FIGHT AND CONQUER SAYS CHANCELLOR

Berne, Switzerland, July 10.—According to Berlin newspapers the German chancellor, Dr. Von Bethmann-Hollweg, said to members of the reichstag:

"I repeat that the formula of peace without annexation is unacceptable to us. We cannot declare our terms of peace. We must fight and conquer."

The chancellor made a strong attack of Mathias Erzberger, leader of the Catholic center, who assailed the pan-Germans in his address before the main committee last week and advocated peace without annexations and indemnities. Dr. Von Bethmann-Hollweg said Herr Erzberger's attitude was unpatriotic.

According to the summary of the chancellor's speech before the main committee, published in the Lokai Anzeiger of Berlin, he said:

Victory Question of Endurance.

"We must continue the war with our whole energies. I do not deny that we have great difficulties to overcome, but so have our enemies. We shall see whether their difficulties or ours are greater.

"I am sure we can win if we hold out.

"Nothing was further from my intention than to cling to my post, but now it is a question of protecting the fatherland from

Messrs. C. R. Langston and Joe D. Garrison, prominent and progressive citizens of Garrison, were in the city yesterday afternoon circulating a petition praying the state highway commission to bring the public highway from Tyler via Overton, Concord Garrison, Mayo, Appleby and on to Nacogdoches, and their petition was generously signed by Nacogdoches people. A good highway over this route would

serve a populous, prosperous country, connecting with more towns than would be served in any other way it could come, and the gentlemen have great hopes of its adoption when these facts are brought to the attention of the commission.

BURGLARY AT CENTER.

Center, Texas, July 9.—The Santa Fe depot at this place was robbed Saturday night of \$114.

SAVE MONEY

Tuesday, July 3rd, is Extra Special Bargain Day for you at Nacogdoches

Every merchant will offer Special Bargains and you will save Dollars by coming to town on this day to trade. We are going the limit and will sell

Dish Pans, first quality, 14 qt. grey enameled kind, special for this one day only 35c

"Leeder" Brass Wash Boards, extra heavy large size, a real 60c value for 45c

injury, and for this reason I consider it necessary to retain my post."

COMPANY IS SAFE.

A few days ago a report gained currency that the Nacogdoches company might not get mustered into service in time to get a place, and some alarm was felt among the boys. All alarm, however, was dispelled with the receipt of the following telegram:

Houston, Tex., July 10, 1917. Lieut. Orland Patton, Nacogdoches, Texas.

You can tell your men not to worry, your company will be taken care of. Congratulations on your good success. No books now available, and am unable to say when General will be able to consider appointment of your first lieutenant. You will continue to recruit in accordance with yesterday's telegram, regardless of the number you have. Several companies have two hundred fifty, and all these men will be taken care of. By the way, how would it suit you to turn into infantry as you originally wished this might be arranged?

BORKHEAD.

PINELAND SCHOOL WAS HIT BY A TORNADO

The following dispatch appearing in the state papers of yesterday, reporting the destruction of the school building at Pineland, will be of interest to Nacogdoches county people because it is the school over which Prof. W. B. Hargis has been presiding the past several years:

Pineland, Texas, July 9.—The little city of Pineland was struck by a cyclone yesterday evening about 6 o'clock. Heavy black

clouds began to form late in the afternoon, and about 5:30 it began to rain in sheets, accompanied by a high wind, and at 6 p. m. it reached cyclonic proportions and swooped down in the northern end of town, striking the new Pineland high school building, a seven-room one-story frame building and the new two-story Pineland Colonization company's store building, both being completely wrecked. They were moved about ten feet off their foundations and torn to pieces, hardly a board being left unbroken. After the wind had passed one of the heaviest rains ev-

er known in this section fell. The high school was completed last year and was one of the most complete school buildings in East Texas. All the houses on North street were shaken and fences blown down, but no one was injured. The property loss is between \$10,000 and \$12,000.

COW HIDES WANTED.

We are paying 20c per pound for green hides. Green hides should be salted heavily as soon as possible, and shipped by express. Put one tag with your name and address inside of the sack and one on the outside.

We also handle horse hides and wool. A GOLENTERNEK & CO.

FARMERS!

We have money to loan to help you to make a "bumper" crop of Corn, Peanuts and Cotton. The real farmer is going to "clean up" this Fall. It we can help you, come to see us.

G. M. HALTOM, Manager
O. M. GIBBS, Editor

Our reason for getting into this war is to take one loop off Shreveport Times.

Did universal charity prevail, earth would be a heaven and hell a fable.—Colton.

He that is slothful in his work is brother to him that is a great waster.—Solomon.

Homer says that "falsehood is folly." We might also add that folly is falsehood.

The man who makes friends through his business, enjoys business through his friends. Could any condition be more inviting?

The work of an unknown man may flow like a vein of water flowing hidden underground, secretly making the ground green.—Carlyle.

From some author we get the philosophy that it is the crushed grape that gives out the red wine, and the suffering soul that breathes the sweetest melodies.

Whether you be a man or woman, you will never do anything in this world without courage. It is the greatest quality of the mind next to honor.—Jas. L. Allen.

If you really want to be broad-minded, you must keep prejudices out of your mind as diligently as a good gardener keeps weeds out of his garden.—George M. Bailey.

Another Sunday is at hand, and the duty of every good citizen is to attend church somewhere on the sacred day which is set apart for rest, and worship. Read the church column.

A dispatch from an ammunition works reports the discovery of the fact that deadly shells can be made from empty tins and soup cans. We do not for a moment doubt the efficiency of the discovery. They are likewise "deadly" when left in alleys and other by-ways.

Emerson says: "Nothing great was ever achieved without enthusiasm." Nacogdoches people are particularly enthusiastic at this time in the matter of securing the location of the Stephen F. Austin Normal, and if the philosophy is practical, that town which beats us, to it will have to get up and hustle.

Next thing the Nacogdoches Sentinel will be accusing Editor Watford of the Lufkin News of violating the flag law on the Lufkin standpipe to advertise that town. Anyway, Watford can boast that Lufkin stands by the flag.—Carthage Register.

And the town also "stands by" its majestic standpipe, giving it right-of-way of the public square where it may be seen of all men. Great town, is that place called Lufkin.

In concluding a belabored reply to The Sentinel the Lufkin News concludes with the statement in a boastful vein: "But she (Lufkin) has the most patriotic and loyal citizenship and the most energetic set of boosters that was ever discovered perambulating down the pike."

The Sentinel would like to know who "discovered" them, and why they are always "perambulating down the pike." Nacogdoches boosters are up and doing and have no time to "perambulate" down pikes.

The Shreveport Times is authority for the information that a rubber-handled hammer has been invented by a Boston wizard which bounces when a blow is struck, thereby saving considerable blows. Let the wizard go a step further and make the hammer of rubber also with which to supply the community knockers.

We know how it feels now, and if anything goes wrong today it is chargeable to the condition. The Sentinel failed to receive a copy of the Lufkin News with the morning mail. If the "Glorious Fourth" had anything to do with it, this is another reason that we are glad we have but one of these days a year; if the standpipe fell down on the neighbor editor, we grieve.

The good rains of the past few days, making it possible to materially increase the sweet potato acreage, should give new life to the proposition of erecting a sweet potato curing plant in Nacogdoches. It would be a serious reflection on the progressive spirit of the people of this community to let another harvest come and no provision made for suitably earthing for this crop which is becoming one of our best commercial products.

At last old Nacogdoches county has been visited by a glorious rain bringing us a "season" that was in all things sufficient, and insuring that much of the crop of feedstuff will be saved. It also came in time to permit the planting of much more in the way of June corn, peas, peanuts, sweet potatoes, etc., and we have a class of thrifty farmers that will look after that end of the business.

In explaining its absence for a day the Lufkin News offers the following explanation, which is perfectly satisfactory: "The Glorious Fourth had all to do with it, brother. You know Louis started, and tomy hornewspaper folks work hard and seldom have a day off. Wednesday all business houses were closed, and The News forced to be like other folks and 'miss an issue.' We are all back on the job, feeling better for having rested a day, and shall try to make The News so much better hereafter that The Sentinel will be glad to forgive us just this once."

The press of the various counties of East Texas seem justly proud of the "Red Devil" campaign during the campaign. We are giving in this column some clippings from neighboring counties, and some counties are not reported because we fail to find anything about the donations in their local papers. We respectfully ask Brother Watford of the Lufkin News to compare Hardin county's statement with that of angelic Angelina, and then pass it on to Brother Gibbs of the Nacogdoches Sentinel. We hate to do it, but you fellows ought to wake up.—Silbee Signal.

A circular issued by the war department at Washington yesterday warns all men taking the military registration June 5th to hold themselves in readiness for call by the local boards. If any one should have business to call him away, he should file his address with the local board or some friend and arrange to be notified. With the great list of names that will have to be handled it will be impossible for boards to send out individual notice, and the papers will be asked to publish the names of those drawn. It is therefore necessary that every one be on the alert, and remember that Uncle Sam doesn't tolerate any foolishness or excuses.

SOME SCHOOL TEACHERS I USED TO KNOW

Editor Sentinel:

I am thinking tonight of some school teachers I used to know back in old Nacogdoches and Shelby when the community system was in vogue, and when every community had three trustees. Some times as many as a dozen applicants would be on hand for one school, and the rule of the trustees was generally to take the cheapest bidder, and they often got a cheap school. Three or four men with ten or twelve children could get together, build a school house twenty feet square, sign the proper blanks, and have their pro rata of the public money set aside. Some of these communities had less than \$50, and many far less than \$100. The first school I ever taught was at old Mount Moriah, known as the Possum Trot neighborhood.

Cycle George Chandler, Bill Stoker and Bob Dunkin were trustees. The school house was a big building with two doors in the front and a fireplace at the other. For light a log had been sawed out of one side, and a long plank fastened by leather hinges served to keep the rain out in winter. I received the monthly salary of \$15 per month, and a certain number of pupils had to attend to get even that, the law being in those days to trim the salary according to attendance. Judge Ratcliff was county judge and ex-officio superintendent of education. I paid five dollars per month for board which included washing and ironing, and believe me it was some board. Every morning I had fried chicken, butter, eggs, biscuit, milk, coffee, and other things too numerous to mention and other meals in proportion. I had about 20 pupils among the number being Louis Chandler, who did not start the first day, and who I learned with great dismay, was mighty good at "figgers." One day with it, brother. You know Louis started, and tomy hornewspaper folks work hard and seldom have a day off. Wednesday all business houses were closed, and The News forced to be like other folks and "miss an issue." We are all back on the job, feeling better for having rested a day, and shall try to make The News so much better hereafter that The Sentinel will be glad to forgive us just this once.

The press of the various counties of East Texas seem justly proud of the "Red Devil" campaign during the campaign. It is therefore necessary that every one be on the alert, and remember that Uncle Sam doesn't tolerate any foolishness or excuses.

