BRITISH AMERICANS CONTNUED PROGRESS

(By Associated Press)
WITH THE ANGLO-AMERICANS AT ST. QUENTIN, Oct. 9.—Heavy fighting continued throughout the night in the Cambrai-St. Quentin front, and the British and Americans continued to progress under the protection of a heavy fire from the British artillery.

The defeated enemy was almost smothered under a great deluge of steel and explosives. A large number of German guns have been captured by the British and Americans in addition to the great batch of prisoners which continue arriving at Canes. The American troops alone captured two complete field batteries and heavy artillery. German reinforcements have arrived, but as these troops have been engaged several times recently, their presence merely adds to the confusion in the enemy ranks.

The Germans have started burning towns far east of the line on which they are now fighting. Marez, between Clary and Bohain, is in flames.

German prisoners indicate the enemy intends to retire first to Valenciennes line, then to the line of the Meuse. The bulk of the Germans in France are already retiring.

ALLIES CAPTURE TEN THOUSAND

(By Associated Press)
PARIS, Oct. 9.—Nearly ten thousand prisoners were taken yesterday by allied forces in fighting along the various fronts. The Germans are rapidly evacuating the Argonne forest.

LINEN FOR FRANCE.

Nacogdoches county Red Cross chapter must raise the following item for use in the hospitals in France:

- 250 bath towels 19x30.
- 500 hand towels, 18x30.
- 750 handkerchiefs 18x30.
- 100 sheets 64x102.

These goods must be new or as good as new, so each family is called upon to furnish one or one set of the article from their reserve stock or purchase same.

The towels and sheets can be bought, but the handkerchiefs will have to be made on account of size. If you have a good piece of linen goods that is torn you may get two or three handkerchiefs from it.

This call is very urgent, so let everyone get busy and double our quota.

Please send these articles to the garment room of Red Cross in Nacogdoches by October 19.

This is a duty that falls to us to perform just the same as meeting any of your obligations or duties of life, so everyone get busy at once.

BEN TUCKER,
Chairman Conservation Committee.

WILL OF PEOPLE BE GUIDE NEW KING OF BULGARIA

BASEL, Oct. 9.—The will of the people of Bulgaria will be the guide of King Boris, the new ruler declared at a dinner to the members of the Bulgarian cabinet.

BUY A WAGON NOW

Get the Size and Kind You Want and Save Money Too

Late last fall "money would not buy" a wagon because no wagons were for sale at any price. Wagons are now scarce and hard to get and we believe it will be harder to find a wagon for sale late this fall than it was last fall. Prices are certain to be higher.

Wagons that we bought last November to be shipped "quick as possible" have not yet been shipped. Factory just cannot get the material and labor with which to build them.

Buy a wagon now if you want a wagon this fall. We will be glad to show you our wagons and make you our lowest prices.

FRENCH RESUME THEIR ATTACK

(By Associated Press)
WITH THE FRENCH AT RHEIMS, Oct. 9.—Attacks upon the line at Suippe were resumed this morning. Favorable progress was reported. The French crossed the Suippe and captured Bazancourt. The German artillery is violently bombarding the new French positions north of the Aisne at Berry Au Bac.

PERSHING REPORTS MUCH PROGRESS

(By Associated Press)
WASHINGTON, Oct. 9.—American and French troops are steadily driving the enemy from the scene of the desperate struggle for Verdun, reports General Pershing. He reported an advance on both sides of the Meuse and capture of over three thousand prisoners. He also reported the capture of Cornay against stubborn fighting in a continued advance in the Argonne forest.

AFFIRM SENTENCE

JIM CASTLEBERRY

(Special to Sentinel by A. P.)
AUSTIN, Oct. 9.—The Court of Criminal Appeals affirmed the judgment of the lower courts in the case of Jim Castleberry of Nacogdoches, under a four years sentence for manslaughter today.

HINDENBURG LINE DOES NOT BAR ALLIES NOW

PARIS, Oct. 9.—The Hindenburg line no longer bars the path of the Allies. It's definite rupture was achieved in the first day of fighting in the new developments toward the north of the great battle now raging from Escaut to the Meuse.

WILSON'S REPLY CHARACTERIZED CLEVER, LOGICAL

(By Associated Press)
LONDON, Oct. 9.—In diplomatic circles here President Wilson's reply to the peace proposals of Prince Maximilian is regarded as clever and logical.

PRESIDENT WILSON TRACING ALLIED PROGRESS

(By Associated Press)
WASHINGTON, Oct. 9.—With the peace answer off his hands President Wilson is using a big war map today watching the progress of the allied troops along the western front.

MIR. R. H. FOXWORTH WAS BURIED MONDAY

Mr. R. H. Foxworth, a well known and highly respected citizen of the city, died at his home of his daughter, Mrs. O. E. Weaver, on South Pecan St. Sunday night about 9:00 o'clock, and his body was laid to rest in Oak Grove cemetery Monday afternoon at 1:00 o'clock the presiding elder of his church and the Woodmen officiating.

Mr. Foxworth is survived by Mrs. O. E. Weaver of this city, his widow and four daughters, Mrs. J. C. Bruce of Nona, Misses Ila and Ada Foxworth of Houston and three sons, one son now being with the American forces in France. The sons are Wm. Foxworth, of Nona, Jesse Foxworth who is in France and Cecil Foxworth. He was a good, christian man and a good citizen, and was universally respected and esteemed by those who knew him. He had been in declining health the past three years, but he bore his afflictions with patience, and when he could get about pursued some useful occupation to make a livelihood. When the time came for the final dissolution he assured his loved ones that he was ready to go and that the only regret he had was in leaving them.

The family was all with him at the time of his death except Mrs. Bruce and Jesse Foxworth.

The Sentinel joins friends of the bereaved family in a feeling of profound sympathy.

M. J. P. Burkhalter, living out a few miles west of town, was a pleasant caller at the office today, droppin gin to make semi-annual settlement for his daily.

CAMBRAI TAKEN BY THE BRITISH

(By Associated Press)
LONDON, Oct. 8.—Cambrai has been captured by the British. Eight thousand prisoners were taken.

