Victrolas and Records

After several months of waiting we have succeeded in getting three cabinet type Victrolas out of an order of seventy-five placed in February.

The demand for Victors is positive proof of Victor supremacy.

The main selling point other machines have is an attachment for playing Victor records.

LESS THAN SIX MONTHS AFTER GREAT HUN OFFENSIVE ALLIES WIN ALONG FRONT

(By Associated Press)
LONDON, Sept. 10.—Less than six months after the launching of the great German offensive, which was to have cut the allied line in two, the Allied armies everywhere today are advancing victoriously over the same battlefield on which courage and steadfastness their defense broke the enemy's assault, says a Haig order today.

The Germans delivered counter attacks yesterday against positions won by the British to the west of Gouzeaucourt, fronting the Hindenburg line southwest of Cambrai. The attack was repulsed.

On the Flanders front the British progress northeast of Neuve Chappelle and north of Armentieres.

BIG MUTINY OF GERMAN TROOPS

(By Associated Press)
AMSTERDAM, Sept. 11.—The Twenty-fifth German regiment mutinied at Cologne recently. An eye-witness of the incident stated that the soldiers on being ordered to entrain for the western front refused to obey the order, and that another regiment was ordered to force the troops to obey, on which they opened fire on their comrades. A detachment of Home Defense Guards, composed of youths was then ordered to undertake the task. A fight followed, in which eleven members of the defense guard were killed and many others injured.

MUCH BOMBARDMENT DURING AUGUST

(By Associated Press)
PARIS, Sept. 11.—More than 628 tons of projectiles were dropped by French bombardment planes during the month of August. In the same month 200 enemy machines were downed or seen falling out of control, and 66 enemy balloons were set on fire, says an official report.

MANY PRISONERS TAKEN LAST 4 WEEKS

LONDON, Sept. 10.—The British within the past four weeks, have captured 75,000 prisoners, and 750 guns, says an official statement issued by the War Office today.

SUBMARINE SINKS BRITISH SHIP

(By Associated Press)
NEW YORK, Sept. 11.—The British passenger ship Missanabie, in service of the British admiralty as a troop transport, has been sunk by a German submarine in European waters, according to information from the passengers of another ship, arrived here. The Missanabie was returning to an American port.

POWERFUL RADIO AT ANNAPOLIS

WASHINGTON, Sept. 11.—A powerful radio station at Annapolis, Maryland, the largest in America, with a radius of four thousand miles has been completed. The first message were sent yesterday to London.

Secretary Daniels sent the first message to First Lord of the British Admiralty, the French Minister of Marines, and the Italian minister of Marines.

BRITISH ATTACK HUN SHELTERS

LONDON, Sept. 10.—British air forces between September 1st and 7, made four attacks on German submarine shelters and workshops on the docks at Bruges, Belgium, says an official statement today. Several hits were obtained. The Ostend docks, and a motor boat depot at Blankenberg, also, were attacked with good results.

BRITISH ADVANCE LINES SLIGHTLY

SHARP FIGHTING AT GOUZE-CAUCOURT—HUNS WERE BEATEN OFF.

(By Associated Press)
LONDON, Sept. 11.—During the night the British line was advanced slightly in the Verdun region, northwest of St. Quentin. The Germans delivered counter attacks in the Ecourt-St. Quentin region, which were repulsed in stiff fighting.

There was sharp fighting at Gouzeaucourt. The Germans were beaten off except at one point, where the British posts remained in the enemy's possession.

WITH THE BRITISH IN FRANCE, Sept. 11.—British troops today gained a footing in Peziere and Epehy on the railroad between Roisel and Marcoing.

AMERICAN TROOP SHIP TORPEDOED

(By Associated Press)
LONDON, Sept. 11.—A troop ship with 2,800 American soldiers on board has been torpedoed. All hands were saved, and the ship reached safety.

The ship was a member of a large convoy approaching the English coast. The vessel was torpedoed 200 miles from shore at three o'clock Friday afternoon. Engine trouble caused the ship to drop behind the convoys, and the trouble had been remedied and the ship was speeding to catch up with the remainder.

In order to save time, instead of launching boats, the men climbed down ropes to the destroyers, which swarmed alongside the stricken vessel. Soldiers stated that they saw the submarine lifted out of the water after a depth bomb exploded, where it submerged.

FRENCH CAPTURE IMPORTANT TOWN

(By Associated Press)
PARIS, Sept. 11.—Travecy, near the southern end of the main Hindenburg line, has been captured by the French. If the French can hold this town, the important enemy position at Lafere, a northerly defense of the St. Gobian massif, two miles south of Travecy, will be virtually outflanked.

PETROGRAD FLAMES REPORTS SAY

(By Associated Press)
WASHINGTON, Sept. 11.—Word reached Washington today from European sources that reports there said that Petrograd was in flames in many places and that indiscriminate slaughter of citizens, pillaging and riots were taking place in all parts of the city.

Mr. L. J. Chisum, a business man of Woden, was among the visitors from that part of the county to the city today, and made this office a pleasant call while here.

AUSTRIAN FAVORS WILSON PROGRAM

BASEL, Switzerland, Sept. 10.—President Wilson's program as a basis for the negotiation for peace was endorsed by Count Karolyi, president of the Hungarian Independent party, says the count in an open letter to his electors, in which he recommends an early peace.

A decisive military victory despite its success is a demand for which it is useless to pursue, he says. "We ought to accept as a basis for negotiations President Wilson's program."

HUNS FIERCELY ATTACK SAMMIES

(By Associated Press)
WITH THE AMERICANS ON THE AISNE, Sept. 11.—The Germans are attacking on the Montrouge plateau with desperate determinations. Losses to the enemy have been very heavy.

DARING FLYERS KILLED TODAY

FORT WORT, Sept. 10.—Lieutenants A. B. Stephenson and W. D. Keeling, the latter of Dallas, were killed this morning at Carruthers field, when their machine fell. They are known as the most daring flyers in the army. Stephenson's home is in

Mr. W. C. McEoe left this afternoon for Dallas, where he goes to visit his grandchild for a few weeks.

CONTINUED ADVANCE FRENCH IMPROVE THEIR POSITIONS

LONDON, Sept. 10.—The continued advance of the allies on the battle front in France is making a profound impression on Austria Hungary, says an official dispatch to the Evening Star. The recent departure of Austrian troops from Vienna caused riotous scenes in the Austrian capital.

Subscribe for the Daily Sentinel

PARIS, Sept. 10.—An improvement was effected in French positions north of Laffaux, at the opposite end of the Chemin Des Dames. There was also a betterment in their positions in the Glennes region, south of the Aisne where Franco-American forces are now operating.

Additional ground was gained in the Glennes region, south of the Aisne, where Servias station was taken.

BUY A WAGON NOW

Get the Size and Kind You Want and Save Money Too

Late last fall "money would not buy" a wagon because no wagons were for sale at any price. Wagons are now scarce and hard to get and we believe it will be harder to find a wagon for sale late this fall than it was last fall. Prices are certain to be higher.

Wagons that we bought last November to be shipped "quick as possible" have not yet been shipped. Factory just cannot get the material and labor with which to build them.

Buy a wagon now if you want a wagon this fall. We will be glad to show you our wagons and make you our lowest prices.

CASON, MONK & CO.

TO the man who saves the best business opportunity comes when he is prepared to take advantage of it.

IT TAKES MONEY always to take advantage of such opportunity.

ARE YOU PREPARED TO-DAY?

IF NOT, you cannot do a better thing than to start an account To-Day.

IF YOU are really ambitious to succeed, you will not neglect this first opportunity and invitation.

WALTON & GIBBS, Publishers
TELEPHONE 24

Let's put the fourth Liberty Loan over the top with a snap and enthusiasm that will do us credit. We can't afford to fail, hence let's resolve ourselves to the task in advance and get it over with.

Let's get the business college to going in good shape while we are waiting for the Normal. Nacogdoches is the logical place to become a city noted for its schools and educational institutions, good churches and good society, and if we develop as we should in this line, we must give our encouragement and support to every worthy institution of this kind.

With all the blessings we enjoy in this country, compared with many other sections, the people of Nacogdoches should be exceedingly thankful, and if we are thankful, we should embrace the opportunity to assemble at some good church tomorrow and thus show our appreciation in a substantial way. Millions of people have given their lives for the opportunities we enjoy. This being true, can we afford to be too lazy to appropriate them?

The Tyler Courier-Times announces the attainment of its majority, having reached its twenty first birthday with a recent issue. Throughout its long career the Courier-Times has been a champion of all the best things of the country, and it richly merits the high esteem in which it is held by its own people and the people of East Texas generally. Editor H. A. McDougal has been "the power behind the throne" in guiding the destinies of the contemporary down the stream of time its first quarter of a century of useful service, and The Sentinel joins in the hope that both he and his paper will be spared another quarter.

We farmers over here in East Texas, sometimes in an unthoughtful moment bemoan our fate, on account of imperfect seasons, or the ravages of cotton insects. But in truth we are the most favored people in Texas. Whenever there is distress on the coast caused by storms and floods, and droughts in West Texas we have always been able to help in a substantial way. And it is a source of profound thankfulness that during all the history of this section we have never been forced to ask aid from any other section. The cry of distress was never heard in East Texas.—Col. Milner in Rusk County News.

Mr. Dabney White of Tyler stated in a communication to The News, that "beginning now, we can furnish six months steady work to hundreds of men." The work, as Mr. White set forth in his communication is that of making cord wood out of trees in the forests of East Texas. The fuel administrator has recently issued an order requiring something like 100 counties to burn wood instead of coal next winter, and hence the need of choppers. It is a work which the drouth refugees ought to be exceptionally well fitted to do, and since East Texas needs its labor almost as much as it needs employment, something definite ought to be done toward bringing the two needs into contact. The News suggests that Mr. White give more explicit information, particularly as to where men must go to find the employment he speaks of. Such employment as he describes would be particularly serviceable, in that it would last until there would be need for the drouth refugees to return home, in the event the rains should meantime put their farms in a condition for cultivation.—Dallas News.

THE LUFKIN VISITORS FOUND BAD ROADS

The mayor and some other folks from the wide place in the road down the line called Lufkin, visited the city of Nacogdoches Wednesday, to take a look at our flowing artesian wells and superior water service, and making the trip through the section of their own county they encountered some very rough roads as we would understand from the following report appearing in Thursday's issue of the Lufkin Daily News.

Mayor K. Morgan, Aldermen Wood Newsom and Chas. L. Bonner and County Clerk R. C. Jordan motored to Nacogdoches yesterday to inspect the city wells in that village and learn the approximate cost of installing an air compressor to be used in the well soon to be drilled at Lufkin. Much valuable information was gained on the trip, the most important of which was the horrible condition of the road from the Angelina river to Lufkin.

The Mayor's Maxwell manfully maneuvered many muddy miles of this highway, but the river bottom was so downright rotten that it was impassable. The car stuck in the mud twice on the trip and it took some awfully hard pushing to get it out. In fact Alderman Newsom not only strained every muscle in his body, but ruined a perfectly good pair of trousers and a silk shirt. A brand new motor truck was abandoned on the road yesterday because there were no elephants handy to pull it out, and the driver was carried to Nacogdoches in the mayor's car.

The bridge across the river is not only unsafe, it is dangerous and the county is liable to have a heavy suit on its hands before many days as a result of the bridge falling in. There are hundreds of rotten planks in the bridge and at several points there are no planks at all. Heavily loaded wagons do not attempt to cross the bridge and large automobiles have to "slow drag" to escape falling through.

Bonds have been voted for building a good highway from Lufkin to the Angelina river, but it seems the county judge and would-be purchasers can not agree on their sale. If some action is not taken immediately, the county will be forced to spend several hundred dollars in repairing the bridge across the river, and may probably have to pay heavy damages for the death or injury of some person or persons as the result of a collapse of that structure. Somebody is responsible. Who is it?

