#### TO THE VOICES OF NACOGDOCHES

When I arrived at Nacogdoches for the Legislature I stated that I had moved forward with me, but my intention was to move to the country and live with the people of our country. I am not here to do anything else connected with the legislature.

At that time I expected to have a house on my own, but on account of my family and other things I was unable to do so.

As I have never before, I am here for office in the Legislature. I am here to do my duty.

I was born in the State of Alabama, and while my parents were living moved to the State of Alabama for the benefit of the family. At the age of 15 I went to work for a retail grocery store, where I remained for a few years. I then began to work for a retail grocery store, where I remained for a few years.

With an intimate knowledge of the whole State, I settled in Nacogdoches county as my home, and I have lived continuously for a number of years. I had rather live here than anywhere else on earth, and I will continue to serve to the good people of this county that my other people of earth. I have worked for my two terms in my life, making a change from the time I began working to the present time.

My father, though very young, served four years in the Confederate army, and my grandfather, Col. L. N. Walthall, was a gallant officer in the Confederate army, and later United States Senator from Mississippi. My mother was related to six former members of the United States Senate, viz: Gen. Jno. B. Gordon, commander in the Confederate army and later United States Senator from Georgia; Bob Toombs of Georgia, Dudley DuBoise of Georgia, George Dargan and J. L. S. Iry of South Carolina, were cousins of my mother, while Thos. H. Benton, who served 30 years in the United States Senate, was my mother's great-uncle. My brother, James D. Walthall, ex-

#### ANOTHER "NOTE" FROM THE CARRANZA NATION

##### Mexican Reply is Most Conciliatory in Tone and Evasive as to Demands of American Government.

Washington, July 4.—A note to the United States from the de facto government of Mexico reached El Paso, Texas, today and probably will be delivered to the State department tomorrow. The communication is embodied in a long, evasive note and designed to offer basis for an amicable settlement of the differences between the two nations.

The note, it is said, is the first of a series of such communications from the Carranza government to the United States.

It is a reply to a note from the United States government, dated July 3, which was forwarded to the Carranza government by Secretary Lansing at El Paso to bring to the Carranza government the following promises to restore order.

officials feel that the United States is in a position to deal firmly with the de facto authorities. Even if the Carranza note when delivered is as satisfactory as today's information indicates, no immediate change in the plans of the war department is expected.

#### START MOVEMENT TO PREVENT WAR

Washington, July 4.—Labor leaders of the United States and Mexico today believed they had started a popular movement to prevent war between the two nations by assisting each to understand the difficulties of the other.

The movement was launched by a committee of labor leaders, headed by John L. Lewis, president of the United Mine Workers.

The committee has already secured the cooperation of labor leaders in both countries, and is working to bring about a general understanding between the two nations.

#### TEXAS GOOD ROADS SHARE IS \$301,950

Washington, D. C., July 4.—Texas will receive during 1916-17 \$301,950 as its share of the \$5,000,000 good road construction fund appropriated in the Bankhead bill which has passed both the senate and the house and now awaits the president's signature to become a law, according to estimates of department agricultural experts.

This money is to be spent in road building in rural areas during the year, provided the state or local community puts up the same amount.

The Bankhead bill is the first big measure which has passed both houses of congress, after long delay and a record vote.

The bill is a result of the passage of the good road act, which is the first of a series of measures designed to improve the country's roads.

HALTOM & GIBBS, Proprietors  
 G. M. HALTOM, Manager  
 O. M. GIBBS, Editor

The paper which boosts your enterprise is entitled to the business for which you expect to pay. The golden rule prolongs life and makes all parties happy.

A local newspaper once announced that it was arranging to publish a picture of each backyard in its town in furtherance of a clean-up campaign. The town never had such a clean-up before or after as it secured the next day. We have half a notion to try the plan on some of the sidewalks and weed patches of Nacogdoches.

Nacogdoches county is coming along with another bumper crop of feed stuff, and if a successful war of extermination can save the farmers from the ravages of the cotton boll weevils, the greatest era of prosperity ever known in this section will surely open up. We will have a "living" at home and a surplus of the cotton crop.

Every year a number of papers will be published in this section from County Agricultural Agents. It is an excellent thing that should be encouraged. The weevils are said to have done more damage to roads on the coast than on inland. The weevils are said to have done more damage to roads on the coast than on inland. The weevils are said to have done more damage to roads on the coast than on inland.

The Democratic Executive Committee of Shelby county has called for volunteers to hold the seasonal run-off primary in lieu of assessing the expense against county and precinct candidates. The idea is a good one, if it will work, for this expense is a very unjust and cumbersome one upon those who have to bear it under the law.

By an error of the most humiliating kind, the West Side Enterprise of last week gave the name of a song to be sung at Olney Church as "The Little Brown Jug in the Vale." Typographical mistakes will at times crop up, but this was without excuse. No sufficient apology can be made to the congregation, and regrets on the part of the paper will have to be accepted as an atonement. Cedar Rapids (Ia.) Enterprise.

Upon the anniversary of a stranger a few days ago the new acquaintance manifested surprise that the editor of The Sentinel was not a big fat man, and admitted that his mental attitude was a disappointment. But when we explained to him that we were a "fat" man, and that it makes little difference as to the source of individuality. (Democracy of the Science of the Human Mind) it is the reason that some people are not "fat."

The "fat" man's surprise might be that he was not a "fat" man. We want both and we have them. We want both and we have them. We want both and we have them. We want both and we have them. We want both and we have them. We want both and we have them.

In an effort to combat the ravages of the boll weevils in Smith county, the Tyler Commercial Club has offered a prize of \$100 for the party picking up the largest number of punctured cotton squares, and in response thereto it is reported that more than one hundred squares were delivered to the headquarters Saturday. The department of agriculture strongly recommends that all squares be picked up and burned, which, with cultural methods, is the only successful way to destroy this pest.

Refugees arriving from Galveston during the last few days give a report of most horrible conditions existing in Mexico. They report that supplies are so scarce in some places that the natives eat rats, dogs and anything they can get hold of to sustain life, and the majority of them are half clad, while some are almost naked. The money of the country has no purchasing value; nothing is being raised and there is no public work of any consequence, and unless some relief is forthcoming multiplied thousands will die of starvation before relief can be administered to them. It is a deplorable state of affairs that a nation could be reduced to such a state of affairs through the ambition of military leaders, and that nation which crushes an unholy rule in a way that peace and prosperity can be restored will receive the praise of all right-thinking people.

### GOOD ROADS MEETING.

The Sentinel, with all the earnestness at its command, wishes to impress upon the people of Nacogdoches county the importance of attending the good roads mass meeting, to be held at the Weatherly Creek, near Appleby, next Tuesday afternoon.

As has previously been announced, free transportation will be furnished from Nacogdoches for people who have no way to go. Appleby and Garrison will doubtless do likewise, making it possible for people from all parts of the county to attend by assembling at some of these towns and being conveyed on to the meeting in the cars so generously offered by citizens.

The problem of good roads, and means to maintain them, is the greatest issue that confronts the people of Nacogdoches county today. Our progress in all lines is measured largely by the roads we have, and the transaction of the business of all classes is facilitated with them. With good roads rural life can enjoy many of the advantages offered by the town life and town life can enjoy many of the blessings offered with a journey to the country. They bring us closer together in social and business relations, and the closer we all get to each other the more we will prosper in all the affairs of life, social and domestic. Every argument favors better roads, while nothing can be said against them, and it is therefore a reflection on our intelligence if we do not go forward, while we have the matter under discussion, and do something in the premises to secure this needed improvement.

The best way to get and maintain them will be threshed out at this mass meeting where every one with an idea will be heard, and where your moral support is necessary to give the campaigning the proper impetus in the tentative stage.

Remember the time and place, at the Weatherly Creek, near Appleby, next Tuesday afternoon. Bring along a lunch, if you wish, but come anyway.

### ENCOURAGE THE CLUBS.

In the matter of progress, East Texas and Nacogdoches in particular cannot afford to be in the background—and it has no desire to be. Whatever the world has to offer in the way of advantages we are more than eager to grasp. Year after year we grasp educational advantages by sending our boys and girls to universities and colleges; and more and more, as time goes by, we see in our own territory the effects of progress—better homes, better farms, better public schools, better business methods, better roads, better living. Seeing this marked improvement in so many lines, it is only wonder that we marvel at the lack of progress in the work of our clubs? What is a club? For what are clubs organized? Do they stand for improvement, or are they merely for pastime and pleasure? Admit that social clubs are merely this—then what are study clubs?

The University of Texas, in its efforts to serve the State as a whole, has, after giving due consideration to the welfare of the public, the home, and the school, recognized in the clubs of the State one of the richest fields for constructive work. Recognizing the inadequacy of the methods pursued by most clubs in their study, and realizing the incalculable good that might come from well organized, well guided study with library facilities, the Department of Extension, with the help of over forty specialists in the University faculty, established the group-study courses for clubs.