South of Cambrai the British captured Forneville and reached the western outskirts of Walincourt. The attacks this morning was on the front of the Third and Fourth armies and began at 3:20. General Haig officially announces the capture of Cambrai.

WILL NOT REHEAR THE WATSON CASE

(By Associated Press)
AUSTIN, Oct. 9.—The court of Criminal appeals today overruled the motion rehearing the case of T. R. Watson, under a 99 years sentence for killing banking commissioner John S. Patterson at Teague.

FRENCH CAPTURE GERMAN DEFENSES

(By Associated Press)
PARIS, Oct. 9.—French troops attacking last night south and east of St. Quentin captured the German defenses between Harly and Neuville St. Amand and drove past the latter town on the north.

SWEATERS AND HELMETS.

A large shipment of knitted articles consisting of 370 sweaters and 80 helmets went forward to headquarters from Nacogdoches. This is part of a quota being furnished by the Nacogdoches county chapter of the Red Cross. Many of these were made in the city branch and many came from different places in the county.

DISTRICT COURT

The jury in the case of Richard Johnson, who was charged with negligent homicide in the killing of J. C. Strange, and on trial when The Sentinel gathered its report yesterday, brought in a verdict of acquittal.

After finishing this case the attention of the court was again turned to civil business. Several cases were continued, trial finally being gone into in the suit of Luther Swift vs. Tom Hunter, which was on trial when the report was gathered today, and which will probably be concluded by noon.

AMERICANS DRIVE FORWARD TODAY

(By Associated Press)
WITH THE AMERICANS NORTHWEST OF VERDUN, Oct. 9.—American forces drove forward today on the east of Sid-Meuse and occupied Charny. In company with the French they captured the villages of Consenvoy, Bradant, Haumont. Three thousand prisoners were taken.

With the arrival of the third airplane in the city Friday afternoon, it would seem that Nacogdoches is becoming a favorite retreat for aerial visitors. And the people of this city have in store a cordial welcome and such social pleasures as we can provide for all who will come.

"The sick man of Europe" formerly known as the murderous Turk, is at last coming to his final dissolution, not even the Kaiser and his "Gott" being able to save him. Hallelujah! The world will be better when it is cleared of the murderous tribes who have hovered like an evil genius, seeking whom they would devour.

Another Sunday approaches with the next day and the admonition of the Saviors, to forsake not the assembling of your souls together.

Only a few days more surplus money will be left to wind up this great year and bring universal peace to the world. Buy all the Liberty Bonds you can and win a grand prize some day to buy a few more.

The press of East Texas will sympathize with the Jacksonville Daily Progress in the loss of its printing plant by fire. The Athens Daily Review, further up the line, suffered a similar loss a few weeks ago from which it has recovered and greets its readers with a brighter, prettier paper. The Jacksonville contemporary will do likewise, but the loss just at this time when the papers are being hit so hard is unfortunate for both.

SLACKERS ATTENTION.

A Nacogdoches woman who has no son or brother in the war, decided to earn money to buy Liberty Bonds. She had no money, her husband is a laborer, earning day wages. In order to accomplish her desire, she began last winter, with her own hands. She cleared, broke, bedded and planted one acre of land in cotton. She will make between a half and three fourths of a bale of cotton and will invest every dollar in Liberty Bonds.

How is this for patriotism?

BAN ON MANUFACTURE OF SPORT SUPPLIES

(By Associated Press)

NEW YORK, Oct. 5.—Athletic supplies and equipment will face sweeping reductions as a result of the latest rulings of the War Industries Board, and it is not unreasonable to expect price advances if the demand outstrips the supply. Restrictions have been placed upon the production of certain of the more common sport supplies and in other cases further manufacture is prohibited after the present stock of material in hand is exhausted.

The followers of the various branches of sport will note with interest that more leeway is allowed in the matter of the baseball and football output than in the case in tennis and golf. This is due not to discrimination but rather to the fact that greater quantities of rubber are used in the manufacture of the balls used in these games than in baseball and football. According to the latest ruling no more than forty per cent of the tennis and golf equipment produced during the last four months of 1917 shall be manufactured during the final months of the present year. In the field of baseball and football the maximum is put at sixty per cent which gives a wider latitude to the producer.

A COSTLY FIRE IN JACKSONVILLE THURS.

JACKSONVILLE, Oct. 4.—Fire starting in the Pearl Hotel about 5 o'clock Thursday afternoon, destroyed the Pearl Hotel, operated by R. A. Johnson; Mrs. G. W. Nichols' photograph gallery newspaper plant and Wylie's automobile storage. Losses sustained are: Pearl Hotel, \$5500 no insurance; Mrs. Nichols \$8000 insurance \$2000; the Progress, \$9000, insurance \$5770; Gober, \$7000, insurance, \$2650.

Hon. Geo. S. King of Houston was an arrival to the city yesterday, coming up to look after some legal business.

SAMMIES THREATEN BIG GERMAN LINE

WASHINGTON, Oct. 5.—The American advance northwest of Verdun threatens the German greatest single line of communication with the west front. General March said today.

Pershing's forces have now reached a point eighteen miles from this great artery, causing the German General Staff to throw many divisions of reinforcements into these sectors. Despite this, the Americans maintained the positions they had won, pushed forward until they now face the Kriemhild line of defense.

General March characterized the weeks news as excellent, saying that the offensive amounted to a forward movement on practically the entire front from the North sea to Verdun.

General March said that the embarkations continue, and that more than a quarter of a million men a month are moving, despite the influenza. The total to date exceeds a million eight hundred and fifty thousand.

CASCARETS' WORK WHILE YOU SLEEP.

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—Take Cascarets tonight.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sends out fermentations like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

FOR SALE—Two scholarships in the Tyler Commercial College, one of the largest business colleges in the South. Apply at The Sentinel office.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tonic—a perfect substitute for calomel. It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tonic, because it is perfectly harmless. Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't use a day's work. Take a spoonful of Dodson's Liver Tonic instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tonic acts better than horrible calomel your money is waiting for you.

