THE CITY COUNCIL IN REGULAR MEETING

The City Council held its first regular meeting with the new administration last night, with all members present.

The first part of the meeting was devoted to the allowing of the routine batch of accounts, monthly report of officers, etc.

A resolution was adopted requesting the Masonic fraternity to rent or use their lot across the street from the court house for some other purpose besides a horse lot, reasoning that it is unsightly and very unattractive at so important a place in town.

An ordinance was adopted requiring people who desire to move a house over any of the streets to get permission from the city and pay a stipulated amount rent, as well as make bond in the sum of \$500 to indemnify any damage that might accrue to abutting property or the streets.

An ordinance was adopted prohibiting automobiles and vehicles from parking on Main street next to the public square, and certain streets opening into this street, this ordinance being made chiefly to cover the street from the corner of Swift Bros. & Smith's drug store down to Kennedy's drug store, and the street leading out by the postoffice.

C. A. Hodges resigned as city attorney and Fort Clevenger was appointed to the place. J.

GEE WHIZ

Have you used one of these Spring Tooth Cultivators? Take one to your farm—use it six days—and you will say "Gee Whiz I don't see how I have done without you so long." We positively guarantee them to give satisfaction.

"Gee Whiz" Cultivators or Harrows come with seven spring teeth. All these teeth are removable and you can easily make it a 4, 5 or 6 tooth harrow. It is easy to adjust and can be made into a "V" shape, "A" shape, side harrow, or into most any other shape.

"Gee Whiz" is only one of the many labor saving tools that we want you to see. Come to our store when you are in town and see Miss Dixie Shawnee Jr., Mr. Bill, Red King, Southern Queen, Lucky Jim and all the other members of the Avery family. We are anxious for you to meet them for we know that you will be pleased with their appearance and we guarantee that what they do is alright.

Don't disappoint the AVERY'S. Come to see them when you are in town.

HAIL STOPS TRAIN.

Ballenger, Texas, May 2.—A passenger train was delayed ten miles west of here by a heavy hail.

Passengers report that the hail killed birds and completely obliterated crops and all vegetation in its path and did great damage to property.

Three inches of rain has fallen here within the last two days

and it is still raining this afternoon.

Lexicon & Ashley collars and Band Street ties to match, the latest out, by express. See them. Zeno Cox Jr., 2-6d1w.

Every one will admit the absolute need of more and better sidewalks in town since the big rain. Don't forget it.

W. N. Whitton, a well known citizen of Timpson, is in the city today. Mr. Whitton says that considerable oil excitement is being aroused at Timpson, and that a local company is being organized which will put down a well at once.

THE COMING RALLY.

Over one hundred Canning Club and Home Demonstration workers are expected to be here Saturday, May 6th, to take part in the Educational Rally. Districts represented in the following gentlemen who will see that their respective school and clubs represented in the county will be Appleton, Cushing, Friendship, Nat. Pines, Chas. Wood, Trinity, Oak Ridge, Shady Grove, Martinsville and Mayotown. Let every teacher see that their respective school and communities are well represented in this all-important phase of educational work which is being carried on in the county.

WILSON PERSISTS TROOPS IN MEXICO.

After a cabinet conference at Washington, May 4.—President Wilson has not altered his purpose to keep American troops in the border region of Mexico and that no change has come to an end.

The White House today Secretary Baker prepared further instructions for General Scott and General Funston, sought by those officers as a result of their conference with General Obregon, Carranza's war minister.

The message went forward tonight. Both Secretary Lansing and Secretary Baker said there has been no change in the administration's policy.

It is believed the American conferees sought additional instructions because General Obregon dwelt upon the view of the American troops should be withdrawn at once.

As General Scott had no power to discuss the subject he presented what the Mexican war minister had to say to Washington.

Eliseo Arredondo, Mexican ambassador designate, called upon Secretary Lansing during the day to renew his argument in favor of early withdrawal. He followed closely the line taken by General Obregon in his exchange of views with Generals Scott and Funston.

Nacogdoches is a city of good schools, good churches, good society, and patriotic chivalrous citizenship.

A theory is sometimes mistaken for a principle and its follower deluded. Let's be sure of analysis before we chase a theory.

Mutt nad Jeff have found Villa, but upon making the discovery of his identity they did not tarry for an interview or attempt to take him "dead or alive."

Another Sunday approaches which promises to be attended with good weather and every reason why you should go to church. Do your duty.

General John A. Hulen of Houston has been appointed brigadier general of the Texas National Guard to succeed the late Cecil A. Lyon. The appointment is considered a good one.

Keep your ear to the ground. Nacogdoches is going to have some oil excitement of its own pretty soon, with real oil field to back it up. Better come to Nacogdoches while there is room.

It has been most too wet to build sidewalks today, but the mud emphasizes another use for this civic improvement besides free mail delivery. They make bad travel for both male and female.

Lufkin automobile owners have organized themselves into an automobile club for educational purposes in the interest of public safety, and a similar move is now being agitated in Jacksonville. It is a good move, and every town with any number of automobiles should do likewise.

If we work upon marble, it will perish; if we work upon brass, time will efface it; if we rear temples, they will crumble into dust; but if we work upon immortal minds—if we imbue them with right principles, with the just fear of God and love of our fellow men, we engrave on these tablets something that will brighten for all eternity.—Daniel Webster.

What about this sidewalk business, fellers? Can you give any reason whatever why you shouldn't do your part in the upkeep of the civic attractiveness of the city, which in turn would bring us material blessings in the way of free mail delivery, convenience of travel, enhancement value of your property etc.? If you have a single reason why you should longer delay this important improvement we would be glad to furnish space for a review of it. If you haven't we must assume that you do not want to do your duty. Which is correct?

Lufkin parties who have visited Nacogdoches recently are highly complimentary of the work being done on the road in that county which leads from the river to the city of Nacogdoches. They say that when the work now under way is completed that it will be a model thoroughfare which will prove a veritable delight to the traveler. Just now it is said the river bottom on the Angelina side is almost impassable and that the public road leading from there to Lufkin is in just about as bad shape as an unkept country road can be. Surely this is a sad state of affairs.—Lufkin News.

PAPER PRICES SOARING.

Almost weekly, and sometimes daily, the printers receive notice of further advance in the price of all kinds of paper, and it is becoming a very serious proposition. As a result of it, many little papers over the country have been forced to suspend, while the larger papers have cut the size and discarded all surplus bulk. Still others have raised the price of subscription. Other materials used in printing have also advanced in prices, particularly inks, some going 100 to 500 per cent and more.

The Sentinel is going to make a great effort to "weather the storm" without any interruption to the service except that we must insist that all our subscribers pay up promptly for the reason that it would be unjust to us to carry an investment upon which we will make no profit or revenue as is now the case with the subscription end of the paper, and we make this advance notice in the hope that every patron will be ready for settlement on the coming first of any arrears that may be charged against him.

Getting back to the causes of the condition herein reviewed, the following, which we take from an exchange, best explains it:

The chemicals and dye stuffs used in the bleaching and coloring of pulp, have increased in cost approximately 200 per cent. The chemicals and dye stuffs formerly came from Germany, and this supply is being shut off, it means practically none for sale and a matter only of supply on hand at the mills. Rags used extensively in writing writing papers, envelopes, and the better grades of book papers have advanced 100 per cent or more. The Dupont Pont Powder company have large mills in the largest mills in the largest bond paper manufacturing district in the world. This powder company is buying up all rags possible to keep fifty beating machines in operation, making war munitions, and the price they are willing to pay is sufficient to obtain the rags. A paper mill will operate about ten beating machines.

We have word that unless conditions regulating the demand and prices of raw material necessary to the manufacture of paper, it is probable not one paper mill will be in operation in the Kalamazoo district.

These are some of the REASONS for the advance in printing prices.

Nacogdoches county is to have a 10,000 bushel sweet potato dry kiln, and warehouse to be put in under direction of the A. & M. College, and to be owned by the farmers of that county who will subscribe to the stock. When the dry kiln and warehouse is constructed an expert will be on the ground to explain the working of the kiln. Texas imports more than 100,000 bushels of sweet potatoes every year, and this fact is taken to show that there is little danger of glutting the markets with the product. This county will grow just as fine sweet potatoes as any other county, and the drying process solves the problem of preserving the potato.—Bowie Blade.

A special train of "Dallas Boosters" visited Tipson, Center, San Augustine and other points along the line of the Santa Fe last week, and express themselves as being charmed with the country they found. With characteristic progressiveness, the Tipson Times doubled the size of the paper for a day to tell the visitors what Tipson has and stands for.

NEW LIFE COMING.

It is now pretty certain that within the next few weeks at least five oil companies will have rigs going in the Oil City oil field, which will give employment to many men. This in turn will make a new market for a vast amount of supplies, and as the work progresses visitors to the field will begin to come in from almost every point of the compass, all anxious to get in the game and ready to spend money for more leases, sub-division of leases, equities, and anything connected with the enterprise that will give them a foothold. Finally, if a good oil field should be developed, the rush to Nacogdoches will be beyond the expectations of the most sanguine, and to take care of the new business that will come with it old Nacogdoches will entertain a rush of new prosperity that the old town never dreamed of.

