NEW SHERIFF FOR NACOGDOCHES COUNTY

Judge Guinn Has Removed Luther Prince and Appointed Matt Muckleroy

When the reporter visited the court house this morning he found the principal topic of conversation to be in the matter of the removal from office of Sheriff Luther Prince and the appointment of Matt Muckleroy to fill the vacancy.

A petition was filed with the district judge for the removal of the sheriff, but as the district clerk was out of the city, the petition was not filed until the afternoon of the 7th. The petition could not be heard until the afternoon of the 8th.

Cane Mills Evaporators, Furnace Doors and Grates

We have a complete stock of these that were bought several months ago in England—shipment and the prices that we are now making are less than the present wholesale cost.

If you are going to buy a Syrup Making outfit you can save money by buying from us at once.

If you are going to buy a Cane Mill, please come to see us at once.

CASON, MONK & CO

STATE AUDITORS HERE CHECKING ACCOUNTS

WILD RUMORS OF PEACE CURRENT

Several judges are... first, the criminal charges that are pending against the defendant, and secondly, in the event he should answer that a deputy was responsible for the criminal matters charged, gross ignorance, carelessness and incompetency.

This trial is separate from the criminal charges that have been filed against the sheriff and deputy and set down for trial at the special term of court.

The Sentinel made the decision yesterday that in the event the defendant was exonerated of the criminal charges that were filed against him, he would automatically be restored to office.

That condition does not obtain with the charge that is now to be tried, but in the event the impeachment proceedings fail, he will be restored to office.

PEANUTS. Bring your peanuts to me. I will pay the top market price. 6dwtf HERBERT SCHMIDT.

The Only Thing That Hasn't Gone Up—The price of your paper. Pay up that back subscription.

In times like these, when the price of everything is soaring, you will find it profitable to study the progress of the progressive movement in this paper.

With the reports that Great Britain had sunk eleven German ships, the Italians have checked the progress being made in the big battle in which the allies have been united so long, the war news is more encouraging with late dispatches.

The Chicago Daily News makes the observation if "Republican congressmen praise the government they are thought to be praising the democrats, and if they criticize it, they are called pro-German." Then why a republican at all since there is no necessity for a division of political opinion?

The Lukin News has reached the second milestone of its career and passes into the third volume with a bright future before it. The News is a credit to its town and community, and it is the honor of the Sentinel that it has kept the record of its many successes in its past work.

Before the war, the Sentinel will be remembered as the paper that was the first to give the people of this town a live and hearty and happy life. It was the first to give the people of this town a live and hearty and happy life.

George Howard is a young attorney at Houston, Texas, who has been appointed secretary of state by Governor Hobbs. Mr. Howard is a native Texan, born in Palestine, August 16, 1889, and is said to be the youngest man to hold this position in the history of the state. He is a son of A. R. Howard, treasurer of the International & Great Northern Railway Co.

We had the pleasure of meeting an old friend from Nacogdoches on our streets Sunday while he was waiting for a change of cars. He had never visited Silsbee before and was simply amazed at the appearance of the town. He could not believe that he was still in the United States when he gazed upon our splendid roads. We dare say that if he should have the pleasure of a few miles drive on these roads would have him fixed for the rest of his days.—Silsbee Signal.

No man can live unto himself. He may grasp every penny that he can get and refuse to contribute one cent to the betterment of his town and get by with it for a while, but the time is sure to come when he will reach the turn in the lane, and his descent on the toboggan of his own construction will be rapid and sure. A miserly, grasping, all-in-and-nothing-out business policy puts a man beyond the pale of respectability, and earns only the contempt and hatred of his fellowman.—Valley View Sun.

A telegram from Mr. Peden, state chairman of the Food Administration, instructs county chairmen to report lists of any who fail to sign the pledge cards, concluding with the significant statement: "During these troublesome times we should know who our national enemies are." Let no citizen of Nacogdoches county fail in this line, for to do so lists you with bootlegs and puts your home under surveillance.

Let the people of Nacogdoches know that the pledge cards are not to be taken lightly. The cards must go to the state and the cards must be tabulated in the campaign. Cards were sent out by the school children yesterday afternoon, and if any forgot to turn them in to their parents, let the parents make prompt inquiry of them tonight, sign up the card and mail it not later than tomorrow as it will be too late to send it back to school Monday. Homes overlooked by any reason can be protected later, but it is important for its moral worth that all possible be included in this week's campaign.

We are beginning to speak of a billion of dollars as we used to speak of a million. But do we really know what a billion dollars means? As an example, an expert counter of money in the Treasury Department at Washington can count 4,000 silver dollars an hour. So, working 8 hours a day, he counts 32,000 silver dollars in a day. At that rate it takes him more than a month to count a million. If he kept this up for 10 years he would have counted 100 million dollars. Now to get an idea of what a billion dollars means, suppose it would take the Treasury expert 102 years of steady work 8 hours a day to count a billion dollars in silver.—Tyler Courier-Times.

The time to do a thing is when the doing of it can be done with the least inconvenience to all concerned. For years it has been known to all that the credit system is a curse to this country, but there has been no time when it seemed possible to abolish the credit system. It would be possible now. The credit system is a system of waste and a system that is not dependable. It has ruined merchants and worked a hardship on producers. It has made good higher, ruined merchants, and forced honest men to furnish dishonest men food and clothing. It would be the greatest blessing ever bestowed on this country if all the people would get together and abolish the credit system forever and a day.—Honey Grove Signal.

If any have failed to receive a pledge card, they can be served by phoning either O. M. Gibbs, the county chairman, or Mrs. W. S. Davis, secretary, to fill out one for them, and the home cards will be sent to them as soon as a new supply can be received. The campaign closes with tomorrow, and the request should be made prior to this time. There has been a splendid response, and many could not have been missed. The county organization has had no funds with which to work, doing the work freely and voluntarily, and the members could not be expected to take cards to those who are not served through some connection by which they could be easily reached, a statement that is made in justice to the board and to advise those not served to cooperate with us by phoning in their names or coming after the cards.

RED CROSS NURSES.

Fifteen thousand nurses have already been enrolled by the American Red Cross, many of whom have volunteered for war service, according to a statement made public at Red Cross Headquarters today. About two thousand have already been sent to Europe. It is estimated that the present registered force is sufficient to care for an army of a million and a half and approximately a thousand nurses are being added monthly.

"It is of the greatest importance that able and educated young women should be urged to enter the regular training schools and take the usual course in order to fit themselves fully for nursing," said Miss Jane A. Delano, Chairman of the National Committee on Nursing Service. "While our present needs are being met the burden of the war will increase rapidly. It is highly desirable that the ablest, most experienced nurses should be released for service behind the lines, and a constant supply of younger nurses, thoroughly trained, will allow these older women to leave their posts in this country without danger to our own sick."

The Nation Committee is also enrolling public health nurses with a view to protecting them from bedside nurses where their special training would not be fully utilized.

The Red Cross requirements for nurses have been somewhat modified in order that, if needed, thousands of additional nurses may be made eligible for enrollment with the American Red Cross and available for call should the necessity arise.

The principle change contemplated is to reduce the lower limit to specially qualified nurses which are "recommended by state boards of registration," even though the schools have a daily average of somewhat less than the required fifty patients.

In order to increase further the available supply of nurses the schools for nurses giving a three year course may be requested to advance the date of graduation of pupil-nurses, perhaps to the end of their second year of study, should the exigencies of war make such action seem desirable.

CALLS FOR REPORT ON THOSE WHO REFUSE

State Food Administrator Peden sent a telegram to the district chairmen yesterday, which in turn was transmitted to the county chairmen of the Food Administration, advising as follows:

"Instruct all county chairmen to investigate and report all cases of refusal to sign pledge cards, giving names and addresses, and reason for refusal. During these troublesome times we should know who our National enemies are. Please observe closely and obtain all names as requested. This country must be registered one way or the other in this war."

This telegram is self-explanatory, and it behooves the people of the county to bestir themselves. The county administration has no funds with which to make a canvass of the county, but has endeavored to reach the people through the various schools. If any have been overlooked they can yet be served by making request, either from the teacher or upon application to the County Board, which is making requisition for more cards.

When you have signed the pledge card and you will receive a home card, which is a certificate of your membership, and which should be kept on display.

\$\$\$ WAFFLES \$\$\$

1. Mix and sift flour, baking powder and salt.

2. Add milk gradually, beating constantly.

3. Add Cottolene, yolks of eggs well beaten, and whites of eggs beaten stiff.

We agree with you about waffles. They *must* be crisp. No! We don't doubt that *your* waffles are crisp. But perhaps you'd like them even *more* crisp.

If you would, why don't you try some economical Cottolene Waffles? Wholesome, economical Cottolene, you know, has a delightful habit of making all foods "crispy" — waffles included.

If you prefer to use your own recipe, be sure to use one-third less of economical Cottolene than you would of expensive butter.

Why "one-third less"?

Simply this: Wholesome Cottolene is unusually rich — even much richer than butter. It contains no water or salt.

So it goes farther.

Our recipe given here has an established reputation for making delicious, crisp waffles. Will you try it?

3 1/2 cups flour
2 rounded teaspoons baking powder
1 level teaspoon salt
2 cups milk
2 yolks 4 eggs
Whites 4 eggs
1 tablespoon melted Cottolene

Picture No. 1 shows how to start

4. Beat mixture thoroughly.

5. Cook in hot waffle iron well greased with Cottolene. Brown first one side then the other.

6. Serve with maple syrup.

Cottolene

"Makes Good Cooking Better"

Yes! Economical Cottolene is also superior for frying and for all cake-making.

At grocers in tins of convenient sizes.

PATRIOT OR VICTIM?

Shreveport Times. — This is thoughtlessness rather than disloyalty. But the two are difficult to separate these days. Better spend the price of the yarn on Liberty Bonds or tie? Watch them at any social gathering as they pull needles and yarn from those modish knitting bags. If the yard is a patriotic and is plying her needles in behalf of the boys at the front. But if the yard is gorgeous yellow or purple or coral or vivid green the evidence is rather convincing that the knitter isn't patriotic at all. She's simply the victim of the latest fad. And it's a very extravagant fad, too.

