Swift Bros & Smith

An Avery "Middle-Burster"

No Plow has ever been able to do everything but these "Middle-Bursters" will plow right and left, going and coming, and in most any kind of land.

Built with long high throat steel beam, hardened soft center moldboards, solid steel point with an extra thick and deep penetrating nose they take the ground, hug it, and run very steady, no matter how stiff the land.

We do not claim that the AVERY will run itself but many of our friends say that it is the easiest plow "to hold" that they have ever seen.

We want to show you this wonderful plow. We know you will like it and will be surprised at the low prices we are able to make you now.

Cason, Monk & Co.

A NACOGDOCHES GIRL INJURED AT SCHOOL

Miss Minnie Lee Norwood of This City Victim of Painful Accident at Dallas.

Mrs. Arthur A. Seale of this city received a message last night announcing that her sister, Miss Minnie Lee Norwood, who is attending the Southern Methodist University at Dallas had been caught in an explosion in the laboratory and received some very painful injuries.

This morning Mr. Seale talked with the physician who is treating her and learned that she had been moved to the St. Paul Sanitarium where an operation was performed this morning, and that one of her eyes had been ruined with the glass that had lodged in it during the explosion.

Miss Norwood is a beautiful, bright young lady, and was making fine progress with her studies. Mr. and Mrs. Seale visited her the forepart of the week, and left her as happy as a lark, enthused with her work and the progress she was making, and they, as well as other relatives and the many friends of the young lady are greatly distressed over the affair.

GINNERS REPORT.

There were 12,325 bales of cotton ginned in Nacogdoches county prior to Dec. 1, 1916, as compared with 12,235 bales to December 1, 1915, giving this year a lead of 90 bales.

Miss May Harvey has arrived in the city as per advertisement in this paper Saturday, and has opened up a free cooking school in the building recently occupied with the Reavis Tailor Shop, where she invites the ladies of Nacogdoches and vicinity to call. In addition to the free lessons, she gives away a valuable cook book, and the visit is well worth any lady's time and trouble to attend.

OUR STORE IS FULL OF NEW GIFTS AND GARMENTS FOR MEN. SEE THEM BEFORE YOU BUY—IT WILL HELP YOU. ZENO COX JR.

COMMISSIONERS COURT

The commissioners court, which has been in session this week, among other items of business transacted, has appointed Mr. Frank Maples as superintendent of the county road gang, and has appointed Commissioner Mangham as a committee of one to have some work done in the district court room which is recommended to improve the acoustics of the room.

Mr. Maples has been in charge of the road gang, and is a good man for the place. The improvement in the court room was also badly needed, and thus both items will meet with general approval.

Ladies' silk hose in boxes. Thomas & Richardson. 13-4d-1w

NEEDED IMPROVEMENT

The commissioners court has had under advisement and investigation today the matter of doing something to improve the acoustics of the district court room.

Those familiar with conditions know that it is nearly impossible to understand a word a speaker is saying in the rear of the room, or even in the middle of the building. It is thought that with certain changes in the skylights and other changes that the defect can be remedied, and if so, it will be a great improvement, well worth whatever expense and trouble that it may cost.

CONVICT ESCAPED.

Willis Wright, a young negro belonging to the convict camp, made his escape from camp this morning while breakfast was being served.

Without warning, or anything to indicate his intentions, the negro made a dash, and got away so quickly that he made his escape.

The officers are notifying all points ahead and making a close search for him.

HOGS WANTED—Top prices paid for fat hogs. See me before selling. I. S. Clark. 2w

CAPTURED BURGLAR; RECOVERED MONEY

Last night City Marshal Woodland and Deputy Wade Walters looked up a negro by the name of Edgar Moore charged with breaking into the residence of a negro woman by the name of Harriet Bruton and stealing some money.

The intruder went into an adjoining room in which the woman was sleeping and failing to find anything there, went to her bed-room and took a purse from under the pillow on which she slept containing \$11.85. This was recovered by the officers and restored to the owner.

The woman was made happy by the recovery of her money. She said to the officers that she had been doing without new clothes and shoes to save up something for Christmas, and when she missed her money she thought her hopes had vanished.

Men's ladies' and children's outing night gowns. Thomas & Richardson. 13-4d1w

DEATH AT RED OAK

Mrs. Alex Grigsby died at her home in the Red Oak community last night, and her remains are being laid to rest in the cemetery at North Church this afternoon.

Mr. Grigsby is survived by her husband and several children. Those who know her say that she was a noble, christian woman, highly esteemed by all, and many hearts are made sad with her death.

For men and boys only, Hatches one-button union suits. Thomas & Richardson. 13-4d1w

BOX SUPPER.

There will be a box supper at Cedar Bluff Saturday night, Dec. 16, 1916, proceeds to be used for equipment of the school building. The public is invited to attend.

Hon. R. J. Randolph, a prominent attorney of Madisonville, has been in the city today.

WOODMEN ELECT OFFICERS.

At the meeting of Liberty Elm Camp, W. O. W., Tuesday night, new officers were elected as follows:

Arthur A. Seale, Consul Commander.
Jake Summers, Adviser Lieutenant.
Dr. W. R. Sivley, Banker.
H. T. Mast, Clerk.
W. P. Burrows, Escort.
J. W. Hutson, Watchman.
W. L. Jackson, Sentry.
W. E. Weaver, Captain Degree Team.
G. W. Childress, Auditor.

The new officers will be installed at the first regular meeting in January.

Liberty Elm Camp has had a most prosperous career during the past year, and with a number of the same old officers retained, it is safe to predict that the noble order will continue to grow in numbers and usefulness in this section.

A CASH SHOWER FOR BUCKNER'S HOME

A cash offering on Father Buckner's eighty-fourth birthday, Jan. 3, 1917, is the manifest desire of the friends of the institution. Churches, Sunday schools, Associations, Women's Societies, Young People's Unions, and many individuals have so expressed themselves during the year.

No doubt many who take part in this noble work will not be able to attend, or be present at the Home on January 3, and yet will be desirous of being represented at that notable hour and blessed occasion. So you can begin now sending in your contributions to the Home, and if you want your money to go to the credit of the

CASH SHOWER

just write on the margin of your money order or check "Cash Shower," and the bookkeeper at the Home will give you proper credit. All contributions should reach the home on or before January 3, 1917. Address all letters to Dr. R. C. Buckner, Route 3, Dallas, Texas.

P. S.—It takes \$200.00 to feed them every day. S. C. Bailey, Field, Representative.

"Tonight, colder." Try a pair of our wool blankets and stay warm. Thomas & Richardson. 13-4d1w

TAX COLLECTOR IS INSTALLED

Mr. J. C. Melton, the new tax collector, received a telegram from Austin last night announcing that his bond had been approved by the state department, and the oath of office was administered to him this morning, after which the old tax collector turned the office over to him.

Going to take a trip Christmas? We have a nice assortment of hand-bags, suit cases and trunks. Thomas & Richardson. 13-d4w1

HALTOM & GIBBS, Proprietors
M. M. HALTOM, Manager
O. M. GIBBS, Editor

If some man can invent on auto that runs like scandal, without fuel or lubricant, uphill and down night and day, and without regard to speed limits, he would have some car.—Palestine Herald.

A dispatch says that powdered rhinoceros horn is the treatment used for typhoid fever in China, and that with the wealthy patients sometimes as much as \$12 worth per day is used. And this is another reason why we can be glad that China is so far removed from us.

There are others—and they sometimes have chills, also. Col. George Bailey makes the following report of his competitor on The Page in the Houston Post: "Judd Lewis is shelved for the day with chills and fever. We can prescribe for that sort of ailment, but we hate to see the life of a half dozen mince pies destroyed in order to cure a simple malady like that."

Read the experience of Mr. T. J. Lloyd with a peanut crop elsewhere in today's paper. With this crop, grown in much less time than it takes to grow and market a cotton crop, Mr. Lloyd has a clear profit of \$3,355.00, and with his wife is now visiting in California, having a good time, while the cotton planter on such a scale has not sufficiently recovered from the fatigue to go visiting.

The Sentinel is carrying a review with Congressman Dies in today's paper, in which the congressman goes on record as opposing any embargo, and gives some splendid patriotic reasons for his opposition. An embargo would hurt the farmer for the reason that prices would slump in consequence. To bring up their part of the program, the farmers of the South should rally with the biggest crop of food-stuff next year ever known to the country. And they can do so with perfect safety for the reason that the country is on the verge of a famine for something to eat.

Ouch! Listen at this from our jealous neighbor across the creek: "The Sentinel is inclined to 'rub it in' on Lufkin because the banks of Nacogdoches have a few thousand dollars more on deposit than is shown by the banks of Lufkin. The Sentinel should remember that Nacogdoches is something like one hundred years older than Lufkin. The Sentinel is also advised that the big rich men of this town keep their money 'working' and that if the town were full of 'tightwads' the two banks here would show something like a million dollars each of deposit." If your money is 'working' in the vicinity, it must be invested in something and should be shown on the tax rolls. Would you like to pursue the investigation to this extremity?