In the meantime, don't get excited until the proper time, and take the matter into consideration as you would any other business proposition, taking a "chance" as far as your means will justify, and planning in a way that you can either take care of the rush, or get by without it by which method no bad aftermath will follow in the event the experiment should prove unprofitable.

DO YOU KNOW THAT

Walking is the best exercise—and the cheapest?

The United States Public Health Service administers typhoid vaccine gratis to Federal employees?

A little cough is frequently the warning signal of tuberculosis?

Bad teeth and bad tonsils may be the cause of rheumatism? Unpasteurized milk frequently spreads disease?

The air-tight dwelling leads but to the grave?

Moderation in all things prolongs life?

The careless spitter is a public danger?

It is impossible to build the superstructure of public virtue save on private virtue. The vital question is to have the home preserved. If the average husband and wife fulfill their duties toward one another and toward their children other problems will solve themselves. The worthiness of life depends upon the way in which every day duties are done. The home duties are the vital ones. The nation is but the aggregate of families within its border; and if the average man is not hard working, just and fearless in his dealings with others, then our average of public life will in the end be as low, for the stream can rise no higher than its source. In a family the child must be taught that it is but part of a whole, that it must recognize the rights of others, and learn that every human being must work, in some way, in this world.—Ex.

East Texas lands are the only cheap lands in Texas, and they are cheap because they have never been specially placed upon market. The people are scarcely awake to their wonderful advantages; and some of them will not wake up to the appreciation of what is here until they spend their substance in moving "west," or elsewhere, in search of El Dorado is here, and any man with a horse, a plow, a hoe and the necessary energy, patience and perseverance may find it. Those who move away soon find that they have to work wherever they go, and that they can do well here with less labor than elsewhere; the difference in work here means a greater profit at harvest time.—Tipson Times.

NEW FORD PARTY?

Rumors have reached the Capitol that Henry Ford, millionaire propagandist for peace, is about to organize a new political party. "The Ford Peace Party," is the unofficial name already suggested as a result of these rumors. The reports are that Ford is about to branch out as a candidate for the Presidency on a platform calling for peace at any price, disarmament, old age pensions, and the prevention of Americans traveling on belligerent ships. The returns last week in the Michigan primaries, in which Mr. Ford won over Senator Alden Smith, hitherto considered unbeatable in that State, are not being overlooked.

Some legislators believe the time is ripe for the formation of a party to which all of the peace-at-any-price voters can flock. It was said that such a movement might appeal to the German and Socialist vote. By his extensive advertising Mr. Ford is interesting millions of men, women and children. His arguments are taken very seriously by many.—National Tribune.

It is easily demonstrable that the cotton crop of the South, under the present methods of marketing, suffers an annual loss of from \$10 to \$25 a bale. It is a maximum of statesmanship that the state abhors waste. Wherefore the state makes provision by penal acts and otherwise to prevent the loss of property by fire and flood. If the state abhors waste and is warranted in measures of legislation to prevent loss by fire and flood, it is all the more warranted in measures of legislation to prevent loss and waste of substance to the producers of the wealth of Texas and to those who furnish us with all we eat and wear.—Clarence Ousley.

The Sentinel is informed by Mr. R. B. Walthall, who is in town today, that Garrison will have a big barbecue and political rally on the Fourth of July, to which the prominent candidates for state and district office, as well as those seeking county positions, will be invited. Garrison is a great host on such occasions, insuring that the event will be a great success.

JAIL DELIVERY AT LUFKIN.

Lufkin Daily News. Two parties, a man and a woman, confined in the Angelina County jail, made their getaway last night between 8 and 9 o'clock. The man's name was Charlie Tolliver and the woman's name was Ollie Brown. Readers of the News will remember the announcement which appeared in this paper some time ago of their arrest at Keltys, it being said that they were "hanging" around that place and making their temporary home out in the woods. There was no specific charge pending against them, it seems. They were merely being detained, and it may be safely asserted at an expense to the county. But the larger thought which concerns the sheriff's department is how they managed to perfect their escape and pull it off so nicely with no one being afforded the least suspicion of what was going on. Mr. King, the jailer, found the doors unlocked leading to their apartments and the inmates gone. Of course an effort will be made to apprehend them but still there is the thought that nothing would be accomplished by this means, unless it would serve to clear up the mystery surrounding their escape. None of the other prisoners were affected, and possibly have not heard of the circumstance until this good hour. The whole affair is a mystery which may never be explained.

Here is an idea Nacogdoches people can appropriate which we caught from a religious discussion this morning: It has long been considered a moral law, and has been legalized with state law, to observe Sunday as a day of rest and worship. The scriptural injunction from which this law is made also provides that the individual shall work six days, and if you run out of anything else to do, why not put in the extra time in building sidewalk? It is a sin to waste the days set apart for work in the same connection that is it wrong to labor on the sacred day, and as a good christian you must do something to take up the time. Come across, you lazy rascal.

GERMANY READY TO MEET WISHES

Washington, April 28.—Dispatches received at the German embassy today from the Berlin foreign office indicate that Germany will attempt to meet the American demands for the immediate abandonment of its present practices in submarine warfare. The nature of the proposals was not disclosed.

Count von Bernstoff has not been advised whether the suggestion he recently made to his government at the invitation of the foreign office has been adopted. He expects additional dispatches.

The visit of Ambassador Gerard to Emperor William is a topic of broad interest in official and diplomatic quarters. German embassy officials believed the emperor invited Mr. Gerard to confer with him for the purpose of elaborating for the benefit of President Wilson, his position and the position of the American government, in further explanation of certain phases of the forthcoming German reply to the American note. It would be unusual for the emperor to conduct negotiations directly with the diplomatic representative of a foreign government.

THE WAR MONTH.

(Contributed.) April has been the fatal month for peace in the United States. It was in April, 1775, that the revolution began, and it lasted until the end of April, 1783. The Black Hawk Indian war began in April, 1831. The Mexican war began in April, 1846. The Civil war began in April, 1861. The Spanish-American war began in April, 1898, and it was April 20th, 1914, that President Wilson asked congress to assist him to uphold the dignity of the United States against Huerta, the dictator of Mexico.—Clipped.

LOUIS P. DeMOUCHE WITH THE DEAD

News has been received in the city of the death of Louis P. DeMouche, which occurred a few days ago in Trinidad, Colo., where he has been living since he left here seven years ago.

Mr. DeMouche was well known here, having for several years been a citizen of this city and taking part in local enterprises. He was conspicuous in the tobacco growing and cigar factory work, and also in the fire company and water system of the city. He came here from Victoria, Texas, but has been in many foreign countries. He leaves a widow and daughter at Trinidad, Colo., a son at Mt. Enterprise, Texas, and a daughter on the coast near Corpus Christi.

Mr. DeMouche was here a few months ago on his way from a visit to his son at Mt. Enterprise, going to visit his daughter on the coast, and was in very bad health at the time. He was about sixty-five years of age.

Rheumatic Pain Stopped.

The drawing of muscles, the soreness, stiffness and agonizing pain of Rheumatism quickly yield to Sloan's Liniment. It stimulates circulation to the painful part. Just apply as directed to the sore spots. In a short time the pain gives way to a tingling sensation of comfort and warmth. Here's proof—"I have had wonderful relief since I used your liniment on my knee. To think one application gave me relief. Sorry I haven't space to tell you the history. Thanking you for what your remedy has done for me."—James S. Furgeson, Philadelphia, Pa. Sloan's Liniment kills pain. 25c at druggists. dw

Whooping Cough.

One of the most successful preparations in use for this disease is Chamberlain's Cough Remedy. S.W. McClinton, Blandon Springs, Ala., writes, "Our baby had whooping cough as bad as most any baby could have it. I gave him Chamberlain's Cough Remedy and it soon got him well. Obtainable everywhere." dw

MANY VISITED THE SCHOOL CLOSING

From Monday's Daily. Some fifteen or twenty people motored across the country to Chireno yesterday afternoon to hear the baccalaureate sermon of the commencement exercises of Chireno High School. The sermon was preached by Rev. C. A. Westbrook, pastor of the Baptist church in this city, and those who heard him speak in great praise of the message, saying that it was a great sermon, listened to by a packed house. Chireno school has seven grad-

uates this year, and is one of the foremost schools of the county. Prof. George Adams is superintendent of this school, and is doing a great work.

A Good Family Cough Syrup.

Can be made by mixing Pine-Tar, Aconite, Sugar, Hyoscyamus, Sassafras, Peppermint, Ipecac, Rhubarb, Mandrake, Capsicum Glycerine. It is pleasant, healing and soothing, raises the phlegm, and gives almost instant relief. For convenience of those who prefer not to fuss, it is supplied ready made in 25c bottles under name of Dr. Bell's Pine-Tar-Honey. Can be had at your druggist. Insist on getting Dr. Bell's Pine-Tar-Honey and see that the formula is on the package. dw

CAUGHT FORGER

City Marshal Woodland arrested and lodged in jail this morning a man giving his name as J. W. Morgan who is wanted in Lufkin on a charge of forgery. Mr. Woodland received a message from the constable of Lufkin to look out for the man, stating that he had forged a couple of checks at that place and made his disappearance. The Lufkin officer will come after his prisoner this afternoon.

