### THE BUSINESS MEN PERFECT ORGANIZATION

Purpose of the Organization Will be to Have Regular Trades Day and Build Roads.

The committee who promoted the Trades Day called a meeting of the business men at the City Hall this morning for the purpose of making their report.

A goodly number of bankers and merchants were present, and all reported a most satisfactory business with the Trades Day, and all were unanimous in the opinion that we should make a monthly feature of the enterprise.

Leading up to the permanent organization, Mr. J. N. Thomas was elected temporary chairman with Bowden Cason secretary.

With Mr. Thomas in the chair, it was elected that permanent organization be gone into, and that the organization be known as "The Progressive Men's Association." W. W. Lee was elected president of the new organization, with Bowden Cason secretary, and the president was also made chairman of a steering committee whom he will select himself, which will have charge of the matter of the time and arrangement for future trades days.

In the discussion of the trades day just closed, it was brought out that many new customers were brought to Nacogdoches with the advertising that was used, and that the spirit of good fellowship between the people of the town and country was greatly strengthened. It was also stated that every call for every item advertised was filled, and unanimously agreed that the same condition would obtain with all future trades days, through which a record of dependability would be built up upon which the people of the country could rely. The members of the new organiza-

## HERE IT IS

### The Crown

The Mower With a Simple Double Speed Gear

The Crown Mower has many points of superiority over any other machine we have seen but the greatest thing is the "double or changeable speed;" there is no other mower on the market with a similar device. The gears are very strong, heavy and durable and perfect in their operation. It is a simple matter to change from one speed to another. The Crown gives you a Fast Speed for hard cutting and a Slow Speed for ordinary or light cutting. This saves the life of the machine and much easier on the team.

It's the greatest mower we have seen and we want you to see it whether you intend to buy or not. Come around and take a "look" or if you are not coming to town just phone or write us and we will send you full information about it.

## Cason, Monk & Co.

### GERMANY IN OFFER OF PEACE TO RUSSIA

BERLIN, May 15, via London.—Chancellor von Bethmann-Hollweg answered the peace interpellations in the Reichstag today by saying that it would not serve the interests of the country to make a declaration, and therefore declined to do so. "I thoroughly and fully understood the passionate interest of the people in war aims and peace conditions," said the chancellor. "I understood the call for clearness which today is addressed to me from the right and the left.

But in discussion of war aims the only guiding line for me is an early and satisfactory conclusion of the war. Beyond that I cannot do or say anything."

The German chancellor virtually made a peace offer to Russia, saying that if Russia renounces her aims of conquest, Germany would not prevent a permanent friendship by making impossible demands.

Taken Up—A sorrell mare mule, nine or ten years old. Owner can recover same by paying expenses, at the pound pen. G. W. L. Woodland.

## "Glad-To-Meet-You Clothes"

It's a pleasure to meet a well-dressed, well set-up young fellow; it's a pleasure to be one. Good Clothes are worth all they cost; really more than they cost, when you figure how much they mean to you from every point of view.

### Our SCHLOSS BALTIMORE CLOTHES

represents the Young Man's ideal of what a well dressed man's Clothes should be. They're very fashionable; they're unusual;— They fit, they wear, they satisfy.

See them here. \$15, \$18, \$20, \$25, \$30

## Mayer & Schmidt, Inc.

are also very much interested in co-operating with the farmers in helping them conserve and market all the produce of their farms, and will co-operate in a campaign of education along this line, making investigation of what facilities may be needed and providing them. They are also very much interested in a better system of roads with this end in view, and will give their hearty support to every effort possible in this line.

Withal, the business and professional people of Nacogdoches have awakened to a spirit of progressiveness, and have taken the initial step that means a much greater volume of business for the town, better service for the trade, and mutual profit to both classes. It also means a more rapid development of both interests and classes, and the dawn of a new day for the Nacogdoches country.

Watch for the announcement of the next Trades Day and begin to make your plans to come to Nacogdoches.

### THE GERMANS SUFFER SOME HEAVY LOSSES

What had been everywhere thought to be a commencement of a strong offensive by the Germans against the British along the Lens-St. Quentin line and the French from the region northwest of Soissons into Champagne apparently was only one of the sporadic counter-attacks which the Germans have been throwing against the fronts since the spring offensive began.

Around Bullecourt the intensive fighting which has been going on for more than a week continues unabated, the Germans throwing assault after assault against the British. Tuesday four of these were launched, the Germans losing in all of them except the last, when their troops drove back the British in the western part of the village for a distance of about 100 yards. In all the attacks German casualties were extremely heavy, in one of them about 250 dead and wounded having been left inside the British lines.

Along the front held by the French artillery actions prevailed throughout Tuesday, the Germans failing to follow up their infantry attacks of Monday, in which the French war office says they suffered heavy losses.

The Italians have assumed the offensive against the Austrians in the Isonzo region along a front of nearly 25 miles. Following extremely heavy

### THE HUMBUG CIRCUS.

The "66 Ranch and Humbug Circus" last night was all that its name implied, but a real circus wouldn't have been enjoyed as much.

With the artificial representation of wild animals, the funny clowns, the horseback riding, trapeze, etc., the people were entertained in a manner that brought forth peals of laughter, and gave their patronage generously and willingly because they knew they were being "humbled," and they were saved the embarrassment of denying it.

A good crowd was present at each performance, and if there are any profits derived from the entertainment, it will be divided between the Band and the Boy Scouts.

## FARMERS!

We have money to loan to help you to make a "bumper" crop of Corn, Peanuts and Cotton. The real farmer is going to "clean up" this Fall. If we can help you, come to see us.

O. M. GIBBS, Editor

The Shreveport Times observes that Uncle Sam is getting ready to take the ooze out of booze.

Nacogdoches county could have gotten along without much rain and cold weather just at this time, but as the whole state has received a rain with it, which was badly needed in many places, we can stand the inconvenience caused with it.

The Lufkin News promises that if Lufkin is not too busy "building bigger things" to provide the industries of its town, it will bring us its peanuts and potatoes this fall. Go ahead with your "air-castle," brother, and we will have no fear of receiving the patronage.

If all the people of all the world would read their bibles every day, and go to church every Sunday, there would be no wars and rumors of wars, and pretty soon there would be no need for court houses and jails. Let us do our duty, remembering that another Sunday will dawn with the next day.

"Sociable-Fit-Accessible-Nacogdoches" sounds mighty punk when lined up by the side of "Lovely Lufkin."

And "Lovely Lufkin" sounds like a breach of harmonies when set to rhyme with the sociability, accessibility and fitness of "Noted Nacogdoches." "Take your medicine" and quit your "fussin'."

We are told that the trail through the Angelina bottom on the route to Nacogdoches is all but impassable. The truth of the matter is, it has been about that way for the past three years except for a short time after a bunch of Lufkin volunteers put a day or so working on it. This should be made one of the most accessible highways out of the county, and The News hopes that our county commissioner may become sufficiently interested some day to take a hand in improving it.—Lufkin News.

We cannot afford to muzzle the press either in times of peace or war. Jefferson was right when he said that a free press without a government was preferable to a government without a free press. Without an untrammeled press the liberties of the people would not last long. The first step toward despotism is the suppression of free speech. But the constitution guarantees the right of free speech, and certainly the element in congress in favor of a change is too small to be respectable. We deeply regret, however, that such a thing should be entertained by as many as one man in all the United States.—Col. Milner in Rusk County News.

The county commissioners will meet in regular quarterly session Monday for the transaction of routine business. The News does not believe there is any one thing of more importance to the public right now than the improvement of the trail leading through the bottom to the Angelina bridge on the Nacogdoches road. There is a lot of travel on this particular road, and would be a great deal more if the horrible holes along the route through the bottom were fixed so that a car or other vehicle could pass through in safety. Many citizens of both Lufkin and Nacogdoches have occasion to travel this road, and steps should be taken to put it in better condition than at present.—Lufkin News.

A reading of the war tax bill just reported in the house of congress, gives assurance that the American people will have something to do in the future besides fighting in the trenches or gunning on the high seas. The new bill carries additional tax on so many different articles of consumption and industries that no one can escape the payment of a portion of the cost, and some industries will groan under the weight of the load it imposes. Prorated, the new levy is estimated at \$33 per capita for the entire population of the country, and this all is in addition to the bond issues and other indebtedness that is being contracted for future payment and must eventually be paid. But it is no time for pessimism, and the sensible thing to do is to be up and doing while the opportunity is present to meet this obligation with the least effort and sacrifice. All this money, much of which has hitherto been hoarded or invested in order counties, will be spent in the United States for supplies of various kinds, and the frugal producer will find the levy more of a protective franchise tax than a burden.

Rastus Hoogan says, between Democrats, Republicans and Socialists, the difference is droll—one wants to save the country, the other runs it in the hole. And for this reason, says Rastus, folks have got to dig, raise dough and tax money, and feed the sow and pig. But the farmer who runs his business like the merchant runs his store, is the one who fears no warriors, and has plenty evermore.—Forevermore.

The Sentinel is making application for the use of the new machine which the electrical wizard, Edison, and others have perfected for the purpose of blowing German submarines out of the sea, and upon its arrival it will be trained on Lufkin and the trigger pulled. The German submarine menace in all its infamy can not equal the insult given to Nacogdoches, a part and parcel of the United States, in the following assault appearing in Saturday's issue of the Lufkin Daily News: "Our Good friend Gibbs, of the Nacogdoches Sentinel, persists in trying to tantalize the News with the letters 'S. F. A. N.', claiming that they mean 'Sociable-Fit-Accessible-Nacogdoches.' To the News they sound more like 'Some Fuss About Nothing.'"

In order that Editor Gibbs of the Nacogdoches Sentinel may not overlook the matter inadvertently, The News will state that the two Lufkin banks carry deposits at this time of \$997,896.67. We should also like to inquire if Nacogdoches has two banks that can beat it. The next time you hear from us, however, this amount may be considerably reduced by the building of another railroad, a battleship factory or something equally as important to keep Lufkin in the forefront as the great center of East Texas activity.—Lufkin News.

Don't squirm so, brother. It should be sufficient to state that the banks of Nacogdoches have on deposit, with the statement just published, \$1,100,279.91. Each bank also has a good block of surplus, earnings, dividends, etc., and the stock in each is 'way above par.'—S. F. A. N.

The Temple Telegram reminds that "some folks bought up food supplies to last during the railroad strikes which proves that we don't know that impending troubles will ever reach us." And it also proves that the spirit of monopoly runs through the whole American family. We denounce the monopoly employed by big enterprises and at the same time get a "corner" on everything we can at home. Funny thing, is human nature.—Nacogdoches Sentinel.

And the truth is that we, being a part of the scheme, are more or less guilty with all the rest. The realization of this fact makes us all the more anxious to preserve our forms of government in which the rights of one person are limited only by infringement on the rights of others. If the big men have a right to corner food supplies so also should we.—Temple Telegram.

It has been a phrase common in America that work of all kinds is dignified. But while it has sounded good from the platform, it has been hard for the man in the ditch or on the farm to take much stock in the dignity of his job. What we call "dirty work" has never attracted many men because of any idea of dignity that they attached to it.

Now we are about to put real dignity into work of all kinds—just so it is useful work. Every bit of useful work helps to bring victory. There is a new inspiration about all work now, no matter of what kind, if it is only useful. Whatever work there is that needs to be done now is work for all humanity. On the face of it, the job may not look that way without some thought about it—but it is that way. Every stroke of real, useful work done now is a part of the great struggle for freedom. If there is inspiration and dignity in this great struggle for human rights—and never was there more in anything—then that dignity attaches in full measure to every effort that contributes, in the smallest measure, to winning that conflict. And whatever helps keep this nation in running order, our machinery of civilization working, helps to win the war.

Today as never before work counts, work is dignified, work is the foundation of things.

Take a new look at your job, workers of America. Take a look—and think about this new importance, this new dignity, this new inspiration that is yours as you do your share to make America clean and strong.—Shreveport Times.

This is the time for Americans to correct her unpardonable fault of wastefulness.—Woodrow Wilson.

## KEEP BUSINESS GOING FOR OUR COUNTRY'S SAKE

(By John Wanamaker)  
Our country prosperous can pay our war costs, as they come, and have enough left over to aid our Allies.

Our country unprosperous, with business halting, money hoarded through fear or false economy, will be hard pressed to keep food on the table and clothing on the back.

"Keep Business Going," is a patriotic slogan. Keep your money in circulation. Keep employment for everybody. Keep wages good. Keep on making money that we may have money to spend for war sacrifices.

The worst thing that could happen to the world these days would be a business depression in our United States.

War in itself does not cause business depression. The billions of dollars of money to be expended in war preparations will be put into circulation in our own country, and this in itself will create new wealth for use in the world-struggle for humanity.

The one thing that might halt business now is an unpatriotic psychological feeling of panic and a false idea of patriotic economy.

Patriotic Economy. Patriotic economy means the elimination of waste and extravagance. It means the conservation of our food products, our natural wealth, our health, our energies, our labor, our very lives. It means putting more efficiency in everything we do so that each unit of money, energy and intelligence may accomplish the utmost.

Patriotic economy does not mean the lowering of America's standard of living, which would make us less efficient physically and mentally, nationally and individually, and would kill the spirit and the will to do the truly self-sacrificing things to be done.

Cities and communities must go on with their civic improvement. Road building and public works must proceed. Railroads must renew their equipment. Factories must be kept going to their full capacity. Labor must be employed. Homes must be kept up. Merchandise must be produced, distributed and used.

War duties and war expenditures must be in addition to peace duties and peace expenditures. The more we do the more we can do. The more money we spend the more we will have in our pockets to spend. Money creates money.

In a word: The natural sane life of the country must proceed as though we were not at war, in order that we may have the necessary prosperity to promote the war to a quick and successful conclusion.

President Wilson sounds the keynote in this sentence: "It is evident to every thinking man—that our industries, on the farm, in the shipyards, in the mines, in the factories, must be made more prolific and more efficient."

Our industries can be made more prolific only if the people buy and use the merchandise produced by our industries. Manufacturing slackens when business slackens. Manufacturing grows in a prolific way when business grows. And business can grow and remain healthful only when the people buy and keep money in circulation.

Business is going—strong. Business is going—in the East, the West, the North, the South. The country is prosperous. Last month's increase in business was very large. Banks may wait in their operations until the government bonds are assimilated. People may pause temporarily in their outfitting to arrange to meet the new conditions. But the unloading of billions of dollars will unloose a flow of prosperity absolutely necessary to sustain the world's burden.

