### THE NEXT DRAFT CALL SEPTEMBER EIGHTEENTH

The Local Exemption Board received the following telegram this morning from Adjutant General Hutchings:

"Will you be prepared to furnish ninety-eight white men on movement from September nineteen to twenty-third? If not, why not?"

This will be the next forty per cent of the quota for Nacogdoches county, and if the Board gets its certified list back in time, it will endeavor to get the men ready for the call.

To make this last statement better understood, The Sentinel will explain that the Board was required to send its list to headquarters where they will be examined and certified to, which puts every name contained on it into service subject to the conditions of call and examination. These lists have not yet been returned, but the Board is looking for them in every mail, and the minute they are received a list of names will be made up with which to supply these ninety-eight white men.

The negroes in the list will be taken in a separate, independent call, the department having decided to handle them in separate units.

Mr. and Mrs. A. A. Turner of Garrison were in the city this morning.

## Special Introductory Prices on "Pueblo Hog Fence"

A strictly high grade fence at a price you can afford to pay. A real bargain,---nothing cheap about "PUEBLO" Fence but the price. For a few days we will sell:

**20 inch high 6-20-12 Fence at 22½c rod**  
**26 inch high 7-26-12 Fence at 26¼c rod**

We will sell "PEUBLO" Fence at these low prices for a few days and if you are going to buy any fencing this year we would suggest that you buy now. We have a big stock now but when this is sold prices will be a whole lot higher.

Buy now and you will save money.

## CASON, MONK & CO

### APPLEBY-WILL HAVE PROTRACTED MEETING

The Sentinel is in receipt of a letter requesting publication of the announcement that Rev. Dan Leak will begin a revival meeting at Appleby on Saturday night, the 15th inst. and continue about ten days.

Dr. Leak is well known to the people of Appleby and all Nacogdoches county, and much in-

terest will be attracted with the announcement of his coming.

### MARRIED-YESTERDAY

Mr. W. N. Jones and Miss Rosella Grigsby, a young couple of good appearance, coming from good families of the Needmore community, were married at

the court house yesterday afternoon. Esquire Frank Huston officiating.

## Fashionable Clothes for Men

Never before has there been offered the men of Nacogdoches such wonderful models, fabrics and colors in clothes. We claim to please the most critical and exacting dressers

Trench styles are the keynote of fashion. The trench coat is shown in the newest sack suit. They are made with best all around, the backs are patch, shirred or inverted effects.

For the more conservative dresser there is an ample variety of plain backs, English or moderate form tiling made shown with plain or patch pockets. We feature clothes to fit the different figure types, and no matter which one is your type we will fit you in a price ranging from

**\$10.00, \$12.50, \$15.00, \$16.50 and up**

### Introducing Autumn Hats

A soft Hat comes natural to most men for general wear. We are showing the newest models and colors of Hawes **\$2.50, \$3.00, \$4.00** and other popular makes at

**Men's Smart Neckwear** Strictly gentlemen's Neckwear, in rich subdued colorings. Bought under-price. Regular 75c values. They are placed on sale as a special **50c** and are a bargain at

**Boy's School Time Clothes** There are no substitutes for values in these suits. They are honest values, tailored to stand the service for school and dress wear. **\$2.50, \$3.50, \$5.00 up**

**Dressy Clothes for Boys** Made of the highest grade materials and the workmanship is as nearly perfect as human hands can make it. Clever model ideas, mannish lines with shirred back and inverted pleats. **\$6., \$8.50, \$10., \$12.50** Special values.

**Boy's School Shoes** The Billiken, the kind that will wear. Just received a full line.

**Children's and Misses' School Dresses** New models, good values. A large shipment just received by express. See them.

**Autumn Styles** We have on display a line of new Tailored Suits, Ladies' Coats, Blouses and Millinery, together with an assortment of new Silks and Woolens which will be worth your careful consideration. We invite you to visit us and inspect them.

October Delineators are here. Sbscribers call for yours

## Mayer & Schmidt, Inc.

### TWENTY-TWO MEMBERS WERE TURNED DOWN

Mr. Chas. Perkins and son, Edwin, have returned from Galveston, where they went Saturday and remained over until Monday afternoon visiting the soldier boys, and from Mr. Perkins The Sentinel gets the following list of the soldier boys who were turned down in the physical examination:

Ira Smith, Fayette Bell, Ralph Bowen, V. J. Jones, Guy Parrish, Homer D. Rawlinson, Cleveland Hines, Eugene Sanders, Oliver J. Dent, G. C. Henry, C. W. Gaston, Elmo Bright, Leon W. Franks, Bulloch, Willie H. Jackson, Claude Melton, Frank Mora, Claude I. Lee, Gus R. Solomon, Geo. M. Minton, A. O. Williamson, Newell F. Parks.

The examination was held Sunday.

The boys thus rejected have done all in their power to give their services to their country, and while they could not stand the test of physical fitness, it can be said of them that they were not lacking in spiritual fitness. They will likely be coming home within the next day or two, and they will be received with the same cordial feeling that was manifest in their departure.

### COOK WAS RELEASED FROM JAIL YESTERDAY

T. J. Cook, the man who had been detained in jail several days on a charge of having robbed himself, with which readers of the paper are familiar, was released yesterday.

It is reported that the missing money has been recovered, being restored to the owner of the land and half the cotton by some unknown party putting it in the seat of his car where he found it last Sunday morning.

### DISTRICT COURT

With Special Judge Blount presiding, some available business was disposed of by the district court yesterday.

George Luman of the Attoyac country was released on bond of \$2000 in a habeas corpus trial, and two divorce cases were tried, one of which was for a negro couple.

There is nothing doing today, and will not be much doing during the week, but with the return of Judge Guinn the probabilities are that business will pick up, and we will have a pretty interesting court yet, considerable new business having been developed.

It will be remembered that Judge Blount is serving by agreement with the bar, free of cost, in such matters as may be agreed upon or will not wait, and in so doing he is discharging a very patriotic service.

The habit of "putting it off" has caused the loss of many lives. A dose of Prickly Ash Bitters at the first sign of indigestion, constipation and kidney trouble wards off sickness and saves money. Stripling, Haselwood & Co., Special Agents

# The Sentinel

HALTOM & GIBBS, Proprietors  
G. M. HALTOM, Manager  
O. M. GIBBS, Editor

A paragrapher observes that "very few men ever get as much salary as they think they earn," and "earn as much as they get." We hope it is not a matter of "awakened conscience" with the gentleman.

A Dallas negress killed her husband with a blow of her fist and got out of the meshes of the law on a plea of guilty to aggravated assault and a fine of \$50. But it may be that the price was high, after all.

An exchange develops an editorial under the caption "Nothing New Under the Sun." Science also teaches that nothing can ever be destroyed, and a connection of the two ideas should settle the matter.

The government is making a nation-wide investigation of the "I. W. W.'s" and many of the members are being put in jail for their manifest disloyalty to the country. And every officer from constable up, and every loyal citizen, should co-operate in the work.

A man who killed several people brutally while they slept, recently testified that "the Lord told him to slay and spare not," to which a member of the paragrapher's union retorts, "That's the way the Lord would talk to us were we on that man's jury." —Longview Times-Clarion.

Uncle Sam lifted the yoke of oppression from Cuba and the Philippine Islands without exacting a toll; rendered such service as he could to Mexico in a like manner, and is now engaged in a similar mission in the great war of Europe. "Thrice armed is he who hath his quarrel just."

The Lufkin military company has departed for the training camp at Fort Worth, and the Lufkin News gives quite an interesting and feeling writeup of their departure. This company is one of the leaders in the state, both in numbers and efficiency, and The Sentinel shares the belief with the Lufkin people that these boys will be heard from with the report of a brilliant line of service on the battlefields.

There is a little line of railroad running from Marshall south a few miles, known as the Marshall & East Texas, which has been having financial troubles lately, and the business world does not seem to place a very high estimate upon its value as would be gathered from the following editorial observation of the Longview Times-Clarion: "The Marshall & East Texas was again offered for sale to the highest bidder last Tuesday, but as usual, nobody was present to bid on it."

The Kennedy Advance, published by Denver Chestnutt, a former citizen of this city, makes the following report of the arrival of an heir at his home which will be of interest to his friends of this section: "Samuel Denver Chestnutt, Jr., is the name of a hefty eight-pounder who dropped in at the parental home Tuesday night to take up his permanent abode, and the editor and wife have again been made glad. Being born in war times he is expected to develop war-like tendencies as he grows older, and rather than let him follow the humble pursuits of a country newspaper man we may decide to make him an admiral in the navy, or perhaps a general in the army. Who can tell?"

## TAX LIST CONTROVERSY.

Some of our neighbors seem a little sore because the Sentinel got the contract for publishing the delinquent tax list without entering into competitive bids. The Sentinel will exonerate the court with the information that the job was figured down as low as it could be legitimately handled, and the work is being done much cheaper than usual. And secondly, it was no fault of ours if the neighbors were too slow and let us beat them to it. —Nacogdoches Sentinel.

It is proper for the Sentinel to show its gratitude in getting a fat job of county printing without having to meet competitive prices, but the public will not be able to see how any one is exonerated. Neither can it be persuaded that the job was let for the lowest price obtainable. As to its neighbors being on the job, the Herald man was in the courthouse the very minute the job was so quietly let. So the public cannot be advised that it was a question of expediency which entered into the letting of the contract without asking for bids. —Nacogdoches Herald.