TROOPS ROUT BANDIT GANG

Field Headquarters, April 26.—Via Wireless to Columbus N. M.—Two Americans were killed and three wounded in an engagement between calvarymen under Col. George A. Dodd and 260 Villa bandits at Tomachic, in the center of the Sierra Madres, western Chihuahua, on April 22, according to an official report. The Villa command, under four chiefs—Baca, Cervantes, Momin-guez and Rios—was surprised in the late afternoon and routed. After the battle the Americans found six dead Mexicans and 19 wounded, while a quantity of horses, arms and equipment was captured.

Rheumatism.

If you are troubled with chronic or muscular rheumatism give Chamberlain's Liniment a trial. The relief from pain which it affords is alone worth many times its cost. Obtainable everywhere.

A DOUBLE PRIMARY WAS AGREED UPON

And Assessment Against the Candidates for Expenses of Executive Committee

The Democratic Executive Committee of Nacogdoches county had a very interesting and busy meeting in this city Saturday.

It was agreed by the committee that a double primary would be held on the dates prescribed by law, and assessment was made against the various candidates to defray the expense of the elections.

There were several vacancies in the committee which were filled by appointment as follows: Ed. M. Weatherly to fill vacancy made by resignation of R. B. Walthall; W. H. Barr to fill vacancy of H. M. Carter. The vacancy of G. W. C. Self will be filled by appointment by the chairman.

FROM WALNUT GROVE.

Special Correspondence. The health of our community is fine at present.

The farmers are very busy planting cotton since our last rain.

A large crowd was present at the school closing exercises Friday evening. A nice program of songs and tests was nicely carried out by our teacher, Mrs. Allen Smith, who has served us faithfully for three years. The exercise was closed with prayer by C. H. Carroll.

Richard Hall and family went to Appleby to spend Saturday and Sunday with John B. Hall.

Dewey Hilliard of Arlam visited here Saturday and Sunday.

Mr. W. W. Barton and family of Arlam spent Saturday night and Sunday with Mrs. Barton's parents, Mr. and Mrs. B. W. Smith, of this community.

A crowd of young folks attended the graduating exercises of Garrison School Tuesday night.

Mr. and Mrs. Allen Smith drove to Mayo Sunday evening, visiting friends.

Rufus Glenn of Cedar Bluff was a caller here Sunday evening.

Everybody enjoyed a nice singing at C. H. Carroll's Sunday evening.

Mr. and Mrs. L. L. Thomas spent the day with D. R. Boatman and family Sunday.

OLD "SOOKIE" PLAYED HAVOC.

County Tax Collector Rainbolt is in a little better humor today, his wrath having had time to cool down somewhat, and we will take the risk of telling it on him.

Mr. Rainbolt is a very practical man, and takes considerable interest in the affairs of his home. He has always kept a good milk cow, which he finds a good contribution in makeup of the bill of fare of his table; he likewise takes considerable interest in having a good garden each year, this year being no exception to the rule—but now he has nothing but the cow left.

Wednesday night "Old Sookie" was not satisfied with the ration left in her trough and proceeded to go in quest of a better "balance" on her own initiative. The garden with its many tempting young vegetables appealed to her and her capacity was sufficient to take everything in sight, leaving nothing but the recollection of yesterday for Mr. Rainbolt.

Judge V. E. Middlebrook of Nacogdoches, candidate for associate justice of the Court of Civil Appeals for the Ninth District, has been in the city today meeting with many of his friends and forming new acquaintances. —Lufkin News.

WHAT CATARRH IS

It has been said that every third person has catarrh in some form. Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building-tonic, free from alcohol or any harmful drugs. Try it. Scott & Bowne, Bloomfield, N. J.

NACOGDOCHES TRADITIONS

A word more about the extinct town of Lola, "just to keep the record straight," as Colquitt is now trying to do.

J. F. Summers says it was all wrong in Thursday's Sentinel. First, his initials are not J. P. as stated, and that error needs not be corrected. But Lola is 7 1/4 miles from Nacogdoches, which is much further than six miles as stated. And again, he says that when he and Link Sturdevant walked to town they did not always "count ties," because the ties had not been laid. They just humped up and dumped it here and back in one night while attending a dance at the Hyde house or attending night meeting at the Methodist church, and in either case walking home with their sweethearts a mile up North street, and then back to Lola the same night, or you might say next morning before day. And he says why not tell it all over again and tell the balance of it, which is the biggest part, but would not look well in print, especially how hard it was when they were dizzy with frolic and other things, to walk in the dusk through Lilly's cut and on Quillages dump, at Ghost Hill, and across the long high trestle over Lick creek, when all was at the very worst, and walking at all was an athletic feat on unsteady feet. NO BRIGAND.

Herbert E. Neuhaus tells of the perplexity of a farmer who had seeds to plant and wondered whether he could so do within the law. It seems Congressman Eagle sent free seeds to a constituent in a franked envelope on the corner of which were the usual words, "Penalty for private use, \$300." A few days later he received a letter which read:

"I don't know what to do about those garden seeds you sent me. I notice it is \$300 fine for private use. I don't want to use them for the public. I want to plant them in my private garden. I can't afford to pay \$300 for the privilege. Won't you see if you can fix it so I can use them privately. I am a law-abiding citizen, and don't want to commit any crime."

ATTENDED DOUGLAS SCHOOL CLOSING

Prof. R. F. Davis, Prof. Bell, A. T. Russell, Edgar Williamson, E. C. Castleberry, Prof. J. B. Stripling, Prof. G. B. Layton, Judge J. F. Perritte and W. G. Davis attended the school closing exercises of the school at Douglas last night, and report a most enjoyable outing.

Prof. Davis and Prof. Stripling delivered addresses in matters related to education and school work which were very logical and well received.

Prof. Reed is principal of this school which has made fine progress, but was unable to be present at the exercises last night, having been called away about a week ago by the serious illness of a relative, and the program was in charge of his assistant, Miss Alma Dent, who has been connected with the school several years, and who was equal to the occasion.

PUT PRESIDENT'S SALARY AT \$6000

Austin, Texas, April 27.—Dr. R. E. Vinson, the newly elected president of the University of Texas, who will assume his duties on July 1, will be the highest paid president that institution has ever had, the regents having increased the salary of the president from \$5000 to \$6000 a year.

When asked for a statement as to his future plans, Dr. Vinson said: "I feel that it would be improper at this time to make any statements as to my plans. While I am familiar in a general way with the university affairs, there is much that I must study. This much can be said, however, that I have given the matter of accepting the place the gravest consideration and I am going into it with my eyes open. Two facts stand out: This is a position of great responsibility, and also a position of tremendous opportunities. It is because of its opportunities that I have accepted it."

Dr. Vinson has filed his resignation as president of the Presbyterian Theological Seminary with the board of directors of that institution, and his successor will be selected on May 10. Dr. Vinson will devote his time from now until July 1 in studying the affairs of the University.

Before adjourning its meeting the board of regents discussed the construction of a \$150,000 building to be the home of the department of education. A school of instruction for teachers of physical training was established, as was also a school for rural extension workers. The board also accepted the gift of Major George W. Littlefield of \$500 for the purpose of buying old newspaper files etc., dealing with the history of the South.

FRENCH MOWING DOWN GERMANS

The rebel leaders in Dublin having given up their fight, the rank and file are continuing to lay down their arms. Sniping is still reported from some sections of the city, however. One group of 450 men surrendered in a body yesterday.

The Germans have renewed their aggressive in a force northwest of Verdun, delivering a massed attack on the positions recently captured by the French, north of Dead Man's hill, and counter-attacking also a trench they had lost north of Cumieres. In both cases the assailants were repulsed. Paris declares, their masses being mowed down in large numbers in the Dead Man's hill assault.

Indications that further German efforts are impending are furnished by announcement that hill 304, west of the Meuse, and positions in the Vaux sector, northeast of Verdun, are being bombarded.

Unofficial advices from Constantinople say that the Turks estimated at 20,000 men the losses of the British during March and April in Mesopotamia. More than 500 British and Indian officers, including four generals, were taken at Kut-el-Amara when Gen. Townsend surrendered.

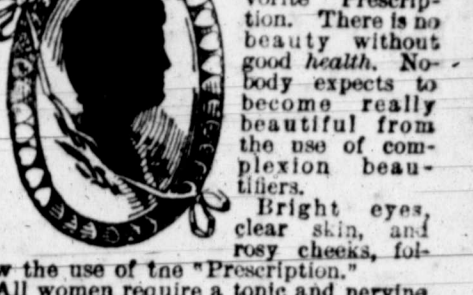

Sinking of Merchant vessels of the Allies continues, the latest victim being the City of Lucknow, of 3,669 tons.

Berlin has a report of the entente allies has been torpedoed by a German submarine off Kara Burnu, ten miles east of Saloniki.

The German war office reports the Verdun situation generally unchanged. Statement is made that violent fighting continued yesterday near Dead Man's hill.

Rev. Nash, county missionary for Polk county, is visiting with his family in the city.

STATE READY TO LIQUIDATE DEBTS

Austin, Texas, April 27.—The affairs of the West Texas Bank and Trust Company of San Antonio are to be liquidated, according to announcement made today by Commissioner of Insurance and Banking Patterson, and the non-interest bearing deposits are to be paid in full out of the depositors' guaranty fund. There are about \$850,000 of such deposits and it will require about \$200,000 out of the guaranty fund to be able to accomplish this. The depositors in the savings department are also expected to be paid practically in full, in the opinion of the commissioner. Commissioner Patterson expects to begin paying the non-interest bearing deposits on May 1.