Mr. T. J. Lloyd's communication in yesterday's Sentinel has set many people to talking and "figuring," and all concur in the opinion that it is the best communication that has been published in this section in a long time. One farmer who had fifty acres in cotton this year, on much better land, finds that he did not make half the profit on his crop that is shown with the peanut crop. In fact, his gross receipts did not measure up with the net profit of the new crop at

even the fancy prices he received for his cotton. These are facts and figures, each of which originates in our own community and can be proven to the entire satisfaction of any doubting Thomas. Another added advantage that has not been taken into consideration with the peanut crop is the fact that crop of oats could have been grown on the same acreage. Every farmer and business man in this section should study well the opportunities offered with this new industry which is now in its infancy, but which is unlimited in its field of development in this section by reason of the fact that we have the land particularly adapted to this crop which will not grow on the black, waxy lands.

If The News wanted to be personal it could name one man who made more money right here in Lufkin and carted it off to another state, than is carried on deposit by all the banks of Nacogdoches County. Come to Lufkin.—Lufkin News.

But we note he left. Why? We'll join you, Bro. Gibbs, in making two blades of grass grow where one formerly grew, and will even "shlake," but the problem of making only one mud hole where there are now two shouldn't be lost sight of. And as to your question about our road bond issue—well it wasn't defeated; only temporarily postponed.—Alto Herald.

Congressman Martin Dies and the other members of the Texas delegation are right in their position, with respect to the proposed embargo on foodstuffs. Certain representatives of eastern states have been suggesting, ostensibly with a view of bringing about a reduction in the high cost of living. Current prices of food are not altogether the result of the great foreign demand therefor that has developed as a natural result of the war in Europe. The producer is not getting all of the money the consumer is paying for the articles he eats by any manner of means. The speculator and the fellow who puts stuff in cold storage are the ones who are, in the main, responsible for high prices. And the common carriers, with their poor distribution services, are to blame for much of the alleged scarcity of products upon which the speculators are basing their abnormal quotations. The slump that might come were an embargo declared would not be felt by the speculators. The reduction in prices that would be very likely made would have to be borne by the farmers. The speculators would continue to collect as much as they do now from the consumer for playing the part of the middlemen.—Beaumont Enterprise.

AFTER OUR TOWNSMAN.

The Lufkin News is dreaming of a big store for that city, with Mr. Sam Hayter of this city in charge. Read this as you run: "Mr. Sam Hayter a prominent business man of Nacogdoches, was a visitor in the city today, mingling with his many Lufkin friends and transacting a little business on the side. It is predicted that Mr. Hayter is going to open one of the biggest general merchandise stores in this city that can be found anywhere in East Texas, and when he does The News predicts the marked success for him along this line that has characterized his every business venture. It is a business that Lufkin needs and has needed badly for 10, these many years, and its establishment will mark a new epoch in the reaching and pulling power of our city with the farmers all over Angelina County."

HON. F. O. FULLER

The indications now are that Hon. F. O. Fuller of Cold Springs, San Jacinto county will be the next speaker of the House of Representatives, now having the endorsement of many of the strongest members of the House.

Mr. Fuller was born and reared in Nacogdoches county, and is a son of the county who is making a name for himself, of whom we can well feel proud.

A recent issue of the Texas Pythian Banner-Knight pays the following tribute to the gentleman which we take pleasure in reproducing:

It has been twenty years since East Texas has had a Speaker of the House. We all remember Tray De Shield who represented us so well at that time. Now another man is offering—a man from that section which gave to us the immortal Jim Hogg, Dick Hubbard and such splendid specimens of true Democracy—the man is F. O. Fuller, a worthy son of that part of grand old Texas.

Mr. Fuller hails from the same town and occupies the very same office that was formerly held by that splendid Texas Judge Lovett, who is today at the head of the great Harriman system of this country. It seems that there is something in the very atmosphere back there that produces big and useful men, and this something has not escaped the subject of our sketch, for Frank O. Fuller is truly a self-made man, who never inherited a dollar in his life and he has risen to prominence by the sheer force of character to which is added untiring efforts in the behalf of any worthy thing that he undertakes.

He was born November 2, 1873 in his early boyhood he worked on a farm and it is men of his type that convince us that all men should be born on a farm. There they get the proper constitution for a vigorous life and there they acquire those simple virtues so much needed in this world today. His early education was received in the common schools. Later he attended the Sam Houston Normal and from that splendid institution he went to the law department of the Southern Normal University of Tennessee. As a young man he taught school for eight years. He made good in that line of endeavor, but he had political ambitions and sought the office of county attorney of his home county. This was in 1904. He served one term and at the end of his term he aspired to the legislature and was elected by an overwhelming majority. His services were so satisfactory to his people that he has never had an opponent since the election of 1906. He served with distinction, as well as honor, in the 30th, 31st, 32nd, 33rd and 34th legislatures and has been re-elected to the 35th—to which session he was active supporter of the compulsory education law, and in fact every other good law on the statute books that have been placed there the past decade.

Frank Fuller has a lucrative law practice, but he is a business man as well as a lawyer and is now director and active vice-president of the San Jacinto State bank. Besides this he is interested in many other laudable enterprises in his home city.

Mr. Fuller was united in marriage April 28, 1895 to Miss Lizzie Holt of San Augustine. This union has been blessed by four sweet girls and one boy. Providence has been kind to all of them and they are the living joy of a proud father and mother.

As a lawmaker, a professional and business man, a citizen and the head of a happy home, he is what you can well term a success. His neighbors appreciate him and are always glad to honor him by awarding him whatever he asks for.

Slip a few Prince Albert smokes into your system!

You've heard many an earful about the Prince Albert patented process that cuts out bite and parch and lets you smoke your fill without a comeback! Stake your bank roll that it proves out every hour of the day. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

There's sport smoking a pipe or rolling your own, but you know that you've got to have the right tobacco! We tell you Prince Albert will bang the doors wide open for you to come in on a good time firing up every little so often, without a regret!—You'll feel like your smoke past has been wasted and will be sorry you cannot back up for a fresh start.

You swing on this say-so like it was a tip to a thousand-dollar bill! It's worth that!—Appreciation and contentment to you, to every man who knows what can be gotten out of a chummy jimmy pipe or a makin's cigarette with Prince Albert for "packing"!

THE Prince Albert story is a fact, every Prince Albert package a real message to you on its reverse side. You'll read "Process Patented July 30th 1907." That means that the United States Government has granted a patent on the process by which Prince Albert is made. And by which tongue bite and throat parch are cut out! Everywhere tobacco is sold you'll find Prince Albert awaiting you in tippy red bags, 5c, 10c, 15c, 20c, 25c, 30c, 35c, 40c, 45c, 50c, 55c, 60c, 65c, 70c, 75c, 80c, 85c, 90c, 95c, 1.00. It's the cleverest crystal-clear glass with sponge on top, that keeps the tobacco in such fine condition.

CROP ESTIMATES

ARE VERY CLOSE

Washington, Dec. 4.—The method of estimating the size of the country's farm crops has been so improved and systematized that the actual production of important products is now made with a close degree of accuracy by the Bureau of Crop Estimates of the United States Department of Agriculture. Nearly two million schedules are handled each year by that bureau in making up the government's monthly crop reports. About one hundred and sixty thousand names are constantly making personal investigations, one agent covering a state; and 105 clerks are employed in Washington handling the large number of reports from the voluntary crop reporters and to keep records of crop information of this and foreign countries.

CASE OF EM SAPP

IS TRANSFERRED

Liberty, Texas, Dec. 6.—E. E. Sapp, convicted at Lufkin last May of the killing of Dick Watt, and whose case was recently reversed and remanded by the court of criminal appeals, will be tried in Bryan in connection with the death of his wife, who was killed in the Trinity River botulism of Liberty County on Nov. 7, 1914. This case was called in the seventy-fifth district court yesterday, and Judge J. L. Lewellyn transferred it to Bryan on his own motion because he did not believe a jury could be obtained in Liberty County to try the case. The indictment for the killing of his wife was returned against E. E. Sapp in the summer of 1915 but the warrant was not served on him until about a week ago, when he was transferred from the Lufkin jail to the Liberty County jail to await trial. The sentence of E. E. Sapp in the case in which he and Louis Sapp were jointly charged with the killing of Dick Watts was forty years, and Lou's sentence was twenty years. This case was appealed, and in a decision handed down Nov. 15, the court of criminal appeals reversed and remanded the cases of both.

So carefully and systematically has the work been organized that the 1915 cotton crop estimate was only three-tenths of one per cent less than the amount actually ginned as reported by the Census Bureau after the close of the season. The most complete record in existence is kept in the Bureau of the Estimates and Statistics relating to the world's crops and live stock. Mr. Lively, associate editor of The News, is laid up for repairs today, but so far we have been unable to learn whether his indisposition was the result of too much venison meat, too many quail on toast or too many baked ducks; or it may be that case of "technical grip" the Nacogdoches Sentinel accused him of several days ago.—Lufkin News.

