### BIG STRIKE IMPENDING.

New York, September 26.—With the announcement by labor leaders that approximately 250,000 union workers in various trades would quit their places Wednesday in aid of the striking carmen here, it was believed Tuesday night that the effort to tie up virtually all industries in Greater New York had reached an acute stage. The union officials declared that an additional 100,000 workers would strike Thursday and another 100,000 Friday, making a total of 450,000 out by the end of the week.

It was asserted that 6,000 brewery workers, 115,000 employes in building trades and 250,000 members of the United Hebrew trades were in favor of a sympathetic strike.

Twelve thousand teamsters also were reported ready to quit work Thursday or Friday.

A meeting of the executive council of the building trades was called for Thursday to take final action after the business agents in Manhattan and Bronx had voted for the strike.

Mayor Mitchell, whose efforts to settle the trouble have failed repeatedly, summoned the labor leaders before him as soon as he heard of their plans. He said he desired to be informed directly as to what might be expected Wednesday. The union officials, he announced, told him they expected 200,000 workers to strike as a starter.

### EXECUTIVE COMMITTEE CALLED TO MEET

Attention Members Democratic Executive Committee: As chairman of the Democratic Executive Committee of Nacogdoches county, I hereby call a meeting of said committee to sit in the office of J. L. Burrows at 2:30 p. m. Saturday afternoon, October 7th, 1916, for the purpose of making nomination for Condemnation of Precinct No. 1, to fill the vacancy created by the death of J. L. Burrows, who was nominated by said Democratic Party in the primary held by it on the 1st day of August, A. D. 1916.

### TARRANT REMAINS "WET."

Fort Worth, Texas, Sept. 25.—With only a few country precincts to hear from, that cannot change the final results, local option prohibition for Tarrant county has been defeated by a majority of between 900 and 1,200. Only two precincts in Fort Worth went dry, a heavy vote being polled over the city. Prohibition headquarters concede defeat by 1,000 majority.

Bring us your wants, we will take care of them. S. Mintz.

## TRADES DAY A BIG EVENT

**CREDITABLE EXHIBIT MADE  
VIEWED BY HOSTS OF  
PEOPLE.**

From Tuesday's Daily

Trades Day has developed into a one-day county fair that is indeed creditable to the people of Nacogdoches county. It has been remarked by many that we have a better exhibit of agricultural products than we had at the old fairs. Certain it is, that it would be hard to beat.

In the collection may be seen forty varieties of corn, with some of the ears so large that you almost feel that your eyes are deceiving you; sweet potatoes, peanuts, cotton in the stalk so large and prolific that it would stagger a drove of boll weevils, peppers, beans and peas, feterita, sorghum, and various other things which grow in this good country of ours. There is also a good exhibit of livestock, with many mule and horse colts, and some pigs and chickens.

In the list two schools, Woden and Nat, have individual exhibits which do great credit to those communities.

All of the above are to be seen on the public square, while in side of a building on the west side will be found the exhibit prepared by Miss Bess Mason, county domestic science teacher, and her class of canning club girls. Here are to be found all kinds of canned goods, put up by these girls, and it is doubtful if many know so many things can be canned as they are showing. There are also good samples of needle and fancy work, and the exhibit would do credit to the large cities, so varied and complete is it.

The signal for the festivities of the day was sounded this morning when the new Nacogdoches Brass Band opened up with a few selections of most beautiful and soul-stirring music, and crowned themselves in glory for the splendid service they rendered. At eleven o'clock Prof. R. F. Davis, superintendent of Nacogdoches Schools, made the welcome address, in the course of which he paid tribute to the farmers who had brought forth such a splendid exhibit, and hoped the performance would be repeated monthly. He also made special mention of the worthy boys Nat school who had grown a half acre of cotton each this year to be devoted to the up-building of their school.

At 1:30 this afternoon a baby show will be had, in which some most beautiful babies will be entered. After this feature the exhibits will be adjudged and the prizes awarded. This part of the program comes so late in the day it will be impossible for The Sentinel to get an itemized list. It has also been impossible to get an itemized list of the exhibitors for today for the reason that all are too busy in handling the affair, but we hope to get it all for tomorrow.

A good attendance is present. There are people here from all parts of the county, and many were still arriving when this report was prepared at noon, as a result of which the streets are packed and lined. Perfect order has reigned throughout the day, and the spirit of good-fellowship is in evidence on every hand.

## A HIND GEAR ON AN OWENSBORO

An Owensboro Wagon is built from "start to finish" in a strong, substantial way just like the hind gear shown above. We have these high grade Wagons for you and we are anxious to have you come in at once and see how you like them. Look at the above gear. Don't you like that sturdy way of ironing? In every place where a brace is needed you will always find a good one on an Owensboro. Come in and see the wagon itself though is the very best way to tell. We want you to own an Owensboro—and the Owensboro is the best wagon to own. Ask any user why.

## Cason, Monk & Co.

Friends who have not seen each other for many months are grasping each other's hand, and the people of the country and the people of the town are having a great day in congenial, happy association with each other.

Truly, the day has been worth all the money and trouble it has cost and in the genuine pleasure it has brought and we will all join Prof. Davis in the hope that we may promote a monthly trade day which would give us opportunity to meet with each other oftener, and build up that spirit of sweet friendship and co-operation that is so necessary to community progress and prosperity, as well as develop the social relations that we all enjoy.

### SAFETY-FIRST SCOUTING.

Boy Scouts are taught to study the public welfare, including the safety of the children, women and aged. Here are some facts as gathered from the press and a few Nacogdoches Scouts: There were nearly 1200 people killed in automobile accidents the first six months of this year and over 8000 badly wounded. These things lead the Boy Scouts to offer some suggestions on "Safety First" lines.

1. Do not run your machine over 25 miles an hour in Nacogdoches, especially on North street and the business section—Mr. Pat Murphy's good streets were not intended for race courses—and it is not "safe."

2. Don't drive a car with your best girl on the front seat, because you should keep your eyes on the road all the time! It not safe, as one scout can testify, for he came near being run over on Trades Day when you were making eyes at that girl! See?  
3. Do not be a "road hog."