The nation is asked to conserve wool. Yarn is expensive and hard to get. Every ball of yarn that goes into the gay sweaters of fashion takes so much material away from the much-needed sweaters and wristlets and caps of our sailors and soldiers. One young woman knitting a stunning rose colored sweater for herself ran out of yarn. It could not be obtained at any of the local stores. It could be made as to its delivery. A search through the stores in a neighboring city failed to find yard of the same shade and quality. That half-knitted sweater was put away indefinitely, all the yarn put into it wasted for the time being.

Then there's the girl who learned through the Red Cross how to knit songs and washcloths. Whereupon she proceeded to knit washcloths for her hope chest!

'CASCARETS' WORK WHILE YOU SLEEP

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels. — Take Cascarets tonight.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments the passage in a swirl barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

PA AND MA.

When Ma is Sick—
When Ma is sick
She pegs away;
She's quiet, though,
—Not much to say.
She goes right on
A'doin' things,
An' sometimes laughs,
Er even sings,
She says she don't
Feel extra well,
But then it's just
A kind o' spell.
She'll be all right
Tomorrow, sure,
A good old steep
Will be the cure
An' Pa he sniffs,
An' makes no kick,
For women folks
Is always sick,
An' Ma she smiles,
Let's on she's glad—
When Ma is sick,
It an't so bad.

When Pa is Sick.

When Pa is sick
He's scared to death,
An' Ma an' us
Just holds our breath.
He crawls in bed,
And puffs an' grunts,
An' does all kinds
Of crazy stunts,
He wants "Doc" Brown
An' mighty quick;
For when Pa is ill
He's awful sick,
He gasps and groans,
An' sort o' sighs;
He talks so queer,
An' rolls his eyes;
Ma jumps and runs,
An' all of us,
An' all the house
Is in a fuss.
An' peace an' joy
Is mighty skeerce—
When Pa is sick
It's something fierce.
—Exchange.

RED CROSS NEWS.

Owing to the great scarcity of wholesome milk in Russia, the American Red Cross has purchased a million pounds of condensed milk for the babies in that country. Shipment will be made immediately. The money for this milk was appropriated on the receipt of urgent cables from William B. Thompson, Chairman of the Red Cross Commission to Russia, and Dr. Frank Billings of Chicago.

Reports from the American Red Cross Commission to Russia have stated that nothing could be more heartening to many of the Russian people at the present time than providing nourishment for their babies. Another million pounds, therefore, is to be shipped next month. It is probable that further supplies will be made, to the limit of transportation facilities. In subsequent shipments each can of condensed milk will bear a label in Russian reading: "From Free America to Free Russia."

The original purchase was made through the Belgian Relief Commission. Special attention was given to obtaining milk which would retain its nutritive value under the frigid temperatures of the Russian climate.

The Russian government has arranged to release cars from war service to carry this milk distributing centers as soon as the shipment shall arrive at the boundary of Russia.

GIVE 'SYRUP OF FIGS' TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver, and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is fussy, stomach sour, breath bad, has sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bits gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

NACOGDOCHES LEADS CONSERVATION CAMPAIGN

The Old County Sustains Her Reputation for Patriotism and Loyalty to Nation

Lufkin, Texas, Nov. 3, 1917.
O. M. Gibbs,
Nacogdoches, Texas.
Your county leading all by big majority. Work excellent, Congratulations. You and speakers have Nation's lasting gratitude.
C. B. COLLINS.

The above telegram from Mr. Collins, district chairman, was forwarded by him this morning at 9:17, after he had received the big mail of pledge cards that went forward to him from this city last night, and is another evidence that the people of this town and county are always ready to do their duty when they understand it.

The majority of the rural schools forwarded their reports earlier in the week, and the whole has brought up the splendid showing for the county, of which we may well feel proud.

Nacogdoches exceeded the demand that was made upon her in subscriptions to the liberty loan; we have a Red Cross organization that is alive and busy, doing a great work; we have furnished a generous share of soldiers to the country, and thus it can be said that we have not lagged at any point, in all things preserving that fine spirit of patriotism that was handed down to us from our gallant forefathers.

But we must keep on, and continue to discharge each duty that comes to us. And there will be many more demands made upon us.

When the sleep is disturbed at night by urinary troubles, the best thing to do is to take Prickly Ash Bitters. It has a strengthening influence in the kidneys and bladder. Price \$1.25 per bottle. Stripling, Haselwood & Co., Special Agents

BEAUMONT SHIP WORKERS OUT ON A STRIKE

Beaumont, Texas, Nov. 2.—Two hundred employees of the McBride & Law shipbuilding plant went out on strike this morning, demanding higher wages. A representative of the firm stated that they were paying the government scale and could not agree to an increase without authority from the shipping board.

Three hundred men are employed and 200 of them walking out made it necessary for them to close down the plant.

Hard-working men and women are liable to kidney, liver and bowel disorders as any other workers. Prickly Ash Bitters is the worker's friend, because it keeps these organs in sound, vigorous condition. Price \$1.25 per bottle. Stripling, Haselwood & Co., Special Agents.

Mr. John Rusk, a well known and prominent citizen of the Shady Grove community, was a pleasant caller at the office Friday afternoon. Mr. Rusk had the misfortune to get a fall some time ago which has temporarily crippled him, and he still has to get about on crutches.

Heartburn, heaviness in the stomach, bloated feeling, coated tongue, bad breath, dizziness and vertigo (blind staggers), quickly relieved by Prickly Ash Bitters. People who have used it say they can eat heartily without misery, where before they tried it the most healthful food seemed to get them out of fix. Price \$1.25 per bottle. Stripling, Haselwood & Co., Special Agents.

ANOTHER OLD MOTHER IS WITH THE DEAD

Mrs. Fannie Muckleroy, the devoted wife of Mr. R. P. Muckleroy, died at her home near the Frost-Johnson mill Saturday afternoon at 1:15, and her remains were laid to rest in the Fairview Cemetery Sunday afternoon at 3:30, Rev. C. A. Westbrook officiating.

Mrs. Muckleroy was sixty-four years, ten months and one day of age at the time of her death, and is the first member of her immediate family to be claimed by the Grim Reaper. She is survived by her husband, three sons and five daughters, the latter as follows: Henderson, Tom and Vernon Muckleroy, Mrs. C. B. Linthicum, Mrs. John Force, Mrs. Jesse Partin, Mrs. Richey.

The body was prepared for burial by the undertaking department of Cason, Monk & Co. A great host of sorrowing relatives and friends attended the funeral service to pay the last tribute of respect to one they loved and admired, and offer sympathy to the bereaved family.

Mrs. Muckleroy was a noble christian woman, and a good neighbor, whose life was consecrated to serving her Savior, her family and her friends, and she will be sadly missed from the circle in which her sweet life was so radiant with sunshine and good cheer.

An Old Man's Stomach.

As we grow older and less active, less and less food is required to meet the demands of our bodies. If too much is habitually taken, the stomach will rebel. When a man reaches the advanced age of 85 or 90, you will find that he is a light eater. Be as careful as you will, however, you will occasionally eat more than you should and will feel the need of Chamberlain's Tablets to correct the disorder. These tablets do not contain opium, but strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels. dw

GINNERS' REPORT.

There were 13,783 bales of cotton ginner in Nacogdoches county up to Oct. 30, 1917, compared with 9,619 bales up to the same date last year, making a gain up to this time for this year of 4,164.

For a Weak Stomach.

As a general rule all you need to do is to adopt a diet suited to your age and occupation and to keep your bowels regular. When you feel that you have eaten too much and when constipated, take one of Chamberlain's Tablets. dw

ATTEMPT TO WRECK TRAIN FRUSTRATED

Terrell, Texas, Nov. 2.—Spikes for the full length of a rail were found pulled from the Texas and Pacific Railway main line near Lawrence this morning just before a train reached the spot.

The clawbar with which the spikes were detached was stolen from a workshop not far distant. Railway officials are investigating.

There is more Calarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Calarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hill's Calarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars Reward is offered for any case that Hill's Calarrh Medicine fails to cure. Send for circulars and testimonials.
F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c.
Hill's Family Pills for constipation.

FOOD CONSERVATION CAMPAIGN LETTER

The county chairman is in receipt of a letter from Hon. Chester B. Collins, district chairman of the Food Conservation campaign, in which he makes some observations that should be of general interest to the people of the county, and for this reason we are giving space to the letter, which is as follows:

"As our campaign draws to a close I must acknowledge and thank you for your valued and patriotic service to our country.

"You have demonstrated your efficiency and sincerity in any cause which you undertake by your untiring efforts in this movement. If we have not done all we hoped to do, let's not be disappointed or displeased with our own efforts. We have simply come upon a situation that it takes time and patience to solve. The people are at fault in not responding more readily and some day soon they will and must realize it.

"We are in a real war. The greatest war that God and the Angels ever looked down upon. Tragedy after tragedy with millions involved is being enacted now. Soon we will come face to face with the awful results of this gigantic struggle and then our good people will realize. When they do, those who have been preaching preparedness, patriotism and co-operation in advance will stand out like prophets and have the undying good will of their people.

"The campaign has been extended a few days in which to get the cards in. Please make another heroic effort to drive your organization and county into its final goal. We are badly behind at this writing, but I am hoping that today and tomorrow will put us in the front ranks. I am advised by Mr. Peden that Washington has requested him to keep his organization intact, as there will be much to do in the future. Mr. Peden is summoned to Washington on the 8th and 9th of November to discuss the licensing situation. I believe it will be turned over to us in Texas to handle our own way.

"Please do your very best to close this campaign with a whirlwind success."

Neuralgia of the face, shoulders, hands, or feet requires a powerful remedy that will penetrate the flesh. BALLARD'S SNOW LINIMENT possesses that power. Rubbed in where the pain is felt is all that is necessary to relieve suffering and restore normal conditions. Price 25c, 50c and \$1.00 per bottle. Sold by Stripling, Haselwood & Co. codw

PLOT TO ABDUCT FORD'S GRANDSON

Detroit, Mich., Nov. 2.—Federal agents here are investigating an alleged plot to abduct or kill Henry Ford II, infant son of Edsel Ford, and grandson of the multi-millionaire.

A letter demanding \$10,000 from Edsel Ford as the price for the baby's safety was turned over to postoffice inspectors several days ago.

The letter was signed "Sicilian Anarchists Association." It demanded that the money be sent to "Gus Adams" and said it would be called for at the general delivery department. A youth who called at the general window "for a parcel for Gus Adams," was taken into custody, it is reported.

Two hundred and thirty-five tickets were sold at this place Saturday night for transportation to Shreveport where the visitors spent yesterday at the Louisiana State Fair.