TRACTORS do most of their work in a cloud of dust. Unless the gear teeth are protected against this dust—dry gears result—cutting and rapid destruction follow. But these gears can be saved by lubricating them with TEXACO CRATER COMPOUND.

The big reason for the success of

TEXACO CRATER COMPOUND

on the tractor gears is the way in which it resists dirt and flying dust—the way in which it works under heavy pressure. CRATER stays on the wearing surfaces of the teeth—where lubrication is needed.

It saves the gears—saves replacements—conserves the investment.

CRATER is equally good for all heavy gears, on farm machinery, presses, and driven pumps.

CRATER is sold in 25 pound cans.

CITIZENS MEET WITH COMMISSIONERS COURT

People From Places of County Urge the Continuation of Agricultural Service.

From Monday's Daily.

About ten o'clock this morning a large delegation of citizens from different parts of the county met with the commissioners court for the purpose of urging the continuation of the agricultural demonstration service, and the re-employment of Jas. D. Greer.

The object of the meeting was stated by Mr. McNess who presided as chairman of the meeting and called on different citizens present for opinions in the matter, and some two hours time was consumed, all enthusiastically favoring and urging the proposition.

The last address was delivered by Mr. G. W. Orms, district agent of the state department of agriculture who offered to put up six hundred dollars of the expense if the county will put up a like amount. Mr. Orms is a man of considerable educational attainment both in literature and the material things of life, and his address was a gem of which we wish we had a copy that we might reproduce for the benefit of readers of the paper who did not hear him. Among the great points he made was that while continental Europe had her sons in the trenches American sons were being trained for the farm and the blessings of frugal rural life, and that with this spirit growing our country would grow and prosper while those countries of political strife would be consumed and decay. There were many other good points, made with reference to the progress being made in agriculture of our country and the development of rural life, and his words carried with them an inspiration that would make those who reside on a farm, love the life better, and those who do not see the vision and incline to the return to the soil.

As the noon hour had arrived at the conclusion of Mr. Orms' speech, the court deferred consideration of the matter until after dinner. On convening the court after dinner the matter was again taken up and vote taken on the proposition, in which a tie resulted, two commissioners voting for the proposition and two against it. To dispose of the matter the county judge voted for the measure and order was made contracting with Mr. Greer for another year's work on the same terms and conditions upon which he is now operating except that he will be required to file a monthly report with the court showing the different places he has visited and the work he has done. Mr. Orms still being present, he entered into contract with the court by which the state department will meet its part of the obligation, and thus Nacogdoches county will continue to have the agricultural demonstration service which she has enjoyed the last several years, and of which The Sentinel will have more to say in subsequent issues.

You Should Feel 100 Per Cent Today

You cannot meet the day's work cheerfully feeling bilious. Dull headache, coated tongue, bad breath are signs that indicate you liver is overworked or loafing. In either case you need Po-Do-Lax, Nature's liver regulator, derived from the May-apple. By stimulating the flow of bile, Po-Do-Lax makes work easier for your liver, and by its mildly laxative quality removes the impurities that clog the intestines. At all druggists, 50c. dw

THE APPLEBY FAIR WAS GOOD SUCCESS

Notwithstanding the inclement weather and other drawbacks, a good size crowd attended the Appleby Fair Saturday, and the event was a good success. An especially attractive display of agricultural products was on exhibit, demonstrating the good farming community that supports the town, and the progressive farmers who till the soil in that vicinity.

The prizes were won and awarded as follows:

Corn—White, best ten ears, T. W. Anders first prize; J. W. Miller second prize. Colored corn, Clyde C. Means first prize; Arley G. Means second.

Peanuts—First prize, Ollie B. Means; second, Arlie C. Means. Sugar Cane—Ollie Paulkner first prize.

Sweet Potatoes—D. L. Campbell, first prize.

Farm Exhibit—C. L. Means, first prize.

Garden Exhibit—J. Bryant, first prize.

Canned Goods, best collection—Lois Anders, first prize; Mrs. D. L. Campbell, second prize.

Chickens—Best trio of meat or large breed, Mrs. Elmer Armfield, first prize. Best rooster of large breed, Mrs. Blanch Means. Best hen, Mrs. Blanche Means. Egg breeds, first exhibit to M. Hill on Minorcas.

Pigs—Best pair pigs, F. C. Thomason; best single pig, W. D. Slay.

Best collection of Needle Work—Mrs. C. T. Simmons, first prize. Mrs. W. D. Slay, second.

Best quilt—Mrs. Ed. Marshall. Best White cake—Mrs. R. W. Tillery; best yellow cake, Mrs. R. W. Tillery.

Best loaf bread—Mrs. R. W. Frederick.

Best Mule Colt—Mr. Howard of Appleby.

Best bull calf—W. Clark.

ANNOYING KIDNEY ILLS.

There's nothing more annoying than kidney weakness or inability to properly control the kidney secretions. Doan's Kidney Pills have given peace and comfort to many Nacogdoches people. Profit by this Nacogdoches woman's experience.

Mrs. W. H. Wood, North st., Nacogdoches, says: "My bladder was inflamed and my kidneys acted too frequently. The kidney secretions caused me much annoyance. I lost my rest and in the morning felt exhausted and as though I hadn't had any sleep. Doan's Kidney Pills gave me relief."

50c. at all dealers. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Dr. W. S. Thomas of Woden was a visitor to the city today, and made this office a pleasant call while here.

Nervous Women.

When the nervousness is caused by constipation, as is often the case, you will get quick relief by taking Chamberlain's Tablets. These tablets also improve the digestion. Obtainable everywhere. dw

At a meeting of the County School Board, held Tuesday afternoon, I. D. Parmley was appointed attendance officer to fill the place made vacant by the resignation of Bob Bowden, who resigned to take a position with the collector's office. It is the duty of the attendance officer to see that the new law providing for compulsory attendance is enforced.

Good For Constipation

Chamberlain's Tablets are excellent for constipation. They are pleasant to take and mild and gentle in effect. Obtainable everywhere. dw

THE NEW OFFICERS.

The Sentinel has deferred a writeup of the new keepers of the court house until all were installed. The state had to prove some of the bonds which makes it impossible for all to take the positions to which they were elected at the same time, the law providing that the old officers hold over until the new are elected and qualified.

We have some new faces in the service this year, but we have a number of old officers who were re-elected.

In the clerk of the district court we have a new man, Normal B. Hall, a native son of the county who promises to make an efficient, worthy public servant. Mr. Hall made a most creditable race for the position four years ago, and bided his time with patience until the successful man held the position two terms, when he again came before the people and was successful. He has secured as his assistant in the office Mr. R. W. Murphey, who is experienced in the service, having held the office two terms himself, and served at another time as deputy.

At the executive head of the county as county judge, we have Judge Jno. F. Ferrite, who was re-elected for the second term with a majority over both opponents, in the first primary, which is the best endorsement any man could receive, voicing the endorsement of his administration. His court is composed of Messrs. J. W. Byrd and J. P. Mangham, who were re-elected, and Messrs. John Eates and A. B. Stoddard, all capable, substantial citizens of the county.

Prof. G. E. Layton is the new county superintendent of public instruction. Prof. Layton has been teaching school in the county the past quarter of a century, and no man is better known to the educational interests of the county, or more highly esteemed, as is best proven by the splendid vote he received for the position. He claims the distinction of holding the oldest teachers certificate in the county, but while he has been in harness many years, he is as active as the average man of thirty, and his ripe experience will be of incalculable value to him in the service.

Mr. J. C. Melton of Appleby is the new tax collector. His bond had to be sent to Austin for approval, and was sent back for correction. The correction was made Monday and he will be installed this week. Mr. Melton comes to us from the Appleby country where he has lived all his life and where he has been serving his people as justice of the peace the past two years, which gives testimony of the endorsement of the people who know him best. He has secured the services of Bob Bowden, a well known and most competent young man of this city, as his assistant. Mr. Bowden has been working in this office the past several years, through which he is thoroughly familiar with the duties, and the arrangement insures that there will be no interruption to the service through the change of an experienced man to one inexperienced.

W. Y. Hall is the new county treasurer. Mr. Hall had the misfortune to lose his right arm several years ago, but he never lost his energy, going ahead and making an independent living on his farm. A man who can make a living with only his left arm on a farm can be depended upon to not lag in the duties incumbent upon him in an official capacity.

Lake Orton still serves the county as county clerk, having no opponent. The service he has given to us in this capacity, and the pleasing manner and uniform courtesy with which he

greet the patrons of his office makes him one of the most popular public servants in the county. He is assisted in the work of the office by Phillip Sanders, a most worthy and capable young man, who extends to the public the same courtesy that is characteristic of his superior in office.

Willie A. Wade is still county attorney, having no opponent in his race for re-election. Being spared an opponent is sufficient compliment to him and the service he has rendered, particularly so when the fact is taken into consideration that the duties of this office are such that usually arouse more or less animosity among the populace.

