## ENEMY WITHDRAWS BEFORE AMERICANS

German Bomb Another American Hospital

(By Associated Press)  
WITH THE AMERICANS AT VERDUN, Oct. 2.—The enemy tonight appears to be withdrawing on the American left.

Broadly speaking, he is going in the direction of the juncture of the Meuse and the Moselle system.

A British detachment crossed the Meuse at Verdun and captured a German machine gun. The British four and one-half miles north east of Bethincourt have been captured.

In the Argonne forest the Americans made progress today. East of the forest they are operating north of Clerget and hold positions on the road from Gesnes to Evermont.

Twenty patients, many already suffering from wounds received in action, were killed when a German shell struck an American hospital today. It is possible that the shell was stray, but it appears a deliberate attempt to attack the hospital.

## FRENCH ADVANCE NORTH RHEIMS

(By Associated Press)  
PARIS, Oct. 2.—Northwest of Rheims the French have reached the southern outskirts of Villers-Francois. North of Rheims they pushed forward their lines to the outskirts of Bethincourt. There was no change in Champagne during the night.

## GERMANS MOVING HEAVY ARTILLERY

(By Associated Press)  
PARIS, Oct. 2.—The Germans are moving heavy artillery from the Belgian coast.

The Belgian army cooperating with the British and French successfully renewed heavy attacks on the Flanders front today.

## MENIN AND ROULERS ARE BURNING

(By Associated Press)  
PARIS, Oct. 2.—The towns of Menin and Roulers, railway junctions in Flanders, have been set afire by the Germans in the face of the advancing Belgians.

British and French troops and French guns now control the railway line running from Oostend through Thourout and Roulers to Courtrai.

British monitors are co-operating actively in bombarding the German lines on and near the coast.

The Germans appear to be retreating from the east and southeast and west of Rheims in the face of the advance French forces.

## LIBERTY LOAN TRAIN TO VISIT NACOGDOCHES

The Liberty Loan train bearing war exhibits direct from the battlefield will visit Nacogdoches Sunday, October 13th at 8:30 p. m. and will remain in the city overnight, leaving the next morning at 9 a. m.

The train will contain French 175 aerial torpedo, depth bomb, gas masks, a blood-stained and bullet-ridden uniform of a Hun killed by an American soldier, and other features, and will be altogether superior to the train of last year. The Sentinel will carry a full write-up of these features in a few days.

A record-breaking crowd is expected and expected to witness these features.

## BRITISH TEAR GAPS IN GERMAN LINES

(By Associated Press)  
LONDON, Oct. 2.—Wide gaps have been torn in the German lines between St. Quentin and Leclercq by the British. The breaking of the German line on the Fossoy-Dearvever front was reported.

## TURKS TO MAINTAIN GERMAN ALLIANCE

(By Associated Press)  
AMSTERDAM, Oct. 2.—The Turkish cabinet has decided in all circumstances to adhere to their alliance with the Central Powers, says a telegram to the Cologne Gazette.

## GERMANS BURNING ST. QUENTIN NOW

(By Associated Press)  
PARIS, Oct. 1.—St. Quentin is burning at several points. French aviators are having great difficulty in flying over the town because of dense smoke rising from the burning city.

## CAPE WALTHALL RECEIVES ANOTHER APPOINTMENT

Cape Walthall, Alaska, has received another appointment. The Cape Walthall Light Station, Alaska, has been appointed to the Cape Walthall Light Station, Alaska.

## BRITISH OCCUPY SYRIAN CAPITAL

(By Associated Press)  
LONDON, Oct. 1.—Damascus, the capital of Syria, was occupied by the forces of General Allenby Tuesday morning, the British war office officially announced tonight.

Since September 20th, British forces captured in this sector fifty thousand prisoners, destroyed three Turkish armies and have driven the enemy from Palestine.

## BRITISH FOIL THE GERMAN PLANS

(By Associated Press)  
WASHINGTON, Oct. 2.—Cotton ginned prior to September 25th amounted to 3,719,915 bales, counting round as hull bales, and including 87,700 round bales and 2,814 bales of Sea Island, says an announcement of the Census Bureau today.

## BRITISH ADVANCE THREE THOUSAND YARDS TODAY

(By Associated Press)  
WITH THE BRITISH IN FLANDERS, Oct. 2.—The British today captured Rolleghemelle and advanced a distance of three thousand yards south east of Roulers.

## BUY A WAGON NOW

Get the Size and Kind You Want and Save Money Too

Let us tell you why you should buy a wagon now. We have a large stock of wagons and we will be glad to show you our wagons and make you our lowest prices.

Wagons that we bought last November to be shipped "quick as possible" have not yet been shipped. Factory just cannot get the material and labor with which to build them.

Buy a wagon now if you want a wagon this fall. We will be glad to show you our wagons and make you our lowest prices.

## FRENCH, BELGIANS FRESH PROGRESS

(By Associated Press)  
LONDON, Oct. 1.—French and Belgian troops made fresh progress in the direction of Nooglede and Roulers today.

The British have seized Ledeghem on the Roulers-Menin rail-

road. That airplane finally arrived at Nacogdoches, but it was 24 hours late, and that did not set well with the rural inhabitants who had traveled miles and miles to see the thing and then only to see a disappointment.—Lufkin News.

True, that the aerial visitor came in behind schedule, and considerable disappointment was caused to those who came from a distance to see it, but when it was explained that it had to make a detour to avoid getting hung up on the Lufkin stand-pipe, or get caught with some kind of injunction for attempting to go north, all was forgiven. It might be interesting to the contemporary to learn that the airplane remained over Monday and Tuesday to enjoy life in a good hospitable town, and that another is coming today. When we get our fleet complete we warn you not to get too gray with your impudence, for we will be in a "state of preparedness" to sustain us in chasing our enemies out of the country.

## BRITISH ADVANCE THREE THOUSAND YARDS TODAY

(By Associated Press)  
WITH THE BRITISH IN FLANDERS, Oct. 2.—The British today captured Rolleghemelle and advanced a distance of three thousand yards south east of Roulers.

## DAMASCUS SURRENDERS TO THE ALLIES

(By Associated Press)  
LONDON, Oct. 1.—The Turkish Command at Damascus has asked the terms for the surrender of the city. It is expected that troops of the British army will enter the city today.

## BULGARIAN FORCES ARE EVACUATING SERBIA

(By Associated Press)  
LONDON, Oct. 2.—A Serbian official statement announces that Bulgarian forces are evacuating Serbia and are returning to Bulgarian territory.

## BRITISH PUSHING INTO HUN POSITIONS

(By Associated Press)  
LONDON, Oct. 1.—The British are pushing further into the German positions on the front between St. Quentin and Leclercq and Gouy, and have freed Juncourt, just north of the enemy troops.

