THE GOVERNMENT MAN ADDRESSED THE WORKERS

From Wednesday's Daily. Mr. J. R. Edmunds, one of the men sent out by the government to assist in organizing the forces of Texas for a greater food-stuff and food-tuff production this year, and whose coming to this county was previously announced, arrived on schedule time, and at ten o'clock this morning addressed those engaged to make a speaking tour of the county.

The meeting was called to order by county agent Jas. D. Greer, and took the form of a round table discussion. In the course of his remarks, Mr. Edmunds said that while Texas was a great agricultural state, producing a great wealth of agricultural products, statistics show that she is not producing half the food-tuff and food-tuff she consumes, and the time has come when there must be a change in the system that has come to a standstill in the war. This speaker furnished much other useful information, and in which we have not the space to review in this article, but which will be reviewed by the press in the coming days. He also said that the government's plan is to have the farmers, by agreement, raise more of the things that they need, which they understand it, and it is only a matter of getting the information properly before them.

James J. I. Perry, of R. 1, who is visiting in the city, was next called on to respond with a most interesting talk, in the course of which he gave a report of what was being done in the county of De Witt, and that he would be glad to give a similar report to the county of Nacogdoches. He said that they have accomplished wonderful things by getting the cooperation of the school teachers, and that they have made a great deal of progress. Other interesting remarks were made by Mr. J. D. Greer, Mr. C. Johnson, Rev. C. D. Alexander, Mr. Anderson, Rev. M. C. Johnson, John Schmidt, and others, and a number of others after the speaker left the meeting. The audience of a portion of those present was the effect that the

Is a Man From Your Home Serving in Uncle Sam's Army

That man and millions of others must be fed. America Must Feed Them. You, Mr. Nacogdoches County Farmer, must raise more crops and better crops than ever before. You must feed that Boy of Yours at the front. You must help AMERICA FEED THE WORLD.

The most modern and efficient methods of farming must be employed. Supply yourself with the Latest Improved Farming Tools and you can easily work more land and make a bigger crop than you have been making. Come to our store and see the Labor Saving Tools that we are offering. We want you to make a bigger and better crop and will do all that we can to help you. Come in and talk the matter over with us at once.

farmers should be urged to grow at least 15% per cent of their crops in food and feed-tuff, and the first step is to get them to grow sufficient quantities for home consumption. The county agent will be glad to help you in this regard.

The speakers are going out on a public purpose, not to attend to the business of some one else, but to bring a message from the government to the people, and it is hoped that all will have the respectful attention and earnest consideration to which they are entitled. This is a time when we should and must have a sense of purpose and community of interest if we preserve the life and happiness of our glorious country, and to that end the voluntary service is being promoted.

VITAL STATISTICS

Vital Statistics for the month of January show more births than deaths. The statistics gathered from the records in the county clerk's office are as follows:

Deaths, 17.
Births, 28.
Marriage licenses issued, 33.
Of the marriage licenses 23 were white and 10 colored.
Two deaths are given as caused by la grippe, two from appendicitis, and five from pneumonia. Others were shown to have occurred from various causes, no two of the other causes being the same.

DEATH AT PRAIRIE GROVE.

From Tuesday's Daily. News has been received in the city of the death of Mrs. Almata Shirley, which sad event occurred at her home in the Prairie Grove community at 2:30 Sunday morning.

The remains of the good lady were laid to rest in the Shady Grove cemetery, Rev. M. I. Brown and Rev. J. L. Massey conducting the service.

Mrs. Shirley was sixty-eight years, seven months and thirteen days of age at the time of her death. Her husband preceded her to the other world, having died in 1901. She is survived by three brothers and two

DEATH AT SACUL.

Mrs. Felix Williamson, age twenty-one years, died at her home in Sacul Wednesday of last week, and her remains were laid to rest in the cemetery at Sacul.

Mrs. Williamson was the daughter of Mr. and Mrs. A. D. Wall, well known citizens of Sacul, and she was married to Mr. Williamson some three or four months ago. She was a member of the Methodist church, in which she lived a christian life, and she was a lovable young woman with a large circle of friends whose hearts are made doubly sad that she should be cut down at a time when her life was so full of promise.

"We have reached the time in our national life when no loyal citizen in the country can afford to spend a dollar for wasteful luxuries. Such an expenditure resolves itself into a disloyal act."—Cardinal Gibbons.

The Sentinel is a receipt of the first copy of the Star-Lake Review, a new weekly paper published at Sour Lake by Messrs. J. B. Flower and W. H. Harris, former of this city. The new paper is well edited and neat as a pin, and The Sentinel wafts its congratulations.

"The sacrifices we are exacting of the noble American boys who are going to the bloody fields of France for the lives and liberty of us who stay at home call to us with an irresistible appeal to support them with our most earnest efforts in the work we must do at home."—Secretary McAdoo.

Even if there should be a demand for much cotton another year, the probabilities now are that the railroads will be engaged in handling other supplies and they cannot handle it while they would give right-of-way to shipments of food-stuff and fuel. "Safety first" is always the most logical reasoning.

It is a sad and lonely life, and we are sure to have a very early start in the morning. The "mystic little creature" is a part of the "mystic little creature" and is a part of the "mystic little creature."

If Nacogdoches county had a wall built around it, and no could escape, we could very easily make a good "strong" after leaving and just as easily get in. If possible, supplies should be sent out from the county, and the "mystic little creature" should be kept in a safe place.

One of our subscribers wants to know if we have yet figured out how long sixty quarts of liquor will last in a town where there are 59 bootleggers. The question is referred to Brother Gibbs over at Nacogdoches.—Lufkin News.

If that Lufkin bunch of "thirsties" should find it out the supply would not last as long as a snow ball in torment.

An evidence of the increased prosperity of the country is the fact that the people have settled their taxes earlier this year, and there is not the usual rush of the last day. On this day last year, and the preceding years, late arrivals would sometimes have to wait for hours to reach the collector, today there has been no rush, with an annoying delay, the collector and his force of deputies being able to keep up with the tax payers as they came.

The satisfaction of going to the smokehouse when meat or lard is needed is worth all the effort required to raise and cure meat for the home. With corn and wheat for bread, pork and bacon for meat, cows for milk and butter there are no reasons why farmers may not live cheaply and well. It does not require a large money crop to provide the necessities where there is plenty of food in the smokehouse, pantry and granary. Let us strive to produce these things this year.—Henderson Times.

The first month of the new year, 1918, passes with the close of today. There is nothing strange or peculiar in the matter—they have been passing thus for thousands of years in the past, and will continue to pass after the same manner in the years of the future, but the matter that we are concerned about in the premises is what did you do with the dying month that is worth while, and what will you do with the next. Just at this time every individual of the nation is expected to exert himself to do something in his power for the welfare of the country. Some are soldiers at the

the battlefields; others man the big guns in the navy, and the remainder are left to keep up the work at home, taking the place of those who are called away and doing something of their own account. Truly, this is no time for idlers, and if you are not doing something of value, you should not let another day pass without getting busy.

Editor Roberts of the Kirbyville Banner announces the arrival of a laughter at his home, who will be "company" for the little brother that came two or three years ago.

Up to the time The Sentinel closes out type-setting for the paper this has been a perfectly good "Ground Hog" day, and if it holds out thus, we hope no one will dispute the date. If, however, the sun comes peeping out late this afternoon, and reflects the shadow of the mischievous little rascal as he strolls around in his cloudy liberty, we will surrender all authority to the day and pass it on to Lufkin for what it is worth.

The dispatches in today's papers announce that turbulence in Germany and Russia is still unchecked. The people of the stricken republics are being awakened to the fact that the rulers are not coming square with them, and when once the people become aroused in a fit of indignation, any measure of repression can be but temporary. With this logic, we may hope that a more substantial and inviting "peace offer" may come to the surface in the near future.

Yesterday's issue of the Beaumont Enterprise carries a most interesting article, written by N. A. O'Connell, concerning the "mystic little creature" and the "mystic little creature" and the "mystic little creature."

Mr. Hend upon the occasion of his recent visit to the city. The Enterprise and the correspondent have been especially generous with Nacogdoches in this enterprise, giving the town of today a splendid writeup.

With a full view up with the historical data.

A little report has been going the rounds of the press lately which is entirely too sensational to have a Nacogdoches connection or relation, and after an investigation to be sure of our ground, The Sentinel brands it as the work of an imagination that is too fertile.

The story is to the effect that a Nacogdoches girl received a letter and a watch from her sweetheart who had been captured by the Germans. In the course of the letter he reports that he is being treated nicely by the Germans, and asks her to take care of his watch until he returns. When she attempted to wind the watch it would not run, and she carried it to a jeweler who found, upon opening it, a slip of paper wound into the wheels and on it a message stating that the contents of the letter were not true, but the only message he could get by with; to the contrary, his ears had been cut off and he had been otherwise severely disfigured until he could never return.

No jeweler of this city has handled a watch bearing anything so startling, and this being true, the big feature of the story is destroyed. Neither has any girl of the city received such a letter. Last, but by no means least, no Nacogdoches boy has been captured by the Germans, and the report is therefore a falsehood of the whole cloth.

We congratulate the author in picking a place of the historical interest Nacogdoches bears for a connection in the "plot" of his story but the "development" is not sufficiently strong to make it stand up.

CHARGES VIOLATION LOCAL OPTION LAW
County Attorney Langston King has filed a complaint in two cases against V. K. Hrisikopoulos of the Candy Kitchen charging him with violation of the local option law in selling cider which the officer claims has too great a per cent of intoxicants in the country. Some are soldiers at the

PAINLESS PORK PATRIOTISM ARE YOU DOING IT?