Davies old Arithmetic had some pretty tough problems in it, much harder in fact than is found in the arithmetics of to-

day. Some teachers I used to know but who have either died or quit teaching were Ed. Matthews, Horace K. Foote, John Cassidy, John Miles, Joe Woods, Green Layton, Charlie Hodges, John Perritte, John Stripling, Lee Winder, Young Donegan, Jasper Donegan, F. P. Marshall, George M. Hale, Tamp Tisinger, John Crawford, Will Skeeters, George F. Fuller, Jack Roberts, Z. C. Vaught, and others whose names do not occur at this moment. The old time teachers used to have cross spelling and speaking every Friday afternoon, and sometimes half the people in the neighborhood would go to the school house to hear the speaking and spelling. The speeches were of the simple variety and ranged from "I had a little sense, and laid it on the fence and I hain't seen it since," to "The Boy Stood on the Burning Deck."

In matters of education times have changed wonderfully during the past few years and I am glad to note in this respect that Nacogdoches county is full abreast of the times, and that no opportunity is suffered to pass to improve in every way that leads to higher and better educational ideals.

Very truly,
HENRY C. FULLER,
Houston, Texas.

MR. SEALE ORDERS A BOLL WEEVIL MACHINE

Mr. Allan Seale, a well known merchant of this city, is also engaged in growing cotton on a large scale this year, having a large plantation in Liberty county, and he is therefore very much interested in the spread of the boll weevil.

He has made a close study of the pest, and worked out a number of good experiments for its destruction, but he now feels that he has found something that will be especially efficient in a machine known as the "Red Devil Boll Weevil Catcher."

This machine is very highly recommended by those who have used it. It is built on two wheels, with pans underneath, and as it passes over the rows of cotton the weevils are shaken off in a pan that contains kerosine oil. One man can keep up with forty to fifty acres of cotton with the machine, working it out every twelve days.

Mr. Seale has ordered one of the machines, which he will try out on his farm, and if it works as effectively as recommended, he will order a supply for the farmers of this county.

WILES OF FRANCE WORRYING U. S. GIRLS

Chicago, July 6.—Fear of the war has entered the American girl's heart. It is not fear of the shells and sickness and the horrors of the trenches, but of good looking and perhaps designing French girls, according to a Chicago girl who has made a plea for herself and her American sisters through the columns of a Chicago paper.

"Give the honest American girls a chance," she pleads, declaring that the United States is going to send a million of her finest to France, and all that will be left when they return will be the "left-overs" in the matrimonial market, while the French girls will have the pick of the army. She declares that American soldiers will be easy conquests for the French girls, "and you know, the American man is the safest thing on this man's globe," when a woman wants to marry him.

The fearful maid suggests that if there are already enough nurses enrolled a corps of American girls might be sent to Europe to make the soldiers' beds and tidy up the trenches and most important of all, to guard the hearts of the fighters.

MISSING THE BOYS.

Jim Lowry of the Honey Grove Signal is doubtless quoted more than any other newspaper man in Texas. In a recent issue of his paper in speaking of missing the faces of their school teachers since school has closed, has the following to say of the boys gone and about to go to the army. It applies to other communities than Honey Grove.

"And this reminds us that we are missing other faces and soon are to miss many more. Already several of our young men are with the armies of their country at points distant from their homes and loved ones. Many others have enlisted and soon others will respond to the selective draft and take up arms in the honor and defense of their country. The enlistment in this righteous cause will take from us the best young men of strong arms to whom we must look for the support of our beloved land in days to come. It is to them we have looked for the development of our country's resources, for the fostering of our institutions and the saving of our ideals. They have been our hope for the maintenance of Right and all the holy principles that make a people and a nation great. But they are also our hope for the perpetuation of the priceless liberties bequeathed us by our fathers, and now they must take up the fight that this heritage, prized ever above life itself, may not be trodden under foot by unholy enemies. They are strong, noble young fellows, and the smile upon their lips and the twinkle in their eyes are our joy and our pride. We shall miss them—miss them keenly—and our lives will be lonely and sad at times because their voices are not heard. But this we know—the boys have the true American spirit and wherever duty calls they will not shrink and quail. And when the great fight for the preservation of American liberties is over we know that we shall be proud of them. Those who return will receive the plaudits of a grateful people, and should any fail—which God forbid—we know that our country will be enriched by their deeds of valor and their glory and fame will never perish from the earth."—Henderson Times.

PRICE UNITED STATE PAYS

Washington, July 5.—An idea of the enormous cost to maintain America's fighting forces is given in a statement issued by the committee on public information today showing the relative amounts expended in 1915 when the country was at peace and to be expended this year.

Subsistence, for instance, which in 1915 was supplied at the most cost of \$9,800,000 this year has been provided for in the application estimates at \$133,000,000. Clothing and camp garrison equipage, which two years were had for \$6,500,000, will cost this year \$231,000,000.

Ordinance stores and supplies which in 1915, were furnished for only \$700,000, this year will cost more than \$106,000,000. Manufactures of arms, which in 1915 cost \$450,000, this year will cost more than \$55,000,000.

Ammunition for small arms, which in 1915 was had at \$875,000, this year will cost \$148,000,000.

Transportation, which in 1915 was furnished at \$13,000,000, this year will cost \$222,000,000.

For aeronautics \$450,000 was appropriated in 1915, while \$47,000,000 already has been appropriated for this year.

Among the items already purchased are: 5,000,000 blankets, 37,000,000 yards of bobbinette, 2,000,000 cots, 45,500,000 yards of cotton cloth, 21,300,000 yards of unbleached drilling, 6,000,000 pairs of shoes and 11,191,000 pairs of light woolen socks.

Old Nacogdoches was possibly never so clean as she is now—but she must be kept that way if we enjoy the blessings of so good a condition. Clean up everyday, and the task will be light.

VISITED THE RE-UNION OF HOOD'S BRIGADE

Editor Sentinel:

I am writing to tell you of the most enjoyable day I have spent in many years.

One June 28th I went to Alto to the re-union of J. B. Hood's Brigade. I met but one old veteran from Nacogdoches (J. C. Fall) and Brother Jno. N. Wilson and wife from Melrose. I expected to see quite a number from Nacogdoches, but was disappointed. I must say you missed quite a treat in not hearing the many thrilling adventures of some of the veterans.

The speeches of Will Gordon Knox and Max Johnson of Floresville, Texas, were fine. This was the third successive year young Knox has been invited to address them. The veterans unanimously elected Gordon Knox as permanent orator, and Max Johnson as assistant secretary.

At the age of fourteen Gordon Knox won the championship of Texas in the University Interscholastic League at Austin.

I can say you missed more. The dinner was the most elaborate and palatable I had eaten for years.

I carried the old vets a beautiful bouquet of jasmamines and white roses tied with white ribbon. I was called up on the rostrum and seated. A resolution of thanks was written and read by the secretary. I was then ordered to the front of the rostrum and all the veterans came and gave me a hearty handshake.

Many pleasant things came up during the day I would like to mention, but I feel that I am taking up the space of more interesting writers, so I will close. MRS. MOLLIS RICHARDSON, Clawson, Texas.

**Californian Had
Kidney Trouble**

Jack Malton, Copperopolis, Calif., says: "I had such a severe case of kidney trouble I thought I would have to sell out my business. I took three bottles of Foley Kidney Pills which entirely relieved me and I have had no recurrence of kidney trouble since then."

Some days it seems as if you can no longer bear the pain and misery you suffer from kidney and bladder troubles. The ache across your back grows worse with every move you make and every step you take. It just seems to rob you of all strength and energy. Your head aches, you are nervous and worn out, sleep poorly and have no appetite, stomach is upset and bowels irregular.

Foley Kidney Pills lessen the pain, until it is finally gone entirely. They give strength and tone to the kidneys—make them strong, active, their action becomes regular and normal again, and your health grows better each day you take this great healing medicine.

Stripling, Haselwood & Co.,

BOY SCOUT ENCAMPMENT.

By the courtesy of Mr. and Mrs. Lake Orton and Mr. T. Tilford, some officers and Boy Scouts went up to Sacul yesterday afternoon to visit "Uncle John Lucas" and see about the big summer encampment which is to be held July 18-28 at the big spring. The boys think that Mr. Lucas, "Uncle," as they lovingly call him, is the finest man in Texas, and that his watermelons are just right. Preparations were made to have the grounds all cleaned up, the wood gathered and things fixed for the biggest time Boy Scouts ever had.

Different—But Satisfactory.

Indigestion causes worry, sick headaches, biliousness, bad breath and constant distress. W. A. McRae, Raleigh, Ga., writes: "Foley Cathartic Tablets cleanse my system thoroughly and do not gripe or hurt at all. I find them entirely satisfactory and wonderfully different and more pleasant than any other pill." Stripling, Haselwood & Co. dwl

Thomas & Richardson have on display on the front of their store several bunches of peanuts grown by Mr. G. W. Blackburn. The vines are putting on a good cluster of nuts, which reminds us not many days hence this crop will be ready for harvest and the recent rains we have enjoyed insure that we will have a good yield.

Stopped His Backache

George Lawrence, railroad fireman, Kittrell, Miss., writes: "I used three bottles of Foley Kidney Pills when I was so sick I hardly could stay on the engine, and they cured me. My back ached all the time; kidneys acted sluggish; dull headache, felt sleepy all the time; nervous, had to rise many times each night." Stripling, Haselwood & Co. dwl

**NOTICE TO YOUNG MEN
WHO HAVE JOINED ARMY**

And others who want Insurance—Praetorian Life Insurance appeals to the masses.

They feature 10, 15 and 20 pay life policies with extended time and paid up insurance. The policy also carries accident feature which pays the face of policy for the loss of two limbs, one-fourth for loss of one limb. Insurance in force \$28,974,415.00; benefits paid over \$1,175,000.00. Compare our plans, rates and insurance is all we ask. We write special war policy, very attractive; also write women same as men, age 16 to 55. Phone 359. C. B. Brewer, Agent.

EDITOR TELLS THE TRUTH.

A West Texas editor got tired of being called a "liar" because of an occasional typographical error or slight disarrangement of the facts in publishing a commonplace news item. In his wrath, he announced in bold face black type as follows:

"A lot of people in this town fall out with the editor and brand him as a liar when the ordinary human mistakes of life show up in a newspaper. You have a little charity and fellow feeling for every man in town but your editor. You claim that you want the facts, and I am going to give 'em to you. Read the next issue of this sheet and you'll see some facts with the bark off. I'll admit that I have been a liar, an editorial liar, ever since I have been editing this sheet; but I have never printed a lie in these columns except to save somebody's feelings from being hurt. I'm not afraid of any of you and I'll be dad blamed if I don't print the plain truth from now on, or until you get out of the habit of calling me a liar every time I make some little unavoidable typographical error. Watch my smoke."

John Bennin, the laziest merchant in town, made a trip to Belleville yesterday.

John Coyle, our groceryman, who voted with the republicans in 1896, and consumes more mail-order whiskey than any other member of the Baptist church in this country, is doing a poor business. His store is dirty and dusty. It is a wonder he has any business at all.

Rev. Sty preached last Sunday night at the Christian Church. His sermon was punk and uninteresting, except some stuff he quoted from Bob Ingersoll, for which he failed to give Bob any credit. He also recited a few passages from one of William Elbert Munsey's sermons and had the gall to palm it off as his own.