METHODISTS TO ROISE \$9,000,000

Nashville, Tenn., April 27.—Seeking to place all colleges and schools of the denomination on a solid basis financially the board of education of the Southern Methodist Church before adjourning here late yesterday adopted a plan to raise \$9,000,000 by popular subscription among the church membership for education.

A million each will go to the Southern and Emory universities. Other institutions of the church include 13 A-grade colleges, eight junior colleges, 23 unclassified colleges and 15 academies.

HOME FROM WEDDING.

Mrs. June C. Harris and daughter, Mrs. H. B. Kiley; Mrs. Allan Seale and daughter, Mrs. E. J. Ezell and daughter, arrived home yesterday from Palestine where they went to attend the Thompson-Link wedding. Miss Jennie Harris went down from Jacksonville, and Miss Genevive Harris came from Austin.

The fair bride, Miss Grace Jewell Link, is a daughter of Dr. and Mrs. H. R. Link, who are well known and prominently related to Nacogdoches people, Mrs. Link coming from the well known Seale family.

Master Curtis Hardeman, the bright little son of Mr. and Mrs. Lee Hardeman who had a delicate operation for appendicitis a few days ago, is reported to be doing nicely. Curtis developed appendicitis while sick with measles. The little man is a general favorite with his teacher and class-mates in school, and many of them are sending him flowers and letters, while all have wished for him a speedy recovery.

A. P. Bane, who spent some days in the sanitarium here being treated for an ulcer in one of his hands, and who returned to his home in Mt. Enterprise about a week ago, has returned to the city for further treatment. He is well pleased with the treatment, and hopes to soon be entirely relieved of the trouble with which he has been suffering.

AN INSPIRATION.

The work The Sentinel has been doing lately in the interest of industrial and civic development is attracting attention in many other places, and is helping put Nacogdoches on the map. This statement is made in all modesty, and not for any advertising value save that which we would enlist to secure suitable co-operation in the service. Proof of this, together with many good recommendations which can be employed with profit by this city, will be found in the following personal letter which the editor of The Sentinel has received from an editor of one of the most prominent state papers, with holding his name because it is personal, but keeping it on file in this office where any who may care can read it. It is an inspiration to us, coming with such a spontaneous overflow of fraternal interest, and will be an inspiration to the community because of the many good suggestions it contains. Read every word of it:

"Your pavement propaganda is fine. Civic pride is catching. In this instance you are the main germ, and the medium for the distribution is the esteemed SENTINEL. I hope the whitening committee—every community on earth has one—does not attempt to inaugurate a quarantine. Lillian Russell, mentioned for mayor of Pittsburg, has a platform of but one plank: 'Clean the Streets.' Out in Rapid City, S. D., a woman is running for mayor on the single plank: 'If elected I shall repair the roadway in front of my premises.' Get the local women clubs and leagues interested. Your are doing a great work. And why not? Let's leave a mark or two for progress before we pass. Another thing: Why not a chamber of commerce automobile run one of these fine sunshiny days out to several adjoining towns and communities? The farmers short course is coming along. And besides it is well for the business man to see for himself foodstuffs and feedstuffs, and to get better acquainted. Another thing: You had a paragraph some time ago about a fund for sending some Confederate veterans to Birmingham this year. Put a head on that fund and start it off with me for a subscription of five bucks. These gallant old scouts should be looked after. The sweet potato stunt is fine—likewise, the peanut stunt. Turn on a daily reminder about patronizing home industry from the laundry to a stove mill. And kick in every little while for 'Buy it Made in Texas.' If I can help you secure free mail delivery by urging friends in congress to look after the stunt when presented, lemme know. There are several hundred things I shall 'break my arm' to see you at some time in the near future."

The Sentinel will endeavor to follow the "mail order" "course of instruction" to the letter for several reasons—first, because it is encouragement in the efforts in which we are already engaged; secondly, because this letter comes from a man with broad and successful experience in such work, and lastly, the writer is one of the dearest friends we have in the fraternity for whose judgment we have profound respect.

So, come on, fellers, and let's get about that which our hands find to do.

Let the slogan be more and better sidewalks—and free mail delivery.

RURAL LIFE SCHOOL; SUMMER INSTITUTE

The teaching of agriculture in our rural schools, as well as in our city schools, is beginning to receive recognition by the various boards of education. In an agricultural section of the State, like East Texas, it is only right that our boys and girls should receive such education that will fit them for the life of the farm. At the present time it is difficult to obtain persons who are qualified to teach this important subject, and until a sufficient number of persons qualify in agriculture, the youth of our rural districts are deprived of that part of their education which will be of most use to them in after life.

It has been the custom in the past for our teachers to attend summer normals held in other States but this year, the Agricultural and Mechanical College of Texas will hold a Rural Life School and Summer Normal Institute at College Station, beginning on June 16th, and ending on July 29th, for the purpose of providing course of instruction in agricultural education, horticulture, animal husbandry, agronomy, dairying, agricultural engineering and domestic economy for teachers, rural ministers, women and others who may be interested in any phase of agricultural or rural development. To offer opportunity to college students to remove deficiencies to provide instruction for young men who need to review or take additional work as a preparation for examinations to enter the College, and to provide instruction in the various subjects required for a state teacher's certificate. The organization is divided into the two above named heads, and the instruction will be given by the regular college faculty, assisted by successful superintendent and principals.

There are no fixed requirements for admission to the Rural Life School. Applicants for Summer Normal certificates of course, must meet the legal requirements with reference to age. The final examinations will take place on July 24, 25, 26, and 27th.

A tuition fee of \$5.00 and an incidental fee of \$1.00 must be paid by each student either in the Summer Normal or Rural Life School. The cost of room and board for the six weeks will be \$30.00. Following these schools will be the Farmers Short Course and Farmers Congress which will convene on July 24 to 29 inclusive. Several distinguished lecturers will be present during that week and those attending the Summer School will have the privilege of hearing these lecturers.

The West Virginia College states: "The teaching of agriculture requires the service of a teacher better trained academically, better trained psychology and methods, than does the teaching of any subject included in the school curriculum. The teaching of agriculture embraces the whole of a teachers art. It embodies the most important aspects of character building; for in teaching pupils scientifically to plant, cultivate, harvest farm crops, and to care for farm animals, we are training them in some of the most valuable lessons of life. Parents have come to feel that our schools must offer instruction in the real activities of life. Teachers who can help and give assistance to farmers in pruning and spraying their orchards, care of their crops and farm animals are in demand. Therefore let the TEACHERS of Nacogdoches County, take advantage of this opportunity to attend our College this summer."

GEO. T. McNESS

Have you a good sidewalk? It means free mail delivery and increase in property values.

WHAT YOU ARE.

You come into the world a wee package of beef, bone, blood, brains and bellows, and the least evident of these B's was brains.

Your bellows gave no inkling that there were any brains in your make-up.

At first your hands and your eyes moved without any semblance of thought. Then you commenced to notice things, then you saw objects you wanted to investigate and you grabbed for them.

This was what the doctors call co-ordination; that is, making and work in harmony.

At this point your brain commenced to develop rapidly and it has developed and will develop as long as you live.

You commenced to die physically the moment you were born; that is your muscles and bones and tissues waste and wither as the years pass by.

But your brain, and the thought babies it gives birth to, are immortal and will live forever.

That brain of yours is a copy-book, a file cabinet, a storage place in which you put away valuable thought and remembrances which are to be of service to you and yours through all the years to come.

If you had no conscientiousness, or if your brain were paralyzed, life would be a blank and you couldn't feel any more than a dead rabbit.

So, then, we are creatures of our thoughts and these thoughts are sparks from the brain.

The general office boy of the body is in the large dome on top we call head, and in this office is the brain and the eyes are the windows which let in light and pictures of things.

The brain is a fine machine and needs care; if it gets out of whack the whole shooting match is spoiled.

We must keep the brain in fine repair so it will do the things we want it to do, otherwise life isn't worth the living.

The first great stroke and use of your brain was when you realized that in order to get good stuff out of your thinking tank you must feed it good wholesome stuff.

Then you discovered that ideas and thoughts and impressions were like men, animals and plants, in that like begets like.

If the city boy goes to the country and remains there he looks, acts and thinks like a country boy, and vice versa.

If the boy is raised in a home where there is music you will hear him whistling tunes.

If he goes with successful people he will unconsciously take on the things that bring success.

Good thoughts get together and rub up against each other and help one another. As like begets like, in plant and animals, so like begets like in thought.

Old Mother Nature has watched your industry and she has always kept the hive big enough and added more room as your brain required it for expansion and a storage place to put your experiences.

Knowledge means knowing things. You have two kinds of knowledge—that which you get from direct personal experience and that which you get from others' direct personal experience.

You can read books and compare the experiences of the past with your experience. You can compare notes and learn to differentiate between good and bad, between truth and untruth, between help and hurt.

Your brain will never find all the truth; there's room for progress for your brain and thoughts as long as you live.—Col. W. C. Hunter in Brenham Banner.