A REVIEW OF THE TICK ERADICATION LAW

Nacogdoches, Sept. 2, 1918. In the case of J. P. Williams et al. vs. J. A. Wilkerson, et al, in a suit filed for injunction instituted in the district court of Angelina county, where in certain parties attempted to enjoin the dipping of cattle to prevent tick fever. The injunction was refused, on a hearing of the case.

The plaintiffs made two contentions for the injunction, first, that an election was held in Angelina county in February, 1918, to put in force the tick eradication law, and a second election was held in May, 1918, a majority in favor of the law; the contention being that the second election was void, because held so soon after the first election. The second contention being, that the inspectors who were employed to look after the dipping of cattle did not inspect the cattle to see whether or not they had ticks on them.

The law in regard to eradication of ticks provides that in certain zones the law will go into effect January 1, 1919, and in another zone (the one that Angelina county is in) the law will take effect January 1, 1920. This law also provides that the commissioners court of any county, either upon their own motion or upon a petition signed by seventy-five land owners, may order an election to determine whether or not the law shall be put in force before the time prescribed by the statute, it being left in the discretion of the commissioners court to order such election, and the commissioners court of Angelina county having ordered these two elections, I do not believe that the district court

could review or modify the order made by the commissioners court.

Second, the law provides, that all cattle in the tick infested territory shall be presumed to be infected with ticks and shall be dipped, hence I do not think that the inspector would have to ascertain whether or not such cattle had ticks on them, or not.

This tick eradication law provides that the Live Stock Sanitary Commission shall make rules and regulations as to how often cattle shall be dipped to eradicate the ticks, etc. The law also provides that it is a penalty for any person to refuse to dip his cattle in compliance with said rules so made by said commission, and that a sheriff or his deputy shall dip such cattle and charge so much per day for doing same, and that such fee shall be the first lien on such cattle.

The Live Stock Sanitary Commission has adopted rules requiring cattle to be dipped every fourteen days during certain seasons of the year.

The law is going to work great hardship on the people in East Texas, inasmuch as most stock men in this part of the state make a living by farming and other work and carry cattle on the range as a side line, and in many cases the law, or rule, will have to be modified or the people will have to dispose of their cattle, as it is practically impossible to gather up a lot of cattle running on the range and dip them every fourteen days, especially if a man has anything else to do. The West Texas people, keeping their cattle in a pasture, can easily gather them up and dip them the same day, but not so in this section of the state.

It is to be hoped that the Live Stock Sanitary Commission will look into this matter and modify the rules as to dipping cattle.

L. D. GUNN.
This law goes into effect in Nacogdoches county January 1, 1920.

SCHOOLS WILL TEACH APPLIED ECONOMY

(Special to The Sentinel)
DALLAS, Sept. 6.—With the opening of the Texas schools, many of which will begin their sessions within the next ten days, the teachers of the state will be requested by the government to assist in the plan for nationwide instruction in applied economy in the schools.

"Such splendid and effective work in the war savings campaign was done by the teachers last session that the government is asking them to continue their activity and assist in the broadened plan for economic instruction in the schools," Louis Lipsitz, State Director of the National War Savings Campaign, announced today.

Arrangement has been made for an explanation in part of the government's plan by the 251 county chairmen of War Savings at the teachers' institutes. The government is anxious for a complete list of the teachers and this will be obtained at the institute.

Some of the most widely known political economists and textbook writers have been engaged in preparing the proposed plan of instruction, which will be sent to the teachers in bulletin form for use in the schools.

CIVIL SERVICE EXAMINATION.

A civil service examination will be held at the Nacogdoches Post Office September 28, 1918, for clerical men, only.

The positions to be filled pay from \$1,000 to \$1,200 per year in the quartermasters corps at various places, and vacancies in the first-grade or clerical positions in the customs service; in the positions of clerk, storekeeper, gauger, deputy collector in the internal revenue service, and in other positions that require similar qualifications.

Full particulars and blanks can be obtained by calling on or addressing the Nacogdoches post office.

Miss Mabel Bright left today for Hemphill, where she will visit friends and relatives. From there she will go to Kirbyville where she will teach in the High school.

RUSK ACADEMY COMMERCIAL COURSES

As a workman takes the crude iron ore and puts it through many refining processes and brings forth steel so highly pure that the finest hair spring of a watch is made, so Mr. John Robert Gregg took all the crude systems of shorthand and put them through such refining processes that he brought forth the most perfect and the most lasting system called the "Gregg System of Shorthand."

The people of the United States have entrusted the fate of our nation to President Wilson's judgment and they should be just as willing to entrust the training of its boys and girls to his judgment. Mr. Swan, President Wilson's private stenographer is a Gregg man. When he went to France a few weeks ago President Wilson wrote Mr. Gregg to send him another man because he wanted no stenographer who did not write Gregg Shorthand.

The principal of the business department of Rusk Junior College spent the summer in Chicago taking post graduate work from Mr. Gregg himself and in teaching and using all commercial branches. She is prepared to give the highest grade of instruction in all these subjects.

One especially attractive feature of our commercial course is stenographers. After completing this course the student can go into a business office as an experienced stenographer instead of a beginner.

Young people this is the greatest opportunity of your lives. Young men who are physically disabled for fighting can do the government a service by preparing to do stenographic and bookkeeping work. Ladies whose husbands are in the trenches may now also qualify to do government work.

A government official visited the Gregg school in Chicago, and plead with any man, woman, boy or girl who would prepare himself to do a reasonable amount of stenographic work in a day to go back with him and receive \$125.00 per month salary, with all travelling expenses to Washington paid by the government. He assured them also that living expenses would not be greater than in any other large city in the United States.

The Business Department of Rusk Junior College is in reality a Christian Business College. The teachers in this department devote their entire time to the business school just as the teachers do in all business colleges. The business department offers every advantage greater than in any other business colleges.

NO TIME FOR IDLERS SAYS MAJOR TOWNES

AUSTIN, Sept. 7.—"This is no time for drones and consumers who fail to produce," said Major J. C. Townes, Jr., in charge of the selective service in Texas at a recent meeting of the state council of defense held here. He was explaining to the members of the council the terms of the "work or fight" order.

"I want to make this clear

to you," said Major Townes, "that no person will oppose the work or fight order without sympathetic support from the community in which he lives."

He urged the members of the council to help the local draft boards in enforcing the work or fight order, stating that the local boards have to enforce the order since it falls upon them to determine who the idlers or those non-essentially employed are. The state board will render all assistance possible, he said, adding that "there will be raids conducted in various cities of the state to round up idlers."

He said it was the duty of the local boards to ask idlers for their excuse for not working or joining the army. If the excuse is sickness and can be proved, or if the idle person has any other good cause he will not be molested, but if proper explanations are not forthcoming, he is in the army whether he is in class 1, 2, 3, or 4.

"Texas has furnished one-twentieth, or five per cent of all the men in the army at the present time," said Major Townes, and added that it is proposed that those not in the service shall do their part at home."

SKILLED FARM LABOR DEFERRED CLASSIFICATION

WASHINGTON, Sept. 9.—A plan has been agreed upon by the War Labor Policies Board, Provost Marshal General, Secretary of Agriculture, and Secretary of Labor to put into deferred classification such persons in the new draft as are necessary in agriculture, industry and other occupations. Three advisers are to be associated with each district draft board to pre-empt facts relative to the supply of necessary workers in these three occupational groups. The agriculture advisers will be nominated by the secretary of agriculture. They will gather accurate facts regarding the requirements of agriculture for the various classes of workers in their own districts. They should have facts also as to the requirements for such classes in other districts in order that workers not sufficiently necessary in one district to entitle them to deferred classification may have opportunity to go to other districts in which they are needed.

EMPLOYING MEXICAN LABORERS.

EL PASO, Sept. 7.—Labor agents for the railroads of the eastern states are here to employ the Mexican track laborers on eastern railways. Mexican laborers make an excellent track worker. He will move from place to place with his family, pots, pans and barrels at an hour's notice.

MARCH DECLINES TO DISCUSS MATTER

Washington, Sept. 7.—General March would not discuss reports that plans are being formulated for bringing to the United States German prisoners. He said that the matter would be discussed at a convention soon to meet at Berne, Switzerland.

Rev. T. F. Weaver arrived home this morning from Henderson where he has been the past two weeks conducting a protracted meeting. The minister reports quite a successful meeting, with a number of additions and the church strengthened to greater activity. Prof. Douhitt, a noted singing evangelist, who was associated with Mr. Weaver in the meeting, accompanied him home for a little visit.

AVIATORS PRACTICE IN TRAINING CAMPS

(By Associated Press)
DALLAS, Sept. 7.—The eye of the camera instead of rapid-firing guns is being used to record direct hits on "enemy" planes by aviation cadets in Texas training camps.

After the great thrill of the first solo flight, the no-e dive, the tail spin and the loop, blouses are discarded and a course of study in geometry, mathematics and physics entered into by the cadets that far surpasses that of many a scientific school.

Days of drill and study, hot mornings at the rifle range, and then comes the first big lesson in aerial gunnery. But the cadet goes into the air armed with nothing more deadly than the camera to put into practice the knowledge he has acquired.

An airplane soars nearby in the guise of an enemy ship and is snatched by the cadet, whose degree of accuracy is indicated by the nearness of the picture to the center of the lens, which is marked in circles.

The school of aerial gunnery at Love Field here is turning out flyers having the degree of accuracy that will give them great confidence once they reach the battlefields of France, officers declare. This accuracy comes only after the hardest study and practice.

For the actual ground practice a hill has been built back of the target range. Thousands of pounds of bullets already have been poured into it from students guns.

A tiny wooden reproduction of an enemy plane is the object of this practice. The target is an unindicated spot in a nearby white sheet before which the plane, flying at a given speed would be passing when the American plane's shots reached it. The student figures out the speed and the angle of ascension and distance of the enemy, adjusts his gun and aims at the plane. Then if he is accurate in his shooting and his calculations, the bullet should pierce the spot marked on the back side of the white sheet.

Students also are carefully drilled in the strategy of maneuvering into the one spot in the rear of the enemy plane whence he cannot shoot. From this position they can pour their own shots into the enemy.

PROMINENT CITIZEN OF CHIRENO DIES.

Saturday's Daily
Mr. I. N. Buckner, a prominent citizen of Chireno, died at his home in the neighbor town, last night.

The funeral service will be held Sunday morning at 11:00 o'clock.

Mr. Buckner was about seventy-eight years of age, and has lived in the county all his life. He was a good christian man and a useful citizen who was highly esteemed by those who know him, and a pall of gloom has been cast over the community of his residence with the realization that his career with them has been terminated.

A widow, three sons and one daughter survive the good man, and a great host of friends scattered all over East Texas will enter into profound sympathy with them in the great loss they have sustained.

Mr. Lynn Curl of this city is a grandson of Mr. Buckner, and in company with Mrs. Curl and other relatives and friends from this city will attend the funeral tomorrow.

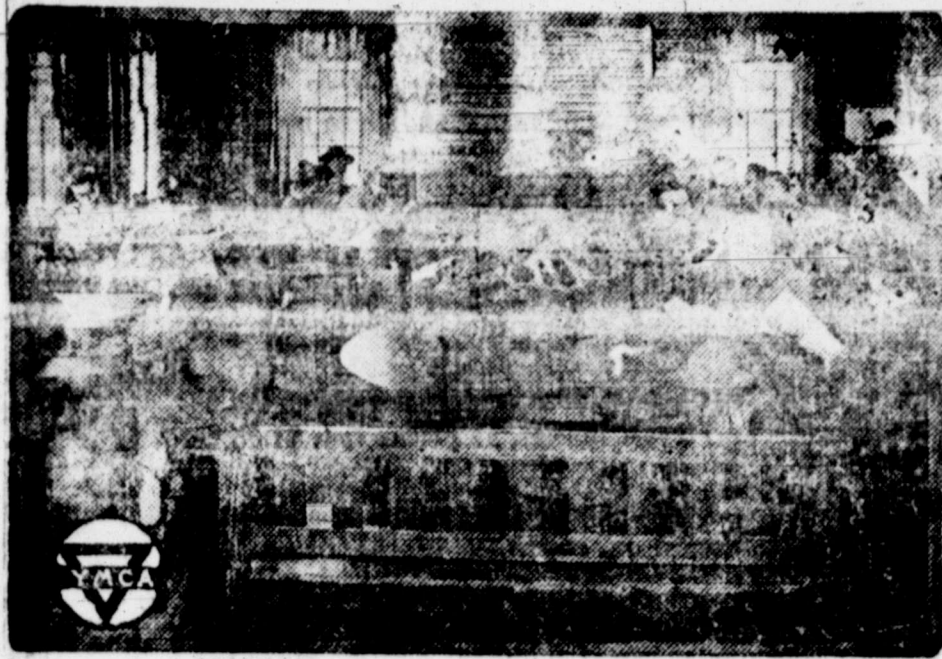

Mr. J. A. Spears went to Waco yesterday where he will arrange for his daughter to attend Baylor the next term.

