PRESIDENT CALLS STATE MILITIAS

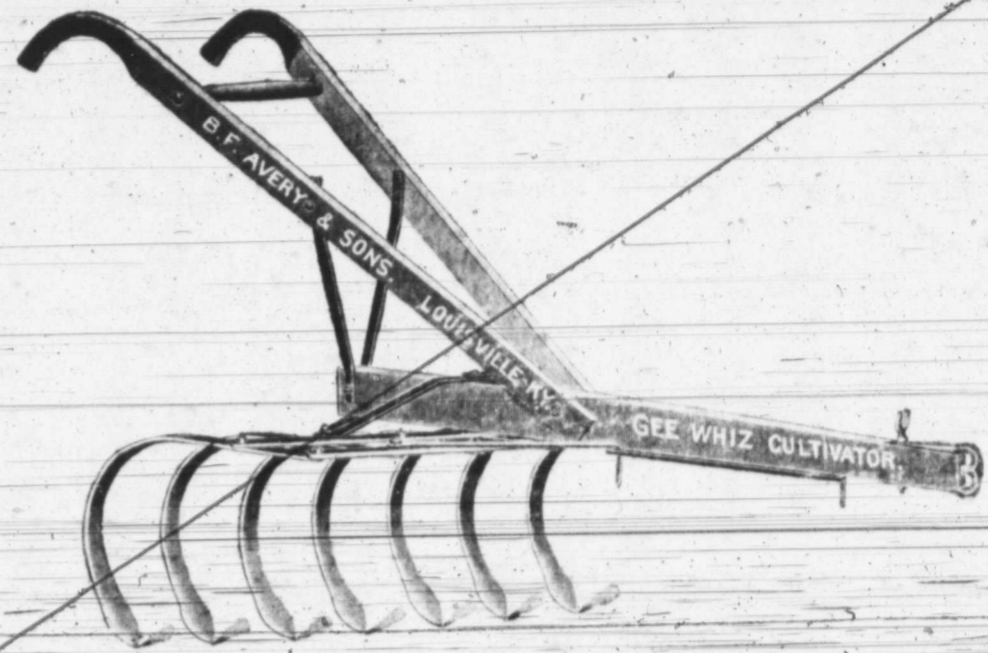

Texas, New Mexico and Arizona Ordered to Get Troops in Readiness for Border

Washington, May 9.—President Wilson has called out the militia of Texas, Arizona and New Mexico to deal with the border situation.

By these orders approximately 8000 additional troops were placed under Major Funston's command. Behind the orders is the plain intimation by administration officials that the whole strength of the National Guard will be similarly employed if necessary.

Secretary Baker today issued the following statement regarding the use of the militia:

"The outbreak in the Big Bend district of the Rio Grande has so further emphasized the danger of similar occurrences along our long border that the president has called out the militia of Arizona, New Mexico and Texas and

GEE WHIZ

Have you used one of these Spring Tooth Cultivators? Take one to your farm—use it six days—and you will say "Gee Whiz I don't see how I have done without you so long." We positively guarantee them to give satisfaction.

"Gee Whiz" Cultivators or Harrows come with seven spring teeth. All these teeth are removable and you can easily make it a 4, 5 or 6 tooth harrow. It is easy to adjust and can be made into a "V" shape, "A" shape, side harrow, or into most any other shape.

"Gee Whiz" is only one of the many labor saving tools that we want you to see. Come to our store when you are in town and see Miss Dixie Shawnee Jr., Mr. Bill, Red King, Southern Queen, Lucky Jim and all the other members of the Avery family. We are anxious for you to meet them for we know that you will be pleased with their appearance and we guarantee that what they do is alright.

Don't disappoint the AVERY'S. Come to see them when you are in town.

Cason, Monk & Co.

Miss Graduate:

We beg to call your attention to our extensive assortment of fabrics, especially suitable for graduation dresses, such as

FINE ORGANDIES, 46 inches wide, per yard 39c, 50c, 75c, \$1.00

FINE LINGERIES, 42 inches wide, per yard 25c, 39c, 50c, 75c, \$1.00

WAIST 8356 SKIRT 8361
BUTTERICK PATTERNS
DRESS CHIFFONS
In white only, 42 inches wide, per yard \$1.00

CREPE DE CHINE
White and all shades, 40 inches wide, \$1.25, \$1.50

CHIFFON TAFFETAS
In white and all popular shades, 36 inches wide. Per yard \$1.50, \$1.95

GEORGETTE CREPE
In white and all leading colors, 40 inches wide. Per yard \$2.00

JUST RECEIVED---Chiffon Taffeta, rose reseda, silver grey and navy. Georgette Crepes to match.

This Week You Will Find Us Showing a Great Many Specials in Our Ready-to-Wear Department

LADIES' WAISTS.
Made of voile, organdy and Jap silk
\$1.00 WAISTS at 69¢
\$1.50 WAISTS at 98¢
\$1.95 WAISTS at \$1.45
These are all new styles and a great bargain at the above prices.

CHILDREN'S MIDDY BLOUSES
For your selection we offer 50 of them
SPECIAL
—sizes 8 to 14—values 60 cents;
SPECIAL at 39¢ or 3 for \$1.00.

CHILDREN'S WASH SUITS
Ages 2 to 8 years
All the latest styles. You will find us showing them to you at prices from 50 to 75¢.

MILLINERY
Ladies', Misses and Children's HATS
We offer them at SPECIAL REDUCTIONS. Come see and price our Hats before you make your purchases.

ONE WEEK SPECIAL
We are offering \$1.50 NAINSOOK and LONGCLOTH GOWNS at 89¢.

MEN'S PANAMA HATS
Are very popular this season. We are showing an extensive line at \$3.50, \$4, \$5 and \$6.

MEN'S SHIRTS
The prettiest line of Men's Shirts ever displayed. You will find here in all the newest patterns at prices ranging from \$1, \$1.25, \$1.50 to \$2.00.

Delineator Subscribers, Please Call for Your June Number.

MAYER & SCHMIDT, INC.

directed them to report to General Funston.

"In addition to that, two additional regiments of regular infantry have been directed to proceed to the border and such further arrangements will be made as are necessary for the complete security of the people of the United States against raids of this character."

Secretary Baker said the militia of the three border states would make available about 8000 men.

TIMPSON COMPANY GETTING READY

From the Timpson Times the information is gleaned that Company B. T. N. G. has received a call to arms for service on the border and the boys are being are being gotten together rapidly and everything put in readiness for response.

Capt. Morrison was in Austin when the call was made. He wired his company to get in readiness and is hurrying home to join them.

NACOGDOCHES GRO. CO. IN ANNUAL MEETING

The Nacogdoches Grocery Co. has had its annual meeting of stockholders, at which the following directors were elected:

E. H. Blount, B. F. Hardeman, John Schmidt, W. F. Gintz, J. F. Schmidt, Oscar Matthews.

The directors in turn elected the following officers for the ensuing year:

John Schmidt, President.
Oscar Matthews, Vice-president.

W. F. Gintz, Secretary-treasurer.

An investigation of the affairs of the company disclosed the fact that a good increase in business had been enjoyed the past year,

and everything in a very satisfactory condition. This enterprise is one of the largest and most prominent wholesale houses in East Texas, owned and operated by a bunch of live business men of this city, and is growing in usefulness and importance as the years pass.

F. & M. STATE BANK ANNUAL MEETING

At a meeting of the stockholders of the Farmers and Merchants State Bank, held Tuesday, May 9th, the following were re-elected as directors for the ensuing year:

Geo. H. Meisenheimer, Wm. G. Reid, Dr. A. A. Nelson, H. T. Mast, L. B. Mast, Jno. N. Gilbert, C. A. Hodges, and R. D. Burrows.

The directors in turn elected the following officers:

Geo. H. Meisenheimer, President.
L. B. Mast, Vice-president.
C. A. Hodges, Vice-president.
H. T. Mast, Cashier.
Clifford Mast, Assistant Cashier.

The past year's business was found to have been the most profitable in the history of the bank. \$5000.00 was passed to the surplus account which increases the surplus fund to \$25,000.00, and \$2000.00 to the undivided profit account. A liberal dividend was also declared, payable to the shareholders monthly during the coming year.

E. J. Campbell, principal of the colored school, brought a sack of Irish potatoes to this office this morning, which were raised by the class in agriculture and domestic science in his school. The potatoes are uniform and well grown, and demonstrate the fact that the class is making good progress in this important branch of their school work.

APPLEBY MAN IS DANGEROUSLY ILL

From Hon. R. B. Walthall, who came through Appleby this morning, we get the information that J. P. Barr, a well known and prominent citizen of that community is dangerously ill, and much apprehension was being felt about his condition.

Mr. Barr was taken ill very suddenly, and it was feared that he had gotten poisoned in some way. He was being treated in Dr. Tindall's office by three local physicians when Mr. Walthall passed through.