One two-passenger car, Saxon, in good condition, for sale this week only. Price \$350. J. J. Frederick, Garrison, Texas, 2d1w

## BRITISH FOIL THE GERMAN PLANS

(By Associated Press)  
PARIS, Oct. 2.—The Germans decided September 1st to burn Cambrai, and forced the civilian population to leave. The German mined the town, but the British fought around the town and foiled the plans of the enemy.

Cards are being mailed to War Savings Subscribers, reminding them of the obligations assumed June 28th, in the hope that a great many may meet that obligation, if possible before maturity. This is in no sense a "dun." Primarily, it is necessary that we do this, in order that we may keep our records straight. Please therefore, do not neglect to give us the information desired, preferably by postal card. M. C. Johnson, Secretary, War Savings Committee.

WASHINGTON, Sept. 28.—The impending collapse of Bulgaria is a direct result of the concentration of American forces on the western front, General March announced today. The elimination of Bulgaria should a separate peace be granted, would foreshadow the isolation of Turkey and the possible re-entry of Rumania into the war, March said. The effect of these events on the grand strategy of the war is obvious, he added.

### CITATION BY PUBLICATION.

To the sheriff or any constable of Nacogdoches county, Greeting:

R. S. Speer, administrator of the estate of Jacob & Mary C. Henry, deceased, having filed in our county court his final account of the estate of said Jacob & Mary C. Henry, deceased, numbered 1705 on the Probate Docket of Nacogdoches county, together with an application to be discharged from said administration.

You are hereby commanded, that by publication of this writ for twenty days in a newspaper printed in the county of Nacogdoches, you give due notice to all persons interested in the account for final settlement of said estate to appear and contest the same if they see proper to do, on or before the November term, 1918, of said county court, commencing and to be held at the court house of said county, in the city of Nacogdoches on the 18th day of November, A. D. 1918, when said account and application will be acted upon by said court.

Given under my hand and seal of said court at my office in the city of Nacogdoches this 2nd day of September, A. D. 1918.

W. T. ORTON,  
Clerk, county court Nacogdoches county.

## HUNS UNEASY OVER DEMONSTRATIONS

From Friday's Daily.  
PARIS, Sept. 26.—The German government is very uneasy over the pacifist demonstrations in Bulgaria and the German minister has conferred with King Ferdinand.

Pacifist manifestations were held at Sofia Sunday, Monday and Tuesday. It is reported that martial law has been established at Sofia. There are also reports that the new ministerial crisis and a change of Bulgaria's foreign policy is impending.

### 42,000 TURKS BEEN TAKEN PRISONERS IN PALESTINE

PARIS, Sept. 26.—The latest advices reaching here say that 42,000 Turkish prisoners have been taken in Palestine.

PARIS, Sept. 25.—Fresh dispositions were made by General D. Deperrey, who has passed through Prilep, and justifies the belief that there may be energetic exploitation of the great inter-allied victory in Macedonia, says the Echo de Paris today.

King Ferdinand, of Bulgaria, has asked Feld Marshal von Mackenzien to take command of his armies in order to block the advance of the allies in old Serbia and preserve Bulgaria from invasion.

LONDON, Sept. 26.—Serbian troops have reached the outskirts of Ishtib, an important Bulgarian base, Tuesday. Elsewhere, east of the Yadar, the Serbians have made important gains.

North of Prislip the Serbians are pursuing the Bulgarians in their incomplete retreat and are approaching Izvor, midway between Prilep and Veles.

Grasko station, defended by the Germans southeast of Uskub, has been captured by the Serbs. Enormous quantities of supplies, including 19 guns, has also been captured.

Reports in official quarters here indicate that the Prilep-Veles road has been cut at Izvor, isolating the first Bulgarian army from its main line of communication and placing it in a precarious position. The First army is on the allied left.

LONDON, Sept. 26.—North-west of St. Quentin the British continued their pressure against the German defenses, and have captured enemy strong points in the Selency and Greycourt neighborhood.

In Flanders the British line has likewise been advanced. Progress is being made in the sector north of Labassee.

LONDON, Sept. 26.—The Turkish fourth army on the Palestine front now faces annihilation by the allies. The total number of prisoners was increased to forty-five thousand.

The annihilation of the fourth army, now hoped for, would complete the cleaning up of the Turks in Palestine, accounting for about eighty thousand men.

PARIS, Sept. 26.—Renewed German attacks north of the Aisne have been repulsed at a point where the Germans had gained a foothold upon French positions. They were ejected after a counter attack.

From Saturday's Daily.

A telegram was received this morning from Adjutant General Jas. A. Harley, instructing all companies of infantry and all troops of cavalry, N. G. of 2, to immediately demobilize if mobilized, on account of the spread of influenza. This order does not affect Nacogdoches county as neither the cavalry or infantry has been mobilized.

## FORMER NACOGDOCHES GIRL DIED HUNTINGTON

HUNTINGTON, Sept. 26.—Mrs. Lula Rawlinson, wife of Dr. W. P. Rawlinson, died at her home here Sunday morning, Sept. 22, aged 38 years. Funeral services were held at the Huntington cemetery Monday afternoon at 4 o'clock. She is survived by her husband and four children and two brothers, the latter being A. F. Henning of Dallas and George R. Henning of New Orleans, La.

Mrs. Rawlinson lived in Nacogdoches from 1896 to 1904, and will be remembered as Miss Lula Henning. She had many friends among the older settlers of this city who will be pained to receive the sad news of her death.

## A BARN BURNED AT SHADY GROVE

News reached town this morning that the barn of Mr. J. S. Neely, a well known citizen of Shady Grove, burned last night, together with 107 bushels of pecan nuts, 300 bales of hay, some corn and other effects.

The Sentinel did not learn how the fire originated, but as there was rain and an electrical storm during the night, it is possible that the barn was struck by lightning.

As no insurance was carried, the loss falls rather heavily upon the good citizen.

Carl Means, a well known farmer living out west of town, brought a limb from a mulberry tree which is bearing a second crop to the office this morning. Mr. Means says that this is the first time he ever knew any kind of fruit tree to bear a second crop. Peach and other trees will frequently bloom, but they usually get caught with frost and do not bear.

## VICTORY

The word carries a thrill. It touches our deepest hopes, our best instincts and our pride. It spells peace, freedom and prosperity. Yes, Liberty Bonds equip armies and build fleets. But they do something far greater—THEY BUY VICTORY.

Nacogdoches county has been assigned its quota of the Fourth Liberty Loan—\$399,200.00. We should be able to raise this amount in a quick, sharp drive such as General Pershing and our boys employed in wiping out the St. Mihiel salient.