By means of letters and announcements, practically every federated club in the state has been informed of this group-study work; but many organizations are slow to realize its value, holding back because the club next door isn't taking it up. In time, of course, the news of the success of the fifty or more clubs taking courses during the present session will reach even the remotest part of the State—and the result will be inevitable. But will this community be one of the last to profit by such an opportunity?

Our diplomatic relations with Mexico are becoming so bad, that much feeling is being aroused on both sides the line, and the American people will not be satisfied with the mere surrender of a few soldiers illegally held captive. They are thinking about the soldiers and citizens who have been wantonly murdered, the ranches and homes that have been plundered, and the repented insults that have been offered them without any redress. Lastly, the more patriotic are thinking about the call to humanity that exists in the mad republic where thousands of people are starving through a lack of government and the opportunity to work for a living.

Judge A. E. Davis of San Augustine, candidate for associate justice Beaumont court civil appeals, was an arrival to the city last night.

### FIGHT THE BOLL WEEVIL.

On every farm which I have visited I have found the boll weevils very numerous. Almost the entire cotton belt is complaining about the boll weevil. Meetings are being called in every locality in the infested district. Poor stands of cotton are being reported, as well, over the entire cotton belt and but little commercial fertilizer has been used. To my mind this indicates a low yield of cotton and a high price this fall. Surely it will pay to fight the boll weevil with all our might. The cultural method is the only one recommended by the U. S. Department of Agriculture. Where persistence has been pursued it has always given good results. Most of our farmers are acquainted with the cultural method; however, I think it will be well to review them. Where it is practical we should pick up and burn all infested cotton forms. However, on many this is not practical on account of the great amount of work which many farmers have on hand. The first weevil which makes its appearance is the one which does the greatest harm as they lay the eggs which will soon hatch out another generation.

The first weevils lay from a dozen to twenty eggs, each, and within fifteen or sixteen days these weevils are hatched into full-grown weevils. The females of this crop of weevils lay from one hundred to two hundred eggs and these eggs are hatched in about fifteen days, which are ready to hatch another crop of eggs. This process of multiplication goes on until late in the fall unless checked by some agency.

Each cotton field should be cleaned of grass as early as possible, which, I know, every farmer is making an effort to do. Where the crop is clean enough of grass and weeds or as soon as it is clean enough to permit the use of large sweeps and light harrows, a frequent, but shallow cultivation should begin at once and done in a way that the entire surface of the ground will be stirred shallow but thoroughly and singletrees should have a brush attached to them where they are not long enough to brush off all punctured forms so that all infested forms will be brushed off and rolled into the dirt by cultivation. This process should be kept up until late in the season. At first some may think the cultivation is no use and quit. Results are not gotten with one or two cultivations, but if persistently pursued will surely bring results.

Respectfully,  
 JAS. D. GREER,  
 Demonstration Agent.

### TELEPHONE CO. CO-OPERATES.

Dallas, Texas, July, 1936.—Meeting fully its obligation to the nation in the present crisis, The Southwestern Telegraph & Telephone Company, through General Manager C. A. Gates, has announced that employees who were members of the Texas National Guard on June 18, 1936 and responded to the call which took it, and those who have since or may hereafter, with the approval of the Company, rally to the colors, will receive the regular pay from the company during their first three months as soldiers or sailors, and thereafter, for nine months, will receive the difference in salary between that paid by the government and the amount they earned at the time of enlistment. The importance of the telephone in event of trouble is such that every effort must be made to avoid crippling it.

Every consideration, in due time and if necessary will be given the matter of service beyond the period designated. These rules are, of course, subject to revision in detail in the event the government makes some provision for those dependent upon the men who answer their country's call, but the general plan has been determined.

In addition to this, Southwestern Telephone Company employees who enlist or have enlisted under proper conditions, will upon return from duty or honorable discharge be given such employment as the needs of the service permits and they are able and fitted to perform when they return, and their records for continuous telephone service as applied to the operation of the very liberal Benefit Plan will stand as unbroken during their absence on duty under such enlistment.

### LAST "OASIS" ON COAST NOW DRY

Corpus Christi, Texas, July 1. The oasis for thirsty Corpus Christians and residents of San Patricio and Nueces counties, was voted out of business today when commissioners precinct No. 4, composed of the communities of Odum and Sodville, voted for prohibition by a vote of 111 to 59.

The one saloon affected is at the White Point gas field, 16 miles from this city.

Today's election increases the area of prohibition in South Texas so all of Nueces, San Patricio, Bee, Jim Wells, and Kleburg counties.

# DANGEROUS CALOMEL IS SELDOM SOLD NOW

**Calomel Salivates! It Makes You Sick and You Lose a Day's Work—Dodson's Liver Tone Acts Better Than Calomel and Is Harmless for Men, Women, Children—Read Guarantee!**

Every druggist here, yes! your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it while Dodson's Liver Tone is safe and gives better results," said a prominent local druggist. "Dodson's Liver Tone is personally guaranteed by every druggist. A large family-sized bottle costs only 50 cents and if you find it doesn't take the place of dangerous, salivating calomel you have only to ask for your money back."

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine, no sick headache, biliousness, ague,

sour stomach or clogged bowels. Dodson's Liver Tone doesn't gripe or cause inconvenience all next day like calomel.

Take a dose of calomel tonight and tomorrow you will feel sick, weak and nauseated. Don't lose a day's work!

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up with your head clear, your liver active, bowels clean, breath sweet and stomach reloaded. You will feel cheerful and full of vigor and ready for a hard day's work.

You can eat anything afterwards without risk of salivating yourself or your children.

Get a bottle of Dodson's Liver Tone and try it on my guarantee. You'll never again put a dose of nasty, dangerous calomel into your stomach.

### TOMATO SHIPMENTS FROM JACKSONVILLE

Jacksonville Banner. Texas shipped about 250 cars of tomatoes during the past week; total for the season, a little over 1000.

Total for Mississippi for the season, about 1750. Movement is nearly over in that state, only eight cars being shipped Wednesday.

Tennessee had shipped 64 cars up to Wednesday night and was getting 40 to 50.

Prices for Texas stock dropped to 40c on Thursday of last week, and 35c Friday. On Tuesday the lowest price of the season was reached, 30c, but Wednesday's 35c was regained.

Yesterday's loading was very light, as many growers did not pick on Tuesday nor Thursday.

If the price does not get too low, there will be a few cars daily all next week, and possibly some the weeks after. It seems the total will go to 1200 cars, almost equal to last year's shipments.

### CONGRESSMAN DIES KEPT ON THE JOB

Congressman Dies of this district addressed his remarks to the speaker of the house, Hon. Champ Clark, a few days ago asking a few days leave of absence for the purpose of coming home and making answer to attacks being made upon him, which the speaker declined, and the congressman is remaining on the job.

In making answer, Mr. Clark insists that of all times in the history of the party it is now necessary for democrats to remain on the job and with this admonition Mr. Dies announces that he will take the consequences and leave the fate of his race in the hands of his friends at home.

### NACOGDOCHES BOY HONORED.

The Sentinel carried a little personal yesterday to the effect that Paul Perkins, son of Mr. and Mrs. Chas. Perkins, of this city, had gone to take a summer course in the A. & M. We are glad to learn that instead of going to take a course, he has gone to take a position with the teaching faculty, having been put in charge of the dairy department, in which line he specialized while in school.

Paul graduated from Nacogdoches High School four years ago, and graduated from the A. & M. this summer, thus finishing up the school work he has mapped out for himself, and it is a distinct honor to him to be engaged in a responsible position with the institution as soon as he finished the courses.

If any farmer has doubted that Nacogdoches is the friend to his class and calling, his doubt will be dispelled when he receives the news that the business men of the city raised four hundred and twenty-five dollars in fifteen minutes to assist in exterminating the boll weevils of the county. And these same business men will do anything else in their power to assist the farmers in extricating themselves from any calamity or reverse that may overtake them. They are your friends—in both prosperity and adversity, and you are their friends as you have proven many ways in the past and for this reason good old Nacogdoches county towers above many of her neighbors in many ways.

### JUDGE L. B. HIGHTOWER, Jr.

Judge L. B. Hightower, Jr., who is a candidate for Chief Justice of the Ninth Court of Civil Appeals, is 41 years old, was born on a farm near the county line of Montgomery and Liberty counties, near Cleveland, and is a product of the Lig Thicket. He is the son of Judge L. B. Hightower Sr., who for more than two-to-three years has presided over the Ninth District Court of Texas. Judge Hightower received his early education in the common schools of Montgomery, Polk, San Jacinto and Liberty counties, and his law training at the University of Texas.

He grew to manhood on his father's farm in Liberty County, but early in life showed a great inclination to follow in his father's footsteps and become a lawyer. In 1895, after graduating from the Law Department of the University of Texas, he was admitted to the bar, and located at Comroe, in Montgomery County.