Will our neighbors and friends explain to the public why the necessity should exist for asking for bids by the county commissioners on this particular line of printing? The law fixes the price for printing the delinquent tax list at 25 cents per tract, and that amount is taxed against the property to pay for the advertising. Is it not a fact that a newspaper is just as much entitled to all the law allows as is the county judge and county commissioners? Did you ever hear of one of these fellows refusing to take all the law allows for services—every penny of it? Then why should they want to squeeze the life out of a newspaper man by making him, if possible, work for nothing? And if the full 25 cents per tract allowed by law is not paid to the publisher, who gets the money? The fellow who owns the property has to pay, the printer is cheated out of his just earnings and the Lord only knows who is benefited in the end. This method of cutting the profit out of the printing you do just to keep the other fellow from making an honest dollar has been the ruin of many newspaper men, and it seems to us is one of the very worst methods that could possibly be employed. The county should pay legal prices for legal advertising, and it is the fault of the newspaper man when it fails to do so. —Lufkin News.

The observations of the Lufkin contemporary are eminently correct and timely, and The Sentinel is happy to note that both it and the commissioners court of this county are living up to an arrangement that is consistent with the logic of the argument, a statement we have hitherto refrained from making to avoid a controversy that seemed imminent.

As noted by the Lufkin News, the penalties for this service accrue against the land advertised, for which the law allows twenty-five cents per tract, thus provided to make it self-sustaining. But as a rule, there are a lot of double renditions, errors in assessment and collection, etc. which make it impossible to realize on each claim advertised, by reason of which the court seeks to avoid paying net price for the gross list advertised, and for the same reason the newspapers of this county have sought to avoid taking the list for what it was worth in statutory value and contracting at a less price for net payment on completion of the advertising service.

For the list this year The Sentinel contracted to publish the gross list for a net price of fifteen cents per tract, giving the court a margin of ten cents a tract with which to provide for any discrepancies as noted above, which the county attorney thinks will be ample, and thus not a dollar of the people's money is involved and the argument that the COUNTY would have been saved money through a competitive bid is void. Until the county adopts a pol-

icy of exacting competitive bids for all supplies there is no reason for making the newspaper the "goat" in its particular line—but this is material for the discussion of another subject. And the expediency of this policy of this subject would be questionable.

In the particular discussion The Sentinel looks the world in the face with a clear conscience, feeling that its relations in the premises are logical and equitable. We make a good profit at the price; by the same arrangement the county is fully protected against any loss, and there can be no righteous complaint except of an individual man or men who fail to get the job.

Our contemporary volunteers the statement that he, too, was in the court house "when the contract was so quietly let." It is no fault of ours that he did not attract sufficient attention to let the court know he was there, or that he was "roosting so high" at the time. For this part of the argument we exact a "coke" as a further penalty for his misfortune.

## VOCATIONAL TRAINING.

Hon. W. F. Doughty, state superintendent of public instruction, is out in a review, appearing in today's state papers, urging the schools of Texas to give more attention to vocational training, and the article coming from the leader of the educational affairs of the state should attract attention and the consideration it deserves.

Just at this time when practically the whole world is at war, it is going to tax the resources of every section to feed and clothe the people, and there is a greater demand for trained hands in the practical affairs of life than there are for the higher branches of literature and science. These latter are good in their way, and are not to be discounted in their value, but it is a question of expediency at this time, in which every resource of the country must be observed to some useful and practical utility.

With a few hours of each day devoted to agricultural pursuits, and the crops directed in an intelligent way, much foodstuff could be grown, the schools promoting the enterprise could be made more self-sustaining, and the students would learn the most useful occupation known to man—that which carries the special blessing of a divine providence.

While the boys are thus engaged, the girls could be taught the different branches of domestic science, co-operating with their male classmates in conserving that which is produced by the sterner sex, and thus both would learn the most valuable lesson of life—the essential lessons, to insure future thrift and happiness.

Those schools which have not suitable lands for this enterprise should rent a plot and equip it with stock and supplies for intensified cultivation, and save the profits for the purchase of land for future use. Those schools which have the land, if there be any such, can supplement their revenue for maintenance purposes with this industry, and the undertaking is good either way.

Much energy has been expended in athletic training in the past which should now be employed in this more useful pursuit. It is admitted that no exercise is more beneficial to the boys if they will go at it with the same energy and spirit that they would employ in the baseball or other athletic sports, the results would be enormous.

The Sentinel hopes the Teachers' Institute, which will be in session in this city next week,

Positively Only BIG CIRCUS Coming This Season  
Only Real Wild Animal Show On Earth

**Neighbor Told Her  
Cure for Lumbago**

Rheumatism and lumbago are awful things and cause great pain and misery, but Foley Kidney Pills can rout them.

Mrs. C. H. Eveland, Dunca Mill, Ill., writes the following letter: "I was stricken down with lumbago and was unable to turn myself in bed. A neighbor brought me a half bottle of Foley Kidney Pills, and said she had been similarly afflicted and that they had helped her. So I tried them and was completely relieved by the use of two or three bottles. I have had splendid success with them and have never known them to fail. I most heartily recommend Foley Kidney Pills."

Foley Kidney Pills tone up weak, inactive, sluggish kidneys, rid the body of poisons, give appetite, energy and refreshing sleep after pain. Don't neglect kidney trouble. Remove the cause with Foley Kidney Pills.

Stripling, Haselwood & Co.,

**CUSHING LOCALS.**

From The Enterprise.

R. W. Thacker, manager of the Southwestern Telegraph and Telephone Company, of Nacogdoches, had business with the local telephone office at this place Wednesday and Thursday.

Sheriff J. L. Prince of Nacogdoches was in Cushing Friday.

Bro. G. W. C. Self spent the first of the week in Nacogdoches.

H. B. Davis of Nacogdoches spent Sunday and Monday visiting in Cushing.

A number from this place had business with the district court in Nacogdoches this week.

J. B. Stripling of Nacogdoches was a business visitor to Cushing Thursday.

Miss Ima Matteson left Saturday to visit her sister, Mrs. B. Parnelly, at Nacogdoches.

Yellow complexion, pimples and disfiguring blemishes on the face or body can be gotten rid of by doctoring the liver, which is torpid. HERBINE is a powerful liver correctant. It purifies the system, stimulates the vital organs and put the body in fine, vigorous condition. Price, 50c. Sold by Stripling, Haselwood & Co.

**HARRISON CO. FARMERS  
TO TRY WHEAT THIS FALL**

Marshall, Texas, Sept. 6.—Forty-six farmers of Harrison County have agreed to plant wheat in Harrison county this fall. Heretofore there has not been any wheat planted here, but the farmers are getting together and will plant wheat to try it out and see just what can be done with wheat in this portion of the state.

Arrangements have been made to thrash and handle the grain that is made and the Young Men's Business Club and Lee Scott, the county demonstration agent, are busy among the farmers getting them to pledge themselves to give the cereal a fair trial. It is expected that between 500 and 1000 acres will be planted to wheat this year.

**High Prices and Sickness**

Nobody can afford to be sick with the cost of living at the present high mark. It is cheaper and more sensible to prevent sickness than to pay doctor bills. Take Foley's Honey and Tar in time to check colds, stop coughs and relieve croup before serious illness attacks a weakened constitution. Stripling, Haselwood & Co.

**WOUNDED NEGRO  
DIED YESTERDAY**

News has reached town that Rich Hill, one of the negroes who was wounded in the shooting scrape at Dalmont, reported in yesterday's paper, died yesterday afternoon. It is also reported that "Colonel" Dexeaux another of the negroes wounded in the affray, is very low and not expected to live. This will cause a charge of murder to be entered against the negro doing the shooting.

**WHY WE ARE NERVOUS**

In perfect health we hardly realize that we have a network of nerves, but when strength is declining the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability, and unless corrected, leads straight to a breakdown.

Scott's Emulsion is exactly what you should take; its rich nutriment gets into the blood and so feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force.

Scott & Bowne, Bloomfield, N. J.

**LOUISIANA PLANTERS  
WANT TEXAS CATTLE**

New Orleans, Sept. 6.—Telegrams received at the state food administration office show that the matters of admitting cattle from Texas into Louisiana without the delays prescribed by the federal law has been taken up with the Washington officials and a decision is expected in a day or two. One Louisiana plantation owner wants to obtain 5000 head of cattle from Texas and requests for admission of 10,000 more have been received.

**10,001 PERSONS ARE  
KILLED BY RAILROADS**

Washington, Sept. 6.—Ten thousand and one persons were killed in railroad accidents during 1916 and 196,722 were injured, according to figures made public Thursday by the Interstate Commerce Commission. These figures show an increase over 1915 of 1,371 killed and 34,835 injured.

If your child is pale and sickly picks at the nose, starts in the sleep and grinds the teeth while sleeping, it is a sure sign of worms. A remedy for these parasites will be found in WHITE'S CREAM VERMIFUGE. It not only clears out the worms, but it restores health and cheerfulness. Price 25c per bottle. Sold by Stripling, Haselwood & Co.

**FURNITURE STORE  
CHANGES HANDS**

Mr. Greer Orton, a well known citizen and business man of this city, has purchased from Mr. Robert Lindsey the Crain furniture store, located on the corner of East Main and Church streets, and has taken charge of the business.

In his early manhood Mr. Orton had some seven years experience in the furniture business, and he has had a wide range of experience in other lines in this city, through which he is not only familiar with the details of a furniture business, but with the trade as well, and is competent to carry the business on in the most excellent manner that has characterized this store in the past, and build with the ideas of the future.

In discussing the matter Mr. Orton said that it was his intention to give his whole personal attention to this business, and push it for all it is worth, which insures that he will enjoy a great trade, and that the store will hold its place with the leading stores of its kind in East Texas.

Swellings of the flesh caused by inflammation, cold, fractures of the bone, toothache, neuralgia or rheumatism can be relieved by applying BALLARD'S SNOW LINIMENT. It should be well rubbed in over the affected part. It's great healing and penetrating power eases the pain, reduces swelling and restores natural conditions. Price 25c, 50c, and \$1.00 per bottle. Sold by Stripling, Haselwood & Co.

Mr. J. C. Frederick, one of The Sentinel's good friends from the Walnut Grove community, was a pleasant caller at the office today, coming in to make annual settlement for his county paper.