Dave Chartier died at his home two miles north of this place, last Thursday night. Dock Holderness, who is an old friend of the family, attended him a few minutes before he expired. He gave it out that Dave died of heart failure. That is a too much of a very poor grade of mail-order licker. This paper prints the truth.

Tom Spradlin married Miss Cordie Meador last trades day at the county seat. It ain't generally known, but the marriage was brought about mainly by a Remington shotgun manipulated by the bride's father; Tom concludin' that marryin' was the healthiest thing he could do until other arrangements could be made.

Roger Lloyd, cashier of the State Bank at Willow Grove, died Wednesday evening and was buried Friday at the Odd Fellows in Pleasant Mound cemetery. He has been taking this paper seven years and so far hasn't paid us a cent; we thinking that he, being a banker would pay some time. We will sell the account for two bits worth of fresh greens.

Married: Miss Susie Scruggs and Horec Guffin, last Saturday day at the Methodist parsonage. Rev. James C. Williams officiating. The bride is a very ordinary town girl who flirts with all the traveling men she meets, and never helped her mother three whole days put together in her whole life. Se is anything but a beauty, resembling a gravel pit in the face, and walks like a duck. The groom is a natural born loafer and bum. He never did a lick of work until his step-daddy run him off from home last fall. He went to the county seat, and

just before starving to death, accepted a job as chamber maid in a livery stable. As soon as his ma found out where he was, she went and got him and brought him home. He now resides at the home of his wife's father and says that he has no definite plans for the future.

We have received a ship-hoe.—Dallas Pitchfork.

**THE NATIONAL GUARD
TO DRAFT AUG. 5TH.**

Washington, July 9.—The last step necessary to make the entire national guard available for duty in France was taken Monday by President Wilson, with the issue of a proclamation drafting the state troops into the army of the United States on August 5. To make certain that the purpose of the national defense act is carried out, the proclamation also specifically declares the men drafted are to be discharged from the old militia status on that date. In that way the restraint on the use of the militia outside the country is avoided and the way paved for sending the regiments to the European front.

Prior to the application of the draft, regiments in the northern and eastern sections of the country were called into the service as national guardsmen in two increments to be mobilized on July 15 and August 5. Many units already are federalized and presumably they will be mobilized with the other troops from their states. The guard from the other states was mobilized on the day of the draft. This was necessary to transport the regiments south to the training camps without congestion and to the same end the division of states into increments was revised from the original subject.

RED CROSS NEWS.

Mrs. C. D. Atwell left yesterday for Houston, having been appointed by the Executive Committee of the local Red Cross to take a course in making supplies for the army. The work, as given there under authorized instruction, includes the cutting and making of every article necessary to war relief work, and a sample of each is completed by the person under instruction. These are then sent on to Washington and inspected. If they are satisfactory the maker receives a certificate from the government, which makes her an authorized instructor and inspector of such work.

The newly appointed buying committee will, in a few days, make their first purchases. The cutting committee will then prepare certain articles for sewing and distribute them among the various circles. A letter received from the American Red Cross Headquarters within the past week makes known the desperate need of different supplies in Europe, and the time which must necessarily elapse between their completion here and their arrival in the base hospitals make it imperative that work be begun at the earliest possible moment.

GERTRUDE M. ATWELL,
Secretary Service Committee.

S. J. Black, who had been in the city the past ten days with his wife who had an operation at the sanitarium, returned to his home in Center this morning. Mrs. Black having sufficiently recovered to permit him leaving her.

No. 666

This is a prescription prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the fever will not return. It acts on the liver better than Calomel and does not gripe or sicken.

**A BIG GRAIN CROP IS
GOVERNMENT FORECAST**

Washington, July 9.—A 3,000,000,000 bushel prospective crop of corn this year is the answer returned by farmers of the United States to President Wilson's call for food for America's allies in the war. Never before has such a crop been grown.

In its first forecast of corn production this year the department of agriculture announced that July 1 conditions forecast a crop of 3,124,000,000 bushels. Sixteen million more acres this year were planted to corn than last year and the acreage exceeds the former record area planted in 1909 by 13,000,000 acres.

A record crop of white potatoes also is forecast, with a production of 452,000,000 bushels. That would exceed the previous largest crop grown in 1912 by 32,000,000 bushels.

The wheat crop, responding to better weather conditions during June, shows an increase of about 22,000,000 bushels in prospect, with a total of 678,000,000 bushels, or 38,000,000 larger than last year's crop.

In a statement explaining crop conditions the department of agriculture said:

"A heavy increase in acreage of corn is noted amounting to over 14 per cent of last year's area, much of the increase being on land not formerly cultivated—and the bulk of the remainder on abandoned wheat lands and acreage formerly devoted to hay."

GO NO FARTHER.

The Evidence is at your Door. Nacogdoches proof is what you want and the statement of this highly respected resident will banish all doubt:

Mrs. J. J. Coker, S. North St., Nacogdoches, says: "I felt miserable all the time, had no life, and lacked energy. My back was weak and seldom let up. Dizzy spells and headaches constantly annoyed me and kept me feeling out of sorts. It took only one box of Doan's Kidney Pills to ease the pain across my back and strengthen my kidneys. My general health improved and I have had very little trouble in the past two years."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Coker had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

**HOUSE IS CERTAIN
PROHIBITION LAW**

Washington, July 9.—The sweeping prohibition regulation governing the future manufacture, sale and importation of whiskey adopted by the senate Saturday will become the law of the land in so far as the house of representatives is concerned, it was admitted by Representative Garner, a strong anti, today. Garner said the senate amendments to the food control bill will be passed by the house with a minimum of debate.

Efforts to prevent in the house the enactment of the senate whiskey legislation will be useless, he forecast.

Garner, as well as other anti-pros will seek to have the manufacture of wines and beer prohibited. Whether this will be done is problematical because of President Wilson's request that wine and beer be left alone.

Representative Wilson today received telegrams from Fort Worth bankers, also Chamber of Commerce, urging that he do all possible to prevent the enactment of the senate anti-whisky legislation. Wilson is an anti and will oppose the legislation, but it is thought his efforts will be futile.

**A MELROSE LADY
WRITES OF RE-UNION**

On the morning of June 27th Harry Fall came by with his father, H. V. Fall, in his car to carry Capt. Jno. N. Wilson and wife to Alto, who accepted the invitation and attended the re-union of the beloved Hood's Brigade.

Making the trip in due time, we went into the drug store, registered our names and received our badges and appointments to our homes. Then we were carried to the theatre building where the grand old veterans assembled to hear Judge Imboden's welcome address, telling us that Alto belonged to Hood's Brigade, and the big-hearted people would give dinner and supper at the hall to all soldiers, wives, children and attendants, and that cars would be furnished free to go and come during their stay. Everything was done that patriotic, kind people could do for the entertainment of one of the bravest, best brigades of the Southern Confederacy. You may suspect that I love them for I married one of those brave soldiers forty-nine years ago, and never for a moment have I wished to retract, and consider the honor bestowed upon me by a Confederate captain.

The good talks by the gray-haired nobles were worth while. The cheers by those broken voices soon to be silent, readings by those patriotic young women were enthusing and helpful, long to be cherished in our hearts. When Mr. Chilton turned to Captain Hunter, speaking of the 150 brave men he carried in Hood's brigade, bringing only a few from those real battles, the tears rolled down that dear old man's cheeks for the loss of his men on the battlefields of Gettysburg, Malvern Hill, Wilderness, Cold Harbor, and other places, with their graves unmarked, but their heroic deeds will live forever.

The president of the meeting, Mr. Berryman, and son will always have a warm place in the hearts of those who attended. Capt. Berryman belonged to Hood's Brigade and fought side by side with Capt. John Wilson's company. At the close of the meeting they sang "Nearer My God to Thee," and "God be With You Till We Meet Again." Tears fell from many eyes for they knew twenty-three of them had gone from them in one year and perhaps many others would go before the next re-union which will be held at Huntsville.

Captain Hunter was elected president of that meeting with his worthy daughter as matron for Hood's Texas Brigade. L. W.

Just What She Needed.

When women complain of weariness, dull headaches and similar ailments, they accept those troubles as their lot because they are women, when the ailments may be the results of disordered kidneys. Mrs. Mary V. Bunker, Milton-on-the-Hudson, N. Y., writes of Foley Kidney Pills: "Just what I needed"

Mr. Allan Seale has received his boll weevil machine, report of the order of which was made in this paper a few days ago, and has gone down to his farm to try it out.

Rid of a Lingering Cough.

You can get relief from racking coughs, from wheezy, sneezy breathing, from raw, inflamed throat and tight chest. W. G. Glazier, Bentonville, Ark., writes: "I can recommend Foley's Honey and Tar Compound. I used it for a cough that I had for years, and was said to have consumption but it cured me." Stripling, Haselwood & Co. dwl

HAVE YOU BEEN SICK?

Then you realize the utter weakness that robs ambition, destroys appetite and makes work a burden. To regain your strength nothing has ever equaled or compared with Scott's Emulsion; its blood-enriching properties give energy to the body while its tonic value sharpens the appetite in a natural, permanent way. If you are run down, tired, nervous, overworked or lack strength, be sure to get Scott's Emulsion today.

Scott & Bowne, Bloomfield, N. J.

COMMISSIONERS COURT

The commissioners court finished up its work of the monthly term yesterday as intended, and the commissioners returned to their respective homes last night.

Accounts for the various routine matters for which the administration spends money in the conduct of the county's business were allowed to the amount of \$4,447.60, and the following other business was transacted:

Petition of Ben Hammond et al for the appointment of Mr. Kornegay and Henry Lewis as trustees of District No. 6, granted.

Commercial Guaranty State Bank, report of funds as county depository, approved.

W. T. Orton, county clerk, monthly reports for April, May and June and a general report, approved.

Chas. White, hog law petition, continued.

L. Frost and I Roos, petition for stock law, continued.

A. J. Chapel et al, road petition, rejected.

T. R. Pluecker, et al, road petition, rejected.

J. C. Menefee et al, road petition, rejected.

Wylie Dorman, et al, road petition, rejected.

H. S. Rogers, et al., road petition rejected.

J. A. Sowell, et al, road petition, rejected.

N. B. Hall, monthly report as district clerk, approved.

Tom Neal, application for exemption from road duty, granted.

Petition Geo. M. Hale to have following citizens appointed trustee School District No. 23, granted: T. E. Chism, T. P. Knox, W. B. Daniels, R. L. Parrish, J. E. Allen and E. H. Hobbs

Has Had Beneficial Results.

A man is not treating himself fairly when he neglects backache, rheumatic pains, dizziness, stiff joints, sore muscles, or other symptoms of kidney or bladder trouble. Isaac B. Turman, 1277 Washington Ave., Ashbury Park, N. J., writes: "I used Foley Kidney Pills and had the most beneficial results from same." Stripling, Haselwood & Co. dwl

SENT TO THE ROAD.

Ed Kay and Will Parker, the nergoes who broke jail one day last week, were given sixty days on the road, and for the next two months will be engaged in the more honorable avocation of helping build roads in Nacogdoches county.

Good For the Little Ones.