For tax assessor we have Bart S. Shirley of Cushing. Mr. Shirley made the race for this position two years ago, and at the solicitation of his friends made it again this time, in which he was successful. Mr. Shirley has taught school at a number of places of the county, and no man is better known, or better qualified for the duties of the position. Characteristic with his manner in all things, the office will have close personal attention with his administration, and he is thoroughly qualified to fill it as it should be.

To chase the criminals and wait on the various courts of the county, we have Luther Prince as sheriff, and his force of deputies. Mr. Prince has served his precinct, Garrison, the past two years as constable, the duties of which are similar to that of the office he now fills, only on a larger scale. His record as constable, and the energetic manner in which he has taken hold of the office gives assurance that the duties of that most responsible office are still in good hands. Assisting Mr. Prince are Mrs. Prince, who looks after the affairs of the office; Swab Myers, who served as deputy under the last administration of Sheriff Spradley, and Mr. A. L. Mangham, and the sheriff authorizes the announcement that he is ready for service day or night.

Down in the basement Judge Frank Huston still presides with characteristic dignity and efficiency where his mill may grind a little slow sometimes, but exceedingly fine. Judge Huston has an enviable record as justice of the peace, his decision being noted for fairness and wisdom. Serving his court is John Hagar as constable, and while Mr. Hagar is new in harness, he is proving nevertheless very efficient, going about his work in a quiet, unassuming way that counts.

The other precincts of the county are also supplied with good men, and the indications are that the affairs of the county will be administered wisely and well with the new administration.

Hon. W. E. Thomason will serve the county in the legislature. Mr. Thomason is a native of the county, a stalwart democrat and statesman, and is in every way qualified to serve the district with credit to himself and honor to his constituents.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

The Sentinel

W. M. HALTOM & GIBBS, Proprietors
W. M. HALTOM, Manager
M. GIBBS, Editor

Having at last recovered the "Secret of the Submarine" at the Crown Theatre in this city last night, the United States is now ready for war with all comers over and under the high seas.

It is a great compliment to Nacogdoches' generosity and patriotism to note that there will be no empty stockings in this vicinity during the glorious Christmas tide.

The idle money in this community could not be invested in a better enterprise than the purchase and putting into cultivation the idle lands in the county. There is nothing to be gained with that class of immigration which comes and takes over the place of some good citizen who is already established, but we need many who will come and clear up and put into cultivation the vast domain that is now lying idle. Let the county be a solid farm, tilled with frugal husbandmen, and we will have prosperity that is substantial, the same this year, next year, and all the years to come.

Speaking of iron: Up in the northwestern corner of Nacogdoches county, 147 miles from Beaumont, there is a town called Saoul, through which runs the Texas & New Orleans railroad. Saoul is surrounded by hills loaded with iron ore. This ore is so rich and pure that they used to beat it into plow shapes during the war between the states without refining it. Suppose there was a deposit of ore

of that kind within 147 miles of some northern town as well situated with relation to rail and water transportation as Beaumont, do you suppose it would be allowed to remain undeveloped? Do you suppose that not one in 10,000 inhabitants of the town would know about it, as is the case here?—Beaumont Enterprise.

IT IS FEDERAL AID

In reporting the visit of Mr. G. W. Orms, and the donation to the county work here, in yesterday's paper, The Sentinel listed him with the state department of agriculture, which is wrong. Mr. Orms is employed jointly with the United States Department of Agriculture and the A. & M. College, and the financial aid extended to this county comes from the United States Department of Agriculture.

Thus Nacogdoches county receives six hundred dollars for which no tax is levied against her, and connection with the national government, as well as the state department through the service of the A. & M. In making the order to maintain the work, the commissioners court is to be congratulated for going forward with the splendid service which is bringing to us splendid results.

From a private letter from the young man, ordering the paper sent to his address, The Sentinel learns that Earl Buckner, who has been holding the position of agent and telegraph operator at LaRue, Texas for some time, is now holding the position of agent and operator at Saoul, in this county. Mr. Buckner visited relatives and friends at Chiapeno a few days before taking hold of his new position.

VICTORY FOR AGRICULTURE IN NACOGDOCHES COUNTY

Last Monday, December 11th, should be a red letter day in the lives of the progressive farmers of Nacogdoches county, for on that day was fought and won a battle for progressive, scientific agriculture against the forces of ignorance and petty politics.

The occasion was the appearing before the commissioners court of a number of the citizens from all parts of the county, who were there to advocate the continuance of the co-operative demonstration work in the U. S. Department of Agriculture, and the A. & M. College of Texas, with the farmers of the county.

As mentioned in my last letter, there were grounds for believing that the court would at the December session vote for this work to be stopped.

Strong arguments were made by the leading farmers of the county showing the need for the continuance of the work, and reciting the benefits that have been received from the work in the past. The professional and business men of the city of Nacogdoches also endorsed the work and attempted to show the court that the \$800 spent for this work each year was the wisest expenditure of the public funds, as Nacogdoches county having no manufacturing interest, relied entirely upon the agricultural interests for her wealth, and that the failure of her agriculture meant the failure of every enterprise in the county. The Rev. Johnson made an earnest appeal for the boys of the rural districts of the county, stating that the country boy should be given the same advantages as the city boy. Mr. Orms of the

U. S. Department of Agriculture and A. & M. College made a stirring address upon the benefits of the work, and what such work meant to the county, not only the work of the county agent, but also the work of experts in various lines of agriculture sent in to the county by the A. & M. College of Texas. Mr. Orms also stated to the court that the government stood ready to co-operate with the county and would furnish the sum of \$600.00 per annum providing the county would do its part. If, on the other hand the court decided to discontinue its share of the expense, then he would withdraw the government's part and apply it to some other county that needed the work.

The noon hour having arrived the court adjourned until 1 o'clock p. m., when the matter was again taken up. Upon the motion made by Mr. John Byrd, and seconded by Mr. Mangham, that the court accept the proposition made by Mr. Orms on behalf of the government, and that the county pay out of its general fund the sum of \$800.00 for the work, requiring a monthly report from the county agent, was voted upon, resulting in a tie. Mr. Byrd and Mr. Mangham voting for the motion, and Mr. Stoddard and Mr. Bates voting against the motion. Judge Perritte therefore cast the deciding vote, it being in favor of the motion.

Mr. Greer was then called before the court and informed that he had been engaged to conduct the co-operative demonstrative agricultural work in the county for the coming year, and was instructed by the court regarding the monthly report he was to present to that body.

I believe that we, the farmers of the county owe a debt of grat-

itude to Judge Perritte for having the moral courage and manhood for voting for a measure which he believed, in spite of the division of his court, to be for the best interests of the agricultural interests of the county. I also wish to congratulate the two commissioners who voted for the measure; it shows that they have the progressive spirit of the times and that during their term of office the business of the county as far as they are concerned will be administered with promptness and for the best interest of the people.

As to the two commissioners that voted against the measure, I can only say that I feel sorry for them; they have my sympathy, for men who have not the backbone to vote for a measure, which they themselves approve, but are afraid of their jobs, need the sympathy of every well-minded citizen in the county.

Appleby and Linn Flat have placed themselves on record as being opposed to progress, to education, and everything that goes to make the world brighter and better. You will be the laughing stock of the progressive districts of the county, and you have brought it upon yourself by instructing your commissioners to vote against a measure which would have been a benefit to you and your children's children. Peace to your ashes.

I want to see the commissioners court do one thing more, then the treats will be on me. I want to see Miss Mason placed on the payroll of the county. We all know what she has done for our girls the past year, and I appeal to the court as men and as fathers of families, what are you going to do for the girls of the county?

GEO. T. MCNESS.

NOTED MUSICIAN PASSES BIRTHDAY

John Philip Sousa, the "March King," celebrated his sixty-second birthday, Dec. 6, by giving to the public his latest march, "The Boy Scouts of America." He was in Philadelphia at the time with the "Hip, Hip, Hooray," and after the performance, when his band played the new march, the stage was filled with a corps of boy scouts. When Mr. Sousa finished the selection a scout leader approached the footlights and presented him with a loving cup on behalf of the Philadelphia branch of the Boy Scouts of America.

When the Nacogdoches Boy Scout Band is more mature, it would be fitting to show appreciation to the composer by learning to play "The Boy Scouts of America."

Hon. Webster Hays, editor of the San Augustine Tribune, and Mr. Buck Moss, a well known citizen of the same city, were in the city a few hours today en route to Mt. Enterprise where they were going on a business mission. Friends of Mr. Hays in this section will be glad to learn that he is doing nicely with his newspaper enterprise in the Red Land City, and is highly pleased with his new location.

W. E. McMillan, who is now holding a traveling position, is in the city visiting with his family.

ONE DOSE RELIEVES A COLD—NO QUININE

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all grippe misery goes and your cold will be broken. It promptly opens your congested nostrils and the air passages of the head; stops runny discharge or nose running; relieves headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit sniffing and sneezing. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store.