**NEGRO CRAP SHOOTER  
SHOOTS THREE OTHERS**

Empties His Revolver at Companions Near Dalmont, and is Now Languishing in Jail Here.

Sheriff Prince was called out to Dalmont Tuesday night to investigate a riot that broke out in a negro crap game in which three negroes were wounded, two of whom it is thought will not survive their wounds.

After making his investigation, Mr. Prince placed Henry Means under arrest and brought him to jail here where he is being held pending an investigation by the grand jury.

From the sheriff The Sentinel gets the following particulars of the affair: Eleven negroes of the community were engaged in a game of "craps" in Mr. Dawson's farm, out near Dalmont, in which a dispute arose between Means and one of his companions in the game, and Means is alleged to have opened fire, in the course of which "Colonel" Devereaux was shot twice, Rich Hill was shot in the lungs, and Jim Ogden was shot in the arm. The two first named are very seriously wounded and the attending physician did not think they would survive at the time of investigation.

**Safe Remedy for Children.**

Chas. Baker, Brownsville, Tex., writes: "For years I have used Foley's Honey and Tar and found it especially efficient for bad coughs of my children. I recommend it to my friends as a safe remedy for children as it contains no opiates. It is certain to bring quick and lasting relief." Stops coughs.

**FARMERS' UNION  
URGING 28 CENTS**

Houston, Texas, Sept. 5.—At a meeting of the Association of State Farmers' union presidents here today, President Henry N. Pope introduced figures to show that during the past ten years cotton has averaged 11 cents per pound and wheat 87 cents per bushel. On this basis the association holds that \$2.20 wheat, the price just established by the government, entitles the cotton grower to 28 cents per pound for his product.

Resolutions petitioning congress to authorize the president to include cotton in the food control act were passed.

All states in the cotton belt of the south were petitioned by resolution to call mass meetings at once to consider the problem.

The association also asked for federal control of railroads, through such a system as would bring about the greatest economy and efficiency, and wired their views to President Wilson, pledging their co-operation in dealing with the subject.

HERBINE is the medicine that cures biliousness, malaria and constipation. The first dose makes you feel better, a few additional doses cures completely. Price 50c. Sold by Stripling, Haselwood & Co.

**U-BOAT THRILLS  
TOLD BY SAILORS**

An Atlantic Port, Sept. 6.—A series of thrilling experiences with German submarines and the rescue of 2 members of the crew of the French bark Magdalene, sunk by a submarine, were told by the crew of an American ship, which worked at an American port today.

Ten of the Magdalene's crew were killed and nine were wounded by shell fire. The rescue took place when the ship was about 120 miles southeast of the Azores. They said the U-boat sank five other vessels.

**GIVE "SYRUP OF FIGS"  
TO CONSTIPATED CHILD**

Delicious "Fruit Laxative" can't harm tender little Stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad, has sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without grating, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

**TEXAS WILL GET  
\$876,986 ROAD FUND**

Washington, Sept. 7.—Apportionment of \$14,550,000 to the states from government funds to aid in the construction of rural post roads in accordance with the federal aid roads law was announced today by Secretary Houston of the department of agriculture for the year ending June 30, 1919. The law calls for apportionments of \$29,000,000 for 1920 and \$25,000,000 for 1921.

The amount for 1919 includes the following states:

Arkansas, \$250,018; Mississippi, 268,751; Missouri, \$508,603; New Mexico, \$203,634; Oklahoma, \$246,489; Kansas, \$489,131; Louisiana, \$203,755; Tennessee, \$340,663; Texas, \$876,986.

This is the third apportionment under the law, \$1,850,000 having been apportioned for 1918.

Mr. J. H. Muckleroy, a good citizen of the Martinsville country, was a pleasant caller at the Sentinel office Saturday afternoon, and from him The Sentinel obtained further particulars of the automobile accident at Bronson some days ago in which a party of Martinsville people were engaged. The party consisted of Mr. John Martin and son, John D., the latter driving the car, Mrs. Susie Muckleroy and daughter, Miss Willie Ada, the latter going to see about a school, and a little son of Mrs. Muckleroy. The accident happened as noted by the car attempting to pass a wagon at the approach of a bridge. The elder Mr. Martin was the most seriously injured, and was carried to Center for treatment, from which place he was brought home Saturday.

Mr. and Mrs. P. M. Sanders arrived home Saturday from Galveston where they had been several weeks enjoying the sea breezes and surf bathing. And Mr. Sanders brought along a picture proving that he had some good "luck" fishing. The picture shows our townsman standing with two other gentlemen, and the trio holding up a "string" of six fish, which he says weighed seventy-two pounds.

Mr. D. C. Mast was among the Melrose visitors to the city today.

Dr. J. M. Cook, president of Rusk Academy, was a visitor to the city this morning, meeting with friends and boosting the forthcoming opening of his good school. Dr. Cook is a native East Texas boy who has applied himself closely in life, and is rapidly climbing the ladder of fame with the leading educators of the country.

Esquire Frederick, the chief justice of Appleby precinct, was a visitor to the city this morning.

**RUB-MY-TISM**

Will cure Rheumatism, Neuralgia, Headaches, Cramps, Colic Sprains, Bruises, Cuts, Burns, Old Sores, Tetter, Ring-Worm, Eczema, etc. Antiseptic Anodyne, used internally or externally. 25c

**M. H. JAMES**  
Treasurer  
I HAVE been in the drug business in Bryan for thirty years. I refer you to Bradstreet and Dun, and to all the wholesale druggists in Texas.  
Ask any Wholesale Druggist

GALTON & GIBBS, Proprietors  
G. M. HALTOM, Manager  
O. M. GIBBS, Editor

Benjamin Franklin tells us that there is small revenge in words, but that words may be greatly revenged.

The man who heard the flying bullet twice—as it passed him and as he passed it—was evidently from Russia. Some of the soldiers of this torn ally are proving great runners.

Henry Ward Beecher uttered a great truth when he said: "Selfishness at the expense of others' happiness is demonism." And all selfishness at some time exacts a toll from others, making its employment a dangerous expedient.

In speaking of the "Verities of Life," Arthur Powell illuminates with the pretty rhetoric: "As by the fretted twigs is caught, and framed the firmament sphere; so through Love's arabesques of thought, the Verities of Life appear."

It is a daily occurrence for from one to a dozen prospectors to be hunting a residence in Nacogdoches. There is only one conclusion to the whole matter, and that is we must have some more houses if the old town grows it should.

Prospectors are in the county daily looking for improved lands, either to rent or purchase. This is the best evidence that there is a demand for every acre of land in the county, and that every acre should be cleared and put into a state of cultivation.

The great fact stands out above all others that this is a people's war, a war for freedom and justice and self-government among all the nations of the world, a war to make the world safe for the people who live upon it and have made it their own. The German people themselves included; and that with us rests the choice to break through all these hypocrites and patent cheats and masks of brute force and help set the world free, or else stand aside and let it be dominated a long age through by sheer weight of arms and the arbitrary choices of self-constituted masters, by the nation which can maintain the biggest armies and the most irresistible armaments—a power to which the world has afforded no parallel and in the face of which political freedom must wither and perish.—Woodrow Wilson, President of the United States.

"New Positions Won by Italians" is getting to be a familiar headline. Truly the Italians are proving to be great fighters, and are accomplishing some victories that will give them a brilliant page in the new history of the world that is being made.—Nacogdoches Sentinel.

It used to be the same thing with the Russians before they "blowed up" and began to get the idea in their head that they did not have to fight. As long as they stayed together and fought as a unit and not individually these same headlines came out about the Russians, which only shows again that it will take system to win this war, and the United States is doing a wise thing in training up our boys well before sending them over. We may be a long time getting there, but when Uncle Sam gets his boys on the firing line you will see much headlines about the American troops.—Houston County Herald.

## THE AMERICAN SOLDIER SPEAKS.

I wear the uniform. From head to foot my Country has marked me. Chosen as fit among the millions, dedicated to the service of mankind, I conote the past, I am the present, I hold the future in my hand.

What the fathers builded with blood and sacrifice, with peaceful toil and honest good will, it is for me to maintain. I am the minute-man of today, master of myself and the servant of all. I believe this nation is one of liberty and equality and opportunity, made so by the consecrated devotion not only of great leaders but of generations of men and women who wrought for the vision without which a people perishes. I believe not only must it be preserved as such but all the world must come to know that wherever the colors fly, America is.

I know that what I am doing is right. I know it in my father's hand on my shoulder, in the look in my mother's eyes. I know it in the softened speech of men in street and office, in their warm handclasp and frank caress, revealing the depth of brotherhood that passes all family ties. I know it in the strained voices of friends and in their sudden tears that spring at sight of that which I wear—the uniform of the republic.

Life is very sweet and hate is far away. I bear no man ill will. But, as I know there are things in this world that count more than ease—duty and honor and the rights of men—I gladly serve as I am called. What is life that a man should place it above the things that make it lovely? What though a man die before his time, if he may leave a deathless heritage to the land he loves?

Where I go, I go willingly. Though I never come back, I can say that. For I know that ever in the hearts of my own folk, of my friends and of my countrymen my memory will be green. They will rear for me a monument of remembrance that shall be more precious than gold and more lasting than granite. Children will cherish my name, and hand it down with pride and thankfulness as that of one who played a man's part in the great war. I am ready.—Minneapolis Tribune.