Every year sees a big increase in the demand for Foley's Honey and Tar Compound for coughs, colds and croup. J. A. Parger, Lundgren, La., writes: "I gave my children, aged two and four years, Foley's Honey and Tar for severe colds, which gave almost immediate relief. I also took same with good results." Stripling, Haselwood & Co.

The families of Oscar and Ollie Hall have been visiting the "old folks" here, at the old home where Mr. and Mrs. B. M. Hall reside. Oscar Hall lives at Bryan and Ollie lives at San Augustine and both are doing well. They came in their cars.

The Sentinel

HALTOM & GIBBS, Proprietors
G. M. HALTOM, Manager
O. M. GIBBS, Editor

Where people are united and work for the common good they receive benefit that can be had in no other way.—Tyler Morning Tribune.

"A little leaven leavens the whole lump. There is much 'leavening' virtue in a smile; likewise will a word of good cheer grow into a big lump.

A well known citizen of the city, reading the editorial suggestion of rubber hammers for the knockers in yesterday's paper, wants another wizard to come forth with rubber brooms, rubber vases and crockery-ware for the wives of the Jiggs family.

A recent dispatch from New York announces that Charlie Chaplin, the famous moving picture comedian, is to receive one million and seventy-five thousand dollars for a series of eight new pictures. Any of us would act a bigger fool, if we could, for less money.

Nacogdoches is the cradle which rocked the pioneers of Texas Independence into life and action, and their descendants will furnish the best location, the best sites, the best support and the best protection for the normal school bearing the name of one of her illustrious heroes.

Says the Tyler Morning Tribune: "The Tribune believes Tyler will get the state normal." Wrong, brother; this great institution will be located in the town which was the adopted home of the illustrious character in whose honor it was named, and where the dust of his mortal remains now sleep. To put it elsewhere would be absurd.

The Sentinel is in receipt of a copy of the first issue of The Sour Lake Daily, published by J. F. Vondersmith & Son, the latter member of the firm being Eugene Vondersmith who served at the printing trade many years in this city. The paper is a very creditable little publication, starting off with a good patronage, and The Sentinel wishes for its friends a prosperous career in their new venture.

News comes from Washington that the government will have exhibits and conduct a campaign of education at the various fairs this fall, teaching people how to conserve and grow feedstuff. It is recognized that one of the greatest duties of the war is to feed the people at home as well as the soldiers, and produce and conserve a supply that is sufficient. This is a matter in which every person can cooperate, and it is imperative that he should.

The Nacogdoches Sentinel carries an article written by Henry C. Fuller in which he tells of the days when he taught school in the Possum Trot neighborhood for a salary of \$15 per month. Henry asserts that he paid \$5 per month for board which included washing and ironing. The morning meal consisted of fried-chicken, butter, eggs, biscuit, milk, coffee and other things too numerous to mention and other meals were set in the same proportion. He would have continued to teach in that school had not fate, in the form of a young man who was good at figures, bluffed him out when he came to an example in Davies Arithmetic that he could

not solve before meeting it in the young man's lesson. Perhaps some of our readers will recall similar experiences in their youthful days when the teacher had to be able to lead the class in everything.—Temple Telegram.

THE WEAK LINK.

It is good and accepted philosophy that no chain is stronger than its weakest link.

Let's get the lesson of the chain.

The business man sometimes has a leak somewhere in the methods he employs in the conduct of his business. This "weak link" gradually wears until it snaps, and the chain breaks.

Likewise a weak or incompetent teacher in one of the grades of a public school makes a "weak link" in the chain of the student's education, and failure comes in the final test.

The philosophy is also practical with which all human hands and human minds have to do.

And it is true with human nature and the character we build.

To all appearances, and so far as your associates can judge, you may be a man of sterling integrity and moral worth, but at the same time have a "weak link" which is gradually undermining you. Some deadly sin may hover around you like an evil genii, and with gradual compromise to the temptation it offers, a link in the chain of your moral and spiritual fabric weakens and snaps and you fall.

Let's get the lesson of the chain and mend the weak link.

The colored population of Nacogdoches is to be congratulated for joining hands with the white people of the city in the cleanup campaign. The majority of the negroes of Nacogdoches join the white people in all matters of public interest as is proven in the present instance and the recent instance in which they held patriotic rallies and declared themselves ready to do their part in the country's defense. So long as they manifest this spirit they may be assured of the respect and friendship of the white people among whom they reside, and with the cordial relations existing between the two races such as we enjoy, both will prosper and live happily together.

PLANS WORKED OUT FOR COMING HIKE

The Boy Scout Council had a good meeting last night at which plans were worked out for the coming encampment of the Boy Scouts. As agreed upon at this meeting, the encampment will be held at the big sulphur spring at Sacul, and those attending will leave here Tuesday morning, July 18th.

There is reported to be a good road all the way, making the trip pleasant for all cars that make the trip, and for those who may wish to visit the boys during the encampment.

On Sunday following the arrival will be the big day when Bro Taylor of this city will address the boys, and the people of Sacul will join visitors from this and other places in a basket dinner, and many visitors will spend the day with the manly scouts.

The location is said to be an ideal one for the encampment as well as for the basket dinner, and a great time is looked forward by those who wish to participate in the pleasures of the big day.

All who go on Sunday, and who can conveniently do so, are requested to carry with them a basket of dinner.

PICNICS ON THE FOURTH.

There were several most enjoyable picnics over the county on the Fourth and a good report comes from each.

At Dunham, which is out at the "front" of the Frost-Johnson Lumber Co., a most excellent dinner was served, and the people amused themselves with singing. A visitor from town says it was one of the best barbecue dinners he ever attended, and that everybody was happy all day.

At Cold Springs, in the northern part of the county, the annual picnic was held, where another fine dinner was served and a crowd of some fifteen hundred people were present. This good community holds a picnic every summer, at which time the revenue derived from lemonade stands, etc., is expended in keeping up the cemetery, a civic duty in which the community takes much pride. Speeches were made by Hon. June C. Harris and son, Audley Harris, and much good singing was enjoyed during the day.

Over at Holly Springs another great dinner was spread and enjoyed by a large crowd. County Superintendent Layton was the orator of the day at this gathering and delivered a most interesting educational address. Much good singing was also enjoyed at this place.

From all three places the good report comes that there was not any disturbance of any kind perfect order reigning throughout the day, and the people meeting each other with a happy handshake and words of neighborly greeting.

THE MAYOR OF HOUSTON DIES VERY SUDDENLY

The Chronicle reaching us this morning bears the news of the sudden death of Mayor J. J. Pastoriza, who was seized with an attack of heat failure while taking a bath.

Mr. Pastoriza had grown up from an orphan boy, fighting his way from the most obscure poverty to the first place of honor in the great city he was serving, and his life carries with it a lesson which should be inspiring to those who may become discouraged at times. He has been in the service of his city for several years past, as alderman, street and tax commissioner and other positions, finally winning his way to the top at the last election, and his administration was looked forward to with much interest from all parts of the country.

Editor J. W. Brown of the Hemphill Reporter, accompanied by Mrs. Brown, Miss Gladys Pratt and his mother, Mrs. M. A. Brown, came over from Hemphill in the family car this morning. The party came to accompany Mrs. M. A. Brown, who had been visiting with them several weeks, home. Mr. Brown is one of the energetic newspaper men in East Texas, and is giving his constituency a most interesting and worthy local paper.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

ATTEMPT TO BURN OIL MILL THIS MORNING

This morning between two and three o'clock fire was discovered burning in the sill under the seed house of the Nacogdoches Cotton Seed Oil Mill by Richard Johnson, night express man, who ran across to the place and extinguished the flame before it gained much headway.

Officers were called, and after investigation, are of the opinion that the blaze was of incendiary origin, for the reason that it would be practically impossible for fire to break out accidentally at this particular place, but they have no clue as to the identity of the guilty party.

The officers are still on the alert, and hope yet to pick up some clue leading to the identity of the fire bug, and the community will share in the hope that they may be successful. The oil mill is one of our most useful and prominent enterprises, especially needed since so many are engaging in raising peanuts which will soon be ready to crush, and the party who would so ruthlessly destroy it is not only an enemy to the owners of the enterprise, but would do a great injury to the town and country as well if he were to succeed in his infamous plan.

A JAIL DELIVERY YESTERDAY AFTERNOON

Yesterday afternoon about 2:30 o'clock Ed. Kay and Will Parker, two negroes confined in the county jail, broke jail and made a dash for liberty, but Deputy Sheriff Jack Carnley discovered their departure soon after they left and overtook them on the hill near the home of Hon. June C. Harris and brought them back.

The would-be fugitives from justice were confined in the run-around down stairs and made their escape by prizing loose a defective bar.

Deputy Carnley confined them in a more secure quarter over night, and sent them out to the road gang this morning where they will get exercise and fresh air, and by the sweat of their face, pay the damage of their upkeep.

SEND U. S. TROOPS TO GLOBE, ARIZ.

Phoenix, Ariz., July 5.—A long distance message received this morning by Attorney General Wiley E. Jones, from County Attorney Hugh M. Foster at Globe, stated that the mine strike situation is beyond control, and that United States troops from Douglas have been ordered on the recommendation of Major Charles M. Bundle, who is there representing the government.

At the office of the governor it was later announced 400 troops from Douglas have been ordered to the scene in a special train and should arrive in Globe this afternoon.

JUDGE'S FATHER IS AUTO VICTIM

Longview, Texas, July 6.—The father of P. O. Beard, judge of the Seventy-First District Court at Marshall, was thrown from an automobile three miles from here early this morning and killed.

With his son, Mr. Beard was on his way to his home in Henderson. Turning a sharp curve near the city pumping station the elder man fell from the car, receiving fatal injuries. The body was brought here.

Mr. and Mrs. Joel Burrows have gone to Logansport, La., where they expect to make an extended visit to Mrs. Burrows' sister, Mrs. Jaimes, Mr. Hood and other relatives and friends.

A CORKSCREW WITH A HISTORICAL RECORD

Mrs. Mollie Richardson, a lady well known and admired for her many sterling traits of character and womanly ways, exhibited an old corkscrew at this office a few mornings ago which has quite a record of patriotic service, and if we should be "conscripted," we would delight to take this utility of patriotic record along.

The corkscrew seems to be made of steel, and is a little crude in its manufacture, but strong and perfectly preserved. The historical connection runs as follows:

W. B. Mims, a brother of Mrs. Richardson, served his country in the civil war as a member of Co. H, Second Alabama Cavalry, and carried it with him throughout the war. Mr. Mims was with President Jeff Davis when he was captured.

In the Spanish-American war J. E. Richardson served his country in Company H, Sixth U. S. Infantry. He is a son of Mrs. Richardson, and carried this famous old corkscrew through three years service in the Philippines, returning it to his mother at the close of the service.

Mrs. Richardson says that the old relic was registered for service on June 5th, and that she hopes it will serve our country through the present trouble with the same good fortune that it has in the past.

DR. AND MRS. MAYFIELD MOVE TO SAN ANTONIO

Without any stir about it—and refraining from any "good-byes" because of the emotion it would bring to them, Dr. J. E. Mayfield and his accomplished wife have moved to San Antonio making the change for business reasons. Mrs. Mayfield went on some days ago, and the doctor left last night.

