MEMORIAL SERVICE NEXT SUNDAY NIGHT

To the Members of Liberty Elm Camp, 210 Woodmen of the World:
On Next Sunday night, March 17th 7:30 p. m., at the First Baptist Church, there will be held a memorial service in memory of the 25 deceased members of our camp.

Senator O. S. Lattimore, of Fort Worth, one of the most loyal Woodmen in the state, will deliver the memorial address. An interesting program has been arranged, and each member of Liberty Elm Camp is urged to meet at the Woodmen Hall promptly at 7:00 o'clock p. m., to march to the church in a body. The middle section of seats in the church will be reserved for families of the deceased members, and members of the camp.

It is very necessary that we be prompt in meeting at the hall at 7 p. m.

The committee has invited all other congregations of the city to meet with the Baptist church and we desire to make this a most impressive service. All Woodmen Camps are invited.

Fraternally,

ARTHUR A. SEALE, Consul-Com.

GOOD ROADS MEETING AN INTERESTING EVENT

Lukin and Nacogdoches Boosters Want a Good Highway Between the Two Towns.

Judge J. F. Perritte with his four county commissioners, Prof. R. F. Davis, and Messrs. T. E. Baker, Guy Blount, N. D. Naman, Worth Whited, Luther Swift, J. G. Orton and son, Lake Orton, and W. S. Davis attended the good roads meeting at Lukin yesterday, and bring back a most glowing report of the meeting, all being enthusiastic in the belief that growing out of this meeting sufficient inspiration was aroused to insure that a good highway will soon be built between the two towns.

The Nacogdoches visitors didn't arrive until about noon. The first thing to engage their attention was a demonstration of some road grading machinery in charge of Will McMillan of this city, which proved an interesting feature of the day, the machines doing the work so nicely and economically that it was manifest that with a small outlay of money the road could soon be built and the people come into the enjoyment of it.

After the demonstration Lukin was served the visitors by the Lukin people, and greatly enjoyed.

Addresses were made by both Lukin and Nacogdoches people, all enthusiastic in the purpose of securing a first-class highway between the two towns, and none dissenting. The highway commission of Angelina county and the commissioners court of this county pledged their loyalty to the enterprise, and indicated their consent to get busy as quickly as possible on the work.

The Sentinel understands that Angelina county has recently voted a bond issue of \$60,000 which she expects to expend on this road. The road work in the neighbor county is now under a commission, separate from the commissioners court, and failing to elect county-wide bond issue some time ago, bond issues are now being voted in districts or subdivisions. The enterprise is arousing renewed interest all over the county, and it is estimated that practically the whole county will soon be covered with the plan.

The road from Lukin to the river is in very bad shape, having been neglected so long, but it is estimated that with an economical administration of the funds now available a first-class road can be built, and the commission is enthusiastic with the plan to get it established at the earliest possible moment. From the river on to this city the road is not in such bad repair, having been graded up and put in good shape some months ago by the county road gang, and enjoyed more upkeep work, but there will be lots of work to do to make it the first-class highway it should be, and the commissioners court has the matter under advisement.

This stretch of road comes under the line of one of the public highways, and if the two counties will provide funds and do their part they can get help from the highway commission. Both counties should see to it that the road is made a first-class highway clear through both, for by so doing it would go a long way in securing for us the great scenic highway from the Great Lakes to the Gulf, which would bring a constant stream of traffic, both passenger and truck, as well as afford the greatest convenience that could be conceived for the two towns in their relations with each other, and the people living tributary to the route.

MANY PATRIOTIC NEGROES VOLUNTEERING FOR SERVICE

Readers of The Sentinel will remember that in yesterday's issue there was announcement that a recruiting station had been opened in Nacogdoches for volunteers who are not registrants and not otherwise listed for service.

Since opening the station Mr. Olds, who is in charge of the station, has been rushed with negroes who are anxious to volunteer and get actively into the service. We understand that four were secured for the army this morning, and as a great crowd has been about the station all today, there has doubtless been a goodly number more enlisted.

This speaks well for the colored pop-

DON'T CROWD THE POSTOFFICE DRIVEWAYS

Complaint is made that many wagons and cars crowd and sometimes blockade the driveways reserved for the carriers of mail about the post office, some going so far as to sometimes get up on the brick walks. This is a violation of the law as well as an interruption and injustice to the postal service, and The Sentinel volunteers this note of warning in the hope that it will serve the purpose to remedy the trouble.

many duties, such as hold court, looking after the financial affairs, the roads, attending commissioners' court, is very important—I realize this fully; but with my experience and the study I have made of it, I believe I can, in every detail, look after the office satisfactory to all.

Thanking you for your kind consideration, and assuring you of my desire to serve you well, if elected, and soliciting your support and influence, I am,

Yours respectfully,

A Two-Purpose Disc Harrow

is one that prepares a well pulverized seed bed and then cultivates the crop. Such a harrow is a paying investment. The

Avery Crescent

is that kind. It has 15 inches of clearance under the double trees, permitting cultivation until crop is well advanced in growth.

Gangs are reversible, so you can throw soil to or away from the row. They can be set any desired distance apart on the frame and given any tilt to the bed. The gangs with four discs have three upright steel

standards (other harrows have only two) set edge-wise to prevent clogging.

This harrow can be used with or without a gang truck.

The better the seed bed the bigger the crop. Disc your land with a Crescent before and after plowing, and the increased yields will pay for it several times over before it wears out.

Many of the negroes do not understand why a greater number of them, who come under the draft age and classification, have not already been taken. The reason for this is the fact that the war department has had no place in which to train them, deeming

it inadvisable to send them to the training camps of the north in the winter and the southern camps being full. This obstacle is now being overcome, and we understand that the next call will take the quota of colored soldiers, probably in the early weeks of April.

NEEDS FINANCIAL ASSISTANCE

The Food Administration of Nacogdoches County needs some financial assistance, and knowing the generosity of the people of the county, The Sentinel feels safe in the prediction that the assistance will be forthcoming.

There are many little things in which the gentlemen who are giving so unselfishly of their time need a little money. They have to make many trips over the county to different places in the discharge of their duty; they have a great mass of correspondence to attend to, and there are many things for which they have to pay out real money, and since they are giving their time free to the service, the people at large should be willing to bear the little financial expense that will be entailed.

Many of the counties have already raised good sums of money for the service. Prominent among which is the little county of Sabine which is contributing \$100 per month. The administration of this county thinks it can get through with \$200, and the local members of the board will call on the people in the various parts of the county next week in an effort to raise the amount.

It is a good cause—help it along. Distributed over the county it will not take much from any one section, and The Sentinel feels sure that it can be raised in a few minutes when the campaign for it is launched.

