TRAGEDY AT HOUSTON.

Former Citizen of Nacogdoches Shot to Death.

From Monday's Daily:

A telegram was received by J. C. Harris, Esq., of this city, this forenoon from Mrs. C. W. Jones, of Houston, stating that her husband, formerly of this city, was killed yesterday afternoon in Houston and requesting him to notify her people.

The tragedy occurred at the entrance of the office of the Houston Fire & Marine Insurance company of which Mr. Jones was Secretary.

Major H. N. Swain, son of Colonel W. F. Swain, was arrested charged with the crime.

There was only one witness to the shooting and his testimony at the inquest was to the effect that as he and Mr. Jones were going down the hall after leaving the office, he being in front, he heard a shot and turning around saw Mr. Jones lying on the floor and Swain standing in the door of his office near by, from which he came a few minutes later with a revolver in his hand. The witness knew nothing of any previous difficulty between the men and heard no words between them. Jones was shot through the back of the head. A pistol was found in his hip pocket after his death. Swain stated after his arrest that Jones attempted to draw a pistol but would make no further statement about the case. Major Swain was raised in Austin, was educated at West Point and was a Major in the Spanish war. He is the son of Col. W. F. Swain, formerly State Comptroller.

Mr. Jones was in the real estate and brokerage business. He was formerly a resident of this city and married here, the daughter of the late Dr. J. D. Martin, of Martinsville. Mrs. Jones' relatives now live at Martinsville, and were notified of the tragedy by telephone this morning.

Jury Commissioners Appointed.

This morning in the district court Judge Simpson appointed John S. Doughtie, of Nacogdoches, B. A. Calhoun, of Chireno, and J. W. Murph of Linn Flat, as jury commissioners to select grand and petit jurors for the next term of district court. Judge Simpson delivered an impressive charge to the commissioners, fully instructing them as to their duties and defining those who were exempt from jury services. He told them to take plenty of time for this work and select the jurors from among the best men of the county. Newspaper men were among those mentioned by the Judge as being exempt from jury service on account of the nature of their work.

In the district court yesterday afternoon, Gober Earl charged with murder, plead guilty to manslaughter and got two years in the pen. The case against Cal Scott, charged with the murder of Ed Skillern, was continued. The case against Mrs. Miley, charged with murder, was dismissed several days ago.

1904	THE CAMPAIGN IS ON.	1904
We are for you first last and all the time if you vote for us we both get elected. See?	<p>The State and National platforms have been adopted, and they point with pride to former great deeds, and outline for the future a policy liberal and loyal.</p> <p style="text-align: center;">OUR PLATFORM</p> <p>Expansion—We believe in the achievement of greater things, and our increasing business shows that this is a cardinal point with us. Good goods, reasonable prices, fair and liberal dealings do the work.</p> <p>Sound Money—Makes things move. Its all sound, (single standard or double standard, all look alike to us) and what we want is more of it. We believe in quick sales on small profits, that makes business, and safe business makes Sound Money.</p> <p>Protection—We shield our customers from unfair treatment, and shoddy goods. We guarantee full stock, good measure, high grade workmanship and satisfaction, will protect you against unreliable outside (away from home) dealers if you'll stay with us.</p> <p>Trusts—The people trust us for fair and impartial dealing. It has become widely known that we handle only high grade merchandise. We do not have a monopoly on good goods, but we keep no other kind, and while we do not seek to throttle competition, we always make it interesting for our competitors.</p> <p>The Labor Question—We do not feel ourselves above the laboring man, for that's just what we are. We toil early and late to provide a good living for ourselves and families, and at the time provide the public with a first-class trading place. We strike for more business, and are satisfied when you give us a portion of your trade.</p>	Vote our ticket straight and see the good old times of long ago. Good goods at reasonable prices is bound to win. That's our ticket.
1904	This Platform is safe and mutually beneficial.	1904

It now appears that the Georgia boll weevil is not the genuine article and that it does no harm to cotton.

The populist candidate for governor of Colorado has declined the honor with thanks and announced that he would support Alva Adams, the democratic nominee for governor.

The striking Katy telegraph operators refuse to admit themselves whipped and say they will continue the fight on new lines. The railroad company says the strike is a closed incident.

The state election was held in Georgia yesterday and that good old state, of course, went democratic by an increased majority as a rebuke to Tom Watson, Roosevelt's Georgia booster.

The new senator from Massachusetts to succeed the late Senator Hoar will, it is said, be Attorney General Moody. Moody is a man of parts and he won't rattle around in Hoar's seat—neither will he fill it.

If Mr. Hearst isn't careful he'll vote for Judge Parker yet. He has issued an address committing himself and all his papers to the democratic ticket and concludes by saying that "there are special reasons why democrats should assert themselves and work energetically in this campaign."

