ALLIES INVEST ROYE PART OF BAPAUME PENETRATE HINDENBURG LINE

(By Associated Press)
WITH THE BRITISH ARMY IN FRANCE, AUG. 27.—THE HINDENBURG LINE HAS BEEN PENETRATED BY BRITISH TROOPS AT A POINT EAST OF HENINEL.

FIGHTING IN WATER TO THEIR WAISTS FRENCH CAPTURE TWO OF STRONGEST DEFENSIVES

PARIS, Aug. 27.—Fighting in water to their waists in marshes along the Avre, charging crews of machine guns, who served their weapons until they were killed, the Third French army today captured two of the strongest defenses of Roye. Six hundred prisoners and much important booty, including machine guns were taken.

In their advance in Monchy Le Preux region Monday, the British troops captured more than 2,000 prisoners.

ROYE IS NOW INVESTED ON THREE SIDES

LONDON, Aug. 27.—Roye is now invested from the west, north and south, the Germans having but a feeble hold on it. The success of the French in breaking through the old entrenchments, and with the growing British advance in the north, increases the threat of the entire Chaulnes-Roye line.

There has been much heavy fighting at Long Ueval and adjacent ground, where the Germans launched heavy counter attacks, with fresh troops brought up for that purpose from Sedan.

During the night New Zealand troops swept around Bapaume at the north, reaching the railway station north of the Bapaume-Cambrai road. There was stiff fighting in the streets of Bapaume, the Germans putting up strong resistance.

The British have pushed through the town of Montauban, and reached Long Eoval. Australian forces made substantial gains toward Dompierre, south of the Somme. The British forces are established in the outskirts of Bapaume.

British forces in the great battle in northern Picardy are making progress toward Beugnatre. There was hard fighting around Grottilles, further north. Since Wednesday the British have taken 21,000 prisoners.

SUBMARINE SINKS FISHING SCHOONER.

(By Associated Press)
A CANADIAN ATLANTIC PORT, Aug. 27.—The fishing schooner Rush, of Boston, was sunk by a German submarine yesterday morning off fishing grounds. The crew landed safely.

CORPORAL CAPTURES PATROL BOAT SUNK SEVEN HUNDRED THROUGH MISTAKE

(By Associated Press)
LONDON, Aug. 27.—Seven hundred Germans and two field pieces were captured by one French corporal during the fighting Monday. The Germans raised a white flag and surrendered to Piere Cellier, a corporal. He was awarded the cross legion of honor.

BRITISH REACH OUTSKIRTS HAUCOURT, REMY, BOIRY

(By Associated Press)
LONDON, Aug. 28.—British forces fighting east of Arras have reached the outskirts of Haucourt, Remy and Boiry Notre Dame, north of the Arras-Cambrai road, says a war office statement.

NEW YORK, Aug. 27.—

Mistaken for a German submarine a United States patrol boat was fired on and sunk by a merchant vessel fifteen miles off Fire Island at two o'clock today. Thirteen members of the crew were reported lost. Eight were brought here suffering from injuries.

BOLSHEVIKI HAVE RETIRED OVER SIX MILES

(By Associated Press)
YONKON, Aug. 28.—On the Usuri front, north of Vladivostok, the bolsheviks have retired six miles before a general allied advance.

3 KILLED AND 28 WOUNDED BY MEXICANS ON BORDER

(By Associated Press)
NOGALES, Aug. 28.—An armistice was declared here pending an investigation by American and Mexican officials. Three Americans have been killed and 28 wounded. It is estimated that a hundred Mexicans were slain. All is quiet today.

The killed are Captain Joseph D. Hungerford, commander of the troop of negro cavalry Felix Penaloza, mayor Nogales, Sonora, two enlisted men. It is estimated that between one hundred and fifty and two hundred Mexicans were killed. The trouble started when Mexican custom officers attempted to cross Mexicans into the United States.

Brigadier General De Rosy Cabell, and General Pellas Calles are en route here to investigate the trouble.

Washington, Aug. 28.—The Mexican border has been placed under control of General Holbrook, commander of the southern department, General March announced this morning.

Following a conference between General Cabell and Captain Abasolo, commander of the Mexicans at Nogales, it was announced that the danger of a resumption of hostilities was over.

FRENCH INFLECT HEAVY LOSSES ON THE ENEMY

(By Associated Press)
PARIS, Aug. 28.—The German retreat on the Somme battlefield has become precipitated. The French First and Third army are at point losing contact with the enemy, and are inflicting heavy losses on the retreating Germans.

Chaulnes has been occupied by French troops, says an official statement.

French troops continue to progress toward the Somme this morning. Since yesterday thirty villages, the largest among them being Omicourt, Balatre, Roiglisea and Verpilleres, have been taken by the French.

THE ENEMY LAUNCHES STRONG COUNTER ATTACKS

(By Associated Press)
LONDON, Aug. 28.—Strong enemy counter attacks were launched along the line of the Arras Douai railway north of the Scarpe. Our troops were forced to fall back a few hundred yards to the old German trenches on Greenland Hill, where the German attack broke down, under our fire.

The British line in the Flanders area has been advanced on a front of four miles, astride Neuf Berquin Estaires, on the Estaires road.

South of the Somme the British have taken Foucaucourt, and have attacked and taken the greater part of the Trones wood.

ALLIES ENGAGE BOLSHEVIKI DISPERSE RIVER FLOTILLA

(By Associated Press)
ARCHANGEL, Aug. 28.—The Entente Allied forces have engaged the bolshevik Red Guards and dispersed with a Bolsheviki, says an official statement. The allies have been generally successful in all engagements with the enemy.

BRITISH TROOPS PENETRATE INTO AUSTRIAN LINES

(By Associated Press)
LONDON, Aug. 28.—British troops operating on the Italian front have penetrated deep into Austrian positions along the Asiago front. They inflicted severe casualties on the enemy and took 200 prisoners. The enemy positions in the Canove neighborhood also were raided.

GERMAN SUBMARINE SINKS A SCHOONER

(By Associated Press)
A CANADIAN ATLANTIC PORT, Aug. 28.—A Newfoundland three-masted schooner, name, Bianca, was captured and sunk by a Hun submarine Saturday night. The crew landed today.

BUY A WAGON NOW

Get the Size and Kind You Want
and Save Money Too

Late last fall "money would not buy" a wagon because no wagons were for sale at any price. Wagons are now scarce and hard to get and we believe it will be harder to find a wagon for sale late this fall than it was last fall. Prices are certain to be higher.

Wagons that we bought last November to be shipped "quick as possible" have not yet been shipped. Factory just cannot get the material and labor with which to build them.

Buy a wagon now if you want a wagon this fall. We will be glad to show you our wagons and make you our lowest prices.

CASON, MONK & CO.

CASUALTY LIST ISSUED TODAY

(By Associated Press)
WASHINGTON, Aug. 28.—The casualty list reported by the war department today contains a total of 639 names, divided as follows:

Killed in action, 74.
Missing in action, 189.
Wounded severely, 248.
Died of wounds, 25.
Died of airplane accident, 1.
Died of disease, 12.
Wounded, degree undetermined, 75.
Died of accident and other causes, 6.

Texas in the list—Guy McCarthy, gradview, killed in action; Robert F. Beauchamp, Bulford, wounded severely; Andrew B. Whaley, Hampshire, wounded severely; Wes C. Clifton, Mahi, wounded, degree undetermined; Lee Adams, Oakhurst, and J. Anders, Stamford, missing in action; William Prickett, Golden building in action; L. Joseph Baldwin, Tyler, Will P. Darnell, Avery, Edward B. Emmons, San Augustine, Wm. A. Herron, Wills Point, Jas. M. Miller, Houston, killed in action; Wm. A. Braswell, Pilot Point, Albert L. Childers, Ratcliff, wounded, degree undetermined; Jesse H. Alexander, Grayton, Henry Hill, Pilot Point, missing in action.

Marine Corps Casualties

Officers—Deaths, 34, wounded 60, missing, 1, Sub Total, 95.
Enlisted Men—Deaths, 863, wounded, 1,868, in hands of enemy, 9; missing, 118. Sub total, 2,858. Grand total, 2,953.

It will be noted from the above that another Nacogdoches county boy is reported in the casualty list. Wes C. Clifton of Mahi reported wounded, degree undetermined. The friends of the young man will join in the hope that his injury is not serious, and that he may be spared to further service and final return home.

Mr. D. C. Mast, one of The Sentinel's good friends from the Chireno country, was a pleasant caller to the office this morning, (Tuesday).

HOUSE REJECTS THE SENATE AMENDMENT

(By Associated Press)
WASHINGTON, Aug. 28.—The senate amendment to the manpower bill, extending the draft ages to 18 and 45 years, was rejected formally by the house today. The measure was sent to a conference. Arrangements were made for the conference to meet immediately, with the hope of smoothing out the differences.

Mr. and Mrs. Buford McFarland have returned to their home in Longview after a visit to the lady's mother, Mrs. G. L. Bright, in the city.

TOOK OVER 100,000 PRISONERS SINCE JULY THE FIRST

(By Associated Press)
WASHINGTON, Aug. 28.—The number of prisoners taken by the allies since July 1st, has passed the 100,000 mark. In the same time the allies have taken from the Germans 1300 cannon of field calibre and larger, General March said today.

W. M. BURWELL DIED AMARILLO LAST NIGHT

(By Associated Press)
AMARILLO, Aug. 28.—W. M. Burwell, recently nominated for U. S. Marshal, northern district, died here at midnight, following an operation for appendicitis.

STRENGTH
AND
RESPONSIBILITY
ARE WORTH
WHILE IN YOUR
BANK

The strength of a financial institution lies not in alone in its capital and assets, but as much in its honorable history and ability, the character and standing of the men who conduct its affairs.

Standing pre-eminent under any of these tests, this bank invites additions to its list of customers.

We offer the best service alike to those of large and small means.

TELEPHONE

It is an economic suicide every time we send away for something that can be purchased at home. Our interests lie at home, and we not only hurt the community but we hurt ourselves when we send our money off for merchandise that can be had at home.—Humble Star.

The difference in the enforcement of the speed ordinance here in Lufkin and in our neighboring city. Anyway, in passing through Nacogdoches many of our automobile drivers do not know they are passing through an incorporated town and that the burg owns a city marshal. In fact, properly described, the "hamlet of Nacogdoches is only a wide place on the road to Logansport."—Lufkin News.

"In the light of recent experience," it would seem so, but the aforesaid automobile drivers will find it very convenient to bring along \$11.70 with them when they strike this "wide place" in the road, for it is really a fact that it is incorporated with a city marshal that can did and will catch them when they offend.

The caption of an article in an exchange reads: "Desolation Sits Heavily on the Western Plains." Developing the idea the article reasons that "three years of drouth has placed a crown of thorns on the men, women and children of West Texas, and without money, some without the necessities of life, without food for their animals who are drawing them toward greener fields and richer harvests, the caravans of desolation are dragging their way into the cities of Fort Worth and Waco, the men who held high their heads in title and ownership are offering themselves 'for sale' that they may sustain their women and children, sheltered from the flaming sun by tarpaulins which have not felt the moisture of the skies for so long that the youngest of the caravan never saw rain." In reading about the war and co-operating with the various enterprises therewith, those of us over here in East Texas where we are blessed with plenty are unmindful of the suffering that is being endured in our own state by our neighbors of the west, and we have neglected them. We need labor, we have much idle land which will produce a livelihood for the frugal husbandman every year, and so far as possible we should lend aid to these suffering people so near our own door.

CIVIL SERVICE NOTICE.

Secretary, Board of Examiners: Your attention is invited to announcement No. 464, with which you have been supplied, of an examination for auditing clerk, Internal Revenue Service, Treasury Department. The commission is called upon to fill at least 300 positions of this kind as soon as possible. It is therefore requested that you make an extra effort to obtain applicant for this examination. It will be noted that competitors will not be required to report for examination at any place, but will be rated upon education, training and experience and a thesis filed with the application.

Please give this matter prompt and careful attention. The need of the treasury department is urgent.

By direction of the commission:

Very respectfully,
JOHN A. McLLHENNY,
President.

When congress takes a vacation, congressmen get busy building fences. It is the people who get the rest.

ADJT. JAS. A. HARLEY.

Capt. R. B. Walthall says, there are probably few people in Texas today, who realize what the Adjutant General's office means during this war. It is the great exchange through which all the rules, regulations and workings of our selective draft pass in this war. The name of every boy in the draft age passes under the eye of our Adjutant General. He is the active head of all the Texas National Guard, and passes upon every application for a commissioned officer from general down.

Texas is most fortunate in having as her Adjutant General today, Hon. James A. Harley, formerly a brilliant Texas Senator. General Harley is a man of youthful appearance, and is still in his thirties. He is full of life, vigor, force and vitality. He is a man of a charming and convincing personality, and one readily recognizes in him an executive of great ability and detail.