It is a dreadful thing to be responsible for attacks of illness in others.

The Tyler Morning Tribune very pointedly suggests that if you are sick of your job it is doubtless because you are a flat failure.

The Luck's News suggests that we engage in general prayer for rain. The good book teaches that the "effective, fervent prayer of the righteous man avails much." If the brother editor can qualify, we suggest that he call a meeting and lead the service.

A few dollars invested right now while the waters are low in oiling the streams about town would save many dollars in medicine and doctor's bills in fighting malaria later. Let's oil every place that breeds it and destroy all the breeding places of mosquitoes before they hatch out a "spring crop."

Clarence Roberts, a well-known and most capable newspaper man of East Texas who has been located at Kirbyville the past two years, is now in charge of the Woodville Banner, and The Sentinel vouches for it that the people of Woodville and surrounding country will have a good paper while this hustling young man is in charge.

One way to help win the war is to mobilize the idle class of the country and put them to work on farms. This will never be done until the government steps in with an iron hand and takes hold of the situation. Probably there are fifty idle negroes in this city right now who haven't done a day's work in weeks. There are likewise white men who do not hurt themselves working. —Tyler Courier Times.

A dispatch from Washington announces that Senator Sheppard has introduced a bill which would authorize the government to take over control of all telephone and telegraph communication, cables and wireless stations during the war. Gradually and substantially all the great utilities of the country are coming under government control, and if the try-out proves successful many of them will doubtless be retained after the war.

East Texas is prosperous. East Texas is the best county in the world. Texas is the best country in the world. East Texas is coming to the front. And there is a reason: her people are awakening and are going about their work with enthusiasm that is bound to win. One reason why East Texas has never amounted to more than just a cotton growing country is because the people were just simply too lazy to work. Everywhere you can now see people at work; they are in earnest. Every hour counts; every day counts. Let's stay on the job, folks, and next fall we will be in a position to help feed Uncle Sam, buy more War Saving Stamps, more Liberty Bonds, and glory be, we'll have enough money left over to eat at least one square meal. —Timpson Times.

FARMERS GREATEST WORK IN WINNING THE WAR

By Wm. A. Bowen, Editor Arlington Farmers' Fireside Bulletin. Written for the Texas Food and Feed Production campaign while in a hospital at Sherman, Texas.

Once again, I want to stress the fact that the World War for Democratic liberty has brought upon us conditions and opportunities never before presented. Hence, they require extraordinary efforts, both to meet the conditions and to embrace the opportunities for service. The first applies more to farmers than to any other calling.

The greatest of all of these new questions is that of providing the absolute necessities, for not only ourselves, but for our allies, and for our soldiers in the field. Napoleon was correct when he said, "An army must travel and fight on its stomach."

The need of supremest importance is for more foodstuffs, and more feed-stuffs—the latter really being supplementary to the former. Out side of the financial advantage that the farmers of the South will gain by cutting down rather than increasing the cotton acreage this year—for such will prove a financial advantage—patriotic duty calls for them to do it. The increased acreage should be put into crops that will make bread, and crops that will make feed for animals, that must become food for man so as to increase these supplies far above any that we have ever produced.

According to soil and climatic conditions these should be corn, kafir, feterita, wheat, oats, barley, etc. there should be enough hogs for home use and a surplus for market on every farm in the Southwest—and yet, in Texas alone there are more than sixty thousand farms without a hog or cow on them. Hogs make the quickest meat supply, as well as one of the best of any meat animals on earth, and they are very profitable and economical to produce into meat. Most farms can raise feed for hogs; and peanuts make one of the best crops for food for man and beast. The peanut meal, fed with a very little corn or equivalent grain, makes an ideal feed for raising the firmed and best flavored pork most economically, and no farmer should let any so-called expert scare him out of this fact.

This is the time not only for every farmer, but for every boy and girl on the farm, to have an interest in not only raising food and feed, but hogs and baby beef—and everyone who hasn't some pigs or brood sows should get some this spring as soon as forage comes in. And right here I want to emphasize the fact that no brood sows should be sold, except with the pledge that they will not be slaughtered for market, but kept for the purpose of raising more hogs. I am following this policy myself with a large herd of full blooded, big boned, Poland China hogs. The same rule should govern as to cows, pullets and hens.

I do not hesitate to say that farmers are not really patriotic who do not follow the above lines to the very best of their ability.

BLOOD PRESSURE AND BROKEN APPOINTMENTS.

Houston Chronicle. Every time you are depended upon to do a certain thing at a given time, and fail, you have upset someone's calculations.

Every time you promise a particular something to your son or daughter, and do not come across at the right time, you have paved the way for seeds of nervous trouble which will bear fruit as surely as the child believes you.

Ever hear of high blood pressure? Of course you have heard of it, but you want it understood that you do not have to consider it since you passed that A-number-1 examination at the gym.

Then why cause attacks among your friends?

Every time you have an appointment and are even a few minutes late you have upset someone's plans.

Every time you threaten your little ones with stories of the "Bogie Man," or with prophecies of dire disaster in later life, you are sowing "gerve exhaustion" in later life.

Tax Assessor B. S. Shirley, who has been out over the county assessing taxes lately, says that the farmers are best up with their work that he ever knew. He also says that the corn is coming up pretty in many farms, and that everybody is busy, notwithstanding the dry weather. This is most encouraging. The drought would seem to be getting serious, but with the early start, and the land stirred often, we can hope that a crop can be made with less rain than usual and with all up with their work the crops will get the benefit of what rain that does fall should the supply continue to be limited.

SPRING OATS.

A large acreage of spring oats should be sown at once where suitable land is available and moisture conditions will justify.

The early maturity of this crop makes it peculiarly adapted to meet the conditions now confronting the people of Texas. Where this crop does well it should furnish good feed for farm animals some time in May. In fact, oats will relieve the present shortage in the feed situation quicker than any other crop.

The acute shortage in feed for livestock on the farms in Texas is the one serious impediment to speeding up production. Those crops which will mature a supply of feed in the shortest time possible to relieve this shortage should receive careful and prompt attention. Oats stand at the head of the list of these crops. Oats will furnish a feed supply earlier than other crops.

With suitable land and sufficient moisture, any farmer can soon produce an abundant supply of dependable feed by sowing spring oats.

The State department is emphasizing spring oats just now, because the winter oat crop is very short, owing to continued drought and winter freezes. If even a normal crop is produced in Texas, it must come from spring sowing.

Oats will grow over a larger area in Texas than most other crops. This makes the crop a dependable source of relief to many thousands of farmers who are facing the problem of producing large crops while feeding their teams such expensive feeds. Almost any Texas farmer who has reasonably good land and sufficient moisture can produce early feed by sowing spring oats.

