a political campaign. If the grafters will put up for his election they will have nothing to fear from Roosevelt when the time comes to work their grafts.

EVERYBODY will welcome Col. Morse back to Texas. He ought to have staid here anyhow instead of running off to New York last year.

LUFKIN is about to confess that she really does need a city marshal. The office was abolished just before the last city election on the ground that such an officer was not needed.

FOLK'S candidacy for governor does not deter him from his duty as prosecuting attorney and he is still turning on the searchlight in the St. Louis bribery cases and sending millionaires to the pen.

A WRITER in the Orange Tribune claims to have discovered a cure for laziness. We have no faith in it. Laziness can't be cured. It is a constitutional disease—a tired feeling which comes into the world with a fellow at age his berth and "sticketh closer than a brother" throughout his entire life. Its cure is hopeless.

THE gambling joint at corner of Proston avenue and Travis street, Houston, was raided Monday night by robbers and about fifteen hundred dollars was secured. The robbery was accomplished by throwing dynamite bombs in the room. The explosion paralyzed everything except the state of demoralization the boodle was secured. Great holes were torn through the floor, and the saloon below was terribly shaken up.

THE SENTINEL'S Alazan correspondent asks, "Can a ticket be headed with one political party say state or national, then be tailed with a county ticket of another political party?" According to The Sentinel's construction of the law it cannot. Sec. 77 of the Terrell election law says: "The official ballot of each political party shall contain the names of all the candidates whose nomination for elective office have been duly made by such party and not with drawn, together with the title of the political party, as certified in the certificate of nomination." The law specifically states "there shall be printed at the top of each ballot the name of the party represented on the ballot, and under each the printed names of the candidates of such party and of the offices for which they are candidates." There is nothing, however, in the law which prohibits the voter from marking out the name of any candidate on a "straight ticket" and writing in his name on some other ticket. A half inch of space is allowed under each office for this purpose.

Under the new law that plan is not allowed. It is important right now that every fellow who expects to vote in the coming primary should begin to learn how to vote. The first thing for him to learn is who he wants to vote for. If he wants to vote for John Smith for tax assessor, then he must put on his specks, take his pencil and mark out all the other names for that office, and so on clear through the ticket. There are four candidates for attorney general. The voter must make up his mind as to the one he wants, and mark out the names of the others. Every fellow who expects to vote in the coming primary, must have his poll tax receipt and a pencil, and if his eyes are not good he must have his spectacles right there. For the first time in the history of our country, every fellow will have to do his own voting. It is mighty easy to vote after one learns, and there are no difficulties in the world about learning. And the citizen who has not enough pride to learn how, and then vote, is an incompetent citizen and not worthy of the liberty he enjoys. In cases where the voter cannot or does not want to make out his own ticket the law provides that an officer of the election may make it out for him at his request.

There has been money enough sunk in Texas within the last year in wild-cat oil and mining propositions to have put on foot hundreds of small factories, which within the space of three or four years might have been paying good dividends and later developed into extensive plants. We do not say this to discourage the development of our mineral resources, but we refer to the investments which have been carelessly made along these lines by Texas people, not alone in Texas, but in mushroom propositions thousands of miles away. Investment in manufacturing is of course attended with some risk, but that risk is as nothing compared with many of the big sounding get-rich-quick schemes which catch so many of the unwary. A manufacturing business must grow gradually and some times yields but little if any profit for the first year or so, but once it is on good footing, its growth is easy and profits sure and large. It is a pity that the people of Texas do not embark more largely in factories and less in real estate.—Home Advocate.

THE prohibition party in national convention at Indianapolis Thursday nominated Hon. L. C. Swallow, of Harrisburg, Pa., for president and Hon. G. W. Carroll, of Beaumont, Texas, for vice-president.

## SHOOTING IN BEAUMONT.

An Old Fued Renewed in Street Duel.

Beaumont, Tex. June 29.—Claude Roberts, formerly of Terrell, now a prominent citizen of Beaumont, and Fred Grinnan, a business man of Terrell, engaged in a street duel this morning in which the latter was seriously wounded, a bullet passing through his lungs and another through his mouth. Roberts was not hit.