In the furtherance of his duties he acts with great firmness and impartiality, yet his diplomatic and tactful turn of mind enables him to carry out his ideas so as to keep all who are associated with him extremely well pleased.

Probably no man in Texas performs more work than General Harley. He is interested in the war, and no other thought crosses his mind. He works from early until late at night seven days in the week. His capacity for details, recollecting names, places, dates and other data is wonderful. His office is besieged by more callers than a great New York specialist, and they all receive the most courteous treatment and consideration. He has a most splendid force of boys and girls who consider it their highest honor to energetically work for the success of their chief.

No man or woman, rich or poor, old or young, is made to feel cramped or embarrassed in the presence of General Harley. He is a great commoner working for all. He is a plain map helping the people, and he readily makes one feel at ease, and in the presence of a friend and wise counsellor when one comes in his presence, yet he is thoroughly educated, highly polished, well trained and a christian gentleman.

General Harley is the man who organized the present force of Texas rangers, one of the great bodies of officers organized in the country. They are well selected, and are men of the highest type, and honor, and who are not afraid to execute the law with impartiality, and justice to all. A part of this splendid corps of rangers was in our city the other day, and they were truly an admirable class of officers exhibiting every requisite of gentlemen of refinement.

General Harley is preparing to lead a brigade of Texas boys. He is not satisfied with remaining in the Adjutant General's office. He wishes to push into the very center of the great world tragedy, and we look forward with great interest to the work of this, one of Texas' most noble sons. We predict for the general a great and bright future well filled with honors, successes and goodness.

Mr. and Mrs. Henry Schmidt arrived home this morning from a few weeks sojourn in Galveston, accompanied by Mrs. O. C. Jersig of Houston, a cousin of Mrs. Schmidt, and Master Homer Beard, also of Houston. The Schmidt family went to Galveston immediately upon Mr. Schmidt's return from market, and have been away several weeks. Mr. Schmidt says they had a great outing, and that he never felt better in his life. Their many friends will be glad to have them home again after the absence.

A DISASTROUS WRECK ON E. & W. YESTERDAY

Lufkin News, Friday.

A very disastrous wreck occurred on the E. & W. this morning about 4:30, at the 105 mile board, five miles beyond Diboll, in which the engineer and brakeman were badly bruised and cut, a car of cattle was put out of existence and several cars of wheat were scattered for several hundred yards up and down the tracks, while the tank of one of the engines was derailed and several cars were completely demolished.

The wreck was due to the cutting off of several cars of a freight train when climbing what is called Slippery Hill, the train of twenty cars proving too heavy to pull over the hill, and when 11 cars were cut off, it was found the brakes were not sufficient to hold them, and they tore down the hill at the rate of thirty miles an hour, running into extra No. 11, which was making about the same rate of speed, the result being the destruction of cars, the wasting of wheat and the killing of cattle that will entail a tremendous loss to the railroad. The oncoming train was rounding the curve and the swiftly returning cars were not seen until they were almost upon it, the fireman of the engine being the first to see it, screaming to his engineer to jump for his life, and at the same time making a leap that landed him safe beyond the flying timbers and splinters of the wreck that immediately followed. The engineer was not so lucky, being severely bruised and battered up, and receiving several cuts from the flying debris.

The engineer, whose name is Henry Wortham, was brought to this city and placed in one of the local hotels, where he was given immediate medical attention until his transfer to the hospital at Houston on the noon train.

HOLLAND BURK EXONERATED.

In order to clear the name of Mr. Holland Burk from any taint of dishonesty in regard to the steer butchered by him and sold in Nacogdoches last Friday, will state that the steer was my property, but on account of mistaken identity was sold to Mr. Burk by Mr. W. S. Beeson, he believing the steer to be his property at the time of the sale, he having a steer of similar markings and same age. Satisfactory arrangements have been made to all parties connected with this transaction.

GEO. T. MCNESS,
W. S. BEESON.

MARRIED SATURDAY.

Mr. Leon Clark and Miss Myrtle Haltom were married at the Redland Hotel Saturday evening, Rev. M. C. Johnson officiating.

The fair bride is a daughter of Mr. and Mrs. Bassett Haltom, and is a most lovable, worthy young lady, possessing all the sweet traits of character that go to make up the most glorious type of young womanhood. The bride-groom is also most worthy being an energetic young man of sterling worth who is well liked by those who know him.

The Sentinel joins the many friends of the happy couple in congratulations and good wishes.

FROM JUDGE HUSTON

To the Voters of Precinct No. 1, Nacogdoches county:

I desire to extend to you my heartfelt thanks for the splendid support you gave me Saturday.

It will be my greatest ambition to render you fair and impartial service.

Hoping you will never have opportunity to regret the vote cast for me, I beg to remain,
Your faithful servant,
F. B. HUSTON.

EX-CONGRESSMAN COOPER IS WITH THE DEAD

A dispatch from Beaumont says S. Bronson Cooper, aged 68, member of the board of general appraisers of the United States for the port of New York, and a familiar figure in Texas politics, for many years, died in New York Wednesday night at 6 o'clock, according to a telegram received here by his son, S. Bronson Cooper, Jr. He was the father of Mrs. W. P. Hobby, wife of the governor. The body will be brought to Beaumont for burial, leaving New York Thursday morning, accompanied by Congressman and Mrs. R. M. Jacoway. Mrs. Jacoway is a daughter. Another daughter, Mrs. S. W. Scholars, Jr., lives at Woodville.

Colonel Cooper was born in Kentucky May 30, 1850. Six months after his birth his parents brought him to Tyler county, Texas. He practiced law at Woodville, studying under Nicks & Hobby, and later becoming a member of the firm. He married Miss Phoebe Young, daughter of the presiding elder of this district, October 15, 1873. Mrs. Cooper died March 15, 1911, and was buried in Beaumont.

Colonel Cooper was elected to the State Senate of Texas, and drawing a short term, was re-elected, thus standing two elections in four years. His second term in the senate was honored by his selection as president pro tem of that body.

In 1855 Grover Cleveland, the president, appointed Mr. Cooper to be collector of internal revenue in which position he served 3 years. Colonel Cooper was elected as a member of congress of this district in 1892 and served, with the exception of one term, until 1908, when he was defeated by Martin Dies. He was appointed as a member of board of appraisers for the port of New York by President Taft in May, 1910.

HUGDENS FAMILY LOSE ANOTHER CHILD

In Saturday's paper The Sentinel reported that Mr. and Mrs. Alex Hudgens of Hungerford had had the misfortune to lose a little three-year-old son, and that two other children were seriously ill. Later news is to the effect that another child, about six years old, had died, but that the third child was better and that some hope was entertained for his recovery.

Mrs. Horace Wilson and Floyd Hardeman of this city and Mrs. John Blackwell of Chireno, relatives, have gone to Hungerford to attend the family in the great distress that has been visited upon them.

As noted in Saturday's paper, Mrs. Hudgens was reared in this county, and has many relatives and friends who will enter into profound sympathy for her and her husband in the great grief that has overtaken them.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that glitters with beauty and is radiant with life, has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a small bottle of Knowlton's Danderine from any drug store and just try it.

Packers' Profits Are Regulated

The public should understand that the profits of the packers have been limited by the Food Administration since November 1, 1917. For this purpose, the business of Swift & Company is now divided into three classes:

Class 1 includes such products as beef, pork, mutton, oleomargarine and others that are essentially animal products. Profits are limited to 9 per cent of the capital employed in these departments, (including surplus and borrowed money), or not to exceed two and a half cents on each dollar of sales.

Class 2 includes the soap, glue, fertilizer, and other departments more or less associated with the meat business. Many of these departments are in competition with outside businesses whose profits are not limited. Profits in this class are restricted to 15 per cent of the capital employed.

Class 3 includes outside investments, such as those in stock yards, and the operation of packing plants in foreign countries. Profits in this class are not limited.

Total profits for all departments together in 1918 will probably be between three and four per cent on an increased volume of sales.

The restrictions absolutely guarantee a reasonable relation between live stock prices and wholesale meat prices, because the packer's profit cannot possibly average more than a fraction of a cent per pound of product.

Since the profits on meat (Class 1) are running only about 2 cents on each dollar of sales, we have to depend on the profits from soap, glue, fertilizer (Class 2, also limited) and other departments, (Class 3) to obtain reasonable earnings on capital.

Swift & Company is conducting its business so as to come within these limitations.

Swift & Company, U. S. A.

AMERICA LANDS ARMY AT A TIME IN FRANCE

(By Associated Press)

AMERICAN PORT IN WESTERN FRANCE—An American Armada of thirteen great transports bringing 30,000 fighting men to France had come quietly into port during the night, and the landing of this little army was soon to begin.

Going on board the transports The Associated Press correspondent had opportunity to see the equipment for this huge undertaking, and how the men had lived and fared on their trip across. It was a long climb up the rope ladder to the deck of a former Ward liner rebuilt as a transport. Soldiers packed the decks and were thick as flies in every cabin, hatch and between decks down to the very bowels of the ship. The spacious promenade deck had disappeared, and in its place were long lines of "standees", or metal hammocks, for the men sleep in the open on deck as well as between decks.

The men looked well, and the report from the sick bay showed only six cases of sickness out of 3,000 men aboard, a very good showing, said the doctor. In the mess hall a relief of men were taking their breakfast. There was no sitting down at table. The men stood at high troughs, very clean and practical, each man with his own tin plate, knife, fork and spoon, tossing off with

relish the hot coffee and good white bread and butter. We tasted this bread and found it a revelation—real bread, so different from the potato bread we are used to as war diet. And real butter, a luxury for soldiers only, which no one begrudged them.

Between decks tiny blue lights were burning to let the men see their way about with some degree of freedom. These are the only lights aboard.

An exciting event of the trip was learned as we passed along. Most of the voyage had been uneventful. But, nearing this side a lookout had signalled the appearance of a periscope. Soon the deck guns got into action, and two depth charges were dropped over the spot where the periscope was last seen. But there was no further sign of hostile craft. If the depth charges took effect they left no trace for there was no wreckage on the water. Very soon the incident had passed and some of the ships did not even know that anything unusual had occurred.

SUMMER COLDS

rapidly reduce human strength and thus is easily contracted. But Scott's Emulsion will promptly relieve the cold and rebuild your strength.

A WORD FROM THE FOOD ADMINISTRATION

With the establishment during July of fair prices for mill feeds which licensed mills and dealers can not exceed without penalty, the mill feed market became practically as stable as that of wheat. Each invoice of the mill must have printed on it the fair price; consequently, it is easy for any representative of the Food Administration or buyer to know whether the mill has overcharged.

Prices of coarse grain feeds, hominy, rye, barley, feeds, and so forth will depend, as heretofore, largely on the market value of the grain from which they are made, but in these feeds also foresight in securing the winter supply is advised.

The differential on hard substitutes sold in wooden tubs containing 50 to 50 pounds was reduced recently by the Food Administration from 2 to 1/4 cent over tierce basis; the differential on butter tubs containing 50 to 55 pounds was reduced from 1/4 to 1/8 cent over tierce basis.

Revised regulations on the cheese industry provide that the maximum margins previously fixed for American and Cheddar cheese have not been changed. The principal addition to the rules is the inclusion of such foreign types of cheese as Swiss, Brick, Limburger and Munster, and the establishment of maximum margins with respect thereto, which, however, are not necessarily considered reasonable.

On August 2, in a wire to all Federal Food Administrators from the United States Food Administration, it was stated that the voluntary six-pound wheat flour ration should be continued until further notice for all except farmers who receive more from the milling or exchange of their own wheat. The six-pound rule may be eliminated later at the same time as the fifty-fifty rule is changed. For the present, there is no change in the bakery rules, including that restricting tag service in public eating places to two ounces of bread and rolls, and four ounces of quick breads.

On August 1 it was suggested to all Federal Food Administrators that public eating places be no longer asked to observe wheatless Mondays and Wednesdays and one wheatless meal each day.

Cracker bakers were notified on August 6, 1918, that they would henceforth receive sugar certificates for sugar requirements for holies jams and preserves on sugar statement B, as formerly, in other words, their entire allotment, whether used in cakes or preserves, is now based on 70 per cent of their former consumption.

USE OF LIGHTWEIGHT BEEF MAY EASE SITUATION.

As a patriotic contribution to the hardpressed, drought-stricken cattleman of Texas, A. C. Williams, assistant secretary of the Cattle Raisers' Association of Texas, has issued a statement in which he urges all private consumers and owners of public eating places to use only lightweight beef in their tables. In this request he is joined by E. A. Peden, State Food Administrator.

The National Food Administration, at the urgent request of the association, has lifted the restrictions as applied to lightweight beef, and it can now be served three times daily, if wanted. By the term lightweight beef is meant cattle dressing 435 pounds or under.