While seeds for planting most grain crops are scarce, there is no shortage in the supply of good seed oats. Any one needing information as to supplies of seed oats or other grain seed can get it from the Department of Agriculture at Austin.

War time conditions have made it imperative to speed up production of all food and feed crops. When farmers have sufficient labor to intensify their farming in many parts of Texas, other crops may be planted on land after the oats are harvested. Peanuts, peas, ninety-day velvet beans, sorghum for hay, Sudan grass, and where the moisture is sufficient, June corn. In all, the area suitable to milo maize, feterita and kafir corn, these grains may be successfully grown after oats if moisture conditions will permit.

In these times when both food and feed are so scarce and so high and when production must be speeded up, oats should be turned to as the surest, quickest crop to relieve the acute feed shortage. —State Department of Agriculture.

A DEBY ARMY.

Every war officer of high standing, so far as we are advised is irrevocably committed to a dry army. Intoxicating liquors and discipline they say are irreconcilable. Health, morals and discipline are absolutely essential to the highest degree of efficiency in any organization of men. Gen. Bell has declared that to send an undisciplined army to France would be disastrous, and that it is utterly impossible to discipline an army as long as the soldiers are in reach of intoxicating liquors and he could have said that as long as the encampments are near where whiskey is sold the soldiers will be in reach of it. One of the very first evil effects of army life is the tendency to yield to the baser appetites of man. Large bodies of young men massed together and suddenly deprived of home restraints and influences of home, and the society and environment of home life, yield to temptation as sparks fly upward. The larger the number thrown together the more irresistible is the evil current that sweeps on to destruction. But aside from the question of discipline no man can measure up to the full requirements of a modern soldier who drinks whiskey. This war is unlike any other known to history. It is a war in which the arts and sciences play a major part. Through the air men are darting with the rapidity of a pigeon, working out as they go, problems in a dozen sciences, including photopravue, physics and higher mathematics. In the trenches, mechanical, civil and electrical engineering go hand-in-hand with the machine gun. Far back of the firing line are shops where every weapon known to modern warfare is being made and repaired. In all these activities and a thousand more, the soundest judgment, the greatest skill and highest efficiency known to man is imperative. Nothing that impairs the senses, deadens the brain, or dulls the nerve should be permissible in a programme so gigantic and so fraught with human affairs. Every eye should see, every ear should hear, and every ounce of flesh perform its

Proof that Some Women do Avoid Operations

Mrs. Etta Dorion, of Ogdensburg, Wis., says:

"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."

How Mrs. Boyd Avoided an Operation.

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well. My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. CONGRESSMAN DIES IS HOME FOR BRIEF REST.

Beaumont Enterprise. "Martin Dies, Washington, D. C., was the way it read on the register of the Crosby. But it was not the Martin Dies of Washington that the interviewer found in room 231 of that well-known hotel. The fellow he found was Martin Dies of Warren, Texas, and by god, sir, glad it was.

Mr. Dies was taking life easy. He had lost some sleep and was encased in bed when the newspaper man went up to talk to him. He had no state troubles on his mind just then. He had come to Texas to "get his feet on the ground." He wanted to see how East Texas looked in the spring time. He came, and he saw. The matter of conquering will be left out of the argument. But our congressman is here, and is looking well. He is for winning the war, too. He said he didn't care if the Japs went into Siberia, or if they didn't. We would still win the war. Washington in war time is a busy place and Mr. Dies has been doing his bit there. Since the passage of the president's railroad legislation there has been a lull in the house, and he felt that he could take time enough away from his duties to see the greatest state in the south, so he came to the south's best city as a starter.

A lot of Mr. Dies' friends didn't know he was here. He came unannounced, but he was none the less better than when he saw it last. He would be here a few hours only, and after he saw his farm he would return to Washington, still intent upon his original idea of winning the big battle with the kaiser.

He didn't know anything about Texas politics. Internationalism was occupying all of his time. He told the reporter to fix up an interview with him, because he was a busy man. Here is the interview. That is all Martin Dies had to say—let us win the war.

COUNTY ORGANIZATION FOR THE LIBERTY LOAN DRIVE

The following is the membership of doches county, in whose hands will be placed the management of the third liberty bond campaign:

June C. Harris, Chairman, Thos. E. Baker, Eugene H. Blount, I. L. Sturdevant, L. B. Mast, John Schmidt, Robert Lindsey, Chas. Hoya, R. C. Monk, Rev. M. C. Johnson, R. F. Davis, Beeman-Strong, Chas. Perkins, W. U. Perkins, N. D. Naman, W. W. Lee, W. S. Davis, O. M. Gibbs, A. A. Seal, C. A. Hodges, S. M. Adams, C. E. Burgess, D. S. Spradley, Joe P. Clevenger, R. E. Johnson.

A meeting of this committee will be held within the next few days and the county organization will be perfected by the appointment of sub-committees in the various portions of the county.

The campaign will open on April 6th and it is expected that Nacogdoches county will go "over the top" as she has done twice by oversubscribing her quota.

LIBERTY LOAN CONFERENCE HELD IN DALLAS YESTERDAY

Special to The Sentinel. DALLAS, Texas, March 8, 1918. At a conference of Liberty Loan workers today in Dallas it was agreed that the most prominent feature of the Liberty Loan situation is the manner in which the people have awakened to the needs of the situation.

The Federal Reserve Bank has a number of organizers and speakers possessing the territory and reports presented at the conference show that there is no longer any question about the people of the district regarding this as "their war." The people are solidly behind the government by thousands. Individually and in meetings they have pledged themselves to the cause of America. They have realized that success means keeping open their best markets, namely, Europe, and that failure means ruin. The threat of Germany to "make America pay" has aroused the indignation of the people. One representative said that the most impressive statement he had heard was made by a Confederate veteran at one of his meetings. The old soldier said: "I am going to arrange my affairs so that when the call comes I will be ready to lend my country all that I have which is mine to offer. My sword is rusty now, but the money I need, the money which would bring me a few luxuries, which I could lend out at a higher rate of interest than the government gives, the money that it has taken me many years to accumulate, the money which perhaps I have valued too much."

The situation in the agricultural districts is especially gratifying. The farmers have cheered to the echo when speakers have told them "we are at war to protect your homes, your wives, your children."—Publicity Department Reserve Bnk.

50,000 NURSES WANTED BY U. S. BY JUNE 1ST

WASHINGTON, March 7.—A call for 50,000 nurses between now and June 1 for service in military hospitals at home and abroad has been made upon the Red Cross by Surgeon General Gorgas of the army. Nearly 7000 nurses already have been supplied by the Red Cross, but the need for more grows imperative daily. Of the 80,000 or 90,000 registered nurses in the United States, General Gorgas estimates that approximately 30,000 will be needed for service in army hospitals this year.