How About That New Buggy You Are Going to Buy?

We have just unloaded another car of the best on earth for the money, the celebrated "Hercules."

We have these in many styles and you will find just what you are looking for in these.

These buggies have been sold in Nacogdoches county for a number of years and have always proved the best for money yet. We can fit you up for as little money as you would have paid before the advance, and give you a buggy that is guaranteed from the shafts on back. If you are at all interested in a buggy it will be to your advantage to see us, as it costs you nothing to look at our goods. We are going to look for you and will be glad to show you whether you are just ready to buy or not.

We are always glad to have you and show you our good.

REV. JOHNSON HONORED.

Special to The Sentinel.
 Dallas, Texas, April 27, 1916, 1:30 p. m.—Sir Knight Johnson was elected grand prelate Grand Commandry of Texas. W. E. Thomason.

Sir Knight Johnson is pastor of the Main Street Presbyterian Church of this city, and is one of the most deservedly popular ministers of the city. All Nacogdoches will rejoice with him in the splendid distinction he has won in the councils of the noble order, and have an abiding faith in the brilliance of the administration that will follow at his hands.

TIMPSON OIL CHARTER.

Under an Austin date-line, giving a list of corporations granted charters last week, we notice that a charter has been granted the Timpson Oil Company, with a capital stock of \$50,000. The incorporators are: R. L. Day, J. D. Hughes and O. B. Hooper. This company has secured several thousand acres of land in the Timpson country, and no doubt will begin developing their leases before many more months roll by. Mr. Day has been active for some time securing leases and with the aid of Messrs. Hughes and Hooper, well known capitalists, you may look for developments.—Timpson Times.

Another skyrocket from the Longview Times-Clarion of Wednesday, when deciphered, gives us to understand that the Gregg county capital is still after that munitions plant. Inasmuch as the Lufkin News and the Nacogdoches Sentinel have practically acceded to this demand, there ought to be no reason why it should not be established. Editor John McLendon has the entire East Texas press behind him in this movement.—Lufkin News

Keep the Money at Home

ANSWER YOURSELF FAIRLY AND SQUARELY, AS MAN TO MAN, THESE QUESTIONS:

- Will the catalog house give me credit should I need it?
- Does the catalog house help to support our local schools?
- Does the catalog house help to keep up our road to town?
- Will the catalog house help to build up our town?
- Does the catalog house buy or consume any of my eggs, vegetables, chickens or other farm produce?
- Will the catalog house render me any local service of any kind?

Your Local Dealer is Human

- He is right on the JOB, rain or shine, every day in the year.
- He extends you credit when you need it, and waits for his pay until you have turned your crop into money.
- He is ever ready to return your money or make a proper exchange if your purchase is not satisfactory.
- He invests his money in merchandise for your urgent needs, and the wants of your community.
- His profits on his investment in his business are no more, aye, not as much as yours.
- He has his bad years just as often as you have your poor crops.
- He pays his just proportion of taxes into your common treasury.
- He helps build your roads, support your school, in fact, helps meet all local expenses, just as you do.
- He has his little troubles and off days, just like you do.
- He is on the subscription list for your church, for the local poor, for the relief of a citizen in distress.
- He sympathizes with you in your sorrows—rejoices with you in your successes—cries with you—laughs with you.
- He is a friend indeed when you are in need.
- He is your neighbor and citizen—and like you, he is human and has a soul.
- He believes in "live and let live" principles and wants to live and enjoy your company and friendship.
- He is a necessity—a positive necessity to your little community.
- DON'T TRY TO DRIVE HIM OUT OF TOWN, YOU NEED HIM.
- KNOW YOUR HOME DEALER BETTER.

KEEP THE MONEY AT HOME and help build a Better, Better and More Prosperous Community for Yourself and your Posterity.

THAT IS REAL CITIZENSHIP!

Hon. Geo. S. King has been in the city today shaking hands with his many friends. He has been attending court at Lufkin, and ran up for a little visit with friends here while near.

PACK-MULE KITCHEN IS TO BE ADDED

Field Headquarters, April 26.—By motor courier to Columbus, N. M., May 1.—Many practical improvements in details of campaigning and of service equipment have been worked out or suggested in the five weeks' chase of Villa.

More varied wireless equipment is one change. The art of cooking in the field made advances which demonstrated the advisability of the addition of some sort of a frying pan to the mess kits. A pack mule kitchen is the most important improvement suggested. The mules can follow the calvary anywhere and get there before dark, assuring the men of a meal properly cooked by competent chefs.

The calvary has proved that it is second to none in the history of the American army. It has marched more than 50 miles a day at times, through canyons the natives declared horsemen could not penetrate, living on a little meat and ground corn without salt.

The calvary saber has been useless in this campaign. The calvary rifle has proved too long, suggesting a return to the carbine, which would oscillate less in the "boot" while packed on horse.

The necessity for some ready system of hobbling horses so that they could not stray while grazing on unfenced prairies was brought out sharply. So also was the desirability of smaller horses. The hunter type of animal did not prove as useful in this campaign as the smaller native ponies of the West and Southwest, which were able to shift for themselves and live on grass when corn, oats or hay was low.

The old "Iron-ration," bacon, coffee and hardtack, with little sugar and salt, has stood every test of this campaign thus far.

The only dress reform indicated was in shoes, for rough work in deserts and mountains. Ordinary heavy marching shoes wore out in a few days, frequently in one day of mountain climbing. The foot gear which seems to have held up better than shoes and leggings is the highlace boot with heavy hobnails.

The practicability of automobile trucks for carrying supplies through mountains and over bad plains or roads was one of the most important campaign discoveries. Gen. Pershing himself said the truck climbed "like mountain goats."

MEETING CALLED.

Nacogdoches, Texas, May 2, 1916
HEADQUARTERS CAMP RA-
GUET, NO. 620 U. C. V.

The members of the above camp are hereby requested to convene in the Court House on Next Saturday, the 6th inst at 1 o'clock p. m. for the purpose of formulating plans to visit the reunion at Birmingham, Alabama, the 16, 17 and 18 inst.

It is important that the membership of the camp be present in full, as other matters are to be attended to.

The Daughters of the Confederacy are especially invited to attend this meeting as well as all other ex-confederates who do not belong to the camp.

The citizenship of the community and county are invited to meet with us.

By order of

COMING ELKS CONVENTION.

Dallas, Texas, May 1.—With a muster roll of the uniform rank of 1,500 and 3,500 additional Elks and their ladies, prospects for the largest Elk convention in the history of Texas are looming up for Dallas. The meeting is slated for May 8, 9, 10.

A program of considerable interest to the visiting Elks has been arranged. It includes three business sessions on Monday, Tuesday and Wednesday mornings; a big military parade on Tuesday afternoon; a competitive drill between fifteen or more crack drill teams Wednesday afternoon; for social entertainment, an open-air smoker for all visitors to the convention—men and women—Tuesday evening, and a grand military ball Wednesday evening. Numerous private entertainments are being formulated, and golfing, autoing, and like amusements will be provided at any time for the guests.

The military parade will be the most spectacular event of the convention. The Elks Army and very startling military rules—Navy—an organization which will provide the principal features.

Cities have already pledged delegations, as follows: Waxahachie, Sherman, Denison, Denton, Greenville, Gainesville, Quanah, McKinney, Bonham, Orange, Tyler, Marshall, Corsicana, Ennis, Waco, Temple, Taylor, Brownwood, San Angelo, Armarilla, Wichita Falls, Paris, Terrell, Victoria, Sulphur Springs, Houston, Austin, Beaumont, Abilene, Baird Plainview, Mineral Wells, Ft. Worth, Hillsboro, Corpus Christi, Brownsville, Del Rio, and El Paso, Galveston, Ft. Worth, San Antonio, Marlin, Belton, Cleburn, Weatherford, Childress, Sweetwater, Haskell, Dalhart, Longview, Laredo, Yoakum, San Marcos, Sequeine, Bryan, Palestine, Nacogdoches, Lufkin, Port Arthur and El Paso, Galveston, Ft. Worth, Houston and San Antonio are all expected to become aspirants for the entertainment of the 1917 convention.

President E. B. Prince, of the State Association, has named the following officers of the Elks' Army and Navy with titles which explain themselves:

- W. L. Warren, Major General, Greenville, Texas.
- Marvin Heinatz, Commodore of The Gun Boat Texas, Greenville, Texas.
- V. G. Runnuon, Colonel, Commanding First Field Artillery, Greenville, Texas.
- B. B. Eiland, Lieutenant Colonel, Commanding Fourth Infantry, Greenville, Texas.
- P. G. Thompson, Major, Commanding Fourth Battalion, 18th Signal Corps, Greenville, Texas.

That town which assists its farmers in finding an intelligent and profitable market for everything that can be grown on the farm, thereby increasing the opportunity of production and rural wealth, supported by that country which sticks to its town with the same fidelity, is the town which is prospering and growing, surrounded by a community of like condition. Nacogdoches is on the way with a peanut oil mill and the hope of sufficient potato dry kilns to handle the surplus sweet potatoes of the country.

Betty Jackson, an aged colored woman familiarly known to many Nacogdoches people as Aunt Betty Dishburn, died at her home out a few miles from town last evening. Aunt Betty formerly did washing for many people of this city, and was esteemed as an exceptionally good old woman.