A COUNTY BOY WINS FIRST PRIZE

From County Agricultural Agent Jas. D. Greer: The Sentinel gets the information that Nacogdoches county gets first prize for the Boys' Corn Club at the State Fair at Dallas, the honor being won by Harleson Trawick, son of Mr. C. A. Trawick, a well known farmer and citizen of the county.

The young man's exhibit won over the exhibit of several states and he receives a prize of \$20 in cash.

Just now while the minds of the peoples of the world are being agitated in the matter of food conservation and food production, no greater knowledge can come to any one than that he has excelled in some pursuit of agriculture, and the young man may well feel proud of the honor he has won, while the people of the county can pardonably rejoice with him in the honor he has brought to his county in an advertising way.

Mrs. P. O. Stuchell Tells How She Cured Her Son of a Cold

"When my son Ellis was sick with a cold last winter, I gave him Chamberlain's Cough Remedy. It helped him at once and quickly broke up his cold," writes Mrs. P. O. Stuchell, Homer City, Pa. This remedy has been in use for many years. Its good qualities have been fully proven by many thousands of people. It is pleasant and safe to take. dw

LATE CORN.

Many people have an idea that corn must be planted early in the spring to insure a crop. It is proper to plant corn early, alright, but it will be interesting to learn that corn can be planted as late as July in Nacogdoches county and make a crop.

The Stone Fort National Bank of this city has on exhibition several ears of corn from a crop that was planted July 7th of this year, by Mr. E. R. Ashley of Decoy. It is good, well developed corn of standard variety, and in the absence of information the onlooker would suppose it to have come from a crop planted in the spring.

Of course, there are some lands that would not survive a summer drouth, but we have much land in the county which will make a summer crop with proper cultivation, and if the first crop is failing, or if a piece of land is released from some other crop, this test proves that a later crop can be grown.

Stop coughing! you rack the lungs and worry the body. BALLARD'S HOREHOUND SYRUP checks irritation, heals the lungs and restores comfortable breathing. Price 25c, 50c, and \$1.00 per bottle. Sold by Stripling, Haselwood & Co. codw

Mr. C. S. Wallace, one of The Sentinel's good friends from Cushing, was a pleasant caller at the office this morning.

UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop using dangerous drug before it salivates you! It's horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

AMERICAN SOLDIERS FIGHT THE GERMANS

Washington, Nov. 4.—Armed forces under the American flag have had their first clash with German soldiers in an attack which the Germans made on first line trenches where the United States troops had been taken for instruction, and three Americans were killed, five wounded and 12 captured or missing.

The war department made this known Sunday night on receipt of a dispatch from General Pershing, showing that the German forces, soon after learning the position of the new enemy from overseas, had launched a desperate effort to overcome them. The Teuton attack came in the form of a heavy barrage fire which isolated a salient of the American trench and apparently left small force of Americans at the mercy of their enemies.

The the American soldiers fought gamely is shown by Pershing's report of a prisoner being taken by them. How some of his troops escaped, bringing this German back with them, is not told in the brief dispatch of the American commander.

Irregular bowel movements lead to chronic constipation and a constipated habit fills the system with impurities. HERRICK'S BOWEL REGULATOR purifies the system, vitalizes the blood and puts the digestive organs in fine vigorous condition. Price 50c. Sold by Stripling, Haselwood & Co. codw

MARRIED SUNDAY NIGHT.

Mr. George Irion Peterson and Miss Ellie Tarver drove to the home of Rev. Mr. Drewery at 10:30 last night, and were quietly married.

Mr. Peterson is head short-order cook at the City Bakery, and from his employers and associates The Sentinel is informed that he is an energetic, ambitious young man of sterling integrity, in every way worthy of the fair bride he has won. The bride belongs to one of the good families of the Hickory Flat community, is a sweet, gracious young lady, who will make a devoted companion for the worthy young man whose life she will share in the future.

The Sentinel joins the many friends of the happy couple in congratulations and good wishes.

Put a porous plaster on the chest and take a good cough syrup internally if you would treat a severe case of sore lungs properly. Get the dollar size BALLARD'S HOREHOUND SYRUP. With each bottle there is a free HERRICK'S RED PEPPER POROUS PLASTER for the chest. Sold by Stripling, Haselwood & Co. codw

CARD OF THANKS.

We take this means of extending our thanks and assurance of our appreciation to our neighbors and friends for the help they rendered us in caring for and putting away our dear wife and mother, and for the many manifestations of tender sympathy extended to us in our great loss.

If trouble every visits any of you or your homes, may you find the same tender friends; and be the beneficiary of the same tender help and sympathy is our sincere wish and prayer.

Gratefully,
R. P. Muckleroy and Children.

A letter from Mr. D. K. Cason to a member of his firm extends "Regards to all who care," and brings the cheering information that he is holding his own with hope of substantial improvement in health in the near future.

U. S. TROOPS ARE GUARDING OIL FIELDS

Shreveport Times.

The strong arm of the federal government intervened in the oil workers' strike Friday, and Friday night the Caddo oil fields took on the aspect of an armed camp, with men in khaki guarding the oil and gas wells, and picketing the lines leading to Shreveport and other points of distribution. A large force of United States regulars encamped at Oil City Friday night and by Saturday morning it is stated that all of the centers of the field will be in charge of the United States army.

The advent of the federal armed forces into Shreveport came in the nature of a surprise and but few knew that troops were en route to Caddo until troop trains began arriving Friday afternoon. Immediately after assignments were made of different contingents of the battalion and the men were quietly but speedily sent to different points in the field.

Certain Cure for Croup.

Mrs. Rose Middleton, of Brownville, Ill., has had experience in the treatment of this disease. She says: "When my children were small my son had croup frequently. Chamberlain's Cough Remedy always broke up these attacks immediately, and I was never without it in the house. I have taken it myself for coughs and colds with good results." dw

BOMBER CAUGHT ON TRANSPORT

An Atlantic Port, Nov. 4.—Armed with a bomb sufficiently powerful to destroy a big steamer, Matthews Vaiteikounos, 32, was seized on board an American transport yesterday and jailed.

The man who said he lived in Brooklyn, N. Y., had been working as a carpenter aboard the vessel. He was stationed on one of the largest line taken over by the United States after war with Germany was declared.

Rev. and Mrs. M. C. Johnson arrived home yesterday afternoon from a pleasant visit to Houston and Galveston. They had the pleasure of a little visit to their son, Rider M. Johnson, who belongs to the aviation corps, and who is now ready for service in the war zone. Rider volunteered for service some months ago, and has made good progress, insuring that he will make a valuable employe in the service of his country.

COMMON EXPERIENCE.

"Pop, when you and mom started out together, did you have a hard time to keep the wolf from the door?"
"No, son. Our greatest trouble was keeping the neighbors' chickens out of the garden."

China has enough wool, cotton and hides necessary to clothe a great army, but lacks the facilities to convert them into apparel.

Neighbor Told Her Cure for Lumbago

Rheumatism and lumbago are awful things and cause great pain and misery, but Foley Kidney Pills can rout them.

Mrs. C. H. Eveland, Duncan Mills, Ill., writes the following letter: "I was stricken down with lumbago and was unable to turn myself in bed. A neighbor brought me a half bottle of Foley Kidney Pills, and said she had been similarly afflicted and that they had helped her. So I tried them and was completely relieved by the use of two or three bottles. I have had splendid success with them and have never known them to fail. I most heartily recommend Foley Kidney Pills."

Foley Kidney Pills tone up weak, inactive, sluggish kidneys, rid the body of poisons, give appetite, energy and refreshing sleep after pain. Don't neglect kidney trouble. Remove the cause with Foley Kidney Pills.

SINGS THE PRAISES OF OLD EAST TEXAS

Houston Chronicle.
"Yes, East Texas today is witnessing what one might term a carnival of prosperity," remarked Colonel R. T. Milner, who is stopping at the Hotel Cotton for a day or two, having come for a conference with the Federal Loan Bank.

"A good cotton crop, a fairly good feed crop and high prices for everything the farmer has to sell is the cause," he says. "My travels for the last six months have led me from the Little Cypress Bayou north of Longview to Port Arthur, and the Trinity river west to the Sabine river east. The area covered is a marvelous country, abounding in soil, timber and water such as is little understood by those who have never taken the time and pains to visit and study that section. Some day East Texas will maintain the densest population of any other portion of this great state. I have seen on the same farm in hundreds of instances, corn, cotton, ribbon cane, sweet potatoes, peas, peanuts and every kind of vegetables known to the garden, besides cattle and hogs; yet agriculture in most of this area is in its infancy. Land is still cheap and hundreds of thousands of acres have never felt the hand of the husbandman. I have traveled miles and miles on public roads without seeing a house or a field.

"There are yet remaining vast forests of timber—primeval forests—unscarred by axe or saw. If this area were surrounded by an impenetrable wall, the enclosed inhabitants would possess all natural means and resources essential to a great civilization. Extending through it are inexhaustible beds rich in iron, oil and other minerals. A soil fertile beyond the comprehension of the average man is found in every East Texas county. A climate as hospitable as any in the Southwest, and innumerable running streams—God's free gift to man—induced the first settlers to come and dwell in East Texas. These hundreds of small streams come together and form two rivers in the southeast portion of the state, whose waters in the near future will admit the largest ships in the whole world.

"Passing from the more agriculturally developed section through the timber belt, I was amazed to find in Jefferson county thousands of bushels of rice yet shocked in the fields, while there the large rice fields were veritable beehives, wagons, wagons, everywhere were rushing with great loads of rice. The unthreshed rice was being rushed to the threshers, and the threshed rice was being rushed to the warehouses at the various stations. And such magnificent roads! Two mules to the wagon and two tons and more to the wagon.

"Yes, great is East Texas."

WOULD SINK IRON CROSS IN HELL

"That the flag may wave without a stain until the iron cross is sunk fathoms in hell. Prussian militarism is swept off the face of the earth and the kaiser and his cohorts have unpacked their trunks on St. Helena's barren rocks," is the prayer offered by Rev. Billy Sunday.

The prayer follows:
"Almighty God, Our Heaven-

ly Father, we pray Thee that the war may continue until Prussian militarism is swept off the face of the earth; until the snake of autocracy is crushed forever; until democracy is unshackled, until justice has a fair show; until the virtue of women is sure of protection; until the little children no longer go hungry; until the Kaiser and his cohorts have unpacked their trunks on St. Helena's barren rocks.