The Sentinel has known for some days that this good family were arranging to leave us, but in respect to their wishes we have refrained from reporting it. In this good old town where he has spent practically his whole life, which now reaches the span of time allotted to man, there are so many tender memories for Dr. Mayfield that we can appreciate his emotion, and the tender sentiments he entertains in moving away. In commenting on it, he said that he could not say good-bye to Nacogdoches people, and that he was burning no bridges behind him. Being a man of fine sensibility and modesty, he also requested The Sentinel, a paper through which he has addressed the reading public with many inspiring messages, refrain from any extended comment about him or his departure. In this we shall also respect his wishes, but we can not refrain from the observation that he is a prince among men, and we shall miss his unselfish help, his good counsel, and the daily association with him, which was so congenial and inspiring. His good wife will also be missed, and should they ever decide to return, all Nacogdoches will receive them with outstretched arms.

THE RUSSIAN DRIVE STILL VICTORIOUS

Petrograd, July 9.—Several villages and more than 7000 men have been captured by the Russians west of Stanilous in Galicia, the war office announces.

Forty-eight guns, including 12 of large size, and many machine guns, also were captured by the Russians.

Russian cavalry is pursuing the retreating enemy and has reached the Lukva River. Menace Lemberg Gateway.

Haliez, the gateway to Lemberg from the south seems to sure fall unless the Russian onslaught is quickly stopped. A Russian push northwest from Sanislau would result in Haliez being hemmed in on three sides.

The total Russian captures of men in the present remarkable offensive is mounting rapidly and now is in excess of 25,000.

North of the Stanislaw area General Brusiloff is holding fast to his newly won positions in the vicinity of Brzezany and near Koniuchy, where his troops are well placed for a continuation of the drive upon Lemberg along converging railway lines.

Austro-German counter attacks have failed to shake the Russian possessions of these valuable lines.

LEADING THE WAY.

We have sent them, and they have gone,
Across the ocean's blue;
They have landed 'mid shout and song,
Our soldiers brave and true.
Through submarine infested seas
They sailed with hearts aglow
Old Glory flying in the breeze,
They safely passed the foe.

And now behind the firing line
They're training for the clash;
Soon they will charge the enemy
And o'er his ramparts dash.
For they have gone to lead the way,
To struggle in the fight,
To shed their blood for liberty,
Our country, and for right.

Oh, Allies of the Entente!
We know your cause is just,
We know the fate of nations
That were humbled in the dust;
We've heard the cry of those oppressed
By Prussia's iron hand,
And we are sending to your aid
The flower of our land.
The boys we send are sponsors
For the millions yet at home,
Who just as brave and just as true
Await the time to come,
When they shall meet the common foe
And show the world how men
From our beloved America
Its law and rights defend.

Let those of us who cannot go
Be just as true and brave
And do our bit the same as those
We send across the wave;
For they will fight our battles there
And waver not a one
Until on land, on sea, in air,
The Allies shall have won.

For they will take the stars and stripes
And plant them on the Rhine;
There'll be no trenches then to dig
No straightening of the line,
For there will dawn a brighter day,
The World War then will cease,
Old Glory will be waving and
The world will be at peace.
—DR. WALTER SIVLEY.

THE RUSSIAN DRIVE STILL VICTORIOUS

Petrograd, July 9.—Several villages and more than 7000 men have been captured by the Russians west of Stanilous in Galicia, the war office announces.

Forty-eight guns, including 12 of large size, and many machine guns, also were captured by the Russians.

Russian cavalry is pursuing the retreating enemy and has reached the Lukva River. Menace Lemberg Gateway.

Haliez, the gateway to Lemberg from the south seems to sure fall unless the Russian onslaught is quickly stopped. A Russian push northwest from Sanislau would result in Haliez being hemmed in on three sides.

The total Russian captures of men in the present remarkable offensive is mounting rapidly and now is in excess of 25,000.

North of the Stanislaw area General Brusiloff is holding fast to his newly won positions in the vicinity of Brzezany and near Koniuchy, where his troops are well placed for a continuation of the drive upon Lemberg along converging railway lines.

Austro-German counter attacks have failed to shake the Russian possessions of these valuable lines.

**NORMAL COMMITTEE
HERE THIS MORNING**

**Local Citizens Entertained the
Visitors. Showed Them
Town and Proposed Sites**

The long-looked-for day arrived with early dawn this morning and was ushered in with the ringing of the telephones, fire alarm, and a concert by the Nacogdoches Concert Band, all of which caused the inhabitants to bestir themselves and get the daily routine of business and industry in operation somewhat earlier than usual.

Today is the day appointed for the locating committee of the Stephen F. Austin Normal to visit us.

The visitors came direct from Beaumont, passing up all places on the line. They are making their trip in private cars which were set out here, and they were not disturbed until 5:00 o'clock, when a committee of citizens appointed for the purpose, and the Nacogdoches Concert Band met them at the train and escorted them to the Banita Hotel where a very fine breakfast was served to them and the committee at 6:00 o'clock.

After breakfast was finished, Superintendent R. F. Davis addressed the visitors in the course of which he told them about Nacogdoches, her desire for the great institution committed to their bestowal, and the support we would give it. Immediately following this address, the visitors were loaded into automobiles and taken for ride to several parts of the city, in the course of which they were shown our public school buildings, the old Stone Fort, on to the light and water plants which had been put in fine condition for this meeting and were operating perfectly, thence over the hill to West-end school, the ice factory and other industries in that part of the city, together with the beautiful Crystal Lake. After the general inspection of the town, the visitors were taken to the north-end site from which they doubled back to the south-end site, and so far as the local committee could ascertain they were charmed with both sites, with some preference for the north to that town.

After the inspection of the sites, the visitors and the local committee returned to town, and on back to the Banita Hotel, from which point they resumed their journey, leaving for Timpson, accompanied by the Timpson committee who came down to accompany them back.

The visiting committee was composed of the following gentlemen: A. C. Goeth, president of the Board of Regents of the State Normal Schools; H. A. Turner, secretary; State Superintendent of Public Instruction, W. F. Doughty; M. O. Flowers, of Lockhart; A. B. Martin, Plainview; Robert J. Eckhardt, Taylor; J. S. Kendall, Dallas. They are a party of very pleasant, distinguished gentlemen, and our people who had the opportunity of meeting them greatly enjoyed their visit in a social way as well as the mission which brought them to us. They are men in whom we can rest our claims with a feeling of security that we will receive a fair and square deal and the consideration to which we are entitled.

**GARRISON RALLIES
TO OUR SUPPORT**

The following petition which was circulated in Garrison yesterday afternoon is the best evidence of the support of that town's co-operation and sympathy with us in our effort to cap-

ture the Stephen F. Austin Normal:
Garrison, Texas, July 11, 1917

We, the undersigned business men agree to close our respective places of business on the morning of Thursday, July 12th, and meet the locating committee for the Stephen F. Austin Normal College, entertaining them as best we can while in our midst, using our best energies to the end that Nacogdoches county, and the town of Nacogdoches secure said school:

First State Bank, C. R. Langston, President; D. M. McDuffie, J. D. Garrison, N. H. Jarrett, Dale Drug Co., W. T. Lakey, A. C. Irwin, D. M. Taylor, E. C. Beck, C. B. Powell, Eli Westfall, Prince Garage, J. C. Bell & Co., W. E. Westfall, Garrison & Langston, M. A. Shaver, Superintendent of Schools; Garrison News, J. H. Garrison & Sons, W. O. Campbell, A. C. Irwin, J. F. Fulghum, T. G. Vaught, R. Stallings, J. P. Davis.

Children that are affected by worms are pale and sickly and liable to contract some fatal disease. **WHITE'S CREAM VERMIFUGE** expels worms promptly and puts the child on the road to health. Price 25c per bottle. Sold by Stripling, Haselwood & Co.

Prof. W. H. Rushing, with Mrs. Rushing and their bright son, were visitors to the city today, and were kept busy receiving the greetings of old friends. They are now making their home in Groveton, where Prof. Rushing is serving as superintendent of schools. They had been to Appleby to visit with relatives and friends and came on down here this morning, in their car, in which they are making the trip, to visit other relatives and friends. Prof. Rushing is a native of the county, being reared at Appleby, and Mrs. Rushing is a native of Tenaha, and both are deservedly popular with the people who know them.

Doing Good.
Few medicines have met with more favor or accomplished more good than Chamberlain's Colic and Diarrhoea Remedy. John F. Jantzen, Delemy, Sask., says of it, "I have used Chamberlain's Colic and Diarrhoea Remedy myself and in my family, and can recommend it as being exceptionally fine preparation."

**A NEW INVENTION
FOR AIR FIGHTING**

Washington, July 11.—Favorable report on a resolution providing for a test of mysterious little machine which its inventor claims could propel an aeroplane from Washington to European battlefields and back again without carrying fuel, was voted today by the house patents committee.

T. K. Giragossian, the inventor, says his discovery harnesses at trivial cost an untapped ocean of power. The committee's resolution would guarantee governmental protection in case he demonstrates the usefulness of his machine to five scientists.

HOW'S THIS?
We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine.
Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts thru the Blood on the Mucous surfaces, expelling the Poison from the Blood and healing the diseased portions.

After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Medicine at once and get rid of catarrh. Send for testimonials, free.
F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

**THE NEW AUTOMOBILE
LAW.**

The state road law becomes effective July 1, 1917, and provides:

That every motor vehicle shall be licensed by the state highway department before it may lawfully be driven over any street or road within this state.

That upon every motor vehicle so driven there must be displayed the seal of the highway department—upon the front end of autos and the rear of motor-cycles.

That the highway department may refuse to license any unsafe vehicle to the roads and may revoke the license of any which becomes unsafe.

That all motor vehicles must plainly display on the front thereof number plates corresponding to the numbers assigned such vehicle by the highway department.

That heavy penalties accrue in case registration fees are not paid when due and the highway close on the vehicle to enforce the collection of such fees and penalties.

That all autos must display at night and in fogs at least two white lights upon the front which shall be visible 500 feet in front of the car, and one red light in the rear which shall be visible a like distance. Under the same conditions a motorcycle or bicycle shall display one in rear which shall be visible 500 feet away.

All motor vehicles must at all times be provided with adequate brakes in good working order.

No muffler cutouts shall be used in any towns or highway near a closely built up section; and all vehicles shall be so arranged as to prevent unnecessary noises.

No drunk or intoxicated person shall drive a vehicle in this state.

No vehicle shall be left in any public highway unless the brakes are set and the motor stopped thereon.

All vehicles shall be driven in a careful manner with due regard for the safety and convenience of pedestrians.

Two vehicles passing each other shall have the right of way, and no other vehicle shall pass or attempt to pass such vehicle.

All travel shall be upon the right hand side of the highway unless the road on the left shall be clear and unobstructed for at least 500 yards ahead.

Every precaution shall be used in passing a vehicle drawn by a horse or horses, or a person riding a horse, to prevent frightening the person or persons riding or driving the same.