Governments set the pace in their expenditures. Individuals must not lag behind. Seven billions of dollars to pay is only \$70 per capita in the United States. Yet seven billions of dollars put into work at 6 per cent.—a fair estimate of the producing power of money—will create 420 millions of new wealth.

The income tax we pay will not be a tax on prosperity, but a tax to spur prosperity. Every dollar the individual pays out will come back to him with interest in the general prosperity of the people.

Keep business going—for our country's sake. War cannot be waged and won without the sinews of the war.

NEW YORK, May 10.—Herbert C. Hoover, who recently came from Europe to advise the government on food conditions in Europe says that without control we may see flour at \$20 a barrel before the year is over but that with control "the present price of flour can be reduced 40 to 50 per cent and at the same time the producer be treated in a liberal manner."

## THE WAR WILL CEMENT NORTH AND SOUTH AMERICA

"The people of Brazil realize that America's aim is to uphold the rights of humanity and for that reason the government has favored President Wilson's policy in regard to the war."

"The logical country with which the United States has to deal is South America. Europe is handicapped and without thought of disparagement the Far East does not afford the opportunity in trade that is offered by the sister republics."

"There is an abundance of trade in South America. Brazil supplies three-fourths of the world's demand for coffee and two-thirds of that comes to the United States."

"English exports to South America have, of course, been greatly hampered since the beginning of the war, and exports to other countries have ceased."

"The Brazilians are in no manner alarmed about the Germans in Brazil."

"The war will serve to cement the existing friendships between the United States and the South American countries."

"In upholding international rights and the honor of our respective countries, we are strong for the United States. All Americans residing in my country are loyal to their friendships with us."

"Equal suffrage is doing much for humanity. I expect soon to write a book on woman's rights."

Views of Noted Investigator. These are some of the views of Dr. d Sampaio-Ferraz of Rio de Janeiro, superintendent of the Brazilian Lloyd Steamship Lines, one of the editors of the Journal of Commerce, the leading commercial paper of South America, and one of the ablest trade experts of the republic to the South, who is in Houston to spend a week, in connection with a tour of this country for the purpose of making a study of trade relations between the two countries and to gather information on the production and marketing of cotton.

## UNSANITARY CONDITION OF THE COURT HOUSE

The old adage, "What is Everybody's Business is Nobody's Business" was never more in evidence than in our New Courthouse.

This building was completed less than five years since, at which time we were pleased with its general appearance, but to soon be disappointed with the acoustics of the building, and the faulty construction of the floors. These defects stand against the contractor and possibly the building committee, but what about the upkeep? A janitor was employed at a salary seemingly inadequate to enable him to keep the building decent. The attention of the public is called to the condition of the floors, steps, corners, walls! If fifty dollars a month is not sufficient pay for a janitor, why not pay him enough to enable him to devote his whole time and energy to keeping it in decent and sanitary condition?

Some officer is surely responsible for the reeking filth of this building and its decent upkeep. If there is no one person responsible for these conditions, we believe that the good citizenship of Nacogdoches will agree with us in the opinion that the commissioners court should take the matter in hand and for the sake of decency make it the business of SOME ONE, or require each officer, under penalty, to keep his quarters clean and inviting.

It is alleged that the County Judge has full control of this building; if this be true, we as citizens look to him for relief. If not true, why should not this duty devolve upon the sheriff or some other executive officer? The commissioners court is the law maker, and we believe it will apply the remedy.

The ladies and young people visiting the library, are at least entitled to more presentable conditions and we believe the civic pride of the community is sufficient to demand sanitary conditions in the courthouse. "Cleanliness is next to Godliness" is the motto that should be adopted.

We are going after the Stephen F. Austin Normal, and a public building in the condition that the courthouse presents, will argue with the locating committee that we are not worthy of our claims.

A CITIZEN.

A business college would prove a profitable and most attractive institution for Nacogdoches. Almost every ambitious boy and girl wants a knowledge of business, while some want to specialize in shorthand and stenography, and if we had an institution right at home which would teach those branches, the number taking them would be greatly increased. An institution of this kind could be organized in connection with school or as a separate enterprise, and in either event would fill a place for which there is a demand offering profitable returns to the promoter.

## A TRAGIC ANNIVERSARY.

Under the caption of "A Tragic Anniversary," the Houston Chronicle yesterday carries the following editorial which should be read and studied by every citizen who has opportunity for the reason that it best expresses the reasons why the United States is at war with Germany, and our feeling toward the German people:

"Two years ago, on the seventh day of May, 1915, the Lusitania went down."

"The shock produced throughout the civilized world, but particularly in this country, was heart-breaking."

"The murder of more than a thousand non-combatants, among them many women and children, was bad enough, but the defiance of international law which that murder was involved was worse."

"The torpedo that sent the Lusitania to the bottom, however, was no more than a natural sequence to the bombing of Liege and the destruction of Louvain."

"Ruthlessness in Belgium estranged Great Britain, and ruthlessness on the sea has estranged the United States."

"But ruthlessness everywhere is part and parcel of the German policy, as expressed in Prussian militarism."

"The anger of an amazed world is only a true echo of the cold-blooded cruelty which provoked it into action."

"Germany is getting what Germany tried to give, and the day will surely dawn when Germany will know all the bitterness, distress and humiliation which Belgium has suffered."

"God knows, we would like to see the German people spared the awful disaster that is preparing for them."

"They are a good people, a kindly people, an efficient people, but they have been wonderfully misled."

"They have done things for a king which they would never have done for and by themselves."

"They have made sacrifices for the children of royalty which they never would have made for their own."

"They have inflicted injuries on other peoples in the name of a monarch which they would have discountenanced on their own account."

"They have subscribed a philosophy conceived and devised for the glorification of a throne."

"And now the mad dreams of the palace are about to fructify in the desolation of the cottage, and the masses must work and weep because of what an ambitious line of emperors hoped."

"The warm-hearted, good-natured people of Germany, who have suffered themselves to be jostled off the sidewalks by a military machine for the past quarter of a century, are about to be crushed by the juggernaut which a more alert world has constructed to destroy that machine."

"This war was ushered in with a fearful tragedy, and it will end with one, and as usual the innocent will suffer for the sins of the guilty, simply because they were too innocent to foresee."

"When the allies come to Berlin the German people will know how useless it is to give blind and unstinted service to an ambitious prince, even as the French knew in 1815."

"With such dreadful experiences do all races of men learn how to live rightly, and with such scorching fires does Providence purge the follies of humanity."

## BE READY.

By Sherwood S. Davis.

O youths, sons of America,  
Old Glory is sinking today;  
Far out among the white rollers  
Old Glory is passing away!

Sinking at the Kaiser's command,  
Sinking at the cost of our right;  
Men, we have been patient and true,  
We must be true still—we must fight!

Our flag has been thrown down in shame,  
Shall it lie there or be picked up?  
Are we content to see it there,  
Fearing to taste the bitter cup?

Wilt thou be a worthless coward?  
The body of a dead hero  
Is preferred to a host of these;  
Make ready now to meet the foe.

Five score and five long years ago  
Our fathers bravely set the pace;  
Come, let us keep our self respect,  
Each one arise and take his place!

Is your mother so kind and pure,  
Sweetheart so fair or home so dear,  
That you, a slave, can live with them  
Falling the rattling chains to hear?

If there should come a call for help,  
Be not the last to join the fight;  
May we keep our religion pure,  
Secure our home, protect our right!

Of course, it would be nice if everybody could have something to say about running the war—but then there wouldn't be any war.—Shreveport Times.

## NACOGDOCHES TRADITIONS.

Nacogdoches being the true, original Texas, that is to say the place of origin of the word Texas, as well as the land or country so named and also the central location of the beginning of a regulated form of civil government, has ever been a leader in all the early-day revolutions and evolutions of progress in the strides of liberty and law.

The very first declaration of independence of Texas was made under the leadership of Haden Edwards against the tyranny of Santa Anna. The people here were not ready for this. They had not awakened to the situation, and therefore Edwards was not supported, and the Mexican government, by the aid of blinded white settlers, drove Edwards and his followers out of Texas and suppressed the proposed republic of Fredonia. This was called the Fredonia rebellion and occurred in 1827. Edwards returned to Nacogdoches later, but his colony here had been given to Zavala, Burleson and others. But the seed of liberty had been sown and five years later again burst forth.

In 1832 there occurred here the Cordova rebellion. This was the hot bed of liberty because of so many American settlers of the true American type and great mental calibre, which was regarded with jealousy by the Mexican government, and the settling of these immigrants was even resisted. Turbulence existed in one way and another, almost without interruption, until the Texan victory of independence on the San Jacinto battlefield, April 21, 1836.

Nacogdoches was the focus of American immigration, and naturally the fountain-head of influence. There was an abundance of brawn and brain and of bravery and patriotism. Adventurous leaders of men, and active makers of progress were the order of the day. On many occasions Nacogdoches sent leaders into conflicts of importance. They sent men to Nacoranagua in a revolution that failed. Nacogdoches sent a company led by Major James R. Arnold to the Mexican war which ended in 1848. She sent a company to the Spanish war in 1898 under Capt. J. W. Ireton. She sent soldiers to the Philippine Islands. But the Confederate or civil war, otherwise called the civil war—between the states, was the greatest test of patriotism. It swept the land like a tornado, taking in every man, woman and child who could help in any way. Very few shirked or lagged, and it was not popular to do so. The firing line was regarded as the place of honor. The best blood of the land went first. Early in 1861 enlistments began; volunteers went first. In this and other towns the leading families gave up all their sons and many husbands. There were no exceptions and no exemptions. Rich and poor, married and single, all went. Some of the first from this county went in Aycock's Company, Cherokee county, to Arizona, Irion and Milam Taylor, Bill and June Harris, three Shanks brothers, Billy King, Bill Hyde and Henry Hubert. Later Frank and Amory Starr, Henry and Charley Raguet, Tom Ochiltree and his father and brother Bill; Henry and Jim Curl, Lawrence and William Taylor, Giles Crain, Joe and Billy Mayfield, Frank Ingraham, John Davidson, two Fall brothers, Fritz and Tille Hoya, three Voigts, and others too numerous to mention here, but none the less important.

Young men at home here were surely scarce in the years of 1862-3-4 and until May 1865. There was a saying that "the war begun in '61 and closed in '65." Those were distressful times in the South. The men were gone and crops were not attended to. Provisions were severely scarce. Guns and horses and cattle were all gone. In the way of making a living there was nothing doing, and people were shut out from source of supply. Victuals and clothes were hard to get. Sugar and coffee were not to be had. It was like a four-year famine. But the good women and old men left in grief and destitution at home battled in their sorrows at lost loved ones, battled for life and liberty. It would take volumes to recite these experiences and strifes. Cotton cards, spinning wheels and looms took the place of pianos. How the people at home suffered for ordinary personal comforts, and were pinched with want and hunger, and oppressed and distressed by griefs and deprivations beyond the reach of words. And when the war did end at last, the distress did not end at once. But in spite of the downfall of the South and the losses of dear ones, and home comfort, the people were glad in heart that the end had come. And they got busy and grew out of their troubles. These are now mere memories of a half century ago.

J. E. M.

A good conscience expects to be treated with perfect confidence.—Hugo.

**Don't Cough Until Weak**

**Foley's Honey and Tar HELPS COUGHS QUICKLY**

Foley's Honey and Tar takes right hold of an obstinate cough and gives quick relief.

It puts a healing coating on the inflamed membranes that line the throat and air passages. It stops the tickling, loosens and raises phlegm easily. It is just splendid for bronchial and grippe coughs, and tight, wheezy breathing.

Mrs. W. S. Bailey, Lancaster, Ky., coughed almost continuously day and night, until she took Foley's Honey and Tar. After taking half a bottle, her cough began to slow up, and seven bottles entirely cured her cough.

**Stripling, Haselwood & Co.**

**OREGON IS OUT; ILL HEALTH CAUSE**

MEXICO CITY, May 9.—General Obregon's resignation as secretary of war was accepted by President Carranza last night. The request made by General Obregon that he be placed on the retired list was answered by the statement that this is a matter in which the senate will have to take action.

General Obregon's resignation was caused by ill health from which he has suffered for months. It is probable he will go to his home in Sonora and then to the United States and possibly on to Spain for an operation on his arm, the part amputation of which was necessary after the battle of Selaya.

**Road to Happiness.**

Be amiable, cheerful and good natured and you are much more likely to be happy. You will find this difficult, if not impossible, however, when you are constantly troubled with constipation. Take Chamberlain's Tablets not only move the bowels, but improve the appetite and strengthen digestion.

**IN TWO DAYS FLOUR ADVANCED \$1 A BARREL**

CHICAGO, May 10.—Flour continued its upward course Wednesday and prices quoted here Thursday are \$16.69 for family brands and \$16 for bakers, an increase in prices for the last two days of \$1 a barrel.

**Don't Let Your Cough Hang On.**

A cough that racks and weakens is dangerous, it undermines your health and thrives on neglect. Relieve it at once with Dr. King's New Discovery. This soothing balsam remedy heals the throat, loosens the phlegm, its antiseptic properties kill the germ and the cold is quickly broken up. Children and grown-ups alike find Dr. King's New Discovery pleasant to take as well as effective. Have a bottle handy in your medicine chest for grippe, croup and all bronchial affections. At druggists, 50c. dw

**VENERABLE VETERANS.**

There are several old Confederate veterans in this county who are often spoken of with the most tender feeling by their acquaintances, and who are deserving of every mark of respect. Here are some of their names: W. A. Skillern, aged nearly 85; Wesley Skeeters, Jas. H. Halton, H. B. Power, E. M. Weatherly, John W. Murph, I. B. Reid, and Sam Reid, all octogenarians. The last one named is probably the oldest of all. He is usually spoken of as "Uncle Sam Reid," and he is possibly the earliest living resident in this town. He lived in this town in 1836. Uncle Billy Skillern was in the county in 1832.

Every one of these old soldiers would stand by the "flag of the stars and bars." "Uncle Sam Reid has hoisted the flag in front of his home of many years, out in the Shady Grove neighborhood.

**Proper Food for Weak Stomachs.**

The proper food for one man may be all wrong for another. Every one should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep bowels regular. When they become constipated or when they feel dull and stupid after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.