The shooting is attributed to an old feud. Four years ago Grinnan killed Fred, the brother of Claude Roberts, at Terrell, and was acquitted a year ago.

Several shots were fired in the heart of the business center while the streets were crowded. A negro received a flesh wound from the wild bullet.

At 3 o'clock this afternoon Grinnan was reported as resting easy at the hospital, with no indications of hemorrhage. Roberts waived examination and was released under bond of \$1000.

## ECZEMA KEPT SPREADING.

Six years ago my wife had a breaking-out below her knees. At first red bumps appeared, but soon white, husky scabs came, and when these would shed off the place became red again, and would itch and burn so that she found it impossible to sleep. At times a yellow water ran from the bumps, and it kept getting worse and worse. Our family physician pronounced it Eczema, and prescribed ointments and powders, but it kept spreading, breaking out on her body and arms, and almost closed up her ears. The druggist at Garner told me to try S. S. S., which she did, and after taking several bottles was cured, and is well to-day and has been for years.

Garner, N. C. W. A. HOGUTT.

The humors and poisons that produce the itching eruption, roughness and redness of the skin, must be rooted out before there is complete relief from the terrors of Eczema. Nothing applied externally does any permanent good, for whenever the blood is overheated, or the skin is reacting during Spring and Summer, the disease breaks out again. You can't rely upon washes, soaps and salves, or such things as are applied to the surface, for they do not reach the seat of the trouble, which is internal and deeply implanted in the system; the blood is aflame with the itching, burning humors, which are carried by the circulation to the surface and are being constantly forced out through the glands and pores of the skin, and you can never heal the sores or stop the aggravating eruptions with external applications.

To neutralize the acids in the blood and expel the humors and poisons is the only way to get permanently rid of this torturing skin trouble, and no remedy known does this so quickly and thoroughly as S. S. S. It purifies the blood and restores it to health, and the outbreak of the poison through the skin ceases, and the sores and eruption gradually disappear. S. S. S. builds up the thin acid blood, makes it rich and strong, and restores to it all the elements of nutrition, and drives from the circulation all impurities; and under the tonic effect of S. S. S. the general system is invigorated and toned up, and you not only get rid of your old skin trouble, but the health is benefited in every way. S. S. S. being a strictly vegetable medicine, acts gently, leaving no bad after-effects, as do Arsenic, Potash and other minerals which are usually prescribed in skin diseases.

# SSS

Eczema cannot be cured by anything applied to the surface of the body; the blood must be purified and the cause removed, and in no other way can this deep-seated skin disease be reached. If you have Tetter, Psoriasis, Salt Rheum, Nettle-Rash, or any form of Eczema, you will find S. S. S. does its work well and thoroughly, and relieves the itching and burning, soreness and pain, and soon produces a lasting cure.

## The Populists.

From Thursday's Daily. The populist party held a county convention at the court house yesterday. Ten out of a nineteen precincts of the county were represented. It was decided to put out a county ticket, and the slate made by the convention of this precinct last Saturday was endorsed practically as it stood. One exception is that Capt. A. J. Murphey refused to allow his name placed upon the ticket.

## Weekly Sentinel.

HALTOM & HALTOM, Proprietors.  
R. W. HALTOM, Editor.

THE man who lets spite control his vote is more dangerous than a corrupt politician.

VOTE for the best man. Don't let prejudice sway you in the selection of efficient officers.

It will be "all over" with somebody after next Saturday. We hope it won't be us.

BILLY BRYAN will speak his mind to the St. Louis convention whether he cuts any ice or not.

ANYONE who will be entitled to vote in the general election in November is entitled to vote next Saturday.

EVERY election officer should familiarize himself with the new election law before the polls are open next Saturday.

TAKE a look at your tax receipts and be sure your poll tax receipt is where you can put your hand on it next Saturday.

THE rains have extended all over East Texas and crop prospects are fine, only that the rains have been propitious to the pesky boll weevil.

CUSHING does things a good deal after the style of her mother city—Nacogdoches. Cushing is some greatness herself.