Girls! Try It! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a small bottle of Knowlton's Danderine from any drug store and just try it.

For Sick Headache, Sour Stomach, Stagnant Liver and Bowels—Take Cascarets tonight.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

Swift & Company Publicity

At a recent hearing of the Federal Trade Commission there was introduced correspondence taken from the private files of Swift & Company, which showed that the Company had been considering for some time an educational advertising campaign.

The need for this publicity has been apparent to us for several years. The gross misrepresentation to which we have recently been subjected has convinced us that we should no longer delay in putting before the public the basic facts of our business, relying on the fair-mindedness of the American people.

The feeling against the American packer is based largely on the belief that the income and well-being of the producer and consumer are adversely affected by the packers' operations, resulting in unreasonably large profits.

Swift & Company's net profit is reasonable, and represents an insignificant factor in the cost of living.

For the fiscal year 1917 the total sales and net profit of Swift & Company were as follows:

Sales
\$875,000,000.

Profits
\$34,650,000.

This is equivalent to a \$3.465 profit on a business of \$87,500.

If Swift & Company had made no profit at all, the cattle raiser would have received only one-eighth of a cent per pound more for his cattle, or the consumer would have saved only one-quarter of a cent per pound on dressed beef.

Swift & Company, U. S. A.

County Judge J. F. Parritte of Nacogdoches, made the speech of the occasion yesterday afternoon at the Elks club rooms luncheon, and of course his remarks met with tremendous applause. He was, of course, talking good roads, and in the course of his remarks he stated in substance that he and the county commissioners of Nacogdoches county were not only unanimous for a first-class highway from that city to the river, but that they were also unanimous for the building of a steel bridge over the Angelina with concrete abutment on the Angelina side. He also intimated that old Nacogdoches might go a bit further and assist some more in the construction of a modern highway across the Angelina bottom by reason of the fact that Nacogdoches would have no bottom to contend with on the other side and the burden on Angelina would be mighty heavy to bear in taking care of all the expense of the bottom on this side. In other words, Judge Parritte assured the people of Lufkin that his county was with us in this great movement and could be depended upon to do her full share. For all of which we wish to say hurrah for old Nacogdoches and her progressive county judge.—Lufkin News.

The wealth of the United States is estimated to be about four billion dollars. There is said to be about a million and a half dollars on deposit in the Nacogdoches banks. According to these figures we ask the school boy studying long division what part of this wealth our fair city has on deposit. A cracker to the last boy bringing in the correct answer. Don't be bashful boys, bring it in.

FOR COMMISSIONER.

To the Voters of Precinct No. 4:
In announcing myself for Commissioner of this precinct, I do so with timidity, feeling that it is a full man's size job, and I realize the county's need for the right kind of a man to fill it.
To tell you that I am that man—I am not so egotistical as all that, but I will say this: to those of you who do not know me—and this is nothing but your duty—after carefully investigating my life and character, as a citizen, a neighbor, husband and father, should you find then that I am worthy of your trust and support, and should you deem it to be the best interest of the county to give it to me, for so long I will always feel grateful, and show it by carefully studying my duties, counseling the best of you and making you the best commissioner that lies within me.
I am a farmer, and my family is dependent upon me for support, consequently I shall not be able to make a house to house canvass and will try to meet the most of you from time to time from now until the primaries. Will say that I was born and raised in this county, expect to live and die in it, got my education from the public schools of the county, with one term at Austin.
Thanking you in advance for any favors that you may show me in the coming campaign, I am

Members of the International Bible Students Association have been arrested for distributing copies of a book called the "Finished Mystery," said to be derogatory in character to Great Britain, in Canada, and several of these fellows have also been arrested in the United States, pending an investigation as to whether its contents are seditious in character. We are sorry that we can't go ahead and say what we thought about these Russellites, and their "finished mystery," but the above sentence was so dog-gone long we got out of breath in endeavoring to introduce our assertions with a word or two in explanatory nature regarding the most mysterious and extraordinary subject we were about to enter upon and discuss with that grave wisdom which is so uncommon with a fellow like us, and who is regarded with grave doubts by a self-complacent public!

MISCELLANEOUS

The steerage department of this column is in hard luck. About the only thing we know of in the food line that has gone down is eggs, and we find it absolutely impossible to harmonize our digestive organs with the little white article produced by the Honorable Hen.

Speaking of camouflage we had quite a display of something of this character the other night when the aurora borealis appeared in the north, causing citizens all over the country to think that there was a fire somewhere.

We don't know whether the Germans were given the name "Hun" out of an ironical spirit of humor or just what underlying cause lay behind the designation of this craze-stricken race with the name given their barbarous predecessors, but the world is certainly finding out that they are "Huns" all right.

One of the Beloit kids went to the butcher shop the other day and called for a nickel's worth of round steak, so the Call asserts. "Sonny," said the meat cutter, "you don't get much round steak for a nickel nowadays." "I don't want much," replied the youngster agreeably. "I just want enough to make some hince for my dog house."

Some Germanic senators are assailing the food and fuel administration or exceeding their authority in some matters. All of which causes a big row and avails nothing. The "less" lays have come to stay, whether it be by order of the food administration or the present prices of these appetizing commodities.

"Warm reception awaits the enemy on the western front," announces a headline. Sounds like some preacher addressing a sinner.

They tell us to tighten our belts and not grumble about the shortage of food. We have passed that stage of shrinkage. We just let our trousers slide down to our hip bone and forget it.

The inventor of a new electric brake for automobiles claims it will stop a car moving at a speed of 50 miles an hour within 15 feet without skidding. All well and good but what's going to stop the occupants—or are they going to make an endeavor to reach the promised land in the skies?

The "calm before the storm" seems to be in evidence in the battlefields of Europe at present. It is a fact that we must all admit that the enemy is present on the top, having had many successes lately, and it is up to us to do our dead level best to stem the tide of Prussianism, which is flowing red with the blood of nations.

Since the cold weather has passed coal prices are to be out to allow the downtrodden people to lay in a winter supply. Another case wherein the rich man profiteth. We poor devils will now have to spend all we make in buying ice during the summer, and by the time winter rolls around again coal prices will be soaring into the blue haze of the sky.

German flies are having little difficulty in passing behind the American lines. Although this is causing very little discomfort to our boys, we are inclined to the idea that when the American fliers get in full action behind the German lines, something is going to be stirred up which we hope will include the kaiser.

To our minister friends: J. W. of the Beaumont Enterprise asks us to read the third verse of the seventh chapter of Ephesians and see how spiritually minded we are. Having read this verse, we are convinced of the deep logic contained therein and hope that all of our readers will profit by studying the spiritual message that is set forth.