The two young men, Stafford and Burton, charged with criminal assault on two young women at Palestine, are in jail at Dallas, says a press dispatch. We don't wonder that they should prefer the seclusion of a jail to the temperature of Palestine, under all the circumstances, but we thought Burton was acquitted the other day at Athens.

The ants have at last won a fight against the pros in a Texas court. Lamar county went for prohibition in a late election, and now Judge Bryant of the Federal court has granted a perpetual injunction restraining the final publication of the election order declaring prohibition in effect in that county. But for this injunction prohibition would have gone into effect Oct. 13th.

The other day President Roosevelt said to one Gen. L. G. Estes, who came out of the Federal army at the conclusion of the civil war with a fine fighting record: "General, I would rather have your record than the president of the United States." Teddy didn't believe that himself when he said it and nobody else believes it. It was simply a typical instance of Roosevelt's military gush and gammon.

The new postmaster general to succeed Mr. Payne, deceased, is Robert J. Wynne, who has been heretofore First Assistant to Mr. Payne. It is said that this appointment is only temporary and that Cortelyou is slated for the job after the campaign, provided, of course, that Teddy is re-elected.

SENATOR CULBERSON of this state made a great speech for Parker in Baltimore Tuesday. With Culberson hard at it in Maryland and Bailey carrying everything before him in Texas both of these Southern states may be safely counted for Parker, but New York and Indiana are still somewhat more or less in the doubtful column.

POSTMASTER GENERAL PAYNE, of President Roosevelt's cabinet, died in Washington City last Tuesday after a brief illness of heart trouble. Mr. Payne was a native of Massachusetts, born in 1843 and settled in Wisconsin in 1863. He was a stalwart republican who believed that to the victor belongs the spoils and was personally a delightful gentleman.

It is seriously stated in Washington dispatch that Roosevelt has fallen in love with Tom Watson, so to speak, because of the many kind things Tom has been saying about him in his speeches, and will invite the Georgian to one of his famous White House lunches, an honor conferred only on special friends like Booker Washington and others equally dear.

MEN who insist that members of the opposite sex are not equal to the strenuous life and can't make up-to-date, expeditious business women, are referred to the fact that last Tuesday over in Corsicana a woman got a divorce in the district court and in less than an hour was married to the man who had been her main witness in the divorce case. Could any man have done better?

STATE TOPICS, an independent journal says: "We doubt it in the tomes of twenty years there can be found a state paper so admirable as Judge Parker's letter of acceptance." And yet some other papers in Texas whose editors pride themselves on their life-long, orthodox democracy, can find little if anything to commend in this great deliverance of their chosen leader.

UP in Dallas yesterday a negro porter in a saloon crept up behind the bartender and shot him to death. The negro wanted to have some of his "lady friends" at the bar and asserted on the authority of the Booker Washington free lunch episode that his lady friends were as good as any white woman. The bartender compelled a retraction of this remark in a summary and practical fashion, hence the murder. Let somebody figure on Roosevelt's relation to this "incident" in the evolution of his social equality idea.

The State Treasurer estimate the deficiency in general revenue be \$878,895 at the close of this year. His recapitulation shows total cash and securities in the vaults of \$44,703,107 as follows: Cash (belonging to various special funds) \$508,847, bonds \$13,237,548, land notes \$20,364,047, lease contracts \$10,592,664; total \$44,703,107.

SOMEbody hold Mr. Sid B. Redding, of Little Rock, Ark., treasurer of the National Republican League of the United States. At the convention of the League in Indianapolis last Wednesday Sid got the floor and made a rip-roaring bloody-shirt speech and wound up with the solemn assurance that "we will contend for our future political rights and shall never cease the honorable contest until the halls of congress of Washington ring with eloquence of Southern freedmen." Who's a hindern' you, Sid?

HON. BARNETT GIBBS, a distinguished Texan who was the populist candidate for governor in 1898, died at his home in Dallas yesterday. Mr. Gibbs was a man of unusual mental strength and at one time carried large influence in the politics of the state. He changed his politics rather frequently, but consistency was no bugbear to him and he was undoubtedly conscientious in every change. He was a good speaker, a good writer, and a companionable gentleman whose death will carry regret to a statewide circle of friends.

The candidates for state offices in Texas should take the stump in their own behalf to improve their oratory if for no better reason. Genuine eloquence is well nigh a lost art in Texas and it is high time it were having a renaissance of our race if orators is to survive. The clarion voice, the graceful gesture, and back of these the virile thought expressed in pure and simple English undefiled coming like fountain waters from their source—will such a combination in one man ever charm an audience in these parts again?

THE SENTINEL gives up considerable space today to an exhibit of the land sales made in Nacogdoches county during the past twelve months by the Nacogdoches Land Company of this city, and it is news matter of a most interesting character which will find a wide reading. Land values in a county and the degree of activity in real estate transfers constitute an excellent index of the county's prosperity and prospects, and the showing in detail made by this Land Company during the past year, aggregating a total in real estate sales of \$73,486, speaks with the eloquent veracity of cold facts and figures not to be disputed. The Nacogdoches Land Company has achieved a commanding position in the real estate business of East Texas through its superior management, facilities and enterprise and, the statement of its year's land sales, in Nacogdoches county only, is conclusive proof of the character and success of the company.