Because of the continued dry weather and the imminence of a feed shortage during the winter the cattlemen have recently been forced to place on the market large shipments of good heifers and cows and lightweight steers. Unless the public rallies to their support and consumes this class of meat, it is explained that the cowman's market will be demoralized, resulting in great financial loss.

Only steers dressing over 435 pounds are accepted on government meat contracts, hence the use of lightweight beef in no sense affects the soldier's supply. Mr. Williams explained. This beef is just as choice and wholesome as is the heavy stuff.

The official order in this connection issued by State Food Administrator Peden follows:

"Owing to the fact that Texas is a beef-producing State, and that there are many under-sized cattle now being killed which are not being exported, the following plan for meat conservation should be used by public eating places, in place of the meat program outlined in bulletin H. R. 28, dated July 3:

"All restrictions as to the use of lightweight beef, dressing 435 pounds and under are hereby removed effective August 10. Public eating places may serve lightweight beef at any meal and in any amount desired.

"All public eating places are requested to use only lightweight beef, but those hotels and restaurants that use heavy weight beef must be governed by the National Beef program."

DESOLATION SITS HEAVILY ON THE WESTERN PLAINS

Silent Caravans Move Out of Drouth Areas of Texas, Leaving Parched Land Possessions Behind.

Three years of drouth has placed a crown of thorns on the men, women and children of West Texas and without money, some without the very necessities of life, without food for their animals who are drawing them toward greener fields and richer harvests, the caravans of desolation are dragging their way into the cities of Fort Worth and Waco, and men who held their heads in title and ownership are offering themselves "for sale" that they may sustain their women and children sheltered from the flaming sun by tarpaulins which have not felt the moisture of the skies for so long that the youngest of the caravan never saw rain.

"Heartrending" is the word that has come to Food Administrator Peden from the drouth area. Last year the farmers and the cattlemen braved it out. Surely nature, herself, could not be so cruel as to afflict upon them another year a scourge of intense heat and shriveling up of the plains; but this year there is nothing left to challenge a ravage of nature as relentless as the great guns in their devastating of the northern plains of France.

The situation is without the province of man and dollars. Rain has forgotten the plains, no clouds break the intensity of the blue, no refreshment comes in dew, no relief advances in a kindly mist or fog. All that can be done is to help the men and the women and the children as they come into Eastern Texas.

The Silent Exodus.
E. B. Spiller, secretary of the Cattle Raisers' Association of Texas, reported that Fort Worth is crowded with wagons of "expatriates of the plains," and the same intelligence comes from Waco. On one day alone 125 families passed through Brownwood, and on another day 110 families passed through Goldthwaite.

On August 17 Administrator Peden wired to Governor Hobby on the situation.

"Drouth conditions now prevailing in Western Texas most serious in history of the country. Oldest inhabitants have no recollection of anything approaching it. Ten counties in the Brownwood district will not make an average of 500 bales of cotton per county as against normal production of 15,000 bales. Thousands of farmers and farm hands necessarily seeking other employment, and an average of 250 farmers a day are leaving the district.

"There is no grain crop. If we can get rains in the next 90 days, with proper State and Federal aid, farmers would be able to plant wheat and oats, but they must have this aid."

Similar conditions to that in the Brownwood section are reported to Administrator Peden from the district administrators at San Angelo and Amarillo, and a recitation of these conditions has been wired to Governor Hobby by the three administrators of Brownwood, San Angelo and Amarillo.

Trying to Help Them.
Administrator Peden is deeply concerned over the situation and has placed the facts before H. W. Lewis, chief of the United States employment service for Texas, at San Antonio, as well as directed letters to his county administrators urging that they give the extent of personal relief needed; also that wherever these unhappy families can be placed so as to gain a livelihood that immediate report be made.

PENALIZATIONS BY FEDERAL FOOD ADMINISTRATION FOR TEXAS.

Revocation of the license of the Union Grain Company, Fort Worth, for failure to make adjustment on four cars of corn handled for Kemper Mill Elevator Company.

Taylor & Thomas, bakery, Fort Worth, discontinuance of the baking of products other than bread and rolls for a period of thirty days.

Herrie Steam Bakery, San Antonio, discontinuance of baking of other products than bread and rolls until October 1.

Model Bakery, San Marcos, closing of bakery shop for two days.

Barker Baking Company, San Antonio, discontinuance of the baking products other than bread and rolls until October 1, and allotment of flour be fixed at 200 pounds a week.

George H. Ward, baker, San Marcos, place of business closed for two days through failure to use prescribed amount of substitutes.

W. C. Neuse, baker, Kyle, Texas, discontinuance of baking operations for period of one week for failure to use prescribed amount of substitutes.

City Bakery (Frank Kalline, proprietor), San Marcos, place of business closed for one day.

Manhattan Cafe, San Antonio, doors closed voluntarily for two days.

Wolf Bakery Company, San Antonio, license suspended for 30 days.

Frank Kayton, baker, Waco, license suspended for 30 days.

Imperial Bakery, Taylor, closed for a period of one week.

Bell Bakery Company, El Paso, discontinuance of baking products other than bread and rolls for a period of sixty days.

The U. S. Food Administration has revoked the license of J. H. Brooks, Jacksonville, Texas, as a wholesaler and jobber of poultry and eggs, a commission merchant of fresh fruit and vegetables, and a retailer of peanuts.

The U. S. Food Administration has revoked the license of the Industrial Transportation Company, headquarters at Waco, Texas, capitalized at \$20,000,000, and organized to distribute foodstuffs.

Judge Box appears to have won with a big lead for congress.

C. M. Cureton of Bosque county has been elected as attorney general.

Henry B. Terrell has been nominated comptroller.

Herbert Seale was elected commissioner of Beat No. 4 over Blake.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into womanhood... I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pangs any longer, and I gradually got worse... Nothing seemed to help me until, one day... I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain..."

"It has now been two years since I took Cardui, and I am still in good health... I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your nervous system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

HOW PRICES ON FOOD STUFFS ARE STABILIZED IN TEXAS

What is a Federal Price Reporter?
A man or woman appointed by Administrator Peden to check prices as charged by retail merchants for licensed commodities of foodstuffs.

What is their duty?
To check the stores in their respective communities not less than once a week on forms sent out by the Price Section of the Federal Food Administration for Texas.

How many are there in Texas?
The list for August shows 300 names, but it is growing daily. Appointments are based on population and the plan is to have one reporter for each town of 1500 or over; two for each town of 500 or over; three for each town of 250 or over; four for each town of 10,000 or over; and so on adding one Price Reporter for each 2500 additional population.

How are the Price Report blanks checked?
Every retail store should be covered by the Price Reporters at least once a week, and as near a check made upon every community as possible. When the reports are received by the Price Section at State headquarters for the Federal Food Administration for Texas, the lists are checked against the Price Interpreting Committee fair price lists for the district in which they originate, and where there is evidence of excess profits the County Administrator is notified of the name of the offender, the date of the offense, and the person making the check. An adjustment is then up to the County Food Administrator.

How are the Price Reporters correlated with the Price Interpreting Committees?
Wherever possible the County Food Administrators should link the Price Reporting Committees with the Price Interpreting Committees. The two departments should work in close harmony and Price Reporters should thoroughly familiarize themselves with the interpretations of the Price Interpreting Committees, noting carefully the changes from week to week, and understanding the economic factors which enter into these changes. To

NO RE-SALE OF EGGS WITHIN THE TRADE.

The United States Food Administration recognizes the following classes of dealers in fresh eggs: (1) Original packers and shippers; (2) Commission merchants and wholesalers; (3) Jobbers and suppliers of hotels and institutions; (4) Retailers. An trading in fresh eggs must contribute toward moving the eggs in a direct line to the consumer. Sales between dealers in any one of the classes mentioned are prohibited except as follows:

Sales between wholesalers in different cities will for the present be permitted where necessary to supply the reasonable requirements of the buyer's business, provided there is an actual shipment of the eggs, and provided the movement between cities is in the direction of normal flow from producer to consumer. In addition thereto not more than two sales of any lot of fresh eggs between dealers in class 2 may be made without the consent of the Local Federal Food Administrator if such sales are necessary to supply the reasonable requirements of the buyer's business, but more than one such sale shall not be made without the written consent of the Local Federal Food Administrator.

In no case shall a dealer sell fresh eggs to any dealer in a class further removed from the consumer than the class in which the seller is included; for example, a jobber shall not sell to a wholesaler, or a retailer to a wholesaler.

Any dealer ignoring the above ruling may expect to have his license suspended or revoked without delay.

Additional regulations apply to dealers in fresh poultry.

3 MARINES KILLED SAN DOMINGO BATTLE

(By Associated Press)

WASHINGTON, Aug. 24.—Three American marines were killed, and one wounded in a battle with bandits in Seibo, province of Santo Domingo, August 13th. Many bandits were killed or captured.

"THE LIMIT CLUB"

DALLAS, Aug. 24.—The "Limit Club" of Texas, of which Governor W. P. Hobby is president, now has 5,743 accredited members, it was announced today by Louis Lipsitz, State Director of the National War Savings Committee. Every member of the "Limit Club" is the owner of \$1,000 in United States War Savings Stamps. No person is permitted by the Treasury Department to own more than \$1,000 of these bonds in his own name.

Records of the National War Savings Committee show that Dallas county leads the state in the number of limit members; it has 846.

AN AGED MINISTER DIES AT CLAYTON

The information is gleaned from neighboring exchanges of the death of Rev. J. F. McLendon, which occurred at his home in Clayton a few days ago.

Mr. McLendon has been engaged in the ministry for the Baptist church the past fifty-seven years, and the major portion of the service has been rendered in East Texas, as a result of which he is known and loved all over this section. He is the father of Mrs. Geo. H. Turner of Garrison, and Ben McLendon of Alto.

Mr. J. C. Anderson, a well known citizen of the county, is in receipt of a letter from his son Alton, who is in training at the A. & M. college, in which the young man says that he has graduated as automobile mechanic and is now taking the courses in black smithing. Thus the young man is learning some good trades, while getting ready to serve his country, which will be beneficial to him when he returns to citizenship.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Catarrh being great influence by constitutional condition requires constitutional treatment. Dr. Catarrh Medicine is taken internally acts through the blood on the mucous faces of the system thereby destroys the foundation of the disease, giving patient strength by building up the system and assisting nature in its work. The proprietors have so much faith in the curative powers of this Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: P. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists.

SEAPLANE COLLIDES WITH ANOTHER

(By Associated Press)

WASHINGTON, Aug. 26.—The loss of a naval seaplane, with a crew of three, including Ensign Donald C. Pero, as a result of a collision with another plane off Fire Island Saturday, was announced by the navy department today. The Pero machine was believed to have sunk immediately after falling into the water. Mine sweeps searching the vicinity, discovered no trace of the plane or crew.

Mrs. Mollie Fuller returned to her home in Wellington yesterday after a few days visit to her parents, Mr. and Mrs. Perritte at Attoyac, and her brother, Judge J. F. Perritte, of this city.

MORE MEN CALLED FOR MILITARY DUTY

The local exemption board has on file several calls for men for military duty, which have not hitherto been reported, and notices to whom are now being prepared to be mailed out.

Among the calls is one for limited service men who are stenographers with legal experience, desired for service in reporting court martial trials, etc.

Another call is four limited service men with stenographic experience to go to Camp Bowie about August 30th.

Forty white men will be called for Camp Travis Sept. 3rd to 6. Two colored men will be sent

to Camp Dodge, Des Moines, Iowa, Sept. 1st.

Sixty new registrants were enrolled with those coming of age in the registration Saturday who will be classified and entered on the dockets in the order in which they come.

SEMENOFF OPPONENTS TREAT FROM JAP TROOPS

(By Associated Press)

LONDON, Aug. 26.—General Semenov's opponents, in the trans-Baikal region, have withdrawn, as a result of the arrival of Japanese troops at Manchuria. Only three thousand Bolshevik troops remain in this region.

NEW INTEREST IN BUSINESS COLLEGE

A meeting of business men was held at the county court room Wednesday, which was called by Chairman Eugene H. Blount for a further discussion of support for the Walden Business College, and considerable new interest was aroused in the proposition.

Mr. Blount stated the object of the meeting and made report of what he and committees had been doing. In the course of his talk he complained that the people of the city were not taking hold of the proposition as they should, and that the committees were finding it a laborious proposition to explain the matter in detail to each person approached.

Following Mr. Blount's talk, there was a round-table discussion of the proposition in an informal way, each party talking in the opinion that the support should be cheerfully extended, and that it could be raised. After some discussion of this kind several present subscribed for additional scholarships, bringing the number up to sixty, and this aroused new inspiration which caused the adoption of a motion that the chairman appoint another committee and that a further caucus be held.