The Mexican congress has been called to convene. Our idea is that the Mexican congress is about as useful an ornament as the German reichstag.

A headline announces that the cost of living is high. At first glance we wondered what it meant, but on reading further find that Germany was indicated in this instance, and that they were having to use substitutes the same as we are. If our honorable readers can get any consolation out of this fact, we submit it for what it is worth.

THRIFT THOUGHT TODAY

The prudent man looks ahead and gets ready. The frugal man lives carefully and saves persistently. The economical man spends judiciously, buys wisely and wastes nothing. The industrious man works hard. The miser hoards. But the man of thrift spends wisely, plans carefully, manages economically, and saves consistently. Thrift should be all of prudence, economy, frugality and industry—and more. Thrift is conservation. Thrift is discrimination. Thrift is self-discipline, self control, self respect. Thrift is a foundation stone of character—individual and national. Thrift is practical patriotism.

In response to a call from the state director of War Savings, Mr. Louis Lipsitz of Dallas, Miss Leah Zeve, county chairman of the Women's War Savings Committee, left Tuesday for Houston to attend a meeting of the county chairmen of the South Texas District.

On Tuesday morning at the Elks' rooms, Mr. Hubert Harrison of Dallas, representing the State War Savings Committee, addressed an earnestly attentive group of Nacogdoches women on the subject of War Savings. Since most of the women present are already actively engaged in Thrift Stamp Campaign, he only touched upon the urgent need of this work, but dwelt rather on the best methods to be used, emphasizing the fact that to the women of America, as the administrators of households and as mothers and teachers of children, naturally falls most of the work of educating our nation into habits of thrift. Mr. Harrison is not only a most able, but a most inspiring speaker, and it is to be hoped that those women who had the privilege of hearing him will do all in their power to spread the message that he brings.

Tuesday afternoon a committee of Thrift Stamp workers consisting of Mrs. Frank Sharp, City Chairman of the Thrift Stamp Campaign, Mrs. Z. T. Mast, and Mrs. Oscar Matthews, motored to Chireno to organize a war savings society at that place. They met with a number of Chireno ladies at the home of Mrs. Allie Smith, and an organization was soon formed with Mrs. J. E. Teutsch, Jr., as president, Mrs. G. S. Pack as secretary, and the following members: Mesdames Allie Smith, G. S. Pack, J. E. Teutsch, Jr., C. E. Gray, W. D. Lambert, M. T. Wilson, T. A. Mast, Lizzie Still, Carrie Fall, M. J. Teutsch, Birdwell, and B. F. Moore. A meeting of the society will be held each Thursday, and it is expected that the membership will rapidly increase.

On Friday afternoon of last week the Garrison War Savings Society was organized at the home of Mrs. Frank Garrison with the help of the following committee from Nacogdoches: Miss Leah Zeve, county chairman, Mrs. Geo. Fewell, Mrs. Geo. Blackburn, and Mrs. Ben Wilson. Mrs. Frank Garrison was elected president, and Mrs. Joe Garrison, secretary—and a meeting will be held each week at the Red Cross room.

FOR JUSTICE OF THE PEACE.

The Sentinel is authorized to announce Mr. J. D. Blakey as a candidate for Justice of the Peace of Precinct No. 3, subject to the action of the Democratic primaries.

Mr. Blakey has lived in the community all his life, and is well known to every person in the community. He promises if elected to give the best service that it is possible for him to render, and solicits the support of the voters with this pledge.

LIKE AN ELECTRIC BUTTON ON TOES

Tells why a corn is so painful and says cutting makes the grow.

Press an electric button and you form a contact with a live wire which rings a bell. When your shoes press against your corn it pushes its sharp roots down upon a sensitive nerve and you get a shock of pain. Instead of trimming your corns, which merely makes them grow, just step into any drug store and ask for a quarter of an ounce of freezezone. This will cost very little, but is sufficient to remove every hard or soft corn or callus from one's feet. A few drops applied directly upon a tender, aching corn stops the soreness instantly, and soon the corn shrivels up and it lifts right out, root and all, without pain. This drug freezezone is harmless and never inflames or even irritates the surrounding skin.

I have about 200 acres of pine timber, suitable for saw logs, mine props and timber for sale. Situated about 9 miles north-east of Nacogdoches, on Carter tram. See Alv. Pruitt, phone 9030-F-12.

TROUBLE COST HER A THOUSAND DOLLARS

Was Confined to Her Home For Four Years—Goes to Movies Now and Enjoys Life.

"When my friends and neighbors see me going out to the movies with my daughters and enjoying life once more they tell me they can hardly believe I am the same bed-ridden woman they have known me to be for the last four years," said Mrs. G. A. Andrews, of 6007 Missouri Street, El Paso, Texas, the other day.

"I was laid up for more than four years with rheumatism so I was unable to leave my house, and fully half the time I lay flat on my back in bed unable to move. My arms and limbs were so swollen they seemed to be twice their natural size and my face was puffed up so I could hardly see. My back hurt all the time and I could lie on neither side with comfort. My kidneys gave me no end of trouble, my head ached all the time like they were asleep. My nerves were all on edge so I would go all to pieces at any little noise and what little sleep I got didn't do me any good. My appetite failed and I got so I had to force myself to eat enough to keep me alive. "I had spent all of a thousand dollars trying to get well, but nothing did I me any good and I was about to give up hope when I heard of Tanlac. I was actually amazed to find I was getting better from the first few doses. I have taken three bottles so far, and the swelling has entirely disappeared. My nerves are all right and I can sleep all night with comfort. I am so hungry I can hardly eat enough to satisfy my appetite and I have so much life and energy I want to keep on the go all the time. I help with the housework and the sewing and I signed my name today for the first time in four years. I could not have believed it possible for any medicine to do so much good in so short a time as Tanlac has done for me."

Tanlac is sold in Nacogdoches by Stripling, Hazelwood & Co., and Swift Bros. & Smith, in Woden by M. J. King, in Garrison by Garrison Drug Co., in Appleby by Weatherly Bros., in Sacul by A. J. Beck, in Douglas by Campbell & Watkins and in Chireno, in Nat. by E. M. Jarrell.

MEMORIAL SERVICE. DECEASED SOVEREIGNS

Following is the program of the memorial service for the deceased sovereigns of Liberty Elm Camp, No. 210, W. O. W. to be held at the First Baptist Church, Nacogdoches, Sunday evening March 17th, at 7:30 p. m. Song—Congregation—"Jesus-Lover of My Soul." Invocation—Rev. M. C. Johnson. Special Song by Choir. Scripture Lesson—Rev. J. L. Massey. Prayer—Rev. T. F. Weaver. Solo—Mrs. C. C. Clifford. Evening Offering. Address—Senator O. S. Lattimore. Song—Congregation—"Nearer My God to Thee." Benediction—Rev. J. N. Cunningham. Pianist—Mrs. Robert Lindsey.