THE populists are hoping that Bryan will bolt the St. Louis convention. Even locally they are now quoting him while throwing rocks at the Democratic party.

THE national convention does not seem to be disturbing Ex-president Grover Cleveland, who has gone a fishing down on Buzzard Bay with Joe Jefferson, the actor.

THE people's party national convention met in Springfield, Ill., yesterday. Only 200 delegates were present and the convention consisted largely of empty seats. Texas was not represented.

SEVEN hundred emigrants bound from Copenhagen to New York were drowned in the wreck of the Scandinavian steamer, Norge, in North Sea a week ago. The steamer was foundered upon a rock, and only twenty-seven people were saved.

IT must have made Dave Hill feel bad to know that Billy Bryan received more attention than he did on his arrival in St. Louis. The only man the Parker people fear is Bryan, notwithstanding the repeated assertion that he is a back number.

THE Japs met a terrible reverse near Hai Cheng. The Japanese loss is not given but it is stated that 10,000 men were engaged on either side and that the Japs were routed by reason of the Russians having the advantage in position and took the former by surprise.

## A BOLL WEEVIL CATCHER.

Eartson Coats had on exhibition in the city yesterday a contrivance of his own invention, which he has tested and declares that it is a success as a boll weevil catcher. It is a machine constructed so as to be drawn along by two men over a cotton row. It has pockets or boxes that slide along on each side of the row with an opening in the center large enough for the stalks to pass between. Above is an arch from which fingers are appended which agitate the cotton branches causing the faulty forms to drop off as the machine passes along. The falling forms and squares drop into the pocket underneath and are carried along until the reservoirs are filled, when the trash may all be taken out and burned. The machine looks plausible and with the addition of a few finishing touches necessary to perfect his design it is quite probable that Mr. Coats has by his inventive genius laid the ground plan for a fortune, as it is conceded that the most practicable way to exterminate the boll weevil is to catch him and destroy him. Poisoning and all other remedies are expensive and requires so much labor that it seems impossible to prevail upon cotton growers to adopt to Marston plan. With the Coats machine the same amount of labor will be equally as effective without the heavy expense.

THERE is no good reason for voting against a candidate because he has not called on you and solicited your vote. It is your business to inquire into the merits of each candidate and to consider them well before casting your vote. You might make a great mistake by voting for a man you had got acquainted with just because you had not met his opponent. Find out all you can about every candidate on the ticket and vote for the best man.

A CARGO of Mexican ants are on the way from Guatemala to be turned loose on the boll weevil as a test of their efficiency as a boll weevil destroyer. The government is footing the bill and making the experiment, and it is said that every precaution will be used against the ant becoming a pest in case he proves a failure as a boll weevil exterminator. We regard this ant proposition as we do the bird question and are suspicious that the ant will offset all the good he can do by eating up the crops, attacking the fruit and devastating gardens.

IT is given out in advance that the three important features of the Democratic National platform are practically agreed upon by forces that will control the convention. The financial plank will take a middle ground and follow John Sharp William's Mississippi platform. The tariff plank will call for revision and contain the idea and much of the phraseology of Senator Gorman's Maryland platform. To offset what leading Democrats call the "bloody shirt" plank of the Republican platform

adopted at Chicago it has been decided to insert the declaration in favor of leaving the race question and the problem of representation in Congress and the electoral college to the various States. On finance the phraseology of the Mississippi platform will be only slightly changed. The tariff plank to be presented to the committee has Senator Gorman for its father.

THE Texas Almanac and State Industrial Guide for 1904, published by the Galveston-Dallas News is on our desk. While it is the usual thing to make complimentary remarks concerning a publication of this nature, every flattering comment on this work is true and less than truth. It is a complete compendium of Texas resources, arranged in such a manner that any particular piece of information desired is found without the slightest trouble. Besides the description of counties, the Almanac contains specially prepared articles on the various industries and pursuits of the State, and is a complete directory of Texas, including post offices, military companies, statistics of population, club federations, State associations; in fact every point of interest about the wonderful State. Nothing is exaggerated, and the value of the book, which sells at twenty-five cents, can hardly be computed.