Hands and Hearts.

"And in the meantime give each one of us the fighting spirit that led the crusaders to victory. If we do not fight with our hands in the trenches, help us to fight with sacrificing hearts at home.

"Thou knowest, Lord, we have not entered this bloody war because of avarice or greed and we do not covet Germany's gold or land.

"We have drawn the sword to defend our country against the most bloodthirsty horde of pirates that ever degraded the earth. They respect neither law nor religion, nothing is too sacred if it stands in their path.

"Lord, bless the president, give him wisdom, bless all the councils of state and war. Keep us a united nation in fact and spirit. Bless the army and the navy. Many of our brave boys already sleep somewhere in France or beneath the sea. Bring victory to our cause because we know it is Your cause.

"We have joined hands and hearts and hopes with our noble allies that this world may be a safe place to live.

From Beer Mug.

"Thou knowest, oh, Lord, that the tidal wave of sneering unbelief that has blighted the faith of millions and denied that Jesus is Thine only begotten Son come from the beer mug of that precious crowd across the sea. All this, together with the deluge of blood, is enough to make hell laugh and Heaven weep.

"Lord, Thou hast never forsaken our flag. It waves without a stain. May it lead every step of the way until the iron cross is sunk fathoms in hell and the world rests once more bathed in the radiance of the cross of Christ.

"All this we ask in the name of Jesus Christ, Thy Son, our Savior. Amen."

The Sentinel has a communication bearing a Trawick postmark discussing peanut products, but no name is signed to it, and we cannot therefore publish it. We always withhold names when desired, but it is necessary for us to know who writes a contribution before we can give it space, a rule that is employed by all newspapers and necessary for their protection. Let future correspondents take note of this requirement, and if the correspondent herein discussed still desires the publication of his communication, let him forward his name and we will give space to it.

The Sentinel is informed that the installation of the new sewer system is being delayed by some property holders refusing right-of-way. This condition should not obtain where it is at all possible to allow right-of-way, for a good sewer system would be one of the greatest boons to the health, convenience and happiness to the people of the city, and must be provided to meet the demands of the increasing population. We understand that no additional burden that can be avoided will be imposed.

The dispatches in the last papers announce that the United States and Japan have arrived at a clear understanding in diplomatic relations, and will cooperate in the war.

THE DEVIL RESIGNS HIS JOB.

The devil sat by a lake of fire on a pile of sulphur kegs, his head was bowed upon his breast, his tail between his legs; a look of shame was on his face, the sparks dripped from his eyes—he had sent up his resignation to the throne up in the skies. "I'm down and out," the devil said—he said it with a sob—"there are others that out-class me and I want to quit the job. Hell isn't in it with the land that lies along the Rhine; I'm a has-been and a piker and therefore I resign; one ammunition maker with his bloody shot and shell knows more about damnation than all theimps of hell. Give my joy to Kaiser William, the author of this war; he understands it better a million times by far. I hate to leave the old home, the spot I love so well, but I feel that I'm not up to date in the art of running hell."—Exchange.

GEORGE PARTIN WRITES—LETTER ABOUT ARMY

Following is a letter from George Partin, a brother of Mrs. Robert Jordan, of this city, who is "somewhere in France" doing service with Co. B, 12th Engineers, published in the Tyler Courier-Times a few days ago, which will doubtless be of interest to his many friends in this city.

In France Somewhere, I don't know? Do You? Oct. 3rd, 1917. Dear Charlie:

Your letter received yesterday and it tickled me good to hear from you. You see, old "pal," it has been a long long time since you and I were just like one, and a letter from you is worth more than 24 from other sources. The little postscript by Miss Jessie was highly appreciated and to think how queer she remembers me as "Ire-Tive!"

Well, old boy, I am limited to a certain extent in writing from this country and news is rather scarce, but we are enjoying ourselves as much as you could expect from "War Hounds." Of course you knew Engineers are not a fighting man, only in emergencies, but we see all the battles we want to. Air fights are too numerous to notice and the bursting of shells from 6 to 11 inch guns is very near continuous. We are not in the very immediate danger but are located too near the lines for solid comfort.

Sherman lied when he said war was hell! Hell is a Banquet hall to the side of this war. I didn't think war could destroy and damage things like they are in this unfortunate country. Towns and villages for miles are lying in ruins, even the graveyards have been dynamited and robbed by the Germans. The inhuman slaughter of innocent men, women and children that runs into millions will never be known and the most sacrilegious acts that will ever face the world.

We had a great time in England. I am very lucky, as our Regiment went to London and marched before the King and Queen and it bestows a great honor upon us, as we were the first and only American soldiers to ever parade the streets of London, the only foreign soldiers to make the march since King William III. Some stunt, eh kid?

I haven't seen a Texas paper or smoked a Bull Durham cigarette since we left New York. We see soldiers from every nation in the world, even the Hindoo Indians have a regiment here also as well as negroes from Jamaica and South Africa, Scottish Highlanders in their kilts. Boys from New Zealand, Australia, Ireland Canada and other nations too num-

erous to mention. The British and French have made a wonderful record the last few months but a guess at peace is foolish. The winters are fierce in this country, but we are well equipped and ready to face the snow.

I haven't received the book from Morris yet or the paper, but the mail is slow, but they are appreciated when we do get one.

Give my regards to everybody in town and when I come back I will tell you and the boys and girls more hairraising lies than Charley Scott can tell in two years. I got a letter from Eugene a few days ago.

With love for your whole family, I will close. Write soon to your old pal—

GEORGE PARTIN,
Co., B, 12th Engineers, Am. E. F. in France.

ITALIANS SUFFER ANOTHER REVERSE

The Austro-German forces operating against the Italians along the Tagliamento river from the region of the Carnic Alps southward to the Adriatic sea are proving a serious menace.

The invaders of Venetia have driven their way across the river at Pinzano and are proceeding westward, while to the north of the Italian left wing intensive operations are being carried out by the Teutonic allies, maneuvers probably having as their objective the cutting off of the entire wing of General Cadorna's army.

6,000 Italians Are Prisoners.

The Berlin war office in its announcement of the fording of the river says 6,000 Italians were made prisoners and that an additional number of guns were taken. The Italians official communication makes only brief mention of the operation, merely asserting that the enemy succeeded in bringing some of his heavy forces to the right bank of the stream.

PUT IT IN BOTH THEIR "STANDPIPES."

Get this in your "standpipe." The negro who prospered for a season in the bootlegging business in the shadow of the Nacogoches County Court House, is on his way to the penitentiary; and if there are others, let us hope that they, too, ere long, will be given similar punishment. We have no room for them here, and they are despised of all respectable people.—Nacogoches Sentinel.

No negro bootlegger ever violated the liquor laws of Texas without being encouraged and induced to do so by some white man. No negro bootlegger can sell without a white customer being in sight. Why not punish the white man who tempts the black man to break the liquor laws equally with the black offender? If anything, the white offender is the worst of the two. But the State law reaches only the bootlegger and permits the beneficiary to go free. Until the State law shall be made as strict as the Federal law, on this matter, the Federal law should be invoked against both the bootlegger and his tempter and patron.—J. C. McNealus, in Dallas Democrat.

THE DISTRICT BOARD MOVES TO PALESTINE

Palestine, Texas, Nov. 5.—Ex-Governor Campbell, chairman of the district exemption board for this district, announced yesterday that the headquarters of the board would be removed to this city from Tyler on November 10, and that hereafter all sessions of the board will be held in Palestine. He says the main part of the work of the board has been completed until the next draft.

DEMOCRACY AND WOMAN SUFFRAGE CARRY N. Y.

New York, Nov. 7.—Woman suffrage was carried in New York state in Tuesday's election.

At 2:15 a. m., Wednesday returns from two-thirds of the election districts in the state gave a suffrage plurality of 57,500. If this rate should be maintained in the districts unreported at that hour, the majority in favor of the enfranchisement of woman would be approximately 86,000.

New York, Nov. 6.—With only 72 districts missing in the greater city the vote for mayor was:

Bennett, 51,956.
Hylan, 288,435.
Mitchell, 145,459.
Hylan's plurality over Mitchell was 142,976.
Mitchell's lead over Hilquist was 10,569.

New York, Nov. 6. Mrs. Norman De R. Whitehouse, chairman of the New York State Suffrage party, estimated at 9:45 o'clock that a majority of 15 per cent of the total vote cast in the state was for woman suffrage.

"We hardly expected such a landslide," she said.

New York, Nov. 6.—John F. Hylan a county judge of King's county, was elected mayor of New York Tuesday by a plurality of 122,976 over Mitchell, with 72 districts missing. He carried with him the entire Democratic city ticket, including Charles L. Chair for comptroller; Alfred E. Smith, now sheriff of New York county, for president of the board of aldermen, and Edward Swann for district attorney.

The indications are that the Democrats will have a majority in the board of estimates, which controls the expenditures of the city funds.

Mayor John J. Mitchell, who sought re-election as a fusion candidate, although not formally nominated by any party, was a poor second in the race. His vote in 198 districts out of 2,060, in the city, with 72 districts missing, was 145,459, compared with 288,435 for Hylan.

Morris Hilquist, the Socialist candidate, about whom rallied most of the radical elements in the city and those who favor an immediately-negotiated peace, stood third with 134,890, and William M. Bennett, who unexpectedly won the Republican primary nomination from Mayor Mitchell, was fourth with 51,956.

From the time the returns were received from the first 100 districts the result never was in doubt. It was evident Hylan had scored an overwhelming victory and again brought control of the city administration into the hands of Tammany Hall.

Most of the newspapers which had supported Mitchell, and that included all in the city except those owned by William R. Hearst, conceded Hylan's election before 7 o'clock. Hilquist was the first of the unsuccessful candidates to admit his defeat. The Republican county committee announced at 7:30 that Hylan undoubtedly had been elected.

Judge Hylan's first act after being assured of his election was to make this statement:

"The result speaks for itself. The people have spoken and in no uncertain manner. Democracy has once more been restored to power. The people and not the corporate interests will rule for the next four years. I am indeed grateful for the confidence thus reposed in me by the citizens of the city of New York.

"The result is a complete justification of the fight we have

made for honesty, efficiency and the public service. That was the sole issue upon which the election was decided."

RESOLUTIONS.

To the Chancellor Commander and Brethren of LaNana Lodge, 106 K. of P.