### MAY COME TO THIS.

Joseph was the first conservator of food. He was also the first exponent of government control of food supplies and prices. He was Pharaoh's secretary of agriculture. He foresaw the coming famine. He urged and enforced food conservation. He also kicked out the food speculators and established government storage plants. Then when the famine came he supplied the people under a system of government distribution and at government prices. It saved the nation, and protected the people from robbery by the food shylocks. It may be that we shall have to come to this in modern times. Government storage plants under government control. Prices regulated by the cost of production, so that the producer and distributor would be held to a margin of reasonable profits and the consumer saved from graft and extortion. Why no? There are some suggestive facts. The people are paying from \$5 to \$10 a ton for coal. The government is getting it at \$3. The newspapers are paying from three to seven cents a pound for print paper. The government is getting it at 2 1/2 cents. The people are paying from \$7.50 to \$15 a pair for shoes. The government is getting the best made shoes at \$4.73 per pair. The greed and graft of those controlling com-

modities of necessity may yet force a policy of general government control by which the government will become the purchasing agent for the people.—The Texarkanian.

### SENATE PASSES WARTAX BILL

Washington, Sept. 10.—The war tax bill, the largest single taxation measure in American history, was passed Monday night by the senate. It provides for a levy somewhat under \$2,400,000,000 as compared with \$1,867,870,000 proposed in the bill as it passed the house May 23. The vote was 69 to 4. Senators Borah, Gronna, LaFollette and Norris being recorded in opposition.

**Broussard Eight Sugar Tax.** Voting on amendments to the war tax bill, preparatory to final passage began in the senate late Monday, with the adoption, 51 to 27, of a motion by Senator Broussard to strike out the provision to strike out all consumption taxes in the bill, including those on sugar, tea and coca, all designed to raise \$86,000,000.

Another motion by Senator Broussard to strike out the 1 and 2 cents a gallon taxes on molasses according to grades was adopted 50 to 28.

Then the senate voted 52 to 28 to strike out all consumption taxes in the bill, including those on sugar, tea and coca, all designed to raise \$86,000,000.

Senator Owens' amendment providing for a tax ranging from 1 per cent on inheritances of \$100,000 to 100 per cent on those over \$95,000,000 was rejected by a vote of 51 to 30 1/2.

By a vote of 69 to 11 the provision for repeal of the present law allowing "drawbacks" or manufacturing re-export allowances to sugar refiners was eliminated.

The Jones amendment revised by the committee to levy the 10 per cent tax on corporations undistributed surplus was adopted by Senator Jones to eliminate an exemption in the committee's clause of income actually invested and employed was defeated 45 to 35.

**La Follette's Substitute is Lost.** Senator La Follette's substitute war tax bill, proposing to raise about \$5,500,000 solely from income war profits, liquor and tobacco was rejected, 65 to 15.

The senate adopted 40 to 34, Senator Smoot's motion to strike out the McKellar amendment providing a zone increase in second class postage rates beyond 300 miles and designed to secure \$12,600,000.

The house zone provision and the finance committee's special publishers' profits provisions already have been eliminated.

Senator Hardwick's substitute to provide a zone system increasing second class postage rates on advertising portions of publications estimated to raise \$16,500,000 next year was rejected, 48 to 20.

### WILL NOT SUBMIT NORMAL'S REPEAL

Austin, Texas, Sept. 8.—Acting Governor W. P. Hobby gave out the following statement today:

"While I am acting governor pending the impeachment trial, it is not my intention to submit to the legislature either the repeal or amendment of the normal school and other appropriations for new institution made by the Thirty-fifth legislature. I can not think it is contemplated by the constitution or that it is wise for one who is temporarily discharging the duties of governor under these circumstances to initiate legislation about which there is a wide difference of opinion, and which will likely precipitate a heated and extended controversy."

## NACOGDOCHES TRADITIONS

The location of the Stephen F. Austin Normal School, a mile north of the town of Nacogdoches is on historic ground, or more correctly speaking, it is on ground that ought to be historic, for good reasons. This was the original old family home of Gen. Thos. J. Rusk, the worthy idol of the town, a Texan of note and character. His monument in the city cemetery erected by the State of Texas, bears the inscription, "Statesman, Patriot, Soldier, Jurist—He lived and fought for Texas." He never had but this one home and this homestead, now in the nucleus of the proposed school. The lands pertaining thereto embrace most of the acreage to be used for the new purpose. Here Rusk spent a long and useful life, and raised a family of four sons and one daughter. He probably cleared the land and built the first dwelling on it. This dwelling was located about one hundred yards west of the old Henderson road, and exactly one mile.

His dwelling was a double room framed house of the primitive pioneer times, with two brick chimneys, a hall or passage between, an ell front room and gallery, and other rooms and adjacent buildings. He had the largest, finest law library, etc., of any in the state at that time. It went to naught after his death in 1807. This homestead was on a high ridge or divide between the two rippling brooks that "flow on forever" through the old town. East and west of these streams are high hills once covered with towering trees, dense vines abounding in wild fruits. About a half mile east of the Rusk home there was another home of local note, the old Hubert place, which stood upon a bluff on the Lanana creek. Just below this home was a poetical "Old Swimm'g Hole" where the Rusk boys and Henry Hubert, the Simpsons, Davenport, Sparks, and other boys of the day had their sports. All the boys knew the runs and had their fun. Henry Hubert was a kind of general favorite. He was one of the many Texas rangers and later a Confederate soldier in Pylon's and Baylor's Arizona cavalry. Tom Oehltree, Bill Harris, Bill Hyde, Charley Shanks, Marian Rainbolt, Benina Davenport, and oh well, there were others. Mrs. James T. Hunter, mother of Mrs. Clifton Wells was a Shubert. The Hunters and Hardemans were connected. They came from Kentucky and Tennessee, where so many Texans came from. The Muckleroy, Whitakers, Lucas, Simpson, Crain, Fulghum, Burrows, Partin and many others, that did things here. The road that led from town to the Hubert old place turned off from the Henderson road at the one-mile post right opposite the Rusk place and traversed a dense wood that made the level landscape a charm. And all this land is now to become part of the school grounds. It could not be excelled.

Dr. L. E. Griffith, a cultured Virginian, became owner of the Rusk premises after Rusk's death, and the Griffith estate contributed a large tract for the school premises.

Some interesting facts about the old land titles could be recited. Pedro Procella, whose survey was the eastern part, and Isaac G. Parker's survey, on the west had a big controversy over the division line, which ran north through a lake, before the Henderson road was started. These two grantees were big men in their day. Procella was a leader in revolutions, which were so frequent that a settler was never sure whether

he was a Frenchman, a Spaniard, a Mexican or a Texan. He might change color in one night, and wake in a war with himself next morning. J. E. M.

### RELATIONS STRAINED SWEDISH NATION

Washington, Sept. 9.—The nation today faced another grave crisis which may ultimately involve the remainder of Europe and Argentina and possibly other South American countries in the world war. The seriousness of the situation caused by the unneutral acts of Sweden in Buenos Aires to advise his government, through Sweden, to sink Argentinian merchantmen without a trace being left can not be minimized.

Severance of diplomatic relations between Sweden and this country and a declaration of war on Germany by Argentina are freely predicted today. Secretary Lansing and other state department officials would not comment on the situation today, explaining that until "explanations" have been received from Sweden, nothing will be done. In the meantime President Wilson, who is cruising on the Mayflower around New York, is in touch with the capital by wireless.

"Explanations" from Sweden, it is expected, will be forthcoming at once. If these explanations are not wholly satisfactory, Swedish Minister Ekeghren may be given his passports. Ekeghren was out of Washington today, but he is expected back at once to explain to Secretary Lansing.

In the meantime a policy of sterner dealing with Sweden will immediately follow. That nation has long been suspected of being too intimate with Germany. These suspicions are now apparently confirmed. The immediate result may be drastic enforcement of all export regulations preventing shipment of foodstuffs and other supplies to Sweden.

Should subsequent developments force a declaration of war against Sweden it will not cause officials here much worry, as Sweden through greed for war profits, has almost entirely neglected its agricultural resources, and is now in grave need of American foodstuffs. If war is declared, Sweden will be facing starvation.

### C. I. A. OPENING.

Denton, Texas, Sept. 9.—School will open at the College of Industrial Arts on Tuesday, September 18, and the management of that institution is preparing, despite untoward conditions in the United States, for a student body of materially greater proportions than last year's. It is stated that all of the dormitories have been filled for some time, with the exception of the last building now under construction, the rooms in which are nearly all assigned. Dormitory room in the big private residences in the College district is also being rapidly assigned, and requests for immediate reservations continue to pour into the Registrar's office. Upon these, and other like indications, the management bases its belief that the C. I. A. will continue this year to lead all other State educational institutions in the steady increase in enrollment. The increase for the past several years has averaged 26 per cent greater than that of the year before.

Messrs. J. B. Garrison, John Thrash, Charlie Arrington and Charlie Long of Garrison, were business visitors to the city today. Mr. Garrison says that cotton is coming in pretty fast and that Garrison is enjoying a flourishing trade now.

## DALLAS GOES DRY BY 1884 MAJORITY

Mr. J. J. Baker of this city received a telegram from his son, Clifford, who is holding a position in Dallas, this morning announcing that in the local option election held in the county yesterday Dallas had gone dry by 1500 majority.

Thus Dallas is joining the ranks of the pioneers in another great stride in civic righteousness. It will be remembered that this great city was among the first to clean up the vice dens, withdrawing all license for such and prosecuting vigorously all violations of this character.

The campaign that has been conducted in the local option campaign has been noted for its absence of much excitement, the voters being appealed to along reasonable lines, and with the issue won along these lines a better enforcement of the law will be assured.

A dispatch from Dallas, appearing in this morning's Shreveport Times places the majority at 1884, and gives the following supplemental information which is of interest in connection with the report of the victory won for the cause of prohibition:

The county outside the city of Dallas, which has been "dry" for 25 years, was the deciding factor in the election, the city having voted "wet" by about 700 majority. The last previous local option election in the county was held in 1903. More than 200 saloons and several of the largest wholesale liquor houses in the Southwest will be affected by Monday's election.

Prohibition leaders said Monday night Dallas was the largest city in the country to vote out liquor by the local option route. The population of the city was recently estimated at 160,000 by the United States census bureau.