Lonnie Stone, who has been so sick with typhoid fever since suffering a relapse, was thought to be better this morning. The young man was thought to have passed the crisis at one time, but suffered a relapse, and for awhile much apprehension was felt about his condition, but having survived so long, and now apparently better, hope is restored for his recovery.

WANTED FOR THE Y. P. C. A. 200 mothers to attend our "Mothers Day" program Sunday, May 14, at 3 o'clock in the First Presbyterian church.

Come! The Young People's Come, and bring your mother to this meeting—it will be a joy to all. Special music, talks and poems will be featured in this meeting.

Come! The young people's Christian Association cordially invites all to this special "Mothers Day" program.

Committee.

The ladies wonder how Mrs. B. manages to preserve her youthful looks. The secret is she takes Prickly Ash Bitters; it keeps the system in perfect order.

O. M. GIBBS, Editor

The Lufkin News announces that "the flood is gradually subsiding." Bully!

The Temple Telegram says: "So far Villa has complained of no shortage of dyestuff."

Did it rain? Let Nacogdoches answer the question.—Lufkin News.

Is the water too "deep" for you?

An exchange suggests that possibly the reason some people mortgage their homes to buy automobiles is because they are never at home when they have cars.

God did not place us here to dream continually of the great things we'd like to do, but to do the things we find at hand; to lift the load and carry it bravely, and to shine where we are. These are God's gifts to us all. A life of idleness is a life not worth the living.—Henderson Times.

"If any man here," shouted the temperance speaker, as reported by the Western Druggist, "can name an honest business that has been helped by the saloon, I will spend the rest of my life working for the liquor people." A man rose, "I consider my business an honest one," he said, "and it has been helped by the saloon." "What is your business?" demanded the orator. "I am sir," was the reply, "an undertaker."—Ex.

The German note, answering demands of the United States, has been handed to the United States representatives—but a copy of it has not yet been handed to the press, hence its contents are not known. It is intimated that some large concessions have been made, but whether enough to warrant the United States in accepting it remains to be seen. In the meantime let up hope for the best and keep our powder dry.

Dr. R. C. Buckner, founder and superintendent of Buckner Orphans Home of Dallas, passed through Cushing, Saturday en route to Douglass to speak at the Fifth Sunday meeting of the Nacogdoches County Baptist Association. Dr. Buckner is too well known to the people of Texas to need an introduction. He now has in his family 650 orphan children. As a man of service he stands prominent.—Cushing Enterprise.

The mail order houses come in for a pretty hard jolt when the following questions are propounded by some writer who failed to sign his name to the interrogatories. He says: Do you know of a mail order house that has contributed one cent in taxes, or otherwise, toward defraying the expenses of local government far removed from their base of operation? Do you know of a corporation of this kind that has ever contributed one cent toward the upbuilding of either churches or schools? Do you know of one that has ever done anything save pull money out of the community, with absolutely no hope of its ever drifting back? Following up these simple questions, the writer also wants to know why deluded folks will continue to enrich people who have no concern for their patrons, save to extract from them their hard-earned money, and in advance besides, for goods they never see until the bill has been "settled for" in advance. Somebody answer this for us, please.—Timpson Times.

Both President Wilson and General Caranza have ratified the peace pact negotiated by their generals, and of the matter President Wilson is quoted with saying: "It proves a basis of cooperation which promises to prevent misunderstandings and strengthens the cordial relations of the two Republics." "Behold how good and pleasant it is for brethren to dwell together in peace." Let us hope that the war clouds will never hover again.

The Nacogdoches Sentinel in commenting on the change of schedule on the Santa Fe left the impression that the "Boll Weevil" that used to lay over in Center had been discontinued altogether. But, such it not the case; it now runs from Timpson to Gary and from Gary back to Timpson on to Grigsby, then back to Gary returning to Timpson after making connection with the Longview-Beaumont train, where it remains for the night. Timpson people can now make a daylight trip to Center, and return home not having to spend a part of the night in Tenaha.—Timpson Times.

We thank the esteemed Times for the correction. The train has been discontinued to Center, but retained as above noted, and we seem to have "bungled" in reporting the change.

East Texas is waking up. From every side comes tidings of new enterprises under way and, what is more to the point, of strong efforts now being made by the towns and cities of this part of the state to induce new industries to locate within their limits. A few years ago this section was content to take what came its way in the shape of development, which was not much save in the way of lumbering. Now factories are in demand, efforts are being made to improve the agricultural situation by cultivating the cut-over lands and by diversifying and intensifying the culture of the land already in use, some progress has been made toward the working of the iron deposits of the section. All this bodes prosperity for one of the richest sections of the state and of the United States. One day this will be among the richest and most populous sections of the country, because the natural resources and richness of the soil makes this a foregone conclusion. It needs but capital and advertising.—Port Arthur Record.

Here is an idea Nacogdoches people can appropriate which we caught from a religious discussion this morning: It has long been considered a moral law, and has been legalized with state law, to observe Sunday as a day of rest and worship. The scriptural injunction from which this law is made also provides that the individual shall work six days, and if you run out why not put in extra time in building side-walk? It is a sin to waste the days set apart for work in the same connection that it is wrong to labor on the sacred day, and as a good Christian you must do something to take up the time. Come across, you lazy rascal.—Nacogdoches Sentinel.

Splendid, excellent, Bro. Gibbs! Too many drones in the human hive. The same is the motif in that beautiful epic of VanDyke's "Toiling of Felix," which is based upon an alleged saying of our Lord Jesus Christ found in a mummy casing which was exhumed some forty years ago near the river Nile by some American Egyptologist. The words were these:—"Strike the Rock and there am I."—"Dig the Earth and you shall find me."—"Judge Dial in Cushing Enterprise.

SOME NEW RAILWAYS FOR EAST TEXAS

The following report of some new lines of railroad being built in East Texas was written by Henry C. Fuller for the Beaumont Enterprise, and will be of interest to readers of The Sentinel:

Newspaper reports, as well as information received from the localities where the work is in actual progress, show that three lines of railroad are being put through in the great lumber and agricultural section north of Beaumont and that when completed each line will have a profound effect upon the different localities which they transverse, as well as the point where they will terminate.

The first is the extension of the Angelina & Neches River railroad from Chireno, in the southeast corner of Nacogdoches county, to the old historic town of San Augustine, fifteen miles distant. The Angelina & Neches River railroad is owned and was built by that prince of good fellows and cavalier of the great pine woods, Col. Simon Henderson of Lufkin, or rather it is owned by the company of which he is the president and chief stockholder. It operates from Lufkin to Chireno and vice versa of course. Until this railroad was built to Chireno, every pound of merchandise for that hustling little town had to be hauled over good, bad and indifferent roads by way of Nacogdoches, twenty miles to the west, or San Augustine, fifteen miles to the east. Since the advent of the road Chireno has leaped into industrial prominence and prosperity almost at a bound. Under the inspiration of such good fellows and hustlers as Morgan-Weeks, Capt. H. V. Fall, Will H. Gray, Cecil Gray, Randolph Fall, Tom Curl, Dr. Taylor Mast and many others whose names are identified with the industrial life and activities of Chireno and the great section of which Chireno is the center.

Now Chireno has a splendid bank, a first-class local and long distance telephone exchange, one of the best schools in east Texas, a system of excellent roads leading to every point of the compass and other advantages quite too numerous to mention. Now that the Angelina & Neches railroad is to be extended to the town of San Augustine, it will place Chireno and San Augustine still further in the glare of the limelight of prosperity because the road will traverse a country immensely rich in timber and agricultural resources. If reports are correct it will cross the Attoyac river at the famous white sulphur spring, which is located not far from the bank of the river in San Augustine county, and there is no reason why a health resort should not be established there, as the water is very healthful. Many years ago the writer spent several days in the locality of the spring, visited it many times and was impressed with the character of the water. Just north of this spring but on the Nacogdoches side of the river are the well known gas flats, where it is believed inexhaustible quantities of natural gas will one day be reached.

The completion of this road will also give rail connection between Nacogdoches and San Augustine by a change of cars at Nacolina, a station on the Angelina and Neches River railroad between Lufkin and Chireno where junction is made with the Nacogdoches Southeastern, which traverses the oil fields of Nacogdoches county, and which, in all probability will some day, be reopened.

The other railroad is that which is being built by the Pickering Lumber company from its

big mill at Haslam, on the Houston, East & West Texas railroad, two miles east of Joaquin, in Shelby county, and also two miles from Logansport, on the east bank of the Sabine river, in Louisiana, towards Hemphill, the capital of Sabine county. The road has already reached a point due east of Center, and according to current report it will be extended to Hemphill. The road is following the Sabine river, penetrating immense areas of virgin pine and hardwood timber, and when completed will give that region quick communication with Joaquin and Logansport. It is probable that with proper inducement this road could be extended still further southward to a junction with the Orange & Northwestern at Newton, and thus reach deep water on the Sabina. It would parallel the Sabine river from Orange to Logansport, or Haslam, which is in sight of Logansport.