**RESTRICTS POWER OF COUNTY JUDGES**

AUSTIN, Texas, May 14.—County judges in Texas will no longer, after June 20, next, have the authority to participate in the appointment of county auditors, according to an opinion rendered today by the attorney general's department for Representative Dan S. McMillin of Grayson County.

This ruling was made in construing an act passed at the regular session of the Thirty-Fifth Legislature.

**LEGISLATURE DISPOSES SEVERAL MATTERS**

AUSTIN, Texas, May 14.—The house today by a vote of 40 to 64 refused to take up the full crew bill, thereby killing the measure. The house also killed, by postponing indefinitely, the bill for the relief of Chambers County, by donating the state taxes for a period of 10 years.

There was passed finally the bill granting a half interest in two acres of land to the Odd Fellows of Texas, on which to bore jointly with the State Orphans' Home at Corsicana a well for supplying water to the Odd Fellows Widows and Orphans Home and the State Orphans Home.

There was also passed finally the bill providing that county attorneys in counties of 100,000 population or over where there is no district attorney shall receive the fees of office not to exceed \$6000 annually.

The house miscellaneous appropriation bill was taken up for consideration. An amendment by Payton, to refund taxes to certain citizens and for other minor deficiencies amounting to \$596 was adopted. An item appropriated \$3000 to be used with \$2000 donated by the Daughters of the American Revolution for placing markers on the Kings Highway was defeated, the item being indefinitely postponed.

The governor sent up a special message in which he urged the passage of a bill transferring the buildings of the present old blind institute to the University of Texas to be used for dormitories.

**Educational Budget Losses.**

The senate passed finally today its educational appropriation bill, after the adoption of several amendments. An amendment was adopted increasing from \$50,000 to \$100,000 an appropriation for the construction of an agricultural building at the John Tarleton College at Stephenville; an amendment by Senator Hudspeth was also adopted permitting the state normals to charge a matriculation fee of not exceeding \$15, also that all buildings hereafter erected shall be fireproof.

Senator Page offered an amendment reducing the salary of the president of the College of Industrial Arts from \$5500 to \$4000, this being defeated by a vote of 19 to 8, as also was an amendment by Senator Floyd to cut out of the bill \$125,000 for a dormitory at the College of Industrial Arts.

The educational bill carries a total of about \$5,500,000 for the next two fiscal years.

The senate departmental bill was taken up for consideration. Senator Lattimore had adopted an amendment authorizing the inspection of amounts in the comptroller's department at the request of any citizen of the state.

**Best Remedy for Whooping Cough.**

"Last winter when my little boy had the whooping cough I gave him Chamberlain's Cough Remedy," writes Mrs. J. B. Roberts, East St. Louis, Ill. "It kept his cough loose and relieved him of those dreadful coughing spells. It is the only cough medicine I keep in the house because I have the most confidence in it." This remedy is also good for colds and croup.

**TEMPLE BANKER HELD TO ANSWER CHARGE AT WACO**

WACO, Texas, May 13.—Charged by indictment returned by a McLennan County grand jury with swindling H. C. Poe, who succeeded Governor J. E. Ferguson as president of the Temple State Bank, was arrested tonight at Temple by City Marshal Wiley Fisher of that place. Mr. Poe was brought here this morning.

Fisher said that Poe, when taken in custody, asked on what ground he was detained, and he was told by Marshal Fisher that Sheriff Fleming of Waco had a warrant for his (Poe's) arrest.

The indictment which led to Poe's arrest results from a loan of \$5000, secured by Poe from a Waco bank some time ago. Poe deposited as collateral in the bank here 50 shares of stock in the City National Bank of Eastland, which was returned to him, when he gave a check on the same bank at Eastland for \$5030 to cover the loan.

The Waco bank sent the check to Eastland, and word was received that Poe had some money on deposit in that bank, but not near enough to cover the check, and that he had not arranged with the Eastland bank to protect the check.

An investigation was made by the McLennan County grand jury, the indictment against Poe having been returned Friday afternoon.

**Get Rid of Your Rheumatism.**

Now is the time to get rid of your rheumatism. You will find Chamberlain's Liniment a great help. The relief which it affords is alone worth many times its cost.

**ANURIC! The Newest Discovery in Chemistry.**

This is a recent discovery of Doctor Pierce, who is head of the Invalids' Hotel and Surgical Institute at Buffalo, N. Y. Experiments at Dr. Pierce's Hospital for several years proved that there is no other eliminator of uric acid that can be compared to it. For those easily recognized symptoms of inflammation—the backache, scalding urination and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, it's simply wonderful how surely "Anuric" acts. The best of results are always obtained in cases of acute rheumatism in the joints, in gravel and gout, and invariably the pains and stiffness which so frequently and persistently accompany the disease rapidly disappear.

Go to your nearest drug store and simply ask for a 50-cent package of "Anuric," which is 27 times more potent than Lithia to eradicate uric acid, or even write Dr. Pierce for a large trial package (10c).

**APPLEBY LOCALS**

Misses Mary Weatherly and Ada Belle Thacker of Garrison were visitors here last week.

Mrs. A. Hunt of Nacogdoches was the guest of Mrs. Jno. Weatherly Sunday.

Miss Bertha Gibson of "Happyland" community, was a visitor in the home of Mrs. J. W. Strode Saturday and Sunday.

Mr. and Mrs. R. W. Tillery and son, Robert, and Misses Grace Skaeeters and Mamie Hill motored to Nacogdoches Sunday to visit friends.

Mr. and Mrs. John Hunt and children of Lufkin were guests of relatives and friends here the past week. They returned to their home Monday.

Mrs. Grover Garrison and little daughter, Emma Lou, have returned to their home in New Willard, after a week's visit with her parents Dr. and Mrs. Harrison.

Mrs. Pearl Newton was a visitor of Garrison Monday.

Misses Mamie Hill and Kate Hodges were in Nacogdoches shopping Saturday.

Mrs. Bob Gill and daughter Ruth are visiting her parents here, Mr. and Mrs. W. W. Mangham.

A crowd of young ladies spent a pleasant afternoon Sunday with Misses Jewel and Ethel Crow, listening to Victrola music.

Mr. W. T. Kenna left for his home in Shelbyville Sunday.

The young ladies needle work club met with Miss Joanna Barr on Wednesday afternoon, all the members being present.

Mr. and Mrs. Mark Stroud and little daughter, Golda, were visitors here Sunday.

Mrs. Tatum of Tenaha is the guest of her daughter, Mrs. Frank McNeil.

**Lazy Liver is Spring Fever.**

Same old symptoms—coated tongue, bad breath, headache, dizziness, Brighten up! Don't let a sluggish liver dull your brain. Po-Do-Lax, Nature's liver regulator made from the may apple makes work easier for your liver. It stimulates the flow of bile and by its mildly laxative quality, removes the impurities that clog your intestines. Clear up that muddy complexion, chase out that tired feeling with Po-Do-Lax. Get a bottle today at your druggist, 50c. dw

**A NICE TREAT**

The Sentinel editor is very grateful to Mr. W. D. Burrows for a nice contribution of spring turnips and lettuce.

Mr. Burrows is one of the faithful and efficient rural mail carriers, and the exhibit left at this office is proof that he is a good gardener as well.

**MAIL BLANKS FOR REGISTRATION**

WASHINGTON, May 13.—Nine million registration blanks for card-indexing every man in the country between the ages of 21 and 31 available for military service were put in the mails yesterday by the war department.

They went to the sheriffs and mayors of every city, town and hamlet in the country and will be handed out by the appointed registrars to be filled in on registration day, which will be named by the president as soon as congress finally passes the conscription bill.

**DEAFNESS CANNOT BE CURED.**

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

**F. J. CHENEY & CO., Toledo Ohio.**  
Sold by Druggists, 75c.  
Take Hall's Family Pills for constipation.

**RECRUITING OFFICERS COMING TO NACOGDOCHES**

The Sentinel is in receipt of a letter from the Navy Department stating that recruiting officers will visit Texas for the purpose of enlisting young men for service in the navy, and by a perusal of the table it is noted that the recruiting officers will arrive in Nacogdoches over the H. E. & W. T. on the afternoon of May 19th and remain until the 21st. Another will be here June 2nd and remain until June 4th.

Any man wishing to be examined will apply at the office of the advance agent, who will be here on the dates named, and make out an application, when he will be given the preliminary examination. If he passes this physical examination he will be given a ticket to Houston and told to report to the Navy Recruiting Station at that place for the final physical examination. Upon completion of this final physical examination, if the applicant passes, he will be enlisted and sent to the Training Station, Great Lakes, Illinois; if he fails to pass, he will be given a ticket good for return trip to the town from which he was sent.

It will thus be seen that everything has been arranged for the convenience and welfare of the applicant, and that the Government stands all expenses.

Pay for service in the navy ranges from \$17.50 to \$100 per month, with all expenses, and terms of enlistment are from three years up. Members are given a furlough of thirty days each year, and in case of being overtaken with sickness or any disability, which incapacitates them, they are sent home on a pension. There are many other features in this branch of the service which the recruiting officer will be glad to explain when he comes.

**Muscle Soreness Relieved.**

Unusual work, bending and lifting or strenuous exercise is a strain on the muscles, they become sore and stiff, you are crippled and in pain. Sloan's Liniment brings you quick relief, easy to apply, it penetrates without rubbing and drives out the soreness. A clear liquid, cleaner than musky plasters or ointments, it does not stain the skin or clog the pores. Always have a bottle handy for the pain aches of rheumatism, gout, lumbago, grippe, bruises, stiffness, backache and all external pain. At your druggist, 25c. dw

**A DISTINGUISHED VISITOR.**

Nacogdoches has had with her the past day or two a very distinguished visitor in the person of Col. R. T. Milner of Henderson, who is here in the capacity of land inspector for the Federal Farm Loan Bank, inspecting lands on which applications have been made for a loan.

Col. Milner has long been prominent in the political and economic affairs of the state and has been one of the distinguished men of this section who has helped put East Texas on the map. He was editor of the Henderson Times for many years, with which medium he extolled the virtues of this good old country, and he has represented this section in many important positions, chief among which he was president of the A. & M. College for a number of years. He has never craved political preferment in any capacity, and was not an applicant for the position he is now filling, his splendid record of service always commending him to the more responsible positions in which faithful, efficient, patriotic service is required.

Col. Milner has many friends among the older settlers in this city, who are pleased with the opportunity to see him again, and who will be glad to learn that he will be in the community several days.

**For Your Child's Cough.**

Here's a pleasant cough cyrup that every child likes to take, Dr. Bell's Pine-Tar-Honey. If your child has a deep hacking cough that worries you give him Dr. Bell's Pine-Tar-Honey, the soothing pine balsams relieve the cough, loosen the phlegm and heal the irritated tissues. Get a bottle today at your druggist and start treatment at once. 25c. dw

**SHEPPARD ASKS FOR A LARGER CAMP**

WASHINGTON, May 9.—Enlargement of the officers' training camp at Leon Springs so that it will accommodate more than 2500 men was recommended to Secretary of War Baker today by Senator Sheppard.

Since the war department decided that a large number of young men scheduled for admission to the training camps throughout the country could not be admitted, Senator Sheppard has received scores of telegrams from young Texans asking efforts to be made to have the war department ruling either revoked or amended. Many of these men had quit their jobs and were ready to begin actual training and as a result are suffering hardships.

**ESPIONAGE MEASURE PASSES THE SENATE**

WASHINGTON, May 14.—After nearly three weeks of debate, ranging over innumerable problems of the war, the senate, by a vote of 77 to 6, tonight passed the administration espionage bill, pronounced one of the most drastic and all-inclusive measures in American congressional history.

A similar bill has passed the house, and virtual redrafting of many of the most important provisions is expected in the forthcoming conference. During today's final consideration, the senate stripped the measure entirely of provisions for newspaper censorship and restriction upon manufacture of grain in intoxicating liquors, and rejected an amendment designed to curb speculation in food products, although sentiment was obviously overwhelming in favor of such legislation later.

**Principal Persons.**

As contemplated the senate bill's principal sections provide: "Authority for the president to embargo exports when he finds that the public safety and welfare so require." (Not in the house measure.) "Authority for the post department to censor mails and exclude mail matter seditious, anarchistic or treasonable and make its violation punishable under heavy penalties." (Not in house bill.) "For punishment of espionage defined in most detailed terms, including wrongful use of military information."

"For the control of merchant vessels in American waters." "Punishment for the conveyance of false reports to interfere with military operations, wilful attempts to create disaffection in the military naval forces or obstruction of recruiting."

**Seizure of Munitions**

"For the seizure of arms and munitions and prohibition of their exportation under certain conditions."

"For penalizing conspiracies designed to harm American foreign relations or for destruction of property within the United States."

"For increased restrictions upon issuance of passports with penalties for their forgery or false procurement; and for material extension of the power to issue search warrants for inspection of premises."

The clause giving the president power to embargo exports was retained in the bill virtually as drafted by administration officials. It was modified once, but the unqualified provision was restored after its necessity had been explained last week in a day's session behind closed doors.

**TEXANS OPPOSE ROOSEVELT IDEA IN HOUSE BALLOT**

WASHINGTON, May 13.—Four Texans joined with a majority of the house of representatives yesterday afternoon demand that authority be given to send Colonel Roosevelt and his division to France. They were Representatives Buchanan, Blanton, McLemore and Jones.

Thirteen Texas representatives, Slayden, Garner, Young, Garrett, Black, Gregg, Dies, Sumners, Wilson, Hardy, Connally, Rayburn and Mansfield voted against the colonel. Representative Eagle was absent.

Several of the Texans who voted against sending the colonel to France really favored granting him the permission but agreed with administration leaders and the war department that the conscription system should be consistently followed.

Representative Blanton in a short speech, declared that if Colonel Roosevelt is given permission to take his division to France "He will get 5000 Texans to go with him in 48 hours." He insisted that Roosevelt is the only person who is "ready, anxious and clamoring to go to France." He recalled that when Colonel Roosevelt passed through his home town of Abilene, several years ago 10,000 persons were at the station to greet him and to insist that his train stop there.

**COUNTY ATTORNEY WAS BITTEN BY MAD DOG**

A dispatch from Center to the Houston Post, dated May 13th, says: "T. O. Davis, county attorney of Shepherd county, was bitten Saturday morning by a mad dog on the streets of Center. Mr. Davis left immediately for Austin. Rev. M. L. Anthony, pastor of the Christian Church, was attacked by the dog, but not bitten. Mr. Davis was bitten in going to the rescue of Rev. Anthony. The dog also bit Mrs. Padoa's cow and Dr. Carroll's dog."

