## BUY A WAGON NOW

Get the Size and Kind You Want and Save Money Too

Late last fall "money would not buy" a wagon because no wagons were for sale at any price. Wagons are now scarce and hard to get and we believe it will be harder to find a wagon for sale late this fall than it was last fall. Prices are certain to be higher.

Wagons that we bought last November to be shipped "quick as possible" have not yet been shipped. Factory just cannot get the material and labor with which to build them.

Buy a wagon now if you want a wagon this fall. We will be glad to show you our wagons and make you our lowest prices.

## ENEMY IS PREPARING TO FURTHER RETIRE BEFORE AMERICANS

HUNS ARE BURNING TOWNS ALONG THE MOSELLE RIVER.

(By Associated Press) LONDON, Sept. 18.—The burning of towns along the Moselle river is considered as good evidence that the enemy is preparing a further retirement in the Lorraine sector.

It is said that elaborate systems of defense have been constructed to receive the Germans who will defend Metz.

Heavy German Attack in Moeuvres Last Night Pushes Back British Slightly.

(By Associated Press) PARIS, Sept. 18.—The British attacked this morning north west of St. Quentin, and the village of Holnon, three miles northwest of St. Quentin has been captured.

A German attack at Moeuvres last evening under heavy artillery protection resulted in the British being pushed back to the western outskirts of the village.

## MORE HOUSTON RIOTERS HUNG

SAN ANTONIO, Sept. 17.—Five more negroes were hanged at Fort Sam Houston this morning. They were sentenced to death for participating in the Houston riots.

No civilians witnessed the executions, which were carried out with great secrecy.

## INFANTRY INSPECTION NEXT MONDAY P. M.

Capt. Walthall informs The Sentinel that he has received notice that his infantry company will be inspected at Lufkin next Monday afternoon.

In this connection Capt. Walthall requests the paper to announce that all members of the company are summoned to appear at Lufkin Saturday afternoon of this week, at 2:00 o'clock at which time intensive drill practice will be inaugurated and continued over the next day until the hour for the inspection. On account of the boys being so widely scattered the company has not attempted much drill practice, but it is hoped that with the two days of continuous practice, they will be able to get by.

Mrs. Joe R. Day of Appleby, who underwent a very serious operation at the Tucker-Smith Hospital a few days ago, is reported to be doing nicely, and hopes to soon be able to return home.

## ADVANCE FOUR MILES IN MACEDONIA

(By Associated Press) PARIS, Sept. 18.—On the Macedonia front allied forces have advanced nearly four miles on a front of fifteen miles, capturing four thousand prisoners.

In their advance on this front the allies have taken 30 guns, numerous mine throwers, and machine guns in addition to other material.

## BELGIUM REFUSES SEPARATE PEACE

(By Associated Press) PARIS, Sept. 18.—The Belgium government, after a consultation with the allies, has decided to refuse, without elaborations, the reported offer of separate peace, made by Germany, says the Petit Parisien.

## CONFUSION OF ORDERS CAUSES BIG TRAIN WRECK

(By Associated Press) ST. LOUIS, Sept. 18.—The confusion of orders and the failure of a freight train to receive orders, is said to be the cause of the wrecking of a troop train near Springfield Tuesday night, in which twelve soldiers were killed and many others injured.

P. S. Stoneman, of Colorado, Texas was among the injured. Esquire Frederick has been among the Appleby visitors to district court today.

## HUNS ORDERED HOLD AT ALL COSTS

(By Associated Press) WITH THE BRITISH IN FRANCE, Sept. 18.—The Germans are in their defense positions near St. Quentin, and the fourteenth reserve corps has been ordered not to give up one foot of ground, according to captured documents, signed by von Morgen. Ground is to be held at any cost.

## GERMANS DRAFTING MORE PEACE TERMS

(By Associated Press) LONDON, Sept. 18.—Another demonstration similar to that of July 1917 will be made when the Reichstag meets in November. Five terms of the peace resolution is now being drafted by the majority leaders in consultation with the Imperial Chancellor.

## SEVERAL KILLED IN AN AIR RAID ON PARIS

(By Associated Press) PARIS, Sept. 17.—Six persons were killed and fifteen injured in Sunday night's air raid over Paris. One of the injured was a woman, the mother of six children.

Judge Perritte and family spent Sunday at Attoyac visiting the judge's father, Uncle Jack Perritte, whose health has not been good lately.

## BEGIN MAILING THE QUESTIONNAIRES

Registrants May Volunteer into Navy and Marine Corps.

(By Associated Press) WASHINGTON, Sept. 18.—The mailing of questionnaires to approximately six million men between the ages of 18 and 36, was begun by local draft boards today.

Local draft boards received orders today from Marshal General Crowder, which permit voluntary induction of registrants into the navy and marine corps, and provides for drafts of men to be assigned these services provided voluntary induction does not fill the demands.

## SENATE ENDORSES PEACE REFUSAL

WASHINGTON, Sept. 17.—An unqualified endorsement of Wilson's rejection of Austria's proposal for a secret and non-binding peace discussion, was given in the senate today by Lodge of Massachusetts.

Senator Lodge said that the president's prompt and curt refusal was right and wise, and that he was sure it would receive universal approval.

## BRITISH ADVANCE ON THE FLANDERS FRONT

(By Associated Press) WITH THE BRITISH IN FRANCE, Sept. 17.—A British advance yesterday in Flanders was pressed along the Ypres-Menin road, and carried the British to within a mile of Hoogs.

## THE BOLSHEVIKI SCORE SUCCESS

(By Associated Press) AMSTERDAM, Sept. 18.—Bolshevik successes in the valley of Volga and along the Kuba coast of the Black Sea, is reported in Kiev dispatches received here.

The Bolshevik troops are said to be advancing west of Theartitzin, and have occupied the town of Tuaps, in the same region.

Further west there has been successful fighting by the Bolshevik in the Stavropol neighborhood.

## GERMANS LAUNCH A VIOLENT ATTACK AGAINST THE FRENCH

(By Associated Press) PARIS, Sept. 18.—The Germans launched violent counter attacks last night against French positions on the plateau north-east of Saney. The French maintained their gains and the Germans were unsuccessful.

Dr. Ellis Mast of Chireno was a visitor to the city today, and made this office a pleasant call while here.

## Ever Hear of Sing Khai Foo?

He was a Chinese money lender. Made loans to his customers and then had them ambushed on the way home by hired murderers who killed them and returned the money to Old Sing Khai Foo.

Whenever Sing Khai Foo made a loan he required the borrower to cover the loan with a mortgage on all of his property. This way he not only got his money back, but all of the property of his victims as well.

Not all of the Sing Khai Foes are in China. Some of them are in America—right here in Texas. They are the people who buy a few War Savings Stamps, lend a little money to the government, and then stab it in the back by purchasing non-essentials and luxuries.

Before you spend, ask yourself this question: "Can my government afford for me to spend this?" Don't stab America in the back. Buy U. S. War Savings Stamps. Help your country. Help yourself.

Along with booze let profanity go. The oath is as inexcusable as the strong drink, and as degenerating in its contraction.

Evil thoughts develop an evil mind. Be careful what you think as well as what you utter. For if you think on the matter too much utterance will ultimately follow.

The American forces are marching on to Berlin. It may take them several weeks to make the trip over the rough roads which they have to travel, but they are en route.

When you read the casualty lists in the papers from day to day you should think of this: These men died for me. They gave up income, loved ones, home, life itself, in order that I might be secure. What am I doing? You should try to stop these lists and do it quickly. Your money invested in Liberty Bonds and War Savings Stamps will do it. Don't make excuses—make sacrifices. The Fourth Liberty Loan starts September 28th. Get Ready!—San Augustine Tribune.