County officials said Monday night the saloons in Dallas will close by Oct. 20 at the latest. Under the law the county commissioners are required to meet within 12 days after the election, canvass the returns and enter necessary orders. These orders become effective 30 days from the date of their issuance.

"During the campaign there was considerable talk of a contest by the anti-prohibitionists in event the prohibitionists won on the ground that the 1916 election officials presided Monday instead of those officers appointed by the county commissioners to preside over election in 1917."

### INTERNAL TROUBLES BESETTING RUSSIA

Petrograd, Sept. 10.—Members of the Russian cabinet Monday told the Associated Press that the provisional government regarded General Korniloff's pronouncement as an act of rebellion which must be ruthlessly suppressed. The government, it was added, believed it had enough loyal troops and the support of the Russian people to enable it to put down the Korniloff movement.

An official statement says that General Lokomsky "also proved a traitor," refusing to regiments of the national army, as there are of the regulars and National Guard.

Secretary Baker outlined this policy of the war department today in a statement dealing with the method to be followed in the organization and training of negroes liable to draft under the national army act.

Presumably the negro regiments of the regular army and the National Guard will be retained as they are as fighting units.

### TEACHERS' INSTITUTE BRINGS MANY VISITORS

Meeting Has the Largest Opening Attendance on Record and Interesting Program.

When the Sentinel reporter inquired about the Teachers' Institute at noon, he was informed that the meeting had a record-breaking attendance present and that a most interesting program was being presented.

Rev. G. L. Taylor, pastor of the Methodist church, opened the exercises with a feeling invocation, after which addresses were delivered by Prof. Davis, Prof. A. W. Birdwell, and Prof. F. A. Beall. Each address was full of information especially designed for the profession, and much inspiration was aroused with them which will add interest to the remaining features of the program.

Prof. Beall was elected conductor of the Institute and will officiate as the executive head of the body in carrying out the splendid program that has been arranged.

The Institute will be in session four days, during the progress many matters of vital interest to the schools and the country generally will be discussed. The teachers of this county are fully alive to the responsibility of the positions they occupy, not only as teachers of the children of the various communities, but as leaders and helpers in other matters of community interest, and The Sentinel predicts that much good will come from this meeting.

The Sentinel hopes to get a list of those present and a more extended writeup of the meeting for tomorrow's paper.

### COLORED TEACHERS INSTITUTE

The opening of the county institute for colored teachers was an impressive one. Rev. W. W. Walthall, of the C. M. E. church of the city, conducted the devotional part of the exercises. Upon the recommendation and consent of the county superintendent of Angelina county, the teachers of that county are attending institute with us, which answers the same purpose as if they were attending an institute in their own county. With this combined attendance, makes our number unusually large. Every phase of the work outlined by our worthy county superintendent, is being carried out by the teachers. From points of interest and enthusiasm, our first day's work was one among the best we have ever had. In the afternoon, Supt. Layton, accompanied by Prof. G. M. Hale, Supt. of Woden High School, came to us. The addresses made by these distinguished gentlemen were full of advice to the teachers. Among the many things, honesty, truthfulness and industry were emphasized. We as teachers of the colored schools of this county, and Angelina county, of which our institute is composed, are fully imbued with the idea of teaching the people to be useful, law-abiding citizens, we, ourselves, taking initiative.

Mrs. I. M. Terrell, wife of the principal of Prairie View Normal, conducts the Primary Methods work. She is the best primary teacher we have ever had among us. A history of her life's work tells that she has taught thirty years in the same high school of the city of Ft. Worth. This very fact shows efficiency.

In the opening session today (Tuesday) it was agreed to invite Prof. A. W. Birdwell, president of the S. F. A. Normal of the city (soon to be) to address the institute body of colored teachers. Wednesday night at

the first Baptist church (colored). If he accepts, we assure him an appreciative audience.

M. W. HARRIS, Reporter.

### BUSINESS COLLEGE OPENS SEPTEMBER 21

Prof. Walden, the promoter of the institution, informs The Sentinel that he is meeting with great encouragement here, already having a goodly number of home boys and girls enlisted for courses in his business college, and inquiries from many places in other towns, insuring that he can open with a good attendance at the start.

With this encouragement, Prof. Walden has definitely decided to open his school, Monday, September 24th, for a thirteen week term, to be followed with the second opening on the first Monday in January.

Advertising matter is being sent to the newspapers in neighborhood towns, and many circulars and booklets are being mailed out, which will doubtless bring in a number of out-of-town students. In fact, several from other places have already expressed the intention of coming to Nacogdoches for this term, and this all helps in building up the great educational center here for which our citizenship is ambitious.

### SEPARATE UNITS FOR NEGRO TROOPS

Washington, Sept. 10.—Negro troops of the national army will be organized in separate units, as is done in the regular army, and so far as possible will be trained in the states where they are raised. The call for negroes to mobilize at their camps will be postponed to allow the officers at the camps to arrange for the organization of these separate units.

Both white men and negroes of the selective forces will be given an opportunity to volunteer for service in the battalions of troops for service on the line of communication, their work being military, but not combatant. However, there will be negro fighting take command of the Russian armies in succession to General Korniloff.

The soldiers and workmen's body, the statement adds, has ordered all the army organizations to obey the provisional government against the conspiracy, stating that General Korniloff will be punished for treachery, and that General Klembovsky will provisionally succeed to the chief command. The central executive committee of the soldiers and workmen has suggested to all army corps and naval committees that they refuse to obey orders from General Korniloff or General Lokomsky.

### A NEGRO KILLED IN A CUTTING SCRAPE

About 8:00 o'clock Saturday night Henry McCuistian and Joe Walton, both negroes, met at the mouth of Taylor avenue and engaged in a fight with knives, with the result that McCuistian is dead and Walton is in jail suffering with some slight wounds about the neck.

After the fight Walton surrendered to Deputy Sheriff Swab Myers and turned over to the officer a Winchester he was carrying at the time.

The McCuistian negro lived until this morning, but was pretty badly slashed and it was evident from the first that he could not live.

### BRITISH AIRMEN ACTIVE

London, Sept. 6.—Extensive bombing operations continue to be carried out by British airmen behind the German lines along the Franco-Belgian front, says today's official statement.

### MR. R. H. IRION LAID TO REST YESTERDAY

The remains of Mr. R. H. Irion, one of Nacogdoches' most worthy citizens, now sleep in the Silent City of the Dead, and the hearts of Nacogdoches people are made sad in consequence.

The funeral service was conducted at the family residence at 9:00 o'clock Sunday morning by Rev. G. L. Taylor, assisted by Rev. J. N. Cunningham, and was attended by a host of sorrowing relatives and friends. From the residence the remains were tenderly borne to Oak Grove Cemetery and laid to rest.

A large per cent of the great crowd followed the remains to the cemetery, and a most beautiful floral offering further attested the popularity of the gentleman.

The body was prepared for burial and funeral exercises under the direction of the undertaking department of Cason, Monk & Co., and carried out with perfect precision. Messrs. Arthur Marshall, June C. Harris, R. C. Monk, J. A. Spears, Judge S. W. Blount and Prof. R. F. Davis, intimate friends of the deceased in his life-time, served as pall-bearers.

Mr. Irion came to Nacogdoches from Evergreen, La., some twenty-five years ago. From a friend who knew him in early life, we learn that he came from one of the best families of the neighborhood state, and that throughout his life he has ever been the up-right, honorable christian gentleman we have known in him, and that he has always been held in the high esteem and confidence that he has here. For a number of years he was engaged in business here, and was a good business man and expert accountant.

In late years, since his health has been failing, he has not been so active in business life, but his capability as a bookkeeper and accountant was well known, and his services were always in demand when he was physically able to discharge the work.

Mr. Irion was a faithful member of the Baptist church in which he lived a consecrated, christian life, and died firm in the faith in which he had lived, faith in which he had lived.

To the widow and little son, Howard, left behind all Nacogdoches, and the people elsewhere who know them, enter into profound sympathy, feeling a personal loss in the good citizen that has been taken from the community.

### LIFT YOUR CORNS OFF WITH FINGERS

Tells how to loosen a tender corn or callus so it lifts off without pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death by trimming the corns with a razor is told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any drug store, but will positively rid one's feet of every kind of soft corn or hardened callus. If your druggist hasn't any freezone he can get it from any wholesale drug house for you. 60

Dr. J. M. Rogers of Attoyac was a visitor to the city Tuesday afternoon.

### GAINED 12 POUNDS BY TAKING TANLAC

Dallas Man Recovers After Suffering for Fifteen Years.

"I have not only gotten rid of all my fifteen years of suffering by taking Tanlac, but I have actually gained twelve pounds in weight besides," said Hugh A. Long, 1820 North Pearl street, Dallas, Tex., a few days ago. Mr. Long has been a contracting painter in Dallas for many years and his standing and influence in that city are too well known to require further comment.

"I was troubled with my stomach for fifteen years" he continued, "and I reckon I had about all the miserable feelings anybody ever did from indigestion. But I'm simply feeling fine since taking Tanlac and my friends are talking about how well I look. I was constipated all the time, frequently had severe headaches, and the past five years especially, my stomach has been so weak and out of order I couldn't digest what I would eat and I would actually belch up my food sour and undigested. I never dared eat vegetables, as much as I like them, and the gas on my stomach would rise up around my heart and make it difficult at times for me to breathe. I was extremely nervous, hardly ever got a good night's sleep and had a tired, lightheaded feeling all the time. I tried everything in the line of medicines and spent three months at the mineral wells in Texas without any improvement. In fact, I kept losing weight and strength until my condition became alarming and it looked like there was nothing made that would help me."