WOMEN'S NERVES

Women, more than men, have excitable nerves, because tiring work and physical strain tax their more delicate nervous systems and bring premature age and chronic weakness—unless treated intelligently.

Drug-laden pills and alcoholic concoctions cannot build up a woman's strength, but the concentrated medicinal food properties in

SCOTT'S EMULSION

build strength from its very source and are helping thousands of women to gain control of their nerve power—overcome tiredness, nervousness, impatience and irritability.

SCOTT'S is a liquid-food—free from alcohol.

Scott & Bowne, Bismarck, N. D.

JUDGE F. P. MARSHALL WINS DISTINCTION

News comes from Waco that Judge F. P. Marshall of this city has been elected grand scribe of the Grand Masonic Chapter of Texas.

This distinction comports the gentleman with the official body of the state organization, and paves the way for promotion which is sure to come to him for the reason that he is a competent, indefatigable worker in the ranks and councils of the order.

Deep-seated coughs that resist ordinary remedies require both external and internal treatment. If you buy a dollar bottle of BALLARD'S HOREHOUND SYRUP you get the two remedies you need for the price of one. There is a HERRICK'S RED PEPPER POROUS PLASTER for the chest, free with each bottle. Sold by all druggists. eodw

SHEPPARD OPENS FIGHT FOR PROS.

Washington, Dec. 8.—Prohibition legislation was forced into a point of vantage today when the senate on motion of Senator Sheppard of Texas began consideration of the bill to prevent the manufacture and sale of liquor in the national capital.

Senator Underwood of Alabama announced that he would press for an amendment for a referendum on the issue to the people of the district.

Wheezing in the lungs indicates that phlegm is obstructing the air passages. BALLARD'S HOREHOUND SYRUP loosens the phlegm so that it can be coughed up and ejected. Price 25c, 50c, and \$1.00 per bottle. Sold by all druggists. eodw

Judge Vale Fall and a party of other Chireno citizens were arrivals to the city this morning, coming over to attend the mass meeting and give approval to the county agricultural work.

COUNCIL WILL PURCHASE ANOTHER FIRE TRUCK

At a meeting of the city council Tuesday night it was voted to purchase another fire truck to take the place of the wagon and team that is used in connection with the truck we have.

In its experience with the fire truck we have, the fire department has found the motor far superior to the old wagon arrangement, enabling the fire fighters to get on the scene so much quicker and often save much property by so doing. They also find the motor more economical for the reason that it does not have to be fed when not in use.

Swellings of the flesh caused by inflammation, cold, fractures of the bone, toothache, neuralgia or rheumatism can be relieved by applying BALLARD'S SNOW LINIMENT. It should be well rubbed in over the parts affected. Its great healing and penetrating power eases the pain, reduces swelling and restores natural conditions. Price 25c, 50c, and \$1.00 per bottle. Sold by all druggists. eodw

Hon. O. C. Dotson, one of the county's most worthy and highly respected citizens, from Garfison, was in the city between trains today and honored this office with a pleasant call.

Heartburn is a symptom of indigestion. Take a dose of HERBINE in such cases. The pain disappears instantly. The bowels operate speedily and you feel fine, vigorous and cheerful. Price 50c. Sold by all druggists. eodw

W. R. Robinson of Pearland has been in the city prospecting a day or two. He wants to connect up with the possession of one of these good Nacogdoches county farms.

CONGRESSMAN DIES STATES HIS VIEWS

East Texas Congressman Says Embargo on Food is In-sult to the Farmers.

Washington, Dec.—Bills to provide for an embargo on food-stuffs now being exported to Europe were introduced on the first day of the session of Congress, but judging by remarks of practically all Texas delegations, none of these bills will be passed this winter.

Congressman Dies expressed the sentiments of the Texans in an interview with a newspaper representative. Discussing the much discussed embargo, Mr. Dies said:

"The talk of an embargo to prevent the sale of food products abroad is but a new form of hysteria. No such law can be enacted. It is an insult to the farmers of the country to even suggest so palpable an injustice.

There is no more wisdom in trying to lower prices by the statute than in trying to raise prices by the statute. The law of supply and demand cannot be tinkered with by congress. Present prices are measured by terms of gold, and gold is cheaper than ever before. That is one factor in the matter of high prices.

"Another factor is the war in Europe. Millions of men in Europe have laid aside the hoe and plow and are now working with gun and sword. They were producers; they are now consumers. They demand munitions, food and clothing. The United States is supplying the demand, and high prices have naturally gone higher.

"There would be much less justice in shutting off the farmers' foreign market than in shutting off the munition makers' foreign market. And then another fundamental cause of high prices is to be found in the fact that the movement of population has been away from the farm to the city. Every time a farmer moves to town, there is one less producer and one more consumer to be fed.

"As to a remedy for the high cost of living there is nothing Congress can do so far as the war in Europe or the fertility of the gold mines is concerned. I hope much will be done by Congress to remove the other basic causes by encouraging the farmer and his family to stay on the farm, and making it worth while for those who have abandoned farm life to return to it. Good roads throughout the country will help. Enabling the farmers to organize a better system of credits, and thereby secure cheaper money will help. A good marketing system will help.

"There are many things that Congress can do to help the farmer, but to slap him in the face with an embargo just because he is beginning to get something for his products would be both foolish and mean. If eggs are high, let those who complain remember that they can keep a few hens on their own account. If grain and meat are high, we can still console ourselves with the knowledge that farm lands are cheap and that the earth, our dear old mother will welcome us again to her bosom.

"There is no warrant in the constitution for an embargo to prevent high prices. It is thoroughly undemocratic, and economically unsound. It is simply hysteria—bosh."

With the approach of the holiday season let us remember that inviolable law of nature, compensation, which decrees that we must give if we expect to receive, and in like proportion that we do unto others it will be done unto us.

A GOOD CITIZEN WITH THE DEAD

From Friday's Daily.

The sad news has been received in the city of the death of Mr. W. S. Denman, a mighty good man and good citizen of the Gravelly Ridge community, which sad event occurred at his home at 2:30 o'clock yesterday afternoon. His remains will be laid to rest in the cemetery at Gravelly Ridge this afternoon at 2:00 o'clock, where a great host of friends will assemble to tenderly put his remains away and offer sympathy to the surviving members of the family.

Mr. Denman was seventy-four years of age and has been living in this county the past fifty years. He is survived by his widow, seven daughters and two sons.

Mr. Denman is connected with the old-time family of Denmans in Angelina county. He was a Confederate soldier in the war between the states, and throughout life was ever ready to serve his country in any way that he could.

How To Check That Cold.

When it is painful to breathe and fever sends chills up and down your back, you are in for a cold. A timely dose of Dr. Bell's Pine Tar Honey will stop the sneezes and sniffles. The pine balsam loosens the phlegm and clears the bronchial tubes, the honey soothes and relieves the sore throat. The antiseptic qualities kill the germ and the congested condition is relieved. Croup, whooping cough and chronic bronchial affections quickly relieved. All druggists, 25c. dw

Jack Gresham vs. Attoyac Lumber Co., dismissed.

D. F. Palmer vs. Attoyac Lumber Co., dismissed.

Cough Medicine for Children.

Mrs. Hugh Cook, Scottsville, N. Y., says: "About five years ago when we were living in Garbutt, N. Y., I doctored two of my children suffering from colds with Chamberlain's Cough Remedy and found it just as represented in every way. It promptly checked their coughing and cured their colds quicker than anything I ever used." Obtainable everywhere. dw

The Savings Account fattens on LUZIANNE COFFEE

WE flatly guarantee that Luzianne goes twice as far as a cheaper coffee. We flatly guarantee that it will satisfy you in every way. If, after you have used the entire contents of one can according to directions, it has not made good on both these claims, throw away the can and ask your grocer to refund your money. He will do it without argument. Write for premium catalog.

Nacogdoches Grocery Company Exclusive Distributors

Mr. and Mrs. J. M. Spradley have returned from Jasper where they went to visit with Mrs. Spradley's brother, and where she was taken ill. Friends will be pained to learn that she is still confined to her bed.

COMING TO NACOGDOCHES

Doctors Rea Bros.

Specialists in the Treatment of Disease Without Surgical Operation.

AT REDLAND HOTEL From Thursday noon, December 21 to Friday noon, December 22.

Will give free medical services to all who are treated on this visit.

Tuberculosis, Consumption, Asthma, Pleurisy, Bronchitis, Catarrh, Catarrhal Deafness and Lung Diseases treated with a combination of medicine, serums, vaccines, diet, hygiene, and exercise.

Liver, Stomach and Bowel Troubles, Dyspepsia, Indigestion, Constipation, Sick-Headache, Dizziness, Enlargement of the Abdomen, Bad Breath; those cases in particular which have been improperly treated.

According to their system, they do not operate for appendicitis, gall stones, bowel ulcerations and impactions, doing away with the knife and much expense in the treatment of these dangerous diseases.