Some fellows want it all and then some. A gentleman will keep to the right and spare half the road, whether in a wagon or an auto. And, say, never stop on street crossings. It is not safe.

4. Do not stand and talk in the middle of the street. We have good sidewalks in our town, but many times you can see numbers of people standing in the streets in the business section. It is not safe.

5. A good rule for all people on the road is "Watch!"—watch the rubber-neck, because he may turn any old way or back up without notice—watch the women who drive, for they are always privileged characters—and watch yourself, being always sure that you are a perfect gentleman and a true Scout. Safety First!

### STRAYED.

Chestnut sorrell horse, about seven years old, weighing about 700 lbs; one iron gray mule about six years old, not sheared. Left my home Sept. 10th. Reward for information leading to recovery. Notify T. M. Spurgeon, Decoy, Texas. 28-2w

### IN NACOGDOCHES.

**The Evidence is Supplied by Local Testimony.**

If the reader wants stronger proof than the following statement and experience of a resident of Nacogdoches, what can it be?

Mrs. J. Roquemore, N. Fredonia St., Nacogdoches, says: "I had dizzy headaches and my kidneys were irregular in action. My bladder was inflamed and the kidney secretions pained in passage. The pains ran up through my kidneys and caused me to suffer intensely. Doan's Kidney Pills brought fine results." 50c. at all dealers. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

### PUBLIC WORKING.

On Friday, Oct. 6th, there will be a public working at Friendship for the purpose of preparing the school grounds for the opening of school Monday, Oct. 9th.

Everybody invited to come, bring lunch and stay all day, and let's do something for our school and neighborhood.

An exchange explains the reason man without money gets "run over" more frequently than do men of means is because he does the most walking, and is thereby more exposed.

East Texas is shipping sweet potatoes to West Texas, East Texas, later on, will be shipping ribbon cane syrup to West Texas. Good. There is a market in Texas for Texas products. Buy it produced in Texas.—Fort Worth Star-Telegram.

The Tyler Signal very appropriately observes: "The newspaper man who is envious can't help being so, for he is mentally weak to begin with." This condition is true with the men of all professions and avocations. The meritorious man finds too much to do, and is too richly rewarded, to have time to waste in envy with his co-laborer.

Nacogdoches is making the necessary arrangements for the organization of a first-class band for that city. No better step could be taken. At one time Lufkin could boast of the best band in the country, but that was in the long ago. Now we hire bands from a distance when we need them. How long, yet how long?—Lufkin News.

The farmers of East Texas, with barns full of feedstuff and fat livestock, and getting fifteen cents and better for their cotton, with the seed going at the same fancy price, are all smiles now. They are paying their debts and purchasing their supplies for winter in happy good humor, and are more contented with the noble avocation in which they are engaged.

These are great times, folks. Farmers are coming to town from every direction with wagons loaded with cotton for which they are receiving a hundred "bucks" and upward for the staple and seed, and they are wearing a smile that won't come off. Those of them who are in debt are paying up, and all are buying supplies, as a result of which the merchants are busy and happy. In fact, everybody is in love with his country and happy, and a man who would get possession of one of these East Texas farms just now would have to pay for it.

President Wilson's speech of acceptance was all that could have been expected. It was full of "pop and ginger," and made the welkin ring. President Wilson has probably never before been so popular as he is right now. He is making new friends every day, and one of the greatest events of his career was settling the strike situation. It may not be just what all parties want, but it has settled the matter, for the present at least, that would have proven the greatest calamity the United States has ever known.—Tyler Courier-Times.

At the next general election the qualified voters of Texas will vote on an amendment to the constitution providing the legislature with authority to wire a law permitting common and independent school districts to levy a local school tax not to exceed one dollar on the one hundred dollars worth of property by majority vote of the property tax payers of the district. The amendment will be known as "House Joint Resolution Thirty." Fifty cents is the present limit, and many districts are handicapped in consequence. With the

increased limit the people of any district desiring to do so can vote the increased tax and equip and maintain their schools with much better efficiency. If they do not need the money, it is optional with them to leave it off which makes it fair and just to all alike, and the amendment should be elected.

Every town and city should pass a law making it a jail offense for speeding. It's much more humane to throw a speeder in jail than it is to have some person mangled by his recklessness. There isn't any necessity for fast driving and the rights of pedestrians should always be respected.—Lindale Reporter.

The information is gleaned from the Tyler Courier-Times that the meeting of the executive committee of the Fourth Judicial District, to nominate a candidate for district judge to fill the vacancy made by the death of Judge Buford, has been postponed until Tuesday of this week on account of Mr. F. C. Powell's inability to attend. Mr. Powell is a member of the committee from Shelby county, and was detained in this city by the illness of his daughter. There is a strong probability that Hon. Walter Strong, the present district attorney, and a brother of Hon. Beeman Strong of this city, will receive the nomination.

The o'possum crop in East Texas ought to be a fairly good one this year. In the winter of 1914-15 many people, being without money to buy meat, consumed all the varmints they could lay hands on. But at the present time cotton is selling above 15 cents and there is a heavy potato and peanut crop, so naturally enough the varmint crop will not be drawn on heavily this fall and next winter. It will multiply and be ready for the next panic. There never was a time when the people in East Texas could not rustle up something real good to eat. If it doesn't grow in the fields it can be found in the woods.—Tyler Signal.

City mail delivery is going to be established in Huntsville. Do the people there want to forfeit the opportunity of going to the postoffice three or four times a day and gazing into the serene and soulful eyes of a democratic postmaster?—Col. Bailey in the Houston Post.

Possibly this is the reason the citizens of Nacogdoches won't come across with sufficient sidewalk to secure for the city this much needed improvement in its mail service. Postmaster Donegan and his helpers are good to look at, alright—hale fellows who meet the public with a smile—but the writer would prefer meeting them at church, some of the lodges or clubs, and let some equally good-looking mail carrier bring the mail around to the office.