BIG MUNITIONS PLANT EXPLOSION

PERTH AROY, Oct. 5.

Deaths estimated from twenty-five to a hundred resulted in an explosion of the Gillespie Co. munition plant, culminating at 11:15 morning with a terrific blast blowing one of the few remaining warehouses to dust.

Only a hundred of two thousand night employees are yet accounted for. The building being blasted, stopped the spread of the flames.

The military guard south of Amber, five miles away ordered the residents to leave town as a precaution.

Two other large munitions plants are threatened by sparks from the Gillespie plant. The authorities have ordered evacuation of all towns within ten miles of Morpeth. Refugees reported seeing an airplane hovering over the plant just prior to the first explosion.

PERSHING RETURNS BRIGADIER GEN. HUTCHINGS

WASHINGTON, Oct. 5.—Brigadier General Henry Hutchings, formerly with the Texas National Guard, in France, has been returned to this country at the request of General Pershing. No reason was given.

Mr. E. M. Weeks, a former prominent and highly esteemed citizen of this county who is now making his home in San Angelo, to which place he moved for the benefit of his family's health, has been in the county a day or two, looking after some business interests and renewing acquaintance with old friends.

Mr. Weeks says that the devastation of that country with the drought has been something terrible, all farming and stock raising operations having been abandoned, and the cattle driven out to better ranges. Friends of the family will be glad to learn that the health of his daughter continues to improve.

GERMAN MONSTER IS COMMENCING NOW TO WHINE

(Special to The Sentinel)

DALLAS, Oct. 7.—If the latest peace offensive were allowed to effect the volume of subscriptions to the Liberty Loan, it might well be regarded as a German triumph. Staggering and blind with blood, the German monster is commencing to whine. Surely it is now that we must stand solidly behind our government ready for any eventuality.

With victory assured I know of no greater incentive to the purchase of a Liberty Bond than the fact that the money invested will be used so directly and effectively for that object to the attainment of which we have given up even our own flesh and blood. I consider that the Central Powers have provided us with a valuable contribution towards the success of the Liberty Loan.

R. L. VAN ZANDT, Chairman Liberty Loan Central Executive Committee, Eleventh Federal Reserve District.

That the people of the United States have been able not only to practice greater economy, but to enjoy greater advantages through the operation of the daylight saving law, is the almost unanimous opinion of officials and business and laboring men of the country.

COME AND SEE THE GUNS CAPTURED BY OUR BOYS AT CHATEAU THIERRY

FRENCH "SEVENTY-FIVE," AERIAL TORPEDO, DEPTH BOMB AND OTHER WAR TROPHIES MAKE UP INTERESTING EXHIBIT.

BLOOD-STAINED AND BULLET-RIDDLED UNIFORM OF HUN KILLED BY AMERICAN SOLDIER WILL SHOW YOU HOW OUR BOYS ARE TAKING CARE OF YOUR INTERESTS AT HOME—GAS MASKS USED BY OUR BOYS AS PROTECTION AGAINST THE DEADLY MUSTARD GAS.

Perhaps no other battle waged in the great World War will ever be as deeply impressed in the minds and hearts of the American people as that one fought at Chateau Thierry, when the American soldier covered himself with glory fighting fearlessly—courageously, as Americans always fight. Here the counter-attack of the American forces turned the tide of war in favor of the allies and since that time our forces have steadily pushed their line forward.

Your boy may have been with the American forces that started that never-to-be-forgotten repulse of the German shock troops on the spot that has been the scene of many a titanic struggle since the time of the ancients. Maybe it was your neighbor's boy—or some other boy from your home town. He may have been one of the group who captured a machine gun crew of the enemy troops.

At any rate it will not be difficult for you to visualize the activities of your home town boys in that great American victory when you inspect the

Minnenwerfer, or Trench Mortar Gun,

captured by the Marines in that engagement, which is attracting more attention than any other object on the Liberty Loan War Relic Train, making a tour of the Eleventh Federal Reserve District in connection with the Fourth Liberty Loan Campaign.

Second in interest is

The Great French "Seventy-Five,"

the big gun used first at Verdun, where it "gave the German the surprise of his life," as a returned war veteran puts it. It bears the marks of camouflage as it was used in that terrific drive of the Hun, which the French armies met and held at that famous spot which will go down in history as one of the world's great battlegrounds. It was at Verdun that the vision of the "White Comrade" spurred the tired and war-worn soldiers of France on to fiercer resistance against the foe, and where with their backs to the wall they fulfilled their vow, "They shall not pass."

Another object of particular interest at this time is—

The Depth Bomb, Which is Included in This Exhibit.

This bomb is playing an important part in the transportation of United States troops overseas. It is carried on the torpedo boat destroyers which act as convoys to the troop ships, and are used in warfare against the German submarine. This weapon has been responsible for the sinking of more than one submarine which has attempted to frustrate the moving of United States troops.

Aircraft has become an important factor in modern warfare. Some of the most splendid and daring exploits of young Americans who are defending the principles upon which this nation was founded have been made possible by means of the aeroplane. Can you picture a heavy battle plane, equipped with a Lewis machine gun and carrying several aerial torpedoes, each weighing as much as 250 pounds, and a crew of five or six men? The Lewis machine gun which is used to a great extent in aerial warfare is among the interesting features of the war relic train, as is the aerial torpedo.

Captured German Rifles, Grenade Throwers and a Grantewerfer

show the material which the Hun uses when he launches his conquest for world domination.

A Chauchat auto rifle machine gun, along with its magazine, ammunition carrier and other accoutrements of the French infantryman displays the sort of firearms used by the "Blue Devils."

Uniform Worn by Boche Bears Evidence

of good marksmanship of American doughboy. This uniform, blood-stained and showing the wicked slit of a bayonet thrust, will be exhibited along with the field equipment of the German soldier. These objects will be shown in conjunction with the outfit of the United States soldier, and will give a comprehensive comparison of the two, showing the superiority of the American fighting man, in the matter of equipment as well as a fighter.