Nowadays when you see a fellow coming to town with a basket of eggs you wonder if he is preparing to lift the mortgage on the old home.—Panola Watchman.

By the logic of the same reasoning if he should bring a load of cotton to town with him we may assume that he is fixing to start a bank, furnishing the capital stock, surplus, dividends, reservation for taxes, etc. It is great to be a farmer these days.

We notice an advertisement in The Sentinel at Nacogdoches for an automatic shot gun. We presume the editor is going to go according to the government regulations and put The Sentinel strictly on a cash basis, and wants the shot gun to more forcibly impress that fact upon the subscribers.—Jacksonville Daily Progress.

And you may be assured that advertising in The Sentinel gets results. In further explanation we would remind you that old Watford of the Lufkin News has returned from a sojourn at Marlin in worse temper than when he left. An automatic shot gun is a mighty handy weapon of "offense" and "defense" to have around in these times of war and inflamed temper.

When someone has done you a wrong, or what you may think is a wrong, the best plan is to forget it. Don't harbor resentment, or the hope of "getting even." By "getting even" with the one who has wronged you, you put yourself in his class. No great man permits himself to be bothered by remembering "wrongs." Instead, he goes forward, leaving the wrongdoer to cope with what life will bring to him, for the law of compensation is inexorable. It is said that the American Indian "never forgot," and gloated on thoughts of vengeance. That is what made the Indian truculent. Present-day Americans are not Indians. If your life is right, if you are big enough and true enough, no one can really "wrong" you.—Ex.

Mr. and Mrs. John Forte and Mr. B. D. Forte and family, who are now making their home at Marlin, arrived Friday for a visit to their relatives and friends in Nacogdoches and vicinity.

## THE FRUITFULNESS OF EAST TEXAS.

When we talk of the fruitfulness of East Texas, we do it not in a boastful way, far from it.

We have only two objects: One to satisfy the man who is so fortunate as to own a home here, and the other is, to encourage the man who has no home, to get one here, and to procure it as soon as he can.

East Texas has a history of something like eighty years without a single total crop failure. The soil here is not as fertile as it is in the black land belt of the state, but acre for acre, and year for year, it will produce as much corn and cotton as that section. In addition to corn and cotton it is unnecessary to state that East Texas will produce vegetables and fruits far superior and in much greater abundance than the black lands.

It is unusual when fruits and vegetables do not extend over the greater part of the year. The present year has been noted for its long drouth, and yet, corn that was planted in June is as luxuriant right now, as one ever witnessed in New England. Ribbon cane, field peas, peanuts and sweet potatoes are in perfect condition.

Peaches commence to ripen here in May, and as dry as it has been this year, peaches are still on the trees and will be until October—not general, simply because and only because we make no effort to have fall varieties.

There is scarcely a farm in East Texas upon which peaches, pears, plums, apples and berries will not grow, and as for vegetables there is not an acre of land that will not grow them every spring and nearly always in the fall.

This is an old story we are talking about. It has been told over and over, and still good people, too good to let starve, will go around it and risk their fortunes in sections where moisture, by the very laws of nature, is absent, has always been absent, and will ever be absent.

Aside from being a country in which a living is available to all it is a beautiful land. Nature made it so. Its rolling hills, gentle slopes, winding streams, fertile, narrow valleys, and trees of innumerable variety, everywhere appeal to the highest sense of the devotees of nature.

Too few of our own people yet realize the possibilities of this East Texas country. There is room for development along all the lines that lead to a higher and better material existence. Our farms are not in the highest state of cultivation; our roads are not in keeping with the spirit of the age; our schools are behind the standard required to inspire the youth to make the highest effort for education; our homes lack the interest commensurate with our ability to adorn and beautify them and to make them comfortable. In a land where nature has lavished a wealth of beauty in trees and plants there are innumerable treeless premises, treeless yards, treeless lawns and flowerless gardens.

It will all come in time, and when it does East Texas will be an Eden.—Col. Milner in Rusk County News.

## KEEP PRISONERS IN TIGHT CAGES

AMSTERDAM, Sept. 12.—The British and Belgium prisoners are being kept in cages, like the prisoners at the German flying camps, in order to prevent Allied airmen from dropping bombs on their hangars, says dispatches received here.

## ANGELINA BRIDGE IS CONDEMNED; UNSAFE

Lufkin News. County Road Supervisor Joe McCarthy has posted notices on the Angelina river bottom bridge, warning the public that the bridge has been condemned as unsafe, and that in driving over same, you do so at your own peril.

In conversation with Mr. McCarthy yesterday afternoon, The News reporter was informed that this step was taken after a thorough investigation of the bridge and to put the county in the clear in the event of an accident. Mr. McCarthy also stated that he had made an estimate of the cost of repairing the bridge in order to make it safe for use, and that the expense would be at least \$3,000.00 and even then the improvements would be only temporary.

The fact that this bridge has been condemned as unsafe is another reason for speeding up as much as possible the construction of the highway from Lufkin to the river, and it is urged also that this work should start at the earliest possible moment in order that the bottom may be completed before the winter rains set in.

## ITEMIZED REPORT OF WAR SAVINGS SOCIETIES FOR AUGUST.

Below is an itemized statement of what has been done in Nacogdoches county in War Savings Stamps during August. Twenty-seven of the thirty-two societies in the county have reported, and most of them have made excellent reports, due of course to the fact that the cotton selling season is now on, and our farmers are alive to the fact that a portion of the excellent prices they are getting must be used to discharge their war savings pledges made in June.

The present price of cotton is pointed out by the State Director, Mr. Lipsitz, results entirely from the war, and a large portion of the difference between the present price and the price in normal years is essentially a war profit. The Government is urging that war profits, as far as possible, be placed in Government securities, so Nacogdoches county farmers are asked to take care of their war savings pledges as rapidly as possible.

## AMERICANS INVITED TO VISIT MEXICO

MEXICO CITY, Sept. 14.—Improvement of the extent and cordiality of trade relations between Mexico and the United States as one purpose of the Federation or Mexican Chambers of Commerce in inviting representatives of leading American trade organizations to attend the commercial convention to be held here September 14. Invitations have been sent to the American Manufacturers' Association of New York, the St. Louis Chamber of Commerce, The Chamber of Commerce or the United States or America, and A. H. Boatee, representative of the St. Louis Export Association, who attended the first national congress held in Mexico City, August, 1917. Delegates from the United States

## NUMBER INCREASED TO FIFTEEN THOUSAND

(By Associated Press) London, Sept. 14.—General Pershing's troops in their operation at St. Mihiel sector have increased the number of Germans captured to fifteen thousand.

French troops begun new attack at dawn this morning on both sides of Allette river, and between Aisne and Vesle river.

Later Message—The attack the French in the direction of Forest of Coucy, at southern end of St. Gobian Massif, was progressing satisfactorily this morning. South of the Allette river they captured Mont Desiages, Allemont and Sancy, and reached the edge of the town of Vailly on the Aisne. The advance is for a distance of between one and two miles along an eleven mile front. In the attack launched at 5:00 o'clock, one division has already taken five thousand prisoners. The German counter attack against French advance along Allette seems to be weak, although front line was strongly held. German prisoners say they had orders to hold at any cost.

Later Message—In addition fifteen thousand Germans captured by Americans in the St. Mihiel salient more prisoners are coming in. The inside of the pocket has not been cleared out and it is expected that more guns will be taken. As a result of the British progress yesterday in the district northwest of St. Quentin the British line has been established east of Hesbecourt and Jemart.