The dollar you spend may be made as much of an investment to you as the dollar you save. In the first place, if you spend it judiciously you can get something that will be of benefit to you, if you spend it at home, it only goes on an errand that will be beneficial to some one else and when its mission is fulfilled it will come back to you ready to serve you. Spending your dollar carelessly and unnecessarily is waste and brings poor returns, sending it away from home it is banished from the community and the good it might do is done for some one else who neither thinks of nor cares for you. Spend that dollar at home, its jingle in your merchant's till goes to make up the melody of prosperity in your own little city, and that's music to delight your heart.—Ex.

## HON. F. O. FULLER SEEKS SPEAKERSHIP

Hon. F. O. Fuller of Cold Springs, San Jacinto county, who has been serving his district in the legislature for several years, is an aspirant for the position of speaker of the house of representatives, and the indications now are that he will be successful.

Mr. Fuller is a native of this county—a worthy son of whom we are proud—and he has many friends in this section who are watching his campaign with interest.

The Dallas News of day before yesterday (Wednesday) contains the following notice of a visit of the gentleman to that city, and comment on his ambition:

"F. O. Fuller of Cold Springs, San Jacinto County, candidate for the speakership of the House of Representatives, who was in Dallas yesterday, said that his section of the State has not been represented by a speaker of the House in twenty-two years, although every other section has been represented, some of them several times.

"Mr. Fuller has been a member of the Legislature for the last eight years and was re-elected in July. He said the following men have been speakers of the House during the last fourteen years: Pat Neff, Waco, Twenty-Eighth Legislature; F. W. Seabury, Brownsville, Twenty-Ninth; Tom B. Love, Dallas, Thirtieth; A. M. Kennedy, Waco, and John Marshall, Whitewright, Thirty-first; Sam Rayburn, Bonham, Thirty-second; Chester Terrell, San Antonio, Thirty-third, and John W. Woods, Rotan, Thirty-Fourth.

"Mr. Fuller said he has been going over the State and meeting the members of the Legislature and the more he sees the more optimistic he gets. He said there are only three or four men who have been in the legislature longer than he has, and pointed out that he is familiar with the parliamentary procedure and with the various bills pending.

He came from West Texas to Dallas yesterday morning and left Dallas last night for Tyler."

## FROM W. E. MILLAN.

The Sentinel has an interesting letter from W. E. McMillan, former county road superintendent, from which we take the following extracts:

"I have severed my connection with the County Road Gang of Nacogdoches County, but in so doing I have by no means lost interest in the upbuilding and betterment of Nacogdoches county roads, and will at different times have something to say concerning good roads and their construction.

"At this time I believe that wide-tired wagons is our greatest need. I have had this in mind for some time, and the more I see of wide tires the more strongly I am in favor of them, in consequence of which I have placed myself in position to furnish a few people in each community such wagons at actual wholesale factory price.

"I have been, and my successors are at this time, using these wagons for hauling on the county road. Any one who desires can see them and ascertain for themselves just what they are. Mr. T. J. Lloyd is also using one."

Mr. McMillan will submit his proposition to any one interested.

## PLAN MEMORIAL CHURCH.

The following report of plans being made for the erection of a memorial church at San Augustine is taken from this week's issue of the San Augustine Tribune:

"At a recent session of the

Presbytery of East Texas, held here with the First Presbyterian Church of Texas, an idea was born that will probably result in the erection of a handsome Memorial church building that will cost, when completed, something like \$20,000. The fact that the first Presbyterian church ever organized in the state of Texas was located a few miles South of this city and that the same is still in existence today, having been moved to this city years ago, makes interesting history, and the visiting ministers took to the idea of a Memorial building for this city, stating that the General Assembly of Texas would contribute generously to the plans, as we believe they will, it should be an easy matter to receive small contributions from individual members of this denomination all over the state and they will bring up the rear with the necessary amount to carry the plans to successful completion.

We have as a resident of our city one of the best brick and stone masons in the South, Mr. John Thomason, and no town has a more progressive citizen, and he being a member of this church this city will have the distinction, no doubt, of erecting the handsome house of worship."

We also have the grand old preacher who has ministered to this flock for so many long years, remaining faithfully their leader during good times and when the clouds were thickest and when no ray of hope seemed to penetrate their difficulties, but with a spirit that has proven dauntless, with a determination that nothing could discourage has worked unceasingly for the good of his church and the upbuilding of the town and surrounding country, and a fitting tribute to the appreciations of these efforts the Tribune hopes that this beautiful Memorial building will materialize, and that this good old Minister of God, Rev. D. A. McRae, will continue to lead his people in the paths of righteousness for many, many years.

## SUICIDE ATTEMPTED IN LUFKIN JAIL

The Lufkin Daily News of yesterday gives the following interesting account of a lady confined in the jail at that place attempting to commit suicide:

Mrs. Grady, a white lady of about twenty-five years of age, refined and well educated, is an inmate of the county jail. She was brought here just a few days ago from her home near Huntington, and is said to be of unsound mind.

Last night about 9 o'clock she undertook to hang herself, and had made all necessary preparations when Jailor King became alarmed about the patient and arrived just in time to avert the tragedy. The lady had used a bed sheet, and had arranged to hang herself from the ceiling of the cell, the plan having been well executed up until the time of Mr. King's arrival.

Mr. King says that this is the second attempt at suicide upon the part of this lady, and it was due to the fact that he refrained last evening from visiting the picture shows or meandering around the town, he being of the opinion that the lady would attempt something along the line of trying to injure herself in some way. Had he not been on duty the unfortunate lady would have been dead in a short time after she was discovered.

Today a telegram was sent to Governor James E. Ferguson, signed by a number of citizens to make immediate arrangements for her transfer to some asylum, her condition being such as to require immediate attention.

## HARNESS THE SUN.

The prediction is made in the annual report of the Smithsonian Institute that the time will come when the radiant energy of the sun will be used to generate power that runs our machinery instead of coal, gas, oil or other fuel.

"With experiments lasting over the number of years through which the coal-fed steam boilers have been improved," says the report, "sun boilers will be brought to a far better state of efficiency."