"Painless patriotism" doesn't sound very nice—seems to be akin to slackness or something of that kind. You think of a "painless patriot" much in the same way you think of a person who shouts his loyalty from the housetops, but doesn't back it up with deeds. "Painless patriotism" is patriotism that costs nothing. But you can be a "painless patriot" and still do much to help send our flag into Berlin. You can fight the war on food waste. You can find nourishing palatable substitutes for the foods that are needed—beef, pork and mutton, wheat, sugar and fats. That is the kind of "painless patriotism" that will help drive Prussianism from the earth.

Pork, beef and mutton have distinct places as munitions in this war. Never has there been a greater necessity for their export. If we would have those people over in Europe remain in this war, we must send them meats. It would be almost a negligible sacrifice for us to eat more poultry, game, fish, shellfish, other seafoods, more vegetables, in order that what we save in red meats may cross the sea to help bring us victory.

Fats are fuel for fighters. We have them over here. In Europe the supply is utterly inadequate to meet the actual needs of the soldiers and people behind the lines. If we substituted vegetable oils for part of our fats, we could send them land and other meat fats with little inconvenience.

If you would reduce your consumption of red meats, wheat, sugar and fats, you would do much to win this war. And at the end of the year, more than money you would have saved your physical constitution, and you are today—and the people of the world are today—more dependent on the food and fuel that we export than ever before.

BUTCHER SHOPS SHOULD CLOSE UP ON TUESDAYS

Administrative action is being daily added of measures of the laws and great proprietors in various Texas cities on the issue of closing their shops on Tuesday. In Nacogdoches, the highest and best authority is the city council, which has passed a resolution to that effect. The city council has passed a resolution to that effect. The city council has passed a resolution to that effect.

"Butcher shops and meat departments of retail stores should close their places of business on department on Tuesday," said Mr. Peden. "If all do not agree to close those willing need not close but should handle on that day only fish, poultry or permitted wild game. If this works serious injury to the business, the dealer should report the situation to the county and to the federal food administrators for Texas, for appropriate action."

COMING AND GOING

A newspaper friend of ours, whose duty keeps him up o' nights, entered a downtown restaurant at a late hour Tuesday night. He glanced at the clock, then at the calendar, then at the menu, from which he ordered a frugal repast. Then he waited nervously. At the end of ten minutes he succeeded in catching the waiter's eye. "Look here, how long am I going to have to wait for that grub I ordered?" he enquired. "Oh, I guess it won't be long now," yawned the waiter. "In a hurry?" "In a hurry? Say, I ordered a meal without meat because it is meatless day, and if I have to wait five minutes longer it will be wheatless day and I won't get a darned thing!"

OUR WAR AIMS.

"What we demand in this war, therefore, is nothing peculiar to ourselves. It is that the world be made fit and safe for every peace-loving nation which, like our own, wishes to live its own life, determine its own institutions, be assured of justice and fair dealing by the other peoples of the world as against force and selfish aggression. All the peoples of the world are in effect partners in this interest, and for our own part we see very clearly that unless justice be done to others it will not be done to us. The program of the world's peace, therefore, our program."—President Wilson.

with one egg — MUFFINS without butter

Here is a way to make light, delicious muffins without using expensive butter:

Instead of the usual lump of butter which you melt and stir into your muffins, melt a **small lump of wholesome Cottolene—one-third less than you would use of butter.**

Use the recipe given below and see how these light

Cottolene muffins rise—to any occasion. Just take:

- 1 1/2 tablespoons melted Cottolene
- 1 tablespoon sugar
- 1 1/2 cups milk
- 1 egg
- 3 cups sifted flour
- 3 teaspoons baking powder
- 1 scant teaspoon salt

Now of course this recipe saves you housekeeping money. But what you want to know most is this:

GOVERNMENT UPSETS ALL SEED DEALERS

Through some strange miscarriage of the mail or breaking down of wires, the proclamation of January 10 failed to reach Texas; and it was not until Tuesday that Administrator Peden received the document confirming a long series of inquiries asking for information as to the application of the law. Not only do the rules and regulations effective February 15 apply to the seeds and grains set forth in the proclamation, but all of the by-products.

AFTER THE KAISER.

We are all after the kaiser, now. Some go forth in battle with real guns; others do their "bit" at home, and still others take a shot at him with poetry. In the latter even the children find glorious pastime, and are giving evidence of good talent. Under the caption, "Under the Chestnut Tree," George Dodson, a small boy of the city, contributes the following:

10 CENT "CASCARETS" FOR LIVER AND BOWELS

Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bad Breath—Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clean, stomach sweet and head clear for weeks. They work while you sleep.

IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look, Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a sick, playful child again. Sick children needn't be coaxed to take this harmless "fruit-laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a bottle of "California Syrup of Figs," which is sold everywhere.

TAXES RAISED BY HARD TIMES

Burden Is Lightest in Commu- ties Boasting Live and Thriv- ing Towns.

FARMER FEELS THE EFFECT

Is Inclined to Forget, at Times, That
He Is Most Vivaly Interested in
Prosperity of Near-by
Cities.

(Copyright, 1917, Western Newspaper Union.)
Taxes are always heavy—to the man
who has to pay them—but taxes in
some communities are much higher
than in others. If you have ever
stopped to investigate the matter you
have discovered that the lowest taxes
are found in the most prosperous com-
munities. And there is a reason.

The prosperous community has the
lowest taxes because there is a large
amount of wealth in the community
against which the taxes may be as-
sessed. There are prosperous mer-
chants with large stocks of goods up-
on which taxes are levied. Property
values are high and there are thriving
industries which pay a large propor-
tion of the taxes.

The higher the property values and
the greater the wealth of the commu-
nity the lower are the tax levies, for a
lower tax on each hundred dollars of
valuation is required to produce the
necessary revenue for the administra-
tion of the city and county govern-
ments.

Other Taxes Are Raised.
On the other hand, take a dead town.
Property values are low. Merchants'
stocks are small and they have little
money in the bank. Industries which
ordinarily pay a large part of the taxes
of a community have closed down.
There are vacant store buildings which
were formerly filled with stocks of
merchandise upon which the owners
paid heavy taxes. Who pays the taxes
that were once paid by the merchants,
the manufacturers, the bankers and
the men who had large holdings of
high-priced property? The taxes to
conduct the city and county govern-
ments, to maintain the schools, to build
and repair the roads must be collect-
ed from someone. Who pays them?
The man who owns his little home or
the vacant lot or two upon which he
has been planning to build his home
must pay double or triple the amount
which he paid in the times when the
town was prosperous, to make up for
the taxes which are not paid now by
the merchants, the bankers, the man-
ufacturers and the big property owners
who bore the heaviest burdens of tax-
ation when times were good.

The farmers in the country sur-
rounding the town are also among the
heaviest sufferers from the ebbing of
the town's prosperity. A certain
amount of money must be raised by
taxation to provide for the expenses
of the county. Roads must be built
and kept in repair. Bridges must be
built and maintained. Salaries of
county officers must be paid. County
institutions for the care of the sick
and the poor must be maintained. In
counties which contain one or more
thriving towns, a large proportion of
the taxes for the county are paid by
the towns. The greater the wealth
of the towns and the higher the prop-
erty valuations, the lower the tax levy
for the entire county. When the tax
levy is low the burden placed upon the
farmer is light.

Burden Falls on Farmer.
When the county contains no pros-
perous and wealthy towns, the greater
part of the burden of taxation for the
county falls upon the farmer. The
value of the farmer's property does not
fall in proportion to the value of the
property in the town and the higher
tax levy that results from the lower
property values in the towns makes
his taxes higher.

The farmer forgets at times that he
is vitally interested in the prosperity
of "his town." He thinks that it is up
to the town to take care of itself and
that it is up to him to take care of
himself and he overlooks that fact that
the prosperity of the town means as
much to him as it does to those who
live in it. The farmer who is inclined
to overlook this fact has only to think
of the matter of taxes and he is likely
to change his point of view for taxes
are one thing that neither he nor any-
one else can escape, and they are one
thing in which the farmer ordinarily
takes a very lively interest.

How Farmer Can Help.
There is just one way in which the
farmer can best promote prosperity in
the town near which he lives and that
is by spending his money in that town
instead of sending it away to the far-
distant city. Every time the farmer
sends all order to a mail order house
he helps to destroy the prosperity of
his own community and to boost his
own taxes. When he sends a dollar
away from home he gets none of it
back. When he spends a dollar at
home, a part of that dollar comes back
to him in some way. It helps the town
where it is spent to provide a prod-

GERMANS RAID LINE HELD BY AMERICANS

With the American Army in France,
Jan. 30.—An American position on a
certain section of the French front
was raided during a heavy fog shortly
after daylight this morning. The
attack was preceded by a violent ar-
tillery barrage.

Two Americans were killed and four
wounded. One soldier is missing and
is believed to have been captured by
the enemy.

Casualties have been occurring al-
most daily for several days on this
sector. It is now permitted to dis-
close that all the recent casualties
given out from Washington occurred
in this sector. The deaths were caused
by shelling, mostly shrapnel.

Night Fairly Quiet.
Last night was fairly quiet through-
out the American sector. The usual
number of shells came over, doing no
damage, and there were customary
sporadic outbursts of machine gun
fire from both sides at points where
the opposing lines are nearest.