In commenting on the excessive cost of litigation in Texas, delays, reversals and other impediments to justice in the administration of our civil law, Senter's Lantern says: "Benighted Arkansas, by the passage of one short statute placed herself one hundred years ahead of Texas. It has abolished the general issue, and requires litigants to plead the facts in controversy, as in equity procedure. No time is lost in proving facts that are undisputed, and the trial is confined to material and controverted issues. On appeal, to be reversible, error must be shown to be harmful."

WE have been waiting for somebody to say it as it should be said in the fewest words, and the New York World has said it. We commend it to those Texas democrats who can't find anything in Judge Parker to approve. Here it is: "Judge Parker would be elected president by a hundred majority in the electoral college if every voter in the United States would read with close attention, and open mindedness his letter of acceptance. We pity the dullness that does not see that it is a great paper, an eloquent, sobering and saving appeal to the American people no longer to permit themselves to be fooled and misled; we think candid men will be moved to just anger and contempt for that stupid partisanship which denies its high merit."

At the convention of the United Daughters of the Confederacy in St. Louis Wednesday it was announced that there was in bank the sum of \$67,403.30 to be expended in erecting a monument to the memory of Jefferson Davis. The convention added \$1000 to that sum. What manner of man is he who can fail to honor and admire the patient and unwearied fidelity and persistence of these Southern women, who, year after year, amid all kinds of discouragements, are slowly accumulating the large sum of money necessary to build the kind of monument they wish to the memory of the great man who will always stand in history as the leading representative of the cause that died at Appomattox? Political parties may rise and fall, wars may come and go, panics may sweep the country, pestilence, floods and fire may devastate far and near, booms may burst and crops may fail, but the Daughters of the Confederacy are no more to be diverted from their purpose to build a grand monument to the memory of Mr. Davis than the South is to erase her history and forget the colossal tragedy of the early sixties. God bless these dear, faithful glorious women, and when they get that monument it will stand no less as an enduring memorial of their own beautiful and consecrated lives that of the virtues and fame of the Confederate President.

GEN. STOESSEL has kindly revised his first estimate of the recent Japanese losses in front of Port Arthur and has cut the number from 20,000 to 10,000.

ITCHING ECZEMA

In July, 1883, I began to break out with Eczema on my head, legs and arms, and began treatment with local doctors, but did not get much relief. They said the disease had become chronic. I then quit them and tried various ointments and soaps for another two years, but as soon as cold weather came I was as bad off as ever, so I finally decided to let medicine alone, and for twelve or thirteen years did nothing towards curing the Eczema, except bathing. This seemed to do about as much good as anything I had tried.

During the time I lost about one-half of my hair. I began S. S. S. doubtful of a cure, because the disease had run so long, but soon discovered your medicine was doing me good, and continued to take it. I used seven bottles, when I was completely cured, not having a single spot on my body, which before was almost completely covered.

F. C. NEWKIRK, 1017 Hackberry St., Ottumwa, Ia.

The head, feet and hands are usually the parts affected, though the disease appears on other parts of the body. While external applications allay the itching and burning temporarily, it is the acids thrown off by the blood that cause the irritation and eruptions upon the skin. The acids must be neutralized and the system cleansed of all humors and poisons before the cure is permanent.

S. S. S. is guaranteed entirely free of Potash, Arsenic and other minerals. Book on the skin and its diseases sent free. Medical advice furnished free.

These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. They do not gripe, sicken or weaken, but pleasantly give tone and strength to the tissues and organs of the stomach, liver and bowels. Sold by Perkins Brothers.

Mr. Hayward says they are pushing things as rapidly as possible at the big mill and it will be ready to begin sawing in about three weeks.

Can You Eat.

J. B. Taylor, a prominent merchant of Chriesman, Tex., says: "I could not eat because of a weak stomach. I lost all strength and ran down in weight. All that money could do was done, but all hope of recovery vanished. Hearing of some wonderful cures effected by use of Kodol Dyspepsia Cure, I concluded to try it. The first bottle benefited me, and after taking four bottles I am fully restored to my usual strength, weight and health." Kodol Dyspepsia Cure digests what you eat and cures. Sold by Perkins Bros.

CHOKING CATARRH CURED.

Mr. Caswell Says, "Hyomei Cured Me." ---Your Money Back If It Does Not Cure You.

"Use Hyomei and be cured of catarrh," is what all who have tried it for that disease say to their friends.

O. S. Caswell of North Middleboro, Mass., writes: "Hyomei has relieved me from a choking catarrhal trouble and cleared my head. I am glad to recommend it to my friends."