We are enjoying the greatest prosperity we have ever known. Nacogdoches business men have had more business the past few weeks than they could take care of. The farmer is busy, the laborer is busy and the business man is busy—all with more than they can do.

But regardless of how busy we are it is the first duty of loyal Americans to support their government in its stupendous efforts to make the world safe for us. Men win battles, but it takes money to win wars. Business would be hum if the Huns were invading Texas.

### THEREFORE—

We, the undersigned business firms and citizens, realizing that until Nacogdoches county's quota of the Fourth Liberty Loan has been subscribed and our obligation to the government, to General Pershing and our boys in France has been discharged, recognize our personal business as secondary and heartily pledge our support to the Liberty Loan committee in all things which it may call upon us to do in this Liberty Loan campaign. Furthermore, we urge all patriotic citizens to lend every effort to make the campaign short and successful after which business may be resumed as usual. Pledge your support to Pershing and the boys by offering your services to the committee. Signed:

### PLEDGE

I or we, the undersigned, cheerfully offer our services to the Nacogdoches County Liberty Loan Committee in any reasonable thing which the committee may call upon me to perform during the drive to raise the county's quota of the Fourth Liberty Loan. I want to see General Pershing provided with everything which will enable him to obtain victory quickly and spare the lives of as many of our boys as possible.

## GERMAN OFFICIAL REPORT TODAY

BERLIN, Sept. 26.—The headquarters statement today reports the capture of French and American prisoners in the Lorraine sector, east of the Moselle river.

In fighting to the west of St. Quentin, the French succeeded in effecting small breaches in the German lines between Francilly and the Somme.

### RED CROSS NEWS.

The ladies of the Baptist church have loaned a fine, large heater to the Red Cross for use in one of the work rooms this winter. We are very glad, indeed, to receive this loan, which we hope will be the forerunner of several similar ones, and we wish to express to the ladies who have come forward so generously, our appreciation of their kindness. Will not someone follow their examples and send us a stove for the gauze room? The Main St. Circle report for this week is as follows:

- 15 trench-foot slippers.
- 1 helmet.
- 34 triangular bandages.
- 3 diapers.
- 3 sacques.
- 4 pairs booties.

We are very glad to announce that Mrs. L. L. Munsell and her helpers have gone "over the top" on the quota of children's refuge garments, having completed 755 garments.

Mrs. Eugene Blount, in charge of the layette work, will report every week on this work, which is going splendidly.

## BULGARIA INVADED BY ALLIED ARMIES

(By Associated Press)

SALONIKI, Sept. 26.—Bulgaria has been invaded by allied troops. The British entered Bulgarian territory opposite Kosturino, about six miles south of Strumitsa, the enemy base in this region.

### \$399,200.00 IS OUR LIBERTY LOAN QUOTA

Amount Considerably Smaller Than Expected and Will Be Put Over Quickly.

The county chairman, Hon. June C. Harris, is in receipt of a message announcing that Nacogdoches county's quota in the fourth Liberty Loan has been placed at \$399,200.00.

This assessment is much smaller than was anticipated, the chairman and others expecting it to be between four hundred and five hundred thousand dollars and the managers of the campaign are optimistic in the belief that they will be able to go "over the top" quickly, and that old Nacogdoches county will cover herself with characteristic glory.

In this connection our efforts in the past along this line will possibly be interesting and give us courage to go forward with our duty in the present instance. Our first quota was placed at \$1112,000.00 and we subscribed \$158,600.00; our second quota was \$177,000.00 and we subscribed \$226,500.00; our third quota \$274,300.00 and we subscribed \$361,000.00, or almost as much as we are called for in this drive. It is also noted that we could have raised more in the last campaign if we had continued our efforts to the limit of time allowed.

### JURY COMMISSION APPOINTED.

Judge L. D. Guinn appointed Messrs. T. J. King, Douglas, J. D. Greer and C. B. Patton, of Melrose, as a jury commission to select grand and petit jurors for the March term of court today.

The drawing will take place Thursday morning. The commissioners are honored citizens of Nacogdoches county, and will no doubt select the very best citizens to serve as jurors.

### MARRIAGE AT GARRISON.

Mr. Byron Price, son of Mr. Arch Price, a well known citizen of the county, living out some miles west of town, and Miss Gladys DeVaughn, daughter of Mrs. Gordon Langston, were married at the home of the bride's parents in Garrison yesterday morning.

### MARTHA FLORINE THE CIRCUS GIRL, BEAUTIFUL AND ONE OF HER PETS SHE PERFORMS WITH IN BARNES CIRCUS, COMING OCT. 5TH.

terday morning.

A large number of relatives and friends attended the wedding, and the ceremony is reported to have been a most beautiful one.

Mr. Price is engaged in the country's service, stationed at Camp Logan, which proves his patriotism and sterling worth. The bride is a most beautiful and accomplished young lady, universally loved by those who know her.

After the ceremony the happy couple left for a little visit to Houston and Galveston before Mr. Price returns to camp.

### INJUNCTION AGAINST ROAD CONTRACT GIVEN

Lufkin News, Monday.

Today was the time set for opening bids for the construction of the highway from Lufkin to the Angelina river, but just about the time the contract was to be let, the county engineer and highway commissioners were served with an injunction restraining them from letting the contract. The injunction was granted by Judge L. D. Guinn upon the application of W. T. Parker, R. M. Maberry and others and the case set down for final hearing in this city on October 22nd. Norman, Shook & Gibson, of Rusk representing the petitioners, and they not only ask that the county highway commissioners be restrained from letting this contract, but also that they be removed from office. Judge Guinn, however, only granted a portion of the petition.

In this connection it will be remembered that when the bond issue for this highway was voted it also included the construction of a road from Lufkin to the Gulf Pipe Line pumping station. The capitalization board refused to approve the bond issue at this time for more than \$40,000, thus reducing the issue one-third. It was also held by the above board that the construction of the pipe-line road was not essential at this time and should not be built. There is nothing, however in the way of later getting this additional \$20,000 approved and the additional road constructed. The final hearing will be watched with interest, but in the meantime the work of construction of the highway from Lufkin to the Angelina river will be delayed at least one month.

### SWIFT LOCALS.

The farmers are very busy gathering their cotton crops. Some are nearly through picking. Peanut harvesting is the order of the day. A ten year old son of Mr. and

Mrs. Henry Stewart was bitten by a mad dog on Sunday afternoon, the 22. As soon as it was learned that the dog contained hydrophobia, the child was immediately sent to Austin to take treatment.

The council of defense members are busy looking after the interest of the Liberty Loan drive.

There will be a graveyard working at Swift Thursday, Oct. 3rd, and Friday Oct. 4th the Swift school patrons will meet and clean off the school campus. The school will begin Monday, Oct. 7. Prof. Hale and the assistant teachers, and the trustees are making all necessary preparations for the opening day.