A GREAT FLOOD VISITED COUNTRY

From Tuesday's Daily. The big rain which visited this section yesterday afternoon and last night was the chief topic of conversation of every group of people to be found on the streets this morning—and it was a timely subject with the reports of so much damage coming in from different sections of the country.

Capt. Cooper called up the Sentinel this morning and said that the gauge at the Creamery registered 4.37. Out at the government station the gauge registered 5.35, making a variation of almost one inch.

The dam of Ed. Blount's new lake suffered a break in which about one-half the water was lost, but it is said can be repaired without a very heavy expense. For a time considerable uneasiness was felt by owners of property below the lake who would have suffered more damage if the whole lake had been emptied upon their property. The dam of the small lake of the waterworks also broke. Gardens in many places about town were entirely destroyed, and all of them suffered heavy damage, and the streets about towns have been badly washed, gulleys being made in many places, and it will incur considerable expense to repair the damage in this line.

Reports coming from the country are also very discouraging. In some places the growing crops have been ruined, necessitating replanting, and the land has been badly washed. While this is true with some crops, some that now appear a total wreck may be revived when the weather clears up.

Country roads and bridges have suffered very severely, which can best be estimated by reports received by Commissioner Byrd this morning. In five bridges about which he made inquiry, three of them had been washed away and the other two had suffered considerable damage. Those washed away are the Loco bridge on the Hatchett Ferry road, and a couple of bridges on the lower Douglass road. Doubtless many others over the county have suffered a similar fate.

Reports from over the state this morning are to the effect that the rain is pretty general.

ANOTHER GARDEN GONE.

Dr. J. D. Ellington, a well known dentist of this city, also had a garden, and now knows how to sympathize with his friend, George Rainbolt, if he can spare sympathy from himself. But we doubt if he could divide with any one just at this time save that "fellow feeling," because he has suffered a more exciting experience which has to do with his future as well as the present, and the material loss sustained is not all there is to it.

When he went home yesterday afternoon he attempted to save his garden by the industry of ditching when suddenly a great hole of cave proportions opened up in one corner of the garden, into which went the great overflow of water and every floating thing with a roar that he could not at the time, and still does not understand. Instantly there opened up the vision of the cave dwellers which are reported to have resided in that vicinity in the prehistoric age of the town.

Then, too, he remembered of having heard reports of the treasure of Mexican gold which is supposed to have been buried somewhere in that vicinity, a more interesting vision than the first, but too much water in evidence for immediate investigation. These are visions, but it is a reality that much of his garden was fed to the gaping cavity.

COMPLETE ASSIGNMENTS.

Nashville, Tenn., May 1.—The Southern Methodist college of bishops today completed the conference assignments of the bishops for the ensuing year. Included in the list were the following:

- Bishop, J. H. McCoy, Texas conference, Lufkin, Texas, Nov. 1; North Texas, Greenville, Nov. 29; Bishop H. C. Morrison, German Mission conference, East Bernard, Texas, Oct. 11; Texas-Mexican mission, Oct. 18.
- Bishop E. D. Mouzon, West Texas, conference, Uvalde, Tex., Oct. 1; Northwest Texas, Stamford, Tex., Nov. 8.

The fall meeting of the college of bishops will be held at Atlanta, Oct. 26-29. Owing to recent ill health, Bishop Waterhouse was relieved from active work for the present.

NOTICE, SHERIFF'S SALE.

The State of Texas, County of Nacogdoches: By virtue of an order of sale, issued out of the Honorable District Court of Nacogdoches County, on the 2nd day of May, A. D. 1916, by the clerk thereof, in the case of C. R. Langston versus W. D. Wilson, et al., No. 3085 and to me, as sheriff directed and delivered, I will proceed to sell for cash, within the hours prescribed by law for Sheriff's sales, on the first Tuesday in June, A. Sheriff, Nacogdoches Co. Texas.

A FINE START.

As a result of the sidewalk agitation we are advised that Mr. J. P. Jenkins is getting ready to lay one thousand feet of sidewalk in front of his good property on Fredonia street.

This is certainly a very encouraging start. If the rest of our citizens will take it up on the same line, the sidewalk issue will soon be settled. Really we think this is just what should be done and leave no doubt others will follow soon.

POND WAS SAVED.

The Sentinel was in error yesterday in stating that the small water tank of the waterworks was wrecked with the flood. A report to this effect was current on the streets and so generally accepted that we did not take the time to authenticate it, hence we were caught with the error.

Superintendent Holt remained on the job nearly all night and had others remain all night watching. When he saw the rise coming, and realized the danger that would follow, he emptied a large portion of the water which saved it from any other danger. He also saved the large tank by relieving the strain, which also required much hard work. Still another good turn the superintendent did was to string light wires and light up the flooded section of the city, through which much trouble was doubtless saved to the people. All members of the department co-operated faithfully and efficiently with Mr. Holt in this work and the service was most commendable.

The Sentinel also learns that the break in Mr. Blount's dam was also made by him in order to relieve the strain by degrees and save as much of the dam as possible as well as to prevent the flood below.

PRECINCT CONVENTIONS.

Precinct conventions of Democratic household will be held in Precinct No. 1 next Saturday afternoon at 2:30 at the following places:

- East Box, in office of Cason, Monk & Co., with D. K. Cason as chairman.
- South Box in the City Hall with Jno. N. Gilbert as chairman.
- West Box, office of Summers Lumber Co., with W. U. Perkins as chairman.

These conventions will elect delegates to the county convention, and all democrats are invited.

MARRIAGE LICENSES.

The following licenses to wed have been issued since last report:

- Aaron Johnson to Pauline Desmuke (col).
- Alford Ainsworth to Miss Ethel Castleberry.
- Clint Rogers to Miss Lora Garner.
- E. C. Bond to Miss Fiddie Garrison.
- J. T. Armstrong to Miss Lizzie Townley.

MUNITION SHIPMENTS STOPPED.

Laredo, Texas, May 2.—The war department has instructed the commander at Fort McIntosh here to stop all shipments of war munitions to Mexico. A half million rounds of rifle cartridges held by custom inspectors on account of questionable destination will be taken in charge by the local military.

The order is taken to mean here to prohibit the exportation of munitions to all parties in Mexico. Local customs officers have been holding for some time shipments of munitions when it was believed they were intended for enemies of the de facto government.

CAUGHT BOOTLEGGERS.

Sheriff Spradley and deputy and County Attorney Wade arrested and placed in jail, Saturday evening, Bill Bruton and his son, Felix, charging them with unlawfully selling whiskey. The parties are negroes.

Look out they are coming. This season's undelivered Easter Tailor-Made suits at a saving for you. Zeno Cox, Jr. 2-6d1w

FOR CONSTABLE.

To the citizens and voters of precinct No. 1:

I hereby announce myself as candidate for constable of precinct No. 1, Nacogdoches county, subject to the action of the democratic primaries.

I need no introduction to the people of this precinct. I have lived here among them all my life and nothing I can say would add one thing to my claim for your vote. Being known by all our people, I will say this: When you elect a constable you want a man who has the energy and ability to perform the duties of the office, and who will perform that duty without fear or favor. I will do that. When papers are placed in my hands I will serve them and I will use what energy and ability I may have to enforce the law. Having done that I shall consider that I have done what you expected of me, and now ask your consideration and your vote in the coming election.

L. C. (Ike) SKILLERN.

In the whole field of medicine there is not a healing remedy that will repair damage to the flesh more quickly than BALLARD'S SNOW LINIMENT. DIED LAST NIGHT.

From Thursday's Daily: Mr. S. V. Wood of Broadus, who was brought to this city for an operation about a week ago, died last night, and his remains are being carried back to his home today, accompanied by a party of relatives and friends who came to attend him in his last illness.

Shallow complexion is due to a torpid liver. HERBINE purifies and strengthens the liver and bowels and restores the rosy bloom of health to the cheek. Price 50c. Sold by all druggists.

LEADERS OF IRISH REVOLT GIVE UP

Dublin, April 29.—(Via London, April 30.) The complete overthrow of the Irish rebels is claimed in a statement issued this afternoon, which says that all of the leaders have surrendered and that the Four Courts district has been recaptured.

While official confirmation has not been received as yet of the reported death of James Connolly, leader of the military forces of the rebels, the report is accepted here as true.

Peters Pearce, civic leader of the revolution, who was named as president in the proclamation declaring the establishment of an Irish republic, has surrendered unconditionally.

Barbed wire cuts, ragged wounds, collar and harness galls, heal up quickly when BALLARD'S SNOW LINIMENT is applied. It is both healing and antiseptic. Price 25c, 50c and \$1.00 per bottle. Sold by all druggists.

PRECINCT CONVENTIONS.

All people of the county interested in the preservation of the Democratic party should remember that next Saturday is the day set apart for precinct conventions that next Saturday is the day set apart for precinct conventions, at which time delegates will be elected to the county convention.

Conventions should be held in each precinct and good men selected who will reflect the wishes of the party in each of the separate places which will turn enable the county convention to represent the wishes of the majority of the county.