As has previously been noted in this paper, the plan proposed at the first meeting was the subscription of one hundred scholarships by the citizens of Nacogdoches, at \$50 each, which can be used or disposed of by the holders. The revenue derived from this enterprise will be expended in a home for the boarding students and equipment and the superintendent of the school contracts to bring a certain number of boarding students to the school in a given length of time, and conduct a first-class business college. If he fails in any part of his contract, the property reverts back to the holders of the original scholarships, but if he makes good, the property becomes his in fee simple upon fulfillment of the contract. The scholarships are worth the money, for use as the holders may elect and the whole is therefore secure to the interest represented. With the plan, they should be disposed of in a few hours, and the Sentinel has an abiding faith in the patriotism and progressiveness of the city to save the matter with the new effort.

As some one suggested at the meeting, if \$50,000 had been called for at least \$30,000 of it would have been subscribed by this time. Nothing could be worth more to the city for the amount invested and expended than a first-class business college and with the start we have made Nacogdoches can not afford to fall down.

LIST OF THOSE GOING TO THE TRAINING CAMP

Following is the list of the young men from Nacogdoches county who were sent out by the local board from Nacogdoches county Tuesday, to Camp Travis, being in charge of Wm. V. Ballard, one of the number:

Wilber D. Watkins, Odie Gilbert Schenck, Chas. Bass, G. E. Dean, John A. Meador, Norville E. Prince, W. T. Kenna, Charley T. Greer, C. C. Redden, Thos. J. Buchanan, Henry G. Jenkins, Vernon Cox, B. R. Tension, Wylie Lovelady, C. D. Haney, Jesse G. Thacker, Arthur Overall, John M. Lavender, Albert L. Garrison, Geo. Vardeman, Dial L. Meadow, Carl Thomas, Jimmie Peoples, Kearby E. MOTOR TRAFFIC REGULATIONS.

Excerpts from the law, Acts, 1917, regulating automobiles, their use upon the public highway, and chauffeurs and drivers, and other vehicles, on the public highways of Texas.

Every owner of an automobile, upon application for registration of his automobile, and the payment of his annual license is entitled to a seal and to a number, free of charge or transportation.

Number plates are made in duplicate, and both the front and rear end of the car must bear the number plate conspicuously placed; and the license seal must be for the current year for which it is issued, and must be placed conspicuously on the front of the car. It is an offense to display a previous year's seal on any car, or to use the seal on one car that was secured for any other car.

The registration fee on a motor vehicle is delinquent if it is not paid before the operation of such vehicle on the public highways; and the penalty for the operation of such vehicle is: If the registration fee is not paid within thirty days, twenty-five per cent of the registration fee is added, and such registration together with twenty-five per cent penalty becomes a lien upon such motor vehicle, and may be foreclosed as the law provides for other delinquent taxes on personal property.

It is the duty of the owner of every motor vehicle to have it equipped with a bell, gong, horn or whistle, capable of making sufficient sound to give notice of its approach; and it is the duty of drivers of motor vehicles to sound such warning signal on the approach of danger, and at danger points; but the law prohibits the use of such signal for any other purpose, or at any other time.

Every motor-driven vehicle operating on the public highways must display two front lights, and one rear red light 30 minutes after sun-down, and until 30 minutes before sunrise, and at all times when fog or other atmospheric conditions render the operation of motor driven vehicles dangerous. The white lights in front must be of sufficient power to be visible under normal atmospheric conditions, at least five hundred feet from the front, and the red light must be visible for 500 feet from the rear.

FROM JOHN PERKINS.

Yes, I got beat, but I'm not mad about it. I'm in a good humor and glad I'm living, and proud of the race I made.

I want to thank my loyal friends for their encouragement and support, and shall never forget them.

I. D. Parnley and his family and friends are all my friends. I. D. will make us a good county clerk, and none of us will ever regret having put him in office. From the beginning of my campaign I tried to run a clean honorable race and believe I did. And I shall ever point with pride to my maiden effort in county politics. Some of these days I expect to again be a candidate for county clerk, and want my friends and I. D.'s friends to remember me. Again thanking all for the many courtesies and kindness shown me in the past and trust I shall continue to merit same. I beg to remain,

Very sincerely,
JNO. H. PERKINS.

FROM I. D. PARNLEY.

I am truly grateful to the voters as well as citizens of this county for their making it possible for me to win in the county clerk's race. I can and will make you a good officer. You will never have cause to regret any effort put forth in my behalf. John Perkins and his friends are closer to me today than ever before.

May the God of Heaven crown every effort of my supporters, John and his supporters.

I am at your service, call on me.

Sincerely yours,
I. D. PARNLEY.

PRICE FOR GINNING OF COTTON IS FIXED

FOOD ADMINISTRATION ESTABLISHES RATES WHICH MUST BE CHARGED.

Effective July 22, and until further notice, the United States Food Administration designates and determines under special rule 8 the following to be the fair and just charge for ginning cotton.

The price of 30 cents per 100 pounds of seed cotton, plus cost to the ginner of bagging and ties, is hereby determined as the just and fair charge for the service of ginning picked dry cotton.

The price of 40 cents per 100 pounds of seed cotton, plus cost to the ginner of bagging and ties, is hereby determined as the just and fair charge for the service of ginning snapped or pulled cotton.

The price of 50 cents per 100 pounds of seed cotton plus cost to the ginner of bagging and ties is hereby determined as the just and fair charge for the service of ginning prechature, unopened "lottie" cotton.

It has been found impracticable to determine the just and fair charge for the service of ginning long staple cotton, sea island cotton and such other cotton as may require special care, time or readjustment of machinery. However, the charge made for this service must be justifiable in comparison with the standard charge of 30 cents for the ginning of 100 pounds of picked dry cotton.

To Keep Correct Record.

Ginners are to keep a correct record showing the name and address of each party for whom they gin cotton, the amount of cotton ginned in each case, and the actual charge made for such service. They must be in position at all times to furnish detailed information to the United States Food Administration.

It is necessary that ginners perform this service in such a way that the seed cotton shall be cleaned and the lint removed from the seed in an efficient manner. Such foreign substances as are removed from the seed cotton shall not be returned to the seed, but the seed shall be kept in a clean condition. Ginners are not permitted to mix any foreign material with the cotton seed during the time that it is under their control or in their possession.

The charge for ginning shall be the same whether or not the cotton or the cotton seed is purchased by the ginner.

Must Gin Rapidly.

Ginners are to gin as rapidly as possible consistent with good work, all dry seed cotton tendered them, and upon demand they are to return to the owner the cotton and cotton seed ginned by them. If cotton seed is purchased by the ginner, he must be guided by rule No. 6 and circular No. 40.

Ginners are to keep a careful record, showing the name and address of each party from whom they purchase cotton seed, together with the quantity and price paid for same.

Ginners are requested to take notice that the above announcement makes again effective circular No. 41, dated June 22, 1918, except that the above ruling becomes effective July 22, 1918, instead of July 1.

"In issuing these instructions," states Administrator Feden, "we realize that there may be counties in which the price made effective may be too high or too low, but it will be possible to arrive at a fixed price that will be fairly applicable to every county, therefore we have decided to fix the prices as above given and in those counties where it can be shown that these prices are not fairly applicable to the business a hearing will be given to determine a fair price for that particular county."

TO HANDLE COTTON SEED FIVE ZONES ARE FORMED

SCHEDULE OF BASIC YIELDS ARE GIVEN.

Effective August 1, in order to better handle cotton seed and its products, the State of Texas has been divided into five zones by Administrator Feden, as follows:

Zone 1 includes all counties east of Fannin, Hunt, Rains, Van Zandt, Henderson, Anderson, Houston, Trinity, Polk, Liberty and Chambers counties.

Zone 2 includes all counties south of Liberty, Montgomery, Grimes and Washington counties and east of Fayette, Lavaca, Jackson and Calhoun counties.

Zone 3 is bounded on the east by zone 1 and on the south by zone 2, on the west by the eastern line of Fayette, Lee, Williamson, Burnet, Lampasas, Mills and Comanche counties, and bounded on the north by the southern lines of Erath, Somerville, Johnson, Ellis and Henderson counties.

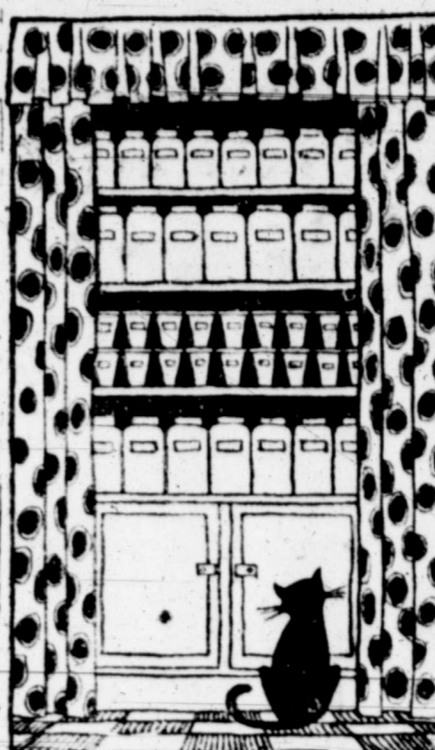

Zone 4 is bounded on the east by zone 1 and on the south by zone 3 and on the west by the eastern lines of Comanche, Eastland, Stephens, Throckmorton, Knox, Nottley, Briscoe and Armstrong counties.

Zone 5 includes all counties west of zones 4, 3 and 2.

Basic yields, effective August 1, are as follows: Yield of 840 pounds of oil and 145 pounds of lint for all zones; Oil yields, 35, 38, 37, 38 and 35 gallons for zones 1, 2, 3, 4 and 5, respectively. Cake yields, \$20, \$30, \$40, \$30 and \$60, respectively. The point of origin determines the zone.

Notice has been sent to all cotton seed crushers of the zone plan, and in addition Washington instructs that all mills are to buy seed at market price. Seed dealers are to pay back to farmers all excess profits allowed in circular No. 40. Violators of circular 40 or other rules should be summoned for hearing immediately.

LOUISIANA SECONDS AND THIRDS MADE AVAILABLE TO HOMES

When the sugar ration to the people of Texas was reduced from 18,500,000 pounds in July to 13,230,000 pounds in August there was some perplexity in the minds of the Food Administration whether the August allotment would supply much sugar to care for preserving. After careful analysis it was found that approximately 2,000,000 pounds might be diverted to householders for preserving purposes, provided the allotment of two pounds per month to the person were adhered to.

At the meeting of the District Administrators for Texas on August 9 a telegram was read from the United States Administration advising that the National Administration had been informed by Administrator Parker for Louisiana that Louisiana had on hand 10,000,000 pounds of Louisiana seconds and thirds, which, as a state, she was unable to absorb and which was deteriorating by reason of inversion.

The question was put up to the District Administrators whether or not Texas might handle some of this surplus and the decision was that if the seconds and thirds could be secured on a percentage over and above the straight white sugar allotment called for in the certificates, the sections of Texas where fruit is raised might be able to absorb a considerable portion.

The districts most interested were the Ninth, or Paris district; the Second, or Lufkin district, and the Twelfth, or Navasota district.

Wednesday, August 14, Administrator Feden completed an arrangement with the approval of the United States Food Administration which allows of a 25 per cent increase on sugar as provided in statement E to retail grocers, conditional that the increase covers Louisiana seconds and thirds. The same privilege is extended to users of sugar on statement A, or the non-essentials.

Notice was immediately sent to the officials of the North and South Texas wholesale grocers associations so that the trade might be informed; also the District and County Administrators. It is necessary in the distribution of the seconds and thirds coming to Texas, as the preserving season ends on September 15.

PUBLIC SHOULD GET CHEAPER MEAT NOW

HOUSEWIVES ADVISED TO DEMAND BEEF DRESSING BELOW 475 POUNDS.

Such Beef Can Be Sold for Less Than Heavier Cuts—Wholesome, of Good Quality and Government Inspected.

Housewives who have been accustomed to purchase beef from heavier weight carcasses should now be able to buy at much lower prices than the average which has ruled during the past year if they observe the Food Administration's request to demand meat from cattle which dress below 475 pounds per head.

The Food Administration states that the lightweight cattle are now moving rapidly to market, the producers in the Southwest endeavoring to dispose of them before they suffer from the effects of long continued drought.

Heavy steers are being sold in Eastern meat centers for \$26 to \$27 per 100 pounds; good steers, somewhat lighter in weight, at \$24 to \$25; medium-weight steers at \$19 to \$21, and lightweight steers at \$14 to \$18.

While prices are not uniform throughout the country, it will be found that this ratio will rule in practically every market. Meat markets which formerly cut \$26 beef can obviously give their patrons the benefit of such a wide difference in first cost. Selling light cuts bought at \$14 to \$18, there should be a material reduction below the selling price of meat bought at \$26.