Kidney and Bladder Troubles, pains in the back, weak back, swelling of the limbs, stiffness of the joints, rheumatism, bed wetting in children, and all weakness of the kidneys and bladder.

Nervous Diseases, epilepsy, neuritis, neuralgia, sciatica, paralysis, mental weakness, nervous prostration, sleeplessness, weariness, diseases of women, slow growth in children, club feet and curvature of the spine.

Blood and Heart Disease, swelling of the limbs, pellagra, old sores, varicose veins, heart palpitation, bad circulation, cold limbs, numbness, enlarged glands, goitre and deep-seated chronic diseases and skin diseases.

Eye Diseases, granulated lids, inflamed eyes, trachoma, bad eyesight, headache from eye strain, and the proper fitting of glasses; those cases that need treatment as practiced by specialists.

Piles, fistula, moles, warts, small tumors, and growths of a suspicious nature treated with the hypodermic injection method, an effective plan of treatment without surgical operation.

Those who have been told that an operation is necessary or that their case is incurable, are especially invited to call. Married women must come with their husbands, and children with their parents.

Medicines and appliances at reasonable cost. Head office and Laboratory, Minneapolis, Minn.

COW HIDES WANTED.

The hide market is strong and prices are high. Until further notice we will pay 20c per pound for all weight, sound, green hides branded included. We advise you to salt the hides heavily as soon as you get it. Put the hide in a sack. Write your name, address, route and box numbers on two tags. Put one tag inside of the sack and one on the outside. Ship by express to A. Golenternek & Co., Tyler, Texas. We remit the day that the shipment is received.

At prevailing high prices for hides, it will pay for every community to organize a "Fresh Beef Club" and enjoy good, fresh meat. The hide will almost bring as much as would your surplus yearling or cow.

We also handle wool at the highest market prices. Horse hides bring from \$2.00 to \$5.00 each, according to the size. We furnish shipping tags on request. A. Golenternek & Co., Tyler, Texas. 3-23tf

Dr. W. H. Bruce, Osteopathic Physician, Redland Hotel.

FOR SALE—An extra good short-horn Durham Bull, rich red color, good qualities. Weight about 1400 lbs. Dixon Greer, Appleby, Texas. 4w

Made by BEHRENS DRUG CO., Waco, Texas

HELP IS OFFERED, and is freely given to every nervous, delicate woman, by Dr. Pierce's Favorite Prescription. It is a medicine of the female system, the "Pills" never fails to benefit or cure. It is a medicine of the female system, the "Pills" never fails to benefit or cure. It is a medicine of the female system, the "Pills" never fails to benefit or cure.

JNO. SLAY'S DAUGHTER DIED LAST NIGHT

From Friday's Daily.
Miss Belle Slay, daughter of Mr. John Slay, a well known business man of this city, died at the home of her grand-parents at Appleby last night, and her remains will be laid to rest in the cemetery at that place this afternoon. The young lady was about thirteen years of age, and since the death of her mother has been making her home with her grand-parents at Appleby. She had been suffering with chills and fever the past week, and was seized with an attack of congestion yesterday which she could not resist.

TAX COLLECTOR DATES.

- I will visit the following places on the dates named for the purpose of collecting taxes:
- Douglas, Monday, Dec. 18.
- Cushing, Tuesday and Wednesday, Dec. 19 and 20.
- Sacul, Thursday, Dec. 21.
- Linn Plat, Friday, Dec. 22.
- Trawick, Saturday, Dec. 23.
- Garrison, Tuesday and Wednesday, Dec. 26 and 27.
- Chireno, Monday and Tuesday, Jan. 3 and 9.
- Melrose, Wednesday, Jan. 10.

U. S. PROTESTS AT GERMAN ACTS

Washington, Dec. 8.—A note to Germany protesting against the deportation of Belgians for forced labor as contrary to all precedents and humane principles of international practice was made public tonight by the state department. The note was cabled to Charge Grew at Berlin on November 29, the day Ambassador Gerard discussed the subject with President Wilson, with instructions that he read it to the German chancellor personally. In making it public the state department announced that the interview had taken place, but said nothing about results.

UGH CALOMEL MAKES YOU DEATHLY SICK

Stop using dangerous drug before it salivates you! It's horrible!
You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.
Here's my guarantee! Ask your druggist for a 50 cent bottle of Dodson's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you—right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.
Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

T. J. LLOYD FINDS PEANUTS GOOD CROP

A few days ago The Sentinel promised its reader a story about Mr. T. J. Lloyd's peanut crop. We had gathered data and had in process of incubation the story, but we find the following letter from the gentleman in this week's issue of the San Augustine Tribune, addressed to a friend, and reproduce it under his own signature, which is better and more authentic than anything we could prepare:
Nacogdoches, Texas, 11-23-16.
Mr. R. N. Stripling,
San Augustine, Texas.

I have yours of the 11th and 21st and also your letter of several days ago asking me to write you my experience and idea of peanuts as a profitable crop. Well, I must first ask you to accept my excuses for not answering your letter sooner. I have been awful busy and my work is away from home; I had to get out early and it's late when I come in.

Last spring after I had rented out all my land I got to thinking about a peanut crop; the more I thought about it the more it appealed to me, so I rented 125 acres of land to put in as a money crop. I had 25 acres I had planned to plant for hogs; I put 80 head of hogs on the 25 acres. They were young hogs. I shipped 65 head of the best ones which brought me \$859.00; I gathered and thrashed 2600 bushels of nuts off of the 125 acres that I can sell for \$1.25 per bushel. I got 50 tons of hay that could readily be sold for \$15.00 per ton if the people knew the value of it. It is far ahead of alfalfa hay as alfalfa is sorghum; peanut hay is grain and hay together, for there is enough nuts left on the hay to make a rich feed. Well, there is some more to the crop yet. I had a 100 acre field that was fenced with a hog fence. When I had gathered the nuts I put 70 head of shoats and pigs in the field and I figure the bunch is worth \$500.00 now. So there are the figures the crop of 125 acres are worth in cash today:
2600 bu. peanuts @ \$1.25 \$3,450
50 tons hay ----- 750
Hogs on hand and sold ----- 1,359
Total ----- \$5,559

I cannot give you the expense account, as I did not keep it, but it is not that much. Now as I see it, if we will plant peanuts and cultivate them with the same interest that we do cotton the average crop will be 40 bushels per acre. I had some of the poorest land in the county in and made 20 bushels per acre; land that is so poor that it won't make any corn or cotton will make good peanuts. If you cultivate 25 acres in corn and cotton you can cultivate 50 acres in peanuts easier, because you have three months to plant them in their season. Plant half of your crop the first of April and get them laid by, and plant the other half the first of June. I planted 30 acres the 22nd of June and they made as good nuts as I made. I wish I could get every farmer in this county interested in growing peanuts and hogs. We are afraid we will flood the market and we can't sell them, but we have been planting cotton ever since we have been farming and we never have money enough when we gather and sell the cotton to pay the expenses of growing and gathering it if we have to hire the labor to do it with. We can't raise cotton here any more; the boll weevil has got it if we do raise it. The only thing we can do with it is to sell it, and the most of us spend the money for things we do not need. Now I would like for you to pardon me for these remarks. I don't mean to suggest to others what they

Where There's a Farm There Should be a Bell Telephone
The progressive farmer surrounds himself with modern advantages. He, too, appreciates that convenience ministers to health, happiness, progress and wealth. What does he do? With other neighbors he starts a Rural Telephone Exchange. Enough said. Apply to our nearest Manager for information or write to:
THE SOUTHWESTERN TELEGRAPH AND TELEPHONE CO. DALLAS, TEXAS

should spend their money for; will say this money is not worth much unless it is spent right and it is so easy to get away from us that it might be better to have some of the things we need than to have money and nothing else. One thing sure, we won't have money or anything else if we keep trying to grow cotton. Now let's study the peanut crop. I have not given you any figures that are not correct; really I feel like I made just a half crop, but the good price we are getting this year makes it good. I can do better another year, as I have learned a good deal about planting and cultivating nuts. Plant peanuts because they will make on land that is so thin it won't grow anything else. Plant peanuts because you can cultivate twice as much as you can of anything else. You plant them because they will make twice as much money per acre than anything else on this land. They are the best hog feed of anything and the best horse feed when they have been thrashed. There is no dirt in them and there is nothing as good for young cows. I must confess that I am more interested in the peanut crop for this county than anything I have ever thought of. I don't think I have it over-rated. I could say many other good things for the peanut and I will leave some for you to study out. However, if there is anything I have left unsaid that you would like to know, if I know it I will take great pleasure in telling you. I trust that you will not take this as a boast, they are all true facts as I see them.

Your friend,
T. J. LLOYD.
District Clerk Normal E. Ha has returned from a visit to Vernon, Texas, where he was called on a business mission. He also visited Dallas and Fort Worth while on the trip.