THE failure of several candidates to change from the democratic ticket back to the populist ticket, and the refusal of others to allow their names placed on the ticket is a mighty good indication that the effort to hoist the ship that has been sunken for two years is regarded as hopeless by those who usually are most interested. The democrats have made the way easy for them all to come back on a safe bark, and there are so many inclined to accept the invitation that it is hardly possible to resurrect populism. The strife that comes with it is too much dreaded for the party to ever again get the following it once had in this county. The democrats are anxious to extend the hand of fellowship and welcome to those who have strayed off, if they will come back, and it is not believed that the exclusion of the negroes from the democratic primaries will be sufficient grounds to deter those who had made up their minds to rejoin the democratic forces.

THE picnic and tournament at Etoile last Friday was a big success, so those who attended report. Everybody in the Forks was there and many came from other parts of the county, and adjoining counties. Judge W. H. Dial, of this city, delivered an oration suitable to the occasion, and a number of candidates made short speeches. A political discussion between Mr. Dial and A. J. Spradley was an interesting feature of the day's pleasures. Owing to the fact that there were several other picnics on the same day, only a few of the candidates were present at Etoile.

## THINK IT OVER.

THE condition today in the State of Colorado is causing comment among the lawmakers of the country. It also is the occasion for grave concern. They realize that the situation out there is no longer an ordinary contest between labor or capital, or between union and non-union workers. It is government by special interests for special interests carried to its logical conclusion that is on exhibition. A lawless mob supported by the militia, is giving the mining camps the kind of "law and order" that the mining companies desire—the same mining companies which debauched the legislature and prevented the passage of an eight hour law made mandatory by a constitutional amendment adopted by an overwhelming majority of the people of the State.

All citizens who value American institutions are dismayed. They see government by corporate, corruption yielding its natural fruits in unbridled disorder and military tyranny. The lesson of Colorado, full of sinister warning, is as broad as the union. It concerns every man who cares for the preservation of the legal rights of the individual, and it concerns every man also who cares for the maintenance of respect for property.

More than that, the trusts which procure or prevent legislation by pull and boulder strike at the security of everybody else's property.

In that case will the people continue to uphold a trust loving and trust protecting administration? Think it over.

### Martin Declines.

Editor Sentinel:—Mr. J. C. Martin, of Attoyac, called me up over the phone Saturday and asked me to have published in the Sentinel and the Plaindealer the fact that he will not allow his name placed on the people's party primary tickets to be voted next Saturday. He says that his name was used without his knowledge, consent or desire, and that he will not go into the people's party primary. He does not desire the nomination for sheriff, even if given him unanimously.

Yours truly,  
A. F. Henning.

J. V. Bridwell also writes that he will not allow his name placed upon the populist ticket.

### Oldest Stage Line.

The old stage line between Nacogdoches and San Augustine made its last trip to San Augustine last week. Superseded by the railroads, hopelessly left behind by the march of progress, turned down for newer things; the horses were unhitched for the last time yesterday evening and the overland trip between here and San Augustine has followed other land-marks into oblivion.

It was the oldest stage in Texas, if not in the United States. For nearly two hundred years the stage lines from the Stone Fort City car-

ried traffic travel and news to other places in face of danger and death, one by one they have been discontinued and the oldest of all is almost the last to go. The mail now goes via Beaumont Center until the railroad gives direct communication once more with the Red Land City, and the mail hack is a memory of both Nacogdoches and San Augustine.

### Cousins Endorsed.

Six reasons why we are supporting Prot. R. B. Cousins for State Superintendent of Public Instruction. We believe him to be eminently qualified because:

1st. He is truly a Southern man and a graduate of a Southern University.

2nd. He has attended country schools, taught them and understands the rural school problem well.

3rd. He was elected superintendent of the city schools of Mexia for sixteen years without a dissenting vote. This satisfies us as to his executive ability.

4th. He has taught in Summer Normals, and has been connected with Summer Schools.

5th. His character is above reproach.