The Food Administration believes that its request for consumption of the light cattle will not only do much to relieve the producers who are affected by severe droughts, but should be followed by a general downward trend in retail purchasing prices, the demand turning to the cattle which are now in abundance and relieving the strain on the market for heavier beef, which is still badly needed for the military and for export to the civilian population of the allied countries. The market should naturally follow in its price reduction the difference in first cost, providing a reasonably low price to those who utilize the lightweight cattle. They are wholesome, of good quality, and before being marketed have passed government inspection.

NO IDLERS WITHIN DRAFT.

As is well known to most readers of the papers, the war department of our government sometime since promulgated an order commonly referred to as the "work or fight order," the meaning of which is that all men within the draft age who are classified in Class 2, 3, and 4 must not be idlers or loafers, and must engage in regular work of some character beneficial to the country as well as themselves.

Recent instructions from the war department to the local exemption board of this county urges upon us the necessity of enforcing this demand of the government, and if there are any registrants in Nacogdoches County, regardless of their classification, who are not actively engaged at some character of work it becomes our duty to enforce this ruling of the war department, and we will do so regardless of the personality of the parties so not engaged. If any citizen knows of a registrant who is an idler or loafer, it is his duty to report it to the board. Local Exemption Board, Nacogdoches County, Texas.

COUPLE FROM NAT WERE MARRIED HERE

Mr. Elton Bates and Miss Ethel Hodges, a couple of prominent young people from the Nat community, were married at the county court room in this city Wednesday, August 28th. Dr. Massey of the Methodist church officiating with a beautiful and impressive ceremony.

The bride-groom is a son of Mr. W. B. Bates and the bride is a daughter of Mr. W. T. Hodges, both highly respected citizens of the county.

The happy couple are young people of charming personality, and have a large circle of friends with whom The Sentinel joins in congratulations and good wishes.

TRIBUTE TO JUDGE BOX.

Hurrah for the splendid citizenship of Cherokee county. Automobiles filled with prominent citizens from all parts of Cherokee county, and labeled in large letters "Vote for Box" visited every county of the congressional district, and rolled up a majority of ten thousand, thrilling, home-loving people to their finger tips, and reminding them of the stream of automobiles filled with armed soldiers from Paris that flanked the German army in 1914, and hurled it from the Marne, each a sublime spectacle of militant loyalty.

The greatest public benefactors are the builders of home men. The diadem on the brow of Judge Box shines with no greater luster than the crown of honor won by the chivalrous sons and daughters of Cherokee county.

E. W. SMITH.

EXECUTIVE COMMITTEE WILL MEET SATURDAY

There will be a meeting of the Democratic executive committee of Nacogdoches county Saturday afternoon at 2:30 p. m., at the court house, for the purpose of canvassing the returns from the second primary, held August 24th, and the transaction of any other business which may come before the meeting.

This applied to the members who were elected precinct chairmen of the various voting places on July 27th.

All members are requested to attend.
R. B. WALTHALL, Chairman.

SENATE ACCEPTS MAN POWER BILL

(By Associated Press)

WASHINGTON, Aug. 27.—By a vote of 73 to 0, the senate tentatively accepted the Cummings amendment to the manpower bill work or fight amendment providing that the provision shall not apply to cases of labor strikes where the strikers submit their grievances to the war labor board and return to work, pending the board's decision.

AUSTRIANS TAKE TOWN OF BERAT

VIENNA, Aug. 27.—Austrian troops have recaptured Berat and the town of Fieri, near the mouth of the Semini river. The Italians lost heavily in men and material.

COUNTY RED CROSS NEWS.

Because of the change in the work, the reports from the various branches and auxiliaries have been rather few the past five weeks. Following are the reports that have been received since the last Red Cross column was written:

Nacogdoches Branch. Garment room report: 29 many-tailed bandages, 18 aprons, 10 bedshirts, 14 refugee garments, 850 gun wipes cut, 78 garments cut, 51 workers present. Gauze room report: 64 workers, 5014 2x2 in. wipes cut.

East Main St. Circle. 9 baby caps, 6 gowns, 17 comfort kits, 10 pairs of socks.

North Church Circle. 33 triangular, 10 many-tailed bandages.

Colored Circle. 15 members were present; they finished 17 pieces of work.

Swift. At the regular weekly meeting the members made 14 refugee garments and turned in 3 pairs of socks and 1 sweater.

Trawick. The workers met Friday, 34 triangular bandages were made. Two pairs of socks and 1 sweater were finished.

Woden. There were 20 members present at the regular meeting last week. There were 24 pairs of socks, 10 sweaters, 1 pair of wristlets turned in. These were packed and taken to the county rooms in Nacogdoches.

Union Cross. The Union Cross report for the last few weeks is as follows: 1 helpless case shirt, 3 triangular bandages, 34 refugee garments, 3 pairs of socks.

ANTI-BOLSHEVIK LEADER CROSSES SIBERIAN BORDER PERKIN, Aug. 28.—General Semenov, the anti-bolshevik leader, has crossed the Siberian frontier, and retaken Matziyevski station, west of Manchuli. Japanese troops are engaged with the Bolsheviki near Iauri. It is reported that the allies have taken over the operation of railroads.

SENATOR OLLIE JAMES PASSED AWAY TODAY

WASHINGTON, Aug. 28.—Senator Ollie M. James, of Kentucky died at 6:50 this morning at a hospital, where he has been ill for some time.

FOR SALE—At Coker's barn, a car of good young mules and mares. Roy Parmley. 27-2d1wp

The Best Plaster. A piece of flannel dampened with Chamberlain's Liniment and bound on over the seat of pain is often more effectual or a lame back than a plaster, and does not cost anything like as much. dw

THE SOUTH
As a Great Grain Centre

D. B. Osborne, Chairman Soil Improvement Committee, Atlanta, Ga.

Wheat is the most important War Crop. Until its production is increased still more there will not be enough to remove the danger of a Food Shortage from the Front.

Of twelve most important Food Crops, the entire country gained in planted acreage in 1917 over acreage of 1914—26,124,000 acres.

Of this gain the Southern States increased 14,965,000 acres or 57 per cent of the whole.

Of the individual crops the South gained:

In Wheat—1,976,000 acres, or 56 per cent of the whole.
In Corn—6,682,000 acres, or 41 per cent of the whole.
In Other Food Crops—6,407,000 acres, or 37 per cent of the whole.

Of the Fall wheat acreage of 1918 there was an increase of 3,067,000 acres, of which the South gained 2,882,000 acres, or 76 per cent.

But we can do still better in 1919.

Let's back up Our Boys in France. It is no less our duty to furnish them and our allies food than it is their duty to fight. We are raising this fall an ample cotton crop to clothe and provide edible fats and oils for our boys. Let us raise a big grain crop next spring to help feed them.

It can be done. The labor requirements are comparatively small, and the acre yields may be increased with good seed, a well prepared seed bed and a liberal application of proper fertilizers.

**NEW CALOMEL IS HARM-
LESS AND DELIGHTFUL**

All Sickening and Dangerous Qualities Removed—Medicinal Virtues Vastly Improved. New Variety Called "Calotabs."

Science has given us someless powder, colorless iodine and tasteless quinine—now comes nauseless calomel, a new variety known as Calotabs, that is wholly delightful in effect, yet more effective than the old style calomel as a system purifier and liver-cleanser.

Your doctor prefers calomel above all other medicines, as it is the best and only sure remedy for biliousness, indigestion and constipation. Now that calomel is delightful to take, everybody is asking for the new variety, Calotabs. One tablet at bedtime, a swallow of water—that's all. No nausea, no griping, no danger. Next morning you wake up feeling fine, your liver cleansed, your system purified. Eat what you please—no restriction of habit or diet.

Calotabs are sold only in original sealed packages, price thirty-five cents. Your druggist guarantees Calotabs.

NOTICE TO PASTORS.

There will be a meeting of the executive board of the Nacogdoches county Baptist association Saturday, Aug. 31st at 3 p. m. Will meet in the basement of the county clerk's office and we especially urge all the pastors of this association to be present as we want to lay out plans for future work.

A. T. GARRARD,
Chairman.

FROM LYNN BLAKE

To those who voted for me I wish to thank them for their support and toward those who voted against me, I will always have the best of feelings.

Respectfully,
LYNN BLAKE.

NOTICE

Having bought out the D. E. Paine stock of merchandise, we wish to inform our customers and friends generally, that we have some bargains to offer in the way of merchandise. We invite our friends and the public generally for a part of their business, when in need of merchandise.

Respectfully,
J. R. TRAWICK,
W. WARREN BARNES
Trawick, Texas.

MULES.

I will be at Martinsville August 31st, with my from 3 to 5 year old home-raised mules. Come to buy. I don't trade horses.

At Woden Sept. 7th. Etoile Sept. 14, Chireno, Sept. 21.
19-w4p. MON. PRICE.

COLORED FAMILY WANTED

THE GREATEST VICTORY

The Time to Win It is Now—Every Citizen Can Help and Should.

All of the authorities on great historic and military affairs are agreed that the intervention of America in the great war is about to assure the masses of the greatest victory in all ages. There is no question but what our boys are the best fighters on earth, and have convinced the German autocracy that it must go down under a confederated democracy led by America. Our great president is not only the man of the hour, to whom all the oppressed look for deliverance and to whom the allies look for a very wise and victorious leadership. His administration has performed a stupendous miracle in assembling, training and placing a vast fighting force of two millions within less than eighteen months in our wonderful army and navy. But now comes the most critical aspect of the war—the thing which will decide whether we are to have a peace of compromise or a complete vindication of righteousness, justice and equality.

This great question will be determined, not by the armies on the fields of France nor the great navies upon the seas, but by the people at home. The coming of America to the help of the allies means the shortening of the war, not by weeks or months, but by years. And, with the great blows which our forces have been making for the past two months uninterrupted and our men supplied with recruits and munitions and food, the backbone of autocracy will be broken before the coming Christmas. The only danger we run of failing to gain this great objective is not the strength of the enemy, but the attitude of the folks at home. In other words, the average citizen has it within his power to help determine what the results will be NOW. If the Washington government is kept supplied with the funds needed the victory is sure.

This being the case, every effort is now being made to have our people pay the amounts they have subscribed to War Savings at once. Thousands of Nacogdoches county people have given their notes to the Secretary of the United States Treasury for amounts from five to one thousand dollars each. These amounts while small within themselves run up into millions for the state and billions for the nation. The money is needed now. Of course many agreed to pay in varying amounts from July to the last of December, but the need is so great that we are asking with confidence that our people will make arrangements and pay their War Savings obligations at once, believing that you will appreciate the need of every man, woman and child doing his utmost in this matter. Let us all take up the effort with great diligence and see that every card is paid in full during September if possible.

MAN WHO SANK LUSITANIA HAS BEEN CAPTURED

(By Associated Press)
PARIS, Aug. 27.—Lieutenant Schweiger, the man who sunk the Lusitania has been captured by a French patrol boat in the mediterranean, according to La Journal. The capture was made when the patrol boat sunk the submarine, after the latter had sunk a British steamer. The prisoner showed uneasiness while being taken to the prison camp. Papers found on his person established identification.

P. S.—We have the largest and most up-to-date line of ladies', misses' and children's Shoes for Fall that we have ever had, and prices that will surprise you.

PROF. MORRIS SAYS TANLAC SUPERIOR TO HEALTH RESORTS

"It's the Best Medicine I Ever Tried" He Says—Gains Twenty Four Pounds and His Troubles Are Gone.

Among the hundreds of thousands of statements made by prominent men and women who have been benefitted by Tanlac, none is of more interest than the following letter received from S. R. Luton, of Bumpus Mills Tennessee:

Tanlac Office, Atlanta, Ga., Gentlemen:

You will find enclosed a testimonial from Prof. Elmer Morris, a public school teacher, and known throughout this section, residing at Scutside, Tenn. Rt. No. 1. Prof. Morris, who is a customer of mine, declares he has gained twenty-four pounds on three bottles of Tanlac. Here is what he says:

"I have suffered terribly from stomach trouble for nearly a year. I went to a health resort and tried other means, but I could get no relief. I only weighed one hundred and seventy when I began taking Tanlac, and since I finished my third bottle, I have not only gained twenty-four pounds, but my troubles are gone. Tanlac is certainly the best medicine I have ever tried."

Yours very truly,
ELMER E. MORRIS.
Tanlac is sold in Nacogdoches by Swift Bros. & Smith and Stripling, Hazelwood & Co.

NOTICE

To My Friends and the General Public:

Remember, please, I am now manager of the Optical Department for the Horn Jewelry and Optical Co., of Dallas, Texas.