It is the easiest thing in the world to stop catarrh or a catarrhal cold at its beginning if you use Hyomei. Just breathe the health-giving, balsamic air for a few minutes and your catarrh will be cured.

In this and neighboring towns, there are hundreds that can testify to the remarkable powers of Hyomei to cure catarrh. Many of the staunchest friends of this remedy began its use with little hope that they would be cured, but as Stripling, Haselwood & Co. offered to refund the money if it did not benefit, they decided to try it on that plan, and were soon restored to health.

PERMANENTLY ORGANIZED.

By-Laws Governing the Texas Fruit and Truck Growers.

Tyler, Texas, October 8.—The Texas Fruit and Truck Growers' association last night adopted the following report of its committee on permanent organization.

To the Convention of the Fruit and Truck Growers of Texas.

1. This organization shall be known as the Texas Fruit and Truck Growers' association.

2. The objects and purposes of this association shall be to promote the general welfare of the fruit and truck growing interests of this State, to aid and assist each other in securing and accomplishing everything pertaining to the common good of this industry.

3. This association shall have for officers a president, three vice presidents and a secretary and treasurer.

4. The president of this association shall appoint a committee on transportation consisting of three members, whose duty it shall be to look after all matters of freight, refrigeration and express rates to the different markets.

5. A committee on legislation shall also be appointed by the president, consisting of three members, whose duty it shall be to secure such legislation as shall best protect and promote the fruit and truck interests of this State. And the president shall have the power to appoint such other committees as the exigencies of the occasion and the business of the association may require.

6. The membership of this association shall be composed of the different district fruit and truck growers' associations, which are now or may hereafter be organized in this State and which may become members upon the terms and conditions hereinafter specified.

7. Any district fruit and truck growers' association may become a member of this association upon the payment of 25 cents to the treasurer of said State association for each member belonging to said district association.

8. Each district association shall be composed of one or more counties.

9. The officers of this association heretofore named shall be elected annually and shall constitute an executive committee and said executive committee shall prepare a constitution and by-laws for the government of this association to be presented for adoption at January meeting, 1905.

10. The president shall call a meeting of this association to convene on the last Wednesday in January, 1905, at such place as he may deem suitable for the purpose of transacting such business as may come before the association.

11. Each district association shall be entitled to one vote in the State association for every fifty members in said district association or fractional part thereof over twenty-five, provided each district association shall be entitled to at least one vote.

12. Each district associa-

tion shall adopt its own rules and regulations for the classification, grading and packing of the produce grown and marketed by said associations.

We recommend the following officers for this association for the ensuing year: For president, Hon. Sam H. Dixon of Harris county; first vice president, F. B. Guinn of Cherokee county; second vice president, V. E. Buron of Bowie county; third vice president, John G. Willacy of Lavaca county; secretary-treasurer, R. H. Thompson of Henderson, Rusk county.

The Texas Fruit and Truck-Growers Association.

The meeting held in Tyler October 6th, and 7th, was by far the biggest affair of the kind ever held in Tyler. The delegation was about one thousand strong and represented all sections of the state. To go into details would require too much space, so I shall only outline the plan adopted.

The plan is for a state organization, the object of which is to secure better transportation, better time and better rates, and to encourage such legislation as would be to the interest of the fruit and truck growers. The officers are a president, three vice-presidents, secretary and treasurer. For president, we have elected a man that the whole state admires and trusts as a most loyal and unselfish gentleman—the Hon. Sam H. Dixon, of Houston.

The state organization will be composed of district associations which will be composed of one or several counties as the sections see fit to organize. Each county will organize into one association, and then as many counties as are conveniently located will organize as a district, for the purpose of regulating the packing, grading and marketing. Each district will elect its sales agent and pay its expenses and control its own affairs and must be organized in time to meet with the state association which will be held in January 1905.

After two days hard work and discussion this was decided upon as the only practicable plan for organizing and it occurs to me that the growers will derive much benefit by carrying it out, as all these growers can keep in touch with the markets and distribution at very little expense, and I would suggest that this district cover the territory tributary to the H. E. & W. T. railroad.

It is to be hoped that all parties interested in fruit or truck will give this matter some thought and attend the meeting for perfecting our county and district organizations which will be called at an early date.

In Praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"Allow me to give you a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mr. John Hamlett of Eagle Pass, Texas. "I suffered one week with bowel trouble and took all kinds of medicine without getting any relief when my friend, Mr. C. Johnson, a merchant here, advised me to take this remedy. After taking one dose I felt greatly relieved and when I had taken the third dose I was entirely cured. I thank you from the bottom of my heart for putting this great remedy in the hands of mankind." Sketch of C. W. Jones.