## WASHINGTON REPORT AMERICAN OFFENSIVE

(By Associated Press) Washington, Sept. 14.—Elimination of the St. Mihiel salient the first big American offensive, and consequent reduction of the sector by twenty-two miles, is of extreme importance. It gives the allies better base for the March says. No report of future offensive operations, has been received from General Pershing identifying any individual unit taking part in the advance.

## AMERICANS SINK TWO SUBMARINES

(By Associated Press) Havana, Sept. 14.—Two enemy submarines were sunk by an American bark when she encountered them two hundred miles from an Atlantic port. No details of an encounter have been given out.

## BRITISH CAPTURE FIFTEEN HUNDRED

(By Associated Press) London, Sept. 14.—The British captured more than fifteen hundred Germans when they took Frescourt and Havincourt Thursday.

North of St. Mihiel salient the Germans are readjusting their lines in the neighborhood of Cahillion. Six miles northwest of Fresnes the enemy is retiring with him. Germans have retreated a distance of from one to two miles in this sector.

## GERMAN REPORT OF AMERICAN OFFENSIVE

(By Associated Press) Berlin, Sept. 14.—Advance made by both German and enemy forces in Canal Du Dord sector yesterday, and led to violent fighting in Mouevres and Havincourt, between Lorraine hills and Moselle river. St. Mihiel sector yesterday passed with moderate activity. Enemy did not continue his attack east of Combres and northwest of Thiaucourt, but felt his way toward German lines.

## COTTON SLUMPS ON WILSON'S STATEMENT

(By Associated Press) New Orleans, Sept. 14.—Cotton prices decreased on an average of eleven dollars a bale this morning following announcement of President Wilson that if found necessary base price would be fixed for cotton. After initial break calmer feeling prevailed and prices are steady.

## Prepare for Changeable Weather

H. B. Miller, R. F. D. 10, Wooster, O., writes: "By the changing of beds and the weather, I took a very bad cold and sore throat. Four doses of Foley's Honey and Tar put me right in a day's time." When a German report came in the other day of five airplanes brought down from a patrol of six American raiders, frank incredulity was expressed everywhere. When the American report verified it, there was nothing in it but hard luck and a basis for further avenging exploits.

The American flying men have a hard time before them to sustain the hopes held out for them by their admirers in the British and Canadian battalions. The kindly applause showered on American methods by the British newspapers—which have from the first ignored the mistakes certain to creep up into any war administration—is either accepted in France as the complete story or is a reflection of the feeling here.

Nowhere was the amity of feeling between the Americans and the various British units better demonstrated than at the recent Dominion Day sports behind the British lines. The events of that day are acknowledged to have been the greatest gala-day celebration ever held in the war area.

# TO ARMS, CITIZENS!

The immortal words of the French battle cry of freedom ring out again today to the American nation.

We are called upon to take up arms and fight to the death - if need be - for freedom, Justice and Those Things that make life worth living.

In this profound crisis is the test of citizenship.

The highest form of duty is to fight with our armed forces - to have enough to eat, enough to wear, a few dollars in your pocket, and to devote the balance of your earning power - your life if need be - as an offering to your country.

The next best form of duty is to stay at home and produce - allowing yourself enough money to purchase the bare necessities of life and to conduct business, essential to the war, and to devote the balance of your earning power to your country in the form of subscriptions to Liberty Loans.

One or the other duty you must assume.

If you can bear arms you will do so.

If you are unable to bear arms you will supply the money and material for those who can - you will enable them to bear your arms for you.

# TO ARMS, CITIZENS!

The law of reaping as we sow runs through the universe. The man who sows pennies will reap a penny crop. The man who sows dollars will reap dollars.—Ex.

A nation whose farmers and day laborers are efficient in production and whose habits of living are known for sobriety and thrift is a strong nation. It is true its strength may not be tested as some of the nations in control of quarrelsome and imperialistic rulers, but when a test is made such a nation will always prove its strength and perpetuity.—Ex.

The city of Nacogdoches loves the faithful school teachers, and we are glad to have them with us again for a few days sojourn while they are attending the Institute. No profession has a more sacred and important trust committed to its care, and no profession has to work harder to keep up with its requirements. Nacogdoches county teachers have proven an unusually faithful and progressive lot, and nothing we can do for the mis too good.

That (American) power had held back and held back from the war despite provocation and insult past record, banking as its own streams bank behind the mile-deep log jam which apparently no device of man can move. Yet, the Hun, with dynamite and cant-hooks must need blast and pry and lever until he found the key logs, whose withdrawal loosened the whole terror upon him, thundering and grinding and pitch-poling, the broadside of a continent to come to rest, God knows where.—Rudyard Kipling.

Before quitting one town in Northern France the other day and after they had destroyed every building and obliterated every trace of the streets, the German vandals invaded the silent city of the dead and blew into atoms the monuments marking the places of the loved ones lost in sleep. Surely the last stages of such barbarians as these will be worse than the first. They have forgotten that there is a God overhead, but He who takes note of every fallen sparrow will not leave such a people out of the reckoning when the day of wrath cometh.—Wills Point Chronicle.

Elsewhere in today's paper will be found an advertisement of the tenth annual meet of the East Texas Fair to be held at Timpon, which will open for the entertainment of the public Sept. 24 and continue to the 28th. The progressive gentlemen behind this enterprise have held it up and kept it going against all odds, and they have established and built up a fair that is a credit and a valuable advertising medium to all this section of East Texas. As there will be no state fair this year, the grounds having been taken over for government work, the East Texas Fair should have a much greater attendance from this section this time, and The Sentinel commends it to those wishing to take a day or two off and witness a very creditable exhibit as well as be entertained by our hospitable neighbors.

DISTRICT COURT.

In the case of M. C. Starling, the jury returned a verdict of two years with the suspended sentence.

In the case of Albert Sanders a verdict of two years in the penitentiary was returned.

The case of Guy Parrish was dismissed by reason of the defendant being in the army.

The case of Layton Strickland was dismissed.

The case of J. R. Jordan was dismissed.

The case of Pat Adams was dismissed by reason of the defendant being in the army.

The county food administrator complains that some ladies are using more than their allowance of sugar, and urges them to use less cakes, pies, and other things in which sugar is used. Two pounds per month is the limit and those who make purchases at different places and exceed the limit violate both the principle and letter of the law. Doubtless those thus offending have done so ignorantly, and this being true, The Sentinel makes this suggestion to save them from a condition that might become embarrassing.

INQUIRY FROM FIVE STATES IS AROUSED BY HER STATEMENT

People From Florida, Texas, Georgia, Alabama and North Carolina Write Mrs. O'Connor Regarding Tanlac.

"If anybody had told me that there was a medicine that would make me gain eight pounds in ten days I couldn't have believed it, but that is exactly what Tanlac has done for me," said Mrs. John O'Connor, 338 East Oldham Street, Knoxville, Tennessee, a few months ago.

"For the past five or six years," she continued, "I have been in a rundown condition from nervous indigestion. I had no appetite and lived on the lightest diet. My head ached most of the time and I had awful dizzy spells. My nerves were worn out so I could get very little restful sleep. I was troubled with a bad case of catarrh that I couldn't get rid of and felt miserable day in and day out."

"I began to feel better right from the time I started taking Tanlac. My appetite is fine now, I can eat and digest anything and am gaining in weight. My nerves are quiet and I sleep like a child at night. The catarrh does not bother me like it did and I am strong enough to work every day."

In another communication recently Mrs. O'Connor says: "People from Texas, Florida, Georgia, Alabama and North Carolina have written me asking about Tanlac, and it has been a pleasure to me to recommend it."

Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co. and Swift Bros. & Smith.

A GREAT ADDRESS HERE YESTERDAY

Mr. H. L. McKnight of the Government Extension service who came to Nacogdoches to fill a speaking engagement with the Teachers' Institute, was pressed into service to address the citizenship at the court house yesterday afternoon—and he charmed the crowd with his eloquence and the logic of his reason.

Mr. McKnight's theme was "Americanism and Germanism," in the course of which he told how we could fight the kaiser at home as well as abroad by keeping the home-fires burning with greater production, greater conservation, etc. He paid tribute to the boys on the fighting front, the righteousness of America's cause, the beauty of the victory that will ultimately come to us, etc., and altogether it was one of the greatest addresses ever delivered in this city.

Some idea of the response with which the address was received may be gathered from the following quotations:

Our townsman, Mr. Allan Seale, says: "I consider it one of the best speeches I ever listened to. He is an orator of the gifted type."

Mr. H. V. Fall, local chairman of the Liberty Loan campaign at Chireno, comments: "I consider it the best speech I have heard on the war, and one of the best speeches I ever listened to."

Mr. A. E. Carter of Caro was likewise impressed with speaker, and the eloquence of the visitor, giving the following testimonial: "I heard Mr. H. L. Carter at the court house Monday, and in my opinion he is one of the most fluent speakers I ever heard."

A large crowd was present and the quotations above are a fair sample of how the address was received by all. Everybody was inspired, and every one present was aroused to greater appreciation of country and the mission upon which we are engaged by it.

Mr. McKnight has consented to

come back during the Liberty Loan drive and deliver an address, and it will be worth coming many miles to hear.

HUN PROPAGANDA WORKS IN TEXAS

(By Associated Press) DALLAS, Sept. 16.—German propagandists have created an emergency in Texas that must be met by the combined efforts of every loyal man, woman and child, according to information given out by a high officer in the army intelligence service recently.

Spreading false reports among the Mexicans, both in this state and in Mexico, seems to be the field the pro-Germans are working. Frightening the Mexicans in this country with the statement that they will be forced to register, and will be conscripted for service, as well as telling Mexicans in Mexico the same tale to prevent them from coming to the United States to engage themselves as laborers, is being worked by pro-Germans in this country.

Major General Holbrook, commanding the Southern Department of the army, has issued a proclamation to the Mexican citizens of New Mexico, Texas, Arizona and Oklahoma, explaining that while the Mexicans in this country will be required to register under the draft, that they will not necessarily be conscripted. They come in the class of alien enemies, and all that is necessary to secure exemption from military service is to establish their Mexican citizenship.

PARENTS: THAT SON OR DAUGHTER, WHAT ABOUT THEIR FUTURE SUCCESS

Their ability to think, to do, to act according to the laws of a well-trained mind will measure their success.

How to give them the most of this important training in the shortest time and at a reasonable cost, is the question that a catalogue from America's largest business training school will answer. Whenever a group of parents get together, whether it be in the home, in the store or at a convention, and the question of the kind of an education to give a boy or girl comes up, some well informed parent and patron of the Tyler Commercial College, Tyler, Texas, will tell of the advantages of this famous institution and what wonderful results it accomplished for his son or daughter in a remarkably short period of time, and at a small expense. He will tell of his child's success since graduating in this institution and will emphasize the fact that the training received was broad and thorough, both from a business and moral standpoint. Write for a catalogue from the Tyler Commercial College today. Read the endorsements from students showing their success. Read the endorsements of business men as to the thoroughness of training. Read the description of our extensive practical courses of study, and you will see that the Tyler Commercial College is not a small business college, but it is an educational institution that ranks among the foremost of the country. When your son or daughter has graduated from this institution they will hold a diploma that represents efficiency, and will not only be a passport into the best salaried positions, but will be unquestionable evidence that they have achieved a great accomplishment. They will not have to go back home and wait for something to turn up, they can go into the business world and turn something up.

CAPT. JNO. S. DOUGHTIE LOSES TWO NEPHEWS

Capt. Jno. S. Doughtie of this city received a letter this morning bearing the sad news that two of his nephews from Eufaula, Ala had lost their lives in the war.

Out of the family of six sons five of them are in the service.

Capt. Doughtie says that while he has felt all the interest a man could in the absence of a personal loss in the war, that this sad event brings the war closer home to him, and the only regret he has is that he could not get into the service himself.

Capt. R. B. Walthall and Lieutenant Horace B. Graves have returned from a visit to Houston, where Lieutenant Graves went for inspection and received the appointment as second lieutenant of Capt. Walthall's company of infantry. Lieutenant Graves has been a school teacher by profession, and resigned as superintendent of Garrison High School to volunteer for service in the infantry company. He is a graduate of the Center High School and the Denton Normal, and holds a first-grade teacher's certificate. He has been teaching in the county the past several years, and was making a fine record.

The Sentinel failed to state in Monday's issue that Miss Willie Green Layton had gone to Garrison where she will serve as one of the teachers this year. Miss Fannie Middlebrook has also resumed charge of her music class in the neighbor town where she has been teaching the past two years with such splendid satisfaction.

Mrs. F. A. Beall and children have returned from a fortnight visit to the lady's sister, Mrs. Wickware in San Antonio.

## You Can't Eat Meat 100 Miles Away

Preparing meat is only a part of Swift & Company's usefulness.

The finest meat in the world wouldn't do you any good one hundred miles away from your table.

Swift & Company efficiency has made it possible to place complete lines of products in the smallest and most remote communities.

To be sure the work is done well Swift & Company, through its branch houses and car routes, brings the meat to the retail dealer for you.

Swift & Company lays out car routes covering towns—big, little, medium size—which are not served by a Swift branch house.

Salesmen find out in advance what is wanted by the dealers in every town.

They are followed by refrigerator cars loaded with retailers' orders, which are delivered at each town—fresh, clean, and sweet—once or twice each week.

Swift & Company operates a large number of car routes like this, from fourteen distributing plants.

This is a necessary and natural part of the packers' usefulness. It fits into the industry in an orderly, effective way. It makes better meat cheaper from one end of the land to the other.

### THE COTTON WEIGHING MATTER.

To our Friends and Patrons as well as the General Public:

It is with the greatest reluctance we appear in print regarding a matter which not only concerns our welfare, but yours as well, and our county and city of Nacogdoches. This is the mooted question of cotton weights.

We have been buying cotton from farmers and merchants for nearly forty years, and have always tried our best to maintain a good cotton market here, but we cannot under present unsatisfactory weighing conditions continue buying cotton, on account of the unreasonable loss in weights.

For instance we delivered 300 bales of cotton yesterday to a large exporting firm, which we sold the early part of last week before the heavy declines the latter part of last week. We had 352 bales of cotton drayed from the two cotton yards to the compress last week, said 352 bales of cotton were reweighed by experienced employees by the compress company on salary, and our loss was 3434 pounds. At 34c, the price prevailing last week, amounts to \$1167.56, or an average of \$3.32 per bale. We cannot stand such losses, and therefore, are compelled to discontinue buying cotton, unless we can get the same weights we have to sell by. Any buyer of any merchandise,

whether flour, corn, salt, sugar, just, say correct weights. We coffee, or anything is entitled to are helpless by ourselves to change present cotton weighing conditions, but the farmers representing the majority of the legal voters of this precinct or county, can petition the county commissioners in regular session to appoint a public weigher, who is compelled to make a good and sufficient bond like any other county official, and this public weigher so appointed is to act in his official capacity until the next regular election, when the people as sovereigns can elect him again, or someone else to be the public weigher for the regular two years, as any other county official. When any commodity is weighed and receipt issued by your public weigher, duly bonded the buyer as well as the seller must accept his weights as final. The few cotton buyers in our city are helpless to change the present conditions by themselves, except that they have the alternative either to stop buying cotton, or pay from 1/2c to 3/4c per pound less than market values, which is unfair and will finally ruin the best of cotton markets. Respectfully,

### OFFICERS CHASING MYSTERIOUS YOUNG MAN

Last night while Sheriff Prince of this city and Sheriff Spence of Crockett, the latter having come here after a prisoner, were at the train they noticed a young man who got off the train evading them and finally breaking to run. This excited their curiosity sufficiently to cause them to follow Sheriff Spence had with him his blood hounds which he put on the trail and they followed some distance, but the fleeing young man and the blood hounds finally got out of reach.