Your committee appointed to draft suitable resolutions relative to the untimely death of Mary Inez Hatch, daughter of Knight Harold C. Hatch, begs leave to report as follows:

"God moves in a mysterious way, His wonders to perform," so it is but natural that finite minds cannot comprehend and oftentimes can hardly be reconciled to the horrorfulness of unforeseen casualties.

Not only the immediate friends and the relatives of the entire town, as well as thrown into grief and mourning over the sad death and distressing accident which brought to a close the young life of a loved flower, of our brother's household; made all the more sad, since during all these years in the marks of our busy streets, she was the first to be called by such an accident. Therefore be it

Resolved That, LaNana Lodge No. 106, and each member thereof, extend to the heart-broken and bereaved family, especially the mother and the father—heart-felt sympathy, and as much as it is possible for one individual to enter into, and feel the deep grief and bereavement, which now weighs so heavily upon our brother and his family, we do commit our feelings and sympathy unto them, mingling our tears with their tears, and yet again, our hope with their hopes; resting assured that He who doeth all things well will sanctify unto his own for eternal good, even the grim visage of death. To Him we look with confidence and with a faith well founded, point our brother and his family that they may claim the assurances so abundantly promised by God unto his creatures in every condition and ordeal of life, for even "Though I walk through the valley of the shadow of death, I will fear no evil, for Thou art with me, Thy rod and Thy staff, they comfort me . . . surely goodness and mercy shall follow me all the days of my life, and I shall dwell in the house of the Lord forever." And, may we not suggest to the sorrowing parents that it is no small or worthless thing to have an actual family continuity between earth and Heaven, the home and the Altars of Almighty God.

We recommend that a copy of these resolutions be spread upon the minutes of the Lodge, a copy sent to the family and a copy to the press.

Fraternally submitted,
F. D. HUSTON,
H. B. DAVIS,
G. B. ENGLEADOW.

ASK 16 PER CENT INCREASE IN PAY

Chicago, Nov. 5.—Officials of the Brotherhood of Railroad Trainmen and the Order of Railway Conductors left here today after four days of deliberations, prepared to submit their wage increase demand to the railroad managers within the next three weeks. It is said the demand will be made for an increase of approximately 16 per cent, made imperative by the high cost of living. The action will affect more than 200,000 railroad employees.

These demands do not include the members of the Brotherhood of Locomotive Engineers and the Brotherhood of Firemen and Enginemen.

Want Ads—Result getters.

THE CITY COUNCIL HAD INTERESTING MEETING

Several Important Matters Were Brought Up and Are Under Advisement by Board.

The City Council had a most interesting meeting last night, at which some very important matters were taken under advisement, and will be disposed of as the board in its judgment deems best after making an investigation.

The first matter to engage attention was the routine business, which was disposed of, after which a petition signed by a number of citizens, was presented, and is reported and reviewed in the following:

First, the petition reviews that on account of the narrow streets, and abrupt, irregular street corners, laid off by former generations, and further, on account of the rapid increase of all makes of automobiles and delivery cars, our streets are and will become more congested, etc., and praying that the speed of all automobiles within the corporate limits should be reduced to eight miles per hour on the public square and more prominent streets, and ten in other places. The council also feels the need of this regulation, but owing to the fact that the automobile traffic regulation has been taken out of the hands of local regulation and is now under state supervision altogether, nothing could be done with this petition.

Secondly, the petition reviews the advisability of requiring owners of brick business houses situated on Main street from East to West, and around Main and Military Plazas or public square within ninety days from the passage to remove all awnings that are not modern and safe, and require that swinging awnings, supported with sufficiently heavy log chains or other supports to make them safe for the support of the firemen in case of fire. This proposition also, appealed to the council very favorably, and an ordinance is being prepared which will provide for a uniform awning, which will be modern and durable in its architecture and construction, and will be acted on at a call meeting of the council on the night of the fifteenth.

The third and last feature of the petition relates to the opening up of certain alleys at the rear of business property, from 10 to 12 feet wide, from Fredonia street east to Pecan street west, behind the block of brick buildings fronting on the main square; thence from Pecan street west to the small Military plaza an alley, and if possible or advisable an alley running north and south behind the brick buildings facing the public square on the west, such an alley to run from West Main street to Pillar street, south. To investigate the practicability and feasibility of this proposition, the Council appointed a committee consisting of Aldermen McKinney, Cox and Reich, and Messrs. John Schmidt, J. L. Sturdevant, E. H. Blount, N. D. Naman, W. U. Perkins and C. A. Hodges. This committee will make its investigation and report back to a called meeting of the Council on the evening of the fifteenth inst., when such action as the Council may deem wise will be taken.

The petition for these new measures was signed by forty-eight well known and prominent citizens of the city, and offers measures that would contribute much to the convenience and future growth and prosperity of our fair little city.

The rear streets or alleys are needed for the convenience of the people who occupy the houses along the rows that are affect-

ed with them, and would be especially valuable in case of fire, furnishing an opening for the firefighters to get to the rear as well as the front in their operations.

The proposed improvement in awnings is also wisely suggested. Nothing makes a town look more "ragged" than dilapidated awnings of various kinds and sizes, and many of them are also a menace to public safety.

The new adjustment in both enterprises would cost some money, but it would be the best money ever spent for the convenience and civic attractiveness of the business section of the city.

DO YOUR BIT GIRLS; U. S. NEEDS STENOGRAPHERS

The work of war is being seriously hampered by the lack of stenographers. Both men and women are needed badly. Commissioner McIlhenny of the Government Civil Service in Washington has just sent out word urging his district men to do all they could to remedy the situation.

Girls show your patriotism—spend three and one-half months in the Tyler Commercial College, Tyler, Texas and qualify to pass the civil service examination, thereby helping to win the war. The Tyler Commercial College has a special class in civil service work and by the aid of the famous Byrne Short-hand which they control they can qualify you to do this patriotic work, for which the government pays handsomely, in three months less time than anyone else. Girls, what excuse can you offer for not spending three and one-half months preparing to go to our beautiful National Capitol at a good salary and help your brothers win the war?

The cost of tuition, books, and board for the three and one-half months would not exceed one hundred and twenty dollars. If you haven't this amount, borrow such part of it as is necessary from some business man who would be only too glad to make you a loan since it would serve to help win the war. The College itself is extending credit to some worthy girls and boys. Write at once for their catalog, shoulder arms and start to our Nation's Capitol and do your bit to defend U. S. A.

WANT TO RIDE AN ELEPHANT OR PONY?

With elephants to ride upon, camels and ponies too, Gentry Brothers' Famous Shows with all four exhibitions of former successful years combined into one splendid circus enterprise, are coming to Nacogdoches on Tuesday, Nov. 13th, to parade the downtown streets that Tuesday morning.

This is why the children of Nacogdoches are so happy of late, and it also is why mother and father and big sister and big brother are smiling to themselves now and then, for it is an ever-to-be-remembered day in happyland when the Gentrys come to town. And where is there a boy or girl who does not thrill at the prospect of a ride on "Pinto," the pet baby performing elephant, or on other pets of the celebrated herd of pachyderms, or on the camels, or on one of the 200 odd cunning pony actors.

All these things are in store for the kiddies when the big white tents are raised and the bands play, the banners whip the breeze and the calliope chime. For their elders, a wealth of animal, aerial and novelty acts of the highest standards are provided by the four-fold greater Gentry Brothers Shows.

MRS. BRYAN GAINED EIGHTEEN POUNDS

Suffered Fifteen Years and No One Believed She Would Ever Get Out of Bed Again.

"They said that an operation was the only thing that would save me and none of my people thought I would ever get up again," said Mrs. Addie Bryan, who resides at 2113 Crockett street, Houston, when the Tanlac representative called at her home a few days ago.

"That is just the condition I was in, after suffering agony for fifteen long years," she continued. "I was told that I had gallstones and there were times when I had such an awful pain in my side that I couldn't even bear to touch the place with my hand. I just dreaded to see bedtime come, for it only meant another night of restless misery to me because of my terrible pains would set in and keep me from sleeping."

"I suffered all the time with indigestion and my appetite left me entirely because there was nothing I could eat that wouldn't torture my stomach and bring on another of those dreadful spells. I lost weight until I was so thin and rundown and weak that I could hardly keep going and long ago I had to quit doing any work around the house."

"The last spell I had kept me in bed for two whole weeks and that was when they said I would have to be operated on or there was no hope for me. I tell you I thought that my time had surely come then, for everything else had been done for me, and every medicine that we could find had failed to help me. I had read so much about Tanlac in the papers I thought I would try it, for I couldn't bear to think of going to the hospital."

"Well, sir, it's the most wonderful thing I ever saw, the way that Tanlac took hold of my troubles and restored me to good health. I have gone from one hundred and thirty pounds to one hundred and forty-eight, which is a gain of eighteen pounds, since I started taking the first bottle. Every sign of the pain in my side left me long ago and for the last two weeks, I have been doing all my washing besides the rest of my household, something I couldn't even think of trying before. I can now sit down and eat as hearty a meal as anybody and enjoy every bite I take. I sleep like a child and my rest strengthens me and I am gaining every day I live. I feel like it is my duty to tell of the benefit that I have obtained from Tanlac so that everybody who suffers like I did, can know it and if there is anyone who wants to know more about it, let them come to me."

Tanlac is sold in Nacogdoches by Stripling, Hasewood & Co., and Swift Bros. & Smith, in Woden by M. J. King, in Garrison by Garrison Drug Co., in Appleby by Weatherly Bros., in Sacul by Arkan Cranford, in Cushing by A. J. Beck, in Douglass by Campbell & Watkins and in Chireno.

FREE TO CANCER SUFFERERS

A new book on cancer has just been published by Dr. A. O. Johnson, Suite 550, 1320 Main St., Kansas City, Mo., which shows how cancer is being treated by a combination medical treatment that proves most effective. There is no longer any question of doubt about the successful treatment of most kinds of cancer if taken in time. Absolute proof of this treatment can be verified by living witnesses who were treated three to seven years ago. Write today for this valuable book. It will be sent free for the asking.

THE ITALIAN ARMY GETS RE-INFORCEMENTS

Washington, Nov. 4.—England, France and Italy stand united to oppose any further advance of the enemy in the Italian sector, says the war department's weekly review of military operations. The statement suggests that the Teutons probably thought Italy would be left to her fate or that the allies would be unable to dispatch the necessary forces in time, but declares that England and France already have sent large reinforcements and the western front today stretches from the North Sea to the Adriatic.