In case any of you lose or break your glasses, send your order direct to me. I will fill your order personally at once at least possible price and mail direct to you.

Any time any of you are in Dallas look me up. We can save you money on any kind of Jewelry or Optical Goods.

Again thanking each of you for past favors, and hoping to hear from you and see you again, I am,

Very respectfully yours,
G. WARD SHELFER,
Optometrist.

Manager—Optical Department Horn Jewelry Co., 1110 Main Street, Dallas, Texas. 29-2w

Wanted to Rent—A good farm of 60 to 75 acres, with good improvements and pasture. J. M. Langley, Nacogdoches, Rt. 1. 29-3wp.

COTTON WEIGHING.

I have leased the Sanders cotton yard and want to weigh your cotton. Good equipment and courteous, honest treatment will be extended to my customers.

J. W. BYRD.

LOAN FARMERS MUCH MONEY

(By Associated Press)
NEW YORK, Aug. 27.—American Life Insurance companies loaned \$390,000,000 to American farmers within two years and nine months ending October 1, 1917, enabling them to increase their supply of food for the entente nations. About \$270,000,000 of this was loaned to farmers or on farm mortgages in nineteen states in the west and south. These states are supplying the bulk of American foodstuff to this country and its allies in the war. The average interest rate on farm loans up to 1917 was 5-1-2 per cent or less.

These facts are shown in a report submitted to American life insurance companies today by George T. Wight, of New York city, manager of the Association of Life Insurance Presidents. It was compiled from original statistics and covers 1915, 1916, and nine months of 1917.

NOTICE IN PROBATE.

The State of Texas. To the Sheriff or any Constable of Nacogdoches County, Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Nacogdoches county, a copy of the following notice:

The State of Texas
To all persons interested in the estate of P. J. Gee, deceased, know ye, that Mrs. Ellen O. Gee has filed and application in the county court of Nacogdoches county, on the 29th day of June, 1918, for probate of the last will and testament of Phillip J. Gee, deceased, and also for her appointment as guardian of the estate of her minor children, Olan Gee, Phillip R. Gee, and Elbert E. Gee, which said application will be heard by said Court on the 18th day of November 1918, at the court house of said county, in Nacogdoches, at which time all persons interested in said estate are required to appear and answer said application, should they desire to do so.

Herein fail not, but have you before said court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Nacogdoches, this 28th day of August, 1918,
W. T. ORTON, Clerk,
County Court Nacogdoches County, Texas.
By I. D. PARMLEY,

COTTON HIGHEST IN HISTORY

(By Associated Press)
NEW ORLEANS, Aug. 27.—The highest price ever quoted in the cotton contract market here was registered today by a bulge of about 125 points, which carried the October position to 33.54 cents per pound.

LUFKIN NEWS EDITOR RETURNS FROM MARLIN

The senior editor arrived home from Marlin yesterday and looks and feels better after a stay in that health resort of something like two weeks, during which time he states the treatment was very severe, though his state of homesickness was even worse, the two combined bringing his stay to an end before the required three weeks' treatment

had been undergone. The readers of The News, like the junior editor, will be glad when Mr. Watford is able to take his accustomed seat in the editorial chair, for the absence of his bright and lucid editorials have been missed by us all, and especially has his fund of good stories been missed by the force—all of whom are glad to welcome him back.—Lufkin News.

AMERICAN AMBASSADOR ENGLAND ABOUT RESIGN

LONDON, Aug. 27.—Walter Haines Page, the American ambassador to Great Britain, is about to resign on account of ill health according to an announcement made here.

Newspapers get into more trouble by refusing to print home made poems than by printing the details of a revolting crime.

AIR RIFLES FOR THE BOYS

Our Young Americans must learn to be good shots. Before they are old enough to handle a powder rifle safely they should have the training of an air rifle.

In buying an air Rifle buy the best. The Daisy is a guaranteed gun which will be repaired without cost the first year. Our line is complete.

LEE & LEE, Inc.
C. U WATKINS, Mgr.

CALOMEL SALVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tonic—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can't salivate.

Children and grown folks can take Dodson's Liver Tonic, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tonic instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tonic acts better than horrible calomel your money is waiting for you.

Miss Jessie Fenn of Timpsa was a visitor to the city yesterday.

Ed. Tillery of Shady Grove is visiting his brother in Arkansas.

666 cures malarial fever.

The Sentinel is indebted to its farmer friend, Mr. Joel Burrows, for a fine watermelon brought to the office this morning.

666 contains no alcohol, arsenic, nor other poisonous drugs.

Mrs. Marvin King and children of Houston are visiting the home-folks, G. W. Cavin and family, in the city.

666 cures chills and fever.

Mr. and Mrs. Norman Muckleroy are entertaining a new boy, born last night.

666 cures by removing the

Mr. Grist, after spending a couple of weeks with his daughter, Mrs. Ras Chandler, in the Mt. Moriah community, is returning to his home in Oklahoma today.

Mr. and Mrs. C. J. Buffington and two children of Lake Village, Ark., are visiting relatives, the family of Scott Chadwick, in the city.

666 cures headaches, biliousness, loss of appetite or that tired aching feeling, due to malaria or colds. Fine tonic.

Hon. Beeman Strong has returned from Austin, and reports that he was successful in securing a very attractive home for himself and family in the capitol city.

Mr. Hazel is making some substantial improvements on his building occupied by the Orton Furniture Store, which will add much to its durability and civic attractiveness.

Prepare for the Hot Wave. Southern climate is no protection against summer colds. Helen R. Saunders, 626 2nd Ave. W. Palm Beach, Fla., writes: "My severe cold on the chest was relieved by Foley's Honey and Compound." This fine old family remedy can be depended upon to relieve summer colds, hay fever, asthma and croup. Stripling, Haselwood & Co. dwl

Miss Jessie Nelson, who is holding a good position in Lake Charles, La., is visiting her parents, Mr. and Mrs. Geo. A. Nelson, in the city.

Husband and Wife. Mrs. Frank P. Wood, Box 18, F. D. 2, Morrill, Me., writes: Foley Kidney Pills help me so much. My husband also as received much benefit from them. He was so lame he could not get over and now he feels no back, sore muscles, rheumatic aches and pains. He was conquered by Foley's Kidney Pills. Stripling, Haselwood & Co.

STORIES ABOUT BIG CASUALTIES FALSE

Over Million and Half Soldiers Are Now in France, says General March

(By Associated Press)

WASHINGTON, Aug. 24.—Members of the Senate Committee were assured by General March, at the weekly conference that the stories about great unpublished American casualties overseas are wholly false, and that all casualties of the expeditionary forces are given to the public promptly.

American soldiers embarked overseas has now passed the million and five hundred thousand mark, General March announced.

Not to Be Ignored.

The kidneys are as important to good health as the heart, lungs, stomach or any organ of the body. Lame back, swollen joints, sore muscles, rheumatic aches and pains, are most often signals of kidney trouble. Foley Kidney Pills give relief to kidney trouble sufferers. They banish bladder irregularities. Stripling, Haselwood & Co. dwl

NINE COLORED BOYS TO THE TRAINING CAMP

The local Exemption Board is sending out nine colored boys to Camp Travis today, where they go to train for service in Uncle Sam's army.

Following is the name and address of each of the boys going out today, in charge of Haidie Upshaw, one of the number:

Charley Wright, Bannister, Joseph W. Whitaker, Nacogdoches, Rt. 4.

Walter Patton Appleby, Joe Grimes, Nacogdoches, L. V. Howard, Appleby, Lockett Wade, Trawick, Haidie Upshaw, Cushing, Griffith Aldridge, Keltys, Sam Greer, Nacogdoches.

It's in the Air.

Windblown pollen, carrying the germs that cause hay fever, is abroad in the land. One remedy is known to give relief and comfort from choking, gasping, asthma and fomenting hay fever. Foley's Honey and Tar spreads a healing coating on inflamed membranes, stops coughs and colds. Stripling, Haselwood & Co. dwl

Mr. Arch Millard and family have returned from a visit to relatives and friends in Shelby county where they spent several days while Mr. Millard was recuperating from an attack of typhoid fever, and the many friends of the gentleman will be pleased to learn that he is feeling fine.

Locomotive Engineer Writes

When the kidneys are not working properly, backache, stiff joints, rheumatic pains and suffering result. George McLain Turtle Lake, N. D. writes: "I am a locomotive engineer. I had a bad pain in my back and my bladder action was very irregular. I took Foley Kidney Pills and was relieved in a couple of days." Stripling, Haselwood & Co. dwl

Rev. H. N. Cunningham has tendered his resignation as pastor of the Presbyterian church and offered his services in the Y. M. C. A. work in the army. Sour Lake Signal.

Germs are plentiful in the summer air, we breathe them every minute. In health they do no harm, but to those who have a bad liver, disordered stomach or constipated bowels they mean a spell of sickness. The best way to insure your health is to take Prickly Ash Bitters. It purifies and strengthens the system. Price \$1.25 per bottle. Stripling, Haselwood & Co. Spec. Agents.

Walter Hooper, the nine-year-old son of Mrs. W. C. Hooper, who recently underwent an operation for appendicitis at the Tucker-Smith Hospital, is reported to be resting better now. This young man was in a very bad shape when the operation was performed, and for a time much uneasiness was felt about his condition.

Make Your Kiddies Laugh

Children smile when they take Foley's Honey and Tar. 1st. It tastes good. 2nd. It makes them feel good. It will turn a feverish, fretful, coughing child into a happily smiling one. Because—It puts a healing, soothing coating on a feverish, inflamed, tickling throat. It helps snuffles and stuffy, wheezy breathing. It stops coughs quickly, and it wards off croup. It contains no opiates, does not upset a delicate stomach, and the last drop in the bottle is just as good as the first. Try it.

Stripling, Haselwood & Co.

ABOUT COTTON SEED.

The county and district food administrators have recently received two communications in the matter of handling cotton seed.

One advised that in order to afford relief to all ginners who handle half-and-half cotton please consider the following rule in connection with Circular No. 3, of July 18th, effective August 22, providing that the price of 35 cents per 100 lbs of cotton plus cost to the ginner of bagging and ties is hereby determined as a just and fair charge for the service of ginning half and half cotton.

The second calls attention to Circular 40, the margin to cover expenses and profit of seed merchants and ginners has been fixed that seed dealers must pay back to farmers all excess profits.

That "all in" feeling so common in hot weather is not due to heat alone, but to an unhealthy condition in the liver, stomach and bowels. To prevent a spell of sickness take Prickly Ash Bitters, it is an excellent system cleanser and regulator. Stripling, Haselwood & Co., Special Agents.

Dr. Parrish and family, who have been residing out on the farm, have moved back to town, and Mrs. Parrish and little son are visiting relatives and friends in Shelby county.

When you yawn a good deal in the daytime, feel dull, aching and want to stretch frequently it is an unmistakable symptom of malaria, and unless you something at once you are booked for a spell of chills. Here is a chill medicine that will prevent or cure that disease. It drives out the impurities on which the malarial germ thrives, strengthens the liver and cleanses the bowels. Price 60c. Sold by Stripling, Haselwood & Co. eodw

Hon. Walter Strong of Dalhart visited his brother, Hon. Beeman Strong of this city, Saturday and Sunday, leaving yesterday afternoon. Before moving to the west Mr. Strong was a prominent member of the bar at Henderson and served his district as district attorney.

A Bilious Attack.

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach and causes nausea, vomiting and a terrible headache. Take three of Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter. dw

Messrs. Frank Garrison, Rudolph Prince and others from Garrison came down Saturday night to get the election returns as they came in.

Surgeons agree that in cases of cuts, burns, bruises and wounds, the first treatment is most important. When an efficient antiseptic is applied promptly there is no danger of infection and the wound begins to heal at once. For use on man or beast, Borozon is the ideal antiseptic and healing agent. Buy it now and be ready for an emergency. Price 25c, 50c, \$1.00 and \$1.50. Sold by Stripling, Haselwood & Co.

BIG DEFICIT ON THE RAILROADS

Government Suffers Deficit of Fifty-Nine Million on Railway Operation.

(By Associated Press)

WASHINGTON, Aug. 24.—Owing to big back payments, and wage increases, the railroads under federal control have reached a deficit of nearly fifty-nine million dollars, on railway operation, the Interstate Commerce commission reports. The government also lost two hundred and ninety million in operation during the first six months of this year.

Caught Cold at Palm Beach

The hot sun is doubly dangerous if there is a mass of undigested food in the stomach. Foley Cathartic tablets give prompt and sure relief. They act gently but do their work thoroughly. They cleanse the bowels, sweeten the stomach and benefit the liver. For indigestion, biliousness, bad breath, bloating, gas. Stripling, Haselwood & Co. owl

300 WOMEN MOTOR DRIVERS TO FRANCE

(By Associated Press)

WASHINGTON, Aug. 22.—Three hundred women motor drivers will be sent to France within the next six months by the American Red Cross, according to an announcement today. Volunteers will be selected from Red Cross motor corps maintained in several cities.