After Measles Whooping Cough or Scarlet Fever

the extreme weakness often results in impaired hearing, weakened eyesight, bronchitis and other troubles, but if Scott's Emulsion is given promptly, it carries strength to the organs and creates rich blood to build up the depleted forces.

Children thrive on Scott's Emulsion. It is Pure Sea Biscuits.

KEEPING THE HOME FIRES BURNING

Here is a little bit of home which may be found in any Army Y. M. C. A. building in the Southern Department. The big open fireplace, the curtained windows, the cozy corner, and the little feminine touches which have been added by friends of the "Y," all contribute to the comfort and morale of the soldier away from home.

Here the soldier will find a happy substitute for the home fireside, with music if he prefers it—the home paper—good magazines—a game of checkers with his chum, and a lot of other things that help to make life interesting for the soldier. This is the social room which may be found in nearly every Army Y. M. C. A. building. This particular one is enjoyed by soldiers from the Southwestern states at a Texas camp.

The headquarters offices of the Southern Department, Army Y. M. C. A., are at San Antonio, Texas. William E. Adams is the executive secretary.

The South CAN Grow Wheat And WILL Grow Wheat

As A War Measure It Is Willing To Do More Than Its Part To Feed Our Soldiers And Allies—The South Holds The Banner For Increase In Wheat Acreage.

Charles A. Whittle, Editorial Manager, Soil Improvement Committee, Atlanta, Ga.

The South will grow more wheat this year than last because it is Patriotic and Willing.

It is willing to do its part, and more, to feed our ever-increasing army abroad—and to feed it well.

It is willing to do its part, and more, that our allies may not suffer from hunger.

It is willing to do its part, and more, to grow wheat besides meeting the great responsibility of growing cotton, of producing vegetable oils and meal from cotton, peanuts and velvet beans; of growing rice, sugar and other crops which the South alone can produce and for which no other section can render help.

The South carries the banner for the largest percentage of acre increase in wheat in the country for the past season. It can retain that banner. The great wheat belt of the West will have a big task to wrest it from it.

Some Facts About Growing Wheat in The South.

The universal success attending the growing of wheat in the South during the past season is evidence enough that it can be done again.

Wheat can be grown best on clay loams or sandy clay loams. The soil should be broken as early as possible and barrowed.

Varieties that have done well in a community are most likely the best to sow.

The seed should be treated for smut before planting. The formaldehyde treatment is preferable.

Seeding in October is better than November in the South. A good, vigorous growth is desired before winter sets in.

Where the Hessian Fly is found, wheat should not be sown until after the first frost.

Better yields are obtained when the seed is drilled into the ground than when sown broadcast.

Fertilizer can be applied in the drill. Generally speaking, a 10-3-2 fertilizer or similar brand will be found satisfactory and profitable at this time. Don't be stingy with it.

Nitrate of soda or sulphate of ammonia can usually be applied profitably as a top dressing in early spring.

Fall Reminders.

Remember that the time to select seed corn is in the field, from good healthy stalks, that have a maximum number of ears placed right on the stalk.

Selecting good seed for the cotton crop next year should likewise be attended to while the plant is still growing. Tag the desirable stalks and keep the pickings separate.

Kill the bean and pea weevils and save the grain by treating them with carbon bisulphide. Pour it 4 pounds on top of the grain and cover with old sacks for 48 hours. Enclose them in tight boxes or other containers. If they show up again, gas them again in the same way.

SENDING THE "CIVIES" HOME

Many a kid brother is sporting his soldier brother's Sunday silk shirts and best serge suits these days, and brother doesn't mind, because he is wearing the very latest style for men—khaki of the regulation military cut. The Army Y. M. C. A. helps the rookier soldier, with his civilian clothes problem. "Y" furnishes wrapping paper, and a "Y" man is on hand to help with the wrapping, furnishes the twine, and assists with the addressing of the bundles of "civies" (military parlance for civilian clothes). These bundles are sent back home to be packed in moth balls until after the war, or worn out by the kid brother.

Here is a parcel post shipment of clothes to go back home a few hours after a bunch of Louisiana boys had reported for service at Southern Department camp.

USE "FAIR PRICE LISTS" AS YARDSTICK IN THE MAKING OF YOUR DAILY PURCHASES OF FOOD

ADMINISTRATOR PEDEN IN MESSAGE TO HOUSEWIVES OF TEXAS ON SECOND YEAR OF FOOD ADMINISTRATION ASKS THEIR HELP IN KEEPING PRICES FROM SOARING "SKY-HIGH."

To the Housewives of Texas:

At the approach of the second year of my service as Federal Food Administrator for Texas I wish to thank you for your hearty cooperation in the cause of food conservation. The splendid results achieved justify the sacrifice you have made in conforming to the novel and frequently difficult demands which the war has placed upon the dinner table. I have no doubt that you will continue as civilian soldiers to comply faithfully with the requests of the Food Administration, by wasting no food whatever and by saving as much as possible of the essentials for our brave boys and allies across the Atlantic.

There is still another service—a service of great value—that you can render to our country at this time. It is highly important that prices be held down as low as legitimate business can bear. Profiteering is a familiar villain in every war. Selfish greed is always ready to take advantage of its opportunity. For this reason the United States Food Administration will punish dealers who charge for licensed commodities more than a reasonable advance over the cost of the particular article. I am happy to be able to say that the larger number of dealers have not offended against this rule. But some have offended and more will offend if the guilty are not detected and punished, until wild speculation and profiteering will upset business and increase the cost of living to an insufferable degree.

To meet this condition, the Food Administration has created Price Interpreting Committees, composed of representatives of the wholesale and retail trade and of consumers. These committees will fix and publish at intervals maximum and minimum prices at which commodities should be sold by retailers. The minimum price is to be paid by the customer who pays cash and carries the purchase home. The maximum price is to be paid by the customer who buys on credit or when the merchant makes delivery. Any dealers charging more than the maximum price is profiteering.

The profiteer will be punished, even to the extent of being prevented from handling licensed commodities during the period of the war. But the Food Administration can not regulate profits, by punishing profiteering unless informed of violations. Upon you must I largely depend for reports of such offenses. With your help I can and will keep profiteering down and even prevent it entirely. As a public official, entrusted with the serious work of leading Texans in carrying out the food program of war activities, I am now most earnestly asking you, collectively and individually, to voluntarily accept the position of honorary agents of the Food Administration with the following duties: Carefully read and familiarize yourselves with the published prices of the Price Interpreting Committees of your community; check your purchases by such lists, never pay exceeding the maximum price fixed by the committee, and report to the local Food Administration or to my office the facts concerning any excessive price charged or demanded by any retailer of you or of any person within your knowledge.

I realize that my request imposes an added and a disagreeable task upon the army of Texas women. But it is a task which you alone can perform and I am sure that you who have so cheerfully given your brothers and sons to the cause of victory or death will not withhold from that cause this further contribution of war service.

Respectfully,
E. A. PEDEN,
Federal Food Administrator for Texas.

PROFIT SET FOR SEED MERCHANTS AND GINNERS.

The margin to cover expenses and profits of seed merchants and giners has been fixed at \$3.00 per ton by the U. S. Food Administration. Recent advances in the cotton seed market make it necessary for the Food Administration to see that this rule is complied with. Seed dealers are instructed to pay back to farmers all excess over profits allowed in Circular 40. County Food Administrators are instructed to report to Administrator Peden any violation of Circular 40, or other cotton seed rules, or any refusal to refund according to the instructions.

SEED MEN ELECT TO BE CONTROLLED BY FOOD CHIEF

COMMITTEE REPORTS TENTATIVE RULES WHICH ARE BEING CONSIDERED BY ADMINISTRATOR PEDEN.

The absolute need of assuring farmers pure seed and seed that will reach a maximum germination and facing the fact that Texas has no State laws regulating (1) standard of cleanliness in seed, (2) standard of germination in seed, (3) distinction between grain and seed, a conference of seed growers, seed dealers and seed distributors was held in Houston on August 25, at which a resolution was adopted urging that the seed industry in this State be regulated by the Federal Food Administration for Texas until such time as regulatory legislation is created.

Administrator E. A. Peden, after throwing the conference open to discussion, particularly on whether it were best for the Food Administration to attempt regulation, suggested that a committee be named to draw up a set of rules and regulations. The committee was appointed consisted of Fred W. Davis, commissioner of agriculture, as chairman; Ed H. Schulte, Houston; Robert Nicholson, Dallas; Fritz Engelhardt, president of the Texas Farmers' Congress, Eagle Lake; Dr. H. H. Harrington, Kingsville; L. J. McKnight, A. and M. College, and Hon. John O. Willacy, San Antonio.

The committee met at 1 o'clock and after several hours of careful consideration reported back that a tentative set of rules and regulations had been recommended, and these recommendations were placed in the hands of Administrator Peden for consideration. Later, if the regulations are approved, Administrator Peden will issue the text to the industry affected and the public through the press.

POULTRY AND EGG RULES ARE CHANGED

A number of changes have recently been made by the Food Administration in the special rules and regulations on frozen poultry and cold-storage eggs.

According to one amendment, the original packer or shipper of frozen poultry can not sell to the wholesaler an advance over cost of more than 8 per cent. He may charge an additional 5 per cent if he sells to jobbers or suppliers of hotels and institutions. In case he sells to retailers he may charge an additional advance not exceeding 10 per cent. When he himself supplies hotels and institutions, he may take not to exceed 15 per cent in addition to the 6 per cent.

One sale of any lot of this kind of poultry may be made between dealers in the same class, to supply the reasonable requirements of the buyer's business. If an immediate report is made to the local Federal Food Administrator. Ordinarily, when such sales are made, an advance of not more than 5 per cent may be taken, but when the sale is made by the original packer or shipper, he may take not to exceed 6 per cent. If the sale is made by a commission merchant to a wholesaler, the commission can not exceed 5 per cent.

Changes have been made in the rules governing the sale of cold-storage eggs by the original packer or shipper to wholesalers in the same class may be made, if it is reported to the local Federal Food Administrator, and a 4 per cent advance over cost may be added. However, if such a sale is made by the original packer or shipper, his commission shall not exceed 4 per cent.

Another revision of the rules makes it plain that the original packer or shipper shall not sell cold-storage eggs to wholesalers at an advance of more than 6 per cent over cost. He may charge an additional advance of 4 per cent if he sells to jobbers or suppliers of hotels and institutions. In selling to retailers, he may charge 5 per cent in addition to the 6 per cent allowed when selling to wholesalers, providing the eggs are sold "at mark"—that is, in the original packages. The change here makes it clear that an additional charge not to exceed 4 per cent may be made when the original packer or shipper performs the wholesaling function of selling to jobbers and suppliers of hotels and institutions.

MAXIMUM BASE PRICES ON HAMS, BACON, SKINNED HAMS AND PURE REFINED LARD.

At a meeting of the packers on August 16, at the Food Administration Building, Washington, maximum prices were agreed upon as follows, price f.o.b. Chicago.

Standard Cure Light Hams.
14 lbs. and down 32¢
14 lbs. to 18 lbs. 32¢
18 lbs. and upward 31¢
Fancy Cured Hams.
Of the same weights, not more than 1c advance over standard hams of like weight. A differential not exceeding 2c per lb. for skinned hams over the price of regular hams of the same weight and grade may be added to standard ham prices.