Following this morning they learned that the young man had by some means made friends with the blood hounds, and stopping at a farm house represented that the dogs with him were fox hounds and that he had been out on a chase in which he had lost his bearings. Inquiring his way to the railroads he finally left, and still had not been caught when this report was prepared but he left the dogs.

Sheriff Prince and City Marshal Woodlan are searching the country today, and would like very much to overtake the young man whose conscience caused him to flee when no man pursued.

### SHERIFF PRINCE CAPTURES MURDERER

Yesterday afternoon Sheriff Luther Prince captured a negro near Douglas who was wanted for murdering his wife near Crockett a few days ago, and brought him to town where he turned him over to Sheriff Spence of Crockett who had arrived in the meantime.

The negro is reported to have split his wife's head open with an axe and fled. The sheriff and other officers followed in pursuit, trailing him with blood hounds to Angelina county where they lost track and went to Lufkin. The negro confessed that he was making for Blair, in Shelby county, where he has relatives. He was pursued so close, and so alarmed, that he had had nothing to eat save corn that he had plucked from fields in the past five or six days.

Sheriff Spence carried his prisoner back to Crockett today.

### GIRLS! ITS YOUR STEP THAT ATTRACTS

Says women pay too much heed to their face instead of their corns.

Watch your step! A brisk, lively step is what charms more than a lovely skin, but your high heels have caused corns and you limp a little. That's bad, girls, and you know it. Corns destroy beauty and grace, besides corns are very easy to remove.

Rid your feet of every corn by asking at any drug store for a quarter of an ounce of freezezone. This will cost little; is sufficient to remove every hard or soft corn or callus from one's feet.

A few drops applied directly upon a tender, touchy corn relieves the soreness and soon the entire corn, root and all, lifts right out without pain.

This freezezone is a gummy substance which dries instantly and simply shrivels up the corn without inflaming or even irritating the surrounding skin.

Women must keep in mind that cornless feet create a youthful step which enhances her attractiveness.

## UNIVERSAL WAR BREAD IS NEW FOOD PROGRAM

WHEAT FLOUR NOW SOLD IN QUANTITY OF 80 TO 20 PER CENT SUBSTITUTES.

Universal war bread for all the nations arrayed against the central powers is provided for in the new wheat regulations announced by U. S. Food Administrator Herbert Hoover in a message to the American public. With the regulations comes a lifting of many of the restrictions in the United States and at the same time the allies are given bread containing more wheat than they have had since the early days of the war. The regulations became effective September 1, and wheatless days and wheatless meals will be discontinued.

Under an international bread policy formulated by the interallied food council in London, all bread made after September 1 for France, England, Italy, the United States and the other allies will be made of mixed flour, containing 80 per cent wheat flour and 20 per cent substitute cereal.

The message and its text is as follows: "The recent careful survey by the Food Administrators of the United States, France, England and Italy of the food resources of the 220,000,000 people fighting against Germany shows that to maintain enough supplies and necessary reserves against disaster there must be maintained in all countries a conservation of wheat flour during the coming year.

"It has been agreed that the wheat bread of the allies shall contain twenty (20) per cent other grains than wheat, and it is only just that we should bear our share in this saving and our bread should be at least universal with those who are suffering more greatly from the war than ourselves.

"Distribution and transportation circumstances in the United States render it necessary to rely very largely on voluntary action in our homes to enforce this mixture.

**Regulations Promulgated.**  
"The victory bread so made is wholesome, and there is no difficulty in preparation. We desire to emphasize the fact that mixtures outlined below are for wheat bread and the saving of wheat flour, but they are not intended to displace the large use of corn bread. We must use the mixture with wheat flour in addition to our normal consumption of corn bread. For this purpose regulations are formulated below, effective September 1, providing:

"1. For the preparation and marketing by the manufacturing and distributing trades of the country of a mixed flour complying with the international policy which will be available for purchase by the household.

"2. In regulations covering the case, where straight wheat flour is sold by retailers, that at the same time 20 per cent of other cereal flours must be sold coincidentally.

"3. Requiring that all bakers' bread shall contain 20 per cent of other cereals; and the Food Administration relies upon the householders of the country to mix at least 20 per cent of the substitute cereals into the wheat flour at home for all uses.

Corn meal for use of corn bread should be purchased separately from combination sales.

**Ready Mixed Flour for Sale.**  
"It is desired to insure a supply of ready mixed flours on the market and to have millers and dealers of all kinds encourage use and sale of this flour, so that the country may be on a mixed flour basis without necessity of the retailers making combination sales of flours and substitutes.

"All such mixed flours made according to the following regulations should be labeled 'Victory Mixed Flour,' and are to be labeled with the ingredients in order of their proportion. The flour so mixed must be milled in accordance with the standards of the United States Food Administration.

"No mixed flours, except pancake flours, shall be made or manufactured except in the exact proportions as outlined below. Mixed wheat and barley flour shall be in proportion of four pounds of wheat flour to one pound of barley flour. Mixed wheat and corn flour shall contain the proportion of four pounds of wheat flour to one pound of corn flour. Mixed wheat, barley and corn flour shall contain the proportions of eight pounds of wheat flour to one pound of barley and one pound of corn flour. Mixed wheat and rye flour shall contain the proportions of three pounds of wheat flour and not less than two pounds of rye flour. Whole wheat, entire wheat or graham flour or meal shall contain at least 95 per cent of the wheat berry.

"All the above 'victory mixed flours' may be sold without substitutes, but at no greater price from the miller, wholesale and retail dealer than in the case of standard wheat flour.

**Retail Sale of Standard Wheat Flour.**  
"The new regulations supersede the fifty-fifty rule. The retail dealer selling standard wheat flour is required to carry in stock either barley flour, corn meal or corn flour, and with every sale of wheat flour must sell a combination of some one or more of these in the proportion of one pound substitutes to each four pounds of wheat flour.

"No dealer may force any other substitutes in combination upon the consumer and the substitutes must conform to the standards fixed by the United States Food Administration.

"There are some localities where other substitutes are available and which retailers may wish to carry. In order to meet this situation the following flours may be sold in such combinations in lieu of the above flours

if the consumer so demands at the ratio of one pound to each four pounds of wheat flour, that is:

"Kaffir flour, milo flour, fetteria flour and meals, rice flour, oat flour, peanut flour, bean flour, potato flour, sweet potato flour and buckwheat flour.

"Pure rye flour or meal may be sold as a substitute, but must be sold in proportion at least two pounds of rye with three pounds of wheat flour.

"The foregoing rules apply to all custom and exchange transactions as well as sales of flour to farmers unless modified by special announcement of the Federal Food Administrator of the State where the mill is located, acting with the approval of the zone committee.