The following sketch of the business career of C. W. Jones the formerly well known citizen of Nacogdoches, who was killed in Houston last Sunday by Major H. M. Swain, is from the Houston Chronicle, of Monday:

"Mr. C. W. Jones, secretary of the Houston Fire and Marine Insurance Company of Houston, was born near the town of Springfield, Livingston parish, Louisiana, in 1856. Like so many successful Americans he was reared in the country on a farm, residing in the parish of his birth and Ancension parish, until 1880, when he came to Texas. In this state Mr. Jones' first employment was at Crockett, with the old established house of J. C. Wothers. He first went in the insurance business in 1884 with W. H. Bruner with whom he formed a partnership at Nacogdoches. After Mr. Bruner's death, for many years, Mr. Jones carried on the business alone, being a very active local agent in Nacogdoches, Shelby, San Augustine, Angelina, Polk, Trinity, Cherokee and adjacent counties. In the fall of 1894 he sold out his

business to Mr. W. H. Crouch with whom he had formed a partnership, who still continues the business. In 1895 and 1896 Mr. Jones was the senior member of Jones & Spears, local insurance agents in Houston. For a time Mr. Jones left the insurance business and engaged in the wholesale produce business in Wharton, and in cane farming and milling, but resigned his position as sales manager of a large sugar company to go back to his first love at the invitation of Colonel W. J. Swain at the time of the formation of the Houston Fire and Marine Insurance Company. At the first meeting of the permanent directors, Mr. Jones was elected secretary of the company, and four months later was promoted to the managership of the underwriting department in addition to his other duties as secretary and daily report inspector. With the success and growth of the company, in the performance of all his duties Mr. Jones was one of the best business men in Texas."

Only Did His Duty as He Saw it.
"I deem it my duty to add a word of praise for Chamberlain's Colic, Cholera and Diarrhoea Remedy," says J. Wiley Park, the well known merchant and post master at Wiley, Ky. "I have been selling it for three or four years, and it gives complete satisfaction. Several of my customers tell me they would not be without it for anything. Very often, to my knowledge, one single dose has cured a severe attack of diarrhoea, and I positively know that it will cure the flux (dysentery). You are at liberty to use this testimonial as you please." For sale by Perkins Bros.

The originals are in Dr. Fanning's possession, and he will be pleased to show them to any desirous of examining or reading them.

Remained Cured Fourteen Years.

Dr. Frank Fanning:
Houston, Texas, October 27, 1901.—Dear Sir: Please accept my testimony as to the wonders you did for me. For nine years I suffered from prolapsus of the worst kind. Had two of the best physicians in Houston, but was relieved only temporarily. Then tried patent medicines with no better result. Could not rest day or night; in agony and distress unbearable. Was a burden to myself and family.

Having heard of your wonderful power to relieve pain, my husband induced me to consult you, but I had no confidence. After six treatments I was well and soon did all my housework. In fourteen years there has been no return of those conditions. I wish all suffering women could have your wonderful treatment and be cured. Will gladly answer any inquiry regarding my case. May God spare you for years to come to heal suffering humanity.

Yours gratefully,
MRS. CLARA A. LANG.

A Houston's Lady's Endorsement.

To Whom It May Concern:
Houston, Texas, January 9, 1902.—For three years I suffered continually with a heavy pain in my right side. Employed two of the best physicians in the State, who could do nothing for me. Always had to make hot applications at night; impossible to sleep without. Through one of my cousins I learned of the wonderful power of Dr. Fanning as a healer. As a last resort commenced treatment. After five treatments was completely cured; no pain left nor has there ever been in that side since, and that is over ten years' freedom of pain of any description.

Four years ago he entirely cured my cousin, Mrs. Kate McGown, of Dallas, of a dislocated hip joint and paralyzed limb, caused by a fall, besides liver complaint and suffering beyond words to express.

Respectfully,
MRS. M. B. BROWN.

909 Tenth Street.

To Suffering Humanity.

Houston, Texas, November 9, 1901.—I write this testimonial to inspire others when all hope seems to have fled. Over two years ago I began suffering with enlarged and torpid liver, producing indigestion and constipation. During this time I suffered great agony, in fact, had no hope of living. Stomach was at times so weak it could not retain food. Two weeks ago I came to Dr. Fanning in great pain. With his first treatment I experienced great relief, and now find myself well. No pain. Enlarged liver reduced to natural size. Indigestion cured. Can eat anything and it agrees with me. Constipation completely remedied. Sleep well, and the terribly bloated condition of stomach has been reduced at least four inches.

It gives me great pleasure to endorse Dr. Fanning, and in thankful appreciation say he is one of the greatest blessings to suffering humanity. I am truly grateful.

MRS. DORA KNIGGE.

U. S. Senator Reagan's Son.

To whom it May Concern:

Palestine, Texas, January 11, 1887.—This is to certify that I was for four months last winter in an almost hopeless condition caused from rheumatism in both my legs and what little walking I did was painful and slow, both legs being so drawn from the effects of disease that I could not straighten them. With three or four treatments by Dr. Fanning the pain left me, and I am now as well as ever I was and walk as well as ever I did.

John E. Reagan.