"It is worthy of remark that this was one of the dreams of Dr. Samuel P. Langley, who was the first in this country to experiment with the aeroplane. It was universally declared then that man would never fly, but they are flying today in machines built according to the fundamental principles laid down by Langley. It will be another vindication of his greatness as a scientific man of practical temper should the prediction of the Smithsonian Institute in regard to sun boilers be fulfilled.

Persons of a speculative turn of mind have indulged themselves quite frequently in the pastime of computing how long it will be before the fuel of the world is consumed with a normal increase in population and the passage of time. Should the sun boiler become practicable the prophecies of the dire distress that will come upon the human race when there is no more fuel would be set at naught.

We need not worry about that other problem of speculative persons as to whether or not the sun's energy is constant and whether the time will not come when it will cease to be. If such a time should come there will be no one to worry about it, for long before the sun's energy would be entirely exhausted life of all kinds would cease to exist upon the earth. In other words, nothing of that sort will happen so long as we know ourselves.—Fort Worth Star-Telegram.

## SOME POINTED EXCERPTS FROM WILSON'S SPEECH

In his first campaign speech since his acceptance of the nomination for president on the democratic ticket, President Wilson defends the eight hour idea in public service in a masterly way. Following are some of the expressions he used in the course of his address:

The chief cloud upon the democratic horizon is the unsatisfactory relations of capital and labor.

Labor is a human relationship of men with men. So long as labor and capital are antagonistic the interests of both are injured and the prosperity of America is held back from the triumphs which are legitimately its own.

Labor is not a commodity. It is a form of co-operation.

If he is a mere tool of his employer he is only serviceable as a tool. Human relationships are governed by the heart, and if the heart is not in it nothing is in it.

The executives did not believe in the sincerity of the men and the men did not believe in the sincerity and fairness of the executives.

There never was a time when the pulse of energy and success beat so strongly in the veins of American business men as today.

I do not regard the question of the principle of the eight-hour day as arbitrable.

It would be intolerable if at any time any group of men by any process should be suffered to cut society off from the necessary supplies which sustain life.

How are we going to organize our participation as a partner in the disputes between capital and labor which interrupt the life of

the nation? I invite all subscribers to suggest a method.

It is no fun talking unless you expect to do something.

We are now out in the open, competitors for the confidence of the world and there is only one way to get it and that is to finish it.

To pretend that we are able to compete with the world and then to cringe at the opportunity would not be worthy of any of the traditions of America.

## ALL ASKED TO BOOST THE CAMPAIGN FUND

The Sentinel today opens its columns for the receipt of contributions to Woodrow Wilson's campaign fund.

Under authorization by the Democratic National Committee, The Sentinel will undertake to raise a fund to assist in meeting the expenses of the campaign.

Contributions, large and small, will be welcome, and will be acknowledged in the columns of this newspaper. Each contributor also receive from Wilbur W. Marsh, Treasurer of the National Committee, a handsome lithographed receipt.

For the expenses of its national campaign—the Democratic party is dependent entirely upon popular contributions.

The party does not expect and will not take money for its campaign fund from persons or corporations with sinister purposes. It abhors the practice of catering to the vested interests, and seeks its support from the multitude.

Four years ago \$9,854 individual contributions were received. The managers of Mr. Wilson's campaign want to raise that figure to more than 100,000 this year.

It was the money of the people that paid the expenses of electing Mr. Wilson in 1912. It is the people who have been served during the three and a half years of his administration.

It is your battle. Peace, prosperity, justice and honor! These are the blessings that Woodrow Wilson has won for you;

are the blessings that are at stake. How greatly do you value them? How much does faithful service mean to you? The Sentinel gives you an opportunity to answer. Send or bring your contribution to this office. It will be acknowledged promptly.

## MANY ASPIRANTS.

A dispatch from Longview to the Shreveport Times, appearing in today's issue of that paper, reports that there will be many applicants for the position of district judge of that district, made vacant by the death of Judge Buford last week. The dispatch says:

"A lively scramble will be made for the place as judge of the district court of this the Fourth judicial district composed of Gregg, Panola, Rusk and Shelby counties. The governor will appoint someone to fill out the unexpired term, which ends about January 1, 1917, by the election of a successor to Judge Buford in the November election."

Every county in the district, have a candidate or two. A consensus of opinion is that Judge McCord of this place will receive the short time appointment. Judge McCord served as assistant attorney general appearing for the state in criminal prosecutions under Governor Campbell, and was later appointed a member of the court of criminal appeals by Governor Campbell. He has practiced here for several years.

J. C. Jacobs was among the farmers from the Steele county in the city today.

# NACOGDOCHES MONDAY Oct. 9th

## J. L. BURROWS SHOOTS HIMSELF

Seated at His Desk When Tragedy Occurred, and Died Instantly—No Witness.

From Monday's Daily

The people of Nacogdoches received another great shock this morning when the news spread that Constable J. L. Burrows had shot himself, and was dead, in the justice office in the court house.

Instantly a great crowd rushed to the place where they found the report true, the officer lying in a pool of blood, and a forty-five calibre pistol, with one empty chamber, lying near.

The indications are that Mr. Burrows was sitting at his desk when the gun fired. The ball went in at one temple and came out at the other, passing entirely through his head and breaking his skull in many places. He was alone in the office at the time, Esquire Huston having gone to the postoffice, and there was therefore no witness to the tragedy. Previous to going in to the office he had served some papers for the session of justice court that was due today, and had made returns on them. He had also turned over some money he had collected to the justice of the peace, and was seated at the desk in the justice court room writing when Mr. Huston left, from which place he moved later to his own desk in the office as noted.

An inquest was held over the body, with Esq. Frank Huston presiding, and the verdict is that he came to his death from a gun shot, in his own hand.

The deceased is survived by his widow, two daughters, Mrs. Wyman Windham and Mrs. Moulton Smith, and four sons, Willie, Perkins, Bennett and Charley. He was about sixty years of age, and was born and reared in this community, where he has spent his whole life. He has been serving precinct No. 1, of this county, as constable the past six years, and ranked as one of the best officers the county ever had. Proof of this estimate of his fidelity and efficiency is the fact that he has held the office so long, and was the nominee for the next term, a condition that breaks a rule prevailing in this county in which the voters will not support a man for more than two terms of any office. As a man, he was a good neighbor and loyal friend, as a result of which he had a host of friends in the circle of his acquaintance who will deeply sympathize with his bereaved family, while the whole community will feel the loss of his splendid services as a peace officer.