At daybreak this morning the heavy
fog which had been enveloping the
whole position and the country for
miles around for several days became
thicker still, blotting out all except
the nearest enemy positions. At 7
o'clock three muffled reports sounded
through the fog. There were three
whistles, followed quickly by three
shell bursts. The projectiles exploded
on three sides of an American list-
ening post just outside the wire, with-
in 45 feet of an enemy listening post.

Dawn Brings Hell.
"Then hell broke loose," said one of
the men there. For 15 minutes the
enemy broke hundreds of high explo-
sive 77s around the post and the sur-
rounding ground, cutting off the men
there. Two of them were killed in
the first few minutes. Another man
who was at the post told the corres-
pondent later, as he was lying on a
cot in a field hospital, that he saw
four Germans approaching out of the
fog as the barrage lifted. He brought
his automatic into play and saw two
of the Germans fall. He kept on fir-
ing until shell splinters hit him in the
head and arm.

"The last I remember in the time
before I reached the hospital," said
another wounded man, "is seeing
something moving through the fog.
I determined to get some Germans
and put my rifle to my shoulder, but
never pulled the trigger. There was a
defeating explosion behind me.
Frozen earth, ice, stones and shell
came my way."

Inspection of the scene of the raid
showed that the ground was plowed up
by the explosion of shells.

Mr. and Mrs. H. F. Gillette left last
night for Baltimore, where Mrs.
Gillette will enter the John Hopkins
Hospital for treatment, in the hope
of recovering her health, and her many
friends at home trust that she may be
quickly restored.

ONE DOSE RELIEVES A COLD—NO QUININE

Take "Pape's Cold Compound" every two
hours until you have taken three doses, then
all grippe misery goes and your cold will be
broken. It promptly opens your clogged-up
nostrils and the air passages of the head; stops
nasal discharge or nose running; relieves the
headache, dizziness, feverishness, sore throat,
sneezing, soreness and stiffness.
Don't stay stuffed up! Quit blowing and
sniffing! Ease your throbbing head—nothing
else in the world gives such prompt relief as
"Pape's Cold Compound," which costs only a
few cents at any drug store.

SERIOUS LABOR STRIKES REPORTED IN GERMANY

LONDON, Jan. 30.—Nearly 500,000
persons are already on strike in Ber-
lin and the number is being added to
hourly, the Exchange Telegraph cor-
respondent at Copenhagen telegraphs
under Tuesday's date. The movement
is being extended to the provincial
towns.

The Berlin correspondent of the Po-
litiken of Copenhagen reports that
the strikers have formed a workmen's
council of 500 with an "action commis-
sion" of 10 men and women, including
Hugo Haase, the independent social-
ist leader, and Phillip Scheidmann, the
majority socialist leader.

LONDON, Jan. 30.—All the work-
men in the Kiel shipyards and in the
Vulcan works at Hamburg and thou-
sands of miners in the Rhenish West-
phalian districts, struck on Monday,
according to the Berliner Vossische
Zeitung.

LONDON, Jan. 30.—Dissatisfied
with the progress of the peace nego-
tiations and Prussian electoral re-
form, German workmen have brought
about serious strikes in Berlin and
other parts of the empire. The Ger-
man government has begun repressive
measures and has ordered the arrest
of six leaders of the independent so-
cialist party, while at Kiel the lead-
ers of the abortive workmen have
been sent into the army.

In Berlin and its suburbs 90,000
workers were not at their tasks Mon-
day, seriously hampering the electric
works and airplanes factories about
the capital. Strikes in the great man-
ufacturing district along the Rhine
and in Westphalia also are reported.
The steel making district of Essen has
been affected and at Kiel workers in
torpedo factories and dockyards have
been out since Friday.

Meetings in the industrial centers
have been prohibited. The strike
agitation has been fostered by inde-
pendent socialists and not by trades
unions. In addition to ordering the
arrest of the independent socialist
leaders, the authorities are said to
have imprisoned Adolph Hoffman, ed-
itor of Vorwarts, the socialist organ,
and independent socialist leader in the
Prussian diet.

The strike movement is said to be
directed against the delay in passing
the Prussian reform bill and the an-
nexionist propaganda conducted by
the fatherland party, which has as-
sailed bitterly the conduct of the Ger-
man emissaries at Brest-Litovsk.
General strikes broke out Monday,
the day after the emperor's birthday.

U. S. CUTS SPAIN OFF FROM TRADE

An Atlantic Port, Jan. 31.—The
sailing of five passenger steamships
making ready here for voyages to
Spain were suspended today, it was
announced on orders from Washing-
ton.

WASHINGTON, Jan. 31.—The war
trade board has suspended issuing
licenses for exports to Spain. This
effectually embargoes all shipments
to that country. The reasons have
not been fully disclosed, but it is
known that the state of exchange
rates with Spain at present is caus-
ing American business men to pay a
high premium on their commercial
transactions with that country.

Because of certain conditions in
Spain, which the government consid-
ers to the advantages of Germany
and discriminatory against the United
States and the allies, the war trade
board today ceased to issue licenses
for export of merchandise to that
country and held five ships about to
sail for Spain.

Recently when General Pershing
was authorized to buy 200,000 blank-
ets in Spain for American troops, and
attempted to buy other merchandise,
some influence suspected of being Ger-
man, intervened. Other incidents
convince the government here of Ger-
man activity. Measures similar to
recently adopted toward other Euro-
pean neutrals are in preparation.

Mrs. Lessie Register, Miss Mae Hol-
land and Mr. J. W. Holland returned
to their homes in Lufkin today, com-
ing up here to take home with them
Miss Net Holland, who has been in
the Smith Hospital for treatment for
the past several days. Friends of the
young lady will rejoice to know that
she had recovered sufficiently and en-
abled to return home.

STATEMENT BY COMMISSIONER FRED W. DAVIS.

There has been forced upon this state and nation realizing sense that a war-emergency exists, requiring the conservation of every ounce of food, as well as the planting and harvesting of food and feed crops up to the utmost capacity of the land to produce. To accomplish this will require the energetic, whole-hearted co-operation of all who have at heart the welfare of the state and nation. In order, therefore, that all the agencies, organized and individual, working in so great a cause, may heartily co-ordinate their efforts for better team work, the Texas Food and Feed Production Campaign has been organized with headquarters at Austin. Mr. B. F. Johnson, Secretary of the Wichita Falls chamber of commerce has been appointed by Governor Hobby as manager.

Mr. Johnson will need the moral support of all citizens in doing this splendid work for the state and nation. The state department of agriculture will heartily assist him in every way possible.

Two of the best men in the department of agriculture have been assigned to this work of assisting Mr. Johnson, with his arduous duties; and in the lecture campaign which he intends to begin soon, the department will furnish such additional help as can be spared from the regular work of the department.

In a patriotic and timely proclamation, the Governor of Texas recommends that a "Seed Sowing Sunday" be generally observed, namely: February 10th; and it is hoped that upon such "Holy Day" and in such a "Holy Cause", Ministers of the Gospel will urge upon their congregation the duty of energetic action to secure the maximum planting the coming season, of all crops needed at home and abroad.

Believing that the campaign as planned by Mr. Johnson will be of untold benefit to the people of Texas, and is demanded by the conditions produced by the war and the state-wide and year-long drought in Texas, I, therefore, commissioner of agriculture of the state of Texas, bespeak for Mr. Johnson the full co-operation of every citizen of this state that his work may accomplish the splendid purposes for which it has been organized.

FRED W. DAVIS,
State Commissioner of Agriculture

WAR COST TO U. S. 24 MILLION DAILY

WASHINGTON, Feb. 5.—Ten months of the war have cost the United States about \$7,100,000,000 at the rate of \$710,000,000 a month, nearly \$24,000,000 a day.

More than half of this huge sum, or \$4,121,000,000, has been paid as loans to the allies and the balance, about \$3,000,000,000 represents America's outlay, for its own war purposes, exclusive of more than \$690,000,000 for ordinary governmental expenses.

The war's toll in money is increasing at the rate of more than \$100,000,000 a month and indications now are that the two remaining months of the nation's first year as a belligerent will run its war bill to nearly \$10,000,000,000, of which \$5,000,000,000 will be for the allied loans and about the same amount for the army, navy, shipping board and other war agencies.

Government borrowings on the two Liberty Loans have paid for four-fifths of the war's cost, and taxation and a few minor ordinary government receipts for about one-fifth. The loan campaigns produced \$5,792,000,000 and \$1,250,000,000 came direct from the pockets of the people and will not have to be repaid. Financial demands of the war in the next few months will be met in the same way—by another bond issue and by taxes which will begin soon to roll-in from the first war tax act.

The army, navy and shipping board alone have dipped into the financial war-chest for more than 95 per cent of the nation's fighting funds.

Two-thirds of the \$3,000,000,000 expense for war purposes in the last 10 months has been for the army and the entire military establishment.

WHEN YOU BECOME 21 YEARS OF AGE

Young man under the last ruling you must register for military service. If you have a few months, you may prepare for Civil Service. Uncle Sam can get soldiers by the million through the draft, but is unable to secure enough stenographers, bookkeepers, operators, typists and accountants to fill his government positions. What ought you to do? More than half a million men are now waiting for the call of class one to determine how many of them will be selected for actual service in the war zone, yet civil service examinations are being held in practically every city in the U. S. in an effort to secure enough employees to run the government. Uncle Sam gives every man an opportunity to enter civil service in preference to military draft if he will only prepare himself before his call comes.