LEMONS WHITEN AND BEAUTIFY THE SKIN

Make this beauty lotion cheaply for your face, neck, arms and hands.

At the cost of a small jar of ordinary cold cream one can prepare a full-quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener whitener and beautifier. Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.

A clever smuggling device has been unearthed by federal agents in New York, in the form of a trunk which had holes bored in the boards, in which tubes of forbidden drugs were concealed and brought to this country. It is said that the reason they were found was because the wood was green and the steam heated of the hotel where it was found caused the unseasoned wood to swell, disclosing the tubes. Having had some unhappy experiences with green wood during the winter, we have arrived at the conclusion that this is about the only useful thing we have found it capable of being connected with.

For Weak Women

In use for over 40 years! Thousands of voluntary letters from women, telling of the good Cardui has done them. This is the best proof of the value of Cardui. It proves that Cardui is a good medicine for women.

There are no harmful or habit-forming drugs in Cardui. It is composed only of mild, medicinal ingredients, with no bad after-effects.

TAKE CARDUI
The Woman's Tonic

You can rely on Cardui. Surely it will do for you what it has done for so many thousands of other women! It should help.

"I was taken sick, seemed to be... writes Mrs. Mary E. Veste, of Madison Heights, Va. 'I got down so weak, could hardly walk, just staggered around... I read of Cardui, and after taking one bottle, or before taking quite all, I felt much better. I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when run-down. I had no appetite, and I commenced eating. It is the best tonic I ever saw.' Try Cardui.

THIRD LIBERTY LOAN TO HAVE DISTINCTIVE FLAG.

WASHINGTON, March 6.—The third Liberty Loan, which will open one month from today, is to have a distinctive flag of its own.

Red border, white interior field with three vertical blue stripes. This is the design for the honor emblem which will be bestowed upon each city exceeding its quota of Liberty bonds. If a city doubles its quota, a star will be added to its flag and tripling of the quota will be recognized by two stars.

Among other features of a system of honors devised for the third Liberty Loan and announced today by Secretary McAdoo is the plan of giving a window card bearing a reproduction of the flag to each purchaser of a bond and of establishing honor rolls in each community or organization of any kind to bear the names of the subscribers.

It is planned also to unfurl a state honor flag at each capital after the campaign is ended to bear the names and records of each community which won a quota flag. A national flag to be flown at Washington after the campaign will bear the records of state.

Cut This Out—It is Worth Money.

CITY OF NACOGDOCHES BUYS BLOCK THIEF STAMPS

At the meeting of the City Council Tuesday night an order was made investing \$2500 of the sinking funds in United States War-Saving Certificates.

It will be remembered that the city some time ago invested \$7000 of these funds in Liberty bonds, and thus the council is doing its patriotic duty.

A pain in the side or back that catches you when you straighten up calls for a rubbing application of **BALLARD'S SNOW LINIMENT.** It relaxes the contracted muscles and permits ordinary bodily motion without suffering or inconvenience. RESOLUTIONS OF RESPECT.

To the Consul, Commander and Officers of Trawick, Camp No. 1484:

Your committee to whom was referred the memorials upon the death of our sovereign, J. H. Satterwhite, beg leave to report as follows:

WHEREAS, Almighty God, in His infinite goodness and mercy, hath seen fit to remove our sovereign from this transitory existence, to one of immortality; and

WHEREAS, Sovereign Satterwhite's sun has set at high meridian, being only 52 years old. A useful life has gone out, a kind and cheerful disposition ceased, a good man and true, has passed to the camp above; and

WHEREAS, Sovereign Satterwhite's life work with both family and associates, was of such merit and character as to bless our lives, and to leave with us sacred memories never to be forgotten; and

WHEREAS, in the death of Sovereign Satterwhite, this Camp has lost a faithful member, the church a good man, and the country one of its best citizens; his family a loving father, brother and friend; and

WHEREAS, we humbly bow to the will of the Master, in this dispensation of His providence; yet our mourning is not as those who have no hope, for we believe that some bright day we shall see him again, and join with him in the Camp above, which in life he seemed to anticipate.

Resolved, that a copy of these resolutions be spread upon the minutes of the camp, a copy furnished the family of the deceased, and a copy given the Sentinel for publication.

SECRETARY BAKER ARRIVES IN FRANCE

A dispatch appearing in today's state papers announces that Secretary Newton D. Baker, the American secretary of war, with his staff of seven persons, arrived at a French seaport Sunday, making the trip on an American armored cruiser.

The secretary goes to France for a conference with General Pershing and other officers, and will inspect the American lines in France. He is the first cabinet officer to make the trip.

"It Sure Does the Work."

Mrs. W. H. Thornton, 3523 W. 10th St., Little Rock, Ark., writes: "My little boy had a severe attack of croup and I honestly believe he would have died if it had not been for Foley's Honey and Tar. I would not use without it at any price, as it sure does the work." Best remedy known for coughs, colds, whooping cough. Stripling, Haselwood & Co., dw1

Commissioner A. B. Stoddard was in the city last Friday looking for a suitable place for the county convicts to remain and says by the first of the month the convicts will be camped near Garrison and will work the roads in this precinct for at least a year. In speaking of Nacogdoches county financial affairs Mr. Stoddard reports that the county is entirely out of debt at the present time. The county financial affairs, Mr. Stoddard says in this end of the county will greatly appreciate the work on the roads.—Garrison News.

Snow, wind and extreme cold caused more colds this winter than in years. Foley's Honey and Tar proved its worth in thousands of homes. Mrs. Edward Strexy, R. 37, Clinton, O., says: "I think Foley's Honey and Tar is the only medicine for coughs and colds and recommend it highly." Fine for children. Stripling, Haselwood & Co. dw1

Sunday evening, March 17th, at 7:30 o'clock, Senator O. S. Lattimore, of Fort Worth, Texas, will deliver a memorial address at our church. The service will be a memorial service for the deceased members of Liberty Elm Camp No. 210, W. O. W.

The committee was instructed to invite all congregations of the city to join us in the service.

Seats will be reserved for families and relatives of deceased sovereigns.

Take Children Out of Danger.