"One day I picked up a Dallas paper and read an endorsement for Tanlac given by a lady in Atlanta, Georgia, who was affected as I was. That's how I got started on Tanlac and I now feel like a brand new man, out and out. I sleep sound as a dollar every night and get up in the mornings as fresh as a flower. My constipation and nervousness are gone and I never have any more headaches. I eat just anything I want now—vegetables and fruits—nothing is barred from my diet and everything agrees with me and my increase in weight shows the fine work Tanlac has done in correcting my troubles and building up my weak run-down system. Yes, sir, those five bottles of Tanlac have done more for me than all the other treatment and medicines I ever took. In fact, nothing else ever did me any permanent good and I am writing my sister and brother to take Tanlac for I am confident it will help them too. Many of my friends are taking it after seeing what it has done for me and if anybody don't believe this statement, all they have to do is to see or write me."

Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co., and Swift Bros. & Smith, in Garrison by Garrison Drug Co., in Appleby by Weatherly Bros. and in Sacul by Arkan Cranford.

Interest in Walden's Nacogdoches Business College is growing, and the fact that it will be of great advantage to our city is being demonstrated. Prof. Walden is not only receiving many inquiries locally, but some from a distance, and today he received a letter from a young man more than one hundred miles from here saying he would be on hand for the opening. Prof. Walden expects a splendid fall enrollment, many of whom will be boarders. It is a great opportunity for our young people and this section.

### RUSH TROOPS TO CHECK BORDER RAID

Laredo, Texas, Sept. 11.—In response to a call for help against a bandit invasion at Dolores creek, 28 miles south of here, just before last midnight, several truck loads of soldiers and many motorcycles left for that place. No report of a clash had been received here early this morning.

The reports received here during the night said the bandits approached presumably from Mexico, and that the soldiers wired into San Ignacio and J. A. Peria, Mexico, had been cut.

The troops sent after the alleged bandits had not returned at noon, and department headquarters here refused to give out any information. Outside sources, claiming to be informed, however, say there was no fighting.

### ANOTHER MARRIAGE.

Mr. T. C. King and Miss Addie Thacker, a good looking young couple from the Melrose country, were married at the court house this morning, Esq. Frank Huston officiating.

The Sentinel joins the many friends of the happy couple in congratulations and good wishes.

### OREGON & CALIFORNIA RAILROAD CO. GRANT LANDS.

The Complete Electric Light and Power Plant.

San Augustine, Texas, July 20, 1917  
Mr. J. R. Dickerson, Delco Light Dealer,  
San Augustine, Texas.  
Dear Sir: You asked me how I was pleased with my Delco Light Plant. Will say that I am highly pleased with it. It makes a fine light—the very best in operation and the cost of running expenses is practically nothing compared with the service it gives. I have run my lights, fans and iron for 5 days and nights on one charge of the batteries without running the engine, with good lights and I could have run a week. Anyone will make no mistake when they buy the Delco Light. I would not take twice what my plant cost me if I couldn't get another like it. You can use my name for reference.  
Yours very truly, I. E. ROBERTS, Tax Assessor.

## Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

# CARDUI

The Woman's Tonic

She writes further: "I am in splendid health. . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

All Druggists

## RELIEF FOR WEST

### TEXAS IMPERATIVE

Austin, Texas, Sept. 5.—In a communication addressed to Senator W. S. Woodward, chairman of the senate committee on agriculture, F. C. Weinert, commissioner of markets and warehouses, details at length the deplorable condition existing in the Western portion of the state, which has been afflicted with a continuous drouth. This committee is now considering relief measures for the drouth-stricken people in that portion of the state. Commissioner Weinert states that conditions in the drouth-stricken section of Texas are not fully understood by the people.

"In proof of this," stated Senator Weinert, "I need only to state the fact that many thrifty, energetic people are leaving parts of our state as rapidly as they can get away. West Texas, as far north as Lubbock, is literally on wheels, and public roads are one long string of hungry and suffering humanity and starving stock. This might be said as an exaggeration, but I have seen these things myself. Something must be done, and I fear that the people in the different communities, unless they receive help, will not be in a position to solve the problem. The State of Texas and the whole nation is affected by these conditions and their attention and cooperation should be enlisted.

"This condition largely accounts for the enormous sales of cattle at the stockyards during the eight months just past." Commissioner Weinert shows that since January 1, 1917, to the present time 1,008,193 head of cattle have been shipped from the drouth-stricken section, which is an increase of 488,645 over the corresponding period of the previous year. Practically

the same condition prevails regarding other stock. Commissioner Weinert predicts that unless some action is taken by the legislature to relieve the situation in West Texas, there will be a beef famine in Texas next year.

"Prompt action by your body will strengthen the efforts of our national government to avert this disaster," concludes Commissioner Weinert.

### CALL CONFERENCE TO CHECK SLUMP

Austin, Texas, Sept. 7.—With a view of checking the unexpected slump of \$35 per bale in cotton and fixing a minimum price at which this staple shall be sold, a general cotton conference was called today to be held at Dallas, September 12.

The call is signed by Ben F. Chapman, acting commissioner of Agriculture; F. C. Weinert, commissioner of markets and warehouses; D. E. Lyday, president of the Texas State Farmers' Union; and S. L. Robertson, president of the State Retail Merchants' Association.

The call declares that the reduction in the price of cotton has already resulted in a loss of \$160,000,000 to the Texas crop.

### AUSTRIANS' LOSSES

ESTIMATED AT 120,000  
Udine, Italy, Sept. 7.—About 30,000 prisoners have been taken to date by the Italians in their present offensive, while the total loss of the Austrians are estimated at 120,000.

The Austrian plan now seems to be to abandon counter attacks and remain on the defensive along the eastern ridge of the Bainsizza plateau.

### GERMANS RAID AN AMERICAN HOSPITAL

Scene of the bombardment of American Hospitals in France, Sept. 9.—German "frightfulness" and barbarity reached a new height when boche aviators dropped bombs on this American hospital camp, killing one officer, three privates and a patient, and wounding ten others.

The raids upon hospitals were deliberate. That the Americans might not forget, the boches dropped German coins over the camp, as souvenirs. These souvenirs were pennies.

The officer in command of the Harvard hospital unit, which suffered most in the raid, showed one of the captives. The survivors of the raid indignantly and bitterly at the display of barbarity in the attack on the defenseless hospitals, all declared they believed the German pilot deliberately dropped the coins as "souvenirs" of his visit.

The officers, men and nurses under the enemy bombardment from the skies.

With bombs bursting about them and men already wounded being torn by pieces of the exploded missiles, nurses hastened to their aid. Officers stood at their posts, men responded to every call upon them and the first American unit to be under enemy fire carried out the work they had to do with the utmost bravery.

Following is the first American fatality list of the war—the men of mercy sent to their deaths by German frightfulness:

First Lieutenant William T. Fitzsimmons, Kansas City, adjutant to the colonel commanding the Harvard unit.

Private Leslie G. Wood, Streator, Ill.

Private Dudolph Rubino, New York.

Oscar G. Tugo, Boston.  
Wounded:  
Three first lieutenants.  
Six privates.  
One nurse.

## BUSINESS ANNOUNCEMENT OF INTEREST TO PEOPLE WHO MAY BE IN THE MARKET FOR

# FURNITURE

I have purchased from Mr. Robert Lindsey the Crain Furniture Co. Store, and assumed personal management of the business.

In addition to the personal service I offer the trade I have retained the services of Mr. Joe Wolsieler, one of the best known furniture men in East Texas, and it is our ambition to do all in our power to keep the store up to the highest standard of excellence, employing all the modern and best known ideas in the service.

We have a most excellent stock of all kinds of Furniture on hand now which we will keep constantly replenished with the best the market affords and leave nothing undone to give our customers the best service to be had in East Texas.

### Special Bargains:

No. 215 Dresser, worth \$10.50, now \$8.00

No. 4470 Wash Stands, worth \$7.50, now 5.50

Cane Bottom Chairs, worth \$4.50, now 4.00

No. 355 Iron Beds, worth \$9.50, now 8.00

Bargains in Center Tables, from \$1.25 to 6.00

Ice Boxes and Refrigerators at cost.

Rugs and Art Squares, 10 per cent off.

### Never Bothered Since.

After suffering with terrible pains in his back for eight years, and after having tried doctors and medicines, Alvis Souers, Ade, Ind., writes: "Foley Kidney Pills were recommended to me and the first bottle removed the pain. After taking three bottles the bloating was all gone and has never bothered me since." Stripling, Haselwood & Co. dw

### NEGRO RECRUITS TO BE SEGREGATED

San Antonio, Sept. 6.—Recruits to the number of 800 or more had reported for duty in the national army at Camp Travis by noon of Thursday and had taken up the first duties in their new life. Not a man has failed to report on time, officers at headquarters say, and the great majority of them accept the call to service in the right spirit.

It was announced at Major General Allen's headquarters Thursday that negro recruits will be placed in a separate organization in the depot brigade.

### IRON WANTED.

Will pay \$5.00 per ton for scrap iron, free from shee iron and tin, delivered Nacogdoches Elevators Company's warehouse. Also want all other kinds of junk. Claibe Johnson, wif

### NOTICE TO CREDITORS.

The State of Texas, County of Nacogdoches. Whereas, on the 28th day of April, A. D. 1917, the county court of Nacogdoches county, Texas, duly appointed R. S. Speer administrator of the estate of Jacob Henry and Mary C. Henry, deceased, this is to notify all persons having claims against said estate to present their claims to the said R. S. Speer, whose address is Sacul, Nacogdoches County, Texas, this 25th day of August, A. D. 1917. R. S. SPEER, Administrator. Of the estate of Jacob Henry and Mary C. Henry, deceased. 30-4td

### Hardest Worked Need Help First

Through all the years the kidneys are at work filtering out impurities that poison the blood if permitted to remain. Is it any wonder that they are overworked and in need of help? Foley Kidney Pills are tonic and strengthening in action. Get rid of backache, rheumatic pains, stiff joints, sore muscles. dw

### For Sale.

My Benthall Peanut Picker, in good condition, and at a bargain.