Terrible Croup Attack Quickly Repulsed By Old Reliable Remedy

Well known Georgia store keeper has mastered croup and colds for his family of ten with Foley's Honey and Tar Compound.
The minute that horrid terrifying croupy cough is heard in the home of T. J. Barber, of Jefferson, Ga., out comes Foley's Honey and Tar Compound—there's always a bottle ready.
Here's what he says: "Two of my children, one boy and a girl, aged eight and six years respectively, had serious attacks of croup last winter and I completely cured them with Foley's Honey and Tar Compound. I have kept it in my family and for years I used Foley's Honey and Tar Compound and it never fails."
Banche, weary and save doctor bills keep Foley's Honey and Tar Compound always on hand. In your home, this bottle lasts a long time—it's reliable and safe—and the last dose is as good as the first. Get the genuine.
Stripling, Hazelwood & Co.

NACOGDOCHES TRADITIONS.

Among the numerous notable persons of the early days in Nacogdoches there was one, a woman, widely known later on, as Laura Fair. Her career was remarkably adventurous and fateful. But when she lived here, in the decade between 1840 and 1850, she was a small girl of five to thirteen years. She had an older sister and brother, being children of Benjamin F and Mary E. Hunt.

Mr. Hunt was a carpenter, and property owner, in the growing town of Nacogdoches, and some of our old-timers remember the family. Mr. Hunt and his wife sold to Albert A. Nelson, in 1847, the lot which is now the Ireson homestead for \$800. This lot was the Nelson home when Jno. B. was born. Hunt's home was on the premises now occupied by Miss Joe Weaver, on East Main street.

But fate lead the Hunts afar, yea, to the Pacific coast, in California, even to the great Golden Gate city of San Francisco, where in 1849 the gold discovery was the drawing power and led to development. It was there that the pretty little Laura Hunt, from this lowly old East Texas town, soon bloomed into beauty and splendor and became a popular actress, both upon the theatrical stage and upon the social stage. She was married to a wealthy mine owner whose name was Fair. But all was not "fair" in love, so far as the affair went. Things went wrong somehow.

Another wealthy man became an actor; his name was Crittenden. He was shot and killed on the terry boat that runs between Frisco and Oakland; Laura Hunt Fair was charged with the killing. The case was sensational; it was worked up as famous as a newspaper topic at this time, about the year 1850 and not yet faded. It was far more noted than had been any case before. Another former citizen of Nacogdoches was then living in Frisco—this was Nathan Wade, who had known the Hunt family here and recognized them there. Long afterwards Wade returned to Nacogdoches and died here a few years ago. Recently Mrs. Sophie Peavy saw Laura Fair's career referred to in a newspaper, and wrote her a letter, which drew forth an autograph answer, and the facts that she is now Mrs. Laura Fair Snyder, of Richmond, California, broken in health and fortune. She had a daughter called Rubie Fair, who like her mother, was also a stage actress and died poor in New York City about two years ago.

Mrs. Laura Hunt Fair Snyder, if still living, is about eighty years old, and probably a poor woman living in Richmond, California. In her letter she inquired about her childhood sweetheart, Henry Raguet whose home was directly across Main street in front of hers. He fell gloriously in battle at Glorietta during the war between the states. Their fates, strangely diverged in romance and reality as so often occurs in the mysteries of life.

TORNADO WRECKS LOUISIANA TOWN

Atlanta, La., Dec. 8.—A tornado which swept over Atlanta early today completely demolished the business section, entailing a loss of about \$40,000. Among the buildings destroyed were Catholic, Methodist and Baptist churches and the depot of the Louisiana Railway and Navigation Company.
The child of John Mayo, a farmer, was killed and Mayo was seriously injured. John Page of Atlanta sustained slight injuries.

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.
"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without."

THEDFORD'S BLACK-DRAUGHT

In my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.
If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

A FAMOUS PAINTING BY A FAMOUS MAN

A recent issue of the San Antonio Light carries the picture of a famous painting by a famous artist whose parents were born and reared in San Augustine, Mr. and Mrs. J. E. Thomas, and who now reside in Washington City. The family also resided in Nacogdoches a few years, and are known to many of the older settlers. Mrs. Thomas is a sister of our townsman Judge S. W. Blount. The son, who is the noted artist, was also born in San Augustine.

Mr. John G. Orton of this city maintains a regular correspondence with the elder Thomas. Of the painting and the artist, the Light says:
"The 'Innocent Victim' the widely known painting by Stephen Seymour Thomas, a former San Antonian, will be the inspiration for a tableau, which will form the opening number of the Tableaux Vivant, to be presented at the Majestic, December 12, under the auspices of the Fort Sam Houston branch of the American Red Cross. Aside from its artistic worth, the painting is of interest to San Antonians, as Seymour Thomas spent his boyhood days here and was graduated in the class of 12885 of the high school.

Mr. Thomas maintains a studio in Paris, which is the gathering place for all San Antonians and many Texans, whose travels take them there. He is celebrated in Europe as well as in America and has won many medals and other honors at the various salons in Paris, Munich and Vienna. He was a member of the International Jury of Awards at the St. Louis exposition. He has painted a number of portraits, including those of James Bryce, General Lew Wallace and Cardinal O'Connell.

Notice to Public—Dr. D. P. Deason, veterinarian, will be here to attend his son's practice during his illness.

P. V. Dale, a well known druggist, was in the city yesterday afternoon returning from the meeting of the Masonic Grand Lodge held at Waco where he went as a delegate from the Garrison lodge.

BEWARE!

When a paint is advertised for less money—*There's a reason.*

What is the definition of *Cheap Paint*? A paint that is inferior in quality and does not prevent decay as does a linseed oil paint; takes more gallons and costs as much to apply.

Masury's Pure Linseed Oil Paint
We have handled it for 15 years and unhesitatingly guarantee and recommend Masury's Paint to be the most economical and satisfactory to buy and use.

A standard for paint is established by the U. S. Government. Masury conforms to it.

Stripling, Haselwood & Co.

W. G. King was in the city today looking after some business interests.

Constable T. G. Vaught of Garrison was in the city today, coming down to bring a prisoner.

Messrs. A. A. Turner, J. D. Rogers and others from the northern end of the county were arrivals to the city this morning.

C. T. Simmons, a well known citizen of Appleby, was in the city yesterday afternoon looking after some business interests.

Mr. and Mrs. B. M. Shipp, well known and prominent people of Timpon, were in the city yesterday doing some holiday shopping.

Mr. Rice, the father of our townsman, Ed. Rice, who recently moved to this city, made The Sentinel a pleasant visit this morning.

The Sentinel learns that Mr. Jno. H. Cox of this city, who has been conducting a mercantile business at Sacul, has closed the business out.

Mr. Homer Rainbolt, with his wife and daughter, of Concord, and Mr. Will Rainbolt of Houston were arrivals to the city this morning, coming for a visit to Geo. F. Rainbolt and family.

Madalene Gray will entertain Mrs. Sims of Peachville Center at the High School auditorium Friday night, Dec. 15, at eight o'clock. Don't fail to meet her. Admission 15 cents.

Hon. Arthur A. Seale and Mrs. Seale arrived home yesterday from Dallas where they went to visit Miss Minnie Lee Norwood, who is attending the Southern Methodist University.

Mr. and Mrs. Guy, Blount, Mrs. J. J. Hayter and Mrs. Beeman Strong arrived home yesterday from Shreveport where they went to hear the noted singer, John McCormack.

Rev. W. F. Nash is in the city visiting his family for a few days. Mr. Nash is missionary for Jasper and Newton counties this year, and says that he is enjoying splendid results with his work.

During the recent Methodist annual conference in this city Bishop E. E. Hoss was a guest at the splendid home of Mr. and Mrs. L. P. Campbell. During his stay, among the many palatable things provided for the table was a generous supply of new ribbon cane syrup, the kind for which Angelina County is famous, and the guest of the home was more than delighted with its flavour. This morning Mr. Campbell received a letter from Bishop Hoss, dated at Battle Creek, Michigan, and among the other things it stated: "Find enclosed \$5.00. Please ship me its equivalent in the kind of syrup which was served on your table during the time I was so pleasantly entertained in your home." Mr. Campbell is now preparing the shipment in order that it may reach the Bishop before Christmas. Not only did Lufkin make a hit during this conference, but so did Angelina County ribbon cane syrup.—Lufkin News.

LOST—Somewhere between Nacogdoches and Alto, Tuesday, a suit case. Finder will please notify W. F. Summers at Summers lumber yard.

Keep the bowels active if you would preserve your health. A dose of Prickly Ash Bitters now and then does this to perfection. Stripling, Haselwood & Co., Special Agents.

FORMER SHERIFF A. R. ANDERSON ENDORSES TANLAC

Prominent Houston Man Says, "Money Could Not Buy The Good It Has Done Me."

"Money could not buy the good Tanlac has done me, and I gladly recommend it for what it has done in my case," said Hon. Archie R. Anderson, of Houston, Ex-Sheriff of Harris County, a few days ago.