In the tragic death of this useful man, we are again reminded that "death rides on every passing breeze," and levels us all in his march. Like the tragedy which saddened us last week, we have a repetition of a man engaged in useful service, doubtless with hopes for the future burning as brightly in his breast as they are burning in those of us

### EIGHT-HOUR LAW TO BE FEATURE

Long Branch, N. J., Sept. 24.—Fully launched in his campaign for re-election, President Wilson will go to Baltimore tomorrow to speak before the National Grain Dealers' Association. The president expects to amplify his position on the settlement of the recently threatened railroad strike outlined in his speech at Shadow Lawn yesterday. The rural credits law, the federal reserve act and other legislation of his administration of interest to farmers will be referred to by the president. He is much encouraged today by the receipt of several hundred telegrams praising yesterday's address.

The railroad strike situation, which the president now considers one of the chief issues of the campaign, will be featured by Mr. Wilson in virtually every speech he makes.

He will reply to the charge that the eight-hour law was forced through congress by threats of a strike with the statement that he insisted on the law because he believed it right.

All of Mr. Wilson's political

lieutenants here, including Col. E. M. House, who spent the week-end with him, said that from now on the president will be much more active politically.

Deputy Sheriff Swab Myers arrived home yesterday from Kaufman with a negro by the name of Charley Dodge who is wanted in the courts of this county and was captured at that place.

### SPENT NIGHT ON ROAD.

Sheriff Spradley gives an interesting account of two drummers who spent last night on the Nacogdoches and Lufkin road just below his house.

The traveling gentlemen started from Lufkin after night in an automobile for this city, and striking a sand bed below Mr. Spradley's home, they were dead on them, and with all the coaxing they could employ they could not bring it back to life. Not being acquainted with the country, and thereby not knowing how far it was to a telephone or help, they spent the night with the balky car, and Mr. Spradley brought them on in to town this morning.

### WITH YOUR HANDS TIED BY some chronic "female complaint" or weakness, what can you expect? There's nothing you can accomplish—nothing you can enjoy. And no good reason for it. Doctor Pierce's Favorite Prescription will cure you, safely and certainly. If you'll give it a faithful trial, you'll be glad to see it. For every one of these womanly troubles, this is the only remedy. In periodical pains, bearing-down sensations, organic displacements, and every kindred ailment, and in all the nervous disorders caused by functional derangements.

Mrs. FANNIE HARRISON, 222 South Hill Avenue, Dallas, Texas, says: "This is to certify that I have used Dr. Pierce's Favorite Prescription and I know it is good for it sure did strengthen me out. I was where I could not do my work. I lay around all of the time. It was recommended to me by a friend. Will say to those who are suffering in any way from female trouble to take this 'Prescription' and it will strengthen them out." Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

who survive, being cut down without a moment's warning. Such is the uncertainty of life and the certainty of death, and reminds us that no man has a moment's option on the life of the tabernacle of clay in which his spirit dwells in this world.

### Are You Looking Old?

Old age comes quick enough without inviting it. Some look old at forty. That is because they neglect the liver and bowels. Keep your bowels regular and your liver healthy and you will not only feel younger but look younger. When troubled with constipation or biliousness take Chamberlain's Tablets. They are intended especially for these ailments and are excellent. Easy to take and most agreeable in effect. Obtainable everywhere. d-w

### A MEAN TRICK.

It is reported that a cow belonging to Mrs. Rodergues, a Mexican widow living some six miles south of town, came up this morning with a great gash cut in her flank, from which she can not recover.

It is presumed that the cow had gotten into some one's field, and that the injury was inflicted in a rage of revenge. Officers are investigating the matter.

### Constipation the Father of Many Ills.

Of the numerous ills that affect humanity a large share start with constipation. Keep your bowels regular and they may be avoided. When a laxative is needed take Chamberlain's Tablets. They not only move the bowels but improve the appetite and strengthen the indigestion. Obtainable everywhere. d-w

### DEATH AT HARMONY.

Forest Walker, twenty-two years of age, and a well known and highly respected young man of the Harmony community, died yesterday (Sunday) morning at 2:30, and his remains were laid to rest yesterday afternoon.

Mr. Walker was a son of F. M. Walker, a well known citizen of the community, and was an upright, worthy young man. He was a visitor to the city last Wednesday, taking sick with black jaundice the next day from which he never recovered.

### Bad Temper from Bad Liver.

You can generally blame your grouch on a lazy liver. Liver ills are back of coated tongue, bad breath, biliousness and muddy, sallow complexion. Insufficient flow of bile leaves impurities in the liver which poison the entire system. Po-Do-Lax is Nature's remedy. It stimulates the activity of the liver, increases the flow of bile, and by its laxative quality carries off the waste matter and clears the complexion. At your Druggist, 25c. d-w

Miss Ann Mettenheimer, after an extended visit to her sister, Mrs. T. Tilford in the city, left yesterday for her home in Austin.

### AN IMPRESSIVE FUNERAL.

The funeral exercises and service over the remains of Capt. W. T. Wilson yesterday afternoon, under the supervision of Mr. D. K. Cason, a funeral director, was possibly the best arranged and one of the most impressive services ever witnessed in Nacogdoches, and Mr. Cason has been the recipient of many compliments on the excellent manner in which he handled the procession.

The procession was arranged as follows:

Flower car—C. C. Rhein. Singers and Clergy—Miss Pearl Lloyd.

Active Pall Bearers—E. H. Blount, F. H. Tucker, Greer Orton, John Perkins, Cates Ford, F. R. Penman, J. D. Edmonds, Bowden Cason.

Honorary Pall Bearers—J. L. Sturdevant, J. C. Harris, Robert Lindsey, R. F. Davis, Chas. Perkins, T. Tilford, S. W. Blount, R. C. Monk, Allan Seale, Frank Sharp, Sam Hayter, Oscar Matthews, B. E. Strong, George Meisenheimer, John Schmidt, J. N. Thomas, Dr. Tucker, H. T. Mast, Chas. Hoya, R. W. Haselwood, Ed. Gaston.