Standard Wide Bacon.
10 lbs. and down 43¢
10 lbs. to 14 lbs. 41¢
14 lbs. and upward 40¢
Fancy Dry Cured Bacon.
Of the same average of any trim, not exceeding 5c per lb. advance.

Pure Refined Lard.
Tierce basis 27¢
When goods are sold from branch house, peddler cars, or agencies which perform the general services of branch houses, there may be added freight from Chicago, cost of packages, and a cost to sell not exceeding 75 cents per hundred. Orders taken through traveling salesmen to be shipped from packing houses shall not be considered to provide a type of service which shall justify any additional charges above base prices.

GROCERY MERCHANTS TO MEET EACH THURSDAY

Thursday of each week from ten to twelve a. m. has been designated as the hours for all merchants handling groceries to meet in their respective towns and discuss and familiarize themselves with the rules of the Federal Food Administration so that there can be a more uniform observance.

The County Food Administrator or a deputy is required to meet with the merchants each week and to keep a record of all who attend.

By order of District Food Administrator C. B. Collins.
R. B. WALTHALL,
Nacogdoches County Food Administrator.

Good For Biliousness.

"Two years ago I suffered from frequent attacks of stomach trouble and biliousness. Seeing Chamberlain's Tablets advertised I concluded to try them—I improved rapidly."—Miss Emma Verbryke, Lima, Ohio.

Mr. G. S. Fitzhugh, representing the Boren-Stewart Co. of Dallas, is in the city today arranging to make this city his headquarters, and will be joined by his wife in a few days to make home with us. He was transferred to this city from Amarilla. Mr. Fitzhugh is a great nephew of General H. Douglass, a prominent pioneer citizen of the town who settled here some 130 years ago, and at one time operated a large store where the Opera Barber Shop now stands. He also owned great sections of land over East Texas, and was very wealthy.

What do you think of a one-legged and one-armed darkey making from \$15 and \$20 per week chopping cord wood? Can't be done, you say? Well, go to Troup, Texas, and you'll have an ocular demonstration of the above-mentioned fact. No, he does not chop it by proxy, either, but is the real thing himself. —Tyler Courier-Times.

Herbain is the medicine that cures biliousness, malaria and constipation. The first dose makes you feel better, a few additional doses cures completely. Price 60c. Sold by Stripling, Hazelwood & Co.

Capt. and Mrs. R. B. Walthall have engaged rooms at the home of Mrs. Ella Swift and are moving to the city to make their home while Capt. Walthall remains here with his company infantry. The family has many friends in the city who are glad to capture their citizenship for the present, and will join in the hope that they may locate permanently with us after the war.

DISTRICT COURT

Monday's Daily
District court convened on schedule time this morning with his honor, Judge Guinn, presiding, and District Attorney O'Quinn present.

The first case to be tried was that of Andrew Lorenza, charged with hog theft. Lorenza plead guilty, and it was agreed by the counsel that a suspended sentence should be given, going to the jury about 11:00 o'clock with this recommendation.

FARMERS EXEMPT.

Telegram—Yes, farmers with home grown substitutes can buy flour without purchasing substitutes. Former instructions not changed.
E. A. PEDEN,
Federal Food Administrator.

Mr. G. W. Cavin went to Dallas yesterday.

NOTICE

S. A. T. C. BOYS

Young men of eighteen years who wish to attend school under the Student Army Training Corps will please take notice and be governed by the following:

Remember, all must register Thursday, Sept. 12; as directed by the President's proclamation.

There are two sections open to registrants. Requirements are educational. Section one requires 15 units, or qualifications necessary to enter college, which admits those successful to take the engineering, chemical, or medical course.

Section two, is for grammar school graduates. Students of section two will be inducted into school and service by local draft boards. All those of less than full high-school qualification must apply to the chairman of the draft board for further information.

Those of high-school grade, and who have had one or more years in college, will register Sept. 12 as prescribed by the president's proclamation, complete their plans for entering college in the usual way, going to the school of their own choosing. They will be inducted into service at the college.

The following colleges have been selected: Austin College, Sherman, Baylor University, Waco; Burleson College, Greenville; College of Marshall, Marshall; State Normal, Commerce; Howard-Payne, Brownwood; State Normal, Denton; Rice Institute, Houston; State Normal, Huntsville; Simmons College, Abilene; Southern Methodist, Dallas; State Normal, San Marcos; Southwestern University, Georgetown; A. & M. College, College Station; Texas Christian University, Ft. Worth; Trinity University, Waxahatchie; State Normal Canyon, and University of Texas, Austin.

All who are accepted will be under military regulations which entitles them to receive assistance prescribed by law.

For further information write the school you wish to enter or call on J. N. Cunningham.

For a Weak Stomach.

The great relief afforded by Chamberlain's Tablets in a multitude of cases has fully proven the great value of this preparation for a weak stomach and impaired digestion. In many cases this relief has become permanent and the sufferers have been completely restored to health.

Miss Josie Nelson has returned to Lake Charles, La., where she holds a good position, after a visit to her parents, Mr. and Mrs. Geo. A. Nelson, in the city.

Diarrhoea in Children.

For diarrhoea in children one year old or older you will find nothing better than Chamberlain's Colic and Diarrhoea Remedy, followed by a dose of castor oil. It should be kept at hand and given as soon as the first unnatural looseness of the bowels appear. It only costs a quarter.

Mrs. Ed. Rice and children returned to their home in Shreveport Sunday, after a visit to relatives and friends in the city and vicinity.

State of Ohio, City of Toledo, Lucas County, ss.
Frank J. Cheney, Notary Public, do hereby certify that I am a member of the firm of Cheney & Co., doing business in the City of Toledo, Ohio, and State of Ohio, and that said firm will pay the sum of ONE THOUSAND DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH MEDICINE. FRANK J. CHENEY.
Sworn to before me and subscribed in my presence, this 5th day of December, A. D. 1919.
A. W. GLEASON,
Notary Public.
Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surface of the system. Send for testimonials, free.
F. J. CHENEY & CO., Toledo, O.
Sold by all druggists. Be sure you get the right kind for constipation.

Some writer suggests that one reason why brave men succeed so easily is the prevalence of cowards.

"Our laws are being administered by social settlement workers rather than statesmen," says Senator Sherman. In other words popular approval of a law is the vital factor to sustain its enforcement.

We must keep the home fires burning. The soldier boys will come marching home one of these days, and they will not have much patience with our apologies.

The time for the launching of the fourth liberty loan drive is of near approach, and let's be ready for it. We must go over the top with characteristic patriotism—why not do it the first day and be done with it?

The Logansport Newsboy has installed a linotype machine, and news comes down the line that the editor is learning to operate it himself. The idea is most practical with the present labor shortage of the country.

The Tyler Courier-Times suggests the idea that all premiums awarded by the forthcoming fair to be held in that city be paid in War Savings Stamps after the manner employed by the Northeast Texas fair. This is an attractive and effective way to help lick the kaiser.

It may sound a little optimistic—but we live in the land of optimism. While the French and the British are holding the German oldiers on the big battle front it would not surprise us if the Americans journeyed on over to Berlin after the kaiser. The idea is sifting through many sources that some big move is in process of incubation.

Many soldier boys in writing to the folks back home conclude by saying that they wish they could tell all—and all are optimistic in the faith that America will soon participate in some big operations that will bring a speedy victory. And this and other deductions inspires us with the hope that America is en route to Berlin while the French and British hold the big battle line on the western front.

Nacogdoches business men are not using as much printers' ink this fall as they should. The country is full of money, and the people are going to take their trade to the places which offer them the best inducements. No town is better prepared to take care of the volume of business of the country than Nacogdoches, but some of our merchants are "hiding their lights under the bushel."

Not only are the crops and produce of various kinds bringing the highest price in the history of the world, which within itself makes the banks bulge with money, and bring prosperity to the country, but about fifteen thousand dollars per month are being received by relatives in the county from the soldier boys who are in the service. We should put our liberty loan over the first day, pay all our other debts, and work early and late to make the biggest crop next year the country has ever known.

THIS MAN SAYS HIS WIFE WEIGHED ONLY SEVENTH-SIX POUNDS

After Suffering Twenty-five Years She Takes Tanlac and Gains Twenty-nine Pounds—Not Like Same Person.

"My wife has gained twenty-nine pounds and now we just set back and talk about the happy days Tanlac has brought us," writes L. A. Beaty of Selmer, Tennessee in a letter, dated July 18th, to the Tanlac offices.

"I just want to say that I have no doubt that Tanlac has saved my wife's life," his letter continues, "and now the future looks bright as silver dollars to us. Twenty-five years ago she was given up to die and I have been told every year since that time, that she couldn't live. I have tried everything—traveled all over the country with her—and spent great sums of money, but nothing did her any good. She had run down to where she weighed only seventy-six pounds.

"I saw Tanlac advertised, bought it for her and she soon commenced to pick up, and now she weighs one hundred and five pounds—has actually gained twenty-nine pounds. I wish you could have seen her before she took Tanlac and then see her now, you wouldn't take her for the same person. Before, she couldn't do anything, but now he does all the housework, and tends to her flowers and a yard full of chicken besides.

"I can prove what I say is true by my county officials and lots of other good people. You may know it makes me feel good to see my wife well and enjoying life after suffering for years and I honestly believe that Tanlac is the best medicine on earth. I'm just a walking, talking booster for Tanlac because of what it has done for us and I have been the cause of many others taking it. Later on I may tell you how I happened to pass an old friend's house and recommend it to him. He had given up, but he's O. K. today. This can be proven too. Well, I could write columns and then not tell half. But let me say again I believe Tanlac is the grandest medicine on earth, and I will answer anybody's letter and tell them just what I have written about."

Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co., and Swift Bros. & Smith.

Lest we forget: Nacogdoches' water supply would be a great asset in bringing to us new industrial enterprises if the matter were properly brought to their attention. We have the best artesian water in the world for home consumption, and we have a great lake of living freestone water, near the railroad yards, which could be utilized for the other enterprises.

While at Marlin a short time ago, the News editor sent Brother Gibbs of Nacogdoches an invitation to visit that place, take a course of baths, get the malaria out of his system and his liver to acting properly once more. The invitation was not accepted, and we give up hope of ever getting our erring brother right any more.—Lufkin News.

"Discretion is the better part of valor," Brother Watford. Marlin is too small to hold two bilious East Texas "long horn" editors at the same time. And then, too, people of Nacogdoches do not have to go so far away to find sufficient supply of water in which to take a bath.

Mrs. L. G. Council returned at noon today from a pleasant visit of several days to relatives at Nacogdoches.—Lufkin News.

COMMISSIONERS' COURT

The commissioners' court has finished up its labors for the term, and adjourned.

During the progress of the court the usual routine business was disposed of and the following new orders of business entered:

It is hereby ordered and adjudged that the county judge be and is hereby instructed to purchase from Zeno Cox, Jr., the lot known as the Eaves lot, on the south-east corner of the court house block, for Nacogdoches county, and pay \$750 cash, and sign note for \$1750, with eight per cent, payable January 1, 1920, provided that the said Cox can furnish a good and sufficient title, same to be passed on by C. A. Hodges, and the clerk ordered to draw warrants.

Three of the employees of the county were given a raise of salary in the following order, which are well merited with the present high cost of living:

It is hereby ordered by the court that the following named parties employed by this county be raised as follows:

Frank Maples, from \$75.00 to \$85.00.

Joe D. Brown, from \$60.00 to \$75.00.

W. A. Tucker, from \$45.00 to \$50.00.

Mr. Maples is road superintendent, Mr. Brown is court house janitor and Mr. Tucker is convite guard with the road crew.

The following order was made in the use of the State Highway funds:

Be it ordered by the court that the clerk be instructed to draw warrants on the State Highway Fund for the amount now in the treasury, or that may be in the treasury by December 1, 1918, for the purpose of maintaining the different roads designated by the State Highway Commission in this county, in payment of all accounts presented to said court for payment.

FIFTH SUNDAY MEETING.