Mr. John E. Reagan was seen a few days ago with reference to the above testimony. He not only corroborates it, but declares that he has not suffered from a single rheumatic pain since Dr. Fanning cured him over fifteen years ago.

Kirby Lumber Company's Assistant General Manager.

Capt. C. H. Williams, of the Kirby Lumber Company Strongly Endorses Dr. Fanning and Advises Others to Try Him, as He Did.

Hotel, Fields, Beaumont, Texas, April 19, 1904.

To the Public:

A word to the wise is sufficient. Those that do not believe, let them try Dr. Fanning, as I did, and they will make no mistake.

Yours truly,
C. H. Williams.

Mr. R. Jacobs Interviewed.

What He Has to Say Concerning Dr. Fanning's Treatment.

A reporter in conversation with Mr. R. Jacobs, a prominent merchant of Luling, Texas, asked him a few questions concerning Dr. Fanning's treatment and received the following answers:

Question—Mr. Jacobs, were you ever treated by Dr. Fanning for rheumatism?

A.—About eight years ago.

Q.—How long had you suffered at that time?

A.—For about eighteen months I had suffered terribly with sciatic rheumatism, and at the time I could not walk up stairs to my room without the assistance of two men, and was unable to dress myself.

Q.—What was the effect of the first treatment?

A.—After the first treatment I was able to dress myself, go to my room and walk about the house, but still suffered some pain from the terrible disease with which I was afflicted.

Q.—How did you feel after the second treatment?

A.—As well as I ever did in my life.

Q.—Has the disease ever returned?

A.—For eight years I have been entirely well.

Q.—You certainly believe, then, that Dr. Fanning can do what he says he can?

A.—I certainly do. He cured me when I could get no relief from no other source, and my faith is so strong in his power to cure disease that I went last Sunday to urge my friend, Dan Ferguson, who is now bedridden with sciatic rheumatism, to give him a trial.

Q.—Do you think the doctor can cure Mr. Ferguson?

A.—I certainly do. He cured me of the same disease and I feel sure he can cure others.

Inexpressibly Grateful.

To Suffering Women:

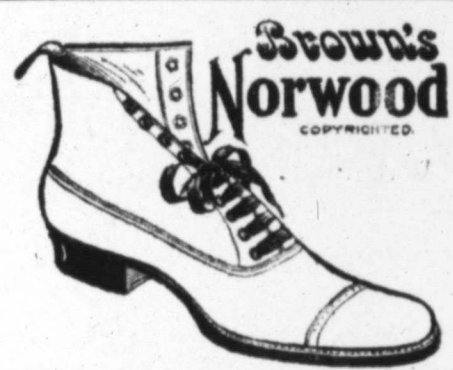

Waco, Texas, June 15, 1887.—For over two years have been a constant sufferer from neuralgia of the ovaries and womb. For the last two months I grew weak and was confined to my bed with three other female troubles suffering excruciating pains, and had no hope of life. Skill and medicine had failed when I was carried in a carriage to Dr. Fanning's office. After his first treatment I was relieved and able to walk, which treatment only lasted ten minutes. The next day I was able to walk to his office. After three more treatments I was entirely cured and a woman. I owe this acknowledgement to my afflicted and to Dr. Fanning I owe my life. May God spare him do unto others as he has done unto me. With inexpressible joy and gratitude I can never pay, I am truly,
South Fourth Street.

Crain-Weeks.

Wednesday's Daily.
W. O. Crain, Esq., and Miss Mary Weeks were married at 11:30 o'clock today at the home of the bride's parents, Mr. and Mrs. J. M. Weeks, on North street, Rev. Ellis Smith, of Houston, officiating. The wedding was a quiet affair, only the relatives and intimate friends being invited. There were no cards. Immediately after the marriage ceremony the bride and groom left for St. Louis, where they will spend the honeymoon, returning to this city in about three weeks.

The groom, Oscar Crain, is one of the noblest sons of old Nacogdoches, honorable, upright and manly, holding the highest place in the estimation of all who know him. He is a rising young lawyer, deserving the fullest measure of success, and merits the priceless jewel he has won for his life partner. The bride is in the truest term, a bell of Nacogdoches. Beautiful, accomplished, graceful and endowed with womanly charms that win the admiration of all in whose presence she may be placed, she is well worthy to be the wife of the man she sworn to love and obey. It is indeed a well matched couple. May happiness ever attend them and may the goddess of fortune smile on them through a long and useful life.

Many Good--One Best.

"So many oils and liniments are advertised it is hard to decide which to buy. I tried a number before using Hunt's Lightning Oil. After using it once, however, I realized I had found the best there was, and it was useless to look further. It hits its 'all off.' No other liniment will hit the spot if Hunt's Lightning Oil fails."—C. G. Young, OKeene, O. T. 25c and 50c bottles.