The Hearse.

Rev. C. A. Westbrook, pastor of the Baptist church, of which deceased was one of the most valued and highly appreciated members, conducted the religious services, reading appropriate passages of scripture, speaking feelingly of the hour and oracle of death, and portraying beautifully the life beyond which is promised for the faithful who live up to the duties prescribed for this life and die in the faith as had this most excellent gentleman. At the conclusion of his talk, Rev. M. C. Johnson, pastor of the Main Street Presbyterian church, led in a most feeling prayer in which he offered feeling consolation to bereaved ones and committed them to an All-Wise Providence who doeth all things well.

The business houses of the town closed up for the service and a great host of friends turned out to pay the last tribute of respect to one whom they loved so well, and whose memory they revere.

### How To Give Good Advice.

The best way to give good advice is to set a good example. When others see how quickly you get over your cold by taking Chamberlain's Cough Remedy, they are likely to follow your example. This remedy has been in use for many years and enjoys an excellent reputation. Obtainable everywhere. d-w

### A DISTINGUISHED VISITOR.

Nacogdoches has within her gates today a very distinguished visitor in the person of Judge R. W. Hall of Amarilla, who came to visit his daughter, Mrs. Deal, Dr. Hall and the Hayter family with whom he is also related.

Judge Hall is judge of the court of civil appeals of the Amarilla district, and is reputed to be an able lawyer and jurist, ranking with the best of the profession in his part of the state.

### AN OLD GENTLEMAN ACIDENTALLY HURT

This morning while Mr. W. M. Sisco was on a scaffold doing some painting at the home of Frank Power, the scaffold gave down and the old gentleman fell to the ground, a distance of about twenty feet.

Mr. Sisco complains of a hurt in his back, but fortunately no bones were broke, and hope is entertained that he will soon recover from the injury he received.

### BOY SCOUT WORK.

The largest gathering of Boy Scouts this season assembled at the Scout Hall last night for drill and physical culture work. We were glad to welcome many of the men and visiting boys, who came to see the splendid exercises, and the Scouts were especially delighted to have Prof. Allison of the High School with them. This young gentleman is not only an addition to our strong school faculty, but has already made a place for himself in our social service and christian work. We welcome him to Nacogdoches.

The scouts showed good improvement in their drilling in formation and also in the physical culture exercises. No boy in Nacogdoches, who is between the ages of 12 and 18, and of good, moral character, can afford to miss the advantages of this movement, and the fathers are urged to come and see what this bunch of scouts are doing. It is great.

### The key to health is in the kidneys and liver.

Keep these organs active and you have health, strength and cheerful spirits. Prickly Ash Bitters is a stimulant for the kidneys, regulates the liver, stomach and bowels. A golden household remedy.—Stripling, Haselwood & Co., Special Agents.

### RAILROAD WILL EXTEND.

Longview, Texas, Sept. 22.—It is announced grading of the extension of the Port Bolivar iron ore road from Longview to a connection with the Katy will begin in a few days. It is expected to have the road completed by Jan. 1. Farmers living along the proposed line will be engaged to clear the right of way.

### For Tired Women With Aching Heads

"They help me so much and I find relief as soon as I begin taking your Foley Kidney Pills." Mrs. Frank P. Wood, Morrill, Maine, R. F. D. No. 2. Sometimes it seems as if you can't stand the pain across your back. It is just making your life miserable and robbing you of all energy and strength. When you are constantly tired, head always aching, nerves "on edge," kidney action painful and burning, then is the time to start in at once on Foley Kidney Pills. They strengthen the weak, ailing kidneys, improve their action, enable them to throw off the poisons that cause your trouble. Your nerves grow peaceful, sleep becomes sounder, nervous headaches disappear. As Mrs. Wood says: "I find relief as soon as I begin to take your Foley Kidney Pills." Be sure you get the genuine Foley Kidney Pills, for they are surely medicinal and genuine. So careful drugs.

### RALLY DAY.

The Presbyterians will observe Rally Day next Sunday at the Main Street Church. It is earnestly desired that every member and friend attend Sunday school and church on that occasion. The choir will have special music, and the officers will welcome young and old alike.

These services are preparatory to the fall and winter campaign and for the meeting to be held by Dr. Barr, of New Orleans, beginning the second Sunday in October. The choir will meet for rehearsal tonight at 8 o'clock.

### BIRTHDAY PARTY.

Little Miss Julia, the bright little daughter of Dr. and Mrs. A. A. Nelson, passed another milestone in her age last Saturday, and the event was duly celebrated in the afternoon when a number of her little friends gathered to help her celebrate.

The features of the occasion consisted of a number of games played out on the lawn. Punch was served throughout the afternoon, and at the close each guest was served with an ice cream cone, making a happy climax to a most enjoyable event.

### DISTRICT COURT.

The following business has been transacted in the district court this week:

Ben. T. Wilson vs. the Angelina County Lumber Co., judgment by agreement.

Mrs. Ollie Burt vs. P. C. Burt, divorce granted and property rights settled by agreement.

Ed. Edwards vs. Mrs. Della Edwards, divorce granted and other matters settled by agreement.

Mrs. Cynthia Hillen vs. the H. E. & W. T. Ry. Co., on trial. This is a suit in which Mrs. Hillen seeks to recover damages for the death of her husband, alleging that he was killed by a train of the company.

The suit of H. C. Rich vs. Geo. W. Eason et al., has been continued for the term.

### SAN AUGUSTINE MAN DIED LAST NIGHT

News was received in this city this morning to the effect that Mr. J. S. C. Anderson, a prominent citizen of San Augustine, died last night.

Mr. Anderson was about sixty-seven years of age, and has always been prominent in the affairs of that city, ranking with the best and most highly esteemed citizens.

Messrs. Eugent H. Blount, S. W. Blount, J. O. Ray, John Floyd and Frank Sharp of this city have gone to San Augustine to attend the funeral of their old friend, making the trip through the country in an automobile.