**Rules Governing Bakers Are Altered.**  
"In compliance with the general situation above, the following alterations are made in rules and regulations governing baking trade:

"Rule 1-A. The consumption of wheat flour in bakery products not to exceed 70 per cent of the 1917 consumption, is hereby rescinded.

"Rule 2-A. Wheat flour substitutes for bakers remain as heretofore, with the exception of rye, which will be a substitute when used upon a basis of not less than 40 per cent, which is two pounds of rye flour to every three pounds of standard wheat flour. When rye is used in this proportion, or a greater proportion, no other substitutes are required. If less than this proportion of rye flour is used, the difference between such amounts used and 40 per cent must be made up of other substitutes.

"Rule 3-A. Bakers will be required to use one pound substitutes in each four pounds of wheat flour in all bakery products, including bread, except class 3-A. Crackers in which only 10 per cent substitutes other than rye are required. The use of the name 'Victory' will be allowed in all products containing the above proportions of substitutes.

**Revision of Previous Rules.**  
"The previous rules limiting licensees, millers, wholesalers, retailers and bakers to thirty days' supply of flour will be changed to permit a sixty-day supply. The rules limiting sales by retailers of wheat flour to one-eighth of a barrel in cities and a quarter of a barrel in sparsely settled districts are rescinded.

"The rule limiting the sale of flour by millers to wholesalers or wholesalers to retailers in combination with substitutes or certificates therefor and the rule restricting the sale to 70 per cent of previous sales are rescinded.

"Manufacturers of alimentary pastes and wheat breakfast foods are limited to their normal consumption of wheat or wheat flour with the understanding that they are not to unduly expand their ordinary consumption of wheat.

"Rules prohibiting the starting of new plants ready for operation prior to July 1, 1918, are rescinded. Where millers sell directly to consumers they shall obey same regulations as retail dealers."

## SEVEN SUGAR REASONS

### WHY MUST I USE ONLY TWO POUNDS OF SUGAR A MONTH?

- Seven Whys for Short Supplies.**
1. Our great war program has reduced our sugar-carrying fleet.
  2. The sugar requirements of our overseas army are very large.
  3. Our own sugar crop is less than we expected.
  4. The small island, Cuba, must feed the world with sugar.
  5. We have diverted 50,000 tons of sugar shipping in order that Belgium should have food.
  6. Germans have destroyed sugar-beet fields and factories in Northern France and Italy.
  7. More than 50,000,000 pounds of sugar have been sunk off our shores by German submarines.

### HOW TO SAVE ON TWO POUNDS OF SUGAR A MONTH.

- Seven Ways for Daily Sugar Saving.**
1. Use fresh fruits without sugar.
  2. Cook dried fruits without addition of sugar; they already contain sugar.
  3. Can more fruit without sugar; put up fewer jams and jellies.
  4. Use less sugar in tea and coffee; you will soon learn to like it better.
  5. Avoid such sugar luxuries as candy, cakes, chewing gum, sweet drinks and sodas.
  6. Use honey, maple sugar and syrups and other sweeteners when available.
  7. Cut out all desserts or other dishes that require much sugar.

## CANNING

Why does the Food Administration at present encourage canning without sugar? Because perishable fruits would be lost if not canned. If fruit is sterilized and air excluded, sugar will not be needed as a preservative and enough can be added when the fruit is eaten to make it palatable.

Can jams and jellies be made later when sugar is more plentiful? Yes; from the fruit pulp and juices that have been sterilized and canned or bottled without sugar.

How small an amount of sugar can be used in making jams, jellies, and preserves which depend upon sugar as well as sterilization for their keeping qualities? Allow no more than three-fourths of a pound of sweetening to each pound of fruit. One-half pound for sweet fruits is enough.

Can sugar substitutes be used in canning? Yes. Corn syrups and other table syrups not made from granulated sugar can be used with sugar. In some parts of the country suitable varieties of canned syrups and sorghums are available for preserving without adding any sugar.

How else may fruits be saved without the use of sugar? Some fruits may be dried; others may be stored in a cool cellar. Fruit pulp may be evaporated to a paste, thus concentrating the natural fruit sugar.

## MAKING THE FRUITS COUNT

### To Make Fruit Drinks.

The principal charm of a fruit drink lies in the smooth blending of the various flavors. When ready to use, supply the needed sugar in the form of a syrup, for otherwise the juices and sugar must be mixed and allowed to stand together for several hours before serving. A sugar syrup may be omitted and in place of each cup omitted, 1 cup of honey or 1 1/2 cups of white corn syrup. It saves time and fuel to make a quart or so of this syrup at a time and bottle it boiling hot in sterilized jars for subsequent use.

A small amount of some strongly acid juice should always be added to the fruit drink to give it the proper degree of acidity. The juice of rhubarb or barberries is sufficiently sour to take the place of lemon juice, which is often recommended for this purpose. Orange juice may be substituted for lemon juice by adding to it a small quantity of cider vinegar.

Add to the fruit juices enough of the syrup to sweeten them, enough acid juice to contribute the desired zest, and dilute the whole to taste with shaved ice or with ice water.

### To Make Fruit Leathers.

Concentrate fruit juices by boiling them over direct heat, then by drying them in the top of a double boiler, or on platters or enamel pans set in a moderate oven. The juice is sufficiently concentrated when, on cooling, it makes a highly glazed, tough, dry, leathery jelly. Dry the leather in thin sheets, and roll the sheets like jelly rolls, then cut them across; or dry it in a sheet 1/4 of an inch thick, and cut it in cubes. In either of these forms the leather makes a tempting confection. Store in air-tight containers or in a dry place.

Leathers are also made from un-sweetened or slightly sweetened fruit pulp. Peach leather is un-sweetened peach marmalade dried in the oven, sprinkled with sugar, rolled and cut. Strawberry leather is made by crushing sweet, ripe strawberries, and drying them without cooking, in the oven.

## DEALERS IN HAY ARE REQUIRED TO HAVE FEDERAL LICENSES.

The Federal Food Administration for Texas has ascertained that there are in this State (Texas) a number of dealers in hays who have failed to apply for license. All persons who ship hays, except farmers who handle exclusively the hays produced by themselves, should hold a license, authorizing them to transact business. Failure to secure license subjects them to penalties.

## UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop using dangerous drug before it salivates you! It's horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything after wards.

### CITATION BY PUBLICATION.

To the sheriff or any constable of Nacogdoches county, Greeting:

R. S. Speer, administrator of the estate of Jacob & Mary C. Henry, deceased, having filed in our county court his final account of the estate of said Jacob and Mary C. Henry, deceased numbered 1705 on the Probate Docket of Nacogdoches county, together with an application to be discharged from said administration.

You are hereby commanded, that by publication of this writ for twenty days in a newspaper printed in the county of Nacogdoches, you give due notice to all persons interested in the account for final settlement of said estate to appear and contest the same if they see proper to do, on or before the November term, 1918, of said county court, commencing and to be held at the court house of said county, in city of Nacogdoches on the 18th day of November, A. D. 1918, when said account and application will be acted upon by said court.

Given under my hand and seal of said court at my office in the city of Nacogdoches this the 2nd day of September, A. D. 1918.

## GERMANS BRUTAL WITH COLONIES

(By Associated Press) LONDON, Sept. 12.—A report containing evidences of the brutal methods employed by the Germans in the administration of her colonies in Africa, was made public today, by Edmond H. L. Georges, acting secretary of the interior, Union of South Africa, constituting the British government's reply to Dr. Solf, the German secretary of state, for the colonies, that Germany would demand a return of her colonies at a peace conference.