The third road is projected from Conroe on the Santa Fe in Montgomery county, to Cold Springs, the capital of San Jacinto county. When completed this road would open up a great section and would put an end to wagon transportation of merchandise from Shepherd, on the H. E. & W. T. railway to Cold Springs, over roads of heavy sand, a distance of twelve miles.

One interesting feature in connection with the buildin of these railroads is found in the fact that the last two county seats in what is known as East Texas, that now have no railroad facilities, would be connected with the outside world by rail—Cold Springs, San Jacinto county, and Hemphill, Sabine county.

Conroe is the capital of Montgomery county, one of the best lumber counties in the southwest and also one of the finest agricultural sections in the world. It is rumored that the Santa Fe railroad people are interested in building the line from Conroe to Cold Springs. The building of this line would give Cold Springs quick communication with Beaumont and deep water. In this connection it is reported that a sawmill of immense capacity will be built at Conroe to handle the timber cut in the territory through which the proposed road is to run.

DO YOU KNOW THAT

Light promotes cleanliness? A clean mouth is essential to good health?

Physical training in childhood is the foundation of adult health? The U. S. Public Health Service issues publications on hygiene and sanitation for free distribution?

Isolation is the most efficient means of controlling leprosy? Headache is Nature's warning that the human machine is running badly?

FROM LUFKIN NEWS.

Miss Anita Huston returned to her home in Nacogdoches this afternoon, after a several days' visit here at the home of Mr. and Mrs. Doyle F. Harrell.

Cooper Chesnut, the young man injured several days ago in an automobile accident, appeared on the streets yesterday afternoon. His many friends will rejoice to know that he will recover from the injuries received.

Dr. A. E. Sweatland of Nacogdoches was one of the prominent visitors in the City of Lufkin yesterday afternoon, spending the night in the city with friends. He is a very affable gentleman and enjoys an extensive and increasing acquaintance with the citizenship of Lufkin and Angelina County.

REAL NOBILITY OF FARMING

People used to think of farming only as an industry. Lately they are coming to realize the truth that farming is really (1) an industry, (2) a business, (3) a profession.

An industry is an occupation requiring manual effort or labor.

A business is an occupation requiring knowledge of buying and selling—financial transactions.

A profession is an occupation requiring technical skill and knowledge—scientific training.

The trouble with us heretofore has been that we haven't laid enough emphasis on the two last mentioned phases of agricultural effort. Too many of us have thought of farming as an occupation in which only muscular effort counted, the essential to success being summed up by Josh Billings in the famous lines: "He who by farming would get rich—Must take and hoe and dig and sitch Work hard all day, sleep hard all night, Save every cent and not get tired."

Fortunately, however, we are at last beginning to get a clearer understanding of the real situation. We are beginning to see that while farming is an industry—just as is digging coal in a mine, or cutting trees in a forest, or shoveling fuel in an engine, or keeping a piece of machinery going in a factory—yet farming is very much more than this.

It has nothing to do with the business side of his industry; all the purchase of supplies and all the big tasks of selling the product profitably are foreign to him. Moreover, for the miner or factory operative there is absolutely nothing in his work to make it a profession. It does not call for scientific knowledge and training such as the successful farmer requires in greater or less degree in a dozen branches—the care and management of soils; the effects of various processes of fertilization, cultivation, rotation; methods of combatting plant and animal diseases, and a thousand other problems offering scope for knowledge of chemistry, biology, physiology, botany, and a dozen other sciences.

This is why farming is a nobler occupation better calculated to develop ability, character, and all-round efficiency, than any other in which any great portion of the human race is engaged.—The Progressive Farmer.

The information is gleaned from the Lufkin News that Thos. W. Collins, who has been holding a position with that paper for a number of years, is making the race for district clerk of Angelina county. Mr. Collins married a Nacogdoches girl, which fact, together with the fraternal feeling, prompts us making the promise of our vote with the first news of the announcement. Mr. Collins is a most worthy young gentleman, well qualified for the duties of the position, and if elected will not betray the confidence reposed in him.

RECEIVES NEWS OF GOOD INHERITANCE

E. F. Sullivan, who has been making his home in this city several months, and who was engaged in operating the Davidson Inn restaurant for awhile, is in receipt of a letter from his father, residing at Howell, Mich., stating that an uncle had died, and in his will had left a division of his property for him (E. F. Sullivan) and other members of the family. It is estimated that the inheritance will amount to about \$10,000 for our townsman, and as he has suffered some reverses and misfortunes in business lately, it will come at a good time for him.

DeMOUCHE'S DEATH WAS ACCIDENTAL

The following report of the death of Louis P. DeMouche, a former citizen of this city, is taken from a recent issue of the Evening Picketwire, published at Trinidad, Colo., and will be read with interest by Nacogdoches people:

"Louis P. DeMouche, aged 63 years, proprietor of the L. and M. Cigar factory, and a resident of the city for the past 11 years died at the club rooms of Triple A this morning when he fell a distance of about 20 feet over a banister on the stairway leading to the second story of the building striking upon his head. No one was near him at the time of his fall and he was found by a porter lying unconscious at the foot of the stairs.

"The Rev. G. M. Henderson of the First Methodist church who was passing was summoned and he in turn called for Dr. Robinson. In spite of every effort to relieve his condition, Mr. DeMouche passed away about 10 minutes after he was found. Coroner Thomas Bradley was immediately notified and took charge of the remains.

"Mr. DeMouche has been visiting in Texas for several months and had been suffering with heart trouble. He returned just a short time ago from Texas and has been complaining of feeling badly.

"Last night he was unable to rest and when he arose he told his wife he would walk about a while. He went to the Triple A and walked around for a short time and the porter went down stairs. When he returned he found the local cigar manufacturer lying in a grave condition on the floor. The skull was badly fractured from the fall.

"Mr. DeMouche was born and raised in France, and served in the French army for several years. He came to Texas where he made his home until 1905 when he removed to this city. He has been very successful in business and was well known and respected wherever he lived.

"He is survived by a widow and three grown children, Mrs. Wilbur Davis of Trinidad, Mrs. D. C. Hunter of Taft, Texas, and Louis P. DeMouche, Jr., of Mt. Enterprise, Texas. He is a member of the Knights of Pythias and Odd Fellows fraternal societies. No arrangements have been made for the funeral as yet."

DIRT BROKEN FOR NEW BAPTIST CHURCH

From a letter from Rev. C. L. O'Bryan, the pastor, the information is obtained that dirt has been broken and the foundation is being laid for a new Baptist church, to cost \$5000, at Tenaha.

The church under the ministry of Bro. O'Bryan has prospered as is evidenced by this great step forward, and we congratulate the minister on his good work.

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

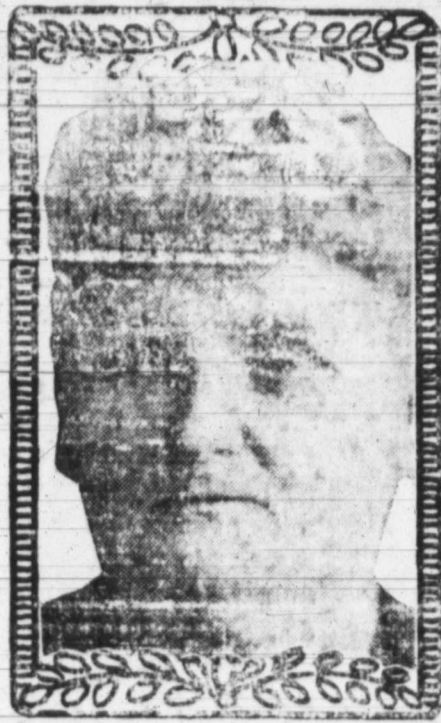

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 60 cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel, and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

SINCE TAKING PERUNA

I can say my bowels are much more regular. My heart is stronger. My appetite is much better. My throat is much better.

Mrs. William H. Hinchliffe, 20 Myrtle St., Beverly, Mass., writes: "I have taken four bottles of Peruna, and I can say that it has done me a great deal of good for catarrh of the head and throat. I recommend Peruna to all sufferers with catarrh. I do not think I ever felt much better. I am really surprised at the work I can do. I do not think too much praise can be said for Peruna."

Those who object to fluid medicines can now procure Peruna Tablets.

LONE STAR NEWS.

To the Sentinel:

As I have not read a letter from this place in so long I will try to write one myself. The health of our community is very good at present. Little Massie Stacy has been on the sick list for the last three weeks, but is recovering now.

Brother Rowlett filled his regular appointment at Lone Star last Sunday night. Our singing is progressing nicely. Mr. Bird from Redflat came and sang for us last Sunday. Dinner was served on the grounds and all enjoyed the spread.