In passing any interurban railroad or street car while passengers are alighted from boarding same, a motor vehicle shall be operated as to insure the safety of such passengers—even though it may be necessary to stop said motor vehicle.

Police patrols, ambulances, fire engines, etc., shall have the right of way at all times, but shall exercise due care at all times.

In crossing railroads and interurbans at grade, all motor vehicles and motorcycle and motorcycles shall reduce their speed to six miles an hour where the view of said crossing is obscured, even partially.

In case of any collision between a motor vehicle and any other object, the driver of and all persons in control of such vehicle shall stop and render such aid as possible, including the carrying of any injured person to the physician or hospital, and shall furnish all information that may be asked by the persons damaged. Violation of

this provision shall be punished with imprisonment in the state penitentiary not exceeding five years or by a fine not exceeding \$5000.

No race or contest for speed shall be held upon any road or highway in this state.

All vehicles shall be driven in a careful manner and at a rate of speed reasonable and proper. No vehicle may exceed 25 miles an hour anywhere; nor in closely built up territory 18 miles an hour; nor in business districts of more than 10 miles an hour; nor in passing other vehicles on any road of more than 15 miles an hour.

All chauffeurs shall have a special license issued by the state highway department, and shall display a metal badge furnished by the department.

Teething babies always have a hard time of it when this process occurs in hot weather. They not only have to contend with painful gums but the stomach is disordered, mowels loose and the body uncomfortable. The best help you can give the little sufferer is **McGEE'S BABY ELIXIR**. It corrects sour stomach, cools and quiets the bowels and helps digestion. Price 25c and 50c per bottle. Sold by Stripling, Haselwood & Co.

Mr. and Mrs. John Schmidt and Mr. and Mrs. Herbert Schmidt have returned from a few weeks visit to Galveston, feeling much refreshed for the outing.

Are You One of Them?
There are a great many people who would be very much benefitted by taking Chamberlain's Tablets for a weak or disordered stomach. Are you one of them? Mrs. M. R. Searl, Baldwinville, N. Y., relates her experience in the use of these tablets: "I had a bad spell with my stomach about six months ago, and was troubled for two or three weeks with gas and severe pains in the pit of my stomach. Our druggist advised me to take Chamberlain's Tablets. I took a bottle home and the first dose relieved me wonderfully, and I kept on taking them until I was cured." These tablets do not relieve pain, but after the pain has been relieved may prevent its recurrence.

Editor Tom Molloy of the Timpson Times came down with the Timpson committee this morning, and honored this office with a pleasant call while here. Mr. Molloy is one of the most aggressive and deservedly prominent publishers of East Texas, and the paper with which he is connected in one of the forces which helps keep Timpson so prominently on the map.

If you have the itch, don't scratch. It does not cure the trouble and makes the skin bleed. Apply **BALLARD'S SNOW LINIMENT**. Rub it in gently on the affected parts. It relieves itching instantly and a few applications removes the cause thus performing a permanent cure. Price 25c, 50c and \$1.00 per bottle. Sold by Stripling, Haselwood & Co.

1200 BRITISH WERE CAPTURED BY GERMANS
Berlin, July 11.—via London—More than twelve hundred prisoners have been taken by the German marine corps in the Yser district of Belgium, army headquarters announced today.

London, July 11.—The enemy penetrated the British position in Belgium on a front of 1400 yards to a depth of 600 yards, says a statement issued by the British war office today.

**INTERESTING PROGRAM
COMING FRIDAY NIGHT**

In connection with the Band Concert Friday night there will be a Red Cross rally five minutes talks to make known what has been done and what is being done by the Nacogdoches county chapter. The meeting will be held in the open air in the court house square, and benches will be provided for the comfort of those attending. There will also be arrangements made for parking cars at advantageous positions, and the streets will be closed during the time of the meeting to avoid interruption.

The committee, Mrs. Gillette and Mrs. Sweatland, have submitted the following program, which has been made most attractive by the co-operation of the local band director, and by the kind consent of Mr. Ulric Wilson to render a vocal solo. The talks will be very brief and concise, and any one who is in doubt as to the functions of the Red Cross can bring their questions in to be answered at the time of the question box address.

The program, opening with the National anthem, "The Star Spangled Banner," will be as follows:

- March—E. Pluribus Unum, Nacogdoches Band.
- Report of Financial Standing—June C. Harris.
- Serenade, "Night in June," Nacogdoches Band.
- Popular Rag, "Ragging the Scales," Nacogdoches Band.
- What Will a Dollar Do for a Wounded Soldier, Eugene H. Blount.

- Saxophone Sextet, Selected—Saxophone Super-six.
- Overture, "Sky Pilot"—Nacogdoches Band.
- "The Good Samaritan," Rev. Taylor.
- Vocal Solo, Selected—Ulric Wilson.
- March, Jubilator—Nacogdoches Band.
- Red Cross Talk—S. M. King.
- Saxophone Sextet—Selected—Saxophone Super-six.
- March, "Path of Honor," Nacogdoches Band.
- Question Box—Rev. Atwell.
- "Dixie" Nacogdoches Band.
- Don't fail to be there Friday night.

The speakers are all noted for their addresses. The chairman will answer, to the best of his ability, any pertinent questions, and as for the soloists and band, anything we might say about their ability to entertain would be superfluous. Come to stand for "The Star Spangled Banner," and stay to cheer "Dixie."

Advertising Manager.

Chamberlain's Colic and Diarrhoea Remedy.

Now is the time to buy a bottle of this remedy so as to be prepared in case that any one of your family should have an attack of colic or diarrhoea during the summer months. It is worth a hundred times its cost when needed.

**SAVE AN OUNCE
OF MEAT DAILY**

Washington, July 11.—To conserve the nation's meat supply each person in the United States is asked by the food administration board to cut down at least one ounce of the amount of meat eaten each day.

The adoption of this suggestion will, it is believed, relieve the demands of the armies at home and abroad and also leave a larger supply for the allies.

Cause of Despondency.
Despondency is often caused by indigestion and constipation, and quickly disappears when Chamberlain's Tablets are taken. These tablets strengthen the digestion and move the bowels.

**WALL STREET HAD
BETTER LOOK OUT
SAYS UNCLE LARK**

**Well Known Retired Capitalist
Says he Now Feels Younger
Than his Son-in-laws and
is Ready to Start Life
All Over Again.**

(From Thomaston, Ga. Times.)
Uncle Lark Farley says, "I can personally recommend Tanlac to anybody." Both he and Mrs. Farley have gained several pounds and their health generally is improved.

Uncle Lark needs no introduction in this county, but as the Times has some few readers abroad we'll tell them who he is. Away back in the 70's, we think it was, a poor country boy, who was too delicate to work on his father's farm, opened up a little country store which he operated successfully for thirty-five years losing only \$35 in bad accounts during his entire business career. Finally his health became so bad that he had to give up his business. Then he came to Thomaston and soon afterwards organized the Bank of Thomaston, of which he has been the Financial Backer ever since.

Two months ago, Uncle Lark and his wife commenced taking Tanlac and now he says that his stomach is in the very best of condition and his knees have limbered up and pain him very little. He is confident that another month's treatment of Tanlac will entirely restore his health which he lost in childhood and if he does, believe me, Wall Street had better look out for a man who can make the fortune Uncle Lark has with his health, what will he do as a well man? Uncle Lark is known as a Retired Capitalist, but, he says he is now a younger man than either of his numerous Son-in-laws and is now ready to start life all over again.

Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co., and Swift Bros. & Smith, in Garrison by Garrison Drug Co., in Appleby by Weatherly Bros., and in Sacul by Arkan Cranford.

**42,000 PRISONERS
IN TWO DAYS**

Petrograd, July 11.—According to a telegram received from the general staff the pursuit of the enemy in Galicia continues. The capture of Halicz, strategic key of Lemberg, is confirmed, the Russians taking 2000 prisoners and more than thirty guns.

The Russians have reached the Posiecz-Lesivka-Kosmacz line. In the fighting between Sunday and Tuesday in the direction of Dolina the Russians took more than 10,000 prisoners and 80 guns.

They also advanced westward to the left bank of the Lomnica River and pressed forward in the Gogardchan-Zolotvin front. These announcements were made by the war office today.

A bilious, half-sick feeling, loss of energy, and constipated bowels can be relieved with surprising promptness by using HERBINE. The first dose brings improvement, a few doses puts the system in fine, vigorous condition. Price 50c. Sold by Stripling, Haselwood & Co. eodw

District Clerk Normal B. Hall and family have returned from a fortnight visit to relatives in North Texas. They made the trip in the family car, having no car trouble on the trip, and in all things a most enjoyable outing. Mr. Hall says that the corn crop in much of the country he traveled over is a total failure by reason of the drought.

Caro-Northern Ry. Company's Sale of Refused Over and Damaged Freight

The Caro Northern Ry. Co. will sell to the highest bidder, on Saturday, July 28th, 1917, the following articles:

- 1 Davenport, upholstered leather, consigned to W. G. Ross.
- 1 Roll roofing paper, consigned to W. A. Davis.
- 1 Bbl. E'ware, consigned to Mt. Enterprise Gro. Co.
- 4 Boxes Stock Food, consigned to W. A. Elliott.
- 4 Crts. Pump Oil Cans, consigned to W. A. Elliott.
- 1 Keg gin grease, consigned to Wallace Gin Co.
- 1 Mattress, consigned to W. L. Davis.
- 1 Box soap powder, consigned to E. Searles.
- 2 Cs. baking powder, consigned to C. L. Dennard.
- 1 Bbl. roofing paint, consigned to G. L. Crawford.

This advertisement to be published once a week for five consecutive weeks in accordance with the law. No bids will be received by mail, and all sales are subject to payment upon receipt of goods on date of sale.

G. L. Shirley, Traffic Manager.
CARO-NORTHERN RAILWAY COMPANY

CITATION BY PUBLICATION

To the Sheriff or any Constable of Nacogdoches County—Greeting:

You are hereby commanded to summon Francis Treanna by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the district court of Nacogdoches County, to be held at the court house thereof, in Nacogdoches, on the 1st Monday in September, A. D. 1917, the same being the 3rd day of September, A. D. 1917, then and there to answer a petition filed in said court No. 448, wherein Gus Treanna is Plaintiff and Francis Treanna is defendant, and said petition alleging that plaintiff and defendant were legally married in Nacogdoches county, Texas, on or about the 22nd day of August, A. D. 1908, and continued to live together as husband and wife until on or about the day of Sept. A. D. 1914, at which time defendant left the bed and board of plaintiff to live in adultery with one Paul Hernandez, since which time plaintiff and defendant have not lived nor cohabitated together as husband and wife. That the conduct and action of or such a nature as to render their ever living together again as husband and wife insupportable.

Wherefore plaintiff prays the court that defendant be cited to appear and answer herein and upon a final hearing hereof he have judgment dissolving the marital contract which still exists, for cost of suit, and for such other and further relief both general and special, in law and equity as he may be entitled to receive and will pray.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Nacogdoches, this 27th day of June, A. D. 1917.