6th. The 800,000 scholastic students of the State need the attention of a practical man, not a theorist.

### Reward For Burglars.

A reward of fifty dollars is offered for information leading to the arrest of the parties who burglarized several stores in Timpson on Friday night. The goods taken were selected with care from the stock, but the entire contents of the stores entered were so thrown about and disordered that it took the clerks all day Saturday to get things straight again. From the description of things taken, Sherlock Holmes would say that the robbery was committed by two men, one much larger than the other, and that they intended entering society, as the stolen goods included dress shirts, collars, handkerchiefs, umbrellas, jewelry and hats. That the burglars were after arms and clothing principally is clear and it is possible the burglars are convicts getting rid of their stripes and ready to fight.

The first wedding on Capitol Heights, the new residence section of Nacogdoches, took place Sunday afternoon, at Judge Peeveys residence. The wedding party were both Jacksonville people, Mr. Bernard McCarty and Miss Mabel Smith, and Judge Peevy performed the ceremony in his very best style. When people come all the way from Jacksonville to be married on Capitol Heights, it argues well for the popularity of that portion of the city.

## HOW TO VOTE.

Henderson Times.

Under the new election law the voter goes to the voting place, unattended, where the managers of the election will provide him with a ticket, and right there he must make it out and vote it like a man. Hundreds of men, voters of many years standing, never made out their tickets, but generally got a friend to do it. Under the new law that plan is not allowed. It is important right now that every fellow who expects to vote in the coming primary should begin to learn how to vote. The first thing for him to learn is who he wants to vote for. If he wants to vote for John Smith for tax assessor, then he must put on his specks, take his pencil and mark out all the other names for that office, and so on clear through the ticket. There are four candidates for attorney general. The voter must make up his mind as to the one he wants, and mark out the names of the others. Every fellow who expects to vote in the coming primary, must have his poll tax receipt and a pencil, and if his eyes are not good he must have his spectacles right there. For the first time in the history of our country, every fellow will have to do his own voting. It is mighty easy to vote after one learns, and there are no difficulties in the world about learning. And the citizen who has not enough pride to learn how, and then vote, is an incompetent citizen and not worthy of the liberty he enjoys. In cases where the voter cannot or does not want to make out his own ticket the law provides that an officer of the election may make it out for him at his request.

### THE RUSK KILLING.

Sons Arrested for Murdering Their Father.

Further particulars of the killing in Cherokee county, mention of which was made in Monday's Sentinel, are to the effect that A. J. Taylor was shot to death at Gallatin, a station on the Texas & New Orleans Railway, seven miles north of Rusk, about 8:30 Monday morning. The tragedy occurred in J. W. Chandler's store. Mr. Chandler phoned to the Sheriff and Justice Stovall at Rusk. Two deputies were sent to Gallatin and brought in two sons of deceased, Ike and William, and lodged them in jail. Eye witnesses state that William Taylor, aged 16 years, did the shooting, firing two shots, one striking his father in the forehead, causing death instantly. The names of the parties to the tragedy is Taylor instead of Thomas, as given in the first report.

To the voters in the Democratic primaries next Saturday: Allow me, from my personal knowledge of the men, to ask you to support J. W. Stephens for Comptroller and D. E. Simmons for attorney general, and remember that the Representative, County Judge, County Attorney and Sheriff's office are the four most important offices we will vote for. S. F. Baucum.

# RED FIGURE SALE.

We have just completed our June inventory, and have found that we have too many goods and that we must dispose of a lot of them or carry them over until next summer. We had rather have the money and let our customers have up-to-date seasonable goods at a bargain. Most cost sales offer January goods in June or June goods in January, but we are offering summer goods at cost in the good old summer time when they can be used to advantage. We want all our old customers to take advantage of this opportunity of saving money, and we want the general public to have a fair show of the good things now going. The stock is large and varied, but it will pay to come early as we anticipate a rush.