Miss Sperling of Nat is spending the week with her sister Mrs. Red.

Miss Bernice Webber has returned from a pleasant visit to friends and relatives at Appleby. S. S. Myers of Nacogdoches spent Sunday with friends and relatives here.

Best regards to the Sentinel. (Sallie.)

W. F. Smith of Bronson was registered in the city last night.

Mr. G. W. Crawford, a venerable old gentleman from the Trawick country, was a pleasant caller at this office yesterday afternoon. Mr. Crawford belongs to the list of the survivors of the Confederacy who are still with us, and notwithstanding he is seventy-three years of age, he is still pretty well preserved. He belonged to Lockhart's Co., Lane's Regiment which went out from Navarro county. He was born in Rusk county, but reared in the county where he has spent the major portion of his life.

For Sale or Trade.

One 8x14 Center Crank engine, in good condition. Herman Seale, Nacogdoches, R. F. D. 2. 1dw

WOOL.

We are paying fancy prices for wools this year. Will pay for good clear wool 25c a pound. Give me a showing on your wool before you sell.

We want to handle your poultry. The market on poultry is extra good right now and if you have any to sell bring them in. JOE ZEVE

CONSERVATION OF OIL AND MINERAL RESOURCES

DEPOSITS RAPIDLY BEING EXHAUSTED.

Oil Will Decide World Sea-Power.

(Editor's Note—The following is the first of a series of articles by J. S. Cullinan, Chairman of the Texas Economic League, on the Conservation of Our Natural Resources, to which subject the League is now addressing itself.)

By J. S. Cullinan.

Texas is great in her agricultural, forest and mineral resources, and especially in those products which furnish food, raiment, shelter and fuel for the people. Our agricultural production can be easily increased to meet our growing demands, but the forests are fast disappearing, and it will require a generation to reproduce them; and our mineral fuel at the present rate of production and consumption will be exhausted almost within a few decades, and cannot be reproduced. The problem therefore of conserving our mineral resources is well upon us, and especially does this apply to petroleum for it furnishes light, heat and power for the factory, the mine, the farm, the home, and transportation on land and sea, and it is an indispensable factor in the army and the navy. This question vitally affects the daily life of every citizen and every community and of government. All who have studied the question must realize that modern civilization is absolutely dependent for its very existence upon petroleum, or some unknown substitute yet to be discovered, and that its conservation and use for essential purposes under strict governmental supervision and control should be undertaken before our bountiful stores are seriously impaired or exhausted.

The production of the United States in 1911 was 280,000,000 barrels. Deposits considered as known or defined as estimated by the United States Geological Survey are given at not less than ten, or not over twenty-five billion barrels. Using the above estimate, without undertaking to consider its accuracy, or without taking into consideration the rapid increase in both production and consumption, it will be seen that we are rapidly exhausting this resource, and that even after substantially discounting the above figures known deposits will be exhausted in a comparatively few years. Other nations seem already to have awakened to the importance of this question, and are now striving to secure oil-producing territory, not only in other countries, but recently in the United States, where large holdings are now owned abroad and others are constantly being acquired.

Having been identified with one branch or another of the business since the early Seventies, and having watched the growth and development of the industry from almost its beginning, which means not only in the United States but the world's business; having seen the production of the world grow from a little more than ten thousand barrels per day to approximately one million barrels per day, (of which the United States now produces nearly two-thirds), and having seen the growth of the tremendous fortunes that have been developed from this product, and the far-reaching power and control which they have been able to wield, not only as applied to this and other industries, transportation, financial and educational institutions, but at times to exercise marked control in the affairs of the government itself, I have been more and more impressed with the utter recklessness, disregard and indifference for national rights and resources that have been displayed by previous administrations, with one notable exception. Further, having been actively identified with the use of liquid fuel since its beginning, I am very firmly of the opinion that its use for naval equipment as fuel for boilers now, and in internal combustion engines later, when the latter form of power has been perfected to meet naval requirements, will be a pronounced, if not a controlling, factor in deciding future naval engagements and naval supremacy, and to that end it is my judgment that no minor considerations of expediency or expense should be permitted to intervene or prevent the government from providing fully for present and prospective future needs. From the standpoint of the nation as a whole, the equivalent of what we are selling at one dollar today, we will be purchasing from other nations at ten dollars or more later.

Capt. W. T. Whiteman, the popular lumberman from Caro, was among those in attendance upon the county convention in the city yesterday afternoon.

Mrs. W. W. Turner of Garrison changed cars here for Fort Worth, where she went to accompany Grandma Turner, an aged lady who was too feeble to make the trip alone, and who will spend the summer with a daughter in that city.

Dain Mowers and Hay Rakes

Did you ever see one? If you have not, then you should by all means look one over if you are interested in hay machinery.

DAIN MOWERS are very high-clutched, consequently run very fast and do not choke.

DAIN MOWERS have thirty-three clutches and the cycle begins cutting the moment your team makes the first step. In this way it eliminates the constant back up to start.

DAIN MOWERS have the driving gears all very close together and in front of the axles or front, and are so constructed that the heavier the cutting the closer they mesh together.

DAIN MOWERS are built so that the heavier your cutting the closer the main drive wheels cling to the ground, and never buckle and leave the ground, causing your machine to choke.

Now, all we ask of you is a chance to show you this machine. Come in at your earliest convenience and look it over.

Yours to please

FAIRVIEW LOCALS.

Health in our community is good at present with the exception of Mrs. Charley Smith. She is some better at this writing. Mrs. Doyle Harrall from Lufkin is staying with her.

The farmers are all very busy plowing their crops since the big rain. The rain washed some of the crops very bad.

Brother Joe Allen filled his regular appointment last Sunday at Gravel Ridge.

Mrs. Addie Burrows of Galveston is visiting her daughter, Mrs. Arch Price, for a few days.

Next Sunday, May 14th, at 11 o'clock, is Rev. Helpinstill's regular day to preach at Fairview. Everybody come out and hear him. Next Sunday is Mother's Day and we want everybody to come and wear a white flower of some kind. A white flower has your mother.

Sunday School will also be held at 10 o'clock on that day and we want everybody to be on time.

The young people have organized a society which they call the Helper's Band. It will meet on is invited to take part and help all they can. (J G)

A SMALL BLAZE.

From Monday's Daily. Last night about nine o'clock fire broke out in the little feed house in the horse yard of Mt. Fitz, across the street from the court house, and burned the contents of the house which consisted of some feedstuff, together with some clothing belonging to Charley Roberts. The fire department quickly arrived and extinguished it. But we digress to say that this lapse of time was but a few minutes, and the reason the fire gained so much headway was because the building was so small.

OUR PUBLIC FORUM

Hal W. Greer

ON DEFECTS IN OUR JURY SYSTEM.

The thirteen original American Colonies rebelled against a sovereign or autocratic form of government, and when the rebellion changed into successful revolution, these colonies sought to form a government in direct contrast to the one they had repudiated, by the creation of a Republic. This Republic was intended by its founders to be the antithesis to monarchy or oligarchy; they intended to protect individualism and abolish all class distinctions, as well as titles of nobility. Hence, they proclaimed as its cardinal tenet, "equal rights to all, special privileges to none."

Our forefathers incorporated many Constitutional provisions that might well have been left out, as the organic law of a Republic, and it may be that some of these will ultimately prove our undoing. Take our jury system as an illustration. It was first devised by the English Peers in the Magna Charter to prevent insincere charges of treason and confiscation of their estates by the Crown. These Peers demanded that no Peer should be held to answer a charge of treason without being tried by a jury of his Peers. And thereby Crown persecutions were curtailed. They soon extended this to embrace all charges preferred by the Crown. They had no notion of granting its beneficent effect to the common people; but after the Crown well rule the House of Commons adopted the jury plan for the benefit of nearly all persons accused of crime. This too was to relieve against persecutions of the Crown, as well as the over-lords, and thus it became a system in their jurisprudence. Now the fear of our revolutionary forefathers of the possibility of their going back under British rule caused them to adopt the Constitutional "right of trial by jury." And this, in my opinion, is the greatest disintegrating principle in our law today, and it is surely and persistently undermining and destroying all system in the law.

In all important cases—especially those of a criminal nature—every effort is made by the attorneys on the side of desiring to defeat the law, to eliminate all intelligent well-to-do men, and to only accept those who do not read the papers or keep informed on current events. Why? In fact, the law itself, in providing the formula for jury service, shows it is inconsistent in the assumption that that is the safest way of obtaining justice, because in all important cases the twelve men are treated as felons; they are kept together, fed together, and locked up to sleep together—taken away from the ordinary daily routine and association of their lives. Why? To prevent them from being corrupted? Why not also lock up the judge, the sheriff and his deputies, the district attorney, and the other attorneys in the case?

We are wrong about this country having too many laws, or in holding the lawyers responsible therefor; the reform needed is to abolish trial by jury, substituting three judges in lieu thereof, and do away with the elective judiciary.