Mr. Davis is a brother of our townsman, Prof. R. F. Davis. Prof. Davis is in receipt of a letter from his mother reporting the event, and the further disturbance to her mind in the fact that two of her sons have volunteered for service in the army, another will do so in the next day or two, and her husband, the father of the boys, is away at Galveston where he went for a surgical operation.

**WHEN YOU ARE CONSTIPATED**

Don't paralyze the bowels with a harsh, drastic cathartic that gripes and binds you up tighter after its effect is gone. Take

**PRICKLY ASH BITTERS**

It does the work just as thoroughly as the strong cathartics. Yet it acts mildly and naturally, and what is still better, it leaves the bowels in a healthy state promoting regularity in the bowel movements.

**Stripling, Haselwood & Co., Special Agents**

**THE WAR TAX BILL IS PRESENTED IN HOUSE**

Will Cost of the People of the United States \$33 per Capita, and Will Reach Every Avenue.

WASHINGTON, May 9.—The war tax bill, extending its excise to the fabric of every American home, was formally presented to the house today by the ways and means committee, with plans for quick passage. As a forecast of what may come later, it proposes special taxes to raise \$1,800,000,000, in addition to the present normal annual revenue of \$1,500,000,000. When its terms are effective, the American people will be paying direct taxes of \$33 per capita. The people of the British Isles, half as many, now pay a per capita tax of \$60.

While the principal features of the war levy are the increases in income and profit taxes, increases in income and customs duties reach the innermost structure of every home and make up a list of taxes probably the most formidable ever paid by the American people. Light, heat and telephone bills, admission tickets to amusements; fire and life insurance, railway tickets, automobiles, automobile tires and tubes, soft drinks, postage rates, golf clubs and baseball bats, club dues, and a host of every day necessities or luxuries come under the taxation.

Increased postage rates on newspapers, arranged in a zone system, are such that publishers say will force many newspapers out of business.

**SAPP BROTHERS TRIAL TO BE HELD**

Waxachie, Texas, May 9.—The cases against Lou and E. E. Sapp, brought here on a change of venue, will be tried some time in June; it was announced today.

Pending trial of the now famous cases, Sheriff Dearborn has taken the Sapps to Kountze, where an application has been made for a habeas corpus hearing and to determine the amount of bail necessary.

The killing which brought the Sapps into court occurred in Hardin County. A change of venue took the cases to Angelina County and a second change of venue to this county.

**Through habeas corpus proceedings E. E. Sapp and Louis Sapp, charged with the murder of Mrs. E. E. Sapp, Richard Watts and Frank Harvart, are today making a strenuous effort to secure their liberty on bond. The hearing is being conducted in the District Court at Liberty.**

**450 YOUNG TEXANS TO BE ADMITTED TO CAMP**

WASHINGTON, May 1.—Senator Sheppard was advised Friday that the 450 young Texans who had been temporarily barred from admittance to the officers reserve corps training camp at Leon Springs will be admitted, and that provision has been made to care for them at the camp.

**Miss Leila V. Davis, who has been teaching in the school at Tatum, is home for the vacation. The people were so pleased with her work that she has been elected to a position for the next term and will return to Tatum in the fall.**

# The Sentinel

HALTOM & GIBBS.....Proprietors  
G. M. HALTOM.....Manager  
O. M. GIBBS.....Editor

The Timpson Times announces that the half of a five dollar bill has been found and left at the office for the owner who can have it by producing the other half and paying for the ad. If the owner fails to show, we assume the contemporary will "keep the change."

A dispatch from Washington announces that the unrestrained wrath of the senate poured down upon the gamblers and speculators in food-stuff yesterday in one of the most remarkable scenes in the history of the chamber. "Pirates" and "robbers" were terms frequently applied to those who profit by speculation in food in the hour of the nation's need. The likelihood of food speculators being hanged to lamp posts was hinted at.

The Lufkin News hides behind the standpipe and sends this message: "Noted Nacogdoches' is mighty good—very appropriate, perhaps we should say. The old town is noted for her once famous Old Stone Fort, and she is now noted for some other things, chief among which is the claim of The Sentinel—that it is the best town between Timpson and Lufkin on the H. E. & W. T. railroad. Now will you stand hitched?" The Edison invention is on the way, and good aim will be taken at the Lufkin standpipe.

The unselfish manner in which the merchants of Nacogdoches are now exerting themselves to extend any co-operation possible to the farmers in conserving the resources of the farm and finding a market for the surplus, is ushering in the dawn of a new day for both classes. Both must work in harmony if they obtain the best ends of mutual progress; they should and do love and esteem each other for the community of interest, and it is encouraging to note that all are coming to appreciate these happy conditions more and more each day. Come to Nacogdoches county.

Now while the campaign is on to conserve every resource of the country, and increase production in all lines to the fullest capacity, there should be no idlers in the country, and when one is found, be he white or black, he should be put to work. Around every town there can be found many idlers with no visible means of support—"they toil not, neither do they spin." If in the present emergency any fail to get busy, there is a remedy in the vagrancy law which will reach them, and it should be vigorously applied. The cry for labor is nation-wide, and there is no excuse for any man in the enjoyment of health to remain idle for a moment.

## LEGISLATURE WILL FINISH THURSDAY

AUSTIN, Texas, May 15.—There will be no more special session of the Thirty-fifth legislature, that is unless the war crisis necessitates one later along in the year.

Some members appear to be afraid the free conference committees may hopelessly disagree, as there is a difference of about \$3,000,000 in the appropriation bills of the senate and house. Their fears are unnecessary. It was necessary to appoint committees upon only four of these measures, and ere supper time Wednesday their reports probably will be submitted to the two legislative houses.

Speaker Fuller congratulated the house Tuesday afternoon upon the way they had disposed of the pending legislation. Every bill introduced in the house, and there were 97 of them in all, were acted upon.

Tuesday was the last day that the house could consider house bills, and shortly after noon the last one of these measures had been disposed of.

Wednesday the house can consider only senate bills, and there are very few of the upper house measures which haven't been disposed of by the lower house.

The senate hasn't kept pace with the house, but the senators yet have ample time in which to clear their calendar before sine die adjournment. The special session will end at midnight Thursday.

During the day the governor recommended to the legislature a bill amending the warehouse law.

Within an hour or two the bill was passed by both houses, and when enrolled will be sent to the governor for his signature.

The bill as passed was agreed to by all parties concerned, and as stated on both the floor of the house and the senate, was for the purpose to simplify the law and reduce the expense to the farmers and ginners of the State.

## PUBLISHERS PROTEST AT RAISE OF MAIL RATES

WASHINGTON, May 14.—Newspaper publishers were here today to protest to the senate finance committee against the increase in second class mail rates by application of the parcel post zone system proposed by the \$1,800,000,000 war tax bill.

The committee also considered the measure's provisions for stamp and estate and inheritance taxes, to which there were many objections. The house resumed debate on the bill and leaders hoped for its passage early in the week.

A statement prepared by a committee of the American Newspaper Publishers Association, headed by Don C. Seitz of the New York World, said the proposed postal increase was a "cold-blooded proposition to close the mails to newspapers."

The proposed increase, the statement says, "is not a war tax, but an effort to suppress and embarrass the newspaper industry. The rate proposed is an increase of from 100 to 600 per cent, an increase beyond precedent."

Besides Mr. Seitz the committee included Robert Ewing, New Orleans Daily States; C. P. J. Mooney, Memphis Commercial Appeal; James R. Gray, Atlanta Journal, and Frederick L. Thompson, Mobile Register.

## M'ADOO TO MAKE BOOSTING TOUR OF THE WEST FOR LOAN

WASHINGTON, May 13.—Secretary McAdoo will make a tour of the middle west, beginning May 17 at Chicago and going as far west as Denver, in the interests of the Liberty Loan, the formal campaign for subscription for which opened today. He will address representative audiences in some of the chief cities in the middle west on the need of co-operation with the government in making the big issue a success.

Mr. McAdoo will tell his audiences that the United States is not engaged in half a war, but is in a fight to the finish, with autocracy strongly entrenched. He will appeal to their patriotism to do their part in making effective the declaration of the president that America pledges all her resources in the cause of democracy. He will seek to unloose the purse strings of all classes, so that the Liberty Loan will not only be fully subscribed, but tremendously oversubscribed, and that Germany may realize in the words of a statement he issued tonight, that "We have billions to sacrifice in the cause of liberty."

## YEGGS ATTEMPT TO CRACK SAFE

MARSHALL, Texas, May 15.—An attempt was made some time during last night to crack the postoffice safe at Harleton, 15 miles west of Marshall, on the Marshall and East Texas railway. The postoffice is located in the store of W. F. Craver and A. Massey is the postmaster. An entrance was effected by breaking the lock off of the front door with a bar and then forcing the other lock of the door. The postoffice safe had two dynamite caps and two fuses placed at the bottom of the door and a cup made of soap into which nitro-glycerine had been poured at the top of the door. The fuse evidently refused to burn as coal oil had been poured on the fuse which also did not burn. Only a few shirts and some canned goods were missing from the store. The stamp drawer was not touched. A strange white man was seen near the scene this morning, who was said to be tall and dark complected and had a blue shirt on and sack of what was supposed to be canned goods on his shoulder. Sheriff Sanders has gone to the scene to make an investigation and an arrest is possible.

## YES, LIFT A CORN OFF WITHOUT PAIN

Cincinnati Authority Tells How To Dry Up Corn or Callus So It Lifts Off With Fingers

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezezone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all without pain.

A small bottle of freezezone costs very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any freezezone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.

## THE RECRUITING ENGINEER IS COMING TOMORROW

Will Be at City Hall to Receive and Examine Applicants for Positions in the Engineering Service.

As noted in this paper Monday, in which a telegram addressed to Carroll Holt was reproduced containing the information, Capt. McDonald, of the recruiting engineer reserve, will arrive in Nacogdoches tomorrow, and will have headquarters at Carroll Holt's office at the City Hall from 2:30 to 6:00 p. m., for the purpose of receiving applications and examining applicants for service in the engineering reserve, and those who wish to enter this service must appear in person during these hours. Application and needed instructions can be obtained from Mr. Holt, and should be made out before the arrival of the recruiting officer as he will be too busy while here for any preliminary work that can be saved.

Mr. Holt says he has about thirty ready for the examination, and a letter from the department compliments him for securing more recruits than any man in this section. He hopes to get others before recruiting officer arrives, and have everything in readiness for his arrival, hence he will take pleasure in explaining all the details and exhibiting the blanks and data he has to any one interested.

The following information is taken from a letter from the department and Mr. Holt as local chairman of the enrolling committee, will take pleasure in explaining it more fully and supply any other information desired:

"The National Defense Act approved for reserve of enlistment men called the 'Engineer Enlistment Reserve Corps.' With these troops it is proposed to organize reserve Engineer Regiments, composed of men of practical experience in the various mechanical and electrical trades, lines of transportation and communication, constructions, etc."

"Those reserve organizations will be subject, in time of war for such service as may be required. The advantage will be that in time of war the men will be undoubtedly be called for service before other volunteers."

"When called into service in either peace or war, the men receive the pay of their grades, together with subsistence, equipment, uniforms and transportation. After one encampment, the men are entitled to wear a distinctive rosette which other persons are prohibited by law from wearing."

"All skilled workers in any of the manual trades, between the ages of eighteen and forty-five years, who are citizens, or have declared their intention to become citizens, of the United States, are eligible for enlistment, subject to physical, educational and practical examination as prescribed by the regulations for the Enlistment Reserve Corps."

"Men who are specially qualified in one or more of the following occupations are required for each Engineer company: Topographers, surveyors and sketchers; draftsmen, topographical and mechanical; photographers and blue print men, lithographers and zincographers, quarrymen (skilled in explosives); miners; skilled carpenters; bridge carpenters; blacksmiths; plumbers and pipe fitters; electricians; enginemen, steam and gas; firemen; machinists; masons, caulkers; teamsters; saddlers; cooks, assistant cooks; clerks; musicians and signalmen."

"The pay ranges from \$15.00 per month for grade of private to \$75 per month for Master Engineer, while in the service."

## GOVERNOR SIGNS BILL

AUSTIN, Texas, May 14.—Governor Ferguson today signed the bill providing for the increasing of the Texas National Guard and for properly equipping the additional units. The bill carries an appropriation of \$750,000 and becomes effective immediately, having the emergency clause.

The governor also signed the house bill amending the penal code relative to the shipment of certain game; also approved senate concurrent resolutions granting leave of absence to Judge Reese Tatum of the Sixty-Ninth Judicial District and Judge Erwin Clark of the Seventy Fourth Judicial District.

The senate concurrent resolution providing for an American roll of honor by placing the name of volunteers in a case hung in postoffices and federal buildings was also signed.

## GERMAN LOSSES SINCE NEW PUSH ARE HEAVY

With the French Forces in France, May 14.—According to authoritative figures now available the French and British armies between April 9 and May 12 captured 49,679 Germans, including 976 officers, 444 heavy and field cannon, 943 machine guns and 386 trench cannon.

## THIS MAN SAYS HE FLIRTED WITH GRAVE

Fell Off Until He Only Weighed Seventy Pounds—Takes Tanlac and Gains Twenty-One Pounds.

"I'll tell you the truth if I knew this Tanlac was not going to be sold any more I would buy every bottle on that counter over there before I left here tonight," said W. A. Spitzer, at Pattons-Pope's Drug Store, Birmingham, Ala., recently. Mr. Spitzer is a well-known painter employed by the Tennessee Coal, Iron and Railway Company, and resides at 910 South Sixty-Eighth street, Birmingham.

"Before I began taking it I only weighed 135 pounds. Today I got on the scales and tipped them at 156—a gain of 21 pounds—and more than I ever weighed in my life. That's exactly what four bottles of Tanlac did for me. Just look at this belt! I had to let it out four inches, and it is still tight on me."