Mr. Anderson needs no introduction to the people of Texas, as he is unquestionably not only one of the best known, but one of the most popular men that ever held public office in the "Lone Star State." After serving as Deputy Sheriff of Harris County for 12 years Mr. Anderson was elected Chief of Police of the city of Houston. He had occupied this office only a short time when the Sheriff of Harris County died. Mr. Anderson's friends then persuaded him to make the race for unexpired term of Sheriff to which he was easily elected. He was honored with re-election seven different times and served the people in this important office for 15 consecutive years. Four years ago Mr. Anderson declined re-election and retired to private life. He cast his lot among the people of Houston and is a large property owner and foremost citizen of this interesting and prosperous city.

"I was in a run-down condition," continued Mr. Anderson, "and had no appetite at all. I could hardly sleep at night and never felt like getting up in the mornings, I was so tired. I had to take my coffee without sugar, as when I drank it with sugar, I would just belch for hours. I would bloat and swell up like I was poisoned and suffered with neuralgic pains of the worst sort, and nothing seemed to help me only in a temporary way. I just can't tell you how I did suffer for the past four years and up to the time I began taking Tanlac, a few weeks ago.

"When I read the testimonials of some who had been relieved of troubles like mine I just felt like I couldn't make a mistake by taking Tanlac and it has done even more for me than I had expected. I began to feel better after taking my first bottle and have just now started on my third and I'm a different man already. I sleep like a log now and eat just any and everything I want without the slightest discomfort afterwards. I am glad to endorse Tanlac because it does the work and I'm telling all my friends just what I'm telling you. I never felt better in my life than I do since taking Tanlac. I am willing for you to publish my statement and let every suffering person who may wish benefit by my experience with this great medicine."

Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co. (Adv.)

AN APPROPRIATE CHRISTMAS GIFT

Young folks, have you ever wanted a certain present as a Christmas gift, and when Christmas came you didn't get it and went and bought it yourself? Well, that is just the way to do in this case, but first take the matter up with your parents. If you present the matter in the right light, they can hardly turn you down, for this is the best proposition you ever put up to them; it is a thing that will win your independence and enable you to earn a good salary. It is a scholarship in the Tyler Commercial College of Tyler, Texas, America's largest school of Bookkeeping, Business Training, Shorthand, Steno-Typewriting, Cotton Classing, Telegraphy, Business Administration and Finance—the school that not only prepares its students in a very efficient manner for the best positions for them.

The cost of a life scholarship in a course of Bookkeeping is \$60., Shorthand \$50., or the two \$95., Telegraphy \$55., Cotton Classing \$50. Business Administration and Finance \$75. Board and room is from \$11.50 to \$15 per month, payable monthly. The average time for completing our Shorthand or Steno-Type writing course is three and one-half months, our Telegraphy or Bookkeeping four months, Business Administration and Finance five months, our Bookkeeping and Shorthand combined, five months. Figure up your cost of board and tuition and you will be surprised to find out how little it will cost you to obtain a cash producing education that you can use for a life time. It will be a Christmas present that you will always appreciate, because you will never cease using it; it is something of every day need, it makes of you a useful citizen.

If you or your parents, as the case may be, haven't the cash to pay for the entire course, we have a note plan, we also have a loan fund in connection with our Endowment Association that may be participated in. The old saying is quite true "Wherever there is a will, there is a way." If you can't get the money to pay board, do what thousands of others are doing; take a correspondence course until you can enter college for personal work. Hundreds finish the entire course at home and accept good office position, you can likewise get our credit or note plan on the home study course.

See about this Christmas gift. Take it up and discuss it seriously. Convince your parents you are determined to make something of yourself. Write for our large catalogue, it is free and will convince you and your parents of the importance of our suggestion.

Hon. Beeman Strong arrived home yesterday from Longview where he was engaged several days in legal business. Mr. Strong has been engaged in the prosecution of ex-mayor Bodenheim who is charged with wrecking a bank in that city, with which readers are familiar. Mr. Strong says the case will not come to trial at the present term of district court. It is reported that Hon. Cone Johnson, Judge Edwards and other noted lawyers have been engaged on the side of the defense, and this trial promises to be one of the most interesting and noted in the state.

Happiness is but another name for perfect health. Use Prickly Ash Bitters and be happy. It keeps the vital organs healthy and well regulated. Stripling, Haselwood & Co., Special Agents.

TRINITY SCHOOL.

The "Excelsior" Literary Society will render a Christmas program at Trinity school house Friday night, Dec. 22. Music will be furnished by the Nacogdoches Brass Band. A cordial invitation is extended to all. The program reads as follows:

1. Opening Address—Mabel Burgess.
2. "Christmas in Other Lands"—Miss Brandon.
3. "Everyone a Santa Claus"—Primary Pupils.
4. "What Christmas Should Mean to the Warring Nations."—Prof. C. F. Wellborn, Sup't of the Arlan High School of Rock County.
5. "Christmas Eve in Coonville."—Johnnie King.
6. Mixed Quartette—"Silent Night."—Prof. Wellborn, Miss Brandon, Charlie Grimes and Katie Muckleroy.
7. "Jes' Fo' Christmas."—Douglas Allen.
8. "Christmas Song."
9. "Twinkle, Twinkle, Little Star in School."—Characters to be selected.
10. "Unveiling of the Star."—Pearlie King, Georgia Maroney, Grace Fuller and Beulah Hutson.

COTTON DECLINING.

With the approach of the holiday season the price of cotton has been declining in a most uncomfortable manner to those who have a supply of the staple on hand. Yesterday afternoon's issue of the Houston Chronicle makes the following report of trading in Houston:

"Cotton underwent a terrific hammering Friday—in Houston and elsewhere—and the close of an excited day saw the spot article posted at 19.05, a sheer drop of 75 points, or \$3.75 a bale. Thursday's quotation was 19.80. In the face of such irresistible bear pressure, traders wisely stood back and let the market take its course. Sales were only 410 bales—this being the only encouraging factor in one of the widest declines a single day's session has seen in many months."

FIRST ANNIVERSARY.

When a Sentinel reported met Prof. G. G. Machann, proprietor of the New Studio, this morning, we found him very happy, and bubbling over with optimism.

"Today rounds out my first year in Nacogdoches," said he, "and I am delighted with the experience. I have enjoyed an increasing business from the very first day after opening up for business, and I have added over five hundred dollars worth of new equipment, and the general arrangement of my studio is now as complete as any to be found in any city of the state, and I am able to do as good work as can be had in Texas."

Prof. Machann has rustled his business closely since coming to Nacogdoches, and what he says is true.

Judge J. M. Sanders, a prominent attorney of the Center Bar, and Mr. O. H. Polley, a prominent citizen of Shelby county, were visitors to the city yesterday, coming over to look after some business matters in which Mr. Polley is interested.

Willis Wright, the negro who escaped from the convict camp yesterday morning, report of which was made in yesterday's paper was captured by Deputy Sheriff J. C. Shipp at Garrison this morning, and will be carried back to the camp. This was good quick work by the sheriff's department for which the officers are to be commended.

A real nice assortment of men's silk hosiery for Christmas. Thomas & Richardson. 13-4dlw

Keeping Yourself Well

THE FIRST STEP

Usually the first indication of a lowering of health is found in the bowels and liver. Something goes wrong—we eat too much, or work too hard—and the bowel action weakens or the liver is sluggish. That heavy feeling on arising in the morning, dryness of the throat, with bad taste, a slight headache, dull eyes—all show that food has fermented in the intestines, and that the body is manufacturing poisons instead of good blood.

Clear it all out. Give the stomach and bowels a fresh start. Encourage the liver to go to work. Manala does all of this, without griping or weakening. It's the ideal laxative and liver tonic, because it follows Nature's plan, without discomfort, inflammation or forming a habit. Constipation may be overcome with its use.

NOTICE.

The regular annual meeting of the shareholders of The Stone Fort National Bank of Nacogdoches, Texas will be held in the banking room of said bank on the second Tuesday in January 1917, the same being the 9th day of said month; between the hours of 10 o'clock a. m. and 4 o'clock p. m. for the purpose of electing a board of directors and the transaction of any and all such other business as may properly come before said meeting.

4w F. B. SUBLETT, Cashier.

\$6.00 to \$8.50 MIS-FIT PANTS
YOUR CHOICE \$4.00 to \$5.00.
ZENO COX, JR.

FIRE TRUCK AND TRACTOR ENGINE

In conversation with his honor, Mayor Matthews, this morning, he informed The Sentinel reporter that the city council had under advisement the matter of purchasing a new motor-driven fire truck to add to the fire-fighting equipment of the city, a tractor engine with which to do street work.

The mayor and some of the council think this would be a great economy to the city, saving the large feed bills that must be met with fuel to keep up the teams for this work and there is no question but what the efficiency of both enterprises would be greatly increased with the new trucks.

The mayor will call a meeting of the council at an early date, at which time the matter will be discussed further.

WANTED—1200 pieces of fur to complete order. Bring it on time. Highest price in town. A. Zeve, opposite Hazel building.

HOGS WANTED—Top prices paid for fat hogs. See me before selling. L. S. Clark. 2w