We handle many factory goods fresh from the manufacturers. The prices are very low and the quality just as represented. Call and examine our line. It will pay you.

THE TEXAS STORE

Keep the Money at Home

ANSWER YOURSELF FAIRLY AND SQUARELY, AS MAN TO MAN, THESE QUESTIONS:

- Will the catalog house give me credit should I need it?
- Does the catalog house help to support our local schools?
- Does the catalog house help to keep up our road to town?
- Will the catalog house help to build up our town?
- Does the catalog house buy or consume any of my eggs, vegetables, chickens or other farm produce?
- Will the catalog house render me any local service of any kind?

Your Local Dealer is Human

He is right on the JOB, rain or shine, every day in the year.

He extends you credit when you need it and waits for his pay until you have turned your crop into money.

He is ever ready to return your money or make a proper exchange if your purchase is not satisfactory.

He invests his money in merchandise for your urgent needs, and the wants of your community.

His profits on his investment in his business are no more, aye, not as much as yours.

He has his bad years just as often as you have your poor crops.

He pays his just proportion of taxes into your common treasury.

He helps build your roads, support your school, in fact, helps meet all local expenses, just as you do.

He has his little troubles and off days, just like you do.

He is on the subscription list for your church, for the local poor, for the relief of a citizen in distress.

He sympathizes with you in your sorrows—rejoices with you in your successes—cries with you—laughs with you.

He is a friend indeed when you are in need.

He is your neighbor and citizen—and like you, he is human and has a soul.

He believes in "live and let live" principles and wants to live and enjoy your company and friendship.

He is a necessity—a positive necessity to your little community.

DON'T TRY TO DRIVE HIM OUT OF TOWN, YOU NEED HIM.

KNOW YOUR HOME DEALER BETTER.

KEEP THE MONEY AT HOME and help build a Bigger, Better and More Prosperous Community for Yourself and your Posterity.

THAT IS REAL CITIZENSHIP!

75 years ago everyone wore homespun—

and, likewise, everyone used hand-mixed paint. To-day, when machine-spun cloth is so much better and cheaper, no one would think of wearing homespun. Many people are still using hand-mixed paint, however, because they do not know that

DEVOE

LEAD AND ZINC PAINT
FEWER GALLONS - WEARS LONGER

will save them money and labor. Devoe Lead and Zinc Paint is simply made of the same ingredients the old-time painter used: Pure White Lead, Pure White Zinc, and Pure Linseed Oil. The only difference is that Devoe is mixed by machinery. 500 gallons at a time. Therefore, it is always absolutely uniform in strength, color and covering capacity.

We guarantee Devoe Lead and Zinc Paint to be pure. We know it contains no water, sand or other worthless materials. Stop by and ask for Color Chart.

Swift Bros. & Smith

Nacogdoches Texas

OFF TO PEN.

Sheriff Spradley received a message this morning requesting him to have convicts ready for the penitentiary at the train at noon today for the transfer agent, who was passing through, which the sheriff did, turning over to the agent Wiley Stone, convicted for cattle theft; Howard Sharp, convicted on a charge of assault to murder; Will Scott, convicted for burglary and bootlegging.

In the whole field of medicine there is not a healing remedy that will repair damage to the flesh more quickly than BAL-LARD'S SNOW LINIMENT. In cuts, wounds, sprains, burns, scalds and rheumatism, its healing and penetrating power is extraordinary. Price 25c, 50c and \$1.00 per bottle. Sold by All Druggists.

Rev. Mr. Atwell of the Episcopal Church has been invited to deliver the baccalaureate sermon at the commencement exercises of the school at Lufkin, and Rev. E. L. Thompson of the Christian church has been invited to perform a similar service at Logansport. Both are qualified for this special service.

Dizziness, vertigo (blind staggers), sallow complexion, flatulence are symptoms of a torpid liver is inactive. HERBINE is a powerful liver stimulant. A dose or two will cause all bilious symptoms to disappear. Try it. Price 50 cents. Sold by all druggists.

The Sentinel presses are busy turning out the advertising matter for the forthcoming summer normal for teachers to be held in this city, and within the next next day or two the matter will be distributed.

Shallow complexion is due to a torpid liver. HERBINE purifies and strengthens the liver and bowels and restores the rosy bloom of health to the cheek. Price 50c. Sold by all druggists.

A HAND GIN

Jas. D. Greer had on exhibition today a hand gin which gins one boll of cotton at a time.

At first thought the reader would be impressed that there would be no practical value in the miniature, but hold on. The purpose of the machine is to enable the cotton growers to gather good bolls of cotton and gin them separate from the crop for the purpose of seed, and when

more of them are put into use the grade of cotton will be raised by selecting the seed from the field.

This little machine has just been patented by a man named Morris of Athens, and Mr. Greer has his model which he will return to him within a few days. Arrangements will be made for their manufacture and they will doubtless become very popular with progressive farmers.

Barbed wire cuts, ragged wounds, collar and harness galls, heal up quickly when BAL-LARD'S SNOW LINIMENT is applied. It is both healing and antiseptic. Price 25c, 50c and \$1.00 per bottle. Sold by all druggists.

REJECTED SUITOR

SHOOIS TWO GIRLS

Houston, May 8.—Because she would not marry him, Genaro Pedraza, young Mexican printer, met Herlinda Valdes today as she was going to her work and shot her twice through the head. He turned his pistol on her sister, fired a bullet through her lung and then blew out his own brains. The sister may die, but the girl who refused Pedraza will live.

BACKACHE IS DISCOURAGING.

But Not So Bad If You Know How to Reach the Cause.

Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest. Backache often indicates bad kidneys.

Nacogdoches people recommend Doan's Kidney Pills. Read this case:

Mrs. J. S. Murphey, E. Hospital St., Nacogdoches, says: Doan's Kidney Pills have been an old family medicine with us for years. My back ached and pains across my hips came on. For a long time I was troubled this way and as Doan's Kidney Pills had given good results in the family, I used them. They gave me great benefit."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Murphey had. Foster-Milburn Co., Props., Buffalo, N. Y.

MONEY TO LOAN.

On good land improved or unimproved anywhere in Texas. We have buyers for bargains in East Texas land.

PENN LAND COMPANY, Offices: Houston and Wichita Falls, Texas. 220-221 Binz Building, Houston. 20-41w

IT IS A BIG DAY FOR OLD NACOGDOCHES

Confederate Veterans, Farmers, and Politicians all Have Something of Interest.

From Saturday's Daily.

Today is a big day for old Nacogdoches, in which the town has many visitors for different features, but all will come too late for a detailed report in today's paper.

The Confederate veterans, those grand old gentlemen who bared their breasts to bullets and suffered many hardships and privations in defense of their country, will have a meeting to arrange for delegates to the national re-union and transact such other business as may come before them. Their number is gradually growing less, and the step of those left is growing more feeble with the weight of age, but their loyalty is of the same sterling integrity, and if their country needed their services they would again be the first to report for duty, in spite of its unability physically. The world has never known a more patriotic, chivalrous band of men than these grand old gentlemen, and the history of their deeds of valor will be an inspiration for many generations to come.

This is also farmer's day in Nacogdoches in which people engaged in this noble avocation, ranging in age from seventy to seven will be present. Miss Bess Mason, in charge of the domestic economy and domestic science work for the county, has worked out a brilliant program and has present a great crowd of pretty, interesting girls and energetic boys in a rally meeting, while the grown-up farmers are being entertained with a meeting promoted by County Agricultural agent, Jas. D. Greer, who has interested some specialists on the subject to come and lecture on the subject of tick eradication. The features of the day at these meetings will be worth much to the agricultural interests of the county, a fuller report of which will be gathered for Monday's paper.

While the noble old veterans are rehearsing reminences of by-gone days and the farmers are having a convention of much moment to them, the politicians also have something to engage their attention, this being the day in which precinct conventions will be held for the purpose of electing delegates to the county convention.

From the above review, it will be seen that there is much doing in the old town for the day, the features of which will transpire in the afternoon, and we can not do more than make this general report for this paper.

Judge V. E. Middlebrook of Beaumont, associate justice of the ninth district civil appeals court and candidate to succeed himself, paid a second visit to Carthage this week, spending Monday, Tuesday and Wednesday here. He is making a tour of the district and was delayed here by the torrential rains. He went hence to Beckville Wednesday afternoon.—Carthage Register.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO, Toledo, Ohio. Sold by druggists, 75 cents. Take Hall's Family Pills for constipation.

BRILLIANT PROGRAM AT THE RALLY

From Saturday's Daily.

At the appointed hour this morning, a large crowd gathered at the court house to attend the Girls Canning Club rally, and a most brilliant program was rendered, which was in line with the superior class of work that is being promoted by Miss Mason, in charge of the county service.