About seven years ago I commenced having stomach trouble, and it kept getting worse until I began having attacks of acute indigestion. When these attacks came on me I would just swell up like a mule with the colic, and got as limp as a rag. My breath would get short, and my pulse so weak. I was afraid my heart would stop beating. The stomach pump had to be used every time, as this was the only thing that would relieve me. Finally my kidneys went back on me, and I don't believe I was out of pain night or day for four long years, and I actually got so weak I could hardly stand on my feet much less work. I was fading away fast, and got down to where I only weighed seventy pounds. I was almost a walking skeleton, and I tell you I was flirting with my grave, and I guess I would have been in it if it hadn't been for Tanlac. For four years I couldn't hit a lick of work. I guess I was as near dead as any man you ever saw to be alive. But, look at me now; I am strong and as well now as I ever was in my life, and can do as big a day's work as any man."

"Yes, sir, if ever a mortal man has been through the rub I am the man. I have paid out, I guess, not less than \$2,500 in the past six or seven years for doctors' bills and medicines, and have bought enough medicine from drug stores in Birmingham to own an interest in one of them, and I was lucky not to have had an undertaker's bill to wind it all up."

"I have been a painter all my life, and have had painter's colic several times, so guess that had a lot to do with my condition. Anyway, there seemed to be nothing that would straighten me out. Everytime I heard of a new medicine I would get it. I read of Tanlac one day, and that's one time I hit it right. That's what saved me. Why, Tanlac just raised me right out of my grave. I can now eat anything, and actually I eat so much I get ashamed of myself. My landlady said the other day she would have to raise board. I told her, though, she must remember that for four years she made money off me, and that I was only making up for lost time. Why, seven or eight biscuits at a meal don't satisfy me now, but I just quit at that for fear I will overdo matters, but everything tastes so good to me now! And sleep! Why I never would wake up if they didn't come in and shake me. I haven't a pain about me now."

"Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co., and Swift Brothers & Smith, in Garrison by Garrison Drug Co., in Appleby by Weatherly Brothers, in Sacul by Arkan Cranford and in Cushing by A. J. Beck, and in Douglass by Campbell & Watkins."

## BONE DRY LAW EFFECTIVE IN 24 STATES JULY 1

WASHINGTON, D. C., May 15.—Postmaster General Burleson announced today that the territory to which it would be unlawful to mail letters, postal cards or publications containing advertisements under the so-called Redd amendment, embraces at least 24 states in their entirety and portions of two others, while data is incomplete as to four more. The ban is effective July 1, except where otherwise stated. Among the states barred are: Alabama, Arizona, Arkansas, Colorado, Georgia, Iowa, Mississippi, Nebraska, Oklahoma.

In Ohio advertising is excluded in territory or counties where the sale of liquor is prohibited, in cities and towns which have voted dry and in Texas in all political subdivisions which have voted dry.

Mrs. M. W. P'Pool and the two boys have returned from a prolonged visit with her relatives at the old family home near Jackson, Miss. Dr. P'Pool will resume housekeeping.

## PROPOSED AMENDMENT TO THE STATE CONSTITUTION, PROVIDING FOR AND RELATING TO THE CREATION OF CONSERVATION DISTRICTS.

Senate Joint Resolution No. 12. Proposing to amend Article 16 of the Constitution of the State of Texas by adding thereto at the end thereof another section to be known as Section 59 declaring the conservation and pres-

## J. R. DICKERSON

A LEADING CITIZEN, INVENTOR, AND A LIVE WIRE IN SAN AUGUSTINE'S BUSINESS CIRCLES.

One of the men who have written their names large in the business affairs of San Augustine and this section is the gentleman whose name forms the caption for this article, Mr. J. R. Dickerson.

Mr. Dickerson is a mechanical genius, and a man of marked and proven skill and ability, having unusual attainments and various talents along lines of thought and avocational activities.

He is a practical plumber and one that is capable of taking contracts for any sized job in the plumbing line and he has had the honor of installing the work in many of business and residences of our city and the country homes.

Mr. Dickerson is an inventive genius, having in the year 1914 invented and patented the Dickerson Steam Washing Machine, that seems destined to revolutionize the task of wash days at home. This machine has been installed in many of the homes of San Augustine and throughout the county, and wherever used is giving the highest degree of efficiency and satisfaction. A card directed to Mr. Dickerson will elicit full information about the wonderful workings of this latest improved steam washing machine.

He is the authorized agent for the Delco Light System and has on exhibition, and is demonstrating the wonders of this new system, at his office.

The Delco Light System has been on the market for the past three years and is meeting with surprising results, as it is beyond any question the best and most desirable system ever invented and has revolutionized the light question for the country home and outlying homes.

Delco Light furnished electricity for lighting the home and barn. It also furnishes power to operate small machinery. It pumps the water, it does the washing; it operates the cream separator, it churns the butter, it drives the sewing machine and the vacuum cleaner. It brings city conveniences to the farm and takes much of the drudging out of farm life. It has a capacity of 30 to

60 lights, and is so simple a child can operate it.

As agent for the Delco Light Mr. Dickerson is amply prepared to give all the desired information and he has at his office a full equipment and will be pleased to have you call and allow him to explain the manifold advantages of this system over all others.

On or about June 1st Mr. Dickerson will be in Nacogdoches for about ten days with a demonstrative plant.

## Keep Cool

during the hot summer days and nights—you will enjoy better health and do better work

## DELCO-LIGHT

will operate an electric fan, churn, cream separator, or washing machine. It will supply all the lights you require about the farm. Delco-Light is the most simple electric lighting plant made. Any child can operate it. Pays for itself in a short time. Ask to see it work.

## J.R. DICKERSON, Dealer

San Augustine, Tex. Territory: San Augustine, Shelby, Sabine, Nacogdoches and Nacogdoches Counties.

ervation of all the natural resources of the State of Texas are public rights and duties; providing for the creation of conservation districts, declaring such districts bodies politic and corporate, defining the authority of such districts, and conferring upon the Legislature authority to pass laws with reference thereto; declaring that the Legislature shall have authority generally to legislate for the purpose of conserving the natural resources of the State; fixing the time for the election for the adoption or rejection of said proposed constitutional amendment; making certain provisions for said election and the ballots thereof and the methods thereof; directing the issuance of the proclamation thereof, prescribing certain duties of the Governor of the State and making an appropriation to defray the expenses of said election.

Be it resolved by the Legislature of the State of Texas:

Section 1. That article 16 of the Constitution of the State of Texas be amended by adding thereto at the end thereof another section to be known as Section 59, and which shall read as follows:

Section 59a. The conservation and development of all of the natural resources of this State, including the control, storing, preservation and distribution of its storm and flood waters, the waters of its rivers and streams for irrigation, power and all other useful purposes, the reclamation and irrigation of its arid, semiarid and other lands needing irrigation, the reclamation and drainage of its over-flowed lands, the conservation and development of its forest, water and hydro-electric power, the navigation of its inland and coastal waters, and the preservation and conservation of all such natural resources of the State are each and all hereby declared public rights and duties; and the Legislature shall pass all such laws as may be appropriate thereto.

(b) There may be created within the State of Texas, or the State may be divided into, such number of conservation and reclamation districts as may be determined to be essential to the accomplishment of the purposes of this amendment to the constitution, which district shall be governmental agencies and bodies politic and corporate with such powers of government and with the authority to exercise such rights, privileges and functions concerning the subject matter of this amendment as may be conferred by law.

(c) The Legislature shall authorize all such indebtedness as may be necessary to provide all improvements and the maintenance thereof requisite to the achievement for the purpose of this amendment, and all such indebtedness may be evidenced by bonds of such conservation and reclamation districts, to be issued under such regulations as may be prescribed by law and shall also, authorize the levy and collection within such districts of all such taxes, equitably distributed, as may be necessary for the payment of the interest and the creation of a sinking fund for the payment of such bonds; and also for the maintenance of such districts and improvements, and such indebtedness shall be a lien upon the property assessed for

the payment thereof; provided the Legislature shall not authorize the issuance of any bonds or provide for any indebtedness against any reclamation district unless such proposition shall first be submitted to the qualified property-taxpaying voters of such district and the proposition adopted.

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held for such purpose on the Third Tuesday in August, A. D. 1917, the same being the 21st day of August, A. D. 1917; at said election the vote shall be by official ballot which shall have printed or written thereon the words "For the amendment to Article 16 of the constitution of the State of Texas providing for conservation districts, the creation of such districts and their government and regulation," and also the words "Against the amendment to Article 16 of the constitution of the State of Texas providing for conservation districts, the creation of such districts and their government and regulation," and those opposing it shall erase the words "For the amendment to Article 16 of the constitution of the State of Texas providing for conservation districts, the creation of such districts and their government and regulation," which said erasure shall be made by making a mark with pencil or pen through said words. All ballots cast as above provided shall be counted as cast for or against this proposed amendment, and if a majority of the votes cast shall be for the amendment it shall be declared adopted; if a majority of the votes cast shall be against the amendment said amendment shall be lost. All the provisions of the general election laws as amended and in force at the time said election is held shall govern in all respects as to the qualifications of electors, the method of holding such election and in all other respects as far as such election laws can be made applicable.

Section 3. The Governor of this State is hereby directed to issue the necessary proclamation for said election and to have the same published as required by the constitution and laws of this State.

Section 4. The sum of Five Thousand (\$5,000.00) Dollars or so much thereof as may be necessary is hereby appropriated out of any funds in the State Treasury not otherwise appropriated to defray the expenses of such proclamation, publication and election.

C. J. BARTLETT, Secretary of State. (A true copy.)

J. J. Frederick, a real estate man of Garrison, was an arrival to the city yesterday, and is spending a day or two here on some business matters.

**Potter-DePew Company Composed of Real Artists**—Unusual Attraction Promised for Second Day of Chautauqua

Some of the very best music and entertainment of the Chautauqua is promised by the Potter-DePew Concert Trio on the second day. The company is unusual in that its three members are all artists—each equally skilled.

Betty Potter, reader and cellist, has created a special field in the impersonation of boy types and characters. She has played ten years as a concert cellist.

Opal Potter is a Conservatory Graduate in piano and dramatic art, and has appeared before the public professionally for years.

Dewitt DePew is one of the best known violinists in the West. He is above the class known as lyceum violinists, having in his recital work won recognition from the critics and musical journals. Outside the large cities one is seldom privileged to hear so gifted an artist.

Altogether the Potter-DePew Trio give a program that would be hard to surpass. They are to give a full program in the afternoon and a concert prelude at night—Second Day of Chautauqua.

**Notable Vocal and Instrumental Artists on Program**—Hungarian Ladies Quartet for Third Day of Chautauqua

On every Chautauqua program there is a place for a musical organization of a strictly high type.

The Hungarian Quartet is composed of talented ladies who are fitted to give not only a musical program, but an unusually varied and sparkling entertainment. Each of the members has had the advantage of the best training in their art that the world affords and many years of professional concert experience.

Their entertainments consist of Hungarian music, both vocal and instrumental, featuring the Hungarian harp, character sketches in costume, standard musical offerings by some of the best composers, also readings and pianologues.

The Hungarian Ladies' Quartet is to give two concerts on the third day of Chautauqua—afternoon and night.

**Look Who's Going to be Here!**—Chautauqua to Bring the Berkeley Sextet

It would be hard to imagine a more interesting and attractive company than this.

They are the Berkeley Sextet, termed the finest entertainment orchestra now before the public. The costumes worn by the young ladies are very smart, and their programs represent

**Miss Pearl O'Neil, Reader**

Chautauqua patrons are sure to have something quite out of the ordinary when Miss Pearl O'Neil comes to the Chautauqua on the fourth day.

Miss O'Neil is the noted Canadian reader and entertainer who is making a tour of the Chautauquas this summer. She is a most attractive little woman with a big individuality. Her face is comely and expressive. Her voice is rich and musical, and she has great dramatic power.

As a mimic, and in her mastery of dialect, Miss O'Neil stands alone, and there is just enough of the spice of Irish roguishness—about her to win her way with any audience. Some mighty good times are expected at the Chautauqua on her day—the third

**I Have Important News for You**

My business is selling farm machinery. I represent a firm that has been in business for many years. A firm that takes sincere pride in making sturdy, efficient machinery.

These farm machines are in use all over the South. They are recognized as the best. Every machine is positively guaranteed. Back of the guarantee is a concern that has been doing business with Southern Farmers for years and years. It is my work to tell the farmer about these machines. To show them men what it means to have these labor saving machines on their farms.

The first machine is the Peanut Thresher. The famous Williams Peanut Thresher that for three years has been used by the largest peanut growers. Gets the dirt out, cracks lower nuts, has greater capacity and requires less power. Several sizes, 3 H. P. and up. By changing concave, cylinder and sieves, a simple task, this thresher becomes as good a grain thresher as it is a peanut thresher.

The second machine is the Williams Engine for kerosene, gas, oil, and gasoline. Top-notch quality. Made of the best materials. Sturdy, dependable, economical and easy to operate. All sizes 1 1/2 to 50 H. P.

The Williams Improved Grist Mill is known everywhere. Grinds shelled corn and all kinds of grain. Has many exclusive features that make it the acme of perfection. The most perfect bread meal and feed mill. All sizes.

Blower engine cutters that are serving thousands of farmers satisfactorily. Simple, compact, mechanically perfect, durable. Require less power, have large capacity, do the work quickly and at less expense.

Hay Balers that are wonders. Special features make the Williams Hay Baler the most popular and the one in most common use. Several styles, wood and steel, for tractor, power and horse. Light in weight, yet of proved strength and durability. Longest possible stroke, fast baling, automatic block placer.

The machines mentioned above are the ones I want to talk to you about. I have important news for you. I have facts I am sure you will be interested in. Write me and I will come to see you.

# CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Boysie City, Tex.—Mrs. Mary Kil... of this place, says: "After the death of my little girl... my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me... but I got no better. I got worse and worse until the misery was unbearable... I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me, for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.

## TEACHER AS INDUSTRIAL LEADER IN COMMUNITY

The following report was made a little more than two years ago by one of the field workers from the Division of Public School Improvement of the Department of Extension of the University:

"At a small village place in Harris County, where some of the good general farming is being done as I have seen in Texas, the school teacher is recognized by everyone as the industrial leader of the community. Farmers' meetings are held regularly at the schoolhouse on the last Saturday of each month. These meetings are well attended and this school teacher has not missed one of them for more than two years. He helped organize, and until quite recently has been President of the local producers' exchange that marketed co-operatively last year more than ninety thousand dollars' worth of strawberries in a better condition and at better prices than the producers ever could have gotten for them acting individually. He is an excellent teacher of practical agriculture, a spirit that radiates from his school is the greatest potential force influencing the industrial life of that community. He owns a small farm of twenty-eight acres near the school house and made more than \$2100.00 net profits off of it last year. This man has done much in teaching that community to act as an industrial unit. Texas could use 3,000 such teachers profitably today—men of education, industry, and ingenuity to enter the country and village public schools, and aid them in the full and complete performance of all the functions they inherently owe to society—civic, industrial, social, and educational."