That "an army fights on its stomach" is fully recognized when an inspection is made of the methods by which the soldier carries his rations. Food and ammunition are the two greatest factors toward the successful outcome of a military expedition. And these, or a portion of these, the soldier carries with him as he moves from position to position along the new line of battle.

There are other exhibits on the train that appeal to the patriotism of all American citizens. Every man, woman and child should make it a point to see these war relics. The week before the trains were made up in Dallas hundreds of people visited the building in which the objects were being assembled, and viewed the trophies. The Minnenwerfer gun was placed on display outside the headquarters of the Dallas Liberty Loan Committee and had about it a group of interested spectators every hour of the day. The greatest enthusiasm is being manifested throughout the district regarding the visit of the War Relic train. An efficient corps of speakers and attendants accompany the train which will be made up of four cars. There are two flat cars, carrying the large gun, trench mortar, etc., an automobile car to show the smaller relics and a sleeping car for the speakers and attendants.

WILL BE HERE NEXT SUNDAY, OCTOBER 13, AT 9 P. M.

FROM J. W. HOOPES.

(Special to The Sentinel)

A day or two ago I was talking to Major Giddings of Connecticut who has seen much of Europe as a representative of the United States government, and he told me how he had seen, in the city of Glasgow, Scotland, a long line of people waiting in two feet of snow to be the first to offer their subscription to a British war loan. He spoke of women standing in this line with shawls over their heads and babies in their arms. The very next day there came to my desk the story of five women half-clad and almost starving who had walked from West Texas to the east had found work, and out of gratitude and unalloyed patriotism had sent our war relic train at Victoria and all five purchased Liberty Bonds. The next day I learned that in one section the organized had marshalled together the war mothers—that is to say all those women who have sons in the war, and in the cases where wealthy men flatly refused to do their duty by the loan—their wives proposed to send committees of these war mothers to wait upon these men and shame the subscription from them. This last piece of information made me shudder, and I asked myself whether it was possible that in this district of ours, which I believe I know so well, such measures would be necessary. The conclusion I came to was that there is no part of this district, and there is probably not a single individual in this district to whom such methods are applicable or necessary. My faith in the people of the Eleventh Federal Reserve District, and in their patriotism is such that I want to send word to the treasury department that the earliest possible moment that willing, gladly and promptly, despite all drawbacks, they have oversubscribed the amount allotted to them in this Liberty Loan campaign. I do not feel that a correspondent should be one-sided. I have addressed quite a few messages to my friends through the courtesy of the newspapers during the last week, and I think the time has come to let me have a reply. I am waiting for it not at all anxiously, but I am waiting.

WANTS WILSON TO CONFER WITH THE BELLIGERENTS

(By Associated Press)

LONDON, Oct. 6.—The German Imperial Chancellor has asked Switzerland to request President Wilson to communicate with the other belligerents in an effort to establish peace with Wilson's addresses of August 11 and Sept. 27 as a basis for negotiations.

Prince Maximilian, the German chancellor, announced Saturday that he had sent a note through the Swiss government to President Wilson, in which Wilson was requested to take up the bringing about of peace, and to communicate upon the subject with other belligerents. The chancellor said that Wilson in

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, and my pains were very severe. A friend told me I had tried everything else, why not Cardui? I did, and soon saw it was helping me. After 12 bottles, I am strong and well."

INTRODUCES STRICT PEACE RESOLUTION

(By Associated Press)

WASHINGTON, Oct. 7.—A resolution providing that before the United States agrees to an armistice Germany must disband her army, surrender her navy, arms and munitions, pay for damages to cities and country devastated, restore Alsace Lorraine to France with the penalty exacted in 1870, was introduced in the senate by Senator McCumber of North Dakota, today.

Discussing the German peace offer in the senate today Lodge said: "An armistice would mean loss of war and all we have fought for."

Hitchcock, of Nebraska advocated adding to the principals already laid down by Wilson one providing that the allies deal only with the real representatives of the German people.

PARIS, Oct. 7.—Austro-Hungary recently again insisted that the Vatican undertake steps toward peace. It is reported in Rome, according to a Havas dispatch, that the Vatican has rejected the demands.

Forward!

With no thought of bursting shrapnel and poisonous gases into which they plunge—with every muscle tense, with every faculty of mind alert, with one thought only—TO FIGHT AND WIN.

That is the way our men are going into battle. When the shrill whistle sounds the advance, out they go—their whole heart in the task before them. No power on earth can hold them back.

Forward!

The same sharp challenge to battle is sounding for us. We must answer in the same proud way—the way of our fighting men—the American way. We must lend the way they fight.

We must show the war-maddened Hun a united American people moving forward shoulder to shoulder, irresistibly, to Victory.

Our task is to supply the money, the ships, the guns, the shells that we must have to win. It is a tremendous task. We must do it as our fighting men do theirs—with the indomitable spirit of Victory.

We must work, and save, and lend with one thought only—TO FIGHT AND WIN.

Get into the fight—with your whole heart. Buy Bonds—to the utmost!

WAR SAVINGS CONFERENCE.

There was a most gratifying attendance of War Savings workers at the district court room, Saturday morning, Oct. 5, in response to county chairman S. B. Hayter's call for a conference.

School district chairman, War Savings Society officers, teachers, came from every direction of the county. In fact, the most remote districts were perhaps the best represented. Very well represented indeed, were the colored people of Nacogdoches county.

County chairman S. B. Hayter opened the meeting. The first address was made by Secretary M. C. Johnson, who reviewed the work accomplished so far, and stressed the necessity for intensive work in the three months still remaining to complete the task.

Prof. R. F. Davis made an eloquent and withal a practical talk to the many teachers present. He emphasized the necessity of their co-operation, pointing out how vital a part the teacher plays in the work in hand.

He called special attention to the importance of teaching patriotism in the schools, not only lip patriotism, but practical patriotism, and reminded the teachers that there is now a law in Texas which requires at least ten minutes of each day to be devoted to patriotic exercises.