Prof. R. F. Davis, superintendent of Nacogdoches High School delivered an eloquent and logical address of welcome, which was followed in kind by a response from Hon. Edgar Thomason.

This feature of the program having been disposed of, Miss Carter from College Station, a representative of the Extension Department of Agriculture, was introduced and she followed with an address that captivated the crowd. As many have expressed it, "it was a gem." She told those who listened to her about the practical things that go to make up better home-making and better home-life in such an eloquent yet simple manner that it charmed those who heard her, and gave them an inspiration try out the many good recommendations she made.

It is a pity that every home in Nacogdoches could not have been represented at this meeting, but like the "bread cast upon the waters," much of it will return many days hence, for even those who were not represented, for there was an earnest band of girls and others present who are going to put in practice some of the many good things they learned (and with the experiment the gospel of better home-making will be spread).

Rheumatic Pain Stopped.

The drawing of muscles, the soreness, stiffness and agonizing pain of Rheumatism quickly yield to Sloan's Liniment. It stimulates circulation to the painful part. Just apply as directed to the sore spots. In a short time the pain gives way to a tingling sensation of comfort and warmth. Here's proof—"I have had wonderful relief since I used your liniment on my knee. To think one application gave me relief. Sorry I haven't space to tell you the history. Thanking you for what your remedy has done for me."—James S. Furgeson, Philadelphia, Pa. Sloan's Liniment kills pain. 25c at druggists. dw

A BEAUTIFUL PARADE.

From Saturday's Daily.

In times past there have been many beautiful flower shows and flower parades, all of which were exquisite so far as the artistic effect goes, but the most beautiful parade this writer ever witnessed, occurred in Nacogdoches this morning when eighty-eight country girls, clad in uniform, and with the blossom of good health on their cheeks, virtue and purity in their countenances, representing the Girls Canning Clubs in the county, formed in line and marched around the public square. They were led by their teacher, Miss Bess Mason, Miss Carter, and a brass band, and all business was suspended for the time to observe the procession.

These are the kind of girls who will help Nacogdoches county feed itself, make wives for soldiers and real men, and contribute the leading part in the development of the future citizenship of the county.

Those who have observed the exercises of today will not longer doubt the value of the great work Miss Mason is doing in the county, and will be more ready to encourage and sustain her in the efforts she is putting forth to teach the boys and girls lessons of practical value which have to do with the development

This Coffee is Guaranteed good

In your search for the best and most economical coffee, you take no chances when you buy Luzianne. Each can carries this unqualified guarantee: "After using the entire contents of this can according to directions, if you are not satisfied in every respect, your grocer will refund the money you paid for it." We also give a money-back guarantee that you only have to use one-half as much Luzianne as a cheaper coffee. Write for premium catalog.

LUZIANNE

Nacogdoches Grocery Company Exclusive Distributors

of the industrial and economical resources of the country.

It is the arrival of a good day for the country that the trend for education is now more practical, and that hands as well as heads are trained for service. In our own school special attention is being given to all these branches where the boy and girl learn something of the mechanical and practical affairs as well as the literary.

A Symbol of Health

The Pythagorians of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star which they regarded as a symbol of health. A red five pointed star appears on each package of Chamberlain's Tablets, and still fulfills its ancient mission as a symbol of health. If you are troubled with indigestion, biliousness or constipation, get a package of these tablets from your druggist. You will be surprised at the quick relief which they afford. Obtainable everywhere. dw

MARRIAGE LICENSES.

The following licenses to wed have been issued since last report:

Floyd Cortmes to Miss Ella Casas. Tobe Sparks to Fannie Hamilton. (col.) J. A. Young to Mrs. Helen McNair. Houston Gassaway to Annie Noble. (col.)

Are You Bothered With Constipation?

You will have grateful relief from the first dose of Po-Do-Lax. It is a compound laxative for it not only empties the bowels but stimulates the bile and other secretions. It attacks constipation at its source and you get permanent relief. Po-Do-Lax will give you regular stool and only occasionally you will need it. An excellent liver medicine. 50 cts. at Druggists. dw

BOUGHT RESTAURANT.

The Sentinel is informed that Ed. Sullivan, who happened to the good fortune to be remembered substantially in the will of an uncle, mention of which was made in this paper a few days ago, has purchased the restaurant known as the R. R. Restaurant, down near the court house. W. H. Emmons will be associated with Mr. Sullivan in the operation of the enterprise.

Rheumatism.

If you are troubled with chronic or muscular rheumatism give Chamberlain's Liniment a trial. The relief from pain which it affords is alone worth many times its cost. Obtainable everywhere.

COW HIDES WANTED.

The hide market is strong and prices are high. Until further notice we will pay 14c per pound for all weight, sound, green hides branded included. We advise you to salt the hides heavily as soon as you get it. Put the hide in a sack. Write your name, address, route and box numbers on two tags. Put one tag inside of the sack and one on the outside. Ship by express to A. Golenternek & Co., Tyler, Texas. We remit the day that the shipment is received.

At prevailing high prices for hides, it will pay for every community to organize a "Fresh Beef Club" and enjoy good, fresh meat. The hide will almost bring as much as would your surplus yearling or cow.

We also handle wool at the highest market prices. Horse hides bring from \$1.50 to \$3.00 each, according to the size. We furnish shipping tags on request. A. Golenternek & Co., Tyler, Texas. 3-23tt

A capitalist who desires to secure good cheap bodies of farming land in East Texas for colonizing; preferring cut-over land, more or less cleared of timber and to buy same from the owners or agents of record authorized to sell same. Can address capitalist, P. O. Box 267. Nacogdoches, Texas. 4-w7

THE U. C. V. MEETING.

There were present at the meeting of the Confederate veterans Saturday the following grand old gentlemen:

Jno. C. Fall, Commander, J. S. Doughtie, Adjutant; W. R. Baker, F. G. Briley, G. W. Crawford, M. V. Baugh, N. Pitts, W. A. Revill, J. T. Watson, J. E. Smelley, J. E. Mayfield, E. B. Lewis and W. S. Denman.

Messrs. G. W. Crawford and N. Pitts will attend the annual re-union.

Any donations toward defraying the expense of the veterans to the re-union may be left with Mr. Jno. C. Fall, the commander.

A Good Family Cough Syrup.

Can be made by mixing Pine-Tar, Aconite, Sugar, Hyoscyamus, Sassafras, Peppermint, Ipecac, Rhubarb, Mandrake, Capsicum Glycerine. It is pleasant, healing and soothing, raises the phlegm, and gives almost instant relief. For convenience of those who prefer not to fuss, it is supplied ready made in 25c bottles under name of Dr. Bell's Pine-Tar-Honey. Can be had at your druggist. Insist on getting Dr. Bell's Pine-Tar-Honey and see that the formula is on the package. dw

Mr. and Mrs. Will Council have moved to the house corner Hospital and Fredonia streets, near the First Presbyterian Church

"I DON'T SUFFER ANY MORE"

"Feel Like a New Person," says Mrs. Hamilton.

New Castle, Ind.—"From the time I was eleven years old until I was seventeen I suffered each month so I had to be in bed. I had headache, backache and such pains I would cramp double every month. I did not know what it was to be easy a minute. My health was all run down and the doctors did not do me any good. A neighbor told my mother about Lydia E. Pinkham's Vegetable Compound and I took it, and now I feel like a new person. I don't suffer any more and I am regular every month."—Mrs. HAZEL HAMILTON, 822 South 15th St.

When a remedy has lived for forty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their health to it, is it not reasonable to believe that it is an article of great merit?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

DEDICATED TO MY DEPARTED WIFE

My buried wife I cannot forget, Or must the grave eternal sever. She lingers in my memory yet And she is in my heart forever.

She loved me once with love sincere And never did her love deceive me. But often in my conflicts here She rallied quickly to relieve me.

I fain would weep, but what of tears? No tears of mine could ere recall her. Nor would I wish that groveling cares, Cares like mine should ere befall her.

She rests in beams of bliss above She dwells upon the mount of Glory And shouts to tell her happy story.

I heard departing pilgrims tell While crossing Jordan's stormy river; Adieu to earth, for all is well Now all is well with me forever.

O how I long to join her wings And raise her fields of blooming flowers I'd speed with rapture on my way Nor would I pause at Jordan's river; With songs I would enter endless day, And live with Paralee forever.

—William A. Skillern.

NEW SCHEDULE.

From the Center Champion the information is gleaned that a new passenger train schedule has been inaugurated over the Santa Fe from Longview to Beaumont. With the new time, the train leaves Longview at 6:45 a. m., arriving at Center at 9:38. The north-bound train leaves Beaumont at 10:50 arriving at Center at 4:43 p. m., and Longview 7:45.

The Boll Weevil train which has been making a round trip from Waterman via Timpon and Gary to Center each day has been discontinued.

The people of Center are greatly displeased with the new arrangement which takes one train away from them and gives them no particular advantage in the way of outside connections with the regular train.