Everything will be marked in Red Figures in accordance with the prices in this advertisement  
**The Sale COMMENCES JULY 2nd and CLOSES JULY 9th, Including Both Dates.**

Mrs. Frances L. Sales, of Missouri Valley, Ia., writes: "I have been afflicted with kidney trouble five years; had severe pains in my back and a frequent desire to urinate. When riding I experienced much pain over the region of the kidneys. I tried five physicians without benefit and then concluded to try Foley's Kidney Cure. After taking three \$1.00 bottles I was completely cured." For sale by Perkins Bros.

### GREEN'S BRIGADE.

The re-union of Green's Brigade has just closed at Jacksonville. Only five members of Co. H., which went from Nacogdoches, were present, viz: G. B. Crain, A. L. Tindall and F. M. Whitaker, of Nacogdoches county, and Ab Acrey, of Alto and Newt Roberts, who now lives in West Texas. Speaking of the re union, the Jacksonville Reformer says:

The Twenty-third Annual Re-union of Green's Brigade is in session in Jacksonville this week and the old soldiers seem to be thoroughly enjoying themselves. It's a sight worth witnessing to see these old battle-sacred comrades meet again after many years separation. Some having never seen each other since the war closed. It's a touching scene to see these old grizzly veterans meet again and hear them discuss these old war-time incidents, still fresh in their minds as though but happenings of yesterday. To us it appears as though friendship in those strenuous times was bound by stronger ties than it exists today. 'Tis a notable fact, but nevertheless true that the genuine article of true friendship as exhibited by these old soldiers, (some of whom are tottering under their weight of years) is gradually passing away. The old heroes are fast passing across the dark river in the valley of the shadow of death and it will only be a few more years until their noble deeds of valor and courage will only be noted upon the pages of history and upon monuments erected to their memory, and we are truly glad that it has been the privilege of the people of our city to do honor to this noble band of men. All honor to these chivalrous old war heroes and may their visit to our little city bring back many pleasant memories and may they carry away only recollections of a pleasant stay while our guests.

**Cheerfully Recommended for Rheumatism**

O. G. Higbee, Danville, Ill., writes Dec. 2, 1901: "About two years ago I was laid up for four months with rheumatism. I tried Ballard's Snow Liniment, one bottle cured me. I can cheerfully recommend it to all suffering from like affliction." 25c, 50c and \$1.00. Sold by Perkins Bros.

**Locomotive Arrived.**

### The University of Texas.

The University of Texas is an institution in which the whole State takes a commendable pride. It has just celebrated its twenty-first commencement season, which was the most brilliant in its history. The attendance the past year was the largest ever enrolled. In its departments of literature, science and arts, law, engineering, medicine and pharmacy, the very best training and equipment can be obtained. The cost is very low, as may be seen by reference to the University's advertisement in this issue. There is no reason why the young men and women of Texas should go out of the state to obtain an education, and, we are glad to say the trend is no longer in that direction. It will be of interest to our readers to learn that 1353 students were in attendance upon the University during the last scholastic year, of which number 857 were in the main University at Austin. Of this named number 755 are native Texans. As an evidence of the last fact that all classes and conditions of our people appreciate the value of an education for their children, 55 different trades and occupations were represented by the parents and guardians of these 857 students. One hundred and thirty-four different counties of the State were represented by one or more students. Of the above mentioned 857 students, who answered the question of the matriculation card asks for their church affiliation or preferences, 128 gave no preferences. The remaining 709 are distributed as follows: Methodists, 250; Baptists, 133; Presbyterians, 122; Episcopalians, 80; Christians, 67; Jewish, 21; Catholics, 20; Cumberland Presbyterians, 13; Lutherians, 11; Unitarians, 5; Congregationalists, 4; Christian Scientists, 2; Universalists, 1.

If any of our readers are interested in the work of the University, let them write for a catalogue to Wilson Williams, Registrar, Austin.

### King's Withdrawal.

Nacogdoches, Tex. July 1. To the voters of Nacogdoches County:

For reasons best known to myself, I hereby withdraw my name as a candidate for the office of tax collector of Nacogdoches county. I am very grateful to my friends for the interest they have taken in my race.

Respectfully,  
J. B. King.