In 1899 he moved from Comroe to Beaumont, and in 1900 was married to Miss Dore Votaw, an East Texas girl, and at this time has a family of eight.

In 1902 Judge Hightower was elected county attorney of Jefferson County. Jefferson County having no district attorney, Judge Hightower's duties as county attorney included the prosecution of all district court cases as well as the misdemeanor cases. At the time of his election as county attorney, Beaumont was in the midst of the great oil boom, when lawlessness was working overtime, and murders were common. Judge Hightower then only about twenty-seven years of age, soon demonstrated his capacity and ability to deal with difficult situations, and he speedily cleaned out the gangsters with a fearlessness that made him famed as a prosecutor. He filled this position for one term. So well did he perform the duties of county attorney that the people of Jefferson County elected him at the youthful age of twenty-nine years, to the judgeship of the Sixth District Court, which made him at that time the youngest district judge in Texas.

As district judge he added to the reputation he had already attained by the great number of cases he disposed of and the expedition with which he dispatched business generally. His rulings were universally fair and correct, he had much heavy litigation in his court, many cases growing out of the oil operations, involving hundreds of thousands of dollars, but notwithstanding the intricate nature of the litigation, the newness of this character of litigation in Texas, and the early age at which he had gone on the bench, Judge Hightower's term of office was noted for the remarkably small number of cases appealed from his court which were reversed, the percentage of reversals by the higher courts being less than that of any man who ever sat as district judge in Jefferson County.

In 1912, after serving seven years as district judge, Judge Hightower voluntarily retired from the office of district judge to enter the general practice, and became a member of the law firm of Hightower, Orgain & Butler, with which firm he is now connected. Under date of December 6, 1911, the Evening News of Port Arthur, Jefferson County, editorially commented upon Judge Hightower's retire-

ment from the district bench, said in part as follows:

"Jefferson County is unfortunate in losing from the bench of the Sixth District Court Hon. L. B. Hightower Jr., whose services to the people at large while acting in an official capacity, both as prosecuting attorney and as district judge, have been of much value to the county and State. Judge Hightower has proven himself a man of great physical powers, of unquestioned and unquestionable integrity, and of exceptional clarity of vision in all judicial matters. His physical powers enabled him to fulfill the duties of the office at all times, his clear understanding and grasp of the law enabled him to give correct decisions, while his known integrity gave his decisions a character of finality that has been both satisfying and comforting to the court-seeking public—Texas needs more men like L. B. Hightower on the bench."

In becoming a candidate for Chief Justice of the Court of Civil Appeals, Judge Hightower does so at the earnest solicitation of his friends, including many of the lawyers of the district, and in the belief that he can be of some further service to the district of which he is a product.

The Court of Civil Appeals for the Ninth Supreme Judicial District was created by legislative enactment in 1915, and the Governor appointed the present chief justice to serve until the people could have an opportunity of electing to this place a man of their choice, as is provided for by the Constitution of this State. Therefore, this is the first time that the people of the district have had the opportunity of filling this position by election.

Judge Hightower has never been appointed to any office, but has always been elected, and has never been defeated before the people. Being splendidly equipped by training, education and experience, Judge Hightower solicits the support of the people for his candidacy, and if elected promises to give to the discharge of the duties of the office the very best efforts of which he is capable.

### HUGHES' WIFE "CHIEF ADVISER"

Bridgenampton, N. Y., July 2.—Charles E. Hughes yesterday began actual preparation of his speech of acceptance. A few days ago he described Mrs. Hughes as his "chief adviser" and yesterday afternoon he and Mrs. Hughes attached together with a great mass of material the candidate has collected from which to draft his acceptance of the republican nomination.

Friends of the former justice and his wife say the candidate places more reliance in the judgment of Mrs. Hughes than any other counsellor he has about him. It was noted yesterday that Mrs. Hughes made the third person at the luncheon to former President Taft. It can be said also Mrs. Hughes counselled her husband in advice of the meeting Wednesday night with Colonel Roosevelt. Now it is understood the speech of acceptance will reflect equally the aggressiveness of Roosevelt, the judicial acumen of Taft and the keen, analytical abilities of Hughes.

## PROPOSED AMENDMENT TO THE STATE CONSTITUTION RELATING TO LEVYING TAX FOR SCHOOL PURPOSES.

H. J. R. No. 30] HOUSE JOINT RESOLUTION. Proposing an amendment to Section 3, Article 7, of the Constitution of the State of Texas, authorizing the levy and collection of an ad valorem county tax not to exceed fifty cents on the one hundred dollar valuation of property for the maintenance of the public schools of the county, and authorizing the levy and collection of an ad valorem district tax not to exceed one dollar on the one hundred dollar valuation of property for the maintenance of the public schools of the district.

Be it resolved by the Legislature of the State of Texas: That Section 3 of Article 7 of the Constitution of the State of Texas be amended to hereafter read as follows:

SECTION 3. School Taxes.—One-fourth of the revenue derived from the State occupation taxes, and a poll tax of \$1.00 on every male inhabitant of this State between the ages of 21 and 60 years shall be set apart annually for the benefit of the public free schools, and in addition thereto there shall be levied and collected an annual ad valorem State tax of such an amount, not to exceed 20 cents on the \$100.00 valuation, as with the available school fund arising from all other sources will be sufficient to maintain and support the public free schools of this State for a period of not less than six months in each year.

The Legislature may also provide for the formation of school districts by general or special law, without the local notice required in other cases of special legislation, and all such school districts, whether created by general or special law, may embrace parts of two or more counties, and the Legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts and for the management and control of the public schools of such district, whether such districts are composed of territory wholly within a county or in parts of two or more counties. And the Legislature may authorize an additional ad valorem tax to be levied and collected within all school districts heretofore or hereafter formed, for further maintenance of public free schools, and the erection and equipment of school buildings therein; provided, that a majority of the qualified property-taxpaying voters of the district, voting at an election to be held for that purpose, shall vote such tax not to exceed in any one year one dollar on the \$100 valuation of the property subject to taxation in such districts, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns, constituting separate and independent school districts.

SEC. 2. The Governor of this State is hereby instructed to issue the necessary proclamation for the submission of this amendment to the qualified voters of the State of Texas at the next general election to be held in November, 1916, at which election all voters favoring this amendment shall have written or printed on their ballots the words, "For the amendment to Section 3, Article 7, of the Constitution of the State of Texas, relating to the levy of ad valorem school taxes not to exceed fifty cents on the \$100.00 valuation in the county and not to exceed one dollar on the \$100.00 valuation in the district, for the purpose of maintaining the public schools of the county or of the district." And those opposed to this amendment shall have written or printed on their ballots the words, "Against the amendment to Section 3, Article 7, of the Constitution of the State of Texas relating to the levy of ad valorem school taxes, not to exceed fifty cents on the \$100.00 valuation in the county, and not to exceed one dollar on the \$100 valuation in the district for the purpose of maintaining the public schools of the county or of the district."

SEC. 3. The sum of \$5,000.00, or as much thereof as may be necessary therefor, is hereby appropriated to pay the expenses of carrying out the provisions of this resolution.

[NOTE.—H. J. R. No. 30 was adopted by the House March 6, years 104, days 12. Was adopted by the Senate, with amendments, March 19, years 25, days 2. House concurred in Senate amendments March 19, years 25, days 19, present and not voting 1.]

Approved April 1, 1915.

## CARRANZA ISSUES A DEFIANT REPLY

### ACCUSES U. S. OF MANY UGLY THINGS AND DECLARES WE HAVE NO RIGHT THERE.

Mexico, City, June 30.—The foreign office today issued a memorandum in reply to Secretary Lansing's recent note, in which the correctness of assertions in the communication from Washington is repeatedly denied. The memorandum declares that the United States had no right to maintain its armed forces on Mexican soil.

Emphatically reiterating the Mexican government's position denying the right of the United States to keep armed bodies in Mexico, the memorandum denies energetically that the Mexican government has protected bandits who had committed depredations in the United States and defies Washington to produce proof of the assertion.

The memorandum contains 35 counts. Although not in the form of a direct reply to the Washington note, it is considered equivalent to an answer to that document.

It expresses surprise that the Washington government should have been pained at the tone and contents of the Carranza document, since it maintains that the United States has sent to the constitutional government not only one but more than one discourteous and even overbearing note.

Blame for the Santa Ysabel massacre was placed on the so-called impulsive, irascible disposition of Charles Watson, general manager of the Cusi Hahrahe Company, and General Scott and General Funston are accused of bad faith and lack of honor in mistreating General Obregon in an alleged excessive reply regarding the crossing of American troops into Mexico in the Glenn Springs raid.

The memorandum asserts that while it is true that the United States arrested General Huerta, the motive which prompted this act was not for the purpose of aiding the constitutional government but because the United States feared that General Huerta was plotting with Germany.