No. 666

This is a prescription prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Colomet and does not gripe or sicken. 25c

THE MAYOR'S MESSAGE.

Mayor Matthews has given The Sentinel for publication the following extracts from the message he delivered to the City Council Tuesday night:

"Now, gentlemen, there are some other recommendations that desire to make to you, and in order to avoid a multiplicity of communication from me I make them at this time, the beginning of the New Year for the City. Ist, the same is in regard to the water supply of the City, which is second to none in the country, of water of this character. You, however, know that this water, after every rain, gets muddy, making it almost useless for the time for drinking or domestic purposes, and creates considerable dissatisfaction among our water patrons. Now the City has, at the expense of about \$1000.00, bored an artesian well flowing about 15 gallons per minute, which, of course, does not furnish sufficient water for the needs of the city. I have given this matter much thought and consideration, which has led me to the conclusion that we can fix this well by adding thereto an air compressor, and concrete tanks so that it will furnish pure artesian water for the demands of the City, which I believe, could be done at a cost of not exceeding \$1500.00, and possibly less. With this expenditure the City would have absolutely pure water coming five hundred feet from below the surface, not contaminated by any germs of any character, which of necessity is in our surface water. I will add, however, that some of our water users insist, that on account of some character of mineral in the artesian water, that it is not entirely satisfactory for all purposes. I, with our efficient alderman, W. G. Reid, a few days ago, looked over the situation. His idea is; and I think feasible, that the City can make a reservoir in the sand and near the artesian well, connect the natural flow of the well into this, and add to it the spring water we are getting from another source for supply of the light plant. I believe this would furnish clear water for the needs of the City at all times, and possibly make it better for all purposes. This could be done at less cost, considerably than pumping the artesian well. These are matters that each of you can, and should investigate, and all come together as to what is best for the water supply of the City. Either of these arrangements could be made without in any way impairing the water supply from the pond, and hold the same intact from any emergency that might arise, from the failure of other plans mentioned.

The second is as to the advisability of the City putting in an ice plant. The City owns its light and water plants, both of which are self-sustaining, and are producing a handsome revenue to the city. To these could be added an ice plant to supply the demands of the ice patrons of the city, for this much needed commodity, at I think, a much less cost than they are now having to pay, and at the same time, produce a revenue more than sufficient to pay the interest on the investment. The funds for the installation of the plant could be arranged for with little trouble. To make this venture, of course, the people of the city would have to give their unqualified agreement to support city plant, regardless of the reduced price that the ice trust would surely offer in opposition to the city plant. I believe that these two recommendations by me would meet the approval of the entire citizenship which we represent. In conclusion, let me ask that we all pull together the next year in the upbuilding, advancement,

All Bound Round with a Telephone Line

In a Bell connected community it's not "how far is it to neighbor Perkins?" But "Is neighbor Perkins' ring three?" The ring of a bell and you have him.

In marketing in matters of farm routine, in emergencies, the telephone adds to the farmer's ease and profit.

Are you connected with the Bell system?

Ask our nearest Manager for information or write to THE SOUTHWESTERN TELEGRAPH AND TELEPHONE COMPANY DALLAS, TEXAS

and interest of every character of the city with the end in view of a greater and better Nacogdoches.

Respectfully, GEO. H. MATTHEWS, Mayor.

FOR JUSTICE OF THE PEACE

The Sentinel is authorized to announce Mr. J. T. Watson as a candidate for Justice of the peace of Precinct No. 1, subject to the action of the Democratic primaries.

Mr. Watson has made his home in Nacogdoches many years, and is well known to the voters of the precinct. He is a good man, in sympathy with the enforcement of the law, is competent, and if elected would doubtless make the people a worthy and public servant in this capacity.

Mr. Watson is a native of Mississippi, from which place he enlisted in the cause of the Confederacy during the war with the states, belonging to Co. F, Sixth Mississippi Regiment, and was in much of the hard fighting. In the battle of Shiloh he was wounded twice. He was also wounded in the battle of Cornth, and was in many of the other hard battles.

After the war he moved to Texas, and has made his home in this immediate section most of the time since.

COLONEL MOSBY IS CRITICALLY ILL

Washington, May 3.—Colonel John S. Mosby, famous Confederate leader in the war between the states, is ill in a local hospital. He is over 83 years old and his condition was said today to be more the result of advanced age than of any particular ailment.

The many friends of the lady will be pleased with news that Mrs. C. A. Westbrook, who had an operation some days ago, is doing nicely and hopes to soon be up again.

From Weak and Lame To Well and Strong

Try them. Foley Kidney Pills will do for other men and women—quickly—what they have done for Mrs. Strayne.

"Last year, I got almost down with my back," writes Mrs. H. T. Strayne of Gainesville, Ga., R. No. 3.—"I suffered from inflammation of the bladder, and whenever I stopped doctoring I grew worse. I tried Foley Kidney Pills, and after taking them awhile my bladder action became regular and the stinging sensation disappeared. I am now stronger in my back than I've been for several years, and since getting well, I've stayed well and had no return of the trouble."

Start in now to use Foley Kidney Pills. You will feel an improvement from the very first doses, showing how quickly they act on kidneys and bladder. They stop irregular urinary action, ease pain in back and sides, limber up stiff joints and aching muscles. They put the kidneys and bladder in sound, healthy condition. Try them.

Stripling, Hazelwood & Co.

MAN TO MAN FIGHTING.

Field Headquarters, April 29, by motor courier to Columbus, N. M., May 3.—There was man-to-man fighting, and some of the Americans went to the mountainside with knives in their teeth during Colonel George A. Dodd's battle with Villistas on April 22 at Temochic.

"It was the devil's own playgrounds." This was Colonel Dodd's description of the terrain of this battle in Southwestern Chihuahua, among towering mountains, where 150 bandits sought refuge.

For two hours Colonel Dodd's troops of the Seventh Cavalry, companies E, H, L, and M, fought from an immense hollow, with bandits on three sides. Charging over ground where the Mexicans had their exact range, they accounted for at least fifty bandits killed or wounded, against an American loss of two dead and three wounded. One Mexican woman was wounded by bandits.

Two nights before this fight, the Americans overtook the bandits at the Yoquiyo mine, where they were lying about camp fires telling the natives how they claimed to have whipped "Los Americanos" at Columbus and at Guerro.

Shortly before midnight an outpost ran in breathless, exclaiming:

"The Americans are coming." Scores of dark forms leaped through the firelight, bubbles blew and in ten minutes the whole bandit command had galloped out of town.

REBELS WERE SHOT.

London, May 3.—Four signatories to the republican proclamation in Ireland have been found guilty by court martial and were shot this morning.

One of the rebels found guilty and shot this morning was James Connolly, who was styled "commandant general of the Irish republican army."

Patrick H. Pearse, the "provisional president of Ireland," was also among those shot.

Three other signers of the proclamation were sentenced to three years' imprisonment.

Premier Asquith made an announcement to this effect in the house of commons this afternoon.

Mr. Birrell, chief secretary for Ireland, indicated his resignation from the cabinet by taking the corner seat behind the treasury bench when he entered the house of commons this afternoon.

The other signatories of the republican proclamation found guilty and shot were Thomas J. Clark and Thomas Mac-Donagh.

A GOOD CITIZEN WITH THE DEAD

From Monday's Daily. Mr. I. W. Matthews, living up North Street some two miles from town, died at his home this morning at 4:15 o'clock, following a long and tedious illness.

Mr. Matthews was a native of North Carolina, and was born July 27, 1854, making him nearly sixty-two years old at the time of his death. He came to Texas with his parents when but eight years of age, settling in Matagorda county. Later the family moved to Bell county where Mr. Matthews developed into one of the leading citizens of the section. He was engaged in the merchantile business many years and was one time sheriff of Matagorda county. Up until his illness made it impossible for him to hold the position, he was deputy fish and game warden of Harris county, by appointment of Governor Ferguson.

Mr. Matthews came to this county about eight years ago, and has made us a mighty good citizen who was universally res-

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

When in Need of a Monument

Visit the Nacogdoches cemetery and ask the sexton to tell you who does the beautiful work you will see

"GOULD"

will be his answer. We have pleased the most exacting and will please you if given your commission. The same attention given a modest head stone and larger work.

Let Us Fill Your Prescriptions

You exercise your best judgment in your selection of a physician for your needs; but unless you show the same good judgment in the selection of the druggist to fill your doctor's prescription how can you be sure that his instructions have been followed in the compounding of the prescription? Here the greatest care is exercised when putting up a prescription from the weighing and measuring of the active ingredients to the accurate and scientific combining to make the prescription all your physician expects it to be in accomplishing quick results.

Stripling, Haselwood & Co.

SATURDAY'S LOCALS

Dr. Thomas of Woden was in the city today.

J. E. Cunningham of Dallas has been in the city today.

Wm. Humason of Lufkin was in the city last night.