Young ladies are also in great demand for civil service work, as well as commercial positions, but today the demand is greater every time a new department is opened; every time congress authorizes the creation of an additional office. Every ship load of soldiers sent across the water increases the task of providing for them from this side of the ocean. Every week this war continues brings a greater volume and further accumulation of clerical and stenographic work in the government departments. Young men who could otherwise serve in Washington must be taken to provide the numerous army contingents with sufficient help to keep systematic records and make regular reports to headquarters on all the details of their work as well as to transmit directions from headquarters to the different departments in the course of each day's training. The call of the young ladies to awaken to their opportunity and their responsibility and to get to their places, and to get there.

We have had a number of young people rapidly becoming employed in the government positions, as well as in the large numbers who have gone directly from Tyler Commercial College into good positions with excellent salaries after taking the civil service examination here in Tyler. You will draw a handsome salary in civil service work; while you are still working for your own support, you are likewise aiding your country in the time when your help is most needed. Young people, act now. Make the wisest choice and prove yourselves worthy American citizens. Let us qualify, name and address ourselves at the name for Uncle Sam. Fill in your name and address and mail this to us for free catalogue.

IN LOVING MEMORY

Thursday morning, January 31, about 2:00 the Death Angel winned its way heavenward net empty handed but with the loving soul of Neva Neil.

Neva was the ten-year-old daughter of Mr. and Mrs. Rufus Neil of Trarwick, her death was caused by measles and pneumonia. She was in bed 23 days. She was buried Thursday afternoon in the Woodlawn cemetery, of Timpson. Neva was a kind, gentle little girl and will be missed by all who knew her. Heaven is our home. How sweet it is to know that death will never knock at the door of that mansion.

One less at home!
The charmed circle broken;
A dear face missed day by day from its accustomed place.
But, cleansed and saved and perfected by grace.
One more in Heaven!
One voice of welcome hushed and
Evermore one farewell word unspoken; on the shore where parting
Comes not, one soul landed more—
One more in Heaven!

Mourn not the dead, tho like a flower
Just opening to the morning ray,
Nipped by diseases cruel power,
They fell from love's embrace away—
Where breathes no chill or tainted air,
Where fall no darkness of the tomb
They prove the loving Savior's
care and blossom in immortal bloom.

MRS. MORRIS HAS GAINED 20 POUNDS

Friends See Great Change in Her Condition Since Taking Tanlac

"I have gained 20 pounds or more and anyone who knew the dreadful condition I was in can readily see the wonderful change Tanlac has made in me," said Mrs. N. F. Morris, who resides at 910 East Missouri street, El Paso, Texas, after using five bottles of the "Master Medicine."

"No one," she continued, "except those afflicted the same way can have but a faint idea of the awful suffering I went through for seven years. I had indigestion, a bad stomach and rheumatism in my back and shoulders. Many a day, and even months at a time, I have lived most altogether on liquids. Occasionally for breakfast I was allowed a glass of milk or a little stale bread toasted, and I got so I couldn't use even that. I couldn't even drink water without it causing trouble. I was often so sick and nauseated I felt like I would rather die and some days there wasn't an hour but what I would have a vomiting spell, and while in this fix I was completely exhausted. The gas on my stomach made my heart beat so fast it seemed like it would jump out of my body and I just had to struggle for breath. I was very nervous, couldn't sleep at night and felt tired and worn out all the time. I had fearful headaches and really, I never knew what it was to be free from suffering.

"I spent three months in one hospital and was told my trouble was caused by either gallstones or appendicitis, but I came back to El Paso and kept getting worse. Then I went to a hospital and had my appendix removed, but I still suffered the same way and became more dependent than ever. My husband and family paid out hundreds of dollars trying to get something to help me, and just to think a few bottles of Tanlac have done more than everything else certainly seems remarkable to me. Tanlac seemed to go right to the seat of my trouble and in a few days I had a good appetite and commenced to gain in weight and strength. My rheumatism and nervousness are gone and I sleep good every night, and my appetite is so great I have to guard myself to keep from eating more than I should. I am still taking Tanlac but I have already gotten so stout and healthy looking that I don't get any more sympathy. I'm taking Tanlac all the time, and my friends often speak of how much better I look. Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co., and Swift Bros. & Smith, in Woden by M. J. King, in Garrison by Garrison Drug Co., in Appleby by Weatherly Bros., in Sacul by Arkan Crawford, in Cushing by A. J. Beck, in Douglas by Campbell & Watkins and in Chireno by Nat by E. M. Jarrell.

FOR SHERIFF.

To the Voters of Nacogdoches County: I am announcing for the office of Sheriff, subject to the action of the Democratic Primaries, and modestly base my claim for your support on my record as a peace officer.

I served two years under A. J. Spradley, as deputy sheriff 21 years ago, and two years under him in 1916-16, and two years as Constable of Precinct No. 6, at the expiration of my term of office.

I will get my record before the voters of the county, and await with confidence your verdict as to who is best qualified for the office.

As I see it, what Nacogdoches County needs is service, and not promises.

My motto is "Close the lid on the Violators of the Law" and should I be elected, I hereby pledge my best efforts to the enforcement of the law. If I have made good as deputy sheriff, do you not think I am well qualified to fill the office of sheriff? Of course, I know that no officer can enforce the law without the cooperation of the citizenship.

Now, fellow citizens, we are told to "judge the tree by the fruit," so I earnestly solicit an investigation of my claims, and should I be elected I will regard my oath to enforce the law without fear or favor, giving to the man who does not support me the same consideration as the man who does not support me the same consideration as that man who does, and does, and have no "pets" in or out of the service.

Sincerely yours,
T. G. VAUGHT.

These lines are written as a memorial, and that those who know her in years that are gone, may know that she has passed to the land beyond the river.

I refer to Mrs. Susan E. Martin, widow of Jim Martin, who moved from Martinsville, to Keithville, La., in 1899. Jim Martin lived near Martinsville, from childhood. He was the eldest child and son of Uncle Tom and aunt Thenie Martin whose old home place was just a mile west of Martinsville, on the Garrison road. In his early and splendid manhood Jim Martin, married Susan E. Green, the eldest child and daughter of Uncle Jimmie Green, whose ancestral home stood on top of the hill just west of the Atascosa or Tusco creek, 9 miles east of Nacogdoches and in sight of where Charlie Sheddon now lives.

There were only three of the Greene children—two girls and a boy. One of the daughters, Josephine Greene, married Frank Fuller, father of the present Speaker of the Texas House of Representatives, and the son Jimmie Green, died just as he reached the threshold of his manhood and at the beginning of a noble career of usefulness. Susan Martin is related to the Strathans of Shady Grove and the older people probably remember her as a girl.

Jim Martin and Susan Green married early and raised a family of splendid children, all of whom survive their parents as follows: J. F. Martin, the only son at Lake Charles, Louisiana; Mrs. C. O. Beauchamp, Shreveport, La.; Mrs. Edwin Miller, Shreveport; Mrs. W. L. Picken, Lawton, Oklahoma; Mrs. J. M. Picken, La Mesa, New Mexico; the last two named being twins. The remains of this good woman now rest in Greenwood Cemetery, Shreveport.

COUNTY COURT.

The case in County Court reported Monday of State of Texas vs. Leroy Coleman, escaped convict, was tried by jury and found guilty. A fine of \$25.00 was imposed. Coleman was imprisoned under the act of law promulgated for punishment for convicts who escape, he having been hired on convict bond to Mr. W. G. Harrington, violating the agreement and running off.

Other cases for Monday were as follows: State of Texas vs. John Burk, charged with having sold hogs infected with the cholera; tried by jury and found not guilty.

State of Texas vs. J. T. Walker, violating local option law, tried by jury and found not guilty.

State of Texas vs. Dedio Ramos, charged with violating the local option law, reported on trial in yesterday's issue. Trial by jury: given \$62.50 fine and twenty days in jail.

State of Texas vs. Tom Powers, violating the local option law, trial by jury; fine \$75.00 twenty days in jail. The case of D. White vs. Thos. J. Hall, breach of contract, is now on trial.

Now is the Time to Be Careful. Avoid imitations or substitutes, get the genuine Foley's Honey and Tar, and you have a cough medicine you can depend upon. It gives prompt relief, clears throat, loosens phlegm, soothes, heals. Checks coughs, colds, whooping cough, la grippe, bronchitis coughs. Contains no opiates. Stripling, Haselwood & Co. dwt

WOMEN ARE NEEDED TO HELP IN WAR

Women can be usefully employed in nursing the wounded, in making up the soldiers' kits, and in a thousand other ways. Many American women are weak, pale or ailing from womanhood. For young girls just entering womanhood; for women at the critical time, nursing mothers and every woman who is "run-down," tired or over-worked, Doctor Pierce's Favorite Prescription is a special, safe and certain help. It can now be had in tablet form for 60 cents. All druggists.

Send Dr. Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y., 100, for trial package tablets.

A. Doss, 187 N. West Street.

OKLAHOMA CITY. "I can truly and thankfully say I have taken Doctor Pierce's Favorite Prescription and it did me a world of good."

Mrs. Gussie Hudson, Stock Yards Station.

Dr. Pierce's Pills are the original Little Liver Pills. One little Pill for a laxative—three for a cathartic. Sold by druggists for nearly 50 years, 25 cents a box.

JANUARY FIRES.

But three alarms for fires were turned in to the local fire department during the last month, the department answering recording only that number.

Neither of these fires were of consequence, one of them proving to be but a false alarm, on a burning out chimney, and the other a barn belonging to Mr. Jesse Lee and with a very slight loss.