Productive ability is fundamental to life. In the category of human wants, physical needs must be satisfied first of all. The higher cultural wants can neither be inspired nor satisfied when the physical body is hungry, thirsty, or cold. If our public free schools are to render that service that qualifies man for full and complete living, they must make of him a productive agent as well as a being of culture. For this reason, since there is no general system of industrial apprenticeship in this country, our common schools can never discharge the full duty they owe to society until they are made centers for industrial training as well as centers for academic instruction. The two are inherently related and fundamentally inseparable, though the former has been woefully neglected. When school life comes to concern itself more with the problems of how to make a living and none the less with the problems of how to live, and when we can produce a generation of school teachers big enough in their educational views and broad enough in their knowledge of human life, these two elements in our education will be made to mutually supplement and reinforce each other in the way they logically and naturally should. Nothing can be done that will mean more for social solidarity and community co-operation than the rational combining of academic and industrial endeavor in the common schools—Division of School Interests, University of Texas.

## DUMAS SIMPSON IN AN AUTOMOBILE ACCIDENT

News was received in the city several days ago to the effect that Dumas Simpson, a former citizen of this county, who is now making his home in Clarksville, had been caught in an automobile accident in which he was severely injured and his companion instantly killed. From a recent issue of the Red River News, published at Clarksville, The Sentinel takes the following report in so far as it relates to Mr. Simpson: "Sam Judson Bloom was instantly killed and A. D. Simpson severely cut and bruised early Sunday morning when the car in which they were riding overturned."

"The two gentlemen had started to Dallas, having left Clarksville about 4:30 Sunday morning, in Mr. Simpson's Hudson automobile. Mr. Simpson was going over to Dallas to meet his wife, who has been in Corpus Christi for the past several weeks, and was on her way home. The accident happened about eight miles west of Paris, while they were trying to turn a right angle corner. Details of the accident are lacking, owing to the fact that Mr. Simpson was so upset he was unable to explain fully just how it did happen, but from the available facts we gather the following: "In making a right turn on a very narrow corner the car had been pulled as far to the left hand side of the road as possible in order to get a wider turn, but in doing so the back wheels of the car went into a ditch, and almost simultaneously the front wheels hit a large rock or stump which was hidden by the wheels. The crash on the front wheels jarred the steering wheel out of the driver's hand, and at the same time the car swerved to the left, and after a brief second settled its heavy weight on the bodies of the two men. Mr. Bloom was caught under the right door of the car across his back, which killed him instantly. Mr. Simpson was pinned under the car, being able to move only one arm when he regained consciousness. With his free hand he managed to throw back some of the dirt from around his head which was practically buried in the soft dirt of a freshly plowed field. It was the fact that the field was still soft that saved either of the men's bodies from being mangled."

"As soon as an ambulance could be rushed to the scene the body of Mr. Bloom was removed to the Undertaking parlors of the Rogers-Wade Furniture Company, where it was dressed and prepared for shipment back to Clarksville on the 8-15 train that night. "Mr. Simpson was removed to the Gibraltar Hotel, where Dr. McCusick dressed the two terrible cuts on his right thigh. Numerous bruises were found on his person, but none of them serious. He was removed to his home here in Clarksville late Sunday afternoon, where he rested very well until the effects of the medicine given him to soothe his nerves began to wear off, when it is reported he suffered intensely before the three doctors could be summoned. However, at the last report he is resting very well. Mrs. Simpson came in Monday morning."

DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for coughs, colds and croup; Foley Kidney Pills and Foley Cathartic Tablets. Stripling, Haselwood & Co. dw1

AMERICANS WILL BUY FOR ALLIES WASHINGTON, May 13.—American citizens will constitute the purchasing committee which is to spend a billion dollars in the United States during the next year buying war supplies for the entente allies, it was learned here last night. Although the purchasing will be on account of the foreign governments, it is believed Americans can get more for the money spent, because of their familiarity with American market conditions and methods.

Trouble Entirely Disappeared. Knudt Lt, Wannaska, Minn., writes "For several years my daughter had a bad chronic cough. Not until we tried Foley's Honey and Tar did anything produce any great relief. In a few days the trouble entirely disappeared and has never returned." Contains no opiates; a safe, reliable remedy, children like it. Stripling, Haselwood & Co. dw1

George Popp, a former citizen of this county who has been away the past eleven years, and who had been given up as dead, as he had not been heard from in so long, showed up at the family home at Poe's Switch a day or two ago, and there was great rejoicing. Mr. Popp has been making his home in Kansas and Missouri the most of the time.

## DISTRESSING RHEUMATISM

How many people, crippled and lame from rheumatism owe their condition to neglected or incorrect treatment! It is the exact combination of pure Norwegian Cod Liver Oil with glycerine and hypophosphites as contained in

# SCOTT'S EMULSION

that has made Scott's famous for relieving rheumatism when other treatments have utterly failed. If you are a rheumatism sufferer, or feel its first symptoms, start on Scott's Emulsion at once. IT MAY BE EXACTLY WHAT YOU NEED.

## MYSTERIOUS PAINS AND ACHES

Make Life Hard to Bear For Many Nacogdoches Women.

Too many women mistake their pains and aches for troubles peculiar to the sex. More often disordered kidneys are causing the aching back, dizzy spells and headaches. Kidney weakness becomes dangerous if neglected. Use a time-tried kidney remedy—Doan's Kidney Pills. Hosts of people testify to their merit. Read a Nacogdoches case: Mrs. H. M. Reid, 412 S. North St., Nacogdoches, says: "Backache hindered me at my work and sometimes was so intense as to keep me awake at night. My kidneys were irregular in action. I tried many medicines and finally I took Doan's Kidney Pills. They gave me relief."

## SURE OF LOYALTY OF TEXAS, WILSON.

Washington, May 9.—President Wilson has expressed confidence that Texans will acquit themselves in this hour of national crisis as their forefathers did so gloriously at the battle of San Jacinto.

The president's cordial estimate of the loyalty of the Texans was made to Colonel Jacob F. Wolters of Houston, to whom he was introduced just prior to yesterday's cabinet meeting by Postmaster General Burleson. Wolters was also introduced to the cabinet officers as a splendid type of the patriotic German-American.

## Hard Work For Women.

It is doubtful if there is any work harder than house work. Overwork tells on the kidneys, and when the kidneys are affected one looks and feels older than the actual years. Mrs. A. G. Wells, R. 5, Rocky Mount, N. C., writes: "I cannot praise Foley Kidneys Pills enough for the wonderful benefit I have derived. Stripling, Haselwood & Co. dw1

# FOR SALE

We are now offering practically all of our old houses for sale. Have them ranging in price from fifteen dollars up. These houses can be torn down, moved and reproduced at a very little extra cost for lumber.

We also have three large lumber sheds that would make excellent barns, about fifty thousand feet of lumber in each shed, also a lot of old dolly way lumber that we will sell cheap.

3 second-hand Lindsey eight wheel log wagons, for mules. 2 second-hand Lindsey eight wheel log wagons for oxen. Quite a lot of 1 1/4, 1 1/2 and 2" second hand pipe in fine condition.

All of above now located at Caro, Texas and can be seen and priced any day.

## Saner-Whiteman Lumber Co.

## TRADING IN MAY WHEAT STOPPED

CHICAGO, May 11.—Trading in May wheat was ordered discontinued at a meeting of the board of directors of the Chicago Board of Trade tonight. The directors also decided that existing contracts should be indicated either by delivery of the property or at a selling price to be fixed by a committee appointed for the purpose. This committee is headed by James A. Patten and will meet tomorrow morning.

## Government Had Taken a Hand.

About the board of trade offices a number of which remained open long after the directors had adjourned to meet again in the morning, it was reported that action by the federal authorities in the last few days, and particularly in the day, had hastened the action of the board of directors. None of those at the meeting would confirm or deny that it had been intimated to board officials that action should be taken or government officials would close the board. It was admitted that a number of board of trade members had been summoned to the office of the federal district attorney in the morning and others again in the afternoon; but said no threats had been made or intimated. It also was admitted that government agents had been in the trading pit of the board for several days taking notes on the trades.

Dizziness, vertigo, (blind staggers) yellow complexion, flatulence are symptoms of a torpid liver. No one can feel well while the liver is inactive. HERBINE is a powerful liver stimulant. A dose or two will cause all bilious symptoms to disappear. Try it. Price 50c. Sold by Stripling, Haselwood & Co.

## SPOT COTTON ADVANCED \$1.25 PER BALE FRIDAY

Spot cotton in Houston advanced 25 points or \$1.25 per bale Friday, in sympathy with the general advance in futures, and middling was quoted at 19.50 cents per pound. This is an advance of \$2.25 per bale in the past two days.

Sales for the day were only 34 bales on the spot.

Unfavorable weather news and rumors of peace efforts were the dominating influences in the market. The trade regarded seriously the reports that three prominent Austrians were en route to Switzerland on a peace mission.

Sallow complexion is due to a torpid liver. HERBINE purifies and strengthens the liver and bowels and restores the rosy bloom of health to the cheek. Price 50c. Sold by Stripling, Haselwood & Co.

## RURAL LETTER CARRIERS TO MEET HERE MAY 30.

We are calling a meeting of the Nacogdoches County Rural Letter Carriers to meet at Nacogdoches May 30th, at 10 o'clock, a. m., to elect new officers, and also to elect a delegate to the State Convention, and to attend to such other business as should come before us.

We urge all the members to come and bring a new member with you. We have some good resolutions to offer this time.

Yours fraternally, W. D. BURROWS, County President.

Mr. T. B. Hardeman, who has been visiting with relatives and friends in Nacogdoches and vicinity for several days, left last night for his home in Oklahoma City, Mrs. Hardeman remaining for a more extended visit.

## CHANCE TO SECURE LOT OF TIN CANS

COLLEGE STATION, Tex., May 1.—The extension service of the A. & M. college has been advised by the United States department of agriculture that arrangements have been made for a supply of tin cans for conserving perishable food products. Shipments will be made in car loads only on orders approved by the director of extension and forwarded through the United States department of agriculture. Payment must be guaranteed by local bankers, merchants or other interests willing to serve the public. Cans must be used only for conserving food products and not for speculation. The prices will be approximately regular dealers' prices.

The Washington authorities want to know as quickly as possible the approximate monthly and seasonal demand for cans.

Clarence Ousley, director of extension, asks that county demonstration agents, women county agents and other interested parties confer at once and advise him the probable number of cans required by their counties and arrange with local bankers or merchants to guarantee the order. Counties wanting less than a car load of cans will be supplied through dealers in nearby counties. In sending in estimates it is desirable to indicate the time when cans will be needed, as it may not be possible to obtain a full season's supply in one shipment.

When the baby takes too much food the stomach turns; the result is indigestion, sourness and vomiting. Frequently the bowels are involved and there is colic pains and diarrhoea. McGEES' BABY ELIXIR is a grand corrective remedy for the stomach and bowel disorders of babies. It is pure, wholesome and pleasant to take. Price 25c and 50c per bottle. Sold by Stripling, Haselwood & Co. codw

## TENANT FARMER ACT HELD LEGAL

AUSTIN, Texas, May 8.—Constitutionality of the tenant farmers law of the Thirty-Fourth Legislature was upheld by Judge D. J. Fickie of the Travis County Court in the case of Henry Prince against Wyatt Green in which the plaintiff was awarded judgment of \$34, which was twice the amount of the alleged overcharge in the rent. This is the first time that this law has received a test in this county and one of the first throughout the state. The defendant gave notice of appeal to the Court of Civil Appeals.

In the whole field of medicine there is not a healing remedy that will repair damage to the flesh more quickly than BALLARD'S SNOW LINIMENT. In cuts, wounds, sprains, burns, scalds and rheumatism, its healing and penetrating power is extraordinary. Price 25c, 50c and \$1.00 per bottle. Sold by Stripling, Haselwood & Co.

## PARTY RETURN FROM AN AUTOMOBILE TRIP

Mr. and Mrs. G. H. King and Mr. and Mrs. Moultrie Smith arrived home yesterday from an automobile trip to the coast country, and report a most enjoyable outing.

The party carried with them a camping outfit, and when they would find good fishing waters or a good hunting preserve, they would strike camp and stay as long as they chose. They also visited League City, Houston, Galveston, and other towns on the trip, and were gone thirteen days, every minute of the outing being full of joy, and enabling them to return much refreshed.

## To Prevent Self-Poisoning.

Bowels clogged with waste matter poison the whole system. Foley Cathartic Tablets work gently but surely; do not gripe nor cause nausea. Recommended for indigestion, constipation, sick headache, bloating, biliousness, sour stomach, gas on stomach, coated tongue, bad-breath or other conditions caused by disordered digestion. Stripling Haselwood & Co.

## TO ISSUE NEWSPAPER FOR THE NEWSPAPERS

WASHINGTON, May 9.—Beginning tomorrow, the government will issue a daily newspaper, giving news and announcements of all departments relating to war preparations. The publication, known as the Official Bulletin, will be issued under the direction of the committee on public information, and will be mailed to all newspapers, commercial organizations or others requesting it.

Postmasters have been directed to post it daily in their offices.

A weekly bulletin is also planned for issuance to weekly newspapers. Edward S. Rochester, former editor of a Washington newspaper, is editor of the Official Bulletin.

A. M. Hunsucker, Bogue Chitto, Miss., writes: "I suffered from rheumatism, kidney and bladder trouble, also dizziness; would almost fall down at times. Foley Kidney Pills gave me entire relief." Disordered kidneys give warning by pains in side and back, sore muscles, swollen joints tired and languid feeling. Stripling, Haselwood & Co. dw1

Mr. W. A. Barry of Linn-Flat was among the pleasant visitors to The Sentinel office today.

# Women of Middle Age

Many distressing Ailments experienced by them are Alleviated by Lydia E. Pinkham's Vegetable Compound.

Here is Proof by Women who Know.