Miss Zeve supplied the teachers of those schools that had not been organized for War Savings work in the spring, with papers and literature, instructing them in the necessary procedure, and had the gratifying assurance that every one of the two score teachers present would organize one or more War Savings Societies the following Monday.

Following a brief, informal discussion, the meeting adjourned.

That this conference will be productive of much good in the way of inspiration and renewed effort, there can be no doubt. Many have suggested that similar conferences be held monthly, a suggestion that will perhaps be followed by the War Savings Committee.

FRENCH CONTINUE SUCCESSFUL ADVANCE

FROM R. L. VAN ZANDT.

(Special to The Sentinel) At a time when the balance of the war is swinging so unmistakably to the allied side is the time above all others that confidence should be avoided at all costs.

The end is not yet, in spite of all the kaiser's lies to his people. Germany has never yet been fighting a war of defense. At the present time she is not far distant from it, but even now she is fighting on conquered territory with her home soil still inviolate, and while asking for an armistice is in the same breath urging her armies to gird up their loins and redouble their efforts to retain what they still hold.

This is no time for slackening a single effort on the part of our forces, and we at home should accept the recent news as a stimulant to our bond purchases. Our country's need for men and supplies is greater than ever before, and in lending our money we should realize that the only change in the status of the bonds which we buy is that the date at which they will bring substantial premium in the market had been brought nearer. Let us reconsider our subscriptions while the lists are still open and increase them to include the investment of our every available dollar. It may be that this appeal to the intelligence of the people of the Eleventh Federal District is quite unnecessary, for they realize that with an army and navy of now possibly three million men to support, even if peace were declared tomorrow we should still have enormous liabilities to meet, and peace has not been declared, and may be no nearer than it was at this time last year. Peace may not come until blood and treasure has been poured out in a measure that will stagger humanity. We cannot. There is but one safe course, to stand by our guns and our government more closely, more enthusiastically, more unselfishly than ever before during the progress of the war.

R. L. VAN ZANDT, Chairman Executive Committee, Central Liberty Loan Association for Eleventh Federal Reserve District.

MAIL CARRIER HAS OVERCOME TROUBLE AFTER THREE YEARS

Hopes to Bring Same Benefit to Others Who Suffer—He Gained Twenty-five Pounds by Taking Tanlac.

"Yes, sir, it's a positive fact, I have gained twenty-five pounds in weight and have been benefited so much that I think it is time for me to talk Tanlac for the benefit of others," said J. W. McBath, postman for eleven years on route 5, residing at 2428 Popular street, Oklahoma City, Okla.

"Three years ago I began to weaken from what was said to be impoverished blood and I continued to go down. My appetite was very poor and what I ate gave me no nourishment. I lost weight until I fell off some thirty pounds. I got so nervous and worried and downhearted that I couldn't eat, sleep or work on account of my condition. I was just about out of commission when I decided to try Tanlac.

"I began to build up in a short time after I started on my first bottle. My appetite returned in full force I can now eat as hearty as anybody and feel stronger and better than I have since my troubles began. When I saw that Tanlac was doing me good, I kept on taking it until now I feel like a new man. I sleep as sound as a baby every night, make my twenty-six mile trip every day and never feel tired. I am so glad I have regained my health that I want to tell everybody about Tanlac."

Tanlac is sold in Nacogdoches by Stripling & Haselwood and Swift Brothers & Smith.

CONDEMS THE GAY LIFE.

(Contributed)

A San Antonio mother recently sent her boy in France a batch of newspapers, especially the Sunday dailies, carrying full and glowing reports of the dance-life, the vaudeville-life and the otherwise gay life in the cities about which are our army camps. Hundreds of pictures of social beauties, now entertaining the soldiers by falling into their arms in the dances, adorned those papers. A few weeks later she received a letter from her soldier boy in which were these words: "In God's name, mother, how can you people over in America live that kind of life with us fellows over here wading hell shoulder deep for you and our country?" But the Christian people of our wonderful nation now have the opportunity of sitting with closed lips, in silent approval, or of opening their mouths to applaud this wild rush, this mad panic for pleasure, for animal pleasure, for the gratification of the physical that is sweeping our nation like a new broom. And here, again I will but state the facts and leave the comment to my readers.

THE COUNTY BOARD HAD MEETING YESTERDAY

LIKE AN ELECTRIC BUTTON ON TOES

Tells why a corn is so painful and says cutting makes them grow.

Press an electric button and you form a contact with a live wire which rings the bell. When your shoes press against your corn it pushes its sharp roots down upon a sensitive nerve and you get a shock of pain.

Instead of trimming your corns, which merely makes them grow, just step into any drug store and ask for a quarter of an ounce of freezone. This will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. A few drops applied directly on a tender, aching corn stops the soreness instantly, and soon the corn shrivels up so it lifts right out, root and all, without pain. This drug freezone is harmless and never inflames or even irritates the surrounding skin.

FOR COLDS AND GRIPPE DOCTORS FIND REMEDY

Physicians and druggists are elated over the fact that they have at last found a genuine and dependable remedy for colds, sore throat and lagrippe. For years they have depended chiefly upon the old style colomel which is certainly fine, but unfortunately many people would not take it because of its nauseating and dangerous qualities.

Now that the pharmaceutical chemists have perfected a nausealess colomel, called "Calotabs" whose medicinal virtues are vastly improved, the doctor and druggists are claiming that Calotabs are the ideal remedy to absorb a cold over night and cut short an attack of sore throat or la grippe. They are also finding it most effective as the first step in the treatment of pneumonia.

One Calotab on the tongue at bed time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating or your work and pleasure. The next morning your cold has vanished and your whole system is purified and refreshed. Calotabs are sold only in original sealed packages; price thirty-five cts. Your druggist recommends and guarantees them by refunding the price if you are not delighted.—adv.

E. L. BOGUE SHOT TO DEATH SATURDAY

J. P. Lovett, Well Known Real Estate Man of City Locked Up Charged With Crime

Saturday afternoon about 2:30 o'clock, E. L. Bogue a young farmer residing on J. P. Lovett's farm out several miles from the city, was shot to death as he was passing the stairway between Kennedy's Drug Store and the clothing store of T. J. Kinsey, several shots fired from a pistol taking effect in his breast and jaws.