If you saw a child on a railroad track you would endeavor to remove the little one from danger. When a child is "snuffing" or coughing, isn't it your duty to get him out of danger of severe consequences? Foley's Honey and Tar gives relief from coughs, colds, croup and whooping cough. Contains no opiates. Stripling, Haselwood & Co. dw1

Dr. Chas. H. Tindall of Appleby, who is stationed with the soldier boys at Douglas, Arizona, is home on a few days furlough, and was a visitor to this city yesterday. Dr. Tindall is looking fine and says that he is enjoying the service.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

NEW DECORATIONS FOR ARMY HEROES

WASHINGTON, March 6.—New decorations and insignia for American soldiers ordered today by the war department in order of their value are a distinguished service cross, distinguished service medal, war service chevrons. Women are eligible to receive both the cross and the medals.

The "D. S. O." of the American army is said to be a "bronze cross of appropriate design and a ribbon to be worn in lieu thereof," to be awarded by the president or by the commander-in-chief of the American expeditionary forces for "extraordinary heroism in connection with military operations against an armed enemy of the United States under circumstances which do not justify the award of the medal of honor."

Issuance of a Mexican service badge was announced today by the war department for all officers and enlisted men who served in Mexico as members of the Vega Cruz expedition, as members of the punitive or other expeditions, those who participated in engagements in which there were casualties to the United States troops and members of the Mexican border patrol in proximity to engagements resulting in casualties among their units.

A Short But Strong Statement.

Women with backache, rheumatic pains, sore muscles, stiff joints or other symptoms of kidney trouble would read this statement from Mrs. C. Small, Clayton, N. M.: "Foley Kidney Pills have done more good than all other medicines." They strengthen weak kidneys and banish sleep-disturbing bladder ailments. Stripling, Haselwood & Co., Special Agents. dw1

Mr. J. E. Donegan, a good citizen of Nat. was a visitor to the city Friday and called at the office and had the paper sent to his son, Clifford Donegan, at Tipton, Oklahoma. ANTI-BOOTLEGGING BILLS ARE NOW IN EFFECT

A dispatch from Austin, dated Saturday afternoon, says: "Governor Hobby this afternoon signed house bills 10 and 11, making it a felony for selling without license spirits and malt liquors. These are what are known as the anti-bootlegging bills, and are the first of the governor's measures to be signed. Both bills carry the emergency clause, and they are now in full force and effect."

FROM RUEL PARROTT.

It will be remembered that Ruel Parrott was with the boys from his county on the ill-fated Tuscania, fortunately escaping with his life. His parents have received a letter from him since he arrived in Europe, in which he says, among other things: "This leaves me feeling fine."

"Perhaps you will be surprised to learn that I have crossed over the pond. Would have written home before, I left Washington had I known more."

"We left New York City on board the Tuscania, Jan. 23rd. Everything went well until the night before we expected to land the following day. On the thirteenth night, at 5:50 o'clock, she was torpedoed and sunk by a submarine."

"Well, I have witnessed some sad experiences. I was on the sinking boat about two hours; the water had begun to roll on the deck before I left it. We were taken to shore at 'points in Ireland.' I do believe the Irish people are the best on earth; at least they have proven it to us. We crossed over to England yesterday, the 11th. England is a pretty country, while the sections of Ireland I have seen are also very beautiful."

"Guess I had better close for this time. Will write very often as I am not positive that you will receive every letter that I write."

"I am in the best of health, getting plenty to eat and having a grand time. Write soon with all the news."

Forgot What He Needed.

From the Republican, Mt. Gilad, Ohio.—The editor had an interesting experience some time ago, when a young gentleman came to this office and asked for a copy of the Morrow County Republican. He scrutinized carefully when a copy was handed him, and then said: "Now I know." "What is it you are looking for," we inquired. "My wife sent me after a bottle of Chamberlain's Cough Remedy, and forgot the name. I went to several stores and the clerks named over everything in the line of the shelf except Chamberlain's. I'll try again, and I'll never go home without Chamberlain's Cough Remedy." The Republican would suggest to the proprietors of stores, that they post their clerks, and never let them substitute.

Customers lose faith in stores where substituting is permitted, to say nothing of the injustice to makers of good goods and the disappointment of customers. dw

The Rev. C. D. Atwell has resigned as chairman of the local Red Cross Branch. As chairman of the Nacogdoches County Chapter he finds that, all the time he can give to the work is taken up in getting the memberships in the many communities throughout the county organized into working branches or auxiliaries. Each branch has one or more auxiliaries under its supervision and is represented in the county board of directors by two delegates. At present there are branch organizations at Appleby, Chiseno, Cushing, Douglas, Garrison, Martinsville, McRose, Sacul and Woden. There are quite a large number of auxiliaries.

DELCO-LIGHT
The Complete Electric Light and Power Plant.

San Augustine, Texas, July 20, 1917
Mr. J. E. Dickerson, Delco Light Dealer,
San Augustine, Texas.
Dear Sir:— You ask me how I am pleased with my Delco Light Plant. Will say that I am highly pleased with it. It made a fine light—the very best. Simple in operation and the cost of running expenses is practically nothing compared with the service it gives. I have run my lights, fans and iron for 8 days and nights on one charge of the batteries without running the engine, with good lights and I could have run a week. Anyone will make no mistake when they buy the Delco Light. I would not take twice what my plant cost me if I couldn't get another like it. You can use my name for reference.

Yours very truly, I. E. ROBERTS, Tax Assessor.

Dr. J. K. Castleberry of Saeul was in the city last night going to Poe to visit a patient who is quite ill with pneumonia.

Mr. J. N. Gilbert left this afternoon for Kaufman where he goes to visit his sister, Mrs. A. J. Morrow, and other relatives and friends.

Mr. J. R. Lock, who moved to this community from Rusk county a few weeks ago, called at the office Tuesday afternoon and had his name enrolled for a subscription to the Weekly Sentinel.

Dr. and Mrs. J. M. Rogers of Etoile were in the city last night doing some shopping and visiting with friends. The doctor is so pressed with professional work at this time that they could not tarry, and they returned home after supper.

Mr. B. F. McBea, one of The Sentinel's substantial friends residing out on Route No. 2, was a pleasant caller at the office Wednesday, dropping in to make settlement for his paper, and in so doing remarked that he had been thinking the Sentinel and its predecessors forty years consecutively. We are proud of such loyal friends, of whom we have many over the county, and the inspiration derived from their friendship and loyalty encourages us to put forth our best efforts in serving the county in the line in which we are engaged.

Prof. G. B. Layton is in receipt of a letter from his son, Izin Layton, announcing that he is now in a training school which is preparing a group of special men to go into the submarine district. The junior Mr. Layton has been enlisted in the navy the past two years, doing service on the Louisiana battleship. Recently the war department picked a group of young men from the navy for this special branch of the service, and it is said that those thus selected had to measure up to physical and mental perfection, and had to be men of recognized nerve and courage. It is therefore very complimentary to this patriotic son of old Nacogdoches that he measured up to the specifications of this call, and his friends here expect much of him.