NEW REVOLT IN RUSSIAN CAPITAL

Petrograd, Monday, Nov. 6.—Leon Trotsky, president of the general executive committee of the Petrograd Council of Soldiers' and Workmen's Delegates, today sent a request to the Petrograd garrison not to execute any military orders except those approved and signed by the soldiers' and workmen's revolutionary military committee. Simultaneously the committee sent to military commissioners to all the important points in and around Petrograd.

The afternoon papers interpret this action as an attempt by the Maximalists to seize political power. The papers believe that the government has decided to combat any such attempt.

AIR MAIL ROUTES PLANNED FOR TEXAS

Fort Worth, Nov. 5.—Major General Squier requested the aid of the Chamber of Commerce today in securing landing places for aviators between Fort Worth and Waco and Fort Worth and Wichita Falls. This indicates it is said, that many cross-country trips will be made.

Air mail routes too will be experimented with. Postmaster General Burleson being now in Texas for the purpose of arranging these routes.

TRUSTEE'S SALE

The State of Texas, County of Nacogdoches. Whereas by virtue of authority vested in me, as substitute trustee for J. L. Burrows, deceased, named and appointed on a certain deed of trust, recorded in Vol. No. 7, pages 131 to 134, deed of trust records of Nacogdoches County, Texas, and authorized as such substitute trustee, to execute and deliver to me on the 14th day of Nov. 1917, by V. E. Middlebrook, and deed of trust, being executed by said Albert Short in favor of J. L. Burrows, trustee for the better securing the payment of two promissory notes, the first for \$80.00, the second for \$125.00, each of which are more fully described in and deed of trust, executed by the said Albert Short, payable to V. E. Middlebrook, the first due Oct. 1, 1917, and the second due Jan. 1, 1918, which said notes were renewed after deducting all offsets and credits by execution of new notes by Albert Short, on the fourth day of Nov. 1917, due on the first day of Nov. 1917, for the sum of \$143.34, which said note said deed of trust was also renewed said note bearing ten per cent per annum interest from date, the interest payable annually and past due unpaid interest to bear interest at the rate of ten per cent per annum, and providing for ten days fees, for that certain tract or parcel of land described in said deed of trust before referred to and more fully described in said partition deed before Albert Short, and Prince McLain, dated July 10th, 1889, recorded in Vol. X, Pages 464-465, of the Deed Records of Nacogdoches County, Texas, reference to which deeds and the records thereof is here made for a more full and complete description of said land.

Now, whereas, the said V. E. Middlebrook is the holder and owner of said notes, and the said Albert Short has made default in the payment of the said \$143.34 note above described, due on the 1st day of Nov. 1917, and the same is now past due and unpaid, principal, interest, and attorneys fees, by reason thereof, and as provided for in said note, and in said deed of trust, the said V. E. Middlebrook has declared said note and all of said indebtedness due and mature and has heretofore so notified the said Albert Short in writing; and whereas, each of said notes are now past due and unpaid, now aggregating, principal, interest and attorneys fees, \$164.42; and whereas, I have been requested by the said V. E. Middlebrook to enforce said trust, I will offer for sale, between the legal hours thereof, to-wit: between the hours of ten o'clock, a. m., and four o'clock, p. m., at public auction, to the highest bidder, on the first Tuesday in December, 1917, the same being the fourth day of December, 1917, at the court house door, in the city of Nacogdoches, in Nacogdoches county, Texas, the above described property, with all the rights, members and appurtenances thereto in any wise belonging.

Witness my hand this 7th day of Nov. A. D. 1917.

V. O. MIDDLEBROOK, Trustee.

Frank Usrey, and Messrs. Aiken and Fowler of the Coast Artillery Co., have been in the city with the homefolks for a day or two.

RULING MADE ON AUTO REGISTRATION

Austin, Texas, Nov. 5.—Many inquiries are daily being received by the State Highway Commission from persons over the state desiring to know whether or not they are required to pay a registration fee on motor cars for the remainder of the present year. In answer to these inquiries the commission not only holds that a registration fee must be paid, but quotes that section of the highway law bearing on this subject: This section reads as follows:

"Each and every person owning a motor vehicle or motorcycle in this state on July 1, 1917, or who shall purchase or assume control of a motor vehicle or motorcycle in this state subsequent to July 1, 1917, and before December 31, 1917, shall immediately file an application for registration with the state highway department, and such registration shall be effective from the day of filing of such application and shall expire the following 31st day of December, 1917; and all such applications for registration made prior to the 31st day of December 1917, shall be required to pay one-half the annual fees required by the provision of this act.

The fee for one-half year is one-half of 35 cents per horsepower, according to the A. L. A. M. rating.

DIES FOLLOWING A FUNERAL SERMON

Montgomery, Texas, Nov. 5.—Just as Rev. S. M. Smith turned away after saying the benediction over the grave of Mrs. Nannie Dikeman, he fell unconscious. He died last night, having never recovered consciousness. He was 70 years old and had been in bad health for some time. He was superintendent of the Baptist Sunday school here.

Funeral services were held at the Baptist Church yesterday afternoon and he was buried with Masonic honors. He is survived by several grandchildren.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health. . . I can do my work. I feel I owe it to Cardui, for I was in a dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

A GOOD OLD COLORED WOMAN WITH THE DEAD

On Sunday afternoon, November 4, the body of Aunt Maria Thorn was laid to rest in the colored graveyard near her home by the mill-pond. In addition to those of her own color, there were white friends present with floral offerings and the tribute of kindly thoughts. Everyone respected this faithful old darkey because of her long, useful life and because of the many good qualities which made up her character. There were many who loved her and the hearts of these grew tender with the recollection of loving ministries performed by the old black hands, and by the errands run by the tireless feet of Aunt Maria. No night was ever too stormy, no day was ever too cold to cause her to fail when her promise "was out," no task was ever too hard when she was summoned by those whom she called "her white folks." They felt—who looked for the last time on her peaceful face—that God had called her to her heavenly home. They felt, too, that the portals had swung to admit her and that the Father had said: "Well done; enter into thy rest."

M. H. P.

Messrs. W. D. Smith and Adron Johnson of the Harmony community were pleasant callers at The Sentinel office Saturday afternoon. These gentlemen failed to get sufficient pledge cards for their communities, and not waiting to be on the "unrendered roll," came in to get some more cards.

No. 666

This is a prescription prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Calomel and does not gripe or sicken. 25c

HOPE IS OF FINAL VICTORY FOR U. S.

New York, Nov. 2.—At a meeting of the executive committee of the Carnegie endowment for international peace, held here Thursday at which there were present Elihu Root, Nicholas Murray Butler, Henry S. Pritchett, A. P. Montague, Austen G. Fox and James Brown Scott, the following declaration was unanimously adopted:

"The trustees of the Carnegie endowment for international peace, assembled in annual meeting at Washington, D. C., on April 19-21, last, adopted the following resolution by unanimous vote:

"Resolved that the trustees of the Carnegie endowment for international peace, assembled for their annual meeting, declare hereby their belief that the most effectual means of promoting durable international peace is to prosecute the war against the imperial German government to final victory for democracy in accordance with the policy declared by the president of the United States.

"In view of recent events emphasized by the widespread intrigue of the German government to deceive and mislead the peace-loving peoples of the world, the executive committee of the peace endowment unanimously reaffirms this declaration and pledges the Carnegie endowment for international peace to the loyal support of those courses of action that will assure early, complete and final victory for the arms of the allied forces. The path to durable international peace on which the liberty loving nations of the world would so gladly enter is now blocked by the blind reliance of Germany upon the invincibility of German military power and upon its effectiveness as an instrument of international policy. This reliance must be broken before any other effective steps can be taken to secure international peace. It can only be broken by defeat.

"The executive committee of the Carnegie endowment calls upon all lovers of peace to assist in every possible way in the effective prosecution of the war which has peace and not conquest for its aim."

LEMONS MAKE SKIN WHITE, SOFT, CLEAR

Make this beauty lotion for a few cents and see for yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smoothen and beautify the skin.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons. 99

SPECIAL SESSION SOUGHT BY PROS

Fort Worth, Texas, Nov. 1.—Prohibition leaders from many Texas counties began deliberations here this morning on their

A Soldier's Strength

Every enlisted man would stand up stronger during the first year's service if he could have the benefits of

SCOTT'S EMULSION

because it fortifies the lungs and throat, creates strength to avoid gripe and pneumonia and makes rich blood to avert rheumatic tendencies.

Send a bottle of SCOTT'S to a relative or friend in the service.

The Norwegian cod liver oil in Scott's Emulsion is now refined in our own American laboratories which makes it pure and palatable. Scott & Bowne, Bloomfield, N. J. 17-14

renewed efforts to have President Wilson close saloons in Fort Worth, Houston and San Antonio. Bishop Mouzon called the meeting to order.

The first business of the convention was to send a telegram to Governor Hobby asking him to call a special session of the legislature to enact statutory prohibition. Following this a committee of 15 was named to visit each Texas army camp to probe vice and liquor conditions.

Pat Neff of Waco was elected permanent chairman. The telegram to the governor requested that he answer by wire immediately. The delegation which will go to Washington to seek prohibition from President Wilson will be composed of 100, it was decided.

Cut This Out—It is Worth Money.

DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for coughs, colds and croup; Foley Kidney Pills and Foley Cathartic Tablets. Stripling, Haselwood & Co. dw1

Mr. G. W. Lyles, superintendent of the loan department of the Southwestern Life Insurance Co., has been in the city today looking after some business interests. Mr. Lyles is a native of East Texas, and still loves this section. In a conversation with the writer this morning, he said that East Texas was now coming into its own. He says that all eyes are on this section, and that the average citizen has no idea how much immigration there is now being enjoyed in the different counties.

Little Ones and Old Ones. James Edwards, 208 Harriett St., Montgomery, Ala., writes, "My whole family is using Foley's Honey and Tar Compound now—the little ones and the old ones. It has cured our coughs and broken our colds." Foley's Honey and Tar clears stopped air passages, heals raw inflamed membranes, removes phlegm and eases sore chest. Stripling, Haselwood & Co. dw1

Mr. and Mrs. Bradley King were over from Douglas yesterday afternoon, motoring over in the family car.