## VETERANS TO GET LARGER PENSIONS

Colonel J. C. Jones, state pension commissioner, has announced that for the next two quarters there will be sufficient funds available to give each pensioner \$22 per quarter, which will be an increase of \$2 per quarter over the amount paid during the past quarter. This increase is based on a total of 17,000 pensioners, and a statement from the comptroller's department showing the condition of the Confederate pension fund. This statement shows that there was a balance of \$505,079.45 in the treasury on September 1, 1918, and the estimated amount to be collected from 1917 collections is \$1,355,456.97, making a total of \$1,860,536.42. From this is to be deducted \$340,000, estimated amount of outstanding pension warrants September 1, 1918, leaving a total of \$1,496,000 for the next two quarters, which will be sufficient to give each old soldier \$22 for each of the next two quarters.

Look, Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mother, can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Sick children need to be treated like this harmless medicine. Millions of mothers keep it handy because they know its effect on the stomach, liver and bowels is prompt and sure. Ask your druggist for a bottle of "California Syrup of Figs," when you see directions for babies, children of all ages and for grown-ups.

## BANQUET WAS SPREAD HONORING JUDGE STRONG

One of the most enjoyable banquets and social events in the history of the city was spread at the Banita Hotel last night in honor of Judge Beeman Strong on the eve of his departure for Austin, where he goes to take up his work as a member of the Commission of Appeals.

The menu of the banquet was up to the standard for which this well known house is noted, consisting of many good things to eat from fried chicken to many desserts, concluded with cigars, and seated around this table were all the members of the Nacogdoches bar three or four who were detained for various reasons, the district judge and district attorney and three newspaper men.

Hon. Moss Adams, a life-long friend of the honored guest of the evening presided as toastmaster in his usual clever and witty style.

Judge Blount responded to the toast "As a Man and as a Partner" in the course of which he paid Mr. Strong many pretty compliments, saying that in the nine years he had been associated with him he had found him capable, energetic, and honorable in all his dealings, and predicted for him a brilliant career as a judge, believing that this was but the beginning of a great career for him.

Hon. W. B. O'Quinn told of time when he first knew Mr. Strong as a teacher in one of the schools at Lufkin, and said that it was at that time that he (Mr. Strong) told him of his ambition to become a lawyer, and that he began active study at that place. He paid tribute to the gentleman's worth as a lawyer, reviewed his relations with him in practice over the district, and also predicts a great career for him.

Judge Guinn was next called, and joined in tribute to the gentleman's worth as a lawyer, his integrity and his pleasant relations with him. In the course of his talk Judge Guinn said that a judge had less trouble with a lawyer who was proficient and honest in his practice, and that he had found both elements in Mr. Strong.

Hon. Arthur A. Seale read a message from that staid old veteran of the bar, Judge Ingraham, who was not physically able to be present, which greeted the assembly with good wishes and paid eloquent tribute to the honor-guest of the evening. Commenting on the message, Mr. Seale eloquently tribute to the honor-guest, which brought forth cheer.

The hour having grown late, the master of ceremonies concluded the program by calling on Mr. Strong, who responded with an eloquent address of appreciation, in the course of which he stated that his entire professional career as a lawyer, twenty-one years, had been spent as a member of the Nacogdoches bar, that his children were born here, and that in his long residence with us he had learned to love and appreciate the people of this city as he could never love and appreciate any other people, and that while he entered upon his new duties with a pleasant anticipation, it was with great reluctance that he took his departure from Nacogdoches even for a temporary space of time. Referring to his new position, he said that he was going to engage upon it with hard work hoping to maintain the confidence that had been reposed in him, which is in line with what people know him best will guarantee.

There were many other things

What Do You See? Your mirror will reflect a charming complexion if you use Soul Kiss Face Powder. Meyer Bros. Drug Co., St. Louis

said which The Sentinel would be pleased to review at greater length if it had the space to spare, but the gist of it all was that the guest of the evening was capable and worthy the trust that had been committed to his care, and that he had been a worthy and useful citizen of this community, always standing for the right, and fighting in the open where he could be placed on any and all questions, and while all will feel keenly the loss of his citizenship, it was manifested that all present rejoice with him in the new honor that has come to him.

Judge Strong and family left this morning (Thursday) in their car for their new home. They will take two or three days in which to make the trip, traveling leisurely through the country. No family ever left Nacogdoches who was more universally esteemed, and in their new home they will be attended with the best wishes of not only the citizenship of Nacogdoches, but with the good wishes of all East Texas.

## DISTRICT COURT

In the case of Wyatt Cooper, which was on trial Wednesday, the jury brought in a verdict of not guilty, and the defendant was discharged.

Wednesday afternoon the case of J. H. Frazier, charged with disloyal conduct to the country, was called and tried, and the defendant was given a sentence of twelve years in the penitentiary. It will be remembered that Frazier was arrested at Maytown several months ago on complaint of the people of the community that he was abusing the president and the country, and had become intolerable. He offered no defense in the trial, and when told by the court that he had three days in which to make answer as why judgment should not be pronounced upon him, he replied that it might as well come now and be done with it. Frazier was tried under a new statute of the state made at the recent called session of the legislature and designed to co-operate with the National government in war work.

Uncle Cal Fall came up from Houston yesterday for a few days visit to Nacogdoches friends. He reports that he is still getting along nicely.

## TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a small bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out. A little Danderine tonight—now—any time—will surely save your hair. Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine—save your hair! Try it!

## THE "KING'S HIGHWAY" IS NOW MARKED HERE

Mr. A. L. Gooch, in company with a helper, arrived in the city this morning, traveling in a big truck, with a big granite rock appropriated for this place to mark the "King's Highway," or "Old San Antonio Road."

The big rock will weigh several tons, was installed in the edge of the sidewalk next to the street at Swift Bros. & Smith's drug store, where it will stand as a monument throughout future ages to mark this historic old highway. Inscribed on the face of the rock are the following words:

KING'S HIGHWAY CAMINO REAL OLD SAN ANTONIO ROAD Marked by the Daughters of the American Revolution and the State of Texas, A. D. 1918.

Mr. Gooch started at the Sabine, and stated to the Sentinel reporter that he was placing a similar stone five miles apart at points previously designated in the survey. These rocks are shipped to the nearest railroad point and hauled out on the big truck. Five were recently received at Nacogdoches to be used for points in this vicinity. He is traveling west and will continue until he reaches the Rio Grande.

A happy coincidence in connection with the Nacogdoches' location of the milestone is that it is within a few feet of where the old Stone Fort formerly stood, and future historians will be able to connect them in their lore. It will also be a constant reminder to the people of this section, and those who pass this way, of the sacred days on which our present-day civilization was founded.

The proceeding is not authorized by any arrangements hitherto suggested, but The Sentinel would rejoice with a program of some kind which would have for its purpose an unveiling or rally where we might assemble and pay homage to the illustrious heroes who traveled the "Old San Antonio Road," and located the spot on which we have built the present-day Nacogdoches.

## WAR SAVINGS TRIP

Messrs. Sam B. Hayter and M. C. Johnson are visiting in turn all of the towns and places of business in the county in the interest of War Savings. They report that the people of the northern part of the county, as a rule, are meeting their obligations to the government and redeeming their pledge card promptly—many paying in advance.

At Cushing these gentlemen found a very busy and thriving town. Cotton is being marketed rapidly, and most of the farmers are in good shape. The two banks have been especially helpful in government work, and have set an example in patriotism which the County War Savings Committee greatly appreciates. Cushing claims the championship of Nacogdoches county in two particulars: (1) In giving the best meals to the traveling public, and (2) In boasting of a firm doing the largest volume of business in the retail line in the county.