The note concludes by declaring that the presence of American troops in Mexico invites rather than prevents bandit raids along the border.

The memorandum was issued at the same time that the foreign office authorized publication of Secretary Lansing's recent note.

### LAST OF RAIDERS HANGED.

Deming, N. M., June 30.—Four Villa followers who took part in the Columbus raid were executed by hanging in the county jail here today.

The men were executed in pairs. Ensevio Renteria and Taurino Garcia were placed on the scaffold first. They were not pronounced dead until 20 minutes after the drop. Jose Rangel and Juan Castillo were next. Their necks were broken and death was almost instantaneous.

The four men were calm. Rangel smoked a cigarette as the noose was adjusted. None would say anything except Garcia, who exclaimed as he was led to the execution: "I hope God will forgive my enemies."

This completes the dispositions of the cases of the Columbus raiders. Jose Rodriguez recently was granted a stay of execution, and is serving a life sentence.

Company D, New Mexico National Guards, was held at the armory in case of an attempted demonstration. A force of 40 deputies appointed by Sheriff W. J. Simpson, guarded the jail during the night. There was no disorder.

### WORLD'S RICHEST WOMAN IS WITH THE DEAD

New York, July 3.—Mrs. Hetty Green, known as the world's wealthiest woman, died here today. She had suffered three strokes of paralysis during the last two months and for several weeks had been virtually helpless.

Mrs. Green was 80 years old. Her death occurred at 8:05 at the home of her son, Col. Edward H. R. Green, at No. 5 West 90th street, adjoining the plain brick, four story house at No. 7 on the corner of Central Park West, where Mrs. Green had lived lately in seclusion, except for her son and several Japanese servants and trained nurses.

For several weeks past, Mrs. Green had been unable to walk and had spent practically all her time in a wheelchair. The nurses occasionally lifted her into her automobile, where, propped up by pillows and protected by furs, the mistress of finance enjoyed a few afternoons in the park. Most of the time, however, she sat in the wheel chair at one of the front windows on the parlor floor of her house and gazed

out over the park, motionless for hours at a time. Her son, Col. Astor Wilks, who were the only children, had been with her much of the time and it was recently reported that Mrs. Green had turned over all her financial affairs to her son's charge.

In future I will spend Wednesday of each week in Timpson, the remainder of the time in my studio in Nacogdoches. 1tdw

### YOUNG BEAUMONT ATTORNEY FOUND DEAD NEAR HOME

Beaumont, Texas, July 1.—Crawford Williams, a prominent young attorney of this city, aged 24 years, was found dead on the sidewalk near his home at midnight. A 22-calibre rifle was found by the side of his body. It had been recently discharged but was unbreached.

The body was lying prostrate over a suitcase when found and nearby was a typewriter that the deceased had been carrying. The theory of the police is that he was carrying the rifle, suitcase and typewriter and dropped the rifle, when it was discharged causing his death.

Mr. Williams had spent the day in Houston looking after the interests of an oil company and was returning to his home when he met his death.

### CONFEDERATE VETERANS.

Fifty-five years ago today B. F. Benton's company, which went into the Confederate army in Virginia, received a number of men from this county into its regular enlisted membership, at Bowen's mill in San Augustine county. Four of these are yet living, namely: Rev. J. N. Wilson of Melrose, who served through the war, was wounded three times and came out as captain of his company; J. C. and H. V. Fall and Alfred Wilson of Chireno.

At the end of the war there were about one-third of the original members surviving.

### OIL FOUND IN PANOLA COUNTY.

Marshall, Texas, July 1.—Interest in the new oil strike just across the county line in Panola County grows with every passing hour. The well is only three miles from the end of the Marshall & East Texas Railway, which company will extend to the oil field, just as soon as its value is proven beyond a doubt. The well, which was brought in Thursday, is being drilled deeper, with confident expectation of striking a larger flow of oil than the first, which flows at about 45 gravity light black oil.

Keep your system in perfect order and you will have health, even in the most sickly seasons. The occasional use of Prickly Ash Bitters will insure vigor and regularity in all the vital organs.—Stripling, Haselwood & Co., Special Agents.

### A BIG PICNIC.

Those who attended the picnic at Nat yesterday bring back quite a complimentary report of the event.

There were about two thousand people present, a fine dinner was served with plenty and to spare, good order prevailed throughout the day, and a general good time was had by all present.

Mr. Marshall, the good roads expert, addressed the crowd in the interest of good roads for Nacogdoches county, which was the only speaking of the day, the candidates not being invited to speak. But the candidates were there in full force, and put in good time circulating among the voters.

Mr. and Mrs. J. R. Webb and two little sons, R. D. and Jack, arrived Sunday for a visit to Mrs. Webb's brother, V. E. Simpson, and family at Rosewood. They came through the country from El Paso in an automobile.

### GROUP-STUDY COURSES FOR CLUBS.

For three years the Correspondence Division of the University Extension Department has successfully given group-study courses to clubs of the state. This year more than fifty clubs are enrolled; and for next year we hope to enroll at least twice as many. Below is a brief announcement of the plan of our work. The new correspondence catalog containing a fuller announcement and full explanations of the various courses will be ready for distribution within the next two or three weeks. If you are interested in seeing this, write and ask that your name be placed on our mailing list. In the meantime, please present the plan to your club for consideration.

The Plan. A full group-study consists of programs for a year's study and reading, a reference library of from five to thirty books on the topic chosen, and a lecture by the director of the course. A club may apply for the programs and library alone if the lecture is not desired.

THE PROGRAMS vary according to topics and the individual tastes of the directors, who are University professors and specialists in the fields in which they offer courses. The plan calls for from eight to twenty-four programs, the average number being sixteen or two a month for the usual club year from October to May. The programs are sent out usually within two or three weeks after receipt of the club's application.

THE LIBRARY consists of from five to thirty books, references which are made in the programs. In a few cases important textbooks only are given, the club being required to purchase such parallel books as may be needed for reading in connection with the programs. In a few other cases general reference books are furnished, and the club members are asked to purchase copies of the basic textbook. The library is lent to the club for the entire session. The University pays express charges one way and the club pays them the other way. The books are shipped usually about the middle of September.

THE LECTURE, which is always on some topic closely related to the work of the course, may be given at any time in the club year that is convenient for the club and the director. In addition to the formal lecture, which may be given to the club and its invited guests, or free to the public, or with admission charge, the director will also, if desired, give an informal talk to the club members, either on the afternoon before or morning after the formal lecture. In the informal talk the lecturer will endeavor to clear up such difficulties as the club may have met with in the progress of the course. If an admission fee is charged for the public lecture, the entire proceeds go to the club. For such an occasion the University furnishes printed tickets free of charge, with the understanding that the tickets will be returned after the lecture. The University pays the traveling expenses of the lecturer, but the club is expected to entertain him during his visit—that is, secure hotel or private home accommodation for him.

THE FEES for 1916-17 are as follows: Full course, including the lecture, \$25. Programs and library alone, \$10. The number of libraries on each topic is limited, and the number of lecture courses which may be given by each director is limited. It will be well therefore, for clubs to make application early, so as to secure the courses and lecture of their choice.

Attached hereto is a list of the subjects in which group-study courses are given. If you are able to choose from this, we will be glad to give full information with regard to any one or two topics. If you can postpone your decision until the catalog is ready, you will be given full information with regard to all of the courses. In making application the club should always, if possible, state first and second choice of subject, as we are sometimes unable to reserve the course of your first choice.

Address all inquiries for a formal application blank to  
W. ETHEL BARRON,  
Registrar of the Correspondence Division, University of Texas, Austin, Tex.

### NATION'S REVENUE ABOVE ESTIMATE OF McADOO

Washington, July 1.—The government closed its fiscal year yesterday with total receipts of \$838,493,968 and total disbursements of \$799,666,190, an excess of \$38,827,778, compared with a deficit of \$59,436,550 for the year ending June 30 last. Both the income tax and internal revenue receipts in 1916 showed up far above the estimates made by Secretary McAdoo, and swelled the balance. Income tax receipts amounted to \$124,867,430, compared with \$79,838,675 last year, an increase of about \$45,000,000 over the amount expected by officials, even as late as a week ago. Of the total \$56,909,941 came from corporations and \$67,957,488 came from corporations.

The balance in the general fund at the close of the year was \$236,879,590, including amounts to the credit of disbursing officers. The actual balance was \$174,965,231, the largest balance in the general fund since 1908.

In a statement analyzing the figures, Secretary McAdoo said larger internal revenue receipts for the year have been due in a great measure to the "unprecedented prosperity of the country and the vigorous enforcement of the internal revenue laws."