After falling Mr. Bogue was picked up and rushed to the Tucker hospital, but died on the way.

J. P. Lovett, a well known real estate man of the city, was locked up in jail charged with the crime.

H. K. Baugh, also received a shot in one of his legs, which is supposed to have been intended for the legal proceedings, rather than that Lovett and Bogue had a fist fight at the spot earlier in the afternoon in which Bogue insisted to have gotten the best of Lovett, and the two opponents is supposed to have come as a sequel to the first bad feeling is said to have originated in some settlement in which the parties failed to agree.

Lammas Bogue of Timpson, a brother of the deceased, came down Saturday afternoon after the tragedy, and Sunday, with other members of the family, accompanied the body E. L. Bogue to New Prospect, in Shelby county, where it was laid to rest Sunday afternoon in the presence of a large concourse of relatives and friends.

Mr. Bogue is survived by his widow and five children, and has been making his home on Mr. Lovett's farm, where he was engaged in farming this year. He is a son of Joe Bogue, a former well known citizen of Shelby county who now resides in Chillicothe, Texas. He has always borne the reputation of being a good quiet, peaceable citizen.

Mr. Lovett also has a family, and his parents are still living. He came to this city several years ago, and has been engaged in the real estate and farming business, and is well known to the people of the community. He has proven a stirring fellow, and had won a number of friends for himself.

The tragedy is greatly deplored by the people of the community who sympathize with both sides in the great trouble that has overtaken them in an ill-fated, unguarded moment.

FOR STRONG, BRAVE MEN ONLY

If you are a mother of a wife, please do not read this. There is no crisis so grim enough to justify the harrowing of women's souls. This article is addressed to American men in the constant hope that it will accomplish the end for which it has been prepared.

HAVE you ever seen an old, sad-faced woman sitting by the roadside, holding out pained hands for pennies with which to buy scraps of food?

Have you ever thought that she is somebody's mother? That she once held a sweet baby to her breast, and the world looked like heaven to her? Have you ever thought of those are she spent taking care of that baby, and of her other babies, guarding them, denying herself, giving of her strength and comfort that they might grow into strong, capable men and women?

This is the History of Millions of Mothers.

Not all of whom sit by the roadside with pained hands, but millions of whom sit with pained hearts and unseeing eyes, by firesides on vine-covered verandas, or in darkened rooms, waiting for God to take them home to the realm where the pangs of memory will no longer torture them. These women think of the babies they love, babies that grew to maturity, and who are now no more on this earth.

In the years to come after this war there will be millions of such mothers—mothers whose sons have gone down to death in the full promise of youthful manhood. It is terrible to picture the desolation of these mothers—a desolation that will be theirs long after many of us have forgotten the horrors of this war.

But tonight millions of such mothers have already begun the long wait by the side of the unfeeling road, other millions can be saved from like fate. The United States of America—YOUR COUNTRY—has gone into the war to bring an end to the terrible slaughter of mothers' sons, and to bring an end to the tragic multiplication of human woe.

The manner in which the United States has taken hold means but one thing—the termination of the war as quickly as possible. For every day the war is shortened thousands of

Mothers Will be Spared Years of Agony.

In order that victory and peace may be realized in the shortest possible time it is the eternal duty of every one of us to help to the fullest extent of our capabilities.

The Fourth Liberty Loan presents an opportunity for such help. It gives each one of us a chance to do something definite to bring quick victory and save millions of women from sitting by the side of the road with pained hands and pained eyes.

What is your life worth to you if you remain indifferent to such an opportunity for preventing human misery? Doubtless, if called, you would gladly go over the top and willingly die with a bullet through your heart. Yes, you would do that—and yet so strange is human nature that millions of men who would willingly give their lives, hold back and hem and haw with their consciences when it comes to giving or lending their dollars.

What are dollars? The only use that dollars can be put to is to make this world a better place in which we all can live. Dollars can never weigh in the same scale with human hearts and souls.

One Mother Sitting by the Side of the Road

with pained hands cannot buy back her dead children with all the dollars on earth. But a few of your dollars loaned to your Government now, can, by shortening the war, buy thousands of children's lives, and preserve them to comfort the old age of thousands of women who are now young and hopeful.

Powder and bullets to slay the Hun are in your purse. The merciful end for the Hun is a quick end. The merciful salvation of humanity demands the death of the thing that slays. It is within your power to hasten that slaying and thus save millions of human lives.

Will you do it?

DON'T BE FOOLED

Some thousands of people are being fooled today by oil and other stock peddlers selling stock which has not the approval of the Capital Issues Committee.

Frequently these people offer to accept Liberty Bonds in exchange for their pieces of worthless paper.

To exchange pledges of citizenship for a false promise of a fortune is the depth of foolishness and lack of patriotism.

When one of these "something for nothing men" comes to you tell him that if his stock is as good as he claims he would not have to peddle it from door to door.

If the oil stock peddler tells you that you are helping the country by buying his stock, because you are aiding in the production of oil, tell him that the big Oil Companies can be relied upon to keep up the country's oil supply while the war lasts—after that the small investor may be justified in entering the field.

Let there be no mistake—all is being found and worked in Texas, BUT NOT BY THE FAKE COMPANIES THAT WANT LIBERTY BONDS IN EXCHANGE FOR THEIR SCRAPS OF PAPER.

The next time they try the confidence trick on you show the fellow this message. Keep a copy by you.

"I NEED THE MONEY IN MY BUSINESS"

Have you ever said this as you considered a Liberty Bond purchase? You can buy bonds and use the money in your business as well. Liberty Bonds are the finest collateral Security in the world. Buy the Bonds, borrow on them and finance your business with the loan obtain from the Bank.

If it costs you anything—this is the price you pay for being an American citizen.

It is worth it.

WITH MAJOR ROOSEVELT, SALVATIONIST LEADS AMERICANS IN CHARGE ON HUN FOES.