### Citation.

The State of Texas. To the Sheriff or any Constable of Nacogdoches County; Greeting:

You are hereby commanded to summon Dudley Bros., a firm composed of W. A. Dudley and W. L. Dudley, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the Justice Court of Precinct No. 1, Nacogdoches County, to be holden at the Court House thereof, in Nacogdoches, on the 25th day of July A. D. 1904, then and there to answer a petition filed in said Court on the 7th day of June A. D. 1904 in a suit, numbered on the docket of said Court No. 1818, wherein Mayer & Schmidt, a corporation, is Plaintiff, and Dudley Bros., a firm composed of W. A. Dudley and W. L. Dudley, are defendants; said petition alleging suit upon account of \$56.28 for goods, wares and merchandise sold and delivered the defendants during the year of 1902 and due June 13, 1902, with 6 per cent interest from June 13, 1902.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Nacogdoches, this the 7th day of June A. D. 1904.

**NACOGDOCHES MERCANTILE CO.**  
New Corporation With Capital of  
Forty Thousand Dollars.

A new business deal has been consummated in Nacogdoches by which Messrs T. B. Hardeman, J. M. Weeks, B. V. Tucker and J. E. Summers, of Nacogdoches, and S. L. Miller, of Beeville, have incorporated under the firm name of "The Nacogdoches Mercantile Company" for the purpose of doing a general mercantile business.

The company is incorporated for forty thousand dollars, and the following officers have been elected: J. M. Weeks, president; T. B. Hardeman, vice-president and general manager; S. L. Miller, head salesman and floor manager; J. E. Summers, secretary.

The new firm will occupy the two buildings now occupied by the Nacogdoches Drug Co., and T. B. Hardeman. The stores will be thrown into one by means of arches cut in the division wall, and will be renovated and remodeled in accordance with the latest ideas. The Nacogdoches Mercantile Company is composed of men who are among the strongest in the city, or in Texas. The business will be managed along the most progressive lines and will surely both succeed and assist the city in developing.

They will be open and ready for business by the first of September.

**IRESON BROS.**

**WHAT IS CATARRH?**

Hyomei Only Guaranteed Cure for This Common and Disagreeable Disease.

Hyomei cures catarrh by the simple method of breathing it into the air passages and lungs. It kills the germs of catarrhal poison, heals and soothes the irritated mucous membrane and effectually drives this disease from the system.

If you have any of the following symptoms, catarrhal germs are at work somewhere in the mucous membrane of the throat, bronchial tubes or tissues of the lungs:

offensive breath	huskiness of voice
dryness of the nose	discharge from the nose
pain across the eyes	stopping of the nose at night
pain in the back of the head	aching of the body
pain in front of the head	droppings in the throat
tendency to take cold	mouth open while sleeping
burning pain in the throat	ticking back of the palate
hawking to clear the throat	formation of crusts in the nose
pain in the chest	dryness of throat in the morning
a cough	loss of strength
stitch in side	spasms of coughing
loss of flesh	cough short and hacking
variable appetite	cough worse night and day
low spirited at times	loss in vital force
raising of frothy mucus	a feeling of tightness across the upper part of the chest
expectorating yellow matter	difficulty in breathing
difficulty in breathing	frequent sneezing

Hyomei will destroy activity of all catarrhal germs in the respiratory organs and in a few weeks the cure will be complete.

This is a strong statement, but Stripling, Haselwood & Co., emphasizes it by agreeing to refund your money if Hyomei does not cure.

**Cures Blood Poison, Cancer, Ulcers, Eczema, Carbuncles, Etc. Medicine Free.**

If you have offensive pimples or eruptions, ulcers on any part of the body, aching bones or joints, falling hair, mucous patches, swollen glands, skin itches and burns, sore lips or gums, eating, festering sores, sharp, gnawing pain, then you suffer from serious blood poison or the beginning of a deadly cancer. You may be permanently cured by taking Botanic Blood Balm (B. B. B.) made especially to cure the worst blood and skin diseases. It kills the poison in the blood thereby giving a healthy blood supply to the effected parts, heals every sore or ulcer, even deadly cancer, stops all aches and pains and reduces all swellings. Botanic Blood Balm cures all malignant blood troubles, such as eczema, scabs and scales, pimples, running sores, carbuncles, scrofula, etc. Especially advised for all obstinate cases that have reached the second or third stage. Druggists, \$1. To prove it cures, samples of Blood Balm sent free and prepaid by writing Blood Balm Co., Atlanta Ga. Describe trouble and free medical advice sent in sealed letter.