### LUFKIN GROCERY STORE IS DESTROYED BY FIRE

Lufkin, Texas, July 2.—About 4 a. m., the grocery store of Mr. Luther Cook, situated near the center of the brick block, and adjoining the post-office building, was totally destroyed by fire. Loss between \$3,000 and \$4,000, partially covered by insurance. It was by hard work that the post-office, W. R. Fuller, and the immense general merchandise store of "Saxon Company," together with Odd fellows hall, in the same block, were saved from the destructive elements. Mr. Cook, the proprietor, lost his residence by fire last winter. He was absent from home at the time, and is absent at the time of the burning of his store.

### WAR ON THE BOLL WEEVILS BY THE BUSINESS MEN

#### Four Hundred and Twenty-five Dollars in Prizes Will be Distributed Among the Farmers.

The business men of Nacogdoches are responsive to everything that affects the interest of their neighbors of the country, and when any trouble or calamity is visited upon the country, these business men stand ready to do their part in overcoming it.

Just now news is coming from the country districts to effect that there is an alarming spread of boll weevils, and that if prompt and effective measures are not employed with which to check this pest the bulk of the cotton crop will be destroyed. In quick response to this call, the business men of Nacogdoches assembled in mass meeting yesterday afternoon and raised four hundred and twenty-five dollars which will be given as prizes to farmers and others in an effort to arouse

all to the importance of picking up the punctured squares and employ established cultural methods. At this meeting Mr. W. U. Perkins was elected chairman; Mr. R. C. Mohr, secretary. Interesting talks were made by Jas. D. Greer, Henry Schmidt, Eugene Blount and others who were all in favor of a plan adopted by Tyler in which weekly prizes are paid for the largest number of squares delivered, and the convention unanimously decided to adopt the plan. A committee composed of Jas. D. Greer, J. N. Thomas, Henry Schmidt and Roland Jones to put the plan into operation at the earliest possible moment—and they are doing their duty, advertising matter already being distributed.

The plan as adopted is as follows: Pick up the punctured squares and bring them to the Secretary of the Business Men's Club, basement of the Court House before 2 o'clock, Saturday and he will record the number, which will be open to inspection.

The prizes will be awarded in front of the Court House at 3:30 o'clock p. m. on each Saturday and will be as follows: \$5.00 will be given to each of the three persons bringing in the largest number of punctured squares. \$4.50 will be given to each of the three persons bringing in the second largest number of punctured squares. \$4.00 will be given to each of the three persons bringing in the third largest number of punctured squares. \$3.50 will be given to each of the three persons bringing in the fourth largest number of punctured squares. \$3.00 will be given to each of the three persons bringing in the fifth largest number of punctured squares.

\$2.50 will be given to each of the three persons bringing in the sixth largest number of punctured squares. \$2.00 will be given to each of the three persons bringing in the seventh largest number of punctured squares. \$1.50 will be given to each of the three persons bringing in the eight largest number of punctured squares. \$1.00 will be given to each of 22 persons bringing in the next largest number of punctured squares. Grand Prize, \$25.00

In addition to the above weekly prizes a grand prize of \$25.00 will be awarded to the person having the greatest number of punctured squares after the entire four weeks covered by above contests, and which will be awarded on July 29, the last day of the contest.

# Wealth and Prosperity or Poverty and Ruin

## THE BATTLE WILL BE DECIDED IN 30 DAYS

### WANTED--5000 Men, Boys and Girls to Fight the Boll Weevil

ONE HUNDRED DOLLARS in CASH PRIZES GIVEN AWAY every Saturday in Nacogdoches, beginning SATURDAY, JULY 8th, and continuing until SATURDAY, JULY 29th. THE BOLL WEEVIL BATTLE WILL BE DECIDED BY AUGUST 1st, 1916.

Wealth and prosperity or poverty and ruin hinges on the battle. Which will you take?

Boll weevils can be exterminated by picking up and destroying punctured squares and continued cultivation.

The business men of Nacogdoches through the Business Men's Club offers the opportunity to every man, woman, and child, white or black to secure substantial weekly cash prizes.

When you get a prize, you are assured that the saving to your cotton is many times more valuable to you and your family than the prize itself.

### The Plan

Pick up the pictured squares and bring them to the Secretary of the Business Men's Club, basement of the Court House before 2 o'clock p. m. each Saturday and he will record the number, which will be open to inspection.

The prizes will be awarded in front of the Court House at 3:30 o'clock p. m. on each Saturday and will be as follows:

\$5.00 will be given to each of the three persons bringing in the largest number of punctured squares.

\$4.50 will be given to each of the three persons bringing in the second largest number of punctured squares.

\$4.00 will be given to each of the three persons bringing in the third largest number of punctured squares.

\$3.50 will be given to each of the three persons bringing in the fourth largest number of punctured squares.

\$3.00 will be given to each of the three persons bringing in the fifth largest number of punctured squares.

\$2.50 will be given to each of the three persons bringing in the sixth largest number of punctured squares.

\$2.00 will be given to each of the three persons bringing in the seventh largest number of punctured squares.

\$1.50 will be given to each of the three persons bringing in the eighth largest number of punctured squares.

\$1.00 will be given to each of 22 persons bringing in the next largest number of punctured squares.

### Grand Prize, \$25

In addition to the above weekly prizes a grand prize of \$25.00 will be awarded to the person having the greatest number of punctured squares after the entire four weeks covered by above contests, and which will be awarded on July 29, the last day of the contest.

News from the City of Mexico is to the effect that all buildings displayed the Mexican flag yesterday in honor of the anniversary of independence in the United States. Good diplomacy.

Another good rain visited the major portion of Nacogdoches county last night which will be sufficient to brush up the corn and feed crop, and insure a bumper crop of feed-stuff this year.

The dispatches report eight dead and one hundred and ninety hurt over the country in the Glorious Fourth celebrations yesterday. In Nacogdoches county we are glad to say that celebration was more safe and sane.

The war clouds seem to be dissipating in the region of Mexico, and it looks as if the United States had had its trouble of assembling an army on the border for nothing. But a bluff is as good as the real thing when it works.

The road bond issue in Rusk County is at fever-heat now, with the odds in favor of the bond issue so far as the argument is concerned. Rusk county has a splendid example of what good roads are in her neighbor Gregg county, and all doubting Thomases, who could be induced to take the trip, have been shown.

Keep it before the minds of the good people of this country that where good roads have been made whether by bond issue or any other issue the citizens enjoying those roads would not go back to the old system for all the money paid back with interest on the same. This one fact is the strongest argument in favor of the bond issue. Col. Milner in Rusk Co. News.

The army appropriation bill framed by the United States senate carries a budget of \$328,000,000. The figures are rather staggering to the average mind not used to computing on such a large scale, but this statement is somewhat relieved with another dispatch announcing that the government has within her borders 21,000,000 men of military age. Truly, Uncle Sam is becoming a big nation in all the things that go to make up bigness.

UNCLE SAM'S 140th BIRTHDAY. The original American birth certificate belongs to Uncle Sam. It is hand-written on parchment and is now preserved in an airtight and light-proof case in the library of the department of state.

Once a year, the 100,000,000 people of the United States take a day off to celebrate the making of this document, famous in history as the Declaration of Independence. Time was when the reading of it was part of the program at every Fourth of July picnic. And all the boys of the land could repeat at least the sentence:

"And for the support of this declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our Lives, our Fortunes, and our Sacred Honor."

But nowadays, the strenuous nature of a holiday in an amusement park leaves neither time or place for any explanation of "why we celebrate."

And any classic phrase from the Declaration reads like a news item to most of us.

So read the above quotation again. Ask yourself if you are ready to pledge your life, your fortune, your sacred honor to the support of the republic which protects you?

The Fathers put all they had into the cause of freedom. But today, numbers of citizens put nothing whatever into the government—not even thought.

Exploitation is about the only kind of attention the nation gets from lots of us.

There's the exploitation of our natural resources—recall the water power grab which is still before congress.

There's the exploitation of the people—recall Masil M. Manly's recent expose of the extra tax bone by the poor because the rich refuse to pay their legal income taxes.

There's commercial exploitation—recall the recent forced and unnecessary rise in the price of gasoline.

Such are the victories we have permitted to the unscrupulous, in our peace and prosperity—because we will not devote a little gray matter to the country's business.

Now we have fallen upon troublous times. Our young men are mobilizing in armies. The whole country is excited and preoccupied with the ways of war.

And the exploiters are all going to get busier than ever, snatching every available good thing in sight. Armies can't stop them—but your brains can. It is not probable that any of us

will have to give our fortunes to our county. It is to be hoped that few will have to give their lives.

But our sacred honor is due her. And the best pledge we can make to Uncle Sam on his 140th birthday is the promise to put a little serious thought, every day, into public affairs.—Shreveport Times.