A terrific American barrage had been laid down on the Hun trenches. The American boys were on the firing step, waiting for the zero hour, rifle in hand, grim determination on their faces and eyes glued on the boche's trenches.

"Going up?"

"Sure!"

"Bully!"

The question was asked by Major Theodore Roosevelt Jr. of his chaplain, Major John E. Atkins, of the Salvation Army, just before they went over the top somewhere in the Toul sector. And across "No Man's Land" the former president's son and the "little major" went leading the American battalion.

Major Atkins, who has just arrived home in Chicago from the front for a brief stay to help focus the attention of the West the great need of immediate raising of the Salva-tionist Overseas Fund, told about the incident in an interview. Back from a physical, emotional and spiritual "sustenance" to the boys, he still blinks his eyes constantly from the shock of the shell fire but as he says he "thanks for his boys" and is anxious to get back.

Of the Roosevelt boys he had much to say. He told of Captain Archie being wounded.

"There he was," he said, "severely wounded, but refusing all medical aid until every one of his men had been cared for. That doesn't sound much like the action of one of the Kaiser's pious sons. But it's the American boy for you. That's the kind of a man you'd follow to the death if need be, and most of our men are of the same stamp. Their courage, strength and initiative are second to none. It is a privilege to work for them and to feel that you can be of some help."

MUST EVACUATE OCCUPIED TERRITORY

(By Associated Press) LONDON, Oct. 7.—No armistice will be granted the Central Powers before a complete evacuation by them of Allied territory, with the cessation of the destruction and burning of Allied cities, is the opinion of foreign diplomats of high rank who have been questioned regarding the speech of Maximilian.

Never Put Acid into It

Don't monkey with Acid. It won't strengthen your battery. It won't ginger up your starter or brighten your lights. It won't put fire in your spark. But it does burn the life out of the plates—increases the need of repairs—makes your battery cost more and makes its life shorter. If you think your battery needs acid, come in and get an expert opinion.

Ask for a copy of the booklet—"A Mark with a Meaning for You." It tells a vital story.

LANSING RECEIVES THE PEACE NOTE

(By Associated Press) WASHINGTON, Oct. 7.—The note from Baron Burián, the Austro-Hungarian minister, was presented to Secretary Lansing at 10:30 this morning, by Minister Ekengren, of Sweden. Official announcement of the attitude of the United States government for peace is still being withheld, but there is no abatement or indication that if Germany seeks negotiations leading to a roundtable conference and diplomatic quibblings the offer will fall flat. If Germany accepts without qualification the principles of peace as repeatedly division has surrendered his laid down by Wilson and accepted by all co-belligerents, the way edonia. His division is composed of two brigades, and with it a large quantity of war material invaded territory as the first fell into the hands of the allies, guirement.

ATTENTION! Sick Women

To do your duty during these trying times your health should be your first consideration. These two women tell how they found health.

Hellam, Pa.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles and a displacement. I felt all run down and was very weak. I had been treated by a physician without results, so decided to give Lydia E. Pinkham's Vegetable Compound a trial, and felt better right away. I am keeping house since last April and doing all my household work, where before I was unable to do any work. Lydia E. Pinkham's Vegetable Compound is certainly the best medicine a woman can take when in this condition. I give you permission to publish this letter."—Mrs. E. R. CRUMLING, R. No. 1, Hellam, Pa.

Lowell, Mich.—"I suffered from cramps and dragging down pains, was irregular and had female weakness and displacement. I began to take Lydia E. Pinkham's Vegetable Compound which gave me relief at once and restored my health. I should like to recommend Lydia E. Pinkham's remedies to all suffering women who are troubled in a similar way."—Mrs. ELISE HEIM, R. No. 6, Box 88, Lowell, Mich.

LIEUTENANT BLAIR THAW BURIED IN FRANCE

WITH THE AMERICAN TROOPS IN FRANCE, Oct. 5.—

Airplanes swung in circles above the little chapel behind the firing line during the funeral of the American aviator, Lieutenant Blair Thaw of Pittsburg. The aviators in the flying squadrons permitted their airplanes to circle lower as his body was lowered into the grave near a little cemetery not far behind the trenches.

Lieutenant Thaw was killed when his plane developed engine trouble two thousand feet from the ground and fell, striking telephone wires and tipping over before it struck the ground.

Every aviator in Lieutenant Thaw's squadron who could obtain leave of absence attended his funeral. His mother and sister were present in Paris. At the time of the accident also were present.

A solid phalanx of aviators from Thaw's squadron preceded the body when it was borne from the chapel by six American aviators. Several ranks of aviation officers and men followed.

The burial was in a cemetery where lies the body of Major R. L. Taylor, another noted American aviator. At the funeral Thaw's squadron commander, Major J. H. Taylor, and other officers and men followed.

NEW AGRICULTURAL BUILDING ERECTED

The most important improvement at the Louisiana State Fair grounds this year is the erection of a mammoth new agricultural building, known as the Louis N. Blue, senior Memorial Hall, in honor of the late Mr. Blue, secretary for several years secretary of the state fair.

This building, which will cost a long, felt want due to the rapid growth of the agricultural exhibits, requires an expenditure of approximately \$75,000. It is constructed of brick with terra cotta trimmings and is in style, and is the largest structure of the grounds. It is 260 feet long and 130 wide, with center aisle 45 feet in width. At each end there is a wide-triple entrance, and this single entrance at each side. There is ample space for all of the parish fair booths, the Junior Extension exhibits, State University exhibits and all other agricultural displays.

A combination lecture and moving picture booth, or room, 30x60 feet has been provided especially for use by the Junior Extension Department of the University and State University office for the educational department of the fair. The booth is 30 feet long and 60 feet wide, with center aisle 15 feet in width. The booth is 30 feet long and 60 feet wide, with center aisle 15 feet in width. The booth is 30 feet long and 60 feet wide, with center aisle 15 feet in width.

FROM J. W. HOOPES.

Premier Clemenceau speaking yesterday of our recent victories said they have definitely determined the fortunes of war and mean the final deliverance of the world from the oppression of implacable brutality, and open the way for its marvelous development.