Mr. J. T. Brewer has been quite sick for the last few days, but is improving.

A large crowd of our citizens attended the opening day of the Liberty Loan drive at Nacogdoches last Saturday. Buy a Liberty bond and help lick the Kaiser.

### DISTRICT COURT.

The case of the State of Texas vs. Mrs. Samantha Roebuck, charged with the murder of her husband in San Augustine county and transferred to this county, was continued until the next term of court on motion of the state. The defendant is represented by Hon. Geo. King of Houston, Judge H. E. Short of Center and Hon. Wm. McDonald of San Augustine, and the State by District Attorneys W. B. O'Quinn of Lufkin and Hamp Downs of San Augustine and Hon. S. M. Adams of Nacogdoches. There are about a hundred and fifty witnesses and the case is destined to be one of the most sensational ever tried in this county.

### LIBERTY LOAN RALLY HELD LAST NIGHT

Wednesday's Daily  
The mass meeting of citizens of Nacogdoches School District called to be held at the court house last night drew a fairly good crowd, the district court room being comfortably filled.

County Chairman Harris opened the meeting with an address, in the course of which he complained that there was not as much interest in the matter in this immediate vicinity as there should be, and urged all to rally to their duty in the matter to the end that the loan can be put over as it should be. Mr. Harris was followed with addresses by Judge Middlebrook, Judge Blount, Capt. Sturdevant and Hon. Moss Adams, and with this team of speakers much in-

terest and enthusiasm was aroused with those present which will doubtless be followed with greater community activity. At the beginning of the meeting pledge cards were distributed in which the signers agree to respond to every possible call and do all in their power to put over the loan as quickly and gloriously as possible. All present signed the cards, which lines up a strong working force. Another interesting feature of the meeting is noted in the city council of Nacogdoches attending in a body and subscribing for \$5,000 worth of the bonds, to be taken care of by the sinking fund of the city. The council has subscribed liberally to the other loans, and with this subscription is accumulating a nice block of liberty loan certificates.

## SERBIANS TAKE IMPORTANT BASES

LONDON, Sept. 28.—The city and fortress of Veles, one of the most important bases of the Bulgarian forces in Southern Serbia on the Vardar, has been captured by the Serbians. Serbian forces are pushing on from Veles toward Uskub. The troops defending Veles were taken prisoners.

The official Bulgarian statement dated Sept. 24 announces that Bulgaria has initiated a proposition for obtaining an armistice and peace.

### EUGENE BLOUNT IS CAPTAIN OF CAVALRY

Captain R. B. Walthall, returning this morning from Houston, tells the reporter of Eugene Blount's appointment as Captain of Cavalry.

Mr. Blount had some time ago offered his services to General Harley of the Infantry Brigade. Yesterday as Mr. Blount and Capt. Walthall were seated in the lobby of the Rice Hotel in Houston, there came a long distance call for Mr. Blount and he was offered a captain's commission in the Texas National Guard which was accepted.

In a short time a second call ordered him to report instanter to Leon Springs for physical examination and if he passed that to remain in officers training camp. Mr. Blount was preparing to return to Nacogdoches but instead left immediately for Leon Springs after phoning his family and business associates.

The cavalry officers have been training intensively for some time so Mr. Blount starts in a little handicapped.

Captain Walthall says there was nothing in the messages to indicate what troop or even what regiment Mr. Blount is assigned to.

## FRENCH TAKE OVER THIRTEEN THOUSAND

From Tuesday's Daily.

PARIS, Oct. 1.—The French have taken over thirteen thousand and prisoners on the front between Suippe and Argonne since September 26th, and captured three hundred guns, a number of which were heavy calibre.

### ARIZONA MINE BOSS LAY HELPLESS WHEN WIFE GOT TANLAC

Was Six Feet Tall And Got Down To Where He Weighed One Hundred And Sixteen Pounds.

"I lay helpless when my wife ordered our first bottle of Tanlac from El Paso, Texas," writes Harry E. Scott, of Dragoon, Arizona, in telling of his remarkable recovery.

"Mr. Scott's letter was addressed to C. F. Moss, a well-known druggist of Benson, Arizona, who has the Tanlac agency for that town, and was forwarded by Mr. Moss to the Tanlac offices in Atlanta. His letter follows:

Mr. C. F. Moss, Benson, Ariz. Rear Sir:—

"As you expressed a desire to hear more about my case, I will try and tell you part of it. I was down and out nearly all the time for two years with rheumatism and stomach trouble and went to eight doctors, two of whom were osteopaths. Three of them refused to take my case, saying it was incurable, and others might as well have done so, as they did me no good. I guess I have taken a barrel of medicine internally and externally; I also went to Hot Springs and out of all that was ever done, I never got one week's relief at a time.

"After going down to one hundred and sixteen pounds—which is very light for a six-footer—I kept getting worse until I couldn't move, even to feed myself, had no desire to eat and couldn't sleep more than two hours a night. Some of the officials of the mine, of which I am a foreman, would call to see me, and then go one and say, 'poor old Scott, I guess he has fired his last man.' My wife thought I would never get out of bed alive and she knew my condition better than anyone else.

"At last when I lay helpless, my wife ordered a bottle of Tanlac from El Paso, Texas, which was the nearest place we could get it at that time. One evening about four days after I began taking Tanlac, I ate a fair meal and enjoyed it, the first in many months. By the time I had taken half of the first bottle, I thought I had a good appetite but when I had finished my second bottle I could hardly eat enough to satisfy me. Well, Harry E. Scott, I have just finished my ninth bottle, have gained eighteen pounds and am back on the job every day.

"I have converted lots of sufferers to the 'Tanlac Route' and it affects them all as it did me—their stomach trouble, nervousness, and rheumatism all yield to Tanlac. Mrs. Scott and myself are willing to go before a notary and make affidavit as to the truth of every statement in this letter, which you are at liberty to publish and use for the benefit of others."

Yours very truly,  
HARRY E. SCOTT.  
Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co., and Swift Bros. & Smith.

LONDON, Oct. 1.—Belgian reports today show continued progress along the whole front. Amersweid and Costniewkerke have been taken and Belgian troops have crossed the Zannen-Roulers and Roulers-Menin roads at several points.

## COME AND SEE THE GUNS CAPTURED BY OUR BOYS AT CHATEAU THIERRY

FRENCH "SEVENTY-FIVE," AERIAL TORPEDO, DEPTH BOMB AND OTHER WAR TROPHIES MAKE UP INTERESTING EXHIBIT.