Dizziness, vertigo (blind staggers), sallow complexion, flatulence are symptoms of a torpid liver is inactive. HERBINE is a powerful liver stimulant. A dose or two will cause all bilious symptoms to disappear. Try it. Price 50 cents. Sold by all druggists.

RETURNED WITH BRIDE.

From Monday's Daily: Tom Floyd, a well known and highly respected young man of this city, was married to Miss Esther Ferquerson at Shreveport yesterday morning at 7:00 o'clock, and arrived in the city with his bride on the noon train. Mr. Floyd has many friends in the city who will rejoice with him in his new-found happiness, and who will extend his bride a hearty welcome to residence in the city.

MEXICAN SITUATION UNDER DISCUSSION

The latest dispatches from the field of the conference would indicate that the Mexican dispute has been delayed pending a ruling from Washington. Mexican authorities make the single demand that United States troops be withdrawn from Mexico, asserting that failure in which all Mexicans will unite to fight a common enemy, while the American generals insist that the troops should be kept on duty pending the restoration of law and order and the suppression of the bandit gangs.

The following extracts from the report best tell the tale:

Obregon, at the conference Saturday afternoon, asked for the immediate withdrawal of the punitive expedition. He said by no other course could war between his people and the United States be averted.

The first demand was made without qualifications. The experienced American generals, however, expect the Mexican official ultimately to yield to an agreement for a reasonable time limit.

It is the known purpose of General Scott to insist upon sufficient time to disperse the bandits and restore order in Northern Mexico. In the meantime, he will demand as evidence of the good faith on the part of the defacto government permission to use the railroads.

The first session of the conference opened in the Jaurez customs house at 5:06 o'clock and ended at 7 o'clock, Saturday evening. While waiting for the American generals to arrive, one of General Obregon's staff officers said:

"General Obregon has but one instruction from the defacto government: That is to demand the withdrawal of the American punitive expedition from Mexican soil at once. He will take up no other matters.

"In the event Scott and Funston refuse this and insist on the troops remaining longer in Mexico and demand co-operation of Carranza soldiers, there will be war. Obregon will go to join his forces. Every Mexican soldier will unite to fight the common enemy—the United States.

"There will be extension of time granted by Obregon for the withdrawal. This attitude is made imperative by public sentiment in the interior of Mexico. This sentiment is so strong that, in the event of any other course his star would set and the constitutional cause be lost forever."

Gen. Gabriel Gavira met Generals Scott and Funston at the international bridge with a military escort, as on the occasion of the first call, made Friday night. General Obregon, with his chief of staff, General Serrano, and Generals Jacinto Trevino and Calles, were waiting in the reception room of the customs house when the American conferees arrived.

A merchant was once heard to say in a public meeting that he could sell stove wood to some farmers, and we are inclined to believe what he said.—Athens Review.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75 cents. Take Hall's Family Pills for constipation.

NO MORE C. O. D. LIQUOR SHIPMENTS BY EXPRESS

Dallas, Texas, April 28.—The express companies have "washed their hands" of the c. o. d. liquor traffic into prohibited territory because this class of business seems to be outlawed, G. B. Simpson of St. Louis, general superintendent of the Wells-Fargo & Co., said last night, as he was boarding Frisco train No. 4 for St. Louis.

Mr. Simpson spent yesterday in Dallas with G. A. Taft of Houston, industrial agent, with headquarters in Dallas.

The reason the express companies do not want to handle the liquor consigned c o d to dry territory is because the voters in so many districts have indicated by the ballot that they do not want whiskey and beer, and it is the policy of the express people to give them what they want.

"Another reason why we do not want to transport liquor into dry territory is because such operations are nothing more than conducting saloons," said Mr. Simpson. "It does not seem fair to vote out the operations of legitimate saloon men and permit express companies to come right along and conduct the same traffic.

"Yes, it is true that c. o. d. business in handling intoxicating liquors was a source of revenue not to be sneezed at, so is carrying a sack of dynamite on a bucking mule, but there is a broad principle involved."

Mr. Taft and Calrence Simpson went to Houston last night.

THE POSTOFFICE MATTER.

It will be remembered that a few weeks ago the postmaster of Nacogdoches received a message from the department announcing that only one opening had been provided for in the building proposed for this place, and that Mayor Matthews addressed a letter to the department protesting against this plan, insisting that an opening should be made in each of the four sides in justice to the property owners affected in the arrangement, and for the convenience of the general public. In answer to this letter of protest, Judge Matthews has received the following letter addressed to him personally:

Washington, April 27, 1916. Hon. Geo. H. Matthews, Mayor; Nacogdoches, Texas.

Acknowledgement is made of your letter of April 17th, stating that you are somewhat surprised and a little disappointed that the proposed new Post Office building at Nacogdoches, Texas, shows but one public entrance,

DANGEROUS CALOMEL IS SELDOM SOLD NOW

Calomel Salivates! It Makes You Sick and You Lose a Day's Work—Dodson's Liver Tone Acts Better Than Calomel and Is Harmless for Men, Women, Children—Read Guarantee!

Every druggist here, yes! your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it while Dodson's Liver Tone is safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large family-sized bottle costs only 50 cents and if you find it doesn't take the place of dangerous, salivating calomel you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine, no sick headache, biliousness, ague,

sour stomach or clogged bowels. Dodson's Liver Tone doesn't gripe or cause inconvenience all next day like calomel.

Take a dose of calomel tonight and tomorrow you will feel sick, weak and nauseated. Don't lose a day's work!

Dodson's Liver Tone is real liver medicine.

You'll know it next morning because you will wake up with your head clear, your liver active, bowels clean, breath sweet and stomach regulated. You will feel cheerful and full of vigor and ready for a hard day's work.

You can eat anything afterwards without risk of salivating yourself or your children.

Get a bottle of Dodson's Liver Tone and try it on my guarantee. You'll never again put a dose of nasty, dangerous calomel into your stomach.

ANENT RELATIONS WITH GERMANY

Washington, April 28.—Ambassador Gerard at Berlin in advising the state department today that he had been invited to confer with Emperor William at Army headquarters said he had not been informed of the purpose of the conference. In fact, Secretary Lansing said when announcing the receipt of Mr. Gerard's dispatch no explanation of any kind had accompanied the invitation.

The belief prevails that the emperor desires to discuss the general submarine subject with Ambassador Gerard.

Diplomats, especially those attached to Teutonic embassies, seemed to regard the conference ambassador as holding a certain degree of hopefulness.

Brief consideration was given the submarine issue at today's cabinet meeting, the first held in a week, but Secretary Lansing was able to give only the most meager information on the subject.

The attack by a submarine on the British merchantmen industry reported today and the placing of the crew in open boats 120 miles from shore created an unfavorable impression on officials, although there were no Americans on board and therefore the United States is not directly concerned. Germany has admitted

that it is only proper to place crews of attacked vessels in open boats when they are near shore and the weather is good.

Optimism regarding the ultimate outcome of the situation was apparent in German circles following the receipt by the German embassy of dispatches from Berlin described as indicating that Germany would attempt to meet the American demands.

Because of the visit of Mr. Gerard to the emperor officials seemed inclined tonight to believe it would be impossible for Germany to make reply to the note until early next week.

MORE SIDEWALK.

Messrs. Henry Schmidt, Lee Gaston and Giles M. Haltom, living up North Street, are doing their duty as good citizens by having good sidewalks put down in front of their premises. Mr. Fritz Ingraham is getting ready to do likewise, and the whole will make a pretty good start on the street which is already pretty well covered with sidewalk and will pass inspection with a few more connections.

And now that a good start is being made, let the "fever" spread until it becomes "epidemic" and covers the city like a blanket.

SELL TO FARMERS

Washington, April 28.—Senator Sheppard, democrat of Texas, told in the senate today that the United States was menaced by a rapidly increasing aristocracy of land owners, and proposed a constitutional amendment to authorize congress to purchase land anywhere in the country, hold, improve, subdivide and sell it and make loans for the people, encouraging farm-home ownership. The amendment, he said, was similar to one adopted in Massachusetts and approved more than 3 to 2 by a popular vote.

Judge V. E. Middlebrook of Nacogdoches is in the city today, and was a pleasant caller at the News office. He is a candidate to succeed himself as Associate Justice, Place N. 1, of the Court of Civil Appeals for this the Ninth Supreme Judicial District of Texas. He is a very affable gentleman, a learned jurist and has many steadfast friends who are loyal and active in his behalf for the position sought. He will have many ardent supporters in Lufkin and Angelina County as well as over the entire district. Lufkin News.

YOUNG MAN'S OPPORTUNITY.

Largest and Most Successful Cotton Classing School in America.

There is a greater demand today than ever for the young man who thoroughly understands the cotton business. Such as: Classing, stapling, averaging, buying, selling, shipping, exporting, keeping of gin records, merchant's cotton records, warehouse records, cotton office stock books and other blanks necessary to the business. The representative of the largest cotton concerns, as well as the merchants and warehouse managers have highly indorsed our course of instructions. They say we are meeting a long felt want. Bonded warehouses alone require hundreds of young men. We have expert instructors with practical experience in every detail of the business and have installed in this department a cotton exchange board with telegraph instruments attached. Here our students are taught to read price quotations from the Liverpool, New Orleans, and New York markets. They are also given the ginners and Government reports on production and the probable effect on prices. Nothing is left undone to make our students efficient in the work. The cost of the above course complete is \$23.00 for tuition, and \$2.00 for books and material. Time for completing is from four to six weeks, owing to the ability of the student. Students may enroll at any time. There is such a great demand for work of this kind, that we have large and enthusiastic classes of men and boys throughout the year. Enter at once. Fill in the blank, and mail today. Tyler Commercial College, Tyler, Texas.