Sacul and all smaller places along the line show alike the prosperity coming from good prices for cotton and farm produce generally. Many gins are running day and night, and it was not uncommon to see from twelve to thirty wagons waiting their turn. Also it was pleasing to see several small sawmills doing business to the

limit of her capacity.

These gentlemen report that in their rounds they saw many new people, evidently settlers coming to secure homes in grand old East Texas. This is good, but we regret to say that most of these people are amazed that a county with such wealth and general prosperity has so few good highways. The criticism at the present is just, but we are hoping that another year will see us with such good and permanent roads that prospective citizens cannot hesitate to buy homes in our midst because of our highways.

# SCHOOL BOOKS

And School Supplies

## BUY THIS WEEK

Next Monday is the opening of school and your children should be prepared to enter without a hitch.

Our School Books and Supplies have arrived and our stock is complete, but we would advise you to see that your children get their books this week.

It will save you time and save us time if parents will come in this week with their children and help them select their books.

Books have not changed so you will make no mistake in the books you buy.

Parents come with your children if it is possible for it will save us a great deal of time.

Everything Needed in the School Room

Mr. W. A. Thurston of Chireno was a visitor to the city Sunday.

Mr. W. H. Gray has been among the Chireno visitors to the city today.

Mr. H. P. Fall, the banker and one of Chireno's leading citizens, was a visitor to the city Tuesday.

Prof. T. A. Cook of Center is among those attending the Teachers Institute. Prof. Cook has been elected superintendent of the school at Appleby.

Mr. Charlie Wortham went to Jacksonville today to attend the C. I.

Lieutenant W. W. Lee was called to Seabrook last night where he will join the captains of the cavalry in the ten days training course. Upon the return of Captain Thomason and Lieutenant Lee the troop will likely be called and put into active training.

### For a Weak Stomach.

The great relief afforded by Chamberlain's Tablets in a multitude of cases has fully proven the great value of this preparation for a weak stomach and impaired digestion. In many cases this relief has become permanent and the sufferers have been completely resored to health.

Messrs. F. M. Rainbolt, Louis Dennard, Dr. Faulkner, and Esq. Welborn of Concord, Busk county, were visitors to the city today, coming down in an automobile. They will return home late this afternoon.

### Diarrhoea in Children.

For diarrhoea in children one year old or older you will find nothing better than Chamberlain's Colic and Diarrhoea Remedy, followed by a dose of castor oil. It should be kept at hand and given as soon as the first unnatural looseness of the bowels appear. It only costs a quarter.

### DISTRICT COURT.

The case of M. T. Peterson was dismissed.

The court this morning took up the case of Matthew Bolton, charged with assault on murder, and is busy in the trial of it today. It will be remembered that Bolton is the negro who shot another negro and a stray bullet struck Night Watchman Biggs at the depot several months ago.

### Chamberlain's Cough Remedy.

This is not only one of the best and most efficient medicines for coughs, colds, croup and whooping cough, but is also pleasant to take, which is important when a medicine must be given to young children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good qualities have become known. Many mothers have given it their unqualified endorsement. Wm. Scruby, Chillicothe, Mo., writes, "I have raised three children, have always used Chamberlain's Cough Remedy and found it to be the best for coughs, colds and croup. It is pleasant to take. Both adults and children like it. My wife and I have always felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium or other narcotic.

Mr. W. H. Gray, Sr., of Chireno, who was in the city attending court the forepart of the week, returned home Tuesday afternoon. Mr. Gray is engaged in farming these days, and says that he is making a yield of about seventy-five per cent of normal crop on his farm this year which is more than made up with the increased prices, and that he has no kick coming.

### Good For Biliousness.

"Two years ago I suffered from frequent attacks of stomach trouble and biliousness. Seeing Chamberlain's Tablets advertised I concluded to try them. I improved rapidly." Miss Emma Verbryke, Lima, Ohio.

### SGT. CLAUD BARHAM'S LOCATION IS KNOWN

The casualty list appearing in American papers today reports Sergeant Claud M. Barham of Nacogdoches "missing in action," but the gallant young soldier is in a French hospital recovering from an accidental injury to his ankle contracted while engaged in service.

On July 21st Dr. George S. Barham of this city received a message from the war department advising that a cablegram had been received announcing that Sergeant Claude S. Barham was missing in action. On July 25th, four days later, Dr. Barham received a letter from the young man announcing that he was in a French hospital in Toulouse, France, with an injured ankle. Other letters have been received from Sergeant Barham since, bearing dates of July 30th, August 10, 16, and 20, the latter letters reporting that he hopes to soon have the plaster removed, and all giving assurance that no German or Germans had put him out of commission, but that his injury came from an accident he suffered while in the service. About a week ago Dr. Barham received a card from the French Minister of War stating that Sergeant Barham's general condition was good.

These later messages will be joyful news to the many admiring friends of the young man in this section, and will relieve the distress that would be suffered with the statistical announcement in the absence of the later reports.

As has previously been reported in the paper, the casualty list is now made up at Washington and mailed out to the various papers of the country with the same release date for all a change which was made necessary by the congestion the former method caused to the telegraph service, but the relatives are notified immediately by wire when an injury is suffered by any of the American boys.

Surgeons agree that in cases of cuts, burns, bruises, wounds, the first treatment is the most important. When an efficient antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, Borozone is the ideal antiseptic and healing agent. Buy it now and be ready for an emergency. Price 25c, 50c, \$1.00 and \$1.50. Sold by Stripling, Haselwood & Co.

Max Hart, who went with a draft to Camp Bowie a few days ago, has returned home, failing to stand the required physical examination, and being given an honorable discharge. Thus the young man has done all he could to serve his country, going with the fist call and offering himself, and it is therefore no fault of his that he is not in the service.

Germs entering the body with the air we breathe are harmless if the stomach, liver and bowels are healthy. ### SEVERAL COMMUNITIES WILL LAUNCH DRIVE

The progressive and patriotic people of Caro, Linn Flat, Union Springs, Pleasant Hill, Twilight, Hopewell, Trawick, Lone Pine and Mahl sent committees to town to confer with Hon. June C. Harris, county chairman, and invite him to meet with them at Linn Flat next Sunday afternoon in a joint meeting and rally in the interest of the forthcoming Liberty Loan Drive, and Mr. Harris readily consented to meet with them, hoping that others will join in the progressive movement.

The people of these communities express an interest and desire to get busy in advance, and when the time comes, go over the top without any delay or hesitation. They are certainly to be commended for the progressive movement, and it is needless to say that much inspiration will be aroused at the meeting that will not only be helpful to these individual communities, but will arouse others to greater activity.

If your child is pale and sickly, picks at the nose, starts in the sleep and grinds the teeth while sleeping, it is a sure sign of worms. A remedy for these parasites will be found in White's Cream Vermifuge. It not only clears out the worms, but it restores health and cheerfulness. Price 30c a bottle. Sold by Stripling, Haselwood & Co.

### CAN'T DO THE WORK.

It's too much to try to work every day against a constant, dull backache, or sudden darting pain in the small of the back. Be rid of it. Try Doan's Kidney Pills. Your neighbors recommend them.

Mrs. H. M. Reid, 412 S. North St., Nacogdoches, says: "I recommended Doan's Kidney Pills before and am pleased to again say a good word for them. Backaches hindered me at my work and the pain was so intense it kept me awake at night. My kidneys acted irregularly, too. I tried many medicines but got no relief until I took Doan's Kidney Pills, procured at Mast's Drug Store. They gave me the desired results.

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Reid had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.