### EXECUTION SALE

Whereas, by virtue of alias execution issued out of the Justice Court, Precinct Number One, Nacogdoches County, Texas, on a Judgment rendered January 31st, 1916, in said court in favor of S. L. Miller against E. B. Lewis and T. H. Lewis and being cause number 1999 on the docket of said court, I did, on the 5th day of July, 1916, at 10 o'clock a. m. levy upon the following described parcel of land, situated in Nacogdoches County, Texas, belonging to the defendants E. B. Lewis and T. H. Lewis, and being their undivided interest in and to said lot of land situated about one half mile North of the Public Square on the East side of North Street in the City of Nacogdoches, being a part of the J. H. Starr survey and lying between Mound and North Street, and is that property described in two deeds, one from J. H. Barham and wife to E. B. Lewis, dated December 8th, 1887 of record in Volume Y, on page 371, real estate records of Nacogdoches County, Texas, and a deed from T. H. Trawick to E. B. Lewis, dated December 29, 1886, of record in Volume X, pages 489-490, real estate records of said county and to both of which deeds and the record thereof reference is here now made for full and complete description, and being all of said land less a lot 39.6 varas by 240 feet on the East-end of said property sold to Mayer & Schmidt by E. B. Lewis by their deed of record in Volume 76 page 246, and to which reference is also made for description of the part excepted.

And on the first day of August, 1916, being the first Tuesday of said month, between the hours of ten o'clock p. m., on said day, at the Court-house door of said county, I will offer for sale their undivided interest in said property, at public auction, for cash, to satisfy said judgment, amounting to \$57.85 besides interest and costs.

This the 5th day of July, A. D. 1916.  
J. L. BURROWS,  
Constable Precinct No. 1, Nacogdoches County, Texas.

#### MINISTER OFFERS SERVICES.

The Sentinel is in receipt of a letter from Eld. S. A. Acroy of Cushing, dated June 28, in which he says:

"Will you please announce in your paper that I am willing and ready to hold, or help hold, meetings anywhere in the county that my services may be needed, or anywhere a meeting is wanted. Address me at Cushing, Texas."

Doing hard work in a bent or a stooping position puts a stitch in the back that is painful. If the muscles have become strained, you can't get rid of it without help. The great penetrating power of BALLARD'S SNOW LINIMENT will appeal to you most strongly at such times, because it is the very thing you need. Price 25c, 50c and \$1.00 per bottle. Sold by all druggists.

Mrs. J. A. Muckleroy came in yesterday from a visit to relatives in Nacogdoches and Lufkin. She was accompanied by two of her grandchildren from Nacogdoches—Jacksonville Progress.

When you feel lazy, out of sorts and yawn a good deal in the daytime you can charge it to a torpid liver, which has allowed the system to get full of impurities. HERBINE cures all disorders produced by an inactive liver. It strengthens that organ, cleanses the bowels and puts the system in good healthy condition. Price 25c. Sold by all druggists.

#### A YOUNG LADY IS STRUCK BY LIGHTNING

Relatives in this city have received the shocking news that Miss Eric Day was struck by lightning while on duty at the switchboard in the telephone office at Center Saturday afternoon, but are consoled with the supplemental information that there is some hope that she will survive the shock. The young lady was knocked un-

conscious with the shock, and up until yesterday afternoon the worst was feared, but advices from her bedside this morning bring the cheering news that her condition is some better, although she is still unconscious.

The young lady is a native of this town and was reared here. She has been connected with the telephone office at Center for a number of years and was rated as one of the most valued employees of the enterprise. She is a most elegant, refined young lady, and no one has more admiring friends in her home town than she who are now greatly concerned about her condition.

When the baby is suffering the double affliction of hot weather and bowel disorders, the remedy needed is McGEE'S BABY ELIXIR. It reduces the feverish condition, corrects the stomach and checks the looseness of the bowels. Price 25 and 50c per bottle. Sold by all druggists.

J. P. Barr was up from Appley Saturday afternoon, looking after some business interests. It will be remembered that Mr. Barr happened to the misfortune to get poisoned while eating some dew berries several weeks ago, in which he came near losing his life. His friends will be glad to learn that he has entirely recovered from the trouble and is now enjoying good health.

A bad taste in the mouth comes from a disordered stomach and back of that is usually a torpid liver—a condition which invites disease. HERBINE is the remedy needed. It corrects the stomach and makes the liver active and regular. Price 25c. Sold by all druggists.

A lady lost a brooch pin between this city and San Augustine one day last week. She advertised for it in The Sentinel, and in a little while after the paper was circulated the pin was restored to her, having been found by a party at Chireno who was on the alert to find the owner.

#### THE AMERICAN SOLDIERS STILL CROSSING BORDER

Fabens, Texas, July 2.—American troops which crossed the Rio Grande into Mexico near Fort Hancock late yesterday after having been in pursuit of Mexican raiders, recrossed the river today, the trail having been lost, according to a report here. Three troops of cavalry under Capt. Leroy Eltinge pursued eight Mexicans who raided the old post at Fort Hancock and escaped with several head of government horses.

San Antonio, Texas, July 2.—Capt. Leroy Eltinge, with two troops of the Eighth Cavalry, crossed to the Mexican side of the river opposite Fort Hancock, Texas, today for bandits who fled back into Mexico after raiding the American side. Late today no information concerning his movements had been received at General Funston's headquarters. It was expected that unless he developed a hot trail he would return to the American side, perhaps tonight.

Captain Eltinge crossed the Rio Grande yesterday at 5:45 p. m., picked up the trail and followed it a short distance, but found it led him back towards the river at a point lower down. He was unable to discover an indication at that time of the location of the bandits and recrossed to the American side. Early today he led his two troops back into Mexico, but said that unless he found some tangible evidence on which to base the pursuit he would return tonight.

Should Sloan's Liniment Go Along? Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and set you in fine shape for the morrow. You should also use it for a sudden attack of toothache, stiff neck, backache, stings, bites and the many accidents that are incidental to a vacation. "We would as soon leave our baggage as go on a vacation or camp out without Sloan's Liniment." Writes one vacationist: "We use it for ever, thing from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets. dw

#### WARN AMERICANS TO LEAVE MEXICO

San Antonio, Texas, July 2.—A last warning to Americans in Mexico to get out of that country has been issued by the state department. Emphasis is laid on the fact that it will be the last warning and that neglect of it may be attended by fatal consequences.

American consuls in Mexico who have been withdrawn from this post by state department orders and who are now in San Antonio have received this warning with instructions to attempt through private or personal channels, to transmit it to American residents in their districts. Yesterday they were busy seeking means to dispatch the message to interior points.

All consuls at Mexican ports have been instructed to likewise get the warning to remote places where there are still Americans. One of the consuls here stated last night that doubtless the state department had also transmitted this warning to the British minister in the City of Mexico and that he would send it in code to his consuls and vice consuls with instruction to place it before all Americans. A large proportion of those Americans remaining were expected to leave for Vera Cruz today on their way to the United States.

It is regarded of a special significance that the new and final warning was issued by the state department after the Carranza government had surrendered the negro troopers captured at Carrizal.

Look Good—Feel Good No one can feel good nor look good while suffering from constipation. Get rid of that tired, drabby, lifeless feeling by a treatment of Dr. King's New Life Pills. Buy a box today, take one or two pills tonight. In the morning that stuffed, dull feeling is gone and you feel better at once. 25c at your druggist. dw

#### Why Endure Summer Colds?

It isn't necessary to have a stuffed head, running nose. To cough your head off as it were. All you need do is to use Dr. Bell's Pine-Tar-Honey. The soothing and healing balsams open the clogged air passages and in a short time you get relief and start on the road to recovery. Your nose stops running, you cough less and you know you are getting better. Get a bottle, use as directed. Keep what is left as a cough and cold insurance. dw

Dr. Pierce is in receipt of a letter from his son, Dr. Leslie Pierce, of Asheville, S. C., announcing that he is able to return to his boarding place following three weeks' confinement in the sanitarium. The young man's Nacogdoches friends trust that he may continue to mend and now enjoy good health.

Biliousness and Stomach Trouble "Two years ago I suffered from frequent attacks of stomach trouble and biliousness," writes Miss Emma Verbryke, Lima, Ohio. "I could eat very little food that agreed with me and I became dizzy and sick at my stomach at times that I had to take hold of something to keep from falling. Seeing Chamberlain's Tablets advertised I decided to try them. I improved rapidly." Obtainable everywhere. dw

#### BLACK LEG REPORTED.

County Agricultural Agent Greer has received a call from the home of Willie Baxter at Libbert, to come and treat some cattle suffering with the black leg.

This is a very fatal disease among cattle, but Mr. Greer hopes to stamp it out without much spread as he has so effectively stamped out hog cholera in a few weeks.

#### Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Every family without exception should keep this preparation at hand during the hot weather of the summer months. Chamberlain's Colic, Cholera and Diarrhoea-Remedy is worth many times its cost when needed and is almost certain to be needed before the summer is over. It has no superior for the purposes for which it is intended. Buy it now. Obtainable everywhere. dw

Deputy Sheriff Myers happened to the misfortune to get pretty badly bruised up this morning by a piano, which he was moving, falling over him.