I appeal to every man of human instincts and especially do I appeal to those of German birth or descent, to help the German people in this momentous period of the German nation. Enslaved, bullied, debauched in mind, a large portion of the German nation today presents a spectacle that calls for the pity of every thinking man, and never let us forget that in Germany itself there are many noble souls whose mind revolts at the vile rule imposed upon them. Let us help these people to better things. Let us crush the militarism that enslaves them. Let us offer to them in charity of mind those things which have come to us as a result of those things: Liberty, Equality and Justice, upon which our happiness is founded.

There is only one way in which we can accomplish the object I have outlined, and that is by building a huge over-subscription to the Liberty Loan, which is going to help purchase the victory of civilization over barbarism, but as surely as will rise tomorrow's sun.

J. W. HOOPES, Federal Reserve Bank, Sincere Gratitude. Mrs. W. H. Logan, Port. La. writes: "I thank my duty for the medicine that relieved me."

BATTLE OF WITS WITH THE HUNS IN LORRAINE

(By Associated Press) WITH THE AMERICAN ARMYES IN FRANCE, Oct. 5.—

There is a battle of wits as well as of guns along the American front in the mountainous Lorraine country near the western front. German irregulars and guerrillas are trying to deceive the American machine-gunners and bayonet charges by moving their machine-guns and bayonet charges to a new position every day. The Americans solved this problem by using a series of my food which seemed to lay tracing mine which made me as a dead weight on my stomach daily and superimposed upon each I was very qualified one another. When these are compared, the various points to yellow and white and I felt which the guns have been moved. This comparison and I would not be the opportunity for the American artillery to do this work. This system has proved very valuable in locating the heavy batteries behind the German lines.

BARN WAS BURNT EARLY LAST NIGHT

About 10:00 o'clock last night fire broke out in the barn of Dr. F. C. Ford, rising up Mound street, and the flames spread so rapidly that it was impossible save the building or much of the contents.

Among the contents the Sentinel learns that 25 bushels of corn, some 300 bundles of fodder, some hails and other effects were destroyed with the building. The total loss to building and contents is estimated at \$1500 on which \$500 insurance was carried.

TIN AND PLATINUM.

The Red Cross has been asked by the government to collect tin and platinum, which articles are greatly needed for carrying on the war. The tin foil from chewing gum, tobacco packages, etc., also tubes from which tooth paste has been used; all these are useful and every little helps. Have a box handy into which these may be put until sufficient quantity is secured to take to storage. The Red Cross conservation committee will take charge. Mr. Ben Tucker, chairman. Tin cans, etc., cannot be used as the amount of tin secured will not warrant handling. C. D. ATWELL, Subscribe for the Daily Sentinel Lake Orton.

GERMAN GOVERNMENT IS TRYING AN OLD TRICK

(Special to The Sentinel)
DALLAS, Oct. 7.—J. W. Hoopes, executive manager of the Liberty Loan campaign, smiled when he heard of the German peace offensive, and said: "So the Central Powers are calling Kamerad! I was reading the other day of an incident in which the German played his favorite trick, and then killed a number of Americans with concealed hand grenades. I spoke of the matter to a recently returned officer, who said such incidents are quite common. The German government is trying this old trick on the people of this district and would like to see the people refrain from buying Liberty Bonds. Reports show that confusion, amounting almost to panic, exists behind the German lines, and time is needed for re-organization. Of course the Germans are calling Kamerad. When the U. S. government tells us that Germany is beaten and has called Kamerad for the last time, we will relax our efforts, but not until then."

The chairman of the Red Cross is in receipt of a letter from headquarters, issuing an urgent call for 100 bath robes, to be used as canvasing gowns in the army camps during the present influenza epidemic. The message is worded as follows: "We are sending you by express today, 100 bath robes to be made as soon as possible, and held for shipping orders. These are to be used in the emergency caused by the epidemic of influenza. Have them completed as soon as possible, as the need is great and we must be prepared to supply these garments." In compliance with this order the chairwoman of woman's work has arranged to begin work on these garments promptly at 1 o'clock on Thursday afternoon. It is important that the garments be completed within a few days, to be ready for shipment when called for. Will not every Red Cross worker who can possibly spare the time, come and work Thursday, Friday, or Saturday afternoon, putting in as much time as possible any or all of these days? Let us complete this quota by Saturday night, that headquarters may know we are ready for and equal to whatever work they may send to us.

FORCE BELGIANS TO LABOR ON MILITARY WORK

(By Associated Press)
HAVRE, Oct. 8.—A statement issued by the Belgian government says that from the coast to beyond the city of Bruges, the male population between the ages of 15 and 45 have been brutally torn from their homes and forced to labor on German military work.

How Men Who Are Not Qualified for Military Service and Women Can Help Win the War!

All men in class 1, from eighteen to forty-five will be called rapidly as a result of the Man Power Bill. Thousands of young boys between the ages of sixteen and eighteen, who will not be accepted for military service can patriotically take their places in business offices by taking advantage of the thorough and practical training in America's largest Commercial College. This call for men who are not qualified for military service and women, to help win the war by filling in gaps of business, are very urgent. If you cannot go to the front, you can fight behind the lines. You are needed in thousands of positions all over the country. Those who are properly trained, naturally receive consideration for the best positions. Those who are not properly trained, get what is left. If you want to do yourself justice, and, at the same time, contribute your ability and service to the winning the war, arrange to enter our school at once and let us prepare you for the position that is worthy of your time and effort. The demands of the war have taken thousands of men from business offices, so that graduates of our school have unusual chances to enter into positions of responsibility in the shortest possible time. With such opportunity confronting you, how can you put off entering and lose the advantage of train our graduates to enter business with favorable conditions man-or business woman? We and send them to desirable places. In every business there is "some one" who knows, and "some one" who has made a study of the job ahead of every department. Our graduates are the "some ones", because they have been trained in a practical and not in a theoretical way. They have been given an opportunity in school to show what they can do.

Let us train you for this service and place the prestige of our school behind you when you get in the field of business. Fill in and mail for free catalogue.