J. G. Smith has let contracts to Mr. D. Ruffs for two large warehouses to be built at once near the depot, adjacent to the Nacogdoches Grocery Co. One of these warehouses will be built of brick and the other of corrugated iron.

It Will Stay There.

"In my family medicine chest no remedy is permitted to remain unless it proves beyond doubt the best to be obtained for its particular purpose.

"For treating all manner of skin trouble, such as Eczema, tetter, ringworm, ect., Hunt's Cure has held its place for many years. I have failed to find a surer remedy. It cures itching instantly."—R. M. Swann, Franklin, La. 50c per box.

K. P. Branch has opened up a brokerage business in flour, grain and hay, and for the present will occupy offices on stairs over the R. T. Shindler Drug Co.

They Always Make Friends.

"Since using one box of Cheatham's Laxative Tablets we have been friends. They cured me promptly and thoroughly of a bad case of chills. Any one needing a remedy for malarial troubles will certainly find them satisfactory. They are also convenient to carry and pleasant to take."—John Everhardt, Harwood, Texas. 25c per box.

A Remedy That No One Is Afraid To Take.

Dr. Thacher's Liver and Blood Syrup has been used in thousands of homes for fifty-two years with perfect confidence and the most remarkable results.

The great success of this remedy is due to the fact that its formula (which consists of Buchu, Hydrangea, Mandrake, Yellow Dock, Dandelion, Sarsaparilla, Gentian, Senna and Iodide of Potassium) has been freely published.

Doctors and Druggists everywhere do not hesitate to recommend a preparation which they know contains the best-known remedies for correcting all irregularities of the Liver, Kidneys or Blood, and the diseases caused by the failure of these functions to perform their proper work.

Thousands of sick ones to whom life has been a burden have written grateful letters that others might profit by their experience.

BLOOMING GROVE, TEX., Nov. 13, 1902.
I was suffering terribly with indigestion and kidney trouble and sent to my druggist for something to relieve me.

As he sent me a package of Dr. Thacher's Liver and Blood Syrup I concluded to try it, and now I am deeply grateful to my druggist as well as to you.

I had been a sufferer from these things and a general run-down condition for ten years, and had only received temporary relief from other medicines. But after using not quite two packages of your Liver and Blood Syrup I feel as stout and hearty as I ever did in my life, and I am satisfied that I am entirely cured. I feel no symptoms whatever of kidney trouble, and my digestion is as good as any living man's. I can now eat whatever I choose.

I never had any remedy give me such quick and permanent relief, and I can not put a correct estimate on the value that medicine has been to me. I would not take any amount of money for it. Very gratefully yours,
J. C. BROWN.

If you need a medicine write today for a free sample bottle and "Dr. Thacher's Health Book."
Give symptoms for advice.
We simply ask you to try it at our expense. We know what it will do.

Saved His Life.

J. W. Davenport, Wingo, Ky., writes June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump in my side. I don't think I could have lived over two months longer. I was induced, by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity." 25c, 50c, \$1.00 at Perkins Bros.

The Stone Fort Rifles are now ready to make their appearance as a full fledged military company. They have received all their equipments, guns etc.

Cures Chills and Fevers.

G. W. Wirt, Nacogdoches, Texas, says: "His daughter had chills and fever for three years; he could not find any thing that would help her till he used Herbine." His wife will not keep house without it, and cannot say too much for it." 50c at Perkins Bros.

Dr. Holt, at Center.

Rev. A. J. Holt, well known here and throughout the state as a minister of note, preached at the Baptist church last night to a large and appreciative audience.

Mr. Holt in his discourse dealt with everyday life principally, and among other things said in substance that the man who didn't pay his debts, or do his best to do so, was lacking in some of the essential elements of Christianity.

The people of almost every community need more such preaching. No preacher would take issue with the suggestion that honesty was among the most essential requirements of Divine law, if indeed not paramount, and that theoretical Christianity is of no avail unless put into practical use.

Mr. Holt has preached here before, and has many warm friends and admirers in the city, who are always glad to have him in their midst.—Center Daily News.

Cures Winter Cough.

J. E. Grover, 101 N. Main St., Ottawa, Kan., writes: "Every fall it has been my wife's trouble to catch a severe cold, and therefore to cough all winter long. Last fall I got for her a bottle of Horehound Syrup. She used it and has been able to sleep soundly all night long. Whenever the cough troubles her, two or three doses stops the cough, and she is able to be up and well." 25c, 50c, \$1.00 at Perkins Bros.

G. F. Partin, of the Etoile community, was the victim of a double stroke of misfortune one day this week. A favorite cow belonging to him broke her thigh and had to be killed, and the same day a very fine colt he owned and of which he was particularly proud, broke its neck while engaged in a coltish frolic with itself.

The Best Doctor.