Taking Big Chances. It is a great risk to travel without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as this preparation cannot be obtained on the trains or steamships. Attacks of bowel complaint are often sudden and very severe, and everyone should go prepared for them. Obtainable everywhere. dw

#### SAM C. SUTPHEN DEAD.

Old-time residents of this county will remember the Sutphen family who were residents and highly respected. The original home was located on the north bank of the Gaundes creek, a mile beyond where Maytown is now located. They were prominent people and they had many friends. One of the Sutphen's was Sam C., whose death occurred at his home near Caddo, in Stevens county, June 23rd. He was a brother of Mrs. John P. Davidson, and of J. P. Sutphen, once a prominent business man of this city. He had well supplied farm home, and left a widow and several grown children, of above average rating. His last home in this county was near John H. Richardson, at Moytown. He moved west many years ago.

#### CITATION BY PUBLICATION

The State of Texas,  
To the Sheriff or any Constable of Nacogdoches County—Greeting:

You are hereby commanded to summon Della Edwards, by making publication of this Citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Nacogdoches County, to be held at the Court House thereof, in Nacogdoches, on the 1st Monday in September, A. D. 1916, the same being the 4th day of September, A. D. 1916, then and there to answer a petition filed in said Court on the 22nd day of June, A. D. 1916, in a suit, numbered on the docket of said Court No. 405, wherein Ed Edwards, is the plaintiff, and Della Edwards, is the defendant, and said petition alleging:

That Plaintiff is an actual bona fide inhabitant of Texas and has resided in Nacogdoches County, Texas, for more than one year next preceding the filing of this petition.

That Plaintiff and Defendant were lawfully married to each other on the 3rd day of January, A. D. 1900, and thereafter lived and co-habited together as husband and wife until on or about the 15th day of December, 1913, when Plaintiff was compelled to leave the Defendant with the intention of forever remaining away from her; that prior to said separation Defendant was guilty of immoral conduct, in that she committed adultery with various and sundry male persons.

That during the time they lived together as aforesaid Plaintiff made Defendant a kind and dutiful husband, but unkindful of her marriage vows, Defendant persisted in a course of adulterous conduct with other men.

That as a result of said marriage there were born unto Plaintiff and Defendant four children, Jewel Edwards, a girl 12 years of age, Lillian Edwards, a girl 10 years of age, Tommy Edwards, a boy now 7 years of age, and Edna Edwards, a girl 5 years of age; that because of the conduct of Defendant, who is now a transient woman, Plaintiff alleges that she is not a proper person to raise and educate said children, that he is able and willing to provide, care for and educate said children, and prays for their custody.

Wherefore Plaintiff prays that Defendant be cited to appear and answer this petition, and that upon a final hearing hereof, he have judgment dissolving said marriage vows now existing between them, for the custody of said children, for costs of suit and general relief.

Herein fail not, but have before said Court, at its aforesaid next regular term, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Nacogdoches, this 23rd day of June, A. D. 1916.

CLAUDE C. WATSON,  
Clerk, District Court, Nacogdoches County, Texas.

#### VILLA IN DURANGO.

El Paso, Texas, July 1.—Francisco Villa with 1200 followers is in the state of Durango, near the Zacatecas border, according to a report made to General Bell by a scout who reached the border today. The scout, who formerly was one of Villa's officers, undertook the quest in the hope of obtaining the rewards offered for Villa's capture. His report, however, conflicts with previous reports that Villa is at Boquilla, seventy miles west of Chihuahua City.

Mrs. Jack Converse and little son left Sunday for Conroe where they will make their future home.

### Terrible Croup Attack Quickly Repulsed By Old Reliable Remedy

Well known Georgia store keeper has mastered croup and colds for his family of ten with Foley's Honey and Tar Compound.

The minute that hoarse, terrifying croupy cough is heard in the home of T. J. Barber, of Jefferson, Ga., out comes Foley's Honey and Tar Compound—there's always a bottle ready. Here's what he says: "Two of my children, one boy and a girl, aged eight and six years respectively, had terrible attacks of croup last winter and I completely cured them with Foley's Honey and Tar Compound. I have ten in family and for years I used Foley's Honey and Tar Compound and it never fails." "Banish worry and save doctor bills—keep Foley's Honey and Tar Compound always on hand, in your home. One bottle lasts a long time—it's reliable and safe—and the last dose is as good as the first. Get the genuine."

# Federal Inquiry or Railroad Strike?

Faced by demands from the conductors, engineers, firemen and brakemen that would impose on the country an additional burden in transportation costs of \$100,000,000 a year, the railroads propose that this wage problem be settled by reference to an impartial Federal tribunal.

With these employees, whose efficient service is acknowledged, the railroads have no differences that could not be considered fairly and decided justly by such a public body.

## Railroads Urge Public Inquiry and Arbitration

The formal proposal of the railroads to the employes for the settlement of the controversy is as follows:

- "Our conferences have demonstrated that we cannot harmonize our differences of opinion and that eventually the matters in controversy must be passed upon by other and disinterested agencies. Therefore, we propose that your proposals and the proposition of the railways be disposed of by one or the other of the following methods:
1. Preferably by submission to the Interstate Commerce Commission, the only tribunal which, by reason of its accumulated information bearing on railway conditions and its control of the revenue of the railways, is in a position to consider and protect the rights and equities of all the interests affected, and to provide additional revenue necessary to meet the added cost of operation in case your proposals are found by the Commission to be just and reasonable, or, in the event the Interstate Commerce Commission cannot, under existing laws, act in the premises, that we jointly request Congress to take such action as may be necessary to enable the Commission to consider and promptly dispose of the questions involved; or
  2. by arbitration in accordance with the provisions of the Federal law (The Newlands Act).

## Leaders Refuse Offer and Take Strike Vote

Leaders of the train service brotherhoods, at the joint conference held in New York, June 1-15, refused the offer of the railroads to submit the issue to arbitration or Federal review, and the employes are now voting on the question whether authority shall be given these leaders to declare a nation-wide strike.

The Interstate Commerce Commission is proposed by the railroads as the public body to which this issue ought to be referred for these reasons:

- No other body with such an intimate knowledge of railroad conditions has such an unquestioned position in the public confidence.
- The rates the railroads may charge the public for transportation are now largely fixed by this Government board.
- Out of every dollar received by the railroads from the public nearly one-half is paid directly to the employes as wages; and the money to pay increased wages can come from no other source than the rates paid by the public.
- The Interstate Commerce Commission, with its control over rates, is in a position to make a complete investigation and render such decision as would protect the interests of the railroad employes, the owners of the railroads, and the public.

## A Question For the Public to Decide

The railroads feel that they have no right to grant a wage preferment of \$100,000,000 a year to these employes, now highly paid and constituting only one-fifth of all the employes, without a clear mandate from a public tribunal that shall determine the merits of the case after a review of all the facts.

The single issue before the country is whether this controversy is to be settled by an impartial Government inquiry or by industrial warfare.

## GOOD ROADS COMMITTEE RECOMMEND BOND ISSUE

At the Meeting Yesterday A Program Was Worked Out to be Submitted to a Mass Meeting.

At the meeting of the Good Roads committee yesterday afternoon, at which was present Mr. Marshall, good roads expert of the state, much discussion was had as to the different methods of road work and means for sustaining same, following which the committee voted to recommend to the next mass meeting of citizens that a campaign be launched for the vote of a bond issue for four hundred thousand dollars, the money to be expended in building roads in the different sections of the county, provided such a step is legal, and Judge Geo. F. Ingraham was appointed as a representative of the committee to act with the county attorney in putting the matter up to the attorney general.

The next mass meeting was called to be held at the Weatherly creek, near Appleby, Tuesday afternoon, at 4:00 o'clock, July 11th, to which every citizen in the county interested in road improvement is invited.

As far as possible free transportation will be furnished from the various towns not only people of the immediate communities, but for those who come in on the different trains and by other means, and assemble for transportation. All who wish may also bring along a lunch, and enjoy a supper in picnic fashion.

Mr. Marshall addressed the committee and strongly favored the bond issue. After visiting the different parts of the county, and inspecting different conditions, he reasons that the first work we have in hand is to build a system of roads, and that we should have sufficient money on hand for the enterprise when it is launched. In this work he recommends that it be under the supervision of a competent road engineer who would do the work scientifically, making it far more effective and easier of maintenance, while with the method of taxation would be mostly consumed with maintenance and never give us the road building we need. He made many other points in support of his argument which we have not time and space to review in this report, but all of which were logical and doubtless correct.

In answer to questions in the matter, Mr. Marshall said that in most places in this county we could build a good grade of sand-clay roads at an average cost of \$2000 to \$2500 per mile and that in many places it would be cheaper to build a new line than to attempt to work down some hill or fill up some gully; that the roads should be so graded and drained that no water would be allowed to pass over them; and that an advisory committee of at least seven citizens from different parts of the county should be appointed to work in conjunction with the commissioners' court in distributing and laying out this work.