Also I have several registered Jersey heifers for sale. 3tw  
W. S. BEESON.

### Has Recovered Her Health

So many women suffer from similar afflictions that this testimonial from Mrs. Laura Beall, Clattsburg, Miss., will be read with interest: "I got in bad health. My left side hurt all the time. I took doctor's medicine, but it did me no good. I took two bottles of Foley Kidney Pills and I feel all right now." Stripling, Haselwood & Co. dw

An infant of Mr. and Mrs. Gilford Pack, of Chireno, died at the Hospital in this city yesterday morning and its remains were carried back to Chireno for interment. Mrs. Pack, who has been ill at the Hospital, is reported to be doing well. Friends of this good family from the neighborhood will deeply sympathize with them.

### Will Be Repaid for Their Work

Women everywhere suffer from kidney trouble—backache, rheumatic pains, swollen and tender muscles, stiff joints. Mrs. C. J. Ellis, 508 8th Ave., Sioux Falls, S. D., writes: "I feel sure if anyone bothered as I was will give Foley Kidney Pills a fair trial they will be repaid for their work."

Dr. W. H. Bruce, Osteopathic Physician, Redland Hotel.

Five good cows, properly handled, will make more clear money in a year's time than you can make profit on ten bales of cotton. Can you make ten bales of cotton? You need a separator: Sooner or later you will buy a DeLaval. See and try one before you get sorry. H. H. Cooper. 25-1t

"Wanted to communicate with parties who have car lots of sweet potatoes for sale." Pierce McBee Prod. Co., Wichita Falls, Texas. 6-5w

Charlie Reed, a well known young man of this community who has been holding a position in Dallas for several months, has returned home.

State of Ohio, City of Toledo, Lucas County, ss. Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH MEDICINE. FRANK J. CHENEY. Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886.

A. W. GLEASON, Notary Public. Hall's Catarrh Medicine is taken internally and acts through the blood on the Mucous Surfaces of the System. Send for testimonials, free. F. J. CHENEY & CO., Toledo, O. Sold by all druggists, 75c. Hall's Family Pills for constipation.

# Too Sick To Work

Many Women in this Condition Regain Health by Taking Lydia E. Pinkham's Vegetable Compound.

## Convincing Proof of This Fact.

Ridgway, Penn.—"I suffered from female trouble with backache and pain in my side for over seven months so I could not do any of my work. I was treated by three different doctors and was getting discouraged when my sister-in-law told me how Lydia E. Pinkham's Vegetable Compound had helped her. I decided to try it, and it restored my health, so I now do all of my housework which is not light as I have a little boy three years old."  
—Mrs. O. M. RUIINES, Ridgway, Penn.

## Mrs. Lindsey Now Keeps House For Seven.

Tennille, Ga.—"I want to tell you how much I have been benefited by Lydia E. Pinkham's Vegetable Compound. About eight years ago I got in such a low state of health I was unable to keep house for three in the family. I had dull, tired, dizzy feelings, cold feet and hands nearly all the time and could scarcely sleep at all. The doctor said I had a severe case of ulceration and without an operation I would always be an invalid, but I told him I wanted to wait a while. Our druggist advised my husband to get Lydia E. Pinkham's Vegetable Compound and it has entirely cured me. Now I keep house for seven and work in the garden some, too. I am so thankful I got this medicine. I feel as though it saved my life and have recommended it to others and they have been benefited."  
—Mrs. W. E. LINDSEY, R. R. 3, Tennille, Ga.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## MUCH OIL EXCITEMENT IN SHELBY COUNTY

For some months an oil company has been doing some "wild cat" prospecting in the eastern portion of Shelby county. Several wells have been drilled and abandoned to be followed with drilling in another place, and some showing of oil has been found in each well.

Of the latest developments we take the following report from this week's issue of the Center Champion:

"Excitement has been running high with the citizens of the eastern part of the county for ten days on account of the developments in the oil well situation. The drillers of the well near Brinson place have found something. It is oil but just how much or in what shape they are for bringing in a well, there is no information given.

"It is said that many people from distant places have visited the site, as well as citizens of the community. The Champion has been told of the situation, but in the absence of anything developing that would indicate an immediate find, we can not state anything that is not already public. We are informed that the oil that has been secured is of a high grade, but the quantity is small. The drillers are preparing to go deeper, and it is quite likely that developments may be had at any time that will be of interest to the public."

## COOK ARRESTED FOR "ROBBING" HIMSELF

Readers of the Sentinel and other papers in this section will remember the report published two or three days ago to the effect that a man named T. J. Cook of the Etoile community, had been knocked down and robbed of \$192 while returning to his hotel in this city, and his

statement that two white men committed the deed.

The sheriff and other local officers worked on various clues in which they were assisted by Arch Spradley, a detective of considerable note of Houston who happened to be visiting in city at the time, and Hon. A. J. Spradley, ex-sheriff whose reputation for ferreting out crime is also well known over the country, from which they finally arrived at the conclusion that Mr. Cook was the guilty man himself.

The incentive for the man to put away this money is alleged in the petition that only half the money belonged to him. The cotton sold was from a crop which he had cultivated on the "halves," and he would therefore be beneficiary to the landlord's half by appropriating the money. The man refuses to make any statement incriminating himself, and none of the money has been found.

As the grand jury is in session we presume that body will investigate the matter in connection with the officers, and if the testimony warrants, return a bill against him.

Arch Spradley, a native son of this county who is making quite a reputation for himself in the detective service at Houston, was in the city today, being summoned to appear before the grand jury. Mr. Spradley was in the thick of the fight in the recent riot pulled off by the negro soldiers in Houston, and talks very interestingly of the event. He had a very narrow escape with his own life, at one time an automobile in which he was helping load an injured man on being shot to pieces.

We have a fresh supply of vaccine points and shields on hand. Have your child vaccinated now. Stripling, Haselwood & Co. 7-wtd

## THE FIRST QUOTA LEAVE FOR CAMPS

Boys Are Given Good Dinner And Given God-speed in Their Departure Today.

David L. Thomas, Willie Moore Eskridge Box, Fred G. Westfall, W. E. Hoffmeister, Robt. L. Bledsoe, Roy T. McLemore, Wm. N. Booty, Fred G. Thrash, Wm. W. Balch, Charley Carter and Ben T. Ray reported at the office of the local exemption board this morning, ready for the service of their country in answering the call of Uncle Sam's great selective army that is now being organized.

They came with a smile and cheerful countenance, bearing evidence of the most gallant manhood, ready for any service in defense of their country, and making no choice, leaving the department ready to place them anywhere they best fit. No finer body of young men ever went forth to do battle, and if the war lasts for any length of time, the country will hear from them with a brilliant line of service that will reflect credit to themselves and the country of their nativity.

These young gentlemen represent the first five per cent of old Nacogdoches county's quota in the call. There was only one change from the list previously announced, Ben T. Ray, who was designated as an alternate, taking the place of Jas. G. Wheeler, who is already in the service.

The Board circulated a petition among a few friends this morning soliciting funds with which to give the boys a good dinner at the Banita Hotel, and before they had seen many had more funds than they needed for this particular occasion, and invited the other boys who came as alternates, to fill the list if there was any shortage, to participate with them. The Banita sustained its reputation, and the boys enjoyed a feast they will long remember at 11:00 o'clock, from which they repaired to the train and took passage for the training camps at San Antonio, making the trip via Houston. The money left over was turned over to the boys, giving them a nice little purse with which they can take a sleeper from Houston if they wish, and defray other incidental expenses on the trip.

For the trip the boys were furnished with transportation and meal tickets by the government, and upon arrival in the Alamo City will go direct to the training camps where they will be furnished with uniforms and put to the service of drilling and training for future service wherever needed.

A large crowd of friends and acquaintances were present at the train when the boys took passage, bidding them a fond farewell, and while a few relatives and close personal friends had to choke back tears possibly, the general demeanor of the crowd was happy, and there was no falter or evidence of dread on the part of the boys.

Just before the train left Mr. R. C. Monk presented each of the boys with a bible on behalf of the ladies of the Baptist church, which they received with appreciation.

The next installment will be summoned to leave about the 19th, to be followed with the remainder early in October, and the Board will be as busy as the proverbial cranberry merchant getting the full quota ready. In view of the fact that so many have been released on their appeals to the district board, it is probable that another call will have to be made in the meantime to get the full list.

## MARTINSVILLE CITIZEN IN AUTOMOBILE WRECK

The following report of a

# TAKES THE PLACE OF DANGEROUS CALOMEL

New Discovery! Dodson's Liver Tone Acts Like Calomel But Doesn't Gripe, Salivate or Make You Sick—Don't Lose a Day's Work—Harmless Liver Medicine for Men, Women, Children—Read Guarantee!

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes in contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and all knocked out, if your liver is torpid and bowels constipated, or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight. Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful and if it doesn't straighten you

right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine: entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

Martinsville citizen being caught in an automobile accident at Bronson is taken from this week's Center Champion:

"Mr. John Martin aged 61 years, was brought here and to the home of his sister, Mrs. Claib Thomason, yesterday afternoon, in a serious condition on account of an automobile accident that occurred at Bronson Monday afternoon. Mr. Martin is suffering from a crushed hip and other injuries and will be cared for here. He lives at Martinsville.

"The accident occurred at Bronson Monday afternoon. Five people were in the car and it was being driven by Mr. Martin's son. In crossing a bridge an attempt was made at passing a wagon and the side wheels of the car went off the bridge and the car fell for a distance of fifteen feet, cooping the passengers underneath. One other passenger sustained serious injuries and a little boy a broken leg. It is said that the accident was a most horrible one and the wonder is that all were not killed outright."

## HUNDRED MILLION LOANS ARE MADE

Washington, Sept. 5.—Loans of \$100,000,000 each to Great Britain and France were made by the government today, bringing the total advanced the allies up to \$2,266,400,000.