Program of the Fifth Sunday Meeting of the Nacogdoches County Baptist Association to be held with North Church beginning Friday night, Sept. 27th:

8:15 p. m.—Sermon by Rev. Tom Kyser.

Saturday, 9:30 a. m.—Devotional Service, led by Lester Power.

10:00 a. m.—State Missions and the World Crisis, by Rev. H. B. Woods.

11:00 a. m.—Missionary Sermon, by Rev. C. A. Westbrook. Dinner on Ground.

1:00 p. m.—Meeting of the Executive Board.

2:00 p. m.—Rusk College, by C. A. Ray and J. M. Cook.

3:00 p. m.—Enlistment of the Need of a Triangle Church Membership, by M. F. Drury.

4:00 p. m.—Our Orphanage and Old Ministers' Relief, by J. C. Hand and R. C. Fain.

8:15 p. m.—Sermon by Rev. W. A. Spivey.

Sunday 10:00 a. m.—Sunday School Rally, led by Dr. Middlebrook and R. C. Monk.

11:00 a. m.—Sermon by Rev. E. M. Gentry.

2:00 p. m.—Woman's Work, led by Mrs. Robert Lindsey.

3:00 p. m.—Our B. Y. P. U. Work, led by Miss Irene Clevenger, followed with a demonstration rendered by the Lily Grove and North Church B. Y. P. U.'s.

A. T. GARRARD, For Committee.

UNEXPENDED BALANCES REVERT TO TREASURY

AUSTIN, Sept. 10.—Unexpended balances of appropriations by the legislature amounting to \$17,108.52, for the main-

They Are Here

ON ACCOUNT OF HOLIDAY, OUR STORE WILL BE CLOSED MONDAY, SEPTEMBER, 16

tenance of the comptroller's office for the fiscal year ending August 31, past, have been allowed to revert to the state treasury, comptroller H. B. Terrell has announced. This was made possible, Mr. Terrell explains, by a plan of getting along in his office with less employees than the legislature allows.
When the next legislature convenes Mr. Terrell will ask that some of the desks in his department be abolished, or consolidated with others, thus saving the state more money.

IN MEMORY OF JOHN SMITH.

A shadow of darkness was cast upon Fairview community on last Saturday afternoon, August 31, 1918, when the news was received that John Smith was dead. John was a friend everybody. He was full of life, ever ready to do his part. He had a smile and a cheerful word for all.

Therefore be it: Resolved that, as a Sunday School of Fairview, we extend our deepest love and sympathy to his dear parents, brother, sister and loved ones, and pray God's abundant grace and love be with them in this hour of bereavement.

Second, while we deplore the loss of this little member of our Sunday School, we rejoice that death is swallowed up in victory "for if we believe that Jesus died and rose again, even so them which sleep in Jesus will God bring with him" and "as we have borne the image of the earthly, we shall also bear the image of the heavenly."

Third, that a copy of these resolutions be spread upon the Sunday School records and one copy to each county paper for publication.

FORMER CABINET MEMBERS WERE EXECUTED IN RUSSIA

(By Associated Press) LONDON, Sept. 11.—The list of 37 persons recently executed in Moscow, include the names of several former cabinet ministers who served during the reign of the late Emperor Nicholas, among them being M. Vostergoef, a notorious chief of the Black Hundred.

FIFTH SUNDAY MEETING.

The Fifth Sunday meeting of the Congregational Methodist church will meet with Pine-Flat C. M. E. Church Friday night, Sept. 27th, 1918, with the following program:

Friday night—"One Thing Needful," by A. G. Smith.

Saturday, 10:00 a. m.—"Does God Answer Prayer; If so, How Do We Know It?" by W. V. Perry and Jesse Wooten.

Saturday, 11:00 a. m.—"Nature of Christ's Death" by W. H. Hartgraves.

2:30 p. m.—"Do Christian's Sin?" by J. H. Campbell.

5:00 p. m.—"Woman's Work in the church"—by Miss Boulah Polbrook.

6:00 p. m.—Condition of God's Plan of Salvation"—W. H. Hartgraves.

7:00—Sunday's program.

Sunday, 10:00 a. m.—"Love Feast," by S. P. Smith.

11:00 a. m.—"Sign's of the Times and Fulfillment" by W. F. Carnes.

3:00 p. m.—"What Constitutes

Public Repentance," by W. H. Clifton.

J. H. BLACKSHER, W. H. CLIFTON, Committee.

U. C. V. NOTICE.

Nacogdoches, Tex., Sept. 11. Attention, Confederate Veterans:

You will assemble at the county court room next Saturday, the 14th instant at one o'clock p. m., to get certificates for transportation to the reunion, which convenes at Tulsa, Oklahoma, the 25-27 instant, and for the transaction of any other business brought before the camp.

JOHN S. DOUGHTIE, Adjutant Camp Raguet No. 620.

The many friends of Dr. Lockey will be pleased to learn that he is gradually recovering from the attack of typhoid he has been suffering the past several weeks, and now hopes to soon regain his health. Fortunately for the doctor, the attack he suffered has not been of a violent nature, and he has been able to keep up, but he is considerably emaciated.

SYRUP JUGS
For Home Use
Save your cans to ship your syrup in and use jugs for home use and city trade. Tin cans are higher than a cat's back while stone jugs are still cheap. Also jugs may be used year after year with the only additional expense of corks.
1-gallon jugs, per hundred \$12.50
Smaller quantities, each 15c
Every jug will be sold before the real season opens up. Make a small payment now and reserve what you will need.
LEE & LEE, Inc.
C. U. WATIKNS, Mgr.

WHY DO ALL DOCTORS PRESCRIBE CALOMEL?

New Calomel—Head.

Of all the medicines in the world, doctors prescribe calomel most often and depend upon it most universally. There must be a good and sufficient reason—what is it?

If you will study the doctors' book you will find that the medical authorities prescribe calomel for almost every disease. The reason is that calomel is the greatest and only thorough system purifier. It makes the liver active, drives out the poisons from the stomach, bowels and kidneys and thereby purifies the blood. Calomel puts the entire system in the most favorable condition for Nature to exercise her recuperative power. Your doctor will tell you that drugs merely assist Nature. That is why he prescribes calomel so often.

The new kind of calomel called "Calotabs," is refined and from all of the nauseating and dangerous qualities of the old style calomel and is rapidly taking its place, for it is more effective than the old style calomel as a liver-cleanser and system-purifier. One Calotab at bedtime, with a swallow of water—that's all. No nausea, nor the slightest unpleasantness. Next morning you awake feeling fine—with a hearty appetite for breakfast. Eat what you please—fruits acids or anything. No restrictions of habit or diet.

Calotabs are sold only in original, sealed packages, price thirty-five cents. Recommended and guaranteed by druggists everywhere. Your money back if you are not delighted. (Adv.)

DEPENDENTS "MISSING IN ACTION" SOLDIERS WILL RECEIVE REMITTANCES

WASHINGTON, Sept. 10.—Dependents of soldiers reported "missing in action" will continue to receive government remittances for allotments and allowances, but until men are officially reported dead, no payments of voluntary insurance or government compensation will be made, it was announced today.

WOMEN TORTURED!

Suffer Terribly with corns because of high heels, but why care now.

Women wear high heels which buckle up their toes and they suffer terribly from corns. Women then proceed to trim these pests, seeking relief, but they hardly realize the terrible danger from infections says a Cincinnati authority.

Corns can easily be lifted out with the fingers if you will get from any drug store a quarter of an ounce of a drug called freezezone. This is sufficient to remove every hard or soft corn or callus from one's feet. You simply apply a few drops directly upon the tender, aching corn or callus. The soreness is relieved at once and soon the entire corn or callus, root and all, lifts out without one particle of pain.

This freezezone is a sticky substance, which dries in a moment. It just shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Tell your wife about this.

LOST—One gray mare about eight years old, -5 hands high; one brown horse mule, one ear cropped; one dark brown pony mare. Pay for trouble. S. E. Wallace, Mt. Enterprise, Texas. 1

Subscribe for the Daily Sentinel. Price 50c per month, or \$5.00 per year.

THE RUSK JUNIOR COLLEGE APPROVED

It Is Now a Member of the Student's Army Training Corps Students to Receive Pay

The Rusk Junior College, has been approved as a Student Army Training Corps, and young men who enter it for military training will receive the regulation salary of \$30.00 per month.

The Rusk school is an ideal place for young men from this section who wish to take advantage of the military training now being offered by the colleges of the country. It is managed by capable, progressive teachers, is located in our own section, and The Sentinel commends it.

MEDICAL SERVICE CORPS.

The Central Governing Board of the Volunteer Medical Service Corps of the Council of National Defense announces that the Texas State Executive committee of the Volunteer Medical Service Corps is comprised of the following doctors:

Bacon Saunders, M. D., chairman, Fort Worth.

W. L. Brown, M. D., secretary, El Paso.

R. W. Knox, M. D., Houston. J. E. Gilcrest, M. D., Gainesville.

Frank Paschal, M. D., San Antonio.

J. F. Bankley, M. D., Seymour. W. P. White, M. D., Henderson.

D. J. Jenkins, M. D., Daingerfield.

S. P. Rice, M. D., Marlin. J. M. Inge, M. D., Denton.

T. J. Crowe, M. D., Dallas.

The purpose of this committee is to cooperate with the central governing board in prosecuting all activities pertaining to the mobilization and enrollment of members of the Volunteer Medical Service Corps throughout the state.

The Central Governing Board of the Volunteer Medical Service Corps also authorizes the appointment of one county representative in each county in every state of the Union. The county representative for Nacogdoches county is Dr. Frank Ford.

On account of my continued illness, I am asking those who are in debt to me to call at Swift Bros. & Smith's Drug Store, and leave the amount with them. They have my ledger. This is imperative; please act at once! Dr. R. P. Lockyer. 2-12d2w

MARRIED YESTERDAY.

Mr. E. F. Brewer of Detroit, Mich., who has been visiting in the city a day or two, and Miss Essie Holland of Manning, Texas, were married at the home of Mr. Winder yesterday afternoon, Rev. M. C. Johnson officiating.

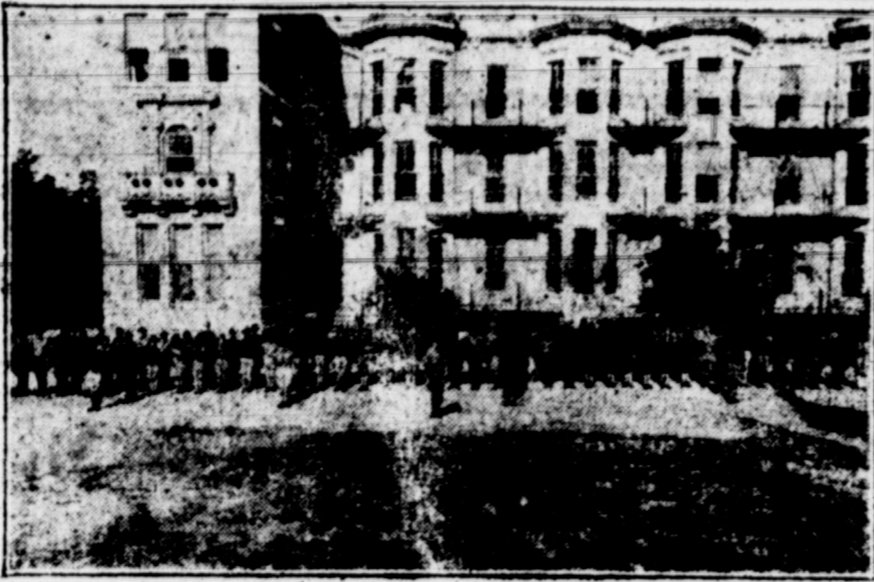

The happy couple will leave this afternoon for Port Arthur where they will make a little visit to the sister of the bridegroom, after which they will go on to Detroit, where they will make their future home.

Mr. Brewer is a son of the late W. F. Brewer of the Nat community, and was reared in the county. He left this county three years ago, but still calls the county home, and registered for military service while here.