For the painstaking investigation he made, and his recommendations so freely given, the committee tendered Mr. Marshall a vote of thanks, together with a check for his expenses to the city and return. The committee also tendered a vote of thanks to the press of the county for services rendered, after which adjournment was taken.

Eight of the members of the committee were present, the other two being unavoidably drained, and all are alive and enthusiastically to the importance of the work upon which they are engaged. They are very anxious that a representative attendance of people from different parts of the county be present at the next mass meeting, at which time permanent organization will be effected and a campaign of some kind formally launched.

## HUGHES AND TEDDY IN ENTIRE ACCORD

New York, June 29.—Charles E. Hughes, Republican presidential nominee, announced last night at the end of an interview with Theodore Roosevelt which lasted for more than two hours and a half that he and the former president were "in complete accord."

Mr. Hughes issued the following statement: "I was very much pleased with Col. Roosevelt's letter of endorsement and he has expressed himself in a very kindly way with respect to my telegram to the Progressive committee."

I wanted to talk with Col. Roosevelt fully with respect to the issues of the campaign and asked him to dine with me so that we might have opportunity. We talked very fully over all matters and are in complete accord. The evening has been a very pleasant one.

It is understood Col. Roosevelt told Mr. Hughes he would co-operate heartily with him in any of his plans even to the extent of making a speaking tour if Mr. Hughes so desired.

## STOCKS SHOOT UP AS CRISIS PASSES

New York, June 29.—Advances of 2 to 5 points in leading stocks was Wall Street's response to the more favorable overnight developments in the Mexican situation. Stocks with Mexican connections were among the leaders in the buoyant rise. American Smelting, Greene Cananea and Southern Pacific gaining 2 to 4 points. There were wide openings in United States Steel, Mercantile Marine, Reading and other important issues at some advances.

The entire list strengthened to the point where most losses of the early week were almost obliterated. Mexican Petroleum scored the greatest gain of any stock, opening with 8,000 shares at 100 to 101 against yesterday's closing price of 91.

## MAY ASK CONGRESS FOR 250,000 MEN

Washington, June 28.—The plan of campaign which the United States army will pursue in case of war with Mexico is understood to call for one-fourth million volunteers in addition to the regular army and the state troops, a total of nearly one-half million. It is said today that the president will issue a call for volunteers soon after the outbreak of hostilities.

The campaign in a general way will then be carried on in two distinct phases. First will come the establishment of an effective defense to protect the border while the state troops and volunteers are being brought into shape. Second will be what army officers describe as the cleaning up phase of the campaign when all is ready for the clock-like advance calculated speedily to subjugate the country.

This latter phase, it is explained, probably would not start in earnest until the fall.

"The dominating idea of the army's plan," said one ranking officer, "will be the domination of Mexico at a minimum price in American lives."

The preparations which the army has made to carry on the war on a large and carefully planned scale will make the cost many millions more than it would if premature efforts to smash through were followed, but the cost is to be given second consideration compared to the saving of lives. It is said there will be no tendency to precipitate matters unduly, regardless of popular clamor, and those in charge of the army will turn a deaf ear to everything except the mature plans mapped out.

The first months of the war are likely to be more of a battle against disease, tropical heat and insects than against Mexican troops, according to army officers. Precautions will be

## MILITIA RUSHED TO GUARD LINES

Columbus, N. M. June 29.—For the first time since their mobilization on the border, national guardsmen crossed into Mexico on military service last night.

Three motor trucks were loaded with New Mexican guardsmen and dispatched down Gen. Pershing's line of communication to help guard against the line being cut.

This action was taken following receipt of a report that the Carranza troops have been concentrating large forces of cavalry at or near Guzman, on the Mexico Northwestern railway. Such troops would be in a position to break the American line of communication which is 10 miles from Guzman.

A large number of remounts, which left here yesterday for Gen. Pershing's headquarters, were ordered turned back by the American commander, who feared the reports might be true.

## NEW CONSUL COMMANDER.

At a meeting of the Woodmen of the World Camp at this place a few nights ago, Mr. Jake Summers tendered his resignation as consul commander of the Camp and Hon. Arthur A. Seale was elected to fill out the vacancy.

Mr. Seale has held this position many years in the past, and ranks as one of the best in the state, and since Mr. Summers did not have the time to devote to the work, and voluntarily resigned, the Camp feels fortunate in securing the services of Mr. Seale back in his old harness.

**SUPT DOUGHTY COMING.**  
Austin, Texas, July 3, 1916.  
Superintendent John B. Stripling, Nacogdoches, Texas.  
Dear Sir:  
This is to notify you that I will be in Nacogdoches Monday, July 9, from early morning until 1:04 p. m. My object in visiting you at this time is to meet with you and the rural school trustees of Nacogdoches County to discuss with you the new compulsory school attendance law and its administration. I shall be glad to discuss also the operation of the Million Dollar Apportionment for country schools and its operation for the year 1916-17.  
Permit me to suggest that you advise the county school trustees of Nacogdoches County at once that I shall be with you, and that you invite them and other friends of education to be with us on the date mentioned. All of them are vitally interested in the administration of the compulsory school attendance law and in the appropriation to be made to the country schools from the Million Dollar Apportionment for rural schools during the next scholastic year. I shall also be glad to discuss with you and with them any other questions of school law which may be proving troublesome to you.  
I shall arrive in Nacogdoches at 1:04 p. m. Sunday on the H. E. & W. T., and shall leave Nacogdoches at 2:35 p. m., Monday on the T. & N. O. It will be convenient to me to address your trustees at any time between the dates named.  
Looking forward to a pleasant and profitable meeting, I am,  
Yours with best wishes,  
W. F. DOUGHTY,  
State Superintendent.

## Buy a Car You Will Want to Keep

In the whole history of the Automobile Business there has never been a time when real care in selecting a car is more imperative than to day. No longer is it possible to buy any make of car, drive it 12 to 15 months, and then trade it in for a new car at one-half or two-thirds of its original cost. The market on used cars today will not permit this.  
Consider then, the importance of buying a car that will give you such service and satisfaction that you will enjoy running it season after season, until you have realized every last dollar of the price you paid—BEFORE YOU EVEN THINK OF TRADING. Buy your car on this value getting basis and it will be a DORT. Westinghouse Electric Starter and Lighting.

## A Baby Majestic Range to Some Little Girl Absolutely Free

We are going to give—ABSOLUTELY FREE—to some little girl a "Sure Enough" range. This little range is the BABY in the GREAT MAJESTIC family and is built just like the big ones and will cook as well as any stove made. Look in our show window and you will see it is the "Real Thing"—A BABY MAJESTIC.

We are going to give this range to some little girl. Do you want it? Will you get it? You have as good a chance as anyone if you enter the contest early.

These are the rules and plans of the contest:

Contest will open Saturday  
July 1st, 1916, and it will  
close Saturday, Aug. 31st.

Any little girl living in Nacogdoches county and not over 13 years of age can enter this contest at any time. To enter you must send us your full name, where you live and when you were born.

The winner of the range will be the contestant receiving the greatest number of votes.

Each and every FIVE CENT purchase at our store will represent ONE VOTE. Votes will be credited from duplicate sales slips which will be given to everyone who buys anything at our store during JULY or AUGUST. These duplicate sales slips show the date and amount of the purchase and will entitle the holder to votes at the rate of ONE VOTE for each FIVE CENTS of the amount. For example, a duplicate sales slip showing a FIVE CENT purchase will entitle holder to ONE VOTE and a slip showing a ONE DOLLAR purchase will entitle holder to TWENTY VOTES, etc. Bring the duplicate sales slips to our store each MONDAY and get a receipt for them. The receipt will show how many and to whom the votes are credited.

The duplicate sales slips must always be secured when purchase is made. No slips will be issued for sales after the purchaser has left the store or for past sales. No votes can be transferred after same are once credited. "Special Order" purchases will not be counted. VOTES will be allowed ONLY for purchase of goods from our regular stock.

Get busy girls right now and keep busy for you know this BEAUTIFUL BABY MAJESTIC RANGE is worth working for. SEE YOUR FRIENDS—all of them—ask them to buy something from Cason, Monk & Co., and save the duplicate sales slips for you. Remember the duplicate sales slips represent votes at the rate of ONE VOTE for each FIVE CENTS of the amount and whoever holds this slip can vote for the contestant they choose. By presenting duplicate sales slips given you by your friends you can VOTE FOR YOURSELF.

Do not wait to enter little girls. "Get in the game" right now and keep busy. Get all your friends to save the slips for you or vote for you and your chance to win is "mighty good."

If you do not understand all about this contest come to our store and ask about it. We want you to enter the contest and remember your chance to win is as good as that of anyone. Enter early and have an even start with the others. Send in your name as a contestant TODAY.