Lowell, Mass.—"For the last three years I have been troubled with the Change of Life and the bad feelings common at that time. I was in a very nervous condition, with headaches and pain a good deal of the time so I was unfit to do my work. A friend asked me to try Lydia E. Pinkham's Vegetable Compound, which I did, and it has helped me in every way. I am not nearly so nervous, no headache or pain. I must say that Lydia E. Pinkham's Vegetable Compound is the best remedy any sick woman can take."—Mrs. MARGARET QUINN, Rear 259 Worthen St., Lowell, Mass.

## She Tells Her Friends to Take Lydia E. Pinkham's Remedies.

North Haven, Conn.—"When I was 45 I had the Change of Life which is a trouble all women have. At first it didn't bother me but after a while I got bearing down pains. I called in doctors who told me to try different things but they did not cure my pains. One day my husband came home and said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound and Sanative Wash?' Well, I got them and took about 10 bottles of Vegetable Compound and could feel myself regaining my health. I also used Lydia E. Pinkham's Sanative Wash and it has done me a great deal of good. Any one coming to my house who suffers from female troubles or Change of Life, I tell them to take the Pinkham remedies. There are about 20 of us here who think the world of them."—Mrs. FLORENCE ISLELL, Box 197, North Haven, Conn.

## You are Invited to Write for Free Advice.

No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass. Such letters are received and answered by women only and held in strict confidence.

### TRIBUTE TO DR. PIERCE.

The following tribute to the memory of Dr. Leslie Pierce is taken from the Asheville Times, published at Asheville, N. C., where the young man had been making his home for several years:

The many friends of Dr. Leslie Lamar Pierce will learn with sorrow of his death, which occurred in Asheville on Wednesday morning, May 2nd, 1917 at a local hospital.

Dr. Pierce came to Asheville in November, 1914, from Nacogdoches, Texas, suffering from an incurable malady. He was a graduate of Texas Dental College, Houston, Texas, and had just commenced the practice of his chosen profession when forced to leave Texas on account of his failing health. He came to our city and was charmed with our climate and people, and for a long while seemed to be gaining strength and was very hopeful of a complete recovery. He was of a cheerful and lovable disposition and his friends numbered by the score. He was an exceptionally bright intelligent young man, kept himself well-informed on all current events, was delightfully entertaining in conversation and of pleasing address and manner.

He was deeply interested in our local public affairs, and was ready and anxious to lend his aid to every righteous, progressive movement. Dr. Pierce, while but twenty-three years of age, had mapped out a career and was ambitious to accomplish some great and good things. He was a student, a thinker and a writer of no mean ability, being a correspondent of some of the leading magazines of the country. Best of all, he was an earnest, wholehearted christian, having confessed faith in Christ in Asheville during the Chapman-Alexander revival, and had connected himself with the Methodist Episcopal church South having his membership at Central church. He leaves a devoted father and mother and three brothers in Texas to mourn his departure, besides many, many sorrowing friends in this state of his adoption.

The last summons came rather suddenly but found the "Servant Watching." With courage and confidence he announced his readiness to meet his Master.

The world can ill afford to lose such men. May his soul rest in peace and the God of Grace, Mercy and Peace comfort the hearts of the loving, sorrowing friends who mourn his loss.

A FRIEND.

### MALARIA-CHILLS & FEVER

SAFEST - PUREST - BEST

### TWENTY-ONE TO THIRTY-ONE IS THE NEW MILITARY AGE

The Deadlock of the House and Senate Has Been Broken in the Matter of Military Age.

WASHINGTON—May 10.—The long deadlock of senate and house conferees on the selective draft military bill was broken today by agreement on the compromise measure under which a great war army would be raised by selective conscription of men between the ages of 21 and 31.

Authorization for recruiting Colonel Roosevelt's proposed volunteer division for the service in France, written into the bill by the senate and defended stubbornly by the senate conferees, finally was thrown out, on the insistence of committeemen representing the house. In return the house yielded to the senate's proposal for prohibiting at military posts.

#### Expect Approval of Both Houses.

The conference report is expected to receive approval of both senate and house in a few days and within two weeks after the president has affixed his signature registration of those eligible for conscription would be under way throughout the country. Some states already have selected their registration boards and the war department has erected a vast and intricate war machine for assigning and organizing the conscripts. They will be assembled at training camps in September. The compromise bill is understood to be generally satisfactory to the administration and to the army general staff on whose advance the original measure was framed. The most important change made in congress was in the age limits, fixed by the staff at 19 and 25 inclusive. The senate made them 21 and 27 and the house 21 and 40. The ages named in the conference agreement are 21 and 31, inclusive, making the draft applicable to all male voters under 31.

Although there has been no direct authoritative expression from the White House regarding the Roosevelt volunteer proposal, administration opposition to it has been inferred from the fact that no provision for volunteers was contained in the bill as sent to congress from the war department. In addition to the Roosevelt proposal the conferees also threw out a senate provision in which three regiments could have enlisted for service on the Mexican border.

#### GARRISON LOCALS.

From The News.

Miss Rhoda Rhodes spent Friday at Nacogdoches. Mr. and Mrs. N. H. Jarrett and H. B. Graves motored to Nacogdoches Tuesday.

Mr. and Mrs. N. H. Jarrett and Mr. and Mrs. M. A. Shaver spent Sunday in Nacogdoches.

Miss Fannie Middlebrook spent Saturday and Sunday in Nacogdoches with her parents.

Mr. and Mrs. A. C. Irwin, Mr. and Mrs. J. D. Garrison and Mrs. J. B. Crawford motored to Nacogdoches to hear Rev. George W. Truett preach.

Rev. J. W. Bridges, D. M. McDuffie, Burt Dearing and R. B. Walthall motored to Nacogdoches Tuesday to hear Rev. George W. Truett preach.

Hon. S. M. Adams and W. A. Wade of Nacogdoches attended justice court Monday.

Mrs. W. F. Prince and son, Roy, and Mrs. M. Peterson spent several days at Nacogdoches last week visiting J. L. Prince and family.

#### SAPP BROTHERS DENIED BAIL ON HABEAS CORPUS

BEAUMONT, Texas, May 9.—The famous Sapp murder case Wednesday for the first time reached the district court of Liberty county when a habeas corpus hearing was conducted by Judge Liewelyn. At the conclusion of the hearing E. E. Sapp and his younger brother, Louis Sapp, were denied bail.

By agreement the three cases against E. E. Sapp and the two against his brother were consolidated and the bail sought in all the cases. Testimony introduced at the various habeas corpus hearings and at the memorable trial at Lufkin last spring was introduced Wednesday and the lengthy arguments were made by attorneys for the State and the defense. The hearing lasted all day.

The defendants, who had been in all the Wazahachie, where their trial in the Watts killing will be held next month, were brought to Liberty Wednesday morning by a deputy sheriff. They will return to Waxahachie Thursday.

Mrs. Jas. B. Dorsey, who had been in the city several days attending the meeting and visiting Mr. Dorsey's parents, Mr. and Mrs. John Dorsey, returned to her home in Cushing yesterday afternoon.

Mahl—Thos. J. Tatum, J. L. Winder.

### SIX DIVISIONS TO TRAIN IN THE WEST

SAN ANTONIO, Texas, May 11.—Under orders received yesterday afternoon from the war department, army boards will be named today in the Southern department to select camp sites for six divisions of troops to be trained in this department.

Five of the divisions will consist of National Guardsmen, as follows: Eleventh Division, Michigan and Wisconsin; Twelfth Division, Illinois; Thirteenth Division, Minnesota, North Dakota, South Dakota, Iowa and Nebraska; Fourteenth, Kansas and Missouri; Fifteenth, Texas and Oklahoma. The Sixth Division will consist of men called to the colors under the conscription bill and each division will have a war strength of 26,000 men, making an army of 156,000 to be trained in camps to be located in Texas, Oklahoma, Arizona and New Mexico. One division will be stationed at Camp Wilson, San Antonio.

It is believed that as soon as the camp sites are selected and cantonments built the mobilization will begin and it is expected that all of the units will be undergoing training by the middle of September.

Each one of the divisions will be under the command of a major general, to be named, and, although no details of the plan are given out, it is probable that governors of the various states will appoint officers. As near as can be learned, Texas, Wisconsin, Illinois, Iowa and Kansas each will have a major general.

Officers for the national army division probably will be named from the regular army and the training camps for officers now being held.

#### Four Camps May Be in Texas.

One board of army officers to select sites in the department from the Pecos River east is to be headed by

### CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50-cent bottle of Dodson's Liver Tonic, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

## -to Top-off a Fine Meal

What could be better than a cup (or two) of good, old Luzianne? The aroma will tickle your nose; the taste will tickle your palate; the price will please your purse; and all will live happily ever after. Luzianne tastes all the way down. If it doesn't taste better and go twice as far as any other coffee at the price, go get your money back. NOW—get a can of Luzianne and make it do what we say. Do that. Ask for profit-sharing catalog.

The Luzianne Guarantee: If, after using the contents of a can, you are not satisfied in every respect, your grocer will refund your money.

## LUZIANNE coffee

The Reily-Taylor Company, New Orleans

Brigadier General Charles G. Morton and will recommend one site in Oklahoma and three in Texas. Other members of this board are Lieutenant Colonel Merritte W. Ireland, Lieutenant Colonel W. J. Baden, Major Howard L. Laubach and Captain M. R. Hilgard.

The other board to work from the Pecos River west to Yuma is headed by Brigadier General Henry A. Greene and is to recommend one site in Arizona, one in New Mexico and one in Texas. The other members on this board are Lieutenant Colonel M. L. Walker, Lieutenant Colonel James M. Kennedy, Lieutenant Colonel William H. Bettsch and Major H. C. Whitehead.

#### STILL "SQUIRMING."

That is doing mighty good for a town no older than Nacogdoches, and The News trusts that the deposits may continue to grow. With the money that is being constantly poured in this vicinity, it is no wonder that the deposits in the banks of our neighbor exceed those of Lufkin by a small margin. However, we are more than satisfied with the comparison, and the showing made by Lufkin banks, and if "Naughty Nacogdoches" is getting any real satisfaction out of the fact that her bank deposits exceed ours, then we are glad again. Come to East Texas.—Lufkin News.

#### ANNIVERSARY OF SURRENDER BY CAPT. J. S. DOUGHTIE

When seen by the newspaper man this morning, Capt. Jno. S. Doughtie, a well known citizen and Confederate veteran of this city, said that fifty-two years ago today—May 10, 1865—that his company belonging to the Eufala Battery, surrendered to General E. R. S. Canby of the United States army at Meridian, Miss., and the valient soldiers returned to their respective homes.

Arriving home, Capt. Doughtie was so dissatisfied with the settlement that he decided to leave the country and started to Brazil, but arriving at New Orleans he changed his notion and decided to sojourn in Texas awhile before taking final leave. After spending five months here he went back to Alabama and married, returning to Texas forty years ago, and has since made his home in this section.

#### IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour-bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

Mr. A. D. Wall of Sacul has been in the city today, and reports that big hail visited his section last Thursday, doing considerable damage.

### MONUMENTS

All kinds of cemetery work finished by the latest improved methods, large stock always on hand. Good workmen. Best material, prompt service.

Make them with an Eastman. It is easy done and not expensive.

Come and let us show you.

**Stripling, Haselwood & Co.**

**THE TRADES DAY BRINGS LARGE CROWD**

Many People are Here From Different Places to Enjoy Festivities of the Day.

From Tuesday's Daily. The Trades Day is a success! People are here from all the neighboring towns, and many from the country districts, altogether forming a great crowd of people who are meeting with each other in good fellowship, and are enjoying the day in a informal manner.

For awhile this morning the crowd gathered so slowly that people of the city who were interested in the matter were fearful that the attendance would be very light by reason of the fact that the farmers have lost so much time from their work lately and would want to take advantage of the pretty weather to push their crops along. The attendance from the country is not as large as it would have been had not this condition entered into the matter, but a great crowd is here as one will quickly observe if he tries to get through the trees at the time this report is being prepared.

At 12:30 the parade of the "66 Tenth and Humburg Circus" was staged—and it was some parade as well as some "humburg." The local band led the march with choice selections of music, followed up with a representation of various kinds of animals, some confined and closely guarded by a tamer in cages, and the make-up was so clever that it would be hard to discern some of the imitations from real life. There were also horseback riders, clowns, and in all things the parade represented the product of a first-class circus. It was indeed a spectacular event, and furnished much amusement and entertainment for those who witnessed it. This feature of the day's entertainment will follow up with a show at the big tent on the school campus this afternoon, and another tonight, and it is said that it will be very dangerous for any to attend who can not laugh. Two solid hours of fun are promised, and those who witnessed the parade will not doubt for a moment the show's ability to deliver all its promises.

The merchants are enjoying a good trade. They are not pushing business, leaving the people to trade in their own good way if they so desire, and not molesting those who came for the social features of the day. The day was not promoted for the returns it would bring in trade for the one day, but in the spirit of a "get-together-meeting" where friends could meet and renew acquaintance with each other, get better acquainted with the town, and be inspired to come again.

George Schmidt, the ornamental sign painter, left for Nacogdoches today on the noon train, to be absent for a month or more. Mr. Schmidt has secured a large contract in that city. His wife also left on the same train for a lengthy visit to relatives in Louisiana.—Lufkin News.

**BE PATRIOTIC.**

We are now officially authorized by the secretary of the treasury, through the Federal reserve bank of Dallas, Texas, to receive subscriptions to the U. S. Liberty Loan War Bonds. Ask us for particulars. 17-3rd St. STON EFORT NAT. BANK.

**WANTED:**

Both Young Men and Ladies to Take Nice Office Position at Good Salary.

Many of our large business concerns, and the U. S. Government, are wanting bright, energetic young men and women, thoroughly trained by us to fill good paying positions.

Write for our catalogue and read what we can do for you, and what our graduates say we have done for them. Also what our graduates' employers say of their efficiency. Then you will be convinced that our training exactly meets the demands of the best paying positions. You will also be convinced that our graduates are placed in positions promptly. Every statement made in our catalogue is backed by a cash guarantee of \$100 to be true and correct.

Make capital out of your summer months. Enter our school for a combined course of Bookkeeping, Short-hand, Steno, Cotton Classing Telegraphy, or Business Administration and Finance. Our rooms are large and cool; they are equipped with electric fans and well ventilated, there is not a place that you would enjoy spending the summer more than taking a course here with hundreds of other enthusiastic students. With our original copyrighted systems we give you a better course in half the time and at almost half the cost of other schools teaching other systems.