N. B. HALL, Clerk.
District Court, Nacogdoches County.

CITATION BY PUBLICATION

To the Sheriff or any Constable of Nacogdoches County—Greeting:

You are hereby commanded to summon Josh Malone by making publication once in each week for four successive weeks previous to the return day hereof in some newspaper published in your county, to appear at the next regular term of the District court of Nacogdoches County, to be held at the Court House thereof, in Nacogdoches, on the 1st Monday in September, A. D. 1917, then and there to answer a petition filed in said court on the 23rd day of June, A. D. 1917, in a suit, numbered on the docket of said court No. 446, wherein Rebecca Malone is Plaintiff and Josh Malone is Defendant, and said petition alleging that on June 12th, A. D. 1913, Plaintiff and Defendant were lawfully married to each other in Nacogdoches County, Texas, and thereafter lived and cohabitated together until on or about the 18th day of October, A. D. when defendant with out cause or provocation on the part of this plaintiff abandoned the bed and board of this plaintiff, since which time they have not lived or cohabitated together as husband and wife.

That during the time plaintiff and defendant lived together she made him a kind and dutiful wife, but notwithstanding his marital vows he abandoned her as above alleged.

That as a result of said marriage there was born unto plaintiff and defendant a boy now about three years old, and named Oscar Allen Malone.

Wherefore plaintiff prays the court that defendant be cited to appear and answer in this suit, and that upon a final hearing hereof she have judgment dissolving said bonds of matrimony now existing between plaintiff and defendant, for custody of said child, for cost of suit, and general relief.

Herein fail not, but have before

said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Nacogdoches, this 23rd day of June, A. D. 1917.

N. B. HALL, Clerk.
District Court, Nacogdoches County.

CITATION BY PUBLICATION

To the Sheriff or any Constable of Nacogdoches County—Greeting:

You are hereby commanded to summon Luther Warren, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county to appear at the next regular term of the District Court of Nacogdoches County, to be held at the Court House thereof, in Nacogdoches, on the 1st Monday in September, A. D. 1917, the same being the 3rd day of September, A. D. 1917, then and there to answer a petition filed in said court on the 23rd day of June, A. D. 1917, in a suit, numbered on the docket of said court No. 447, wherein Alice Warren is Plaintiff, and Luther Warren is Defendant, and said petition alleging that on or about March 31st, 1907, Plaintiff and Defendant were lawfully married to each other in Nacogdoches County, Texas, and thereafter lived and cohabitated as husband and wife, until on or about the day of A. D. 1914, when Defendant without cause or provocation on the part of this plaintiff, abandoned the bed and board of this Plaintiff since which time they have not lived or cohabitated together as husband and wife. That during the time they lived and cohabitated together as husband and wife, Plaintiff made defendant a kind, dutiful and obedient wife, but defendant notwithstanding his marital vows was cruel to plaintiff, would stay out nights from she and their children, when they were without protection, and finally when plaintiff came at defendant's request to her father's on a visit, defendant refused to let her return and has since refused to provide for and support plaintiff and her children by said marriage.

That as a result of said marriage there was born unto plaintiff and defendant the following children—L. D. Warren, a boy about nine years of age; Nora Warren, a girl about 7 years of age; and Lance Warren, a boy about 5 years of age, all of said children now living with Plaintiff. Plaintiff says Defendant refuses and has refused since he abandoned her to support said children and she has had the care and custody of them since the separation. That defendant is not a proper person to have the care and custody of said children, he being a man of violent temper, but that she is the proper person to care for and educate said children and that she is willing and able to so care for and educate said children.

Wherefore premises considered, Plaintiff prays the court that Defendant be cited to appear and answer this petition and that upon a final hearing hereof she have judgment dissolving said bonds of matrimony now existing between them, that she be given the care and custody of the said children for cost of suit, and for such other relief that she may be entitled, in law and equity as she will ever pray.

Herein fail not, but have before said Court at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Nacogdoches, this 23rd day of June, A. D. 1917.

N. B. HALL, Clerk.
District Court, Nacogdoches County, Texas.

CITATION BY PUBLICATION

To the Sheriff or any Constable of Nacogdoches County—Greeting:

Herein fail not, but have before

DISTILLED LIQUOR GETS DEATH BLOW

Washington, July 7.—The senate went on record today in favor of national "bone-dry" prohibition during the war so far as whisky and other distilled beverages are concerned.

Liquor legislation was written into the food bill in one of the senate's bitterest contests which would strike at consumption of distilled intoxicants by commandeering stocks in bond in addition to absolutely prohibiting their manufacture or importation. The beer and wine industries would be undisturbed.

In lieu of the section of the house bill to prohibit the manufacture of foodstuffs into beverages of any description, the senate substituted by a vote of 45 to 37 a provision prohibiting manufacture and importation of distilled beverages during the war and added by a vote of 65 to 12 a further clause directing the president to take over all distilled spirits in government bonded warehouses and pay for it on the basis of cost plus 10 per cent.

While the final prohibition legislation will be evolved in conference between the two houses, it is generally regarded as possible that the house will accept the senate's change after a fight in behalf of the original section.

THE MOSQUITOS.

Talking about your clean up, of course that is mostly for the Normal committee, as well as for the health, that is a good move, but I have not seen or heard a word about the mosquitoes. I think that is more important than the cleanup. The creeks and pools got full of wiggletails last year, as it is doing now, and the people could not hardly live, so the same thing is happening again. I think it would be a good idea to have these places oiled again, and keep it up, as it is the city's place to look after things that will prevent sickness. Let's not have the Normal committee met by a band of mosquitoes as well as the local band.

A Citizen.

CHAMPION TOMATO.

The largest tomato The Sentinel has seen this season was presented by Mrs. Ida Cottingham Saturday afternoon.

Mrs. Cottingham lives on Pillar street, close in, but has enough room for a small garden at her home and she has made good use of it as a description of this tomato will prove.

The largest tomato in the basket was fifteen inches in diameter, and weighed 1½ pounds. The others were nearly as large, and it was the finest basket of this particular vegetable the writer ever saw.

A JOYOUS RE-UNION

MOTHER AND CHILDREN

Mr. R. R. Wilson went down to Chireno yesterday (Sunday) on a visit to her old home of happy days gone by—but there are happy days here now for her and her seven living sons and one daughter.

They all met together yesterday, and are having a joyous family reunion. One of the sons lives in St. Louis, another in Liberty, Texas. All of them are settled and in good prosperous shape. What a blessing and pride to the loving mother, as well as to the entire family, and to their fellow-beings! And to complete it all, Mrs. Wilson herself, though many years a widow, has always been successful and is moderately "well fixed" and highly esteemed.

GRAVE YARD WORKING.

There will be a grave yard working at Melrose Friday, July 20. Everybody interested come and bring something to work with, and plenty of dinner.

DATE IS NAMED FOR FEDERALIZING GUARD

Washington, July 7.—All units of the national guard will be drafted into the federal service on Aug. 5, in order to preserve the rank of the officers, and in doing so the department will make a distinction between "calling" the guard to the federal service and "drafting" into the federal service. Under the former status the guard could be used anywhere in the United States only, but when drafted it may be used in or outside the United States.

The units will be called July 15 and 25 and Aug. 5, and the formality of drafting will be on the last given date. Officers rank according to date of their commission issued by the governors. The idea of drafting the entire guard on the same day would bring all national guard officers into the federal service at once, thus leaving precedence in rank just as it was when they were members of the state organizations.

The guard needs 106,880 additional men to bring it to war strength, and the impression prevails that the number lacking when the selective draft is placed in operation will be supplied by those called under the national army act. The same will be true of the regular army. At this time there are 705,000

in the army, navy and national guard, but when additional recruits are secured and the selective draft applied the department estimates that on Sept. 1, the total immediately available for service in all branches of the country's fighting force will be 1,580,000.

The department has extended recognition to a number of national guard units, the organization of which has been authorized but not completed, in order that the states might receive full credit for all their men under arms in computing the quota of the states due for the national army, or that portion of the fighting force to be secured by the selective draft, that total to be 650,000. The most notable national guard increase under this recognition is that of 7,845 men and twenty officers for the state of Texas.

The Texas guard already called to the federal service is 784 men and 179 officers.

All Southwestern states now out will be called to the federal service on Aug. 5, and drafted into the service on the same date.

Associate Justice S. M. King of Beaumont, who went to Austin with the Normal committee, returned to the city with Prof. Davis yesterday for a little visit to relatives and friends here before going on to his home in Beaumont. Before the committee, Judge King made unequal recommendation of Nacogdoches as the logical place for the institution. He told the committee that Beaumont, his present home, was also an applicant, and that he was never disloyal to his home in any legitimate enterprise—that he had been a friend to Beaumont in the past which was proven with results, and that he would be in the future when possible, but in the present instance he was unqualifiedly in favor of Nacogdoches. No loyal citizen of this town and county should ever forget this great service which contributes as much, or more, than any other agency to our success if we succeed, and if we fail it will be no fault of his.

Martell Hall, who had been in the city visiting with his parents, Mr. and Mrs. J. Thos. Hall, for several days, left yesterday afternoon for New York, where he goes to enter the service of his country as previously noted in this paper. He went via Galveston where he took a steamer. The many friends of this bright young man in this city trust that he will be able to do the brilliant service for his country that would be well pleasing to his ambition, and after the war, be returned safely to us.

FOR SALE

A bully good Bull Calf from one of my highly bred registered Jersey Cows. Must be taken at once. D. K. CASON. 26-2td-2w.

25 Tie Makers Wanted. 25. For jobs at Cushing and Mahl. Good timber, pine or hardwood. Good prices; pay once a week. For particulars see SPEARS & ORTON, 5-wtf. Nacogdoches, Texas.

Five good cows, properly handled, will make more clear money in a year's time than you can make profit on ten bales of cotton. Can you make ten bales of cotton? You need a separator; Sooner or later you will buy a DeLaval. See and try one before you get sorry. H. H. Cooper. 25-tf

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royse City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl... my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me... but I got no better. I got worse and worse until the misery was unbearable... I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial. J. 75

CEMETERY ASSOCIATION.

The Cemetery Association met Saturday, the 7th of July, at 4:30 o'clock, with Mrs. J. B. Wilson.

Several members were present and our most worthy president, Mrs. Peavy opened the meeting by reading a chapter from the Bible, and Mrs. J. O. Ray leading joined by all present in repeating the Lord's prayer. Then Mrs. Ida Cottingham, secretary called the roll, each one answering by paying monthly dues which amounted to \$1.85, and outside collections which amounted to \$4.50, making a total of \$6.25, which amounts was turned over to our treasurer Miss Mary Hoya.

The hour was spent mostly in discussing the upbuilding of association, and a committee was appointed to see all who are due back dues. Some in town owe two and three years, and the secretary would appreciate the payment at once, and the Society would appreciate the information as to whether or not they wish to remain as members. Any one having loved ones buried there will be thanked for any amount they can contribute, in which you will thereby help keep the cemetery more beautiful.

Before the Association was organized, the home of the dead was overgrown with weeds over six feet high, and it was dangerous to walk about in the place. Now it is a place of beauty, and can be improved if all will pay a little toward having it kept clean. So give a thought to your dues and pay up the arrears.

A MEMBER.