Probably no other city in the state of this size can come up with a record like that, and it is to be noted that this record is on an average with the reports for the past several months, since the Nacogdoches department seldom has many calls to exceed the number given during January.

Mr. E. P. Muckleroy returned to his home in Google Creek this morning after a visit to relatives over the county.

LETTER FROM HOME BOY AT CAMP TRAVIS

The following letter was handed The Sentinel by Mr. G. W. Balch of the Shady Grove community and was written by his son, W. W. Balch, who is now stationed with the soldier boys at Camp Travis. It will no doubt be read with much interest by our citizens:

Ladies and Gentlemen—Married men and babies—Mothers and Mothers-in-law—I am writing you a very heart touching little ditty entitled: "The supposition is this and the motto is thus: What I mean by this is that my penmanship ex-temities are so exaggerating I hardly know which way to prevaricate, but according to my official dignity, I will do the best that my mental power will allow me, wherever the hen scratcheth, there be the bug alo, unless some disinterested ten takes th bug threfrom. Now, listen, girls lips that linger around limberger cheese cant romp on mine when I come home, so spread the butter.

I wish to extend my thanks for the many good things which they have sent to me. I wish to advise the young boys at home—listen boys, can you realize what dear old home means to you? No, but I am sure you can't, as a boy of inexperience you never will until you have traveled through what I have. I have left dear old mother and dad, sweetheart, sisters and brothers. It is true, I have been the world to my mother, and the world to my dad, but now I am the world to my Uncle Sammy, so why should I feel sad? I have just now begun to realize the meaning of life, and it is just what you make it—listen to what I am going to say—there isn't one bit of honor in it. I have worked at more different jobs in my life than any boy whom I know of. I have worked at everything from selling medicine for straightening negroes' hair, down to selling corn salve, and it being nothing but common old axle grease.

Now what I wish to say to the boys at home, Stop, Look and Listen, do not waste your time as I have, stay at home with your dear old mother and father and help them in every way you can. If you do your level best, then you haven't paid one half for your trouble. I have tried to live the best I know how. But still there is always some one who has something to say even at that. But remember, the one who is getting a rag when they are talking about you—this is the first time in my life I have had a job and couldn't quit it. Lots of the boys in my battery seem to take it hard, but it is the best thing that ever happened to a young man.

I have never known what it was to want for one single thing in my whole life, and in fact I have never appreciated one thing. My patience has been very wanted, but I can safely say, without fear of contradiction, that when I get out, if I ever go, that I will be a man. Everything else has failed, so I owe it all to my dear old mother and father, and my Uncle Sammy. Lots of the people in my little home town thought that I was a coward, but if I swore, I would swear I don't know the next letter of scared. I feel highly honored to get in the ranks of the Cavalry, Artillery, and that is the Artillery, Artillery, Artillery, and the Cavalry, Artillery, Artillery, we whip our weight in our pants, and drink our weight in beer. The Infantry, the Cavalry, and the Darn old Engineers, well, they couldn't be Artillery in a hundred thousand years. Artillery, Artillery, there's nothing that we fear, we're going to France and shoot the pants from off the tennies. The Infantry, the Cavalry and the Darn old Engineers, well, they couldn't be Artillery in a Hundred thousand years.

To all the boys who will soon be with us. Listen, don't come out here expecting to find a picnic, for you will certainly be disappointed. You can make it easy, or you can make it hard. So take my advice before you come, make up your mind to take the load on your shoulder and soldier just like a man. Stop and think before you come, what your dear old father did for you. Can you realize that we have been living in a world of extravagance for many many years. There isn't but very few of us that have ever gone through with hardships as our dear old father did. Can you realize what dear old Liberty means to you? No, I am sure you can't. I am almost ashamed to say that I didn't before I enlisted. There isn't a boy in the whole world that has had a better time than I. I have always been a happy-go-lucky kid. But remember you will all pay as I have for your experience.

I wish to speak of our modern convenience here—there is none better. And as for amusements, we have the best that the world affords, picture shows, Y. M. C. A., and the things we learn to do here is worth thousands to us, and any married man that hasn't been through this training isn't a real husband to his wife. There isn't one half of the married men here that really know how to appreciate their dear wife. But listen, this is for the married women, don't worry when your husbands come home, if they ever do, you can handle them without your tender care.

Listen, this is to the young girls at home. Don't treat the soldier boys as the San Antonio girls do. I will tell you how the girls in San Antonio treat them—you know how a negro treat them—you know how a negro town. Well that is the way the boys rank here. As for myself, I can't be bothered, for I am not out trying to get married, nor to loan no money, and run no horse races. But the girls of the boys seem to take it hard. Girls, don't misunderstand me as to what I mean, I do not mean for you to stop them on the streets. But if you chance to meet them in some nice place don't fail to speak if he speaks to you. It is true the soldier boys used to have a hard name long time ago, when there was nothing but toughs. But now stop and think that the cream of the country is there. I don't say this all for myself, but thousands of others. Now girls I hope you won't

take offense at what I have said, if you will just stop and think it is all for your good. Just think, we will all soon be in France and then it will be too late. Listen, it is very easy for married men to say, oh if I wasn't married I would be rearing to go. Well I will tell you the most of them are married, but their wives are not. Anybody can soldier in time of peace but it takes a real man to soldier in time of war. Did you ever stop to think? But even at that it isn't so bad. We have music to go to and to get up by. Listen, this is to the boys in and out of the army:

QUEEN THEATRE

NACOGDOCHES, TEXAS

2 Nights Matinees Wed FEB. 13th Thu FEB. 14th

PRICES NIGHT 50c-\$1.00 --- **Night 7:00 P. M. Matinee 2:30 P. M.**

No Seats Reserved—Come Early

M Is for the many things your Mother did for you
O Is that you know she is growing Old
T Is for the Tears she shed when you left your happy home
H Is for her Heart with tender care
E Is for her Eyes with watching and waiting for your return
R Is for you know she is always Right

Now, boys, when you leave your dear old home try and bear this in mind. Write to your dear old mother, against a real soldier man. Do not

judge as you stand there man to man—there is only one great hope, our Father. Name another if you can, and after all, it isn't so bad. It is just something new we have never had.

Dear flag of our country, whose bars are true. Call all her sons to defend her; God help us all to be true to the red, white and blue. Listen, her principles, never surrender.

My dear friends, in reading this little sketch, don't forget the corn field boy, and anything you have to send will help the old boy to mend, if it isn't anything but a card, remember it will always be appreciated. Good by, good luck, God bless you until we meet again. I am

Constant Sufferer Finds Relief.

"I have been a constant sufferer from kidney trouble and was down sick in bed," writes C. F. Reynolds, 412 Herriek St., Elmira, N. Y. "I commenced taking Foley's Kidney Pills. In a few days I was up out of bed." Recommended for rheumatic pains, backache, biliousness, sore muscles, stiff joints, "tired out" feeling. Fine for children. dwl

A Word to Mothers.

Mrs. E. J. Bedard, Cowich, Wash., says: "Foley's Honey and Tar is the best I ever used. I always keep a bottle in the house for the children. A quick cure for coughs and colds." It heals raw, inflamed surfaces, loosens phlegm, eases hoarseness and difficult breathing, checks racking coughs. Stripling, Haselwood & Co. dwl.

Miss Lucy Yates, who is teaching school at Woden, came home yesterday afternoon to attend the bedside of her mother, Mrs. G. A. Yates, who is reported as being very sick.

FROM MR. HALL
Editor Sentinel:

It is noted that in your Saturday's issue, in referring to my suit against S. B. Hayter that you state "This suit grows out of an altercation these two gentlemen had a few weeks ago." I beg to call your attention to the fact that this is a mistake, as there was no "altercation" whatever, but a case of assault in which I was knocked down and otherwise mistreated. The records of the city court will bear out this correction.

You doubtless were misinformed and had no intention of reflecting upon Yours truly,
J. THOS. HALL.

When You Have a Cold.

It is when you have a severe cold that you appreciate the good qualities of Chamberlain's Cough Remedy. Mrs. Frank Crocker, Pana, Ill., writes: "Our five-year-old son Paul caught a severe cold last winter that settled on his lungs and he had terrible coughing spells. We were greatly worried about him as the medicine we gave him did not help him in the least. A neighbor spoke so highly of Chamberlain's Cough Remedy that I got a bottle of it. The first dose benefited him so much that I continued giving it to him until he was cured."

PRINT CALICO? JUST DYE THE COTTON SEED

PICAYUNE, La., Feb. 3.—The shortage of German dyes inspired La Blair Hampton of Picayune to devise the scheme of dyeing cotton as it grew. It is said that he saturated the seed with any dyes desired and that his plantation presented a pretty appearance last fall, with flaming red and blue fields alternating with the pure white bolls. Cotton thus dyed has withstood rain and will not fade.

A scald burn, or severe cut heals slowly if neglected. The family that keeps a bottle of BALLARD'S SNOW LINIMENT on hand is always prepared for such accidents. Price 25c, 50c, and \$1.00 per bottle. Sold by Stripling, Haselwood & Co.