Today's loans are the first made this month, and probably will be followed shortly by loans to other powers. The total thus far advanced entente governments is as follows:

Great Britain, \$1,105,000,000.  
France, \$930,000,000.  
Russia, \$275,000,000.  
Italy, \$200,000,000.  
Belgium, \$53,400,000.  
Serbia, \$3,000,000.

## DR. CHAS. H. TINDALL GOES TO THE FRONT

To My Friends: I am leaving for the army fields, not to forsake my patients and friends, but to care for your boys there as I have cared for them here.

I have a great ambition to do good, and want to get into the service where I can be kind-hearted and gentle to suffering humanity. As I shake the hands of my friends and patients goodbye, I know and realize that it makes no difference how short or long I may be gone, things will not be as they are now. I feel and realize what it means for me to sacrifice my time and energies for the service of the army, and some of my patients think they are making a sacrifice by

my going, but only think what a greater sacrifice on my part to give up my family, and my well-established practice and friends, for the sake of the Stars and Stripes that make our country proud. If I don't take good care of your boys, I will take care of some proud mothers' boys, and I hope to be able to return to old Nacogdoches some day with a clear conscience and say I did my part.

I leave tonight, September 5th, 1917, for Fort Sam Houston to be placed into the active service. Whether I may return I don't know. I bid my friends good-bye for some future day.

Remember, this tire is one of the best known and most durable tire on the market. They are worth the money. Try one and be convinced.

**Stripling, Haselwood & Co.**  
Nacogdoches, Texas

## LEMONS WHITEN AND BEAUTIFY THE SKIN

Make this beauty lotion cheaply for your face, neck arms and hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in. Then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly-fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.

## J. B. WALTERS WEDS AN APPLEBY GIRL

J. B. Walters, a well known young man of this city, was married to Miss Claudie Brewer, daughter of Mr. Jim Brewer, at Appleby yesterday afternoon. Rev. W. L. Heflin officiating.

After the ceremony was performed Mr. Walters brought his bride to this city, where they will make their future home, temporarily stopping with his parents, Mr. and Mrs. Wade Walters.

Mr. Walters was reared in this city, and is an energetic, worthy young man who will strive to make a good husband for the fair bride he has won, and make the community a good citizen in his new relationship. The fair bride is a beautiful and charming girl who is loved and admired by those who know her, and who will be received in a cordial welcome in the circle of friends of the family with which she has united in this city.

The Sentinel joins the friends of Mr. and Mrs. Walters in congratulations and good wishes.

Messrs. C. B. Watkins and Will Finley of Douglas were in the city this morning looking after some business interests.

Miss Tannie Stinson left yesterday for Tyler, where she will visit a few days, after which she will go on to Dallas and resume her position in the Colonial Hill School of that city.

**Right Now!**  
We have seven good milk cows, better than the average. Few with baby calves and others to be fresh in next few days.  
Terms: Cash or trade.  
**BLACKBURN & MAST**  
We buy cattle too—Best prices.

## DON'T RISK NEGLECT.

Don't neglect a constant backache, sharp, darting pains or urinary disorders. The danger of dropsy or Bright's disease is too serious to ignore. Use Doan's Kidney Pills as have your friends and neighbors. A Nacogdoches case.

Mrs. E. Asfouria, N. Fredonia St., says: "I had backaches and pains in my hips. My kidneys acted irregularly and caused me much annoyance. Doan's Kidney Pills had been used with such good results in my home, I took them myself. They did away with the trouble and I am pleased to tell others of my cure."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Asfouria had. Foster-Milburn Co., Mfgs. Buffalo, N. Y.

Mr. L. L. Jones and family of Houston were in the city visiting with Mrs. Jones father, Mr. J. B. Nix, and Mr. and Mrs. C. C. Watson yesterday. They have been to Marlin, came by for visit to the homefolks upon their return. Mr. and Mrs. Jones are natives of this county, and have a large number of friends here who will enjoy their visit, and who will be pleased to know that they are doing nicely in their home in the Bayou City.

S. A. Petty, one of the Sentinel's good friends from Mahl, was a pleasant caller at the office Tuesday afternoon.

**No. 666**  
This is a prescription prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the fever will not return. It acts on the liver better than Calomel and does not gripe or sicken. 25c

Department 17 Saint Louis

## People Speak Well of Chamberlain's Tablets.

"I have been selling Chamberlain's Tablets for about two years and heard such good results from my customers that I concluded to give them a trial myself, and can say that I do not believe there is another preparation of the kind equal to them."

Mr. and Mrs. H. F. Gillette arrived home late Saturday afternoon from an extended automobile-tour of the North, in the course of which they visited all the places of interest in New England and points of interest going and coming. Nothing occurred on the trip to seriously interrupt their progress or pleasure, and it was a great trip for them, every mile of which was doubtless enjoyed.

If you feel bad; if you are "blue," tired and discouraged, without apparent reason, you need Prickly Ash Bitters, the system purifier. It restores action in the torpid liver, cleanses the stomach, helps digestion, drives out gas and fermented matter in the bowels, and brings back that fine feeling of strength, vim and cheerfulness which belongs only to perfect health. Stripling, Haselwood and Co., Special Agents.

## Great Faith in Chamberlain's Colic and Diarrhoea Remedy.

"Chamberlain's Colic and Diarrhoea Remedy was used by my father about a year ago when he had diarrhoea. It relieved him immediately and by taking three doses he was absolutely cured. He has great faith in this remedy," writes Mrs. W. H. Williams, Stanley, N. Y.

Mr. C. T. Hattom remembered The Sentinel with two sweet potatoes Monday which weigh five pounds. And this reminds us that the people of old Nacogdoches county will not starve so long as we can grow such fine potatoes, ribbon cane, peanuts, etc.

## Has a High Opinion of Chamberlain's Tablets.

"I have a high opinion of Chamberlain's Tablets for biliousness and as a laxative," writes Mrs. C. A. Barnes, Charleston, Ill. "I have never found anything so mild and pleasant to use. My brother has also used these tablets with satisfactory results."

Mr. R. Lee Brown, a former citizen of this county who has been residing at Huntington the past several years, was in the city yesterday looking after some business interests and renewing acquaintance with old friends.

## Experience the Best Teacher.

It is generally admitted that experience is the best teacher, but should we not make use of the experience of others as well as our own? The experience of a thousand persons is more to be depended upon than that of one individual. Many thousands of persons have used Chamberlain's Cough Remedy for coughs and colds with the best results, which shows it to be a thoroughly reliable preparation for those diseases. Try it. It is prompt and effectual and pleasant to take. dw

## SHERIFF'S SALE.

The State of Texas, County of Nacogdoches. By virtue of an Order of Sale, issued out of the Honorable District Court of Nacogdoches county, on the 11th day of September, A. D. 1917, by the Clerk thereof in the case of Henry Hoya versus Seymour March, No. 2982, and to me as Sheriff directed and delivered, I will proceed to sell for cash, within the hours prescribed by law for Sheriff's Sales, on the first Tuesday in October, A. D. 1917, it being the 2nd day of said month, before the Court House door of said Nacogdoches County, in the city of Nacogdoches, the following described property, to-wit:

That certain tract or parcel of land situated in Nacogdoches county, Texas, about 3 1/2 miles S. E. of the city of Nacogdoches, the same being a part of the N. de Lacerda grant in said state and county, being a tract of seventy acres of land, more or less, and is the same land deeded by plaintiff to the defendant, on the 28th day of January, 1911, and the same land deeded to Henry Hoya by Alfred Day, and his wife Charlott Day, on the 9th day of February, 1909, which deed is recorded in vol. 69, page 184, of the deed records of Nacogdoches county, Texas, to which deeds, and the records thereof, reference is here made for a more full and complete description of the land, levied on the property of Seymour March to satisfy a judgment amounting to \$1229.99 in favor of Henry Hoya, and costs of suit.

Given under my hand, this 12th day of Sept., A. D. 1917.  
J. L. PRINCE, Sheriff.  
S. S. MYERS, Deputy.

NOTICE—On account of Jewish Holiday, Monday, Sept. 17, my place of business will be closed.

**S. MINTZ**

## PARENTS

That son or daughter, what about their future success?

Their ability to think, to do, to act according to the dictates of a well trained mind will measure their success.

How to give them the most of this important training in the shortest time and at a reasonable cost, is the question that a catalogue from America's largest business training school will answer. Whenever a group of parents get together, whether it be in the home, in the store, or at a convention, and the question of the kind of an education to give a boy or girl comes up, some well informed parent and patron of the Tyler Commercial College, Tyler, Texas, will tell of the advantages of that famous institution and what wonderful results it has accomplished for his son or daughter in a remarkably short period of time, and at a small expense. He will tell of his child's success since graduating in this institution and will emphasize the fact that the training received was broad and thorough, both from a business and moral standpoint. Write for a catalogue of the Tyler Commercial College today. Read the endorsement from parents, who have patronized this institution. Read the many endorsements from students

showing their success. Read the many endorsements of business men as to the thoroughness of training. Read the description of our extensive practical courses of study, and you will see that the Tyler Commercial College is not a small business college, but it is an educational institution that ranks among the foremost of the country. When your son or daughter has graduated from this institution they will hold a diploma that represents efficiency, and will not only be a passport into the best salaried positions, but will be unquestionable evidence that they have achieved a great accomplishment. They will not have to go back home and wait for something to turn up; they can go into the business world and turn something up.

L. A. Arthur, of the Shady Grove community, was in the city Tuesday and came around to see the printers while here.

Louis Fisinger returned to his home in Houston last night after a visit to his sister, Mrs. H. B. Reed in the city.

Mr. A. L. Allen of Route No. 1, was among the callers at The Sentinel office Tuesday afternoon.

Mrs. J. N. Lucas of Sacul is visiting relatives in the city for a few days.

## Received Today A car load of five OAKLANDS