BLOOD-STAINED AND BULLET-RIDDLED UNIFORM OF HUN KILLED BY AMERICAN SOLDIER WILL SHOW YOU HOW OUR BOYS ARE TAKING CARE OF YOUR INTERESTS AT HOME—GAS MASKS USED BY OUR BOYS AS PROTECTION AGAINST THE DEADLY MUSTARD GAS.

Perhaps no other battle waged in the great World War will ever be as deeply impressed in the minds and hearts of the American people as that one fought at Chateau Thierry, when the American soldier covered himself with glory fighting fearlessly—courageously, as Americans always fight. Here the counter-attack of the American forces turned the tide of war in favor of the allies and since that time our forces have steadily pushed their line forward.

Your boy may have been with the American forces that started that never-to-be-forgotten repulse of the German shock troops on the spot that has been the scene of many a titanic struggle since the time of the ancients. Maybe it was your neighbor's boy or some other boy from your home town. He may have been one of the group who captured a machine gun crew of the enemy troops.

At any rate it will not be difficult for you to visualize the activities of your home town boys in that great American victory when you inspect the

### Minnenwerfer, or Trench Mortar Gun,

captured by the Marines in that engagement, which is attracting more attention than any other object on the Liberty Loan War Relic Train, making a tour of the Eleventh Federal Reserve District in connection with the Fourth Liberty Loan Campaign.

Second in interest is

### The Great French "Seventy-Five,"

the big gun used first at Verdun, where it "gave the German the surprise of his life," as a returned war veteran puts it. It bears the marks of camouflage as it was used in that terrific drive of the Hun, which the French armies met and held at that famous spot which will go down in history as one of the world's great battlegrounds. It was at Verdun that the vision of the "White Comrade" spurred the tired and war-worn soldiers of France on to fiercer resistance against the foe, and where with their backs to the wall they fulfilled their vow, "They shall not pass."

Another object of particular interest at this time is

### The Depth Bomb, Which is Included in This Exhibit.

This bomb is playing an important part in the transportation of United States troops overseas. It is carried on the torpedo boat destroyers which act as convoys to the troop ships, and are used in warfare against the German submarines. This weapon has been responsible for the sinking of more than one submarine which has attempted to frustrate the moving of United States troops.

Aircraft has become an important factor in modern warfare. Some of the most splendid and daring exploits of young Americans who are defending the principles upon which this nation was founded have been made possible by means of the aeroplane. Can you picture a heavy battle plane, equipped with a Lewis machine gun and carrying several aerial torpedoes, each weighing as much as 250 pounds, and a crew of five or six men? The Lewis machine gun which is used to a great extent in aerial warfare is among the interesting features of the war relic train, as is the aerial torpedo.

Captured German Rifles, Grenade Throwers and a Grantewerfer show the material which the Hun uses when he launches his conquest for world domination.

A Chauchat auto rifle machine gun, along with its magazine, ammunition carrier and other accoutrement of the French infantryman displays the sort of firearms used by the "Blue Devils."

### Uniform Worn by Boche Bears Evidence

of good marksmanship of American doughboy. This uniform, blood-stained and showing the wicked slit of a bayonet thrust, will be exhibited along with the field equipment of the German soldier. These objects will be shown in conjunction with the outfit of the United States soldier, and will give a comprehensive comparison of the two, showing the superiority of the American fighting man, in the matter of equipment as well as a fighter.

That "an army fights on its stomach" is fully recognized when an inspection is made of the methods by which the soldier carries his rations. Food and ammunition are the two greatest factors toward the successful outcome of a military expedition. And these, or a portion of these, the soldier carries with him as he moves from position to position along the new line of battle.

There are other exhibits on the train that appeal to the patriotism of all American citizens. Every man, woman and child should make it a point to see these war relics. The week before the trains were made up in Dallas hundreds of people visited the building in which the objects were being assembled, and viewed the trophies. The Minnenwerfer gun was placed on display outside the headquarters of the Dallas Liberty Loan Committee and had about it a group of interested spectators every hour of the day. The greatest enthusiasm is being manifested throughout the district regarding the visit of the War Relic train. An efficient corps of speakers and attendants accompany the train which will be made up of four cars. There are two flat cars, carrying the large gun, trench mortar, etc., an automobile car to show the smaller relics and a sleeping car for the speakers and attendants.

## GEN. ALLENBY STILL ADVANCING

PARIS, Oct. 1.—General Allenby's troops are now two and one-half miles from Damascus, and the French cavalry is advancing on Beirut.

### DESERVES A GOLD MEDAL FOR THIS

Cincinnati authority tells how to dry up any corn or callus so it lifts right off.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn stops soreness at once and soon the corn loosens so it can be lifted out, root and all, without a bit of pain.

A quarter of an ounce of freezone costs very little at any drug store, but is sufficient to take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to inflame or even irritate the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this.

### YOU ARE CORDIALLY INVITED

To visit our interesting and instructive exhibit at the Louisiana State Fair, Shreveport, Cotton Palace, Waco, East Texas Fair, Tyler and Pittsburg Fair, Pittsburg. We invite all our former students, their friends and those interested in America's largest business training school to visit our booth in the Exposition Building, and see our splendid exhibit, which has won first honors at the state fairs. Our exhibit will be interesting and educational to old and young. We will have demonstrations on some of the most modern office appliances which are taught in our school. Speed demonstrations in Byrne Combination Shorthand, a system written either with a pencil or typewriter, exhibit of students work in Bookkeeping, Business Training, Shorthand, Type writing, Business Administration and Finance, Penmanship, Cotton Classing and Telegraphy. A visit to our exhibit will show you why we have the largest school of the kind in America. You will clearly see why it is that we can make you a more practical and thorough stenographer in three and one-half months with the famous Byrne shorthand than other schools teaching other systems can in seven months, and why it is with our original copyrighted system of Bookkeeping and Business Training in less time than other schools teaching other systems can give you a mere theoretical course of Bookkeeping, and why it is that our practical department of Telegraphy, the largest in the United States, with a loop of the Cotton Belt train wire, giving every message to our

students, every station blank and record book that is used by the Western Union or Cotton Belt Railroad, turns out practical operators and station men; and that we place our graduates into good positions, also investigate the practical manner in which we teach cotton classing.

From present indications we will have more than 3500 enrollees this year.

## THE MOST DANGEROUS DISEASE

No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Danger is in sight. Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back or difficulty in passing urine—wake up at once. Your kidneys need help. These are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system. Get some GOLD MEDAL Haarlem Oil Capsules at once. They are an old, tried preparation used all over the world for centuries. They contain only old-fashioned, soothing oils combined with strength-giving and system-cleansing herbs, well known and used by physicians in their daily practice. GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories in Holland. They are convenient to take, and will either give prompt relief or your money will be refunded. Ask for them at any drug store, but be sure to get the original imported GOLD MEDAL brand. Accept no substitutes. In sealed packages. Three sizes.