CENTER BOY WINS HONOR IN SERVICE

Yesterday's issue of the Houston Chronicle carries a picture and a very pretty record of service of Norfleet Armstrong, son of Mr. and Mrs. J. E. Armstrong, of Center, as follows: "Norfleet Edward Armstrong was born and raised in Center, Texas, and volunteered in May of last year at the age of 20. Going to Camp Funston, he took the officers training course and finished with honors, winning a second lieutenant's rank as he became 21. But he declined to accept this. Joining the aviation corps, he trained at the State University, Austin, until he finished the ground work, then went to Kelly Field, San

Royse City, Tex.—Mrs. Mary Killman, of this place, says: "After the birth of my little girl... my side commenced to hurt me. I had to go back to bed. We called the doctor. He created me... but I got no better. I got worse and worse until the misery was unbearable... I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for

About Constipation. Certain articles of diet tend to check movements of the bowels. The most common of these are cheese, tea and boiled milk. On the other hand raw fruits, especially apples and bananas, also graham bread and whole wheat bread promote a movement of the bowels. When the bowels are badly constipated, however, the sure way is to take one or two of Chamberlain's Tablets immediately after supper.

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this.

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.

MARRIED SATURDAY NIGHT.

Miss Christina Peterson, daughter of Mr. and Mrs. F. F. Peterson of this city, and Mr. Drewry Hall of the Press community, were married at the Methodist parsonage Saturday night, Rev. J. L. Massey officiating. The fair bride is a most worthy young lady of our city, possessed with all the graces and charms that go to make up the most gracious and lovable type of young womanhood, and has a large circle of friends who join in good wishes for her future happiness. The bride-groom is a worthy young farmer of the Press community, and in his new relation will take his place with the good citizenship of the community.

RECEIVED MESSAGE OF SUDDEN DEATH

From Tuesday's Daily.
Mr. W. A. Spencer, of the Railroad Restaurant, yesterday received a message from his son, Albert, of Groveton, Texas, stating that the young Mr. Spencer's wife and baby, aged 2 years, had died and to come at once.

No particulars of any character were given in the message and Mr. Spencer was unable to obtain further information. It is not known whether the wife or the child had been sick, as no information had been received at any time that would cause the family here to think that they had, and it is presumed that the death of each was sudden and the family here is at a loss as to what the cause might have been.

The family of Mr. Alzert Spencer had many friends here, they having visited here a number of times.

Mr. Spencer, in company with a son and his brother, J. E. Spencer, left at once for Groveton to attend the burial. Friends of Mr. Spencer here will sympathize with him in his loss.

GO NO FARTHER.

The Evidence Is At Your Door. Nacogdoches proof is what you want and the statement of this highly respected resident will banish all doubt: Mrs. J. J. Coker, S. North St., says: "I felt miserable all the time, had no life and locked energy. My back was weak and seldom let up paining. Dizziness spells and headaches constantly annoyed me and kept me feeling out of sorts. It took only one box of Doan's Kidney Pills to ease the pain across my back and strengthen my kidneys. My general health improved and I have had very little trouble in the past two years."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Coker had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Judge Vail Fall, the sage and chief justice of Chireno, was a visitor to the city Monday, and when asked about the oil news of his community, a subject on which he is good authority by reason of his long residence in the community and business connections with those who have done prospecting in the community, he said that the well brought in a few days ago had suffered a cave-in which the driller had not been able to handle so far, and that it was a similar accident suffered by the former well.

Kidney disorders cause much distress of mind and body. Such ailments should not be neglected, because they lead to diseases that are dangerous. Prickly Ash Bitters is a fine kidney tonic. It strengthens the kidneys and purifies the stomach and bowels. Price \$1.25 per bottle. Stripling, Haselwood & Co., Special Agents.

CHILD DIED.

From Tuesday's Daily.
From the undertaking department of Cason, Monk & Co., The Sentinel gets the information of the death of little Norma Lee Nichols, age ten months, seventeen days, the little daughter of Mr. and Mrs. C. F. Nichols, of the Woden community, died Monday night from an attack of pneumonia, and her remains will be laid to rest in the cemetery at Fairview today.

Many friends will enter into profound sympathy with Mr. and Mrs. Nichols in the loss of their little treasure.

A heavy cold in the lungs that was expected to cure itself has been the starting point in many cases of disease that ended fatally. The sensible course is to take frequent doses of BALLARD'S HOREHOUND SYRUP. It checks the progress of the disorder and assists nature to restore normal conditions. Price 25c, 50c and \$1.00 per bottle. Sold by Stripling, Haselwood & Co.

The Sentinel is in receipt of a supply of application cards for skilled workmen who may wish to engage in the United States Shipyard Volunteers Public Reserve. This department is wanting all the skilled workmen of the country, and pays a good price for the service. While it is not a guarantee, those who engage in this line of work are not so likely to be sent to the battle front for the reason that they are needed more in this service. These cards may be had by any wishing to make application.

A Hint to the Aged. If people past sixty years of age could be persuaded to go to bed as soon as they take cold and remain in bed for one or two days, they would recover much more quickly, especially if they take Chamberlain's Cough Remedy. There would also be less danger of the cold being followed by any of the more serious diseases.

Thrift Stamps—good investments.

Calomel Users! - Listen To Me!

I Guarantee Dodson's Liver Tone

Your druggist gives back your money if it doesn't liven your liver and bowels and straighten you up without making you sick.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can't salivate. Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It

is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

AN ALTO BOY IN A SERIOUS ACCIDENT

The following report of a serious accident suffered by an Alto boy, who was brought here for treatment, is taken from this week's Alto Herald: "Earl Bland, the fifteen year old son of Robert Bland, who lives in the Landrum community, happened to quite a serious accident last Friday night, when the horse he was riding became unmanageable and ran away, throwing the young man against a tree. He was knocked senseless by the impact and when assistance came it was found that his head was badly lacerated and bruised and various cuts and contusions covered his body. "The family physician thought it advisable to send him to a sanitarium and Saturday morning he was taken to Nacogdoches, where he is now receiving treatment. Late advices from his bedside indicate that he will recover."

When the bowels become irregular you are uncomfortable and the longer this condition exists the worse you feel. You can get rid of this misery quickly by using HERBINE. Take a dose on going to bed and see how fine you feel next day. Price 50c. Sold by Stripling, Haselwood & Co.

AL CEDO YOUTH BURIED AT WODEN

Mr. and Mrs. Henry Chisum of Al Cedo, came in yesterday bringing with them the body of their little son, Roger, who died last Sunday evening from congestion, and conveyed the remains to Woden, where he was buried in the Camp Ground Cemetery yesterday afternoon.

Accompanying the bereaved parents were Mrs. Linne Trevanthen, Master Hollie Trevanthen, Mr. George Walker, Mr. Frank McKinney, and Miss Gertrude Walker, all who returned to their homes in Al Cedo today.

Friends of the grief stricken family in this county will sympathize with them in their great loss.

Aching in the small of the back is an indication of kidney disease. The proper course in such cases is to begin at once the use of Prickly Ash Bitters. It is an effective kidney remedy and system regulator. Price \$1.25 per bottle. Stripling, Haselwood & Co., Special Agents.

Mr. T. J. Maxey, one of The Sentinel's good friends from Decoy, was a pleasant caller at the office today, (Saturday.)

SEVERAL DAMAGE SUITS HAVE BEEN FILED

Several big damage suits have been filed in the district court, in which there is considerable interest.

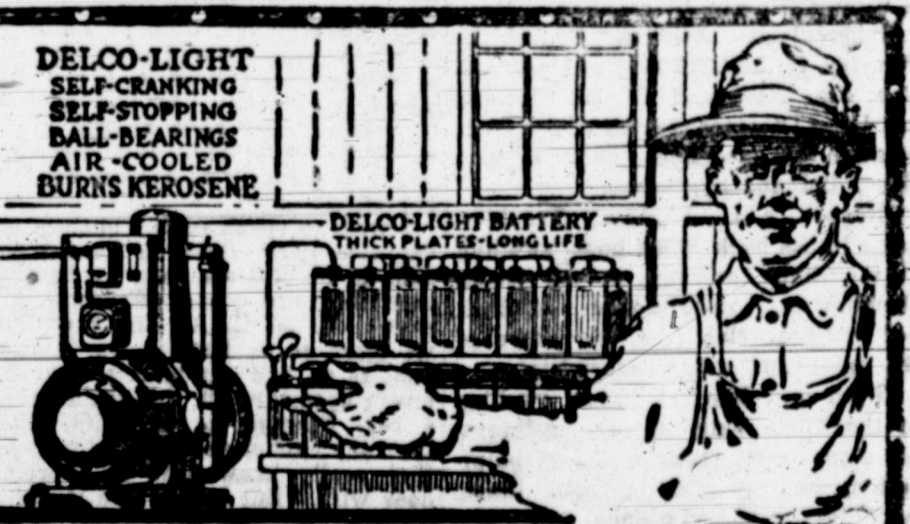

J. Thos. Hall has filed suit against S. B. Hayter for \$1585 actual and \$5000 exemplary damages on complaint that Mr. Hayter assaulted him and inflicted bodily injury to him, as well as cause him to suffer loss in medical attention, loss of time, etc. This suit grows out of an altercation the gentlemen had a few weeks ago.

The other suits, three in number, are against constable Garrett Vaught of Garrison, in which Percy Prince, a minor, by his next friend, Hudson Prince, his father, charges the constable with false arrest and imprisonment, together with assault and prays for \$500.00 actual and \$3,000 exemplary damages; Mrs. Maude Bailey in a similar complaint, prays for \$3,000 actual and \$3,000 exemplary damages; Julius Shipp, by his next friend, J. C. Shipp, his father, prays for \$500 actual and \$3,000 exemplary. These suits grow out of the incident in which the constable arrested the parties at a show in Garrison on the night of December 10th, and locked them up in the calaboose.