The Sentinel joins friends of the happy couple in congratulations and good wishes.

Mrs. M. L. Dolan and grand son, Paxton Dow, have returned from Georgia, where they spent the summer. Miss Louise Dow, who went with them, will remain to attend school.

BRACKENRIDGE HALL.

AUSTIN, Sept. 10.—The war activities of the University of Texas have progressed until they are now far greater than those of any other educational institution in the United States. This statement is borne out by the official records of the universities and colleges in the matter of training men for the army.

President R. E. Vinson of the University since the declaration of war has devoted his time and energy constantly toward building up a military establishment here. Many of his ideas along these military educational lines have been adopted by the War Department and are now in practice by educational institutions over the country. It is stated by Dr. Vinson that notwithstanding the big scope of its military schools all departments of the University will be open and conducted as usual at the coming regular session. There may be a modification or re-adjustment of some of the courses to meet existing war conditions. The constructive ideas of Dr. Vinson which paved the way to the establishment of the different military schools at the University met with the hearty support of the Board of Regents of that institution. He devised the plan by which an expenditure of nearly \$1,500,000 will have been made for buildings and equipment for these military schools, reimbursement for this expenditure to be obtained from the Federal Government by the feeding, housing and instruction of the students by the University.

The latest addition to the military vocation schools of the University will be situated just south of Austin upon a tract of 310 acres of land, where there is now being erected an administration building, six barracks buildings and a mess hall. All of these will be of brick construction of permanent type. They will be occupied by the Radio School which the University is now conducting. Besides these buildings four hangars for air planes will be erected. The cost of the improvements will be approximately \$450,000, it is stated. This will be borne by the University which will be

reimbursed later by the government for the outlay. The Radio School of the University was established several months ago and has been conducted in the Engineering Building of that institution. When the new plant is finished the attendance will be increased from 400 to 4,000 and the course of training will be enlarged. In addition to this war work the University recently completed the construction of a number of brick barracks buildings, administration building, mess hall, shops and lecture buildings at Camp Mabry, Austin, for the accommodation of the school of automobile mechanics which it is conducting for the government. These buildings were erected at a cost of about \$500,000, and plans have just been adopted for the enlargement of the school by additional buildings and equipment which will cost about \$130,000. The attendance at the school of automobile mechanics is now about 3,000 and it will be increased to about 6,000 when the new buildings are finished. The University is also conducting a school of military aeronautics, with an attendance of about 1200, for the government. It expended \$167,000 in buildings and equipment for that school. Advice just received from Washington are to the effect that the school of military aeronautics here is to be greatly enlarged. This may necessitate the erection of additional buildings by the University. A plant to cost \$50,000 is to be built at that school.

COLORED RALLY WAS A BIG SUCCESS

The rally at the St. Matthew M. E. Church (colored) was a success both spiritually and financially. Rev. Amos and his people stood by us; also the good people of the First Baptist church. Rev. Whitaker preached a glorious sermon. Deacon Blakey of Sunset Gallilee church also stood by us with his good people. Deacon Bakey knows how to work things. Rev. T. Hunter preached. Rev. W. W. Randle, pastor of the M. E. church at San Augustine was with us and rendered a great service. We had a nice large attendance throughout the meeting. Rev. Randle preached Sunday night from "How Good it is for Brethren to Dwell in Unity."

Contributions were secured by the ministers as follows: Rev. Whitaker, \$4.10; Rev. Amos, \$5.50; Rev. Tom Hunter, \$4.20; Rev. Randle, \$9.50. We secured a total of \$31.00. REV. E. D. DREW, P. C.

MUST DENOUNCE PAN-GERMAN SAYS HUN PROFESSOR

(By Associated Press) STOCKHOLM, Sept. 11.—As the first step toward peace Germany must renounce pan-German ideas is the opinion of Professor Hans Delbrueck of the University of Berlin. "The world demands, and has a right to demand, that German people give guaranty that the pan-German spirit, the spirit of superiority of might, of heathendom, is not the German spirit," he said.

A NEW STORE IS OPENING THIS WEEK

Mr. E. Schwartzberg of Carthage is opening up a general mercantile establishment in the building formerly occupied by the Crown Theatre, hoping to have his doors open and his business in operation by Friday or Saturday of this week.

Mr. Schwartzberg was engaged in business at San Augustine for some time, moving to Carthage some three years ago where he and his brother have since been engaged in business. He says that his firm bought heavily for this fall's trade and that he is going to push his business here for all it is worth, hoping to build up a good permanent business that will justify him in locating permanently with us.

The Carthage store will be continued in charge of the brother of the gentleman who is coming here.

A GREAT OPPORTUNITY FOR LADIES AND YOUNG MEN

The demand for telegraph operators was never so great as at the present time. The largest telegraph school in America—equipped with over a hundred sets of instruments, miniature train service, a train wire of a main line railroad, all telegraph and freight blanks and books of records, tickets, and in fact everything just as complete as found in the best equipped railroad offices, the best practical teachers to be obtained, thoroughly experienced in commercial and railway telegraphy, station and freight work—the Tyler Commercial College, of Tyler, Texas, is unable to supply the demands of the railroads, Western Union and Postal telegraph companies for operators. Read the following letters just received from two leading railroads: Tyler Commercial College, Gentlemen: Further reference to our conversation of recent date concerning the shortage of competent telegraphers on account of so many entering the government signal corps service. As it is likely that more will join the colors through the selective draft, and we cannot hope to fill vacancies with any degree of certainty with men over 18 years of age, the St. Louis Southwestern Railway Line will, as vacancies occur, use competent lady and young men telegraphers, and it would seem an opportune time for young men and young ladies to take up the study of telegraphy and station accounts. The wages and opportunity for advancement are very good and with the well equipped school you have, I am very much in hopes that you will be able to greatly increase your already large telegraphy class in a short time.

Yours truly, W. J. Williams, Supt. Telegraph, Tyler Commercial College, Gentlemen: If you will send us the high class students you have been sending, we can use all that you can send. Could use a large number at the present time if you have them. In this connection will say what students you have sent us, have been very satisfactory and have developed in some of the best telegraphers and agents that we have. Trust that you will be able to send us more of your students at once and keep them coming as fast as they are capable. I had the pleasure on August 2, to visit your great school and made a personal investigation of the methods used by you in preparing student telegraphers, and I find they meet with all requirements of my road, and I wish further to say you have the largest and most complete and

thorough business college that I have ever seen. R. F. Frenzer, Supt. Telegraph, Union Pacific Railroad. Our telegraph students are on all the leading Southwestern roads, and in Western Union and Postal Telegraph offices. Our graduates of our other departments are also holding high positions in the commercial world. With our help you can be a bigger success. Write for free catalogue. Tyler Commercial College, Tyler, Texas.

Instant Postum

has a peculiar importance these days, not alone on account of its wholesome purity as a table beverage, but because of its labor-saving convenience.

No Boiling Necessary

Made instantly by placing a level teaspoonful in a cup of hot water, stirring, and adding cream or milk. Little or no sugar is needed.

'There's a Reason'

CARD OF THANKS.

We take this method of returning our thanks to our neighbors and friends for the assistance and the words of consolation given us in the sickness and death of Mr. J. A. Herrington, our loved one who was called to his reward a few days ago.

Should trouble visit any of you, may you find the same tender friends, is the prayer of His Wife and Children.

MANY NEW PUPILS WILL ENTER WALDEN'S COLLEGE

Next Monday, You should be one of them. The position will be READY, upon completion of your course.

WALDEN SAVES HALF.

Gives you a better course and places you in a desirable position. Nothing better elsewhere—at any price! Pupils can enter any time; the sooner the better.

NIGHT SCHOOL TO OPEN Call, Write or Telephone WALDEN'S Nacogdoches Business College.

LANDS FOR SALE

Unimproved. 800 acres gray sandy loam with red clay sub-soil, well watered with everlasting springs, nine miles from Nacogdoches, has about million feet of merchantable timber, public road runs through it, price \$1000 per acre. 100 acres gray sandy loam with red clay sub-soil, about 50 acres cleared land, some improvements, well watered between Martinsville and Attoyac, price \$1000.00.

107 6-10 acres gray sandy sub-soil unimproved, about four miles east of Maytown, well watered, price \$650.00.

150 acres gray sandy loam, red clay sub-soil, some improvements, about four miles east of Maytown, well watered, price \$1250.00.

50 acres improved gray sandy loam with red clay sub-soil, about four miles from Nacogdoches, everlasting water, plenty of timber for wood and fencing, price \$600.00.

157 acres gray sandy loam and hammock land, everlasting water, twelve miles from Nacogdoches, about 8 miles from Garrison, some improvements, price \$1500.00.

Well improved place with 5 acres of red land at Appleby, two wells, barns, seven-room house all under fence, price \$1250.00.

A number of other tracts of land besides those specified above are on the market for immediate action. See us at once.

HARRIS & HARRIS Nacogdoches Texas.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health. . . I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

All Druggists

GRAVEYARD WORKING.

There will be a graveyard working at the Christian graveyard six miles from Nacogdoches, at Decoy, Wednesday, September 15th.

Everybody come with tools and dinner and do your duty.

Up and About Again.

"I was sick in bed with kidney trouble," writes C. F. Reynolds, Elmira, N. Y. "I commenced taking Foley Kidney Pills and in a few days was out of bed. Keeping up the treatment, I was able to go to work. Since then I have had no more backaches." Foley Kidney Pills stop sleep-disturbing bladder ailments. Stripling, Haselwood & Co. dwl

Prof. R. N. Burrows, who is connected with the Agricultural College of Mississippi, arrived in the community a few days ago for a little visit to the homefolks. Prof. Burrows says that he has a nice work, and is well pleased with his new location. His many friends here are pleased with the opportunity to see him again.

If you feel bad; if you are "blue," tired and discouraged, without apparent reason, you need Prickly Ash Bitters, the system purifier. It restores action in the torpid liver, cleanses the stomach, helps digestion, drives out gas and fermented matter in the bowels and brings back that fine feeling of strength, vim and cheerfulness which belongs only to perfect health. Price 1.25 per bottle. Stripling, Haselwood & Co., special agents.

MULES.

I will be at Martinsville August 31st, with my from 3 to 5 year old home-raised mules. Come to buy. I don't trade horses.

At Woden Sept. 7th, Etolle Sept. 14, Chreno, Sept. 21. 13-w4p. MON PRICE.

BUSINESS COLLEGE BOOSTED LAST NIGHT

Saturday, Daily

The proposition to finance Walden's Business College with sufficient funds to purchase a home for boarding students and equipment was given a big boost at the Band concert last night, and with this substantial lead, there is now hope that the matter can be brought to a successful termination within the next day or two.

Hon. Eugene H. Blount, chairman of the committee, made a logical and eloquent address, in the course of which he explained what had been done and what was offered, and was followed by Mr. Robert Lindsey in another most logical address. Both speakers stressed the importance and value to the town of a first class business college, and with these addresses much enthusiasm was aroused in the proposition.

Subscriptions to scholarships were called for, and a number of new ones were disposed of, bringing the total number required nearer the desired end and giving assurance that the remainder can be disposed of, within the next few days.

As soon as the hundred scholarships are sold, a contract will be drawn between those subscribing and the superintendent, and the superintendent will get busy in equipping the home and the college with all accessories needed in the promotion and operation of a first-class business college.

As was brought out in the discussion last night, no institution for the amount invested would be worth more to the city. Properly equipped and conducted, a business college will bring boarding students to us from all parts of the country; these students will spend their money with us for the various things they will need, and every line of business will receive benefit. Realizing this, some of our more prominent business men have doubled their subscription to scholarships, and citizen should do his bit.

With the plan that has been worked out there is no chance to lose in the investment as the scholarship can be used or sold for the face value. It is protected with the property, and every advantage is given to the town by the superintendent who has sufficient faith in himself and his proposition to devote his time and talents to working it out.

Cut This Out—It is Worth Money.