J. H. Holloway of Chireno was registered in the city last night.

B. F. Moore, a prominent merchant of Chireno, was a business visitor to the city today.

Mr. Charles Hoffmeister spent a few days in the city visiting his brother Bill Hoffmeister.

Miss Maurine Patton of Melrose is visiting Mr. and Mrs. Leak Patton this week.

Miss Della Bell, who has been visiting relatives and friends in Dallas, returned home yesterday afternoon.

E. C. King, a substantial citizen of the Garrison country, was a visitor to the city today, coming down on a business mission.

Mr. and Mrs. Castleman Andrews from Greenville are in the city visiting with relatives and friends for a few days.

J. T. Power, a well known citizen of Garrison, came down yesterday and remained over until this afternoon visiting with his daughter, Mrs. Lake Orton.

Uncle Bill Skillern was among the grand old men who did service in the Confederacy in town today and made this office a pleasant call while here.

Messrs. W. G. King and son, T. G. Vaught, T. P. Wragg and W. A. Parrott of Garrison were among the visitors to the city today, coming down in a car this morning.

Mr. and Mrs. Jim Dorsey came from Cushing Saturday afternoon and remained over until Sunday afternoon visiting with relatives and friends in the city.

Dr. J. M. Rogers and Mr. John Sowell of Attoyac came to the city yesterday afternoon and remained over until this afternoon, the doctor coming to visit a patient he has in the sanitarium here. They made the trip in a buggy and had to come around by Martinsville to get here, several bridges having been washed away with the recent flood.

MONDAY'S LOCALS

S. W. Womack was up from Garrison this morning.

Mr. and Mrs. J. M. Price and son of San Augustine were visitors to the city yesterday.

Mr. and Mrs. Sam Dorsey returned to their home in Beaumont yesterday afternoon after a visit with relatives and friends in the city.

Mrs. H. P. Clay and children of Nacogdoches are visiting relatives in the city.—Timpson Times.

Drs. T. J. Blackwell and R. B. Lockett went to Galveston yesterday to attend the State Medical convention.

Dr. Sweatland went to San Antonio Sunday and will return via Galveston and attend the State Medical convention.

Mr. and Mrs. Arch Clevenger of Humble arrived in the city yesterday for a few days visit with relatives and friends.

Rev. Nash returned to his work in Polk County yesterday after spending a few days with his family in the city.

Mrs. (Dr.) E. S. Adams and little grand-son came down from Garrison yesterday for a visit with her son, Hon. Moss Adams, and wife.

Mrs. S. L. Stern and children of Groveton arrived in the city yesterday for a visit with the lady's mother, Mrs. DuBois, and family.

Messrs. W. G. King, Porter Moore, Ben Strickland, Chas. M. Rusk and Clifford King from the Garrison country were here today, coming through the country in Mr. King's car.

Prof. M. A. Shaver, principal of the Garrison High School, changed cars here today for Hood county where he goes to spend his vacation. He has been re-elected at Garrison and will return in time to resume his work this fall.

Thirty tickets were sold to Shreveport Saturday night, that number of people taking advantage of the baseball excursion rates.

Mrs. (Dr.) Holt has returned from a few days outing to the country feeling much refreshed for the trip.

TUESDAY'S LOCALS

Mrs. J. B. Crawford of Garrison is visiting Mrs. N. G. Roberts in the city.

S. H. Watkins, a prominent citizen of the Linn Flat community, was in town today.

Prof. Hammer, superintendent of the school at Cushing, was an arrival to the city yesterday afternoon.

Misses Louise Cornelius and Pauline Bell were among the Garrison visitors to the city yesterday.

Miss Fay Clevenger, who was taken ill with typhoid fever while visiting at the home of Mr. P. E. DeLamar some days ago, will be moved to the sanitarium today.

Rev. J. N. Cunningham, pastor of the First Presbyterian church, arrived home yesterday from Alto, where he had been some days engaged in a protracted meeting, and reports a good meeting.

Prof. A. E. Day and Editor R. B. Walthall of Garrison, came down this morning to attend the county convention. Mr. L. C. Wilson from the same place will come on the noon train.

W. D. Frederick, a former citizen of this county who moved to South Texas about a year ago, has returned and is now prospecting for a location in the hills of East Texas. Mr. Frederick says the prolonged drought has paralyzed South Texas for the present.

Frank B. Sublett, cashier of the Stone Fort National Bank, arrived home yesterday from a visit to the Bankers Convention at Houston, and reports a most enjoyable and interesting trip. Mr. Sublett was especially interested and delighted with the Houston Ship Channel which he thinks will be of great service to the country.

Mrs. Mollie Richardson, who has been making her home in Liberty county for some time, arrived in this city a day or two ago for a visit to her daughter, Mrs. R. L. Thrash, and other relatives and friends. Mrs. Richardson has many friends in the county who will be pleased with the opportunity to see her again.

Prickly Ash Bitters cures the kidneys, regulates the liver, tones up the stomach and purifies the bowels.

JUSTICE OF THE PEACE.

The Sentinel is authorized to announce Mr. G. F. Partin as a candidate for Justice of the Peace of Precinct No. 4, subject to the action of the forthcoming Democratic primaries.

Mr. Partin is a merchant and farmer of the Etoile community, and is reputed to be a mighty good man and good citizen who would make the precinct a good servant in the capacity for which he offers to serve.

The most vigorous workers have spells of "tired feeling" now and then. This feeling is caused by derangement in the stomach, liver and bowels. A few doses of Prickly Ash Bitters quickly corrects the disorder and sends the blood tingling through the veins, carrying life and renewed energy throughout the system.

Messrs. A. C. Irwin, Belton Latimer, R. B. Walthall, T. G. Vaught, N. H. Jarrett and A. E. Day represented Garrison at the county convention yesterday afternoon.

COMMISSIONERS COURT

Ordered by the court that \$200 be appropriated out of the general fund for benefit of Nacogdoches County Extension Department of Domestic Science, to be paid in monthly installments of \$16.66 per month.

Quarterly report of R. E. DeLoney, J. P. No. 6, approved.

Order amending Bond Issue of Consolidated Common School District No. 1, granted.

After occupying the first three days of this week, the court adjourned until May 22, when the commissioners will come together again to receive the report of the tax assessor.

J. E. King of Woden was registered in the city last night.

CARD OF THANKS.

We take this method of thanking our friends who so kindly assisted us during the last hours of our husband and father, also for the many kind expressions of sympathy and beautiful floral offerings.

May God ever bless each one and all, is our sincere prayer.

Mrs. I. W. Matthews and Children.

Cut This Out—It Is Worth Money, DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for bronchial coughs, colds and croup; Foley Kidney Pills, and Foley Cathartic Tablets.—Stripling, Haselwood & Co.

J. J. Frederick of Garrison was in the city today. He has recently returned from a short residence in South Texas, and is glad to get back to the land of hills and good living.

She Told Her Neighbor. "I told a neighbor whose child had croup about Foley's Honey and Tar," writes Mrs. Rehkamp, 2404 Herman St., Covington Ky. "When she gave it a couple doses she was so pleased with the change she didn't know what to say." This reliable remedy helps coughs, colds, croup and whooping cough.—Stripling, Haselwood & Co.

Mrs. L. E. Andrus and Mrs. C. K. Dobbins, accompanied by Mrs. Claud Choate as far as Nacogdoches yesterday on her return to Beaumont. They returned on the afternoon train.—Jacksonville Progress.

Tells What She Thinks. Anna Hawn, Cedar Grove, Mo., writes: "We think Foley Cathartic Tablets are the best liver pill we ever got hold of, as they do not nauseate or gripe, but act freely on the liver." Recommended for constipation, bloating, sour stomach, gas on stomach, bad breath, clogged or irregular bowel action.—Stripling, Haselwood & Co.

Rev. E. L. Thompson had planned to attend the state convention of the Christian Church in session at Waco this week, for which place he would have left last night, but received news yesterday that his sister was dangerously ill in Shreveport and has abandoned the trip to keep in closer touch with her condition.

Has a Good Reputation. The original and genuine Honey and Tar cough syrup is Foley's Honey and Tar compound and because this has given such universal satisfaction and cured so many cases of coughs, colds, croup and whooping cough there are imitations and substitutes offered to the public. Insist upon Foley's.—Stripling, Haselwood & Company.

Mr. B. F. Evans, a former resident of Lufkin, who is now residing in the city of Nacogdoches, returned to his home today, after a short visit with friends here.—Lufkin Daily News.

Keeping Up to the Mark. "Spring fever" is not always a joke. If you feel dull and sluggish, tired and worn out, suffer from backache or weak back, rheumatism, sore muscles, stiff joints or other indication of kidney trouble, it will pay you to investigate Foley Kidney Pills. They are highly recommended as prompt and efficient aids to health.—Stripling, Haselwood & Co.