OBREGON REACHES JAUREZ

El Paso, Texas April 28.—General Alvaro Obregon, minister of war of the de facto government, is in Jaurez today waiting to confer with Major Generals Scott and Funston on the military questions that are involved in the American punitive expedition into Mexico. General Obregon, accompanied by General Jacinto Trevino, military governor of Chihuahua; General Samuel S. Santos, Governor Enriquez of Chihuahua and Presidente Jose de Luz Herra of Parral, reached Jaurez this morning on a special train.

MARTIAL LAW OVER IRELAND

London, April 27.—Martial law has been declared throughout Ireland and Major General Sir John Maxwell, who until recently commanded the troops in Egypt, has gone over to take charge, the Irish executive officials having placed themselves under his instruction. He has been given full disciplinary powers for the extension of the operations and the suppression of the rebellion.

The revolt, which broke out in Dublin Monday has spread to other parts of Ireland, chiefly to the west and south. This information together with the fact that the rebels are still in possession of parts of the city of Dublin was given to the nation by ministers in parliament today.

Premier Asquith who yesterday had given reassuring news respecting the situation in Ireland caused something of a flutter of excitement today in the house of commons when he announced the spread of the movement to other parts of Ireland, the retention by the revolutionary forces of certain parts of Dublin and the fact that fighting was still going on in the south.

He further announced the country was convinced that the force now in Ireland and those proceeding there were adequate to deal with the situation.

John Redmond, leader of the Irish nationalist party and Sir Edward Carson, the unionist leader, strong opponents of the home rule question, expressed their detestation of the uprising.

AMBASSADOR TO MEET THE KAISER

Berlin, April 27, by wireless to Sayville.—James W. Gerard, the American ambassador to Germany, will leave Berlin tonight for the German army headquarters, where he will be received by the German emperor.

Dr. Von Bethmann-Hollweg, the German imperial chancellor, who has been at the army headquarters, is expected to come to Berlin tomorrow to prepare Germany's answer to the latest American note.

Foreign Minister von Jagow called on Ambassador Gerard at the embassy at 10 o'clock this morning for a talk on the general situation and declared his intention of returning later in the day.

COTTON FUTURES BILL RE-ADOPTED

Washington, April 28.—The Lever cotton futures bill was adopted by the house late today by an overwhelming vote as an amendment to the pending agricultural bill. The bill is a slightly amended duplicate of the one held unconstitutional by the New York Federal Court last year because as a revenue measure it did not originate in the house.

MARCHING ORDER GIVEN TROOPS

Columbus, N. M., April 28.—A column of cavalry about four miles long moved from the base camp late this afternoon. It was planned to encamp tonight at Gibson's line ranch, 15 miles west along the border, and cross the frontier early tomorrow. The detachment is the largest to leave Columbus since the original expeditionary force crossed the border March 15.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

AFTER SIX YEARS OF SUFFERING

Woman Made Well by Lydia E. Pinkham's Vegetable Compound.

Columbus, Ohio.—"I had almost given up. I had been sick for six years with female troubles and nervousness. I had a pain in my right side and could not eat anything without hurting my stomach. I could not drink cold water at all nor eat any kind of raw fruit, nor fresh meat nor chicken. From 178 pounds I went to 118 and would get so weak at times that I fell over. I began to take Lydia E. Pinkham's Vegetable Compound, and ten days later I could eat and it did not hurt my stomach. I have taken the medicine ever since and I feel like a new woman. I now weigh 127 pounds so you can see what it has done for me already. My husband says he knows your medicine has saved my life."—Mrs. J. S. BARLOW, 1624 South 4th St., Columbus, Ohio.

Lydia E. Pinkham's Vegetable Compound contains just the virtues of roots and herbs needed to restore health and strength to the weakened organs of the body. That is why Mrs. Barlow, a chronic invalid, recovered so completely. It pays for women suffering from any female ailments to insist upon having Lydia E. Pinkham's Vegetable Compound.

Let Us Fill Your Prescriptions

You exercise your best judgment in your selection of a physician for your needs; but unless you show the same good judgment in the selection of the druggist to fill your doctor's prescription how can you be sure that his instructions have been followed in the compounding of the prescription? Here the greatest care is exercised when putting up a prescription from the weighing and measuring of the active ingredients to the accurate and scientific combining to make the prescription all your physician expects it to be in accomplishing quick results.

RESOLUTIONS.

To the Worshipful Master, Warden and Brethren of Milam Lodge No. 2, A. F. & A. M.:

We, a committee appointed to draft resolutions upon the death of Brother J. L. Gill, beg leave to submit the following:

Whereas, Almighty God, in his wise provisions has seen fit, on the 2nd day of March, to remove from the cafes and troubles of a transitory existence to the great beyond the soul of our Brother, J. L. Gill, thereby weakening the chain which united us in earthly ties as man and brother.

Therefore, be it resolved, that by the death of Brother Gill, Milam Lodge No. 2, has lost one of its true and faithful members, the community a good citizen, his wife a devoted husband and his children a loving father. While we have consigned his body to the grave, earth to earth, ashes to dust, we commend them to look forth to the general resurrection when the earth and sea shall give up their dead.

We recommend that a copy of these resolutions be spread upon the minutes of the Lodge, a copy be furnished the press and a copy be furnished the immediate family.

Respectfully submitted,
J. F. SUMMERS,
F. D. HUSTON,
J. THOS. HALL.

THE SAPP TRIAL.

From the Lufkin News we get the information that the jury was completed in the Sapp trial at Lufkin yesterday afternoon, and the taking of testimony would be begun this morning.

Several of the large state papers have special correspondents who will report the trial in which much interest centers.

The most vigorous workers have spells of "tired feeling" now and then. This feeling is caused by derangement in the stomach, liver and bowels. A few doses of Prickly Ash Bitters quickly corrects the disorder and sends the blood tingling through the veins, carrying life and renewed energy throughout the system.

RESOLUTIONS.

To the Worshipful Master, Warden and Brethren of Milam Lodge No. 2, A. F. & A. M.

Your committee appointed to draft resolutions expressive of the sentiment of the Lodge, on the death of our Brother L. G. Hanks, who departed this life on February 22nd, 1916.

Whereas, it has pleased the Great Architect of the Universe to remove from our midst our beloved brother who had lived so long with us, and who, by his conduct, as a true and loyal Mason for many years, exemplified his sincere attachment to the cause of Masonry and its teachings, and whereas our Masonic Order has lost a faithful member, the community an exemplary citizen, and his wife and children a devoted husband and father.

Be it therefore resolved, that we do hereby express our sincere regret at the loss of our beloved brother, and extend our heartfelt sympathies to his bereaved family in their great sorrow, and be it further resolved that these resolutions be spread upon the minutes of the Lodge, a copy of the same be furnished the family of our deceased brother, and that they be published in the papers of the City.

Respectfully submitted,
W. E. THOMASON,
F. D. HUSTON.

FIRE AVERTED.

By the quick wit and bravery of Mrs. Ernest Spradley this morning, her home was saved from partial if not wholly destruction by fire. While she was out fire broke out in the sitting room, burning the window curtain, shade and considerable wall paper before she made the discovery.

Immediately upon discovering the outbreak, she went to work and in a few seconds had the flames extinguished with but little damage to the room.

MISSIONARY SOCIETY.

The Missionary Society of the First Presbyterian Church met at the home of Mr. and Mrs. W. F. Wilson Monday afternoon.

A good attendance was present, with a good lesson on Ministerial relief. Mite boxes were ordered, to be opened December, the proceeds to go to the Endowment fund for aged ministers, a cause dear to all Presbyterians.

Cream and cake was served by the son and little daughters of this hospitable home.

SATURDAY'S LOCALS.

Simeon Meador went to Orange yesterday where he has a position.

Mrs. A. B. Meador has gone to Abilene to visit with her sister, Mrs. Rawlinson.

Harvey Cochran of Teague, Texas, was in the city today en route to Garrison.

Miss Gertrude Byrd arrived home yesterday from a visit to her sister, Mrs. Lilly, at Tyler.

Ernest Spradley is in receipt of a letter from his parents, Mr. and Mrs. J. M. Spradley, who are spending the summer at Mineral Wells for the benefit of the lady's health, stating that Mrs. Spradley is doing as well as could be hoped for. Mr. and Mrs. Spradley have many friends in the county who trust that they may return ere long fully restored to health.

Mr. G. C. Schnitzer, a special correspondent of the Houston Post, who will be remembered as the gentleman who spent some time with us and reported the Murchison trial for his paper, and Mr. W. G. Ruggins, a special correspondent of the Houston Chronicle, were in the city this morning en route to Lufkin where they go to report the Sapp trial. Owing to a washout down the line, the train on which they came detoured and went around by Beaumont and came up the track of the T. & N. O., arriving here this morning at four o'clock. Mr. Schnitzer made The Sentinel a pleasant visit while here.