Don't miss this. Cut out this slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Money and Tar Compound, for coughs, colds and croup. Foley Kidney Pills and Foley Cathartic Tablets. dwl

Our farmer friend, Mr. S. P. Smith, brought a sweet potato which weighs eight pounds to the office this morning, and the editor and family are now better prepared to combat the high cost of living for a day or two.

Tried Many, Found the Best.

Foley Cathartic Tablets keep the bowels regular, sweeten the stomach and tone up the liver. J. G. Gaston, Newark, Ind., says he used a great many kinds of cathartics, but Foley Cathartic Tablets gave him more satisfaction than any other. He says they are the best cathartic tablets made. Stripling, Haselwood & Co.

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

MRS. BOOZER DRAWS TEN YEARS AT CENTER

Mrs. Sallie Boozer was given a sentence of ten years in her trial at Center last week, but the court granted a new trial.

The new trial will not likely be held until next term of court.

It will be remembered that this case was transferred to Center from this county on change of venue.

When Children Start to School.

School opens at a time of year when the change of seasons is likely to cause coughs, colds, croup, hay fever and asthma. Prompt action at the first sign of infection may keep children in prime good health and help them to avoid losing time. Foley's Honey and Tar is an ideal remedy. Stripling, Haselwood & Co. dwl

Jesse C. Parmley, a worthy son of Nacogdoches county who recently received his commission as lieutenant, has gone to Camp Lee, Va., where he will be engaged as a divisional bayonet instructor. The many friends of the young man in the county are proud of the record he is making and have an abiding faith in his future success in the service.

When you have an aching, stretchy feeling and you are dull, tired and discouraged it is a sign of approaching malaria or chills. You should act quickly to ward off an attack. Herbine offers you the help you need. It destroys the malarial germ, drives out all impurities and makes you feel bright, vigorous and cheerful. Price 60c. Sold by Stripling, Haselwood & Co. eod

Mr. Adlai T. Mast, who is now with the aviation training service where he is making fine progress, arrived yesterday to spend a little furlough with the homefolks, and is being kept pretty busy receiving the greetings of his many friends.

Swellings of the flesh caused by inflammation: cold fractures of the bone, toothache, neuralgia or rheumatism, can be relieved by applying Ballard's Snow Liment. It should be well rubbed in over the part affected. It's great healing and penetrating power eases pain, reduces swelling and restores natural conditions. Price 25c, 50c and \$1.00 per bottle. Sold by Stripling, Haselwood & Co. eod

Most of the boys from the 11th increment, were received by the 42nd Company last week. Their address will be 42nd Co., 11th Bn., 165th D. B., Camp Travis Bulletin.

Surgeons agree that in cases of cuts, burns, bruises, wounds, the first treatment is the most important. When an efficient antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, Borozone is the ideal antiseptic and healing agent. Buy it now and be ready for an emergency. Price 75c, 50c, \$1.00 and \$1.50. Sold by Stripling, Haselwood & Co. eod

THE BUSINESS COLLEGE OPENS WITH GOOD CLASS

Monday, Daily

Notwithstanding the interruption to the country with war, and the further interruption caused in planning for bigger things, Walden's Business College opened up with a large class this morning, and stars off with the prospects for a most flourishing term.

Prof. Walden is in receipt of letters from others announcing that they will come in during the week; others are coming next Monday and still others will come in the first of October, not being able to come sooner. This all gives hope that this will be the largest class by far that has been had during the career of the school at this place.

The school will continue at the old stand for the present, and possibly throughout this entire term. With the present class the building is ample, but with continued growth larger quarters will have to be secured ere long.

The Sentinel hopes to see the day when it will take a great building and many teachers to accommodate the classes—and the happy condition is a possibility of the future.

Prepare for Changeable Weather

H. B. Miller, R. F. D. 10, Wooster, O., writes: "By the changing of beds and the weather, I took a very bad cold and sore throat. Four doses of Foley's Honey and Tar put me right in a day's time. It pays to get the genuine Foley's and avoid substitutes and counterfeits. Contains no opiates. Stripling, Haselwood & Co. dwl

Roy Nelson, who has been holding a position with Mayer & Schmidt for some time, has gone to Sulphur, La., to accept a most attractive position that was offered to him. Roy is a very capable, energetic young business man, and will "make his mark" in the business world.

A Woman's Hearty Recommendation.

Worry and overwork cause kidney trouble and women suffer equally with men. Miss Sara Westen, Belvidere, Ill., writes: "I could not stop and when I had to crawl up by a chair. I was so lame I suffered agony. Now I feel like a new person, stronger and better in every way. I heartily recommend Foley Kidney Pills."

Mr. R. L. Davis, familiarly known as "Uncle Bob," who has been serving as constable in the naughty village of Lufkin the past twenty-four years, was a visitor to the city yesterday.

Chamberlain's Cough Remedy.

This is not only one of the best and most efficient medicines for coughs, colds, croup and whooping cough, but is also pleasant to take, which is important when a medicine must be given to young children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good qualities have become known. Many mothers have given it their unqualified endorsement. Wm. Scruby, Chillicothe, Mo., writes, "I have raised three children, have always used Chamberlain's Cough Remedy and found it to be the best for coughs, colds and croup. It is pleasant to take. Both adults and children like it. My wife and I have always felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium or other narcotic. dw

The habit of "putting it off" has caused the loss of many lives. A dose of Prickly Ash Bitters at the first sign of indigestion, constipation and kidney trouble wards off sickness and saves money. Price \$1.25 per bottle. Stripling, Haselwood & Co., Special Agents.

666 cures Bilious Fever.

Just received a car Red Star Brand REAL head oats, rye and barley. Sow early, while there is a good season in the ground. Goldsberry Bros. 5-3w.

STRAYED—2 year old yearling, red muley. Left my place at Shady Grove in March. Please notify Willie Arthur. 2wp

Please don't ask us to charge groceries. We are not doing any credit business. Goldsberry Bros. 3td-2w

Wanted to Rent—A good farm of 60 to 75 acres, with good improvements and pasture. J. M. Langley, Nacogdoches, Rt. 1. 29-3wp.

Mr. Bob Anderson who formerly lived in the Decoy neighborhood, but who now resides at Carthage, was in the city yesterday transacting some business and mingling with friends. Mr. Anderson had the misfortune to lose his right hand while working at the oil mill at Carthage, recently.

Heartburn after a hearty meal means weakness in the digestive organs. Prickly Ash Bitters gives them strength, tones up the stomach and purifies the bowels. Price \$1.25 per bottle. Stripling, Haselwood & Co., special agents.

CITATION BY PUBLICATION.

To the sheriff or any constable of Nacogdoches county, Greeting:

R. S. Speer, administrator of the estate of Jacob & Mary C. Henry, deceased, having filed in our county court his final account of the estate of said Jacob and Mary C. Henry, deceased numbered 1705 on the Probate Docket of Nacogdoches county, together with an application to be discharged from said administration.

You are hereby commanded, that by publication of this writ for twenty days in a newspaper printed in the county of Nacogdoches, you give due notice to all persons interested in the account for final settlement of said estate to appear and contest the same if they see proper to do, on or before the 26th day of November, 1918, of said county court, commencing and to be holden at the court house of said county, in the city of Nacogdoches on the 18th day of November, A. D. 1918, when said account and application will be acted upon by said court.

Given under my hand and seal of said court at my office in the city of Nacogdoches this 2nd day of September, A. D. 1918.

W. T. ORTON, Clerk, county court Nacogdoches county. By I. D. PARMLEY, Deputy.

COW HIDES WANTED.

We are paying 15c per pound for green hides. Prices subject to change without notice. Green hides should be salted heavily as soon as possible, and shipped by express. For one tag with your name and address inside of the sack and one on the outside.

We also handle horse hides and wool.

A GOLEENTERNEK & CO.

FARMS FOR SALE. I have two good farms for sale worth the money, and for quick action. Robert Lindsey. 28-2dw

For Sale or Trade for dry cattle, four cows with young calves. I have a farm three miles from Nacogdoches for sale. Well improved with running water the year around. Also 250 acres seven miles south of Cushing, with running water the year around. See E. Fite. 5-2d2w

To Sell—For cash or credit, one medium-size mule, one two-horse wagon, one one-horse wagon, and one one-horse trap buggy, all second-hand. W. H. Wood. 6-3td1dp.

If your child is pale and sickly, picks at the nose, starts in the sleep and grinds the teeth while sleeping, it is a sure sign of worms. A remedy for these parasites will be found in White's Cream Vermifuge. It not only clears out the worms, but it restores health and cheerfulness. Price 30c a bottle. Sold by Stripling, Haselwood & Co. eod.

Mrs. Lee Robinett of this city has just received word of her brother Jesse McClain's safe arrival in France. He left Nacogdoches for the training camp March 30th, only staying in camp a short while.

WOMEN OF MIDDLE AGE

Need Help to Pass the Crisis Safely—Proof that Lydia E. Pinkham's Vegetable Compound Can be Relied Upon.

Urbana, Ill.—"During Change of Life, in addition to its annoying symptoms, I had an attack of grippe which lasted all winter and left me in a weakened condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain in strength and the annoying symptoms disappeared and your Vegetable Compound made me a well, strong woman so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."

—Mrs. FRANK HENSON, 1316 S. Orchard St., Urbana, Ill.

AMERICAN SHIP SUNK BY SUB

WASHINGTON, Sept. 6.—The American steamer Lake Owens has been sunk by a German submarine, says information to the navy department. Five members of the civilian crew are reported lost.

COMMITTEE STRANGLES ALL WILDCAT STOCK

Washington, Sept. 7.—The Capital Issues Committee has announced plans for strangling hundreds of millions of dollars worth of speculative securities which the government considers unnecessary in war time and a hindrance to the sale of liberty bonds. The action was caused by reports that promoters are taking liberty bonds in exchange for worthless securities.

GERMANY AND FINLAND CONCLUDE A TREATY

Paris, Sept. 7.—A Copenhagen dispatch says that an alliance treaty has been concluded between Germany and Finland, placing the entire man-power of Finland at Germany's disposal.

MARRIED LAST NIGHT

Mr. Robert Wisener, son of R. M. Wisener, residing some five miles west of town, and Miss Elsie Lee, daughter of Mr. Jim Lee, of the Swift community, were married at the home of the bride last night, Judge Huston of this city officiating. Judge Huston says that a large attendance of relatives and friends were present and that it was a very pretty wedding. The happy couple belong to two of the good families of the county, and have many friends with whom The Sentinel joins in congratulations and good wishes.

Mr. John C. Lewis, a former citizen of this county who is now making his home at Talpa, Texas, writes The Sentinel an interesting letter about conditions in his section, among other things reporting a total crop failure in his section which, he says, makes his mind wander back to the days when he was a romping boy over the red hills good old Nacogdoches county, wading the running branches of clear water. He says that the stock are being shipped out of that section, and that it will take some time to re-stock the country after the rains come again. Mr. Lewis was elected justice of the peace of his precinct in the recent primary.

Mr. Clarence Roberts, editor of the Hemphill Reporter, in company with his brother-in-law, was a brief visitor to the city last night.

HUNS LOST OVER A MILLION SINCE MARCH

(By Associated Press) WITH THE FRENCH ARMIES, Sept. 6.—Calculations based on the most accurate information available show that the Germans have lost 1,100,000 men since March 21. Half million of these were killed or permanently disabled or taken prisoners. The remainder will recuperate within four to six months.

RED CROSS NEWS

We are requested to make known a very urgent need, and one which we would greatly appreciate being supplied as soon as possible. The Colored Red Cross people, who are doing splendid work, have been obliged to give up their place of meeting, and have no available room in which to work. The Red Cross Society would be very glad to have the loan of a room, either in or very near town, where the colored members can carry on the work in which they are so interested. The city chairman wishes to say, in connection with this matter that the colored people have more than fulfilled our expectations of their ability, and are doing a most excellent work. Any help given them will only further the cause, and lend encouragement to a most deserving band of patriots.

Another matter which should begin to receive consideration is the problem of heating the gauze and garment rooms this coming winter. It is obviously impossible, for many reasons, to heat with coal, but the Red Cross would like to hear from any friends who have idle wood heaters to lend. Please phone Mrs. Ben Wilson, if you are interested in either of these two matters.