Dr. W. H. Bruce, Osteopathic Physician, Redland Hotel.

IRON WANTED.

Will pay \$5.00 per ton for scrap iron, free from she-iron and tin, delivered Nacogdoches Elevators Company's warehouse. Also want all other kinds of junk. Claibe Johnson, wtf

Bruce Forrester left for Nacogdoches today for a few days visit.—Athens Daily Review.

Little Miss Hilda Hodges, daughter of Mr. and Mrs. Chas. Hodges, has been quite sick for several days past.

Mrs. W. P. Devereaux and little son, Billy, from Minden, La., are visiting Mrs. S. A. Richardson for a few days.

Mrs. Jack Gage of Orange has been in the city several days visiting her parents, Mr. and Mrs. A. B. Meador.

A. A. Turner, one of the popular rural mail carriers of Garrison was a visitor to the city today.

G. W. Manning, a good farmer living out a few miles from town, was a pleasant caller at the office Saturday afternoon.

The information is gleaned from the News of this city that Mr. Guy Blount of this city visited Lufkin yesterday.

Rev. M. C. Johnson went to Marshall this afternoon in response to a message announcing the illness of a sister.

Mr. and Mrs. J. E. Wilkerson have returned from a visit to Trinity, accompanied home by Mr. and Mrs. Lee Wilkerson and little son.

Miss Nannie Wright has returned to her home in Henderson after a visit to her sister, Mrs. Sam Stripling, in the city.

Misses Bernice and Zelma Wilkerson have returned from a three weeks' visit to relatives in Trinity.

WANTED—To buy a farm in Nacogdoches Co., from owner. Mention price in reply. Address J. W. Lee, Katy, Texas.

Miss Abbie Nelson of Nacogdoches is visiting her friend, Miss Golda Moses of this city.—Timpson Times.

Mayor Matthews of Nacogdoches, who has been spending a few days in the city on business, has returned home.—Timpson Times.

A drowsy, half-sick, discouraged feeling is caused by a torpid liver and impurities in the stomach and bowels. Prickly Ash Bitters is a prompt and efficient remedy. Try it. Stripling, Haselwood & Co., Special Agents.

Mr. and Mrs. H. V. Howland, who have been making their home in this city the past several months, left last night for Los Angeles, California. These most excellent old people made many friends during their sojourn with us who regret to lose their citizenship.

One of the most delightful treats The Sentinel force has enjoyed this season came to us from Mrs. Leander Liles yesterday afternoon when she presented us with a basket of home grown grapes that would put the California variety to shame.

A coated tongue, bad breath, dizziness and a clogged condition in the bowels can be quickly relieved by using Prickly Ash Bitters. It is preeminently efficient in such ailments. Stripling, Haselwood & Co., Special Agents.

CITATION BY PUBLICATION.

To the Sheriff or Any Constable of Nacogdoches County—Greeting: You are hereby commanded to summon G. R. Greene by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Nacogdoches County, to be holden at the Court House thereof, in Nacogdoches on the 1st Monday in Sept., A. D. 1917 the same being the 3rd day of Sept. A. D. 1917, then and there to answer a petition filed in said Court on the 11th day of July, A. D. 1917, in a suit numbered on the docket of said court No. 418, wherein Mrs. Della Greene is Plaintiff and G. R. Greene is defendant, and said petition alleging: Plaintiff and Defendant were lawfully married in the year of 1910 and continued to live together as man and wife until March, A. D. 1916. That during their cohabitation Plaintiff made defendant a loving and true wife, discharging all duties of a dutiful wife. That during said relationship there were born to Plaintiff and Defendant two children, a boy and a girl. Alma, a girl of 5 years of age, and Marvin, a boy 3 years of age. That said children are now with Plaintiff and she is caring for them. That notwithstanding her discharge of all wifely duties toward said Defendant, he in total disregard of his duties as a husband and in violation of his marriage vows, and obligations in the month of March abandoned this Plaintiff and in illicit companionship with another woman left his house and wife and their children, and in criminal relations with her, fled the country to parts unknown to Plaintiff, since which time she has never heard one word from him nor learned his whereabouts.

That the conduct of Defendant constitutes such cruelty towards Plaintiff as to render their ever living together again insupportable.

Therefore Plaintiff prays for judgment for divorce from said defendant and for the custody of the children and for general relief as she may be entitled to receive in law and equity.

Heherin Fail not but have before said court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and Seal of said Court, at office in Nacogdoches, this the 11th day of July, A. D. 1917.

N. B. HALL, Clerk, District Court, Nacogdoches County.

YOU CAN AFFORD IT.

Facts and Figures on Young People's Earning Ability.

From \$100 to \$150 pays for a complete life scholarship, including books and board, in Bookkeeping, Shorthand, Telegraphy, Business Administration and Finance in our school. When one or more of these courses is finished, we will place the graduate in a position where his first two or three months salary will reimburse him for all necessary tuition and board paid for the course. The graduate seeing that he can now earn \$3.00 where before he could earn but \$1.00 will soon admit that if he had to borrow every cent of the money to pay board and tuition, that it was the best investment he ever made.

Traffic is unusually heavy on all railroads, which means additional help in all departments. All the railroads, as well as the U. S. Government, is urging young men and women to learn Telegraphy. They are calling on us daily. We are unable to fill them owing to the great demand for help. Enroll now for a course of Telegraphy and help us supply the demand for operators.

With the famous Byrne Shorthand and Practical Bookkeeping, and our practical way of teaching Telegraphy and Railway Station Work, we give the stu-

LEMON JUICE IS FRECKLE REMOVER

Girls! Make this cheap beauty lotion to clear and whiten Your Skin.

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

Mr. and Mrs. Perritte of Attoyac have been in the city this week, coming up to be near their son, Judge Perritte, who had an operation a few days ago.

Mr. Dee Brown and family attended the picnic at Cold Springs yesterday and report a most enjoyable trip.

Mrs. G. P. Parks of Nacogdoches visited a few days this week in Brookeland and Mrs. H. C. Downs of this city.—San Augustine Tribune.

Right Now!

We have seven good milk cows, better than the average. Few with baby calves and others to be fresh in next few days.

Terms: Cash or trade.

GRAVEYARD WORKING.

There will be a graveyard working at Jacobs' Chapel on July 27th, 1917. Everybody that is interested come and bring tools with which to work, and all bring basket of dinner.

W. F. BUTLER,
Woden, Texas.

Mr. and Mrs. R. C. Linthicum of Jasper county are in the city, Mrs. Linthicum coming up for an operation which she had at the sanitarium a few days ago, and from which she is recovering nicely. Friends of the family in the community will be pleased to learn that they are doing nicely at their new home in Jasper county where Mr. Linthicum is gradually putting in a big cattle ranch.

Mr. A. W. Duncan, father of Mrs. Langston King and Mrs. Louis Muller of this city, came up from Lufkin and had a surgical operation at the hospital yesterday in which he had an afflicted eye removed. He was attended by Dr. Matthews of Lufkin, who has been treating him, on the trip, and his friends will be pleased to learn that he is doing nicely.

YES, LIFT A CORN OFF WITHOUT PAIN

Cincinnati Authority Tells How To Dry up Corn or Callus So it Lifts Off With Fingers.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn or callus, stops soreness at once, and soon the corn or hardened callus loosens so it can be lifted out, root and all without pain.

A small bottle of freezone costs very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any freezone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.

Mrs. Geo. F. Rainbolt, who underwent an operation at the sanitarium some days ago, has sufficiently recovered to be able to move home, and is reported to be doing fine.

S. MINTZ

RED CROSS NEWS.

A nice, free will offering was made last Sunday by the Fairview Sunday School to the Nacogdoches Red Cross Branch. This progressive little body of Christian workers sept the sum of \$9.42 Monday afternoon and on behalf of the organization I tender this expression of thanks to the Fairview Sunday School.

DAGMA KELLEY,

Secretary Nacogdoches Red Cross Branch.

Rev. Horace N. Cunningham, who is now serving as pastor of the Presbyterian church at Sour Lake, was in the city yesterday and today, coming up to visit his father, Rev. J. N. Cunningham, who has been ill for some days. He will return to his work this afternoon. Friends of the young man will be pleased to learn that he is doing nicely with his new work at Sour Lake, and the people he is serving are highly pleased with him.

SAW MILL BURNS.

The Kindred-McNair Lumber Co.'s saw mill, planer and about forty thousand feet of lumber, located near Mayo, is reported to have been destroyed by fire a few weeks ago.

No insurance was carried, and the loss falls pretty heavy upon the owners.

Bertie Muckleroy was brought to the sanitarium this morning, where he will undergo an operation for the injury he received in his head by a crosscut saw falling on him a few days ago. Not much hope is entertained for his recovery, but his loved ones are giving him every chance possible, and hope that an operation will save him.

Mrs. George F. Rainbolt, who recently underwent a very serious operation, and about whose condition much uneasiness was felt by her loved ones at first, is reported to be improving nicely now, having been clear of fever several days, and hopes are entertained that she can soon be moved home.

Mr. and Mrs. Jas. B. Dorsey of Cushing are in the city, spending the week with Mr. Dorsey's parents, Mr. and Mrs. John Dorsey. Mr. Dorsey is cashier of one of the banks at Cushing, from the duties of which he was given a little vacation, and he is spending it here, enjoying the association of relatives and old friends.

NOTICE TO YOUNG MEN WHO HAVE JOINED ARMY

And others who want Insurance—Praetorian Life Insurance appeals to the masses.

They feature 10, 15 and 20 pay life policies with extended time and paid up insurance. The policy also carries accident feature which pays the face of policy for the loss of two limbs, one-fourth for loss of one limb. Insurance in force \$28,974,415.00; benefits paid over \$1,175,000.00.

Compare our plans, rates and insurance is all we ask. We write special war policy, very attractive; also write women same as men, age 16 to 55. Phone 359. C. B. Brewer, Agent.

Prof. Davis arrived home from Austin yesterday where he spent several days with the Normal committee, remaining over to select a couple of teachers to fill vacancies in the schools of this city. With his stately bearing and ease of manner, together with his natural eloquence, Prof. Davis is a great force in anything he goes after, and the committee chose him to make the presentation speech in Nacogdoches application for the location of the Stephen F. Austin Normal, which he did in a forceful manner.

S. R. Creel, one of our model farmers and truck growers, has raised a large crop of very fine tomatoes, one tomato weighing exactly one pound and measuring 14 inches in circumference. Mr. Creel also has some very fine water melons, corn and cotton. All grown on Belton Reid's land, near the lake.

Capt. A. W. Oliver, a well known teacher of Shelby county, is in the city today, coming over to take a civil service examination. Capt. Oliver was once captain of a prosperous military company, and with the approach of the war we have now, was very anxious to get into the service and do his bit for his country, but could not get a commission on account of his over-age. He is a more robust, active man than many who are engaged in the service, but he can't get away from the record.

Don't forget the name of the remedy you need when the stomach or bowels are disordered. Prickly Ash Bitters quickly corrects such troubles and makes you feel bright and cheerful. You should have a bottle at home all the time. It is the dose taken promptly that prevents sickness and expense. Stripling, Haselwood & Co.