### GOV. HOBBY APPEALS TO TEXANS BUY BONDS

APPROXIMATELY 200,000 men have gone from Texas into the various branches of the United States army and navy. These men must be fed and clothed and supplied with the necessary equipment for carrying forward to a successful culmination the task to which they have dedicated themselves, their lives and fortunes. The work of maintaining an army of 200,000 men is a stupendous task and the cost is in proportion. As an individual, as a private, non-commissioned or commissioned officer, the American soldier costs approximately annually per capita \$2,000. Of this amount \$420 goes for sustenance; \$280 for personal equipment; \$650 for service; \$80 goes for pay (general average) \$80 housing; contonment, etc.; \$20 transportation here and abroad. On this computation of about \$2,000 it will cost Texas \$400,000 annually to maintain her army of 200,000 men, not including guns and ammunition. Nothing less is expected of Texas.

In his report to the house appropriations committee, General March said there are now about 3,200,000 men under arms. Sixteen per cent of this number came from the Lone Star State. To the everlasting glory of a big state that does big things, it can be said that Texas did her duty by her country in giving her man power to this big cause for which our country went to war. And her share of meeting the gigantic cost of feeding, clothing and maintaining this huge representation of the greatest commonwealth in the greatest country in the world will be accomplished with the same spirit of readiness with which she raised and sent into training and across the seas her army of 200,000 men, and with which she meets all big situations.

The message sent back to this country by the boys who are in the thick of the fight is this: "We can do your fighting to a victorious finish if the folks back home are willing to 'stand the gaff.'" Texas is going to "stand the gaff." She has never admitted defeat. Conditions in the western section of the state have been deplorable by reason of an unprecedented drouth. The answer to an appeal for relief of the drouth suffers was spontaneous throughout the state. And just as Texas arose to a situation that demanded the immediate financial assistance to citizens within the confines of the state, so will she lend the necessary backing for those boys 200,000 strong who have uncompilingly cheerfully, and with a smile on their lips shouldered the responsibility of their war, which is your war and my war, as well as theirs.

I appeal to the patriotism and to the honor of Texans. Do your part by those boys who are fighting for you. "Stand the gaff" and back them up to your last dollar, in order that they may so do in return to us, having fought a good fight to a victorious end.

W. P. HOBBY, Governor.

### BULGARIA MAKES THE ALLIES AN OFFER OF ARMISTICE

LONDON, Sept. 27.—Premier Malino, of Bulgaria has made an offer of armistice to the allies, according to a Berlin message by telegraph. The premier's offer was made without the support of the other members of the cabinet or King Ferdinand. The Bulgarian minister's offer of armistice was made to the Allied commander of the forces operating against the Bulgarians, says the Berlin dispatch. The French commander in chief of Macedonia officially reports that the Bulgarians asked for a meeting to arrange conditions of the armistice, and eventually peace. The French commander replied, refusing to suspend operations, but would receive duly qualified delegates of the Bulgarian government.

Paris, Sept. 27.—General D. Espery, commanding the allied armies in Macedonia telegraphed the French government that a high Bulgarian officer had presented himself on behalf of General Torodov, commanding the Bulgarian army, asking for suspension of arms for forty-eight hours to permit the arrival of two authorized delegates of the Bulgarian government, Minister of Finance Liapcheff and General Loukoff, commanding the Bulgarian Second Army are on their way to French headquarters with the assent of King Ferdinand to arrange the conditions of the armistice and eventually terms of peace.

### AUTOMOBILE ACCIDENT IN THE CITY YESTERDAY

From Monday's Daily. Yesterday morning while Greer Orton, Jr., was turning a corner on the public square in a car, in which were his little brothers Albert and Sidney, his car collided with another and Albert received some bruises, while Sidney received a cut on the head. The other car was driven by a boy, who, when he saw his danger put on his brakes and stopped. Greer also put on his brakes but they failed to hold, hence the collision. Neither of the boys were seriously injured, and will be all right in a few days.

### IN MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oakaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."  
—Mrs. Lizzie Courtney, 108-8th Ave. West, Oakaloosa, Iowa.  
Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

### ALLIES BEGIN A NEW ATTACK

PARIS, Sept. 28.—Allied troops began an attack on the front of Ypres today. The advance at some points has been over two and a half miles. The attack is being made by the Belgian army and is on the last part south of the North Sea. One thousand prisoners have already been counted. Heavy fighting is taking place between Dixmud and Ypres. Further north the French gained ground east of Nancy, capturing 150 prisoners. The German army of Allemann was repulsed. The German army of Allemann was repulsed.

### SAINTED OLD MOTHER DIED THIS MORNING

From Monday's Daily. Mrs. Fannie McAtee, age 77, the late home of her daughter, Mr. L. J. Halton, about 6 o'clock Monday morning. Her daughter, Mrs. L. J. Halton, near Melrose. Mrs. McAtee is survived by three children, T. J. Halton of Swift, Mrs. Rufe Hadman of Oklahoma, and Mrs. L. T. Halton, Melrose. Mrs. McAtee has been in poor health for many years, and her demise came as a sweet relief from her suffering. She has been a long and faithful member of the Methodist church, and is loved and esteemed by all who know her. The Sentinel joins the many friends in extending consolation.

### BULGARIA ACCEPTS ALLIED TERMS

Hostilities Cease Noon Today—Bulgaria Now in Complete Control of Allies.

PARIS, Sept. 30.—An armistice has been concluded between the Allies and Bulgaria on the Allies' own terms. Announcement of the armistice was made officially today. King Ferdinand of Bulgaria is expected to reach Vienna soon, according to dispatches from Innsbruck. Two daughters of King Ferdinand, with a large quantity of baggage, arrived in Vienna last week and stated that their father was expected soon. As the armistice has been arranged on terms laid down by the allies, it is probably that it will call for the occupation of Bulgaria by Allied troops with the assistance of the Bulgarian government. Bulgaria will probably be compelled to break communication with the Central Powers, and withdraw her armies from Serbia, Greece and Rumania and other theatres.

Bulgaria by the terms of the armistice, giving up completely the control of railways. A convention has been signed whereby hostility between the allies and Bulgaria ceased at noon today and strong belief exists here that a peace offer from Turkey is imminent.

### MAYO RAISES LIBERTY LOAN QUOTA IN HOUR

Mayo phoned Liberty Loan headquarters here this morning to find out their quota to the Liberty Loan, which was \$4,000. In an hour they phoned again and said that they had raised their quota with \$100 over, and were still going. This is a splendid showing of patriotism, and if followed by all the county would quickly insure the amount that the government asks of the county.