ENJOYED THE CANDY. Recently some friends in the city sent a box of candy to Asa Moore, who is with the American boys in France, and in answer he says among other things: "I am asking you to accept my thanks for the nice candy which has just reached me. We Americans are always glad to get anything sweet. The mail is the thing we appreciate most for it cheers us so much to hear from home. Oh, I had rather read a Sentinel than eat a meal any time. I wrote a letter to The Sentinel some time ago, but I don't think it passed the censor—not at all of it, anyway."

WHY THAT LAME BACK?
—That morning lameness—those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Nacogdoches resident's example.
Mrs. J. S. Murphey, E. Hospital St., says: "My back ached and there were pains across my hips. For a long time I was troubled and as Doan's Kidney Pills had given such good results in the family, I finally used them. They gave me great benefit and I heartily recommend them."
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Murphey had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

OPENING NEW DOORS.
Workmen are busy today tearing out the brick and mortar for a couple of glass doors in the south-west corner of the Kennedy Drug Store, an improvement which will not only add new light and ventilation to the building, but will also furnish a new entrance for people coming up West Main street or down Pecan street to the building.
This building is owned by Dr. C. C. Pierce, who is always ready to make any improvement that will contribute to the attractiveness of the property or convenience of his tenants.

Freight Hauling—I have a new truck and can handle your freight and drayage. Will also go out day or night and pick up wrecked cars. Office at 4-11-44 cafe. Telephone 404. Residence 166. W. G. Davis. 96d-4w

MRS. ELNORA LLOYD DIED MARCH NINTH
Mrs. Elnora Lloyd, the wife of John Lloyd, died at the Smith Hospital in Nacogdoches, March 9th. She had been confined to her bed for six weeks, the last three of which being spent at the hospital.
Mrs. Lloyd was sixty years and one month old. She was born in Rusk county, and was married to Mr. John Lloyd forty-three years ago. They have resided in Nacogdoches county every since they were married. She was the mother of three sons—Wm. T. Lloyd, who lives at Saeul; Marian Lloyd, who lives on the old home place near Nat, and Claude Lloyd who lives in California. In the death of Sister Lloyd, her husband has lost a devoted wife, and her sons an affectionate and kind-hearted mother. The Nat community has lost one of its best christian women. She will be greatly missed in the home and community. She was peacefully laid to rest in the Linn Plat cemetery last Sunday, at 2:00 p. m. Her funeral was largely attended by relatives and friends from the various localities of the county. The funeral service was conducted by Rev. John Cochran, the Methodist pastor of Cushing, and the writer.
Thus another saint has gone to her heavenly reward. We feel that our loss in her eternal gain.
M. L. LANCASTER.

Mrs. J. L. Pierce of Mt. Enterprise was brought down yesterday and will enter the Tucker Sanitarium today for a surgical operation. She was accompanied by her mother, Mrs. J. F. Morris.

SWIFT LOCALS.

SWIFT, March 11.—Health of the community is very good.

We are very dry and farming would be greatly benefitted by a good rain.

The young people of our community were delightfully entertained in the home of Mr. and Mrs. Joe Coburn Saturday night of the 2nd with a singing.

The material is being hauled and placed on the ground for the purpose of drilling for oil on Mr. Wiley Baker's farm. The drilling will probably begin as soon as everything can be put in readiness.

Messrs. Jim Lee, Dalton Blanton and Hi Chandler motored to Nacogdoches last Tuesday on business.

Mr. W. H. Coburn of Van Zandt county is in our community on a visit to relatives.

Several cattle buyers have been in our midst just recently buying cattle.

The citizens of our community met together Sunday, the 3rd, and organized a Sunday School.

The singing last Sunday afternoon was well attended and all had an enjoyable time. The date for the singings is the second and fourth Sunday afternoons.

Mrs. Lantie Strahan, assistant teacher of our school, was called to see a very sick relative last Friday morning, and we learn that the relative died.

A large crowd of young people were entertained last Saturday night in the home of Mr. and Mrs. Willie Curton, with a play party.

Mr. T. M. Steart has gone to Weatherford, Texas, on a business trip.

Mrs. Fannie Crofford returned home last Sunday morning from Black Jack where she spent several days visiting relatives. She was accompanied home by her son, Wane Crofford.

A CARD OF THANKS.

Forty-three days ago our son, Johnnie, went to bed with measles and pneumonia. This morning he sat up in a chair while his bed was being dressed. While we look upon his pale face and his slim limbs, we see so much difference in him since taking sick; but we feel that the skill of physicians, close nursing, and the prayers of a praying people have saved his life.

We take this method of thanking his doctors, his nurses, his neighbors and friends for what they did for him. The interest in him shown, we shall never forget, and should the opportunity come, which God forbid, we shall be ever ready to answer the call for help.

Mr. and Mrs. J. F. Perritte

CARD OF THANKS.

We wish to express our heartfelt thanks to our neighbors and friends, both in our home community and also our friends in Nacogdoches for their kindness and service during the sickness of our wife.

John Lloyd and Sons.

Leon Stripling of Nacogdoches, who attends Tyler Commercial College, Tyler, visited friends in the city Sunday.—Jacksonville Daily Progress.

CONTRIBUTIONS TO THE FOOD ADMINISTRATION

The following amounts were handed to me yesterday to pay actual expenses of the district and county food administration:

W. T. Wilson Grain Co.	\$25.00
K. P. Branch	5.00
Goldsberry Brothers	2.50
G. W. L. Woodlan	1.00
Dr. M. W. P'Pool	1.00
S. W. Blount	1.00
J. Thos. Hall	1.00
Joe Zeve	.50

Two hundred dollars is the estimate made by the food administrators for Nacogdoches county, and it is readily seen that the amount is still \$163 short. No one will be asked by me to contribute to this fund. If you want to contribute, hand it to me without solicitation.

JNO. S. DOUGHTIE,
Local Food Administrator.

GROWING RAPIDLY.

Climbing upward! That Walden's Nacogdoches Business College is beginning to make itself felt is fully demonstrated. Business concerns not only from this state, but from others, are calling for its graduates. Five inquiries for stenographers and bookkeepers were received in two days.

Two of its pupils recently accepted positions in Dallas, one went to Durant, Oklahoma, and another to Wharton. Several of its pupils have positions in Nacogdoches and nearby towns, and all are giving splendid service to the firms engaging them. Many others will accept positions soon.

Walden's Nacogdoches Business College is fast making a reputation as the economical school, from the standpoint of the pupil—as the people's school, for its a fact that some pupils pay all expenses, including