Rev. B. C. Horton, Sulphur Springs, Texas, writes, July 19th, 1889: "I have used in my family, Ballard's Snow Liniment and Horehound Syrup, and they have proved certainly satisfactory. The liniment is the best we have ever used for headache and pain. The cough syrup has been our doctor for the last eight years." 25c, 50c, \$1.00 at Perkins Bros.

Work has begun on the new Hardeman building and it will be hurried to completion with all possible speed. The foundation of the burned buildings are intact and so far as needed will answer as well as new foundations. The new build-

ing will occupy half of the space formerly occupied by the Tucker-Hardeman building, which was burned over a year ago, and will be extended thirty feet over the ground formerly occupied by the old wooden buildings, which were also destroyed by fire. This leaves the Hal Tucker lot on the east and the Kaplan and Huntley lots on the west yet to be built upon. It is understood that Mr. Kaplan will build on his lot in the near future.

A Prominent Trainman.

The many friends of G. H. Hausan, Engineer L. E. & W. R. R., at present living in Luna, O., will be pleased to know of his recovery from threatened kidney disease. He says: "I was cured by using Foley's Kidney Cure, which I recommend to all, especially to trainmen who are usually similarly afflicted." —Sold by Perkins Bros.

Mr. W. T. Wilson has leased a planer at Garrison, and Mr. Baker, who has been superintending the Harrington planer here, which is also leased by Mr. Wilson, left today for Garrison to take charge of the plant there. Mr. Wilson, through the management of Mr. Griffin, has built such an extensive lumber trade that they have been compelled to lease these planing mills in order to keep up with their orders for dressed lumber. They have bought the cut of a number of mills but do their own planing, resawing etc.

Cason & Richardson will save you ten cents on every dollar on furniture. They have the largest stock in town.

W. S. Espy came home from Henderson yesterday. It is probable that his headquarters will be at Nacogdoches during the balance of the cotton season.—Timpson Times.

It is time for those who insist on paying their subscription in wood to fetch us a few sticks of stove wood. Our wood pile is running low.

Oil City Items.

Mr. Thresher has been compelled to abandon his first well, owing to the sticking of the drill and the disjuncting of piping in such a manner as to make it impossible to go deeper. He has moved his derrick a few feet and has started another hole.

The Williams Brothers have been at work several days and have gone down 200 feet. They have a small flow of oil already, and think the indications are very favorable for a strong flow at a little greater depth.

The other rigs in the field are not working at present.

If you want a wagon you can't do better than buy a Schuttler, a Studebaker, a Linthroth or an Improved Espenchied. Cason & Richardson have all four of these. See them.

Consumptives' Made Comfortable.

Incipient consumption is cured by Foley's Honey and Tar, but we do not hold out false hopes to consumptives by claiming that it will cure this dread disease in the advanced stages; but if the lungs are not too far gone Foley's Honey and Tar will effect a cure, as it stops the racking cough and soothes the inflamed air passages giving them a chance to heal, and even in the advanced stages it always gives comfort and relief. A. A. Herren, of Finch, Ark., writes: "Foley's Honey and Tar is the preparation for coughs and lung troubles. I know that it has cured consumption in the first stages." Sold by Perkins Bros.

Nacogdoches is too busy buying Shelby county cotton to read the "flings" of the Timpson and Center papers. Nacogdoches is getting the cotton while Timpson and Center are snapping over the question of who pays most. The farmer has learned long ago that Nacogdoches pays the highest price of the market every day in the year.

Presidential Election will make no Change

No matter which candidate is elected Foley's Honey and Tar will remain the people's favorite remedy for coughs, colds and incipient consumption. It cures colds quickly and prevents pneumonia. A. J. Nusbaum, Batesville, Ind., writes: "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar and 8 doses cured me." Sold by Perkins Bros.

Sol Kaplan will build on his lot adjoining the Hardeman building in time to go in business here again the first of next year, and it is believed that Hal Tucker will fall in line and rebuild on his corner lot. That will only leave the Huntley building to be rebuilt to entirely cover up the burnt district west of Church street. Mr. E. A. Blount has been figuring on a three story building on the lot east of Church street, which will obliterate all evidences of the fire of two years ago.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. For sale by Perkins Bros.

E. L. Ruark, of Locklin, Rusk county, was in the city today selling cotton. He reports his section as suffering from the continued dry weather, but that farmers are making good time gathering cotton while it is dry. He thinks his part of Rusk county will harvest almost if not quite as good a cotton crop as was made last year. The farmers are not taking it to market but are holding it for ten cents, and as it is ginned they haul it home and store it. Mr. Ruark sold ten bales today, but says he will not sell any more for some time unless it goes to ten cents.

Cason & Richardson offer readers of this paper \$5 00 in cash—read their ad.

Obituaries are not news items and ought to be paid for the same as advertising matter. When newspapers begin to charge for such publications, which they will all do some day; then we may hope to see the writer confine him or herself to the subject without writing up the whole family, including several generations past.

If you don't read Cason & Richardson's ad in today's paper you will miss the best thing in the paper.