Don't neglect signals of distress in the kidneys. Backache, nervous disorders, pale complexion, dark rings about the eyes, mean kidney trouble. Begin promptly taking Prickly Ash Bitters; it is a kidney remedy of the first class. Price \$1.25 per bottle. Stripling, Haselwood & Co., Special Agents.

Mr. F. D. Allen, who formerly worked with the drug store of Stripling, Haselwood & Co., in this city, which he resigned to take a position in Shreveport, is in the city today, coming down to answer summons for physical examination before the local board. Mr. Allen has many friends in the city who will be pleased with the opportunity to see him again.

Chamberlain's Tablets. These tablets are intended especially for disorders of the stomach, liver and bowels. If you are troubled with heartburn, indigestion or constipation they will do you good.

DELCO-LIGHT

The Complete Electric Light and Power Plant

San Augustine, Texas, July 20, 1917
Mr. J. R. Dickerson, Delco Light Dealer, San Augustine, Texas.

Dear Sir:— You asked me how I was pleased with my Delco Light Plant. Will say that I am highly pleased with it. It makes so fine light—the very best. Simple in operation and the cost of running expenses is practically nothing compared with the service it gives. I have run my lights, fans and iron for 6 days and nights on one charge of the batteries without running the engine, with good lights and I could have run a week. Anyone will make no mistake when they buy the Delco Light. I would not take twice what my plant cost me if I couldn't get another like it. You can use my name for reference.

Yours very truly, I. E. ROBERTS, Tax Assessor.

Coughs Worse at Night

The simplest and quickest way to get rid of a chronic, racking night cough, tickling throat, hoarse, wheezy breathing is to take

Foley's Honey and Tar.
In it, you get the curative influence of the pine tar and other healing ingredients, together with the mollifying and laxative action of honey.

Editor C. T. Miller, Cannelton, Ind. (Excerpt) writes: "I was troubled with bronchial affection and coughed constantly day and night. Took Foley's Honey and Tar and got relief. It is great for bronchial colds and coughs. La grippe and bronchial coughs, croup, hoarseness, tickling throat, are all quickly relieved."

INTERESTING LETTER

FROM CAMP TRAVIS

Special to The Sentinel.

Fred E. Thrash of near Nacogdoches has recently been promoted chief mechanic in Battery "B" 344th Field Artillery.

Horace D. Taylor of Headquarters Co. 345th Machine Gun Bn. has been transferred to the 50th Engineers, and has been forwarded to Washington, D. C. for duty.

Private First Class George F. Dill, Company C, 345th Machine Gun Bn., has gained twenty pounds since being in the army. This shows that army "chow" agrees with him, and he likes the army life fine.

Corporal George B. Wenzel has reported back to his company from Base Hospital where he was confined with a case of pneumonia, and reports the best of attention while there.

Private Luther C. Hilliard has gone home on a fourteen-day sick leave, recovering from a case of pneumonia.

The health of Nacogdoches county boys is very good.

Corporal Robert J. Blain of the "A" 360th Infantry, Camp Travis, Texas, has been transferred to the Supply Station of Headquarters Detachment 25th Field Signal Battalion, Camp Travis.

The following: Oscar Reid, Joseph Rector and Blanton Bell, of Nacogdoches county, are among the boys of Battery "B" 344th F. A. N. A. training at Camp Travis for service "somewhere there."

J. P. Johnson, another of the boys from Nacogdoches county, was with them until last week when he was transferred to the O. M. S. Department, and will proceed to New Jersey soon. It is very unfortunate for Mr. Johnson that he has to make such a long trip home after becoming a married man.

Superintendent Ed T. Ray has been detailed to investigate the Chauncey Riffe School and his ambition is to become an expert and account for more than his share of the fumes when he arrives "Somewhere in France."

Corporal William N. Basty is designated instructor to Grenade and if he should get the girls "one" off his mind, he would be an expert.

Private Benjamin F. Moore was transferred, during the past week from Company "A" 360th Infantry, to the 115th Ordnance Depot, Company, Camp Travis, Texas. He is delighted with his good fortune in being assigned to this important branch of the service. The 115th Ordnance Depot Company is in charge of the supply of the 90th Division with ordnance, such as artillery, guns and rifles, high explosives and ammunition and equipment.

Richard D. Loy, who is now in Company "A" 343rd Machine Gun Bn., Camp Travis, Texas, says that if you want to enjoy a good dinner, just take a short hike of about fifteen miles and then take your mess kit around and have it filled full of beans and then go off in the shade of a tree and eat. This is what he did last Friday, and he says there is nothing like it.

When the edged winds of a Texas norther swoop down on Camp Travis, the majors, captains and lieutenants of the medical corps in charge of the big base hospital may shiver in their quarters at night and have to blow their fingers several times the next morning to keep them warm while lacing up their shoes, but the sick boys in the ward buildings are sure to be cozy and warm. There's plenty of coal and the steam heat pipes go to the quarters of the medical corps as well as to the wards, but the orders are to shut off the officers and enlisted attendants when the thermometer goes down, and to let the patients get the full benefit of all the big heating plant can do.

Miss Hatie Johnson is returning to Etoile today where she will open school Monday. It will be remembered that the Etoile school was suspended a few weeks ago on account of the excessive sickness in the community. With the shut-down the principal resigned, and Miss Johnson has been elevated to the position, which she will fill with credit to herself and the satisfaction of the patrons.

A SPECIAL SESSION OF LEGISLATURE TO BE CALLED

Report of Investigating Committee to Be Received, and Legislation Made to Suppress Bootlegging

AUSTIN, Texas, Feb. 3.—To make Texas the most helpful and the most useful of all the states toward winning the war, Governor W. P. Hobby yesterday officially announced that he would call an extra session of the Texas legislature before the end of February, probably the 25th or 26th.

Regulation of saloons around army camps in Texas is one of the subjects which may be submitted for consideration. The various subjects growing out of the report of the state legislative investigating committee also will be considered.

Governor Issues Statement.

The following statement was made by the governor in connection with the calling of the special session:

"I have not had an opportunity to thoroughly review the report of the legislative investigating committee, having received it only Friday afternoon, but I have concluded to call a special session of the legislature before the end of February for the purpose of considering subjects which I may submit growing out of that report and for the purpose of considering subjects which pertain to the winning of the war and to make Texas the most helpful and most useful of all the states in that respect.

"I am gathering data and information now concerning the conditions around the army camps in Texas, and I will submit legislation for the purpose of improving the moral surroundings and lessening the vice which has resulted from the concentration of thousands of soldiers for military training.

"The members of the legislative investigating committee have given three months to an investigation of the various institutions and departments of the state government. They have prepared a report of the work as conducted by the various subcommittees and the findings and recommendations of the central chairman.

Bootlegging Particular Evil.

"While I do not approve the report of the committee in its entirety, yet in order to give the best opportunity for obtaining the best results from this investigation, I will make the fact the earliest date which can be fixed, giving the members of the legislature sufficient time in which to study and familiarize themselves with the report, but in no event will the report be delayed longer than the present month because of the need of legislation to reach the evil of bootlegging and other vice conditions, with respect to the army camps.

"I will submit also legislation to put into effect the constitutional amendment authorizing reclamation districts to thus make land that now has no productive capacity susceptible of cultivation and increase the productive capacity of Texas for food and feedstuffs."

THE COUNTY MAKES GOOD TAX PAYMENTS

The Sentinel gets the information from the tax collector's office that 3794 poll tax receipts and fifty-eight exemptions were issued up to the time of the legal limit, which gives the county 3852 registered voters, and compared with previous years, makes a good showing.

As soon as the receipts can all be checked up, the Sentinel hopes to get an itemized list, showing the payments in the different communities.

There were five thousand property tax receipts issued, which also makes a fine showing, and leaves but little on the delinquent roll.

In the city 423 poll tax receipts were issued, and there has been a good response in the property tax payment.

END STOMACH TROUBLE, GASES OR DYSPEPSIA

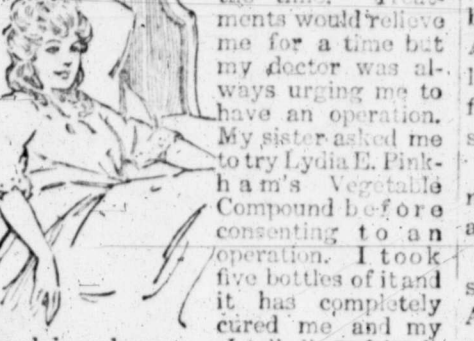

"Pape's Diapepsin" makes sick, sour, gassy stomachs surely feel fine in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach-headache, you can get relief in five minutes by neutralizing acidity. Put an end to such stomach distress now by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder caused by food fermentation due to excessive acid in stomach.

DOCTOR URGED AN OPERATION

Instead I took Lydia E. Pinkham's Vegetable Compound and Was Cured.

Baltimore, Md.—"Nearly four years I suffered from organic troubles, nervousness and headaches and every month would have to stay in bed most of the time. Treatments would relieve me for a time but my doctor was always urging me to have an operation. My sister asked me to try Lydia E. Pinkham's Vegetable Compound before consenting to an operation. I took five bottles of it and it has completely cured me and my work is a pleasure. I tell all my friends who have any trouble of this kind what Lydia E. Pinkham's Vegetable Compound has done for me."—NELLIE B. BARRINGTON, 609 Calverton Rd., Baltimore, Md.

It is only natural for any woman to dread the thought of an operation. So many women have been restored to health by this famous remedy, Lydia E. Pinkham's Vegetable Compound, after an operation has been advised that it will not help any woman who suffers from such ailments to consider trying it before submitting to such a trying ordeal.