Cure for Dysentery.

"While I was in Ashland, Kansas, a gentleman overheard me speaking of Chamberlain's Colic and Diarrhoea Remedy," writes William Whitelaw, of Des Moines, Iowa. "He told me in detail of what it had done for his family, but more especially his daughter who was lying at the point of death with a violent attack of dysentery, and had been given up by the family physician. Some of his neighbors advised him to try Chamberlain's Colic and Diarrhoea Remedy, which he did, and fully believes that by doing so saved the life of his child. He stated that he had also used this remedy himself with equally gratifying results." dw

Hon. W. I. Davis, a prominent attorney of Center, came over Saturday to attend the judicial convention, and remained over until Sunday afternoon visiting his brother, Prof. R. F. Davis.

To Improve Your Digestion.

"For years my digestion was so poor that I could only eat the lightest foods. I tried everything that I heard of to get relief, but not until about a year ago when I saw Chamberlain's Tablets advertised and got a bottle of them did I find the right treatment. Since taking them my digestion is fine."—Mrs. Blanch Bowers, Indiana, Pa. lanch owers, Indiana, Pa.

Mr. G. Allen a registered druggist of Alto, and Mr. O'Quinn Rogers, have accepted employment in the drug store of Stripling, Haselwood & Co.

The Best Plaster.

A piece of flannel dampened with Chamberlain's Liniment and bound on over the seat of pain is often more effectual or a lame back than a plaster, and does not cost anything like as much. dw

Mr. R. H. Fall, a prominent business man of Chireno, was a visitor to the city today.

Apply a cotton cloth wet with Ballard's Snow Liniment to all wounds, cuts, burns, sores or blisters, and note its wonderful healing power. It is prompt and very effective. Price 25c, per bottle. Sold by Stripling, Haselwood & Co.

Had you noticed that there hasn't been a slide in Culebra cut since the war began? Even the old canal is strictly loyal.

CITATION BY PUBLICATION

The State of Texas, To the sheriff or any constable of Nacogdoches County—Greeting:

You are hereby commanded to summon Wallace Craia, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the district court of Nacogdoches county, to be holden at the court house thereof, in Nacogdoches, on the 1st Monday in September, A. D. 1918, the same being the 2nd day of September, A. D. 1918, then and there to answer a petition filed in said court on the 14th day of August, A. D. 1918, in a suit, numbered on the docket of said Court No. 531, wherein Lucy Craia is plaintiff and Wallace Craia is defendant, and said petition alleging that plaintiff and defendant were lawfully married on or about the day of April, A. D. 1910, and continued to live together as husband and wife until on or about the 1st day of May, A. D. 1911, at which time defendant abandoned bed and board of plaintiff and since which time they have not lived together as husband and wife.

That plaintiff did all in her power to make defendant a true, kind and affectionate wife but notwithstanding this, defendant did permanently abandon her without cause or provocation on her part and that by reason of the actions and conduct of defendant towards plaintiff their ever living together again as husband and wife is insupportable.

That more than three years have elapsed since said abandonment and plaintiff herenow pleads the statute of three years abandonment.

Wherefore plaintiff prays the court that defendant be cited to appear and answer herein and upon a hearing hereof she have judgment dissolving said matrimonial contract which still exists for cost of suit and such other and further relief as she may be entitled to receive, both in law and equity and will ever pray.

Herein fail not, but have before said court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Nacogdoches, this the 14th day of August, A. D. 1918.

N. B. HALL, Clerk, District Court, Nacogdoches County.

CITATION BY PUBLICATION.

The State of Texas; To the sheriff or any constable of Nacogdoches county—Greeting:

You are hereby commanded to summon John Wickware, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the district court of Nacogdoches county, to be holden at the court house thereof there-in Nacogdoches, on the 1st Monday in September, A. D. 1918, then and there to answer a petition filed in said Court on the 31st day of July, A. D. 1918, in a suit, numbered on the docket of said court No. 520, wherein Allie Wickware is plaintiff and John Wickware is defendant, and said petition alleging that plaintiff and defendant were lawfully married on or about the day of December, A. D. 1913, and continued to live together as husband and wife until on or about the day of September, A. D. 1914, at which time defendant did permanently abandon this defendant without just cause or provocation and since which time they have not lived together as husband and wife; that more than three years have elapsed since said abandonment of plaintiff by defendant and plaintiff herenow pleads the statute of three years abandonment.

Wherefore plaintiff prays the

court that defendant be cited to appear and answer herein and upon a final hearing hereof she be given judgment dissolving said marital contract which still exists, for cost of suit, and general and special relief, both in law and equity as she may be justly entitled to receive and will ever pray.

Herein fail not, but have before said court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Nacogdoches, this the 31st day of July, A. D. 1918.

N. B. HALL, Clerk District Court, Nacogdoches County.

CITATION BY PUBLICATION

The State of Texas. To the Sheriff or any constable of Nacogdoches county—Greeting:

You are hereby commanded to summon Allie V. Booty, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the district court, of Nacogdoches county, to be holden at the Court House thereof, in Nacogdoches, on the 1st Monday in September, A. D. 1918, the same being the 2nd day of September, A. D. 1918, then and there to answer a petition filed in said court on the 5th day of June, A. D. 1918, in a suit, numbered on the docket of said court No. 517, wherein Wallie J. Booty is plaintiff, and Allie V. Booty is defendant, and said petition alleging that plaintiff and defendant were lawfully married on or about the 1st day of January, A. D. 1914, and continued to live and cohabit together as husband and wife until on or about the 1st day of June, A. D. 1915, at which time defendant permanently abandoned plaintiff without cause or provocation on the part of plaintiff, since which time they have not lived nor cohabited together as husband and wife; that by reason of the defendant's actions and conduct plaintiff says that their ever living together again as husband and wife is insupportable.

Plaintiff says that more than three years have elapsed since said abandonment and he herenow pleads the statute of more than three years abandonment as provided by law.

Wherefore plaintiff prays the court that defendant be cited to appear and answer herein and upon a hearing hereof he have judgment dissolving said marital contract which still exists, for cost of suit and general relief.

Herein fail not but have before said court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Nacogdoches, Texas, this the 6th day of August, A. D. 1918.

N. B. HALL, Clerk, District Court, Nacogdoches County.

THE JOY OF MOTHERHOOD

Came to this Woman after Taking Lydia E. Pinkham's Vegetable Compound to Restore Her Health

Ellensburg, Wash.—"After I was married I was not well for a long time and a good deal of the time was not able to go about. Our greatest desire was to have a child in our home and one day my husband came back from town with a bottle of Lydia E. Pinkham's Vegetable Compound and wanted me to try it. It brought relief from my troubles. I improved in health so I could do my housework; we now have a little one, all of which I owe to Lydia E. Pinkham's Vegetable Compound."—Mrs. O. S. JOHNSON, R. No. 3, Ellensburg, Wash.

There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound. Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years experience is at your service.

SHERIFF GETS BURGLAR IN PISGAH COMMUNITY

Yesterday morning Mr. Emmett Hanna of the Pisgah community phoned Sheriff Prince that some one had burglarized the premises of a negro residing on his place.

The sheriff went at once to the scene, the home of a negro named Raymond Tell, who had lost some sugar, lard, a jumper, a pair of trousers and some other effects which he had purchased the afternoon before. The officer followed up the tracks leading away from the place and finally arrested Albert Sanders recently from Galveston, who is now working for the Mayo mill some two miles away. After being arrested Sanders confessed his crime and surrendered the stolen effects. The officer brought the negro on to jail and he has expressed the desire to plead guilty.

THE CAVALRY TROOP HAS BEEN FEDERALIZED

Capt. Thomason of the Cavalry Troop recently organized in this city, received a telegram yesterday afternoon informing him that his troop had been received into Federal service.

This last order makes real Federal soldiers of the members of the troop, and they will likely be assembled and sent to some place for active training at an early date, to be followed with active service wherever Uncle Sam needs them most.

The officers and members who have been held in suspense pending this last order are much relieved with the order, and are ready to go at the command.

Hon. Beeman Strong and some of the interested parties, and Hon. A. A. Seale and other went over to Rusk this morning to attend the trial of the Burkhalter case, which is set down to be tried in the district court at that place this week. It will be remembered that this case was carried to Rusk on change of venue from this county. Mr. Strong is of the opinion that the trial can be concluded by Wednesday evening.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver, and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

PRICE FOR GINNING OF COTTON IS FIXED

FOOD ADMINISTRATION ESTABLISHES RATES WHICH MUST BE CHARGED.

Effective July 22, and until further notice, the United States Food Administration designates and determines under special rule 8 the following to be the fair and just charge for ginning cotton:

The price of 30 cents per 100 pounds of seed cotton, plus cost to the ginner of bagging and ties, is hereby determined as the just and fair charge for the service of ginning picked dry cotton.

The price of 40 cents per 100 pounds of seed cotton, plus cost to the ginner of bagging and ties, is hereby determined as the just and fair charge for the service of ginning snapped or pulled cotton.

The price of 50 cents per 100 pounds of seed cotton plus cost to the ginner of bagging and ties is hereby determined as the just and fair charge for the service of ginning premature, unopened "bottle" cotton.

It has been found impracticable to determine the just and fair charge for the service of ginning long staple cotton, sea island cotton and such other cotton as may require special care, or readjustment of machinery.

However, the charge made for this service must be justifiable in comparison with the standard charge of 30 cents for the ginning of 100 pounds of picked dry cotton.

To Keep Correct Record.

Ginners are to keep a correct record showing the name and address of each party for whom they gin cotton, the amount of cotton ginned in each case, and the actual charge made for such service. They must be in position at all times to furnish detailed information to the United States Food Administration.

It is necessary that ginners perform this service in such a way that the seed cotton shall be cleaned and the lint removed from the seed in an efficient manner. Such foreign substances as are removed from the seed cotton shall not be returned to the seed, but the seed shall be kept in a clean condition. Ginners are not permitted to mix any foreign material with the cotton seed during the time that it is under their control or in their possession.

The charge for ginning shall be the same whether or not the cotton or the cotton seed is purchased by the ginner.

Must Gin Rapidly.

Ginners are to gin as rapidly as possible consistent with good work, all dry seed cotton tendered them, and upon demand they are to return to the owner the cotton and cotton seed ginned by them. If cotton seed is purchased by the ginner, he must be guided by rule No. 5 and circular No. 40.

Ginners are to keep a careful record, showing the name and address of each party from whom they purchase cotton seed, together with the quantity and price paid for same.

Ginners are requested to take notice that the above announcement makes again effective circular No. 41, dated June 22, 1918, except that the above ruling becomes effective July 22, 1918, instead of July 1.

"In issuing these instructions," states Administrator Peden, "we realize that there may be counties in which the prices made effective may be too high or too low, but it will be impossible to arrive at a fixed price that will be fairly applicable to every county, therefore we have decided to fix the prices as above given and in those counties where it can be shown that these prices are not fairly applicable to the business a hearing will be given to determine a fair price for that particular county."

TO HANDLE COTTON SEED FIVE ZONES ARE FORMED

SCHEDULE OF BASIC YIELDS ARE GIVEN.

Effective August 1, in order to better handle cotton seed and its products, the State of Texas has been divided into five zones by Administrator Peden, as follows:

Zone 1 includes all counties east of Fannin, Hunt, Rains, Van Zandt, Henderson, Anderson, Houston, Trinity, Polk, Liberty and Chambers counties.

Zone 2 includes all counties south of Liberty, Montgomery, Grimes and Washington counties and east of Fayette, Lavaca, Jackson and Calhoun counties.

Zone 3 is bounded on the east by zone 1 and on the south by zone 2, on the west by the eastern line of Fayette, Lee, Williamson, Burnet, Lampasas, Mills and Comanche counties, and bounded on the north by the southern lines of Erath, Somerville, Johnson, Ellis and Henderson counties.

Zone 4 is bounded on the east by zone 1 and on the south by zone 3 and on the west by the eastern lines of Comanche, Eastland, Stephens, Throckmorton, Knox, Notley, Briscoe and Armstrong counties.

Zone 5 includes all counties west of zones 4, 3 and 2.

Basic yields, effective August 1, are as follows: Yield of 540 pounds of hulls and 145 pounds of lint for all zones. Oil yields, 19, 25, 27, 33 and 35 gallons for zones 1, 2, 3, 4 and 5, respectively. Cakes yields, 920, 930, 940, 930 and 960 pounds for zones 1, 2, 3, 4 and 5, respectively. The point of origin determines the zone.