Complaint Almost Gone. "Foley's Honey and Tar is great," writes L. W. Day, 65 Campbell Ave., E. Detroit, Mich. "It relieves bronchitis quickly. My complaint has almost gone and I hope never to have it again." Time and the experience of thousands have proved that there is no better croup. Get the genuine. Stripling, Haselwood & Co. dw1

H. I. Chandler of Swift was in the city today, and remembered his county paper substantially.

RUSSIA TIRED AND CALLS FOR HELP

Conditions in Russia are very discouraging to the allies who had hoped that she would hold out awhile longer at least.

She is now crying for help, and it would not be surprising that she did not enter into negotiations with Germany for a separate peace before many days roll around.

The following dispatch from Petrograd is an index to the conditions that are causing concern:

Petrograd, Thursday, Nov. 1.—Russia is worn out by the strain of war and must have help, Premier Kerensky today told the Associated Press. He said that Russia claims as her right that the other allies now should shoulder the burden which she has borne.

Russia, the premier declared, has been fighting 18 months longer than England, and Russia has fought her battles alone and is fighting alone.

In Sanitarium Three Weeks

Splendid results in kidney and bladder troubles are achieved by Foley Kidney Pills. Mrs. Effie E. Kleppe, Averill, Minn., writes: "I was at Fargo sanitarium three weeks for rheumatism and kidney trouble; got no relief. I began using Foley Kidney Pills and found immediate relief. A bottle completed the cure." Stripling, Haselwood & Co. dw1

Eugene Casley, who is now in the navy at a port in the Atlantic, near Newport, R. I., came in Tuesday night in response to a message announcing the death of his father, and will spend several days with the homefolks. Eugene is highly pleased with his new position, and talks interestingly of the life and the country he has seen since leaving. It will be remembered that he resigned a good position in this city to do service for his country, and he is one of the town's true patriots.

Have it Handy for Croup.

Grandmothers and mothers who have raised families of children have learned from experience that it pays to keep a bottle of Foley's Honey and Tar in the house ready for emergency. It gives prompt relief from dreaded croup attacks, checks coughs and colds, and relieves whooping cough. A safe medicine—no opiates. Stripling, Haselwood & Co. dw1

CASUALTIES ANNOUNCED.

Washington, Nov. 2.—Eight men are dead and another is missing as the result of the recent torpedoing of the transport Finland by a German submarine. The navy and war department were so advised today by official cables.

Two of the dead and missing men were members of the naval armed guard and two were army men, a private and a negro transport worker. The others were civilian members of the Finland's crew.

Man Troubled for Two Years.

No one should suffer backache, rheumatic pains, stiff joints, swollen, sore muscles, when relief can be easily had. James McCrery, Berrien Center, Mich., says he was troubled with kidney and bladder trouble for two years. He used several kinds of medicine without relief, but Foley Kidney Pills cured him. WILL RESTRICT USE OF COAL IN INDUSTRIES

Washington, Nov. 1.—Resolutions designed to restrict the use of coal in industries considered non-essential to the conduct of the war will be put into force soon by the fuel administration. The plan under consideration provides for a classification of industries in the order of a general order to coal producers, directing them to supply first manufacturing plants engaged in war work.

Domestic consumers will be supplied ahead of all industries, and the regulations will contain special provisions for upward revision of coal prices for mines which contain unusually thin veins and for mines in the hands of receivers to permit them to operate at a profit is probable within a few days. Heretofore price changes have been general and have not applied except to entire districts. Fuel administration officials, however, have come to the conclusion that individual mines must be taken care of where present prices threaten to force them to close.

Where prices are raised for single mines operators would be allowed to charge prices based on cost of production plus a percentage of profit. All such mines would be put under a licensing system.

Directors of the National Gas and Electric Association protested to Fuel Administrator Garfield against a proposed order limiting the use of coal for electric display signs. Electric advertising, they declared, will be classed with public utilities and should not be done away with to save a small amount of coal.

I want to sell or trade for anything worth the money, one 5-passenger auto in good running order. Also one good brood mare. Will work with single or double and is a good saddle animal. 2 good second-hand wagons. Josh Henson. 4w

DELCO-LIGHT
The Complete Electric Light and Power Plant.

San Augustine, Texas, July 20, 1917
Mr. J. R. Dickerson, Delco Light Dealer,
San Augustine, Texas.
Dear Sir:— You ask me how I was pleased with my Delco Light Plant. Will say that I am highly pleased with it. It makes a fine light—the very best. Simple in operation and the cost of running expenses is practically nothing compared with the service it gives. I have run my lights, fans and iron for 5 days and nights on one charge of the batteries without running the engine, with good lights and I could have run a week. Anyone will make no mistake when they buy the Delco Light. I would not take twice what my plant cost me if I couldn't get another like it. You can use my name for reference.
Yours very truly, J. E. ROBERTS, Tax Assessor.

Too Many Operations

The Right Medicine in Many Cases Does Better than the Surgeon's Knife. Tribute to Lydia E. Pinkham's Vegetable Compound.

Doctor Said Operation or Death—But Medicine Cured.

Des Moines, Iowa.—"My husband says I would have been in my grave today had it not been for Lydia E. Pinkham's Vegetable Compound. I suffered from a serious female trouble and the doctors said I could not live one year without an operation. My husband objected to the operation and had me try Lydia E. Pinkham's Vegetable Compound. I soon commenced to get better and am now well and able to do my own housework. I can recommend Lydia E. Pinkham's Vegetable Compound to any woman as a wonderful health restorer."—Mrs. BLANCHE JEFFERSON, 703 Lyon St., Des Moines, Iowa.

Another Operation Avoided.

Richmond, Ind.—"For two years I was so sick and weak from female troubles that when going up stairs I had to go very slowly with my hands on the steps, then sit down at the top to rest. The doctor said he thought I should have an operation, and my friends thought I would not live to move into our new house. My daughter asked me to try Lydia E. Pinkham's Vegetable Compound as she had taken it with good results. I did so, my weakness disappeared, I gained in strength, moved into our new home, do all kinds of garden work, and raised hundreds of chickens and ducks. I cannot say enough in praise of Lydia E. Pinkham's Vegetable Compound."—Mrs. M. O. JOHNSON, Route D, Box 190, Richmond, Ind.

Of course there are many serious cases that only a surgical operation will relieve. We freely acknowledge this, but the above letters, and many others like them, amply prove that many operations are recommended when medicine in many cases is all that is needed.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

THE ITALIANS SUFFER SOME HEAVY LOSSES

The dispatches of the past few days have reported some very heavy losses suffered by the Italians in the Austrian drive that is being made upon them. Below The Sentinel reproduces two dispatches, one of which purports to be an official dispatch from Berlin reporting their success, and the other reporting a check of operations by the Italians:

Berlin, via London, Nov. 1.—The Austro-German forces invading Italy have increased their number of prisoners taken to more than 180,000. They have captured 1500 Italian guns. The foregoing information was officially announced today by the German war office. The German statement says the Teuton fourteenth army yesterday gained another great victory.

Portions of the Italian retreating forces made a stand at the Tagliamento River. The bridgehead positions at Dimenao and Codrippo were captured by the Germans. The Austro-Germans penetrated the rear guard positions of the Italians to the east of the Lower Tagliamento where they cut off and captured 60,000 Italians.

Washington, Nov. 1.—Thirty thousand German soldiers, including two generals of division, were killed in the great battle on the Bainsizza plateau, according to cabled reports received here today.

SENATOR LON A. SMITH PUT ON COMMITTEE

Senator Lon A. Smith was notified last Wednesday by the president of the senate that he had been selected as one of the senate investigation committee to investigate all the State departments, under a resolution adopted by the last session of the legislature. The appointment is indeed an honor and a recognition of Mr. Smith's standing as a member of the senate. Mr. Smith attended a meeting of the committee in Dallas, Friday, at which time he was elected Secretary.—Rusk County News.

SOUR, ACID STOMACHS, GASES OR INDIGESTION

"Pape's Diapepsin" neutralizes excessive acid in stomach, relieving dyspepsia, heartburn and distress at once. Time it! In five minutes all stomach distress, due to acidity, will go. No indigestion, heartburn, sourness or belching of gas or eructations of undigested food, no dizziness, bloating, foul breath or headache. Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest stomach sweetener in the whole world, and besides it is harmless. Put an end to stomach distress at once by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder caused by fermentation due to excessive acids in stomach.

ONE MILLION TONS OF SHIPS UNDER WAY

Washington, Oct. 31.—American shipyards will complete 1,000,000 tons of ships by March 1, Chairman Hurley of the shipping board, told a conference of Atlantic coast builders and government officials, called to discuss speeding up the shipbuilding program.

"In the whole of 1916," and Mr. Hurley, "we turned out little over 750,000 tons. We will achieve in the next four months far more than we achieved in 12 months. The new goal of our expectations is 10 times the production of 1916."

The chief subjects taken up at the meeting were increasing the labor supply and better co-operation between the government and shipbuilders.

"I want to pay tribute to the patriotism of labor in this situation," continued Mr. Hurley. Shipyard owners probably do not understand the obstacles which the patriotic labor of the country has had to overcome. Nor does labor probably understand the obstacles faced by the shipyard owners. It is that we may all understand each other better, pull together, and speed up, that Admiral Capps and I called this meeting.

"We will build 6,000,000 dead weight tons of ships in 1918. I say we are going to do it, rather than that we are going to try to do it because anything America sets out to do she does. We are cutting out red tape. Whatever help labor needs we shall give to labor. Whatever help the shipyards need we shall give to the shipyards."

Builders at the conference agreed with government officials that measures should be taken to prevent yards from firing each other's workers, and a general standardized wage system was proposed as a means of accomplishing this. A general readjustment of contracts for ships commandeered on the ways by the government, it was said after the conference, will be made soon by the shipping board. The builders, it is claimed, are losing money on contracts commandeered, as material costs and workers' wages have risen sharply since the vessels were taken over. The shipping board, it was declared, will see that every yard is given a reasonable profit. A committee of builders named Wednesday, will co-operate with the government in obtaining materials and in dealing with the labor shortage. One member of the committee will serve as aid to the board, giving all his time to the work.

ABOUT \$40 PER M FOR SHIPBUILDING LUMBER

Washington, Nov. 1.—A general increase of \$5 per 1,000 in prices the government is paying for shipbuilding lumber was announced Thursday by the shipping board. The new price will average \$40 per thousand.