The bride was dressed in the conventional white and the attendants were the bride's sister and Mr. Jim Weatherly.

Both of the young people have a host of friends and relatives here who wish them every joy, and The Sentinel joins them in good wishes for the future.

#### Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick, of Colusa, Cal., writes: "For 15 years I endured insufferable pain from rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and its the greatest medicine on earth for that trouble. A few bottles completely relieved and cured me." Just as good for liver and kidney troubles and general debility. Only 50c. Satisfaction guaranteed by Stripling, Haselwood & Co.

J. B. Harrell brought a snake cucumber, over four feet long, in The Sentinel office this morning. It was a great curiosity to many in the office, especially the snake editor, who was detailed to write it up. The snake editor planned to give the realistic looking green snake some eyes and a mouth and have it for a desk ornament, and was bitterly disappointed when Mr. Harrell walked off with the cucumber, having promised it to someone else. He (the snake editor) says "no snake no local," and won't write it up.

#### She Tried Five Doctors.

Mrs. Frances L. Sales, of Missouri Valley, Ia., writes: "I have been afflicted with kidney trouble five years: had severe pains in my back and a frequent desire to urinate. When riding I experienced much pain over the region of the kidneys. I tried five physicians without benefit and then concluded to try Foley's Kidney Cure. After taking three \$1.00 bottles I was completely cured." For sale by Pereins Bros.

Mr. L. B. da Ponta, of Beaumont, spent Sunday in Nacogdoches. He returned home this morning, accompanied by Mrs da Ponta who has been visiting her mother, Mrs. W. P. Mims, for the past week.

EVERYBODY vote next Saturday.

#### The Shady Grove Picnic.

A big picnic at Shady Grove was the event of Friday last, in that locality. A large crowd gathered and did full justice to the full baskets of most skillfully prepared viands. No one knows what real good eating is, until they have spent the day at a country picnic. The young people enjoyed the day with games and the older ones watching the happiness of the children and altogether the Shady Grove picnic was pronounced not only a success, but one of the most completely successful and enjoyable open air gatherings that has been held in the county this year.

What's the matter with Progress avenue? The only thing that seems to be progressing on that boulevard is a lively crop of weeds, that if they grow much taller will be a menace to small children, who can easily be lost in the jungle. Cut the weeds down, or off, or up, or away, or rename the street "jimpson," "rag," or "hog" according to which particular weed is most flourishing.

#### Safeguard the Children.

Notwithstanding all that is done by boards of health and charitably inclined persons, the death rate among small children is very high during the hot weather of the summer months in large cities. There is probably not one case of bowel complaint in a hundred, however, that could not be cured by the timely use of Chamberlain's Colic, Cholera and Diarrhoea remedy. Mr. Frank Riggs, of Franklinville, N. Y., in speaking of this remedy said: "I have found it expedient to have a supply of Chamberlain's Colic, Cholera and Diarrhoea remedy on hand. It has been a family safeguard and while especially beneficial to children, it is equally good in adult cases. I recommend it cheerfully and without reservation." For sale by Perkins Bros.

#### Shaw—Harrell.

Mr. Emmet Shaw and Miss Nevie Harrell were married Sunday night at the residence of the bride's parents, Rev. W. W. Watts performing the ceremony.

Mr. Shaw is in charge of the ice factory here and a young man who has many friends.

Miss Harrell is widely connected in the county and a young lady whose popularity is deserved.

The Sentinel wishes both of these young people a happy and prosperous future.

#### Cure of Chronic Diarrhoea After Ten Years of Suffering.

"I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea remedy," says Mrs. Mattie Burge, of Martinsville, Va. "I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I produced a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale by Perkins Bros.