For free catalogue giving full particulars, fill in your name and address, and mail to Tyler Commercial College, Tyler, Texas.

**NACOGDOCHES CITIZENS TO ATTEND GOOD ROADS MEET**

With Hollis Mast as chairman of the committee to arrange the matter, a good crowd of Nacogdoches citizens are arranging to motor up to Beach Creek this afternoon where they will meet with people from Rusk county to discuss the matter of reviving and putting in good condition the old Henderson road, leading from the city to Henderson.

The meeting will be held at 2:30 in the afternoon, giving Nacogdoches people time to leave here after dinner and get back before night, and Mr. Mast is anxious that as many as can, who have cars, join in the procession and help convey the crowd.

The county judge and members of the commissioners court will be invited to join the visitors, and they will likely attend.

It is reported that with but little work this old road can be revived and made a first-class thoroughfare. It would give this county a good connection and good outlet to the neighbor county, as well as serve a great portion of the county, and Nacogdoches people are enthusiastic in having it put in repair at the earliest possible moment.

**TO RECLAIM LAND ON TRINITY RIVER**

Palestine, Texas, May 14.—The work of raising the Trinity River levee for five miles along its bank 12 miles east of here is progressing rapidly and when completed about 3000 acres of as rich land as there is in Texas will be reclaimed. The land will then be worth about \$150 per acre. The work is being done under the direction of the state.

**WODEN LADY DIES VERY SUDDENLY**

A message was received by Mr. G. I. King, a well known citizen of this city, announcing that his sister-in-law, Mrs. R. J. King, had died very suddenly at her home in Woden this morning.

The funeral will be held at Jacobs Chapel tomorrow morning.

The deceased lady was about seventy years of age at the time of her death, and was the widow of the late R. J. King who has been dead some four years. She had no children and was making her home with her sister. She united with the Methodist church many years ago in which she had lived a consecrated christian life, and had many friends whose hearts are made sad with the news of her death.

**SENATOR S. M. KING FAVORED FOR PLACE**

The Sentinel takes the following excerpt from the Austin correspondence of the Houston Post, appearing yesterday, which will be good news to the many friends of the gentleman in this section:

"While Governor Ferguson has made no announcement of his decision as to whom he will appoint to succeed the late Associate Justice Davis of the Beaumont Court of Appeals, the close friends of Senator Steve King are apparently confident that the former Nacogdoches senator, now hailing from Jefferson, will be absent if there is another called session of the thirty-fifth senate, but will be found occupying a place on the bench of the civil appeals court at Beaumont. Senator King has had the endorsement of nearly every county in the district through the bar of those

**CONFEDERATE VETERANS ARE CALLED TO MEET**

Headquarters Camp Henry Roguet, No. 620, U. C. V.

By request of the commander, you are hereby notified that a call meeting of the Camp will take place at the court house, in the city of Nacogdoches, the last Saturday in this month, it being the 26th day of May, 1917.

The object of the call is to ascertain for certain how many members of the Camp are going to the Confederate re-union to be held at Washington, D. C., the 5th, 6th and 7th of June, next.

All who expect to attend the re-union will leave for Washington one week after this meeting, which will be June 2nd.

The membership of the Camp will meet promptly at 1:00 o'clock on the day named, in the county court room. Other matters of importance to the Camp will be brought up at this meeting.

By order of JNO. T. WATSON, Commander. JNO. S. DOUGHTIE, Adjutant.

**AGRICULTURAL BULLETINS.**

County Agricultural Agent Jas. D. Greer requests that all who desire government bulletins on the subjects canning, preserving, poultry raising, etc., leave their names with Judge Perrette, at the county judge's office, and he will forward them to the proper place and the bulletins will be back in a very few days after the request is made.

These bulletins are free for the asking, and every one should have a copy treating on the crop or crops in which he is most interested.

**MRS. E. M. ROBERTS DIES AT 10:30 THIS MORNING**

From Monday's Daily.

Many hearts in Nacogdoches were made sad this morning when the news spread that Mrs. E. M. Roberts had died at 10:30 o'clock.

Mrs. Roberts has been in failing health the past two years, and been seriously ill the past several weeks. On several occasions during the past few days she was thought to be dying, but would rally and has made a brave, patient fight for her life.

The deceased was forty-three years of age and is survived by her husband, two sons, one daughter and one grand-child. She was a daughter of Mr. and Mrs. J. T. Pack, former citizens of Chireno, where she grew to womanhood, and her mother is still living, being with her at the time of her death.

Mrs. Roberts united with the Methodist church in girlhood in which she has lived a beautiful christian life. Previous to her disability through illness she was a useful member of the social and religious circles of this city, and being a lady of culture, refinement and lovable personality, she was universally loved and admired by those who knew her.

The undertaking department of Tucker-Sitton Hardware Co., have the funeral preparations in charge, and when the hour arrives for the funeral many friends will gather with flowers and words of consolation for the bereaved ones left behind, all feeling a personal loss in the death of this sainted lady who has been plucked down while in the prime of life, but who has at the same time been given a better home where she will be spared further suffering and disappointments.

**MRS. E. M. ROBERTS WAS TENDERLY LAID TO REST**

From Tuesday's Daily.

At ten o'clock this morning a great host of sorrowing relatives and friends assembled at the family residence, where a most impressive funeral service was held over the remains of Mrs. E. M. Roberts, who died yesterday, report of which appeared in this paper yesterday.

Rev. Taylor, pastor of the Methodist church, assisted by Rev. C. A. Westbrook, pastor of the Baptist church, and Rev. M. C. Johnson, pastor of the Main Street Presbyterian church, spoke words of feeling consolation to the bereaved ones left behind, extolled the virtues of the christian life such as this good woman had left behind, and prayed kind Providence to be with and comfort her grief-stricken husband and children.

After the service at the residence, the remains of the noble lady were borne to the cemetery and tenderly laid to rest under a great bank of flowers contributed by loving friends.

A letter from Clarksville to Mrs. V. E. Simpson states that Dumas Simpson is improving, and is able to walk around, and there is now hope of his complete recovery. Mr. Simpson was in an automobile accident a few days ago in which he was pinned under the car for some time, and his companion is reported to have been killed in the accident.

**REVIVAL MEETINGS CLOSED.**

The revival services at the cotton shed closed with the 11:00 o'clock service on last Saturday morning, and Dr. Truett left on the 2:38 train for Dallas. Many of us think that it was one of the greatest meetings ever held in Nacogdoches. It touched the whole town. Something like 100 surrendered to Christ. Up to the time of Dr. Truett's departure 14 had united with the Baptist church.

Yesterday's services might be considered as a continuation of the meeting. 217 attended our Sunday School. Seven united with the church at the morning service. 3 by letter and four approved for baptism. Five united with the church at the evening service. 4 by letter and one approved for baptism. The auditorium was filled at both the morning and evening services.

The service of yesterday morning was unique, in that there were some 15 or 20 short sermons preached by the membership on "What the Meeting Meant to Me." As many more wanted to speak but time would not allow. Practically all present in response to the reading of the church covenant by the pastor, stood signifying their desire to renew the same. Many join the pastor in saying it is one of the very best hours we have had together during the present pastorate. One was baptized at the morning service and eight at the evening service. The ordinance will be administered again on Sunday evening May 27th.

C. A. WESTBROOK, Pastor.

Mr. G. C. Clark, a good citizen of the Appleby country, was a pleasant caller at The Sentinel office today.

**What Does Catarrh Mean?**

It means inflammation of a mucous membrane somewhere in the head, throat, bronchial tubes, stomach, biliary ducts or bowels. It always means stagnant blood—the blood that is full of impurities. Left alone, it extends until it is followed by indigestion, colds, congestion or fever. It weakens the system generally and spreads its operations until systemic catarrh or an acute illness is the result.

**Peruna**

Is the nation's reliable remedy for this condition. It restores appetite, aids digestion, checks and removes inflammation, and thus enables the membranes, through which we breathe and through which our food is absorbed, to do their work properly. Forty-four years of success, with thousands of testimonials, have established it as the home remedy—Ever Ready to Take. Its record of success holds a promise for you.

THE PERUNA COMPANY COLUMBUS, OHIO You can obtain Peruna in tablet form for convenience.

**GLORIOUS COMMENCEMENT DAY IS APPROACHING**

Nacogdoches schools will complete the full nine months term of public school the latter part of this month, and with this happy climax there will come a glorious season of commencement with the promotion of worthy students to higher grades, and twenty graduates who finish their work here and are now ready for the "commencement" of greater responsibilities.

Some of those who finish the work in the school here will go away to college for training in the higher branches, while others will possibly take hold of the realities of life with the preparation they have made with their home school. These are matters that will be worked out with the several individuals, each in his own individual way, but in either event it can be said to the credit of the home school that each is thorough as far as he goes, with a high school education, and those who desire to enter any responsible college in the South can do so without further examination.

The personnel of the graduating class for this year follows: Annie Nash, Fannie Lou Gaston, Mary Williams, Gretta Cunningham, Eva Chadwick, Leverne Murphey, Martha Nelson, Jewell Whitehead, Emily Cason, Edith Hall, Willie May Swanson, Agnes Moore, Mary Dorsey, Emery Monk, Joe Ellington, Richard McKinney, Asa Moore, Collis Davis, John Lacey Barnett, Joe Johnson.

The first feature of the exercises will be a musical recital by Miss Willie Gramling's music class on the evening of the 24th. She has divided her part of the exercises into two sections and will give another recital on the evening of the 28th.

The Senior Oratorical Contest will be held on the evening of the 25th.

The Baccalaureate sermon will be delivered on Sunday, the 27th, but he minister for the occasion and the details of this part of the program have not been fully worked out.

Tuesday, the 28th, will be Commencement Day.

Tuesday morning, the 29th, the promotion cards will be awarded.

The speaker for the literary address has not been selected, but this and other details will be worked out in good time, and the indications are that it will be one of the most brilliant events of its kind in the history of the school, adding another year's useful service and glory to the history of the institution.

Mr. and Mrs. Hally Moore, Mr. and Mrs. Jahn Thraen, R. L. Williamson, J. B. Turner, W. Turner, J. T. Power, R. B. Walthall were among the visitors from Garrison to the city today. From Mr. Walthall The Sentinel gets the information that the school district has succeeded in getting the money with which to rebuild their house, and that every citizen of the community who had opportunity signed the note which will be redeemed with the tax money as per a special act of the legislature, the text of which has previously been reported in this paper.

Charley Popp, who is now making his headquarters at Center, came over to attend the Trades Day meeting, taking advantage of the opportunity to meet with so many old friends who would be gathered for this occasion.

Mr. and Mrs. Bern Pack, and Neal and Leonard Pack of Dallas; and Mr. and Mrs. John Teutsch and Arthur Gunning and family, Jake Teutsch of Chireno, Leonard Teutsch of Houston are among the out-of-town visitors in the city today to attend the funeral of Mrs. E. M. Roberts.

**Right Now!**  
We have seven good milk cows, better than the average. Few with baby calves and others to be fresh in next few days.  
Terms: Cash or trade.  
**BLACKBURN & MAST**  
We buy cattle too—Best prices

counties, and his qualifications for the position are recognized by all who have been associated with him in the senate or at the bar in this State.

Mr. A. D. Wall, deputy sheriff of Sacul, was an arrival to the city yesterday afternoon, and made this office a pleasant call this morning. Mr. Wall says that there was some excitement in his town just before his departure, caused by a mad dog running riot. Mr. Wall finally killed the animal, but had to shoot him five times to accomplish the result.

Messrs. D. A. McDonald, W. C. Farmer, John Thompson, and J. R. Dickerson and son, J. R. Jr., of San Augustine, motored over this morning to attend the Trades Day exercises.

Mrs. Burnette Burrows and Miss Ruth Spradley spent last Sunday in Logansport, guests at the home of the former's parents, Mr. and Mrs. W. F. Pugh. Three of Mrs. Burrows' brothers have enlisted with the U. S. marines at New Orleans.

Mr. W. F. Butler, a well known citizen of the Woden country, was among the pleasant callers at this office today, and brought us some June corn.

Mr. and Mrs. W. H. Bartholomew, former citizens of this community who have been sojourning in Michigan the past year, have returned to take citizenship. They are at home with Mr. and Mrs. J. Thos. Hall.

Mr. W. T. Walkins, a prominent business man of the county, has been among the Trades Day visitors.

**MARRIED AT COURT HOUSE**

Mr. Berger Mora and Miss Annie Falcum were married at the court house at noon today, Judge J. F. Perrette officiating.

Biliousness is a disorder involving the stomach, liver and bowels. It opens the door for disease. Prickly Ash Bitters is the right remedy. It drives out bile and impurities and makes you feel bright, vigorous and cheerful. Stripling, Haselwood & Co., Special Agents.

J. H. Openshaw visited Houston the forepart of the week where he went to accompany his little daughter, Mary, home. Little Miss Mary has been visiting with her aunt and grand-mother the past several weeks and was taken sick several days ago, having a close call for diphtheria and the family here was notified. With good medical treatment and nursing, she was soon restored and able to return with her father soon after his arrival. Mr. Openshaw says that the postoffice, the principal bridges and other public places of importance in Houston are now guarded with soldiers.

Any one knowing the name of the husband of Ella Richardson, Shreveport, La., Common St., will please notify the postmaster at Nacogdoches, Texas. 1td-1w

For Sale. Good farm 2 miles from town on North street. L. B. Mast. 17-5d1w

LOST—Spectacles and holders; Masonic square and compass on holder. J. Thos. Hall. dw1

A torpid liver is a heavy handicap to a working man. It robs him of strength, energy and mental alertness. To remove the burden the proper remedy is Prickly Ash Bitters. It is a fine liver, stomach and bowel medicine. Stripling, Haselwood & Co., Special Agents.

R. L. Williamson, a good farmer from the northern end of the county who will be remembered as the county commissioner from that precinct last year, was among the visitors to the Trades Day exercises yesterday.

When an energetic hard-working man feels unduly tired, half-sick, "blue" and discouraged he thinks he is getting lazy. It isn't laziness, the trouble is in the stomach and bowels; they are disordered. To restore energy, vim and activity the right remedy is Prickly Ash Bitters. It is a powerful system regulator. Stripling, Haselwood & Co., Special Agents

Gerley Frederick and daughter, Miss Etta, of the Holly Springs community, were among the visitors to the Trades Day exercises and made this office a pleasant call while here.