COUNTY TEACHERS MAKE PATRIOTIC RESOLUTIONS

To the teachers of Nacogdoches county: You have doubtless seen the call of President Woodrow Wilson to the teachers of the nation to assist the local boards who have charge of the classification of the questionnaires of our men who have been drafted in the service of our country as soldiers.

Recently a call went out to the lawyers and physicians of our country to assist in this patriotic work. These answered to a man—every one of them.

We, the board of education of Nacogdoches county, have full confidence in the teachers of Nacogdoches county; and this is to say to you that we confidently believe that every teacher in the county will do his or her bit, not only in helping to the call of our President in preparing the card index cards for our nation, but will also be constantly on the alert to see every opportunity to teach patriotism to every child under your care, and to assist in imparting the needed information, looking to the protection of every ounce of foodstuff possible both for man and beast during the present year. You can be of inestimable service to your country, our state and our nation now if you have the proper initiative, patriotism and industry in this great hour of our country's need. We believe you will rise to the occasion.

We wish to commend you for the great assistance rendered in the food conservation campaign, the Red Cross Christmas drive, the Liberty Loan work and the efforts we know you will put forth in the enlisting all our people, young and old, alike, in the purchase of Thrift stamps and War Saving certificates. Messrs B. E. Strong and S. B. Hayter will furnish you with information on Stamps and Certificates. Call upon the local board in Nacogdoches, upon your county superintendent and upon your county demonstration agent, J. D. Greer, and volunteer your services and get the needed information to make your work effective.

Respectfully,
R. F. Davis, Chairman
Geo. F. Fuller
T. J. Maroney
G. B. Layton, Co. Supt. and Ex-Off-See.

CIVIL SERVICE EXAMINATION.

The United States Civil Service Commission announces an open competitive examination to be held at Nacogdoches, Texas, Feb. 16, 1918 to secure eligible to fill a vacancy in the position of Inspector of Customs at Port Arthur, Texas, in the Customs Service at \$3 to \$3.50 per day.

Competitors will be examined in the following subjects: Spelling, arithmetic, penmanship, letter writing, copying and correcting manuscript, and geography and civil government of the United States.

This examination is open to all citizens of the United States who meet the requirements.

For application blank (Form 1371) apply to Tom Buchanan at the Post Office.

Miss Rado McKnight, who has been teaching school this term at Moral, returned to her home in Alto today. The Moral school will be continued through the remainder of the term with only one teacher, there being but few scholars remaining in school after the termination of the compulsory school law.

THE AMERICAN BOYS NOW IN THE TRENCHES

Occupying a Sector in the Great Battle Which They are Holding With Characteristic Bravery.

With the American Army in France, Saturday, Feb. 2. (by the Associated Press).—American troops are now occupying a sector of the Lorraine front in France. This announcement is permitted by the military censors.

A German barrage fire at sundown last night opened the heaviest bombardment of many days along the American sector, the American artillery replying shell for shell as the firing of the heavy guns spread along several kilometers of front.

Two Americans were killed and nine wounded during the bombardment and one suffered shell shock.

The whole American sector is resounding with the boom of guns. Airmen became exceedingly active along the American front on Saturday.

A shift of the wind today cleared away the mist which has hindered aerial operations and other activities for several days. A number of the battles in the air were fought by patrolling planes early this afternoon. In one instance the French aviators defeated an attempt of German fliers to cross behind the American trenches.

The artillery and snipers also have become increasingly active. American 75's are harassing traffic behind the enemy trenches. The Germans are confining their fire largely to the American trenches.

Throughout Friday night machine guns rattled ceaselessly from German position.

INSTRUCTIONS FROM THE FOOD ADMINISTRATOR

Penal Code of the United States, Section 37: "If two or more persons conspire to commit any offense against the United States, or to defraud the United States in any manner or for any purpose, and one or more of such parties do any act to effect the object of such conspiracy, each of them parties to such conspiracy shall be fined not more than \$10,000, or imprisoned not more than two years, or both."

The above applies to the merchant who sells food commodities knowingly in excessive quantities.

It is the duty of every consumer who unknowingly has purchased an excessive supply of flour or any other commodity to return all of said commodity over and above his requirements of fifty (50) days to the retailer from whom purchased.

The retailer must take this surplus back at the same price at which it was sold and re-distribute it according to the rules and regulations of the U. S. Food Administration without any advance in price.

If any purchaser refuses to turn back his surplus, then the retailer should inform me and it will be my duty to see that the purchaser does turn back his surplus or be tried under the laws of the country. The entire force of the Department of Justice is available to the United States Food Administration and will immediately make any investigation that the Administration requests.

As I have no way in which to reach all of the retailers throughout the state it is your duty to see that each and every customer on your books is furnished with a copy of this letter; also to keep your salesmen well informed as to the rules and regulations, so that he in turn can be constantly impressing upon your retail trade the absolute necessity of observing the rules and regulations of the United States Food Administration.

E. A. PEDEEN,
Federal Food Administrator for Texas.

FATAL SHOOTING

AT TENAHA, TEXAS.

TENAHA, Texas, Jan. 31.—Last night about dark, Clyde Lebo went to the home of his brother-in-law, Hugh Smith, about seven miles southwest of town, and as Smith rolled his car out of the garage, shot him twice through the stomach on the right side.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a small bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair-roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

Houston, Texas, December 3, 1917.

Mr. G. F. Conant, President,

East Texas Oakland Co.,

CITY

Dear Sir:

On November 4th, in company with a party of friends I made a trip from Houston to Clear Lake in Oakland cor No. 2352224, Motor No. B-26250. Before starting the return trip a careful measurement of the gasoline was made. After returning to Houston, a distance of 32 miles, we had only consumed one (1) gallon of gasoline. The 32 miles were covered in a little less than 50 minutes.

Doubting this result, measurement were taken the following Sunday over the same route, with the result that the thirty-two (32) miles were covered twice, each time on one (1) gallon of gasoline.

The trip the second time was made after a heavy rain and the road was not in the best of condition, however, the car did not consume but one gallon for the entire trip.

If it is so desired this statement can be verified by the parties who accompanied us on this trip.

Yours very truly,
(Signed) MRS. J. LOEB.

MARTINSVILLE PEOPLE VOTE 100 PER CENT

Messrs. J. R. Edmonds and Jas. D. Greer visited Martinsville yesterday (Wednesday) afternoon in the interest of the campaign for greater acreage in foodstuff and feedstuff, and bring back a most glowing report of the event.

Mr. Greer says that about 125 people were present, and at the conclusion of the speaking they voted unanimously to do everything in their power to help sustain the country in its hour of need, and pledged their divided co-operation.

Mr. Edmonds spoke very complimentary of the community, saying, among other things, that if the county was all like this place he would have no fear of this county.

The Sentinel cherishes the belief that the bulk if not the whole county is pretty much the same in the matter. In these days of improved rural life the farmers keep abreast the times in all matters of community interest, and for the most part they come of the old school of patriots whose patriotism and chivalry has helped make history more glorious; sustaining the reputation of their fathers and making a record of their own.

Mr. J. R. Corger of Livingston, is visiting at the home of Mrs. Chadwick in the city.

Herbert Isbell of Garrison was an arrival in the city yesterday, coming down on a business mission.

Mrs. Jimmie Stevens of the New Hope community is reported to be quite ill with pneumonia.

Mr. M. B. Murray came down from Woden yesterday afternoon and will transact business in the city.

Mr. Roger Witt, wife and children, arrived home yesterday afternoon from a visit to friends in Woden.

Private E. K. Crisp of Company "D" 143 Infantry, and stationed at Camp Bowie, Fort Worth, was in the city

last night en route to his home in Etolle, where he will visit his parents, Mr. and Mrs. J. D. Crisp.

Mr. G. W. Knox went up to Woden this morning on business.

Mr. Henry M. Phillips returned to his home in Woden this morning after a business visit here.

Mr. A. C. Raney is a Woden visitor here today.

Mr. R. H. Pike of Woden spent yesterday in the city.

Women Want the Best.

Woman is more finely constructed than man and she requires the best to be had in medicines when her system becomes disordered. Foley's Kidney Pills help the kidneys cleanse the blood of impurities that cause aches and pains in muscles and joints, backache, rheumatic pains and puffiness under the eyes. INCOME TAX COLLECTOR HERE FOR TWO WEEKS

Mr. Frank B. Kiley of the U. S. treasury department, arrived in the city Wednesday, and will have his office at the city hall.

Mr. Kiley's duty will be to assist individual tax payers in the preparation of their income tax returns. All persons should confer with this representative of the government at once and ascertain whether or not they are liable under the law for a report. It is the duty of the tax payer to look up this officer. HE WILL NOT CALL ON YOU. Failure to make report, liable, subjects the person so failing to severe penalties.

After the last date given here the officer will not again return to this county. You should therefore see him while he is here.

Following are the places and dates of the visit of the officer to the county:
Nacogdoches, February 7 to 21.
Garrison, February 22 to 25.
Cushing, February 26 to 28.

FOR COMMISSIONER.

The Sentinel is authorized to announce Mr. J. H. Campbell as a candidate for the office of commissioner of Beat No. 1, subject to the action of the democratic primaries.

Mr. Campbell served the county in this capacity four terms, so he informs us, concluding his tenure some eight or ten years ago, and he feels that this experience, together with his knowledge of conditions of the county, acquired through his long residence, gives him a good knowledge of the needs and requirements of the office, and promises that if elected he will do everything in his power to give the people of his beat faithful and impartial service.