Mrs. Parnell announces the following work accomplished in knitting:

Our quota is 200 sweaters, 200 pairs of socks and 100 helmets. Out of this amount we have completed sweaters, 190 pairs socks, and 46 helmets. Aside from these, there are 112 sweaters, 79 pairs socks, and 24 helmets now being knitted.

We are more than "over the top" on sweaters and socks and would have been "over the top" on helmets, but for the wool giving out. Anyone who has sweater wool and has not begun the sweater, please knit helmets. We need about 50 more. Competent instructors are at the garment room each afternoon from 2 to 5.

We have one knitter who knit a pair of socks in one day and averaged four pairs a week. Several have made one sock a day. One young lady and three older women averaged one sweater a week, and several others averaged two a month.

The colored Red Cross reports as follows for last week:

Members present, 13; pieces finished, 21; pieces delivered, 110. Some of the members are learning to knit, and are doing very nicely. The colored people say that they would be very glad to have some of the white ladies visit them at any time, to enlighten them more as to knitting. They also wish to thank Mr. John P. Davidson for the use of the house he has loaned them for the last three months, and will appreciate any efforts on the part of their white fellow members to find another place of meeting.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try it! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that glistens with beauty and is radiant with life, has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out and you get a small bottle of Danderine from any drug store.

A Surprise Box of Beauty No matter what kind of powder you've used, Soul Kiss Face Powder will beautify the complexion beyond your fondest dreams. Meyer Bros. Drug Co., Saint Louis

SOUL KISS Face Powder

REPLACE MEN IN WAR DEPARTMENT

(By Associated Press) WASHINGTON, Sept. 6.—Secretary Baker has ordered the chief of each bureau in the war department to replace by December 31st, all men within the draft ages who would be classified in class one now assigned on duty in Washington or War Department branches elsewhere, with men physically disqualified for general military service.

GEN. MARCH MAKES OPTIMISTIC REPORT

(By Associated Press) Washington, Sept. 7.—The situation on the Western Front is more satisfactory today than for months, General March told the senate committee. Good progress is being made and the outlook is very bright. At no point along present battle front are allies over ten miles from the Hindenburg line, while the upper part of the line has been pierced by the British troops. He also said that between ninety and one hundred thousand Americans are now with the British forces.

General March characterized the present German move as a general retreat on a hundred-mile front from Arras to near Rheims. He pointed out that the German lines now sixty miles from the French capital at nearest point compared with forty miles July 15th, making a retreat of twenty miles. General March also said that the organization of the First American Field army was progressing so rapidly that ninety-five per cent of the American troops, brigaded with French and British troops, had been withdrawn and assembled at an unsigned point.

MORE SOLDIER BOYS TO TRAINING CAMP

Thirty-five more of Nacogdoches county's fine young men left at noon today for Camp Travis where they will enter the training camp and prepare for service in Uncle Sam's army. The boys are making the trip in charge of Luther A. Nelson, one of the number, and the personnel is as follows:

Alfred T. Rusche, Tommie E. Boucher, Patrick Adams, J. H. Haney, John L. Tullar, Jim Sanchez, Thomas Link Thrash, Luther Lee, Bernice B. Faulkner, Lummie Baker, Marshall W. Rawlinson, ohn W. Phillips, J. Eldridge King, Kline Bates, Jewell Dupree, Walter B. Whitaker, Monnie Studdard, J. T. Emerson, Vertice King, Barney Gibbs Myers, Richard Stone, Frank Edwards, T. G. Chestnut, Joe Johnson, Wilbur C. Self, Richard H. Nelson, Birdwell Miley, Arthur O. Pate, William J. Smith, Phines Oliver, Luther A. Nelson, J. E. Petty, Donald King, Willie B. Whiteman, Herman Murray.

JAPANESE CAVALRY TAKES A TOWN

(By Associated Press) Tokio, Sept. 7.—Japanese cavalry has occupied Krasnoyarski on Ussuri front of Siberia, sixty miles northeast of Lake Khabarka.

AMERICANS HAVE PLENTY OF PLANES

(By Associated Press) WASHINGTON, Sept. 6.—A confidential message from General Pershing, and other reports from France indicate that the American army is now supplied with a sufficient number of air-planes of all kinds to protect the men in battle. General March told the House Military Committee today.

CHANGE IN PERSONNEL

Miss Zeve, County Chairman of the Woman's Committee, War Savings, wishes to announce the following changes in the personnel of War Savings Societies in the county.

Mrs. Tom Summers, president of the Baptist Aid W. S. S., due the departure of Mrs. Marcus Smith for Dallas.

Mrs. Hollis Mast, president of the Methodist Aid W. S. S., due Strong for Austin.

Miss Clyde White, secretary of the Shady Grove W. S. S., in the place of Miss Jennie Weaver, who will teach in Huntington this year.

Miss Ada Strubling, president of the Fairview W. S. S., in the place of Miss Genia Parks, who is incapacitated for active duty on account of illness.

The County Committee regrets the necessity of giving up the above faithful and competent officers, but are to be congratulated on being able to replace them so splendidly and feels sure the work for the remainder of the year will go ahead without interruption. The Christian Aid W. S. S. secretary will now be Mrs. Luther Swift.

A SOLDIER BOY DIED LAST NIGHT

From Wednesday's Daily. Bertrial Ford, a member of Troop 1, Texas Cavalry, recently organized in this city by Capt. W. E. Thomason and his helpers, died at the hospital last night after suffering some ten days with a complication of typhoid fever.

Mr. Ford was twenty-one years and nine days of age at the time of his death. He enlisted with Capt. Thomason's troop April 29, 1918, and was accepted for service May 13, 1918. Capt. Thomason says of this young man that he was one of the most enthusiastic members of his troop, and had many times expressed a fear that he wouldn't be accepted or something would prevent him from rendering actual service. Capt. Thomason also gives testimony that he was a most worthy young man, had been obedient to all commands of his superiors, and courteous to his comrades, and that the officers and members of the troop unite in profound sorrow in the loss they have sustained.

The young man was born in Ollie, La., but has been making his home in this county for some time, and was well known to many people.

The whole community honors the young man for his manifest loyalty to country, and all join the members of the troop in a feeling of profound sorrow in the loss the troop and the country have sustained in the death of one of her worthy sons.

Oscar Matthews, the genial manager of the Nacogdoches Grocery Co., was an arrival in the city today on a little business trip.—Lufkin News.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without gripping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

Dr. M. W. P'Pool Diseases and Surgery of the Eye, Ear, Nose and Throat, Refraction and Glasses.

Special attention given to relief of headaches, and obscure nervous symptoms due to eye strain, by careful refraction and fitting of glasses. Residence phone 381. Office phone 590. Blount Building. Nacogdoches, Texas.

NOTICE IN PROBATE.

The State of Texas. To the Sheriff or any Constable of Nacogdoches County, Greeting: You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Nacogdoches county a copy of the following notice:

The State of Texas To all persons interested in the estate of P. J. Gee, deceased, know ye, that Mrs. Ellen O. Gee has filed and application in the county court of Nacogdoches county, on the 29th day of June, 1918, for probate of the last will and testament of Phillip J. Gee, deceased, and also for her appointment as guardian of the estate of her minor children, Olan Gee, Phillip R. Gee, and Elbert E. Gee, which said application will be heard by said Court on the 18th day of November 1918, at the court house of said county, in Nacogdoches, at which time all persons interested in said estate are required to appear and answer said application, should they desire to do so.

Herein fail not, but have you before said court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Nacogdoches, this 28th day of August, 1918,

W. T. ORTON, Clerk, County Court Nacogdoches county, Texas. 3w By I. D. PARMLEY, Deputy.

"GOULD"

will be his answer. We have pleased the most exacting and will please you if given your commission. The same attention given a modest head-stone and larger work. Gould Granite and Marble Co. Jacksonville, Texas.

New York Grand Opera Here

People once went to New York for the opera season.

We have brought the greatest artists the world affords right here to Nacogdoches and you can enjoy these artists in your home. Just you and your family.

THE NEW EDISON

The Phonograph With a Soul

will produce this Grand Opera for you at a very small cost.

This marvelous instrument brings the highest class music right into your home. These artists can give you no more than the New Edison can give, only to the eye. You cannot distinguish the tone of the New Edison from the artist voice.

Music is a real necessity in time of war. Not only to the man in camp, on the ships, at the front, come times of loneliness and discouragement. Those who must remain at home to go about the daily task, heartsick at the spirit of brute force which has well nigh overcome civilization, and at the overthrowing of ideals in which they trusted, have their share of the world's burden. And to them must we bring constantly the refreshment of soul and the inspiration which comes from contact with highest forms of music.

We have all sizes of these new Edisons in stock and would be glad to demonstrate them, either in our music room or at your home.

We will sell them for cash or on terms to suit you.

Stripling Haselwood & Co

Mr. Lawrence Boatman, one of The Sentinel's long-standing friends from Muhl, was a pleasant caller at the office Tuesday. Like many other citizens of the county, Mr. Boatman has a son in the war, and he is now naturally very much interested in the progress of the conflict.

Mr. J. J. Frederick was down from Garrison yesterday looking after some business interests, and while here informed The Sentinel that he was arranging his affairs to move to Winters, in Rannels county, where he will take charge of a farm and ranch.

POSITIVE PROOF.

Should Convince the Greatest Skeptic in Nacogdoches.

Because it's the evidence of a Nacogdoches citizen.

Testimony easily investigated.

The strongest endorsement of merit.

The best proof. Read it: Dr. J. A. Drewry, dentist, S. Fredonia St., Nacogdoches, says: "I have suffered from kidney weakness and inflammation of the bladder. I have used Doan's Kidney Pills and have gotten great relief. My former endorsement of Doan's Kidney Pills holds good, and I am glad to back it up."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Dr. Drewry had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Ralph Menefee, a well known citizen of Chireno, was a visitor to the city today. When asked about oil development in this section, Mr. Menefee said that he could not give much information; that every well seemed to strike oil, but as yet no profitable well had been developed. One or two of the best wells have been destroyed with an uncontrollable flow of artesian water.

The drug store of Swift Bros. & Smith is drawing about it a force of helpers that will not be disturbed with any military draft, and which will help meet the labor shortage. For some time this firm has kept a young lady in charge of its books, and another at the cigar stand, and now the cold drink department has been put in charge of young ladies, Misses Mattie and Eula Gaston being the new employees, and they are filling the position with good grace and ability.

Ready For Service Clothes

If you think you can't be fitted in Ready-for-Service Clothes, we invite you to try Schloss Special Sizes. A real surprise awaits you.

Because you're a little taller than the average, or shorter, or stouter, or what not, is no bar whatever when you get into a SCHLOSS model. Their experts have provided for you, and the nice thing about it is these models, instead of accenuating your little peculiarity, will tend to make you look about like the average well-dressed man on the street.

We can give you an all-wool worsted Suit for only \$25.00.

Other good serviceable Suits from \$12.50 and upwards.

We realize you want the best your money will buy, and therefore invite you to examine Schloss Clothes at your first opportunity, feeling you won't be disappointed.

The Brightest Hats of the Fall Season

Ready for you in a large number and full variety, including a notable showing of the famous HAWES.

Perhaps you have never honored us with your custom before. But this is certainly the time at least to learn the facts of style and quality in Hawes Hats. Last year's prices, \$3.50 and \$4.00.

DISTRIC COURT.

The jury in the case of Andrew Lorenza, who was charged with hog theft and on trial when The Sentinel gathered its report Monday, brought in a verdict of guilty, giving him two years in the penitentiary with suspended sentence.

Following the Lorenza case of the civil suit of E. W. Spradley vs. the Shreveport Fertilizer Works was called and tried, resulting in a verdict in favor of the plaintiff in a judgment of \$741.13.

In the case of Mrs. Lena Cooper, which was on trial yesterday,

an agreed verdict was reached in which the defendant plead guilty to assault and was fined \$100.

The case of W. Y. Cooper, companion to former, case was called next and has been on trial today.