Roy McLamore, a most excellent and deserving young gentleman of Garrison, was in the city this afternoon en route to College Station where he goes to resume his studies in the A. & M. College.

### SHEPPARD IS SURE WILSON WILL WIN

Texarkana, Sept. 26.—United States Senator Morris Sheppard of Texas arrived at his home here last night accompanied by his family, coming direct from Washington, and will remain until congress reopens in December.

Senator Sheppard will visit all parts of the state during the fall, personally inspecting the various projects in which the government is interested. He will speak tomorrow at Tyler and later in the week will investigate the levee work on Red River.

The senator says he feels entirely confident of Woodrow Wilson's re-election, that the Democracy under Wilson's leadership has given the country the greatest amount of constructive beneficial legislation ever turned out in a similar period. Senator Sheppard has been asked to speak in other states for the national Democratic ticket and will do so if engagements and duties in Texas will permit.

Mr. Sheppard will attend the meeting of the executive council of the Woodmen of the World at Omaha, Neb., next Monday, returning to Texas at the end of the week.

Capt. Jno. S. Doughtie met up with one of his old school mates, Mr. C. Brashear of Houston, in the city this morning, and their re-union with each other after so many years was a most enjoyable one. Fifty-five years ago they attended a military academy together. The war came on and they both volunteered for service and it is said that Mr. Brashear never surrendered, leaving the country for a few years. Mr. Brashear travels for a hardware firm in Houston, and

like his school-mate, Capt. Doughtie, is still hale and hearty and gets about as lightly as the average man many years younger.

E. A. Shofner, who was reared and spent most of his life near Nacogdoches, but who has been making his home near Cushing for several years, has been in the city today, and made this office a pleasant call. His many friends in this section will be pleased to learn that he is arranging to move back. He says that the Cushing country is alright, but that it is too far away from Nacogdoches to suit him—that there is no place like home.

Now since it has rained, get a package of Dr. Hess' Chicken Powder for your hens and they will lay. Sold only by Stripling, Haselwood & Co. 28-29

For Sale or Trade.  
One shingle mill complete. See Alton Smith, R. E. D. No. 3, Nacogdoches, Texas. 28-3w

### COMING RALLY DAY.

The Methodist people are making large plans for their Rally Day next Sunday. It is designated as Rally Day for the Sunday school and church, and all the members and friends of both are being urged to enjoy it with them. Judge Norman G. Kittrell of Houston will address the Sunday school at 10:30 for fifteen minutes, and it will be well worth hearing him. At 11:00 o'clock he will give his lecture on the "Nazarene, or a Layman's View of the Man of Gallilee." It is a lawyer's plea on the divinity of Christ. Don't miss it, if you do you will regret it. Judge Mortimer Lewis, of the Houston Post, says of this lecture. "Facts are marshalled, and truths driven home strongly, vigorously, convincingly and with unassailable logic." Remember the date, Sunday, October 1st.

### BIG SHOW COMING TO TOWN.

Cole Bros.' World-Toured Shows and Wild Animal Exhibition to be here for two performances on Monday, October 9. This morning train on H. F. & W. T. brought in Advertising Car No. 2, of Cole Bros.' World-Toured Shows, Mr. Wm. M. Gilman, manager with a crew of twenty billposters, lithographers, bannermen and programers. Mr. Gilman and his men are hard at work to give the appearance of the show here all the publicity possible. They do not only post bills on all available spaces in town, place lithographs in windows of business houses, and banners of all sizes and pictorial designs on wood and brick walls, but men are sent out on routes in the country in all directions from the city for from twenty to thirty miles.

Mr. Gilman has had years of experience in the management of advertising cars for the biggest shows on the road and knows how to advertise his show to the best advantage. He says there is only one Cole Bros.' World-Toured Show and it is in a class by itself when merit, novelty and quality are considered. This famous show with its two long trains of all steel cars, the only show in the world traveling in all steel cars, gives a varied program of two hours, consisting of wild and domestic animal acts interwoven with dozens of high-class European and American Arenic acts. Twenty funny, foolish clowns under the leadership of "Happy" Billy Reid keep the audience in good humor throughout the long program. The performance will be presented in three rings, a stage, and a large steel arena. There will only be one Cole Bros.' Show day this season and on that day plenty of instructive and amusing features will be found and for once it must be conceded that at least one show not only exhibits all it advertises but ten times more.

Mr. John Henry Rice, the veteran show agent, was in the city some ten days ago and made all contracts and arrangements and record breaking crowds may be expected on Monday, October 10, Cole Bros.' show day.

### PEANUT OIL IS BECOMING POPULAR

Mr. K. P. Branch of the firm of Branch & Goldsberry, a well known grocery firm of the city who have been handling peanut oil in wholesale and retail quantities in connection with their grocery business, said to The Sentinel reporter this morning that the commodity was becoming so popular with the trade that they could not fill the orders as fast as they were received.

The people are learning that peanut oil is far superior to lard or cotton seed oil for the "seasoning" in all cooking purposes, and they are clamoring for it. It is more sanitary and healthful, has richer and more palatable flavor, and has come to stay.

Not only is this true, but the new product insures the development of the agricultural industry for which the land in this section is so well adapted, and a new era of prosperity and progress for the agricultural resources of East Texas.

### GREAT OPPORTUNITY FOR YOUNG LADIES AND MEN

The demand for telegraph operators was never so great as at the present time. The largest telegraph school in America—equipped with over a hundred sets of instruments, miniature train service, a train wire of a main line railroad, all telegraph and frieght blanks and books of record; tickets, and in fact everything just as complete as found in the best equipped railroad offices, the best practical teachers to be obtained, thoroughly experienced in commercial and railway telegraphy, station and freight work—the Tyler Commercial College of Tyler, Texas is unable to supply the demands of the railroads, Western Union and Postal telegraph companies for operators. Just as surely as you complete our course of telegraphy and station work, just so surely will we place you in a good position. The same is true where our course of Bookkeeping, Shorthand, Sten-typewriting and Cotton Classing or Business Administration and Finance is completed.