### PEACE OFFER RESULT MEETING OF LEADERS

PARIS, Sept. 28.—Bulgaria's peace offer to the allies was the result of a meeting held Monday and attended by all political leaders of Bulgaria, including Vaseil Radoslavoff, the Liberal leader and members of the cabinet. It is not, as the Germans pretend, an impulsive act of Premier Malinoff, says dispatches received here.

### AIRPLANE ARRIVED YESTERDAY MORNING

From Monday's Daily. There was "much ado" in the city about 12:00 o'clock yesterday, when a loud noise was heard in the skies. The airplane which was due here Saturday at the same hour, had arrived. The machine was delayed at Livingston, where an accident was suffered, which necessitated their spending the night in that city. The machine circled around the city several times, "looping the loop" to the open-mouthed wonder of those who had never witnessed the feat before, and then traveled on to the landing place about one and one-half miles up North street. The grounds were rather small and a tirse was busted in the landing

which necessitated some repairs. A committee of citizens met the aviators, Lieut. Tierney and Mechanic W. J. Singletery, of South Park, 2nd Provisional Wing, Ellington Field, Houston, and entertained them with a dinner and other features. Some repairs were made on the machine yesterday, and the aviators spent the night in the city. As the landing place was too small the aviators did not make any exhibition flight yesterday. When they started to leave this morning they suffered some engine trouble and had to land again. This has been repaired, and the aviators will go up promptly at 9:00 o'clock in the morning, flying around before they go on to Houston. The landing field was crowded with citizens all day, coming from far and near to view the machine at close range. We all join in the spirit of a sainted old mother who worked her way through the pressing crowd when the machine landed yesterday, to shake hands with the aviators, overcome with emotion, as she wished a blessing on the boys. Notwithstanding their mishap early in the flight, they persevered and came on to the city, and all Nacogdoches extends hearty good wishes and admiration.

I am Sincere! Stop Calomel!  
I Guarantee Dodson's Liver Tone

Listen to me! Calomel sickens and you may lose a day's work. If bilious, constipated or headachy read my guarantee.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place. Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is permanently guaranteed by every druggist who sells it. A large bottle

costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back. Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe all the next day like violent calomel.

### "FLU" EPIDEMIC HOLDS UP THE DRAFT CALLS

Saturday's Daily. Owing to the epidemic of influenza now prevalent in the majority of the army training camps of the country, the call for draft men to move to camps between October 1st and 7th has been cancelled by Provost Marshal General Crowder and there will be no further movement until further orders are given. Telegraphic instructions to this effect were received Friday by the various draft boards of the country. The Nacogdoches board had just prepared the list of men to be called when the order reached here. The telegram cancelling the call contained no information about the situation in the camps, nor any intimation as to what further steps would be taken towards moving draft men.

### LIBERTY DAY GALA DAY FOR NACOGDOCHES

From Saturday's Daily. As far as the weather is concerned, it would have been impossible for President Wilson to have selected a more suitable day for the beginning of the great Liberty Loan drive than today. It was just cool enough to be pleasant, and there was not a cloud in the sky.

All of the business houses in the city today were appropriately decorated for the occasion, and an immense crowd is present to witness the ceremonies.

The arrangements committee has especially dedicated today to "the boys over there" and every man, woman and child in Nacogdoches county should some time during the day bow their head in silent prayer to the God of all nations and invoke His blessings on every American in foreign lands, fighting the battles of Christianity and civilization.

The big parade held in the night started about 7:00 o'clock, in which was the cavalry company, the Boy Scouts, the Red Cross nurses, and citizens.

Immediately after the parade the big service flag was unfurled between Swift Bros. & Smith Drug Store and the Farmers & Merchants Bank. The flag contained over twelve hundred names, representing every Nacogdoches county boy in the service. Embroidered in the flag were 13 golden stars; each an emblem of the "supreme sacrifice" for love of country and cause, which these thirteen brave and true sons of old Nacogdoches county have made.

After the unveiling of the flag Prof. [Name] delivered the Address to The Sentinel. When I typed the air- [Name] ed the city, but a telegram received stated they left Houston this morning at 9:00 o'clock in the face of a heavy wind.

### NUT SHELLS AND FRUIT PITS

From Saturday's Daily. The government has asked the Red Cross throughout the United States to undertake the gathering of nut shells and fruit pits, to be used in the manufacture of gas-masks for soldiers. The people of Nacogdoches county are urgently requested to save up all fruit pits, peach, plum, and apricot pits, olive, cherry, date stones, also the children are urged to gather hickory nuts, pecan shells, walnuts and butternuts for this purpose, as the shells are used in large quantities in the manufacture of these masks.

—CHARLES D. ATWELL, County Chairman.

### NICE SHOWING

Saturday's Daily. Mr. Gramling says that he planted one-half a peck of Irish potatoes on the 14th of January and that he commenced eating them on the 13th of April and that they lasted until June 1st and he then dug them and put away 3 and one-half bushels. He then planted the same ground in sweet potatoes on June 1st, and that he now has sweet potatoes.

This is a very nice showing, having grown both crops on the same ground, and shows what energy and enterprise can accomplish if put to the test.

### SEED HOUSE BURNS

A seed house near the depot belonging to Mr. Joe Clevenger caught fire about 2:30 last night and burned. A loss of fifty tons of seed, valued at \$65 per ton was sustained. The seed were partially insured.

## Liberty Loan Stories

(Special to The Sentinel)  
At Houston a Liberty Bond salesman paused at a hamburger joint for physical reinforcement. While he stood there watching the little pats of ground meat sizzle in the bubbling grease he got a \$2,000 subscription. Here's a tip for salesmen: You never know where they are coming from.

When the Liberty Loan train pulled out from the station at Groesbeck, Texas, a citizen who had not been able to make up his mind to buy bonds was suddenly seized with a patriotic inspiration, raced after the departing train, caught at a rail of the rear car, and at the risk of his life clung with one hand while he pitched into the car a \$20 bill, shouting his name and address. The last they saw of him he was picking himself up out of the cinders along the tracks and grinning.

At another point along the train route a man who had been saving up his money for medical treatment reconsidered and subscribed to the full amount of his savings. "It may not help my ailments," he said "but it will cure Kaiser Bill of his fits." Can't you give him a dose of the same medicine.

A stenographer in a Liberty Loan committee office, self-supporting and with an invalid mother who has just undergone an operation has bought a \$100 bond. "I thought I had bought all I could," she said, but when I see these wounded boys coming in the office and realize what it all means I just feel I must buy another. I'll have to tell my mother that I was

going to buy. I did want to buy it, but I want the bond more.