Officials of the Southern Pine Emergency Bureau at a conference with Chairman Hurley of the shipping board and Captain Harris of the federal trade commission, gave assurances that the government will have no further trouble in the deliveries of ship lumber. To make available more timber for ship building, the war trade board has placed an embargo on export of timber of large sizes.

THE BOOZER CASE IS SENT BACK

Hon. Beeman Strong is in receipt of a telegram announcing that the Boozier case had been reversed and remanded by the court of criminal appeals, which means that a new trial has been granted. It will be remembered that Mrs. Boozier is charged with the murder of her husband, and in trial in the district court of this county was convicted and given a penalty of six years in the penitentiary. The evidence was all of a circumstantial nature, and the report of the reversal by the supreme court indicates that it was reversed on insufficiency of evidence.

Messrs. R. B. Walthall and Horace Rainbolt of Garrison were in the city between trains today. Mr. Walthall made this office a pleasant call while here, and in the course of conversation said that his end of the county was rallying with solid front to the pledge card campaign, and that so far not a slacker has been found.

AMERICA TO AID ITALY

Washington, Oct. 31.—All export restrictions will be waived by the American government in forwarding supplies to Italy to aid in meeting the Austro-German invasion. The Italian government, it was made known Wednesday, will be permitted to take the kind of materials it needs most regardless of prospective shortages here.

The military and political situations in Italy and the aid America will render were gone over at a conference Wednesday between Secretary Lansing and Count Di Celiere, the Italian Ambassador. Italy's crying need for ships was given especial consideration.

Approximately 100,000 tons of shipping has been promised Italy. The shortage of ships is so serious, however, that the whole amount of tonnage promised may be available within a few days. The greatest need is coal, and next, steel, for her munition factories. She has been drawing on this country for about 100,000 tons of coal a month, but now that English coal is harder to obtain, her requirements from the United States will approach 400,000 tons monthly. The country starts the winter, according to Italian officials, fully 2,000,000 tons of coal short.

The shipping the United States is able to release will be totally inadequate to meet the demand for coal and to carry food and munitions. It is likely, it was said Wednesday, however, that the Italians will make a trade with Spain for a large amount of Spanish tonnage to supplement the American ships. At the same time the Italians will put into trans-Atlantic service as many of their own ships as possible.

Italy's food situation, it was said Wednesday, was not as bad as it had been pictured. The bread ration is larger now than in either France or England. If, however, the Italians wish to transport food in preference to coal and munitions, they will be given export licenses to ship as much as they wish.

GERMAN PROPAGANDISTS DISCOURAGE CAMPAIGN

State Food Administrator Peden wires the district and county chairmen that he is in receipt of news from Washington to the effect that many states show concerted action on the part of German propagandists to prevent signing pledge cards.

Let every loyal Texan arouse his or her fighting spirit by signing a card himself and see to it that his neighbor is not interfered with, and we will show Washington that we are behind the administration in this section.

Notwithstanding the opposition, the telegram announces that this campaign exceeds last summer's campaign.

Eugene Doughtie came in yesterday for a little visit to his parents, Capt. and Mrs. John S. Doughtie. Mr. Doughtie is a drummer, and travels over seven states.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a small bottle of Knowlton's Danderine from any drug store and just try it.

An attractive finish for wall board

The artistic paneled effect of wall board may be made even more attractive and more substantial-looking by applying

DEVOE VELOUR FINISH

Wall paper cannot be satisfactorily applied to wall board, because of the somewhat rough surface. Velour Finish will make any room comfortable and homelike. It is an oil paint that gives a velvet-like texture to walls, ceilings and woodwork.

It is easy to clean all surfaces painted with Velour Finish because they can be washed with soap and water.

We recommend Velour Finish for all interior work. It is the easiest way to obtain thoroughly sanitary walls. Come in and see the great variety of tints you may select from.

MARRIED SUNDAY.

The Sentinel failed to get the report sooner of the marriage of Mr. T. J. Halton of this city to Miss Maggie Mast of North Church community, which occurred at the home of the bride's father, Mr. Will Mast, last Sunday.

The happy couple belong to two of the good families of the county, and The Sentinel joins their many friends in congratulations and good wishes.

To provide for a new route for American trade into the heart of Europe it is proposed to construct a modern canal from Nantes, France to Basel, Switzerland. Existing canals will make this an easy task.

BREAKS A BAD COLD IN A JIFFY! TRY IT

You can end a cold and break up a severe cough in a few minutes by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed up! Quit blowing and sniffing! Take your medicine the hard—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store.

Srtipling Haselwood & Co.

S. R. Hart, a prominent farmer from the Appleby country, was a visitor to the city Monday.

Mr. Jno. D. McKnight, the telephone man and good citizen of Douglas, was a pleasant caller at this office Saturday afternoon.

Mr. and Mrs. S. A. Smith, living over on the hill, are entertaining a fine boy, born a few days ago.

Mr. and Mrs. Henderson Muckleroy and three children came up from Houston to attend the funeral of the gentleman's mother, Mrs. R. P. Muckleroy.

Mr. Will Blackburn, a well known and substantial young citizen of Douglas, was in the city today (Monday) and made this office a pleasant call. Mr. Blackburn is giving considerable attention to raising thoroughbred cattle of the Red Pole variety.

The principal food value of cotton seed meal is measured by the protein it contains. Ordinary cotton seed meal such as made by our oil mill contains 43 percent protein. Some so-called meal contains as little as 20 percent protein, not quite half as much as ours. You had better insist on seeing the tag Nacogdoches Oil Mill. 29-dwtf

Arch Burt, a prosperous young farmer of the Appleby country, was a visitor to the city Tuesday, and came by to see the publishers of his county paper.

Mr. J. P. Dorsett, one of The Sentinel's good friends from the Alazan community, was a pleasant caller at the office this afternoon, (Monday).

H. R. Pleasant, one of The Sentinel's good friends from the Appleby country, was a business visitor to the city today (Wednesday), and made this office a pleasant call while here.

Peanut meal will fatten your hogs, and the meat will be a firm as corn-fed meat. Bring us your peanuts and exchange them for meal. Peanut Meal is also a fine horse feed, and cheaper than corn. Nacogdoches Oil Mill. dwtf

I. J. Albritton of Diboll was in the city today, looking after some business matters. Mr. Albritton was forestry agent last year, but says that he is now on his own farm raising hogs, an avocation that he likes better.

Fritz Swift, Jr., son of Mr. and Mrs. Luther Swift, had an operation for appendicitis at the Tucker Sanitarium yesterday, and is reported to be doing nicely, giving hope that he will soon be up and enjoy good health.

THE NEW SHERIFF IS NOW IN CHARGE

Mr. M. S. Muckleroy filed his bond, which was approved, yesterday, and he is now in charge of the sheriff's office of Nacogdoches county pending the impeachment proceedings against Sheriff Prince.

In conversation with the newspaper man, Mr. Muckleroy said that he would retain Jackson Carnley as first deputy, but at the time of the interview he had not made a decision as to what he would do for additional help. In the course of the conversation Mr. Muckleroy said that he and the old sheriff were good friends, and he had invited him to make the office his headquarters, and that Mr. Prince would continue to furnish board for the prisoners.

Corn is very high, you can cheapen your horse feed by using the following ration: 1 measure cotton seed meal, 4 measures shelled corn, 5 measures oats. Give 3 quarts to 1 gallon at a feed. This is better and cheaper than all oats, or all corn. Try it. Nacogdoches Oil Mill. 29-dwtf

BLACKBURN & MAST
We buy cattle too—Best prices.

WE WANT YOUR PEANUTS.
We want all the clean, sound, dry peanuts—that we can get. Will pay all they are worth in cash, or will exchange peanut or cotton seed meal for peanuts. Ask us about the exchange proposition. Nacogdoches Oil Mill. 29-dwtf

Dr. S. W. Thomas of Woden was in the city today looking after some business interests and shaking hands with his numerous friends.

PEANUTS.
Bring your peanuts to me. I will pay the top market price. dwtf HERBERT SCHMIDT.

Mrs. E. A. Boles from Chicago came in last week to join Dr. Boles in making her home in this city. They are for the present making their home at the Redland Hotel. The people of Nacogdoches will join in a hearty welcome to this good family.

Strayed off, brown mare mule. 15½ hands high, weight 1000 lbs. 7 years old, split on one ear. Wire cut on fore foot. Scar in breast. Notify Jno. P. Davidson, Nacogdoches, Tex. 1w

FOR SALE—One registered Red Poll Bull yearling, and some extra good high grades. Prices ranging from \$50 up. Will Blackburn, Douglas, Texas.

HOME FOR SALE.
My home consisting of ten acres, all under chicken wire fence, one mile south of town, is for sale. Five-room house, barns, etc. Good little orchard, and about 2 acres in strawberries. About one acre in woods. Chicken yard with high fence. One acre Bermuda pasture. Phone 223. G. A. YATES.

DAYS OF DIZZINESS

Come to Hundreds of Nacogdoches People.

There are days of dizziness; Spells of headache, languor, backache;

Sometimes rheumatic pains; Often urinary disorders.

Doan's Kidney Pills are especially for kidney ills.

Endorsed in Nacogdoches by grateful friends and neighbors.

Mrs. J. Roquemore, N. Fredonia St., Nacogdoches, says: "I had dizzy headaches and my kidneys acted irregularly. My bladder was inflamed too. Pains ran up through my kidneys and caused me to suffer intensely. I was told of Doan's Kidney Pills by a neighbor and began using them. They brought fine results and I gladly recommend them to others."

RESIDENCE DESTROYED BY FIRE AT NOON

Just after noon today fire broke out in the home of Mrs. Faulkner, up North street, and destroyed the house, together with nearly all the household effects.

The Fire Department answered the alarm for the fire, but the location was beyond the water limits, making it impossible for this most efficient organization to render service.

The fire seems to have originated on the kitchen floor, and the roof of the house was in a blaze when discovered. Everything being so dry, the flames spread very rapidly, and every-

thing was consumed in a few minutes.

The loss falls heavily upon the good lady who is a widow with one of her sons in the service of Uncle Sam, and the people of the community will sympathize with her and render any assistance possible in helping her overcome the loss she has suffered.

COW HIDES WANTED.

We are paying 17c per pound for green hides. Prices subject to change without notice. Green hides should be salted heavily as soon as possible and shipped by express. Put one tag with your name and address inside of the sack and one on the outside.

We also handle horse hides and wool.