Notice has been sent to all cotton seed crushers of the zone plan, and in addition Washington instructs that all mills are to buy seed at market price. Seed dealers are to pay back to farmers all excess profits allowed in circular No. 40. Violators of circular 40 or other rules should be summoned for hearing immediately.

ROUSCH CROWDING WHEAT FOR HONERS

(By Associated Press)
CHICAGO, Aug. 24.—The big drive for premier baseball honors in the major league is in full sway, with leaders in the various departments measuring strength in the race for the top.

Eddie Rousch, the hard hitting Cincinnati outfielder, with but nine days of the season remaining, is attempting to crowd "Zack" Wheat, the Brooklyn veteran, from the coveted top rung of the National league batting ladder.

Seventh in the list of leaders a week ago, Rousch is today in second place as a result of collecting sixteen hits in his last eight games. He is fifteen points behind the Brooklyn veteran, who is leading with an average of .343.

EXPLOSION KILLS FOUR SOLDIERS

(By Associated Press)
WASHINGTON, Aug. 23.—Commander William Price Williamson and three enlisted men were killed, commander R. B. White and eighteen men were wounded, as the result of an accidental explosion of a depth bomb on board the U. S. S. Orizaba, August 17th.

Relatives in the city have received the sad news that the little three-year-old son of Mr. and Mrs. Alex Hudgins, of Hungerford, had died, following a short illness with malarial meningitis, and that two other children of the family were seriously ill with the same trouble. Mrs. Hudgins will be remembered as Miss Lora Hardeman, who was reared by Rev. and Mrs. Jno. N. Wilson of the Melbourne community. Friends of the family in this county will deeply sympathize with them in their loss of the little son, and join in the hope that the other children may respond to treatment and be saved.

Hon. L. D. Smith is in the city today looking after some business interests and shaking hands with his many friends. Mr. Smith has just returned from a visit to points in Virginia, and talks interestingly of the prosperity he found in that country which is coming with the harvest of the big apple crop. He says that the average production is seven dollars worth to the tree, and that the orchards carry an average of fifty trees to the acre, from which it will readily be seen that much wealth is derived from a very small acreage. To suitably care for the business, Mr. Smith says that many villages of one and two stores have a bank of their own with which to take care of the community prosperity.

REGULATION OF FISH INDUSTRY NOW UNDER WAY

Conference in Houston Lays Plans for Price Fixing, Shipment of Fish and Deferred Classification.

Dividing the coast of Texas into six zones, each zone to have a Price Inter-pretation Committee determining a minimum compensation for the fisherman and a maximum price, subject to periodical revision, was one of the principal achievements of the conference of fish dealers of Texas in Houston on August 15. The conference was held with the Food Administration for Texas and the plan of zoning the coast was presented to the fish industries by Administrator Peden as the most feasible one to bring about a stabilization of prices on fish.

A second important decision of the fish men was that hereafter fish will not be classified as "choice," "medium," etc., but fish will be shipped under the name of the species, that is to say, trout as trout, mackerel as mackerel, pompano as pompano. Under the old plan an interior dealer might buy "choice fish" and find one-half of the shipment made up of lower price fish. The practice has resulted in uncertain prices, as dealers have been compelled to make up their losses by charging more for the reduced quantity of the fish ordered.

The most important factor affecting the fish industry was the information that there is such a growing shortage of fishermen due to the inroads of the selective draft that the industry will be paralyzed unless men engaged in this essential industry are given deferred classifications. A resolution was unanimously adopted by the fish industries of Texas urging Administrator Peden to write the County Administrators at coast points to take up the question of deferred classification on men engaged in fishing with the local draft boards, and that he also communicate direct with, or hold a conference with, the chairman of the district selective draft at San Antonio and Houston with a view to presenting the need of retaining so far as possible men in the highly essential occupation of fish production.

FARMERS MAY HOLD THEIR COTTON SEED

Report That Farmers May Not Retain Seed Raised by Themselves for Seeding Purposes is a Mistake.

Cotton farmers of Texas are greatly disturbed over reports on just how the Federal government, through the Food Administration, controls the distribution of cotton seed and its products. To begin with, the report has become current that farmers may not retain seed raised by themselves for seeding purposes. This, the Federal Food Administration for Texas announces, is a mistake.

The wrong impression has undoubtedly grown out of the special ruling which provides that:

The licensee shall not, without the written consent of the United States Food Administrator, sell or use seed for feed or fertilizer. (This rule does not prohibit the sale of cotton seed meal for fertilizing or feeding purposes.)

All persons who buy yearly between September 1 and August 31 twenty tons of cotton seed will be required to procure a seed merchant's license. If a person purchases cotton seed from tenants or renters, and also receives cotton seed as rent, the amount he receives as rent must be included in calculating whether or not he handles twenty tons a year. Seed that a person raises himself or by hired labor need not be counted.

It is true that under this ruling few farmers operate independently of the labor of others, yet if their yield is under twenty tons, the Food Administration does not supervise the distribution; and under no circumstances does the Food Administration prescribe or countenance the denial to farmers of every pound of cotton seed for seeding purposes that they might require.

The need for close surveillance of the cotton seed industry is a military as well as an economic necessity. The entire supply of linters from a 15,000,000-bale crop of cotton will be needed for the making of high explosives and munitions to supply our army and the armies of the allies.

It will therefore be readily seen why the Food Administration is anxious to get all cotton seed not needed for seeding purposes on the market; and why the regulations provide that all licensees shall not hold cotton seed for a period longer than sixty days.

- For Constable—Precinct No. 3: HENRY T. DICKINSON.
- For Constable, Precinct No. 6: T. G. VAUGHT.

AN INTERVIEW WITH THE EXEMPTION BOARD

With the big register that will come with the change of draft age, the matter will be handled after the manner employed with the first register, deputies being appointed in each community to assist with the work. The board is being advised to get everything in readiness for this service, but the exact date has not yet been determined. To avoid conflict with elections in some of the states, the register will possibly be postponed until September 10th or 15th.

The secretary of the local board informs The Sentinel that with the August calls 676 men will have been sent out from this county with the draft. Several hundred have gone out as volunteers, and the total number of young men now in the service, from this county, will almost reach, if not quite, one thousand in number.

WHEATLESS DAYS ABOLISHED.

The United States Food Administration authorizes the statement that on August 1st the Wheatless Days and Wheatless meals in Texas were abolished.

The flour shortage is being relieved with the new crop.

Make 15 to 20 Dollars

BY SEPTEMBER 1st

Until midnight September 1, 1918, we will place on sale the famous Diamond-Disc Phonograph and Edison Amberolas at a reduced price and will give our customers the benefit of this saving.

If you place your order before that time you will save from 15 to 20 dollars on any purchase.

The Edison distributors have notified us that on that date they will raise the price of all Edison Photographs and in order to protect our customers we will until that date sell at the old price.

You cannot afford to pass this opportunity up sooner or later you are going to want an Edison. We have the goods in stock and will sell them to you on easy terms.

SEE US BEFORE IT IS TOO LATE

Stripling Haselwood & Co

Chills, Dizziness, Headache, Nausea, Vomiting, Stomach Distress, Colic, and all the ailments of a cold, will be relieved by a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. S. W. Thomas of Woden was a visitor to the city today.

Mr. Levi Smith was up from Woden today.

Miss Grace Eithicum left yesterday for Mineral Wells where she will spend some days.

Jim Bailey of the firm of Bailey Bros., of Grigsby, was a business visitor to the city today.

Miss Leila V. Davis has returned from Waco where she attended the summer session of Baylor.

Miss Katherine Morgan has accepted a clerical position in the store of Orton & Spears which she is filling with good ability.

Mr. G. B. Stoddard was among the Cushing visitors to the city today.

Mr. Tom Briley of Nat brought his little daughter to the Tucker-Smith hospital for treatment this afternoon.

Mrs. C. D. Power and little son, Winston, returned home yesterday from a visit to relatives and friends at Palestine, Grapeland, and Elkhart.

Miss Ada Petty will go to Mt. Pleasant the latter part of the week to resume her duties as one of the teachers in the school. Miss Petty taught in the Mt. Pleasant school last term, and her return to the service is the best evidence of her ability to give satisfaction.

Mr. Ed. Gaston, who has been quite sick at his home several days, was carried to the Tucker-Smith hospital yesterday afternoon, where the doctors and nurses can keep in closer touch with his condition. This good man and good citizen has a great host of friends over the county who will join in the hope that he may respond to treatment and soon be restored to health.

CATTLE ARE SELLING AT SLAUGHTER PRICES

I wish to call the attention of the farmers and livestock men to the fact that a great many purebred beef cattle are going on the Fort Worth market daily at slaughter prices (canners) on account of the serious shortage of livestock feed. Two years of sharp drought over Central and West Texas has almost ruined most of the cattle men in that section and they are forced to sell their cattle. These cattle are not fat, hence sell at a great sacrifice. The government is very anxious to have our farmers who can buy a few of these cattle. Many of our farmers can plant a winter grazing crop of rye, barley wheat or oats and make big money with some of the cattle.

A party of several farmers will leave Nacogdoches Wednesday, Sept. 4th, for Fort Worth for the purpose of purchasing some of these cattle which are selling at from 6c to 8c per lb. All the beef breeds are represented. Come and join the party. Just get your hand grip and come on.

JAS. D. GREER,
Demonstration Agent.

DAILY ARRIVING

New Materials for Making Practical Fall Dresses

New Fall Silks
New Fall Woolens
New Fall Gingham
New Fall Cotton Suitings

EARLY BUYING

It is a fact that present day conditions have greatly increased the difficulty to secure merchandise and on account of early buying and a thorough search of the markets, we have succeeded in securing for the coming season merchandise fully up to our high standard.

Many of our purchases, the majority of them, were made at a time when the prices were much lower than the quotations today, placing us in a position to give the maximum of value.

The output of many manufacturers being limited and in most cases more or less uncertain, there is every advantage in buying early, as re-orders are highly speculative.

When you see what you want these days it's time to buy it.

Visit the various departments of our store and see the many Fall and Winter goods as they are placed in stock.

Mayer & Schmidt, Inc.

THE NEW REGISTRANTS.

Following is the list of the young men coming of age who registered in accordance with the provisions of the selective draft Saturday:

- Richard H. Ansley, city; Ellis E. Stripling, city; Eugene Bright, city; Dave Batson, Garrison; Elzy Charlton, city; William T. Spurgeon, Decoy; Wilburn Honea Olds, Appleby; Luther C. Armstead, city; Angus Sanders, Douglas; Mert Johnson, Nat; Dave Mims, Melrose; Bob King, Douglas; Sonnie Reid, city.

UNION SERVICES CLOSED LAST SUNDAY NIGHT

With the services Sunday night, the union Sunday religious services for each Sunday night, which have been in operation in July and August by agreement, came to a close. Rev. M. C. Johnson preached the closing sermon and delivered a masterly address, in the course of which he reviewed the good that had come to the community in getting closer together in one common cause, the spiritual relation of the war to the material, and voiced the hope that the community would continue to draw closer together in all affairs of spiritual and community interest as we are doing as a nation in winning the war.

Beginning with next Sunday night, the usual services will be resumed at the various churches of the city, but they will do so with greater love for each other, and at every opportunity will doubtless come together in one purpose in any matter that affects the spiritual and material interests of the community.

Judge Box Thanks The People.

To the People:
Your choice of me as your next congressman, expressed in the first primary and emphasized in the second, fills me with gratitude and a determination to serve all of you and our great country with all of the ability I possess or can acquire.

Your grateful servant,
JOHN C. BOX.

ARRIVED IN FRANCE.

Mrs. Chas. McLain of this city received a card today announcing the safe arrival of her brother William Wieckersheimer, in France. Young Wieckersheimer was a member of the 141st infantry, entraining at Camp Bowie.

GIVING OUT.

The Struggle Discourages Many a Citizen of Nacogdoches. Around all day with an aching back.

Can't rest at night. Enough to make any one "give out."

Doan's Kidney Pills are helping thousands. They are for kidney backache. And other kidney ills.

Here is a Nacogdoches proof of their merit. Mrs. J. S. Murphey, E. Hospital St., says: "My back ached and there were pains across my hips. Doan's Kidney Pills had given such good results in the family, I used them. They gave me great benefit and I gladly recommend them."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Murphey had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

ABOUT THE TRIP TO CONFEDERATE RE-UNION

Capt. Jno. S. Doughtie requests The Sentinel to say that it is important that those wishing to attend the Confederate re-union at Tulsa Okla., file their names with him at once as he will have to write for certificates for those wishing to attend, to entitle them to the reduced rate of railroad fare.

This nation-wide wave of aridity is hard on the old-fashioned salesman who thought he had to get a prospective buyer drunk.

FARMS FOR SALE.

I have two good farms for sale worth the money, and for quick action. Robert Lindsey. 28-2dw