A downtown office building in El Paso a negro girl is employed as elevator boy. She was very excited over her purchase of a Liberty Bond, and was fumbling in her pockets for the first payment. The elevator was filling up with people and feeling that she owed her passengers an apology for the delay, she addressed them thus: "Dis Heah Libbuty Loan done got me mesmerized." How about you.

Sergeant Haley, one of the wounded American soldiers traveling with the war relief train in the Eleventh District said that when his company first joined up with the French there was some little doubt expressed as to whether the doughboys being new, could hold a certain position. A poilu said to Haley: "Can you hold them?" Hell, yes," was Haley's reply. The Germans are wondering whether the Americans are behind this war with their dollars. Let's send them Haley's reply.

Here is a story straight from the battlefield, told by private Kerjean of the French Foreign Legion, now in Texas: "Debout les morts!" (stand up you dead) This was the cry of a French officer outside Verdun, as he called to his few surviving comrades. He said afterwards that his cry was answered, for his men, filled with anew with the magnificent spirit of those who died, and to avenge their death, rushed on and saved Fort Devaux. Won't you fight with such men? The privilege is yours to stand behind them with your dollars.

## HUNS BURNING CITY OF CAMBRAI

From Tuesday's Daily.  
LONDON, Oct. 1.—Under the threat of a speedy capture by the British, Cambrai has been set on fire by the Germans.

Sold by Stripling and Haselwood.

### PRESS DISCUSSES STATUS OF KING FERDINAND

LONDON, Oct. 1.—There has been much discussion in the English press of the status of King Ferdinand, and suggestions have been made that he be deposed. The allies take the view that who should be Bulgaria's ruler be left with the Bulgarian people to decide should such a question arise. Thus it is pointed out that the allies have given practical application to the self-determination of the principal at the first opportunity offered.

The armistice which was arranged yesterday remains in force until the final and general peace settlement.

### Coughed So He Couldn't Sleep.

Bronchial coughs, tickling and asthmatic spasms breaks one's rest and weakens one so that the system is run-down and serious sickness may result. Eno Halbert, Paoli, Ind., writes: "I had a severe cold and coughed continually at night; could hardly sleep. Foley's Honey and Tar cured my cough." Stripling, Haselwood & Co.

### MARRIED AT COURT HOUSE

Mr. H. M. Coats and Miss Ada Matlock, of near Mt Enterprise, were married at the Court House Saturday evening, by Judge Perritte.

Both parties were nice-looking young people, and are prominent citizens of the community in which they reside, and have many friends, with whom The Sentinel joins in extending congratulations.

### A Man's Cheerful Recommendation.

W. H. Frear, 63 Myrtle Ave., Albany N. Y., writes: "I thought kidney trouble might be the cause of my run-down condition and weakness, so I took Foley Kidney Pills, and they did the work. I cheerfully recommend them." They relieve lame back, rheumatic pains, stiff joints sore muscles.

### REPORT TO WALTHALL.

Capt. R. B. Walthall, who has been serving as county food administrator, and who has been elevated to the position of state deputy requests The Sentinel to give notice to the merchants of Nacogdoches county to continue to make their monthly reports to him until his successor has been appointed.

Capt. Walthall also requests The Sentinel to warn all hotels and restaurant keepers that they must file their monthly reports, and that any failing to do so will have their supply of flour cut off.

### FROM A SOLDIER BOY.

The folks at home need never worry about the welfare of all who came to Camp Travis, Sep-

tember 6th. Most of us were stationed in the 18th Company, 122th Battalion, 165th Depot Brigade. With the kind of Officers who are in charge nothing can go amiss. Everything possible is done to make us comfortable, and various kinds of entertainment furnished, even while we are in quarantine.

Saturday we marched to a concert given by one of the regimental bands. Sunday one of the Chaplains stayed with all day and held services. Monday we were taken to the Canteen to supply ourselves with any little luxury we might want. Everyday Y. M. C. A. men are here distributing stationary, selling stamps and spreading general cheer.

Many of you are uneasy about what men in the army get to eat. Those who are especially interested in men of the 48th Company can dismiss this score entirely from their minds. Our fare is equally as good as we are accustomed to at home. The officers are uniformly careful about this. On several occasions they have asked and taken special pains to find out if there was any man who had not had enough to eat. We are frequently told not to leave the mess hall until we have had everything we want.

As to the quality of the food an incident that came to my attention several days ago is an example of the care taken. The captain called for the mess sergeant and this conversation ensued:

"Sergeant, we had pie today at the Officers' Mess. Did the men have the same thing?"

The sergeant explained that they did not, but that he was just trying to fix something extra for the officers.

"Sergeant," ordered the captain, "Do not let me hear of this again. While we appreciate your intention, yet we are going to try to live on the same fare with the men, and when the time comes that we cannot, why we will simply change the fare of the men as well."

In fact there is but one thing that we soldiers really need here in the 48th company, and that is something the officers and Uncle Sam are mighty careless about. Furnishing news from home is not on the list of things supplied. Why don't you write?

### Stopped Her Baby's Cough.

No remedy is better known than Foley's Honey and Tar for giving quick relief from coughs, colds and croup. Mrs. W. M. Stevens, Vivian W. Va., writes: "My baby had a terrible cough, and nothing did him any good. I read about Foley's Honey and Tar, the first dose helped him and in two days the cough stopped." Stripling, Haselwood & Co.

### WALDEN'S COLLEGE IS GROWING RAPIDLY

Prof. Walden reports that he enrolled 10 new pupils yesterday and 12 last week. Two of these pupils came through Houston and one from Louisiana.

He also reports that he has prospects of 8 or ten more next week, and that he thinks he will have several pupils from Arkansas.

The college is growing rapidly and is becoming known all over several of the adjoining states, and The Sentinel predicts that it will rapidly take its place as one of the biggest and best business colleges in the south.

About 60 pupils have already enrolled this term, and Professor Walden expects 75 before the term is over.

## Mayer & Schmidt INCORPORATED

WITH THE AMERICANS AT ST. QUENTIN, Oct. 1.—American forces fighting on the Hindenburg line south of Gouy have been heavily engaged all day, and tonight action still continues.

Americans supported by Australian forces have fought their way over ground invested with tunnels, and ravines which required considerable mopping up. The mouths of the tunnels were piled with dead.

American units now hold trenches in the Hindenburg line from which the Germans have tried to force them. As a result of the fighting the Americans hold lines forming a salient which bulges slightly westward between Gouey and Joncourt, but this at last reports was being gradually eliminated.

With the Americans at Verdun, Oct. 1.—Notwithstanding that the Germans are making desperate efforts to keep the Americans back on the front between Argonne and the Meuse, it is indicated that they are weakening.

Although the Germans are giving every evidence that they intend to hold desperately to the present line, instead of retreating, they overlooked no details which would facilitate retirement should it become necessary.