Write for free catalogues. Our telegraph students are on all the leading Southwestern roads, and in Western Union and Postal offices. Our graduates of other departments are holding high position in the commercial world. With our help you can be a big success.

H. A. Spradley, a native son of Nacogdoches who is now making his home in Houston where he is engaged as city detective, in which capacity he is making a great name for himself, is in the city, coming up to attend the funeral of his grand-mother, notice of whose death will be found elsewhere in today's paper.

### SAINTED OLD MOTHER IS NOW AT REST

Mrs. Dicie Spradley died at the home of her son, Duncan Spradley, at 7:30 last evening, (Monday) and her remains will be laid to rest in the family burying ground at Union Cemetery, some six miles from the city this afternoon.

Mrs. Spradley had passed her ninety-eighth birthday at the time of her death, and up until a few days ago was hale and hearty, getting about and going where she pleased. She was the widow of the late Patrick Spradley, to whom she was married seventy-six years ago, and who preceded her to the grave some twenty-four years. She is survived by six children, two daughters, Mrs. Mary Dukes and Mrs. Kate Purvis of Smith county, Mississippe, and four sons, A. J., J. M., Duncan and Henry Spradley, all of this city.

The Spradley family moved to this county in 1875, since which time they have done their part in the upbuilding of the country and in all the affairs of good citizenship, in which this sainted old mother had an active part.

Uniting with the Baptist church many years ago, she lived a beautiful christian life in all the essential elements that go to make up christianity. It is said of her that she was a friend to the friendless and a comfort to the lonely in their distress. The most trifling person was never turned away from her home hungry, and she found her greatest happiness in ministering to the wants and needs of others. She had no condemnation for anyone, but was a defense for the defenseless and a strong armor to the weak in their affliction.

Throughout her long life she enjoyed good health and was very energetic and active, always going and always doing something—an angel in human form whose life was given to the world as a sweet benediction to "leaven" the "unleavened" and give us a greater appreciation of the possibilities of good in human endeavor. Coming to the end of her long pilgrimage down the stream of time we find the close of the chapter best expressed in the language of Jeremy Taylor who so beautifully says: "For the death of the righteous is like the descending of ripe and wholesome fruits from a pleasant and florid tree. Our senses entire, our limbs unbroken, without horrid tortures; after provision made for our children, with a blessing entailed upon posterity, in the presence of our friends, our dearest relatives closing our eyes and binding our feet, leaving a good name behind us."

Grandma Spradley's life can be seen in these lines. For the beauties of her life she was spared the ills that the flesh suffer, and when the end of her time came—when she could no longer be of the service she craved and to which she had always been used to—she went peacefully to sleep in the blessed arms of her savior. She complained of no pain; she was just tired, and the blessed Master has given her rest. That she will be missed in the large circle of friends she enjoyed no one will deny, but they may be thankful that she was spared to them so long, and none would have her return to the cares and troubles of this life unless by some fate she could come back in her youth and be spared for a repetition of the sweet benediction the world has enjoyed with her sojourn on earth.

We have no advances on our goods, because we bought a heavy stock of goods before the great advances were made, therefore we can sell you goods as cheap as ever. S. Mintz.

**Chronic Catarrh is Curable**

Nothing is more distressing to the sufferer and his friends, Chronic catarrh is systemic—that is, it is present throughout the body, though it may manifest itself in a local ulceration. Only a constitutional treatment will overcome systemic catarrh. Local treatments sometimes help the acute manifestations, but they cannot overcome the systemic disorder.

**PERUNA Has Helped Thousands**

It is a foe to catarrh. The voluntary testimony of thousands establishes that. Peruna benefits in a number of ways. Peruna builds up the digestion, restores the strength, and helps put the system in condition.

Peruna has special value in catarrh. It gives vitality to the system, restores tone to the membranes and enables these to perform their functions. Its mucus coats its benefits begin at once, and it rarely fails when treatment is continued properly. The Peruna Medical Department will be glad to assist you to overcome this disease. The doctor's advice is free. Don't delay treatment.

### AN IMPRESSIVE FUNERAL.

A great host of friends of the late J. L. Burrows and his family gathered at Oak Grove Cemetery this morning to pay the last tribute of respect to his remains and assist in tenderly laying his body away.

Ben Tucker of the Tucker, Sitton & Co., was the funeral director, and handled the procession and his part of the service in the good manner for which he is noted. Messrs. H. T. Mast, Beeman Strong, Tom Baker, Josh Henson, Lake Orton and Oscar Baxter served as pall-bearers, with Messrs. Chas. Hodges, Arthur A. Seale, Bosen Wells and C. C. Watson as honorary pall-bearers.

The procession formed at the family residence from which place the crowd repaired to the cemetery where the religious services were conducted. Rev. O. T. Hotchkiss, pastor of the Methodist church, presided in the religious service, reading appropriate scripture and offering words of sympathy and feeling consolation to the bereaved ones.

There were many people from the country present at the service, and among the out-of-town visitors were Hugh Pike and family of Woden, who are related to Mrs. Burrows.

It will pay you to give us a visit while you are in town, as we have some special bargains to offer you. S. Mintz.

### TEACHERS WED.

Mr. G. M. Thompson and Miss Melissa Albritton, two well known teachers of the county, were married at the Methodist parsonage in this city last Saturday evening, Rev. O. T. Hotchkiss, the pastor, officiating.

These happy young people have a great host of admiring friends in the county with whom The Sentinel unites in congratulations and good wishes.

Mr. R. R. Birdwell, an honored old gentleman of the Mahl community, was in town today and made The Sentinel a pleasant call. Mr. Birdwell has the distinction of being the father of fourteen grown children, divided equally in sex, seven sons and seven daughters, and his good wife is still spared to him. Mr. Birdwell's early manhood was spent in service to his country, in which he did valient service in the cause of the Confederacy, and was in many of the noted battles and marches. Coming out of the war, he went to work and has made his country a useful citizen. He is seventy-six years of age now, but is still hale and hearty, and his friends hope that he will be spared to them many more years, and that his family circle may continue to be unbroken.
